Chapter 4801: Disappearing gray light group

"Hey..."

The huge body of the wolf blasted, and a gray man shot from his body, rushing directly into the distant star of the beastly alliance, the speed was extremely fast, and the blink of an eye disappeared.

Although the road was gray, Ye Xuan saw it, but did not intercept it.

Because from the breath, it is obviously not related to the wolf, not the spirit of his attempt to escape, more like an energy brand, used to initiate the existence of some ancient array... He

Guess it is true, that's the truth! surface

He is sitting on Shennong Baoding, and the Shennong Flames in Ding has grown to the level of nine-color flames. He knows that there is no life at all, even if he blew his flesh, he wants to escape. Nothing is possible.

Therefore, Wolf Zun did not do this. He sent it out only as a gray man with nothing to do with his own body.

This gray glare rushed away, and after entering the depths of the star field where the Beast Alliance was located, went straight to the gray light group that was regarded as a holy place by the murderous beasts in the shards of this ruined land. and

I didn't get into it in the first time. tight

Then, the upheaval happened...

"boom!"

"Booming..."

The roar of the earth is sounding, and the whole piece of emptiness is clearly audible. At this moment, with the insignificant gray mans rushing into this gray light group, the whole gray light group is like a star. In an instant, it was like a beast that was sleeping in the same head, suddenly awakened over. With

The thunderous bang of the rumble continues, and there is an invisible mysterious force. It is transmitted from the gray light group, so that all the starry beasts in this beast, no matter how strong or weak, are clearly inductive. Arrived. "

Roar! "

"Hey..."

Oh..."

At this moment, in the countless stars of life in the Alliance of Beasts, all the stars and beasts are roaring, showing endless joy and excitement...he

We felt the call, the ancient call from the blood. One

In an instant, it is like a pilgrimage. All the stars and beasts have rushed out of the living star of the living, and they are fully rushing to the source of this ancient **** call, that is, the gray light group that is like a sleeping beast.versus

At the same time, from this mysterious gray light group, there is also a sudden horrible sucking force, which is only effective against the starry beasts, but the stars in the void are not affected... ...

"call out!"

Oh..." with

The gray light group slowly rotates, and it changes like a gray vortex. The power of the horrible squirting comes, and a lot of starry beasts gathered in the vain air are coming from the gray light group. .

A sharp and unstoppable sound of the sound of the air, this is the body of a large number of starry beasts turned into a mans, sucked away, into the movement caused by the gray light group. This

Everything happened too fast, just ten times, in the vast star field occupied by the Beast Alliance, all the starry beasts are almost countless, but now there are more than 70%, all of them have entered the gray light group.

"嗡..." low

The sound of the squeaking sounds, the rotation of the gray light group also abruptly stopped, and then it condensed inwardly, and the eyes turned into a dusty man, and disappeared...

"Roar!"

"Hey..."

"戾..."

In the air, countless fierce beasts roared and whistling, and in the vast expanse of the beasts and beasts, nearly 30% of the starry beasts were stranded, but now they are just abandoned, the skyrocketing arrogance In the howling, there is endless anger and despair...

..."

哗啦啦....."

With the body of the wolf, the three **** bodies of Ye Xuan were completely collapsed and turned into blood rain, which was integrated into the vast sea of blood under their feet. a few

At the same instant, the entire vast sea of blood quickly condensed to a point. On the contrary, it was the nine-color flame sea that had been wrapped up all around, but suddenly it was skyrocketing, and all the violent energy that broke the peak of the wolf's meat was shrouded. "

call out....."

At the same time, a masculine rushing out, ushered in the storm, turned into Shennong Baoding, like a star is huge, towering void... Micro

The weak blood mans broke into the Baoding in the first time, and then, from the Shennong Ding Ding mouth holding the colorful fog, a powerful force of squirting came out, just bursting out the wolf body. The nine-color flame sea shrouded in violent energy disappeared instantly. Be

It was taken into the Baoding and sent to the flame pool at the bottom of the volcano in the central area of the Dingnai space to carry out blood purification. and

This will also let Ye Xuan's wild blood in his hands break through to three..."

Oh..." broken

The whisper sounded, and the violent figure rushed out from the Dingkou, but it was restored to the singularity of the singer. When the wave, the Shennong Baoding of the Pang Ruo Xingchen turned into a mans and rushed into him. In the body, it disappeared.

"Hey!"

"Hey..."

At the emptiness, the nine black dragons screamed at the same time, and then they swayed and swayed to the dragon. it

There is no need to form a big battle, and the corner of the void is banned, because the remaining two beasts have also become savage, and the seven great repairs have been closed.

"Hey..."

After the first exchange of a look, the seven great Yan Xia waved at the same time, and sent one or two blood beads of Xu Zhang Fangyuan, which was exactly what the talents of the nine beasts had. Take

Their ability can only compress the **** fog formed by the fierce body of these nine beasts to such a degree. Place

It can only be handed over to Ye Xuan, who is sent to Shennong Baoding, and through the power of Baoding's nine-color flame sea, it is completely refining into a powerful Baodan.

Previously, Ye Xuan's big blood in his hands had been consumed, and he had refining a twenty-nine-level ridiculous treasure, and now there are only a few of the more than a dozen ridiculous treasures in his hands. Each of the Yan Xiu gave one. Such as

Now I have nine great bloodstains. As long as he is willing, he can open a batch of twenty-nine-level ridiculous treasures at any time. but

Ye Xuan apparently did not intend to do so. nine

A big power can be blood, even if there are two of the best things, if there is no accident, at most, it will only refine seven twenty-nine-level ridiculous treasures, and the benefits are not maximized. There is still a ridiculous treasure, and there is no urgent need at present.

Therefore, he decided to leave the nine powerful bloodstains in his hands and wait for the refining when needed later.

Presumably, the amount of blood in your hands will definitely be more. This is an extremely rare resource. In any case, you must maximize the utilization of resources as much as possible...

Considering that there are other forces in the distance and the scouts of the Alliance in the dark, they peeked in secret. Therefore, the seven major cults did not pay tribute to Ye Xuan's master, but after only politely thanking them, they immediately returned to the devil. Dragon Yu driving, leaving the first time.

And the violent form of Ye Xuan, in the middle of the glory of the glory, turned to the depths of this star field occupied by the distant beasts of the United States ...

Chapter 4802: The Beast Alliance is out

The weak sound of the air broke out, and the deepest part of the star field occupied by the savage alliance, a figure appeared without warning. He

It is the Ye Xuan who has made a violent form. This

Here, it was the position where the gray light group had previously stood, but now it is already empty, and there are some beasts in the distance from the distance, wandering from time to time, from time to time to send out one or two anger and unwilling contempt . "

Actually... there is a trace of the emptiness of the void? "God

After the sweeping around, Ye Xuan's line of sight was locked in the gray light and turned into a gray awn, and finally disappeared at the point where the singer was swaying, whispering...

Obviously, there was originally an independent cave built by people, but in the end it was activated because of some arrangement, so the overall migration disappeared, and in all likelihood, it was to go to Hongkong. can

With such a generous hand, nature is by no means ordinary, at least it must be the ancient perfection of the nine-step, that is, the half-step heavenly level. And

From this mysterious independent cave, before the departure, he took away more than 70% of the beasts of the Beast Alliance. This person is mostly the ancient high-level of the fierce beast...not

However, this matter has no effect on Ye Xuan.

If he wants to go to Hong Kong, he can do it at any time. Such as

Today, the other side has gone with more than 70% of the starry beasts in the Alliance of the Beasts, and entered the void of Hongmeng. At most, the news of the murderous emptiness in this piece of ruined land is leaked to the emptiness of Hongmeng.

This point, today's Ye Xuan has not cared.

Now, even in the piece of Hong Kong's void, he is the one who is able to cross the side.

