

## Super D. S 475

Chapter 475: Going to me?

So fast!

After seeing the speed of Ye Xuan, the old man stunned. He knew that he couldn't hide it anymore, and immediately counterattacked.

But what he didn't know was that Ye Xuan regarded him as a sparring, and Ye Xuan's martial arts was making rapid progress.

"Hey, the proficiency of the swordsmanship of the Shangqing is improved, and it is currently 80%!"

"Hey, the proficiency of the swordsmanship of the Shangqing is improved, and it is currently 90% hot!"

With the blood of the sword, the proficiency of the sword method is improved quickly. In less than a minute, the sword method of the Qing Dynasty is upgraded to 90% proficiency, and the sword method used by the old man is only 60% of the fire.

Ye Xuan felt almost the same, and finally began to kill.

"Clear the enchantment!"

Ye Xuan took out a sword and gave birth to the old man. Fortunately, the old man blocked it with a long sword, otherwise it would be dangerous.

But the next moment, the old man's face is a stiff.

"Hundred Ghosts Night!"

At the moment when Ye Xuan flew out of the old man, Ye Xuan released a lot of grievances.

These grievances are all nine-order and ten-order, although they have little effect on the old man, but Ye Xuan only uses them to contain it.

Now, the old man reacted. Ye Xuan was not a disciple of Shangqing Palace, but a man who killed the disciples of the Qing Dynasty.

"I didn't want to bully more, but I couldn't help it..."

In the heart of Ye Xuan's heart, he originally wanted to kill the old man one-on-one, but he suddenly saw a picture on the mirror.

There is a fleet that landed on Tianshui Island.

Presumably, it is the person of Sirius Island.

They are not coming, so Ye Xuan must quickly kill the old man.

The old man was surrounded by a group of grievances in an instant, and Ye Xuan was mixed in, looking for opportunities. Suddenly, he found a flaw in the old man, and immediately swept out a sword.

The annihilation of the konjac!

The martial arts of the Shangqing Palace is so powerful to the evil creatures. The same is true of the annihilation of the konjac. It instantly smashes a few grievances and then hits the old man.

"boom!"

This time, the old man did not have the ability to resist, and was directly smashed into two pieces. Afterwards, Ye Xuan made up a hidden dragon thorn and completely killed the old man.

I have to say that the strength of the old man is not bad, only a second of time to kill the grievances.

However, he and Ye Xuan are still a lot worse, even if there is no need for human tactics, it is only a matter of time before Ye Xuan kills him.

After his death, Ye Xuan was very rude to pick up the Qiang Kun ring.

"Hey, the host has opened the fifth vein!"

The old man should still have some status in the Tang family, and his family is even more than the disciples of the Qing Palace.

"No time, Megatron, hide this guy."

Ye Xuan directly called Megatron, he could not let Tang Tian die, and when he came back, he would use the method of the ghost gate to torture Tang Tian.

The fleet has already landed, and the three of the team have already taken the lead in Zhongzhou.

Ye Xuan, when they left, destroyed their ship and killed the sailors.

Then, solve the three people one by one.

At the moment, he rushed toward the fleet and avoided the three.

When the three men arrived in Zhongzhou, Ye Xuan also found their fleet.

This time, the Tang family should also be the master of the gods. If Ye Xuan killed the ship and the sailors, then the three could not arrest the people.

“Hundreds of people are in a dilemma. How do you spend so many people this time?”

Ye Xuan was shocked.

It seems that this Tang family wants to grab more people back to Sirius Island, so it is impossible for Ye Xuan to let them go back.

"kill!"

At that time, he just killed it.

This fleet has a total of two hundred enemies, plus a thousand power dilemmas, although the number is very large, but in the eyes of Ye Xuan, a master of the dilemma, is a group of ants.

Within half a minute, all of this group of people became corpses, and all of them were in the hands of Ye Xuan.

That thousand-powered dilemma is nothing, but the value of these Qiang Qiang masters adds up to the value, but it still can't let Ye Xuan get through the sixth.

Then, Ye Xuan ruined more than a dozen ships, and then took out the mirror of everything.

The three masters of the fine world can't find Tang Tian and the old man. They are searching for each other. This Tianshui continent is a small island for them. It is not a problem to find a fine environment with their induction.

The three people split their actions, which also coincided with the meaning of Ye Xuan.

Ye Xuan does not know what the three realms are, and the split is the best.

At the moment, he is approaching the nearest person with a mirror.

Soon, he found one of them, not only that, but he also used the identity of the Shangqing Palace.

This exquisite master is just like the old man, only seven roads are opened, but the realm is lower than the old one, so it is easily killed by Ye Xuan.

Ye Xuan got his ring, his strength improved again, and he started looking for a second person.

The second person, also through seven grounds, also died in Ye Xuan's hands.

As for the last person, he still got through seven veins and was also killed by Ye Xuan.

At the same time, Ye Xuan also learned the purpose of the Tang family's trip.

He guessed that it was really good. This Tang family wanted to take back all the people in the real world and above.

Fortunately, he came back early, and if it is a little later, the entire Tianshui continent will be empty.

The fine world of these three people, together with other people, allowed Ye Xuan's realm to rise again and opened up the sixth land.

Later, he just took Tang Tian back and tortured others.

The great elder Lin Wenyue is hidden on the edge of the Tianshui continent. To be precise, it is the new dragon palace of the Hailong family.

However, when Ye Xuan came to the New Dragon Palace, he found that everyone else was there, but only two people were missing.

Song Dynasty and Song ruling!

"Great elders, cut them?" Ye Xuan could not help but ask.

"Forget to tell you, not long after they came back, they mastered the wonderful state, so they went to the Blood Rock mainland to find you..."

The elders said truthfully.

"What, go find me?"

Ye Xuan was shocked.

When I was in the Deep Sea Palace, the Song Dynasty and the Song ruling thought that my strength could not keep up with the rhythm of Ye Xuan, so I went back to Tianshui.

Ye Xuan did not expect that after they went back, they mastered the wonderful state of cultivation and cultivated for a thousand miles.

"Well, when they closed out once, they almost broke through to the shackles. They were afraid that they couldn't enter the deep sea palace, so they went to the blood rock continent." Lin Wenyue nodded.

Ye Xuan had a headache, although he was more confident about the strength of the two, but after all, it was a \*\*\*\* rock continent, and the power was much more than enough.

What he hopes at this time is that Song decided that the two brothers and sisters should not go too far. If they go to the intermediate territory, the danger will be great.
