Chapter 4761: Power fifth order

"Hey!"

"Booming..."

Some of the cultivation resources are imported, and Ye Xuan's body has a sound of chains squeaking with thunder and screaming. It's only a little bit of work, and all the resources in the previous swallowing have been turned into a hang. The energy of the great river. Connect

Everything that has come down is light and familiar, and Ye Xuan is so eager to promote the energy formed in the body. He continues to run through the whole week in the whole body until it is completely refining...

Soon after, as this hanging energy disappeared, it was thoroughly integrated into his soul and body. leaf

Xuan just had an energy to launch an impact, and this chain of chains has been broken. and

The system prompts in anticipation are also very quick to sound in my mind..."

Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the fifth step of the ancient power! "

"Hey, congratulations to the host, the physical and qi and blood boundary breakthrough! The current realm: the ancient fifth-order!"

Ancient cannon fifth order! first

Before, the cultivation of Ye Xuan's deity was the fourth stage of the ancient power of the ancients. After the activation of the blood of the ancient konjac in the body, it was able to climb to the fifth stage of the ancient power.

In the state of showing the konjac and changing the magical powers, and reaching the ninth change, the combat power immediately ascended to the fifth stage of the ancient sage.

If you count the first-order bonus of the flesh and blood, and the real strength, it is more than the sixth-order absurd!

This time, with his successful breakthrough, Ye Xuan will have the sixth-order repair power of the ancient powers after he activates the blood of the konjac in the body.

Once you show the magical power of the konjac, and directly enter the ninth change, its peak power will reach the sixth level of the universe supreme!

If it is in the huge body of 60 million miles, the strength of the horrible blood will have a second-order bonus to the real combat power. Session

When he is able to show the strongest strength, he will reach an unprecedented seven-stage absurdity!

In the seventh-order world, this is the late stage of the abandonment. Under the normal state, the war is under the control of the late stage. Today, Ye Xuan is invincible. Will

He also has a **** secret! One

Once he mobilized the blood power of the secret method of blood and sea, he will immediately condense three blood and sea avatars, all of which have enough horrific power to overcome the six-stage absurdity. Take

In the case of World War III, even the nine-stage absurd can fight with one. Of course, at most, it is just a tie. but

If he uses the supreme power of the 陨天弓, it is the ridiculous peak of the ninth-order grand perfection, that is, the half-step celestial path like the empty giant tortoise. Under the circumstance, it is very likely that he will shoot him with one arrow. , it's fallen! brain

Flashing these thoughts, Ye Xuan at the moment, the heartbeat has never been stirred!

"The fifth step of the power..."

After the completion of the break, Ye Xuan suddenly opened his eyes, deep in the bottom of the bottom, and the fine mans died, whispering: "The distance to swallow a twenty-nine-level ridiculous Baodan must reach the ancient powers of nine The order is perfect, there are only four small steps to break through..."

"It seems that the refining of the twenty-ninth-level ridiculous Baodan has become more and more urgent!"

"And, this time I also harvested a lot of powerful blood..."

But in any case, the refining of the 29th-level ridiculous Baodan can no longer be delayed... it must be launched immediately! "

Having said that, his brilliance has been flashing, and Ye Xuan made a decision in an instant, without delay, squatting now, and will use it in the future to officially break through the 29th-level ridiculous treasure of the ancient and supreme. Let's say it!

"call out!"

"Hey..."

A wave of blood, which has already been condensed, has appeared in the palm of his right hand.

After the previous battle, Ye Xuan's powerful blood used to refine the 29th-level ridiculous Baodan has reached fifteen giants. and

Moreover, among the fifteen powerful blood, there are actually two best things, almost one can reach two...

A total of fifteen high-energy blood sera including two of the best products are in hand. According to his deduction, he is now sacred by the sacred sacred sect of Ye Xuan. Dan, it's already a matter of nailing, and there is no suspense. very

As for the probability of even releasing 14 pieces, it is not completely absent. Although it is not high, it can reach at least 40%.

If not, he will not decide to start refining now...

.....

The twenty-ninth-level Baodan, also known as the ruined Baodan, can only be swallowed by one swallow, which can make the ninth-order great consummation of the ancient and the great powers break through the bottleneck of the big realm in a short time. Jumping into a real ancient supreme.

At the moment, Ye Xuan's own cultivation has reached the fifth stage of the ancient power of the wild, that is to say, only four more breakthroughs, he will be able to swallow a twenty-nine-level deserted Baodan.

And by this leap it has become a real moment of the ancient supreme. Correct

For him, this is very important. Therefore, this Dan can no longer be dragged down. It must be refining as soon as possible. However, it is still unknown how many ridiculous treasures can be produced in this furnace! but

One thing is certain, the thirteen is the minimum guarantee, but the possibility of 14 or even fifteen is also present, but the probability is small.

As for the sixteen or more, it is basically impossible, and it is an unrealistic expectation...

At the moment, the fifteen powerful blood extracts taken out from his hands will be combined with other large-scale treasures of precious materials and resources of the ancient and precious spirits to become the basic raw material of Ye Xuan's twenty-thousand-year-old ridiculous Baodan. ! when

However, in addition to these two most important basic materials, Ye Xuan will also add some of the evil source liquids, as well as the top resources found in the Hong Kong virtual space. will

After all the preparations for refining were done, Ye Xuan waved his hand and took out all the resources needed for the recipe and all the treasures of the top treasures. Then he closed his eyes...

Shennong Ding, the inner space, the flame pool at the bottom of the volcano in the central domain! "

call out! ""

Oh..."

The sound of the road broke through, and the dense colors of the spurs came from the heights of the volcanoes above the central volcano, directly above the flame pool at the bottom of the volcano. Place

Some of the mans hovered in a sudden lag.

These are the top materials and cultivation resources that Ye Xuan has prepared for the 29th-level ridiculous Baodan. "

call! "tight

Then, just like the whistling sound of the wind, almost at the next moment, below the top resources, from the flame pool at the bottom of the volcano of the central domain, a fascinating Shennong nine-color flame roared.

In the blink of an eye, in the raging wind, this nine-color flame sea is condensed into a nine-color furnace, which is small and simple, revealing an extraordinary atmosphere. under

In a flash, all the materials and resources that have been prepared for the big blood and blood, all of them automatically flew up, and did not enter the fireworks Ding which is only a square.

Here, Ye Xuan's first furnace, the twenty-ninth-level Dazao Zundan's practice, was officially launched...

Chapter 4762: Abandoned Baodan

The twenty-ninth-level ridiculous Baodan, with only one piece, can make a monk who is a ruthless ninth-order grand perfection, and instantly become a sacred supreme.

With this alone, its importance and preciousness can be imagined. Such as

Today, Ye Xuan is still the first refining of the 29th-level sage, and the raw materials used are all powerful and bloody, each representing a powerful ancient power. too

It's precious, and if it fails, the loss is so heavy that he can't imagine it. Therefore, this time he did not dare to take it lightly, and he controlled everything in his whole heart, focusing on it as never before.

Soon, as he moved, a refining method was thrown out in the hands of Ye Xuan, and the speed reached its peak. The blink of an eye turned into a mysterious pattern of incomprehensible, and the nine colors that did not enter the bottom of the volcano of the central domain. In the middle of the furnace.

The refining of the twenty-nine-level ridiculous Baodan of this furnace also started from this moment and officially started... No

Unconsciously, a month's time will pass.

However, Ye Xuan did not feel at all. His entire mind has been immersed in the refining of this furnace, and he has completely forgotten the existence of time. "

boom! "positive

It was at this moment that above the flame pool at the bottom of the central fire of the Ding Nei space, a huge roar sounded. With

With the roar of the roar, the furnace that was condensed by the nine-color flame of Shennong was scattered, and the colorful fireworks like the river rushed back to the flame pool below. and

Still remaining above the flame pool, there are fifteen baby-sized balls!

These fifteen beads are all purple and transpiration. The surface is full of rich and colorful mist, and there is a layer of dreamy halo, revealing a simple and heavy atmosphere...

