Chapter 4811: Lion dog rolled out

"Boom!"

After the loud noise, a voice of God suddenly came to the Star Alliance, and the whole star field was clearly audible: "Small muddy, weedy birds, and lion-haired dogs, three of you... roll out the temple!"

It is clearly the voice of the Lord of the Devil, even if I have not heard it, I can guess it from this sentence. and

The little muddy, weedy, and lion-haired dogs that he said in his mouth are all idiots can understand.

In the hall, all the high-level leaders who are in the process of negotiating are all stunned, and their brains are guilty. They are all dumbfounded. They look at the line of sight, but they are conditioned. They look at the nine bloody, blue sky and blue blood lions who live in the head of the temple. The dawn is incomparably..."

Who is outside? The lion dog he is looking for... Who is it? "

At the head of the temple, the blood-sucking lion who had never been in contact with Ye Xuan sneaked a bit. Although the vague facts have already been guessed, the bottom of my heart is that some of them are not willing to believe, so they are blind and subconsciously asked. One sentence...

This can be embarrassing, the stars in the hall of the Star Alliance high-level face to face each other, the neck is red, the look on the face is even more weird, but no one dares to talk. on

Even the nine **** and blue sky Dapeng are also a constipation color...

"Oh..."

However, no one answered, but this kind of silence is actually the best answer. The blood-sucking lion has determined the speculation of his heart, and he is furious and screaming, his body swaying, and it is easy to disappear in the temple.

However, from the end of the ancient times to the existence of the world, a group of ancestors, although the cultivation of the realm is only a waste of ancient power, but no one has ever dared to really regard him as a wild power. which is

It is the general wildest supreme, and dare not easily provoke him...

But now, by the Lord of the Devil's House, he is provoked to the door, and it is just a matter of rolling out the name. Actually, in the face of countless strongmen of the entire Star Alliance, he is called a lion dog... This is simply a shame!

Only when there is a war, and the other side will fight and smash it, can you eliminate the hatred of your heart! "

Ugh! "

As his body shape screamed and disappeared, the star-studded high-pitched monsters in the temple were also bitter, and the nine **** and blue sky Dapeng shook their heads and sighed. but

But did not dare to delay too much, all of them rose up in the first time, after leaving the hall, went straight to the stars and went...

...star

Outside the Chen, the starry sky occupies the inner space of this star field...

In the violent form, Ye Xuan embraced his chest with his hands, and he was alone in the void. He was stunned in the middle of the sky and locked in the life star where the Star Alliance headquarters was located.

More than 100 million miles behind him, a life star is turned into cosmic dust, and large and small pieces of stars are floating in the void.

Appropriate, he suddenly broke into the Star Alliance, a boxing will explode this life star, and countless stars in the stars, all fallen. This

A scene of fierceness scared the existence of other stars in the surrounding area, and fled in the first place, or crouched in their respective Dongfu stars, dare not change slightly...

"Roar....."

The horrible roar came from the giant star where the former league headquarters was located. A golden figure rushed out like a meteor, and it was a **** lion that was furious! "

Are you violent? I really don't know how to live and die. Today, the deity has killed you personally..."

"Hey!"

The first roar, the **** lion screamed and snarled: "The lion has changed nine times... the ninth change!"

"boom....."

As the roaring sounds, the turbulent atmosphere of the blood-sucking lion has become extremely violent. The body shape that was originally only a huge one is also rapidly expanding. Within a short period of three, it has reached 60 million miles. huge.....

At the same time, the soaring, and the temperament that has been dispersed in his body, was the sixth stage of power, but now it has reached the seventh stage of the ruin, just like temper.

At this moment, the violent and blood-sucking war lions are separated by the universe's voids of hundreds of millions of miles away. Both sides are of a huge size of 60 million miles. The air-filled atmosphere of the body is all seven stages of power.

But in fact, because of the blessing of the powerful force in the huge body, the true combat power of the two people can be compared to the eight-stage absurd...

At this moment, Ye Xuan is somewhat dazzled. In addition to the existence of the Void Giant Turtle and Xingbo, the headless baby corpse, the blood-sucking lion in front of him is definitely the most powerful opponent he has ever encountered. .

I don't know how long the other lion's lions have changed. How long can it last...

"Roar....."

"Oh la la!"

In the head turbulent, the violent stunned at the blood-sucking lion, the screams just fell, and the squirting sound of the singularity came instantly. His entire figure instantly collapsed and turned into a **** sea, spreading over the universe. Void...

"Roar!"

"Roar!""

Oh..." tight

Then, from the three different directions of this vast sea of blood, the sound of the screaming roar and the whistling sound came from the boundless blood of the sea, and there were three huge figures in the blink of an eye. .

It's the three great devils of the Taikoo konjac...

Don't be the flesh and blood, that is, the starry sky! also

There is a bone of the cheekbones, without any flesh and blood, just a purple-golden cheekbones, revealing endless fierce breath, very incomparable! Take

And the body of the black fog... Although it is also a violent form, but the body is a black fog, even a pair of scorpions, just two awnings, it looks very strange! short

Between the short breaks, the three **** seas have been condensed out, and the body's self-cultivation is breathtaking, and all of them are seven steps of the ancient and supreme.

But in fact, the real combat power of these three **** seas, because of the huge and **** blessings of the huge body of 60 million miles, all reached the level of absurdity.

He Yizun is not weaker than the blood-sucking lion in the void in the hundreds of millions of miles away!

"How? Want to be an enemy? Come, the deity will single out your three **** singers..."

In this scene, the opposite of the blood-sucking lions smashed in the cold, the voice of the gods came out instantly, revealing the meaning of endless sorrow, and actually said that you should single-handedly pick the three **** karsts of the Lord of the Temple. Simply domineering.

"I want to be beautiful, do you have that qualification?"

The violent temper in the big blood sea turned over a white eye on the spot, the voice did not fall, the right hand turned down, the **** stick appeared in an instant, and he was dragged behind him, and his body went straight and went straight to the blood-scarred lion. And go...

"Roar!"

"There is no reason!"

To Ye Xuan's words, especially when I saw the temper, I just sent out a flesh and blood. I took out a **** stick and rushed to him. The blood-sucking lions hundreds of millions of miles away were furious. Yang

After the first arrogance, the figure was immediately swept away. blink

Between the eyes, the figure of the two meets in the void, and the earth-shattering roar comes. The emptiness of the area is hundreds of millions of miles away. It is completely chaotic, and the atmosphere is violent. From the outside, it is impossible to see. The scene to the center of the battlefield! This

It's clear that it's an opponent's opponent, and it's a fierce rhythm from the beginning...

Chapter 4812: This is the third time.

Obviously, the violent and blood-sucking lions here are rivals, and it is impossible to distinguish the winners and losers in a short time. but

As time goes by, the only thing that falls into the wind is the blood-sucking lion, because his **** secrets of mad lions, regardless of the length of time, must have time constraints, but Ye Xuan's konjac changes. There is no time limit and it has been pushed to perfection.

In fact, if it is necessary, once the violent scorpion is used to display the sacred power of the sacred bow, it will be able to shoot the blood-scarred lion in a short time, but now it is not necessary to expose these means too early. total

In other words, there is no need to worry about the battle between the violent and blood-sucking lions here. The end result is that there will be no suspense...

