Chapter 4771: At the touch of a hair

"boom!"

"Booming..."

Roar! ""

Hey..."

In the depths of the forbidden land, the thunderous sound of the rumble sounded loudly, and the roar of roaring and roaring of a large number of beasts came...

With the six bloody, green cattle, Zhao Dong, Qian Nan, Sun Xi and Li Bei and other high-ranking devils ordered, the four major regiments under the Temple of the Devil are in full swing. put

Looking into the sky, the vast and innocent void in the forbidden land, countless warships, battleships and huge beasts can be seen everywhere, everything is tense and orderly, all the temples are sinister, all warlike...

The Beast Legion was first assembled, and with the raging roar of anger, a huge army of fierce beasts rushed out from the right side of the Xusheng forbidden land. This

The beastly army of the beasts is composed of starry beasts that originally lived in the void of this piece of wild land.

Including the beast army of the original Starry Nomadic Legion, as well as the starry beasts in the Xusheng forbidden land.

At present, the commander-in-chief is Qingniu and Yuling, Longjing, Gongjun, Heifenghu, Lunyueyu, and other emperors of Xusheng's forbidden land are immortal, with a total of more than forty.

As for the star-studded beasts of different strengths in the legion, the total number is about 100 million!

At this moment, with the arrival of the Legion, the high-level members of the Animals and Legion, such as Qingniu and Yuling, immediately swept away and squatted in front of the Legion..."

boom! ""

Rumble..."

The half-column is not enough, the second army of the army is coming, the momentum is extraordinary, and the void is slightly trembled.

This time it came to be the Legacy Corps of the Four Great Arms of the Devils, composed of the Sangzhi relic tribes and the relics of the Xusheng ban.

The commanders of the Legion are Zhao Dong, Qian Nan, Sun Xi, Li Bei and other four cosmic saints, as well as more than 20 emperors of the Sangzhi tribe.

The total number of survivors in the legion is also about 100 million, but the warships are only more than 10 million, but they are all huge and huge, with a volume exceeding 300,000 feet. With

The war knights came to the fore, and a group of old Sangzhi people swept up and rushed into their flagship battleships.

As for Zhao Dong, Qian Nan, Sun Xi, and Li Bei, they stayed in the air in front of the two major regiments...

After the remnant legion was in place, it took a full half-column time. The last two Demonstral Legions, one left and one right, arrived at the same time. The scale camp was even bigger, and it looked like an endless variety of warships. At the end of the line of sight, there is no way to see the side. This

The two legions are the nomadic army and the captive army under the imperial hall.

The members of the two legions are very mixed, all from the strongest of the three main planes of the world, the human race, the second universe, and even some of the slaves of the First Universe, and the former Wanda Federation. Strong parties. tour

The current commander of the Shepherd Army is a member of the original captives' assembly of the Three-Foot Dragon, Longshan Tang, etc., and the strength has now climbed to the universe. military

The number of troops in the regiment is horrendous, totaling more than one billion. The warships are all large fortresses with a diameter of 100,000 meters. Originally only 50 million, but they have been added one after another. Now they have more than 100 million, and they are sprinkled. Large voids. to

In the captive army, although only the captives of the bloody, Qingpeng and war lions. but

The total strength is the largest of the four major magical corps, more than 20 billion, all kinds of warships and large and small fortresses, and small fortresses of 50,000 meters, the total has reached a billion! Head

The former commander was the \*\*\*\* ancestor, the Qingpeng ancestors, and the hundreds of emperors from these tribes, and a small number of cosmic sages..."

boom! "

"Booming..."

At this moment, with the invasion of the two warships, the entire vast void was completely smashed, and more than one billion of various warships were opened. At the same time, the gun-filling mode was activated, and the thunderous sound of the rumble would The tremors of the void are shaking slightly...

After a short meal, the four major regiments under the imperial hall have been assembled and they have come to the edge of Xusheng's forbidden land. They are lined up and waiting. and

Opposite the emptiness, the squadron, which was still nearly 10 billion miles away, rushed through this period of time, and now it has reached more than a billion. Virtual

The atmosphere in the air stagnate in an instant, dull, and the starry sky wars, it's almost a slap in the face...

It must be said that from the scale of the lineup, the four major corps of the Magic Hall really far exceed the squad.

The Evil Army has only a total of nearly 100 million beasts.

But this side has been among the four major corps of the magic hall lined up on the edge of Xu Sheng's forbidden land, but there are hundreds of millions of starry beasts, more than 10 million giant survivors, and more than 100 million meters of 100,000 meters in diameter. The big fortress above. very

Even the small fortress of 50,000 meters in diameter and the size of the fortress and the star-rated warships within 10,000 meters have more than one billion...

The beasts, the remnants of the warships, and the two warships of different levels...the different attack modes are different, but the advantages are complementary. Now they are lined up, and with each other, the combat power is absolutely not trivial. to

In terms of high-end combat power, the current high-level members of the Magic Palace are far from being comparable.

Zhao Dong, Qian Nan, Sun Xi, Li Bei, and four beasts, as well as \*\*\*\* ancestors and Qingpeng ancestors, were originally only the cosmic sages, and now they all become the masters of the universe. on

Even Qingniu and Yulinglong, Longjing, Gongjun, Heifenghu, Rou Yuezhen, Three-jawed Dragonfly, Longshan Tang, and the old people of Sangzhi, who were originally only immortal, have now become the universe. Sayādare...again

Coupled with the immortality of nearly a thousand of the emperor, it can be said that these three levels of high-end combat power, even if there is a gap, even if there is a gap, it is almost negligible. only

There are two high-end levels in the universe supreme and the ancient powers of the ancients. Today, the Magic Palace is still very incomparable. shortage

The ancient power is not a single, but the opposite of the evil army, but there are two great powers of the ancient porcupine and the Taikoo turtle.

As for the level of the Supreme Universe, the four major corps of the Templars have only six \*\*\*\* ones who have reached the end of this period, but there are dozens of powerful beasts in the opposite squad, and they have the power of supremeity... Place

In the meantime, the top six \*\*\*\* and green cattle, Zhao Dong, Qian Nan, Sun Xi and Li Bei and other high-level members of the Magic Palace will never give the opponent a top-level opportunity to shoot.

Although the Evil Army has two powers, it is only a first step in this situation.

Coupled with the dozens of the universe supreme, although the fighting power is horrible, but this is just the amount, for this super-starry battle, the significance is not big.

Under the volley of more than one billion warships, countless ship guns roared, and the energy light column was intertwined into a net, that is, the universe voids were torn apart, and the inch was broken. It was only a few dozen universes and two first-order realms. The initial power, and definitely not dare to scorn their front, can only withdraw from the .....

At this time, in the last arrival of the nomadic army and the captive army, more than one billion warships of various types of warships were clearly recharged...

Chapter 4772: Power sixth order

"Roar!"

Oh..."

"Hey..."

"The army's camp is not bad. I didn't expect to have a battleship army from the three main planes of the world's stars..."

It is a pity that a powerful force, the strongest one, has only one universe supreme, or six \*\*\*\* bloody people..."

That being the case, you are all here today! The little ones, the time of hunting is here, all swallowed, and the grass does not stay! "

"We are pests..."

"We are pests..."

As the overwhelming beasts roared, the voices of the Taikoo Porcupine and the Taikoo tortoise also spread. Through the front of the battleship in the void, they basically guessed who the opponent was this time, plus the opposite camp. The strongest person in front is clearly a six-headed blood.

Therefore, the Taikoo Porcupine and the Taikoo tortoise identified the front line of this large enemy, mostly related to the top ten communities of the Second Universe.

At the beginning, Ye Xuan and the bloody, Qingpeng, and war lions were extremely unpleasant. In the starry field of the evil, the Taikoo Porcupine and the Taikoo tortoise carried the evil spirits deep in the hinterland. When there was a fierce battle with the forces of the various parties, there was no less confrontation with the \*\*\*\* people.

Therefore, at the moment, the old hate rushed to the heart, and they immediately made them more murderous. The first time they issued the instructions for the annihilation of all the members! With

The sound of the gods of the two of them sounded almost at the next moment. Among the entire squadrons, nearly tens of millions of violent beasts, they also set off the battle songs of the evil army...

