Chapter 4741: Sixteen ancient powers

"If he really dared to leave us alone, and other women repaired outside in the sky, don't talk about the ears, then the little tea was picked up and pinched..."

As he said, Duanmu Xiaocha stretched out his right hand and spread his palms upwards. The five fingers bent and made a squeaky movement...

Seeing this scene, Xuanyuan Ziyang and Zhao Qianru took a sigh of coolness at the same time, a pair of beautiful rounds, and then the cheeks instantly reddened to the neck.

Chasing Duanmu Xiaocha is about to teach...

"Oh, you're a dead girl, it's been decades, how can you still grow up so much? You can say anything, don't look at whether there are people here..."

"Throwing the dead, the image of this lady was destroyed by you, you stand, don't run, Miss Ben promises not to beat you..."

While playing, the three gimmicks gradually ran away, and the mosquitoes and the old ghosts, the devils, Mo, the uncle, the devil, the genius, the madness, the madness, and other high-level forces.

Including Xuanyuan old man and Duanmu old man, Bodhi teacher and other small idle forces and family of high-level people, after shaking their heads and laughing, gradually regained their attention, once again cast their sights on the front of the holographic image screen.....

.....

Outside, Xu Sheng is on the verge of forbidden land.

"call out....."

The sharp and unpredictable sound of the air broke out, and in the eyes of hundreds of millions of people, the luxury of the nine black magic dragons pulled from the distance, the speed is almost to the extreme, almost beyond lightning.

In the blink of an eye, it is easy to stop in the void, but at this time, it has reached the four major legions of the magic hall on the edge of the Xusheng forbidden land, only close to 100 million miles...

"Oh la la..."

At this moment, the magic dragon squats in the vestibule, like a smog in the general curtain, instantly throws out seven figures, all of them are women, whether it is the face or body, are peerless, compared to Xuanyuan Ziyang, Duanmu Xiaocha and Zhao Qianru These three people are all slightly less than half.

In fact, among the powerful forces from the three major star planes in the world, there are actually many strong people who have seen the corpses of the seven of them.

At the beginning of the second universe, the Yinxu star field, Ye Xuan was squatting with the ancestors and droughts, and finally escaped.

However, the karst of the corpse at that time was just a glimpse of the scorpion, and the figure was also shrouded in a \*\*\*\* corpse, and the true face was not revealed.

What's more, she did not recover from the ordinary immortality at that time, not only the temperament and the current return to the original, but even the appearance, in these years, with the improvement of the cultivation, the more refined, the change is not small.

Therefore, at this moment, the seven great sculpt suddenly appeared, and they came out from the magic dragon's driving, and they lined up in the void in front of the imperial drive. Whether it was from the top three stars of the world, it was originally born here. No one has a familiar feeling in the murderous beasts and survivors of the shards of the ruins of the heavens and the earth...

Zhao Dong, Qian Nan, Sun Xi, Li Bei, and Qing Niu, who have seen several of them, Ye Xuan's heart, secretly smiled, but his face did not show up. Show your feet.

"Wow, these seven sisters... so beautiful!"

"I don't think there is a woman who has such a good face and temperament in the world, really..."

In the top control cabin of the flagship star of the Tianhe Star Field Army, it has returned to the three gimmicks in front of the holographic screen. Zhao Qianru and Xuanyuan Ziyan saw the seven major sacred moments, and then they condensed and subconsciously Take a sip of cool air, no words of beauty...

Duanmu Xiaocha is also a face of admiration, and nodded again and again: "The performance is true, this kind of beauty and temperament is really rare, and it is almost as good as our sisters..."

Not far from the side, the mosquitoes, the old ghosts, the demon emperor Mo Tiantian, the devil's uncle, the tortoise clan, the ninth, the madness, the emperor, and other high-level people in the Tianhe domain, listened to the white eyes and turned again. Looked at the old man.

This old guy is already full of grief and anger at the moment, his neck is red, but he is not deaf, as if he has not heard anything...

At this time, the outside world is in the void, and the whole universe of the two powerful people is separated from the vast arms of the universe. The seven hearts are rushed out from the magic dragon and are arranged in front. In a row, all of them mentioned the eyes of the blind...

"See the Lord of the Lord!"

In the eyes of the public, the seven great sorcerers suddenly sang a tribute to the black magic hall outside the billion miles away. The sound was as loud as it was, and it was very sweet: "My master should be invited by the Lord of the Lord, and travel long distances, body. A little lacking, let the slaves seven people, and say hello to the devil adults..."

"Hey..."

When the words are exported, the void is in a hurry!

On the side of the four major corps of the Magic Hall and the Tianhe Star Field Army, all the people subconsciously breathed a sigh of relief, always hanging in the eyes of the blind man, and completely fell back.

The face is also full of relaxed colors.

At least, the mysterious existence of the inside of the car can be confirmed. It is a friend and an enemy. It turned out to be the reinforcements invited by the Lord of the Devil. It is no wonder that he will have the wall view and watch a dog abuse. Words.

In addition, after the arrival of this person, the shelf did not appear, but stayed in the luxury of the car, let the seven prostitutes under the account of the devil to say hello, the other side clearly believes that The status of status, half points are not weaker than the Lord of the Temple, and even hidden...

Otherwise, how dare you put this kind of shelf?

From this point of view, it is definitely not weaker than the Lord of the Devils. As long as he has his hand, he will solve the three ancient sages, such as the \*\*\*\* nine heads, the Qingtian Dapeng, and the gray robes. And the nine ancient powers of the Federation of the Terran, it's just a matter of hand, no suspense...

At the same time, all the strongmen in the four major corps of the magic hall and the army of the Tianhe squadron are all in the air, and the five major alliances in the distant virtual sky outside the one billionth of a mile are inside the army. Numerous powerful people have hung up to the whole heart of the blind eye, and they have also fallen back...

But it was a plop, and instantly sank to the valley!

Bad food!

The coming person is actually an enemy and a friend. This is really troublesome.

Although the existence of the car has not yet appeared, but from his large audience and shelves, it is not a good suspicion.

Actually, I said that I am lacking in my body. Even if I am far away, you are sitting in a luxury car and enjoying the service of the seven nieces. Is there anything in this body?

Only by this point, it means that this person's means is absolutely not the same.

What's more, in addition to the nine black dragons pulling the car, the seven beautiful nieces who appeared at this time are all wild and powerful, and they are all stronger in the seventh-order world!

