Chapter 4711: Human federation

The third cosmic human race in the three major star planes of the world, and the federal headquarters of the Vatican, were the first generations of the ethnic groups and forces that entered the emptiness of this piece of land. Such as

Now that decades have passed, the development of the Terran in this piece of shards of the vast wilderness is already very impressive. when

Among the three major, four small and four regions occupied by the major tribes and the forces of the three major stars and stars, the two camps of the Terran and the Federation of the Van, occupy the largest one, located in the southern part of the whole void... ..

In this area, the Terran's science and technology camp and the comprehension camp, as well as the three camps of the Federal Congress of the United States, are in a three-pronged position, each with a good angle and help each other. This

For decades, the forces and the major ethnic groups in the emptiness of this piece of land have not dared to easily provoke the southern part of the star.

Here, the Terran's scientific and technological camps are numerous, even in addition to the 100,000-meter-diameter fortress, even the millions of meters of superstar plugs have been developed, mass production, and now there are millions. This

But every ship is big enough to rival the small stars.

What's more, the Emperor's National Emperor's Science and Technology camp, the emperor's emperor's emperor's empire, is now in this place. With him, there is also the mechanical family of Emperor II. Although it is not swaying, it rarely shows up, but it deters one side.

This is just one of the two camps of the Terran, and the other camp is equally powerful. It also has a super battleship with a diameter of more than one million meters.

The mysterious Tianmeng Palace in the Ten Heavenly Palace is also born this time, and sent high-level officials to sit here. this

In addition, there is a more mysterious Federation of the Bandung, although it has been low-key, but it is said that among the veterans of the federal headquarters that have come here today, there are even large-scale federal veterans who are second only to the ancients of the ancients...

For this reason, since the decades have passed, no matter whether it is the forbidden beasts, the remnant tribes, or other ethnic groups and forces from the three major star planes of the world. provoke. but

Today, the four major leagues are born, even the Alliance of the Beasts and the Alliance of the Survivors each have a late-powerful sitting. First

The alliance of the nations of the universe formed by the various ethnic groups of the universe and the alliance of the stars of the second universe have two powerful ancient supremes.

In addition, the Lord of the Devil's Temple, and the Devil's Hall...

It is said that this loose alliance of the two camps of the Terran and the Federal headquarters of Varo has lost its original competitive advantage in an instant.

In the face of today's big situation, if they don't express their attitudes, they are closely united, and they will rise up, as time goes by, then, I am afraid that it will be further and far away by the Magic Hall and the four major leagues...

In this case, the top two camps of the Terran and the top of the Federal headquarters in Varo are clearly aware of this. Such as

Today, the core of the three parties has gathered in the junction of the three camps, and on this matter, a secret discussion...

The place where the matter is discussed is a giant life star. This star is full of vitality. Today, the top three camps, as well as the other high-level people of the Terran, all gather here.

Among them, the emperor's imperial dynasty's imperial dynasty, the old dragon and the crepe, and the Huaidongzi of the Federation of Wanluo are all visible, but they are not the core high-level.

However, their cultivation is far from being comparable. It is not the immortality of the king, but the emperor and the emperor.

As for the peripheral areas, some of the major forces gathered together in the days of arrogance, and even saw the demon, Zhao Lingqi, Xiaoyaozi, Yinxia fairy, and the palace without heart, no dust, hatred and Yuxian, etc. Human figure...he

We had a lot of intersections with Ye Xuan at the beginning, some belonged to the comprehension camp, and some were in line with the general trend, joined the Terran technology camp, or the Federal Congress of Wanluo.

Among them, there are even a few guys who have phagocytic systems in their bodies. Of course, in the system title competition, they lost to Ye Xuan. The phagocytic system they possess can only be regarded as the vassal of Ye Xuan's body engulfing system. nuclear

The land of the heart, the top of a giant peak in the stars.

There are not many people here, only eleven people, but they are all the core camps of the two camps of the Terran and the federal headquarters of the Vatican.

In terms of the two camps of the Terran, the immortal emperor has not yet come to the emptiness of this piece of land, and the person who is here today is the Emperor of the State.

There are three emperors in the emperor's side, and Ye Xuan has never seen them before. This is the existence of the ancient level of the ancients. Nowadays, they are accompanied by the emperor. Only by this point, I can't see the repair. The Emperor II of strength is enough to make people think about it. to

In the camp of Xiuzhen, the principal of this place is a veteran of the Tiangong Palace, with long eyebrows and cheeks, and the strength of repairing has reached the sixth stage of the ancient power of the ancients, which is the peak of the mid-term. except

In addition, on the left and right sides, there is a elder of the Heavenly Palace, a white robe, a black robe, and the strength is also in the wild, but it is the first and second order. For the beginning. only

It is only the two camps of the Terran, and there are seven people in the existence of the ancient power level. In fact, there are four people in the other corner, all from the Federal headquarters of the Vatican.

Although these four people are also human forms, in fact, two of them have **** beasts in the body... Similarly, these four are also ancient powers, one in this order, and the other three are in the early days.

.

The eleven people who have been seated above the peaks are all ancient and powerful. If this scene is passed on, even the four top league leaders who have just established, I am afraid they have to look at it. thing

In fact, in addition to these eleven ancient powers, the two camps of the Terran and the Federal headquarters of the Vatican, there are a total of thirty-sixth of the universe, the master of the universe is over one hundred, the universe is more than three hundred, and the emperor is immortal... More than two thousand! seal

The high-end combat power under the emperor, as well as the warship battle boat is countless!

After some chills, the eleven powerful and powerful ancient powers turned around and raised the business. most

The first voice was the National Emperor II of the immortal dynasty. He turned his head and glanced at the crowd, and looked at it. Then he said: "You are a friend of the Tao, and now this piece of land is empty and the sky is changing. I don't know where you are. What is your opinion?"

The other ten ancient wilderness exchanged a look, nodded, and made a sound..."

The first universe and the second universe of the three major stars in the world have formed a new alliance. This is the general trend. I should naturally follow the trend..."

Yes, this area, in addition to me and other three parties, there are a large number of small people and small sects of the Terran, and they are not in a single force on weekdays. Now, it is also the time to form an alliance and collect them all. ""

According to the old man, our alliance is called the Terran Federation. I believe that all the human races and sects, as well as the ethnic groups that have sentiments to the former Faroese Federation, will come together..."

Chapter 4712: Raise your hand

"Accompanied by the old man, our alliance is called the Terran Federation. I believe that all the human races and sects, as well as the ethnic groups that have feelings for the former Whala Federation, will come together..."

The person who spoke later was a large-scale federal veteran from the federal headquarters of Varo. This person is not a human race. He has a **** beast in his body and has already returned to his ancestors. He has been in the Federation of the Vulture for tens of thousands of years. Today Has already been promoted into a powerful environment, the second order for this. outer

The table looks like red-haired red whiskers, but it is very powerful. this

Engraved, halfway through the words, the red hair is able to sneak in the nose, and the face is a bit gloomy in a moment, quite unpleasant. Connect

He said: "For example, the Tianhe star, Ye Xuxuan, who was enshrined in the immortal dynasty of the Terran technology camp, is not small enough to gather around him..."

