Chapter 4701: Interesting

"boom!"

"Booming..."

In the void, the roar of the sky is soaring, and the vast void of hundreds of billions of miles away...

Three pieces of blood sea, opened in the void, and every piece of blood and sea is unfolding a terrible battle.

Here, the black mist and the sacral bones in the three **** seas are respectively against the **** unicorn and the nine crocodile.

Two vast and innocent bloodless seas, wrapped in their body shape, half of the points can not be separated, and with the unfolding of the war, the horrible roar of loud noises continues, and the sound of arrogance and screaming is overwhelming...

From the beginning of the first fight, the **** unicorn and the nine crocodile crocodile fell into the wind, almost abused, most of the time is only the power of parry, and occasionally will pull back to fight back...

As for the left side of the void on the other side, the situation is obviously worse.

The violent temperament in the three **** seas is divided into two enemies, and the nine warheads and the Qingtian Dapeng.

These two guys are only a stage of absurdity, and the starry sky with the battle is violent, but they have the fourth-order terrorist power.

The battle is definitely a one-sided madness. Nine heads of blood and Qingtian Dapeng have no such thing as a parry. In a short period of time, they have been masochistic and have no temper!

At this moment, the hearts of both of them are completely collapsed.

If you know that this violent temper is so fierce, it is not only time-limited to raise the ridiculousness of the sorrow by some kind of secret method, but even the **** sea secret method of the blood sea demon statue...

And it has already been realized, and it can condense the three **** seas with the same strength as the deity... They will not find a door to provocation at this time.

Nowadays, the result of such a fall is that the provocation is not successful, but it is mad by the enemy. It is tears...

What is even more depressing is that he is obviously not a violent opponent. Now he has already realized this point. He has a heart to leave, but he can't...

If it is true, it is inadvertently involved in the **** unicorn and nine crocodile crocodile in this matter, and will definitely take down their bones.

This is simply a slap in the face of suspicion, and the intestines of the nine heads of blood and the blue sky are all green.

"Roar!"

"Hey..."

Just at this time, the violent roar, the body shape chased after, with a vast sea of blood under the feet of hundreds of millions of miles away, the blink of an eye has come to the near.

The simple two-handed bang, nine **** and blue sky Dapeng simply can not dodge, all were bombarded with a porcelain...

"puff!"

"puff!"

After a loud noise, the two old guys opened their mouths almost at the same time. Wow, they spit out an old blood, and the figure was taken back by the momentum, and finally avoided hundreds of millions of miles away...

This scene fell into the eyes of the powerful people in the distant air and the starry beasts and the survivors of the ancients. In a moment, their eyes were red and their breathing became urgent again.

Many people are even more sorry for their painful sighs.

"It's a violent thing, it's really a violent thing..."

"This is a precious blood of the past, and now I don't want to spray it in the void. I can't get close to it. The rare opportunity and the creation are in front of me, but I can only look at it. It's just too Tortured people!"

"Looking at this posture, the Lord of the Temple of Devil is clearly trying to suppress the heroes today. So, in his capacity, it must be disdainful to clean up the battlefield and collect the blood. I only hope that this war will end soon. Every drag After a long time, the energy in the blood will lose a little more..."

"puff!"

"puff....."

Hearing these words, especially the old blood that was spurted out by his own wounds, was called a blood-breaking by some guys, and the nine **** and blue sky Dapeng were angered and attacked. It was actually a mouthful of blood arrows.

At this moment, they are really almost violent, and they are violently violently abused. Next to the surrounding sky, there are still a group of guys who are even worse than the ants. They are the ancestors of the family. Nothing exists, they can't stand it...

It is a pity that even if it is violent, it is obviously impossible to resolve the situation that is sorrowful and embarrassing.

The only way is to persuade the **** unicorns and the nine sacred crocodile that were inadvertently involved. Only when they both leave, they dare to escape and escape...

These thoughts flashed through the brain. Nine **** and Qingtian Dapeng subconsciously turned their heads and exchanged a look, and their faces all turned into blue and purple. Such words, some of them can't be said to be unspeakable, too special and shameful!

"Roar!"

"Booming..."

He was hesitant, and the violent front was already screaming, waving a huge punch that was bigger than the meteor, and slamming himself.

Nine heads of blood and Qingtian Dapeng were all scared, and they dared not delay. They almost turned to the other side and looked at the other two blood seas. The voice of God was instantly heard...

"The two adults, don't do it today! It's really a misunderstanding!"

"Right right, everyone is a ridiculous, super-level existence, there is no need to kill and kill, what misunderstanding, look back and find a time, sit down and say that it will open..."

"Inadvertently pulled in the two adults, I am afraid, the two adults have said before, it was just passing by, I must have something important, or else ... do not care about us, so as not to delay the business."

"That can be really sin..."

These words came out, the face of nine **** and blue sky Dapeng are getting greener, it is too shameful, it is clearly not to beat others, they take the initiative to soften, prepare for the rhythm of people.

In the distance, the ants are estimated that their hearts are being scorned. Today, they are despised by a group of ants. It is simply frustrating.

The key is that he was able to turn around directly and get away... This violent temper is fierce, but its combat power is only a fourth-order absurd.

Although he couldn't beat him, nine **** and Qingtian Dapeng wanted to leave, he couldn't stop it.

Although it is also humiliating, but it is better than to escape now, but also have to put down the body to take the initiative to show weakness, seeking **** unicorn and nine genius crocodile to take a step, and then take a long way to be strong.

In short, today's business is simply frustrating, never been so humiliated...

Fortunately, their painstaking efforts have finally worked, and in the other two bloods of the void, the **** unicorns and the nine sacred crocodiles heard their words, and the moments were bright, and then they went back. The head screamed and the sound of the gods came out loud...

"Roar!"

"Hey..."

"You two don't mention it, the deity really forgot about it..."

"The reason why the deity and the crocodile are linked together is that there is a very important thing to deal with, and it is extremely urgent!"

"Illness, I will fight here today, and wait for the deity and the **** buddy to finish the business, come back to fight you..."

"It's a pity. If the rise of the war has not been enjoyable, you have to stop your troops and be disappointed."

Chapter 4702: Void

"Roar!"

Oh..."

I am violent, and I will fight here today. When the deity and the **** buddies will finish the business, come back to fight you..."

It's really a pity, the rise of the war has not been enjoyable, so I have to stop the war and stop it.

In the other two **** seas in the distance, the **** unicorns and the nine sacred crocodiles squat down. in

After hearing the words of the nine **** and blue sky Dapeng, the singer was under the light, and then they each screamed and uttered a voice of God...

When the words are spoken, the **** unicorns and the nine sacred crocodiles are hot, but they are more clear in their hearts. If you do not grasp this opportunity and take the opportunity to leave the place, you will be even more embarrassed.

In order to save a few points of face as much as possible, now I can only lick my face with a scalp, thick and shameless.

The thought flashed through the brain. After the two exchanged their eyes for a look, they did not hesitate. Even if the power of the body was pushed to the extreme, they smacked their teeth and finally remembered the work of their front and back feet. In the vast sea of blood, I rushed out...

"Oh!"

Card..."

After getting out of the way, the **** unicorn and the nine sacred crocodile did not hesitate. At the first time, they slammed into the high altitude. Under the claws, they directly tore the crack in the void, and the body shape spurted away. This

After all, the two old guys are also third-order ridiculous, and they want to escape, unless Ye Xuan uses the sacred bow and other strong powers, or the nine-color flame sea, or they will not stay. but

These underlying means, he does not want to be exposed at the same time, at least not so easily exposed, so although the heart is unwilling, they can only let them leave and leave...

