Chapter 4791: Three major alliances

In less than three months, this piece of tranquility has only two years of ruin, and the sky is revived, and the undercurrents are raging...

In the temple, the Eighty-Fighting Army joined and became the fifth leg of the Devil's Hall, which made the overall strength of the Temple rise again.

Although this has attracted the attention of all parties, it is truly terrifying. It is still the alliance of the Star Alliance, the Alliance of Tens of Nations and the Federation of Terran Federations.

Originally, the five major leagues were added together, and they were not the opponents of the Devil's Hall. Above the First World War, the **** unicorns, the nine sacred crocodiles, the nine-headed **** scorpion, and the Qingtian Dapeng were all defeated. but

Today, any of these three major leagues has the strength and qualification to compete with the magic hall...

The first is the Star Alliance. In terms of conventional combat power, the bloody, Qingpeng and War Lion tribes migrated. The alliance forces increased by 20 billion warships, and there were twenty-five ancient powers, plus the secret state. The **** war lion with the strongest strength to reach the seven-stage absurdity. only

To return to the nine **** and blue sky Dapeng, they will have three ancient and supreme powers, and twenty-five high-level combat forces...

The alliance of the ethnic groups is even stronger. The space rats, the **** ants, the giants and the evil spirits of the Shilams are also migrated from the family. The alliance forces increase the warships by 40 billion. this

In addition, there are 24 late-stage abilities, and the four ancient mid-levels of the ancient sacred, overall, the comprehensive strength has already surpassed the Star Alliance, even without the Scarlet unicorn and the Nine crocodile, can also be with the Temple Higher. but

Even more powerful is the Terran Federation. With the immortal nine stars, the Heavenly Palace and the Glorious Temple at the same time, whether it is compared with the Star Alliance, the Alliance of Nations, or the Magic Hall in the Xusheng Forbidden Land, it has been shaped like a mill. Pressure is simply a big trend...

In addition to the tens of billions of warships, it is the high-end combat power, there are thirty-six in the universe, thirty-six in the ancient times, even the ancient and supreme, there are six. again

Coupled with the Emperor II who had just broken through to the ruined place, the Confucian Federation now has a total of seven ruins. Such as

It is said that the Star Alliance and the Alliance of Ten Thousands only have the qualification to compete with the front of the Magic Hall, but they may not have a chance to win. that

What if the current Terran Federation is fighting the Magic Hall, even if the Tianhe Star, Ye Xuxuan, who disappeared again after the war two years ago, reappears, and the Lord of the Devils join forces to resist, the victory of the Magic Temple and the Terran Federation is only It's just five or five years old...no

However, this level of comprehensive warfare is generally not easy to open, but for the Star Alliance, the Alliance of Nations and the Terran Federation, even if the war is not opened in a short period of time, it is necessary to declare independence from the temple. Can't delay!

On the third day after the arrival of the reinforcements of the Terran Federation, from the inside of the star domain, a fortress army was dispatched, and within the flagship of the central government, three figures were rushed out. three

People are all ancient and powerful, two people, an old man with obvious vicious animal atmosphere.

Among the two ethnic groups, one is the immortal emperor of the Terran Science and Technology camp, and the other is the palace of the Heavenly Palace. There is no such thing as the old man who has a vicious animal atmosphere in his body. The lord of the temple, named 霄霄 rainbow...

Today's Terran Federation, although there are seven powerful ancient supreme, but this level of existence, generally do not pay attention to federal customs, will not easily show up on weekdays. he

We have more important things to do, such as everything related to the wake of the generations of ancestors who are still sleeping in the community. Place

Therefore, today's Terran Federation, for the time being, will be led by these three late powers.

As for Emperor II, after the immortal emperor came, it disappeared mysteriously. He was not only the national teacher of the immortal dynasty, but also the patriarch of the mechanical family. first

The immortal emperor never came, and he was in the People's Federation and ruled everything.

Nowadays, I can pull out myself, and naturally I have to take care of the chores of the mechanical family. After all, this piece of shards of the ruins of the wilderness has undergone a sudden change, which is very likely to be a precursor to the full-scale coming of the end of the flood. , the mechanical family, the same needs to be properly arranged... this

Engraved, with the immortal emperor, the heavens, and the blazing rainbow, the three powerful late-stage energetic appearances, the forces that crouched around the stars and the scouts of the Alliance were immediately inspired.

Then, the voices of the three late-powerful gods came one after another, and they resounded through the void...

"I am the immortal emperor, the heavenly palace is absolutely heavenless, the hall of the glorious temple is blazing red..."

Today, I am leading the Federation of the Terran, and on behalf of the Federation, declare that it will be separated from the Temple of the Devil, and it will be irrelevant..."

The Lord of the Demon Temple is self-respecting, so don't make a mistake..."

boom! ”

"Booming..."

After that, the three immortal emperors turned and plundered into the flagship fortress behind them. The whole army turned around and rushed back to the Terran Federation...

At the same time, in addition to the star field occupied by the Federation of Nations, there are also several figures rushing out. This

It is a powerful beast of four heads, all of which are ancient and powerful. They are the patriarchs of the space rat, the **** ant, the giant fierce and the evil spirits.

As for the four ancient supremes that the four tribes have already awakened, they have not appeared.

Around the edge of this star field, there are also the scouts of the major forces and ethnic groups guarding it. Seeing the four late powers appearing, as if they realized what they have, they have spirited.

"I am the space mouse, the **** ant, the giant fierce and the evil spirits of the Shilam patriarchs..."

Today, on behalf of the Alliance of Ten Thousands, it is announced that from now on, the Alliance of Ten Thousand Peoples will withdraw from the Temple of Devils.

The scene, the star field occupied by the Star Alliance, is also staged.

However, the situation on this side is different from that of the Terran Federation and the Alliance of Nations. The Alien Supreme of the Terran Federation and the Alliance of All Nations has not appeared.

But the three stars of the Star Alliance are at the same time, but they are not even coming out from inside the star field, but from the distance outside the star field...

In front of it is a breath of breath, at first glance, you know the violent blood-sucking lion, the body is scented as a breath, although only the seventh-order, but no one dare to really regard him as a late power.

This point, from the repair of the strength of the nine-headed **** and the Qingtian Dapeng, both of whom are behind the blood-sucking lion, can be seen one or two. Time

After two years, the wounds of the nine **** and blue sky Dapeng have already recovered, but the look is gloomy. As a desolation, they have been abused twice by the Lord of the Devil and the star of the Tianhe Star. All of them are fleeing. This kind of shame is too deep. I am afraid I will never lift my head before I elute. or

Xu, this is one of the reasons why Jiutou Bloody and Qingtian Dapeng personally appeared this time. when

However, there is another reason. Because all the tribes and army of the bloody, Qingpeng, and war lions in the illusory sky of this ruined land have been captured by the magic hall, they have formed the captive army. Such as

The **** lions of the ancestors of the lions in this battle have also come. If there is no more expression on this matter, it will not be laughed at...

Chapter 4792: Silent silence

"Roar!"

Oh..." this

Engraved, with the seductive lion lion to find nine **** and blue sky Dapeng, the three returned to the edge of the starry field of the Star Alliance, the gods swept over the four weeks, found that a large number of other forces and ethnic reprimands crouched In the distance, even if they roared each other...

For a family of ancestors, the existence of the ancient level of supreme, they naturally do not descend their identity, and some other ethnic groups and the scouts of the forces. inverted

It is just taking advantage of this opportunity to announce the news of the independence of the Star Alliance. each

After a screaming roar, the three people immediately heard the sound of the gods, covering the whole piece of the void, and the emptiness of the tremors shook slightly, revealing the endless cold and cold sense..."

From now on, Star Alliance will leave the magic hall..."

As for the bloody, Qingpeng, and lion tribes and warships that were captured by the Devils in the previous battles, we urged the Lord of the Temple to put them back as soon as possible..."

"Otherwise, we... must start the battle!"

"Roar....." ...

...