Even if it is not the master who has not yet appeared in the car, just these seven stunning nieces and nine black dragons are already 16 powerful powerful powers. It is desperate...

Chapter 4742: Set off

"It's all about yourself, no problem..."

The words of the seven great cults have just fallen, and within the black magic hall outside the hundred miles, the voice of the \*\*\*\* of the demon temple has been heard: "The two avatars of the deity have all been dispatched, this black The fog must be in the inner hall of the town, and it is impossible to play, so... the guys on the opposite side will be handed over to your master, and there is work!"

Of course, this voice of God is prepared in advance. After that, there is no movement, but because of the voice of the gods, as long as the Lord of the Temple does not show up, among the five major alliances, No one dared to approach easily and invaded Xu Sheng.

In fact, even if they have this kind of mind, they don't have the time to work, because with the fall of the Lord of the Devil's House, the seven great sects turn to the opposite five major coalition forces and look at the past...

They naturally understand everything, there is nothing in the black magic hall, even more, even if there is no matter, the main hall of the temple is Ye Xuan, originally their master, paying homage, this is what it should be.

"Okay, you seven, with nine dragons, take the nine powers over there..."

Just at this time, the magic dragon in the empty air, there is also a lazy voice of the gods, which is clearly a man, and very young, but unfortunately the voice of God clearly deliberately concealed, listen It is not very real.

However, his meaning is very clear. When he talks about it in half, he added a sentence after the briefing: "Nine powers, it is not necessary to have such a large audience, but there is a powerful 9th-order grand perfection. In order not to let him escape, you will fight together..."

"As for the three first-order ridiculousness here...just if some idle is idle, they will personally take care of them, and the right to be active!"

The last sentence refers to the nine-headed bloody, Qingtian Dapeng and the power of the gray robe remnant who temporarily possesses the first-class combat power of the desert.

As soon as the voices fell, the faces of the three old guys were completely gloomy, biting their teeth, and the resentment of their faces was unwilling.

The sacred and ancient Supreme, who was previously scorned by the Lord of the Devils, now has a existence that even the name is unknown, and it is so true that they feel that they feel wronged.

What's more, this guy just said that he was rushing all the way, and his body was lacking. When he turned around, he said that he would take his own knife. The right to be active and sturdy, and the arrogance of Zhang Yan is simply irritating.

I have never heard of such madness, but it is more than the Lord of the Devils.

"Hey!"

"Hey!"

"Hey..."

Just at this time, in the far-away sky in front of the sky, the area where the luxury is horrible to the horrible driving, suddenly came nine horrifying noises...

All the people's sights were attracted to the past, and they sighed with anger and looked so stunned that they could not even send out their exclamations.

At this moment, Ye Xuan fully urged the internal battlefield under the magic dragon to drive, the nine black dragons that have been quiet and incomparably, suddenly moved.

Although these nine black dragons have long since fallen into endless years, they are now being relegated to the Dragon Dragon by Ye Xuan and Jiulong Qinglu, but they have waited for the existence of the dragon, as long as the internal domain of the Dragon Dragon is driven. They can activate them like a cockroach and rush out to kill the enemy.

In the past, Ye Xuan was limited to his own strength and could not reflect the true combat power of these nine dragons, but now this problem does not exist.

At this moment, with the sound of the whistling sound of the sky, the shackles of the shackles bound to their bodies were instantly retracted, and the nine black dragons that were unbounded immediately vacated, and the body shape was only a hundred feet high, with a naked eye. The visible speed quickly expands.

"boom!"

"Booming..."

The voids have thus resonated, and the low-pitched roaring sounds have come out. The nine black bodies have reached the giants of billions, each screaming and screaming, and they are all in front, facing straight ahead. The Terran army of a billion miles away rushed...

At the same time, the sacred and sacred sacred sacred sacred sacred sacred sacred sacred sacred sacred  
sacred sacred sacred sacred sacred sacred sacred sacred sacred sacred sacred sacred sacred sacs The  
distance, the breath has instantly locked the nine ancient powers in front of the Terran Federation army.

At the same time, Mori's incomparable squeaky sounds also came out from the mouth while they were rushing away.

"Listen well, all unrelated people, etc., immediately withdraw, our opponents are these nine powers, others... not yet qualified!"

"There are still people who are stuck in the frontier battlefields within the three interest zones... killing innocents!"

"You'd better not escape. The breath has been locked. Anyone has a change. The battle of our seven sisters will immediately lock him down and start the lore..."

"Hey!"

"Hey..."

The voices of the seven of them are still unsuccessful. Among the high-level people in front of the Confederate Federal Army, everyone who has been trained to be below the power level has changed dramatically and has to withdraw quickly.

At the same time, the nine black dragons are once again screaming and screaming, and the figure is like a black lightning. Under the speed, the blink of an eye will be surrounded by the gloomy humanistic federal nine powers.

But they did not launch an attack, because Ye Xuan's order was to let the nine black dragons form a second envelop around them to prevent anyone from escaping.

Of course, he did not intend to kill the six powers of the two camps of the Terran, and the same was true for the instructions of the seven great repairs.

But the two beasts at the Federal Base of Wanlu must die. For Ye Xuan, that is the blood of two beasts.

As for the other initial power that is also from the Federal Senate, but it is the Terran, it is the death of the living Ye Xuan does not care, all depends on how the seven major repairs themselves deal with ...

At this moment, with the whistling sound of the whistle, the nine black dragons with a huge body shape have formed a layer of encirclement around the periphery.

The void in the circle is full of 500 million miles.

This vast area of 500 million miles is clearly the \*\*\*\* battle between the seven great cults and the nine powers of the Terran Federation.

So vast, even if it is a melee, it is enough. After all, it is only a battle of the power level, and there is still a certain gap with the strongest of the ancient level.

"You are deceiving too much..."

"Hey..."

Until then, the nine abilities of the Terran Federation finally realized that it was not good. It was the strongest, and the Federal Senate, which had reached a half-step despicable situation, screamed and screamed, and its body suddenly soared. Huge, manifested the blood of the body, is actually a red and green stardust poison...

Followed by this, it is also the other fierce beast from the Federal Senate. It also shows the blood in the roar. It is nearly 100 million in shape, but it is a black-spotted tiger. Although it is mighty, it is inside. The tempering of the breath, but only the first step only...

Chapter 4743: Black spotted tiger

"Roar!"

"Hey..."