It is the twenty-ninth-level ridiculous treasure!

With just one, you can make the ruins of the ruins of the ruins of the ancient ruins, after swallowing, break through the realm in a short time, and directly enter the twenty-ninth level of the ancient sage... !

"There are actually fifteen?"

After the end of the system, Ye Xuan opened his eyes and saw the sixteen pieces of Supreme Baodan, which was full of absurd and scented in the air in front of him. His face slammed and he took a cold breath.

At the same time as his mouth whispered, his singer was even more excited and excited, and his eyes were full of surprises.

Once used to refine the savage blood of the ridiculous Baodan, Ye Xuan only has a total of fifteen pieces. Although there are two of the best things, it is a half-step waste of the 9th-order grand perfection of the ancient dynasty. Respect, take the blood of the body after the explosion of the body to condense.

But before that, according to Ye Xuan's derivation, the twenty-nine-level ridiculous Baodan, which is released, is the lowest guarantee, but the possibility of 14 or even fifteen is still present, but the probability is Very small.

As for the sixteen or more, it is basically impossible, and it is an unrealistic expectation. thing

In fact, even if it is 15 pieces out, the chance is only 30%.

I did not expect that the chance of this three-year-old has become a reality. It can only be said that his transportation is too prosperous.

After some joy, Ye Xuan suddenly thought of the seven hoes of the ancestors, and his face was stagnation, and suddenly he shook his head and smiled.

The fifteen twenty-nine-level ridiculous treasures that I got this time seem to be quite a lot, but for Ye Xuan, it is actually not enough...撤

There are only 14 pieces left for him to use, and among them, the seven gimmicks of the ancestral ancestors must be one person per person. After all, they are now in the mid-term power, breaking through to the peak of the previous generation. If you can finish the 9th order, you won't be able to use much time. under

A wake up, must be reached. and

In the past, when their cultivation was constantly climbing, even if they crossed the big realm, they did not need to use all grades of Baodan. That was because they had reached the 9th-order great consummation of the ancient times.

But in this world, after the great success of the ruins of the ancient ruins of the ancient times, if they want to break through and become a ruthless power, they must swallow a twenty-nine-level ridiculous treasure. Otherwise, they will fumble on their own. I have to wait until the Year of the Monkey.

As a result, there are only seven remaining left-handed treasures. Partial

There are many genus genus under the leaves of the leaves. example

Such as old pig fine, six **** cockroaches, elephant fox owl, Yingtai, Feitian 蜈蚣, silver 冀 old monster, three-jaw dragon 蛟, etc., Longshan Tang, and Sangzhizuo, Zhao Dong, Qiannan, Sun Xi, Li Bei four!

Qingniu and Yuling, Longjing, Gongjun, Black Wind Tiger, Roaring Moon and others! also

There are still the Taikoo Porcupine and Taikoo tortoise! Take

And the mosquitoes, the old ghosts, the Neapolitans, the demon emperor Mo Tiantian, the devil's uncle, the cursive patriarchs, the ninth, the mad mosquitoes, and the Xuanyuan Ziyang, Duanmu Xiaocha, Zhao Qianru, the three gimmicks, etc...

Look at the strength of these guys to repair high or low, uneven.

But that was only the past. As Ye Xuan gradually brought together the strongmen of the various camps and legions, a large number of Zijinbao drugs, nine-color magic drugs, even chaotic drugs and various levels of Baodan poured. he

The great disparity between them is now getting closer and closer.

This is originally what it should be. The lower the strength is, the faster the strength will be climbed after using these top-level cultivation resources. On this day, I am afraid that Ye Xuan will have a lot of cosmic supreme and even the ancient power. .

It is only because of the seventy-nine-level ridiculous treasures that he has in his hands.

What's more, Ye Xuan has promised a lot of people who have just earned the legacy of the sergeant's gray robes. So, the twenty-nine-level ridiculous treasure in his hands is actually only the rest. It's only six...

"Hey, look like the starry beasts in the wild and powerful world, you have to continue to hunt..."

As these thoughts flashed in his mind, Ye Xuan suddenly sighed and shook his head and smiled.

There is no doubt that the starry beasts of the ancient and powerful world must continue to hunt, but this is not an urgent matter. After all, it will take some time for these guys to grow up. and

For Ye Xuan himself, there is one more important and urgent thing, that is, the 30th-level Tiandao Baodan perfect Dan Fang's deduction...

After the last release of the 29th-level ridiculous Baodan, Ye Xuan issued instructions to the body's phagocytic system for the first time, and fully promoted the 30th-level Tiandao Baodan.

The perfect Danfang of the 30th-level Tiandao Baodan obviously needs more time.

If the era of the floods is coming, then Ye Xuan will have to deal with many things. I am afraid that I will not be able to take time any more and concentrate on the Danfang. Place

So, this matter must be completed now.

The 30th-level big power Baodan is very important for him.

If this is the refining of the Dan, Ye Xuan can ensure that he will enter the heavens and the environment. At that time, even if he encounters the heavenly green eye or the Xingbo old ghost, he will be fearless. This

The two guys have already become the two thorns of Ye Xuan's heart. Sooner or later, they have to face it. For this, he does not want to escape.

Chapter 4763: Tiandao Danfang

Although he still has the **** magical power of the konjac, according to the past practice, even if only the sacred environment, the konjac change, can also have the cultivation of heaven and earth.

But after all, the heavens and the earth are different. Can you achieve the heights of the blood and magic of the konjac, and Ye Xuan's heart is not at all...

Therefore, the 30th-level Tiandao Baodan must be refining success anyway, and what he has to do now is to first promote the perfect Danfang...

With this in mind, he will not hesitate! leaf

Xuan immediately changed the blood of the konjac to the ninth.

At the same time, including the blood sea secret method is also displayed together, so his body shape at the mouth of Shennong Ding Ding has not changed, it is still the master of the high, but repaired to strength, but has reached the sixth order of the ancient sage!

The sixth stage of the ridiculousness is the peak of the early days of this place. Once again, it can enter the late stage of the sacred supreme. The knowledge of the gods can be described as powerful, coupled with the full cooperation of the systemic calculus ability of the body. According to Ye Xuan's deduction, this time It is highly probable that the perfect Danfang of the 30th-level Tiandao Baodan will be deduced. only

It will be a long time in terms of time. He is really not at the end. After all, it is Tiandao Baodan. One can make the existence of the ruthless and supreme ninth-order perfection into the heavens. It is nothing but the difficulty. Naturally, it can be imagined. know.....

With this kind of expectation, Ye Xuan adjusted his mind and quickly recovered his mind, uniting the body's engulfing system, and urging the system's calculation and derivation ability to the extreme.

Immediately afterwards, with the sixth-order ridiculous horror of the gods as an aid, this is the full dedication of the 30th-level Tiandao Baodan perfect Dan Fang! Do not

A long time ago, when he was pushing the perfect Danfang of the 29th-level ridiculous Baodan, he spent more than half a year before and after, but this time, on the one hand, Ye Xuan's current strength has been reached. The sixth step of the ancient sacred, the gods are powerful too much. another

On the one hand, it is because of the perfect Danfang of the 30th-level Tiandao Baodan. Before that, he already confessed to the body's engulfing system, and launched a full-speed derivation. How much is a little prototype...

Therefore, although Tiandao Baodan is not a small one, Ye Xuan has only completed it in two years and has successfully completed everything.

Two years later, Ye Xuan opened his eyes and screamed with excitement. "

call....."

"Thirty-level Tiandao Baodan! Finally... successfully completed!"

At this moment, Ye Xuan whispered a whisper, and he sighed with a sigh of relief, and his heart suddenly became loose. In the words, there was a kind of excitement and joy that could not be concealed...

"boom!"

"Booming..."

.....

Just as Ye Xuan's heart was in joy, at the foot of the universe, the universe was outside the stars, and there was a thunderous sound of earth-shattering in an instant, and a lot of black robbers came.

Looking around, a awning thick black cloud is gathering at a speed that is visible to the naked eye. If it is too low, there will be an area of hundreds of millions of miles round, all covered with black. Robbing the clouds...