With the violent departure, facing the blood-staining war lion, the skeleton of the bones and the black mist in the vast sea of blood, also turned to the front of the Alliance headquarters stars to see the past. "

call out! ""

Oh..."micro

The weak sound of the air broke out successively. From the atmosphere of the stars, nearly a hundred figures were rushed out, all of which were the top leaders of the Star Alliance. The leader was the nine-headed **** and blue sky Dapeng in the first-class situation!

Twenty-five ancient powers are behind the two..."

Oh..." This

At one moment, the cheekbones suddenly screamed out of the hair and screamed. When the sound was still not falling, the figure was already smashed out and turned into a purple gold mang, and a fist blew to the front..."

Damn, this guy is staring at us again..."

"What the hell? This is the third time..."

Seeing that the cheekbones were smashed into one's own boxing, it was clearly the rhythm of the direct battle. The nine **** scorpions and the blue sky Dapeng were all stunned, and the face was drastically exclaimed.

For a moment, the hearts of the two of them were completely collapsed, and they even complained about the blood-scarred lion.

When the Star Alliance became independent, it was necessary to let the Devils immediately return to the bloody, Qingpeng and War Lion tribes, otherwise they would have to fight...

This cargo is a starry sky, a famous temper, this is not... have people been recruited? Partial

Although the strength of the Star Alliance is now skyrocketing, but by its own strength, there is no way to compete with the magic hall. to

Less in the high-end combat power is absolutely not enough, the three ridiculous combat power, simply can not be put in the eyes of others.

The blood-blowing war lion is good. He has the seventh-order power of the absurd. Anyway, even if he is alone with a **** sea, he has no fear. The two of them are clearly divided, even if they are fighting side by side. Split, that is definitely the rhythm of being abused...

On the previous two times, this time, is it the third time?

However, here is the base camp of the Star Alliance, and all the ethnic groups of the **** and Qingpeng families have now migrated. This time, he has the heart to take it away, which is simply impossible. again

Depressed, I can only bite my teeth here and fight hard..."

Roar! ""

Oh..."

In the sorrow and anger of the heart, the nine **** and the blue sky Dapeng each raised a screaming scream and screaming, and then they rushed out and walked shoulder to shoulder, welcoming the punching bones. Look

The murderous cheekbones were separated, and the two old guys were stunned with black air. They thought that this time the blood-sucking lions were carrying blood, qingpeng and war lions. It is a matter of luck for both of them and the entire Star Alliance.

Finally, you can raise your eyebrows!

In fact, the overall strength of the Star Alliance is indeed a lot stronger, but it is obviously not the opponent of the Devil Hall, and for them, the **** tribes of the tribes migrated, clearly a can not get rid of The shackles, which were previously abused by the Lord of the Devils, can at least run. but

Now, the possibility of running is gone... fine

Think about it, you just want to vomit blood!

"boom!"

"Hey!"

In the light stone fire, the three people's body shape passed by, facing the murderous bones of the scorpion, nine **** and blue sky Dapeng simply did not dare to face their front, now squatting to meet, just to The sacral bones are taken away, and the people in the alliance star field are not affected by the fish.

In the moment of staggering, the nine **** and blue sky Dapeng will push the power of the body to the extreme, but they did not attack, but they did their best to defend, even dare not face the blow of the cheekbones. Avoiding it...

"Hey..."

Oh..."

After the loud noise, two fierce screams of fierceness sounded, and a huge blood bag swollen behind the **** head of the nine heads, which looked extremely scary.

Qingtian Dapeng's left chest is also swollen, and a large number of cyan feathers fall off, revealing a pale gold body, which is shocking...

Although he suffered heavy losses, he immediately turned around and left, but this time, the two old guys couldn't help themselves. After rushing out of tens of millions of miles, they endured the grief and indignation of their hearts. I looked over to the cheekbones. for

He was led away to avoid the suffering of the people in the Alliance Stars. They were bleeding in their hearts, but they had to be angry and angry.

"Roar!"

Oh..."

"Impatient, your cheekbones are not so good, too weak, and a punch is soft and weak, just like itching..."

Yes, I have to give my deity a few more things, and I'm uncomfortable..."

call out! "

"boom!"

"Booming..."

The sound is still not falling, and the bones that seem to turn around are fascinating, and the whole figure disappears in the distant sky. a few

At the same instant, it appeared between the nine heads of blood and the blue sky Dapeng, without saying anything, directly hitting two punches...

Nowadays, Ye Xuan's cultivation has reached the seventh stage of the ancient and supreme. If it is combined with the huge mass of meat and blood of 60 million miles, it will be comparable to the first-order blessing of cultivation. His real combat power is already comparable. Eight-stage absurdity. Eight

The stage is the first step in this situation, even if it is an enemy two, as long as the timing is right, there is also the possibility of killing the opponent.

The reason why the shin bones are closely watching the nine **** and blue sky Dapeng, but for this purpose, this is two ancient sacred, if it can be killed in the first battle, Ye Xuan will immediately harvest two The blood of the ruling, the meaning is so great, that is, he can't help but feel the heart...

Yes, these two old guys all lived from the ancient times to the old fritters of the world, plus the **** sticks and the nine-color flame sea are not in the hands of the cheekbones, even if Ye Xuan's combat power is now more than eight-stage absurd, But if you want to kill them all under one World War, the difficulty is not too small. very

It can be said that it is a small probability, a factor that requires opportunity and timing...

Therefore, at this moment, he is not in a hurry. The body of the cheekbones firmly locks the nine **** and blue sky Dapeng, not letting go of any detail, waiting for the best time for the Thunder strike. Then one hit and kill...

Chapter 4813: The rhythm of the tiger into the flock

At the edge of the Star Alliance, a large fortress is emptied of the void, but it does not dare to move slightly. In front of this large fortress, it has recently rushed out behind the nine **** and blue sky Dapeng. Hundreds of figures, all of which are the top leaders of the Star Alliance...

Among them, the twenty-five ancestors of the great universe of the second universe, the rest, are the master of the universe and the supreme universe. This

Helping the guys in their respective ethnic groups, all of them are high above. On weekdays, people look at the nostrils of black holes, but now they all shrink their necks, and they are scared and scared. ...This

Twenty-five ancient powers, all of which were brought from the Second Universe, who had never even seen the Lord of the Temple before. Although these days are as good as they are, the feelings they see with their own eyes, But it is completely different!

Nowadays, the domineering of the demon hall is coming, and when you are on the scene, you will wave your hand to sacrifice a **** sea. The three bloods and seas are all in the late stage of the 7th-order sacred, and the huge 60 million miles. The strength of the blood in the flesh, the strength is enough to match the eighth-order absurd...

It was a blood-throwing war lion. After being taken away by the **** flesh and blood of the three blood seas, they all fell into the disadvantages after the first battle. Although they did not find the merits of parry, they did not fight back. But it is similar. to

The nine-headed **** and blue sky Dapeng, which is only a step-by-step, is even more miserable. One of the brains is swollen after a face-lifting, and one chest is bald, but in order to bring the three main bloods of the Lord of the Devil. The shin bones in the avatars are separated, and they have to resist the hard air and take the initiative to provoke provocation...

This scene is tragic and strong, and immediately moved the top 100 high-ranking people in front of the fortress outside the Alliance.

The universe's Lord and the universe's supreme face are flushed, and the chest is undulating, turning to each other and whispering out..."

The **** ancestors and the Qingpeng ancestors were really righteous. In order to preserve my ancestors, I did not hesitate to face the violent cheekbones and bear the pressure alone, and lead them away..."

