

Super D.S 4721

Chapter 4721: Awesome

With the violent departure, the front is far away from the void, and the powerful parties from all sides of the alliance and forces, watching the war from a distance, have finally returned to the gods, under the face of madness, have been shocked call.....

"What? The ancient power of the Terran Federation was smashed by a finger?"

There is no flesh and blood, and the gods are destroyed. This is a miserable death. It is precisely the words of his own screaming. The Lord of the Devil must be deliberate. This is the face of the red fruit..."

Void Lao Wang Ba? It must be the legendary hollow giant tortoise. It is said that it is the existence of the 9th-order Great Consummation of the Ancient and Supreme Court. It is second only to the heavenly state. I did not expect to have a relationship with the Lord of the Devils..."

"The back of the turtle family is so horrible. What is more crucial is that the virtual giant turtle can save the Lord of the Devil's Temple and save the life of their own turtle and tortoise. This shows that the relationship is not general. In the Tianhe Star Field, there is another backing, and the Turtles play a role in it. From then on, the Temple of the Sun in the forbidden area can be regarded as the reliance of Ye Xuan..."

"Hey! Behind the Lord of the Temple, there is still a legendary hollow giant turtle? The existence is the strongest one in the pyramids even in the early days of the distant floods. The news spreads, I am afraid The **** unicorn and the nine sacred crocodile are all sleepy..."

These are all words. Now Laozi is most concerned about how the former Senlan fleet is self-sufficient. Although they have thousands of large and small fortresses, they are not enough for a round of volleys compared with the Tianhexing's terrorist camp. At the level of conventional combat power, the strength of the Tianhe Star Field is really shocking..."

"Since there is a second-order power, there is no such thing as the cosmic supreme or the cosmic master in this Senlan fleet. Even if it is only a cosmic sage, the immortal high-rises of the Tianhe domain are not Opponent."

"Are you not nonsense? The second-order powers are all smashed. If there is a cosmic sage in the Senlan fleet, will he dare to shoot? If the Lord of the Devils kills a carbine? Youwei, you will be strong and weak, this is clearly the rhythm of not giving face..."

Rumble..."

The exclamation of the vacant distance in the distance around the sky has not yet fallen. Here, in the Tianhe camp army, there is an earth-shattering roar, and the universe of one billion miles can be clearly heard. day

The conventional force of the river camp is too horrible. At the forefront, there is a powerful battleship army. The first one is a million superstar plugs, that is, the horrible big guy with a diameter of a million meters, like a star.

Behind it, there are 50 million large and small fortresses and a starry sky. and

Behind these two huge fleets, there is also a overwhelming group of tortoises, in which the number of tortoises is at least tens of millions, all of which show the blood and the body, huge and incomparable.

On the left, there is a war-torn army, all of which are blood-colored spiritual wars, with a total of one million ships...

On the right side, there is also a blood-mosquito army. The number is so horrible that it is impossible to estimate. The blood-mosquito and the beasts were originally proliferating, and they were moved to the emptiness of the ruins of the wilderness by the madness of the mosquitoes. very

As for the rear of the left and right sides of the Devil War and the Blood and Mosquito army, there are a large number of other large and small fortresses, even the three-kilometer captain's star-rated battleships are coming up, endless, and extended to the end of the line of sight. The deepest part of the Tianhe Star...

Now the thunder of the rumble is ringing, and it is the movements of the numerous warships and guns in these regiments.

This is the infinite number of warships and fortresses that are simultaneously charging the rhythm. It is clear that a round of volley is to be launched.

Such a huge army of warships, a round of volley shots, the entire Senlan fleet in the distance in front of the sky, there will be no doubt, completely destroyed ... no

However, although the thunder of the battleship naval guns was resounding, the real volley did not come at the first time. this

At the time, the top of the Tianhe Star Field, such as the Emperor Mo, the Emperor of the Devil, the Emperor of the Devil, the Emperor of the Turtle, and the Emperor of the Mosquito, were on the sidelines of the mosquitoes and ghosts in front of the Tianhe camp. They were turning around and others. After exchanging a look, the voice of God's knowledge has been heard for a moment, covering a large void, and within a few hundred million miles, it is clearly audible..."

The front of the enemy ship army listened, give you the time of the three pillars, all the ship personnel, all abandoned and surrendered, walked out of the battleship, waiting in the empty space array outside the ship..."

"Within three columns of incense, if more than half of the warships did not move, the Tianhe Army immediately launched a volley, not a prisoner of war, all bombarded!"

"As for those who are trying to hide in the battleship, hiding in the presence of an opportunity to escape, after the warship receives it, once it is found out, it is killed on the spot..."

"Now... timing starts!"

call out! "mosquito

The words of the old ghosts just fell, and in the middle section of the Senlan fleet, suddenly there was a sharp and unpredictable sound.

Looking around, a mansion just rushed out of one of the big fortresses. Without hesitation and staying, he went directly to the distant starry sky.

Although his speed is too fast, he can't see the shape at all, but at this time it is obviously for the sake of escape, so the power in the body is pushed to the extreme, and the diffused repair is the breath, which is clearly the third order of the universe!

In the whole army of the Senlan, in addition to the second-order power that has fallen, the most powerful one is the highest commander of the fleet. The strength of his repair is so, and this Senlan fleet Inside, there is only one such cosmic sage. Place

Therefore, this figure of escape, except for the dragon, can not be someone else...

One thing, others don't know, but all the strong men and commanders at all levels of the Senlan fleet are well aware. he

They were originally swaying, and the heavens and people were fighting. At this moment, even the highest commander of the fleet of the cosmic sages, Long Hao, escaped. The military heart of this huge fortress fleet has completely collapsed. "

Rumble..."

Oh..."only

Just after a few interest, there was an earth-shattering roar in the Senlan fleet, which was the result of the convergence of the doors of a large number of cabins.

In addition, there are a lot of broken sounds, those who are strong in strength and above the main level of the boundary, simply do not have to go out through the cabin door, directly from the inside of the battleship. slow

Slowly, in the void next to a large and small fortress, the gathering of the Senlan fleet is growing stronger and more, looking at it, basically all the big and small fortresses, all have made the decision to surrender...

The scene is rapidly rendered, the so-called defeat is like a mountain, with the collapse of the military, the Senlan fleet has no hope this time, except for the fallen second-order power, and the highest commanding officer of the fleet that fled the first time. Long Hao, all other fleet powerhouses and a full 10 million large and small fortresses will be captured and become the demise of the Tianhe camp...

Chapter 4722: Grandma is worried.

"Roar!"

Oh..."

The sky's arrogance and whistling sounded, and this piece of emptiness shook a little...

The place where the arrogance and the whistling sounds are located is the Tianhe Army outside the edge of the Tianhe Star Field. All the arrogance and the whistling sounds show endless joy and excitement! Correct

For the numerous powerhouses in the Tianhe camp, this battle has almost not begun and is over.

Originally, they were assembled in the army at the high level of the parties. When they rushed out of the Tianhe Star Field, they had expectations, but more or less, they all had some feelings of tragic and strong.

Even they didn't even know at the time, this time they gathered in the army, rushed out of the Tianhe star field, and came to the universe void outside the star field... Will there be another day to come back!

However, everything that followed was so strange that it was beyond everyone's expectations...

Although the main star of the river star Ye Xuan did not appear, but the mysterious, the most recent period of this time, Megatron, the master of the whole temple of the ruins of the ruins of the heavens and the earth, suddenly unexpectedly came...

Just sticking out a finger, on the spot, the second-order power of the human race can be smashed like an ant.

Immediately afterwards, the supreme commander of the great army of the Terran Federation of the Terran, a powerful cosmic sage, did not scream at all, and turned around and fled.

That Cangjie's demeanor even made everyone in the room unable to see what he looked like, whether the human race or the beast was completely unknown...

