

## Super D.S 4751

Chapter 4751: Friends of all walks of life come to nothing

In fact, a large black-headed stick appeared from the nine-color light group. It was originally Ye Xuan deliberately.

Only in this way, his previous actions will not be irritating. Otherwise, if you hide the body shape before, and then deliberately reveal the true meaning, it will inevitably make people think!

At this moment, with the screams behind the four major corps of the Demon Temple, all the powerful parties in the imaginary sky were all in one, and then all kinds of exclamations sounded like a tide..."

what? Ye Xuan? Is that legendary Tianhe star master? It is said that this person is known as the first enchantress in the younger generation in the three cosmic planes of the outsiders, but unfortunately it has never been exposed. Today, it is so amazing..."

hiss! The mysterious existence in the luxury driving is actually him? How can this be....."

"There will be no mistakes. The \*\*\*\* stick is Ye Xuan's famous murderer. How can it easily fall into the hands of others? What's more... don't you think this luxury is a bit familiar?"

Yes, in the second universe, the sinister star, this guy pretends to be the blood ancestor of the sacred ancestors, and has gone from a sinister to a phoenix, and it is clearly the prototype of this luxury car. Refining..."

"There is also the style of acting that I have seen today. It is clearly the same as the ancestors who caused a lot of glory in the three universes. It is definitely him..."

Rumble..."

"boom!""

Oh..."

The screams of the tides in the surrounding air have not yet fallen, and the battlefield beyond the billions of miles ahead has once again brought a thunderous roar. tight

Then, there was a fierce and long screaming, and the people shed tears..."

Oh..."

The sound of miserableness has not yet fallen. In the distance of this direction, a clear and unclear crack is heard.

The void was torn open with a crack, and the brain was blasted, and the \*\*\*\* unicorn of Sui Baoguang was blooming. The horror figure of the original Pangda over 100 million feet was also reduced at a speed visible to the naked eye...

In this process, his body shape and castration also suddenly turned, adjusted the direction, and went straight to the void crack in the high point of the void.

This is clearly the rhythm to escape. but

All people are not surprised. first

Before, just the flesh and blood of the Lord of the Devil, he has already crushed him, and now the Tianhe star, Ye Xuan, who is not weaker than the Lord of the Temple, has also inserted in, under the enemy, he It's not even a little bit of parry. short

In a short period of time, the brain of the bombardment broke open. true

If you don't want to fall back, even if you don't fall, it's a matter of time.

And there is no hope in this battle. It's meaningless to stay there again. It's the most sensible choice to take a long way to go..."

Tianhe Star Lord Ye Xuan, right? And the Lord of the Devils... You wait, the things of today are far from over! "

Just as the body shape of the \*\*\*\* unicorn rushed into the void of the void, a faint sorrow, and the sound of the gods of endless resentment, came along. whole

The vast voids are clearly audible: "The new hatreds and old grievances come together in the coming days. When the priests return to their predecessors, they are the time of your fall..."

Roar! "most

After that, the \*\*\*\* unicorn that rushed into the crack of the void made a terrible roar, and the figure was also in the next moment, and disappeared without seeing it...

In this scene, Ye Xuan and flesh and blood turned to exchange a look, and there was a disappointment in the middle.

This time, Ye Xuan even took out the \*\*\*\* sticks, and he shot with the flesh and blood. At the last moment, the foot and the feet rushed to the \*\*\*\* unicorn. It was originally hoped that he could be seriously injured, and then he tried to fight it. . If

It is really successful, and Ye Xuan's hands will once again harvest a precious and \*\*\*\* essence, which is absolutely significant.

It is a pity that it is too difficult to kill the real existence of the ancient and supreme. The same time, the \*\*\*\* unicorn was not even seriously injured. At most, it was a minor injury, and it will recover soon. Do not

However, Ye Xuan did not care about the rumors that he had released before he left. He didn't care at all. This

The old guy's current cultivation is the fifth stage of the ancient and supreme, but in fact, his peak power in the early days of the flood, but in the late stage of this, is the seventh step of the ancient and supreme. From

From the fifth to the seventh, the seemingly only two-stage breakthrough, but there is no chaotic medicine in his hands, even the nine-color \*\*\*\* medicine and even Zijinbao medicine.

The two-stage repair is to restore, to reach the peak state of the original, obviously not a year and a half can be done. With this time, Ye Xuan has no idea how many times to break through. Session

When he does not appear to fall, if there is such a courage to find the door, perhaps it can really kill it in one fell swoop... It is really difficult to kill the ancient supreme, but for the nine-order grand perfection of this situation, it is half in the presence of the stepping level, it is obviously not the case.

For example, the vulgar giant tortoise, the old goods, have not been crouching on the banks of the galaxy of the glory of the moon, secretly searching for the ancient Supreme, and hunted? true

In a few years, Ye Xuan may not be able to reach that level. Even if the real cultivation is not achieved, there is absolutely no problem in the state of the konjac.

These thoughts flashed through the brain, and Ye Xuan's moments suddenly disappeared. He took a deep breath and turned around with flesh and blood. He rushed toward Xusheng's forbidden land. this

At the time, the emptiness of the air has already sounded again. blood

The color unicorn actually ran away again, and before he left, he also smashed a few weights, and his brain was blasted. Even if it was not seriously injured, it was really shameful and suffocating. and

With his departure, this battle has finally disappeared without any suspense, and the magic hall of the Tianhe Star Lord Ye Xuan will surely win.

In the scream of the tide, Ye Xuan and flesh and blood have been spurting billions of miles, and they came to the edge of Xu Sheng's forbidden land, and the two armies confronted this one billion-dollar void battlefield.

There was no indication of flesh and blood, and the first time I looked at the distant space in front of the right side.

And Ye Xuan, who took the skin and swept the head to the Star Alliance, the Alliance of Tens of Nations and the Federation of People's Nations among the five major leagues. These three major alliances came from the three major star planes of the world. At this time, the people in front of the army Among the top management, there are quite a few familiar faces. example

Such as Long Yao, is one of them... this

At this time, the guys saw Ye Xuan up close, and after confirming that it was him, the look on his face seemed to have seen a ghost, and his body trembled...

In this scene, Ye Xuanyuan flashed in the middle of the cold, and his face also sneered: "Long time no see, you are friends... Don't come innocent?"

This sounds like it seems to be greeting, but Ye Xuan's words have revealed the endless coldness of Sen, and he thinks that he is the only one who is in the front of the three camps. Suddenly I felt that the whole person was not good, and my body shape was subconsciously squatting a few times...

Chapter 4752: Dashui rushed to the Dragon King Temple

In front of the three major coalitions of the Star Alliance, the Alliance of Ten Thousands and the Federation of Terran, the top of the camp in the void, although there are many faces, but for Ye Xuan, there are also many acquaintances...

More than a few decades ago, there were more or less contact with Ye Xuan. people

The federal government has the largest number of people here. For example, the former Superintendent of the Federal Institute of Supervision, the Emperor of the Heavenly Empire, the war of

the Emperor, the Prince of Heaven, and the monarch of the Tianchen Kingdom, as well as the Prince Xu will fall and so on.

There are also unhappy dynasties in the Death Star and Ye Xuan, and the Huai Dongzi, Tian Qianzi, and others. also

There are palaces, no hearts, no dust, hatred, and jade fairy tales. The ancestors of the two camps of the two camps are now all immortal.

It can be seen that since entering the emptiness of this piece of ruined land, the major tribes and forces of the three major stars and stars of the original world have not lost much.

They attacked a starry ban, hunted the beasts, and also smashed the sacred land and robbed all kinds of resources. Perhaps even the secrets of other people's refining drugs were learned. If

Not so, in just a few decades, these guys can't be refined so fast. Oh

By the way, there is another factor, that is, as the coming of the end of the floods is getting closer and closer, the major ethnic groups and the forces of all parties are always in the blood of the ancestors, and they are waking up. In the middle, there are their guidance and support, and the extent to which the younger generations have improved their strength is obviously far from comparable. in

On the side of the Terran Federation, Ye Xuan even saw four people, including the Demon, Zhao Lingqi, Xiaoyaozi and Yinxia Fairy. Nowadays, they all have entered the universe, and it is true that there is a phagocytic system in the body and Ye Xuan.