This is the style of a group of ancestors. There are such high-spirited ancestors. Today's battle is the murder of the Lord of the Devils. Even the three ruins of the Star Alliance are seriously injured, and there will be a comeback in the future. day! "

"Yes, such ancestors, the people will never waver, even if the Lord of the Temple is fierce, it is impossible to conquer us, let us yield..."

It is a pity that the three ancestors only just opened the flesh and blood of the Lord of the Devil and the skeleton of the skeleton, but the blood of the Lord of the Devil has three bodies, and the black mist is also extremely powerful..."

If he is allowed to rush over, without the ancestors blocking, the bloody, Qingpeng and the three ancestors of the war lions will be bitter, and once they can come over, they must be investigated for this matter... ..."

It is a pity that I am only the master of the universe, the universe is supreme, even if it is shoulder-to-shoulder, it is not the opponent of the black fog. It is not enough for everyone to be a finger, and it will be instantly destroyed on the spot..."

Hey, if this time, the old man can have a level of combat power, even if it is just a waste of great power, dozens of great powers, it must be able to block the dark fog of the Lord of the Temple... .."

Oh, the poor three ancestors have worked hard, just to protect the whole body and repair the countless people who are not strong enough. Nowadays, it is difficult for people to fight against the sky. All efforts and sacrifices will be lost. It's really sorrowful..."

Later, the dozens of the universe's masters and the words of the universe's supreme voices were a little choked, and they all agreed to look at the twenty-five ancient powers that were in the void in front of them. listen

The meaning of this discourse is clearly suggesting that the twenty-five mighty ancestors have quickly shot, and the last black mist in the three **** seas of the Lord of the Devil is immediately taken away, so as not to be inside the star field. All ethnic groups suffer from the rhythm of the fish in the pool..."

Roar! "

"You guys, when the war started, how did you start to lose?"

A bunch of waste! ""

Oh..."

Not far from the front of the void, twenty-five of the ancestors of all ethnic groups have a white face and a white face, all of which are exposed to the hustle and bustle, and they are screaming in anger and anger.

The roar did not fall, they turned to exchange a look, the face showed a sorrowful color, hard scalp rushed forward.

My heart hated the bones of the cosmic masters and cosmic supremes of the dozens of races behind them.

These guys are so talkative, clearly deliberate, this is a conspiracy, in the face of countless coalition forces forced them to go up and thunder. can

Unfortunately, even if they know this, in the face of the current situation, there is no way to go, and they can only die on the scalp. no

Then, regardless of whether the blood-sucking lion, the nine-headed ***** scorpion and the Qingtian Dapeng can survive in this battle, they will not want to return to the Star Alliance and their respective ethnic groups in the future, and they will become lonely. All parties are spurned! "

Oh..." this

Engraved, the black mist of the sky in front of hundreds of millions of miles away, after seeing the twenty-five Star Alliance's wild powers rushed out, it was the first time to express a terrible scream. 戾

In the howling, there is endless excitement and excitement. This

A sudden sudden arrival of the Star Alliance, Ye Xuan's real goal, in fact, is the twenty-five ancient powers of the Star Alliance that came to the emptiness of this piece of land. in

In his eyes, this is clearly twenty-five great blood. Such as

Today, there are only five of the twenty-thousand-year-old treasures in his hands, but there are still nine high-energy blood, but only nine powerful blood, but also a few deserts. Bao Dan. Place

Therefore, Ye Xuan did not intend to start refining now, he would also collect more powerful blood. If this time, the twenty-five ancient powers that the Star Alliance had just arrived on were all killed. that

What is the great blood in his hand will reach 34 giants, and several of them are refining the blood of the ninth-order power.

In this way, if there are no accidents, these 34 powerful blood, he will be able to refine at least 30 of the twenty-nine-level ridiculous treasures... This is absolutely a sure thing.

For this reason, this time, after Ye Xuan took the shot, he was alone in the **** body of the nine heads and the bones of Qingtian Dapeng, and even never took the nine-color flame sea away. because

In order to kill nine **** and blue sky Dapeng for him, this is a secondary purpose.

Nowadays, he left the nine-color flame sea to the black mist. As long as the flames of the sea are sacrificed, they will be able to trap the twenty-five ancient powers that have just arrived in front of hundreds of millions of miles. In the void. Session

When the black mist rushed into the flames, for the wild power of the twenty-five Star Alliance, it was simply a tiger into the flock, killing the Quartet...

Chapter 4814: Slaughter of red fruit

"call out!"

call....."

boom! "

"Booming..."

The sharp sound of the air rang, the black mist split and the shoulders shook, and the whole figure disappeared instantly. again

When it appeared, it suddenly ran across hundreds of millions of miles, to the empty space not far from the twenty-five Star Alliance of the Star Alliance that was rushing to face...眸

Under the flash of the cold mang, the black mist was waved for a moment, and a faint worm-like fascinating glare came out, and the wind rose, and it turned into a vast and innocent flame.

In the void, the sound of whistling is endless, accompanied by a low-pitched sound of bang. steep

However, the nine-color flame sea that appears is like a mercury leaking ground, spreads out in an instant, sweeps away from all directions, and renders a large universe of voids...

All this happened too fast. The twenty-five ancient powers of the Star Alliance that rushed out from the front of the sky, did not expect the hands of the black fog to have such a vast nine-color flame. he

They are just ridiculous, even if they are the two strongest players, they are just the great nine-step perfection, that is, half-step absurdity. and

At this time, the black mist of the shot is a seven-stage absurd, and the combat power is more than the absurd eighth.

The gap between the strengths of each other is too great, and the black fog is suddenly shot. With their strength, they can't respond in time. When the flowers come back, the twenty-five old guys together with their own quarters are 200 million miles away. The vast void of the square has been turned into a spherical, nine-color flame sea, completely shrouded.

The inside of the hollow sphere of this huge ball is their cage. It can't escape at all, because no matter which direction it breaks through, it will touch the nine-color flame sea. It is definitely the rhythm of ten deaths...

Looking around, all eyes are transpiration of nine-color flames, and the sky and the earth are empty, all together, they are completely blocked by this flame sea.

The mind flashed through these thoughts. Twenty-five large-scale savage ancient physiques came to an abrupt end, and the shape of the madness of the body suddenly changed, and they burst into exaggeration, revealing endless desperation...

"Nine-colored flame sea? God, this is the Shennong nine-color flame..."

Let's be fooled. The real goal of this guy is not the blood-stained war lion, nor the nine-headed blood and the blue sky, but us..."

"Yes, his dark fog is enough to fight the eight-stage absurdity. It is more than enough for us to be able to deal with the twenty-five ancient wilderness, but it will be able to stay in the other two battlefields." It is clearly the rhythm of killing chicken with a knife!"

"It's all unreasonable. The only explanation is to use this nine-color flame sea to trap all of us. So, when you start the slaughter, you can avoid other powers to pull out..."

This is clearly the rhythm of waiting for me to fight all the time. What is the Lord of the Devils trying to figure out? There are three ancient powers that are likely to be killed, but they leave the meaning of the nine-color flame sea to the black fog, specifically dealing with me and other ancient powers. This is simply bullying..."

"Dome friends, don't worry, look, he has already killed..."

"The old man is not willing to..."

"Roar!"

Oh..."

"Hey..." this

At this moment, the ancient powers of the twenty-five Star Alliances finally realized that it was not good. All the people's minds suddenly felt a sense of desperation. Under the unprecedented crisis of life and death, they all roared up. through

Endless unwillingness...

