Chapter 4731: Four great deities gather again

As early as one day, the huge army of the five major leagues has arrived. It is a huge semi-circle in the universe of the universe beyond the distance of 1 billion miles from Xusheng, and it will be surrounded by Xusheng. but

Since this day, there have been no movements in the four major corps of the Magic Hall outside the edge of the Xusheng ban, or the five major alliance corps outside the one billionth of a mile.

In front of the five major coalition regiments, the top ranks of the major corps in the emperor's imperial concubine were set up in a camp, and they stood still, but they remained calm and there was no change. Such as

Today, the vast and infinite universe of the void, the most powerful existence, is the twelve ancient powers.

At the forefront of the Beast Legion, there is a tarpaulin with an ancient beast of the seventh-order power level.

At the forefront of the Legion of the Legacy, there is a figure of an old man in the gray robe. The body is filled with the breath of the air, and it is also the seventh stage of the ancient power. Do not

However, although these two existences are only the strength of the later great powers, they have their own secrets. If they need to, they will be able to climb to the ancient times in an instant if they pay a certain price. ... Of course, it's just the beginning of the absurdity, and most of them are only the first step in this situation.

In addition to these two old monsters, the Terran Federation, which is located in the most central part of the five major coalitions, is the most eye-catching. At the forefront of the Terran Federal Army, there are ten figures, all of which are wild and powerful.

Among them, there are three figures in the body that emit a strong and indecent animal spirit. These three old guys are obviously fierce beasts.

I opened the guy who was the weakest and only the second-order power. The other two statues were filled with the breath, and they all reached the 9th-order grand perfection of the ancient powers. I can

Even if they were, they were quiet in the past day, and their anger was full of anger, and there was no rash act. because

It is too powerful for the mysterious Lord of the Temple of Devils. It is not an opponent at all. where

I am afraid that it is impossible for the twelve ancient people who are present to join forces to shake them.

What they are waiting for is the supreme commander of the Star Alliance and the Alliance of Nations.

The supreme commander of the Star Alliance is the nine \*\*\*\*\* and blue sky Dapeng.

The two top commanders of the Wanzu League are stronger, and they are already the fifth-order ruined strengths, namely the Scarlet Kirin and the Nine Secrets. although

It is said that the four of them had previously fought the Lord of the Devils, and they were not opponents under the joint hand. The forced wolverines retreated, but today's situation is obviously different.

As long as these four old guys arrive, then the Lord of the Temple will appear, and the four of them will drag the Lord of the Temple. The Xusheng forbidden land in front is completely worth mentioning.

By then, the twelve ancient powers that are present today, just a few of them, will be able to destroy the entire Xusheng forbidden land. This

One point, the Lord of the Temple of Devil must know well, so today's battle may not be able to fight at all, but for them, even if this battle is not played, it is a successful defeat of the Lord of the Temple. Fierce. Place

The glimpse of the idiom turned into a demonstration at the door, but the Lord of the Temple of the Devil is still a monk, but this is a big face, and it is estimated that after that, the temple will be low-key with a tail...

In fact, the five major leagues also hope that the Lord of the Temple will be on the spot, and that the war that might not have erupted will be completely detonated.

The four old guys dragged the Lord of the Temple, and the other twelve ancient powers split half to destroy the entire Xusheng forbidden land, and the other half helped the \*\*\*\* unicorns, under the alliance, even if they could not The Lord killed and seriously injured the spot, but it is very likely...

Better, if you can take this opportunity to get rid of the Lord of the Temple, it is just once and for all! thing

In fact, it is not just the five major leagues, but even the other high-level idlers are thinking about it.

Nowadays, the legions of the five major alliances are semi-circular. In the universe of the universe beyond the billion-mile, the four major regiments in front of the edge of the forbidden land will be sealed off and surrounded by groups. and

In the imaginary air that is farther away, there are also a large number of fierce beasts, remnants of warships, and various types of warships. There are even some lonely human beings in the void. he

They are all high-level idle powers. The weakest of them are immortal, the strongest being, and even the vaguely powerful atmosphere of the ancient power. This

There are a lot of things, but they don't dare to be too close. For them, the big battle between the five major leagues and the magic hall is clearly a \*\*\*\* driving. and

They are so powerful that for the Devil Hall and the five major leagues, at most, they can only be regarded as little devils.

The gods fight, the little devil can only look far away, the distance is a little closer, I am afraid I will suffer...

"boom!"

Rumble..."

Card!"

"Card..."

At this time, I spent a whole day quietly, but the atmosphere was dull and suppressed to the extreme high altitude of the pole. Suddenly there was a shocking roaring sound without warning, followed by several Clear and unclear sound.

Subconsciously, countless powerful people in the camps all look forward to each other, and their faces look different...

In the line, two huge void cracks appeared in the sky at high altitude, directly above the Star Alliance and the Alliance of the All Nations.

Then, from the two huge void cracks, two figures were smashed out.

The figure that emerged from the void in the sky above the Star Alliance is exactly nine \*\*\*\* and blue sky. and

The figure that emerged from the void in the sky above the Alliance of Tensions is the \*\*\*\* unicorn and the nine crocodile. Count

Counting the time, these four old guys and Ye Xuan started the war. It was more than three months ago. Now, after more than three months, their initial injuries have been exhausted, but they have not been able to repair their strength. further.

Nine heads of blood and Qingtian Dapeng are still only the first step of the ancient and supreme, which is considered to be the first time. and

The \*\*\*\* unicorn and the nine sacred crocodile, the cultivation of the realm is still only restored to the fifth stage of the ancient sage...

In the big realm of absurdity, often a small step of breakthrough or recovery, it takes a long time, and sometimes even need to see the opportunity, so this scene is originally intended!

At this point, the four old guys rushed out of the two void cracks, and the figure was only about a hundred feet.

But as their physique appeared, and they came to the corner of the void, the four old guys looked up and shouted at the first time..."

Oh..."

Hey! ""

Oh..." with

The sounds of these roars and whistling sounds spread out, and the whole vast expanse of the universe's voids trembled a little. At the same time, they were only about a hundred feet in shape and were visible to the naked eye. The speed has risen, and the blink of an eye has reached a billion.

Just like four stars, they stand on the top of the Star Alliance and the Alliance of All Nations, and they are fierce...

Chapter 4732: The hall is empty

"Hey..."

Hey! ""

Oh..."

The roar of the sky and the sound of the whistling sounded, and the whole vast expanse of the universe's void was slightly trembled.

At this moment, the four powerful ancient sages descended, and the body shape was only about a hundred feet at the beginning, but in an instant they climbed at a speed visible to the naked eye, and the eyes were huge. on

Just like four stars, they stand on the top of the Star Alliance and the Alliance of the Wan Nationality. For a time, they are so fierce...

This is the four true ancient sacred supreme, and it is by no means comparable to the two ruins of the nine tiers of the eternal humanity of the Terracotta Army. which is

It is the fierce beast and the ancestors of the grey robe in front of the Beasts and the Legion of the Remains. The strength of the cultivation that has been revealed today is only the seventh stage of the ancient power. he

We need to pay a certain price and exert a certain secret law in order to make our own cultivation a realm, and in an instant, ascend to the ancient and supreme.

This kind of absurd cultivation that has been promoted by the secret law has certain disadvantages, and there is absolutely no way to compare it with the real absurdity.

What's more, among the four powerful pastimes that have come today, the \*\*\*\* unicorns and the nine sacred crocodiles are even the fifth-order mid-level ruins of this place. Will

It's nine \*\*\*\* and blue sky Dapeng. Although it's only a step-by-step cultivation, it's already a stable place...

It can be said that these four powerful desolations that have just arrived are definitely the most powerful among the numerous powers of the five major leagues. Even the ten ancient powers of the Terran Federation cannot but admit it. This time, the five major alliances joined forces to force the palace to be destroyed. The four of them are the real backbone. If

There is no such thing, this game of imperial palace, there is no need to expand at all, because there is no meaning at all. Place

So, with the arrival of the Scarlet and the Nine Secrets, the blood of the nine heads, and the advent of the Qingtian Dapeng, the eyes of all the strong men in the five major coalitions gathered in the past, that is, the forefront of the Confederate Federation camp. None of the ten ancient powers have made a sound. This

Obviously, this is the right to speak and the meaning of the game, and the rhythm of the \*\*\*\* unicorn is the master...