Deep in the star field occupied by the Alliance of Survivors, a cyan giant life star... This

The cyan giant life star is where the headquarters of the Alliance of the Survivors is located.

In the eastern part of the star, there is a huge peak near the sea. There is a temple in the peak of the giant peak. Here, it is the headquarters of the Alliance of the Survivors.

Today, in the hall, there are more than two hundred figures visible, and the strength is all above the universe.

Among them, the universe is more than half, there are more than one hundred, the universe is more than forty, and the universe is also twenty-four. except

In addition to this, the ancient powers are four. to

In the old age, there is no one...

Such a high-end battle lineup is a bit too shabby compared to today's skyrocketing Star Alliance, the Alliance of Tens of Nations and the Federation of Terran.

Therefore, at the moment, the top leaders of the remnant of the Alliance in the main hall of the Alliance Headquarters, the look on their faces is quite worrying, revealing the meaning of ambiguity...

Among the four survivors of the Great Hall, three of them were in the mid-term, but they were recently awakened by the two. They did not participate in the previous battle of the Temple of the Devil. another

The other one is the one who led the legacy of the Survivors Alliance two years ago, and the other four alliances, together with the survivors of the palace. when

At that time, his cultivation was the seventh stage of the ancient power of the ancients, and he was violently beaten by Ye Xuan, and he was rewarded with a large number of Zijinbao medicine and nine-color medicine.

After returning, the black robe was able to retreat immediately, and now it is just getting out. although

However, he only retired for two years, but his cultivation has been successfully upgraded from the seventh stage of the ancient powers to the nine-order great perfection of today, that is, half-step absurdity.

Such a terrible speed, even the high-ranking members of the public who were present were puzzled, but did not dare to ask questions...

"Star Alliance, the Alliance of Tens of Nations, and the Federation of Terran, nowadays, the strength has skyrocketed. A few days ago, it has been announced one after another, withdrawing from the magic

hall, the three abandonment of the Star Alliance, and even threatening to threaten, claiming to start again."

Turning around, the hundreds of high-ranking survivors in the temple looked around in a circle, and the black robe could say that the voice was loud. less

After that, I sighed again, and then said: "Now, all the forces and ethnic groups in the emptiness of this ruined land, including the magic hall, are afraid to come to us and the Alliance of the Beasts.""

After all, in the first battle, but the five major coalitions joined forces to force the Palace of the Devil's Palace, and finally, all of them became the outer fan of the Magic Temple..."

Nowadays, the three alliances in the five major leagues have already expressed their withdrawal from the magic hall. Our Alliance of the Survivors and the Alliance of the Beasts have naturally become the focus of attention of all parties. This is clearly the rhythm of being grilled on fire..."

Having said that, the black robe can be stunned and sighed again. Everyone will look around again: "You, do you have any opinion on this matter?"

The high-ranking people in the temple looked at each other and looked at each other. The look on their faces was all bitter. In the end, all the sights were gathered in the other three mid-term energies on the top of the hall...

There are only four ancient powers in the whole hall. Nowadays, the black robes with the strongest strength are able to ask questions. Others are afraid to speak out. Only these three mid-term powers are qualified. Developed opinions!

The three frowned at the same time, the look on the face was very heavy, and they also exchanged their eyes for a look. This was a sigh, and they continued to express their attitude..."

The situation of my remnant tribes is very embarrassing. Even the trivial and absurd of the tribes in the tribes are not many. The power is ten, and the absurd is only two..."

"Even if they are all awakened, they will be weaker than the three major alliances. If they join forces with them, they will inevitably be oppressed by them. Maybe they will be used as guns..."

"The guys from the three major star planes of the world don't have a good thing. This can be seen from the battle two years ago. As the four most ruthless fighters of the coalition, they are abused. After a meal, it turned out to be a direct U-turn, and the entire coalition's numerous geniuses ignored it. This shameless generation cannot really do anything against it..."

"Unfortunately, we haven't found a way to Hongkong's void now. Otherwise, our legacy national group can fully enter Hongkong and the void, and jump out of this circle of right and wrong."

Even if I only contacted the predecessors of the legendary people who went to the emptiness of Hongmeng, and casually came to the seven or eight remnants of the people, I don't have to be as savage as it is today..."

In my opinion, this matter, our survivors' alliance will not participate for the time being, keep silent, and watch it become better! ""

Yes, this is the safest way to deal with it. With the current strength of the Star Alliance, the Alliance of Ten Thousand People and the Federation of Peoples, especially this time the Star Alliance is threatening to threaten the Hall of Devils. I am afraid that the violent will not stop. ""

If there is no accident, the big battle between the three major leagues and the magic hall will be reopened soon. "

"At that time, no matter whether it is the magic hall or the messengers of the three major leagues, I will wait for all the demands of the alliance because they are all retreating and cannot be the master."

"After the end of the war, look at the final result and make a decision..."

This is indeed the safest way at the moment..."

At this point, the black robe was able to frown and turned to glance at the other three mid-term remnants of the left and right sides. but

They did not deny their proposal.

Halfway through, the words were slightly louder, and then I followed again: "So, my legacy will remain silent for a while..."

"The deity can just retreat this time with this time. If there is no accident, then in the near future, he will successfully break through to the ancient order of the ancients..."

"If this is going well, then the deity will announce another important decision..."

Upon hearing this, the high-ranking members of the hundreds of survivors in the temple suddenly stunned, and then all of them were eclipsed, and the sound of coolness was heard. black

The robe sage had only broken the two-stage in just two years, and it became a half-step ridiculous. Now it has to retreat and claim to be in the short-term time to enter the ancient times.

The words like them are simply heavens and nights, too unbelievable!

Chapter 4793: Holy Land of the Beast Alliance

Beast Alliance!

Like the Alliance of the Survivors, the singularity of the Beast Alliance is now a cloud of fog...

The Star Alliance, the Wan National League and the Terran Federal Aids have come one after another, and their strength has skyrocketed. They have reached the level of the ability to compete with the hall. A few days ago, they have already arrived and spread in the star field where the entire alliance is located. And opened. From

After that, in the vast star field, the starry beasts in countless life stars, inexplicably uneasy, from time to time can hear the sound of a low-lying beast, showing endless confusion and distress...

Since the war two years ago, the situation faced by the five major coalitions is basically the same, and they are all incomparable. They can only succumb to the supreme prestige of the magic hall, just like lingering. If

Everyone is like this. After a long time, I will get used to it slowly. Even if I don't want to be reconciled, I can't do that dream without the ability and possibility of rebellion...

But nowadays, among the five major alliances that belonged to the hard-won brothers and sisters, the Star Alliance and the Alliance of Tens of Nations and the Federation of Terrans suddenly reversed, and they had the foundation and strength that they could challenge with the magic hall overnight.

Such a scene, for the Beasts League, for a while, it is really unpredictable, unacceptable...

Today, the three major coalitions that once joined forces to force the palace to the palace have already announced that they have left the magic hall. The five major coalitions have left the Alliance of Survivors and the Beasts. They are being watched by all parties and almost all have become a lot of light. focus.

This kind of situation is tantamount to waiting for them to be placed on the fire and grilled.

Nowadays, the five major alliances that once joined forces to force the palace to be the same, the other three have already landed and left the sea of suffering, and there are still left the Alliance of the Survivors and the Alliance of the Beasts, and now they are still struggling in the sea of suffering. thing

In fact, two years ago, in the first battle, the Alliance of Survivors was eventually forced to surrender to the Temple of Devils, but in fact, the Alliance of Beasts was worse than them...

At that time, the black robes of the 7th-order squad of the survivor's alliance were fattened and their faces were exhausted, but at least they still saved their lives, and even when they took the entire army of the Alliance of Survivors, they all took away. went. but

The Beasts League is different. Although there is also a fierce beast ancestor who has the power of the seventh-order world, he has also paid a heavy price to activate the **** secret method and forcibly upgrade the strength to the ancient and supreme. can

In the end, it was still bombarded by the star of the Tianhe star Ye Xuan. very

As for the post-war, the Beast Alliance also paid a huge sum of compensation, and the entire army was able to flee back to the base camp as a shameful demon.