However, all four of them have lost to Ye Xuan in the system competition task, and the body's phagocytic system is a vassal of Ye Xuan's body engulfing system.

Although Ye Xuan has never used this ability to force them to do anything, because they simply disdain, they have been disdainful at the beginning, and now it is a joke.

But at the moment, these four guys saw Ye Xuan's gaze swept away from himself, perhaps because of the guilty conscience, but they all agreed to shrink their necks, seemingly pitiful, and where What is the look of the universe? leaf

Xuan smiled, and for a few decades, the four guys had been pressed by Ye Xuan, but at least they had the power to fight with him.

But now?

Ye Xuan even dismissed them for their shots. If there is such a thing, if you blow your breath, you can make them explode...

The thoughts flashed through my mind, and Ye Xuan's heart suddenly gave birth to emotions, and the state of mind actually had a small sublimation in the invisible.

The next moment, he smiled, his eyes removed from the four guys, the clouds were light and windy, and he would never be able to enter his eyes again, because he was not qualified.

At this moment, Ye Xuan's twilight did not reveal a slight contempt, but at the moment when his gaze was removed, the four sons of the demon, Zhao Lingqi, Xiaoyaozi and Yinxia fairy were aware of their faces. It turned pale in an instant.

Until then, they finally realized that the gap between themselves and Ye Xuan is said to be the difference between the clouds and the mud, that is to raise them, because ... there is no comparable! Vision

The line moved away, and Ye Xuan's gaze swept to the Star Alliance and the Alliance of Nations.

In front of the army of these two major alliances, there are also many acquaintances among the top leaders of the alliance standing in the void.

Among the Star Alliance, the original nine second universes, such as the Bloody, Qingpeng, War Lion, Silver, Lan, Golden Eagle, Caisong, Greedy and Tree Spirits, were originally used. The top ten ethnic groups are headed. when

However, in today's Star Alliance, there are no high-level members of the bloody, Qingpeng and war lions. Because they are all captured, they are now an important part of the captive army of one of the four major armies of the Temple. but

Among the other six high-level executives, many have been seen by Ye Xuan. and

On the other side, the alliance of the nations is composed of the original slaves and servants of the first universe. There are also many familiar faces here. Among them, the golden fangs of the space rat and the old ants of the \*\*\*\* ants are bloody. There is also an old guy of the giants, even with Ye Xuan, and the gold elder of the unnamed alliance. this

Engraved, as Ye Xuan's gaze swept over them, the expressions on the face of these old guys were so wonderful that when they were red, they were green and stunned.

However, Ye Xuan did not pay attention to them. It was originally the original, and now... These old guys are absolutely impossible even if they are allied with Ye Xuan and become allies. because

There is no such qualification at all!

With a faint smile, Ye Xuan's dawn continued to sweep slowly. Soon, in the top of the camp in front of the Star Alliance army, he saw the wolf, the stunned, the golden scorpion, the horns, the Medusa and the lion. Six people. he

The talents of the six people are extraordinary, not to mention the cultivation resources that Ye Xuan gave, and the harvest in the illusory sky of these ruins in the past few years. Now, without exception, they all become the universe. .

For these six guys, Ye Xuan did not feel bad, because they returned to their respective ethnic groups, which was originally the intention of Ye Xuan, let them go back to undercover.

However, this arrangement does not make any sense today. The level of Ye Xuan is no longer needed. but

At this moment, as his light sweeps, the six guys are excited and their faces are flushed, and their breathing is short, and they are clearly excited.

From this point of view alone, it is enough to show that they did not centrifuge Ye Xuan.

Of course, Ye Xuan does not care whether it is centrifugal or not, but since they have always been loyal, then, in their own right, this is obviously tantamount to a good fortune. "

Oh, yeah..."

"It turned out to be Ye Xingzhu... This is really a big flood of the Dragon King Temple."

Misunderstanding, misunderstanding of Tianda..."

Ye Xuan's line of sight slowly swept, and all the acquaintances had just finished watching. In front of the Nether Central, the frontier of the Terran Federation, Long Hao had already smirked and shook hands at Ye Xuan and cheered. Look

It is very enthusiasm, which is completely different from his character, but it is normal. After all, the height of Ye Xuan's standing has already reached the level that he can't look up to.

Long Hao's heart has no grievances for him, and he is so proud of himself. In the face of today's Ye Xuan, he can only do this. After all, he and Ye Xuan had quite a grudge, saying that they have been It's not an exaggeration to do it with Ye Xuan. Such as

This situation, even if he puts down his body and nods his head, he still feels that he is not enough. If he can save his life, there is no point in his heart.

At this moment, the reason why I was licking my face, so brazenly and arrogantly greeted Ye Xuan, saying that he said that he was blushing and disgusting, completely for the sake of seeking that may not exist at all, a glimmer of life...

Chapter 4753: Who do you think you are

"Is there a qualification for you to open your mouth in front of the Lord?"

Wen Yan, Ye Xuan turned to look forward, Twilight swept over a face of the aunt's dragon, snorted and dismissively answered: "To meet or talk with the star, it must be called Emperor II, as for You... what?"

"call out!"

Oh..."

As soon as the sound fell, Ye Xuan's face retracted his eyes, raising his hand across hundreds of millions of miles, pointing to the dragon's finger...

After the sharp sound of the air, followed by a burst of blast. Dragon

There are no more chances for Qilian to scream, and the whole body will burst open and form a god. One

The powerful universe supreme, it was so smouldering, and Ye Xuan, just a finger out, separated from him by hundreds of millions of miles of the universe, and stunned him.

This scene scared everyone, and there were countless squeaking sounds in the air, but no one dared to exclaim, even if my heart was stunned again, and I closed my mouth tightly, fearing that this demon \*\*\*\* would be on my side. Also stick out the fingers, then one or two...

Ye Xuan's current level is obviously lacking in interest in the bombing of Long Yao. but

This old guy always played against him in the past, and his grievances were too deep. The things of the year, after all, need to be settled. Stretching a finger and licking it, it is all that is the end of the year, but it is not bad. more

What's more, the army of the great fortresses who led the Terran Federation, and the commander of the fleet that killed the Tianhe Stars were also him. In that battle, even the blood of the ancient and powerful world fell, and the entire fortress of the Terran Federation The army was all captured, and only the dragons escaped. Such as

Today, he will be killed by a finger, and it is also a statement and confession of Ye Xuan to the gangs and old friends of the Tianhe Star Field!

All this is long, but in fact, it only happens between a few short breaks..."

Roar! "

Just in the eyes of Ye Xuan, he swept through the top of the three major league camps, and at the end of the hundreds of millions of miles away, he easily and arbitrarily smashed the dragon, while he was with him billions of dollars from the left. In the outer virtual air, returning to the flesh and blood of the central battlefield of the two armies, that is, the starry sky, it has already screamed and slammed into the billions of miles to the right.

On the side, the main body of the Temple of the Devil, the skeletal body of the three blood seas, is still fighting fiercely with the nine sacred crocodile. when

However, the battle here is almost exactly the same as the other side of the sky above the billions of miles left.

Although the cultivation of the sacral bones is also the fifth stage of the ancient sacred, but the huge body shape of the Ponta Pontoon is 60 million miles, but it has a tremendous power of blood, a power to the power, a real battle. The power has been able to stand shoulder to shoulder with the sixth order. and

The nine sacred crocodile is now only returning to the fifth stage of the ridiculous, naturally not an opponent, hitting it now, has fallen into the absolute disadvantage. Do not

On the one hand, because the distance is too far, on the other hand, because the air machine in the war is too chaotic, the outside can not see the outside, and the outside can not see the scene inside.

In addition, the nine sacred crocodile has fallen into absolute imperfection, and it is innocent. Therefore, he still does not know that the other side of the virtual battlefield near the tens of billions of miles, the \*\*\*\* unicorn has torn the void and escaped. star

The violent temper is thrown in that direction at this time, in order to join hands with the cheekbones, try to see if the nine sacred crocodile can be seriously injured, and then kill...