This scene made Ye Xuan suddenly stunned, and his mind was confused. which is

In the wilderness, if only a small breakthrough, there will be no thunder, unless it is a breakthrough.

Nowadays, Ye Xuan does not practice at all. Although he refining a rare and precious Baodan, he did not take it out, but stayed in Shennong Ding. The heaven and earth air machine was isolated, and the Danjab should have arrived. It is definitely pushed back.

Only when he took out the batch of ridiculous treasures in the future, the heavens and the earth will be inductive, and the ruin will come. This

This is what it should be. After all, it is a ridiculous treasure. Only one piece can make the ruins of the ruins of the ruins of the ancient times. After swallowing, they will break through the realm in a short time and directly enter. The ancients are supreme.

If there is no robbing, it is really strange. leaf

The reason why Xuan Xuan has not been taken out now is to worry about causing unnecessary trouble. After all, it is too eye-catching, nothing more. press

It is said that Baodan has not taken out Shennong Ding. It is impossible to have a tyrannical slay. Moreover, Ye Xuan's refining of this furnace is a matter of two years ago. Will not wait until now. "

Could it be..."

The thoughts flashed through my mind, and Ye Xuan's heart suddenly changed, and the complexion changed instantly. This

For a moment, he realized everything in an instant. lead

It is not the fifteen ridiculous treasures that have not been taken out in Shennong Ding after his refining, but the perfect Danfang of the 30th-level Tiandao Baodan that has just been derived!

After all, it is Tiandao Baodan, one can make the existence of the eternal perfection of the ancient sacred sacred into the heavens, not everything, but now Ye Xuan has not refining Tiandao Baodan, just to push the perfect Danfang Derived, it was brought to the end of the robbery in the darkness, this is really speechless..."

It's normal to think about it, heaven and earth, the representative is the avenue of the heavens and the earth, a Baodan, you can enter this situation, naturally against the sky, inevitably suffer from the sky..."

After some depression, Ye Xuan's face showed a bitter smile and murmured: "Although Tiandao Baodan did not refine it, but Baodan's perfect Dan Fang was derived from me."

"So, if there is no accident, the audience of this wave of robbery is me..."

At this point, his glimpse of the fine man's flash, a wave of his hand to put Shennong Baoding away, his body shape, disappeared instantly...

At this time, with the horrible robbery cloud that shrouded a billion miles in the void, the vast Xu Xing forbidden land has already disappeared. The high-level, green, six-headed, and Zhao Dong are all out. Retreat, a look of suspicious color.

However, after seeing the center point of all the robbery clouds, they were the stars of the Lord of the Devils, and they took a long sigh of relief and their faces showed a happy color. This

It is clearly the rhythm of the devil's adult to break through again. With his powerful cultivation of the sixth-order of the ancient supreme, can you fear this little robbery? just

At this time, the inside of the stars rushed out at a rapid speed, blinking away, leaving the Xusheng forbidden land, and the vast robbery cloud that originally shrouded the Dongfu stars, went through the shadows.

Qingniu, Liutou Bloody, Zhao Dong and others know that they know that the Lord of the Lord does not want to rob the Xusheng in the forbidden land, so as not to smash the pool fish, even if they are with other high-level temples, they will go away. Follow the back of this vast robbery cloud, far away.....

...

"call out!"

"Booming..."

After a short period of time, Ye Xuan came to a remote emptiness from the Xusheng ban, nearly a billion miles away. Behind him, the vast cloud of clouds that shrouded a billion miles was always accompanied by an astonishing roar. , constantly coming.

After all, this is the strange and thunderous tyranny caused by Tiandao Baodan Danfang. It is not the same as the small one. Therefore, the number of robbery clouds is so horrible. Although Ye Xuan is completely fearless, he has to consider the safety of his descendants.

Now that he has led the robbery cloud, he is completely relieved. For him, the next step is just a baptism of a thunderbolt. He has never been a raid in the face of the thunder of the monks. thing.....

Chapter 4764: Lei Ling advances

"Booming..."

"Card!"

At the moment, with the body shape of Ye Xuan abruptly stopped in this secluded void, the vast robbery cloud that followed him behind him once again shrouded the sky at the top of his head, and in the first time, he lowered a purple gold. Color lightning...

Too thick, full of greatness, look at its power, even if it is an ordinary star, you must be hit! "

Roar! "Do not

Over Ye Xuan did not put it in his heart. At this moment, he is still the violent form of Zhang Gao, and his head is a roaring roar. The body's breath is all spurred, and the whole person is like the most embarrassing. Strong small stars in general.

In the violent body that only succumbs to the heights, this momentary burst of endless treasures, through the surface of the billions of pores sprouted out..."

Card! "thorn

The crispness of the ear came, and the clouds of the sky suddenly surged between the moments. After a short break, a stout purple gold lightning was already down!

"Leidi printed!"

Like the same Kenzai, Ye Xuan whispered, and Lei Di Yin, who was hanging in the brain and knowing the sea, spurred out. "

Oh..."甫

As soon as the sacrifice was made, the Emperor Leidi immediately flew up, and the first time in the emperor's seal resounded a high-pitched whistling sound! This

It is the thunder of Emperor Indy, and for it, this kind of thunder is the best chance for forging itself. emperor

In the printing of Lei Ling, repairing strength has long been in the last Ye Xuan robbery, broke through to the main territory of the universe, and after the absorption of this period of time, nowadays it appears, the body is diffused strongly The cosmic supreme power of the universe.

This time, after sensing the powerful atmosphere of the thunder robbery again, Emperor Yin Lei Ling once again rejoiced, because this thunder is not only the opportunity of Ye Xuan, but also its chance!

After the baptism of the thunder, Lei Di Yin will be more powerful, and Emperor Yin Lei Ling will most likely break through the big realm and enter the ancient world. This is the creation of Tianda, which makes it very exciting. I have long been unable to hold back and want to rush out! "

Actually has reached the universe supreme..."

Seeing that Lei Ling appeared, Ye Xuan stunned a bit, and Jier's face showed a faint smile. The mouth also said a certain words: "This wave of robbery is special, I do not know that there will be several hijackings coming... ..."

"It's still the old rules. The first two are handed over to you, can you rush to break through to the ancient world, and you will see your creation..."

The words have just been finished, the first wave of hijacking on the top of the head has been slammed down, although it fell to the top of Ye Xuan's head, but there is no leakage, all of which was inhaled by Lei Di. "

Oh..." Emperor

In the imprint, the sound of Lei Ling's joy was once again heard. This time, it was enough to eat. After all, it was a special thunder brought by Tian Dao Bao Dan. The hijacking contained some special energy, which was good for Lei Ling. extraordinary.

However, even if there is a strong robbery, it will not cause any harm to it. It is Rayling, and it has always been in the Lei Di Yin, which is the origin of the thunder and earth. "

Rumble..."

"Card..."

Lei Ling's delightful shouts, just falling, the sky above the head, the second card bang loudly came, a thicker than before, reaching a huge purple gold thunder of 20,000 feet, instantly rushed.

In the face of this wave of robbery, Ye Xuan still has no movements, carrying his hands, let Lei Diyin hanging over the top of the head to absorb the second lightning. a few

In the next moment, a more cheerful and whistling sound came from inside the emperor's seal, revealing a more powerful pressure, which is a great power...

"I'm lucky, I'm really in the realm of power..."

Affected by the strong atmosphere of the Lei Di Yin, Ye Xuan nodded with satisfaction, and his face also showed a happy color.

This time, the creation of the Emperor Yinlei Ling was great.

Today, although it is only the first step of the ancient power, but because it is the body of the spirit, the horror of the war, fear that even the medium-term power of the fourth-order environment, may not be its opponent, once encountered, Can only suddenly retreat under the color change.

"call out....."

Under the heart, Ye Xuan waved his hand, and the Lei Di Yin hanging over the head disappeared instantly, turning into a purple gold and awning into his eyebrows, and hanging over the sea. suitable

Only the energy of the two waves of horrific hijacking, Lei Ling is only a preliminary absorption, and now quietly cultivated, presumably can also promote several small steps...