It is said that the World War I was the worst of the Alliance of the Beasts and the Federation of the Terran, and the high-end combat power above the powerful environment can be degraded by more than one! Such as

Today, the family and family federation has risen again. In this piece of ruined land, there is even the strength and strength to surpass the magic hall. However, there is still no ancient sage in the side of the savage beast...

When he fled back to the base camp from the Magic Hall, the entire Beast Alliance had only a dozen universes, including the high-level camp. This

In the past two years, more than a dozen cosmic alliances of the Beast Alliance have been continually succumbing to the ancestral land, and they have awakened nine ancient powers, but they still cannot compete with the magic hall. Therefore, they did not dare to speak out. These nine awakened powerful beasts have never even gone out to face, and have been huddled in the depths of this star field occupied by the Beast Alliance...

Ben, these nine fierce beasts are going to squat so much, waiting for the savage beasts in the depths of their ancestors to wake up. but

Nowadays, the situation has suddenly changed, and this kind of countermeasure is obviously out of date.

The three major leagues announced their withdrawal from the Magic Hall in a short period of time. Among them, the Star Alliance is even more threatening to threaten the Lord of the Temple. With that temperament, the war will soon erupt. Session

At the time, whether it is the magic hall, or the three major alliances that have already risen in strength, they will surely send messengers to the Alliance of the Survivors and the Alliance of the Beasts. Such as

Both sides are full of momentum, and the Alliance of the Beasts does not know how the Survivors Alliance will be disposed of, but on their side, it is obvious that neither party can nor be offended.

In a big alliance, there is not even a ruthless level of combat power. No matter what you do, you have no confidence, no matter what choice you make, you are destined to be oppressed by powerful allies...

The only way to change this situation is to make yourself stronger. Place

Therefore, these nine beasts were so painful that they finally decided to bite their teeth and went to the ancestral land deep in the star field to awaken the sorrowful beasts of the ancestral land, even if only one or two, at least Finally, there is a top-level force that can support the scene..."

call out! ""

Oh..."

After the decision, the meeting met to discuss the full nine fierce beasts, the first time they set off, the body shape into a sacred man, toward the deep hinterland of this star field, spurt away.

This star field was originally a top-level strong forbidden place. Sitting in the middle of it is a great power, but unfortunately, since the three major stars in the world, the major groups and forces, and the Xusheng forbidden land After the magic hall was born, the power of the beast had fallen. Rear

Come, this piece of land in the emptiness of the ruins of the ruins of the world is forbidden. When deciding to strengthen each other and establish the Alliance of the Beasts, the reason why the Alliance's

base camp is chosen here is because the deepest part of this star field has An unknown sacred beast...this

The matter, the outside world did not know, even the high-ranking people in the star field of the survivors who had been the enemy of the beasts did not know. which is

This is the murder of a savage beast in the shards of this ruined land, and only a few of the most forbidden high-level high-level people know this.

It is said that this piece of ruins of the ruins of the heavens and the earth, the **** ancestors of the forbidden land, and the ancestors of the forbidden land, went to the emptiness of Hongmeng before the endless years. but

At that time, in order to preserve the blood, some of the ancient beasts and ancestors, some of them stayed, and opened a secluded independent void like a blessed land, and then went into it to sleep...

This independent void, in the deepest part of the star field occupied by the Beast Alliance, is now the power of the nine beasts of the Beast Alliance. They have been awakened in the past two years, and they have come out from inside, so No one can be more clear about them than how many fierce beasts and savage beasts are sleeping in this independent void. and

Nowadays, these nine beasts are able to go to this mysterious and independent void. The only purpose is to awaken one or two ancestors of the ancient and supreme level.

In this way, not seeking to compete with the Magic Hall or the three major alliances that have gone out independently, at least can ensure that the Alliance of the Beasts is not arbitrarily pressured by the Magic Hall and the three major leagues. Such as

Therefore, they can let go of their hearts and wait for all the beasts of the independent virtual air to sleep and be ridiculous. In the future, they will fully wake up...

Chapter 4794: Awakened

"call out!"

The weak sound of the air broke out, and nine miles of glare came from a distance. The blink of an eye came to an abrupt end in the void. It's the nine-headed body that is about a thousand feet, but the ethnic groups have different stars. Beast. This

The nine beasts are the strongest of the beastly alliances today, and the nine beasts are powerful. he

They have now arrived at their destinations, and at the same time they are abruptly stopped, they are flashing in the middle of the sky, while looking at the void in the distance. that

In the empty sky, about a hundred million miles away, a light gray light group that looks like a normal star is quietly standing like a gray black hole. it

In fact, it was just a void passage, and it was opened up by some ancient deities of the fierce beasts. It has always stood here, unremarkable, but it is the holy land of all the starry beasts in this shard of the wild world..."

call out! ""

call out! ""

Oh..."

boom! "

The nine beasts are powerful, surrounded by light gray light clusters, without any hesitation, the first time there is an action.

Their eyebrows were cracked with a slit, and nine beams of different colors were shot from them, bringing a sound of emptiness in the void.

This beam of light is the blood-light column formed by the burning of the soul of these fierce beasts. At this moment, the glare is gone, and the eyes are gathered together to form a larger and more powerful light column. 嘭

Under the flash, it rushed into the light gray light group, no sound...

Outside the regiment, the nine fierce beasts were not in a hurry, and they gathered together the light columns containing their **** breath. After entering the light tunnel, they waited quietly. with

At the time, my heart is secretly guessing, this time will wake up from the slumber, which one will be...

The time passed slowly, unconsciously, and the day passed.

But the nine beasts are not as strong as they are, and they are always quiet, because they were awakened in the first place. No one knows better than them.

In fact, if there is no accident, there should be one or two fierce beasts in the independent hole on the side of the light group passage. but

I have been sleeping for such a long period of time. Even if they return to consciousness, they need a certain buffer time. The comprehensive recovery after a long sleep is originally a gradual process. It is too irritating and will bring bad to itself. Hidden dangers.

"Roar!"

Oh..."

It was after a day passed, and there was finally a movement in the gray light group. Two consecutive mad voices came from each other, clearly not belonging to the same existence, but the breath that was revealed was the ancient and supreme! Wait

The nine beasts outside the gray light group can shine at the same time, and then the face will show a happy color, and the voice will be whispered..."

Sure enough, the nine powerful sacred soul columns are brought together, and the power of summoning is really small..."

"The two sorrows are waking up, coming soon, I am a beastly federate, and finally I don't have to suffer any more suffocation, at least self-protection..."

Listening to the static, this time it seems that the wake of the wolf and the insects, this is the late stage of the two seven-order world, absolutely not the same"

Oh..."

"Roar!"

As the whisper sounded, from the gray light group in front, there were two volleys in a moment, falling in the void in the center of the nine beasts, and a silver wolf and a worm look and There are some similar starry zergs in the horns, and it must be the wolf and the worms that the nine beasts are capable of. this

Engraved, the Wolverine and the Worm Residents of the Beasts Alliance wake up and rush out from the independent cave. Although they are not huge in size, they have not manifested the bleeding veins, but only about a thousand feet, but the body is filled with the breath, but Really horrible.

The two are all exceptions, all of which are late-stage sacredness of the 7th-order of the Supreme Age, which is more powerful than the Scarlet Kirin and the Nine Secrets! "

Why wake me up..."

You have already gathered nine talents here. Is there anything that can't be solved? "this

Engraved, with the advent, the fierce beasts who had just been awakened turned their eyes and swept over the nine beasts in the emptiness of the surrounding air. The voice of the gods of inquiry also came out, which was quite unpleasant. press

According to their original plan, this time, the sleep will end at the moment when the end of the flood is all-round. At that time, even if it can't reach the stage of the nine-step great perfection, at least the eighth order is very likely.