What's more, nowadays, there is a strong ban on the two sides of the Milky Way and the Xingqiang Xingyu. The existence of the ancient Supreme level has not dared to take it easy.

The Void Giant Turtles can always lie there and look at them, waiting to take off a wilderness, and then hunted and gathered to gather the destiny blood of the 30th-level Tiandao Baodan...

After abandoning the matter for a while, Ye Xuan even shook the gods with all his strength, and immediately surrounded the entire beastly alliance. This

Although the area is vast, but now there are not many stars and beasts, and the independent cave days took more than 70% of the beasts before leaving. Now there is such a thing left, Ye Xuan can't look at the eyes. .

The key is to repair the strength is too weak, even if a statue of the emperor is immortal, there is no such thing... This is exactly what it should be. The existence of the emperor's realm, even if it is far away, it is impossible to miss the opportunity to leave.

Although there are still a lot of remaining stars and beasts, the most powerful ones are those that are immortal, and they are still in the early days. Even if they are collected as genus, they don't know how to grow up. Ye Xuan is not interested in how much resources and time it takes.

With this in mind, even when he turned and left, his entire body was turned into a man, and disappeared at the end of the sky. It disappeared..."

Roar! ""

Oh..."

With Ye Xuan's departure, the remaining beasts in this star field occupied by the Star Alliance have also rushed out of the edge of the star field, or alone in the shadows, or in groups of three or five, facing in all directions. go with.....

Although this star field is good, but now the beastly alliance has existed in name only, even one emperor is immortal, and other forces and alliances will be so many stars in this star field, and soon there will be a large army attack. .

Whether it is the Alliance of the Survivors, or the Star Alliance, the Alliance of Tensions and the Federation of Peoples from the three major star planes of the world, it is not good news for them.

The result is either being killed or enslaved. inverted

It's better to look at it now, just like this.

In one scene, all the people are taken care of by the scouts of the forces and alliances in the distant sky outside the star field. fierce

All the beasts in the Alliance of the Beast are actually making birds and beasts? This

It is clear that the alliance is dissolved, and there is no rhythm. only

It is the reason for this, but they can't decide, because even if they were killed by the Lord of the Devils, the two beasts and the fierce beasts, but the depths of the ancestral land of the Beast Alliance should be still There is an ancient existence at this level, and it's a sleep....he

We had already wanted to leave, because we couldn't wait to report everything that happened here to the high-ranking people in the back.

But at this moment, after seeing the countless beasts of the Alliance of the Beasts, the birds and beasts were scattered in threes and threes, the scouts of these major leagues and forces all pressed the impulse to leave, and they always crouched in the distance.

Until the starry beasts that rushed out of the star field were few and far between, there was a squad that drove out of the crouching ground and rushed into the front of the star field to explore. shock

The voice, soon sounds...

"What? The entire star field is empty?"

"The Beasts Alliance completely collapsed. Just after searching for the soul, they knew that their ancestral land, a mysterious gray light group, had migrated and took away more than 70% of the beasts in the league."

"It's no wonder that the rest of the fierce beasts have chosen to flee. Among them, even one emperor has no immortality. If you stay here, you can't keep it. Instead, you will become a prey..."

"The five major leagues, only four of them? The Lord of the Temple is only one person. In the first battle, one has been destroyed..."

boom! ""

Rumble..."

In the overwhelming exclamation, these scouts from all major forces and ethnic groups have sailed out of the star field occupied by the Alliance of the Beasts and returned to their respective communities at the fastest speed.

Because they have to send the news back, let the high-level decision, whether to receive the vast star field left by the Beast Alliance, you know, this is a big fat...

.....short

Within a few days, everything that happened in the Alliance of the Beasts spread the emptiness of this vast and innocent piece of land.

In addition to the Beast Alliance, the remaining four major leagues and other small and powerful forces and ethnic groups that are not formed into alliances are all heard and stunned.

In the past two years, the League of Animals has quietly awakened the fierceness of the nine beasts and the fierce beasts of the two beasts, and these two ruins are still the late desolation of the seventh-order world!

It coincides with the Tianhe Star's Lord Ye Xuan's Demon Dragon's driving, which was driven by seven Yan's servants to go out to play. The star field where the savage beasts are located, they are stunned, nine fierce beasts and two beasts. At the same time, the ridiculous shots took the seven singers and the dragons to the siege.

Surprisingly, Tianhe Xingzhu Ye Xuan is not there. I don't know where to go. At the most critical juncture, the Lord of the Devil's wrath rushes out of Xusheng's forbidden land, and directly descends to the Beast Alliance, which is a Thunderbolt. The fierce beasts of the Beasts Alliance and the two late desolation... kill in one fell swoop!

Therefore, the ancestral ancestral caves deep in the starry field of the Beast Alliance also changed, taking away 70% of the beasts and migrating away. The remaining 30% of the beasts were also scattered by birds and beasts. Today, the Alliance of the Beasts The entire star field, already... completely empty!

Chapter 4803: Who is he?

The result of this war was stunned by the forces and ethnic groups of all parties. The moment when the news spread completely, the entire vast expanse of the vast expanse of the sky was silent...

At that time, the forces of the scouts who watched the battle in the distant sky were all there. Not only did the final result of this war spread, but the entire process including the war was also extremely detailed. thing

In fact, the whole situation does not need to be explained too much, because the scouts of all major forces have recorded the images in the distant sky, and all the details can be clearly seen from the images! this

At the time, in the flagship main control hall of a million-meter-diameter superstar in the Tianhe Star of the Tianhe Star, all the high-rises of the Tianhe Stars gathered together. package

The mosquitoes, the old ghosts, the Neapolitans, the devils, the gods, the devils, the geniuses, the madness, the old men and the old man, the Bodhi, and other small high-level idlers. when

However, there are also three gimmicks such as Xuanyuan Ziyan, Duanmu Xiaocha and Zhao Qianru...

However, the atmosphere in the hall was somewhat depressed and dull, because the anger on the faces of the three hoes was still strong, and it was still mad...

In this regard, mosquitoes and old ghosts and Naples, Xuanyuan old man and Duanmu old man and other high-level officials can only face each other, shaking their heads and smiling. because

For this time, even they don't know what kind of words to use to persuade...

On the square's holographic image screen, the thrilling battle that took place in the void outside the Beast Alliance a few days ago was playing. Big

The reality of the battle is clear, from the beginning to the end...

In this battle, Ye Xuan did not reveal the truth, but appeared as the owner of the Temple of the Devil. This is not a flaw.

However, at that time, the situation was different. In order to kill the insects and wolves of the Beast Alliance, he not only used the **** stick, the nine-color flame sea, but even Shennong Ding was sacrificed at the last juncture...

These treasures, the high-ranking people in the Tianhe Star Field are all very familiar. It can be said that they are all branded with Ye Xuan, but now they are in the hands of the Lord of the Devil, but he did not show up. The truth is too suspicious, the fool can see the problem...

Soon, the video was finished, Xuanyuan Zijing, Duanmu Xiaocha and Zhao Qianru's three roots were also grinded, and the other two did not speak. At this critical time, they took the lead of the big sister Xuan Xuan.

The latter, after the video was broadcast, was the first time to turn around the top of all the Tianhe Stars in the hall, and finally the sight fell on the mosquitoes and ghosts, gnashing the teeth: "The old ghosts You said, the big monkey... Who is he?"

I..." mosquito

The old man was shocked and stunned, and the smile on his face was thicker.

Everyone else was sighing with a sigh of relief, and they turned their heads to look elsewhere, as if they hadn't seen everything that was happening in front of them, they didn't hear it. mosquito

The old ghosts looked around and looked forward to seeing no one who was willing to share the same pains with himself. He suddenly turned his eyes and finally shook his head and sighed. He said with a smile: "Since you asked the old man, then... just talk about it!"