At this moment, with the blood and the body appearing, the star of the poisonous scorpion and the black-spotted tiger screamed at the same time, and did not pay attention to the nine black dragons trapped in the imaginary air hundreds of millions of miles away from the distance, but toward the seven great savvy Come over.

The nine black dragons were trapped around the four, and each other stood in the void, concealing some kind of avenue, obviously a kind of array, plus the black dragon was originally a powerful body.

Therefore, if there is no accident, it is necessary to break through the trapped formation of the nine black dragons invisibly. Even if they are the Federation of the Terran and the nine ancient powers, I am afraid it will take some time.

In this process, the seven great repairs within the trapped battles are likely to be shot at any time, which is too dangerous.

The best way to deal with it is to first solve the problem and solve the seven major repairs that are also in the trapped interior.

Even if you can't kill, you must be seriously injured, at least let them temporarily lose the power to fight again.

Among the nine ancient powers of the Terran Federation, the deity from the Federal Senate is a half-step ridiculously ridiculously ridiculous, and he will deal with the seven sacred rituals, as long as they find opportunities, each Breaking, it is entirely possible...

For this reason, the sacred and black-spotted tigers that have manifested their \*\*\*\* bodies have rushed up in the first time, while the other seven human races have been able to motivate the body after switching their eyes. The power of the spurt!

"Sisters, stop..."

"The other seven old guys don't care about it for a while, concentrate on the power, solve the black-spotted tiger, and then kill the star-studded drug lord..."

"call out!"

"call out!"

"Booming..."

With the incomparable sound of Sen Han, the seven sculpt's physiques were swept in an instant, and they were originally born in the early days of the wilderness. Even if the strength of the past life did not reach the ancient destiny, the vision was still there.

After the reunion of this world, after the reunion of the Seven Sisters, especially after seeing the former enemy, Xingbo, they secretly sneaked a sigh of relief. From the various ravages known to the past, one was chosen. The best match for their squad, has been secretly involved in the practice.

There is such a killing power, even if they only return to the seventh stage of the ancient powers of the ancients, but the killings start, joined forces to kill, it is the half-step absurd of the great nine-step perfection, It is not difficult to kill.

As for the initial power of the black-spotted tiger, the seven great repairs combined with each other, a face-to-face time can be solved instantly...

"Hey..."

The low humming sounded and it was a big hit.

At this moment, the seven savvy sculpt was shaped into seven sacred stalks. It quickly moved in the void, and its shape was like lightning. In a moment, this powerful field of field power was revealed.

The battlefields between the two sides, there will be a lot of \*\*\*\* killings and smog in the moment, the shadows are shrouded in it, they are all invisible, can't really cut...

"Booming..."

"boom!"

Sure enough, as the killing field field power was activated, spurred to the extreme, and locked the black tiger to dump, this guy could not resist.

The corpse of the cadre drooping machine swayed behind him, and the palm of his hand was shot. In the earth-shattering roar, a loud bang came, and the huge figure of the black-spotted tiger blew up, turning into a \*\*\*\* fog.

"call out....."

Without hesitation, the corpse of the corpse was the first time to shoot, and the wave of invisible rushing out of the wave, immediately wrapped up the blood of the newly spread blood, compressed on the spot into a blood of a diameter, income in vivo.

This is Ye Xuan's special confession, and I will hand it over. If I have a big blood, or even a twenty-nine-level ridiculous treasure, the meaning is absolutely not the same...

All of this is long-lived, but it actually happened between the lights and the fire, and the three interests were not there. The ancient power of the initial situation has fallen.

Such a terrible killing power, the other seven people who are rushing to the side of this side can face a madness, almost conditioned, and the figure is stopped in the void.

Although they immediately became shocked, after the old face was red, they rushed over again, but the speed was slower than before, and they did not directly rush into the center of the seven savage repairs. This is clearly a bit of a taste of foreign work.

After all, the most powerful of the seven of them is only the sixth-order power of the ancients. It is only the mid-peak peak, but it is not in the late stage, but the seven major repairs are all the late powers of the seventh order. Just one-on-one, they are not opponents.

At the moment, the seven people together will kill each other. It seems that the killing power is still extremely horrible. It is absolutely the same as the black-spotted tiger. It is a dead rhythm.

In this case, you can only let Yan Zun stand in front of them. They just wander around and watch the machine move around.

Although it is a bit shameful, it is also a no-brainer. Who told them that they have no strong strength? At the time of life and death, there is no impetus at all.

These seven people are all old monsters, this is a city and calm is still there...

Thus, invisible, the seven of them stayed at the edge of the ruins of the Seven Great Yan Xiu, and they were only half-step and ruthless, and they were trapped in the middle by the Seven Great Yan. Although there is no danger in a short time, it is obviously not too long...

At this moment, with the black-spotted tiger being bombarded by Fuxi, the seven great Yan Xia suddenly revived the spirit, and the fine mans and screams flashed, and the sound of a sweet voice came out again...

"Sisters, the Dalmatian is dead, and the other seven guys seem to be jealous. I dare not easily rush into the killing..."

"Now, there is only one big loach left in the killing line, fully locked, waiting for an opportunity to shoot, with the fastest speed, the shortest time... destroy him!"

"Hey!"

"Hey..."

At the end of the day, the seven Yan Yan's physiques are unchanged, and they are still turned into a singularity. They are like lightning. They are moving at a speed in the imaginary speed, but they are sharp and sharp. The sound also came from their mouths, and the hearts of the people were shocked.

This is one of the changes in the power of this savage killing. With the sharp and screaming sound of this screaming, the starry sky and the poisonous scorpion that was trapped in the center of the killings were upset, constantly voicing the letter, the figure Twisting, extremely uneasy, state of mind, invisible, it gradually became chaotic.

From this moment on, the killing of the field field power, but also because of the blessing of the voice of the whistling, and once again climbed up, originally shrouded the vastness of the universe, the \*\*\*\* slashing fog, suddenly between the masterpiece, like the mountains and mountains In the middle of the year, the smog is not scattered, and it is rolling over...

All of this, all falling in the eyes of the powerful people in the imaginary camps in the distance, immediately triggered a large sigh of coolness, after a brief silence, the road was full of exclamation, such as The tide starts...

Chapter 4744: Fifteen blood

In the void, the land of war! nine

The black demon dragons in the ancient and powerful world are still hovering around in the emptiness of the surrounding world, forming a peripheral trap, and encircling the eight ancient powers of the Terran Federation and the seven majors.