The breath is too cruel, and the degree of iron and blood is horrifying. In the blink of an eye, this beastly army, which is so strong that it is almost inseparable, has once again rushed hundreds of millions of miles to the edge of Yu Xusheng's forbidden land. The four major corps of the Magic Hall, only about three or four billion miles of the void...this

It has been included in the range of the size of the fortress and the giant starship.

Although the three-kilometer-diameter star-rated warships and the five-kilometer-thousand-thousand-meter-diameter-sized fort can not reach this range, the vicious beast army's breath is too cruel, and they cannot be allowed. Too close, you must leave a safe distance.

These thoughts flashed through the brain, and the six \*\*\*\* scorpions flashed in the cold, and the voice of the gods immediately came out: "The beast army, the captive army is on standby..."

The Nomadic Legion, the Legion of the Legacy, all the members bombarded, the first wave of the volley... Boom! ""

boom! "

"Booming..."

The last word just burst out, and the sky was filled with earth-shattering explosions. The survivors' army had more than 10 million giant warships with a diameter of more than 300,000 feet, and the nomadic army's more than 100 million, all 100,000 in diameter. The big fortress of Mi...

At this moment, all the naval guns were launched at the same time. Under the volley, countless energy light columns roared away, intertwined into the net in the void, and instantly caused the nearly tens of

millions of evil beasts on the opposite side of the hundreds of millions of miles to stagnate. Dodging, roaring...

...asahi

In the depths of the forbidden land, Ye Xuan's Dongfu Star! "

Rumble..."

With a wave of hand, Ye Xuan immediately sacrificed Shennong Ding, and hung behind the giant peak where the magic hall was located, floating in the air. Then, his body shape shook, and he stepped into the treasure of the colorful fog... ...straight

After entering the Dingnai space, I sat down in the volcano of the central area of the Dingnai space! first

In the past two years, he has been deducing the perfect Danfang of the 30th-level Tiandao Baodan. The state of mind is in this process, and he has become more consummate.

And the talented person has experienced a strange and horrible robbery. The flesh is under the baptism of the last horrible hijacking. Although it has not directly broken through, it is not far away.

At this time, it is the best time to take the opportunity to retreat and break through...

"call out!""

Oh..."

During the wave, a lot of faint sounds broke through the air, and a glimpse of the body from Ye Xuan, hanging in front of him, including the evil source liquid, as well as nine kinds of magical medicine and other top-level cultivation resources. on

Even the gray chaos of the chaotic medicine has a large canopy, and it has the volume of a thousand squares. It is the cultivation resources that he took out from the immortal world to develop this breakthrough! tight

Then, Ye Xuan mobilized Shennong Ding's domain field power in the first time, and compressed all the cultivation resources to the size of only the baby fist. In the wave, the ball of the size of the baby fist was swallowed into the belly by Ye Xuan. , quickly open...

"Hey!"

"Booming..."

In the next moment, the sound of the chains rang in his body, and all the resources of cultivation resources were transformed into a powerful river of energy. Accompany

Thunder and thunder came over and continued to run through the whole week in his whole body until it was completely refining...when

This hanging energy disappeared into the river and completely integrated into his soul and body. Ye Xuan only had an energy to launch an impact, and this chain of chains had been broken. and

The system prompts in anticipation are also very fast in my mind...

"Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the sixth step of the ancient power!"

"Hey, congratulations to the host, the physical and qi and blood boundary breakthrough! The current realm: the ancient sixth-order!"

Powerful sixth order!

Before this breakthrough, the cultivation of Ye Xuan's deity was the first step of the ancient power of the ancients. After the activation of the blood of the ancient konjac in the body, it was able to climb to the sixth stage of the ancient power.

In the state of showing the konjac and changing the magical power, and reaching the ninth change, the combat power immediately ascended to the sixth stage of the ancient sage. only

There is a first-order bonus to the strength of the body, and his real combat power can reach the level of seven-stage absurdity!

This time, with the new breakthrough coming, Ye Xuan will have the seventh-order cultivation of the ancient powers of the ancients after activating the blood of the konjac in the body. One

Once the genius of the konjac is changed, and the ninth change is directly entered, the peak force will reach the seventh stage of the universe supreme! If

Under the huge body of 60 million miles, the strength of the horrible blood will have a second-order bonus to the real combat power. Session

When he is able to show the strongest strength, he will reach an unprecedented level of absurdity! And

He also has a \*\*\*\* secret! If

It is the avatar that motivates the secrets of the blood and sea. In a moment, it will condense three blood and sea avatars, all of which have the horrific power of the eighth-order absurd. Take

In the case of the Three World War I, even the nine-stage absurdity can be a battle with it. Although there is almost no chance of winning, it will not be defeated. but

If he uses the sacred bow and other means of supernatural powers and connotations, it is the ridiculous peak of the ninth-order grand perfection, that is, the existence of the half-step celestial level of the emptiness giant tortoise. He was shot by one arrow and fell on it!

These thoughts flashed through my mind, and Ye Xuan at the moment, the heartbeat has never been stirred! "

From the ninth-order great consummation that must be attained to swallow the twenty-nine-level ridiculous Baodan, there have been only three small-order breakthroughs..."

In the whisper, Ye Xuan suddenly opened his eyes, deep in the bottom, and the fine mans died...

Chapter 4773: a group of two goods

"This time it took only seventeen days to retreat! It is not too long. It must have been because of the previous experience of the baptism of the thunder, and it was not far from the edge of the breakthrough..."

After regaining the excited heart, Ye Xuan sighed and whispered...

Nowadays, since the refining of the 29th-level ridiculous Baodan, even the perfect Danfang of the 30th-level Tiandao Baodan has been successfully promoted, the heartstrings that have been tight have suddenly loosened. half. eye

Breaking through again, the distance swallowed a twenty-nine-level ridiculous Baodan, and made itself a successful completion of the ninth-order grand perfection that entered the ancient and supreme environment. There are only three small-order breakthroughs left, so the mood It is extremely enjoyable.

However, the breakthrough of the three small steps does not sound like much, but it is in the wilderness and the late stage.

As previously, because of the thunderbolt baptism, it is already close to the edge of the breakthrough, so the situation of a short-term retreat will easily break through, I am afraid it is difficult to meet again...

Without any surprises, the breakthrough of the last three small steps before the swallowing of the 29th-level ridiculous Baodan is probably not achieved in the near future.

It is even more likely that it will only be a small-scale breakthrough, and the time-consuming needs to be calculated in years. After all, from the seventh-order, even if it enters the late stage of power, it is far from the mid-term of the sixth-order world.

"boom!"

"Booming..."

When Ye Xuan's heart was heard, the sound of the earth-shattering roar suddenly came from outside the stars.

Not only did it move, but it seemed to be endless. It seemed to be coming from the edge of Xu Xing's margin outside the forbidden land. "

Could it be that the major groups in the five major leagues have their ancestors coming, so they are again organized to commit crimes? ”

[illegible]

In addition, the perfect Danfang of the 30th-level Tiandao Baodan has been successfully developed. Although the refining materials required by the 30th-level Tiandao Baodan are more complicated than the previous Baodan, the blood of the desolation Fine, but still a must-have item..."

I hope that this time, you can come to a few powerful beasts that are old and supreme! ""

call out! ""

Oh..."

When the sound fell, he suddenly waved his hand and put Shennong Baoding into the body. His shoulders swayed and his body shape disappeared instantly.

.....

Xu Sheng is outside the forbidden land outside the void!

"boom!"

Rumble..."

"Roar!"

"Hey..."

"Hey..."

With six \*\*\*\* orders, the Devil's Remnant Legion has more than 10 million giant warships with a diameter of more than 300,000 feet, and the Nomadic Legion has more than 100 million, all of which are 100,000 meters in diameter. With action. This

At the moment, all the naval guns of the two major regiments were launched at the same time. Under the volley, countless energy light columns roared away and intertwined into the net in the void. Are

Between the engravings, nearly 100 million beasts of the evil armies that are hundreds of millions of miles away are in a stagnation, and they are evading and roaring...