Two possibilities..."

First, the big monkey... No, I mean the Lord of the Devil, in fact, the kid named Ye, who had cheated them before! "

"However, when the five major leagues forced the palace to be the same, the son of the surname Ye and the master of the demon temple had appeared at the same time and fought against the enemy, so this possibility is not big, it should be only about 30%..."

"Since there are 30%, it is not completely impossible to say that after all, after all, the Lord of the Temple of the Temple, although the three **** seas were dispatched, but it was before the appearance of the boy named Ye."

"And after the appearance of the boy named Ye, he always has a detached seat in the magic hall, and has not appeared again, so this is also quite suspicious..."

Speaking of this, the mosquitoes and old ghosts were slightly stunned, and after a few moments of indulging, this turned a sudden turn, and then said: "As for the second possibility, that is, our current speculation is more heart-warming, they are basically Not a person..."

Although in the battle of the Beast Alliance, the Lord of the Devils sacrificed a **** stick and Shennong Baoding, but this is most likely because the relationship between the two brothers is good, so the boy named Ye is temporarily loaned to the Lord of the Temple. Well..."

"As for the seven gimmicks being besieged, he is not at this point..."

"Isn't the kid named Ye not said before? He has a very important thing to do, and it is extremely urgent, and he is in a hurry... Maybe this can't be done, is it inconvenient to carry the seven gimmicks?"

"In this case, if the seven gimmicks are wandering outside, there must be no protection measures. Leave the magic dragon to drive them to play... you can understand it!"

"Hey..." said

When I got here, the sound of the molars in the mouths of the three skulls suddenly became louder, and the face was even more iron-green. This is clearly the rhythm of the silver teeth on the spot.

Keeping an eye on the eyes of the mosquitoes and old ghosts, they are almost able to spurt the fire...

In this scene, listening to the chilling and squeaking of the teeth, the mosquitoes and the old ghosts reflexively squatted and subconsciously changed their mouths. words

As soon as the front turned, he answered: "Of course, this is only the old man's guess, but if the truth is true, then Ye Xiaozhi's is wrong..."

The seven gimmicks are weaker, and now they are also the ruins of the ninth-order grand perfection. The existence of the half-step ruling level, there is no one in our vast Tianhe sect, they have seven together.""

In comparison, you and Xiaocha, Qianru Shantou are now only immortal, even the cosmic people have not arrived, in comparison, they definitely need more protection than they do, the kid did not even consider this comprehensively. simply.....""

It's awkward..." No

When he finished, the teeth of the three skulls screamed louder and louder, and screamed at the mosquitoes and sluts, and they all had a chance to attack at any time.

"What did the old man say wrong? Hey... yes!"

The old guy stunned, and after a short period of time, he suddenly realized that he suddenly slammed his back and his face suddenly showed a hint of indignation: "Look at me this old confused, the key is not the problem of cultivation, the key is the problem of closeness and closeness. what....."

"The seven gimmicks used to call him a master, but they are only prostitutes, but you are different. Who knows the three stars in the world? Do you know that your three gimmicks are his confidante?"

"This is not a thing, go out for a lap, and when you encounter a few wildflowers, you will forget all the flowers at home. This is the rhythm of the education. In the future, I have to pack it up. No, the hurricane cannot be encouraged, and it must be killed in the bud..."

This matter... the old man raised his hands in favor! "

Chapter 4804: Surprise

Deep in the star field occupied by the Alliance of Survivors, in a cyan giant life star, this blue giant life star is the headquarters of the Alliance of the Survivors.

In the eastern part of the star, there is a huge peak near the sea. There is a temple in the peak of the giant peak. Here, it is the headquarters of the Alliance of the Survivors.

Today, in the hall, there are more than two hundred figures visible, and the strength is all above the universe. Among them, the universe is more than half, there are more than one hundred, the universe is more than forty, and the universe is supreme. Twenty-four.

In addition, the ancient powers of the ancients are three. to

In the old age, there is no one...big

The three survivors of the temple were able to wake up in the middle of this period, but they did not participate in the previous battle of the magic hall. another

The other one, the two years ago, led the army of the Alliance of Survivors, and the other four alliances, the old man who forced the palace to be the temple, is not here today.

During the First World War, his cultivation was the seventh stage of the ancient power of the ancients. He was violently beaten by Ye Xuan, and he rewarded a large number of Zijinbao medicine and Jiu Cai Shen medicine. After returning, he retired, just two years later. The inside has already broken through to the 9th-order great consummation of the ancient powers of the ancients, that is, the half-step absurdity...

At the last meeting, the black robe was able to express his position at the end of the meeting. He will go out to do something, and then he will start a retreat. If there is no accident, he will be able to break through to the ancient times in a short time...

Such discourses were shocking at the time, but all the high-ranking survivors who were present did not dare to ask about the truth, including the other three ancient powers that had awakened in the two years in the league.

Since then, the black robe remnant has left the Alliance of Survivors, and no one knows where he went.

In fact, this person quietly went to the temple and met the Lord of the Temple. when

On the day, Ye Xuan promised him that if the repair is a breakthrough in the ninth-order greatness of the ancient powers of the ancients, he can go to the magic hall of Xusheng's forbidden land and ask the owner of the temple for a twenty-nine-level abandonment. Bao Dan. This

A ridiculous treasure, can help him successfully break through the wild and powerful environment in a short time. Correct

In this discourse, the black robe was not fully convinced at the time. Even if he saw Ye Xuan hand-picked a lot of Zijinbao medicine and the legendary nine-color magical medicine, he still couldn't believe it. because

It is too surprising for this, and a Baodan can successfully break through to the ancient sacred place in a short time... This subverts his world view.

We must know that the ancient power of the nine-order grand perfection will not need the accumulation of long years, plus some chance factors, can we make a successful breakthrough? example

Such as the nine **** and blue sky Dapeng is the case, as early as the end of the flood season, it is already the ancient power of the nine-order great perfection, but until now, it has become a first-class absurd.

However, although he couldn't believe it, he did improve his cultivation into a realm in a short period of time, from the original seventh stage of power to the great success of the ninth stage.

Now, when it is time to ask for and to swallow the twenty-nine-level ridiculous treasure, the black robe is still not stunned, and with a try to go to the magic hall.

As a result, there is no doubt that Ye Xuan, who received him as the Lord of the Devil, gave a twenty-nine-level ridiculous treasure.

As a result, the number of ridiculous treasures in his hands is only five, but Ye Xuan is not a painful one. On the one hand, with this ridiculous treasure, it will gain more, enough to pull the Alliance of the Survivors into the Hall. camp.

On the other hand, in the future, this twenty-ninth-level ridiculous treasure can still be refining...when

When the black robe was able to find a twenty-nine-level ridiculous treasure, and returned to the Alliance of the Survivors, the change of the Beast Alliance had not yet erupted. he

Although I don't know what the twenty-ninth level means, the four words of the ridiculous treasure are clear, and let his heart sway, and entered the retreat at the first time. Count

Counting time, it's been ten days now...

Four days ago, the change of the Beast Alliance broke out. Under the First World War, the entire Alliance of the Beasts disappeared from the shards of this ruined land. The original four major leagues had only four left in the blink of an eye.

All this is so unreal, even the stars in the Star Alliance, the Alliance of All Nations and the All Terran Federation feel as if they are in a dream, and have been greatly shocked.

Like the Alliance of the Beasts, today's strength is worrying, and the alliance of the survivors of the same brothers and sisters is so shocked that it is naturally more conceivable. thing

In fact, the first time after the news that the Beast Alliance broke out, the top leaders of the Alliance of the Survivors have already rushed to gather here. Although there is a benevolent person in the field, they are all only in the middle of this period. The cultivation was even more awake in the last two years. I did not participate in the Battle of the Magic Hall two years ago. I don't know about the alliances and the magic halls.

