Chapter 473: Tianlang Island Tangjia

"God Dan? What do people who are catching the gods?" Ye Xuan is a bit confused.

"I don't know, but it will definitely not be a good thing." Lin Wenyue shook his head.

"I will kill the Tang Tian first!"

Ye Xuan was furious and prepared to rush directly to Zhongzhou to kill Tang Tian, but was pulled by Lin Wenyue.

"Don't be impulsive, there is a master of fine world." Lin Wenyue reminded.

"I have inquired, but the person has only opened seven veins, I can handle it!"

Ye Xuan solemnly nodded.

"Can you cope?"

Lin Wenyue was shocked.

Ye Xuan went to the blood rock mainland, but it only took half a year. It turned out that it was a breakthrough from the power of the world. Is this too fast?

"Sure enough, your qualifications are better than your father, but you still have to be careful, the fleet may come soon." Lin Wenyue frowned.

If the people of the fleet return to Sirius Island, they will definitely send a master, but it may be stronger than the fine world on Tianshui Island.

"Nothing, I will pay attention." Ye Xuan said.

Later, Lin Wenyue told Ye Xuan where they were hiding, and handed the mirror to Ye Xuan.

After leaving some precious Tiandi treasures, Ye Xuan flew directly to Zhongzhou.

Tianshui mainland is indeed like an island in the eyes of the master. In less than two minutes, he flew over the first main city of Zhongzhou.

In addition to leaving a well-trained master, the fleet also had a lot of dilemma, and they were wandering around to see if there was any secret in this island.

Ye Xuan Li is in the sky, overlooking the first main city.

The stronger the strength, the stronger the perception. At this time, he has already felt a few dilemmas.

At this time, he had a mirror in his hand, and he knew everything on Tianshui Island, but the master of the fine world was not in the first main city.

However, Tang Tian is there.

But before that, Ye Xuan decided to smash the miscellaneous fish in the air.

There are a total of 20 people from the Tang family in Sirius Island. However, there are only five in the first main city, and all of them are in the dusty land, immersed in the female color.

Ye Xuan rushed in directly, and did not wait for the other party to react and put his head down.

Afterwards, Ye Xuan was killing all of Tang Tian's dog legs and then leaving.

Now, it is the turn of Tang Tian!

Tang Tian was also immersed in a group of female colors in the main city of the first city. When Ye Xuan appeared behind him, he did not notice it.

"what....."

Suddenly, a beautiful woman screamed.

Tang Tian, who was leaning on the other woman's thigh, heard a scream, and the brow was involuntarily wrinkled. He turned his head and looked at it, and the whole face turned pale.

"Ye Xuan!"

After Tang Tian saw Ye Xuan's face, the two scorpions immediately blasted two fine mans, Ye Xuan, but he most wanted to kill.

"Tang Tian, I really didn't expect it. I knew that I would have unloaded you eight times!" Ye Xuan said very regretfully.

Although most people are fine, Lin Wen Yue did not expect Tang Tian to vent his anger at the innocent officials of the Tang Dynasty. This is really damn.

Tang Tian looked gloomy, and Ye Xuan was able to come silently behind his arrogant warrior, and his strength would be even stronger.

However, he still couldn't help but laughed: "Ha ha ha, it turned out to be you, are you coming back to die?"

Although I know that I can't beat Ye Xuan, there is a master of fineness in the city's main house, and all Tang Tian has the confidence.

"After killing you, it's too cheap for you, you made the mistake, take your pain to pay it back!"

Ye Xuan's body shape disappeared instantly. The next moment, Tang Tian's limbs were instantly cut off. The speed of the former shot was already faster than Tang Tian's reaction.

"what?"

Tang Tianyi's eyes widened, a look that he couldn't believe. He was also a ninth-order temperament, and he was instantly smashed off his limbs.

"Reassured, I won't let you die so easily!"

Ye Xuan directly sprinkled some powder in Tang Tian's wound. In the meantime, Tang Tian's wound began to heal.

Tang Tian's head is about to burst, and now I see my wound healing, I can't wait to kill myself.

The wound healed, how was his broken hand broken?

The next moment, he felt a pain in the scalp. After he turned his head, he found himself in the hands of a sword-bearing bone.

Now, Tang Tian has become a waste man.

"Look at him, if he wants to commit suicide, stun him!"

In the heart, Ye Xuan gave the command of the ten-dimensional white bones.

Later, he left again, this time his goal is that the strong and powerful.

This is from the master of the Tang family in Sirius Island. He is an old man. He has already opened seven local veins and his strength is very strong.

Ye Xuan landed directly in his yard.

Although Ye Xuan deliberately suppressed, but the distance is so close, it is difficult for the other party to find out.

"Who?"

An old voice floated out of the room, and then the door was opened, and an old man came out from inside.

"Kill you!"

Ye Xuan held the eight-year-old sword and replied coldly.

"Oh?"

The old man's eyes glimpsed, and he also felt that Ye Xuan was a fine man. He looked at it and fell to the white bones and Tang Tian in his hands.

This Tianshui Island he has generally investigated, just a master of the situation, it is impossible to have a fine environment, so he guessed that Ye Xuan, like him, is a foreigner.

"Tianshui Island was discovered by my Tang family. I have reported this matter to the Tang family. Do you want to take credit?" The old man said.

"I was originally a person from Tianshui Island. You said that Tianshui Island was discovered by your Tang family?" Ye Xuan asked.

"The people of Tianshui Island?"

The old man was a little surprised, he didn't even find out the situation, how could he emerge from a dilemma?

Not waiting for the old man to open, Ye Xuan asked: "What do you want to do to catch those gods?"

"Oh, just do a test." The old man opened his mouth and smiled.

For Ye Xuan to know this, he is not surprised, after all, Tang Tian has been caught by Ye Xuan.

"test?"

Ye Xuan brows a condensate, it really is not a good thing, this Tianlang Island Tang family is to treat these people as mice.

"I don't think you will tell me, if that's the case, then come on."

Ye Xuan flew directly.

At his feet is the first main city. If you start here, I am afraid that it will affect many people, so it is necessary to go outside the city.

"Humph."

The old man snorted and did not say a word, followed directly.

The warriors who are in a good position can not see the realm at the same time as the gas dilemma, so the old man does not dare to take it lightly.

Soon, the two men flew to the open space outside the first main city, and stood opposite each other.