This is the move, so that the army of the tens of thousands of people in the front of the Terran Federation is broken. One of the commanders of the camp is a mosquito-killing ghost. It is just a matter of letting go of the gods in the void, and immediately, let All the Terran federal powerhouses in this tens of thousands of fortresses have all cut off the idea of resistance. this

Looked at it again, 200 million miles away from the front of the universe, the entire army of thousands of giant fortresses, densely surrounded by human beings and human beings who changed into humanoids...

They completely gave up the struggle, the face of frustration, waiting for the team of the Tianhe camp, going to the collection, and classified as a prisoner!

Even in the faces of many people, in addition to depression, there is a lot of unwillingness and sorrow... Can you not mourn? They did not let go of this battle, they have not reacted to what happened, they have been completely abandoned by the highest commander of their own camp.

"Booming..."

In the endless joy of arrogance and whistling, the earth-shattering roar sounded.

From the army of the Tianhe camp, a fortress squad, surrounded by a giant star plug with a diameter of a million meters, spurred forward.

There are thousands of such teams.

Their task is to capture all the enemy prisoners who are incapable of counting in front of the virtual sky.

As for the 10 million large and small fortresses that remain in the sky in front of the sky, there will be other teams to receive them, and drive them back into the Tianhe domain to become the trophies of this war. This

Everything, the people below have to toss, the tops of the forces in the Tianhe Stars, at this moment, they have no intention to pay attention to these sidelines. Their hearts are all very heavy, with too many doubts...

At this time, in the void around the battlefield, those scouts from major leagues and forces began to evacuate. This

The First World War has ended, the Terran Federation has been defeated, and the Tianhe camp has killed a powerful second-order power, the highest commander of the fleet, a powerful cosmic sage, and even the army. I didn't dare to show my face, hurriedly escaped...

In addition, there are thousands of large and small fortresses and countless Terrans and the fierce beasts of the former Whala Federal Headquarters. They are captured as captives... In short, this is a great victory, a jaw-dropping victory, which is beyond everyone. Expected. more

The important thing is that this war is also a complete exposure to the true heritage of the Tianhe camp.

The empty giant turtle, which originally existed only in the distant and ancient legends, is much stronger than the Scarlet unicorn and the Nine Secret crocodile. It actually survived from the flood to the present.

Moreover, the Turtles in the Tianhe Star Field are actually his turtle turtles!

Nowadays, although the Void Giant Turtle is not in the Tianhe Star Field, he has a relationship with the Lord of the Devils, the starry sky and the violent starry sky, and asked him to look after the descendants of the giant tortoise in the Tianhe Star...

The news was so amazing that it revealed too many hidden feelings.

It is related to the Tianhe Star Field and to the Lord of the Magic Temple. It can be said that it is of great importance... For all of this, these high-level scouts from major leagues and forces are afraid to have a little delay, and they are evacuated at this moment. In order to pass the news back to the ethnic groups behind them, it is decided by the middle-level high-level! and

As they left, the vast universe of voids outside the Tianhe domain was finally completely peaceful. Looking around, there was no outsider in the void, all of them were busy in the Tianhe camp.

And the dejected, prisoners of war being received by them...

The mosquitoes, the old ghosts, the devils, the uncles, the devils, the geniuses, the madness, the tyrannosaurus, and other high-ranking forces in the Tianhe domain, including the Xuanyuan old man and the Duanmu old man, the Bodhi teacher and so on. The forces and the family's top leaders left the front line and left for the first time, and retreated to the Tianhe Star where the mosquitoes and old ghosts were sitting...

A group of high-rises just sat down, and there was a 10,000-meter-diameter fortress that came out of the stars and directly opened the atmosphere of the Tianhe Star. With a thunderous bang, the place was on the side of the huge peak. In, stopped. mosquito

The old ghosts and Du Wenxuan, the demon emperor Mo Wentian, the devil's uncle, the tortoise clan chief Nine, and the crazy kings and other high-level forces in the Tianhe domain, face each other with a smile But there is nothing to help... he

We don't have to think about it, we all know who it is. dare

In the place where the mosquitoes and old ghosts are sitting, the Tianhe star is so arrogant, and the people who are rampant, except for the three gimmicks of Xuanyuan Ziwei, Duanmu Xiaocha and Zhao Qianru, who else? fruit

However, with the opening of the hatch of the big fort, the three hoes were frosty, and the front and rear feet rushed out of the cabin and landed directly at the summit of the summit. They did not sit down and rushed directly to the mosquito. The patriarch of the old ghost and the tortoise family is nine!

People haven't arrived yet, and the sound of questioning has been slammed into the brain..."

Mosquito but old ghost, are you saying that Ye Xuan will come? What about people? Hey, we are all like this. He is still nothing. What does this mean? ""

And you, the old man, the Lord of the Devil's House, the veteran King 8 is your ancestors, is he invited by Ye Xuan? You have to give us a statement about this..."

It's a performance, this time, don't even think about it, my grandmother's hair is awkward..."

Chapter 4723: Unexpected joy

Look at the three slapsticks, the mosquitoes and the old ghosts and Du Wenxuan, the devil emperor Mo Tiantian, the devil's uncle, the tortoise clan chief Nine, and the crazy kings and other Tianhe stars. Face to face... face

All of them showed a bitter smile, but they were helpless.

In the end, Nine-nine snorted and said: "Ye Xiaoyou did not show up, but the blood ancestor of my tortoise family entrusted the Lord of the Devils to do so. This matter does not rule out the possibility of his operation behind the scenes..."

"After all, the ancestors of the giant tortoise were severely hit in the battle of the collapse of the world, and they were unable to make a fortune in a dangerous place. The reason why he was able to return to the ancestral home of the second universe was that It was originally Ye Xiaoyou's help!"

"There is still this nephew..."

So it seems that this matter is mostly related to Ye Xiaoyou..."

"In this case, I don't have to worry too much about him. Ye Xiaoyou is not a reckless person. Even in the emptiness of this piece of wild land, it can be like a duck..."

"As for the whereabouts of Ye Xiaoyou, the time for the Lord of the Temple to see the high-level forces of all parties is coming soon. Our Tianhe Star Field has taken the humanity of this time, and naturally it should be thankful in the past..."

"Looking at this opportunity, ask the owner of the demon temple about the whereabouts of the ancestors of the tortoise family, and follow this line to inquire about Lin Xiaoyou's whereabouts, presumably not too difficult."

The old ghosts and the high-ranking people of the Tianhe Stars all showed their gloom on their faces, nodding their heads...

Next, Xuanyuan Zijing and Duanmu Xiaocha, Zhao Qianru and the three women heard the words, and the color of the face was slightly relieved.

The reason why they are so dissatisfied is that they think that Ye Xuan does not care about the Tianhe Star. Such as

Today, I heard that the ancestors of the tortoise family have a relationship with Ye Xuan. The reason why the giant turtle is present is probably the factor behind him. At least this is one of them... This is a smooth heart. again

In addition, after going to Xusheng forbidden, I will be able to inquire about the whereabouts and whereabouts of Ye Xuan through the Lord of the Temple. They are naturally dissatisfied. After flattening their mouths, they only have to let them go with them. , no longer toss...

Here, the mosquitoes and old ghosts and Du Wenxuan, Mo Huang Mo Wentian, the devil's uncle, the cursive patriarch, the Nine, and the crazy kings and other high-level forces in the Tianhe domain, even after deliberation, set off for Xu The issue of the promotion of the forbidden land. and

At that end, Ye Xuan has returned to the magic hall in the depths of Xusheng's forbidden land...

...

"call out!"

The faint sound of breaking the air, Ye Xuan's body shape into a mans, through the atmosphere of the Dongfu Star, the blink of an eye has reached the magic hall. One

In the hand, there is a **** bead in his palm, only the size of the pigeon, but it exudes a terrible energy, which is clearly the breath of the ancient power...

This is a blood essence, a powerful blood, it is the **** refining of the **** body formed by the **** body of the Terran Alliance.