However, Ye Xuan, who is made up of black fog, is not likely to be in the workplace. In the next moment when the konjac's pretending gesture is screaming, he has turned to look at the left side of the void, and his shoulders are shaking. Underneath, the figure is transformed into a faint awn, and it is rushed away!

"

boom! "

"Card..."

puff! "right

In the far side, the \*\*\*\* land outside the billions of miles, the huge starry sky and the unremarkable Ye Xuan just rushed into the chaotic battlefield, and it was instantly heard. The thunder of the sky blew. with

At the same time, there was a clear sound of the cracked card, and finally a dull squeak came out.

This is clearly the nine sacred crocodile was bombarded, Zhang mouth spouted a blood arrow rhythm, but also directly led to this air machine is also chaotic and incomparably empty, instantly faintly covered with a faint blood fog. thing

This is indeed true. Ye Xuan, who just rushed into the battlefield, has already shot the first time. He took out the \*\*\*\* stick of the \*\*\*\* medicine, and a stick hit the back of the \*\*\*\* unicorn.

Not only did he smash him in the void on the spot, but also a huge gap in the middle of his back, and his blood was so bright...

This record is too embarrassing, the nine sacred crocodile on the back of the scales full of scales, can be described as thick, but now it has been bombarded, the surrounding is swollen quickly, the \*\*\*\* mans transmitted, looking at the shocking.

The old guy didn't know that the violent and Ye Xuan had ended the battle over there. He rushed to this place. He didn't even know that the Lord of the Temple had invited Ye Xuan to help him. this

It was hurt and hurt, and even if it was in doubt, it roared: "The Terran? Is it a fifth-order absurd? Who are you?"

How do you love asking this question? Do you fight so much, why are you doing so much? Do you know who Laozi is, don't you have to worry about it? I have never seen you so close..."

boom! ""

Rumble..." said

In the words, Ye Xuan turned a blind eye directly, and the voice was still not falling. The \*\*\*\* stick screwed in the right hand had already banged out again...

With one blow, he still used all his strength and did not have any reservations. One

When the stick slammed, the air that was originally chaotic in the void was suddenly more chaotic, and the sound of thunder was loud. "

puff....."

Did not wait for this stick to slam, the nine secluded crocodile has already opened a mouth and spurted a blood arrow.

This time is mad!

Ye Xuan's words are too damaging, and the dead can be alive. What hasn't seen such a close?

It's just a matter of reason, it's too tempting to hate... 0 brain

In the middle of these thoughts, the nine secluded crocodile heart hatred, the bottom of the bottom of the bottom flashed a sigh of resentment, but the body shape did not dare to have a half-stagnation, biting the teeth sideways, can avoid the bang again a black stick...

This \*\*\*\* stick is too ferocious, and it is so strong that I don't know how the guy with the same shape and ordinary humanity is pinched in his hand. Such a huge black stick is pinched in his hands and is just like an ant. Look like a giant tree.

It's also light and incomparable, just like nothing, it's just awkward...

Unfortunately, although he has avoided the brains, the big black-headed squad is too fierce, almost directly between the lightning and the crocodile tail...

boom! "

"Card..."

At the same moment, the earth-shattering bang came, followed by a clear sound of bone cracks, and the smell of the bones.

Although this blow was abrupt, it was the same as a porcelain. The thick crocodile crocodile of the nine sacred crocodile was almost smashed by the waist. The pain was so painful that he would instantly feel like a reflex, and his hair would be very fierce. Miserable...

Chapter 4754: Still failing

"boom!"

boom! "

"Hey! Hey..."

Without waiting for him to finish, his body once again smashed two notes. from

After Ye Xuan joined the battle circle, he has always been boring, flesh and blood, and the sacral avatar finally found the opportunity to shoot, licking the nine savage crocodile to avoid Ye Xuan's \*\*\*\* stick, while plucking around, slamming shot... ..left

On the side, flesh and blood were smashed out of the body, and the porcelain was very incomparable. It directly slammed into the back of the back of the nine crocodile crocodile, and immediately broke his vertebrae. After a huge squeaking, under the pain, he subconsciously looked up again. Long.

On the right side, the cheekbones were covered with heavy punches of purple gold, and a fist slammed on the back of the head of the nine crocodile crocodile. It was immediately bulged, like a small bag, and it looked like a pain.

These two heavy punches are too embarrassing. The first miserable sorcerer in the nine sacred crocodile mouth did not wait for the end, and then he felt a boring chest and opened his mouth with a blood arrow...

"Oh la la..."

The dense waters of the water rang, and at this time he was a huge man, just squirting a blood from his mouth, and it was just like a rain. Virtual

The air instantly evoked a strong \*\*\*\* atmosphere, and a faint \*\*\*\* mist rose. "

With three wars, you are simply deceiving too much..."

The second blood arrow spurted out, and the injury of the nine sacred crocodile was close to being seriously injured. The anger and unwillingness in the chest were more and more violent, and they hated anger, but they dared not continue fighting. It was dragged for a long time. It is in the rhythm of confession here.

"Hey..."

After anger and anger, he made a roar of roaring, and he hesitated without any hesitation. The first time he fully urged the blood and secret method, and his body shape shrunk instantly, turning into a black mans, blinking at a horrible speed. Escaped hundreds of millions of miles away. This

A scene of Ye Xuan has already been expected, but it is nothing.

This old guy is the same as the \*\*\*\* unicorn. After all, it is from the early days of the distant floods to the existence of the world. In the same year, it was the late stage of the seventh-order world.

At this level of existence, how can there be no means of life-saving? Such as

I am desperate to show my full strength, even if it is Ye Xuan, I can't stop it for a while. except

It is not his use of the sacred bow and other strong secrets, otherwise he will not be able to stay on the other side. The reason why he decided to take the shot before is just not reconciled, and he tried it.

"Oh..."

Nine sacred crocodile with a tragic sound instantly went away, its sound is still not yet falling, in the direction of hundreds of millions of miles away, it suddenly came a clear and fierce sound. with

Like the previous \*\*\*\* unicorn, this guy had to run the road, directly tearing the void into a crack, and his body shape was suddenly turned, adjusting the direction and going straight to the void crack in the high point of the void. go with.

"With three wars, the Lord of the Temple, you are shameless... You wait, the Lord will be able to do the rest of the day, the hatred of today, the day will be reported!"

At the same time as the shape of the nine sacred crocodile rushed into the void of the void, the sound of the gods that revealed the inexhaustible resentment came along, and the whole vast void was clearly audible. "

Roar! "

Even so, he still seems unwilling, and at the same moment that his body rushed into the crack of the void, he once again issued a terrible roar, and his body shape disappeared.

Seeing this scene, Ye Xuan and flesh and blood, the cheekbones sighed and sighed, and turned to exchange a look, and there was a strong disappointment in the sputum. This

Once, Ye Xuan not only took out the \*\*\*\* stick, but even shot the flesh and blood and the cheekbones. At the last moment, the three men joined forces to bombard the nine crocodile! can

Even so, this old guy eventually escaped, this battle is still a failure, it is amazing!

These really entered the existence of the ancient and supreme, especially the old monsters who lived from the ruins of the past to the world, it is too difficult to kill. Do not

However, the three men joined forces to attack, although the nine crocodile is not seriously injured, but it is not as simple as a minor injury. If the previously escaping \*\*\*\* unicorn can be restored soon, then, the nine sacred crocodile, I am afraid that at least a year and a half to drag, it is possible to restore the fifth-order combat power before the war. to

In the late seventh stage of the peak period of the Hongshan period, it can become a reality in a short time... including the \*\*\*\* unicorn, in fact, the same.

In other words, at least in a short period of time, Ye Xuan does not have to worry about these two old guys again. After two consecutive losses, they definitely dare not take it again. It must be the first time to heal the wound. ....

"call out!"

"Hey..."

Ye Xuan..."