In the eye, the **** unicorn and the nine sacred crocodile have already rushed to the crack of the void that was torn by their claws, and their minds suddenly settled. body

When the shape suddenly stagnate, the two old guys immediately looked back, and the sights swept through the three **** bodies of Ye Xuan, and they were chilling in the middle of the cold. Before leaving, they did not forget to put a few words to save a little face. "

Violent, take care, don't die, the deity and your battle today have no results, go back to the end of the matter, you must come to your life! "

"At that time, you will be peeled off and bones, and you will be smashed and burned. If you are afraid, it is best to look back and find a place to hide. Otherwise, the day of the return of the deity is when you fall!"

"Roar!"

Oh..." said

At the end, the two old guys looked up and uttered a roar and scream, and then hesitated, turned and rushed into the crack in front of the void, and disappeared.

Seeing that the two of them left, nine **** and blue sky Dapeng excitedly burst into tears on the spot.

I knew that these two adults were so good to talk, and what are they waiting for now? I should have been vocal in the past, and I vomited so much old blood...

In the sense of the moment, the words of the dark mist and the bones of the scorpion sneaked in the distance, have been passed away. "

Is this the so-called ancient supreme? It's really an eye-opener..."

No other skill, bragging is the best in the world, oh right, the thick skin, it is estimated that no one can be enemies! ""

The two of you just said so hard, actually took the initiative to take the two old goods away, look at this posture, is it to plan to take two picks, and the three big avatars of the temple, a good **** battle? ""

Come and come, since you have such an elegant, the beauty of the natural adult of this temple... rest assured, the three big ones will not leave, stay to accompany the end! "

"call out!"

Oh..." with

The sounds of these ridiculous words rang, and the two vast seas in the sky in the distance, had been spurred in an instant.

Above the **** sea, the black mist and the cheekbones stand proudly, with a huge body shape of 60 million miles, and the stalwart can only hold your breath and look up...

In the blink of an eye, with the sharp sound of the break, the two vast seas of blood have come to the front, and the three blood seas will instantly merge into one. This

At one moment, the violent avatars, the black mist avatars and the shin bones are like three pillars, each side, standing in the blood sea triangle, surrounded by nine **** and blue sky Dapeng, watching the tigers At any time, there is a potential for a shot...

The head **** and Qingtian Dapeng's face were white, but they felt that the dough was very hot, and the fools heard it. People were mocking them. Hall

The ancestors of the Tang family stepped into the supreme existence of the ruined territory. Today, they have suffered such humiliation in public. The key is still unable to refute, and even dare not refute. Today, this face is completely exhausted, and it is simply hateful. Angry.

However, even if they are angry again, they dare not take the words of Ye Xuan. first

Before being just a violent avatar, they have already succumbed to their desire to die, and don't want to, and now they have come together to repair the black fog and the bones of the same strength.

If the three people really join hands, it is not entirely impossible for people to bite their teeth and force them to stay.

Even if they can't do it, the Thunder shot before they managed to take a walk, and it was not a lot of difficulty...

Here, the nine-headed **** and Qingtian Dapeng suddenly trembled, and after switching to a look, they looked up and shouted...

"Hey!"

"Hey!"

At this moment, both of them pushed the blood of the body to the extreme, and exerted the strongest technique at all costs. blink

Between the eyes, the huge body shape of the nine **** and blue sky Dapeng, turned into two red and one green, tearing the void, lasing away, and disappeared..."

You two are simply saying that you can escape..."

The body shape of these two guys disappeared, and even Ye Xuan was quite surprised. He thought that the two goods would be a bit of a slogan. I didn't expect it to be so bachelor, so he couldn't catch it, and he slipped away in an instant. . and

This scene fell into the eyes of the powerful parties in the distance, the stars and the beasts and the ancient survivors. All the people stayed for a few moments, and the whole piece of emptiness died for a moment, followed by an overwhelming exclamation. Just like the tide is generally rolled up, a piece of stunned...

"What? Is it all gone? The changes before and after are too fast?"

"Four powerful ancient sacred sacred, actually slipped clean in the blink of an eye, all abandoned the war and fled, if this matter spreads, it is almost in this void to drop countless eyeballs!"

The key is that before the departure, the two powerful existences, actually speaking such words, are simply too unexpected, subverting the transcendental image of the ancient Supreme in my mind..."

"The end of the battle, at the beginning of this war, who can expect, in the end, is such an ending?"

Undoubtedly, after this war, the magic hall in this piece of the ruins of the ruins of the heavens and the earth, no one dares to provoke again, this is a pick and four, the four powerful absurd, all rushed to the bottom The sky exists. ""

The Lord of the Temple of the Devil...The King is in the world! "

Chapter 4703: Powerful third order

"Oh la la..."

Just like the sizzling sound of the tide, it is overwhelming.

As the black mist and the shin bones collapsed instantly, they turned into a **** rain, integrated into the blood of the feet, and then the endless **** seas contracted, turning into a faint awn, into the storm. Awkward eyebrows...

Turning to the neighbors who are surrounded by the surrounding, the starry beasts and the ancient survivors have swept a circle, the violent figure has shrunk rapidly, and the blink of an eye has been restored from the giants of 60 million miles to the original High. but

The temperament that is dispersed in the body is still the third order. this

At the time, the screams of the surrounding air were still ringing, but Ye Xuan did not pay attention to it at all. Under the sway, the faint sound of the air broke out. he

The shape of the figure was spurred by a speed that was far beyond the speed of lightning. The blink of an eye reached the end of the sky and rushed into the Xusheng forbidden land, and disappeared.

In an instant, this piece of virtual battlefield, which had a radius of hundreds of billions of miles, was completely empty, and half of the ghosts were not. but

In the void, there are still some blood beads floating in the air, big or small. This is the **** unicorn, the nine sacred crocodile, the nine-headed **** scorpion and the Qingtian Dapeng. These four deserts were left in the previous war.

If it is a **** fog formed by the explosion of the ancient body of the ancient body, Ye Xuan will not be wasted, but only the old blood sprayed under a serious injury, but he completely does not look at his eyes.

If you really want to take it away, it will be too much, and the name of the Lord of the Temple will be affected.

However, he can't look at the things of the eyes, but for the powerful parties around the imaginary sky, the starry beasts and the ancient survivors are rare treasures.

At this moment, with Ye Xuan leaving, the surrounding air suddenly disappeared, and then there were countless figures rushing out, rushing to this vast and innocent starry battle, to clean up the blood of the desert. just

The silence that had just come down was a big void, and it was once again lively, and some people even made a big shot. But all this, Ye Xuan couldn't see it, and there was no interest at all.

At this time, he has returned to Xusheng forbidden and returned to the temple.

The duration of this war was not long. Although the descendants of Xu Sheng's banned land were alarmed, the high-level officials such as Qingniu, Zhao Dong, Qian Nan, Sun Xi, Li Bei, and Liu Duo were all retreating. Therefore, from the beginning to the end of the war, there was no figure in the entire Xusheng forbidden land. Such as

Today, after returning to the magic hall, Ye Xuan did not hesitate, and broke through the first time. This

Once he can be described as a hearty battle, the income of the previous breakthrough has already been fully integrated into the soul and the flesh, and the opportunity to break through again, and thus come..."

Rumble..."

In the moving room, Ye Xuan waved and sacrificed Shennong Ding, and hung behind the giant peak where the magic hall was located, floating in the air. Then, his body shape shook, and he stepped into the treasure of the colorful fog.

After entering the Dingzhong space, sit directly on the knees and sit in the volcano of the central area of the Dingnai space. "

call out! "

"Hey..."

Soon, a lot of faint sounds broke through the air, and a glimpse of the volley from Ye Xuan body, hanging in front of him.

All of them are the cultivation resources that he took out from the immortal world to develop this breakthrough, including the evil source liquid, and the nine-color magic medicine, and so on. One

Ready to go, Ye Xuan first mobilized Shennong Ding's domain field power, compressing all the cultivation resources to only the size of the baby boxing. Swing

In the hand, this baby-sized ball was swallowed into the belly by Ye Xuan and quickly opened.

"哗啦啦....."