Therefore, the three of them did not dare to make any decision, and everyone could only wait for the black robe that entered the retreat to go out.

Now it's been six days. After calculating the time, the black robe can enter the retreat, and it's been ten days since the impact of the ancient times. But there are still no signs of going out...

"Hey, we are really a bit whimsical, but I really gathered here, waiting for him to go out..."

The temple has been dead like water, but at this moment it was suddenly broken. One of the three survivors' abilities showed a bitter smile on his face. He shook his head and sighed: "I'm also a ruined power, naturally understand the ninth-order great perfection. What is the difficulty of the strong, if you want to break through to the ancient times?"

In the impression, the shortest one used seems to have consumed tens of thousands of years, and it was only after some sort of shocking opportunity that it broke through successfully..."

At this point, he no longer mentioned this matter, but once again sighed and turned around and looked around the top of the hundreds of survivors in the temple. His eyes fell on the other two survivors.

[illegible]

boom!”

"Booming..."

His words just fell, and the survivors of the Alliance outside the stars were in the void, and suddenly there were a few thunderous roars. The power was so amazing that the giant stars at the foot of the earthquake seemed to tremble slightly. a bit. This

Everything happened too suddenly, and everyone in the temple was caught off guard, and he was stunned on the spot. tight

Then, including the singularity of the surviving singer, all the high-ranking elites in the hall seem to have suddenly felt something, and they suddenly exclaimed under the fascination..."

what? This is the breath of thunder, and it is still... a ridiculous thunder? "

"The robbery cloud is gathering, just inside the star field occupied by my legacy.... God, he has succeeded!"

Ten days! It only took ten days..."

Chapter 4805: Life and death

The Alliance of the Survivors, inside the star! "

boom! "

"Booming..."...

... virtual

In the air, there were a few thunderous roars, and the power was so amazing that the giant star at the foot of the earthquake seemed to tremble slightly. This

Everything happened too suddenly, and everyone in the temple was caught off guard, and he was stunned on the spot.

Immediately afterwards, all the high-ranking elites in the hall seemed to have suddenly felt something. Under the fascination, they suddenly exclaimed, and the body shape did not hesitate. They rushed out of the hall and rushed out of the hall. Out of the star atmosphere. Come

To the void outside the star where the Alliance Headquarters is located...

Looking up, a life star on the right side of the sky, now gathering a dense black robbery cloud, even the entire star is shrouded. Look

In this scene, the hundreds of high-ranking survivors who rushed out of the stars of the Alliance Headquarters, after a sudden glimpse, all of them showed a pleasant surprise.

That star is the star of the black robe that can retreat, and the atmosphere that is shrouded in the dense robbery of the whole star at this moment is also a ridiculous thunder.

Undoubtedly, it took only a short ten days, and he really broke through. Now it is a new past, the atmosphere is diffused, and the heavens and the earth are inductive. This has led to the gathering of the clouds...

Thinking of this, the three mid-term powers exchanged their eyes and exchanged a look, excited, excited like just had a shot of chicken blood, they all looked up and laughed...

"Ha ha ha, I can't think of my ethnic group, but I'm so horrible that it's such a terrible ghetto..."

In just ten days, it has successfully broken through to the ancient and supreme, which is unheard of. ""

These talents, what is the little supreme robbery? Lying down can also be passed over..."

"call out!""

Oh..." with

The three of them laughed out of the endless joys and laughter, and resounded through this star field, and a star of life stars rushed out of a ship of the remnant and the survivors. Place

Some people's faces always showed the color of fear, because they didn't know what happened. Some of the survivors thought that it was the magic hall and attacked them. They regarded them as the second after the alliance of the beasts. The goal is to be scared and trembling...

Nowadays, listening to the words of the three survivors, all the people are all in one, and then they are very happy to cheer.

In their view, in just ten days, they have successfully broken through to the ancient and supreme, which is absolutely unprecedented. The survivors' alliance suddenly emerged in such a worrying situation, and it is such a fascinating legacy. The rhythm of the affiliation, even if it is not immediately turned over, will at least not be as undeniable as it is now..."

Humph! ""

What? The thunder of the deity has not yet begun, have you begun to lose? "

Surrounded by a beaming enthusiasm, but suddenly there was a very unharmonious cold snoring sound, and the faces of the people were shocked and looked awkwardly.

In the line, the star in front of the life star shrouded by the endless robbery cloud suddenly burst into a figure. It is the black robe that retreats here. No, it should now be called the black robe. It is. because

For the sake of the breath that has been diffused from his body, it is a despicable situation. only

Yes, although it broke through in just ten days, the bottom of my heart was actually shocked and delighted. However, with the arrival of the robbery cloud, I felt that after the invisible lock in my own temperament, the black robe was suddenly somewhat inexplicably upset...he

The foundation is not very stable. Nowadays, in the face of such a terrible and ridiculous thunder, it is naturally impossible to say that there is no grasp.

However, the probability of a smooth resistance is absolutely no more than 30%, and the possibility of being killed by a robbery on the spot is as high as 60%. As for the possibility of serious injury, it is only 50%.

For this reason, his mood at this moment will be so depressed. After walking out of the closed-door stars, after seeing that the outside is such a happy scene, it is really not a fight.

At this moment, after a slap, he glanced at the high-ranking people of the survivors, and this figure was swept away and swept away from the star field where the Alliance of the Survivors.

No matter whether he can pass it or not, he will not be able to rob within the star field, otherwise he will not know how many survivors are the pooled fish.

Moreover, while rushing outside the star field, he also secretly sent a distress signal to the Xusheng ban in the direction of the magic hall. Although he has not yet robbed, the realm is unstable, but it is indeed the ancient sage. This can still be done.

It's just that the Lord of the Devil's Temple will not help, so it's hard to predict...this

Engraved, with the robe of black robe with a horrible robber cloud shrouded in the sky above his head, the high-ranking remnants of the remnants who had been squandered by him had also turned to each other in amazement. Vision.

Then, with the heart thick and unable to open the suspicion, they followed, and the body spurt away...

After that, a group of high-rises rushed out of the star field and looked up. In the distance of hundreds of millions of miles away, the black robe's deserted figure was visible, and the clouds looming over its head were also surging. For the arrogance, at any time will be robbed of electricity.

They changed their face and immediately mentioned their heart to the eyes of the blind...

"boom!"

Rumble..."

"Card!"

Almost in the next moment, the robbery clouds in the sky at the height of the sky suddenly rushed up, and after a crackling like a crack, a thick purple lightning thundered instantly, and the black robe was completely shrouded in the blink of an eye. It is. This

For a moment, the area was a hundred miles away, and it was turned into a purple gold mine. The breath was so violent that it was shocking...

The robbery came quickly, and the dispersal was faster. In the blink of an eye, the endless thunder sea that covered the land of billion miles was completely dissipated, and the ruined figure of the black robe was revealed.

The clothes are ruined, the blood on the chest is already bloody, and the breath is so unbelievable that it is clearly the rhythm of serious injuries..."

call out!"

At the same time, the black robe that was seriously injured and raised his hand raised the hand to the entrance of the compressed nine-color **** medicine. The injury in the body quickly recovered, but it was unable to resist the second thunder.

Needless to say the third way, it is very possible that there is no chance at all to let people come, because most of them are in the second thunder, he has to fall on the spot...

For a moment, his shackles revealed endless unwillingness.

After all the hardships, it is hard to break through to the despicable situation, but because it is not stable, it will be killed in the thunder, which is really indignant.

"Card!"

The crispness of the ear came, and the clouds of the sky suddenly surged between the moments. After a short break, a stout purple gold lightning was already down!