At this time, at the edge of the Xusheng forbidden land outside the billions of miles behind, suddenly there was a sharp and faint sound of breaking the air. It seems that there are still people who are yelling at the name of Ye Xuan. black

Ye Xuan, who has changed his body, has sacral bones and flesh and blood. He almost trembles at the same time, because they are all alone, all of them are Ye Xuan.

In the line of sight, the mosquitoes, the old ghosts, the Neapolitans, the demon emperor Mo Tiantian, the devil's uncle, the cursive patriarch, the ninth, the madness, and other high-level forces of the Tianhe sect. package

Including Xuanyuan old man and Duanmu old man, Bodhi teacher and other small idle forces and family high-level, all left the Tianhe army's flagship star plug, so in the way of physical flies across the void, rushed out from the Xusheng forbidden land.

Dozens of figures, without exception, are all Ye Xuan and old acquaintances, but also belong to the category that is quite good.

Undoubtedly, the foremost nature of dozens of people is the three gimmicks of Xuanyuan Ziyuan, Duanmu Xiaocha and Zhao Qianru, but the flushes with the mosquitoes, the old ghosts, the Neapolitans, etc. are very exciting...

These three gimmicks are full of anger, quite a bit like the feeling of Hedong Griffin!

This is clearly the rhythm of finding Ye Xuan's account...

Straight, they are all worried about Ye Xuan, not even knowing that he is dead or alive. Today, he saw that he suddenly appeared, and he is still so powerful, he can stand shoulder to shoulder with the Lord of the Devil. People are pointing. This

One point, the three gimmicks are still very happy, and can even say that they almost cried.

Worried for so long, I have been uneasy, and now a stone in my heart has finally fallen to the ground, even if it is really happy to cry, it is what it should be! Do not

However, at this time, the three gimmicks apparently could not cry, at least absolutely no intention to cry. because

They are all mad at them.

The loss of oneself worried about it for so long, this guy is good, actually has been happy and happy outside, repaired to such a strong strength, has not returned to the Tianhe star field to take a look.

Even the previous Terran Federation crusades the Tianhe Star Field, he did not appear, at most, by the name of the Nether Giant Turtle, the Lord of the Devils took the shot...

This is clearly a guilty conscience. There are seven peerless savvy acquaintances around the people. Naturally, I don't think about it!

Thinking of this, the anger on the faces of the three hoes was even more intense, and even his heart was dead on the spot...

Chapter 4755: Envy

"Ye Xuan, you stand for the aging mother..."

"Don't tell me clearly, today and you are not finished..."

"Playing is playing, don't say Zi Yan and Qian Ru's sister, even the most intimate little tea, this time can't help you, and the beginning of chaos, abandon the dross, you are too much..."

Fang Yuan, Xu Sheng, the edge of the forbidden land, with the shape of the self-prohibited area within the star area, dozens of figures in front of the Xuanyuan Ziyan, Duanmu Xiaocha and Zhao Qianru three gimmicks, his face is very bad, It's a complete posture of the Hedong Griffin... and

Followed by the three gimmicks behind the mosquitoes, the old ghosts, the Naples, the emperor Mo Wentian, the devil's uncle, the cursive patriarch, the ninth, the madness of the mosquitoes and other high-level forces.

As well as the small idle forces of the Tianhe Star Field and the family's top leaders, including Xuanyuan Laotou and Duanmu Laotou, Bodhi Taitai, etc., they are full of smiles, but no one dares to come out to discourage. This

Once, everyone saw that the three heads of Xuanyuan were stepped on the tail. No matter who they are, dare to go out and persuade, it is definitely the rhythm of being dragged together.

This scene makes the numerous powerful people in the surrounding sky stupid. Who

I never thought that the prestige was incomparable, and it was almost a killing of the Quartet. Even the \*\*\*\* unicorns and the nine secluded crocodiles, the two powerful ancient sacred supremes, could only escape the Tianhe star, Ye Xuan, who had fled the tail.

I will encounter such a scene now...

Moreover, in the face of the sorrowfulness of the Xuanyuan Zizi trio, he seems to be a rather guilty look, clearly subconsciously shrinking his neck.

This is simply a big surprise, I can't believe it!

"Roar!"

"戾..."

At one moment, the starry sky and the scorpion screamed and screamed, and then the shoulders shook, and the whole body was turned into a mass, directly into the black magic hall over the Xusheng forbidden land.

At the end of the day, I didn't plan to stay and do something about it. I saw that the machine was not good. Even the two \*\*\*\* seas of the Lord of the Devils slipped away. At this moment, all the people had horrific deterrence against the three skulls of Xuanyuan Ziyun. Fully convinced.

Who said that this piece of void is the master of the temple, is the main star of the Tianhe star? Return

At the end of the day, I am afraid that it will eventually be the three gimmicks...

Less, whether it is the main star of the Tianhe Star, or the Lord of the Temple of Devil, it seems that they dare not touch their mold.

The two \*\*\*\* seas of the Lord of the Devils have already seen the machine, and they have slipped away. Here, the main star of the Tianhe Star, Ye Xuan, is a miserable face, and he turns to the back and is still raging. The seven great savage people said hello...

"I have done it all, it's all old bones. There are still one or two old acquaintances in it. It's like this today. Don't die if you accidentally kill it..."

Was swinging his hand, Ye Xuan immediately pointed to the magic dragon in the sky not far from the right side: "The situation is not good, you have to go back quickly, the star owner has something to tell, come right away..."

call out! ""

Oh..."

"Hey..."

Ye Xuan's words just fell, and the seven major Yan Xia's hands were closed at the same time. They turned coldly and glanced at the seven powerful people who had been abused by their noses and swollen face. The nose was cold and slammed, and the U-turn was turned back not far away. The magic dragon is driving. on

Even the nine black dragons that wandered around in the vain air, all of them, after their long heads screamed, their bodies were reduced, and they returned instantly, turning into a giant figure of Baizhang, and stood by the magic dragon.

One on each side, one on the back, and six on the front... this

Clearly, you are ready to run at any time. Step

However, regaining freedom, the seven ancient powers of the Terran Federation are like a catastrophe. They are all swollen and sullen, look awkward, look awkward, and after switching to a look, they turn back and return to the warship army of the Terran Federation. in. All

I didn't dare to humiliate outside, and went straight back to the flagship star plugs where I was sitting, but I didn't dare to order the army to evacuate... If this is the case, let's not say Ye Xuan of the Tianhe Federation, at least the Lord of the Temple. I will never sit back and ignore.

"You, I haven't seen you for a long time..."

At the time, Ye Xuan had turned to look at the dozens of figures in the Tianhe Star Field. The look on his face showed helplessness and bitterness.

Shaking his head, in the end, his eyes fell on the forefront of dozens of people, and his face was angry, and he was rushing to the Xuanyuan Ziwei, Duanmu Xiaocha and Zhao Qianru.

I smiled and said: "The things of these years are really unclear. In short, I am not deliberately hiding from seeing you. It is hard to say..."

Moreover, even now, my time is not much, I will leave soon, but soon I should be able to meet again..."

call out....."

Having said that, Ye Xuan suddenly waved, and a mile of anger was rushed away...

At the same time, Ye Xuan's voice also sounded again: "This is some of the cultivation resources I have prepared for you. If there are no accidents, other people can't say it, just more than a hundred of you, in a few years. Inside, you should all be able to enter the universe to the top..."

It is the key! original

Ben, Ye Xuan did not intend to show up so early. The reason for this decision is that the ultimate goal is to hand over the cultivated resources that have already been prepared to the mosquitoes and the old ghosts and Naples. although

It is said that the original can also be handed over to the mosquitoes and old ghosts through the Lord of the Temple, but in that case, it will obviously lead to unnecessary suspicion.

It's not that Ye Xuan doesn't want to immediately meet with the old genus of the Tianhe Star Field, old friends, but they are still too weak today, and it's not a good thing to take them over and prematurely.

Today's Tianhe Star Fields, the major forces, a branch of the army, the most needed, is the \*\*\*\* battle and temper! for

Let them grow up as soon as possible, and the only thing Ye Xuan can do is to provide them with all the top resources needed to upgrade.