After Ye Xuan ended the war, he turned back and returned to the first time.

At this point, the powerful blood in his hands used to refine the 29th-level ridiculous treasures has already accumulated eleven. ten

A powerful blood essence, with Ye Xuan's current Dan Dao rumors, according to his derivation, probably can refine seven to eight wild treasures... first

There were only ten powerful bloodstains in his hands. The number of rare and precious treasures that can be refining was only six to seven. He has not started refining because he is not satisfied with this quantity.

After all, this is a ridiculous treasure. It needs to be refining with the main energy of the blood, and once it is opened, it is necessary to make up at least five powerful blood. each

Adding a powerful blood essence, basically can refine a rare blessing, that is, four are used as a base.

If it is not urgently needed, he does not want to refine too early. The more blood and blood that he has in his hands, the more cost-effective!

Nowadays, although there is a big blood and a fine blood, the number of ridiculous treasures that can be released is still not much changed, just adding one.

This is not a small gap with Ye Xuan's expectations.

The bottom line in his heart is to refine ten ridiculous treasures,"

Forget it, just seven to eight, after all, it's still a little less..."

After some entanglement, Ye Xuan finally shook his head, and his face showed a bitter smile:
"Fortunately, there are still six small-order breakthroughs in the 9th-order Great Consummation of the ancient powers, but it is not without time..."

"Look back and collect some big blood, at least fourteen, and then do it!"

When he finished, he took the matter to his head and stopped thinking about it for a while...

It was also at this time that in his body, suddenly there was a familiar incitement, which was the movement of the smoke, and Ye Xuan's heart moved, and when he waved his hand, he would directly swear out.

"call out....."

With the faint sound of breaking the air, Bao Luo whizzed out, and the wind rose. The blink of an eye turned into a pink pipa of a hundred feet in size, and the sky in front of Ye Xuan slowly rises and falls, revealing an extreme Strong and mysterious atmosphere. and

At the same moment that Bao Luo was sacrificed, the voice of the ancestor's ancestors came out, revealing a deep joy: "The master, the sisters' retreat is over, this time the harvest is not small, the sisters finally recovered. The peak of the past life was repaired..."

"Previous past peak?"

After hearing this discourse, Ye Xuan stayed for a moment, and then he stood up and his face suddenly showed an ecstatic look. first

When I entered this slumber, the strength of the seven sacred repairs has been restored to a half-step supreme, that is, the nine-order grand perfection of the universe. only

If you need to go further, you can step into the real universe. but

Before this time entering the sleep, Ye Xuan provided them with cultivation resources, but it was no longer the previous nine-color magical medicine, but a chaotic drug. The efficacy of the drug is obviously far from comparable to that of the colorful medicine. It can even be said completely. There is no comparability, not at the same level...

At that time, Ye Xuan had already decided. After the end of this sleep, these seven gimmicks will surely be able to enter the universe, but whether it can be restored to the ancient power of the previous peak, Ye Xuan has little confidence...

I didn't expect the final result to be so amazing. It was just a surprise. The seven gimmicks ended this sleep in a short period of time. They also broke through the strength and entered the peak of the past. Energy! Photo

This speed and development momentum seems to be that after the birth of this world, today's ancient wilderness is definitely far from their end. If there is no accident, in the future, the seven scorpions' own strengths will break through to the ancient times. . but

From the ancient powers of the ancient times to the supreme ancients, it is no longer a restoration of cultivation, but a normal breakthrough in cultivation. After all, the peaks of their previous lives are only the ancient powers of the past...

Chapter 4724: Seven great powers

Since it is a normal cultivation breakthrough, if you want to break through, you will have to spend a twenty-nine-level ridiculous treasure, seven scorpions and one person, it is already seven...

It is also why Ye Xuan at least waited for 14 kinds of powerful blood to be able to open the refining. ten

The four great bloodstains can basically refine ten desolation treasures, seven scorpions and one singer plus Ye Xuan itself, there are only two left, and it's true that this number is true. Too little...

...want

The seven ancient sacred repairs in Yanluo are the ancestral karst, the ancestral ancestor, the ancient monarch, the nine-day mysterious girl, the nine-tailed fox, the phoenix goddess, and the Zixia fairy! in

In the distant era of the ruins, they were once ridiculously ruined, and they were called the seven savage repairs of the wilderness. The name was fought for a while. Later, when the ancient world broke out, the seven sages were all fallen. but

However, each has its own source of consciousness, and it has been sealed in the smog of the ancients. Until the endless years, this treasure was obtained by Ye Xuan, and it has experienced various obstacles...

Up to now, the seven great savage cults that once became famous and ruined, finally reunited into the ancient powers of the previous peaks!

With the top-level cultivation resources such as chaotic drugs provided by Ye Xuan, coupled with the speed of their recovery, perhaps, after another sleep, the seven gimmicks can be broken again...

Reaching the ancient desperate situation that has never been seen before the peak of the previous life.
Session

At the time, Ye Xuan will have seven powerful ancient sacred supremes, plus himself, and the eight desolation will be dispatched. Even in the glory of the masters, they will be invincible...

At this point, Ye Xuan suddenly got excited and his chest was ups and downs.

"call out!"

"Hey..."

When his heart swelled, a faint sound of broken air continued to sound, and from the front of the sky, the smoke of the wind and the smoke of the air, rushed out seven figures. to

The emptiness in front of Ye Xuan's body is lined up in a row. It's the seven sacred sacred ancestors of the corpse of the sacred ancestors who lived in Baoluo. With the body of the top. "

See owner..."

After the appearance of the body, seven beautiful glamorous floods were repaired, and at the same time, they smiled at Ye Xuanjiao with a smile, and the master smirked at the mouth, and the smile was very good. The mood was very good..."

Congratulations, after the hardships, from the past to the present, you seven, finally got to the end..."

Looking at the seven gimmicks in front of him, Ye Xuan's face showed a gratifying color, and he smiled and said, slowly nodding.

The peaks of the seven predecessors of the previous sacred ancestors were the ninth-order great perfection of the ancients, but nowadays, their restoration is only the seventh order of the ancient

powers. From this point of view, strictly speaking, they are still still Did not return to the peak of past life.

But it is only a gap between the two small steps, and it will take a long time to fully recover. "

All of this is because of the owner's sake! "

When I heard Ye Xuan's words, the laughter colors on the faces of the seven hoes were suddenly swayed and became serious. I gave a big gift to Ye Xuan: "The master's grace in slavery is like re-creation. More importantly, there is never any request. This world, slaves, etc., must be reported by the spring..."

"Okay, don't pull these..."

Ye Xuan shook his head and smiled. He did not care about this. He waved his hand and turned his head. He said, "Now, your strength has been restored to the seventh stage of power. From the peak of the past, there are only two small steps left. And will be able to break through soon..."

However, this world is not easy to be born again, presumably you are not willing to just revert to the peak of past life..."

What's more, your former enemy, Xingbo, must at least be a half-step heavenly road of the ruthless supreme ninth order, and even have more than 80% of the possibilities. It is the real heavenly powerhouse like the sorrowful blue sky... "

"If you want to report the great hatred of past lives, it is obviously not enough to cultivate the peaks of your past lives. Further, it is the minimum requirement to enter the ancient and supreme environment."

However, if you want to enter the realm of absurdity, it will be no longer a smooth recovery for you, but a real cultivation and breakthrough. Fortunately, there are eleven bloodstains in my hands. If you make a few pieces, you will refine the twenty-nine-level ridiculous treasures. At that time, you will have one each of you..."

As for the chaotic drugs, there are still a lot of them in my hands. I will distribute them first..."

Oh..." said

At the end, Ye Xuan waved directly, and in a moment there was a light spurt of seven awnings rushing out of his body, hanging in the void in front of him, it was a chaotic drug.

The seven canopy light group, each canopy has a square of abundance, the atmosphere is restrained, revealing the quaint meaning of being thick and unable to open...