In the inner area, the seven great repairs such as the ancestral marshes formed a second-level killing circle, and now they are besieging the Yiren of the Terran Federation.

The other seven high-ranking powers of the Terran Federation traveled between the two trapped circles and waited for opportunities.

Since the beginning of the war, only a few dozens of interest have passed, but nowadays, after the seven great Yan Xiong's method of thundering and killing the black-spotted tiger, nowadays, with seven battles, the demeanor of the half-step and despicable world has also formed an absolute Repression...

"Hey..."

At this moment, the shape of the seven savvy repairs remains unchanged. As in the past, it turns into a slap in the face, like a lightning bolt, moving at a speed in the void in a fast-paced speed.

At the same time, there was a sharp and inconspicuous whistling sound, which was also heard from their mouths, and the hearts of the people were shocked.

This kind of whistling sound is one of the changes in the power of this wild killing! With

A sharp and screaming sound of the whistling sound was disturbed by the starry sky and poisonous minds of the central squadron, constantly vomiting the letter.

The body shape is twisted, extremely uneasy, the state of mind, and the invisible is gradually chaotic, and less than 30 interest rates, he has been bombarded by the seven major Yan Xiu, and has been bruised. python

Although the cultivation of respect for strength has reached the end of the ancient era, the nine-step great consummation, that is, half-step absurdity. but

At this moment, he was trapped in this secretive murderous murder, and his heart was disturbed by the sound of a whistling sound from the seven Yan Yan's mouths. Under the chaos of the mind, 10% of the combat power can only be played out. Eighty percent.

On the contrary, it is the seven major sacred repairs. Although it is only the late stage of the seventh-order ruins of the ancient powers, it is only a large number of people, and there are seven people, and they are close to each other and have perfect harmony. again

Coupled with the blessing of the field, the seven players can now play almost 12% of the combat power. this

Under the ups and downs, the cultivation is stronger, but it is not too strong and too strong. In such a short period of time, it has fallen into a downturn, and it is almost crushed, which is purely due. "

Rumble..."

"Hey!" This

At the moment, the best time to come, the ancestral sorrows and sorrows in the cold, and immediately with other sisters, the field field power can be spurred to the extreme, and locked in the devotion This guy can't resist it in an instant. Seven

The sisters did not hesitate, and took advantage of this opportunity to sway all over their bodies, while taking a palm shot...

In the earth-shattering roar, a loud bang came, and the huge figure of the sacred blast exploded in a moment, turning into a \*\*\*\* fog. "

call out....."

A hit, the ancestors of the scorpion, a long-slung atmosphere, the first time to shoot, blink of an eye, there is an invisible force rushing out, wrap up the blood mist that just spread, and compress it into a diameter on the spot. Blood beads, income in the body. to

Therefore, Ye Xuan's powerful blood essence used to refine the 29th-level ridiculous Baodan reached fifteen giants. first

The one that was harvested before is the best one, and one can almost reach two.

The same thing that is harvested today, that is to say, among the fifteen powerful blood, there are actually two best things.

Previously, there were only 13 high-energy blood in his hands. If there were no accidents, once Ye Xuan started refining, he would basically ensure that the deserted Baodan was released ten.

As for the probability of eleven, it is only three to 40%, but it is not entirely impossible.

At the moment, as the black-spotted tiger and the scorpion are being slain in a short period of time, the abilities of the powerful blood in his hands will be two more. A total of fifteen high-energy blood is in hand, and there are two of them. And

Even the unknown existence of the ethnic group of the beastly army that he had previously murdered was also a late-stage \*\*\*\* essence of a seventh-order world. This

After counting it, I will use the sacred words of Ye Xuan today. According to his deduction, once the furnace is opened, 13 pieces of the twenty-nine-level ridiculous Baodan will be refining. very

As for the probability of even releasing 14 pieces, it is not completely absent. Although it is not high, it can reach at least 40%.

In fact, even if it is only the thirteen furnaces, it is a huge surprise for Ye Xuan. After all, his original minimum goal is only ten...

It can be said that at present, with the smuggling of Yan Zun, for Ye Xuan, this aspect of the savvy blood of this plot is basically a successful completion of the task in advance. which is

I want more, and it is no longer possible. Fives

The ancient powers of the big leagues were originally 12, of which four beasts, Ye Xuan previously killed two, and now they have been killed by seven great repairs, and the remaining eight are old. Powerful, seven are the strong people of the Terran Federation, and one is the power of the Greys of the Alliance of the Survivors. which is

They bombed them all, and the number of powerful blood in Ye Xuan's hands could not be increased any more. The blood fog formed by the flesh of the Terran and the benevolent strong could not condense the blood of the beast.

However, although the flesh is useless, and Ye Xuan does not intend to kill the eight ancient powers of the Federation of the Terran and the Survivors, but the death penalty is exempt, the live sin can not escape, but the lessons are absolutely indispensable.

Here, with the degeneration of the deities, the seven ancient powers of the Terran Federation have not been the opponents of the seven major savage repairs. Even if the old savage squad is removed, and the smashing of the slaying, the seven savage repairs can easily put them. Abusing a meal.

What's more, there are still nine black dragons in the distance, and the black dragons are in the hovering ring. They can be said that the battle here has no need for Ye Xuan to worry about it anymore. thing

In fact, just in the moment when Yu Xuanfu fell, Ye Xuan paid attention to the power of the gods here, and he had already collected it. In the first time, he swept to the other side of the void and still was still in doubt. Nine heads of bloody, blue sky Dapeng and gray robe remnant power... left

In the far side of the right side of the sky, the \*\*\*\* unicorn and the nine genie crocodile are fighting with Ye Xuan's flesh and blood and the cheekbones, and now it has fallen into the wind. in

Among the top five core alliances in the field, there are only nine bloody, blue sky, Dapeng and grey robe remnants. There are no rivals.

These three old guys are not good things. Although Ye Xuan is not sure to kill them, after all, the real wild power is not so good.

However, this opportunity has been abused and slammed, and they are afraid of it. They can make a good deed in front of the five major coalition forces, but he can do it.

"Booming..."

These thoughts flashed in the brain, hanging in the void of the magic dragon, and there was an invisible breath swept out in an instant, blinking one billion miles, and instantly locked nine \*\*\*\* three...

Chapter 4745: The only chance

"What? The sect of the Terran Federation has actually fallen. This... this is a powerful half-step absurd."