"The second cosmic turtle family, the first cosmic demonics, in addition to his own Tianhe army lineup is also very large, even that guy actually in the death star field has created a triumphant army, a lot of warships..."

That Ye Xuan is stronger, but it is just tossing under the immortality of the king. Although so many years have passed, his cultivation must be improved, but at most it is climbing to the immortal. ""

Even if he counts his own enchanting talent, there are all kinds of secret treasures in his hands... The individual's comprehensive combat power, the top of the sky is the emperor's immortal. "

"If this person does not want to gather, come to explain the dissident, how can I stay?"

When it comes to this, the red-haired and powerful face has become more gloomy: "To be honest, the deity has long watched the kid unhappy, obviously it is the lord of the dynasty, and it was considered a better He has a face..."

Nowadays, after entering the emptiness of this piece of wild land, I don't even gather with me. Instead, I am mingling with the demon and the tortoise, hiding in the far-flung areas, clearly indicating the position and not coexisting with me. Attitude.....""

According to the deity, if he is acquainted, after the establishment of the Federation of the Terran, I will take the initiative to gather, and it will be over, and the size of the Tianhe Legion and the Triumph Corps under his command is not bad, and it also brings the devil and the meditation. In the two major ethnic groups of the tortoise, everything in the past will not be considered with him..."

However, if this child does not know how to carry it out, he still does his own thing. The deity suggests that after the establishment of the Terran Federation, he will immediately send troops to crusade. This is also a killing. Since it is a Terran Federation, then the forces from all humanities should gather together. . "

"With him as a forerunner, I believe that some of the small forces of the Terran, still in the midst of swaying, will all come together. This extraordinary period is also the time to give them a fire and help them make a decision."

"What's more, although the boy named Ye is not able to repair his strength, there is nothing too powerful in his camp, but the treasures in his hands are really extraordinary, whether it is the medicine Wang Ding, or the starry wars, power. They are extremely extraordinary."

"It's a waste to stay in his hands. Now that the situation is in jeopardy, these treasures should have contributed more to the Federation of my people..."

I don't know these words and thoughts, what do you think... What do you think? "Say

At the end, the red-haired power turned to look at other people, and the line of sight finally fell on the emperor of the Imperial State. After all, Ye Xuan was the owner of the Tianhe Star, which was enshrined in the immortal dynasty. How did this matter ultimately determine? I have been told by the dynasty... no

It's just him, in fact, the sight of everyone else, at this moment, all of them have come to the National Emperor II, gathered together and waited for his final decision! "

This matter makes the old man very embarrassed..."

Second, I fell into sinking. After a few moments, I was sighing and sighing. The face appeared to be difficult: "Although the words of the talented person do make sense, now the general trend is like this. As a member of the human race, Ye Xingzhu, really should not be divided with me. List different camps..."

"But he is also a well-known strongman of the Terran, and his prestige is very small in the three major stars of the world, especially in the immortal dynasty..."

Even if his thoughts are not right, the old man can't bear to deal with him. but....."

Speaking of this, the Emperor's words suddenly turned abruptly. After a short pause, he sighed again and said: "But if I wait for the tripartite formation to be built into the Terran Federation, then this matter cannot be made by the old man." "

At the top of the big energy level, there are a total of eleven people, all of whom are core members of the Terran Federation. Any matter of size and size has voting rights. So... how to deal with Ye Xingzhu's affairs, according to the old man, how can you vote together? ? "

As soon as I heard this, the other ten people did not speak, and the look on their faces did not change. But under the heart, they could not help but scorn.

The so-called vote together, the results still use to say? emperor

Second, the proposal is made to clearly take the responsibility of all people to bear this matter. After all, Ye Xuan's reputation in the Terran is still very high.

If he is shot to him, if there are any serious consequences, he will now stand alone and all the responsibilities afterwards will be counted on his head. Such as

Today, pulling everyone to vote together, naturally there is no such concern..."

The national teacher said that it is reasonable, according to the deity, vote... vote! "short

After the temporary silence, the field was repaired to the highest strength, and reached the end of the ancient eighth-order federal headquarters, the powerful head of the old man, Hong Tian, nodded, and finally took the board.

On one side, the leader of the comprehension camp, that is, the old man of the 6th-order Tianmeng, the old man, did not nod. three

The leaders of the big forces have agreed that there is nothing to be reconsidered about this matter.

Immediately after the crowds were slightly indulged, they made decisions...

In the end, eleven people, except for the emperor of the emperor, did not raise their hands. The other ten people all agreed to take the lead of the Tianhe star. Yeon, of course, it means that Ye Xuan did not know the lift and was established in the Federation of Terran. After that, as in the past, he stayed alone and did not come to the Federation.

"National teacher is still too soft, but it is fair, so if this is the case, even if it is settled..."

This result made the red hair very satisfied. He turned to the national division emperor and grinned. Then he suddenly sank and his words turned. Connect

He said: "In this case, the deity immediately arranged for the dissemination of the news of the establishment of the Federation of the Terran, and at the same time issued a decree requesting that all human and small forces and sects come together."

"If the violation is not done, it will be regarded as a violation of the human race!"

I hope that the Tianhe Star Master Ye Xuan can recognize the current affairs. Otherwise, if he does not arrive after one month, the deity will personally lead the army and go to crusade..."

In other words, the other nine old people have nodded in no doubt. Only the National Emperor II did not know what to think of. Suddenly, it was a secluded sigh, giving people an unpredictable feeling...

Chapter 4713: Seven camps five alliances

Overnight, the news of the establishment of the Terran Federation swept the eight parties.

As the news spread, the entire vast expanse of the ruins of the world was sensational, and all parties and forces were hotly discussing the matter. Place

In some words, there is a shock.

Because before this, no one had thought that the high-level forces of the two camps of the Terran and the former Federal headquarters of the Faro in this piece of the ruins of the ruins of heaven and earth have already reached this level of abruptness. package

Including the emperor's emperor of the immortal dynasty, the two camps of the Terran and the former Federal headquarters of the Whala, the ancient powers of the ancients, there are eleven ancient powers.

This is simply unimaginable.

It can be said that before the birth of the nine **** scorpions and Qingtian Dapeng, the **** unicorns and the nine sacred crocodiles, in this vast ancient void, they are definitely the dominating party.

Eleven ancient powers, sweeping this void is more than enough...

Knowing this, those high-level people who had thought about the forces they had shot in the past years, all of them suddenly sweated, but fortunately they did not even take the shot. Otherwise, I would not know how to die.

The eleven ancient powers, the two camps of the Terran and the Federation of the Federation of the World Federation of Varo have established a total of thirty-six cosmic universes, over one hundred of the universe, and more than three hundred universes. Immortal...more than two thousand! seal

The high-end combat power under the emperor, as well as the warships and warships are countless!

It can be said that apart from the ancients, the newly formed Confucian Federation is definitely the most powerful existence among the major leagues.

Even the Temple of the Devil, if you do not consider the personal strength of the Lord of the Temple, and the Confederate Federation, nothing is counted.