In this overwhelming screaming sound, not far from the front, a black shadow appeared without warning, but after a flash, it disappeared in the same place! This

At the moment, the twenty-five ancient powers trapped in the nine hundred-mile-diameter sphere formed by the nine-color flame sea were all cold in the back. The unknown fear made their scalp numb, and the nervousness was normal. Turn around and look around, cup bow and snake shadow, grass and wood are soldiers...

"call out!"

"Boom..."

Just in the next moment, a faint sound broke through the air, and behind one of the ancient powers, a black shadow suddenly appeared, and there was no such giant of 60 million miles, because it was too big to be assassinated.

This is just a group of wild powers like an ant, even if the black mist quits the 60-mile-old giant body, the strength of the blood and the blood, the first-order blessing of the strength, he is still the seventh-order absurd The crushing of this group of ancient powers is almost like killing a group of ants.

It is said that the tigers are in the flock, and they are all raised.

At this moment, the dark shadow that appeared behind the ancient power of the ancients was only able to stand tall, but the pressure of the body that was diffused in the body was terrible. The moment his body appeared, the head was locked as the first one. The target's savage savage scalp has exploded, and Zhang Mouth wants to cry for help...

Unfortunately, he will never have this opportunity. only

Only when the black fog of the high-pitched squad appeared, the first time, the arm of the exhibition stretched out the right fist, without a little bit of energy, and a simple punch directly hit the ancient power. Vest.

After the huge explosion, the entire body of this ancient power has exploded.

All this was too unexpected. With the blast of the blast, the beasts couldn't even have a chance to react half a minute. The flesh has turned into a **** fog and spreads at a rapid speed. "

call out! "black

The fog avatar also waved at the first moment at this moment, and a huge invisible qi was rolled out of his body, covering a radius of ten thousand miles.

The **** fog that has just spread out has been swept up and collected in the body, waiting for the bottom of the volcano in the central area of the Dingnai space after the war.

After completing all this, I only used half-interest. The half-interest has just passed, and the body shape of the black fog has disappeared. When it is reproduced in the blink of an eye, it has already reached the other side of the world. The front...

At this time, this old man was turned to look forward with vigilance, because the one that had just fallen was unpredictable, and the black mist that suddenly appeared behind him burst into flames. used

Under the sexual thinking, he reflexively thinks that if the target of black fog is locked, this time, it will definitely appear behind him.

Although there is no way to avoid escaping, but strong desire to survive, but still let him put all his attention to the area behind him. can

Unfortunately, the black fog is not in accordance with common sense. people

The family turned to look back, but he appeared in front of the figure of the people, and quietly, without a little bit of movement and energy.

"boom!"

puff....."

When the alarm of this ancient power is born, when he realizes that it is not good, the black mist has raised his hand again, and he flutters in a fluttering manner, kneeling on his chest, and there is no suspense in half. It's heard that the whole body shape of this ancient and powerful canopy has turned into a red blood fog that spreads rapidly in the blink of an eye...

Chapter 4815: Punch seven

"Hey!"

The second target shape exploded, turning into a haze of blood, and the black mist was also waving in the first time. A huge invisible instinct was rolled out of the body and enveloped a radius of ten thousand miles. just

The **** fog that just spread out was swept away by him, and he was enrolled in the body, waiting for the bottom of the volcano in the central area of the Dingnai space after the war. This

Once, he still only used half-interest. After a hit, the black-skinned body shape of the taller figure disappeared again.

This scene scared other wild powers. he

They are only a total of twenty-five people. Now they have been murdered by two people. It's like a leek, and it's like this. It's a time when it's half-column, it's going to be the rhythm. what. This

It will obviously not work, and it will be broken in a short time. brain

These thoughts flashed through the sea, and the remaining twenty-three wildernesses looked like they turned their eyes and exchanged their eyes.

"Hey!"

Waiting for a sense of communication between them, with the sound of a weak break, the body shape only succumbs to the black fog, and the blink of an eye goes to the other side of the billion miles, just in the first The head of the three heads of the ancient powers..."

Oh..." This

Once, this ancient power of the wilderness felt the crisis coming at the first time. Before he was shot by the black mist, his body shape had suddenly trembled. Under the fear of cross-talking, his hair screamed with a fierce scream. Il....."

boom! ""

Oh..."

Unfortunately, all this can't change anything.

Not waiting for his whistling sound, the black mist has already been shot, still a simple punch, squatting on the right shoulder side of this ancient power. Connect

There was no suspense in the scene, and after a huge explosion, a dull scream came out. The whole body shape of this ancient and powerful can be turned into a red blood fog that spreads rapidly. "

call out! "This

It is already the third goal. It still can't hold back the black fog. The whole body is turned into a **** fog, and the black fog is also waving in the first time.

A majestic invisible gas force rolled out of its body, covering a radius of ten thousand miles, and the **** fog that had just spread and spread was swept by him.

It will be put into the body, and will be sent to the bottom of the volcano in the central area of the Dingnai space after the war to carry out blood refining...

In a short period of time, the three powerful wilderness powers fell, the flesh exploded, turned into a blood mist, and the body was destroyed by the black mist. The existence of such a powerful existence, but even half of the hair was not able to stay.

"Roar!"

Hey! "

Oh..." This

Everything was too horrified, and the remaining 22 ancient powers had already been heartbroken, and under the screaming and screaming, the figure was subconsciously gathered and wanted to hold the group.

At the same time, the sounds of the gods, full of fear and sorrow, also sounded in an instant, echoing in the emptiness of hundreds of millions of miles covered by nine-color flames.

Damn, this is the rhythm that will take me to a comprehensive slaughter..."

"All the people are coming together and can't let him break through so much, otherwise I can't escape without waiting for one. Today will be all fallen here."

"Will it be useful to gather together? The gap in strength is here, just like a gap in the sky, it can't be overtaken. At this moment, the void around the world is shrouded by Shennongyanhai. There is no way to escape. This time, we are mired in death. The game..."

The Lord of the Templar, today's business, there is no room for manoeuvre? There is no irresponsible resentment between me and so on. Everything can sit down and talk..."

"Yes, our Star Alliance is not necessarily independent from the Magic Hall. It was only a blood-sucking lion that was impulsive. We promised to convince him to let the Star Alliance return to the embrace of the Temple."

Yes, after that, there must be no more disagreement..."

Later on, the tone of these twenty-two ancient powers has already revealed the meaning of pleading. The ancestors of the great powers, now they are sorrowful, showing how strong the horror and despair of the heart are...

However, all this is impossible to impress Ye Xuan.

At this time, he is only in the void of the universe beyond 100 million miles. His body shape is still only high, but in the small figure, what is diffused is a kind of dominance. Ling Zhiyi, the world! listen

To the pleading pleadings of the poor worms, the dark fog of the scorpion flashed a slap in the face and ridicule, and the voice was utterly sloppy. He responded: "No, the devil is not the one who wants to come, who wants to leave. There is only one chance, and it has already been given to you. Since you give up, there is only one in the end... die!"

"call out!"

The last dead word has not yet fallen, and his figure has already disappeared in a sharp, empty voice. half

When the interest does not reappear, the virtual distance that has crossed the distance of 100 million miles has appeared in front of this group of ancient powers...

In a short period of time, the twenty-two ancient powers that still survived have been gathered together under endless fear, like a frightened beast, crowded in a corner to take hold.

Nowadays, the black mist has been swayed and swayed. There is no evasive meaning at all, and it directly rushes to the front of the guys.