Looking at this second purple gold robbery, the black robe desperately closed his eyes...

Chapter 4806: Rayling emerges

"call out!"

Just as the black robe was desperate, the distant void suddenly broke through a crack, and a purple-gold enamel rushed out of it, which was the Lei Di seal of Ye Xuan.

Naturally, he wouldn't look down on the black robe and fall down, but he couldn't come in person, so he sent the emperor's seal, just as it was a kind of transformation in the emperor's territory..."

Oh..."

Almost in the next moment of the emperor's appearance, a more cheerful and whistling sound came from inside the emperor's seal, revealing a more powerful pressure, which is a great power...

Last time, Emperor Yin Lei Ling had already broken into the ancient power of the wilderness in the thunderous robbery of the 30th-level Tiandao Baodan Danfang. Now it is a first-order power. this

The whistling of the time was that the Emperor Yinling was enjoying the joy. For it, this kind of thunder was the best chance for forging itself.

Lei Ling in the emperor's emperor, the strength of the last surge, and after the absorption of this period of time, the realm has been solid. and

This time, after sensing the powerful atmosphere of the thunder robbery again, Emperor Yin Lei Ling rejoiced again, because this is its chance!

After the baptism of the thunder, the Lei Di Yin will be more powerful, and the Emperor Yin Lei Ling is also very likely to change again. This is the creation of Tianda, so that it is very exciting, and there is a kind of already long-lasting, wanting to rush out. feel! "

Card! "thorn

The crispness of the ear came, and in the blink of an eye, the second wave of Zijin's hijacking had already slammed down, and there was no leakage at all, all of which were inhaled by Lei Di.

"Hey..." Emperor

In the imprint, the sound of Lei Ling's joy was once again heard. This time, it was enough to eat. The hijacking contained some special energy, which was very good for Lei Ling. Do not

However, even if there is a strong robbery, it will not cause any harm to it. It is Rayling, and it has been kept in the Lei Di Yin, which is the origin of the thunder and earth. anti-

However, because of the two waves of hijacking, its repairs have soared again, and on the edge of the second-order power, they can break through at any time. For this reason, for the next power, it must be more powerful. Three waves of thunder, it is obviously more looking forward to..."

Rumble..."

"Card..."

Lei Ling's joyful shouts just fell, no one waited for anyone to come back, the sky at the height, the third card sounds just came, a thicker than before, reaching a huge 20,000 feet Purple gold lightning, instantly rushed.

"Hey..."

As this lightning was swallowed up by the Emperor Leidi, there was a resounding whistling sound inside the emperor's seal.

The temptation reveals the temperament, and instantly reaches the third stage of the present from the previous power, and it has entered the peak of the early stage of power. It is only one step away from the middle of the power...

Once, the creation of the Emperor Yinlei Ling is too great. Such as

Although it is only the third-order of the ancient powers of the past, but because it is the body of the spirit, the horror of the war, fear that even the mid-term peak of the sixth-order situation may not be its opponent, and once the power of the latter Encountered, only a sudden change of color under the color change.

"Oh..."

At the end of the robbery, the Emperor Yin did not stop for a while, and a crack appeared in the void. The Emperor Yin became a purple gold rushing into it, and the blink of an eye disappeared. "

Rumble..."

Until now, the injury in the black robe was fully restored, and because of the baptism of a wave of robbery, the realm was slightly stabilized. Do not

If you want to be completely stable, it will take some time to absorb and digest. With

The thunderous noise of the rumble was getting weaker and weaker. The vast robbery cloud that had shrouded the top of his head had disappeared without knowing it, and it was no longer visible. and

The black robe was stunned and looked at the direction of the disappearance of Lei Diyin in the distance. The look on his face was grateful... Others didn't know, but he understood who was just shooting! "

Oh..." straight

At this time, the distant places like the petrochemicals have long been completely stunned by the thunder of the high-ranking survivors and countless survivors, only to finally return to the gods, the sound of coolness is overwhelming, all kinds of shock Hu is more like a tide. whole

The void is boiling, and it's awkward..."

what happened? The ancestors' ruined thunders... just finished? "

"Just only the first wave of thunder, it is too comfortable, it is so blushing..."

Are the two waves of robbery behind being swallowed up? Uh... even the thunder robbery can be swallowed up. What was the name of the seal? "

"I think it must be related to the Thunder. There was a whistling out of it. The initial stage was only a first-order power. But after swallowing two waves of hijacking, it suddenly rose to the third stage of the power. There must be A Lei Ling, this time earned a big..."

These are not important, the most critical question is... Who is this seal? Who is shooting and helping my ancestors' ancestors to rob? ""

Can have these seals, even the Thunder in it is a waste of ancient power, this mysterious existence must be the ancient supreme, is it my legacy, and a strong abandonment is outside..."

"Everyone waits, immediately returns to the Alliance Star..."

Waiting for the screams of the emptiness around the void, I have changed my black robe and restored the original black robe, and the voice of God has already been heard. Say

In half, the line of sight looked at the top of the remains of the remains of the remains, and nodded and said: "You are all coming. Now the deity has successfully broken through, and the situation in the void has changed again. My legacy. And should make a choice..."

..... legacy

Deep in the starry field occupied by the National League, the giant crest of the eastern part of the blue giant life star!

In the hall, there are more than two hundred figures visible, and the strength is all above the universe. Among them, there are more than half of the universe, more than one hundred, more than forty in the universe, and twenty in the universe. Four.

In addition, the ancient powers of the ancients are three. this

At this moment, the top leaders of this group of survivors, all with a puzzled color, and their sights are no exception. They all cast their heads on the black high-nosed sacred body sitting on the hall. but

No one is saying anything, waiting for his instructions..."

call out! "

"call out....."

Turning around, I looked around at the top of the league's high-ranking elites. The black robe was not eager to explain everything, and did not immediately make any statement. Instead, she waved two awns...

Mang Yingfeng will rise, and the two canopy liquids in the blink of an eye will be suspended in the center of the temple. One canopy is the amethyst treasure medicine, and the other canopy is the nine-color magical medicine...

After doing all this, the black robe was laughing and nodded with a smile. He said: "All of you are the high-ranking people of the survivors. They have been practicing the flesh and blood of medicine for a lifetime. Presumably, these two kinds of flesh and blood medicine are what you need. ?"This

In the act of the Pan, the high-ranking members of the relics in the temple were all in one, and then, as the sound of the big film blew, all the people changed instantly and exclaimed...

Chapter 4807: The decision of the survivors

The black robe of the past, the high-level members of the relics in the temple are all in one. tight

Then, as the sound of the large pieces of cold air rang, all the people changed instantly, and they exclaimed..."

what? This breath..."

"Hey! Amethyst treasure medicine? Nine color medicine? God, is this a dream? It is all in the legendary existence, how could it appear in front of you? And it is so huge, each has a square..."

"Old ancestor, where did you get this resource?"

"I understand that the ancestors had retired for two years, and they successfully broke through from the seventh stage of the power to the ninth stage. It must be because of these amethyst treasures and the nine-color **** medicine..."

If there are these two kinds of supreme resources, it will be natural to break through to the ninth order in two years, but... How many purple crystal medicines and nine color medicines do you have? I am afraid I have to get at least a few hundred square feet, right? "

"How is it possible? This kind of supreme resource can be a luxury even if it can get a few feet. Hundreds of square feet... I don't dare to dream so much!"...

..."

What you said is correct. The deity has been retiring for the past two years. The cultivation resources consumed by the deity are all amethyst treasure medicine and nine-color magic medicine. Moreover, they have consumed nearly a thousand square feet..."

The screams in the hall gradually fell, and when everyone looked at the line of sight again, the black robes sitting at the top of the main hall smiled and nodded. ring

After seeing everyone in a circle, this went on to say: "However, the total amount of Amethyst and the nine-color magical medicine in the hands of the deity is 10,000 square feet, and there are still many in the hands..."