After all, in the camp of the Temple of the Devil, only one universe is supreme, and it is still the beginning...

At this point, the seven camps in the void of the ruins of the wild world have formed alliances in five places.

These five major leagues are...

The alliance of the nations of the first universe. First

The Star Alliance formed by the various races of the universe.

The Third Cosmic Terran and the former Terran Federation of the Federal Congress of the United States.
Take

And the Alliance of the Beasts and the Survivors formed by the aborigines of the shards of the wilderness.

The last two places, one is the magic hall that triggered all of this, and the other is the camp of the Tianhe star, Ye Xuan, who is a bit far away...

The magic hall has long been a powerful force of great unity. Naturally, there will be no change in the situation. The personal strength of the Lord of the Temple is too strong. The camp that he has left will not have the possibility of wavering. inverted

It is the last camp of the Tianhe star, Ye Xuxuan, whether it will form an alliance, or what kind of alliance they will form. At this moment, it immediately aroused the attention of the strong parties...

The overall strength of a camp is still not to be underestimated.

The Yinhe Star Master Ye Xuan has never appeared. For decades, he has been retreating. The outside world speculates that his cultivation should have at least reached the realm of the emperor, although in today's ancient and powerful ancient and supreme In the era of being born, it's not a good thing to be immortal. but

The rest of the Tianhe Army and the Triumph Corps have numerous warships. They occupy a large number of abandoned stars in the hemiplegia area, build battleships and intelligent robot production lines, and various research and development. It is said that they have also developed a million meters of diameter. Superstar plugged...

Just this is enough to make the parties look.

What's more, these years, the Devils of the First Universe and the Turtles of the Second Universe have always left the Tianhe star, Ye Xuan, and entered this piece of the ruins of the wild world. After meeting with him, they have been waiting. On the side, the same advance and retreat...

The Turtles and the Devils are the top groups in the first universe and the second universe. Nowadays, it is said that the family has migrated, and the ancestors of all ages in the family are said to have brought them.

When you need it, pay a price, you can wake up at any time...

After the ancestors of the two generations of the ages, there is no need for the existence of the ancient powers of the ancients and the ancients.

It can be said that in the past few years, the reason why there have been no other forces to dare to move the two major corps of the Tianhe star, Ye Xuan, and the two families of the tortoise and the devil who have always been attached to him are inextricably linked. except

In addition to these two groups, there is a large number of people's idle forces and family existence in the virtual void of this camp.

They are all followers of the Galaxy Star Ye Xuan, fans, and some even from the first universe, the second universe, and of all... Of course, the vast majority, in fact, are separated from the immortal empire of the Terran, the curtain Going away.

For example, Xuanyuan family, Duanmu family, Bodhi technology, Baili family, life genes, etc., are all famous forces of the Terran immortal dynasty. but

Today, all of them are gathered around the camp of Tianhe Star, the main Ye Xuan, and advance and retreat together. can

It is said that the scattered forces of these major ethnic groups and the two major corps of the Tianhe Star Lord Ye Xuan, together with the Turtle and the Devil, can definitely form an alliance, even among the major coalition forces. The overall strength of the bottom, but at least it is considered to be a big banner, no longer a loose sand ... but

In fact, the establishment of the Terran Federation has passed four or five days. In this camp, there is still no movement. Looking at this situation, it is clear that there is no point to conform to the general trend, and it also resists the banner and establishes a rhythm of alliance.

Just as the powerful parties are quite surprised, in the Federation of Terran, which was just established a few days ago, suddenly there was a wild man who came out and officially issued the first federal decree.

The content of this federal order is simple, but it is extremely harsh! 喻

The lawsuit requires that all the Terran forces and the Zongmen, all come together, and those who do not comply with the law will be regarded as the rebellion of the Terran... After a month, the Terran Federation will be crusade!

As soon as the news spread, the vast expanse of the vast expanse of the ruins of the heavens and the earth was in vain. each

Fang Qiang's gaze once again looked at the camp where Tianhe's main Ye Xuan was located. because

For anyone to look at, this order is aimed at them...

The Tianhe Star Lord, originally enshrined by the Terran Immortal Dynasty, is now surrounded by a large number of idle forces and families in the surrounding stars of the Tianhe Star Lord Ye Xuan camp. More than 80% of them are from the Terran. its

Its small family of small forces, naturally, is not qualified to let the behemoth federation officially squad. Have

This qualification is only the Tianhe Star Lord Ye Xuan...

For a time, the voices of various arguments have risen all the time. The powerful parties are all speculating whether the Tianhe Star Lord Ye Xuan will follow the general trend and return to the Terran Federation.

However, no matter what kind of choice he is, after a month, after all, the final result can be seen. All the people are waiting to see...

Chapter 4714: Crusade will be heartfelt

Now, only three months have elapsed since the three-month deadline given by the Lord of the Devils, and the time of the Lord is seen, and two months...

It is also a month for the Terran Federation to release the last album of the idle family and forces that have been left in the void of this ruined land. and also

That is to say, one month later, if the Tianhe Star Lord Ye Xuan does not return to the Terran Federation with his Majesty the Legion, then the Terran Federation will send troops to crusade, and at that time, there will be another month from the time limit of seeing the Lord of the Devil.

It is enough for the people's federation to return the idle forces of the parties after the crusade, and suddenly expand the camp forces, and rectify them well...

Unconsciously, there has been a rumor in the outside world, saying that the only order that the Terran Federation issued this time is the target of Tianhe Star.

This is the fact that the eye can see it easily...

In this case, the forces of the parties, including the other four alliances in the five major leagues, immediately gaze at the past with the remote occupants of the Tianhe star, Ye Xuxuan, and his Majesty's army and followers. anti-

It is the mysterious magic hall in Xusheng's forbidden land. Because there has been no movement in this month, the various ethnic groups and forces of the outside world have been clamouring for each other. The actions of forming a coalition are like turning a blind eye. For a time, the powerful parties The attention of the magic hall is less...

...

Tianhe Star Field, Tianhe Star!

This is actually not called the Tianhe Star Field. The huge giant life star in the most central area is not called Tianhe Star. it

Originally belonging to a relic tribe, it is a relic star field, but since the Tianhe Legion and the Triumph Army joined forces with the Devil and the Turtle, they have been renamed after the enemy. day

The river star field is partial to this piece of ruined land, but there are hundreds of millions of miles, and there are countless stars of life and beasts. day

The river star is located in the center of this star field. Nowadays, Dai Yexuan leads the Tianhe Army and the squadron's mosquito-killing ghosts and Naples, and they sit in the Tianhe Star.

The Tianhe Legion and the Triumph Army are in the vicinity of this Tianhe Star...

Thus, the left area behind the star field is the demonic group. Rear

On the right side of the square, there is a family of turtles.

In the first half of the star field, there are a large number of ethnic groups and forces in the three major star-space main planes that come from the name of the Tianhe star, and there are many scattered and scattered. more

There are quite a lot of scattered places...

In general, it is full of vigor and prosperity.