After the body shape came to an abrupt end, the black mist split and smashed in the middle of the cold, and immediately punched out. versus

At the same time, the sound of a **** of arrogance and arrogance also resounded through this trapped void: "Don't you want to take a group to take it? This is also good, but it also saves the trouble of the temple. The bombing is..."

"boom!"

"Booming..."

The voice of the gods has not yet fallen, and the black mist has already slammed out his arms. This time, he has done his best, the energy is raging, the momentum is too majestic, and the place where the fist passes, the void is blown up. The thunder is violent, and the inch is broken. This

It is clearly the rhythm of bombarding these twenty-two ancient powers under one punch. This

Among the help guys, the cultivation of the strongest strength is nothing more than a half-step absurdity of the two ruins of the ruins of the ancients.

But today's dark fog is a seventh-order ridiculous, even if it is an enemy 22, if they don't dodge, this punch will be enough to blow them all..."

Roar! ”

"Hey!"

Oh..."

"Maniac! This guy is a madman..."

"God, I am going to kill 22 ancient powers with a punch. This horrible slaughtering method is never heard in the distant old times. This is a real killing..."

"Escape, what are you doing here?"

"The old man just said that the difference in strength is too great. Even if I get together, there is no meaning. As the other party said, this will save him trouble. This is clearly a punch. Will I wait for the rhythm of the whole..."

"Hey! Why is this? The old man is not willing..."

Chapter 4816: Powerful to kill soft

"Booming..."

"boom!"

"puff!"

Puff puff....."

A desperate exclamation came from the front, but the black mist was half-divided and unmoved, and the smoldering flashed the cold, and the repair in the body was pushed to the extreme.

A fist banged out, the heavens and the earth changed color, and the voids all came out with a low-pitched thunder, and the inch was broken. tight

Then, after a scream of horror, the sound of continuous and dull screams came...

To the black mist, a fist hit, these twenty-two turtles gathered together in the wild power, and in the mouth desperate exclamations, the face has suddenly fled. Do not

However, they are only the power of the ancients, and there is no comparability with the black fog that is cultivated as the seventh stage of the ancient and supreme. black

The fog has already been forced to the front, and the speed is almost incomparable. The vast majority of the twenty-two ancient powers have escaped from the left and the right and the upper and lower directions in time, but there are still a few A bad luck ghost is a step slower...

There are seven such a total existence.

In fact, compared with the other fifteen ancient powers, their reaction is only a half-step slow, but this is half a step, for them, it is enough to decide life and death... black

The fog was split for the fourth time, although it was still a simple punch, but the momentum was obviously different from the previous one.

It's no longer a sneak attack under the shackles, but a bright, straightforward strike in front of it... a full blow! boom

The thunder is so shocking that it is even more sullen.

There was no suspense in the scene that appeared in front of you. After the huge explosion, the seven heads were slowed down by half a step. The ancient powers that could not be avoided in time, the huge body shape, the blink of an eye was transformed into a tent. The **** fog of blush spreads rapidly...

"Hey!" This

The power of the first strike was shared among the seven ancient powers, but they still couldn't hold back the black fog. The whole body exploded into a **** fog, and the strength of the two sides was disparity. It's too big, it's impossible to make up for it with quantity...

The blood of the seven awnings burst open, and the black mist was also waved in the first time. A huge invisible qi was rolled out of the body, covering a radius of ten thousand miles. The fog was all swept by him. Receive

Into the body, in the aftermath of the war to the bottom of the volcano in the central area of the volcano, and then expand ... blood fine condensate! to

Therefore, within a short period of time, the black fog has been divided into four shots, and the ancient power of killing has reached the top ten, and the average counts down, one by one!

This is absolutely terrifying, and the remaining fifteen old people who have fled and fled have long been trembled and stunned. The figure did not dare to stop. In this trapped emptiness of hundreds of millions of miles, which was banned by the nine-color flame sea, it continued to move at a rapid speed.

As if this would allow them to avoid a catastrophe...

This short ten's interest is definitely the most fearful moment in their lives, but for Ye Xuan, it is never before. ten

After the interest, I have harvested ten powerful blood, which I could not even think about before. remote

At that time, in order to get a big blood, he had to work hard and conceal, and it had to go through a big battle before he could get it.

Everything at that time is just like the world. This

It is the powerful and wonderful place that makes Ye Xuan's heart more firm. Unconsciously, his state of mind has actually gained a small sublimation in this wonderful experience.

At this time, with the fall of these ten ancient powers, the only powerful blood in his hands, which was only nine pieces, was suddenly soaring to the present nineteen. This amazing result, even if it is Ye Xuan himself has a feeling of incredulity, everything is like a dream...

However, everything is far from over.

The absurd power of these twenty-five Star Alliances will not be missed today, because almost one end represents the birth of a twenty-nine-level ridiculous Baodan, which is of great significance and must not be lost.

At the moment, twenty-five ancient powers are just killing ten heads, only 40%, and the remaining sixteen and fifteen heads, still as if they are trapped in the ban of hundreds of millions of miles in diameter. In the void, the wolf flees and is waiting for him to harvest..."

call out! "tip

The sharp sound of the air broke out, and the black mist split into the spot and disappeared. If it was less than half an interest, it would have spanned 200 million miles to the other side of the banned void.

The last fifteen unresolved ancient powers did not dare to get together again, but they were basically in this area, because they dared not be too close to the black fog, fearing that they would become his next hunting. aims.

Although everyone is dead in the end, if they can die behind, no one wants to be the first one to fall.

Will a miracle happen in a moment?

"boom!"

puff....."

Unfortunately, this time there was no miracle...

When the body shape of the black mist appeared, it was shot at the first time. It was still a simple punch, but it was accurate in the direction and angle of the shot...

Once, his figure did not stay in place.

When a fist hits, only the shape of the high-pitched singer is spurred with the violent energy in front of the fist face. Like a meteor with a speed, the speed is almost to the extreme...

On the front line of his fast-moving body, there are exactly five ancient powers that exist at different distances, either near or far...

There was no suspense in the scene, and after a huge explosion, a dull squeak came out, and a punch bursting out, the body shape of the black mist was instantly passed through the figure of the ancient power of Panda.

Moreover, in the blink of an eye, it becomes a blister, and the blood fog spreads rapidly. At the same time, the castration of the black mist is still unfinished, and it can even be said that there is no influence at all...

"call out....."

"boom!""

Oh..."

Down, in a short break, this fist hit the other four targets in front of the route, but also failed to hold back the black fog. The whole body exploded into blood and blood, and it fell. Off...

Until then, the black mist that was shaped like a meteor and spurted away was only abruptly stopped in the universe beyond the billion miles.

And waving in the first time, there will be a huge invisible temperament from his body, covering the vast void behind the miles, and the **** fog that has just spread out of the four canopies Swept into the body, and sent it to the bottom of the volcano in the central area of the Dingnai space after the war, and began to condense blood... 眨

Between the eyes, there are five ancient powers that have fallen. With their fall, the number of powerful blood in Ye Xuan's hands has soared to twenty-four. Such as

There are only ten remaining ancient powers that still exist today. After killing all ten of them, the goal of this war will be successfully completed...

Chapter 4817: Nine great powers

"boom!"

"puff....."

Unfortunately, this time there is no miracle happening... black

As soon as the body shape of the fog appeared, it was shot at the first time. It was still a simple punch, but it was accurate in the direction and angle of the shot...