Upon hearing this, the high-ranking members of the public in the hall immediately blinked and their breathing was rushing, especially the three mid-term energies, and the more excited chests were up and downs. Have

With so many amethyst treasures and nine-color magical medicines, even if they can't break through to the ridiculous situation in just two years, the late stage of the seventh-order power is still completely ok, that and today's Mid-mass, but completely different concepts!

Seeing that everyone seems to be picking up again, the black robe is frowning and wrestling: "The deity has not finished, no embarrassment..."

Afterwards, I saw everyone's excitement in my heart, and I calmed down again. He just took it: "However, only these amethyst treasures and nine-color magic drugs can only be repaired quickly. To the great 9th order of the great power..."

"As for breaking through to the ancient times, you must know that you can achieve it by relying on the accumulation of diligence and cultivation of resources. It requires opportunities and creation. If the inorganic edge comes, it will often stop for tens of thousands of years. It's an ordinary thing!"

It is the key point, and it is also the issue that most of the seniors in the room are most concerned about.

At this moment, listening to the meaning of the black robe's absurdity seems to be to uncover all of this. All the people suddenly breathe in silence, and the screaming flashes of excitement, they have an intuition, a very strong intuition. eye

Former ancestor, it is very possible to find a powerful player who can make the ninth-order great perfection, and successfully break through the secret law of the ancient sage in a short time...

If this is the case, it is a sensational news of the emptiness, and all the star powers will be crazy!

"You guessed it right. Before the retreat, the deity knew that he would be able to break through to a despicable situation in a short period of time. This is because the deity swallowed a twenty-nine-level ridiculous treasure."

Turning around and turning the crowd around again, the black robe was suddenly thrown a heavy bomb, and all the high-ranking members of the temple were thundered on the spot: "And the twenty-nine-level ridiculous treasure, and the deity All the amethyst treasures and the nine-color magical medicine in the hands are given by the Lord of the Temple and the main star of the Tianhe Star..."

At this point, the black robe is no longer spoken. whole

The hall was completely ruined.

All the hundreds of high-ranking survivors had their mouths open, their eyes were almost smashed out, and their expressions were wonderful. People just liked the thunder, they were completely petrified...

At this moment, all the people in the mind are banging, completely messed up into a pot of porridge. he

We don't understand, what does this all have to do with the Lord of the Temple and the Lord of the Stars?

Even if these things are the high-level of the Beast Alliance, they are more likely to accept some. fierce

Although the beast and the remnant are the deadly enemies in the sky, the black robe is two years ago, but it has just been abused by the Tianhe star, Ye Xuan, and countless powerful people in the sky have seen...

When I arrived here, all the people in the temple suddenly flashed a ray of light in the brain, and this was reflected. It seemed that the five major alliances had joined forces to force the palace to be the demon, and only the survivors of the Alliance had left and left. With

After the Beast Alliance wants to go, but was destroyed on the spot some high-level.

"Yes, between the deity and the Tianhe star, Ye Xuan, it was just acting..."

Seeing everyone seems to think of it over there, the black robe is faintly smiling, and cheekily follows: "In fact, before that time, the deity has represented the Alliance of the Survivors, and the Lord of the Devil, the star of the Tianhe Star, Ye Xuan The secret meeting was over and an agreement was reached..."

Since then, our Alliance of Survivors has become an ally of the Temple of Devils and the Tianhe Star. Everyone is their own, and those Amethyst treasures, the colorful medicines, and the twenty-nine-level ridiculous treasures. , all of them are given to the deity by two adults..."

"Even the print that is only suitable for the shot, the master of the temple is secretly shot..."

Of course, these top-level cultivation resources, including the 29th-level ridiculous treasure, you have the opportunity to have it in the future. ""

And the deity at the time listened to the Tianhe star, Ye Xuan, and said that it seems that the perfect Danfang of the 30th-level Tiandao Baodan has been smoothly derived from him, just waiting for refining..."

Although the deity does not know what it is, but you can listen to its name, you must be able to guess some. Perhaps soon, the Lord of the Temple and the star of the Tianhe Star Ye Xuan will break through again and step into the ... no heaven! ""

Oh..."

He said that all the high-ranking members of the relics in the temple once again changed color, and the sound of exclamation sounded like a wave..."

Everyone, nowadays, the situation of the star field has also been seen. Where should I go to the Alliance of the Survivors? I don't have to say anything! Wait

After the exclamation in the hall gradually stopped, the black robe of the high seat of the temple nodded again, and his face looked awkward and said: "The deity means... with the magic hall and the Tianhe star field. Alliance! I don't know where you are, what is the intention?"

A group of high-level people looked at each other, their faces looked different, and even fell into sinking, but gradually, I didn't know what was in my mind. All the people's breaths gradually thickened and looked up to the black robe. Come, the expression on the face is excited and excited.

As a result, it has been said that...

Chapter 4808: Tianji is born

A mysterious and ancient void!

At the end of this mysterious void, there is a **** diaphragm like a canopy, which seems to be inconspicuous, but it has blocked a horrible trillion-strong warship army here, more than fifty years old...

The army of hundreds of billions of warships is the disappearing heavenly planet! Such as

Today, after the discovery of this blood-colored diaphragm, the warship army of the Tianji nationality has been continually blasting for more than 30 years, but it has not been completely blasted. when

At the beginning, this layer of blood-colored diaphragm was discovered at the beginning. The patriarch of the Tianji nationality even once visited this place, with several newly-reformed ruins of the ancient and ancient forms of life, and at the same time, they joined forces, but there was no result! No

Some people know what is on the other side of the blood-colored diaphragm, but one thing is certain, that is, a layer of blood-colored diaphragm on the edge of the zone can have such horrible defensive performance, so if it is blasted, enter The world on the other side of the diaphragm, with its rich resources, will surely surpass this mysterious void!

For this purpose, the patriarch of the empire has reached the order of death. In any case, no matter how much it costs, how long it takes, this layer of **** diaphragm must be blasted anyway!

This ectopic surface void, which has a secret passage with the first universe, is the mysterious void that the Tianji nationality migrated in the past. The virtual air has a large number of powerful and ruined treasures, even without any quasi-quantity. The ancient powers of the wild, and the real ancient power level. day

The reason why the patriarch of the machine family decided to take advantage of the change of the Tianji City at that time, moved the entire huge plane city and the entire Tianji family to this mysterious void. Head

It is to use the wrecked treasures of the powerful and ridiculous creatures that can be seen everywhere in the imaginary sky, so that the entire celestial family can complete a magnificent transformation in a short time!

For more than fifty years, a lot can happen! day

The machine family has the power of the whole ethnic group, and there are countless intelligent robots as the sleepless labor force. The overall transformation and evolution of today's ethnic groups has already achieved astounding results.

The original Tianji City, its volume is just like a small star!

But now, after a comprehensive upgrade, the size of the Tianji City has even surpassed some extremely rare giant stars, becoming a veritable starry sky, but the volume change is just one of the evolution of the Tianji City. Just about it. when

The original Tianji City, built both inside and outside by the hardest new cosmic alloy, has a conventional continental form and a wartime fortress form. and

Now, all of this has already been fully consolidated and upgraded. Today's Sky City is no longer just made of pure, up-to-date cosmic alloys.

The Emperor has exhausted the power of the entire celestial family, collecting all kinds of top flesh and blood materials, such as the dragon's dragon's ribs, the phoenix's phoenix, and the black dragon's, in this imaginary sky with countless powerful and ancient treasures. Keel spine...etc.

Wait, etc., and so on! This

These wild animals are extremely powerful during their lifetime, and even if they have fallen into endless years, their treasures are still very strong.