Engraved, seeing Ye Xuan waved the seven-chamber chaos medicine, the corpse of the ancestors and other seven hoes were first glimpsed, and then the face appeared to be excited, pointing to Ye Xuan Yingying: "Thank you"

After all, the seven gimmicks were no more polite, and they waved their hands, and the seven-chamber chaotic medicine hanging in the empty sky in front of them instantly turned into seven gray awns, rushed into them, and properly collected them..."

This time, the seven of you suddenly went out, but it was just the time to wake up..."

After doing all this, Ye Xuan seems to suddenly think of something, grinning, and the words are turning... When

Even with his current location, the identity of the Lord of the Devil, and the general situation of the emptiness of the ruins of the ruins, he briefly introduced the seven gimmicks...

After that, his hands were spread out, and his face showed helplessness: "Now I haven't officially revealed my identity. In addition, on the other side of the Tianhe domain, I really want to take advantage of this opportunity and let them grind again. Fan, so, I am the Lord of the Temple of the Devil, and must not let them know..."

But not long after, the high-level forces of the ruins of the ruins of the ruins of the heavens and the earth will come to the throne of the temple."

"The high-level leaders of the four major leagues are not coming, or in what form, these are not important, but the mosquitoes and widows in the Tianhe domain will definitely take this opportunity to come and find out..."

"Moreover, although the true identity of the Lord of the Devils is still not exposed, but the cultivation resources and the various levels of Baodan prepared for the mosquitoes and the old ghosts must be handed over to them as soon as possible, and this matter cannot be faked. The Lord of the House, otherwise it will cause even greater suspicion..."

"In this way, I have to appear once as the deity, even if it is a glimpse of the glory, so that the prepared cultivation resources and the various levels of Baodan can be given to the mosquitoes and the old ghosts. Resolve their suspicions about the Lord of the Devil."

Just when the seven of you arrive, you will be ready to come out. As for me, leave one of you in the magic dragon, and then you will hear the voice of God and prove that you can be..."

"Giggle..."

"If you do this, will the owner not be afraid that your three little ones are delicious?"

Chapter 4725: Change

"Giggle..."

"If you do this, will the owner not be afraid that your three little ones are delicious?"

"If they let them know that their masters have been with us, and they seem to have been happy, they will drive the magic dragon in the day, and the seven great cults will be on the side, I am afraid that their noses will be discouraged..."

"It's the time to feel bad, but the master, oh..."

call out! "shake

The wind will rise, and the blink of an eye will turn into a hundred-foot-sized car...

The black dragons with the giants of Baizhang are also displayed. One is hovering behind the car, there is also one on the left and right sides, and there are six black dragons in front.

Nine black dragons are all entities, not energy ghosts. The atmosphere that comes out of the body is also the ancient level of the ancients, but it is only the beginning of this period. Compared with the seven majors, it is weaker, but After all, it is also an ancient power, and the combat power is still not to be underestimated.

If it is needed, Ye Xuan can control the magic dragon to rush to the distance between the movements and start the bombing!

With Ye Xuan's previous cultivation as the strength, when the nine black dragons and corpses were spurred to pull the magic dragon, the fighting power that can be demonstrated is not up to the ancient level.

Previously, they only had the breath of the power of the ancient powers.

However, the real combat power is limited by the cultivation of Ye Xuan's own strength. Previously, only the nine-order grandeur of the universe was perfect.

The ugly point is actually a paper tiger, which can be used to scare people to support the scene, but if it is really a life-and-death battle, it will be worn in an instant.

But now, this situation no longer exists.

Today's Ye Xuan, in the state of the ninth change of the **** magical power of the konjac, even if the body type is only a singularity, she has sacrificed a huge body of 60 million miles. The first-order blessing, his cultivation as the realm, can also reach the fourth stage of the ancient and supreme.

This is the middle of the desert, if it is fully driven, the real power of the nine black dragons will be able to reach the third level of the ancient power of the ancients, which is the peak of the early days of power.

In addition, whether it is the magic dragon or the nine dragons, the Baizhang body type is only the lower limit...

If you need to, Ye Xuan can always be between the minds, so that they can all reach a horrible body with a giant star. This

One thing he could never do before, but now he can handle it without pressure!

"Booming..."

call out! "

After the decision, Ye Xuan's fascinating glimmer of light flashed, and with the thunder of the rumble, the violent figure suddenly collapsed, turning into a **** spread, and the wind rose, and instantly reached tens of billions. in.

"Roar!"

"Roar!"

Oh..."

In an instant, from the three different directions of this vast sea of blood, the sound of screaming and screaming sounded, and then, in the boundless blood of the sea, there were three huge figures, instantly dialing the ground. Start.

This is the three great devils of the ancient konjac. First

One is the flesh and blood, that is, the starry sky. First

Two, it is the body of the cheekbone, without any flesh and blood, just a purple-golden cheekbones, revealing endless fierce breath, very incomparable.

The last one is the body of black fog, although it is also a violent form, but the body is a black fog, even a pair of scorpions, just two awnings, it looks very strange.

"哗啦啦....." blood

The waves of the waves surged and the sound of the waves screamed, the body of the black mist in the three **** seas took a step, and the figure was rapidly shrinking. When the eyes went outside the **** sea, it was transformed into a human strong. It's exactly what Ye Xuan looks like..."

See the owner! "

Seeing this scene, all the seven gimmicks cover their mouths and laugh, and their figure stands in the void, and Ye Xuan, who has changed from the black fog, is full of enthusiasm..."

Hey! "

"Oh la la..."

On one side, the vast and innocent blood sea came again, and among the remaining two avatars, the shin bones collapsed instantly and turned into a **** rain, which was integrated into the blood of the feet.

Then, the big **** sea quickly condensed, and the blink of an eye followed the violent foot and poured into him. body

The huge amount of violent temperament also quickly narrowed down at this moment, until the time of Zhang Gao's stay...

"As a result, the deity sits in the magic hall, and the black mist is transformed into Ye Xuan. He left the Xusheng forbidden land. Soon after the high-level leaders of various parties came to see him, they appeared again. All this... perfected. !"

Having said that, the violent rumors turned to the seven major sacred repairs, even when they answered: "Okay, you seven, go with him..."

When you finish, you will not hesitate, and you will enter the black magic hall of the peak of the giant peak, and you will disappear. Wait

The violent figure disappeared, and the seven savvy repairs also turned to Ye Xuan, who was turned into a black fog, and smiled and smiled.

"Master, we should depart..."

"If you stay here, you are afraid to be suspicious."

Just taking advantage of this opportunity, I can go out and breathe..."

Listening to these words, Ye Xuan shook his head and smiled, no more words, turned around to make it easy to take a step in the air, blinking into a mans, and shooting into the vestibule of the magical dragon in the distance.

Da Yan Xiu exchanged a look and exchanged a look, and did not have too much delay, and they all followed the smile. less

After all, the domain field power of the magic dragon Yujia was provoked by Ye Xuan, disappeared instantly, turned into an invisible awn, and rushed away from the Xusheng ban.

Chapter 4726: Four major leagues

At the time limited by the Lord of the Temple, there was still a full half a month, and within the Tianhe domain, a huge fleet was driven! Ship

The center of the team is a 100,000-meter-diameter superstar plug... The Tianhe Legion and the Triumphant Corps in the Tianhe domain have built more than one million superstars in these years, and now only 10 Ten thousand seats are clearly used as the flagship of the command.

The mosquitoes, the old ghosts, the devils, the uncles, the devils, the geniuses, the madness, the tyrannosaurus, and other high-ranking forces in the Tianhe domain, including the Xuanyuan old man and the Duanmu old man, the Bodhi teacher and so on. Power and family high level...also

There are Xuanyuan Ziyang, Duanmu Xiaocha, and Zhao Qianru, three gimmicks and other high-rise forces. At this moment, they are all in the 100,000 superstars in the central region.