In fact, he did more. At least, the magic hall in Xusheng's forbidden land is a major backing of the Tianhe Star Field. Now the relationship between the Magic Temple and Ye Xuan is open, and the forces that dare to die with the Tianhe Star Field are not. too much.....

At the moment, among the whole batch of resources sent by Ye Xuan, there are Zijinbao medicine, Jiu Cai Shen medicine, and Chaos medicine. As for all grades of Baodan, from the 24th level of Emperor Baodan, to 27 There are a lot of Supreme Baodan. very

As for the ten twenty-eight-level big power Baodan. This

Everything was contained in a treasure of storage. At this moment, he waved it out, but spurred the mosquitoes and scams.

Subsequently, it will be distributed by the mosquitoes and ghosts.

Regarding this matter, Ye Xuan had already confessed, and deliberately left a jade slip in the storage magic weapon, which has some words of confession...

It is said that the old friends of the Tianhe Star Field, the old genus, Ye Xuan is definitely a good intention. and

At this moment, as his words came out, the powerful parties who heard clearly around the imaginary sky first stunned, and then they sighed and sighed, and their faces all showed a thickening. The envy of the opening...

Chapter 4756: War or drop

"call out!"

"The Lord of the Stars still has something to do, and time is coming, so I won't stop. You, go back and retell..."

A sharp and unpredictable sound broke through, and then the voice of the \*\*\*\* of the Tianhe star, Ye Xuan, was heard, and the vast expanse of the universe was clearly visible. when

However, everyone knows that his remarks are said to the top officials of the nearly 100 Tianhe Stars who are rushing out of the Xusheng ban.

Even the reason why Ye Xuan left is because of the high-level of the hundreds of Tianhe stars. quasi-

To be sure, it's because of the three gimmicks that rushed to the forefront of the top 100...

With the sound of this god, Ye Xuan's body shape has also turned into a mans. In order to surpass the speed of lightning, the blink of an eye rushed into the vestibule hanging in the distance.

"Oh la la..."

Almost at the same moment when his figure rushed in, the smoky curtain of the lavish driving vestibule fell, covering a strict, and no longer as vague as before. The figure. This

I can't see anything at a time, even if my knowledge goes on, I am afraid that is the result. "

Hey! "

"吟吟吟..." Fog

The next moment when the curtains were laid down, the three black dragons on the left and right sides and the rear of the luxury drive were not moving, but the six dragons in front of them had a long hair in the first time.

At this moment, the power of the six dragons was rushed to the extreme, and the powerful power of the six powerful ancient powers spread out, and the voids shook slightly, making a low humming sound. watch intently.

Then, in the eyes of the public, the six black dragons simultaneously exerted their strength and pulled forward. They immediately took the whole ride and turned into a speeding black mang, disappeared at the end of the void at the front, and disappeared. not see.....

This scene allows the mosquitoes to slaughter the old ghosts, Naples, the emperor Mo Wentian, the devil's uncle, the cursive patriarch, the ninth, the madness, and other high-level forces. package

Including Xuanyuan old man and Duanmu old man, the Bodhi teacher and other small idle forces and the family's tops showed helplessness, and the original glare figure also came to an abrupt end. leaf

Xuan Du has already gone, they have rushed over, and it makes no sense...

The three gimmicks of Xuanyuan Ziwei, Duanmu Xiaocha and Zhao Qianru are mad, and they are thundering in the void. first

I came to this piece of the ruins of the ruins of the world, and I have never seen it with Ye Xuan. Now I have met each other. The other party is still the same. It is clearly an excuse to sneak out, which makes them crazy.

"Damn guy, it's too bad, too fancy, how long it took, the whole heart was taken away by the seven foxes..."

See you again next time, can't let him run again, grab it back, take it home, raise the cage, watch him run outside..."

Is playing, yes, he is not swearing..."

Under the pole, the three hoes squatted in the void, gnashing their teeth and screaming their fists. The words in the mouth were even more creepy. Not only the mosquitoes, the old ghosts, the Neapolitans, the devils, the uncles, the devils, the tortoises The patriarchs are nine, the madness of the mosquitoes, and other high-level forces in the Tianhe domain.

Including Xuanyuan old man and Duanmu old man, Bodhi is too small and idle and the family's tops are scared.

The numerous leagues in the virtual air and the innumerable powers in the idle forces are subconsciously sandwiching their legs, and their faces all show their incomparable look. he

Naturally, it is only an excuse to clearly distinguish the Tianhe Star before leaving. In fact, he is afraid of these three gimmicks, so he hurriedly ran.

This is really not a general brutality. Even the ruins of the ancients are scared to escape, showing the horror of these three gimmicks.

At this moment, all the major leagues and idle high-level people around the world secretly included Xuanyuan Zijing and Duanmu Xiaocha and Zhao Qianru in the dangerous list. This is the existence that cannot be easily provoked anyway...

After screaming for a while, the three gimmicks were also boring. Although they were still mad, the Ye Xuan people had already ran, and it was useless to jump and scream.

Soon, they were at the top of the forces of the Tianhe Stars, such as the mosquitoes, the old ghosts, the Neapolitans, the devils, the devils, the devils, the geniuses, and the madness.

As well as Xuanyuan old man and Duanmu old man, Bodhi teacher and other small idle forces and the family's high-level persuasion, returned to Xusheng forbidden land, into the main flagship of the Tianhe Star army. With

With their departure, Xu Sheng's extravagant space in the void of the universe between the two armies of the universe was instantly empty again.

Opposite, the hearts of all the strong in the four major coalitions, at this moment, once again mentioned the eyes of the blind, and the eyes of countless strong men of the four major corps of the magic hall, also at this moment. blink

Between the eyes, the atmosphere in the void is once again condensed and suppressed, and an atmosphere of tension is invisibly enveloped by this whole universe of voids.

By now, this battle can basically be considered early.

The \*\*\*\* unicorn, the nine secluded crocodile, the nine-headed bloody, the Qingtian Dapeng, the four powerful ancient sages have already run.

The late powers of the 7th-order world of the Beasts League have also fallen.

As for the Alliance of the Survivors, the late power of the seventh-order land was able to escape, and even took the opportunity of the entire army of the survivors. However, he has been seriously injured and it is difficult to recover in a short time.

The Terran Alliance was the worst, the ten ancients were old and powerful, and they were defeated by three. They were completely bombarded. The remaining seven were all swollen and swollen, and they all had no face to face. They fled directly to their flagship stars...

The army of the Great Legion now has only four remaining here, and the commander-in-chief who has been repaired by the ancients and the savage is no more. except

In the Terran Federation, there are still seven guys who are almost disabled. The other three major leagues are the most powerful in the universe.

This kind of strength is simply not enough for the Lord of the Devil's House to be tossed. The three bloods of the sea are only required to dispatch one, and they will be able to destroy them in a short period of time.

It can be said that this time, the five major coalition forces are absolutely fiasco. Do not

However, nowadays, the high-end combat power of the army, although the death of the dead escape, is now completely unpredictable, but after all, there are four huge alliances of great alliances here. Rear

The continuation of the mess will be how the Lord of the Devil will plan to deal with it. Whoever has no bottom in his heart, therefore, no matter who it is, the heart is uneasy, and even dare not move slightly. The fear will cause the Lord of the Devil to be angered. The curse of killing. "

Er, etc... Is the war falling? "just

At this time, just as the countless strong people in the imaginary air were terrified, they were completely out of the black magic hall above the four major regiments of Xusheng's Forbidden City. A deep and incomprehensible voice of God.

It is the voice of the Lord of the Devils...

Chapter 4757: See also the war

"Well, etc. Is it a battle?"

When countless powerful people in the imaginary air were terrified, they were completely out of the blue magic hall above the four major regiments of Xusheng's Forbidden City, and suddenly came out of the Lord of the Devil. The sound is very low and reveals the meaning of chilling. four

All the strong men in the big league army, all violently shuddered, and the high-level people in the distance around the audience in the imaginary air are even more shivering. this

At this moment, they almost repented of their intestines.