The giant warships of the Legacy Corps are extremely large, more than 300,000 feet, and are similar to the millions of meters of super-star plugs that have been developed by the Terran Federation and the Tianhe Star Field in recent years. its

Under the catastrophe of the field field, even if it is just an energy beam, it has a diameter of tens of thousands of feet. A small star is being bombarded, and it will be turned into nothing in a flash. This

A giant warship, the remnant army has a total of 10 million ships, each with ten main guns, under the volley, that is, 100 million tens of thousands of tens of thousands of energy light columns roaring away...

The black anti-matter energy light column bombarded by the Nomadic Star Fortress is only about 30,000 to 40,000 meters in diameter, and each starry sky fortress has only one such giant cannon. but

The big fortress of the Legion of the Legion has won more than 100 million seats. At this moment, the radiant energy beam is more than 100 million, and it is all black and anti-material energy light column...  
...

Even if the ancient powers were bombarded, although they were not hit hard, they also hurt so much!  
This

In this case, the evil army that was screaming in the void in the sky, hundreds of millions of miles away, naturally did not dare to straighten its front. this

Engraved, with the sound of screaming and arrogant sounds, nearly 100 million star-studded beasts in the All-Defense Army are all evading.

As a starry beast, this is where they are most dominant in the massive star wars. surface

For the cannon energy beam under the volley of countless enemy ships, if it is a starship warship, it is basically difficult to dodge, or it can only start the void jump, or it can only open the energy shield hard resistance.

But the starry beasts are different. They are directly exposed to the flesh and air in the flesh and air. Facing the energy beam of the naval guns intertwined like nets, it is naturally very flexible to dodge. can

Even so, after the first wave of more than 200 million gunfire energy beams arrived, there were still many beasts that could not be avoided in time. real

It is too dense, and the speed is fast. With such a result, this is what it should be...

In a short period of time, there were hundreds of thousands of beasts in the bombardment. Although most of them were only created, but the fallen beasts exceeded 200,000...

In this scene, the tops of the various parties in the Palace of the Devils suddenly became full of spirits. This is just the first wave of volleys. It has already caused the enemies who have been attacked to become chaotic. So it seems that there is only one more A few waves of volleys, they are afraid that they will be defeated in an instant.

These thoughts flashed through the brain, and the six \*\*\*\* scorpions flashed in the cold, and the voice of the gods was heard again: "The Beasts, the Captives... are still on standby!"

"The nomadic army, the remnant army, all the members bombarded, volleyed the second wave... bang!"

"boom!""

Rumble..."

The sound of the gods has just fallen, and the sky has once again sounded the sound of earth-shattering roaring, the battle of more than tens of thousands of giants, and the hundreds of millions of big fortresses in the nomadic army, once again, more than 200 million The horrible energy light column dumped away, intertwined with a gorgeous energy light network in the void...

"Hey!"

At the same instant, Xu Sheng banned the four major corps on the upper side of the universe, and suddenly there was a faint sound of broken air. Under the swaying flashes, a figure appeared, and it was a violent form of Ye Xuan.

As soon as he arrived, Ye Xuan subconsciously turned to look at the distant void opposite Xu Xu. This

At the moment, a very observant beast army was reflected in the line of sight. There were two figures in the forefront. It was the Taikoo Porcupine and the Taikoo Turtle that had not been seen for a long time...

Leng Buding suddenly saw the two goods, Ye Xuan slammed down immediately and immediately stunned, and then suddenly changed his face, flipping his eyes and scorned: "a group of two goods..."

Chapter 4774: There is a black hand behind the scenes

Originally, Ye Xuan thought that this time it was the five major leagues, and even they were ready to hunt and kill a few powerful beasts of the ancient powers and even the abandonment level, but he never imagined that at this moment. It appeared in front of us... it was such a scene!

The savage beast army that first entered the cage field actually came out, and came to the emptiness of this piece of ruined land, and when he was retreating, he invaded the Xusheng forbidden land and fought with the four major regiments under the temple. ! This

What are you doing?

It makes Yang Xuan feel like a smile.

But now it is not a time of depression and entanglement. The two sides have been ravaged. If they do not stop it, the losses and casualties will be bigger and bigger...

One thought of this, Ye Xuan even if the six \*\*\*\* voices, let him ring the gold to receive troops, the four major regiments under the magic hall, and all the high-level, all retired to the Xusheng forbidden land.

Until he heard his voice of the gods, the six \*\*\*\* scorpions realized that the Lord of the Lord had already gone out, and turned his head and looked at it subconsciously. Although he was confused, he did not dare to disobey. In the first time, the instructions for the retreat of the whole staff and the return of the troops to the camp were issued..."

boom! "

"Booming..."

In the void, the earth-shattering roaring sounded instantly, and the four major regiments moved together. All the beasts, the remnants of the warships, and various starship warships, without exception, all began an orderly evacuation, toward the rear of the Xusheng banned interior. go with.

Even the six high-ranking demons, such as the \*\*\*\* scorpion, exchanged a look after turning their heads, and they did not stay any longer. They turned around and withdrew the base camp with the army...

"Roar!"

Oh..."

In the emptiness of hundreds of millions of miles ahead, nearly 100 million beasts in the entire squadron are still roaring like thunder, and a huge universe of emptiness is trembled and fierce. This

The second wave of volleys, so that the evil army has tossed more than 200,000 beasts, although for the total army of nearly 100 million, this war damage is nothing, but they have not eaten such a loss for a long time. Now, the fierceness of my heart is aroused, and all the beasts are only wanting to choose people and devour...

Just at this time, the Taikoo Porcupine and the Taikoo tortoise roared a few times, and turned to the front of this side, just in the eyes of the evacuation of the four members of the four halls of the Magic Hall. Two

The old guys were so fierce and savage, and they all smashed out the sinister blood of the body...

"I have only two waves of volleys, can't this be done?"

"Hang two guns to go, what is the army of the beasts of your grandfather and grandfather?"

The little ones, the time of \*\*\*\* killing is coming, dry them up... one can't let go! ""

What are we? "

"We are pests..."

We are pests..."

Between the moments, with the roar of the Taikoo Porcupine and the Taikoo tortoise, nearly 100 million beasts in the entire sinister army snarled and set off the battle songs of the evil army, and all the voids were astonished and fierce. The arrogance is too strong, and the anger rises...

I heard this war song, the sky in front of the sky, because the body shape only succumbed to the heights, but also specifically converged the body atmosphere, so it looks very inconspicuous, for a time there is no Taikoo Porcupine and Taikoo turtle Ye Xuan, who noticed, almost fell into the void. it is good

It's not easy to stabilize the figure. When I look at the two old guys again, the look on his face is already weird, revealing helplessness...

It's too tossing. These two old guys have actually made such a battlefield for the thunder, and when they are cold, they will almost be thrown on the spot!

Shaking his head and smiling, Ye Xuan immediately passed the voice of God: "Okay, don't toss it up, it's all from family, who do you want to do?"

Although he is now a starry form of the sky, the Taikoo Porcupine and the Taikoo tortoise can't recognize it, but the sound can still be heard. thing

It is true!

As Ye Xuan's voice of the gods is in the ear, the two old guys who are rushing to the side of the scene are shaking, and their faces are instantly mad. under

Consciously, the eyes of both of them looked at Ye Xuan at the same time, and the eyes of the eyes slid round and almost fell out...

"Don't mess, this star owner doesn't want to reveal his identity now..." See

These two old guys seem to want to say something, Ye Xuan even once again with the voice of God:  
"What do you want to ask, you can also know the voice, and let the guys behind you stop a little, come I'm going to quarrel with people..."

Really your kid? ""

Wow! You are a scourge, actually still alive..."He

The sound of the sound has just fallen, the sound of the gods of the Taikoo Porcupine and the Taikoo tortoise has been passed over, revealing a sense of surprise that cannot be turned away. versus

At the same time, they apparently also issued instructions to the high-ranking corps of the army. The nearly 100 million beasts that were snarling in the void were all quiet. Although they were all confused, they did not know what happened, but they were quiet. In the void behind the Taikoo Porcupine and the Taikoo tortoise, they gradually gathered together...

"Your cultivation is..."

"Oh... the seven steps of the ridiculous? This is impossible..."