"It is said that this sage, and the singer who was previously killed by the Lord of the Devils, are all the supreme existence of the former Whalei Federal Senate. I did not expect it to be a battle, and almost nothing. At the beginning, it has been successively fallen..."

The previous sighs are worth mentioning. After all, it is the master of the devil's house. He is a powerful mid-stage sorrow. Under the circumstance, only the half-step sacred sage is smashed and killed. "

"But the devotional devotion that has just fallen is too sorrowful. The half-step absurdity of the nine-step grand refinement of the great powers was actually killed by the late powers of the seven seventh-order realms. This is simply shocking. ....""

What is the sacred existence of the mysterious drive? Not only did the Lord of the Temple of God treat each other with courtesy, but even the seven close-knit prostitutes under his account had such terrible fighting power. Under the joint hand, even half-step absurdity was not an opponent..."

It seems that the result of this war has no suspense, and the five major leagues will be defeated. This has just begun, and it has already degraded four powerful levels of combat power, and it has been defeated. "

"The only thing that can't be determined now is that in this battle, whether the five major leagues will have more power and even absurdity. They can't turn around the big picture. The only thing they can do is to reduce the losses. The lowest is already..."

"Look over there, the mysterious man in the luxury driving is going to take the shot, and the power of horrible gods is diffused out, locking the nine bloody, blue sky, Dapeng and the grey robe remnant. can!"

hiss! Sure enough, the mysterious existence of the cultivation is as strong as the Lord of the Devil, and it has reached the fifth stage of the ancient sacred, only one step away, and it will be able to enter the peak of the middle ages..."

"Booming..."

As these exclamations sounded, the eyes of countless powerful men in the void all converge toward the magic dragons hanging in the void. this

At the time, there was an invisible breath sweeping out of the car, blinking one billion miles, and instantly locked nine \*\*\*\* three people, which is the horror of the fifth-order ridiculous...

With the pressure of this moment, the whole body was locked up, and the nine bloody, blue sky, Dapeng and the grey robe remnants of the trepidation were trembled. The condition was reflexive and they slammed a few times directly...

Then, the three of them subconsciously turned their heads and looked at the luxury in the void in the sky just a billion miles away. The look was even more mad, and the scalp was numb.

Previously, the attention of the three of them was attracted by the fierce battles of the seven great cults and the nine ancient powers of the Federation of the Terran. No

After returning to the gods, the seven great Yan Xiu repairs have been thundering between the lights and fires, killing the black tiger in one fell swoop.

This is absolutely shocking, and it is so powerful that it was spiked after the war broke out. Even the three of them were mad, and there was a feeling of being scared. tight

Then, their attention swept to the land of \*\*\*\* battles, and only after the forty years had passed, the cultivation of strength reached the ninth-order great consummation of the ancient powers of the ancients, but it was the half-step ruthless power. Respect, it is also instantly spiked...this

After a wave of shocking events, all of them were extremely incomprehensible. Even the three of them, for a moment, had a bang in their minds and could not react at all. just

At this time, the mysterious existence in the luxurious driving has already spread the power of the gods, and instantly locked the three people's body, which is clearly the rhythm of the shot... straight

At this time, their three talents were shocked and recovered from the previous extreme shock.

Especially after sensing the sense of the atmosphere that locks the whole body, it has been powerful to the fifth stage of the ancient sage. The three people have changed their face, a feeling of extreme badness, and instantly shrouded their hearts.

The gray robe remnant has no need to say more. Although he now has the powerful power of the ancient order of the ancients, this is, after all, paying a huge price and exerting the secret method of the family. and

And with a certain amount of time, at most it will support two hours or so.

If it is a fierce battle, this time limit will shrink again, and most of the time will not support it...

What's more, once the time limit comes, he will fall into a period of at least ten days of weakness because of the anti-psymosis. in

During this time, the power of the grey robe remnant can not even be expected in the later stage of the seventh stage of the ancient powers. Although it is not enough to fall directly out of the ancient powers, at most, only the first step of the power is left. In the early stages of the second order, it was only repaired.

In this case, the following is a crush on a powerful fifth-order dignity. He can imagine the end of the game. It is definitely a rhythm that is being smashed by others.

These thoughts flashed in the brain, and the face of the gray robe remnant was white.

After subconsciously shrinking his neck, he turned to the first nine \*\*\*\* heads and Qingtian Dapeng in the distant sky.

Secretly speaking with the gods: "The two Taoist friends, the old man's sacred cultivation is based on the secret law. If it is a fierce battle, the face is hard to resist the existence of the inside..."

"I am afraid that if I insist on it for about half an hour, I will fall to the big power... At that time, our three desolation forces now have only two of you, which is greatly unfavorable..."

"So, if there is a shot in the driver's car, it is best to be squatted by two friends in the front. The old man wanders around and waits for an opportunity to move. In this case, the mysterious cultivation of the secret law is raised, at least Can hold on to two hours."

"As long as the two friends can completely contain him, there is no need to care about it. At two hours, the old man will be able to find a chance to shoot. It is impossible to kill, but if it is at the crucial moment, the Thunder will strike, It's not impossible to hurt him," he said.

Here, the innocent people of the gray robes flashed in the gloom: "This is the best way to dispose of it, and it is our only chance. Do you agree, two friends... Please decide quickly!"

The voice just fell, and the nine heads of blood and the blue sky Dapeng on the side of the sky had already exchanged their eyes for a moment, and the two had not made a small interest. The two had already made a decision, each of them raised their heads and issued A terrifying whistling sound...

"Roar!"

Oh..."

At the end of the whistling sound, nine \*\*\*\* scorpions and Qingtian Dapeng Pangda nearly tens of thousands of feet of horror figure rushed out at the same time, they instantly turned into two awns, the speed exceeded the lightning, toward the front nearly one billion The lavish driving in the void outside and inside, spurt away.

Seeing this scene, the grey robe remnant suddenly breathed a sigh of relief, and his nervous expression on his face was obviously relieved a lot. Without hesitation, the power of the body was pushed to the extreme in the first time. whole

The figure also turned into a mans, and it was speeding up. After the nine heads of blood and Qingtian Dapeng, they followed behind...

Chapter 4746: The old man licked the dog's eyes.

"boom!"

Rumble..."