But nowadays, because it is awakened in advance, it is only seven steps in this situation. If you want to break through, I am afraid it will be difficult...

In this regard, the nine fierce beasts that awakened the wolf and the insects were obviously well-informed. At this moment, when the other party came, they immediately asked the matter, and the nine beasts were greatly embarrassed. They shook their heads and smiled. tight

Then there is the voice of the gods. In a short period of time, the complex situation of the ruins of the ruins of the heavens and the earth is roughly explained and explained.

"The Lord of the Temple of the Devil? The main star of the Tianhe Star? Is there such a powerful force? Even the **** unicorn and the nine crocodile are not opponents?"

"Weird, in the original wilderness, there is no such existence. Is it the rise of later generations? Can this height be achieved?"

The situation is clear, the displeased color on the face of the wolf and the insects disappears, replaced by a suspicion and confusion that is too thick to be able to open.

They have been sleeping for endless years. Now, when they wake up, they have heard that two generations of such powerful existence have emerged in the afterlife. In this piece of ruins, the sacred sky and the sacred crocodile Not an opponent, the shock of my heart, naturally I can imagine..."

Huh? You just said that the main star of the river star, Ye Xuan, had a treasure in the day... Is there nine black dragons? "just

After summing up the general situation, the two insects in the late ridiculousness suddenly turned to the nine fierce beasts and looked at them.

At the same time, the nine people squatted, nodding their heads, and their faces were full of confusion..."

Sure enough, he... dare to be arrogant on the edge of my beastly alliance, really arrogant! "

After the answer, the insect body instantly swayed the fierce atmosphere of the sky, and the voice was still not falling. The body shape suddenly disappeared..."

It seems that the Tianhe star, Ye Xuan, who you mentioned, has come, and it seems that it is not very far away. Although it is a waste of ancient treasures, it can absorb and explore, but the Zerg has a unique blood talent. But he..."

Seeing that the Zerg was gone, the Wolf Zun also turned to look at it. After that, the entire figure instantly turned into a weak man, and under the flash, he rushed into the void and disappeared.

This is clearly the rhythm of the upcoming war. One

The cut was so fast, the nine beasts were completely unprepared, and after a shocked turn to exchange their eyes, they returned to the gods, swept away, followed by...

Chapter 4795: Only seven hoes

"call out....."

In the void, a black glare rushed past, and the speed was so fast that it just crossed the edge of the star field occupied by the Beast Alliance...

It's the magic dragon's driving, but Ye Xuan is not in the cockroach. There are only seven gimmicks, such as the ancestral karst, who ended the retreat not long ago, and walked out from the Xusheng ban, taking the magic dragon to travel. Wandering in the void of this ruined land...

Since it is a distraction, the seven gimmicks have naturally adjusted the domain field power of the magic dragon, and the smog of the vestibule of the imperial court has been hanged down, but it has not isolated everything. which is

It is from the outside of the void, you can faintly see the scene inside, but it is obvious.

"Booming"

At this time, there was a sudden loud noise in the void, and a huge crack opened in front of the emptiness of the magic dragon. From this, a starry zerg was pulled out, and the tentacles were long and looked extremely embarrassing. its

The body was originally only about a thousand feet, but at the same time as the body rushed out of the crack, it suddenly skyrocketed, and the interest of the half-interest was as great as the stars. The dragon dragon was in front of him. It's not too eye-catching...this

At the time, the front of the road suddenly rushed out of such a huge star zerg, and the seven gimmicks responded the first time, and the magic dragon slammed in the void.

Then, an unexpected whisper came from the front court of the chamber...

"Abandoned ancient supreme? Actually still the late stage of the seventh order..."

"This is trouble!"

The **** bug, the deity most hates the bug, but this time he encountered such a big one, but he couldn't beat it, when he was really mad..."

boom! ""

Rumble..."

The whisper of the seven gimmicks revealing the resentment is still not falling. The direction of the star field of the left beasts is once again a thunderous roar. turn

Looking forward, a huge silver wolf, like a star, is rushing toward this side. and

Behind this huge silver wolf, there are nine beasts with different blood vessels, all of which are wild and powerful. to

In the repair of the silver wolf, it is the same as the first appearing starry zerg, reaching the end of the ancient times, and it is still the seventh order of this, for the powerful late stage!

In a blink of an eye, there is a late stage of the seventh-order land. In addition to this, there are even nine heads like them, and they are the beasts of the ancient powers...

The eleven figures, surrounded by the blink of an eye, have formed an encirclement around them, encircling the magic dragon squad that had previously stopped in the void, which is clearly the rhythm of the shot. Seven

The face of a girl has already changed, and it is thick and resentful, and it can still capture a touch of worry...

Nowadays, the seven of them have already recovered to the peak of the past life, that is, the nine-order grand perfection of the ancient powers, that is, half-step absurdity. although

However, it is only a half-step of absurdity, but the seven sisters have the same mind and tacit understanding. If they fight together, even if they are truly ancient, they may not be able to. but

This refers only to the initial absurdity...

Nowadays, among the eleven giant figures surrounded by the magic dragon squad in the distance around the void, there are actually two ancient sacred sacred, and they are also the late seven days of the past.

Such a powerful strength is the seven sisters plus nine powerful dragons, I am afraid that it is impossible to shake any of these two late desolation...

In this case, it's the only option to take a long-term view. If you are unwilling, you can't help it...

Here, the ancestral marshes are instantly impressed, the magic dragon that was originally stationary in the void, and turned into a man in the blink of an eye, rushing to the right side of the void.

What is waiting in the distance is the power of two beasts, the defense is relatively weak, and it is the best position for the breakthrough..."

Roar! "

"Hey..."

Seeing that he was actually a soft persimmon pinch, the two beasts in front of this position were violently angry, and they screamed and screamed, and the breath of the body instantly swayed to the extreme. This is clearly the rhythm of full obstruction. "

You... can't escape! "

At this time, the sound of a **** of arrogance suddenly appeared in the void, revealing the endless contempt. "

Oh..."

With the sound of this god, the other direction in the distance, the large size of the star-like zerg, like the stars, the two long tentacles in front of the forehead, suddenly violently trembled.

As the tremor appears, there is a high frequency and a terrible low humming sound. square

Within a billions of miles, a vast expanse of vast voids, at this moment, all of them have a wave of fine scales, it is like a pool of calm water, suddenly battered by the breeze. This

It is clear that under the kind of blood talent of the insects, although this piece of void is not completely closed, it affects its structure.

The direct consequence is that the magic dragon that was originally launched at the spurt of the spurt suddenly slowed down, and it was slow to make people feel as if they suddenly rushed into the mire of the cheetah. There is a body of strength, but it is deeply immersed in the quagmire, and it is impossible to gallop."

This worm is not simple, and it has the power of a strong space law. The void within a billion miles is affected by the supernatural powers that he has exerted. Now it is impossible to escape."

Seeing this scene, the face of the karst of the corpse was gloomy. light

In the interlingual, it has once again changed the domain power of the Dragon Dragon: "Today's plan, only to stay here, waiting for the owner to rescue, but fortunately, the driving is the ancient supreme, and the most important thing besides the ultimate luxury is defense.""

Although these two seven-year-old ruins are powerful, even if they join hands, it will take at least a day to break open the power field of the Royal Motors..."

When she got here, her words were stunned, her face showed helplessness, and she shook her head and smiled: "I hope the master can arrive at this time. Otherwise, our seven sisters, this time, I am afraid that it will be suffering again..."

"call out!""

Oh..."

The words of the corpse's marmots just fell, and there was a faint sound of broken air. The eleven beasts of the Beast Alliance were approaching, and the voice of God was heard..."

Huh? Actually there are only seven gimmicks? Tianhe Star Lord Ye Xuan? Get out of the way, the deity will be him for a while..."

This discourse comes from the mouth of the wolf in the empty space on the right. At this moment, as the figure approaches a distance of about 100 million miles, the eleven figures are stopped again at the same time.

