Chapter 480: Mixed into Tang family

"Tang family, recruiting?"

Ye Xuan's eyes lit up.

If this is the case, he can mix it with the Tang family, and investigate the number of Shen Dan martial artists from Tianshui mainland a few months ago.

For this Tang family, Ye Xuan did not know much. He only knew that there were ancestors who had access to twenty-nine local veins in the Tang family.

It is not the same as the gas-stricken environment that requires a lot of heaven and earth treasures. The warriors who are in a good position may suddenly realize the epiphany, and open up a few local veins or even Tianmai, so this is related to qualifications. Of course, if there is a precious treasure of heaven and earth, even a child can reach a fine environment.

At the moment, Ye Xuan is rushing toward Jinwu City.

As for *Maple and *鸢, Ye Xuan is not worried, after all, they have found a place to live in seclusion.

.....

Jinwucheng is also a big city on Sirius Island. It is not small, second only to Sirius City.

At this time, Ye Xuan has already entered the Jinwu City, and then he inquired about the location of the Tang family, which is the location of the city government.

As the main government of Jinwucheng City, Tang's home is a big hand, naturally it is a lot of masters.

Ye Xuan has already opened 14 local veins, and the strength is not bad, and the qualifications are good. It is absolutely no problem to join the Tang family.

"Boy, what are you doing?"

When Ye Xuan came to the city's main government, there was also someone who stopped him and was the guard of the Tang family.

"I want to join the Tang family!" Ye Xuan directly indicated the intention.

"Oh? What realm?" the guard asked.

Ye Xuan did not want to answer: "The fourteen veins have been opened."

Fourteen!

The guard was shocked. He did not expect Ye Xuan to be a genius. He was nearly forty years old before he got through.

"Please inside, please inside." The guard immediately smiled, and then personally took Ye Xuan into the city government.

Later, he brought Ye Xuan to a middle-aged man.

"Oh? Opened fourteen veins and wanted to join my Tang family?" The middle-aged man was a little surprised.

A genius like Ye Xuan must have a background. Such a person joins the Tang family and he has to ask.

"Where are you from?" asked the middle-aged.

Ye Xuan understands that the middle-aged man in front of him should have opened at least 20 veins and his strength is superior.

"I am from the **** rock continent." Ye Xuan answered.

"Blood rock continent, which city?" asked the middle-aged.

At the time of coming, Ye Xuan had already prepared the information, directly speaking a coastal territory, and then the specific location, which he saw from a certain Qiankun ring that he had received before.

Ye Xuan's reaction made most of the middle-aged people's doubts dispelled, but the latter continued to ask: "Why did you choose to join my Tang family?"

"Because I am also surnamed Tang, Tang Hulu." Ye Xuan replied.

This name was edited by him on the spot, because he suddenly remembered that the world did not have the jelly cane.

He also sighed in his heart, but fortunately he was resourceful and resourceful, and he might be very capable.

"Well, very good, show a martial arts look." The middle-aged man said again.

Ye Xuan took out a Shangtian device and directly stabbed a sword against the sky. It is a hidden dragon thorn that is 90% hot.

"The power is good, the fire should be around 90%, but the martial arts grade is too bad." The middle-aged people are very satisfied, he also felt the power of the heavens and earth that Ye Xuan can mobilize, indeed it is the fourteen veins.

Although the hidden dragon sword method and the Shangqing sword method are all top grade martial arts, the gap is also great.

The middle-aged man thought at this moment that if Ye Xuan learned a more powerful martial arts, he might be able to challenge.

All in all, Ye Xuan is a good seedling!

"Well, Tang Hulu, now you have joined my Tang family. My name is Tang Yuanhang, and my parents are old. You are doing things under my command."

When the middle-aged man finished speaking, he asked the guard to take Ye Xuan to live in the residence. By the way, he reminded Ye Xuan, where can I enter, where can I not enter.

In this way, Ye Xuan lived in the Tang family.

This Tang family has a superior strength. He can't make a big fight like the Jiangjia and the Baicheng City. Otherwise, he will probably be killed by a slap.

However, just when Ye Xuan came out, he suddenly ran into a girl.

"I have seen Miss Seven!" The Tang family guards said hello respectfully.

Ye Xuan glanced at him, Nima, almost spit.

The girl is obese, full of pockmarks, a big yellow tooth, and her nostrils are bigger than Ye Xuan's thumb. Her eyes are almost up to the leaflet of Ye Xuan's thumb, and the whole image is like a flower.

"I have seen Miss Seven!"

Ye Xuan hurriedly diverted his eyes and learned the words of the Tang family guards, and then followed.

The seven Miss married Ye Xuan, then the eyes were bright, she looked at the back of Ye Xuan's departure, and then entered the courtyard of Tang Yuanhang.

"Six uncle, this is what I asked you to give to you." Miss Seven handed a piece of paper over.

Tang Yuanhang took a look and said: "How come more, last month is not just 100 people?"

"I don't know, this is the request of the Shangqing Palace. Maybe the magical objects are more powerful than the seal." Miss Seven shook her head.

"Okay, I know." Tang Yuanhang nodded nodded.

Last month they just handed over 200 'death corps' to the Qing dynasty. This month, there were four hundred people, and the number doubled.

You must know that the Tang Dynasty's Godland from Tianshui Island is just a few hundred people.

Fortunately, he had the foresight to arrange people to arrest the true spirits of Tianshui Island and the above. Although these people may not be able to withstand the devil's leaning, there are always some people who can count it.

At the same time, he is also prepared to go out and annihilate some thieves and other forces in person. Those people are at least awkward, but this is not a long-term solution.

At this time, Miss Seven said again: "Six Uncle, who is that person?"

When Tang Yuanhang glimpsed, he immediately understood that Miss Seven was referring to Ye Xuan and said: "It is the offering of my Tang family. How come you see it?"

"The six uncles told him to come to me at night..." Miss Seven suddenly 'smile and smile.'

"okay, I get it."

Tang Yuanhang nodded. He understood the meaning of his prostitute. Although his prostitute was a little sorry, his qualifications were good.

Then, Miss Seven is leaving.

.....

Ye Xuan was just settled down. When he was thinking about how to investigate things, there was a sudden knock on the door.

He opened the door and saw it, it was a Tang family guard.

"Tang is offering, someone wants to see you, please come with me!"

Said the guard.

He did not wait for Ye Xuan to ask, directly turn around and go, the Ye Xuan engaged in fog, it is difficult for the Tang family to see him with good qualifications, want to cultivate?

He did not ask questions, just behind the guard.