In the void in the farther rear, the large number of high-level people from all the weaker and idle forces also held their breath, and their eyes were fixed on the \*\*\*\* unicorns. "

Oh..."

"Hey!"

Oh..." This

At the moment, with the advent, and the manifestation of the bleeding pulse, the \*\*\*\* unicorn and other four powerful ancient sacred supreme, all of them uttered a scream of screams, and the sound of the tens of millions of miles, this corner of the ruins of the heavens and the earth, are in the slightest Trembling. angry

The whistling sound has not yet fallen, and the four old guys have turned their heads and swept away toward the five major coalition forces below.

"The five major leagues, this time, the high-level combat power is almost a move and move..."

"Yes, there are twelve powerful ancient powers? It is a breeze to crush the whole hall!"

"The friends of the Tao, wait for the dead monkey to appear, and I will be responsible for guiding him away. By then, you will be shot and will kill all the front of the temple."

This time, the deity wants to let the temple be completely removed from the ruins of this ruined land..."

The result is obviously very satisfying to them, and the ones that have come are already here...

In the end, the sights of the four old guys almost swept to the four major corps of the Magic Hall outside the edge of the Xusheng forbidden land, one billion miles away. After a sneer, even when the sound of the gods was ridiculed Oh..."

I am not mad, why not show up? ""

You are not sending out orders, letting the entire piece of the ruins of the heavens and the earth emptiness, and all the top and lower powers of the emperor and the emperor are all glimpsed? Now that I have gathered here, why are you the so-called Lord of the Temple of Devils, who is arrogant in the world, why not dare to take the lead? "

"Oh, the war of the day, the deity said, after finishing the important things at hand, I will return soon, fight with you, take the first level..."

Now I am waiting to gather again, forcing the palace to come, you will send such a shrimp and crab, but you are still unable to move, is it afraid? ""

Get out and die..."

"Today is not just for you, including all the strong men of the Imperial Army under the Imperial Court, all of them will die!"

"The deity is angry, and the billions of miles are empty, and there must be no grass..."

Roar! ""

Roar! "

"Hey..."

After the last sentence, the \*\*\*\* unicorn, the nine sacred crocodile, the nine-headed \*\*\*\* scorpion and the Qingtian Dapeng screamed at the same time, and the body's repairing atmosphere was rushed to the extreme.

The four powerful and unparalleled powers spread out in an instant, but they did not target the bottom and the back, but swept away from the edge of the Xusheng forbidden area beyond the billion-mile ahead.

This is clearly deliberately provocative, to crush the four major corps of the magic hall outside the forbidden land by the pressure, to give the Lord of the Devil a horse!

"boom!"

"Booming..."

Almost at the same moment, the earth-shattering roar sounded. in

In the giant life star in the deepest part of Xusheng's forbidden land, the atmosphere violently rolled up, and then immediately separated a wide and incomparable road. A black glare came from the eye, and the star was already in the blink of an eye. outer. This

The black man of the road is welcoming the storm, and when it is not enough, it has turned into a black temple with a huge number of miles. The whole body is black and inky, but it is crystal clear and translucent...

I don't know what kind of material I created, it gives people the feeling, but it is extremely high-end atmosphere, exudes a supreme arrogance...

The Great Hall of Panda is the main hall of the Devil's Hall. When it appears, there is an invisible pressure that spreads out from the black hall. It is easy and incomparable, and it has solved the one billion miles ahead. The four ravages that are sweeping away.

Ye Xuan is sitting in this hall, but also lazy to show up directly, between the movements, with the entire magic hall, just flew out. this

At that time, the Temple of the Thousands of Miles stood on the top of the four legions of the edge of the Xusheng forbidden land, and it seemed to be infinitely powerful.

"call out!"

Oh..." with

The demon hall rushed out of the Xusheng ban, and the four corps of the edge of the Xusheng ban on the edge of the forbidden land, there was a glimpse of the figure.

Gathered in front of the black magic hall.

For the first time, it is six \*\*\*\* and green cattle, as well as Zhao Dong, Qian Nan, Sun Xi, Li Bei, as well as \*\*\*\* ancestors and Qing Peng ancestors.

Behind these eight people, there are more than four hundred emperors, such as the Jade Emperor, the Dragon Skull, the Gongjun, and the Black Wind Tiger, the Roaring Moon, the Three-Claw Dragon, and the Longshan Tang...

Since they led the army on the edge of the forbidden land two days ago, they have not had any changes. Now, when they see the magic hall flying, they will appear in the first time. to

Holding a fist in the void, bowed to the black giant temple: "See the Lord of the Lord..."

Chapter 4733: First

This scene is a bit strange!

In everyone's cognition, the Lord of the Temple is a powerful and violent starry temperament. He is clearly the original name of this piece of emptiness.

Strictly speaking, the alliance with the beasts should actually be a group. but

In fact, this starry sky is violent but self-reliant, occupying the Xusheng forbidden land, establishing the magic hall, claiming to be the Lord of the Magic Temple... and

Nowadays, among the four or more high-rises of the four halls that have been rushed out of the four major regiments of the Devil's Hall, they are clearly mixed.

Those beasts are not the only ones. The Lord of the Devils was originally a starry sky. As a fierce beast, he was surrendered to him. It was normal.

But in fact, among the more than four hundred members of the Imperial High School, in addition to the beasts, there are other strong people of ethnic groups and forces.

The first is the abandonment of the ancients. The most eye-catching ones are Zhao Dong, Qian Nan, Sun Xi and Li Bei, all of whom are cosmic sages.

In this shard of the ruins of the wild, the forbidden land and the beasts and the ruins of the ancients have always been dead opponents. Now Zhao Dong, who leads a large number of survivors and tribes, has surrendered to such a powerful and violent beast. Playing the faces of the people. Fives

Among the major leagues, the army of the Alliance of the Survivors was at the forefront, and the tops of the remnants of the people had pulled their faces down and gnashed their teeth for the first time, but there was no other move.

In addition to the beasts and survivors, among the more than 400 high-level sects of the Devil's Hall, all of them are strong people from all ethnic groups and forces in the three major stars and stars of the world. Such as

The three-jawed dragonfly is from the former Wanda Federal Senate.

For example, Longshan Tang, one of the emperors of the immortal dynasty of the Terran.

Another example is the six \*\*\*\* scorpions, as well as the \*\*\*\* ancestors and Qingpeng ancestors. It is clearly not only the rebels, but the \*\*\*\* and Qingpeng people.

Especially the six bloody, he is also a nine-headed \*\*\*\* person personally assigned to the beggars around the prince. can

Nowadays, the prince is gone, but he is alive and well, and he has become a great general who will kill the lord of the prince. This

It's just that people can't stand it. When the nine heads of blood see him, the huge eyes are red.

The last time I fought with the Lord of the Devils, only the Lord of the Devils appeared, and the geniuses of his majesty did not appear. Therefore, the blood of the nine heads did not see six bloody.

Now I can't help but see my \*\*\*\* descendants, a raging anger, and instantly rushed to his brain...

"Hey..."

"Six bloody, you are a shameless old hybrid..."

Under the spur of the blood, the nine heads of blood sighed with a horrible roar, and the light instantly locked the six \*\*\*\* ones in front of a billion miles. roar

Roaring like thunder: "Pull over and let the deity beat you with a paw, so at least you have to have a good time. Otherwise, the deity will take you down, and you will have to burn your soul and torture you for years." I hate my heart..."

Everything happened too suddenly, and the strong people in the camps around the imaginary air were scared.

After a short period of time, all the powerful people looked down to the nine heads of blood, and then turned to look at the six \*\*\*\* faces opposite, the look on the face, gradually eccentric...

At the same time, the six \*\*\*\* scorpions who had just bowed to the black magic hall, under the words, turned to the head of the nine \*\*\*\* side. face

There was no fear in the look. he

Although the cultivation of strength is only the supreme universe, but now, in the face of the nine \*\*\*\* shackles that have already broken through to the ancient and supreme, it is actually calm. on

Even the words, the clouds are light and windy: "Now you, what qualifications do you speak to the deity? The deity is no longer a \*\*\*\* tribe..."