Early knowledge is such a result. First, as early as the Tianhe Stars army, how early is it to enter the Xusheng ban? Such as

The result is still the same today, or it has to surrender to the Lord of the Temple of Devils, but now it is the supreme power of the people to give in, the meaning is different, the future treatment is absolutely different..."

I will wait for it to fall. From then on, the Beast Alliance will not enter the Devil Hall again..."

"Roar!"

Oh..."

The voice of the Lord of the Temple has just fallen, and among the beasts of the left side of the army, there is a cosmic supreme state in the late stage. With

The voice of his gods came out, and there was also a large number of fierce beasts in the whole beast army, which revealed a deep unwillingness and fear.

Then, hundreds of millions of star-studded beasts in the army of the great army, slowly retreating under the voice of the late universe, which is clearly to leave the rhythm of Xusheng. in

In his view, when the former survivors left the entire army of the survivors, the Lord of the Devil did not stop.

What's more, now that he has surrendered on behalf of the Alliance of the Beasts, he will never make another step in the future.

Since it is stated, it should be no problem at this time...

"This temple, let you go?"

Almost at the same instant, within the black magic hall, the voice of the \*\*\*\* of the demon temple was once again heard. It was very low, but there was not much anger. For him, this beast The most powerful existence in the army is just a cosmic supreme of the late realm. simple

Straight to the ants, simply not qualified to let him shot.

"Humph!"

Six \*\*\*\* rushes out at the moment, did not say anything, but turned to the four major corps of the Temple. This

It is clear that it is necessary to punish the rhythm of the beast army. meaning

Knowing this, the hearts of everyone in the void all mentioned the eyes of the blind, and they have already begun to withdraw from the beastly army of the beasts, and even more rumbling and whistling, the stars and beasts are withdrawing. The speed has suddenly increased..."

This kind of thing is still coming from the warlords of our devils..."

At this time, the figure of the mosquito-killing old ghost and the demon emperor Mo Wentian also rushed out from the flagship star of the Tianhe Star Cluster. The latter waved, and in the army of the Tianhe Star Cluster, it immediately rushed out 100,000. The \*\*\*\* battle of 300,000 meters in diameter.

Over the years, the demon community has been inspired by Ye Xuan, who abandoned the original star-ship battleship, studied the starry sky battle, and formed an assembly line.

The spirit wars they produce are all the devils sitting in the town, and they can launch the magical power of the devil. Although Wei can't be compared with the spiritual warfare in Ye Xuan's hands, it is more important than the general fortress. Strong. This

At one point, Ye Xuan, who is sitting in the magic hall, has already seen it before. He still has some expectations in his heart. At this moment, he sees the Mo Huang Mo Tiantian taking the initiative to come forward. This is also a clear idea to take the opportunity to establish the majesty for the Tianhe Stars.

After all, they have been boring in the Tianhe domain for a long time. Basically, there is no going out for the expedition. The outside world really does not know the strength of the major legions of the Tianhe Star Field.

This time, it can be regarded as a small deterrent.

With this in mind, Ye Xuan even spoke to six \*\*\*\* scorpions. The latter watched the mosquitoes and the devils and the emperor Mo, and asked him a little more. He turned back and returned to his fortress battleship.

"boom!"

"Boom..."

In the air, very soon, this 100,000-thousands The universe of the universe, one billion miles away, is far away from the army of the beasts that are withdrawing... this

At the moment, countless powerful parties in the imaginary air all mentioned the heart of the blind man. Many people even succumbed to the suspicion of sorrow, apparently somewhat puzzled by the actions of the Devils of the Tianhe Star Field.

You know, among the beastly alliances that are rapidly retreating, there are hundreds of millions of beasts, and the Devils' Legion is only sending out 100,000 \*\*\*\* battles. Although it looks quite amazing, the speakers The diameter of the mouth is 300,000 meters, but the number is too small.

Thousands of hundreds of thousands of pairs, what kind of deterrent can this form? when

However, those who have such an idea have not witnessed the existence of the magical spirit of Lava, and the strongest of the three major stars in the world will not think so.

Soon, with the resurgence of the contemporary devil, Mo, and the command of the sky, 100,000 large spiritual battles suddenly stopped, thousands of honeycomb nodes slowly lit up, and energy was dense. Transfer in the connection pipe.

Among the thousands of three-kilometer-sized honeycomb-type knot warships in Spiritual War, there are a large number of devil strongmen. Within each hive node, there will be a high priest or a royal family who is good at the spirits. The high-rise of the mystery of the power sits on the town. Minute

If it is spread out, basically every tens of thousands of diameter honeycomb-type warships have tens of thousands of demons, who will be under the command of the high priest or the devil's royal strongman who sits on the battleship. Fully motivate the magical nucleus in the brain and exert spiritual power. To

In the end, all the spiritual forces gathered together and turned into a powerful pulse of spiritual power, which was connected to a huge special material tube of one node, and gathered toward the inner layer of the smallest layer of the bell.

After everything is done, all the pulse of spiritual power gathered by these thousands of nodes will be smashed out under the joint of nine devils and royal powerhouses sitting in the nine-node hive in the smallest layer of the trumpet. . This

The intangible spiritual power of the stock will be amplified at the moment of the rush, through the nine layers of the bell mouth, forming a horrible and invisible star-level spirit hurricane, killing the enemy battleships in the opposite camp.

This is definitely a big killer!

Don't look at the Demon Corps's only 100,000 spiritual wars, but each of them can kill a large piece, and the spirit of the hurricane is invisible and inevitable, even the battleship, The energy shield of the fortress or fortress is useless! this

Engraved, this 100,000 spiritual warfare, finally issued a terrifying roar! on

Among the thousands of hive nodes, there are thousands of spiritual powers like the Dajiang River. All along the pipeline, they all flock to the core nodes of the core circle. Just like a tsunami, it will completely collapse in an instant...

Chapter 4758: King of the world

"Hey!"

The sound of the horrible sound is deafening, and an invisible tidal wave like a sea of stars is venting from the core node...

The outer nine-layer circular ring of the spiritual warfare is constantly magnified, and finally turned into an invisible force that plunges into the sea and suddenly blasts out in an instant! "

Oh la la..."

boom! "

"Booming!"

In an instant, a large, dense, rain-clear crack in the front sounded over the sky. The void of hundreds of millions of miles was torn apart, and a large number of empty clouds spurted out.

This kind of power, if it was the previous spiritual war, could never be done. At least the scope of effective attack would definitely not reach the level of hundreds of millions of miles.

This is also the reason why Ye Xuan is curious and decided to let the Warrior Lama of the Devils try their hand. he

The spiritual war La in the hands has been transformed again and again, and the power is naturally terrifying. but

The Devils' group has been developing the Spiritual Warlord Corps for decades. From the outside, the 100,000 spiritual warfare is very different from the past, but the specific effect is not enough. .

But after seeing this kind of power at the moment, Ye Xuan's heart is also very gratifying. although

However, it is still not comparable to the spiritual warfare that he personally modified, but it is not at the same level as the general fortress of 100,000 meters in diameter.

It's just a wave of volleys. The universe's voids of hundreds of millions of miles are cracked. In some of the larger voids, a lot of voids and turbulences directly form a void like a black hole.

As these emptiness whirlpools suddenly appeared, an invisible horror sucking force spread instantly, and the blink of an eye swallowed a large number of starry beasts that were rapidly retreating. They fell into the void and were exiled and disappeared completely... ..

Soon after, the demon's spiritual warfare was once again awesome. It was just a blow. The hundreds of millions of star-studded beasts in the hostile camp were tens of millions of people killed. Although the overall combat power had little effect, the key was that the military was shaken.

If it was in the past, once the spiritual warfare was launched, the price of the devil would not be too small. Under the full force of the attack, as the tens of millions of demons who are dynamometers, the spiritual strength of the body is exhausted. In a short time, there is no further effort. that

Under the circumstances, after the spiritual storm of the power war, he was quickly retreated after the first storm.

But this time, this situation did not appear. After the first wave of volley, it was only after three minutes, and the demon emperor Mo, who was behind the army of the war, once again waved..."

Oh..."

Oh..."