In addition, there are 10 million large and small fortresses in front of the army. to

At the rear, it is the army of the devil. There are a total of 100,000 300,000-meter-diameter magical warriors.

The left wing is a large army of tortoises. The number is also huge, and each head is huge...

The right wing is the largest army of blood mosquitoes, the largest number, overwhelming...

But this is not the total strength of the Tianhe Star Field, only about one-tenth of the total. After all, the magic hall that went to the Xusheng forbidden land is only a form for them, not for conquest. Do not

However, other forces are not like this...

Especially the four major alliances of starry sky, Wanzu, beasts and survivors. Correct

For them, this time to go to the magic hall of Xusheng forbidden, not to go to visit the Lord of the Temple, but to join forces, take the opportunity to crusade, or ... demonstration! on

At the same time when the army of the Tianhe Stars departed, the star field from which the second universe and the various ethnic groups lived together also had a huge army of warships. This

The number of the army is even more amazing. There are 500 million large and small fortresses and large and small fortresses. It is the second universe of the Star Alliance that has formed together. This time they almost moved.

On the high-level side, the Star Alliance's more than 30 cosmic masters, nearly two hundred cosmic sages, and more than a thousand emperors are immortal, leaving only about 20% of the Union headquarters, and the rest are all enrolled...

As for the nine **** heads of the lords and the blue sky of Dapeng, they have not appeared. They are all powerful and unparalleled. It is naturally impossible for the regular forces to slowly start interstellar travel in the void.

At the crucial moment, you can tear the void directly, and you will be able to reach the star field where Xusheng is forbidden.

It's just the Star Alliance, the alliance of the nations of the first cosmic slaves, and this time it's basically a nest.

The four universes are supreme, such as the space mouse king, the golden mouse, the golden tooth, the **** ant family, the old ant, the **** scorpion, the giant squad, the singer, the singer, who can't remember the name, and so on. Did not leave, all set off. its

The three people of Zhongjin Dafang were all bound to the realm of the world, but nowadays, they have become the supreme of the universe. This must be the cultivation of the first generation or the second generation of ancestors in their ancestral lands. This

Once, the Wan National League also made a fuss. four

The universe is supreme, the thirty-two universe masters, more than one hundred cosmic sages, and a large number of emperors are immortal. More than 80% are in the 500 million large fortresses and fortresses. At the same time, the soldiers are promoted to the ground. Sword refers to the temple...the same

Like the **** unicorn and the nine crocodile crocodile, as the leading figures, they did not show up. Their decision is obviously the same as the nine **** and blue sky Dapeng, which will tear the void directly at the most critical moment. The star field where the forbidden land is located.

The two major alliances of the starry sky and the Wanzu from the three major star planes of the world have already been dispatched. The alliance of the beasts and survivors who lived in the void of this ruined debris is naturally unwilling to post...

Although the four major alliances were originally in a relationship of opposition and even hostility, but now the Demon Temple is a big one, the top four leagues are still not connected to each other, but in this matter, they have reached a very tacit agreement. A consensus. that

It is to take advantage of the glimpse of the lord of the Lord of the Devil, to give the Asahi the magical hall in the forbidden land, and set up a majesty, and frustrate the arrogance of the Devil's Hall. This

Obviously, no one alliance can do it alone. The top four leagues are all well-informed and must join hands...

Although the current beastly alliance has no sacred ancient supreme, in order to set off this banner, one of the top banned high-level squads has paid a price for it, and awakened the savage beast in the forbidden land in advance. Such as

Today, this head is extremely powerful, and it is a late-stage power that has reached the seventh-order position. After a command, in the vast star field where the Beast Alliance is located, there are countless fierce beasts roaring in a short time. Within a day, a large number of Panda's 200 million beasts were formed. Big

The beasts in the army are huge in every head. Now they are gathered together, a large piece of black scorpion, and the void is congested...

This time, the Beasts League is also a nesting movement. The 18th universe of the high-end combat power is supreme, the master of more than 50 universes, more than 100 universes, and more than a thousand emperors are immortal, leaving only One tenth is stationed at the Alliance Headquarters...

It can be said that in addition to the absence of the ancient Supreme, the overall strength of the Alliance of the Beasts exceeds the Star Alliance and the Alliance of Tensions in all other aspects!

In fact, the ancient beast of the late-level power level of the Beasts League, although it is not the ancient supreme, but in rumors, he has some kind of secret method, under the premise of paying a certain price, can have a short-lived Supreme terrorist power.

In addition, the surviving coalition of more than one hundred top-level relic tribes that existed in the emptiness of the ruins of the ruins of the wilderness also responded to this, and a powerful army of survivors came out from the depths of the star. each

The survivors have more than 500 million battles, and the high-end combat power is not bad. The universe is supreme, the universe is more than 60, the cosmic is more than 100, and there are more than a thousand emperors... ..

This time, the Alliance of the Survivors also made a sigh of relief. In terms of high-level combat power, only 20% remained behind the headquarters, and the rest were conquered by the army. with

Kind, today's survivors' alliance is not as old as the Supreme. but

With the example of the Alliance of the Beasts, in order to raise the banner of the Alliance of the Survivors, one of the top leaders of the top tribes also followed their teeth. After paying a certain price, they awakened a remnant of the tribe's ancestral land in advance. can. This

Like the mighty ancient survivors, it is also the seventh-order of the ancient powers of the ancient times. Although it is not the ancient supreme in the later period of the territory, it is said that it also has some kind of secret method. Under the premise of paying a certain price, it can also have the horrific power of the ancient and supreme. . One

Time, the four major leagues move together, counting the two powerful people in the Alliance of the Beasts and the Alliance of the Survivors, they can have the powerful existence of the awe-inspiring power. This time, there are a total of six absurd combat powers. The magic hall... look like it!

Chapter 4727: Half-step absurdity

Today, this vast expanse of wasteland and debris in the sky, there are a total of seven camps in the five major leagues.

The two camps of Kaimo Hall and Tianhe Star Field are not mentioned. Among the five major alliances that have just been established, four major leagues have been dispatched, which are divided into four different directions. The sword refers to Xu Sheng's forbidden land.

The last alliance underneath is the Terran Alliance.

At this time, in the star of the headquarters of the Terran Alliance, on the Treasure Square in the peak of the huge peak, the high-level people of the Terran Alliance are gathering together.

In the two camps of the Terran in the league, because the immortal emperor has not yet come to the emptiness of this piece of land, so the person who is here today is the Emperor of the State.

The Terran Alliance differs from the other four major leagues in adopting the parliamentary system of the Bandar Alliance.

There were a total of eleven ancient powers in the league, but not long ago, the **** sect of the former Federal headquarters of the Faro was pointed by the head of the demon temple, and even the size of the squadron with the army The fortress and the numerous powerful men of the Senro fleet were captured, and none of them came back. Place

Therefore, nowadays, the Union's powerful members who are sitting here are only about ten people...

There are three emperors in the emperor's side, and Ye Xuan has never seen them before. They are all existed in the age of the ancients.

However, the three emperors of the emperor are accompanying the emperor's two or so. Only by this point, they can't see the emperor who is cultivated as the strength, which is enough to make people think about it.

On the surface, the cultivation of the late stage of the great energy is a real situation, and it is still to be verified. to

In the camp of Xiuzhen, the principal of this place is a veteran of the Tiangong Palace, with long eyebrows and cheeks, and the strength of repairing has reached the sixth stage of the ancient power of the ancients, which is the peak of the mid-term.

In addition, on the left and right sides, there is an elder of the Heavenly Palace, a white robe, a black robe, and the strength is also in the wild, but it is the first and second order of this situation. For the beginning.

As for the power-level members from the former Wanda Federal Headquarters, there were originally four people. After the blood was fallen, there were only three people left. Compared with the two camps of the Terran, it was a little weak...

Although these three people are also human forms, in fact, there are only two people in them, and the other one has a **** beast in the body...