Then, the wolf statue, which looks like a star, suddenly opened its mouth, and a half moonlight like a lightning bolt instantly came to an extreme speed that almost exceeded the speed of light...

"This is just a warning. If you don't show up again, the deity will take your step by step..."

Chapter 4796: Great tone

Xu Sheng forbidden, inside the magic hall! most

In the recent period, Ye Xuan did not retreat, because the income of the last breakthrough has not yet fully integrated into the body and the soul, although the state of mind is solid, but it has not yet reached the moment of reopening. except

No longer experience some terrible battles, but now the magic hall in this piece of ruined sky is already in the sky, even the **** unicorn, nine genie crocodile and nine bloody, blue sky Dapeng, the four old guys are hiding Don't dare to take the lead, let alone other people?

It can be said that although the emptiness of this piece of land is vast and invaluable, for Ye Xuan, it is no longer an easy task to find an opponent to fight well.

The so-called master is lonely, the height is not cold, maybe it is this feeling. positive

When Ye Xuan felt a little bit of emotion, this piece of the ruins of the ruins of the heavens and the earth suddenly began to change the situation. The five major alliances that had already surrendered to the

magic hall, in a short period of one month, an alliance announced the withdrawal, and it was independent. . star

On the other side of the Air Alliance, the bloody, Qingpeng and War Lion tribes migrated, the alliance force increased by 20 billion warships, twenty-five ancient powers, and the strongest force in the secret state can reach seven. The blood-scarred lions in the ridiculous world, and the returning nine-headed **** and blue sky Dapeng, the comprehensive strength can be described as a big jump...

On the side of the Alliance of Nations, the space mouse, the **** ant, the giant savage and the evil spirits of the Slim family are also migrated from the family. The alliance forces increase the warships by 40 billion ships, 24 late powers, and four Respecting the desperate situation of the mid-term, this strength, even Ye Xuan is not a bit stunned.

Sure enough, it is the old-fashioned ethnic group, the rich heritage, there are four descendants coming from the ancient supreme...

What really shocked him was the Terran Federation. The immortal nine stars, the Heavenly Palace and the Glorious Temple actually came at the same time.

In addition to the tens of billions of warships, it is the high-end combat power, there are thirty-six in the universe, thirty-six in the ancient times, even the ancient and supreme, there are six.

Coupled with the Emperor II who had just broken through to the ruined place, the Confucian Federation now has a total of seven ruins.

Whether it is compared with the Star Alliance, the Alliance of Ten Thousand People, or the Magic Hall in the Xusheng Forbidden Land, it has been shaped like a crush, it is simply a big trend...

It can be said that even the Temple of Devils, I am afraid it is not the opponent of the Terran Federation! This

The kind of change made Ye Xuan unprepared. Do not

A long time ago, he was still sighing at the heights of the cold. It was so difficult to find a person to fight a game quickly, but now, this piece of ruined land is in the void, and suddenly there are more than a dozen ancient supreme. Ren

He is a qualified person who has a positive battle with him.

For a time, Ye Xuan even had some uncertainty, who should first shoot to him...

At this time, his heart suddenly burst into a touch of emotion, that is the breath of the magic dragon, this is the ancient treasure, and has long been refining by Ye Xuan, Dan Fan is a little moved, with Ye Xuan's current cultivation as strength, As long as they are within the same cosmic plane, they can produce induction instantly. This

For a moment, his face changed abruptly and changed, and the gloominess reached the extreme. The discourse was even more extreme: "The Beasts Alliance? Dare to bombard the Imperial Palace's driving... I don't know who to pick first, since you jumped out to find death, then it is like you. Wished!"

call out....."

As soon as the voice fell, Ye Xuan's figure shook, and in a moment it was accompanied by a weak sound of breaking, so it disappeared...

.....fierce

The edge of the Star Alliance..."

call out!"

"Hey..."

The wolf statue, which looks like a star, suddenly opens its mouth, and a half moonlight like a lightning bolt instantly smashes away at a speed that is almost beyond the speed of light. Magic Dragon! versus

At the same time, his voice of God also came out: "This is just a warning. If you don't show up again, the deity will dismantle your step by step..."

boom....."

"In the late stage, the absurdity of the church, with the help of Ye Daoyou, was deceiving him to squat, and even said that he had to take apart the steps of the people. You have so much breath... Have you asked the temple?"

The words of the wolf respect just fell, and the void behind him was suddenly a shocking sound, and then there was a voice that clearly showed lazy intentions...

There were no cracks in the void, but the figure of the Lord of the Temple appeared so strangely out of the air, and it was clearly still in its perfect state. The body was 60 million miles tall, and the size of the wolf and the insects were larger than the stars. Respect, both are two big laps. "

boom! "a few

At the same instant in the appearance of the figure, Ye Xuan did not hesitate to shoot, punched a punch in the oblique thorn, the middle of the wolf respected the right rib, and instantly smashed its horrible figure like a star, and blasted it down. go with. Virtual

In the air, it seems that there is still a faint voice coming from the air. Obviously, although this punch is not seriously injured, it is definitely not good enough to go...

Today's Ye Xuan, in the ninth state of the konjac nine changes, the real combat power has reached the seventh level of the ancient sage, and the wolf respect.

However, if it is combined with the huge force of 60 million miles in the huge body, the strength of the blood and the first-order bonus to the cultivation, his peak strength will be almost comparable to the eighth-order absurd...

This boxing, Ye Xuan originally wanted to win, at least the wolf should be respected, but the final result is still disappointing. The other party is an ancient late stage, even though it is not guarded, it has not avoided, but the strength of the body. But it has been mobilized, and this has the situation that has been bombarded but not seriously injured today...

"It's quite anti-mite, but unfortunately, no one can go today..."

"Oh la la!"

Turning to the direction of the wolf's body shape and squinting, Ye Xuan's words just fell, and the sizzling water splash came in an instant. Storm

The whole body suddenly collapsed and turned into a **** sea, spreading over the corner of the universe..."

Roar! "

"Roar!""

Oh..."

Then, from the three different directions of this vast sea of blood, the sound of screaming and screaming sounded. shock

In the boundless **** sea of Tao, there are three huge figures in the blink of an eye. In a moment, the land is set to rise, and it is the three great devils of the Taikoo konjac...

One is the flesh and blood, that is, the starry sky.

One is the body of the cheekbone, without any flesh and blood, just a purple-golden cheekbones, revealing endless fierce breath, very incomparable.

One is the body of black fog, although it is also a violent form, but the body is a black fog, even a pair of scorpions, just two awnings, it looks very strange...

Within a short period of time, the three **** seas have been condensed.

And the repairs that are scattered in the body are breathtaking, and all of them are all seven steps of the ancient and supreme. but

In fact, the real combat power of these three **** seas, because of the huge **** body of the 60 million miles, all reached the level of absurdity.

Chapter 4797: Kill the worm first

"Roar!"

Roar! "

"Hey..."

With the blood and the sea, the three **** seas that condensed in an instant screamed at the same time, and the violent meaning of the sky began to rise, and the void trembled. original

The nine beasts gathered in the surrounding area were faintly changed for the first time, subconsciously withdrawing and retreating, and hundreds of millions of miles away...

This is completely instinctive reaction. The heroic name of the Lord of the Temple is too loud. It has already left a shadow in their hearts. At this moment, three blood and sea bodies are seen, and the sense of crisis is suddenly lowered. Retired to the rear. versus

At the same time, the wolf who was shot by Ye Xuan and the insects who were hundreds of millions of miles away from the other direction also turned wildly, and at the same time made an unexpected exclamation...

"The secret of blood and sea? Actually, I will fully understand the power of the avatar. What is your relationship with the Lord of the Blood Sea..."

No, this is the supreme secret of the Lord of the Sea of Blood. How could it be easily circulated? But this person is clearly not the Lord of the Sea of Blood, the atmosphere is too strange, what is going on? "

Like the Scarlet and the Nine Ghosts, the Wolf and the Zombie lived from the early days of the ancient times to the existence of the world. Therefore, for the **** secrets of Ye Xuan, they naturally saw it at a glance.