"Card!"

Here, Lei Di Yin was just picked up by Ye Xuan, and the empty ceiling at the top of the head, a crisp and incomprehensible explosion has been transmitted again.

In the line of sight, this vast and incomparable robbery cloud is more intense in an instant, and after a short break, a stout purple gold lightning has already collapsed!

Its power has risen several times compared with the previous one, and the diameter of the robbery has reached 100,000 feet... and

With the slamming of this thunder and lightning, the sky shrouded a billion-mile-long black-and-black cloud, and it disappeared in an instant. It can be seen that all the forces in the robbery cloud have all gathered in this hijacking. It's horrifying, surpassing any raid that Ye Xuan has ever had. very

There is no comparability at all, revealing the endless atmosphere of destruction!

However, Ye Xuan still has no fear. He now has a six-stage ridiculous terrorist power. He himself is also known for his physical strength. Even if it is a terrorist bomb with a diameter of 100,000 feet, it is also quenched. Refining the flesh.撤

After pouting, his figure swayed, and he rushed to the top of the head, the horrible robbery cloud that covered the endless void..."

Oh..." This

At the moment, under the turbulent mood, the voice of the screams came from the mouth of the violent voice, and did not avoid the flash. The body shape rushed out in the screaming screaming, and went on the face, and the eyes disappeared into the electricity. The ground was completely submerged.

"Booming..."

The scene that happened down was amazing. The whole piece of the vast purple gold robbery cloud, the horrible roar of the horror continued. straight

The lightning bolt with a diameter of 100,000 feet exploded, and the vast expanse of billions of miles, all of which were enveloped by the purple gold Leihai, and the void was trembled, as if it could collapse at any time.

Although this is just a thunder, it is enough to ravage dozens of breaths... with

After that, this vast expanse of Leihai, which covered hundreds of billions of emptiness, disappeared completely, and it was a big void. "

call out! "

As the entire thunderstorm disappeared, the faint sound of the air broke out quickly. under

For a moment, the violent stepping out of the sky from the height of the sky, there is no scar on the treasure body, shining, exudes an endless mastery of the universe, Weifang! This

The wave of robbery made him very happy, uncomfortable, and the income of the previous breakthrough was thoroughly digested and integrated into his body and spirit.

In other words, if Ye Xuan is willing, he can immediately launch a new round of retreat...

Chapter 4765: Suddenly coming wormhole

"call out....."

As the robbery clouds dissipated and raged in the void, the Zijin Leihai, which covered the vast expanse of billions of miles, disappeared. The violent figure suddenly spurred from afar and arrived at Xu. The edge of the forbidden land...

In the line of sight, six heads of blood, Zhao Dong, Qian Nan, Sun Xi, Li Bei, and the old survivors of the Sangzhi nationality, Qingniu and Yuling, Longjing, Gongjun, Heifenghu, and Lunar New Year Three-jaw dragons, Longshan Tang, **** ancestors, Qingpeng ancestors, and **** and Qingpeng, the three lions of the war lions are immortal...

There are thousands of figures in the ocean, all of which are the strengths of the emperor's immortality. They are also the high-level temples in the Xusheng forbidden land. All of them are gathered here...

It's been two years now. In the past two years, the cultivation of the people has been good. six

Although the **** head is still the universe, it has reached the end of this period.

Zhao Dong, Qian Nan, Sun Xi, Li Bei, and four beasts, as well as **** ancestors and Qingpeng ancestors, were originally only the cosmic sages, and now they all become the masters of the universe. on

Even Qingniu and Yulinglong, Longjing, Gongjun, Heifenghu, Rou Yuezhen, Three-jawed Dragonfly, Longshan Tang, and the old people of Sangzhi, who were originally only immortal, have now become the universe. Respected... except

In addition, in the immortality of the Emperor, there are many more faces, which must have been in the past two years, from the immortality of the emperor, to the breakthrough, and to become the top of the emperor.

It can be said that in the two years, the high-level members of the Xusheng Forbidden Hall have improved their overall strength and are delightful. he

The reason why all of us gathered here, naturally because of the previous thunder, the movement is too big.

Originally, some people were retreating, they were all alarmed, and they rushed in, and Yu Xusheng was watching the edge of the forbidden land...

The scale of this robbery and the horror of the power, they are all only seen in life, their faces are full of surprise, the heart is originally guessing the extent of the strength of the cultivation of Ye Xuan after the robbery...

This is what it should be. If it is not a breakthrough, the catastrophe will not come to an end.

Besides, the Lord of the Devil is amazing. In the past two years, their cultivation has improved a great realm. Even if the master is too high, it is impossible to increase such a large range. The breakthrough of the two small steps is still very likely. Two

Before the year, he was already a fifth-order absurd. If he broke through two small steps, it would be a seventh-order absurd, and a half-step heavenly road, and only two different levels. more

What's more, the weather of the genius of the genius is so amazing, and many of them are even speculating that Ye Xuan has broken through the heavens in one fell swoop...

It is no wonder that in general, small-scale breakthroughs will not be brought to heaven, and the days of robbery will generally be the breakthrough of the big realm. in

In their impression, Ye Xuan was already in the late stage of absurdity, and then broke through a big realm, naturally it is a heavenly environment...

However, at this moment, Ye Xuan came from a distant place with a violent temper, and blinked to the front, the body's repaired breath is clearly, but it is only a stage of the ancient and supreme!

All the people were stunned and their faces were dull.

In two years, only one small step has been broken?

And just a breakthrough in a small order, actually led to such a terrible day robbery? This

How do you say this? Yes

Talent enchanting or something else... It's hard to evaluate!

"It's all gone, the retreat continues to retreat, a little catastrophe, what is good to watch..."

Ye Xuan grinned and understood that the guys were groaning in their hearts, and did not delay too much. After the talk, the figure went straight and went straight to the Dongfu Star.

This time, the thunderstorm, the income he had just broken through two years ago was fully integrated into the body and the soul, and the opportunity to break through again has arrived. leaf

Xuan naturally will not let go of this, he decided to return to the Dongfu Star, and once again launched a retreat.....

...versus

At the same time, there are hundreds of billions of miles away from the Xusheng ban, close to a secluded star field in the star field of the Beast Alliance!

This star field is extremely remote, and there are no ethnic groups and forces stationed, because there is no life star at all because of the vast universe of tens of millions of miles away. all

There are some abandoned stars that have no value. There are no plants on the top. Only some barren minerals, even the starry beasts, are totally disgusted. but

The Alliance of the Beasts among the five major leagues is on the right side of the starfield, and the edge is only two billions of miles away...

Because it is too barren, there are only some minerals, even a life star that grows plants. So in this remote star field, there will be basically no strong stars, unless it is specifically looking for this kind of area, The existence of retreat.

"Oh..."

At this moment, it is in the depths of such a deserted star field without any vitality, but suddenly there is a clear and unmistakable sound of cracking, it is not small! set

Looking into the sky, the void of the universe in the depths of this remote star field is now being torn open with a huge hollow crack. It is up and down thousands of miles long and has a diameter of a hundred miles. It is like a vertical eye in the void. Astonished...

"boom!"

Rumble..." This

The road void crack is not the end, everything is just a beginning.

Almost at the next moment, from this void crack, there was a thunderous thunder, which continued to tremble. and

With the resounding sound of these dull thunder, this sudden void crack is clearly expanding towards the surrounding.

Although the speed is very slow, it has been going on for a while and has not stopped for a while.

If you look at it coldly, it seems like you have broken a small hole in the void. Then, there is an invisible force that spreads out from the small mouth and expands it more and more.

This scene is too strange, and the movement is not too small. If it is in other stars, not in the remote star field that is hard to find, I am afraid that it has already alarmed countless forces and strong stars....but

Today, no one is aware of all this.

And this original only a thousand miles long, the diameter of only about a hundred miles of the void cracks, has been in the rumbling of the thunder of the thunder, constantly expanding outward, more and more ...