Over the years, you have asked yourself, but have you really treated my six \*\*\*\* blood as a descendant of blood? ""

Even if the deity is stationed next to your nephew as a Guardian, it is just a shield that can be sacrificed at any time. In such a day, the deity is fed up..."

"On the contrary, after entering the magic hall, the deity found himself and found the value of existence..."

"In a short period of time, the deity has not only entered the universe that has not been broken for a long time, but also has been respected and respected by the Lord of the Lord..."

"As a \*\*\*\* family, you are a family ancestor, but you have always regarded your deity as a cow. You have no right eyes, and the Lord of the Lord has nothing to do with me, but he never said anything to me..."

Really want to talk about the cultivation of strength, are you the opponent of the Lord of the Lord? Don't say that one finger bursts with you, at most, it is just a few more punches, and you will be able to fall. ""

Powerful, but there is no shelf, and there is a love for the subordinates. This point, the deity is in your \*\*\*\* family, never felt, just by this, leaving the \*\*\*\* family and entering the magic hall, it is sooner or later. ..."

Not bad! "

The six \*\*\*\* words were just finished, and the three-jawed dragonfly on the side had stepped forward and took over. One

While talking, one side has already turned to the front of the camp of the five major coalitions beyond the billions of miles ahead. In the tone, there is a clear meaning of temptation and temptation: "They are all friends, the Lord of the Lord is no longer in the world." Blocking, and more importantly, following the Lord of the Devil, not only is the strength to be refined, but also the weight of the instrument and the respect it deserves..."

At this point, I waited for all the powerful parties who belonged to the magic hall, all of them have feelings, and advised the Taoist friends not to make their own mistakes, or to return to the heart of the temple as soon as possible. Otherwise, if you are obsessed with obscurity, you will definitely die and die, and then you will regret it later..."

This discourse is clearly persuaded by the front line. It is necessary to shake the rhythm of the five major leagues. The top leaders of other major leagues have fallen. Even though they are indignant, they have not responded too much. but

The ten ancient powers in front of the Terran army are different...

Among the ten people, six are from the two camps of the Terran Comprehension and Science and Technology, and the other four are from the Federal Senate of the former Whala Federation. Partial

The three-jawed dragonfly is also a low-ranking veteran of the former Federal Senate. At this moment, in front of the faces of the four of them, they say these words of persuasion, it is simply the face of the red fruit, and it is still playing. Sounding... another

The two outsiders were weaker in strength, only in the early days of the ancient and powerful, but the face was gloomy, but did not speak out. but

The other two old guys, that is, the strength to achieve the ruthlessness of the 9th-order grand sacred, that is, the half-step ruthless deities and sages, but they can not care so much.

The face was suddenly dark, and the two old guys were on the spot, roaring like thunder...

"Roar!"

"Hey..."

Three-jawed dragon, you shameless rebellion, even dare to persuade the deity here, is it to ask for a fast-paced rhythm? "

"Come and come, in this case, if you have the courage to come near, the deity can solve you with a slap..."

"Oh, it's quite awkward..."

The words of the two of them just fell, hanging in the black magic hall above the four major regiments of the magic hall, and suddenly there was a cold voice: "It seems that the temple has to stand up and stand up..."

## Chapter 4734: Void

"boom!"

Rumble..."

The sound of the sound just came, the forefront of the Terran army, suddenly there was an earth-shattering sound of the explosion, and more thunderous thunders resounded... 咆

After the roaring sighs and squats, suddenly there was a figure, and it was a starry sky. this

At that time, both Zun Zun and Zun Zun have manifested the blood and the body, and they are full of thousands of feet. Compared with them, the starry sky is only a sturdy figure, which is simply insignificant. Place

So, when the violent appearance appeared, no one found it at all...

In fact, Ye Xuan had already touched it there, only to wait until the two old guys made a sound, only to appear suddenly. Take

His current cultivation is strength, and the secrets of spiritual strength are perfectly shaken. Even the hollow giant turtles may not be able to detect them. It is natural to ignore the perceptions of the people present. It

Therefore, there are also reasons for staring at Zun Zun and Zun Zun from the beginning. One

The reason is that these two old guys are half-step ridiculous, powerful, able to solve one count, and when Ye Xuan, who is back in the dark and fog, comes up, the pressure can be even smaller. another

On the one hand, because of this war, he has another purpose, which is to collect powerful blood.

Whether it is sacred or sacred, it is the existence of the ninth-order great perfection of the ancient powers of the ancient times. It is the best of this kind, the one with the \*\*\*\* refining of the \*\*\*\* blood formed by the explosion of their flesh. Can reach two, Ye Xuan will not miss it... no

After all, these two old guys are half-step absurd after all, it is not so easy to kill, and Ye Xuan is not likely to stay here, so they can't stop without any warning, Ye Xuan also Can only kill one of them...

The goal he chose was esteem! this

Engraved, with the violent sudden appearance, a fist hit the back of the brain, there is no chance of even half-reaction, the entire huge body has been in the blast of the blast, turned into a \*\*\*\* fog, speed Spread out. "

call out! "

The temper was also waving at the first moment at this moment, and a huge invisible instinct was rolled out of its body, covering a radius of ten thousand miles.

The \*\*\*\* fog that has just spread out is swept away, and it is taken into the body and sent to the bottom of the volcano in the central area of the Dingnai space.

All this has just been completed, and his figure has disappeared again. When he reappears in the blink of an eye, he has already reached the front of the black giant temple above the four camps of the Magic Hall.

Therefore, in his hands, he used to refine the power of the twenty-nine-level ridiculous treasures, and he has reached twelve. Among them, the one that has just been harvested is the best, and one can almost reach two. .

Previously, he had only eleven powerful blood in his hands, and the number of rare and precious treasures that he could refine was only seven to eight.

The reason why I have not started refining is because I am not very satisfied with this quantity. complete

Actually, this is a ridiculous treasure, and it is necessary to refine it with the powerful blood essence as the main raw material. and

And once the furnace is opened, it is necessary to make up at least five high-energy blood. With

After that, each time a new blood essence is added, basically one can refine a rare treasure, and at least four are used as a base. ten

Two powerful bloodstains are in hand, and Ye Xuan's current Dandao rumors, according to his derivation, probably can produce eight to nine ridiculous treasures...

However, this time, it is the best of the great powers of the ninth-order great perfection of the ancient times. One can count almost two, so if there is no accident, then Ye Xuan once refines, basically can ensure The deserted Baodan came out nine.

As for the probability of ten, only 30%, but it is not entirely impossible...

All of this happened too quickly. From Ye Xuan suddenly appeared behind the sect of the Terran Federation, and it hit a fist, and now it is now returning to the front of the magic hall, but before and after it is only two. This

At a fast pace, all the people failed to respond, and when they reacted, the Terran Federation had lost a powerful half-step absurdity. This

For a moment, Yan Zun's body trembled, and an unprecedented fear suddenly hit his heart, covering his entire body and mind.

Until then, his heart was filled with a strong and terrible fear... Just now, he clearly had turned from the ghost gate and returned. magic

The goal of the Lord of the House to choose to kill Liwei is to respect the deity. This is obviously just a random choice. If he is just staring at him, now he has already fallen...

"Roar!"

Oh..."

Hey! "a few

At the same instant, I was finally shocked. The \*\*\*\* unicorn and the nine sacred crocodile, the nine-headed \*\*\*\* scorpion, and the Qingtian Dapeng came back together, and they made a terrible roar and scream...

Too much face!

The four of them are still here, below and behind, there are twelve powerful wild powers, as well as countless strongmen and warships and battleships in the five major leagues.

Under this circumstance, the violent temper is still so arrogant, killing people without a word, the key is that he succeeded, suddenly shot, screaming that they had not reacted before, after killing a half-step absurd, moment Return...this

It's simply the disregard of the red fruit. I didn't put them in my eyes, it's not the same thing!