However, no matter whether it is the Turtles, the Devils, or the various influences and families of these names, they are not the vassals of the Tianhe Star Lord Ye Xuan. There is no affiliation between them, just because they are like-minded. Gather together.

Although there is no close alliance, it is not as good as the same sand, and the cohesion between them is good.

The ancestors of the Turtles and the Devils have not appeared in these years, such as the ancestors of the tortoises, the generation of the emperor Mo Zhentian, etc., all of which are said to be in retreat, and the current cultivation is unknown. deep

The main task of the Turtles today is the patriarch of the genius, and the current cultivation is the immortality of the emperor. magic

The daily mainstay of the Terran is the contemporary demon Mo Zhentian, who is now a master of strength and is also immortal. to

The mosquitoes and old ghosts are now immortal, but his cultivation of the emperor is cultivated in the end, or recovered, but no one knows. to

In the Napoleon period, it was just a royal emperor...

In addition, there is a heavyweight under the head of the Tianhe Star, and there is also a heavyweight character, Du Wenxuan Du Laotou. Ye Xuan met him in the Darkman Scout Fortress of the Devil, and everything changed.

Today, Du Wendu has already become the head of the think tank of the two major squadrons of Triumph and Tianhe, and the strength has also reached the immortality of the emperor. to

The members of the think tank are basically sealed and the king is immortal. These guys are the elites of all ethnic groups that Ye Xuan originally released from the bottom of the black wind, with a total of more than 10,000 people! This

In the past few years, all the forces in the Tianhe domain have not expanded outwards, developed and closed up, but they have been paying close attention to the development of the external situation.

The scouts sent out are naturally reciprocating and never stopped.

Therefore, for all that happened outside the world, all the strong players in the Tianhe Star can be informed at the first time.

At the moment, this huge situation of the emptiness of the debris of the wilderness and the earth has undergone such a huge change in just one month, and they naturally cannot be unaware.

The former Lord of the Devils issued a decree, asking all the top leaders of all the forces to go to the top of the emperor, and then caused a lot of sorrow in the Tianhe Star.

Then, the Star Alliance, the Alliance of Ten Nations, the Alliance of the Beasts, the Alliance of the Survivors, and the Federation of Humanities were established one after another. The strong parties in the Tianhe Star are also discussed, but they are not shocked. They are just like outsiders. It has changed. can

Just a day ago, the scouts of the Tianhe Legion's expatriate suddenly heard the news. Say

It was the newly established Terran Federation. Suddenly, it issued an order to order all the human races and sects. All of them came together. If they did not follow the rules, they would be regarded as a rebellion of the Terran... One month later, the Terran Federation will fight against the soldiers! its

The spearhead is clearly pointed to the Tianhe Legion, the Triumph Army, and the small forces of the Terran parties gathered together in the Tianhe Star Field, as well as the scattered strong...

The incident caused a big disturbance in Tianhe. Such as

The power of today's Terran Federation is obvious to all. If they are battling to attack the Tianhe Star Field, the result is self-evident, and there is no suspense at all...

It can be said that the main star of the Tianhe Star Ye Xuan, there is no possibility of winning at all. This

In this case, not only the influence of the various names, but also the powers of the various families could not sit still, and they came to the Tianhe Star, asking to see the Tianhe star, Ye Xuan, even the high-ranking turtle and the devil. , have come in a hurry...

In this aspect of the devil, the leader of the arrival is the contemporary demon emperor Mo Tiantian, whose cultivation has reached the end of the emperor's immortality, accompanied by the devil's uncle, and the strength has reached the emperor's immortality. this

There are also some high-level devils, and basically they have already sealed the king...

Among them, I can still see the figure of the demon emperor leading Chanas. This guy has already been won by Wen Xing. He originally wanted to approach Ye Xuan in this way, but he never found an opportunity. Later, he The devil's group crouched down. No

I thought that I have now followed the emptiness of this piece of land. And

The strength he has shown now has reached the immortality of the king...only

Yes, on the surface, the king of the king is immortal, in the end is his true cultivation, or to match the identity of Chanas, only to conceal the level of cultivation, no one knows...

Chapter 4715: The crazy mosquito king is also here.

In addition to this team of the Devils, in the other direction, the second team also came quickly. This

The team is from the tortoise family. There are only a dozen people. The leader is the patriarch of the tortoise family. It is cultivated as the emperor of the emperor, and the group of the tortoises behind him are also the emperor, or Fenghuang... Of course, what they showed at the moment is not the blood, but the change to the appearance of the human race. It's quite interesting to see the old man with a slightly sturdy body.

Surprisingly, in addition to this, in the area directly behind the Tianhe Star Field, there is still a third team that is coming from the positive speed. collar

The first person is a big man with a powerful face and red eyes. The body is repaired to strength, but it has reached the emperor.

There are more than a dozen people behind him, and they are also the emperor or the emperor...

If you see this person, I am afraid that Ye Xuan will be shocked. he

It is clearly the crazy mosquito king.

In fact, the entire blood-mosquito family has now been brought to the emptiness of this piece of land by the mad mosquito king, and has been crouching in this Tianhe domain...

The outside world only knows that there are turtles and devils around the main leaf of the Tianhe Star, but they don't know, there is also a blood mosquito family. when

However, the strongest of the blood-mosquito family is the crazy mosquito, not like the devil and the tortoise, but also the ancestors of all ages... especially the turtles, their ancestors The void giant turtle, but also came here, it is the peak of the desert!

In fact, if the ancestors of the ethnic group are at the level of the ancestors, the devils are far from being able to compare with the tortoises. They are basically similar to the blood mosquitoes. mosquito

The old ghost, the crazy mosquito king, the first generation of the devil, Mo Zhentian three, this is the same generation. when

At the beginning, the mother star came to visit, that is, Xingbo, there were five followers and a descendant of the family. its

In the middle, three descendants of the Terran, two beasts.

The two beasts are **** and bloody, and the other is a wild mosquito.

Among the five followers, three of them left the blood in the three major stars of the world, and then left with the star to go to Hongkong. its

One is the ridiculous mosquito, which is the oldest madman of the madness... Nowadays, the deity of the madness mosquito enters a source nest star, and will be the same as Ye Xuan's strongest power after the next Hongmeng era is opened. Become a powerful chaos demon.

The relatives of his deity, that is, the savage mosquitoes, have won their own grandsons, that is, the **** princes, and now they do not know where to go.

The other two people chasing the tribe, one person left the deity of the mosquito and the old ghost... Of course, the deity of the mosquito and the old ghost is a loner, the mosquito and the old ghost are the same, no descendants.

Nowadays, the deity of the mosquito-killing old ghost has also been won by his relatives, and the same goes. to

The follower of the star who left the blood of the devil, and another person, has fallen in the forbidden land of the sinister mosquitoes in the glory of the sky, and the soul flies!