Time passed slowly, and a blink of an eye passed away. At this time, the original crack of a thousand miles or so has become a huge black hole, oval, about a million meters in diameter, and a star. The size is almost the same. Do not

However, this huge black hole that has just been formed is obviously not as simple as a normal black hole. The breath that comes out of the black hole is faintly connected with the plane level between the three major stars. Wormholes are very similar.

Unknowingly, this piece of debris in the sky has a stable star-studded wormhole. What does this mean? No one knows, and there is no way to judge...

Chapter 4766: a turtle riding a pig

In a small half-day time, this only a thousand miles of void cracks expanded into a huge black hole, oval, about a million meters in diameter, and the size of a star.

The breath emanating from the black hole is faintly similar to the plane-level star wormhole that connects the three major star planes.

At this point, the black hole finally stopped expanding, but it was completely stabilized! One

The low roar of the continuous endlessness has disappeared. This piece of the universe, which was originally incomprehensible, has completely fallen into a dead silence, exactly the same as before a small half-day!

However, this kind of dead silence did not last long. It was just a meal, and it was shattered by an earth-shattering robber, and it showed endless joy..."

Roar! ""

Look, there is a black hole suddenly appearing in front of it, which seems to emit a wormhole atmosphere, which is extremely stable..."

Old pig, this turtle suddenly has a very wonderful intuition, what seems to be in the black hole, calling me... will not be the ancestor of my Taikoo tortoise family? I finally opened my eyes, and the advent is coming, I must not miss it! ""

You can pull it down, what ancestors opened their eyes, is it the ancestor of your tortoise, and the ancestors of this pig were buried in one place? The pig also felt the summoned..."

"No matter what, advanced to say, anyway, we have no way to go with the little guys behind us. The surname Ye Naizi doesn't know if it is running, and the ghost shadow can't be found."

Also, how many years have you been looking for? This is the 17th piece of the emptiness that we have come to. The hair has not found one. Perhaps there is no chance in this black hole. ""

The little ones, cheering up, there are fat sheep in front, they are all tight..."

Roar! "

"Hey..."

"Hey..."

The two dialogues just fell, and then the black hole was filled with the overwhelming sound of fierce beasts and screams, the number is numerous, and all of them are full of endless fierceness. only

Just hearing these roaring animals roaring, they can judge the fierce beast army at the other end of the wormhole, absolutely all of them are fierce and cruel. "

call out! "a few

In the next moment, with the faint sound of breaking the air, a figure emerged inside the wormhole. To be precise, it is two, but it seems that there is only one. This

It is a black pig and a green turtle.

The black pig is huge and full of feet, but the green tortoise on its back is just the size of a palm. It looks like a figure, more like a green turtle riding a huge one. The black pig came out. but

In fact, there is almost no such possibility, because the strength of the two is basically equal. Do not

The tube is a huge black pig, or a green-sized turtle that only slaps the size of the body. The repairing atmosphere that is scattered in the body is the first step of the ancient power! This

Two guys, it is the Taikoo tortoise and the Taikoo Porcupine!

At the beginning, the magical star field in the valley of the Devil's ancestral valley in the Devil's Star replaced the Devil's Star Field. Shortly after the arrival of the First Universe, the Taikoo tortoise and the Taikoo Porcupine took the star field from the evil. The fierce beast army that came out of the middle entered the caged star field...

In the cage of the cage, there are a large number of descendants of **** ancestors, and from time to time there will be some blood to the ancestors. For many of the beasts of the evil source, this is the best food.

Starry beasts, originally relying on mutual engulfment between each other to enhance their own blood, so that the cultivation of strength is getting stronger and stronger.

The Taikoo tortoise and the Taikoo Porcupine quickly upgraded and repaired the savage beast army that led them from the star of the evil source, and eventually all entered the cage. From

After that, I never met Ye Xuan again...

Even if Ye Xuan left the third universe, he entered the second universe, and from the huge void crack of the Yinmo Star Field, he turned around and entered the void between the pieces of the wild world, the Taikoo Porcupine, the Taikoo tortoise and their armpits. The whole army of the beasts and beasts that were commanded were still stuck in the cage of the cage and did not come out.

Calculating time, it's already dozens of things nearly a hundred years ago... things

In fact, as early as twenty years ago, the Taikoo tortoise and the Taikoo porcupine had already taken the squadron of the savage beasts and rushed out of the cage. first

In the past dozens of years, the savage beast army unit unified the entire prison cage, and all the cages and beasts were almost eaten.

Therefore, all the beasts in the Evil Corps have been extremely amazing in their ability to improve, and they are slower than Ye Xuan.

After all, it has swallowed up a large number of descendants of the ancient and dead creatures. The blood of these beasts and beasts has been undergoing repeated transformations and evolutions.

Originally, the caged star field had a squatting place in the wilderness of the heavens and the sacred eyes, guarding the beasts in the forbidden land of all the cages, but just over 20 years ago, I did not know what happened to the green eyes of the wilderness, or there was a certain Different arrangements. actually

Suddenly, the eye that was sitting in the forbidden area of the prison cage was called away. It was just that opportunity that the Taikoo Porcupine and the Taikoo tortoise rushed out of the cage with the entire beastly army of the beast. With

After that, they went to the sinister star field of the Second Universe, from where they entered a wormhole that connected the emptiness of this piece of ruins.

Unfortunately, although the wormhole was connected to the emptiness of this piece of wild land, it was more tortuous and bent around, letting this savage beast army group turn around a dozen years later. Large and small pieces of void. its

Some of the fragments are ridiculous, and there is no one in the hair, but there are also fragments in the void, leaving some treasures of the ancient life.

It is the treasures of these ancient creatures that have made the strength of the entire beastly army a new step.

Twenty years ago, when the Taikoo tortoise and the Taikoo porcupine rushed out of the cage with their fierce beasts, they were only able to compete in the universe.

However, after more than two decades, the cultivation of the two of them has grown to the point of greatness. except

In addition, within the sacred beast army led by the two men, there are still more than a dozen powerful beasts in the universe, and the Lord of the universe is more than one hundred, and the universe is hundreds of people. The emperor is immortal, and the overall strength is absolutely terrifying. and

At this moment, with the Taikoo Porcupine and the Taikoo tortoise rushing out from the wormhole that suddenly appeared in this place, the huge and powerful army of the beasts who are under the command of the two will obviously not fall behind. .

If there are no accidents, they will soon follow behind them and swarm in and out.

The fierce beast army that had emerged from the star of the evil source finally came to the emptiness of this piece of land, and all the starry beasts that survived in the legion were far from comparable, powerful, and violent. Very incomparable...

Chapter 4767: We are pests

"Roar!"

Oh..."

"Hey!"

"Booming..."

In the void, the wormhole that is like a void is still there, and it is very stable.

And with the Taikoo Porcupine and the Taikoo tortoise spurting out from inside the wormhole, after a brief silence in the wormhole, there was an overwhelming roar, screaming and banging. One

The small pieces of the void are smashed, and the voids are slightly trembled, because the pressure of the pressure from the wormhole is too high.

There are countless beasts in the whole army of evil spirits, each one is extremely powerful. At this moment, passing through the wormhole, the atmosphere of the body has stirred to the extreme, and the atmosphere gathers together to form this horrible, even the void. Have a strong shudder...

Soon, there were some fierce beasts in the wormhole. The race was different, the blood was different, and even the body type was big and small. but

Without exception, in the pressure of the atmosphere of each of the fierce beasts, there is a very violent temperament.

This fierce beast army had experienced infinite killings in the deep hinterland of the evil source, and later entered the cage star field that replaced the magic emperor, and it was also killing the endless, and the whole piece of the cage was in the star field. The countless cages and beasts have swallowed up. tight

Then, outside the caged star field, this fierce beast army hangs in a piece of vacant space of varying sizes. The crisis that has been experienced is not many, and it has already been forged into a real iron-blood army.

