Chapter 48: break off an engagement?

"Who knows that the guy looks so ugly? I just spit out the portrait and vomited. If I saw the real person, wouldn't I spit it out?" Xue Qingqing said hurriedly, but she dared not recall it. I spit it out last night's dinner.

"What can I do? The city owner will certainly not agree!" Xue Hai wiped a cold sweat again.

He is the most successful businessman in Wanjincheng. The gift of 50 million yuan and two silver coins is doubled back, that is, one million two gold, he can still get it.

However, the object of Xue Qingqing's engagement is the owner of Wanjincheng Shaocheng. If he is going to retreat, isn't he playing the face of Wanjinchengcheng?

In the future, they may not be peaceful in Wanjin City.

"I don't care, anyway, I don't marry that ugly, and you haven't recruited so many enshrines in recent years. We are not much worse than Zhang's family, and we can't beat it." Xue Qing said with enthusiasm.

"You little girl will really cause trouble to me. I didn't agree with it at the beginning. Now it's good, let's make such a big thing."

Xue Hai is also helpless, but he loves Xue Qingqing most. He does not like Xue Qingqing to marry a ugly pig, even though the other person's talent is extremely high, he has been accepted as a pro-disciple by an elder of the split Tianzong.

Ye Xuan, who is an outsider, is also closed his mouth and can't interrupt his mouth.

The three were silent for a while, but at this time, suddenly there was a Xue family who came in.

"Master, the city government is here!"

"What? So fast?"

Xue Hai was shocked. He didn't expect Zhang's news network to be so good. Xue Qingqing hadn't come back for ten minutes, and the other party came.

"It must have been discovered when we entered the city. Hey, I don't care. Anyway, I want to retire. You can do it yourself, or I will run again." Xue Qingqing also jumped.

"Don't, now the world is so chaotic, if you run around again, what if you encounter a bad guy?" Xue Hai said, but also turned his head: "Come on, please enshrine, then invite the guests of the city government." "

"Yes!"

The next man hurried away, and soon a middle-aged man came in.

"Let's even offer, this time my Xue family may have to make a big deal with Zhang's family. I hope that even the offerings can be put on the handle. Your conditions, I promised!" Xue Hai said with pain.

This company is a master who has recently invited him, and has already reached the ninth weight of the martial arts. However, the price of the other party is too high, which is equivalent to the price of the five martial arts peaks, so Xue Hai is hesitant.

But for now, I can only promise it!

"Haha, let me say, since I am the offering of Xue's family, then the shot is definitely affirmative." This even the offering is also a smile, because he can get 10 million yuan of silver every month, this can still do nothing. get.

Then, this company was standing behind Xue Hai. In a short while, the people of the city government also came in.

"It turned out to be General Chen, and I was very welcome." After Xue Hai saw the arrival, he also hurriedly got up and held the fist.

This Chen general is the guardian general of Wanjincheng, and also the confidant of the owner of Wanjincheng.

After he entered the door, he found Xue Qingqing sitting on the side, and then said: "Before Xue, do you know the purpose of my visit?"

Xue Haijun smiled and said: "Know, I must have been Chen's marriage for the little girl's marriage."

"Yes, since Xue girl has returned to Wanjincheng, then the city owner will not pursue Xue Xue's escape from marriage. The city owner has set a time. Three days later, it is the engagement day of Xue girl and Shaocheng master." General Chen said .

"This..." Xue Hai hesitated, and he didn't know how to speak.

"Is there any opinion on the outside of Xue? I will tell the owner of the city." Chen General.

Xue Haiyi took a look at Xue Qingqing, only to see that the latter was about to cry at this time, so that his heart was also a jump, said: "Chen General, I hope you can help me to tell the city owner, this marriage can not be done, then I will double back to Zhangfu for the gold!"

"What, you want to retire? Can you think about the consequences of doing this?" General Chen's eyes glanced and couldn't believe it.

In Wanjin City, the city owner is the biggest, but some people dare to retreat to the city's main government, this is playing the face of the city owner.

The most important thing is that the object is still the owner of Wanjincheng Shaocheng!

"Yes, I have already considered this matter, and I hope that General Chen will tell the city owner." Xue Hai hardened his scalp.

"Really, Xue Hai, do you think that you can fight against the city owner? The Shaocheng master has already taken a look at Xue girl. If you dare to retreat this marriage, you will not be so good in Wanjincheng." General Chen reminded.

Xue Haiyi gritted his teeth and said: "Send customers!"

"Okay, very good, I will definitely tell the city owner these words, the word is not bad, leave!" General Chen said angrily, is to turn and leave.

Although he is the eighth peak of the martial arts, he feels that the person behind Xue Hai is not simple, at least the ninth weight of the martial arts. Therefore, he can not be released in the Xue family, and can only report back to the city government.

After the general Chen left, Xue Qingqing also rushed over to hold Xue Hai, and kissed him on the other side: "Hey is the best."

"Taro, you have caused a lot of trouble for this time. I know so, why did you agree to this marriage?" Xue Hai squeezed his face and said helplessly.

"I said that I regret it, who made your portrait slow, well, that guy is ugly is a reason, the second is actually because of him." Xue Qingqing said, suddenly pointed out the fingers like green onion Ye Xuan.

Xue Hai is a little embarrassed, and does not understand.

Xue Qingqing explained: "I am not bad, I want to marry like Ye Xuan, and I didn't want to marry me before?"

"You mean, you want to marry Ye Xuan?" Xue Haiyi stunned, and suddenly responded, said: "No, you are doing this gimmick, you retired the marriage of the city owner, now if you marry Ye Xuan, is it not? Harm him?"

Xue Hai is actually a warrior, but he is all piled up with medicinal herbs. He is essentially a businessman.

It is indifferent to what the future son-in-law is. It is a strong person or an ordinary person. As long as the brain is not stupid, he can take over his business.

"Hey, don't underestimate Ye Xuan, do you know what realm is he now?" Xue Qingqing, who suddenly turned around, said some playfully.

"What realm?" Xue Hai asked.

In fact, he also heard that Ye Xuan was the first genius of Ye Family. However, even Yuncheng was just a small town. The genius there was in Wanjin City. In fact, it is not worth mentioning.

In Wanjin City, there are many who have reached the fourth place in the martial arts at the age of fifteen, and they have all been accepted as foreign disciples by the Li Yunzong.