Not just them, the four old guys and the big five alliance camp behind them, there are also countless strong people. After a short period of sluggishness, under the face of madness, they have also been chilling, in an instant, each The screams of screams are screaming, overwhelming...

"What? The sect of the Terran Federation has fallen. The flesh is bursting open, even the blood and fog are taken away, and the gods are gone..."

"This is a powerful peak and power. It is called a half-step absurdity. Although even the shackles have not been able to scream, it has been directly hit by the Lord of the Devils?"

"Fatful! Rage! It's too arrogant..."

hiss! Previously, the name of the Lord of the Temple was only heard. Today, I saw that I was so horrible. This is definitely a famous rhythm. It's no wonder that I dare to take the magical hall and challenge the whole. The various ethnic groups and forces of the ruins of the heavens and the earth are clamoring for the world, and people are clearly aware of this strength and strength! "

"Is this a dream? It's just a slap in the eye, a powerful peak is gone?"

The Lord of the Temple of Demon has already seen the blood as soon as he arrives. It seems that today's war is absolutely inevitable. It is really a \*\*\*\* posture, facing four deserts, twelve ancient powers, and five major alliances. Countless army forces forced the palace to be so domineering and tough, the name of the devil is really worthy of the name, this is the rhythm of the sky..."

At this moment, the void is empty, and countless powerful people are all exclaimed, but in front of a billion miles, in front of the black magic hall above the four major corps of the magic hall, the figure is only violent, but completely ignored. In the middle of the squad, the eyes flashed, and the eyes swept to the remnant army in front of the right side...

Chapter 4735: The sound of the East hit the West and succeeded

With the violent Thunder shot, between the electric light and the fire, the savage of the Terran Federation was instantly smashed, and after a short silence, the vast void suddenly rose up in a moment...

There are countless indignations and roaring noises.

Including the \*\*\*\* unicorn, the nine sacred crocodile, the nine-headed \*\*\*\* scorpion, the Qingtian Dapeng, and the top leaders of the five major coalition regiments, all are furious.

Seeing this scene, I have already returned to the violent look in front of the black magic hall. Looking back, the fine man's eyes flashed, and the eyes swept to the remnant army in front of the right side...

The faint said: "It seems that you are still a little dissatisfied... If this is the case, then the temple will be one more. Just until you are surrendered to the surrender!"

Oh..."

When the sound is just falling, his figure has disappeared. This is exactly the same as when he first killed the Terran Federation. It must have used some extremely powerful secret method and started a teleport...

This time, the target he locked in is obviously the power of the gray robe remnant in the seventh stage of the ancient power of the survivors.

No one doubts this.

Because since it is an enemy, it is natural to have a blow and kill. and

The \*\*\*\* unicorns, the nine sacred crocodile, the nine-headed \*\*\*\* scorpion and the Qingtian Dapeng are four powerful absurd, and it is impossible to be hit by a single blow.

Among the ten ancient powers of the Terran Federation, just one singer was hung up. Obviously, it is the most vigilant time, and it may be missed. he

The goal of nature is naturally only one of the two ancient powers in front of the Alliance of the Survivors and the Alliance of the Beasts.

Considering that he is a good-looking man, his eyes are locked in the power of the grey-robed remnant. Therefore, all the people have identified the power of the seven-ordered robes of the robes, that is, the violent The goal of starting..."

Oh..."

I am too arrogant, and the deity is not a soft persimmon that is arbitrarily squeezed..."

Just in the next moment when the violent figure disappeared, the right side of the sky in front of the billionth of a mile, the forefront of the army of the survivors, the ruins of the gray robes, the face of the madness, and a scream of the hair...

The voice of his indignant roar came out. The survivor's power was to raise his left hand and insert his right chest directly..."

Oh..."

The horrible tearing sound rang, and the right chest of the benevolent man was stretched out by himself. The blink of an eye pulled out a fresh heart that was still beating.

The general human race, the heart is in the left chest, although some special cases of the heart grow to the right, but he is not.

In fact, he has a heart on each of his left and right sides.

In the right chest, which is the one that was pulled out at the moment, it was implanted in the secret method by the secret method. It is cultivated daily and has a powerful force in it. Once needed, this extra heart is the means of life-saving...

However, this secret method can only be used once, because the heart that is pulled out is only a one-time consumable. Although it can be implanted in the secret method in the future, it takes a long time to reproduce the amazing effect. "

Karkaka..."

The heart was pulled out, and the grey robe remnant could directly reach it to the mouth and chew it.

At this moment, he is like a demon god, such a \*\*\*\* and horrible scene, others must be crazy at a glance, let alone his own, and the moment of using this secret law, he has already fallen into a state of violent walking. and

At this time, as he chewed a bite, the robes of the robes of the robes were tempered, and they swelled by one point.

After a short period of three interest, after the whole heart was swallowed into the abdomen, he was only able to repair the strength of the seventh-order power of the ancient and powerful, and he has already risen to the first level of the ancient and supreme, and the body has been cultivated as a breath, powerful. Cruel and fierce, it is awesome.

"call out!"

Oh..."

Four sharp and unpredictable sounds broke out, and the \*\*\*\* unicorns, the nine sacred crocodile, the nine-headed \*\*\*\* scorpion, and the Qingtian Dapeng, the four powerful ancient supremes, arrived at the same time, surrounded by the power of the gray robes. This area within a radius of a hundred miles is full of five powerful absurd gatherings.

The moment they wait for the violent appearance, they will be shot at the same time, even if they can not be killed, they can make them hit hard. This

It's a great opportunity, can't miss it..."

Silly, are you stupid? Do you not understand the sound of the East? How long is this brain? ""

boom! "

Almost at the next moment, violent scorpion appeared, but it was not on the side of the gray robe remnant, or in the distance beyond hundreds of millions of miles, the forefront of the beast army. this

Engraved, with the violent sudden appearance, he punched the commander of the beast army, and the figure was shrouded in a canopy of the seventh-order beast. This

Everything was too unexpected. As the blasting sound came, the beasts in the light group could not even have a chance to react half a minute. The whole body was already in the blast of the blast, and it turned into a \*\*\*\* fog. , spread at a rapid speed.

"call out!"

The temper was also waving at the first moment at this moment, and a huge invisible instinct was rolled out of its body, covering a radius of ten thousand miles. will

The \*\*\*\* fog that has just spread out has been swept up, and it has been collected into the body and sent to the bottom of the volcano in the central area of Dingnai.

After completing all this, the violent figure disappeared, and when it was reproduced in the blink of an eye, it was already in front of the black giant hall above the four camps of the Magic Hall.

With the help of this powerful blood, nowadays, Ye Xuan's powerful blood essence used to refine the 29th-level ridiculous Baodan has reached 13 giants.

Among them, the one that was harvested before is even the best, and one can almost reach two.

Previously, there were only 12 pieces of powerful blood in his hands. If there were no accidents, once Ye Xuan started refining, he would basically ensure that the deserted Baodan was released nine. to

The probability of ten is only 30%, but it is not entirely impossible...

There is another one at the moment, a total of thirteen powerful blood in the hand, and there is also one of the best things, even the only thing that kills the unknown existence of the beast army group, and the result is a seventh-order situation. The late stage of blood quality.

In this way, according to Ye Xuan's current Dandao rumors, according to his deduction, once the furnace is opened, refining ten twenty-nine-level ridiculous treasures, it is already a matter of nailing, and there is no suspense. very

As for the chance of even releasing eleven pieces, it is not completely absent. Although it is not high, it can reach at least 40%...

I am afraid that only ten furnaces will be released. For Ye Xuan, it is enough to be barely. His original minimum goal is ten!

Now that the war has not yet begun, the minimum goal has been completed ahead of time, and he will be greatly energized in an instant.

"Roar!"

"Will anyone else refuse to accept it? Despite the name, the temple... one by one!"

After the first roar, the violent temper looked back to the powerful parties around the four sides, and the words were just falling, and they had already swayed into the black magic hall at the foot!

Chapter 4736: Ssangyong out of the hole

A sigh of God's work, the Lord of the Devil's Thunder attacked, and smashed a powerful wild power, and easily pulled back and returned to the black magic hall on the opposite side of the billion-dollar...