Under the single blow, there are five heads of ancient powers that have fallen, and with their fall, this piece of the void that has been trapped by the nine-color flame sea, and still the remaining ancient powers, has only ten left. Now!

According to the style of his previous attack, a punch burst, his body shape is injected, like a meteor, and he is able to pierce the fierce beasts in a moment... The ten big energy classes that survive today are clearly only two strikes. Completely wipe out the rhythm of ending work!

These thoughts flashed through my mind, and the ten surviving beasts were so scared that they once again stunned, and after switching to one look, they suddenly lost their voices...

"Damn, not only can't get together, you can't even stay in the same area. His knowledge is too strong, his computing power is amazing, and he can hit the heart with a punch."

Spread out, spread out immediately, who is picked up by him who is unlucky..."

"But is this useful? The work of the small half-column incense, there are only twenty of the twenty-five ancient powers, even if they are lingering, how long can we drag on?"

"It's better to hold the group, and at the same time blew it up. Anyway, it is dead after all. Let's fight with him..."

Farting, people are late absurd, we only have ten powers, even if they blew up, they can't hurt him, but let him save his strength..."

You want to die and send it to your door. The old man will never accept his life at the last moment. Even if he really wants to fall, he will never break his own. He has to let him have some strength to harvest the old man's life..."

Roar! ""

I am not willing..."

Hey! "

"boom!""

puff....."

With the excitement and whistling sound of the endless desperation, the last surviving ten ancient powers never dared to gather in a region. he

They each chose a direction, and they blinked in the blink of an eye. Look

In this scene, the black mist splits the corner of his mouth and reveals a smile, revealing the contempt and ridicule that is too thick to be opened. shoulder

Under the sway of the head, he only made the shape of the high-profile body easy to disappear in the same place. When the next moment appeared again, he was already in front of one of the ancient powers. No

There was a half hesitation, and the body shape appeared, and the arm was suddenly punched out...

The tremor was empty, and the low-pitched humming sound broke out. The next scene was not suspenseful. After a huge explosion, a dull squeak came out. The whole figure of the ancient power of Panda was dazzling. The space is turned into a red blood fog that spreads quickly..."

call out! "

This guy's cultivation is not weak. It is one of the two half-steps of the twenty-five fierce beasts. Even so, at the moment, he still can't hold the black fog and the whole body. The shape explodes into a blood mist.

The black mist was also waved in the first place, and a huge invisible instinct was rolled out of the body, covering a radius of ten thousand miles. The **** fog that had just spread and spread was swept by him. In the body of the income, after the war, send it to the bottom of the volcano in the central area of the Dingnai space, and start the blood refining...

One scene once again shocked the other nine beasts. In their view, among the only ten beasts, the first head of the fall, in the dark fog, is clearly the last killing screen!

Soon, this unprecedented terrorist killing will come to an end, and at that time, they will cease to exist, and the hardships of the endless years will eventually be turned into a canopy for the other party to wave. and

The **** fog that must be used after the war...

The head flashed through these thoughts, and the last remaining nine fierce beasts trembled in an instant. At this moment, the intense fear of death completely destroyed their minds. begging

The voice of pity, the voice of words, sounds again..."

Devil Lord, must you kill it? No matter what you need me to do with the **** fog that the body is exploding, now twenty-five fierce beasts have been stunned by you, only nine are left... It's not enough to harvest sixteen. ""

If this is the case, I will be willing to surrender, I can swear by the Alliance, and never renege, otherwise the heavens will be destroyed, and in the future, I will kill another ancient power for the Lord of the Lord, and make up for the loss caused by leaving me a life! "

"This is only a profitable business. Nine old and powerful. Although your magic hall is big, but only one of you is powerful, is there any existence of the ancient power level? Once we join the nine, the temple The strength structure is reasonable..."

Yes, the Lord of the Lord, this is a win-win situation and will not let you have any loss..."

If the Lord of the Lord nods, I will immediately swear by the Alliance and withdraw from the Star Alliance, join the Temple of the Devil, and swear allegiance..."

"Roar....."

Hearing this discourse, the black mist was originally spurred, and he was rushing to the shape of a fierce beast, and it was easy to stop in the air. original

Ben, he really wants to kill all the twenty-five fierce beasts of the Star Alliance in this battle. but

Suddenly I heard the advice of these nine guys, and he suddenly felt a little heart.

The power of blood in his hand was only nine, and this battle has killed nine fierce beasts. The number of powerful blood has climbed to twenty-five.

Although the nine guys will be killed again, they will climb to thirty-four, but if they are left behind, the effect will obviously be even greater.

As for more powerful blood, you can go to the Wanzu League to go there. This time, there are also the ancient powers of the 24th First Universe servants. complete

In fact, the captive corps among the five major corps of the Devil's Hall is now composed of the captives of the bloody, Qingpeng and war lions, and the nine ancient powers in front of them are also from these three tribes. name. If

It is their participation, not only the captives of the bloody, Qingpeng and the lions in the captive army will be determined, and the nine old guys will be able to completely return to their hearts.

After all, although they are surrendering to protect their lives, they will come to the magic hall in the future, and see so many people living in good life, and cultivated for strength, the feelings of the **** tribes will surely fade. go with. Session

At that time, they wait for the nine people to bring out a branch from the ethnic group, to live within the magical hall, and to live and develop better than the ethnic groups in the original ethnic group. Such as

Therefore, self-satisfaction! miss you

Here, the black mist splits in the middle of the cold, and immediately nods, the voice of the gods spread: "So good, within the temple of my demon, there are just countless blood, Qingpeng and war lions. The tribes, in the future, will be your ancestors, and the governing rate will be..."

"What are you still honing? The league has vowed that the temple may change its mind at any time..."

Chapter 4818: Big handwriting

After the decision, the black mist splits and sinks, and immediately drink: "What else is it honing? The league has vowed that the temple may change its mind at any time..."

The joy of coming is so fast, the nine ancient bloody, Qingpeng and war lions are stunned on the spot. tight

Then, the face showed ecstasy, without hesitation, the first time they made a vow, so far, they have nothing to do with bloody, Qingpeng and the Lions. From

From this moment on, it has become the sire of the Temple of the Devil, the lord of the Lord of the Devil.

"Hey!"

At the end of the cut, the black mist immediately waved. Are

Between the engravings, the nine-color flame sea that covered hundreds of millions of miles wide and empty, surrounded by condensing in an instant, turned into a weak worm-like small point, under the masculine, immersed The black-eyed eyebrows disappeared. and

At this moment, with the disappearance of the nine-color flame sea, the scene of the trapped hundreds of millions of miles beyond the void can finally be clearly seen.

The nine tribes who have gathered together in the masculine have turned their heads and looked at each other with sorrow. With the sights of the surrounding sky in the horizon, they have a kind of ambiguity. The illusion of the world...

"This war, no need to wait for the shot, but since the temple is on the Star Alliance, it can't be empty-handed..."

At this point, the black fog avatar turned to the nine of them and saw it. Under the flash of the cold man, the voice of the gods instantly came out: "The front is the battleship army of the Star Alliance. You nine people immediately shot, each Robbing a million-size fortress, as a name for the cast of the temple..."

Upon hearing this, the nine ancients were able to stop on the spot, but they did not have any resistance. They even swore that they had no way out. Such as

Today, Ye Xuan let them take the face of countless strongmen in the Star Alliance, and robbed 10 million large and small fortresses from their respective ethnic groups. Although this is awkward, it is so good, at least let them break. The thoughts of the returning group..."