Rumble..."

The entrance of the small ball is instant, and Ye Xuan's body also has a chain of squeaking sounds accompanied by thunder and screaming. All the resources in the previous swallowing entrance are in order to hang a powerful energy.

Everything is easy!

He urged the energy that was just formed in the body, and vigorously and continuously carried out the next big day of operation in the hundred veins until it was completely refining...

The energy of the great river disappeared completely, and it was integrated into his soul and body. Ye Xuan only had an impact on the power, and the chain of the shackles had been broken. The system prompts in expectation also sounded in the mind... "

Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the ancient third-order! ""

Hey, congratulations to the host, the breakthrough of the body and blood! The current realm: the ancient third-order! "

The third-order power, this is the peak of the initial situation.

Once again, Ye Xuan can enter the mid-term. but

In fact, today, he has already had the combat power of the middle ages of the ancients in advance, and even far from the later stage, it is not far away. first

Before, the cultivation of Ye Xuan's deity was the second-order of the ancient power of the ancients. After activating the blood of the ancient konjac in the body, it was able to climb to the third level of the ancient power. Shi

In the state of the ninth change, the combat power immediately rose to the third level of the ancient sage.

If you count the first-order bonus of the body and the blood, and the real strength, it is more than the fourth-order absurd! can

Now, as he breaks through again...

After the activation of the konjac blood in the body, Ye Xuan will have the fourth-order cultivation of the ancient powers. Once you show the magical power of the konjac, and directly enter the ninth change, its peak power will reach the fourth level of the universe supreme! If

Under the huge body of 60 million miles, the strength of the horrible blood will have a second-order bonus to the real combat power.

At that time, he was able to show the strongest strength, and he would reach an unprecedented fifth-order absurd! distance

From the peak of the middle of the desert, there is only a gap in the first order!

In fact, Ye Xuan has a **** secret! One

Once he mobilized the blood power of the secret method of blood and sea, he will immediately condense three blood and sea avatars, all of which have enough horrific power to overcome the fifth-order absurdity.

In the case of three wars, even the sixth-order absurd is not his opponent.

It can be said that even under the normal state of the war, under the late stage of absurdity, today's Ye Xuan... is already invincible.

And if he uses the sacred power of the sacred bow, it is the late stage of the seven-level ruin, and will be shot by an arrow when it is too late to defend...

"The strongest combat power has reached the fifth stage of the ancient and the supreme, and the blood and sea of the same strength can have up to three..."

After the breakthrough was completed, Ye Xuan suddenly opened his eyes, deep in the bottom, and there was a clear flash of light.

For a moment, his heart surged like never before! slightly

After a little bit of reunion, he took a deep breath and whispered again: "So, the far-reaching ninth-order great consummation that must be achieved by swallowing a twenty-five-level ridiculous treasure is already There are only six small-scale breakthroughs... The refining of the twenty-ninth-level ridiculous Baodan has become more and more urgent!"

Chapter 4704: Lord of the Lord

"This breakthrough has actually spent three months?"

After the excited heart was calmed down, Ye Xuanyi counted the time, and his face suddenly changed.

In his feelings, this time the breakthrough was extremely smooth, and there was no special obstacle at all. The whole process of retreat was the same. Take

In this case, at most, within ten days, it will be able to break through. thing

In fact, when the last breakthrough to the second-order of the ancient powers, Ye Xuan only took seven days.

But now, from the second-order breakthrough of the ancient power to the third-order, it took a full three months, that is, ninety days, and the time has turned ten times.

This made him feel like he was caught off guard. but

After a little thought, he quickly realized it.

It seems that from the peak of the early days of the great energy, the time spent on each subsequent breakthrough will probably rise. This

Let him be helpless, but think about it, but it is also what it should be. complete

From now on, he is already close to the middle of the ancient powers of the ancients. It is not far from the formal entry into the desert.

Imagine other wild powers, which are not the accumulation and precipitation of the endless years, the opportunity to come, only to break through? on

For example, the two old guys, the nine-headed **** and the blue sky, Dapeng, although they lived to the world from the end of the long-term flood, but their cultivation is the strength, but until now they finally broke through and stepped into the wilderness.

Of course, a large part of this factor was seriously injured in the battle of the collapse of the scene, and it was too slow to recover.

But with this alone, from one aspect, it can prove how difficult it is to break through to a despicable situation. leaf

Although Xuan has a chaotic drug, after entering the middle of the ancient era, the breakthrough of each small step can not be completed in just a few days, and there is no reason. thing

In fact, if he enters the middle of the ancient era, he will still be able to break through this time. Every small step will only take three or four months. The matter will be passed out, fearing that even the giant turtle will have to Envy! miss you

Through this, he will no longer struggle.

Although every small step breakthrough in the future will take longer, but now he is already a third-order power, and only six small-scale breakthroughs can swallow a twenty-nine-level supreme. Baodan, in this way, entered a state of absurdity.

There are only six small steps, and even if each breakthrough takes a long time, it is no big deal...

"call out!"

Adjusted the mood, Ye Xuan immediately rose up, stepping out of the Shennong Ding Ding mouth with a colorful mist, followed by a wave. With

With a faint sound of broken air, Shennong Baoding instantly turned into a smashing man, lasing, and fell into his eyebrows, disappeared. "

Rumble..."

For a moment, Ye Xuan figured out, and blinked into the magic hall, sitting on the top of the black throne.

As he sang, the thunderous sound of the bang sounded, and the huge magic hall that stood in the innermost peak of the stars in the stars quickly rose, and the blink of an eye passed through the atmosphere of the stars and hung above the atmosphere. This

The kind of movement and tranquility naturally alerted all the genus of the sacred sect in the forbidden land of Xu Sheng, and opened the high-level retreats, and the rest of the emperor's immortality was all coming. Let

Ye Xuan's accident is that the six **** scorpions actually went out. His original cultivation was only the first step of the universe. But now, after more than three months of retreat, he has climbed two small steps. It is now the peak of the third dimension of the universe. except

He, the six cosmic sages under the Temple of the Devil, have also been out, and now, they are now behind the six bloody. This

The six were Zhao Dong, Qian Nan, Sun Xi, Li Bei, and the two cosmic sages who had just broken through the captive army three months ago, from the **** and the Qingpeng.

These six old guys were only the first-order cultivation of the universe in more than three months. but

Now that I haven't seen it for three months, I have been in the same way as the six **** ones. I have successfully reached the third stage of the Jin Dynasty.

Whether they are six or the six strongest **** ones, the reason why they can be so harvested in just over three months is obviously inseparable from the chaotic drugs that Ye Xuan has given them. of.

You must know that even the nine-headed **** and blue sky Dapeng and other ancient supreme, not to mention chaotic drugs, even the Zijinbao drugs are not.

It can be said that with six **** scorpions and other people now only the universe and the supreme revision of the universe as the level, under the premise of swallowing Zijinbao medicine and chaotic medicine, the breakthrough in a short period of time is originally intended. !

In addition to the six **** and Zhao Dong six people, at this moment, I heard the movement here, the four major corps of the Magic Temple rushed over the top of the emperor, almost all of them arrived...

The beast army's green cattle and jade exquisites, dragons, palaces, black wind tigers, roaring moons, and Xu Fu's other banned emperors are immortal, a total of more than forty. Legacy

The tribe of the Sangzhi relics in the Civil Army Corps, and the more than 20 emperors of the Xusheng ban in the forbidden land are old. also

There are nomadic corps with a group of members of the original captive parliament, such as Three-jawed Dragonfly and Longshan Tang. More than 60 people are immortal. Take

And in the end, more than two hundred emperors in the captive army consisting of **** and Qingpeng and the three lions of the war lions are immortal...

Sprinkling, a total of more than four hundred emperors immortal, all gathered here!

"See the Lord of the Lord..."