In the distance, the Taikoo Porcupine and the Taikoo tortoise have retreated to hundreds of millions of miles away and turned to look.

Inside the wormhole, a fierce beast roared out and gathered in the universe outside the wormhole. This scene lasted for a whole day...

After the day, the wormhole is still stable and incomparably, but inside it, there is no longer a figure of a beast. whole

All the beasts in the evil army were finally gathered.

Looking at it, a large piece of black and white in the void is swaying and swaying, with a total number of at least 100 million heads...

The number is far less than the alliance of the beasts in the five major leagues. After all, the total number of starry beasts in the Alliance of the Beasts has reached billions.

But the whole evil army is winning in the elite, looking at it, any beast in the army, the breath of the body is very violent, the blood is fierce, the arrogance is pressing!

Among them, among the high-ranking beasts in front of the Legion, there are actually more than a dozen powerful beasts in the universe, and the Lord of the universe is more than a hundred, the universe is hundreds of people, the emperor is immortal, and the overall strength. Absolutely terrifying...

Not to mention the high-end core strength of the ancient powers and beyond, it is only the ordinary combat power below the power. This evil army is definitely not weaker than any of the five major leagues, including the magic hall. Can't match it!

"Roar!"

Oh..."

With the completion of the army, the Taikoo Porcupine and the Taikoo tortoise each raised their hair and screamed, and they groaned, and then there was a voice of God, and a small piece of emptiness was spread throughout the entire army. All the beasts are clear and audible. "

The little ones, this piece of emptiness is very vivid, with inexhaustible energy, not the fragments of the virtual space we have encountered before..."

After so long, I finally hoped for it..."

Just in the void on the right side of the front, there is a lot of life, this pig has already caught, the little ones, the time of hunting is here, the locusts transit, the grass does not stay! ""

The locusts transit, and the grass does not stay! "

"Small, the war songs sing, open the meal..."

The last sentence is from the mouth of the Taikoo Mao tortoise. It is very sharp and reveals the inexhaustible excitement. This dead turtle seems to have just had a shot of chicken blood. tip

The sound of the whistle just fell, but immediately took the lead to sing the battle song of the evil army: "We are pests... we are pests..."

Here, as one of the two commanders of the Legion, the Taikoo tortoises have already begun to take off, and the hundreds of millions of fierce beasts in front of the sky are naturally unwilling to lag behind.

And this so-called legion battle song, they obviously have no idea how many times they have practiced, and they have a very tacit understanding with each other. Almost at the next moment, the sound of the uniform war songs is resounding in this void..."

We are pests..."

We are pests..."

"Booming..."

Accompanied by the war songs, the endless, long-awaited army of all evils, in an instant, led by the Taikoo Porcupine and the Taikoo tortoise in front, rushed in the void, and brought a lot of life to the air. In front of the void on the right, drive away.....

...

冥鲲星域! This

In the past, it was originally a strong and strong forbidden place. The strongest person who was seated in the forbidden land of this fierce beast was a great consummation of the nine-order universe, that is, the half-step power.

This head, the body has the blood of the demon and the squid, very powerful. which is

It was the great tribes and forces of the three major star planes in the world that invaded the shards of this ruined land, and several times of invasion, they never fell into the stellar domain. Rear

Come, the magic hall was born out of the world, under pressure, sitting here in the middle of the shackles and other surviving fierce beasts together, set up a beastly alliance.

Since then, the Xingxing domain has become a member of the Beast Alliance, and the half-step savvy has become one of the members of the Beast Alliance. This

In the battle of the Temple of the Devil, the only seventh-order power of the Beasts Alliance was slain. Now, like the other four major leagues, it has become the external force of the Magic Hall. All this is outrageous, and the heart is unwilling, but yet Incapable of power, from the return of the Xusheng banned wolverine where the magic hall is located, it directly enters the nest star in the depths of the curfew. original

I wanted to retreat and try to see if I could break through the wilderness in one fell swoop, but when he just prepared everything and was about to start a retreat, the outer sky of the 冥鲲星域 suddenly came. Earth-shattering loud noise! Accompany

The thunderous thunder of the thrilling sounds, and the strangeness of a strange, like a roaring beast roaring...

"We are pests..."

"We are pests..."冥

He stunned on the spot, obviously a rogue beast roaring, why did he claim to be a pest?

Then, his face suddenly changed dramatically, because at this moment, two powerful and incomparable pressures passed through the atmosphere of the stars, and the bombardment came, instantly locking his body, and the breath was firmly locked. "

Wild power? There are actually two? In the end what happened....."

Under the faint color change, he suddenly exclaimed and screamed, no longer hesitating, his shoulders swaying, and immediately rushed out from the nest stars under his feet, and came to the outer universe.

Looking at it, a huge army of fierce beasts is swarming from outside the star field. The leader is clearly a dark-eyed porcupine, and a dragonfly on its back, only palm-sized. Green turtle...

Chapter 4768: Emperor's trick

"Who are you?"

Seeing the beasts of the beasts swarming in, with a terrifying sigh of anger into the star field, the first time they launched a crazy killing, and they were even starred by the two terrible horrors Porcupine and green turtles lock in breath...冥

The face of the skull suddenly showed a very shocking color, and the voice of the gods came out, revealing a deep confusion: "In the army of the magic hall, you never saw your figure..."

"Even in this shard of shards of the wild, I have never heard of such a fierce beast..."

"Where are you from? Are you banned beasts, why do you want to kill me in the stars?"

Roar! ”

"You have too much nonsense, a small half-step power, and you are not qualified to talk to this pig..."

"Hey!"

Old pig, swallowed him..."冥

The sound of the gods of the gods just fell, the Taikoo porcupines screamed at the hair, and the Taikoo turtles lying on their backs screamed...

In the next moment, the shape of the Taikoo Porcupine suddenly skyrocketed, and it has reached a billion-foot-high in the blink of an eye. Opened the **** mouth and directly swallowed the savage sputum into the abdomen, a big chew, **** splash.

The half-step power of the grand ninth order of the cosmic universe is not enough. Under the circumstance, there is no chance to take a long-distance, and between the counts, it will turn into a broken bone, and it will be swallowed by the Taikoo pigs.

"Hey!"

"Hey..."

This scene is too bloody, surrounded by the void, countless beasts belonging to the 冥鲲 star field have seen it with their own eyes, all frightened and trembled, subconsciously screaming and screaming, revealing endless fears...

In addition to the ambiguity of this half-step, in this star field, there are also several forbidden beasts of the universe's supreme level, including the Lord of the Universe and the Universe, and each has its own.

But now almost all of them are being pegged. After all, except for the existence of the great powers of the ancient porcupine and the Taikoo turtle, the cosmic supreme and the cosmic master are not in the minority...

The high-level beasts of the 溟鲲域,, 正是 正是 正是 正是 正是 正是 正是 正是 正是 高层 高层 高层
高层
高层 高层 高层 高层 高层 高层 高层 高层 高层 高层 高层 高层In the **** battle.

The strength of the entire 溟蜚星域 is extremely extraordinary. The number of savage beasts is more than 200 million, and the number exceeds that of the sinister army. However, the strength of the individual is far from being as good as the level of fierceness.

The fierce killings began in an instant, and the entire vast expanse of the stars was turned into a meditation field. Looking at it, the emptiness of the sky was full of starbursts of different bloodlines, and they could not distinguish the camp, only their own. Clear, **** battles start! too

The ancient porcupine and the Taikoo turtle are only occasionally shot, and more time is searched in a giant star. Although the strongest person sitting in this star field is just a few universe supreme.

But after all, this piece of land is vast and vast, and the resources are extremely rich. The dozens of places that the Taikoo Porcupine and the Taikoo tortoise have experienced in the past are small and relatively barren debris, and the resources at hand are not abundant.

Therefore, after some search at the moment, even if they existed as a wild and powerful place, they could not be satisfied at the end.

The fierce killing lasted for two days. Only 200% of the forbidden land slayers in the curfews escaped. The remaining 90% were all killed, and they were brutally brutally beaten by the evil armies on the spot. They wrap their belly as flesh and blood.