For a moment, the voices of the two old guys sounded again, and they finally noticed the cultivation of Ye Xuan, under the madness of the face, and at the same time sighed. leaf

Although Xuan will be repaired as concealed, but it has not been deliberate, nowadays he is in the ninth state of the konjac nine changes, just narrowing down the body shape with the secret of blood and sea.

The Taikoo Porcupine and the Taikoo tortoise are now a first-order power, even if it is separated by hundreds of millions of miles of the universe. "

Not so horrible, the real repair is only the sixth-order power, but it has only exerted some kind of blood and magical powers, forcibly elevating a big realm..."

Xuan explained two sentences at random: "In addition, my identity today is the Lord of the Temple of the Devil. The Xusheng ban on the ground behind it is the base camp of the Temple of the Devil. Just the four corps under the Devil's Hall, now I have ordered it to be withdrawn..."

"Right, when did the two of you come to this ruin of the ruins of the world? How could you never hear from you before?"

Also..." said

At this point, Ye Xuanzhen's fine mans flashed, and the words turned sharply: "What happened to the big war? How did you suddenly fight?"

Words, the Taikoo Porcupine and the Taikoo tortoise exchanged a look, and the voice of God's knowledge came in an instant...

"Where do we know that you are the scorpion of this magical hall? The whole army of beasts has entered this void for less than a month..."

"It was originally in another area, but it was later brought to this place. So it seems that there is a black hand behind this thing. Who is your kid offok? Someone wants to yin you..."

"Is someone someone who specifically led you?"

Listening to this is actually the case, Ye Xuan accidentally glanced, and then the face sinking, the light is a moment of gloomy water, the ridiculous seven-step horror of the gods, but also full-fledged, and quickly extended to the surrounding ...

Chapter 4775: Old man passing through here

Dong Zhaotian did not actually go far!

When the Van Gogh army was successfully led to the distant void of Xusheng's forbidden land, which was more than two billion miles away, he quietly withdrew to the right side of the void, and secretly followed the distance of four or five billion miles. The progress of the war here...

This time, any of his actions are not just to bring this savage beast army to the Asahi ban.

Although nearly 100 million beasts in this beastly army regiment are extremely violent and fierce, they are not enough to cause any substantial problems for the magic hall in Xusheng's forbidden land.

The commander of the Legion is only two first-order powers. The Lord of the Devils can burst on the spot as soon as they show up.

This is exactly what Dong Zhaotian wants to see! Count

Counting the time, the Lord's Lord's last appearance was already two years ago. In the past two years, the four major corps of the Temple of the Forbidden City have never walked too much outside. magic

The Lord of the Temple is just like a smack of sorrow. In the depths of Xu Sheng's forbidden land, it crouched down. but

According to the news received by the Terran Federation, just half a month ago, there was an amazing sky robbery in the universe under the foreclosure outside Xusheng.

Some people know who the existence of the robbery is.

Today's magic hall has already been in the sky of the ruins of this ruined land, and even the five major coalitions were forced to surrender two years ago, becoming the external force of the Devil's House. blood

The four powerful and unrivaled Supreme Supreme, such as the Unicorn, the Nine Secrets, the Nine Heads, and the Qingtian Dapeng, were completely disappeared after the battle two years ago.

If there is no accident, it should be hidden in a secluded place, being healed or restored, practicing!

In a word, today's Demon Temple is a big one, no one dares to easily anger. Therefore, in the past two years, the Xusheng of the magic hall is on the edge of the forbidden land, and basically does not dare to have any external forces or idle stars. Involved in...

In this way, the thunderstorm that occurred in this star field half a month ago, what the truth is, the outside world is unaware of it, and there is no way to guess.

But one thing is certain, the thunderbolt is very likely to be related to the Lord of the Temple.

Two years ago, his cultivation of strength has reached the sixth stage of the abandonment. If this miraculous thunder is really due to him, then the master of the demon temple is very capable. Has broken through the big realm, that is, successfully entered the heavens!

That is definitely not to be provoked. Even if all the major ancestors of the major groups and the ancestral lands in the five major leagues are awakened, I am afraid that they are not opponents. This

In this case, they can only give up the idea of rebellion and die to surrender! but

If not, soon after, the blood and ancestors of the major ethnic groups and the ancestral lands of the powers will be awakened and come here. At that time, it will be the time when the five major alliances will come out of the magic hall and will overthrow them in one fell swoop... East

The reason why I stayed in the sky is that I want to wait until the moment when the Lord of the Temple appears, to see what his current cultivation is, and what kind of realm has it reached...

This purpose is still completely achievable, because the four major regiments under the Devil's Hall are definitely not the opponents of the two first-order powers in the Allusion. The Lord of the Devil does not shoot, and the four major regiments under his command are very likely. completely annihilated!

Although it is too dangerous to stay a glimpse of the Lord of the Devil's House, Dong Zhaotian is self-satisfied with the powerful eight-step cultivation. In the case of deliberate concealment, it is separated by four or five billion. The distance from the void is as long as it is careful, and after getting the information that comes to mind, it is quite safe to take a moment. only

Yes, what he didn't expect was that although the Lord of the Devil did appear as he expected, everything that followed immediately happened completely beyond his expectations, and he was so surprised that he could not think of it. Solution...eye

Seeing that the two sides have already fought, but at the most critical moment, the four major corps of the Devil's Hall actually died down. Before he reacted, the whole staff evacuated and retreated to the Xusheng forbidden land. tight

Then, even the fierce beast army that had been roaring was stopped, no longer charging forward, but gathered behind the two beasts of great power. This

Everything is so strange that everyone knows what must have happened.

With this kind of suspicion, Dong Zhaotian consciously extended the knowledge of God, and immediately captured the faint volatility of the gods in the void. At the same time, he finally saw the figure only to be able to compete. It is the unremarkable Lord of the Temple of the Devil. straight

At this time, the genius of Dongzhao finally came to realize that all of this was the reason of the Lord of the Temple of the Devil, and he seemed to be in contact with the savage beasts of the two powerful powers.

And also deliberately concealed, this is clearly the rhythm of seeing people.

At this moment, Dong Zhao Tian's heart suddenly gave birth to enlightenment. He had a strong intuition. That is the Lord of the Devil and the two beasts of the great powers. Most of them are old knowledge, they are known.

Only with this point can we explain everything that happens...

When I think of it, his breathing is suddenly rushed. Although the body of the Lord of the Demon Temple is not too rich after the appearance of the body, it is still faintly determined that it is not a terrible heaven, and most of them just broke through a small The order has brought the previous thunder and robbery...

In the case of Yu Zhaotian, this result was discovered and his task was completed. more

What's more, there is even more amazing news. The Lord of the Devil and the two powerful beasts in this beastly army are most likely to be old knowledge.

In this way, under the stalks, the origins of the Lord of the Devils will be derived soon...

In the flashing of these thoughts, Dong Zhaotian has the meaning of retreating in an instant. If you don't hesitate, there is no meaning for half-staying. After the retreat of the gods is recovered, the figure will be turned into a mans. , launched a very fast speed, in the direction of the star region where the Terran Federation is located, spurt away...

"Oh..."

Rumble..."

At this time, a hundred miles away from the road ahead, suddenly there was a clear sound of cracking.

The void was torn open with a tiny crack, accompanied by the thunderous thunder, and a figure came out of this void crack, and it was the Lord of the Devil. "

You are so daring, dare to make a name for yourself behind the temple, the high-level of your Terran Federation... Are you tired of living? "

Seeing the moment of Dong Zhaotian, Ye Xuan has already guessed his identity. This guy is not a remnant. He has the atmosphere of the three major stars in the world. So, it must be from the Terran Federation. "

Lord of the Temple of the Devil? "

Dong Zhaotian was shocked by the shape of his body, his face changed dramatically, and he took a sigh of relief, and he exclaimed: "The old man can't understand what you are saying, the old man just passes through this..."

Chapter 4776: Fifth legion

"Would you be mentally handicapped?"

"boom!"