This generation of followers of the Stars left behind in the three major star planes of the world, that is, the pro-son, is a generation of demons. by

It can be seen that among the demonics, there is no higher generation than the generation of demons, but the generations of demons after the generation of the emperor are still sleeping, and have experienced tens of thousands of years, which may not be Didn't cultivate the strength beyond the existence of a generation of demons... this

Inscribed, with the rapid rise of the three generations of the tortoise, the devil and the blood-mosquito, the various family forces in the area in front of the Tianhe domain, as well as the representatives of the

idle forces formed by the various parties, also come from each other, entering from all directions. The atmosphere of the Tianhe Star.

Leaving the most coveted giant peak in the hinterland of the stars. in

There, the mosquitoes and old ghosts and the three old guys of Naples and Du Wenxuan have built a huge palace, and the days are too comfortable. This

A meeting was held in the square of this palace. The host, the mosquitoes, Naples and Du Wenxuan...

Everyone is not affiliated with each other, regardless of the priority. Therefore, the seats in the square are surrounded by a circle, there is no podium, but the mosquitoes and old ghosts and Naples, Du Wenxuan, and the generation of the devil, Mo Tiantian, The Nine, the Crazy Mosquito and others seem to be sitting in the main position.

On both sides and the first seat of the seat, it is the top of the family, the forces and the high-level organizations of the scattered organizations.

Among them, Xuanyuan family, Duanmu family and Bodhi technology... Xuan

The old man, the old man of Duanmu and the boss of Bodhi, the Bodhi of the Bodhi Science and Technology, are now immortal, and on the side of the three of them, Xuanyuan Ziyun, Duanmu Xiaocha and Zhao Qianru are three gimmicks.

These three gimmicks are now waiting for immortality...

Originally, the immortality of the seal is not qualified to sit down, and the minimum requires the immortal cultivation of the king. but

The relationship between the three of them and Ye Xuan is very different. The people have long known that they have seen the three of them as Ye Tao's Taoists. Therefore, not only are they qualified to sit down, but when they are seen, the dawn is not the same. Not the kind of younger generation...

Over the years, the people present here have long been familiar with each other. I dare not say that like a family, they are similar. especially

It is Xuanyuan Ziyang, Duanmu Xiaocha, Zhao Qianru, three gimmicks, and mosquitoes, old ghosts, Napoli and Du Wenxuan, etc., but they are not familiar with them...

In the words, there is no such thing as a slogan and a shun. this

Engraved, after sitting down, the three gimmicks looked around and circled around. Seeing that Ye Xuan still did not appear, his face suddenly pulled down. thing

In fact, in these decades, almost every time they go out, they will come over to find mosquitoes and gangsters for a few days, and ask to see Ye Xuan, but they are all blocked. The reason is very simple... at the retreat, not coming out. ! before

After calculating it, there are at least 17 or 18 such scenes. If the three of them have been retreating for almost a few decades, I am afraid that they will have already turned the sky.

But this time, Tianhe Star Field encountered such a big crisis, Ye Xuan still did not appear, the anger of the three hoes, and suddenly all the bones were made.

Under the sinking of the face, all three of them turned to the mosquitoes and the old ghosts and the three of Naples and Du Wenxuan, and they were on the spot..."

Ye Xuan? Did you die in Dongfu? It's been decades, what's closed? "

"Don't call him out again, Miss Ben can't remember what he looks like... Old ghost, you don't want to fool the past, either ask him to come out or take us to his retreat!"

"Playing is a yes, this time is unusual, the crisis is imminent, it must be solved, what is the use of his retreat? For decades, can you still close a wild and supreme?"

Cut, don't say that the ancients are supreme. If he can close a cosmic supreme for decades, this lady will wash his feet."

In this discourse, everyone looked at each other and looked at each other. They all laughed and laughed, but they did not speak out. Instead, they all looked at the mosquitoes and the old ghosts. In fact, everyone thought so.

Chapter 4716: Perhaps the Lord of the Temple

Everyone's eyes are all coming together, including the demon emperor Mo Tiantian, the devil's uncle, the tortoise clan's ninth, and the crazy mosquito emperor...

Between the moments, the mosquitoes and the old ghosts and the three of Naples and Du Wenxuan felt the heavy pressure, and they exchanged their eyes and exchanged their eyes, all of them showed helpless smiles.

They know that this time... I'm afraid it's not covered. "

What is the situation? Mo

Asked that the sky wrinkled, he and the mosquito butcher have also been familiar with these years, although the latter is the same as a generation of demons, he is also called.

At this moment, I saw the three faces, and he seemed to see something, and immediately asked. "

Yeah, don't you just call him out? "magic

The uncle took over the words, and his eyes turned straight: "Even if the cultivation is weak, but the kid has always been weak and strong, don't forget that there is Shennong Baoding in his hands. If there is now the master of the universe, With his Baoding and the wars, you may not be able to survive this crisis..."

"Not to mention, the kid has always had the most ideas, even if he can't fight hard, he might have other ways..."

"Yes, now I am the source of the blood of the turtle family, that is, after the empty giant tortoise has left, there has been no return. Among the ancestors of the family, although there is a power level, but it is Deep sleep, simply can't wake up..."

Next, the head of the Turtles nodded and nodded: "It seems that, in any case, the kid can only be called out to discuss together. He has many ghosts, he is there, and everyone has the backbone..."

If you talk about this, then you can only pay someone, or you can only tell Ye Xuan's retreat. but

In fact, these two points, the mosquitoes and the old ghosts, and the three of Naples and Du Wenxuan, can't do it...

After switching to another look, the mosquitoes and old ghosts turned their heads to look at the other side. Du Wenxuan closed his eyes and opened his head. This is clearly the rhythm of giving the mess to Naples to clean up. he

With a look of sorrow and anger, I glanced at the two old guys, and then I sighed and finally uttered the truth and said the truth..."

Keke, you, since you have said this, we don't have to hide it..."

He coughed twice, and Napoli suddenly sighed and sighed: "The star master, he... oh!"

Listening to this, Xuanyuan Zijing and Duanmu Xiaocha, Zhao Qianru, three gimmicks immediately stood up, and the look on his face was both shocked, angry, and speechless...

"What? Ye Xuan is dead?"

"Impossible, Naples, dare to fool the past with this kind of words, do you believe that Miss Ben opened you..."

"It's too fake. That guy is a curse. If he dies, he can't die. The evil hasn't been heard for a thousand years."

"I..."

I was almost squirting blood, and my face was angry: "When did I say that he was dead? This didn't scream, didn't you start talking about it? You three gimmicks, too nervous, he? Scared. I jumped..."

The three gimmicks were shocked, and the cheeks suddenly became red, and they glanced at him in disgust, and quickly sat down, no more buzzing..."

In fact, the star master has already entered this piece of ruined land, and it is earlier than any of us..."

After a sigh, Napoli's face showed helplessness, and his hands spread a word: "Do you remember the news when the news of the void in the second universe's sinister star field came out?"

At that time, the plane-level star-worm wormhole to the second universe was blocked by the second universe of various ethnic groups at the exit end... In fact, there was already there, and the star-owner had already entered here."

"It can be said that the first scouts of the second universe have entered with him. Now those first entrants have already fallen, and some wrecks of warships can be found in the air from time to time. ""

"Either it is attached to the magic hall... including the strong people of the various groups that entered the second batch, and it seems that they all depend on the magic hall."