The low-pitched humming sound of the dense, the 100,000 spiritual wars hanged in the void, once again began to recharge, which clearly can continue to spur the rhythm of bombardment. Look

In this scene, Ye Xuan has brightened his eyes and was surprised. It

So there are only two possibilities for this to happen.

Either one of the hive's hive nodes, the Devil's strong is divided into two batches or even two or more teams, which can be rotated.

Either in these decades, the demon community has undergone some important transformation, and it has solved the shortcomings that require a lot of spiritual power. All the devils who are sitting in the hive of the war are everywhere. The spiritual power of every volley is not the whole body.

So it can be repeated twice, even several times...

No matter which kind of result, it is gratifying. At least the facts in front of us cannot be changed. The warrior army of the devil can indeed be bombarded many times. This

It's just a hundred thousand spiritual wars. If the number is a little more and one million are volleying at the same time, that kind of scene is simply daunting. Even Ye Xuan has to be surprised..."

Roar! "

"The devil, the men's mercy..."

At this time, in the army of the Beast Alliance, which is rapidly retreating in front of a billion miles, after a roar, the starry beast of the seven-order universe of the universe will suddenly come to the voice of God: "The devil The Lord, the right person is just a reckless moment, there is no intention..."

As the voice of his gods came out, the entire army of the beasts of the beasts stopped and did not dare to make any changes.

It's just a volley of the squadrons of the genius, so they are so disastrous that it's so unimaginable. It's hard to believe that this level of offensive is actually swaying from the strange starship of 100,000 big trumpet. from.

It can be said that although it is only this blow, the prestige of the Tianhe Star Field and the Devil's Legion will definitely resound the whole piece of the ruins of the vast wilderness. each

The big leagues are easy, and they dare not beat their ideas.

After all, in addition to their own strong fighting power, there is still a battle behind the people who are not weaker than the Lord of the Devil, and the temper seems to be more ferocious. although

It is said that it has not been stationed in the Tianhe Star Field, but at least wandering in this piece of ruined land, there is really no need to force to find the troubles of the Tianhe Star Field. I am afraid that he will jump out to protect the scorpion in the first time..."

So... what about you? "With

The army of the beasts of the beasts stopped here and did not dare to make any further changes. Within the black hall, the voice of the \*\*\*\* of the demon temple also slowly spread. hidden

In the inter-department, there seems to be another invisible but terrifying horror to the back of the cold. In the faint, the Star Alliance, the Alliance of Ten Nations, and the three armed forces of the Terran Federation are locked...

This discourse is clearly directed at them. "

Hey! "

"Booming..."

As the voice of the deity of the Lord of the Devils came out, the spiritual warfare of the 100,000 devils slowly reversed their direction, and the trumpet was aimed at the three major leagues.

This is clearly a disagreement, and immediately shot the rhythm of the bombardment.

"call out!"

"Hey..."

In the next moment, the top leaders of the three major leagues were all swept out.

Among the Star Alliance, in addition to the bloody, Qingpeng, and Shishi tribes, the other six ethnic groups, such as the Yinyin, the Barbarian, the Golden Eagle, the Caisong, the Greedy, and the Tree The tops are all showing up. another

On the one side of the Wan Clan League, the top leaders of the first cosmic slaves also appeared. Among them, there are many familiar faces, the golden fangs of the space rat, the old ants of the \*\*\*\* ants, and the giants. An old guy is an acquaintance of Ye Xuan.

On the side of the Terran Federation, it has become a high-ranking demon, Zhao Lingqi, Xiaoyaozi and Yinxia Fairy. The original emperor of the Heavenly War Empire has no war, the Prince of the Peak, and the monarch of Tianchen, the Prince Xu will pour, etc. Wait. also

There are unhappy dynasties in the death star field and Ye Xuan, and the Huai Dongzi, Tian Qianzi, and the palace, the heartless, the dustless, the enemy, the jade, and others. Without exception, they all appeared.

Only the seven high-ranking people of the Terran Federation, who were abused to face the face, still did not show up, but they apparently made a secret statement. This

At one moment, all four major leagues have surrendered to the scene, and the Lord of the Devils is in the void of this ruined land, and it is really the king of the world. No one can stop...

Chapter 4759: Five major numbers

"boom!"

Rumble..."

"Hey..."

In the distance around the void, a small-scale warship, a warship army, and a beastly team, all without exception, all come together.

These guys are all in the void of this ruined land, except for the five major alliances and other idle groups and forces outside the Tianhe domain. original

I wanted to be a wall grass, staying in the distance and watching the distant sky, but now see the four major alliances including the Terran Federation have been surrendered, naturally dare not delay, the first time rushed.

Although they are all small forces, small groups, the size of each team is not huge, but the number of such small forces is too large, and all of them are gathered at the moment, and they are surrounded by the rear of the four major coalition forces in an instant. A big piece. dense

It is confusing and the water is leaking. tight

Then, as these warships and warships stopped in the void, there was soon a figure of the body rushing out, including among the beasts. each

A plundering figure, repaired to strength is in the emperor's immortal.

There are even a lot of cosmic sages, even the Lord of the Universe and the Supreme of the Universe.

These idle forces were originally weak. If there is not one or two of the ethnic groups or the forces that existed in the universe, it is obviously impossible to exist until now. Therefore, this point can be understood. With

These guys rushed out and came to the vast void battlefield in front of Xusheng's forbidden land. The four major coalition regiments began to take a picture. with

The samples are all the same as the emperor's immortality. If it is less than the emperor, it is not qualified to visit the Lord of the Temple. blink

Between the eyes, this vast expanse of billions of miles, a lot of figure in the black and white, the body is very strong, but one is like the eggplant that was beaten by frost, shrugged his head, Looks awkward, pitiful.

At the end of the day, even the seven ancient powers of the Terran Federation, which had previously been hiding in the flagship fortresses of their respective towns, were all twisted and twisted, and together with all the people, visited the Lord of the Devils...

At this moment, the invaluable stars of the emperor and the emperor have celebrated in unison, the Lord of the Temple of Devils, officially in this piece of ruins of the ruins of heaven and earth... the king of the world! "

Since then, the five major leagues have been governed by the magic hall. On weekdays, the magic hall does not interfere with the internal affairs of your alliance, but at a critical moment, it must accept unified dispatch...

In the emptiness of the sky, a large piece of the Emperor of the Emperor was immortal. The repairs were completed for the strong, and in the black hall in front, the voice of the Lord of the Temple of the Devil also came out again...

"After then, every year, the five major coalitions, as well as all other small forces and ethnic groups, must pay the annual price to the magic hall... the specific list, after a while, six \*\*\*\* will naturally reach all ethnic groups and forces."

In addition, as the five foreign alliances under the magic hall, you can also enjoy the various benefits of the sacred priests, but in exchange for various resources and the achievements of Baodan, they must double. ""

The specific exchange standard will be accompanied by the annual payment list, which will be paid together..."

"As for today's events, the temple summoned, dare not to obey, and disciplinary punishment..."

The forces of all ethnic groups, each leaving a battleship and a warship, as a gift. As for the fierce beast army, leave a beast of beasts, and buckle inside the magic hall..."

"boom!"

The sound of the gods just fell, towering over the black temple above the four major corps of the magic hall, and suddenly flew up, and the eye between them broke into the depths of the Xusheng forbidden land, and disappeared.

Seeing the Lord of the Temple of Devils with the black temple, the numerous powerful people in the vast expanse of the battlefield in front of this one billion mile were relieved. cross

As a disciplinary and ruling, the warships and the warships have made them painful, but they are not completely unacceptable. At least, instead of the previous bloody, Qingpeng, and war lions, the entire army was captured and left in the Xusheng forbidden land.

In addition, although the five major leagues have since become the five major foreigners under the magical temple, they must accept the call of the magic hall at a critical moment and accept unified dispatch. but

At least on weekdays, the Temple will not interfere with the affairs of their alliance. to

The annual payment of the annual payment may be a heavy burden, but nowadays people have to bow their heads under the roof and at least get the time and opportunity for peaceful development. to

In the so-called merits of exchanging all kinds of top-level cultivation resources and various levels of Baodan from the magic hall, although they heard it, they did not go to the heart.