After they arrived, everyone was holding hands and bowing to Ye Xuan. original

The six **** Zhao Dong and others saw Ye Xuan, who were all blessing on a single knee, but they were stopped by Ye Xuan. They were all from their own family. They didn't have to move their knees and clench their fists. .

This also made him even more popular. Today, the four major corps of the Devil's Hall have already been condensed, like an iron bucket, and the attack cannot be broken. "

Since it has already been cleared, then the previous war, I think you all know..."

Xuan nodded, and the voice of the gods came out instantly: "Now, the magic hall is big, and in this piece of ruin, there is no one to dare to provoke..."

"But this kind of comfort is just a matter of appearance. Don't forget, as the time of the end of the flood is getting closer and closer, more ancient powers and ancient supremes that have been crouching will be like spring bamboo shoots after the rain. Empty out..."

"Whether the Great Hall is so powerful, can it survive the coming end of the flood, but it is still an unknown number... Soon after, the temple will lead you into the void, but before that, your own cultivation is Strength, but must be promoted as much as possible!"

In addition, the forces of the ruins of the ruins of the ruins of the heavens and the earth should be cleaned up and reorganized. After all, before entering the emptiness of Hongmeng, the power of the sacred temple must be as strong as possible..."

Having said that, Ye Xuan's glimpse of the fine mang, the tone also reveals the meaning of Sen Han: "The order is passed down, the core of all the forces in the emptiness of this piece of land, whether it is from the three starry stars of the world. Face, or the beasts and survivors who originally lived here... After three months, they all came to see you!"

Chapter 4705: Volatility

At this moment, Ye Xuan, in the identity of the Lord of the Devils, issued the first magical decree for all the forces in the void of this piece of wild land.

The core top leaders who demand these forces, whether from the three major star planes of the world, or the beasts and survivors who originally lived here... Three months later, they all came to see! magic

After the main order was issued, all the generals in front of the army, all of them clenched their hands and fists, and then they dispersed, each went to different ethnic groups and forces, and issued the call of the magic hall! This

The emptiness of the fragments of the ruins of the heavens and the earth is too vast. Since there are starry beasts, there are also abandonment of the ancients, and there are more ethnic groups and forces from the three major star planes of the world.

Each side, gathered together into a group! six

Head bloody, **** ancestors, Qingpeng ancestors, as well as Zhao Dong, Qian Nan, Sun Xi, Li Bei and other seven universe sages and the universe supreme, the first time led the green cattle and Yu Ling, dragon The monks, the palace army, the black wind tiger, the roaring moon, and the other emperors of the Xusheng forbidden land are immortal. Legacy

The tribe of the Sangzhi relics in the Civil Army Corps, and the more than 20 emperors of the Xusheng ban in the forbidden land are old. also

There are nomadic corps with a group of members of the original captive parliament, such as Three-jawed Dragonfly and Longshan Tang. More than 60 people are immortal.

And in the end, more than two hundred emperors in the captive army consisting of **** and Qingpeng and the three lions of the war lions are immortal...

That is to say, the total number of the temples is more than four hundred, the emperor is immortal, divided into seven teams, each responsible for one direction, rushing out of the Xusheng forbidden land, and go far!

These more than four hundred emperors have been immortalized and cultivated. Today's identity is all the messenger of the Lord of the Devil. It will be divergent and open, and the devils ordered by Ye Xuan will be conveyed to every power.

Undoubtedly, with this time the devil's command is conveyed, this whole piece of ruined land will be turbulent...

In the previous battle, the Lord of the Devils fought for four great desolations with one's own strength. All of them lived for a long time, but none of them were opponents.

This kind of anti-sky force has already been shocked and smashed, and the vast expanse of the vast expanse of heaven and earth is in the void. There is no force to dare to make a head bird at this moment, openly confronting the magic hall! but

The Lord of the Templar has always been domineering, and now suddenly issued such an order, demanding that all the high-level forces in the emptiness of the ruins of the heavens and the earth, all gathered together in Xusheng forbidden land, seeing the Lord! This

In the end, what is the idea, no one knows, and because of this, it will make people feel uneasy...

...flood

The corner of the sky is a void. This

It was originally a fierce beast, but now it has already fallen into a base camp from the second cosmic wolf in the third major starry sky.

The greedy wolf family is also one of the top ten ethnic groups in the second universe, but it ranks behind the bloody, Qingpeng and war lion tribes.

The strongest person in the camp of the greedy wolf is the core ancestor of his family who was awakened not long ago. It has been cultivated for extraordinary strength and has reached the third stage of the universe.

In addition, under the lord of the greedy wolf, there are four sacred warriors, and more than twenty ancestors immortal. Potential

The power is extremely powerful. can

Unfortunately, for the magical hall that is now in full swing, this strength can't be entered into the eye, nothing is counted.

More than 20 emperors in the camp of the greedy wolf are immortal, including the wolf, and the goods have already surrendered to Ye Xuan. They were released by Ye Xuan and returned to the ethnic group. This

In the past few years, it has been reused in the family, and some core ancestors have been waking up one after another. Under the secret law, the wolf is only able to cultivate the imperial power of the emperor. If

It is Ye Xuan who saw that he has already sealed the emperor. I am afraid I will be shocked. Although this cultivation speed is far from being comparable with Ye Xuan, it is amazing enough.

In fact, in addition to the wolf and staunch, other people who were released by Ye Xuan, such as the patriarch of the Yin dynasty, the singer of the singer, the singer of the singer, the singer of the golden eagle, the singer of the golden eagle The little princess Medusa and others are now in the void of this piece of wild land.

They are inhabited in the base camps of their respective ethnic groups, and their cultivation is also extraordinary. It is not the end of the emperor's immortality, or the emperor's immortality. only

However, they have almost forgotten Ye Xuan. After all, it has been many years, and the situation in the universe has undergone major changes. The three major star planes of the world have become the rear of the unrespected...

"Hey..." greed

In the distant void outside the Wolf's base camp, ten large fortresses with a diameter of 100,000 meters were turned into small mansions, and they launched a spurt of speed. This

The surface of the hull of the ten great fortresses has been painted in darkness. The **** temple above it is exactly the same as the temple of the Ye Xuan Dongxing star. This

The temple is represented by the temple.

When you see the logo painted on the hull, anyone can instantly understand who the person is.

Nowadays, in the emptiness of this piece of ruins, the name of the Temple of Devil has long been unknown, and it is like a thunder. This

The ten great fortresses are just one of the branches of a demon temple that rushed out of the Xusheng forbidden land a few days ago.

The seven universes under the imperial temple existed above, each led a number of small teams, and also responsible for one direction, this direction is led by Zhao Dong, and he led the messenger squad, there are many. Such as

Nowadays, among the squads that came from the robbers of the greedy wolves, the top of the sacred temple in the town is the two emperors immortal, namely the three-jawed dragon and the jade eagle..."

call out! ""

Oh..." this

At the same time, as they approached, the ten 100,000-meter-diameter giant fortresses came to an abrupt end in the tens of thousands of miles outside the savage wolf base camp, and then there was a sharp break. One

The figure rushed out of the ten big fortresses. collar

The head is the three-jawed dragonfly and the jade dragonfly. In addition, there are some emperors and kings who are immortal, and only a total of more than 20 people...

At this time, the high-ranking members of the squad in the base camp of the savage wolf had already rushed out of the star field, and they were squatting in the edge of the void, with repression and vigilance in the shackles, looking towards this side.

When the first person is the owner of the greedy wolf, behind him is the four sorrowful sorcerers, and then, more than 20 greedy wolves are immortal, and the wolf is one of them..."

Where are the leaders of the greedy wolf? "

The three-jawed dragon screamed at the chin and swept over the top of the crowd of greedy wolves in the void in front of thousands of miles.

The line of sight finally settled on the leader of the greedy wolf, and nodded. He waved his hand and rushed away: "This is a command..."