"But you can rest assured that it is impossible to make such a shameful thing with the temper of the Star Lord."

"According to my guess, he is now either retreating somewhere in this void, or just changing his face in another identity and mixing it into other forces. The Alliance of the Beasts and the Survivors is most likely. The side can't rule out..."

"As for other alliances formed by the various ethnic groups and forces of the three major stars in the world, it is basically impossible, because for the Star Lord, there is absolutely no need to do so, it does not make any sense..."

Not bad! It's such a thing..."

Seeing that Naples had the most difficult part to talk about, he turned to look at the mosquitoes and ghosts in the distance. At this time, he also withdrew his gaze and glanced at the high-level officials present at the meeting. point

Headed up: "The kid has always liked to do this kind of thing..."

Everyone should have not forgotten his criminal record? First, the fake Xuan prince, and later ran to the demon group to pretend to be a demon, and later even became the fox lord, and the sinister ancestor, the patriarch of the patriarch was mad..."

Oh, yes, there is the Taikoo Little Konjac in the star of the evil, and you, even the gangsters and beasts are turned by him."

The most horrifying thing is that this guy is obviously a flesh-and-blood human being, but he has gone to the celestial family to pretend to be the patriarch of the family, and he has succeeded..."

In the end, I got the title of the seven enchanting ones. In fact, it's plain, and all of them are devoid of morals and smog..."

"Now that this piece of ruined land is empty, he came so early, we have been here for decades, but he has no news at all. With his so capable of tossing, this is absolutely unscientific..."

Therefore, according to the old man's speculation, after he entered here, he should have returned to his old business and changed his mind. I don't know who is harming him now. "

"From the perspective of his past streaks, the most fierce and tough of tossing is greater."

Here, the mosquitoes and old ghosts turned their eyes: "However, this piece of ruined land is too vast, and it is impossible to accurately target the suspected target at a time. Maybe... the Lord of the Temple is him, maybe it is..."

"thump!"

Plop..."

As soon as I finished talking, a large burst of thumps came from all around...

Previously, everyone at the meeting had already been shelled by Ye Xuan, and it was already stunned by the news of the emptiness of this piece of land.

One by one, the mouth was wide, and the expressions on his face all looked like ghosts.

Nowadays, I'm so eager to hear the mosquitoes and the old ghosts, so I'm so daring to talk about it. It's very likely that Ye Xuan, the lord of the devil's house that fled the four powerful and desolate, is too dare to think about it. It is.

They were really not light by the thunder, and when they were not stable at the moment, many people were planted in the ground. This is the rhythm of being thundered...

Chapter 4717: Not a battle

"Tour the old ghost..."

"There are surnames, you can do it... this is all right!"

"The playing is yes, your three old guys are too bad, the bad things that our sisters are cheating..."

After the temporary silence, Xuanyuan Ziyang, Duanmu Xiaocha, Zhao Qianru, three gimmicks finally returned to the gods, and immediately the Hedong Griffin, roaring and wanting to rush to the mosquitoes and the old ghosts.

The three old guys were guilty, quickly tightened their necks, shook their heads and smiled, their faces were innocent. it is good

In the old man of Xuanyuan and the old man of Duanmu, Bodhi took the three hoes too, and squinted them to the figure, and they didn't have a chicken jump.

But look at these three hoes, screaming at the mosquitoes and the old ghosts, and the three people are gnashing their teeth. This is definitely not over. After they have finished their discussions, the three of them will definitely not run, and they will be cleaned up...

After the riots, the venue was quiet again. "

It's also reasonable to say that the mosquito killer's friends..."

Quickly, the Emperor Mo asked the voice of the sky and nodded and said: "Ye Daoyou is not a reckless person. Although he acts wildly, he never loses. Although he can never be the owner of the magic hall, as the mosquito killer said, Most of the time he has been mixed into a powerful force, temporarily crouching..."

Although we don't know what his purpose and plan are, one thing is certain..."

That is the fact that we are aware of the current predicament of our Tianhe domain. If it is extremely critical, he will definitely show up or pass on."

"If there isn't, it can only show that he thinks it is not necessary, that is, this time the crisis, in his opinion, is nothing at all, or... he decided that we will be able to survive."

"This is a bit of a mystery..."

Having said that, Mo asked Tian Dun, and turned around and looked around the crowd. Then he took it: "But think about everything he has done in the past, but don't mention it, just the experience of tossing in the demonic group. , the emperor, still sighed to this day..."

Very people are very good, Ye Daoyou claims that the seven enchanting ones, his style of acting, naturally different from me, I can't understand, it is normal, but just remember a little, just believe him..."

Words, everyone nodded, Mo asked the day, although not many, but everyone was reminded by him, suddenly remembered everything Ye Xuan had in the past, whether he was alone into the devil's domain, or he impersonated Xuan Huangzi, put The entire immortal dynasty was fooled.

Even the entire human race, and even the tribes of the three universes, are crazy for him...

All of this, ask the people present, who can do it? Both

However, he is in the void of this ruined land, then he must already know the crisis that the Tianhe Sphere now faces. Since it has not appeared, there is no communication. The meaning of this represents that others do not know, do not understand, but As a person, if you can't guess his thoughts a little, it would be too much to say. when

Of course, all of this is now just speculation.

But as the Emperor Mo asked Tian, everything that Ye Xuan had in the past was enough for the people present to believe this speculation.

This kind of belief is not because of its own expectations, but because of the confidence in Ye Xuan...

After whispering, the venue fell into silence again. and

At this time, Xuanyuan Ziyang, Duanmu Xiaocha, Zhao Qianru three gimmicks, although still a look of madness, but the first one expressed the state...

"No matter what you think, anyway, I believe that the guy is not hanging, and knows all this!"

That's right, at this moment, he doesn't know where to hide and steal music..."

It's playing, it's such a great disaster, people are dead, and he can't die..." No

Needless to say, although the words of these three gimmicks are not heard, the words at the moment are surprisingly accurate, or they understand Ye Xuan.

The Emperor Mo asked that Tian had no need to express his position. The words he just said were what he said.

The ancestors of the Turtles, Nine, have exchanged their eyes with the crazy mosquitoes, and they have also expressed their attitudes..."

Ye Xiaoyou and my family of tortoises have not had much contact, but this matter, my family of the Ming family, has confidence in him. "

"The kid and the emperor's emperor are brothers. People have been turned away by him. At this time, they don't believe him. It seems to be late... The emperor also expressed support."

Hearing the words, the other big families and the high-level members of the scattered forces also expressed their views and decided to support the devil's statement.

"If that's the case, then there is nothing to say, let's go back and prepare for the battle..."

At the crucial moment, the mosquitoes and old ghosts got up, and the coldness of the cockroaches flashed, and coldly said: "No matter what means the guy has to ensure that our Tianhe Star is unbeaten, but ... we can't always be prepared without it."

"Is the Confederation of the People's Republic? Actually, what do you mean by yourself? What do you really think of yourself? It's a big battle..."

.....

One month, dazzling!