"Booming..."眸

In the middle of the cold, the sound of Ye Xuan's voice has not yet fallen, and the body shape has disappeared in the same place. When it appears again, it has already reached the front of Dong Zhaotian, and without a word, it is directly punched out... shock

The blast of the sky came, and Dong Zhaotian's sentiment changed again. Zhang Zhang's mouth seemed to want to explain, but nothing was said. The whole figure was bombarded with a terrible force, and it burst into a \*\*\*\* fog. And spread out in this way. "

Hey..."Ye

Xuan seems to have just done a trivial little thing. He waved his hand in an understatement and gathered the \*\*\*\* fog formed by the opening of the Dongzhaotian body. It was compressed into a blood cell and it was collected into the body.

Although he is not a fierce beast, the blood fog that is inside the body can't be used to condense the blood of the beast. It is almost useless to Ye Xuan, but for the beast, even the flesh and blood of the Terran is the same.

After all, Dong Zhaotian is an eighth-order power, and only one step can enter the half-step absurdity. This blood ball will help a lot of Taikoo Porcupine and Taikoo Turtle. This

It is also considered that he should have this newspaper. The previous calculations of the Taikoo Porcupine and the Taikoo tortoise, now fall to the bottom of the beast of the beast...

"Oh..."

After doing all this, Ye Xuan waved his hand, and the high altitude at the top of his head was once again torn open with a void crack. His cockroaches flashed in the shackles and stepped into it, and the figure disappeared. again

When it appeared, it was already in front of the evil army in the edge of Xusheng.

"Hey..."

During the wave, the blood ball that was compressed by Shicai was sent out by Ye Xuan and spurred toward the Taikoo Porcupine and the Taikoo tortoise. with

At the time, his voice of the gods also came out: "This guy, it should be an old monster of the Federal Senate, the eighth-order cultivation of the power, his flesh and blood is a little good for you, swallowing is... ..."

"Is it so fast?"

Eight-order power, kill your hands and kill, this kid, not seen for decades, actually reached this point, it is a metamorphosis..."

The eyes of Taikoo Porcupine and Taikoo tortoise were shocked. The look of Ye Xuan was eccentric, but it was not polite. The \*\*\*\* ball of the Taikoo turtle was smashed into two.

The two opened their mouths directly and swallowed their stomachs. The spirit suddenly rose. "

OK, solved this tail, within a billion miles, there is no outsider to stay, but there is no need to exchange knowledge..."

During the speech, Ye Xuan raised his hand to the front of the Xusheng forbidden land, grinning and said: "There is the Xusheng forbidden land, and the place where the magic hall is located. Today, the temple is the master of the magic hall. Here, naturally, Your base camp..." said

At the end, Ye Xuan did not stop, and his shoulders swayed, and the whole figure was instantly a mile, and his eyes glared away. "

Roar! ""

Hey..." Look

In this scene, the Taikoo Porcupine and the Taikoo tortoise screamed out of their hair, and the voice of the gods also came out instantly: "The little ones... Go home!"

Roar! "

"吼吼吼..."

In the emptiness of the sky, countless star-studded beasts in the wicked army are mad at the head, revealing endless joy.

Although Ye Xuan Shicai did not communicate with them, it is not the shape of Taikoo's little konjac, nor is it the original humanoid appearance. But just by returning to the Taikoo Porcupine and the Taikoo tortoise, they instantly guessed it. The violent identity of the starry sky just now.

The entire army of beasts was originally brought together by the Taikoo Porcupine, the Taikoo tortoise and the Taikoo Little Konjac, from the source of the evil spirits. In the eyes of all the beasts, the chiefs only had three of them.

The Taikoo Porcupine and the Taikoo tortoise have always been with them. Only the Taikoo konjac is not around. Now this sentence is enough to explain everything..."

Rumble! "

"boom....."

"We are pests..."

"We are pests..."

In the arrogance, the whole army of the beasts sang the battle songs of the evil army, and under the leadership of the Taikoo Porcupine and the Taikoo tortoise, they advanced forward and quickly entered the Xusheng forbidden place...

Asahi

Into the forbidden land!

In the void, it is quiet, but looking at it, the scene is extremely spectacular, giving people a strong sense of pressure.

The four major regiments under the imperial temple, although they were withdrawn from the edge of the Xusheng forbidden land under the instructions of Ye Xuan, did not disperse. Today, the four major regiments all stay in the void in the Xusheng forbidden land. four

In the army, the beastly army regiment has more than 100 million star-studded beasts, crouching on the left side of the starry sky, quiet and silent. Next to

On the other hand, it is a giant starship with a diameter of more than 300,000 feet, which is a million meters. to

On the right side, the more than one billion warships of the Nomadic Legion and the Captive Army smashed into the void, and they sneaked a large piece of film, and they could not see the end. and

Just in front of the four magical temples, the six empty bloody, Zhao Dong, Qian Nan, Sun Xi, Li Bei, and the old survivors of the Sangzhi family. Take

And Qingniu and Yuling, Longjing, Gongjun, Heifenghu, Roaring Moon, Three-jawed Dragon, Longshan Tang, Bloody ancestor, Qingpeng ancestors, and \*\*\*\* and Qingpeng, war lions The emperor is immortal...the ocean

There are thousands of figures in the ocean, all of which are the strengths of the emperor's immortality. They are also the tops of the magic hall in the Xusheng forbidden land. Without exception, they all gather here!

At this moment, everyone saw Ye Xuan with this suffocating sky, and the fierce and fierce beast army rushed into the forbidden land from outside the forbidden land. and

The fierce beasts of the two powerful powers in this beastly army corps clearly follow the eyes of Ye Xuan, and they look very familiar. All the people, the look on their faces, is even more weird.

For Ye Xuan's instructions, they are completely confused, I don't know why.

After all, both sides have already fought, and the nomadic regiment and the Legion's billion-strong fortress and the millions of giant warships have launched two waves of volleys...

In this case, even if one of the Devils has a heart-stopping war, it is absolutely impossible for the insulting army of the beast to break off.

All the starry beasts in this legion were originally violent and arrogant, and it was not a foolish existence.

But now, they have just withdrawn Xu Xu's forbidden land. The time of the semi-column has not arrived. The Lord of the Lord has returned with the whole army of beasts. It seems to be still happy... This is simply unintelligible.

Ye Xuan didn't pay attention to this. He turned around and looked at the six \*\*\*\* scorpions and other high-level people in the circle. When they said: "From now on, they are the fifth army under the devil's temple... the evil army!" First

Five big army?

The evil army?

Six \*\*\*\* scorpions and other high-level temples heard a glimpse of the words, and then all of them appeared on the face. Both

However, they are called the Allusion Army. They are obviously the army of the beasts who came out from the starry field of the evil. They are in conflict with the Tianhe star, Ye Xuan. It is no wonder that the adults of the Temple are so familiar.

In the previous battle, it was clear that Dashui rushed to the Dragon King Temple!

Thinking of this, six \*\*\*\* scorpions and green cattle, three-jawed dragon owl, Longshan Tang and other people face each other, shaking their heads and smiling...

Chapter 4777: The last peak of the past

This time, the magic hall can be described as a huge harvest. With the addition of the evil army, the original four major army of the magic hall will become the five major legions.

The fifth largest army is the Eighty Army, and the commanding Taikoo Porcupine and Taikoo tortoise are the first-order power.

In addition, among the nearly 100 million star-studded beasts in the Legion, there are dozens of cosmic supreme, hundreds of cosmic masters, and two or three hundred cosmic sages. As for the immortal, it is

more than one thousand. The number is definitely the most powerful army of the five major legions of the Magic Hall. This

Everything, let the six \*\*\*\* and blue cows and other high-level temples are delighted. because

Before this, in addition to the power of the devil in the temple, the most powerful existence is the six bloody, but even he is only the universe of the late realm.

There is not a wild power in the entire Great Hall.

Even the cosmic supreme, there are few who can't take it...this

A little bit of six \*\*\*\* scorpions and other high-rises of the Devil's Heart are heavy and feel very incomparable, but now, everything is finally solved, let them take a breath, and the stone that is in their hearts disappears in an instant.

Soon, the top leaders of the five major regiments were familiar with each other. Ye Xuan did not stop here. He ordered six \*\*\*\* scorpions to arrange camps for the sinister army and distribute the living stars. With

After that, I took the Taikoo Porcupine and the Taikoo tortoise and returned to the Dongfu Star. "

call out! ""

Oh..."