The most powerful in the mid-repair is the eight-order power of the **** human race, named Dong Zhaotian, and the other two, one for the human race and one for the beast, all of which are the early days of power.

At this moment, the three powerful members of the former Wanluo Federal Headquarters have a gloomy look on their faces...

So, it is obviously because of the **** fall.

That battle, the people of the Communist Party simply lost their faces, such a huge army, only fled back to one person, that is, the supreme commander of the Senlan fleet, the universe supreme dragon. and

Within the federation, although the top leaders of the two camps did not say much, the three powerful members who belonged to the former Wanluo Federal Headquarters knew it well... This face was lost by them. for

Therefore, as early as the first time of the bad news, the eighth-order power of the three people has passed a certain secret method, and after paying a certain price, it conveyed to the former Wanda Federal Headquarters in the third universe. Message, request reinforcements...

It is said that the reason why the Terran Federation has not sent troops, and so on, is that the reinforcements of the former Wanda Federal Headquarters arrived...

"I have to say that the Lord of the Devils in Xusheng's forbidden land is indeed not as strong as the general..."

I don't know what I suddenly thought of in my mind. The gloomy color on the face of Dong Zhaotian was a little slow, and I turned to look at the emperor of the emperor. With

After that, I received the following: "Even with the **** unicorn, the nine sacred crocodile, and the nine powerful **** scorpions and the Qingtian Dapeng, the four powerful ancient sacred wars and their battles, they are not opponents..."

In this way, since it is the master of the devil's temple, the **** Taoist friends are in this battle, and it is inevitable since then. This time the fiasco can only be said to be an accident..."

However, it is obviously impossible for the Federal Senate to stop. The old man has sent the message. If there is no accident, the reinforcements of the Senate should be coming soon. Although it is unlikely that the absurdity will come directly, at least There is a half-step absurdity of the great nine-step great perfection..."

In this way, under the joint efforts of the other four major alliances, the owner of the Devil's Templar, took the opportunity to take the thief of the name of the Tianhe Star Field and his underarms, and it was not a problem..."

Rumble..."

Oh! "

"Oh..." East

As the words of the sky have just fallen, and the atmosphere above the stars is over, there has been a thunderous thunder of the rumble, followed by two crisp and fierce sounds...

It is clear that there is a rhythm of the starry sky who tears the void. The ten ancients, such as the Emperor, turned their heads and exchanged their eyes, almost at the same time. "

Friends of the Tao, have waited for a long time..."

"This time, the deity and the deity will come together, then the master of the **** demon temple will surely call him a broken body..."

At the same moment, the two figures passed through the atmosphere of the stars at the top of the sky, and fell toward the Grand Palace Square. The words of snoring also came at the same time, indicating the origins of the two, apparently the veterans of the Federal Senate...

Although humans are all human forms, the body emits a strong and indecent animal atmosphere, which is obviously a beastly form. body

The shape is extremely powerful. One person has two short horns on the top of his head. It should be the so-called 牦尊, the other is the triangular eye, the face is also like this, the breath is cloudy, if there is no accident, it is actually the strong.

As for the cultivation of strength, the two people's body is the pressure of the nine-step great consummation of the ancient and powerful. There is no doubt that this is two powerful half-step absurd. "

Dear! Dear! I can't think of two friends, but they came together at the same time..."

Originally thought that only one person came, and there were two eyes under the eyes. Dong Zhaotian first stunned, and then his face showed a surprise color, and immediately got up and greeted...

As a result, the ancient power of the Terran Federation reached 12, and two of them were still half-step, and the enthusiasm of the Federal Senate was instantly flattened with the two camps, even before. The...

Half a day later, from the star field where the Terran Federation is located, a huge battleship regiment...

The tribe of the nation also has thirty-sixth of the universe, the master of the universe is over one hundred, the universe is more than three hundred, and the emperor is immortal...more than two thousand! seal

The high-end combat power under the emperor, as well as the warship battle boat is countless...

This time, 80% of the high-level forces below the power level, commanding 500 million large and small fortresses and large and small fortresses, and one million million-meter-diameter superstar plugs, and one million giant warships. This

The size of the legion is not weaker than any of the four major leagues that were previously dispatched. to

In the 12 ancient powers of the wild, except for the Emperor II and the Dong Zhaotian, the rest were dispatched, led the huge fleet, and went to the Xusheng forbidden land...

Chapter 4728: Comers are guests

In addition to the Tianhe Star Field, as well as the five major coalition forces of the Starry Sky, the Wanzu, the Beasts, the Survivors, and the Terran Federation, there are a large number of smaller and less powerful idle forces in this vast expanse of wasteland.

But even if the scale is small, these idle forces must also have the immortal existence of the emperor, more or less. Otherwise, they will not survive in this environment and will be destroyed.

The commander of the former Lord of the Devil said that it is very clear that this whole piece of the ruins of the heavens and the earth is in the void, and all the high-level forces who have immortalized the

emperor have all gathered together for the forbidden land and went to the Temple to see the shrine!
Place

Therefore, these high-level people who have been repaired by the imperial powers are not afraid to neglect, and almost all have actions. They each carry a large or small fleet and a war boat, moving in all directions. Going forward to the Xusheng forbidden land...when

However, they can not directly enter the Xusheng forbidden land, and see the Lord of the Temple.

After all, the five major alliances are moving together. This is clearly the rhythm of the war. Whether the magic hall in Xusheng's forbidden land can resist it is still something to say.

These guys are all in their minds with two plans to prepare. To

Outside the star field where Xusheng was banned, wait a long way in the void, wait and see, and see the results of the war. If

It's the devil's defeat, naturally there's nothing to say, it's scattered, where is it?

But if the magic hall wins, it will be able to rush to the Xusheng forbidden land for the first time, and see the fierce name of the fierce singer

Time, this whole piece of vast and innocent land of ruins, the forces of all parties, no matter the size, almost moving together.

An invisible repressive atmosphere, sweeping the endless void...

Asahi

The central area of the forbidden land, the universe of the universe outside the atmosphere of Ye Xuan Dongfu!

There are still three days, that is, the high-level forces of the various emperors are immortal, and the days of the glimpse of the emperor. For the outside world, the high-level people of the magic hall know well, and now, the existence of Ye Xuan's emperor is immortal. Gather here...

They are all familiar faces, such as the Green Bull and the Yuling, the Dragon Palace, the Palace Army, the Black Wind Tiger, the Roaring Moon, and the other emperors of the Xusheng Forbidden Land, which are more than forty. also

There are four survivors of the Sangzhi relics tribe in the Legacy Corps, and Zhao Dong in the Xusheng forbidden land. More than 20 emperors are immortal. Take

The Nomadic Legion has a group of more than 60 members of the original captive parliament, such as Three-jawed Dragonfly and Longshan Tang.

In the end, there are six **** scorpions, Qingpeng ancestors, three **** ancestors, and more than two hundred emperors in the captive army composed of **** scorpions and Qingpeng and war lions. ... swaying, a total of more than four hundred emperors are immortal, all gathered here! This

In the past three months, Ye Xuan's descendants of the imperial edicts above the emperor's emperor's temples have almost all gone out, conveying the devil's orders to a large and small force and ethnic groups. There is no time to retreat, so six bloods are included.蛟 and Zhao Dong and others, the cultivation of strength is almost no improvement, and three months ago, roughly equivalent ... with

Under the command of Ye Xuan, the hundreds of high-rise halls were scattered all the time, and they rushed to their respective camps. After a short while, the entire Xusheng forbidden land was alive. The four major regiments moved together and assembled the army. The rise of the void outside the forbidden land... Asahi

The rear and left and right of the forbidden land is an endless stream of emptiness, which can be seen as the end of the emptiness of this piece of land.

Therefore, the virtual position of the Xusheng forbidden land looks like the terrain on three sides of the mountain, only one side, facing the vast universe void. Such as

Today, the four major regiments under the imperial hall are rushing out from this side and outside the forbidden area.