In this month, some small ethnic forces, small families, and some scattered repairs scattered around the emptiness of this piece of ruins, and land, have indeed gathered together and invested in the Federation of the Terran Federation. but

There is no movement at all in the Tianhe Star Field. Apart from the Tianhe Legion, the Triumphant Army, the Turtles and the Devils, and the Blood Mosquitoes, which are not known to the outside world, there are indeed Many small groups of people, small families, and even small groups of scattered people...

But they have not left in this month. true

If you want to go, you will not come at the beginning...

For the Terran League, this is the face of the red fruit, at least not giving them face. Place

In the eleven ancient powers of the Terran Alliance, the one belongs to the former Wanluo Federal Headquarters, not the human race, but the red-haired power that has some kind of powerful beastly bloodline and has returned to the ancestors, in a one-month period. Just after, I was already angry and roared.

In this case, it is inevitable that the crusade of the Tianhe Star is inevitable.

The second did not show up, but this was said to be good at the beginning, even if he appeared now, want to stop persuasion, it is impossible. on

On the second day of the month, Redhead Power has issued instructions. The former Senlan Fleet of the Federal Base of Wanlu has assembled a powerful army consisting of thousands of large and small fortresses. The void territory of the Terran Federation...this

With the army of ten million fortresses, it is the redhead who can sit in the town. but

The general commander of the army is the dean of the former Federal Institute of Surroundings, that is, the dragon with the blood of the immortal royal family. Such as

Today's dragon scorpion is already the cosmic sage, and it is also the commander of the Senlan fleet. This time, although only 10 million large and small fortresses have been dispatched, since there are red-haired abilities to sit in the town, and the crusade is the main leaf of the Tianhe star. Xuan, Long Hao will not miss it. "

boom! "

"Booming..."

In the slamming sound of the earth, this huge fortress army drove out of the empty star field controlled by the Terran Federation and rushed toward the Tianhe Star...

Chapter 4718: At the touch of a hair

"boom!"

"Booming..."

In the earth-shattering bang, a huge fortress army drove out of the empty star field controlled by the Terran Federation and rushed toward the Tianhe Star...

This army consists of thousands of large and small fortresses. The smallest warships are small fortresses with a diameter of 50,000 meters. The number of thousands of ships is gathered together, covering the vast expanse of the vast expanse of the galaxy. . Wei

The situation is extremely amazing, it can be described as powerful! just

From the star field occupied by the Terran Federation, and surrounded by the stars in the sky, there are some scout ships and beasts.

Basically, they are from the four major alliances of the stars, the nations, the beasts and the survivors. Of course, some are from the idle forces that have not joined the four major alliances.

As for the Tianhe Star Field, anyway, they are ready to fight, and this time the crusade can no longer be reversed. Therefore, the mosquitoes and old ghosts simply ordered the withdrawal of all the scouts, and lazy to toss those.

There is no scouting power on the side of the magic hall that includes the Xusheng forbidden land. The demon squad has always been sent to scout at other forces and organizations, and it is disdainful.

Even if it is to collect intelligence outside, it is also a big shake, nothing to cover up...

The fleet went all the way west and launched a very fast speed. Tens of large and small fortresses were fully open.

As the Senlan fleet marched all the way, in the distance between the left and right sides and the rear, there were also a large number of teams such as the fleet, the starship and the beasts.

They have been following and have not left.

On the one hand, this war is really expected, on the other hand, the meaning of this war is really extraordinary. All parties want to know the exact result in the first time, and the details of it...

After five days of interplanetary voyages, this powerful Senlan fleet finally arrived at the edge of the Tianhe Star Field. At this time, only 25 days have elapsed since the time limit of the Lord of the Devils!

After the war, the Tianhe Star Lord Ye Xuan and his underarmed army were assembled, they had to return to the Terran Federation to collect and rectify. It can be said that the time has been quite tense.

Therefore, as soon as the fleet arrived and stopped at the edge of the Tianhe Star Field in the form of a battlefield, the red-haired savvy figure swayed from the top control cabin of the flagship fortress where he was sitting, and came outside. The universe is in the void. and

And still came out alone, as the chief commander of the Senlan fleet, Long Yao, stayed in the flagship fortress, did not show up... with

With the appearance of red-haired power, the forces from all sides of the left and right sides and the far side of the sky were scouting, and they immediately took a sigh of relief and screamed incessantly..."

Wild power? How can this be? A little too big, right? "

"I thought that the strongest person in the Senlan fleet, at most, is a cosmic supreme. I didn't expect it to be a wild power. You must know that the entire Terran Federation is now in the void of this ruined land. In total, only eleven ancient powers are..."

"On this point alone, they have already expressed their attitude and determination. It seems that this time the Terran Federation is determined to win, and the Tianhe Star Lord Ye Xuan, I am afraid of danger!"

That is also because he is a self-receiving person. As a member of the human race, he wants to stand on his own feet. Can this person, the high-ranking people, sit back and ignore? Although this kind of existence is not just one person, but who is calling him now is the most fascinating thing? Unconsciously, I already have such a big family business, which is naturally eye-popping..."

It's a pity that Tianhe's main Ye Xuan said that the size of the family business that he has laid down today is not small, but there is not a wild power in the vast Tianhe Star Field. Even the Supreme Universe does not have it. If this time, the Turtle and the Devil If the two families do not wake up the ancestors of their ethnic group, Ye Xuan is afraid to be a pottery..."

"The Terran Federation is really strong. Although there is no such thing as a sacred supreme, but the eleven old people can sit in the middle of the town, there are many ancestors of the ancient and supreme level in the sleep, other alliances are not willing to provoke easily, I am afraid even the temple, have to be jealous..."

"boom!"

Rumble..."

These exclamations sounded, and in the Tianhe Star Field ahead, there was a thunderous sound of earth-shattering!

Everyone is receiving the sound, looking at it...

I saw that in the Tianhe Star Field, a branch of the army was coming and coming. most

The front is a powerful battleship army, the first is a million superstar plugs, that is, the horrible big guy with a diameter of a million meters, like a star. This

Behind the millions of superstars, there are 50 million large and small fortresses and a starry sky. before

Fang's million superstars are the triumphant regiment, and the back of the 50 million-size fortress is the Tianhe Army. Now they are already in the third universe, they have already changed their guns and reborn. and

Behind these two huge fleets, there is also a overwhelming group of tortoises, in which the number of tortoises is at least tens of millions, all of which show the blood and the body, huge and incomparable.

On the left side, there is a war-torn army, all of which are blood-colored spiritual wars, with a total of one million ships. Over the years, the demon community has been inspired by Ye Xuan, giving up the original star-ship battleship, and researching itself. Starry battles, and formed a pipeline. he

The spirit wars that we produce are all the devils sitting in the town and can launch the magical power of the devil. Although Wei can't be compared with the spiritual warfare in Ye Xuan's hands, it is more important than the general big fortress. Strong. right

On the side, it is a blood-mosquito army. The number is so horrible that it is impossible to estimate. The blood-mosquito and the beasts were originally proliferating. They were moved by the mad mosquito king to the emptiness of the ruins.