In the early days of the flood, the Lord of the Sea of Blood was able to compete with the giant tortoise, the golden dragon and the ancient yak. It was once this unique secret method.

However, they can't figure out anyway, how can the blood and sea secrets of the Lord of Blood and Sea fall into the hands of outsiders, if only the fur is gone, but the other party has clearly understood it completely. This is really unreasonable.

"Roar....."

If you want to fight, how can you talk nonsense? Pressure

The roots did not pay attention to the confusion and incomprehension of the other side. The starry sky was violently screaming at the hair, and then turned over, the **** stick appeared in the palm, dragged by him, and rushed to the insects: The most annoying thing in the life of this temple is the worm. In today's battle, the worm is first destroyed and then..."

Oh..."

Almost at the same instant, the sacral bones in the three **** seas are also screaming in the middle of the head, squatting in the middle of the cold, and the figure is swaying, turning around and swaying to the distance. The wolf spurred away. Yin

The sound of the sacred voice of the gods also sounded at this moment: "The big wolf dog, you... is mine!"

"call out....."

The faint sound of breaking the air, the black mist in the three **** seas is nothing but words, and the figure is now behind the insects.

This is clearly based on the sacral bones to temporarily drag the wolf to the first, and then with the flesh and blood and the black and white avatars before and after the attack, want to kill the worms first...

"I have to say that the idea is good..."

Knowing this, the insects flashed a slap in the face, and the sights swept over the violent and black fog that was approaching the front and behind them. They sneered: "Unfortunately, even if you all have the same ability as the eighth-order absurd." The fighting power, but also teamed up to kill, but if you want to let the deity fall, but still some whimsy..."

In the end, his words turned sharply, revealing a sense of playfulness that could not be opened: "The late absurdity is not so good..."

is it? "before

Fang, violently took the words, sneaked in the mouth, but the movements on the hand did not stop, the **** stick that was dragged behind him, instantly picked up high, like a heaven and earth, generally toward the worm Respect... Desperate!

"This black stick... is it a wild treasure?"

Seeing the **** stick, the insects were slightly shocked, but they quickly recovered as usual. The body shape spurred toward the left side, and the words in the mouth were more ridiculous and ridiculous: "The combat power is more than the eighth-order absurd, more And with a **** stick that is old and treasured, the power of this blow is amazing enough..."

"If it is a mid-stage disrespect, it is very likely that it will really fall here. Unfortunately, the deity is the late seventh stage, it is not difficult to avoid this attack!"

Weineng's horrible attack can't hit the target. After all, it's just a joke. It's violent, and your fierceness will crush some low-level existence. In the face of the same period of cultivation, you can't So... can you help me? "

"call....."

His voice is still not falling, and behind him, there is a loud sound like a screaming wind... This

At one moment, the black mist split and shot, and did not pinch the worm with the violent flesh and blood, but waved his hand to the left side of the void that he was now sideways.

With his wave, a phoenix-like fascinating glare rushed away, the speed reached the extreme, surpassed the lightning, and at the same time as the lasing away, the storm rose...

It is not enough for a short period of time. This is just a glimpse of the ugly, insignificant nine-color mans, which has been turned into a vast and innocent nine-color flame sea, completely enclosing the left side of the sky where the worms are sideways. Such as

Today, he is either physically short-lived, hard-working against the violent head of this **** stick...

What, you can only keep the sideways escaping caste, and smash into the breathtaking nine-color flame sea...

Undoubtedly, this is a very difficult choice. For the insects, the only meaning of these two choices is just to choose which way... to bury their bodies, it will disappear!

"Shen Nong nine-color flame? This is impossible..."

Oh..."

Almost in the same moment that this nine-color flame sea suddenly appeared in the void, the mouth of the mouth was still hung with a mocking smile, and it suddenly changed. body

Under the madness of the shape, the mouth is even more exclaimed and screaming...

At the same time, he was originally on the left side to avoid the huge shape of the lasing, but also stopped at this moment, dangerously and dangerously stopped at the edge of the nine-color flame sea...

This is his choice! Make

In order to survive from the early days of the distant floods to the ancient existence of the world, it is natural to understand the horror of the Shennong nine-color flame. in

In his opinion, if he rushed into the nine-color flame sea, the result would be absolutely dead, but if the figure was abruptly stopped, the **** stick that had been hard to resist from the top of the head, although it must be extremely Miserable, but the estimate is also a life of nine deaths. again

How to say... Finally there is still a line of life to stay! "

Looking for the last line of life? Unfortunately, you think a little bit..."

It seems that I guessed the thoughts of the other party's heart. At this moment, the violent mouth slowly pulled out a sly smile, and the voice of the gods came out, while the right hand raised the **** stick and did its best. , instantly falling...

"boom!"

This blast was shocking, and the body shape of the insects did not move in the void. They did not need to aim at the roots. The **** sticks that had been smashed by the head smashed a porcelain, and the eyes burst into a **** fog. Roll up, income in the body to carry out blood refining...

Chapter 4798: Seven brilliant shots

Ye Xuan's three avatars move together, the blood scorpion temporarily drags the wolf stalwart, and the shin bones and the black fog avatars, then the sacred sacs are attacked, one sacrifices the nine-color flame sea to resist its retreat, a swaying **** stick .

With just one hit, the unprepared insects were smashed and smashed, and they fell.

All this happened too fast, and no one could react. When the distant and just flesh and blood violently screamed at the wolf, the entire body of the worm had already exploded. A **** fog, and was taken into the body by Ye Xuan, sent to Shennong Baoding, and began to condense blood...

There was originally a **** blood in his hand, but it was the result of an accidental bombardment. Now that he has smashed this worm, he will have another **** blood in his hand. The amount of blood in his hand has reached a total. Two... turn

The first look, just the flesh and blood violently stunned the wolf's body shape, and couldn't believe it all. The eyes were almost out.

The nine beasts who had already retreated to the distance in the past were even more powerful, and they were shocked and shouted...

how is this possible? Was the insect smashed by a stick? This is the late stage of the seventh-order world. From the distant old days to the present, it has never fallen. Now it just woke up..."

hiss! The horrible fighting power, the three **** seas of the Lord of the Devil, all have the fighting power of the eighth-order absurd, and the big black-head is the ancient supreme, and the insects are too bad to be poisoned. "

"The more important thing is that the nine-color flame sea of the canopy, this big black-headed worm can be avoided, but because of the nine-color flame sea, it has to suddenly stop the body shape..."

"Even the worms are afraid, braving the fireworks that are not easily touched by the risk of being killed by a stick... What the **** is it?"

It seems... oh my God, that is the Shennong nine-color flame, the associated fire in the ancient ruins of the ancient gods, has grown to the extent of the nine-color flame, but this is the half-step heavenly road to be jealous of the treasure of the earth! ""

what? Even Shennong Baoding is in the hands of this person? What the **** is this?"

As the screams began to scream, the nine beasts were so powerful that they subconsciously wanted to retreat again...

This scene, just after being killed by the insects, was about to rush to the wolf's cheekbones and the black fog to see, between the movements, Ye Xuan even if the instructions came...

"Hey!"

"Hey!"

"Hey..."

Almost in the next moment, in front of the sky, in the area where the magic dragon is driving, suddenly there are nine shocking noises.

Just now, Ye Xuan fully motivated the inner court of the Dragon Dragon, so the nine black dragons that had been quiet all the time suddenly moved.

Nine black dragons have already fallen into endless years, but now they are surrounded by Ye Xuan and Jiulong Qinglu, and after refining the magic dragon, they have waited for the existence.

As long as they mobilize the internal domain of the Dragon Dragon, they can activate them and rush out to kill the enemy. Before, Ye Xuan was limited to his own strength and could not reflect the true combat power of these nine dragons.

But now this problem does not exist. As the whistling sound of the sky rang, the shackles that were tied to their bodies were instantly retracted. again

The nine black dragons that are unbound are instantly vacated, and the body shape, which was originally only a hundred feet high, swells rapidly at a speed visible to the naked eye.