He suddenly appeared in a cold, and he shot two times in succession, and now he retired. ten

The interest of the five major alliances has lost two powerful wild powers, and there is even a half-step absurdity of the great nine-step grand perfection. can

It is very heavy.

Today, among the camps of the five major leagues, although there are still four in the ancient supreme, the power of the ancients has been reduced from the previous twelve to the current ten. people

Nine in the federal federation, one in the Alliance of the Survivors!

In fact, between the short tens, the loss of the five major leagues is not just the two ancient powers that are seen on the surface.

More serious losses are the strength of the two lazy levels! fierce

The two late powers of the Alliance of the Beasts and the Alliance of the Survivors, although on the surface only the seventh-order cultivation of this environment, in fact, both of them have a special secret method, which can be instantly possessed at a certain price. The power of the ancient supreme.

Even if it is only the first order of this situation, it is at least the ancientest.

The \*\*\*\* unicorn, the nine sacred crocodile, the nine-headed scorpion, the nine-headed \*\*\*\* scorpion and the Qingtian Dapeng joined hands to fight the Lord of the Devil, not the opponents, but if they were combined with their two ridiculous levels of power, the situation was completely Different. will

It is highly probable that the Lord of the Temple is pressed.

It can be said that the combat power of these two levels of ruin is absolutely significant.

But now, the one in the Alliance of the Beasts is gone, and the one on the side of the Alliance of the Survivors, under the trick of the Lord of the Devil, has applied the secret method in advance. eye

Under him, after chewing on the heart of the reserve that came out of his right chest, he did have the strength of the first step of the ancient sacred, but how long this state can last, but it is still unknown. original

Ben, according to the plan of the \*\*\*\* unicorn, the nine sacred crocodile, the nine-headed \*\*\*\* scorpion, and the Qingtian Dapeng, it was the four of them who first entangled the Lord of the Temple, and then, at the most critical moment, then gestured to the Alliance of the Beasts and the Survivors. These two powers of the Alliance promote the secret law and improve the cultivation. Session

At the most critical moment, even at the most critical moment, even if you can not kill the Lord of the Temple, you can at least hit it.

Once the Lord of the Temple of the Devil was severely damaged, the Temple of the Soul in the Forbidden City was basically finished. magic

When the Lord of the Temple fled, none of them could survive, or they were all captured...

This plan is indeed perfect, but unfortunately, the \*\*\*\* unicorn and the nine sacred crocodile, the nine-headed \*\*\*\* scorpion, the Qingtian Dapeng, and even each other have not come and negotiated privately, but they have not had time to join the alliance of the beasts and the survivors. The two great powers negotiated, everything has been turned into a bubble...

Two good and awe-inspiring forces, one dead and awkward, said no, no, the other activated the secret law in advance, and now the state may not last long, almost lost meaning...

This kind of change makes the \*\*\*\* unicorns somewhat unacceptable, but in fact, it is useless to be depressed. It is better to use the gray robe of the survivors' union to activate the secret law. There are still five people in the presence of the five major leagues. When the battle is at abrupt, the war will open! miss you

At this time, even if the four people exchanged a look, under the tacit agreement, they turned to the black magic hall over the edge of the forbidden land in front of a billion miles. The sound of the gods was immediately heard and resounded. All directions, provocative on the spot...

"What is the sound of the East? It is a sneak attack. You are still the owner of the Hall of Devils. It is simply shameless to use this despicable means to deal with a wild power."

Less talk to him nonsense, big monkey, dare to fight? ""

Immediately rolled out and died, today is not just for you, just add all the genius of the entire magic hall in the foreground of Xu Xu, and be buried together..."

"Roar!"

"Hey!"

Oh..."

At the end of the day, the four old guys screamed in their hair, and a void was shocked. It was arrogant...

"Hey, as you said, is the ancient power of the ancients no different from the ants?"

The whistling sound of the whistling sound is still not finished. In the black magic hall above the edge of the forbidden land outside the 1 billion mile, there is a coldness in an instant.

Between the words, there is endless contempt and disdain: "It's just a few defeats, even under the joint hand, lost in the hands of the temple, and fled..."

"Now I am so embarrassed and ran to my eyes to scream, the face is really not thick..."

"This temple has just killed two great powers, and has taken away the richness and qi and blood. It was originally intended to refine. Since you are so anxious to find death, the deity is as you wish... just send two avatars, it will be enough. When the killing falls, it flees."

"If you have the ability, don't escape this time..."

Roar! "

Listening to his words, this is clearly the deity of the deity, sitting in the magic hall, only sent two blood and sea avatars, Ssangyong out of the hole, against the rhythm of foreign enemies! "

Oh..."most

After the screams of screaming, from the black magic hall over the edge of the forbidden land outside the billion-mile, there was a violent figure in the moment, the speed reached the extreme, and the emptiness of the sky was full of sharp and empty. sound.

It is the Lord of the Temple of the Devil, and the size of the body is only violent! "

Oh la la! "

As the violent appearance appeared, the sizzling water ripples came in an instant, and the violent temperament instantly collapsed and turned into a \*\*\*\* sea. It shrouded the void above the edge of Xusheng's forbidden land, covering a corner of the universe. ....

"Roar!""

Roar! "

"戾..." tight

Then, from the three different directions of this vast sea of blood, the sound of screaming and screaming sounded. shock

In the boundless blood of the sea, there are three huge figures in the blink of an eye, which are instantly set in the ground, and it is the three great devils of the Taikoo konjac...

For the flesh and blood, that is, the starry sky.

One is the body of the cheekbone, without any flesh and blood, just a purple-golden cheekbones, revealing endless fierce breath, very incomparable.

One is the body of black fog, although it is also a violent form, but the body is a black fog, even a pair of scorpions, just two awnings, it looks very strange...

Between the moments, the three bloods and seas are condensed, and the repairs that are scattered in the body are breathtaking, and all of them are all fifth-ordered. but

In fact, the real combat power of these three \*\*\*\* seas, because of the huge and \*\*\*\* blessings of the huge body of 60 million miles, all reached the level of six-stage absurdity...

Of course, the black fog in the three avatars is a fake, but it is the change of Ye Xuan's \*\*\*\* secrets. Although the atmosphere is not wrong, it is actually not strong. Fighting power, once you leave the \*\*\*\* sea, even if it is a wild power, you can blow it...

Chapter 4737: Magical hall

"The fifth step of the ridiculous? The combat power is enough to compare the sixth order?"

hiss....."

"How long has this been? For more than three months, the cultivation of this dead monkey has been improved, and it has actually improved..."

Although only a step up, but this is only three months! All of your friends, today's World War I, must be seriously injured, so that there is a chance to kill, otherwise, in time, I am afraid no one can shake again..."

"Yes, the speed of this kind of repair is really terrible..."

... with

With blood and sea, the three \*\*\*\* seas set off from the vast expanse of blood, and in the distance over the opposite camp, one billion miles away, there was a breath of exhalation. sound.

The \*\*\*\* unicorn, the nine sacred crocodile, the nine-headed \*\*\*\* scorpion, and the Qingtian Dapeng all changed color. The former two are only restored to the fifth-order cultivation of the ridiculous, and the latter are only the first step. . first

The three violent bloods of the front are only the fourth stage of the ruin. When the combat power is equal to the fifth order of the situation, the four of them are not opponents. It seems that this battle will be even more difficult. it is good

Nowadays, there is one more power of the survivors. After he swallowed the reserve heart in his right chest, he cultivated his strength to the ranks of the ancient Supreme Supreme, and he is still in this state.

The absurd warfare of this remnant of the survivors is that the four of them only need to entangle the Lord of the Temple of the Devil. At least, the four major corps of the Temple of the Forbidden City in Xusheng is absolutely incapable of escaping. will

After the ants are cleaned up, they will join the battle circle. As long as the status of the survivors can persist for a certain period of time, this battle will be violent, and there may not be hope...

The thoughts flashed through the sea, and the four people of the \*\*\*\* unicorn exchanged a look again. At the same time, they quietly secretly conveyed to the savage savage in front of the army of the survivors. He followed him and waited for the opportunity to join the battle circle and join hands to suppress the magic hall. Lord!