More than 200 million people sounded a lot, but the evil beasts of the Eighty-Fighting Army also had nearly 100 million heads. They were evenly distributed. Each of the beasts swallowed less than two, and they didn't eat enough. Although they didn't feel hungry at this level. But the psychological sense of famine is more tormenting. bite

After the wreckage of nearly 200 million banned beasts, the army of nearly 100 million beasts of the Eighty-Fighting Army looted all the stars of life in the comet. no

On the flesh and blood resources or all kinds of treasures, or other treasures, without exception, all are scraped clean and saved.

Two days later, when the Taikoo Porcupine and the Taikoo tortoise set off with the squadron after the break, the entire vast expanse of the stellar field was completely transformed into a desolate dead zone.

Even if the real starry sky and the army cross the border, I am afraid that this level will not be achieved. The land surface of countless life stars has not seen a little green, and the plants have been degraded! This

If it is really a pest army, wherever it goes, it will turn into a barren land...

.....people

The federal federation, the core of the town where the emperor is located! this

At the time, Emperor II, and the eight other ancient people of the Terran Federation, a total of nine high-level executives gathered together, the look on the face was extremely dignified, and revealed confusion.

The accident that occurred in the 冥蛄星域 was known to the five major leagues in the first time. Now Emperor II brings together the other eight ancient powers of the Terran Federation for the sake of this matter. This

In the past two years, both the Terran Federation and the other four major leagues have been quiet and have not continued to be outside. On the surface, it seems that they are really willing to surrender to the Temple of Devils. .

But in fact, this is obviously impossible. Do not

The management of the Terran Federation, or the other four major leagues, have their own calculations. Among them, the Alliance of the Beasts and the Alliance of the Survivors have already begun to deploy, trying to call the mighty ancestors who are still in the midst of their ancestral lands, even the ruins. Respect the old ancestors.

The Star Alliance, the Alliance of Wan and the Alliance of the Terran Federation from the three major star planes of the world, the ancestral lands are all in the three major stars of the world, and there are also many great places in the world. Even the **** ancestors of the deserted. This

Almost all the major ethnic groups and forces in the three major leagues have sent messages to their respective ethnic groups in the secret law, requesting to stay in the middle and high ranks of the ancestral lands, and try to awaken the ancestors of the mighty and even the deserted...

However, the existence of this level is obviously not to wake up at any time to wake up, and there will be accidents. Therefore, now that the past two years have passed, the major groups and forces in the five major leagues have never had any The existence of honor is coming. but

Calculating time, it should be faster..."

If there are no accidents, the two ancestors of the Terran and the famine ancestors of the Federal Senate will come here within a year! "turn

The other eight absurd monks who were present at the scene scanned the circle. The emperor's two squats flashed in the middle of the mountain. Then he said: "But for two years, the Lord of the Temple and the star of the Tianhe Star, Ye Xuan, have been silent. There is no movement, this is not a good thing, it makes people feel uneasy..."

"Now that this beast army has appeared, just use them, and try the repair and status of the Lord of the Temple now..."

Chapter 4769: The beastly army is coming

As soon as I heard this, the eight people on the scene were able to shine at the same time...

Dong Zhaotian from the Federal Senate is a frequent jaw, nodded and said: "This idea is good, it is just a double arrow..."

According to the latest line report, among the sudden death of the beast army, the strongest existence is a starry porcupine and a green turtle, and the strength is the first step of the ancient power..."

Do you still remember? At the time of the evil source, the avatar of the surname Ye was a Taikoo konjac, and there was a Taikoo Porcupine and a Taikoo tortoise. Later, the two guys entered the first with the entire evil army. The cage field that the universe is coming across..."

"If there is no accident, this sudden surviving beast army should be the evil army that entered the first universe cage."

"That is to say, this fierce beast army, and surnamed Ye, is a group."

"But now I don't know where to hide, and this evil army doesn't know everything that happened before, but I don't know the master and surname of the temple. It's just a group..."

If you can lead them to the Temple of the Devil, and fight with the four major regiments under the Temple of the Devil, hehe..."

Here, Dong Zhaotian's face showed a slap in the face. After a short pause, he continued to say: "So, no, but there has been no news for two years. I don't know how the master of the temple will be cited today. Come out and expose the current state..."

"Even even more likely to make him and Tianhe star Ye Xuan turn against the eyes... After all, when the star of the evil source was in the sky, the relationship between the main star of the Tianhe Star and the Taikoo Porcupine and the Taikoo turtle was extraordinary. And this person is extremely short-sighted."

Speaking of this, Dong Zhaotian no longer speaks, and turns to the Emperor and others.

I have to say that this plan is perfect. Although the idea was originally from the Emperor II, the Emperor II also mentioned it. All the follow-ups were drowned by Dong Zhaotian...

The people looked at each other and exchanged their eyes for a look. "

The plan of the host friend is perfect..." See

Therefore, Emperor II nodded immediately and his eyes swept to Dongzhaotian: "If this is the case, the task of leading this evil army to the temple will be handed over to the host."

"After all, the host friend did not show up in the battle of the Xusheng ban, even if the road was exposed, there is no need to worry about the impact on the Federation of the People."

Of course, the old man did not show up, but the Lord of the Devils had previously mentioned the name of the old man. If there was no accident, it should have been learned from the mouth of the river star Ye Xuan, so the old man could not show up, he could only sit in the town. Federal headquarters..."

"Hey..."

Listening to this, Dong Zhaotian's time was stunned. Although he was quite unwilling, the Emperor's words did make sense. What's more, among the nine ancient powers present, only him and the other The initial power was from the Federal Senate.

The two camps of the Terran have seven great powers here, and they are already in a weak position. Even if they raise their hands, they may not change anything.

Thinking of this, Dong Zhaotian raised his eyes and swept the emperor's words. He did not say much, and his nose snorted, even when he grew up..."

call out! "One

The weak sound of the road sounded, Dong Zhaotian just shook his shoulders, his body shape has disappeared, and he is gone! ...

..."

Roar! "

"Hey..."

We are pests..."

"We are pests..."

In the void, a huge army of beasts is slowly moving forward. From time to time, there are rumbling and whistling sounds, and even more ridiculous so-called army war songs are ringing...

The tragedy that was born in the Xingxing field has already spread half of the ruins of the ruins of the wilderness. Therefore, the powerful parties in the surrounding stars have all converged under the fear, and they are afraid of being like this locust. The beasts of the beasts have been explored, which has led to innocent disasters...

Coincidentally, the direction of this sinister army is now precisely pointing to the Xusheng forbidden land, because the Xingxing domain is not too far away from the Xusheng forbidden land, in the same large star field.

However, Dong Zhaotian still does not trust. After leaving the Terran Federation, he used the great supernatural powers to capture a large number of starry beasts from some of the fierce beasts passing by. There are tens of millions of heads, although they are weaker. But without exception, they are all kinds of fierce beasts with strong vitality and extremely rich blood.

These tens of millions of weak but violent beasts are the bait that Dong Zhaotian prepared for the sinister army. Place

Some of the beasts have been imprisoned by him, and they have been collected in a magic weapon. However, Dong Zhaotian can change the power field of this storage magic weapon at any time. The bait and the beast have a strong breath of blood. After zooming in, they are diffused out...

The evil army is a powerful beast army. Since it is a fierce beast, it must be extremely sensitive to the atmosphere of various starry beasts, and it is eager to swallow, because this is the **** increase between the stars and the beasts. The main way.

The two commanders in the All-Defense Army, the Taikoo Porcupine and the Taikoo tortoise, are extremely powerful and powerful, but they are only the first step. and

Dong Zhaotian, but it is the eighth-order power, only one step away, you can step into the ninth-order great perfection and become a half-step absurd.