The Lord of the Lord has the order, the core of the major ethnic groups and the forces, that is, the existence of the level above the Emperor, whether it is from the three major star planes of the world, or the beasts and survivors who originally lived here... After the month, I will see you! "

"Now, the order has been issued for six days, and the rest of the time is less than three months. Please prepare as early as possible..."

Otherwise, if it is absent, the devil will be angry... the consequences will be conceited! "

Chapter 4706: Cowardly

"boom!"

Rumble..."

The roar of the ship sounded.

After the release of Ye Xuan's decree, the three-jawed dragonfly and the jade jingle even turned and took the queen behind them and immortalized, and swept back to the big fortress where they were sitting.

Soon, the ten fortresses changed direction and banged away...

The group they are responsible for is not only the greedy wolf family, but also other ethnic groups waiting for the notice. There is not much time left to delay. Come

The breakthrough, the fruit of the go, shows no domineering. This

In one scene, the body shape of the core ancestors of the greedy wolf family trembled. Two

Respecting the little emperor, the emperor is immortal, and with a group of emperors and kings, glory in front of him, from the beginning is so high-spirited, after the completion of the order, even two words of the words are No, turn around and go...this

It made him feel indignant.

After all, it is the master of the universe, the core ancestor of the greedy wolf, who has never encountered such a thing in the past.

In fact, let alone him, it is the cosmic sage of the four greedy wolves behind him. At this moment, the temperament of the temperament trembles. In front of them, the emperor can only be regarded as an ant. can

Nowadays, it's such two ants, with a group of guys who can't even count on them, so arrogant in front of them, it's not so arrogant...only

Yes, although the three-jawed dragonfly and the jade exquisite are repaired, the people are the messengers of the Lord of the Devil. Today, the Devil's Temple is in the sky of the ruins of the ruins of the heavens and the sky. It is definitely not what their greedy wolves can provoke. .

That is definitely the disaster of extinction, **** and Qingpeng, war lion tribe, is the foresight of the car!

Under the heart of the fire, the four cosmopolitans of the greedy wolf races exchanged a look, with resentment and unwillingness, and continued to speak..."

The lord of this demon temple, the ambition of the wolf, just destroyed the **** and Qingpeng, the three lions of the war lions, and now I am called to go forward, and also say what glimpses... He is the supreme hegemon of this void. ? ""

Looks like this is really the case, don't forget, the previous family alone battled four powerful ancient supreme, but let the latter four people fleeing..."

"In this case, not only the generation of the **** clan has always been nine bloody, but the generation of the Qingpeng people has always been a great day, and even two of them have been in the distant floods. It is already the late nine demon. Crocodile and **** unicorn..."

This is absolutely invincible. Although the emptiness of this piece of land is vast, but it can still be countered by it, I am afraid I can't find it... even if the ancestor of our greedy wolf family wakes up from the slumber, advent This is not an opponent. ""

But... Can we let the savage wolves let them fight in the temple? This is really unwilling..."

This matter is not in a hurry. This time, the mysterious Lord of the Temple of Devil is all the ethnic groups and forces in the void of this piece of ruined land, and at the same time issued this glimpse..."

It's not just the major ethnic groups and forces that come from the three major stars in the world, including the forbidden beasts and the ancient survivors who originally lived here..."

For a long time in the past, we have fought many battles with these forbidden beasts and the ancients. They are not the ones who will bow their heads casually. If there are no accidents, all the beasts in the emptiness of this piece of land will be forbidden. Most of them will come together..."

The same is true of those who are absurd. ""

And the major groups and forces from the three major star planes, the only way to be enslaved by the magic temple, is to take the group. "

"The two camps of the Terran have always been handed over to the Federal Base of Varo. Now the bases of these three forces are in a star field. Most of them will become representatives of the third universe, calling for the dispersion of other third universes. The repairers gathered to form an alliance force."

The slaves of the first universe, the base camp, are basically not far apart, watching each other. In the face of this crisis, most of them will form alliances. Except that the devil will not participate, the other groups of the first universe are estimated. , will join the new alliance..."

They had been enslaved by the celestial family for an endless period of time. They felt that the humiliation and pain of being enslaved were more than any other ethnic group. This time, they would never easily bow their heads. ""

As for our greedy wolf family, we can scream and scream, gather the bases of the second universe, and form an alliance led by the top ten groups of the second universe. In my opinion, it is called the starry sky. The league is good! ""

Among the top ten ethnic groups in the second universe, although the base camps of the bloody, Qingpeng, and Shishi tribes have fallen, there are still a large number of ethnic groups among their ethnic groups. Now the first generation of the **** and Qingpeng generations are the first. One step has come, and the follow-up is sure to move from the family..."

"Nine heads of blood and Qingtian Dapeng are not the opponents of the mysterious Lord of the Devils, but they are also the ancient Supreme. After the previous World War, they must be unwilling and detrimental to the face..."

"As long as I wait for the top leaders of other ethnic groups in the Second Universe to unite and ask for the **** heads of the nine heads and the blue sky, let the two ruthless ancestors preside over the overall situation, they just need to release their words to reveal an audio message. All other ethnic groups in the second universe must come together..."

Of course, the Turtles who have always been inconsistent with me are estimated to have no hope. They are now the star of the river star Ye Xuan, and even the base camp of the ethnic group is in the triumph of the Ye Xuan The edge of a star field occupied... including the magic man. "

"So, if there are no surprises, the Turtles of the Second Universe and the Devils of the First Universe will probably form another alliance with the Tianhe Star Cluster and the Triumph Army of the River Star Lord Ye Xuan. This matter can completely surrender to the two ancestors of the nine heads of blood and Qingtian Dapeng, and drive the tortoises out of the ranks of the second cosmic group..."

Having said that, the cosmic sages of the four greedy wolves no longer talked, and after switching to a look, they looked at the greedy wolf in front of them.

The look of the face is clearly waiting for his reply and making the final decision. "

Star Alliance? This name is quite tall, really good..."

After listening to these words, the lord of the greedy wolf is indulged in sorrow, and the spurs of the scorpion are flashing from time to time, and there is a muttering voice in the mouth, constantly saying: "In the top ten communities of the second universe, except for **** The three tribes and the tortoise family, the other five groups of the Yinyin, Jinying, Barb, Cai, and Shuling families, are also like the greedy wolves, each with one or two lords sitting in the town..."

It is the same for some other small ethnic groups. Even if there is no cosmic master sitting in the town, there are basically one or two cosmic sages..."

Chapter 4707: Heart is unwilling

"There are other small ethnic groups, and so are they. Even if there is no cosmic master sitting in the town, there are basically one or two cosmic sages..."

The wolf's lord of the lord of the wolf is suddenly smashing out of the sacred, and the breathing is vaguely changing.

"If this is the case, my second universe is now in the size of the vast crowds of this ruined land, hundreds of giants..."

"Although the ancient Supreme has only nine **** and blue sky Dapeng... the universe is supreme, but now there is no one."

But the Lord of the universe can basically have more than 30, and the cosmic sage, at least two hundred or more..."

This is a very huge force, if it can be screwed together..."

Here, the lord of the greedy wolf family, even the body shape is a little trembling: "The Lord of the Temple of the Devil is powerful, but the genius of his sire is like that..."

"The universe supreme has only one **** six, and the Lord of the universe has none of them. Even the cosmic lord has only six..."

"He is stronger, but he is not alone. If my second universe and the various nations unite to form a force, and the alliance of the other ethnic groups, together with him, he alone, Can you fight for all?"

Even if he has the power of blood and sea secrets, at most it is just three, it is not enough to suppress eight words at the same time..."

Once he dares to change, the coalition forces that are stared at by his three major gangs are unfortunate, but the other coalition forces can take this opportunity to take the opportunity of the sacred sects in the forbidden land. . ""

This alone is enough to make him a rattle..."