After entering the atmosphere of the stars, Ye Xuan led the two old guys directly to the magic hall. After they were seated, they talked about the experiences of these years.

Including the Hongmeng Star Field, including Xingbo, including the Galaxy Star Field, and the source nesting star base camp in the Hongmeng Star Field... All of this, Ye Xuan is not concealed, after all, these two old goods are still dependent on value. It is not necessary at all.

"I don't think your kid has experienced so much in these years..."

It's just that it's not changed, it's not a big life..."

After listening to Ye Xuan, the Taikoo Porcupine and the Taikoo Maogui suddenly sighed, but these two old guys have always stinked, and the words spoken are not very pleasant, and Ye Xuan's eyes are straight.

Under the sorrow of the heart, he suddenly remembered the old pig essence, and immediately came to the spirit, turned to the Taikoo porcupine looked over, his face showed a mysterious smile: "Old black, do not mention these are almost forgotten, in the source nest of Nahongmeng Stars, the temple has prepared a big surprise for you..."

"What the hell?"

The Taikoo Porcupine was alert in an instant, and the stunned vigilance of the scorpion, staring at Ye Xuan up and down: "You thief laughs like this, there is nothing good, honestly confess..."

Since it's a surprise, it's boring to say it's open..."

Xuan immediately shook his head and looked very firm: "You don't want to make an idea. This temple will not say it. When you go, you will understand it naturally..."

call out! ""

Oh..."

As soon as the sound fell, Ye Xuan suddenly waved, and in a moment there were two volleys, and the Taikoo Porcupine and the Taikoo tortoise both stopped and hovered.

The two old guys glanced at each other and subconsciously extended their minds with the power of the gods. They changed their minds in an instant, and they took a sigh of relief...

Two milli-mans, it is two pieces of storage magic, which contains a large number of cultivation resources, including nine-color magic medicine and chaotic medicine, but there is no such thing as Zijinbao medicine. After all, the repair of these two goods is here. It's not a top good deal, it's really not a big deal for them.

Of course, in addition to these, within the two treasures of storage, there is also a twenty-nine-level ridiculous treasure. These two goods are now a first-order power. Sooner or later, it is better to give it now. .

"Grey's big medicine is a chaotic medicine, and its efficacy is more than nine color medicines. It is best to swallow it at the moment of breakthrough. Even when you practice it..."

Nodded, Ye Xuan said: "As for the medicinal medicine, it is the twenty-ninth-level ridiculous Baodan. After the great ninth-order grand reunion, you can swallow it, so that you can successfully break through to the desert in a short time. • • ..."

In the past, Ye Xuan refining the twenty-nine-level ridiculous Baodan, only a total of only fifteen. Such as

Today, one of the Taikoo Porcupine and the Taikoo tortoise was given, and the twenty-nine-level ridiculous Baodan in his hand was only thirteen.

Thinking of this, Ye Xuan suddenly shook his head and smiled...

The opposite of the Taikoo Porcupine and the Taikoo tortoise, after hearing the words of the cold, but immediately stupid, and suddenly completely speechless, apparently being light. he

We never imagined that after a few decades of disappearance, Ye Xuan had even surrendered the unscientific resources of the ridiculous Baodan, which had broken through the ancient and supreme environment in a short period of time.

Just at this time, Ye Xuan's body suddenly came with a familiar sway, which was the movement of the smoke, letting his heart move, his face showed a surprise color.

Soon, the Taikoo Porcupine and the Taikoo tortoise hurried away. They have not tasted the taste of the colorful medicine and the chaotic medicine. Some can't wait. Wait

After they left, Ye Xuan waved his hand and directly asked for a smog. "

call out....."

With the faint sound of breaking the air, Bao Luo whizzed out, and the wind rose. The blink of an eye turned into a pink pipa of a hundred feet in size, and the sky in front of Ye Xuan slowly rises and falls, revealing an extreme Strong and mysterious atmosphere. and

At the same moment that Bao Luo was sacrificed, the voice of the ancestor's ancestors came out, revealing a deep joy: "Master, we woke up..."

Before this time entering the sleep, the strength of the seven major repairs has reached the sixth level of the ancient power of the ancients, only three small steps from the previous peak. again

Before entering the sleep, the cultivation resources provided by Ye Xuan were no longer the previous nine-color \*\*\*\* medicine, but the chaotic medicine, and its efficacy was obviously far from comparable to the nine-color medicine.

It can even be said that there is no comparability at all, not at the same level...

At that time, Ye Xuan had already decided. After the end of this slumber, these seven gimmicks would surely be able to enter the ninth-order grand sacredness of the past dynasties, but I did not expect that this was more than two years, and the seven gimmicks reawakened again.

"call out!"

Oh..."

Just as his heart swelled, a faint sound of broken air rang out, and seven lines of figure rushed out of the smog in the sky. to

The emptiness in front of Ye Xuan's body is lined up in a row. It's the seven sacred sacred ancestors of the corpse of the sacred ancestors who lived in Baoluo. With the body of the top. "

See owner..."

After the appearance of the body, the seven glamorous savage savage repairs, while at the same time to Ye Xuanjiao smiled and sighed, the mouth snoring the master, charming smile, obviously the mood is very good...

The refinement of the body that was diffused at this time was as impressive as Ye Xuan's guess, reaching the ninth-order great perfection of the ancient powers of the past.

That is... half a step!

Chapter 4778: Blood-sucking lions are coming

"call out!"

Oh..."micro

The weak sound of the air broke out, and Ye Xuan waved seven small awns, and stopped in front of the seven corps of the corpse and the seven awnings. Light

In the group, in addition to the nine-color \*\*\*\* medicine and chaotic medicine, there is also a twenty-nine-level deserted Baodan.

As a result, Ye Xuan's twenty-nine-level ridiculous Baodan has only six left, and one of his own ones, and at most five can be used to distribute to the lower genus.

In addition, there are not many Jiu Shen Shen Yao and Chao Chao Da Yao, and I have to take time to refine a few furnaces...

"In the light group, in addition to the colorful medicine and chaotic medicine, there is a twenty-nine-level ridiculous treasure..."

The seven gimmicks used to wave directly to light up the light group hanging in front of them. Ye Xuan smiled lightly and then he said: "Now, your cultivation has been restored to the ninth stage of the great power of the previous life. It's down to the impact of the desert..."

"Because it is no longer a restoration of past life, it is necessary to have a twenty-nine-level ridiculous treasure..."

And this matter can't be rushed. You just finished a retreat. If you are quick and quick, but you don't want to be quick, you might take a break for a while, adjust your mood, wait until everything is ready, and then start the impact..."

Once the impact is successful, you will be the real oldest supreme after that. Even if you encounter the old guy of Xingbo, the seven will be able to protect themselves, so this time, perhaps the last time I provided you with resources for cultivation. . "

"The road to the future, after all, you have to rely on yourself to swear..."

Thank you for your master..."

There were tears in the seven skulls, and the voices were a little choked. Looking back at the years when Ye Xuan accompanied them, my heart was already awkward..."

Master, we are going to go out for a tour, but we won't be too far away, just walk around the surrounding stars..."

"Can the owner stay with us all the time? Or, send a detachment to accompany us and walk..."

After Fan's feelings, the feelings of the seven gimmicks slowly calmed down and proposed the idea of going out. This

It is also the meaning of Ye Xuan, they have just finished a retreat, and indeed should go out and stabilize the state of mind! "

I still have to retreat, I am afraid I have no time to go out and wander with you..."

"call out....."

Nodded, Ye Xuan suddenly waved his hand, and immediately there was a spurt of glare. It's the magic dragon's driving...

After that, he only took the lead: "Walking outside, the female repair is inconvenient, and the dragon is driving with you. When you walk outside this time, just take it with you."

In this way, if I need to contact you, I can also pass the message through the first time. After all, it is the ancient treasure that I have refining, and I am now in the level of repairing, as long as it is in the emptiness of this piece of land. Can feel at any time..."

Thank you for your master..."

When the seven gimmicks heard the big joy, even if they thanked Ye Xuan again, they took the magic dragon and drove away...

"call out....."

After the seven hoes left, Ye Xuan walked out of the temple and came to the valley behind the giant peak...

This time, he is not trying to retreat, but to refine medicine.

