Chapter 478: Tang family

After asking about Jiang's position, Ye Xuan quickly rushed over.

The reason why he saved the *Feng brothers and sisters is actually a little selfish. He wants to find an excuse for himself and kill him.

There are two major forces in the city of Bailian, one is the city government, and the other is the Jiang family.

Under normal circumstances, the two will compete for the sake of their interests, but the relationship between the two is very harmonious, because the Jiang family and the city government are like Yejia and Linjia in Lianyuncheng.

Therefore, Ye Xuan understands that if he is a big trouble, Jiangcheng will certainly not stand by.

At this time, Ye Xuan has also come to the front of the Jiang family.

"who are you?"

A Jiangjia **** asked a little strangely.

Unexpectedly, Ye Xuan screamed and killed the past.

In the blink of an eye, the arms of the two squatting tenth-order guards were cut off, and the Qiang Kun ring was also missing.

At the same time disappeared, there is Ye Xuan's figure.

Ye Xuan has already opened up eight veins, which can sense the position of those who are in a good position. He first looks for those who have poor strength and troubles. When the Jiangjia seniors react, Ye Xuan has already opened the ninth blood. .

"Bold madman, even went to my Jiang family to go wild, to die!"

In the air, a violent drink came, and Ye Xuan turned around and saw that an old man was flying fast.

Thanks to the relationship between the Jiangjia and the city government, the Jiang family can naturally fly in the city of Bailian.

"What about the Jiang family?"

Ye Xuan's light flashed.

The reason why the young master of the river was so arrogant and unreasonable was because he was used to the home of the Jiang family, so this old guy was in Ye Xuan's list of murders.

"Twelve local veins, I dare to come to me for trouble, to die!"

Ye Xuan killed the machine, only three rounds, he just took the head of the Jiang family.

The owner of the Jiang family, as the head of the family, is also extremely rich in his body, directly letting Ye Xuan open the tenth.

Later, Ye Xuan ran away in Jiangjiazhong, and took away the remaining Qiang Kun of the Jiang family. If there was any disappointing, he would directly kill him.

When Ye Xuan left Jiangjia, he still only opened ten local veins, but it was not far from the eleventh.

At the same time, he entered the Jiang family and only killed a person who was not in a good position, that is, the young master of the river.

"It's your turn to be the capital of the city!"

Ye Xuan looked in one direction and showed a smile.

This world's strongest is respected, and the murder and treasure-winning things can be seen everywhere. Ye Xuan robbed the Jiang family but did not kill many people. It is not bad.

Soon, Ye Xuan was looted over the city government.

"Bold, how dare you fly in the city?"

Ye Xuan has not stopped yet. There is a passing city government offering a big drink. However, his voice has not yet fallen, and he feels a pain in his shoulder. He looks down and the whole arm is gone.

At this time, Ye Xuan has already been killed in the city government. Within three minutes, he has opened the eleventh.

There are only fourteen local veins in the city, and there is not much threat to him.

The efficiency of the city's main government is very fast, much faster than the Jiang family. Shortly after Ye Xuan opened the eleventh vein, the master of the hundred refining city was killed.

"Miscellaneous things, give me to die!" The lord of the city did not know where to kill it, facing Ye Xuan is the sword.

"call out!"

Ye Xuan, who had just swallowed up a Qiang Kun ring, escaped this sly and then swept away.

So fast!

The lord of the city revered, and the next moment, his arm was missing.

"Hey, the host has opened the twelfth place!"

The prompt sounds.

Originally, Ye Xuan didn't want to kill people, but the lord of the ruthless city let the Jiang family do nothing, and if the lord of the smelting city is still alive, it will inevitably pass through Ye Xuan, so he must die.

"go to hell!"

Ye Xuan squatted, and the head of the lord of the city was thrown away.

However, just after Ye Xuan killed the master of the city, there was another roar: "Bastard, did you kill him?"

Ye Xuan turned his head and saw an old man who rushed over him.

This imposing manner gives Ye Xuan the feeling that he is much stronger than the lord of the city.

"What is going on, is it the old man of the lord of the city?" *Feng said that the lord of the ruthless city was dead early!"

Ye Xuan's eyes widened. It seems that the news of *Map is wrong, or that a strong person is coming to Baicheng.

Ye Xuan estimates that the old man has at least opened sixteen veins.

However, after he and the old man hand in hand, they found that they were wrong.

The strength of the heavens and the earth that the old man can call is terrible, and there are many more than the bastion of the city. I am afraid that the other party has already opened seventeen or even eighteen veins.

"Where did he come from?"

Ye Xuan's face is gloomy.

From the beginning to the present, he has already played against the old man for ten rounds. In these ten rounds, he is in a disadvantage.

Not powerful!

This allowed Ye Xuan to give birth to a retreat.

"First withdraw!"

Ye Xuan turned around and ran.

"Good boy, even the Qing Dynasty disciple who dared to kill, I Tang Pengyun, you must leave your hand to the Shangqing Palace."

The old man shouted.

He was different from the bodyguard of Tang Tian. He guessed that Ye Xuan was the martial artist who killed the Qing Dynasty disciple and then cultivated the Shangqing Palace.

However, after Ye Xuan heard his words, his eyes were bright.

Don?

The purpose of his coming to Sirius Island is to find Tang family, and this old guy surnamed Tang, may be the Tang family.

However, I still have to escape now.

"The speed is so fast, even the Qingtuo step has learned!" The old man saw the body martial arts used by Ye Xuan at a glance.

He did not expect that such a thing would happen in Bailiancheng.

He originally came to the city to find a refining city, and asked the lord of the city to discuss some matters, but now the lord of the city is killed, he still talks about fart.

But if you can catch a person who pretends to be a disciple of the Qing Dynasty, this is also a great achievement.

However, whether he can catch Ye Xuan is still a problem.

Ye Xuan stepped back and forth, and soon it was flashed outside the city of Bailian, and the old man was persevering to follow Ye Xuan.

The two escaped and chased one by one, and gradually moved away from the city.

"Damn, this kid is too fast, infuriating and incompetent, I may not be able to catch up with him."

The old man is very helpless. After he has thought about it for a while, he turns around and he has to go back and report the matter.

The Shangqing Palace is also a hegemonic power in Sirius Island. Some people even beat the flag of Shangqing Palace and slaughtered the city of Baicheng City. The crime is not small.

"Well? Don't chase?"

Ye Xuan turned around and saw that the old man had turned around and left, and now he chased it up.

If the old man is really a Tang family, then he will find it.