At the center, there is a large gap area, one billion miles away, and there are two major regiments on the left and right sides. It seems that it is a special way to leave a tunnel to enter the Xusheng forbidden land.

The two major regiments on the left are the Beasts and the Nomadic Legion...

The Beast Legion is composed of starry beasts that originally lived in the void of this piece of wild land. Including the beast army of the original Starry Nomadic Legion, as well as the starry beasts in the Xusheng forbidden land.

Today, the commanding level of the green cattle and Yu Linglong, Long Yao, Gong Jun, Black Wind Tiger, Roaring Moon, and Xu Sheng, the other emperors of the forbidden land are immortal, a total of more than forty, all members.

In terms of overall combat power, the Legion has repaired the starry beasts of varying strengths, with a total number of about 100 million, occupying a large universe of voids. tour

The herd army is also the former captive army. The army is all strong from the three main planes of the world, the human race, the second universe, and even some slaves of the first universe, and the former Wanda Federation. Strong parties.

A total of more than 60 members of the original prisoners' parliament, such as the Three-Pronged Dragonfly and Longshan Tang, were all immortal. This time they also moved. often

In terms of regulatory power, the number of troops is the largest, totaling more than one billion, and the warships are 100,000 meters in diameter, a total of 50 million ships!

The two major regiments on the right side are the Legion of the Survivors and the Captives of the Captives...

The Civil Army Corps consists of the Sangzhi remnant tribe, and the relics tribe in the Xusheng forbidden land.

Zhao Dong, Qian Nan, Sun Xi, Li Bei and other four cosmic sages, leading more than 20 emperors and immortal nationalities, rule over more than 10 million warships across the sky...

The total number of survivors in the battleship is more than 100 million, all of which are elite.

At the moment, the last captive army is composed of only the captives of the bloody, Qingpeng and war lions.

The total strength is more than 20 billion, various warships and large and small fortresses, and small fortresses of 50,000 meters, the total number reached one billion. On the high level, the strongest is six bloody, and it is already the strongest in the universe. also

There are **** ancestors and Qingpeng ancestors, two cosmic sages, and more than two hundred emperors are immortal, the lineup is amazing...

Such a large army, opened in the void of the universe outside the forbidden land of Xu Xusheng, after everything is ready, it will be quiet for a moment, and a few billions of miles in the void will not hear a little movement, and it will be absolutely well-trained.

"boom....."

"Booming..."

After the day, the distant sky in front of the sky, the army of the Tianhe Legion, finally visible, did not stop, toward the central passage formed by the four major groups of the magic hall here, straight ahead!

"boom!"

"Booming..."

At this moment, all the warships, fortresses and fortresses in the four major regiments were all started, and they volleyed three rounds at the height of the sky. This

It is a ritual, the Tianhe Legion is a guest, and the Temple of the Devil is the main party. Naturally, it cannot be weak!

Numerous different colors of naval gun energy light columns rushed to the sky, and the vast cosmic voids within a few billion miles were illuminated. The splendid naval guns were intertwined, and the entire Tianhe Star Army was slowly entering Xu The forbidden land was stopped at the inner side of the four major corps of the Magic Hall...

Chapter 4729: Force the palace

With the arrival of the huge army of the Tianhe Star Field, and entering the Xusheng Forbidden Land in the first time, they were stationed in the back of the four major corps of the Magic Temple...

In the next day, the vast expanse of Xusheng's forbidden land was completely lively, and the grand occasion was unprecedented. One

Days, the five major coalitions that had just been established not long ago, came one after another, and were half-circular, separated by a virtual distance of about one billion miles, and the four majors of the magic hall, which are arrayed outside the edge of the Xusheng forbidden land, are far away.
Confrontation

The atmosphere in the air, with the arrival of the five major coalitions, is getting more and more tense, and an invisible breath is pressing on everyone's heart.

One billion miles away...

The army on the left side of the square comes from the Star Alliance.

The number of warships of this army is extremely amazing. There are 500 million large and small fortresses and large and small fortresses. It is the second universe of the Star Alliance that has formed together. This time they almost moved. to

On the high-level side, the Star Alliance's more than 30 cosmic masters, nearly two hundred cosmic sages, and more than a thousand emperors are immortal, except for about 20% of the remaining headquarters in the town, the rest are all enrolled. And

At this time, they have rushed out from the flagship of their respective towns, standing in front of the army, and more than a thousand figures, most of which have manifested the bleeding veins and exudes an amazing breath...

As for the outer edge of the far left side, there are also 500 million large and small fortresses and fortresses. This army is from the Alliance of Tens.

This time, the Wan National League also made a sigh, four universe supreme, thirty-two cosmic masters, more than one hundred cosmic sages, and a large number of emperors immortal, now all have rushed from their flagship fortress Out.

Just in front of the army, they look at each other. This

Among them, the forefront is the four universe supreme, three people are even the old acquaintances of Ye Xuan.

Such as the space mouse, the original king of the golden mouse, the big tooth, the **** ant family, the old ant, the **** scorpion, the giant squad, the singer, the singer, who can't remember the name, etc., now, these three The old guys have become the supreme of the universe.

I don't know if they let them know that the magical master who sits in the Forbidden City in front of the Forbidden City, that is, the goal they want to crusade this time is actually Ye Xuan's words... I don't know what they are thinking, but how to think. to

In the vicinity of the right side of the front of the void, it is a fierce beast army.

As soon as the first arrival came, there were countless fierce beasts roaring, and in the army of 200 million giants, all the starry beasts showed their blood and their bodies were huge, and now they are gathered together. , a large piece of black scorpion, the void is congested... big

In front of the army, there are eighteen universe supreme, more than fifty cosmic masters, more than one hundred cosmic sages, and more than a thousand emperors immortal...

The leader is an ancient beast with a seventh-order power, wrapped in a cloak of light, and can not see the specific form.

The outer edge of the right side is a powerful army of survivors, from the Alliance of Survivors. its

More than 500 million people have been killed in various wars. Nowadays, the tops of this army have also emerged from the flagship battle boats in their respective towns. There are a total of 20 universes, more than 60 people in the universe, and the universe. It is also more than one hundred, and there are more than a thousand emperors immortal...all

They are all in the vanity of the front of the remnant of the war. collar

The first person is a gray robe old man. This

At one time, in order to set off the banner of the survivors' alliance, one of the top leaders of the top-level relic tribes, after paying a certain price, gritted their teeth in advance to awaken the power of a remnant of the tribe's ancestral land. Robe old man.

Don't look at the repairing atmosphere that has been diffused in his body at this time. It is the seventh stage of the ancient power of the ancients, which is the late stage of this, although it is not the ancient supreme.

However, it is said that he has some kind of secret law. Under the premise of paying a certain price, he can also have the horrific combat power of the ancient and supreme in a short time...

"boom!"

Rumble..."

Among the five major alliances, the army of the four major alliances of starry sky, tens of thousands of people, survivors and beasts has just been stationed in the emptiness array. It is facing the imaginary sky in front of Xusheng's forbidden land, and there is an earth-shattering The roar of the...

In the void, the battleships in the battleship... countless powerful people, at this moment, subconsciously turned around. One

The huge fleet of warships is coming, the lineup is too big, and the corner of the front line of sight is full.

The army is obviously the last one from the five major coalitions -- the Terran Federation! This

At one time, the top-level power of the Terran Federation was over 80%, commanding 500 million large and small fortresses and large and small fortresses, as well as one million million-meter-diameter superstar plugs and one million giant warships. This

The size of the legion is not weaker than any of the four major leagues that were previously dispatched.

After a small half-day, this huge fleet reached the universe in the universe beyond the 1 billion miles of Xusheng, and hundreds of millions of warships were uniformed. At the same time, they stopped in the central area specially reserved by the four major leagues. , hovering stationed. This

At the moment, the semi-circular encirclement of the outer edge of Xusheng's ban on the edge of the forbidden land was completely formed. The five major alliances that had just been established not long ago have joined hands with great tacit agreement, which has inevitably formed a worrying force for the imperial court.