"Roar....."

Across the sky above the army of the Wan Clan, suddenly there was a terrible roar. blood

The color of the unicorn rushed out of the endless blood, and a large piece of the universe's void was red. At this moment, he spurred the fifth-order repair of the body to the extreme, and the power was invisible, but the void was slightly trembled. It seems that there is a low humming sound. "

Dead monkey, come out and die..."

The low humming sounded, and the \*\*\*\* unicorn rushed out, rushing toward the black magic hall over the edge of the Xusheng ban on the opposite side of the road. This

It is clear that it is the rhythm of active warfare, and the \*\*\*\* unicorns are forced to force the Lord of the Devils to take their hands. Their time is tight and they can no longer continue to delay. "

Will you lose your hand and have a face to say this? Since you are looking for death, then as you wish, come and come, find a place to be awkward, and abuse your meal..."

"call out!"

Above the black magic hall, in the vast and innocent blood sea, the violent temperament among the three \*\*\*\* seas splits and strides forward, and the voice of the mouth is still not falling, so it has already set off and turned to the left. The emptiness of the sky is far away...

"Roar!"

The \*\*\*\* unicorn is in the middle of his mind. His purpose was to lead the violent three blood seas apart, so that the army of the five major coalitions would kill the four major corps of the magic hall in front of the edge of the forbidden land.

Now seeing the violent temper, I rushed to the left and left, even when I screamed up, I followed the emptiness in the sky...

In this scene, the idlers of the idle forces who had been watching in the distant sky in the far-off of this area suddenly changed their minds, and then they turned around and turned around.

There are too many people. For a time, this corner of the void has become a mess.

Although many people avoided it in time and avoided it all the way around, but some did not come and went away, and suffered bad luck...

"boom!"

"Hey..."

The sound of the sound of the blast sounded, and it was as dense as a fried bean. These guys who had not had time to avoid it, the body could not bear the terror of the two middle-aged ridiculous forces, and they immediately died.

In the vast universe of the universe, there is a faint \*\*\*\* mist, and the pungent \*\*\*\* smell is floating...

"boom!"

"Booming..." 眨

Between the eyes, the violent and \*\*\*\* unicorns have already gone, and beyond the billions of miles, with the unfolding of the war, the earth-shattering roaring sounds suddenly. This

However, the two mid-stage ruins are fiercely strangled, and the stars of the war are bursting open, the atmosphere is violent and the chaos is at its peak, and the real battle cannot be seen at all.

But there is no doubt that the \*\*\*\* unicorn is not a violent opponent. I am afraid that from the beginning, he will fall into the embarrassing situation of being abused. can

If you want to kill the \*\*\*\* unicorn, it will never be possible. Even if it is seriously injured, it will not be able to do it in a short time..."

Oh..."

On the other hand, the battle of violent and \*\*\*\* unicorns has already begun. Here, at the height above the army of the Alliance of Ten Thousands of Nations, a screaming roar is once again coming out.

The repairing strength is also rushed out for the ridiculous fifth-order nine-spotted crocodile. The figure is turned into a black mang, and the speed is almost at the extreme, pointing to the edge of Xusheng's forbidden land. The vast sea of the sky at high altitude. "

Another one to find abuse? as you wish.....""

Oh..."

In the vast and innocent blood sea, the color of the whole body purple gold, the image of the incomparable cheekbones squatted and raised a scream. God

The sound of knowing has not yet fallen, and the huge horror figure of Pangda's 60 million miles has already taken a big step, rushing into the sea with a blink of an eye, and rushing toward the right side of the void: Crocodile, if it is itchy, come over quickly, just the fist of this temple is a little itchy..."

call out! "

This scene is exactly what the nine sacred crocodile is willing to see. The \*\*\*\* unicorn leads a \*\*\*\* sea. He takes another one. The last one is given to the nine bloody, blue sky and Dapeng. The sorcerer who provoked the secret law and temporarily possessed the first-class combat power of the ruined power, was powerful...

Even if the three of them couldn't help but have another black fog, at least the four major corps of the Magic Hall, which is one billion miles away, must be escaping...

Anyway, this has not changed, and the situation is so today... The hall is dangerous!

These thoughts flashed through my mind, and the nine sacred crocodile did not hesitate. Under the sway of the shoulders, the huge figure instantly turned into a black man, and the tail was separated from the cheekbones, and the blink of an eye reached billions of miles away. Outside the void on the right side.

"boom!"

"Hey..."

boom! ""

Rumble..." This

There was also a large number of idle powers in the sky, and now I saw two powerful mid-stage sacred spurs. Although some of them escaped to the farther places, some of them were in the horrible wilderness. Under the pressure of the glory, it immediately blew and died.

With the explosion of dense beans and the explosion of fried beans, the far-reaching void in the billions of miles on the right side of the film, the shocking war has also begun.

Chapter 4738: Unexpected

In the blink of an eye, the \*\*\*\* unicorn and the nine sacred crocodile, respectively, the flesh and blood in the three bloods of the Lord of the Devil, the violent, and the sacral body were taken away...

In addition to the one billionth of a mile, the black magic hall above the four major regiments of Xusheng was banned, and within the vast and innocent blood sea, there is only one figure left.

That is, the black mist of the three \*\*\*\* seas, although the shape is only a single shadow, but the body is filled with the breath, but it is also the fifth-order of the ancient power, plus the first-order bonus of its huge body to the strength. Its combat power is enough to be six-stage absurd. when

However, all of this is just superficial, it is illusory, and the real black mist is no longer here. This is the virtual image that was temporarily developed by the \*\*\*\* sea secret method before leaving.

Within the five major coalition army camps here, there are still three ancient sacred sects, namely the nine \*\*\*\* scorpions, the Qingtian Dapeng, and the sacred sects who have been promoted to such a repair. except

In addition, there are also nine powerful wild powers, all in front of the Confederate Federation camp, and there is even a half-step lameness of the 9th-order great perfection. can

It is said that the strength comparison between the two sides of the camp has become extremely obvious. The side of the magic hall has fallen into an absolute decline, and the situation is extremely bad.

Although the nine heads of bloody, Qingtian Dapeng and the gray robe remnant are only a first-class absurd, but the three together, the last of the three \*\*\*\* seas of the Lord of the Battle of the Devil, that is, the black fog However, there is no problem at all. although

However, the situation of being abused cannot be avoided, but at least in a short period of time, the black mist can be separated. and

Once that happens, the four major corps of the Magic Hall, which is opposite to the one billionth of a mile away, will face a crisis of survival.

Leaving the Lord of the Temple of the Devil, the four major corps of the Temple of Demon are in front of the five major coalition forces, almost nothing...

The most powerful of them, that is, six bloody, only the first level of the universe, and the five major coalitions, the universe supreme is more than a hour.

Even if the nine bloody, blue sky Dapeng and the grey robes are able to lead the black fog away, there are only nine powerful wild powers on the side of the Terran Federation. You can take one at a time and you can do it in a short time. The four major regiments of the Magic Hall were destroyed in one fell swoop...this

The situation is clear and clear, as long as it is not a fool, you can see it.

"Roar!"

"Hey..."

After a short period of silence, at the top of the Star Alliance army, nine \*\*\*\* and Qingtian Dapeng each gave up a terrifying roar and scream. on

The same is true of the power of the grey robe in front of the army of the Survivors Alliance. This

At the moment, the warfare in the three people suddenly reached the extreme. Although it was not as ridiculous as the \*\*\*\* unicorn and the nine crocodile crocodile, it was about to rush out, only to seek the desire of a war, but still slammed to the extreme, half Never disguised!

Seeing this scene, surrounded by the void, there was a large sound of cold air in a moment, and all kinds of exclamations sounded like the tide, and it was overwhelming...

"The situation of the magic hall is a bit uncomfortable. In the blink of an eye, the three bloods of the demon Lord are separated, and only one black mist is left..."

Once this dark fog is also taken away, the four major corps of the magic hall in the entire Xusheng forbidden land will be instantly slaughtered! "

"Even the Tianhe Stars army behind the four major military forces can't escape this robbery. The last time the Terran Federation crusted the Tianhe Star Field, the losses were too heavy. This time, there will never be a chance to revenge."