In the air, like a roaring roar, nine \*\*\*\* and blue sky Dapeng plucked almost at the same time, rushing toward the luxury of the opposite side of a billion miles away. he

Both of them now show their blood and their bodies, and Panda is nearly 100 million feet. At this time, the speed is high, and the pressure of the ancient and supreme territory is even more motivated. Even the void is shaken. This

In one scene, the remnants of the gray robes were relieved, and the look of nervousness on their faces was also greatly eased. Without hesitation, the power of the body was pushed to the extreme. whole

The figure is also turned into a mans, and the speed is high. After the nine heads of blood and the blue sky Dapeng, they are followed by...

In the meantime, the last three of the five major alliances were released at the same time, and they rushed to the opposite side after the two fronts and ones. This is clearly an active battle, and it is necessary to fight with the mysterious man in the luxury driving. Rhythm. This

The ancient powers that were involved in the First World War reached the four giants, except for the battle of the Lord of the Devils, the \*\*\*\* unicorn, the nine sacred crocodile, the nine-headed \*\*\*\* scorpion, and the Qingtian Dapeng. The pieces of the ruins of the heavens and the earth are in the void, and there has never been such a scene.

The countless powerful people around the void were all wide-eyed, slightly open-mouthed, subconsciously holding their breath, with a shocking color, their eyes gazing..."

I really didn't see it, you three... I still have quite a bit of courage. If so, I will give you loose bones as soon as I wish, and let me move my muscles! "

"Hey..."

At the same instant, opposite to the universe of nearly one billion miles, the luxury and the ultimate driving, and again, Ye Xuan reveals the voice of laziness and disdain.

However, it is still deliberately made a little cover, it does not sound so particularly clear, so even Xuanyuan Ziyan and Duanmu Xiaocha, Zhao Qianru three gimmicks, for a moment, can not hear his voice. With

With the sound of this god, Ye Xuan's body shape has also moved, turning into a mans, rushing out from the magic dragon, driving faster, far beyond lightning, and has already spanned 200 million miles between the blinks. It's not far from the nine \*\*\*\* scorpions, the blue sky Dapeng and the grey robe remnants who are looming from the opposite side.

At the moment, when his figure rushed out of the magic dragon, all the people around the sky, all of them mentioned the eyes of the blind, the eyes were slightly condensed, and the eyelids did not blink. Place

Some people have been wondering how this mysterious existence exists in this extravagant and horrible driving.

But now, they are disappointed, because Ye Xuan, who rushed out of the magic dragon's driving, is covered in a nine-color light group, and can only see the body shape vaguely. Everything else can't be seen. "

call out.....""

boom! "

"Booming..."

Ye Xuan lightning shot, two consecutive punches, banged on the left and right sides of the Qingtian Dapeng and nine \*\*\*\* chest. "

puff! ""

puff....."

After the shocking sound, followed by two dull buzzing sounds, Qingtian Dapeng and the nine-headed \*\*\*\* scorpion had no resistance at all, and the mouth opened with a blood arrow, and the figure was extremely fast. After flying backwards, it looks so bad that it has reached the extreme. One

Hit the two guys to fly, Ye Xuan did not stop here, it seems that the feeling is still unfinished.咧

After licking his mouth, the nine-colored light group covering his body suddenly slammed, and the speed suddenly doubled, chasing the blue sky and the nine heads of blood.

This is clearly the rhythm of continuing to abuse, and it has not ended...

Only when we hand in hand, the blink of an eye, the battle has already appeared. far

Around the place, whether it is the \*\*\*\* unicorn or the nine sacred crocodile, they are all slandered by the two \*\*\*\* seas of the Lord of the Devil. This

On the side of the blue sky Dapeng and nine bloody, it is no exception, only to face one face, it fell into the situation of the mysterious man abused by the car. This

But four powerful ancient sacred priests were smashed by the Lord of the Devils a few months ago. Now the Lord of the Devils has left a detachment in the Black Devil's Hall, but invited a mysterious man to help him. In the end, it was the same result. This

The scene is simply a revamp of the battle a few months ago. The \*\*\*\* unicorns and the nine sacred crocodile in the far side of the left and right sides are also over. The temperament of the war is so terrifying that it is shrouded in the shape of the body.

But the nine \*\*\*\* heads and the blue sky Dapeng on this side are really a bit miserable, and it is chilling. In an instant, the powerful parties and the numerous starry beasts and the ancient survivors who are watching the distant places are all stupid... .."

call out....."

"Hey!" Nine

The speed of the chromophores is approaching the utmost, and the blink of an eye has reached the front, the presence of the gangs is shot, and two fists are banging out...

The simple two-handed bang, the nine-headed \*\*\*\* and the blue sky Dapeng figure have not stabilized, they simply can not dodge, all were bombarded with a porcelain..."

puff! "

"puff!"

After a loud bang, the two old guys opened their mouths almost at the same time. Wow, they spit out an old blood, and the figure was taken back by the momentum, nearly a hundred miles away...

After being bombarded twice, they finally got a deep understanding of the terrorist power of the suspected human race in the nine-color group. This

Where is the human race strong, it is simply a humanoid beast, a single force, definitely not weaker than the violent, it is horrible. true

To be so devastated, the two of them will not be degraded, but they will not be able to keep a few bones intact.

Even if the parents did not see anything, they were broken and they were broken. This is a bit too much wrong.

More importantly, from the current situation, there is no hope in this battle. If you stay here, if the violent temper in the black magic hall in front of you can't hold back, then follow the shot...

One-on-one, they are afraid that they will not be able to go. It is definitely a bad injury. inverted

It's better to take advantage of the fact that the situation has not deteriorated to the point where it is out of control.

Here, the nine-headed \*\*\*\* and Qingtian Dapeng suddenly trembled, and after switching to a look, they looked up and shouted...

"Hey!"

"Hey!"

With the sound of screaming, both of them pushed the blood of the body to the extreme, and exerted the strongest technique at all costs. "

Rumble..."

"Card!"

Card..."

Two crisp and fierce cracks rang, just above the top of their heads, each with a void crack. blink

Between the eyes, the huge body shape of the nine \*\*\*\* and blue sky Dapeng, turned into two red and one green, tearing the void, lasing away, disappeared without seeing ... see

In this scene, the strong parties around the imaginary sky are dumbfounded on the spot, especially in the Star Alliance forces in the five major leagues. The eyes of countless powerful people are falling out. positive

The gray robe remnant who walked outside the battle circle was even more squirting a blood arrow with a mouth open, and his face was sorrowful and roaring like thunder: "I rely on! The old man simply licked the dog's eyes..."