One thought about this, the lord of the greedy wolf, who did not hesitate, turned to a group of high-ranking gangsters behind him, and sneaked a glimpse of the cold, even when he screamed: "How many of you The town guards the base camp. In this matter, the old man personally went to lobby the five ethnic groups of the Yinyin, Jinying, Barb, Cai, and Shu...

"After convincing the lords of the five main camps, they will go with them to the stagnation of the nine **** and blue sky Dapeng. In any case, they must persuade them to come forward and pick me up. Star Alliance has a big banner..."

"call out!"

When he finished, he no longer hesitated, and his body shape shook, and he immediately plunged to the right side.

Over there, it is the place where the Yinxi people lived in the base of the emptiness of this ruined land...

A scene like this, in the vast expanse of the vast expanse of the wilderness, the land is constantly being staged. With

The demon Lord of Ye Xuan gave orders, six **** scorpions, **** ancestors, Qingpeng ancestors, and Zhao Dong, Qian Nan, Sun Xi and Li Bei, all with the imperial concubine of the imperial temple. Divide into a small team, go to the base camp of a group of people and forces, and release the will of the devil's commander three months later. With

After that, I immediately turned and left to go to the base camp of the next ethnic group...

However, the major ethnic groups that were notified by them, whether they are from the major ethnic groups and forces of the three main planes of the world, or the forbidden beasts and ancient survivors who originally lived in the void of this piece of wild land, Almost all of them are indignant. No

Anyone, willingly and easily, will be called the singer, let alone drive...

The development of the state is similar to the speculation and estimation of the four cosmic sages of the greedy wolf family, and is developing in this direction.

With the departure of the Lord of the Wolf, the only five groups in the top ten communities of the Second Universe, namely the Yin Dai, the Golden Eagle, the Barbarian, the Cai, the Shuling The eight lords of the five ethnic groups were finally moved. very

Fast, plus the tyrants of the greedy wolf family, the total of nine of the six major ethnic groups, they came to a more remote star field, here is the nine **** and blue sky Dapeng After the battle that was not long ago, the choice of the crouching land. first

In the previous battle, although the nine **** and Qingtian Dapeng were injured, the injury was not serious. Although it was only about ten days later, it has completely recovered.

After the restoration, the nine heads of blood and Qingtian Dapeng fell into a tangled relationship. They hesitated to return to the nest of the second universe immediately. From a long-term perspective, they chose to stay in the emptiness of this piece of land, and find ways to revenge and hate...

Although they are not the opponents of the Lord of the Devils, but the other side of the Xusheng banned land lineup is huge, can you still be huddled in the forbidden land, never come out? Array

With such a huge army, he can't follow it all the time, taking care of everything...

Although the sample is a bit shameless, it can be secretly started, so no one knows, at least let yourself vent your anger...

What's more, the **** unicorn and the nine sacred crocodile are now coming to the emptiness of this piece of ruined land. They used to leave and leave, but they could not be willing and must come back. and

Moreover, when these two old guys were in the early days of the distant wilderness, they were already a powerful existence in the late period of the ancient Supreme, although they were not as good as the peaks of the enemy camps such as the Golden Dragon, the Void Giant Turtle and the Wild Night Fork. Not a lot, one or two small steps of repair only. Such as

Suddenly, I suffered such a great humiliation. They must recover at full speed. As long as they are trained to reach the 7th and 8th steps of the abandonment, even if they are only one, they are enough to crush the arrogant arrogance...

Thinking of this at this time, the nine **** and Qingtian Dapeng have basically decided to stay.

He didn't feel resentful, and he really didn't want to leave.

At this time, the nine lords of the six major ethnic groups, including the greedy wolf, the silver scorpion, the golden eagle, the barbarian, the sui, the sect, and the sect of the second universe, came at the same time.

They were asked to call on the strong people of the Second Universe to gather together, form a Star Alliance, and then join forces with other major coalitions to jointly fight against the idea of the Temple.

This proposal instantly made nine **** and blue sky Dapeng shine. First

The Second Universe has built a base camp in hundreds of ethnic groups, large and small, in the emptiness of this ruined land. If it can be gathered together, there can be at least 30 of the universe's masters, and the universe is at least two hundred. the above.....

This is a very huge force. If they can be screwed together, and then they will be the strong and powerful flag of the early stage, they will definitely become a powerful alliance force that can compete with the magic hall. more

The main thing is that such alliance forces are not just their Star Alliance, but similar alliance forces, at least four or five. Such as

If the strong combination is strong, even if the magic hall is strong, it will be hard to stand alone, and it will definitely not be a big climate! miss you

Here, the nine **** and blue sky Dapeng were excited immediately, and they looked up and screamed..."

Roar! ""

Oh..."

The order went on, and all the large and small ethnic groups in the Second Universe, and the high-ranking emperors above the emperor, came to see..."

Chapter 4708: Star Alliance established

The shards of this ruined land are vast and vast, and the various regions have originally lived with countless fierce beasts and survivors. but

[illegible]

Nowadays, some powerful beasts are banned from the ground and occupy a group.

The same is true of the Sovereign Stars. The more powerful survivors of the Stars have not been framed, and they have gathered together to help each other and defend their foreign enemies. and

Other more vast areas are divided by the major ethnic groups and the forces from the three major stars.

Among them, it is divided into three major, one small and four large areas...

The first large area was occupied by the servants of the first universe, and the base camps of these first cosmic slaves were not too far apart.

The second large area is dotted with a large number of base camps from different ethnic groups in the second universe, with a total of hundreds. First

The three larger areas belong to the two camps of technology and comprehension of the Terran, as well as the former Federal headquarters in Varo. when

However, today's Wanluo Federation has long existed in name only, but it has always been closely related to the two camps of the Terran, even when it comes to this vast expanse of land and debris.

The last small area can be said to be a remote corner, where the first universe of the devil group, the second universe of the turtle family, and the Tianhe star lord Ye Xuan's triumphant army and the Tianhe army. This

One of the forces can be said to be among the four major regional powers occupied by the three major star planes in the world, the weakest. but

Although the Yinhe Star Lord Ye Xuan has never appeared, all the matters are handled by his general manager, the mosquitoes and the old ghosts. But after all, he and the first universe of the various ethnic groups, and the third universe of the Terran Both have a good relationship. again

In addition, the Turtles and the Devils are not easy to provoke. They and the Tianhe lord Ye Xuan occupy a region that is also a singularity. Therefore, over the years, there have been no ethnic groups and forces to deliberately challenge them. and

They have also been honestly shrinking in the piece of Qijiao, and have never expanded outwards. Therefore, they have been peaceful for years.

Nowadays, with the emergence of the magic hall, the mysterious master of the demon temple, with the supreme hegemonic position, will be the four powerful **** sacred, nine-headed bloody, blue sky and sacred, and nine sacred crocodile. They all repelled and shocked the whole piece of vast and innocent land of the wilderness.

Then, the Lord of the Temple of Devils issued a decree to all the large and small ethnic groups, and asked the high-ranking emperors of the ethnic group to go all the way to the Xusheng forbidden land, gather in the magic hall, and glimpse together. This

The film was originally in a chaotic, ruined sky, and after a short period of silence, it suddenly boiled up in an instant...

In the face of the strength of the magic hall, no forces and ethnic groups are willing to surrender, and they are enslaved.

Whether it is all the ethnic groups and forces from the three major star planes of the world, or the starry beasts and the ancient survivors who originally lived in the void of this piece of wild land, all of them.

The first to react, and to uncover, is the second of the three major, four small and four regions occupied by the major groups and forces of the three major stars in the world.

In this area, there are a large number of base camps from various groups of the second universe, a total of hundreds. This

Hundreds of large and small ethnic groups were originally based on the bloody, Qingpeng and Shishi tribes. After all, among the top ten ethnic groups in the second universe, bloody, Qingpeng and war lions, originally It is the top three.

What's more, the second generation of the **** ancestors, the ancestors of the ancestors, have come, the status is too lofty, and there is a **** lord of the nine-order great perfection of the universe.