"And the owner of the Tianhe star, Ye Xuan, who is said to be enchanting to the sky, did not appear the last time. If there is no accident, it is not dead, or is still in retreat. What's more, his current cultivation is at most the universe. The Lord is over, against the heavens and the universe, even if there is no retreat, I am afraid that it will not solve the current crisis, not at all."

The blood ancestors of the Turtles are indeed horrible. Unfortunately, the legendary hollow giant tortoise is mostly not in the void of this ruined land. Otherwise, the last time the Terran Federation crusted the Tianhe domain, he also There is no need to subpoena, let the Lord of the Devils take the shot..."

"Even if he knows the crisis that the Turtles are facing today, I am afraid that the distant waters will not be able to save the fire. Although the Void Giant Turtles are famous, they are obviously not yet able to scare the Federation of the Terran. The Terran is not without the ancients, but it is still sleeping..."

"It seems that no matter whether the Lord of the Temple of the Devil will be counted, at least the four major corps of the Temple of the Forbidden City in the Forbidden City will never survive. Without these geniuses, the Temple of the Devil is in ruins. It's amazing, it's just like a single shadow, it's hard to be a big climate..."

"A generation of Xiongxiong, originally wanted to fight a big scene, in this piece of ruined land, the sky is in the void, but now it seems that after all, it is only a bubble, oh..."

In the end, all around the void, it is already a sigh of sigh, compared to the top-level high-level squad of the \*\*\*\* unicorn, nine sacred crocodile, nine-headed \*\*\*\* scorpion and Qingtian Dapeng who hate the Lord of the Temple. The bottom of the five major coalition forces, in fact, there is nothing too deep grievances against the Lord of the Temple.

After all, the levels are different, and it's hard to say that they don't have that qualification yet. phase

On the contrary, for the glorious style of the Lord of the Devils, there are even many people who are dazzled by them. No matter what era, what time and space, the real heroes of the world, there is no shortage of people who are fascinated by them...

Therefore, now that the Lord of the Temple of the Devil is in the end, it is still difficult to escape the dream. The strong men at the bottom of the five major leagues suddenly feel sighed and sighed...

In fact, it's not just them, even the Tianhe Xingyu army behind the four major regiments of the Temple of the Devil, this moment also mentions the eyes of the blind. mosquito

The old ghosts, the demon emperor Mo Wentian, the devil's uncle, the cursive patriarch, the ninth, the madness, the emperor, and other high-ranking forces in the Tianhe domain, including the Xuanyuan old man and the Duanmu old man, the Bodhi teacher and other small idle forces And the top members of the family are not fools, naturally can see the current situation is not good.

At this moment, all the people frowned, and the whole heart mentioned the eyes of the blind. The last black mist that was left by the Lord of the Terror, was also taken away and went to the distance. Void war.

If that's the case, they can't escape today. "

Oh la la..."

At this time, in the eyes of the public, the vast sea of blood above the black magic hall, suddenly there was an overwhelming noise. One

The interest is not enough, the vast and innocent blood sea has already contracted instantly, and has fallen into the body of the black fog..."

Just because of your three ants, you don't have to go to the temple to personally..."

At the same time, the black mist turned and swept the stupid nine-headed bloody, Qingtian Dapeng and the grey robe remnant. words

Still, the figure has already entered the black magic hall underneath: "Don't worry, this temple is sitting here, just to see what you and the nine great powers are being abused... wonderful drama!"

Chapter 4739: Horror

"Just with your three ants, you don't have to go to the temple to personally..."

"Don't worry, this temple is sitting here, just to see what you and the nine great powers have been abused... wonderful drama!"

A billion miles away from the front, the black mist turned to the dumb eyes of the nine \*\*\*\* heads, Qingtian Dapeng and the grey robe remnants.

The words have not yet fallen, and the figure has already entered the black magic hall underneath...

This discourse, all the powerful people in the emptiness around the moment, all stunned.

It's not just the five major coalition forces and the high-level idlers of the parties around the world. Even the four major corps of the Magic Hall and the strong all the forces of the Tianhe Stars behind them are all the same!

It is a good understanding to sit in the black magic hall. After all, the flesh and blood and the cheekbones in the three \*\*\*\* seas have all been taken away.

And in the front of the five major alliances outside the five-strong coalition camp, there are three ancient and the nine ancient powers.

As long as it's not a fool, or if you don't care about your own army, no one will leave at this time, and you must sit here, at least to deter...

What is the last sentence of the words of the Lord of the Devil?

Sitting here in the town, just look at the nine ancient blood supremes, such as the nine \*\*\*\* scorpions, and the nine ancient powers of the Terran Federation... the abused drama?

Is this possible?

In the camp of the magical hall, it is also that he is not weaker than the power of the ancient power level.

Although there are blood and sea secrets, it can condense three blood and sea avatars, but now two of them have been taken away by the Scarlet Kirin and the Nine Ghosts.

If this is the last black mist to stay, and sit in the black magic hall as a wall view...

Among the great halls, who can have that skill, and at the same time abuse the three ancient and the ancient powers?

At least it also needs to be repaired in the middle of the ancient powers of the ancient times. Among the three \*\*\*\* seas of the Lord of the Devils, any one can do it, but for others, even the second in the magical camp. The strong six bloody, but only the universe is supreme, there is no such strength...

Unless...the Lord of the Temple has foreign aid!

When I think of it, all the people are hopping, and they subconsciously take a sigh of relief, and the whole heart hangs in the eyes of the blind.

Nine heads of bloody, blue sky Dapeng, the gray robe remnant power and the nine ancient powers of the Terran Federation, even under the slight discoloration, the conditioned reflexes generally shrink the neck!

This is clearly a manifestation of guilty conscience.

Can you not be guilty?

If the Lord of the Temple of God really has foreign aid, it must be the ancestor of the Turtles. The legend has lived from the distant era of the wild to the dead giant tortoise.

That is the horrible existence of the Scarlet Kirin and the Nine Secluded Crocodile. The strength of the repairing of that year has reached the great perfection of the 9th-order of the Ancient Supreme, that is, the half-step heaven.

Even if it has not fully recovered yet, presumably... at least not weaker than the Lord of the Devils?

If such a horrible existence comes, only the nine first-class ridiculousness of the nine bloody, the Qingtian Dapeng and the grey robe remnant, and the nine ancient powers of the Terran Federation are absolutely added together. Not enough for the rhythm of the other party!

In the void, there will soon be a variety of arguments sounding like a tide...

"What is the situation? The black mist of the Lord of the Devils has actually returned to the black magic hall. Listening to his words, it is clearly the rhythm that is not intended to be shot..."

"This book is what it should be. If even the last black mist is taken away, the four major regiments under the black magic hall will be ravaged in an instant. I am afraid that it will not take long before the Lord of the Temple becomes a lonely man. This kind of consequence, he can't afford it, so this black mist is separated, it will never leave easily, and will sit in the sky above the four major regiments..."

"What does it mean to be optimistic about what he said? Is there any existence in the magical hall that can compete with him? If it is true, why has it not appeared until now?"

"Is it the ancestor of the giant tortoise of the Turtles? It is very likely that if the giant tortoise is coming, the five major leagues will probably have cups today..."

"Look, there..."

"Hey, it's so amazing, it's amazing..."

At the end of the day, the whispered argument became a sudden exclamation. Almost everyone, at the same moment, turned to look at the far left of the right rear, and the sound of the cool air seemed to be overwhelming. ....

In this direction of sight, I can see that a hundred-foot-sized car is driving in the void...

The whole house is full of purple gold, and it has a metallic luster. Every inch has a purple gold halo, like a smog in the smog, surrounded by carved dragons and phoenixes, covered with mysterious patterns, revealing a simple and incomparable atmosphere.

As far as space is concerned, the area outside the treasure car is divided into two parts...

The latter half is a dome, like a secret room, only a few dozen feet from the outside, but this kind of magic weapon, which must use space technology, there is a vast space inside, the space is huge.