Chapter 4747: Old man wants revenge

"Booming..."

"Card!"

"Card..."

The sound of the choppy cracks of the road sounded, and there was a void crack in the top of their heads.

Nine heads of blood and Qingtian Dapeng's huge body shape are shrinking, and they are turned into two red and one green, and they blink into it, and they disappear.

The gray robes of the remnants of the robes who walked outside the circle spurted a blood arrow: "I rely on! Just ran this way? The old man simply licked the dog's eyes..."

This scene happened too suddenly. No one expected that the nine powerful and ancient sages of the nine heads of blood and Qingtian Dapeng only supported two faces and fled directly.

Don't be so sloppy, you will know that you are used to it! Such as

This unexpected scene made the strong parties around the imaginary sky stupid on the spot, especially in the Star Alliance forces in the five major leagues, the eyes of countless powerful people were falling out. short

After the temporary silence, the overwhelming screams suddenly screamed in the air, and the vast void was stunned...

"What? Nine heads of blood and Qingtian Dapeng actually escaped? This ... the old man will not be an illusion?"

What \*\*\*\* is awkward, and it's too shameful. It's just two fists. It's straightforward, and you don't even say hello, you turn around and run..."

"Looking at that numbness, it seems that it is a regular exercise. It is no wonder that I could escape in the hands of the Lord of the Temple. It is estimated that this kind of thing has been done more and it has been practiced..."

"The gray robe of the Poor People's Alliance is so powerful. It is too wrong. They all take out the reserve heart in their right chest and chew it, and pay for such a heavy price in exchange for the awe-inspiring power. It loses its meaning..."

This is being pitted. The two old guys are too kind, how many say hello, and now everyone who stays here stays here, really is very embarrassing..."

What can I do if I don't stay? Nine heads of blood and Qingtian Dapeng can be different. There are no \*\*\*\* people and Qingpeng people in the Star Alliance. They can leave at any time, but the gray robe is different. The army is a family of people..."

"This time it's really awful..."

Oh..."

The sound of the hustle and bustle of the surrounding air has not yet fallen. Here, the power of the ruins of the gray robes has already raised a long sorrow.

The late powers of the Alliance of the Survivors of the People's Republic of China were so mad that they couldn't help but know the anger of their hearts.

However, Ye Xuan can not care so much, for him, taking advantage of this time, is to try, whether it can beat the survivors' union in one fell swoop, the best opportunity to take advantage of the income.

"What are you doing? I haven't shot yet..."

The thoughts flashed through the brain, and Ye Xuan's mid-cold flashes, and between the movements, the nine-colored light group that shrouded his body shape was suddenly smashed, and the speed suddenly doubled, and the blink of an eye came. The gray robe remnant is in front of the power...

"boom!"

"Booming..."

boom! "No

Hesitant, close to the first, Ye Xuan is easy to shoot in the first time, still no use of any treasures of action, still just a simple single punch. This

The speed of a punch is too fast. In the middle of the chest of the gray robes, the sound of the earth-shattering sound is heard. The gray robe can open a mouth and spurt a blood arrow, and the figure is flying backwards..."

call out....."

Just flew a million miles, Jiu Caiguang group slammed into the ground and chased it again, directly overtaking, stopped in front of the gray robe avatar. "

boom! "

This time, Ye Xuan did not use the boxing, but raised his right leg and kicked it out. With

The thunder of the sky was revived, and the gray robes that had not yet been exhausted, the whole body was curled up by the pain, and it was like a ball, and was kicked back directly...

This scene stunned all the people, and the late powers of the Tang Dynasty, nowadays are paying a heavy price, and temporarily gain the powerful power of the first step of the ancient and supreme. but

Nowadays, the mysterious young man in the face of luxury driving has not even had the power to resist half a minute. First, he was shot and flew, and he was kicked back in the middle.

This is simply terrible!

After a short period of silence, like the scream of the tide, it sounded again and again...

"Too bad, is this a late power?"

The lord of the Supreme People's Alliance, the person of Ding Ding, was kicked and kicked like a ball in the public. This is simply... the presence in the light group, is it really playing? It's clear that he didn't take him seriously! ""

The contrast of strength is too great. The mysterious existence in the light group is really just playing him. Otherwise, if he is willing, the first punch will be able to explode the gray robe of the Alliance of the Survivors..."

Yes, it's really a matter of keeping a hand. After all, the gray robe is a sublime cultivation by the secret method. If there is not enough information, if there is a heart in the light group, it is really difficult for him to make a punch. The previous nine \*\*\*\* and The reason why Qingtian Dapeng escaped only two rounds is obviously not unreasonable. ""

That is the two old foxes. After two punches, they have already seen that things can't be done. It's really ok..."

The gray robe of the poor remnant union was actually left behind, and the situation in front of him was clearly the rhythm of being killed on the spot. It's a pity that it's a shame, everything goes empty, then I can't do anything about anger, and I don't have a chance to report it to the enemy."

"Hey..."

The last sentence seems to have touched the painful place of the gray robe. At this moment, his body shape was kicked by Ye Xuan, still in the middle, clearly not hit again, but grief and incomparably turned his hair out of a fierce Incomparably miserable...

Looking at the look on his face, it is even more sorrowful to the extreme, like crazy.

Although the abuse was very miserable, but in his heart, he had no resentment against Ye Xuan in his heart. The \*\*\*\* battle in the stars is like this. The skill is not as good as people, and he is willing to gamble and lose. more

What's more, even though people are playing around with him in public, there is no humiliating words. How much is left in the face. After all, he is just a ruinous power. He is abused by a powerful fifth-order ruin. It is not too shameful. thing.

At least the people left their feelings and took two shots in succession. They didn't take his life...this

When he looked up, his grief was too fierce, and the goal of this resentment, besides the nine \*\*\*\* and blue sky, it is impossible to have others!

When I think that I will be degraded here today, I will die in this way. The hatred of Haotian has no chance to report, and the gray robes of the gray robe will be suddenly turned into blood red.

At this moment, his heart suddenly burst into a touch of extreme unwillingness, and he turned to the back and chased after him. It was already near the front of Ye Xuan, and the gods knew: "It's so dead, the old man is not willing..."

"I would like to make a vow to follow you, at least to have the opportunity to personally hand the two shameless old men..."

Chapter 4748: as you wish

"It's so dead, the old man is not willing..."