"boom!"

Rumble..."

The movement was too big, and the universe's voids burst into a roaring sound. The nine black bodies had reached the height of a billion feet. Each of them screamed and snarled, and then swam away and swam toward the surrounding area. From the periphery, blocking an area... tight

Then, seven ancient and old-fashioned repairs, such as the ancestral stagnation and drought, also rose up.

The seven ancient sacred repairs in the smoky scorpion are the corpse of the ancestors, the ancestral ancestors, the ancestors, the nine-day virgins, the nine-tailed fox, the phoenix goddess, and the Zixia fairy!

In the distant era of the ruins, they were once ridiculously ruined, and they were called the seven sacred cults of the ruins of the wild, and they fame for a while. Later, when the ancient world broke out, the seven major cults were all fallen.

Although they have been born again for a while, but basically they have not exposed their faces outside, even if they are, they are in the void. more

What's more, after the birth of this world, they are different from their past lives, both in appearance and in their breath.

Not to mention the fierce beasts of the wolves and the emptiness of the nine black dragons in the distance, and they have never seen them in the distant ancient times. Even if they have seen it, they must not recognize it now! This

I have just rehabilitated to the peak of the past life, and reached the 9th stage of the great power of the ancients. I originally wanted to take advantage of this opportunity to distract my mind, adjust my mindset, and then go back and retreat to the end of the world. of. but

Nowadays, they have encountered such awkward things, and they have made their hearts angry. first

The former is because Ye Xuan did not come, they know that they are not rivals, they do not want to eat the loss before the eyes, so they have been staying in the magic dragon Yu driving did not rush out. can

Nowadays, Ye Xuan has arrived, and the seven hoes have long been unable to hold back. Almost at the same moment that the nine black dragons have risen from the magic dragon, the nine moments of the black dragon have rushed out of the vestibule... Seven

There is a heart in the heart of the hoe. At this moment, it rushes out from the vestibule of the imperial court. It seems to form a mysterious combination of the squad, and it is impeccable...

At the same time, Mori's incomparable petite voice, also in their spurt to go, chasing the power of the nine beasts, while coming out from the mouth...

"Old guys, haven't you been screaming very badly? Now that your aunts are out, where are you going to escape?"

You have nine, and our sisters are only seven. In this battle, you still take advantage of it. Why are you so shocked? "

"Is it useful to escape? Nine black dragons form a battle, and they are trapped in the surrounding. If they are not deserted, they will not be able to collapse in an instant. In this battle, you will have to fight, not fight... and fight!"

Hey! ""

Oh..."

At the end of the day, the seven gimmicks screamed at the same time almost at the same time, and the body's ninth-order grand sacred half-step sacred cultivation was also spurred to the extreme, and a fierce and fierce violent temperament swept through the extreme. And out.

In the blink of an eye, they gathered together and turned into a sly sigh of sorrow, even if it was the oldest Supreme, and the nine beasts that had just been stopped by the nine black dragons in front of them... Go and go. Look

In this scene, the nine beasts were so powerful that they turned to look at the formation of the front, and trapped them in this star field. The nine black dragons that could not be broken in a short time exchanged one with each other. After the eyes, the moment is suddenly stunned...

"Roar!"

"Hey..."

Under the helplessness, the nine old guys immediately screamed and screamed, the body's blood was pushed to the extreme, and the body shape quickly soared. The look on his face instantly reached the extreme, revealing endless madness...

Chapter 4799: Powerful group

"boom!""

Rumble..."

In the air, the roaring sounds earth-shattering, the corpse of the ancestors, the ancestral ancestors, the ancestors, the ancient gods, the nine days of mysterious women, the nine-tailed fox, the phoenix goddess, and the Zixia fairy, and the seven savage savage The beast is great, the war is up!

Although there are nine heads of fierce beasts, they are cultivated for strength, and the strongest ones are only able to achieve the 9th-order great consummation of the ancients. and

The seven major sacred repairs are all the great peaks of this great perfection, that is, half-step absurdity. Even if the number is less than two, they do not need to be surrounded by nine black dragons who are responsible for trapping the corner of the horn. can

It is said that it is easy to kill these nine murderers...

"Hey..."

"Hey!"

The corpse of the ancestors and the ancestors of the ancestors first shot, rushed to the left, each locked a fierce beast, and raised his hair.

In an instant, like a normal corpse, they rushed out of their bodies, rolling like a Nujiang River, like a swell of the ocean, and the blink of an eye turned into a huge skull of the head like a star. Big mouth. only

With only one bite, the two beasts will be swallowed directly into the mouth.

Then, the chewing sound of the back of the cold was immediately heard, and the two beasts only screamed a few times, and then they disappeared.

The ancient monk and the nine-day mysterious woman rushed to the right...this

In the first direction, there were also two beasts and great powers. They were also locked in by the two of them at the first time, each rushing to one of them and making an instant shot.

"Card..."

There was no sound of thunder and thunder, and the sound of lightning and humming came from the sky. A huge golden lightning suddenly appeared on the head of a fierce beast, and it was directly covered by the sky. Let the body blow up.

This is the old-fashioned electric mother in the shot, her golden lightning is a special lightning blood related to the power of the law, plus this fierce beast can repair the strength of her weak small steps, one blow This is what it should be. Knot

With all this, the ancient mother-in-law waved a hand, and an invisible force swept away in an instant, and the blood and blood formed by the fierce body of the beast was all gathered. and

In the first time, it will be compressed into a blood ball of a certain size, and will be put into the body, and will be left to Ye Xuan later, and he will be condensed into a powerful blood essence..."

Ming..." and

At the same time, the nine-day mysterious woman also shot. One

The blue smog of the awning emerged from her body. In a moment, the whole body shrouded the whole body. It was half-interested. This awning was comparable to the cyan smog of a giant star. It was instantly convenient for telescopic and swallowing. Nine-day blackbird... its

Both the cockroaches and the claws reveal the meaning of Qingfeng. After the flapping wings fly, they rush to the back of a fierce beast, just a claw, and a fierce beast that has already been locked in the air. And hehe...

"boom....."

Almost in the next moment, the fierce body of this fierce beast exploded, and the blood was soaring. When the nine-day-old bird fluttered, there was an invisible force swept away and the body of the beast was exploded. The blood of the formation is all gathered! "

Oh..."

"Hey!"

At the same moment, in the void in the left front, there is also a singularly clear sound, and a whistling sound that reveals the endless laziness. turn

Looking forward to the first time, this direction is taking the shot of the Phoenix Tiannian's nine-tailed fox...

The phoenix goddess has a true blood in the body. At this moment, it has already revealed the blood and the body. It is transformed into a smashing primordial phoenix. It is magnificent and beautiful. It is bathed in a real phoenix fire, and it is invisible. The meaning. this

Engraved, as this size is huge, like a giant star, the supreme phoenix leads a high-pitched clear scorpion, and a fire-breathing river formed by the endless true phoenix fire is instantly ejected from her mouth, pouring it, Just a little bit of interest has already covered the fierce beast that has already locked the breath.

Unbelievable whistling sound came, this savage beast was bound by the real phoenix fire, and could not move at all. It was just a struggle time, the whole body had burst open, all the blood was bleeding. The fog was inhaled into the abdomen by the supreme phoenix...to

At the end of the nine-tailed fox, at this moment also shows the blood of the body, this is a charming snow white jade fox, the whole body fox white as snow and silver, and more sparkling jade mellow luster. jade

The body shape of the fox is not very large, only about a thousand feet. The nine furry tails of the same color have no wind and wind, but the speed is very slow, which gives a feeling of extreme laziness.

Surprisingly, the nine-tailed fox has no abnormal behavior, just a whistling of the back of the hair, the beast that is locked by her breath, the whole body is steep. So, it's so suspended in the void, the light is straight, and there's no more action...