The first half, there is no dome and four walls, but it is covered by a layer of purple gold smog.

If you step into the Imperial Motors, you can choose to sit in the first half to watch the scenery, or you can choose to enter the car.

The smog in the courtyard of the first half is a translucent shape. Just like a layer of purple yarn, you can see everything inside. It seems that people are stunned, but it is not real.

It can be said that this driving is almost lavish to the extreme, and the breath that is revealed is actually the ancient treasure, the existence of the legendary level.

What is even more amazing is that there are still nine giant dragons in the front and back and around.

One is hovering behind the drive, there is also one on the left and right sides, and there are six black dragon pullers on the front.

Nine black dragons are all entities, not energy ghosts. The breath that comes out of the body is actually a waste of ancient power. Don't be so scary...

Seeing this scene, all the people were shocked. After a short silence, all kinds of screams screamed, and then they rang again...

"What? The ancients are treasured? A driving, it is a wild treasure, this is simply unheard of..."

"It's too extravagant. Looking at this structure, there doesn't seem to be any attack on the domain. Everything seems to be just for the sake of a kind of comfort and luxury. In order to do this, I will take a step by step. It's a waste of time, what a big deal?"

"I don't know what the origin of the people in the car is. This kind of arranging is too amazing. It is not the three major stars in the world. Even the blood ancestors of the major ethnic groups may not be able to make such a show."

"Looking at this, according to the deity, even if the forces of the shards of this ruined land are in the air, it is impossible to have a similar existence. I have never heard of it. The existence of this smuggling and driving is coming from where?"

"These are not important. The only concern for the deity now is...he, is it an enemy or a friend?"

Chapter 4740: Good-looking

The key moment is coming, it is Ye Xuan.

To be precise, it should be Ye Xuan's black mist avatar, which changed into the appearance of Ye Xuan. Not only can the shape not be seen, but even the blood and blood are exactly the same. This point, the blood sea secret method can be easily done.

It is the power of the ancients, and they absolutely cannot see the clues.

However, today's Ye Xuan does not show his face. The misty curtains of the vestibule of the magic dragon can only see some indistinct figures in it, and there are even a few figures.

At this time, he was half-reliant on the ground of the top fierce beast in the vestibule of the magic dragon, and was repaired by seven ridiculous sages such as the corpse.

This pinch the shoulder, the squat leg or something, or hand a glass of spirits, send two spirits over, it is almost like a god...

The seven ancient sacred repairs in the smoky scorpion are the corpse of the ancestors, the ancestral ancestors, the ancestors, the nine-day virgins, the nine-tailed fox, the phoenix goddess, and the Zixia fairy!

In the distant era of the ruins, they were once ridiculously ruined, and they were called the seven sacred cults of the ruins of the wild, and they fame for a while. Later, when the ancient world broke out, the seven major cults were all fallen.

Although they have been born again for a while, but basically they have not exposed their faces outside, even if they are, they are in the void.

More time, the seven major cults have been reviving in the smog.

It can be said that this time, this time, they are born again in this life, almost restored to the previous generation of the peak repair, the first time in the outside world, public appearance...

Of course, at the moment, because the Seven Great Yan Xiu is also in the vestibule of the Dragon Dragon, the body shape is not visible, from the outside, it is also invisible.

"call out....."

The sharp sound of the sound broke out. In the exhalation of the outside world, the magic dragon spurred the spurs from the distance and entered the tens of billions of miles around Xusheng.

This is clearly directed at the Xusheng forbidden land. After realizing this, all the people have mentioned the eyes of the blind man, guessing the mysterious existence of this luxury to the horrible driving, and the Xusheng forbidden land, Whether it is an enemy or a friend!

Of course, Zhao Dong and Qian Nan, Sun Xi, and Li Bei have basically guessed who the people are. They didn't know that Ye Xuan had already taken out the shell and got a detachment.

But basically I have already guessed this.

When Ye Xuan took them to Xusheng forbidden land, the magic dragon's driving was completed, but the nine black dragons were not integrated.

In fact, even the Green Bull has guessed it. At this moment, he is turning his eyes, and he generally understands that the Lord is about to start to force it.

In addition, the other high-level members of the four major corps of the Xusheng Forbidden Hall are basically kept in the dark. At this moment, seeing this luxury lord driving straight to Xusheng, it can be said that the whole heart has been subconscious. I mentioned the eyes of the blind.

Even they are all like this, and the innumerable powerhouses among the five major coalition forces outside the billion-dollar are obviously even more so...

In particular, the nine old wildernesses of the nine-headed bloody, the blue sky Dapeng, the gray robe remnant and the Terran Federation, even widened their eyes, held their breath, and their hearts twitched. At this moment, they were extremely worried. The existence in this drive is the reinforcement of the Lord of the Devil.

If that's the case, it's really terrible.

After all, can there be such a presence, and can it be weakened? People are pulling cars, it is already a black demon dragon with nine ancient powers...

At the same time, as the Dragon Dragon rushed to the side of the road, it was getting closer and closer, and the top of the four flagship regiments behind the Temple of the Tianhe Stars was in the top control cabin of the central flagship star.

The mosquitoes, the old ghosts, the devils, the uncles, the devils, the geniuses, the madness, the tyrannosaurus, and other high-ranking forces in the Tianhe domain, including the Xuanyuan old man and the Duanmu old man, the Bodhi teacher and so on. The forces and the family's top management are all gathered here.

Three small gimmicks including Xuanyuan Ziwei, Duanmu Xiaocha and Zhao Qianru are also here.

Everyone's sights are all gathered in front of the holographic stereo screen, where the magic dragon driving from Xusheng's forbidden land is visible...

Xuanyuan Zijing's three gimmicks stared at the magic dragon in the holographic screen and watched it for a while. At this moment, the suspicious color on his face is getting thicker and thicker.

At the end of the day, they subconsciously turned their heads and exchanged a look. The sound of a whisper in the mouth was just a whisper.

"Strange, this ride looks... how do you feel so familiar?"

"The playing is yes, it's just an upgraded version of the guy's Jiu Qingqing, Xiao Zi's sister, Qian Ru's sister, you said... It's not going to be the guy?"

"how is this possible....."

It was said that the Xuanyuan purple scorpion first smashed it, and the singularly distinct stalks of the singularity of the singularity, but soon faded.

Shaking his head and showing a smile on his face, he then said: "The nine-year-old driver who came from the Yin Mozu is also this style, and he is extremely luxurious, but only the grade. On the other hand, it is impossible to compare with this driver. People are clearly the most ancient and precious, and the top-level existence..."

"Not to mention that although the Kowloon Green Car has nine black dragons, it is only a shadow, and there is no attacking ability. But this old-fashioned treasure-class driving, but the car is clearly a black dragon in Kowloon..."

"This can be nine powerful wild powers. If you really sit in the middle of the guy, with his cultivation as strength, I am afraid I will have been backed up. How can I have such a leisurely music?"

"Moreover....."

Speaking of this, Xuanyuan Zi smashed his mouth, his eyes swept across the front of the holographic image giant screen, his face showed a touch of disdain.

Quite dismissively: "This vestibule has a layer of fog and curtains, but it is not really clear. But in the vagueness, it can be clearly seen that there are many figures, at least six or seven people, and, Most of them are female repairs, and they are graceful. Only the guy lying in the middle seems to be a man..."

"A man, half leaning against a group of women to train, what kind of ghost? At first glance, I know that it is not a good thing. Although the guy is annoying, this kind of thing can't be done. If it is him, Grandma's ears are screwed down to him..."

"Play is a play, Zi Yan sister said so, Xiaocha also feels that it is impossible for him, if he really dare to leave us no matter, and other women repaired outside the flowers, do not say ears, then small tea I took him off and smashed it..."

Although the rumor is not clear, but as long as it is a man, you can instantly understand what it is said by Duanmu Xiaocha.

Aside from the mosquitoes, the old ghosts and other people subconsciously clipped their legs, took a sigh of cool air, and their faces all changed color, and they turned to look at the old man of Duanmu...

"Cough and cough..."

The old guy's own face was also blushing, and he didn't come up in one breath, almost squatting, and his face was full of love...