In the hands of Zijinbao medicine, Jiu Cai Shen medicine and chaotic medicine are not much, taking advantage of this breakthrough, he is ready to refine some of these three drugs.

"Booming!"

Oh..."

After entering the valley, Ye Xuan waved the Shennong Baoding, which was reduced in shape. Then, as he moved, there were 108 ancient creatures in the sealed cave at the bottom of the volcano in the central area of the Dingnei space. The treasure wreckage was taken out.

The treasures of these ancient creatures are the main materials that he used to smelt large drugs, but at the same time, there are a large number of top treasures, which are numerous and numerous.

The first thing to be refined is naturally a chaotic drug. Therefore, the level of the wreckage of the ancient creatures that he took out this time is not weak, one hundred and eight, at least the universe is supreme, and even eighteen of them are The beastly treasure of the ancient age.

In the same way, the spring water used for refining medicine is also the same luxury this time. It is replaced by a mixture of congenital yin and cold spirits and a lottery lotion!

"boom!"

"Booming..."

call out! "

After everything is ready, with the sound of a broken air, all the materials originally suspended in the void on one side will automatically fly into the furnace, and the eyes will be melted under the furnace temperature of the nine-color flame. .

"call out!"

"Hey..." deep

After taking a breath, Ye Xuan's hands fluttered like a butterfly, and the shackles of different colors and shapes were falling from his hands like rain. straight

After entering the Shennong Baoding, it was overwhelming, dense and numb, and the number was so horrible that the refining of this chaotic drug was started...

.....

At the same time, in the most marginal area of the emptiness of this piece of land...

"Oh..."

Originally in the infinite universe of the universe, suddenly there was a crisp sound of cracking, the sky was torn open with a huge black crack, and then a figure rushed out of the crack...

This is a fierce beast, a huge lion with a huge body, like a blood, a strong breath, a suffocating sigh, the body is filled with the breath, and it reaches the seventh stage of the ancient power...

The \*\*\*\* war lion is the blood ancestor of the third-ranked War Lions among the top ten ethnic groups in the Second Universe. shortage

In the early period of the ancient times, among the camps of Tiandaoqingyan, there was a blood-scarred lion, whose mad lions turned into magical powers, and they were brilliant in the battle of the ancient world. This

The kind of \*\*\*\* sacred name called the lion lion is not even weaker than the sacred \*\*\*\* of the ancient night. each

A change can make the body skyrocket ten times, and repair the strength to improve the first-order, nine changes, you can make your own cultivation as a strength, hard to enhance a big realm. flood

In the early days of the wilderness, although the blood-stricken lion was only the third-order of the ancient sacred, but after the display of the \*\*\*\* sacred lions, the few sacred sacred sacred sacred dragons, the golden dragons and the sacred sacred sacred It is the existence of half-step heaven, and he is very jealous.

Once you fight it, you can hardly be an adversary unless you use the power of the heavenly bow.

The blood-sucking lion is the descendant of the blood-scarred lion. When the end of the war was in the end of the war, the blood-sucking lion also belonged to the camp of Tiandao Qingyan. It once fought side by side with the nine \*\*\*\* and blue sky Dapeng... that

After the First World War, the three men were seriously injured at the same time, crouched down and recovered their injuries!

At that time, the ancestors of the War Lions' ancestors were the weakest among the three, and the nine \*\*\*\* and the blue sky and the Dapeng were the half-step ruins of the ruins of the ruins of the ancients. But only the ancient powers are first-order...

Chapter 4779: Family migration

In fact, his real combat power is the strongest among the three... no doubt!

Even the nine \*\*\*\* and the blue sky Dapeng are inferior, can only be willing to go down the wind, because the blood of the blood-scarred lion inherits from the early days of the flood, the \*\*\*\* mad lion that has already stunned the world. kill

The blood mad lion and the blood sea konjac, the big demon is a powerful ancient sage, and the combat power is good...

It belongs to the same level as the Void Giant Turtle, the Golden Dragon, and the Ancient Nightingale! Do not

However, the \*\*\*\* lion and the \*\*\*\* konjac, the big demon before the end of the end of the war, have disappeared, life and death do not know, until now there is no whereabouts, and even can not be sure that life is death. but

The mad lion of the blood-stricken lion turned into a \*\*\*\* genius, but it was continued by its immediate descendants, the blood-scarred lion. After the endless years of reproduction, the lions of the second universe were born...

Not long ago, the first generation of the \*\*\*\* and Qingpeng ancestors, the nine \*\*\*\* scorpions and the Qingtian Dapeng, left the ethnic ancestral land in the first time after successfully breaking through to the ancient sacred place, and went to the wilderness world. Fragmentary void.

The ancestors of the War Lions' ancestors were left behind.

In the past two years or so, the wounds left by the blood-sucking lions in the end of the flood season have finally recovered completely, and they have been more refined. They have broken through to the sixth-order of the ancient powers of today...

Although it is only a sixth-order power, it seems that even the first-order ridiculous nine-headed \*\*\*\* is not as good as Qingtian Dapeng. but

In fact, even the nine \*\*\*\* and blue sky Dapeng teamed up, and now it is far from the opponent of the blood-sucking lion. Make

For the early generations of the \*\*\*\* mad lion that can compete with the golden dragons, the virtual giant tortoises, and the ancient yak of the ancient yak, it is the ancestor of the generation of the lions of the world, and the blood-scarred lions have obviously changed the lions. Blood and blood is completely understood.

In other words, as long as he is willing, he can enter the ninth state of the lions anytime, anywhere.

In the ninth state of change, the blood-sucking lion and Ye Xuan are the same. The strength of the singer will be a big realm. Now he is the sixth-order power. Once he enters the ninth change of the lion, he will jump to the seventh order. Abandoned!

This is the late stage of desolation. Today, Ye Xuan's strongest combat power is just like this. It is enough to see the power of the blood-sucking war lion...

And this time, he obviously is not alone. this

Engraved, as he only smashed his body shape from this void crack, followed by a variety of warships, and appeared one after another...

Previously, when the nine heads of blood and Qingtian Dapeng left, they had already confessed to the two ethnic tribes in the ethnic ancestral lands, so that the \*\*\*\* and Qingpeng people followed the war lions, and then in the \*\*\*\* lions. Under the leadership, they will migrate together.

This time, the blood-sucking lion left the second universe and descended on the emptiness of this piece of land. In addition to itself, all the tribes of the bloody, Qingpeng and war lions were also dispatched... the family migration!

Among the three ancestral ancestral lands, there are still some blood ancestors who have cultivated their strengths in the universe to the ancient world and even the ancient and supreme. but

This time, the high-level of these three sleeping tribes have also been included in the special storage magic weapon, and they have migrated together...

"boom!"

"Booming..."

The roar of the earth has been ringing all the time, and it has not stopped for a while. this

At that time, the blood-sucking war lion has already retreated to hundreds of millions of miles away. The figure is suspended in the void, and the face is quiet. However, there are ghosts in the middle of the sky, and it is not anxious, waiting quietly for the three tribes behind. The army gathered...this

Everything lasted for three days. In the process, the cracks in the void that had been torn apart had been slowly closed several times, but each time, they were shot by the blood-stained warrior and they were torn apart again!

Three days later, in this huge void crack, finally no warships rushed out and began to slowly close. and

In the cosmic void in front of the crack, three huge warships have been gathered.

The three great armies gathered in ethnic groups, belonging to the bloody, Qingpeng and warriors.

Among the major ethnic groups and major forces in the three major star planes of the world, these three tribes are the only ethnic groups that migrated to the emptiness of this piece of land.

Since then, the second cosmic plane, even the three major star planes of the world, have nothing to do with them. Lift

The family has migrated, and everything in the past will become history.

For these three tribes, such a decision is tantamount to breaking the boat. If it is unsuccessful, it will become a benevolent person. If it is impossible to stand firm in the void of this ruined land, bloody, Qingpeng and war lions will be very likely. This is completely declining, like a duckweed without roots, wandering around...

Because of this, the tribes of today's tribes all have the sorrowfulness and pride of the strong men's broken wrists, which are gathered together, invisibly turning into an indescribable solemn atmosphere, suppressing the whole piece of void...

