Chapter 47: Wanjincheng

"Oh, honestly stay here, I am going to kill the Liu Tongling."

Ye Xuan said one sentence, and then quickly swept out. After he had just finished the offering, he suddenly found out that Liu was not seen, and apparently had already fled.

Therefore, he must bring this Liu Tong to catch up and then kill, otherwise things will be a bit big.

However, he chased for a while, but he did not find the figure of Liu Tongling. He looked for it for a while and still could not find it.

It seems that this Liu Tongling is already fleeing, or hiding.

"Mom, I was ran away by him. I knew that I had killed him directly."

Ye Xuan has some regrets, because this Liu Tongling must know that he killed the offering. If he is allowed to return to Wanjincheng, then the Wanjincheng master will be furious and even send a master to Liancheng to destroy Yejia and Lin.

"Ye Xuan, what should I do now?" Xue Qingqing is not stupid, she also knows the seriousness of the matter.

"You are not a way to hide like this. If so, then we will go directly to Wanjincheng." Ye Xuan frowned.

"Ah? Wanjincheng? Then we are not going to vote for the net?" Xue Qingqing opened his mouth.

"Now we have two methods. One is to guard in Wanjincheng, wait for Liu Tongling to appear, and then kill him, but the success rate of this method is very low. The second method is to go directly to the marriage!" Said.

"break off an engagement?"

Xue Qingqing's eyes wide open, a little unbelievable, the success rate of this method does not seem to be high.

She thought about it carefully and said, "But if I am married to the Wancheng City Lesser City, I will be unobstructed in Wanjin City."

"Then you don't care about your thoughts?" Ye Xuan asked.

"Actually, I promised before, but I regret it again." Xue Qingqing said with some helplessness.

"Since you promised, why did you escape marriage?" Ye Xuan asked inexplicably.

"Because my business is getting bigger and bigger, the city owner will never let most of Wanjincheng's business be handed over to him, so I can only promise. But then I heard that this little city owner is ugly..."

Xue Qingqing hasn't said it yet, Ye Xuan is laughing.

"When are you, you still laugh, think about it, or let Liu Tong lead back to Wanjin City, you will suffer even Yuncheng." Xue Qingqing said dissatisfied.

"Haha, laughing at me, you are ugly..." Ye Xuan smiled and hurt.

"Hey, it's not all you hurt, who told you to refuse my marriage." Xue Qingqing whispered.

"Uh....."

Ye Xuan's laughter stopped shortly and said: "In this case, there is a way at the moment."

"what way?"

"This is simple, just say I am watching you!" Ye Xuan replied.

Xue Qingqing was stunned by the whole person. After a long time, she reacted and said, "Are you planning already?"

"What are you planning?"

"The plan is to let me retire."

Ye Xuan rolled his eyes and said: "How is it possible, I am seeing you in the depths of the heat, so I came out to save, or do you really think that I am watching you?"

"Humph."

Xue Qingqing no longer refutes, but defaults.

She didn't know that this method didn't work, but the chances were still quite big. After all, Ye Xuan's father, Ye Chong, had saved their family.

At the same time, Xue Qingqing also asked himself in his heart. If the object of this engagement is not the owner of Wanjincheng Shaocheng, but Ye Xuan, will she refuse?

Ye Xuan is also extremely helpless. He really wants to help Xue Qingqing, there is no other idea.

Although his body is only fifteen years old, his psychological age is already over twenty. How could he like a 14-year-old girl?

At the moment, Ye Xuan is searching for it, and then riding a horse with Mu Qingqing, ready to leave the Lianyun 18 Mountain Range.

However, after they left, suddenly there was a figure who came out. This person was the leader of Liu who had just hid.

"Damn, why can this kid be so strong, even Yuan Yuan is not his opponent, hateful, he is leading, it seems that I can only let them go first, then I bypassed Wanjincheng!"

Liu Tong led the look of resentment, and immediately turned around and left.

.....

Originally, Ye Xuan wanted to get the blood of a beast. He went to the Li Yunzong. With his current strength, it would not be a problem to win the chief disciple of the Li Yunzong.

But things suddenly changed, so he can only change the plan, first go to Wanjin City.

This time, it is also considered to be the Dragon Lake Tiger Cave. After all, the owner of Wanjin City is the ninth heavy weapon of the martial arts. His Majesty has many masters. If he is careless, he may fall into the abyss.

However, according to Xue Qingqing, Xue Hai's business has grown bigger in recent years, and half of the industries in Wanjin City are his.

More money, so there are certainly a lot of hired masters, the power should not be much weaker than the Wanjincheng City.

Ye Xuan and Xue Qingqing spent a few days rushing to Wanjincheng.

"Hey, hey, I am coming back, you are coming out to see who is coming." Xue Qingqing just returned to Xue's home, and leaped and ran in.

Ye Xuan is also shocked, because the size of this Xuefu is probably several times larger than the Ye family. You must know that Ye Jia is a family, and Xue Jia only has Xue Hai three people.

Xue Qingqing had not entered the door yet, and Xue's guards had notified them. In a short while, there was a meatball-like figure running out from inside, and it seemed that there were at least two hundred and fifty pounds.

This meatball is actually Xue Qingqing's father, Xue Hai. He rolled all the way to Xue Qingqing and said, "Hey, my little grandmother, you are finally back."

"Hey, I am not in the past few days, how are you getting fat?" Xue Qingqing looked at it and said strangely.

"Shantou, you suddenly ran away, so worried, so you can only eat six meals a day, distracting attention."

Xue Haiyan opened his mouth and smiled. At this time, he also fell his eyes on Ye Xuan and said: "Hey, Yin Xian, you are here too, haha, thank you very much this time, I thought I would find this girl in the world." It."

"Uncle hasn't seen you for a long time." Ye Xuan smiled and held his fist.

In his memory, this Xue Hai is quite good for him. He used to bring Xue Qingqing to Yuncheng. However, after the business has grown bigger in recent years, there is no time.

"Come here, let's go in and say."

Xue Hai took the two men in and sat down. He could only sit in a special chair with the weight of two hundred kilograms.

"Green, you have come back this time, have you already thought about it?" Xue Hai asked.

"Thinking, I want to retire, I will not marry that ugly..." Xue Qingqing nodded.

Xue Haiyi listened, but also anxious, wiping cold sweats: "You are a girl, if you are not married, what you promised at the moment, now they have sent 50 million two silver gifts, if you go to the marriage, you have to return If you don't say double dowry, you will definitely be beaten out."