Roar! ""

Oh..."

Here, the nine tribes turned their heads and exchanged a look, no longer hesitating, even when they screamed, the body's breath swelled, and the shoulders swayed, and immediately rushed to the Alliance Army at the edge of the Star Alliance.Such as

Today, the Alliance's three ancient sacred blood-scarred lions, nine **** scorpions, and Qingtian Dapeng are still fighting against Ye Xuan's two **** seas, and all of them fall into the wind, and the situation is not good. whole

The strongest of the Star Alliance camps, that is, the dozens of the universe supreme, and these guys have previously provoked the nine tribes with words, so that they and other degenerate wild powers To the void, this has fallen to the present. Yes

Therefore, nowadays, the three tribes who have already seen the nine heads have already rushed to the side of their own murderously. They instantly stunned and stunned, and under the drastic changes, they suddenly exclaimed...

"What happened? Didn't there be twenty-five great ancestors before the small semi-column? How long ago, is there only nine left?"

hiss! The black mist of the Lord of the Temple is too horrible. In a short period of time, the 16 dynasty ancestors were killed in succession. The half-column is not enough. The only ancestors of the Star Alliance are only nine. This is a shocking blood case..."

What great ancestors? These nine old guys have already changed their minds. In order to survive, they have already turned their hearts to the Lord of the Devils. Now they are rushing over, are you blind? ""

Damn it..."

"Everyone wants to rob 10 million large and small fortresses as a cast name? Is it not a total of 10,000 seats? This is not an ordinary battleship, but a fortress of 50,000 meters and a diameter of 100,000 meters. The Lord of the Temple is too Oh..."

Say no help, evacuate, return to the star field, leave 90 million size fortresses, and the people inside, otherwise they will be led to the interior of the star..."

This is the clan who broke the wrist and was temporarily sacrificed. We will definitely be rescued in the future. "

"Roar!"

"What are you doing? In addition to the designated 90 million-size fortress, all the other battleships are returned to the interior of the star!"

Oh..."

"Booming!"

With these screams of inexhaustible and unwillingness, the dozens of the universe's imaginary universe and the Lord of the universe, the first time they pulled back and retreated to the Star Alliance star behind them.

The numerous star-ship battleships that were originally arrayed outside the edge of the star field also opened the kinetic energy class at the same time, with an unspeakable squatting trend, retreating at a rapid speed and withdrawing toward the interior of the star field.

But there are a total of 90 million size fortresses, together with the numerous bloody, Qingpeng and war lions in the fortress are left in the void.

They have become abandoning the pawn. This is also a no-brainer. Otherwise, if they do not take the initiative to leave them, the nine ancestors of the three tribes who have already changed their minds will certainly kill in order to meet the requirements of the Lord of the Devil. Inside the star domain.
Session

The losses suffered at that time must be even more horrible...

At this moment, the hearts of the countless bloody, Qingpeng and war lions who have been abandoned in these 90 million-size fortresses will obviously collapse.

For the people who have always believed in it, their hearts must have produced a sense of guilt and even anger at this moment. This

Everything is really what Ye Xuan would like to see.

Soon, with the 90 million abandoned fortresses and unwillingness to come forward, the nine ancient powers that were murderous and rushing toward the front also stopped at the first time. The figure. and

I turned to the black fog and looked at it...

This is clearly the rhythm of waiting for his next step. "

This temple has already said that this battle, you do not need to intervene..."

The black mist nodded and was obviously very satisfied with this result. will

After the nine people and the 90 million-size fortress that was heading for this side glanced around, they nodded and said: "I immediately led the fortress army to the Xusheng forbidden land, telling the green cow and six bloody, will The tribal people in this fortress army were incorporated into the captive army in the five major corps of the Magic Hall. As for the fortress, they were handed over to the Nomadic Legion..."

"boom!"

"Booming..."

"Roar!""

Oh..."

With his instructions, the nine tribes were able to scream at the emptiness of the right side even after screaming and screaming.

In the 90 million captains that have just been captured, all the commanding high-level leaders are afraid to make any changes. They are honestly commanding the underground. All the dynamometers are fully open, and they are followed by the nine tribes. Swinging to the Xusheng forbidden place where the magic hall is located!

Soon after, this army disappeared into the end of the void in front of the right side, and it was no longer visible. Until then, the black mist was smashed in the middle of the cold, and turned to the two places of war in the distance, forcing it. go with.....

Chapter 4819: Bloody and magical crocodile

In the far side, there is a void on the left side, a vast expanse of tens of billions of miles, the gas machine is completely chaotic, and the infinite energy is raging. This is a horror scene caused by three powerful and fierce battles.

To be precise, among the three ancient sages, two are being abused, and it is the nine **** and the blue sky. This

The battle of the field has continued to this day, and it has been half a column of incense. From

At the beginning, Jiutou Bloody and Qingtian Dapeng fell into an absolute disadvantage. Although they accounted for a large number of people, they were all first-class absurd, and the bones of the battle against them were seven-stage absurd. And

Its real combat power, and because of the tens of millions of miles in the giant horror of the body of the horror of the blood and the first-order bonus, has reached a level enough to compare with the eighth-order absurd. half

The time of the incense is not long, but it is not too short.

From the very beginning, I was caught in an absolute downturn. The nine **** heads and the blue sky Dapeng are already very embarrassed at the moment. The huge body shape is full of **** big bags, which looks amazing and makes people feel cool. Do not

After all, they are powerful wild powers, and there are no **** bars in the hands of the cheekbones. Even the top nine treasures are not in control.

Although it is possible to display the sacred bows and other supernatural powers, it is obviously not worth the loss, it is completely worthless, so the shin bones have never been used.

For this reason, although the nine heads of blood and Qingtian Dapeng are incomparably wolf, they have never been degraded or even seriously injured. These two guys lived from the end of the ancient age to the old fox of the age, and the combat experience is very rich.

It is often possible to avoid the Thunder strike at the most critical moments, even if the cheekbones are fully slammed, they have the possibility of killing them in one fell swoop.

But the final result is often only slightly injured. Big

So far, these two old guys have long been bruised and bruised, but the bones are very hard. Perhaps the number of abuses has been more than once. It has long been accustomed to it. At this moment, it is actually a high-spirited spirit. ...Do not

Yes, to be precise, it should be... the more abused and brave! "

Roar! "

"Hey..."

I am violent, only by your sacral avatar, it is the destruction of the deity and the Qingpeng. In this battle today, you are destined to return without success..."

That's right, count this time, the deity and the **** have been abused three times by you. This account we remember for you, and the rest of the family will wake up in the future, and at the end of the liquidation..."

So far, although it has not been abused, it has not yet reached the level of serious injury. It is naturally farther away from the so-called fall. This result makes the nine **** and Qingtian Dapeng big, and once again screamed. , roaring like thunder..."

call out! "

"boom!"

"Booming..." He

Their screams have not yet fallen, and the sacral bones turned to look like a glimpse of the faint glimpses, and the entire figure disappeared in the distant void. a few

At the same instant, it appeared between the nine heads of blood and the blue sky Dapeng, without saying anything, directly hitting two punches...

"boom!"

boom! "

Hey! "

Oh..."

Under the circumstance, these two old guys each had a punch, and each time they came out with a fierce and fierce voice.

This is the full blow of the eighth-order absurd. If it is bombarded, even if they are a first-class ridiculous, they will eventually end up exploding. Of course

These two old guys are too slippery, too sensitive to the dangerous sense of consciousness, even if this strike is absolutely unpredictable, but they still avoid the key points at the most critical moment.