Seeing that any of the three great armies, the number of warships of all kinds exceeds five billion, and together, the total number of warships is close to two billion, and they are opened in the void, and they simply cannot see. To the end...

In terms of high-end combat power, the blood-scarred lions are not mentioned. In front of these three large battleship regiments, there are also seven or eight figures, all of which are repaired above the ancient and powerful. plus

Together, the bloody, Qingpeng, and war lions have already awakened, and the total number of wild and powerful people who have migrated from this family has reached 25! This

Twenty-five tribes of the three tribes, although they have not reached the ruin of the ancient times, but at the cost of exerting some kind of blood and secret law, it is not impossible to have the combat power of a lazy level in a short period of time. Two

Ten billion warships, twenty-five ancient powers, plus the blood-stricken lions with the strongest combat power in the state of the secret law, which can reach the seventh-order absurdity... This army that has just arrived, the overall combat power is absolutely shocking and incomparable. Powerful! "

Roar! "

The line of sight swept through the tri-family army gathered in the front of the sky, and the blood-scarred lion smirked out a terrible roar.

At the same time, some secret law that only he and nine bloody, Qingtian Dapeng knew, was activated by him in an instant.

Through this secret method, even after a long distance, the blood-stained war lion can sensitively sense the nine-headed blood and the mark of the gods left by Qingtian Dapeng.

The three old guys have been fighting side by side at the end of the flood. In this regard, they have already been tacit. "

Roar....."

Soon, with the application of this secret law, the blood-sucking lion had an instant, and screamed with a sigh of relief, and the body was turned into a man, and spurred toward the right side of the sky.

"boom!"

Rumble..."

For a moment, the thunderous sound of the sky rang out loudly, and all the battleships of the three tribes at the same time activated the kinetic energy cabin at the same time, followed by the blood-scarred lion, and quickly rushed forward.

In front of this direction, it is directly to the star field where the Star Alliance is located...

Chapter 4780: Star Alliance wants to rebel

The Star Alliance is composed of the second universe of the three major stars in the world.

Among the top ten ethnic groups in the second universe, the Turtles have always been solitary. Now, after entering the emptiness of this piece of land, they are separated from the second universe and joined the Tianhe domain. . Place

Therefore, there are actually only nine of the top ten ethnic groups in the Star Alliance.

They are the nine ethnic groups, including the Bloody, Qingpeng, Warrior, Yinyue, Barbarian, Golden Eagle, Cailu, Greedy and Shuling. This

Among them, the top three in the top ten ethnic groups of \*\*\*\* and Qingpeng and war lions, all the forces of the conventional level and the army of warships have all been captured and become the captive army under the imperial hall.

I always thought that the three stars in the Star Alliance had only nine \*\*\*\* scorpions and Qingtian Dapeng. As for their army, the follow-up will come, but it has not disappeared...

Now, after the last battle of the Devil's Crusade, there are no traces of the nine \*\*\*\* and blue sky Dapeng. The entire Star Alliance is also a scene of the cosmic supreme, and the days are so incomparable. The tail is honestly a man.

Since this time, the second universe of the Star Alliance has been huddled in the star field occupied by the Alliance. Almost no one dares to walk out of the star field and outcrop...

In case of encountering the genus of the magic hall, it is absolutely bullied by others, and it can only be swallowed up, and the result is pleading, and it is not necessary! this

Yes, the six cosmic supremes of the six ethnic groups, including the Yin Dai, the Barbarian, the Golden Eagle, the Choi, the Greedy, and the Tree, are gathering in the headquarters of the Alliance. from

After being forced to surrender to the Temple of the Devil, the frequency of such summits was also getting lower and lower, and the previous three or five days met. Rear

Ten days have come to gather together. Today, these six universe supremes will come over almost once a month, and they will gather in the hall of the alliance headquarters. Committee

It's too embarrassing to meet, and there's no point in discussing it anyway, so this speechless situation will naturally appear..."

Hey, it's been two years, and it's really awesome..."

The voice is a middle-aged man in a silver robe. Of course, this is the changed human form.

The second universe has basically the same blood of the beasts, but it is more convenient to change the appearance of the adult family on weekdays. This

The middle-aged man in a silver robes is named 冀滔, but he is an ancestor of the Yin dynasty. He is cultivated as the ninth-order grandeur of the universe, and the six universes in his presence are his repairs. For the strongest strength.

In the case of the nine-headed \*\*\*\* and Qingtian Dapeng, the entire Star Alliance is basically in his hands. but

As he said at the moment, the days of jealousy are not so good. Since the five major leagues have been forced to surrender to the Temple of the Devil, their days have been so terrible, even the half-step power of his cosmic supreme nine-step perfection. They can only be huddled in the star field occupied by the Alliance. They usually don't dare to go out and go out of their way. They are simply scornful and speechless..."

Calculating the time, I waited for the various families to stay in the second universe of the family, and the army is coming soon..."

With a sigh of relief, the stalwart of the bulls of the bulls took over the words, and looked forward with a look forwarded: "This will be the last battle of all the ethnic groups, and all the ethnic groups will continue to migrate, including the ancestors. The blood ancestor still in the middle of the sleep..."

Don't mention it, just my wild cattle, there is a sacred ancient supreme, more than ten ancient powers, the top ten ethnic groups in the second universe are basically all the same, all have the \*\*\*\* ancestors of the ancient and supreme level sleep. ""

Not bad..." No

When the ancestors of the barbarians were finished, the cosmic supreme of the Caishui people took over the words, and the cold and faint coldness of the hustle and bustle screamed from time to time.

Even the tone is extremely cold: "I don't mention the turtle family, I am waiting for the top ten ethnic groups in the second universe, and there are a total of nine people."

Among the nine ethnic groups, there are deserted Supreme in the sleep, the former ancestors did not know the situation, so they will not easily wake up from the sleep..."

But now it is different, I am waiting for the ethnic group, which one is not passed down for a long time? Now that they have formed an alliance, they are all overwhelmed by the violent magic hall. This grievance, even if we can bear it, the blood ancestors who are still in the midst of the family can't stand it. of....."

"This is what it should be..."

The rise of the listener, the cosmic supreme of the greedy wolf family also took the cavity, the body smashed a sigh of breath, gnashing his teeth and said: "The estimated time is almost the same, just wait for me to wait for the last batch of the army This piece of ruined land is empty, and it must be the first time to awaken the ancestors of the family..."

Hey, the violent force of the violent battle, with its own strength, has been able to fight the \*\*\*\* unicorn, nine sacred crocodile and nine bloody, Qingtian Dapeng four powerful absurd..."

There is also the Tianhe Star, the main Ye Xuan, and I don't know what kind of dog smashed. In just a few decades, the combat power has climbed to such a terrible degree, and it has colluded with the Lord of the Temple..."

"But even if they join hands, at most they can only deal with eight ancient sages, even a small number. After all, the main star of the river star, Ye Xuan, can have no \*\*\*\* secrets of the Lord of the Devils. The same blood and sea avatar..."

Under this circumstance, I have to wait for more than five ancestors to wake up more than five savage crocodiles, \*\*\*\* unicorns, etc., and it is enough to crush the high-end combat power of the magic hall..."

"This is our only hope..."

On the other hand, the ancestors of the tree spirits also nodded frequently: "And this time there will be no more accidents. Don't forget, except for our Star Alliance, several other alliances have their own wild powers, even the ancient extremes. Still sleeping."

It's not just us who want to go out of the temple. The other four major leagues will not stay out of it. This time, the temple will be destroyed and completely extinct. This day is only a matter of time, but it will come..."

"boom!"

Rumble..."

His words made everyone in the room nod to frequent, and the haze that had shrouded the heart seemed to have dissipated a lot. The look on the faces of all people was much better, and the shackles were more revealing. just

At this time, outside the star atmosphere of the Star Alliance headquarters, suddenly there was no sign of the earth-shattering bang. Wei

The situation is so amazing that even the whole star under the foot is slightly trembled. It is just a release of the pressure of the air, but it has not yet officially launched an attack. It is so amazing that the people who suddenly come outside the stars exist. It is definitely the power of the a lama level! brain

In the middle of these thoughts, the six people suddenly changed their faces, and they stood up in shock and screamed...