These guys are only temporarily tempted to cater to them. Don't forget that among the ancestral lands of their respective ethnic groups, there are still a lot of core ancestors who have not awakened. In addition to the ancient powers, even the ancient sages have. more

What's more, the \*\*\*\* unicorn, the nine sacred crocodile, the nine-headed \*\*\*\* scorpion and the Qingtian Dapeng are only temporarily retired and have not fallen. this

The four sacred ancient supremes with the twelve ancient powers, but the fight between the Lord of the Devil and the Tianhe Star, Ye Xuan, but they do not represent the power of their respective ethnic groups, the ancestral land of the ancestors After awakening, it is also not an opponent. four

Respecting the sage and the twelve powers are not opponents, then double, double... One day, one day, the temple can be overthrown! brain

After flashing these thoughts, the high-level parties in the void battles, after switching their eyes to exchange their eyes, they issued orders, in accordance with the requirements of the Lord of the Temple, circumcision and compensation...

Subsequently, the three major leagues and all other small idle forces and ethnic groups of high-level people have returned to their flagship fortress, a branch of the army, and continued to blast. short

In a short day, this piece of void was empty, and even the four major corps of the Temple of the Devils have been withdrawn from the Xusheng forbidden land.

Next, six \*\*\*\* scorpions and other generals and generals have to pay the list of the five foreigners and other small idle forces and the annual resources of the ethnic group, as well as the merits, according to the instructions of the Lord of the Lord. In exchange for a variety of data lists of top resources to get out.

After issuing the five major foreigners and the various idle forces, they are busy, can calm down, start retreat, and improve their own strength.

Chapter 4760: Gather together

The Tianhe Legion army slowly drove out the Xusheng forbidden land and set aside for the Tianhe Star...

At this time, in the flagship main control hall of a million-meter-diameter super star plug in the center of the army, all the high-level people gathered together.

Including the mosquitoes, the old ghosts, the Neapolitans, the demon emperor Mo Tiantian, the devil's uncle, the genus of the tortoises, the madness of the murderous emperor, and the old man of Xuanyuan and Duanmu, the Bodhi teacher and other small idle forces and family members. when

Of course, there are also three gimmicks such as Xuanyuan Ziyan, Duanmu Xiaocha and Zhao Qianru...

The atmosphere in the hall was somewhat depressed and dull, because there were still some anger on the faces of the three hoes, and it was clear that there was no anger.

Mosquito and old ghosts and Napoli, Xuanyuan old man and Duanmu old man and other high-level people face each other, shaking their heads and laughing, they all heard each other...

"Okay, three gimmicks, Ye Xuan is not the kind of person. He does this naturally, and he has his own reason. Do you still believe him?"

"That's right, the strength of the guy's cultivation has reached the end of the wild, this is simply shocking, and the experience must be very different. Naturally, it is impossible to always nest in the Tianhe domain. You must understand this."

Besides, did he explain it himself? There are still important things to do, it's really a slap in the face..."

"The key is that he is fine. This is the most important thing. Although he has now left his face and left, but since he has reached this height, he will soon be able to return. Even if you have more questions in your heart, then there will be more doubts. I will not be able to ask him again. Now that I am bored, is this necessary?"

As the crowds persuaded, the look on the faces of the three gimmicks gradually eased, and the atmosphere in the hall was relaxed. All the talents remembered the business, turned around and looked at the mosquitoes and ghosts. he

The reason why they are gathered here today is naturally because of the cultivation resources that were handed over to the mosquitoes and old ghosts before Ye Xuan left.

There were nearly a hundred high-level parties on the scene, all of which had a good relationship with Ye Xuan. Before he left, he said that in a short period of time, the strength of the nearly 100 people could be broken into the universe. This is simply shocking and it raises the curiosity of everyone's heart...this

Once, Ye Xuan left, and sent to the whole batch of resources of mosquitoes and ghosts, there are Zijinbao medicine, Jiu Cai Shen medicine, and chaotic medicine.

Even the various levels of Baodan, from the 24th level of the Emperor Baodan, to the 27th to the Baodan, there are many.

There are even ten 28-level powerhouses. This

Everything is contained in a treasure of storage. He waved it and gave it to the mosquitoes and ghosts, meaning that the mosquitoes and ghosts would be distributed.

In addition, regarding this matter, Ye Xuan has other confession, deliberately left a jade slip in the storage magic, there are some flaws inside.

This jade slippery, mosquito-killing old ghost has long been taken away, but it has not yet been viewed. Now all the people are coming together. He wants to take out all the resources that Ye Xuan has given in public, and everyone will verify it together.

"Hey!"

In the middle of the hall, this storage magic weapon was sacrificed by the mosquitoes and the old ghosts.

He didn't take out all the things inside, because the fools knew that it must be massive. The hall is wide and may not be able to accommodate it. again

Say, the storage magic is not refining at all, anyone can extend into it with the knowledge of God, and instantly find out what is inside.

The mosquitoes and old ghosts have obviously been explored. At this moment, the look on the face is weird. After turning around and looking around the crowd, this refers to the magic weapon that hangs in the center of the hall. Questioned. Public

People look at each other, and all the faces are full of expectation.

Then, all of them continued to extend the power of God's knowledge and entered this storage magic weapon to conduct exploration.

Almost in the next moment, the sound of a large piece of cool air came out, and all the people changed their faces, and the sound of exclamation sounded like a tide...he

We have been in this ruin of the ruins of the heavens and the earth for decades, and have been in contact with the beasts and the survivors. Therefore, it is obvious that these things have been heard about Zijin Da Yao and Jiu Cai Shen Yao.

Of course, I have only heard of it. After all, in the emptiness of this piece of land, these things belong to the legendary existence.

"What? Amethyst treasure? Actually so much..."

"What is that, I haven't seen any colorful medicines? It's no wonder that the guy's cultivation has entered the country so fast. There are such top resources in the legend. We are really developed this time..."

What kind of gray is it? There is not much energy in the air, giving people a feeling of returning to the true nature. It seems to be more advanced than the nine-color magical medicine. This is something that is not in the legend! "

"Bao Dan, a lot of Baodan, the breath that comes out is different. Since there is immortality of the Emperor, there are also the universe, the Lord of the Universe and the Supreme of the Universe, and even ten, exudes a strong sense of ancient power... .."

"These treasures, will not be the same as the effect of the genetic culture solution? One can make the existence of the ninth-order great perfection, and enter the next big realm in a short time?"

"That guy called the drugstore array three, this kind of thing, only he can make it out, God, even the wild and powerful, can rely on a Baodan achievement, it is against the sky..."

"Retreat! After going back, the entire Tianhe Star Field has reopened, we must upgrade the strength to a short time..."

"Hey..."

...

Ye Xuan did not know everything about the outside world.

Today, he has returned to the Dongfu Star and is seated in the Temple of the Devil.

Ye Xuan's body, which has changed in the dark fog, has also returned. The seven major cults have once again entered the retreat, and after the magic dragon has been taken away, the black fog has returned to the deity.

Because Ye Xuan will once again reopen the retreat. first

In the past many battles, the income of his last breakthrough has already been fully integrated into the body and the soul. The opportunity to break through again has already arrived...

"Booming..."

After the decision, Ye Xuan waved and sacrificed Shennong Ding, hanging behind the giant peak where the magic hall was located, floating in the air.

Subsequently, his figure swayed, and he stepped into the Baoding Dingkou, which was carrying the colorful fog. After entering the Dingzhong space, he sat directly on the volcano in the central area of the Dingnai space.

"call out!"

"Hey..."

Then, a lot of faint sounds broke through the air, and a spurt came out from Ye Xuan's body, hanging in front of him, including the evil source, and the colorful medicines, etc...

There are a chaotic medicine with a thousand square feet, all of which are the cultivation resources that he took out from the immortal world to develop this breakthrough!

After all this was completed, Ye Xuan even spurred Shennong Ding's domain power, compressing all the cultivation resources to the size of only the baby boxing, and waving the size of the baby boxing ball to Ye Xuan. Swallowed into the abdomen and quickly opened...