In addition, he deliberately prepared for it, using the tens of millions of beasts in his hands as bait, and led the Taikoo Porcupine and the Taikoo tortoise and the entire armies of the armies to the edge of the Xusheng forbidden land. There is not much difficulty... things

In fact, all progress has indeed been smooth. east

According to the sky, the first thing is to conceal the cultivation of the body, waiting for the front of the evil army to go to the front of the road, when the whole army is close to a certain distance, it suddenly suddenly reminds the body of the storage magic weapon, change this The power field of the storage magic weapon will magnify the scent of the tens of millions of bait beasts, and then diffuse them out... though

However, the continuation of the time and soon, only a few short-term interest, but far enough to be heard in front of the countless fierce beasts who came here. "

Roar! "

"Hey..."

In the distant sky, the Taikoo Porcupine and the Taikoo tortoise quickly screamed each other out with a roar and screaming, and then the sound of the gods came out, revealing the joy and cruelty that could not be turned away.

"On the other side, there is a lot of fresh and fierce beasts in front of the right side. The power of blood is too strong. This direction must have a strong forbidden land. The scale is only afraid of not being in the first place that was just destroyed."

Small, the new hunting is coming soon, cheer, go forward at full speed..."

"Roar!"

Roar! "

"Hey..."

Almost in the next moment, the overwhelming beasts and the sound of the tsunami sounded one after another. Under the leadership of the Taikoo Porcupine and the Taikoo tortoise, the entire evil army was launched at an instant, and all the beasts were just like After a shot of chicken blood, excited and screaming, heading for the Xusheng ban on the magic hall, and dialing away...

Chapter 4770: Xusheng bans the smoke from the ground

"Roar!"

Roar! "

"Hey..."

For the whole two days, the void has been ringing through the overwhelming beasts and the sound of the tsunami...

Under the leadership of Taikoo Porcupine and Taikoo tortoise, the whole evil army launched a speed within these two days. All the beasts were just like a shot of chicken blood, excited and shouting, facing the temple. Xu Xu rushed to the ground. before

In the far distance of the square, Dong Zhaotian has always been concealed in his body. From time to time, he has mobilized the magic weapon of the body to change the power field of this storage magic weapon, and will make these ten-headed bait beasts strong. Blood breath, after zooming in, diffuse out, attracting the rear of the beast army to follow...

The Taikoo Porcupine and the Taikoo tortoise are not stupid. They have been aware of the anomalies in the vagueness, but because their cultivation is too different from the Dongzhaotian, even if they have a heart, in a short time, the Taikoo Porcupine and the Taikoo tortoise I can't understand all the truth.

This in turn aroused the anger of their hearts, and almost all of the countless beasts in the entire sinister army. through

After two days of rapid attack, the patience of all the beasts has been ruined to the extreme, excited for so long, but has not seen a prey. Partial

The rich and fierce beast of the front is suffocating, but it is diffused from time to time...

This made them crazy, and the **** nature of the starry beast was aroused. Unconsciously, including the Taikoo Porcupine and the Taikoo tortoise, all the nearly 100 million beasts of the Allied Army were close to the edge of the runaway.

At this moment, if there is a big army in front of them, whether it is a beast or a human race, Yang or other starry ethnic groups, the entire evil army must rush to the first time, tear it completely into pieces...

At this point, after two days of rapid attack, the Taikoo Porcupine and the Taikoo tortoise, as well as the entire evil army led by the two, are only about 10 billion miles away from the edge of the Xusheng forbidden land.

"call out!"

Oh..."

Only about a billion miles, the screams of countless fierce beasts of the entire evil army are enough to be heard by the magicians in the Xusheng ban.

At this moment, with the faint sound of breaking through the air, from the edge of Xu Xing's forbidden land, there will be a glimpse of the figure in a moment...

In the past two years, Ye Xuan has been pushing the perfect Danfang of the 30th-level Tiandao Baodan, and only half a month ago, he has just completed the horrible horror that Danfang has attracted.

The top officials of the four major corps of the Templars have also been retreating, and they have never walked outside. The whole magic hall is closed and isolated from the world.

Therefore, the high-level people in the Temple are not aware of what has happened in the past few days.

At this moment, the figure that rushed out of Xusheng's forbidden land was just a half-month ago that was just disturbed by the movement of Ye Xuan's robbery. Now, I have not had time to re-enter the retreat of the high-level demon halls...

In the line of sight, six bloody, Zhao Dong, Qian Nan, Sun Xi, Li Bei, and the old survivors of the Sangzhi family.

There are also Qingniu and Yuling, Longjing, Gongjun, Black Wind Tiger, Roaring Moon, Three-jawed Dragonfly, Longshan Tang, Bloody ancestor, Qingpeng ancestors!

And the **** and Qingpeng, the lions and the three tribes of the emperor are immortal...There are thousands of figures in the ocean, all of which are the strengths of the emperor's immortality, and they are also the tops of the magic hall in the Xusheng forbidden land. The movement outside and outside was shocked. For a time, all of them were gathered here...

At this moment, after the high-rises of the magical halls rushed out of Xusheng's forbidden land, they immediately looked out to the direction of the tens of thousands of miles away from the squadrons, and all their faces were full of suspicion. The color!

In the past two years, this whole piece of vast and innocent land of debris has been too flat. magic

The temple is a big family, and there is the Tianhe Star as an ally. Behind the latter, there is a Tianhe star, Ye Xuan, who is enchanting to the devil. Strong

Under the strong alliance, today's magic hall and Tianhe star field, in this piece of shards of the wild world, has long been a presence that no one dares to provoke. to

Less in the five major leagues, the power of the major ethnic groups and the ancestral lands, and the ruthless ancestors waking up from the slumber, before they come together, absolutely!

In this case, for two years, the magic hall will be like a closed, lazy to understand the situation of the outside world, all the temples, from top to bottom, all are trying to improve their own cultivation...

Nowadays, the tranquility that has lasted for two years has been broken. In the vast void of the universe beyond 10 billion miles away, there is a breathless and violent beast army that is rushing to the side. whole

The number of starry beasts in the army is nearly 100 million, all of them are roaring and roaring, the state is crazy, the breath is **** and violent...

It is clearly the rhythm of Xusheng's resurgence of smoke.

Just, where is this beast army? Who gave them such courage, dare to go to the magic hall that has long been in the world to scatter wilderness at this moment?

These thoughts flashed through my mind, and the six **** and blue cows, Zhao Dong, Qian Nan, Sun Xi, and Li Bei, all of them, were all stupid. turn

On the first side of the face, all the faces of the people showed incomparable confusion. Then, all kinds of whispering voices sounded like a tide..."

what happened? Where did you come up with a strong army of beasts? "

"Absolutely not a beastly alliance, the guys are absolutely not so fierce. The number of this beastly army is not too much, only about 100 million, but every beast in the legion is just like The general crawling out of the blood of the prison, the breath is so violent to the horrible..."

What is the use of breath and then violent? The combat power is the emboldened spirit. The two fronts of this fierce beast army are clearly only the first-order power. Only when they first enter this situation, they dare to be so arrogant, with nearly 100 million beasts. The army came to attack the magic hall. Are these goods crazy? "

"Hey? These two guys are a starry porcupine and a starry turtle. This combination... seems to be a bit of an impression. Have you ever seen it before?"

"No matter what, regardless of whether I have seen it before, since I dare to attack the Xusheng forbidden land, it is the enemy of my demon temple. Now the devil is still retreating, so I don't have to alarm him, even though the two first-order powers It's tricky, but my magical hall is famous, but it's not good-looking!"

Yes, all the members of the four major corps are dispatched, and all the beasts who have committed the crimes are all killed. Under the enthusiasm of these two first-orderers, they may not dare to continue to arrogant..."

Having said that, the tops of the Devils did not hesitate, and the first time they used the knowledge of God to convey the instructions of the army. "

boom! "

"Booming..."

"Roar!"

"Hey..."

In the next moment, from the depths of Xu Sheng's forbidden land behind the crowd, the thunderous sound of thunderous sounds screamed, and there were a lot of roaring and roaring sounds of beasts. whole

The Xusheng ban was calm for two years. Now there is a fierce beast army that dares to attack. All the genus of the genus are angered. The four corps are rapidly assembling and preparing for the whole staff...