These years in the Tianhe Star Field can be described as unlimited reproduction, the population is so large that it is powerless...

And behind the left and right sides of the Devil War and the blood and mosquito army, there are other large and small fortresses, even the three-kilometer captain's star-rated warships are coming up, endless, and extended to the line of sight. At the end of the Tianhe Star Field.

These fleets belong to the forces of the Terran and other ethnic groups that have come here since the beginning of the year. From

This scene can be seen, the Tianhe Star Field, this time is basically a nesting out, anyway, under the nest, there is no end, simply go out, and the battle will be alive...

Of course, they also have expectations in mind, that is, the Tianhe Star Lord Ye Xuan will appear, or there will be some effective means of arrangement!

"call out!"

"Hey..."

With this expectation, the mosquitoes and the old ghosts, the demon emperor Mo Wentian, the devil's uncle, the cursive patriarch, the ninth, the madness, and other high-level rushes, and rushed out from the flagship of the town, and came to the camp of their own side. At the forefront, the middle of the cold flashes, and the red hair that stands against the opposite hand looks great...

Chapter 4719: One finger burst

"A group of emperors are immortal? Didn't even have a cosmic person? Are you funny?"

When the mosquitoes and the old ghosts were plucked out, and they were squatting in the void in front of the Tianhe camp, they knew that they were at the top of the command of the Tianhe camp. The red hair was first stunned, and then the head was big. Laughed: "Ha ha ha... This is really the most funny scene the deity has ever seen..."

For a moment, he even regretted that he had led the army.

It's just that a group of emperors are immortal, and his wild and powerful identities are obviously not matched at all. As a high-powered person, facing such a group of pustules, it's just too cheap...

In fact, it is not just him, even the major alliances of the Senlan blue fleet on the left and right sides and the far side of the sky, and the scouts of the forces, are also stunned at this moment. short

The temporary lag, full of incomprehensible whispers, will sound like a wave in a moment...

"What is the situation? The high-rises of the Tianhe Star... are just a group of emperors immortal?"

"This joke is getting bigger? The ancestors of the Turtles? The ancestors of the Devils? It's such a time, haven't they awakened the ancestors of the family?"

"Is it really true that with a group of emperors immortal, will they stop a powerful and powerful ancient power? Don't say that they are a few, even if they turn over 10,000 times, they are not opponents..."

There must be a demon in the abnormal situation. The Tianhe Star Field can never be so simple. Can you see the overwhelming blood-colored mosquitoes on the right side? This is clearly a fierce mosquito. I used to know that there are turtles and demons in the Tianhe domain, but I don't know the existence of this mosquito. With this alone, I can explain the problem..."

"Yes, the strengths and weaknesses of the strength are too obvious. Although the Tianhe Star has an absolute crushing advantage in terms of conventional combat power, the high-end combat power is completely incomparable with the Terran Federation. They cannot know that."

"When I know this, I still have such a strong position, and I look at the momentum. These emperors are immortal. In the face of a powerful wild power, there is no fear, even the taboos. Nothing to mention, there is absolutely a problem here..."

Huh? Tianhe Star Lord Ye Xuan? Why didn't you see him appear? In the past few decades, Ye Xuan has never appeared in the outside world. He has been crouching in the Tianhe Star Field. It is said that he is

in a retreat. As today, the river star field has already faced such a dangerous situation. Can he not leave the country yet? ""

It is said that this person is extremely difficult. In the three major starry sky planes of the world, he is known as the existence of the seven enchanting ones. Is it that the medicine sold in this Tianhe star field gourd is related to him? But it's not right. In the rumor, the repairing power of the main star of the river star, that day, seems not too strong. At most, it's just that the emperor is immortal..."

Even if there are any adventures, these years are cultivated by leaps and bounds. That is just the cosmic sage. The Lord of the universe has already topped the sky. With this alone, I am afraid that it is far from being able to compete against a powerful ancient power. ""

The matter is quite strange, but one thing is certain, the relying on the Tianhe star field must be related to him..."

In fact, red hair is also thinking like this.

Although he did not meet with Ye Xuan, since it is from the three major star planes in the world, he has heard of Ye Xuan's legendary achievements. This

It is also why he always has a bad mood for Ye Xuan. This person has a small heart and a arrogant temper. In his opinion, the name of the seven enchanting ones is simply a fiction.

An ancient existence of the ancient power level of the wild, but it is so prejudiced against a descendant of the human race that has not been seen before, and its narrow-mindedness.

However, although Ye Xuan did not take it for granted, but the rumors he had heard can be judged, this has always been scheming, and this scene is too strange and too unreasonable, and the red-haired power is naturally inevitable. Born suspicious. but

It's just a suspicion. If you want to say jealousy, it's impossible. he

The only thing I was worried about was that Ye Xuan fled and fled. So, after thinking about it at a moment, the red-haired powerful moment suddenly took out a touch of cold. cold

Laughed: "Your Tianhe star is the main child? Ask him to roll out and worship the deity..."

"Is it because of the coldness of the heart and the shrinking turtle?"

"It seems that the deity has to make a point and try to see if he has really escaped..."

Roar! "

At the end of the day, the red-haired power is a screaming roar. angry

At the same time as his snoring, his figure is like a balloon that is inflated, and it swells quickly. he

Originally it was not a human race. The body has the blood of a beastly beast, and it is extremely rich. It has already returned to the ancestors. Now this scene is the rhythm that activates the blood and the body...

Such a scene is too astounding. A tribe of old people, in the blink of an eye, expands into a horrible beast with a body size exceeding 10 million feet. through

The body is bloody, with a pair of transparent thin wings behind it, but it is not a fierce bird, but an insect... This is clearly a huge bloody! This

Everything is long-lasting, but in fact, just before and after, the red-haired and powerful blood has already appeared, and the blood of a giant is so empty that it is extremely incomparable. and

Moreover, as his blood is revealed, the red-haired power is cultivated as a strength, and it is fully stirred up. A powerful atmosphere unique to the second-order power can diffuse from its body, even the void. Slightly trembled...

Seeing this scene, the mosquitoes and old ghosts, the emperor Mo Wentian, the devil's uncle, the tortoise clan chief Nine, the crazy mosquito emperor and other high-level Tianhe star fields, turned to exchange a look, deep in the bottom, There is a glimpse of flashing.

They are now completely singing the empty city, although they have hopes in their hearts, but the grasp is not too big, no more than 60%.

However, although their hearts are anxious, they have not shown their faces, but they have sighed and passed the voice of God.

The old man, advise you to go, don't leave, I'm afraid it's too late..."

Although it is only a second-order power, it is not easy to practice. It is not worth it! ""

Hey, don't listen to the old man's words, what is the loss in front of you..."

Roar! "red

The hair is full of anger, and the **** mouth is heard, and the voice of the violent **** is heard: "If you die, you will dare to do so. The deity will crush all of you like ants today, and look at the child named Ye. Can't come out..."

Oh..."

boom! "

"Hey..."

When he was snarling and wanted to shoot, from the height of the sky above the top of the **** head, suddenly there was a crisp and fierce sound.