However, the Tianji people have a way to divide them and use a variety of suitable materials to transform the original Tiancheng City, which was originally made of cosmic alloys, into a world-class combination of cosmic alloys and ancient creatures. Biochemical giant plug! on

Even its original form is only two, but it has doubled to four.

In addition to the original conventional continental form and the shape of the wartime fortress, there are two other forms of birth in the current Tianji City.

In a short period of time, the entire Tianmao City, which is huge and incomparably full of terrorist power, can be changed into a huge dragon with a huge body in the order of the Emperor, or a black phoenix with a wingspan!

And the formal tribes of all the celestial beings, including the patriarch, and the tens of thousands of years, have been cultivating their strengths at an ever-changing speed. They have used the blood of countless powerful and desolate creatures in this virtual air. The treasure is upgraded. more

And like the transformation of the Tianji City, the collection of top materials such as the dragon ribs and medulla, step by step to transform their own mechanical body.

Some powerful celestial people, even giving up the human form of the body, directly based on the bones or treasures of a huge wild creature, from the inside to the end, step by step carefully carved!

In the end, the electronic consciousness is the combination of the wreckage of the ancient treasures and the power of modern science and technology. The new huge body created by this is like a feather, completely reborn, and transformed into a body with the power of science and technology. Powerful and desolate creatures...

Today, where is the deity of Emperor Yi, what form is it, and what kind of situation has been achieved by repairing strength, even within the Tianji clan, no one is known.

In addition to the transformation and evolution of all the official tribes of the ethnic group, the Tianji people have used this treasure of the powerful and desolate creatures in the virtual sky for nearly two decades to create a large number of intelligent robots that are not human forms. . number

More and more, the combat power is also amazing, they are called ... mechanical beast!

Nowadays, the number of mechanical beasts completed by the Tianji family has become almost countless! although

However, they are actually built on the basis of the wreckage of various ancient treasures, adding scientific and technological elements, such as the scales and cortex of the body surface, which is the latest biochemical product. "

Oh..."

"boom!"

Rumble..."

At this moment, with the release of another instruction, the entire vast expanse of the void, the sound of a sizzling sound like a tidal wave, this is the movement brought by the cannon of the 100 billion warships. huge

The big roaring sounds, hundreds of billion warships, countless guns, and volley...no

A number of energy light columns of different diameters are lasing toward the front at different angles and eventually come together!

Forming a column of horror energy with a wide and horrible diameter, the blink of an eye falls on the **** diaphragm that hangs in front of the sky like a sky.

This time, the blood-colored diaphragm that had never been smashed and torn, and collapsed in the moment of the giant ship gun energy beam.

"Roar!"

"For fifty years, has it finally opened up?"

At this moment, the dragon that has been traversing the dark void in the rear suddenly squirmed and squirmed. It was turned into a round star, which is equivalent to the size of the immortal star. The giant stars, but the glory of the metal, and the invisible sharpness of the air.

This is the Tianji City that has now had four forms, and the power has soared numerous times. and

At this time, the roar of the roar from the city of Tianji came from the emperor. From the breath, it was already a late monk's cultivation: "Baby, the moment of killing is coming, the heavenly family, moving forward..."

Chapter 4809: Terran federal chaos

Terran Federation!

Today's Terran Federation is extremely prosperous, with the immortal nine stars, the Heavenly Palace and the Glorious Temple at the same time, whether it is compared with the Star Alliance, the Alliance of Nations, or the Magic Hall in the Xusheng Forbidden.

They are all shaped like crushing, it is simply a big one! One

Between the nights, in addition to the tens of billions of warships, it is the high-end combat power, and there are more than thirty-six of the universe supreme, the ancient powers of thirty-six, even the ancient and supreme, there are six .

Coupled with the Emperor II who had just broken through to the ruined place, the Confucian Federation now has a total of seven ruins. This

The kind of heritage, in today's ruins of the ruins of the heavens and the earth, no ethnic groups and forces can match.

It's the magic hall, and it's impossible to compare it with this...

For this reason, since this period of time, the Terran Federation has not only flourished in the interior of the stars, but even the universe of celestial patrols in the universe beyond the stars has been everywhere. This

The kind of scene, and the reincarnation of the reinforcements before they arrived, is simply a cloud.

Since this time, the emptiness of this piece of land has not been flat, and it has gradually reappeared.

Especially the recent change of the Beast Alliance under the First World War, it is even more shocking to the major ethnic groups and forces.

But the Terran Federation, even the lowest-ranking star-studded powerhouses, is also determined, and even after hearing the news, they can smirk and laugh. in

In their view, it is clear that the hall is flustered and can't sit still. This has provoked the soft persimmons of the Beast Alliance, which has no reinforcements. Unfortunately, it has no effect on the Terran Federation. It is.

Nowadays, the top three camp members who have just arrived are only adjusting their state and running in harmony with each other. At the same time, they are taking advantage of this time to make this piece of land in the wild, and the alliances and forces of the parties understand each other better.

Once all aspects of the federal affairs are on the right track, the top will surely order the conquest of the demon temple... and this is exactly what the Terran Federation of the Terran Federation has to look forward to from the top to the bottom. They are too eager to turn over and re-emerge. It feels.

With this exciting expectation, the entire Terran Federation is from top to bottom, and all the people are eagerly awaiting the moment...

Beyond the star area where the federation is located, hundreds of millions of miles in front of the void.

At this time, several patriotic patrol fleets of the Terran Federation are wandering around the edge of the starry wormhole that can accommodate a giant star. "

boom! "

"Booming..."

Unpredictable, from the star wormhole, suddenly there was a roar of earth-shattering, and the scene was exactly the same as the power core of the three camps of the Terran Federation.

All the warships in the fleet that were patrolling in the vicinity stopped in the void, and then there was a whisper of cheers. It seemed that they were running away, and the second batch of reinforcements of the Terran Federation...and came again. ! "

boom....."

Without waiting for them to pass this gratifying news back to the federal headquarters in the star field, from this huge star-studded wormhole, suddenly a huge behemoth was suddenly found, which is no less inferior than the immortal star, like a giant star...

In fact, this behemoth from the star wormhole is indeed a star. but

It is different from ordinary stars. It has a blue body and a smooth surface. It has a lustrous metallic luster. It is a huge metal ball. "

Oh..." This

The metal ball seems to be alive, and the cockroach just rushed out of the star wormhole, and the inside of it suddenly came with a low-pitched humming sound. its

There is also a dense sound of the sound of the card, as if there are countless mechanical gears in the rotation.

At the same time, as the noise of the card is overwhelming, this huge metal ball is changing rapidly. The various parts of the ball have some protrusions that stretch out. It turned into a blue-black dragon. magic

The shape of the dragon is extremely large, nearly a billion miles, more than the volume of the previous sphere shape, it is Ye Xuan in the state of the ninth change of the magic 猿变神神神神神神,,
.....

What is even more bizarre is that this blue-black demon dragon also reveals a dazzling metallic luster, which is clearly a metal magic dragon made of metal composite material. This

It was too horrible to be too horrible. It was beyond everyone's expectations. All the strong men in the fleet of the Void Federation were all stunned. They opened their mouths and almost squinted their eyes. Unbelievable color, a few doubts in the dream. "

call out!"

"Hey..."

Just at this time, in the starry wormhole in front, there were countless sounds of breaking the air, and the roads were rushing out of the wormhole. The scale was overwhelming and the number was overwhelming. meter.....

After the rushing out of the wormhole, the same universe outside the wormhole is abruptly stopped. Some are smaller metal spheres with metallic luster on different colors.

Some are giant fortresses, but the shapes are different and different, with different characteristics of beasts.

After the smaller metal **** came to an abrupt end in the void, the inside also sent a low humming sound and a mechanical sound of the card.