With the appearance of this scene, the Nine Fox Tianhu finally stretched out and looked like a raccoon. The person stood up and stepped on the soft foxwalk. It seemed to be far away, but only took a step. To the side of this fierce beast.

"Hey!"

I didn't use her to shoot. After the nine-tailed fox approached, it's just that the nine foxtails behind the stocks are like a slap in the face, as if they are caught in a certain fantasy. At a glance, its huge body has exploded and it's gone...

However, the blood and blood of this fierce beast can not be wasted, and the nine-tailed fox is sucking up, all the blood mist that is about to spread and spread in the void, in an instant. Turned into a **** river, did not enter her body, leaving to turn back to Ye Xuan, condensing the power of blood.

In the blink of an eye, among the seven great sacred repairs, six people have been shot one after another. Just like a spike, they almost killed a fierce beast in almost a moment.

At this time, there was a thunderous sound in front of the left side, and the Zixia Fairy in the seven beautiful repairs finally shot...

"boom!"

"Booming..." Purple

Xia Xianzi is still a human form, and even the body shape has not changed, but the beast that is locked by its breath is powerful, but its shape is like a giant star. Compared with the two, Zixia Fairy is inconspicuous.

But at this moment, with the thunder of the sky, from her seemingly petite body, there is an endless purple smog, rolling like a river, gathering at the foot of Zixia Fairy, instantly gathered together in a purple Ocean.

Invisible, a breath of imposing atmosphere spreads away, and with the fascination of the Zixia fairy, the figure of her feet disappears instantly, and the canopy exudes the smog of the endless Ziwei dynasty. Between the surging and turning into a purple dragon.

After the neck was cleared, the scorpion had already reached the front of the savage beast, and the forelimbs were lifted up. When the slamming of the savage beast, the huge inner body of the savage beast could slam. Blasted...

Chapter 4800: Wolf deity

In a short period of time, the seven major Yan Xiu shot almost at the same time, like a spike, each killing a fierce beast, before and after, but three interest, short to almost negligible ... three

After the interest rate, the original fierce beasts of the Beast Alliance are powerful, and there are only two left in the blink of an eye. Although the strength of these two beasts is the strongest, it is the same as the seven great repairs. The great nine-step grand perfection, that is, the half-step absurdity. but

At this time, the ending of the nine fierce beasts has been inevitable, just as doomed. Seven

Da Yan repairs seven enemies and two, plus nine black dragons with the same powerful environment are responsible for the ban of the corner of the dilemma. If so, let them escape, it would be too ridiculous. Seven

Da Yan Xiu also experienced the existence of a war in the past, and it is impossible to experience such mistakes in the experience..."

Roar! ""

Hey..." Look

In this scene, the dark mist in the distance waved back and took back the nine-color flame sea that was raging in the void. When it was flashing, it turned and swept away in the distance. skeleton

The bones are also the same, with a **** stick in the hand and a screaming roar in the back of the hair, followed by a blink of an eye...

In front of people going to the road, billions of miles away, the **** flesh and the fierce beast alliance are fiercely killed.

Although the temperament of cultivation is the same as that of the wolf, it is only the late stage of the seventh-order world, but the real power is comparable to the eight-stage absurdity. Big

The war has not only been a hundred interest points, and the wolf has already fallen into the wind. Although it has not yet reached the merits of parry, there is no way to fight back, but it is not far away. but

After all, he is a powerful late-stage sage. It is only by violent temper. If you don't use the sacred sacred bow and other supernatural powers, the **** stick and Shennong Ding are not in the hands, and you can't kill them. thing

In fact, violentness does not have such an idea at all. One heart is just to drag the wolf to avoid the fact that he is going to the seven big Yan, and he can't take it away.

Obviously, he did it, because no matter whether it is the seven major repairs or the sacral body and the black fog, the war is almost over.

"Roar....."

"Damn, there is a state of ruin, do you still want to bully?"

At this moment, I saw the cheekbones and the black mist and snarled and screamed toward them. I was dragged by the violent temper. I couldn't get away from the wolf, and suddenly I screamed and screamed, and I was on the spot. Excited..."

It's as if you just didn't bully it, it's like bullying..."

Grinning, Ye Xuan's voice of the gods also sounded, and the whole piece of emptiness was clearly audible: "Now it's on your own body, but with such words to stimulate the temple, you are still late, and still face? ""

What's more, this is the three bloods of the temple. It is me alone. If you don't accept it, do you have three things to play with yourself? ""

puff....."

This is too damaging to the people. The wolf is in a hurry, and a blood arrow is sprayed on the spot under the anger. The face is full of sorrow and anger...

Of course, he can also change out, but if you want to cultivate like your own deity, it is an idiotic dream. do not

It is said that the late stage of the absurdity, even the early stage of the absurd is not, at most the late stage of power, to weaken a big realm, what kind of fart can be used?

What's more, the more the number of avatars, the more influence they have on themselves, and now they are being abused under their own prosperity. If you make a few avatars, the state is not good, will it be even worse? "

Roar....."

"Hey!"

At this time, the sacral body and the black mist avatar have also come to the front, and each side of the scorpion is in a three-legged position. Together with the violent temper, the wolf is surrounded by...

"call....."

Without hesitation, the black mist splits and waves at the first time. A fascinating glimpse of the nine colors, the speed is reaching the extreme, surpassing the lightning, and at the same time as the lasing, the storm rises... short

It's not enough for a short period of time. This is just a glimpse of the ugly, insignificant nine-color mans, which has been turned into a vast and innocent nine-color flame sea, and is expanding toward the left and right, clearly to be the Wolf Zun The piece of emptiness is completely closed, and the rhythm of the water is unstoppable...

"Shen Nong nine-color flame? So, this stick should be Shennong? And, in your hands... there is also a Shennong Baoding never used!"

In this nine-color flame sea, the wolf's glory flashed over the gloom, and for a while, the dawn was a little straight, and even the words in the mouth were like a nightmare. He

I know that I will be undoubtedly today, and after my own fall, the Alliance of the Beasts is also in jeopardy. Even the independent caves that still slumber and succumb to the ferocious beasts and the absurd will fall into the Hall of Devil. In the hands of...

"Today, the deity is planted, but you should not be proud. The beasts will eventually report this revenge..."

Here, the wolf seems to have made some kind of decision, the twilight has become firm and the voice has suddenly changed sharply. When it is half, it is actually mad at the hair: "吼...爆!"

Oh..." with

The last roar sounded, and the huge body shape of the wolf exploded in a moment. This is the rhythm of the flesh and the soul at the same time. The energy is too majestic. Even Ye Xuan's three **** seas are changing at the same time.

"Hey..."

The huge body of the wolf blew open, and a gray man shot from his body, rushing directly into the distant star of the beastly alliance, the speed is extremely fast, and the blink of an eye has disappeared. Correct

Therefore, Ye Xuan did not intercept, because this man has nothing to do with the wolf, not the spirit of his attempt to escape, more like an energy brand, used to initiate the existence of some ancient array...

However, the more important reason is because he is completely innocent at the moment. Wolf

Although Zun is the late stage of the seventh-order world, and now the body and the soul together blew themselves, although it can hurt Ye Xuan, but at most it is only minor injuries, even serious injuries are impossible. but

The seven great cults in the distance are different from the nine black dragons. If they are ravaged by this violent and horrible energy, the seven sacred repairs must be seriously injured again...

It's definitely not what Ye Xuan would like to see. These seven gimmicks have just returned to the peaks of their previous lives. They are planning to adjust their mentality and then start retreating, and they will be hit hard, and this time they will be hit hard and hit them. Too big.

So, no matter what, he can't let this majestic violent energy raging.

In this case, there is no way for others to change, but there is no way to do it, but Ye Xuan is different. He has Shennong Baoding, and the late stage of the 7th-order situation is self-destructive. Although it is terrifying, it is still far from Inciting Shennong Baoding. it

It's not just the sacredness of the ancients, but also the treasure of the era of the era of the floods. It can be so easily destroyed...