In the midst of sorrow and anger, the gray robe power suddenly burst into a touch of extreme unwillingness, and turned to the back of the chasing, and it was already to the recent Ye Xuan looked over. face

With the color of the wings, God knows the voice: "I would like to make a vow, follow you, at least have the opportunity, personally hand the two shameless old man!"

If you can't do it, if you can't, the old man will not be able to blew himself up and turn into a devil, and he will never let go of the two old men..."

Still a bit sturdy! Just rush to this point, some... as you wish! "This

It was the result of Ye Xuan's wants, and his slap in the face of a slap in the face, and immediately passed the voice of the gods: "However, this matter is temporarily inconvenient to open, it is also good for you, the legacy of the Alliance of the Survivors is too big, really anti-water The other four major leagues, I am afraid I will not let you go..."

"Listen to a slowly, in the process, you probably have to punch a few more punches... But one promised today, everything is worth it!"

"Booming..."

boom! "

The sound of the gods has not yet fallen, and the nine-color group has arrived. There is no half-lag, and Ye Xuan immediately slams into the back of the gray robe.

The shocking explosion came out, and the gray robes' physique once again flew forward, but at this moment, in the depths of his bottom, there was a glimpse of ecstasy that flashed through the thick, unable to open. I can't believe it. on

Just now, with a moment of punching on his back, the existence of the canopy nine colored light group, a clear homeopathic sent a treasure of storage into his body. and

At this time, his body shape just flew forward, and in the ear, the voice of the other god's voice was once again heard: "There are 10,000 cubic nine-color magical medicines in the storage magic weapon..." "

Yes, it is the legendary nine-color magical medicine, which was refining by a person who was not long ago. It is enough for you to cultivate your strength in a short period of time and upgrade to the ninth-order greatness of the ancients. "

"At that time, you can come to the magic hall to find the demon Lord. He has given you a twenty-nine-level ridiculous Baodan, which is one of them. It will allow you to successfully break through to the ancient times in a short time. No suspense!"

As for the oath, some don't need it. If you dare to swear by the yin, it's not just you. It's all the ancient people in the world of the ruins of the ruins, and the existence of the sacred temple, the rest... will be slaughtered! ""

If you do this, where do you go, you are good at it..."

The last blow, you bite your teeth..."

"Booming..."

boom! "

At the end of the last voice of the gods, Ye Xuan's flashed a secluded man, and the speed of the nine-color group suddenly doubled. The blink of an eye has already reached the front, and it's still a simple punch.

"Hey..."

After the loud noise of the sky, the fierce screams of fierceness sounded, and the powerful figure of the gray robe glared away. only

No one was aware of it. In the last tragic sound, there was a clear hint of ecstasy. of

It was indeed a joy. He thought that he would die. He didn't expect it to be blessed in disguise. Not only did he easily get 10,000 cubic meters of eclipse, but he would soon upgrade his strength to the ninth stage of the great power. You can also come to Xusheng to ban the land and ask the Lord of the Temple for a so-called twenty-ninth-level ridiculous treasure. he

Although I don't know what the twenty-ninth-level ridiculous treasure is, I am convinced of the words of the mysterious man in the nine-color group. people

There is no need for the family to lie to him. As a fifth-order ridiculous, he simply disdains it. more

Moreover, he himself said that he could make an oath, but the other party did not need it at all, and he also gave him 10,000 cubic meters of colorful medicine on the spot...

That is the colorful magical medicine. Even in the distant wilderness era, it belongs to the legendary supreme resources, that is, the ancient sages of the ruins of the wilderness must be crazy about it.

However, people randomly throw 10,000 cubes to him. This is clearly the rhythm that they can refine themselves. If they can't refine themselves, can these top resources be so generous?

Not to mention that there are nine \*\*\*\* and Qingtian Dapeng, the two shameless old goods, the big hatred of the day, even if there is no such child, just this 10,000 cubic nine-color magical medicine is enough to let him Heartbeat, surrender to the other side! "

Not interesting..."

After this shot, Ye Xuan did not continue to pursue, and the nine-color group suddenly stopped in the void, and then there was a sound of lazy words in Ye Xuan. Minute

Ming is too disgusting: "Weak! It is too weak, and I dare not use too much force. I am afraid that my fist will be blown up. I will fight like this. I am afraid that I will not want to open my muscles for a long time. It is really boring. ...."

If it was in the past, most of the words would be able to spur the gray robe to the spot.

But nowadays, such words are passed into the ears, giving him a feeling of being very sweet, how to listen to how to listen to the ears...

However, I am not happy to show it again. The newly-recognized mysterious master has just said that this matter is not suitable for the time being, and that people are also thinking about the alliance between him and the survivors. Otherwise, depending on the strength of the fifth-order absurdity of the people, there is What is jealous?

Is it so obscured?

Thinking of this, the power of the gray robe suddenly burst into a strong touch. This time it was really lucky. I met such a benevolent, this is the same from the beginning of the other. With the thought of the Alliance of Survivors, it is still enough to prove that the 10,000-color nine-color magical medicine is directly sent out.

With this in mind, the gray robe can look like a moment, and people can't live up to it. In any case, they must cooperate well and must not let anyone see the clue..."

Oh..." This

The thought flashed in my mind, and he immediately urged the strength of the body, directly forced out a blood, opened his mouth and sprayed it out...

At this time, the shape of the former rushing forward also happened to be in front of the army of the Alliance of the Survivors. At this moment, it is the best opportunity to take the army to withdraw and return to the Alliance. "

In this battle, the old man recognized the plant..."

Star Alliance, you are waiting, today's business... no end! "

"The army of the Survivors Alliance listened to orders, leaving no soldiers and one pawn... All the staff evacuated!"

The last sentence said that the gray robe was so swaying that it instantly broke into a giant warship in the army of the Alliance of the Survivors, and disappeared.

"Boom!"

"Booming..."

In the next moment, countless large and small warships in the army of the Survivors Alliance screamed in the air, and they turned around in the void. Without a half-stop, they rushed to the rear in the first place. This clearly meant to withdraw from the battle and evacuate. The rhythm of Xu Xing's forbidden land. This

In one scene, the commanding elites of the other four coalition forces were suddenly changed. But now, whether it is the Scarlet Cyrus, the Nine Monsters, or the seven remaining ancient powers of the Terran Federation, they are being abused. No one in the army is the opponent of the gray robe, dare to stand up to stop or persuade? only

I can watch the battle boat army of the Alliance of the Survivors, and gradually drift away...