Unfortunately, the prince is too disappointing, and the first battle of this emptiness has already fallen.
six

Head blood is even more shameless, directly to the enemy, becoming the faithful running dog of the Lord of the Devil... This

In this case, the tops of these hundreds of large and small ethnic groups from the Second Universe are all extremely devastating. just

At this time, the **** scorpion and Qingpeng Dapeng of the **** and Qingpeng ancestors suddenly came, and they gave them a shot in the moment. After all, this is two ancient sages.

However, before they returned, the Lord of the Devils defeated the **** scorpion and the Qingyun Dapeng with the help of one's own strength. The news of the **** unicorn and the nine crocodile came suddenly. This

Hundreds of second-largest large-scale people in the base camp were caught off guard, and they could hardly believe this fact. It was too difficult to accept...

Just as they were extremely frustrated, in the face of the arrogance of the domineering Lord of the Devil, suddenly there was news.

Nine heads of blood and Qingtian Dapeng jointly issued a decree to convene hundreds of large and small ethnic groups from the Second Universe. All of the top elders of the emperor and the emperor rushed to the savage wolf in the savage wolf family to seek common affairs. listen

By the news, the tops of these hundreds of large and small ethnic groups have been in a good spirit. he

We are worried and uneasy, I don't know how to deal with it. Now, with two powerful and ridiculous leaders, it is natural for everyone to have a backbone. although

Said that the nine **** and Qingtian Dapeng lost to the Lord of the Devil, in the previous World War, even if they joined the Scarlet Kirin and the Nine Secluded Crocodile, they also lost and fled. but

Are they not degraded? I haven't even been seriously injured. How can I be publicly exposed in the past ten days? or

Xu, these two powerful ancient supremes, only actively retreat at that time, and that war is not a battle of life and death, just to try to test the true and false of the Lord of the Devil... More people are willing to believe that this is the case.

After all, with one enemy and four, fighting for four powerful ancient sacred supreme, powerful to this level of the Lord of the Devil, no one is willing to accept...

With joy and inspiration, the high-level people of these hundreds of large and small ethnic groups all left the base camp where their respective ethnic groups were located. After a few days, they gathered in the base of the greedy wolf family. No

Some people know what they have secretly discussed, but the next day, nine **** and blue sky Dapeng suddenly announced that the Star Alliance, consisting of hundreds of large and small ethnic groups in the Second Universe, was formally established. Union

The commander of the league is the two of them.

In addition, there are more than 30 masters of the universe, nearly two hundred cosmic sages, and more than a thousand emperors, and countless warships of all levels...

The area where the Star Alliance is stationed is the second largest area occupied by the major forces of the three major stars in the world. From this moment on, this area belongs to the Star Alliance, and any forces outside the Alliance cannot enter.

Chapter 4709: Union of nations

The first large area occupied by the major forces of the three major stars in the world. This

The film area is occupied by the servants of the first universe. The base camps of these first cosmic slaves are basically not too far apart. its

Among them are Hell ants, Space Rats, Giant Martens, Tianzhu, Horns, Xuanjing, Slim, etc...

There are more than a hundred of the first cosmic slaves in large and small.

Among the more than one hundred servant groups, one third of them have the cosmic masters, and very few of them even have the universe supreme.

The universe and the emperor are more immortal.

In general, among the top ranks of the more than one hundred cosmic slaves, there are four in the universe, thirty in the universe, and more than one hundred in the universe. More, the conventional powers below the emperor and the warship level, almost countless...

Today, the four universe supreme, the thirty-two cosmic masters, and more than one hundred cosmic sages are gathering together to discuss what is in the **** of the Hell ants.

In fact, many of the top leaders of these first cosmic groups are Ye Xuan's old acquaintances.

At the beginning, Ye Xuan secretly established an unnamed alliance during the trivial battle of the three major stars in the world. Of course, it was later. that

An unnamed alliance has nine major elite gold elders, such as the first generation of the emperor Mo Zhentian, the crazy mosquito emperor, the mosquito and the old ghost, the space mouse king, the golden mouse, the golden tooth, the **** ant family, the old ant, the blood, The giant tyrants, the indigenous savage lords, and so on...

Nowadays, the three major star planes are no longer the mainstream, and they have become the rear of the major ethnic groups and forces. The original unnamed alliance naturally does not exist, and it is meaningless to mention it.

But now that the first universe has more than a hundred servant groups gathered in the high-level controversy, there are several old guys, the golden elders of the original unnamed alliance. Such as

The space mouse king, the golden mouse, the big tooth, the **** ant family, the old ant, the **** scorpion, the giant squad, the singer, and the singer, have not remembered the name of the lord and so on.

All three of them were all borders, but now they have become the supreme of the universe. This must be the cultivation of the first generation or the second generation of ancestors in their ancestral lands.

Among the more than one hundred servant groups in the First Universe, there are a total of four cosmic supremes. They are all in the early days of this world. In addition to these three old guys, there is also

one from the Scorpio, and the cultivation of strength is also the beginning of the second order of the universe. The situation.

Today, these four universes are supreme, gathering more than a hundred of the first universe of the servants of the servant group in the base of the thirty-two cosmic masters, more than one hundred cosmic people, secretly discuss major events. he

Not long ago, they just heard that the Second Universe formed a Star Alliance and worked together to resist the news of the Magic Hall. They couldn't sit still anymore, and they clearly had this idea.

Unfortunately, after some deliberation, there was no final result. The venue was in a short silence. Then, the high-ranking people of all ethnic groups took the sigh again and again.

"On the overall strength, we are not weaker than the second universe..."

The conventional combat powers such as Fenghuang, Fengwang, and warships below the emperor are slightly less than them, including the immortality of the emperor, but also three or four hundred, but we have four powerful cosmic supreme, and they are currently But none of them! ""

Comparing the two phases, the overall strength can only be said to be similar. what a pity....."

"There are nine powerful **** and blue sky Dapeng people who are sitting in the town, enough to hold up the banner of the Star Alliance, and our most powerful existence is only the four universe supreme, let alone the ancient Extreme, even the ancient powers are not..."

"This is also a no-brainer. The generation of ancestors in the tribe is basically still sleeping. For the time being, I am afraid that it will not come to this piece of shards of the wild world..."

Without the ancient supreme, we have no top-level combat power. In the face of the mighty Lord of the Magic Temple, there is no emboldened spirit at all. So it seems... our alliance of the nations, I am afraid I can't build it here, at least for now. ! ”

"It's really unwilling... can we just let the Lord of the Temple be enslaved? Can't see any hope..."

At this place, the top leaders of the various cosmic slaves of all the people suddenly shook their heads and sighed, and they all showed a strong unwillingness..."

Rumble..."

Oh..."

Just at this time, the universe of the Hell ants outside the base camp is not far away, suddenly there is a thunderous sound, followed by two clear cracks like a crack...

At the same time, all the high-ranking people of all ethnic groups stunned, and their faces were full of vigilance, and they all looked down.

In the line of sight, two huge void cracks appear out of thin air, and the two narrowed down to the figure of about ten thousand feet. They walked out of it, and it was the **** unicorn and the nine sacred crocodile...

At this time, as soon as the first fall, the sounds of the gods of the **** unicorns and the nine sacred crocodiles have already sounded, covering the entire prison ant, and everyone has heard a real...

"Who is the League of Nations? It sounds good, the deity is a bit interested..."

You lack the commander who has the peak strength, and the two deities, the ones that are lacking, are precisely the genus..."

"How about joining hands together? The two deities and you more than 100 ethnic groups, together to form this alliance."

"Although the deity are not the people of your first universe, but now we are only temporarily joining forces, at least better than you are enslaved by the magic temple?"

In the future, the generation of ancestors of your ethnic group will come to the emptiness of this piece of land, and the two deities can negotiate with them and continue to cooperate..."