Accompanied by these abnormal sounds, the shape of the ball also changed rapidly. The final change was a star-shaped beast with different head shapes. The size of the ball was huge, and the small stars were huge, and the surface was faint. Metallic luster. It is like a mechanical beast with a different head shape.

And such a mechanical beast, the number of at least tens of millions of giants, exudes a breath of horror, all in the immortal, and there are even a lot of imperial and immortal! certain

These larger forms exist, the atmosphere that comes out, even reaches the universe supreme, the Lord of the universe and the universe supreme...

The scene lasted for an hour. Within a whole hour, the star-studded wormhole in the front of the sky was like a blowout. A large number of volleys rushed out and stopped in the void, and then turned into Form.

Some are starry beasts, others are star-studded fortresses and warships in the conventional sense, but without exception, they all have certain characteristics of the beasts, but the metallic luster that appears

on the surface, but they can prove that they are only form and The beast is similar, its essence is clearly mechanical synthesis!

Finally, in a fleet of the Netherlands Federation, countless stunned federal powerhouses continued to react, like a tidal exclamation, screaming..."

God, this is a mechanical army. The number of warships is close to 100 billion..."

"Look at the logo on the hull, it is clearly a celestial family..."

alarm! Attack on the enemy! Reported immediately, the celestial family came..."

At one moment, the Terran Federation was completely chaotic...

Chapter 4810: Killing God

In the unknown mysterious void, the celestial army is only bombarding the **** void of the blood, it takes 50 years, if they count the time of their development in the mysterious void, since After the family's migration in the First Universe overnight, it's been nearly a hundred years old...

After a hundred years, the Tianji people who disappeared overnight disappeared and fell into the void of this piece of land. short

Shortly after, the heavenly family that came at a rapid speed, all rushed out of the starry wormhole from outside the Terran Federation. Such as

Today's celestial family is completely different from what it was nearly a hundred years ago.

The total number of warships that have been modified has exceeded 100 billion. Among them, the official Tianzu ethnic group has more than 10 million giants, and can change into a metal sphere in the form of stars or various mechanical beasts with different shapes at any time!

Tens of thousands of people, the number is really not too much, but without exception, all are already above the immortal cultivation. its

In the universe, there are tens of thousands of people in the universe, nearly 10,000 in the universe, nearly ten in the universe, and nearly a hundred in the ancients!

As for the number of the ancient sacred, the present is still unknown, but it is absolutely there. At least, from the wormhole in the starry wormhole, it will change into a giant magic dragon in the heavenly city, and it will be able to sense several hidden sorrows! Such as

The overall strength of this horror has far exceeded that of the Terran Federation.

In fact, in addition to the top-level absurd warfare, the overall strength below the absurdity, even the three major alliance forces that have just recently received a large number of reinforcements, such as the Star Alliance, the Alliance of Ten Nations and the Federation of Peoples, are all together. Can't stand shoulder to shoulder with the heavenly family! This

It's just a sweep of the whole piece of the ruins of the ruins of the wild, and it's full of enthusiasm! very

Obviously, with the advent of this horrible army, the nearest Terran Federation was chaotic in the first time, completely chaotic, and numerous warships rushed out of the star field, arraying in the vast void outside the star field. .

The atmosphere is tense, and the rhythm of the war will be at any time...

What is surprising, however, is that the strength of the Tianji national army has not started immediately. he

Obviously, they also recognized that it was their old rivals in the opposite star field, that is, the two camps of the Terran and the former Wanda Federation...

This point can be instantly seen from the logo on the battleship, and everyone is already an old rival. It can be seen at a glance with tens of thousands of years of battle. Do not

However, perhaps it was just because of the advent of the emptiness of this piece of land, and it is even less clear about the composition of the forces of this void. Place

Therefore, after the assembly of the Tianji national army, not only did they not immediately start the war, but they slowly began to withdraw, bypassing the giant star wormhole that they had just arrived, and from the left and right sides of the wormhole, they were evacuated to the rear of the tens of billions. Later, in the countless abandoned stars of the star field, various constructions were carried out...

It is clear that it is necessary to use the star field that is mostly abandoned stars to set the pace of camping.

This is actually completely understandable. The thousands of people of the Tianji nationality are all mechanical life. Among the hundreds of billions of warships in the tribe are all intelligent robots, mechanical beasts and the like, and there is no need for life stars, even the most barren waste. Stars, they can also build it into a star fortress that is armed to the teeth in a short time...

Although more than 90% of the stars in this star field are abandoned stars, they are able to win in a large number, and they can see one in a short distance. It is the best place for the Tianji people to establish a base camp.

However, such a scene is extremely bitter for the Terran Federation.

From the perspective of overall strength, today's Terran Federation is not an opponent of the Tianji nationality. However, this giant starry wormhole is in this void, and there is no way to move it. The third universe, the three major empires and other follow-up army, continue to follow. Will come through here... this

In this case, even if the Terran Federation can't afford to move, it's impossible. only

It can be separated from the celestial family in the opposite star field by the imaginary distance of hundreds of billions of miles. It is always under extreme tension. In a short time, I am afraid I can't take care of the magic hall again. !

Everything that happened here, within a short period of ten days, spread throughout the vast expanse of the vast expanse of the wild land. each

The big forces and the ethnic groups were shocked, especially the Star Alliance and the Alliance of Nations, which was completely stupid.

The Alliance of the Beasts has just been destroyed by the Devil's Hall. Looking at the top forces in this void, except for the Magic Hall and the Tianhe Star, there are only four major leagues left.

But now, there is another celestial family in the blink of an eye. The forces are so powerful. For a time, this piece of emptiness constitutes a complete mess...

The Temple of the Devil is in jeopardy. As long as the Star Alliance, the Alliance of Nations and the Federation of Terrans join forces, it will surely destroy the Devil. can

Now, everything is so complicated that no one dares to act rashly... The Terran Federation is like this, the Star Alliance is like this, and the Wanzu Alliance is the same. only

One exception is the magic hall!

No one expected that at this time, the magic hall actually shot, and, is still the master of the magic hall, playing alone...

...star

Empty league!

Today, the strength of the Star Alliance has skyrocketed. With the migration of the bloody, Qingpeng and Shishi tribes, the regular strength of the Alliance has increased by 20 billion warships.

In terms of high-end combat power, the following is not mentioned in the power. There are only twenty-five statues. this

In addition, the nine **** and blue sky Dapeng have also returned, coupled with the **** war lion in the state of the secret law, the strongest force can reach the seventh-order abandonment, today's Star Alliance, sitting on three ancient supreme, one of them Even have late combat power...this

At this moment, in the stars where the headquarters of the Alliance is located, the headquarters of the Alliance, the headquarters of the Star Alliance, and the high-level members of the Star Alliance are secretly discussing. Big

There are not many figures in the temple, only nearly one hundred.

The top one is the three great desolations of the nine bloody, the blue sky and the **** war lion.

Twenty-five ancient powers of the three tribes are seated on the left and right sides of the front of the hall. Big

At the beginning of His Highness, there are dozens of universe supreme... As for the Lord of the universe, they are simply not qualified to enter the hall! day

The news of the advent of the aircraft family has been around for three days. Since the three days, the top leaders of the Star Alliance have been conducting various analyses and deductions on the changes in the void situation caused by this incident...

The hall is full of excitement, and several great powers are arguing for their own opinions.

"Boom!"

At this time, suddenly a thunder and thunder burst came from outside the stars. The sound was too loud, and the stars under the feet shook a little.

After the loud noise, a voice of God suddenly came, and the entire star field could be heard..."

Small muddy, weedy birds, and lion-haired dogs, three of you... roll out the temple! "

In the hall, all the top leaders of the coalition who are on the agenda are all in a hurry, and their brains are guilty. They are all dumbfounded...