"call out!"

Oh..."

With a lot of sharp and empty sounds, in the army of the giants of the People's Federation, a figure rushed out of the flagship fortress and gathered toward the millions of superstars in front of the army. most

In the air in front of this super-star squadron, the squadrons are abruptly stopped... all of them are in the Federation of the Terran Army, and the top of the emperor is immortal.

This time, the Terran Federation has dispatched a total of thirty of the universe, nearly one hundred of the universe, three hundred of the universe, and the emperor is immortal... there are one thousand five hundred!

Nowadays, this is close to two thousand strong people, whether it is the strong people of the human race or the fierce beasts of the Federal Senate, all appearing in the form of human races, arranged in the void in front of the Terran Federation of millions of superstars. There is no momentum in the moment...

The foremost ten people, it is the ten ancient powers of the Terran Federation that went with this army.

Among the ten ancient powers of the wild, seven are strong people, and three are strong beasts.

At the center, there are the two old guys who have just arrived from the Federal Senate. Two

Although humans are all human forms, the body emits a strong and indecent animal atmosphere, which is obviously a beastly form.

The figure is extremely powerful. One person has two short horns on the top of his head. It is a demeanor, and the other is a triangular eye. The shape of the face is also like this, and the breath is sullen.

As for the cultivation of strength, the two people's body is all the power of the nine-step great consummation of the ancients. There is no doubt that this is two powerful half-step absurd, the most powerful existence of the audience. For a time, it attracted countless powerful people...

Chapter 4730: Mid-level peak

Xu Sheng is forbidden, Ye Xuan's Dongfu Star...

There are still three days, it is the days of the high-level forces of the ruins of the heavens and the earth. when

However, it is a glimpse, but from the current situation, this time the so-called glimpse, in fact, is to force the palace, this point Ye Xuan has long been expected, but he still insisted on it, in order to speed up the forces of all parties. The speed of integration. he

There is a strong intuition that the time of the end of the world is getting closer and closer, and the time left for everyone is not a lot...

Of course, these forces and Ye Xuan did not have much relationship with each other. Apart from the Tianhe Star Field and other human races, he still has some concerns.

However, as soon as the end of the dynasty comes, all the forces of the parties will face a huge test of survival. The enemy of the enemy is a friend. With Ye Xuan's current strength and heritage, there is absolutely no grasp of the ability to compete with the evil eye.

Therefore, let these forces grow up quickly, and in the future, it will bring a little trouble to the blue sky, and this is obviously beneficial to Ye Xuan. With

Six high-ranking **** and green cattle and other high-level people, with the four majors of the Devil's Palace left, Yu Xusheng on the edge of the forbidden land, and Xu Xuan also fell into thinking.

In the last three days, he decided to continue the retreat and break through the first-order repair.

In the past three months, he has been adjusting his own state. The income of the previous breakthrough has already been thoroughly integrated into the soul and the flesh, and the opportunity to break through again has also come.

Grit your teeth forcibly increase the speed. If you break through the first-order repair in three days, you should be able to do it. "

Rumble..."

After the decision, Ye Xuan waved and sacrificed Shennong Ding, hanging behind the giant peak where the magic hall was located, floating in the air.

Subsequently, his figure swayed, and he stepped into the Baoding Dingkou, which was carrying the colorful fog. After entering the Dingzhong space, he sat directly on the volcano in the central area of the Dingnai space.

"call out!"

Oh..." tight

Then, a lot of faint sounds broke through the air, and a glimpse of the volley from Ye Xuan body, hanging in front of him.

Including the evil source liquid, as well as the colorful magical medicine, etc., there is also a chaotic medicine with a thousand square feet, all of which are the cultivation resources that he took out from the immortal world to develop this breakthrough!

After completing everything, Ye Xuan even spurred Shennong Ding's domain power, compressed all the cultivation resources to only the size of the baby fist, and swallowed the baby-sized ball into the belly. In, quickly opened.

"Hey!"

Rumble..."

The entrance is instant, and Ye Xuan's body also has a chain of creaking sounds accompanied by thunder.

Less than half-interest, all the resources in the previous swallowing have been turned into a powerful river of energy. Connect

Everything that comes down is well-versed!

Under the sacred spirit, Ye Xuan urged the energy formed in the body of the river, fully and continuously carried out the next big day in the whole body, until the thorough refining...

As the energy of the great river disappeared completely, and the spirit and body of his body were integrated, only the energy was launched, and the chain of the shackles was broken.

The system prompts in anticipation are also very fast in my mind...

"Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the fourth step of the ancient power!"

"Hey, congratulations to the host, the physical and qi and blood boundary breakthrough! The current realm: the ancient fourth-order!"

The fourth step of the power, this is the middle of the situation.

But in fact, today, he has already had the combat power of the middle ages of the ancients in advance, and even far from the later stage, it is not far away.

Previously, the cultivation of Ye Xuan's deity was the third-order of the ancient power of the ancients. After activating the blood of the ancient konjac in the body, he could climb to the fourth stage of the ancient power.

In the state of showing the konjac and changing the magical power, and reaching the ninth change, the combat power immediately ascended to the fourth stage of the ancient sage. If

It is a first-order bonus to the strength of the body, and its true combat power is more than the fifth-order absurd!

But now, with his breakthrough again, Ye Xuan will have the fifth-order repair power of the ancient powers after he activates the blood of the konjac in the body.

Once you show the magical power of the konjac, and directly enter the ninth change, its peak power will reach the fifth level of the universe supreme! If

Under the huge body of 60 million miles, the strength of the horrible blood will have a second-order bonus to the real combat power. that

At that time, he will be able to show the strongest strength, and will reach an unprecedented six-stage absurd! six

Order, this is the peak of the middle ages, and the gap between the late stage and the late stage is only a first-order gap!

That is to say, under the normal state of the war, under the late sacred, today's Ye Xuan is invincible.

In fact, Ye Xuan has a **** secret! One

Once he mobilized the blood power of the secret method of blood and sea, he will immediately condense three blood and sea avatars, all of which have enough horrific power to overcome the six-stage absurdity. Take

In the case of World War I, even the eighth-order absurdity is not his opponent. and

If he uses the supreme power of the 陨天弓, it is the ridiculous peak of the ninth-order grand perfection, that is, the half-step celestial path like the empty giant tortoise. Under the circumstance, it is very likely that he will shoot him with one arrow. ... just fall! "

The strongest combat power has reached the sixth stage of the ancient sage, and the blood and sea of the same combat power can have up to three...

After the completion of the break, Ye Xuan suddenly opened his eyes, deep in the bottom, clearly distinct and flashed away...

At this moment, his heart surged like never before! "

There is only five small-order breakthroughs that have been achieved by swallowing a 29th-level ridiculous treasure.

After a little calm, he took a deep breath and whispered again: "So it seems that the refining of the 29th-level ridiculous Baodan has become more and more urgent. I hope this time, from the war, I will gain more. A few big bloodstains!"

"Hey..." said

At the end, Ye Xuan's bottom was a flash of light, and immediately there was a black mist coming out of his body, blinking away and disappearing at the end of the line of sight.

This black mist is the black mist in the three blood seas.

Previously, it has changed into Ye Xuan's appearance, with seven great Yan Xiu and Demon Dragons driving away, crouching in an abandoned star in the distance of Xu Sheng. but

This time, Ye Xuan reopened again, so that he could summon the black mist to tear the void.

Now that the retreat is over, the breakthrough is smooth, the black fog is separated, and it has quietly left. When it reappears soon, he will come as Ye Xuan's deity...

Today, Ye Xuan, who is sitting in the magic hall, has changed into a violent look between the eyes. When Zhang Shugao is high, the singer is flashing, and he looks at the distant space outside the stars. Wan

If you are a nightmare, mutter: "It's just three days! Time is up, the four old guys... should it come?"