"I will give you a time to consider the fragrant incense. If you are not interested, if you are also the enemy of the magic hall, the two deities are not embarrassing to you. The enemy of the enemy is a friend. If you are too big, then you will recruit other ethnic groups and forces. As a shackle, this piece of emptiness is so vast that these aspects are not missing..."

Listening to this, the first high-ranking people in the controversy are at the same time looking at each other, but they are clearly visible.

The space-rat rat's golden mouse, the big tooth, the **** ant, the old genie, the giant patriarch, and the celestial ancestors, exchanged their eyes for the first time, and at the same time launched a secret discussion with the gods. . half

The column is not fragrant, their deliberation has the result, the four universes supreme, the thirty-two cosmic masters, more than one hundred cosmic sages, almost at the same time.

Holding the boxing hand, he shouted in unison: "Welcome to the two ridiculous lords..."

After the day, the **** unicorn and the nine sacred crocodile suddenly announced that the alliance of more than 100 large and small ethnic groups in the first universe was formally established. Union

The commander of the league is the two of them. except

In addition, there are four universe supremes, more than thirty cosmic masters, and more than one hundred cosmic sages...

The area where the Alliance of Ten Thousands is stationed is the second largest area. At this moment, this area belongs to the Alliance of Ten Nations. Any force outside the alliance cannot be hacked into...

Chapter 4710: Rising out

As soon as the statement of the Scarlet Kirin and the Nine Secluded Crocodile was issued, it immediately caused an uproar in the void of this piece of wild land...

In the four major regions occupied by the major tribes and forces of the three major star planes, two regions have emerged, and the Star Alliance and the Alliance of Tensions have been formed. This

The two major leagues not only have a large lineup, but also have two powerful and desperately sitting in the town. On the surface, the overall strength has surpassed the magic hall of Xusheng's forbidden land... Of course, this is not considering the main metamorphosis of the magic hall. Under the premise of personal strength. and

Moreover, whether it is the nine **** and blue sky Dapeng, or the **** unicorn and the nine sacred crocodile, they are all enemies with the Lord of the Devil. Therefore, as soon as these two major alliances are established, other major forces have already known. Clear. One

If there is any big move in the Temple of the Devil, they must join forces to fight against the Devil Hall...

Realizing this, other ethnic groups and forces immediately breathed a sigh of relief.

Previously, this piece of shards of the ruins of the heavens and the earth was the only one of the sacred temples, and also issued orders to the major ethnic groups and forces, asking the top officials to unify their glimpses.

In the face of the magical hall of the sky, all major ethnic groups and all parties have feared in their hearts and do not know how to behave themselves.

But now, with the emergence of the Star Alliance and the Alliance of Nations, they finally have to worry about it. Even if they don't see it, the Lord of the Devil is furious, and when they are not the first to shoot, they must first look for it. Star Alliance and the Alliance of Ten Thousands.

However, the Star Alliance and the Alliance of Ten Thousands are equally powerful, which makes other forces and ethnic groups equally vigilant, because they may not be the second, third magic hall.

In order to survive in this situation, a plate of scattered sand will not work after all, and it is still necessary to take the road of strong alliance. especially

It is more intense for the starry beasts and the ancient survivors who originally lived in the void of this piece of wild land.

After all, although the magic hall is strong, although it is arrogant, it is a hodgepodge. It has ethnic groups and forces from the three major star planes of the world, but there are also starry beasts that originally lived in the void of this piece of wild land. Legacy tribe...

But the Star Alliance is different from the Alliance of Ten Thousands. They are purely from the three major star planes of the world. They are absolutely the deadly enemies of all the stars and beasts and the remnant tribes. They cannot be vigilant!

In this case, after a brief silence for a day, a starry sky from the corner of the starry beast gathered, suddenly a heavy news came...

This piece of shards of the ruins of the wilderness is now the only remaining more than a hundred savage beasts. From now on, they will also gather together to establish a beastly alliance. Such as

Although the current beastly alliance has no sacred ancient supreme, in order to set off this banner, one of the top banned high-level squads has paid a price for it, and awakened the savage beast in the forbidden land in advance.

This powerful ancient beast is the seventh stage of the ancient power of the ancients. In the latter part of the world, although it is not the ancient supreme, it is said that it has a certain secret method, and under a premise of paying a certain price, it can have a terrible combat power in the short-term. .

In addition, the high-end combat power of the Beast Alliance has 18 universe supreme, more than 50 cosmic masters, more than 100 cosmic sages, and more than a thousand emperors immortal, and countless beasts of all levels

It can be said that in addition to the absence of the ancient Supreme, the overall strength of the Alliance of the Beasts exceeds the Star Alliance and the Alliance of Tensions in all other aspects! This

As soon as the news spread, the ancient survivors who lived in the corner of the emptiness of the ruins of the ruins of the world were suddenly unable to sit still. he

Although they are the same as the beastly alliance, they belong to the aborigines of the emptiness of the ruins of the wild, but in fact, the beasts and survivors were originally natural enemies.

Now the beasts have formed an alliance, plus the Star Alliance and the Alliance of Nations from the three major star planes of the world. The survivors are like a blanket, because these three powerful alliances are all its enemy...

Then, after another day, another starry sky gathered from these ancient survivors also sent a heavy news...

The only remaining top 100 surviving tribes in the emptiness of the ruins of the heavens and the earth, from now on, will also gather together to form a legacy of the survivors. with

Kind, today's survivors' alliance is not as old as the Supreme. but

With the example of the Alliance of the Beasts, in order to raise the banner of the Alliance of the Survivors, one of the top leaders of the top tribes also followed their teeth. After paying a certain price, they awakened a remnant of the tribe's ancestral land in advance. can. This

Like the mighty ancient survivors, it is also the seventh-order of the ancient powers of the ancient times. Although it is not the ancient supreme in the later period of the territory, it is said that it also has some kind of secret method. Under the premise of paying a certain price, it can also have the horrific power of the ancient and supreme. .

This is clearly true to the Alliance of the Beasts, but there is nothing wrong with it.

In addition, the high-end combat power of the Alliance of the Survivors is not bad, the universe is supreme, the universe is more than 60, the universe is more than 100, and there are more than a thousand emperors, and There are countless battleboats and survivors of all levels...

Undoubtedly, in addition to the absence of the ancient supreme, in other aspects, the overall strength of this survivor alliance has surpassed the Star Alliance and the Alliance of Ten Thousand People, and even the newly formed Alliance of the Beasts is slightly worse than...

The news of the establishment of the League of Nations came out, and in an instant, the vast and innocent pieces of the ruins of the wilderness were completely boiled...

Counting the time, it is only half a month since the Lord of the Temple of God has reached the order of the summons. The forces of the various scattered sands have actually established four powerful alliances.

Star Alliance!

Wan nationality alliance! fierce

Beast Alliance! Take

And the Alliance of Survivors...

All of this was unprepared, but after the shock, the forces of the various parties and the strong people in the ethnic group were all happy.

Because of this general trend, the voice that represents the opposition to the temple is so consistent. Although the Lord of the Temple is fighting against the sky, after the emergence of the four major leagues, the situation of the biggest temple of the Temple is obviously no longer there.and

Moreover, the four major leagues that emerged in a short period of time are obviously not the end. If there is no accident, the fifth and sixth powerful alliance forces will most likely appear. because

Among the three major, four small and four large areas occupied by the major forces of the three major stars in the world, there are still one big, one small and two large areas, without any movement. One

The Tianhe Legion and the Triumphant Corps, which only occupy a small area in the area of Qijiao, are the Turtles, the Devils and the Lords of the Rivers. One

One is one of three large areas occupied by the two camps of the Terran and the Federal headquarters of Varo.

At this moment, with the emergence of the four major alliances in a short period of time, the powerful parties in the emptiness of the ruins of the heavens and the earth, after boiling, immediately turned their eyes to this large and small area...