I haven't even been bombarded by this punch, it's only a slight bruise...this

As a result, the cheekbones were once again frowned. positive

When he swayed his shoulders and wanted to go up again, giving each of the two old guys a punch, the cheekbones seemed to suddenly feel something, and the figure suddenly stagnate, and turned to look behind him.

"call out....."

At this time, with the sharp and unpredictable sound of the empty sound, behind the void in the distance, a black shadow is spreading rapidly. The speed is too fast, and the blink of an eye is close. It is the three bloods of Ye Xuan. The black mist in the body. body

The air that has been dispersed in the atmosphere has also reached the seventh-order...

In this scene, nine **** and blue sky Dapeng were shocked, subconsciously looking up to the edge of the distant star field.

In the past half-column time, they have been focusing on coping with the shin bones, and there is no way to extract a little bit of knowledge about the edge of the distant star. this

When I saw the black mist suddenly spurt, I realized that there might be something big there...

In the line, the edge of the starry field outside the Star Alliance, there is nothing empty, all the alliance warships and the strong have just retreated into the star field, but the nine **** and Qingtian Dapeng do not know at this point. Such as

Today, I saw the edge of the starry field with a large warship corps. In a short period of time, there was nothing left in the air. When my heart trembled, I suddenly roared and roared..."

Roar! ""

Oh..."

"Damn violent, what did your dark fog do? What is the Alliance's army?"

"If you dare to hurt my tribe, today, the deity must not end with you..."

call out! ""

Call..."two

The sound of people's exclamations has not yet fallen, and the front is spurting quickly. It has already reached the black fog of 100 million miles, and suddenly waved after a sudden flash of the cold.

With the sharp and unpredictable sound of the air, a phoenix-like nine-color rushed into the storm, and instantly turned into a majestic nine-color flame sea, sweeping toward the nine **** and blue sky. Come. If

It is for this flaming sea to be banned from the whole body, plus the addition of black fog. These two old guys, even if they have the power to cultivate in a deserted situation, may be unpredictable in the end of this battle today. And

There are ten or nine, most of them are a rhythm that is unwilling to kill this...

In this scene, these thoughts flashed through my mind, and the body shape of the nine **** and blue sky Dapeng was suddenly abruptly stopped.

Immediately afterwards, it was almost a subconscious move. At the same time, the two men pushed the power of the body to the extreme, and tried their best to withdraw. "

Do you want to go now? "skeleton

In the bones of the bones, the faint glimmers flashed, and the cold and incomprehensible voice of the gods also came out instantly: "Unfortunately, it is already late..."

boom! ""

Rumble..."

Oh! ”

Almost at the same instant, nine **** and blue sky Dapeng two people quickly retreat behind the shape of thousands of miles behind, with the earth-shattering thunder roaring loudly, the void suddenly cracked a crack.

Two faint sounds of broken air came, and then two awns rushed out of the crack, and the wind rose. The blink of an eye has reached a huge scale of ten thousand miles. It is a huge disappearance. Scarlet unicorn and nine crocodile crocodile...

Chapter 4820: Biele and two or three

"boom!"

"Oh!"

Beyond the tens of millions of miles, with the earth-shattering thunder roaring loudly, the void suddenly cracked a crack, two weak vacancies came, and then two awns emerged from the crack.welcome

The wind will rise, the blink of an eye has reached a huge number of miles, huge and incomparable... It is the long-lost **** unicorn and nine crocodile! This

The two old guys, like the Nether Giant tortoise and the Golden Dragon and the Wild Night Fork, have emerged from the early days of the ancient times.

Although in the past, their cultivation was not as good as the peak of the nine-order world such as the empty giant tortoise, but it also reached the seventh-order situation, which was the late stage. but

Not long ago, the strength of the two of them was only restored to the fourth stage of the ancient sacred, and the distance from the late seventh stage of the year was still quite a distance. but

Today, in just two years, the two old guys don't know what chance they have, and the realm of cultivation has soared again.

Although it still did not return to the original seven-stage late stage, it is also the sixth stage of the ancient sage.

From the point of view of the realm, it is only a weaker level than Ye Xuan's three **** seas. when

However, if you count the three-level blessings of the horrible flesh in the giant horror body of the three big blood seas, then the **** unicorn and the nine crocodile have now recovered. To the sixth-order ruined cultivation, but compared with the three **** seas, there are still two-order gaps...

Just the two of them, Ye Xuan's three **** seas are all on the same side, with three enemies and two. Although they can't kill the **** unicorns and the nine sacred crocodile, they can't even be seriously injured, but they're still abusing, but they're still It can be done completely. can

Now, in addition to these two old guys, there is also a blood-stained war lion with a seventh-order combat power. There are also two ridiculous first-order nine-headed blood crocodile and Qingtian Dapeng...

It can be said that the situation on the battlefield is almost a huge reversal in an instant.

Previously, Ye Xuan had an absolute advantage. He was dragged by the violent scorpion, and the scorpion corpse and the black mist were separated from the nine **** scorpions.

In this case, with the addition of the nine-color flame sea, it is not impossible to kill the nine **** and blue sky Dapeng on the spot today.

And this possibility is still very big. but

It is totally different now.

Although Ye Xuan's three **** seas have the horrific power of the eighth-order ridiculous, but the opponent's ridiculous level has reached five... Scarlet unicorn, nine secluded crocodile, blood-sucking lion, nine Head **** and blue sky Dapeng!

Among them, the blood-sucking war lion has the late combat power, the **** unicorn and the nine-spotted crocodile are in the late stage of the battle of the seventh-order, and only the first-order difference...

The gap, nine **** and Qingtian Dapeng, is enough to make up.

If it is really full of melee, the fighting power of both sides is basically the same...

In this way, there is no need for this battle to continue, because for Ye Xuan, even if it has the advantage and the upper hand, it is impossible to kill one of them. It is also a white fight, and it makes no sense. when

However, if you use the sacred bow and other strong powers, not to mention the nine **** and blue sky Dapeng, it is the **** unicorn, the nine sacred crocodile and even the blood-sucking lion, may be bombarded by him.

But that is totally unnecessary. Ye Xuan does not want to expose the supreme power of Yu Tiangong. This is a killer. Now it is not too early to show it...

"Roar!"

"Hey..." this

Engraved, with the sudden arrival, the **** unicorn and the nine sacred crocodile's knowledge of the first time locked Ye Xuan's cheekbones and black mist avatars, the body's energy surged, and each of them gave a shocking roar and screaming. ..."

I am very angry, after two years, I finally see you again..."

Although your cultivation is a step by step, it is now a late stage of the seventh-order situation. However, the cultivation of me has also risen from the fourth-order to the sixth-order, and the gap between them is calculated. To pull it closer..."

This war has been long-awaited..."

"Although I am still not your opponent, but if you add the three lions of the lion, **** and Qingpeng, the overall strength is not weaker than you, and there is no fear..."

"I am waiting for the two people to be duckweed without roots. From then on, they will stay in the Star Alliance..."

"Imperial, your time has become a thing of the past. With the delay of time, I waited for five people to sit in the Star Alliance, and now I am not weaker than you. In time, I will continue to improve the strength of the first step. When your temple is annihilated..."

Roar....."

"But you will lose your hand, even if you take the group, you can't change anything..."

For these provocative discourses, the cheekbones screamed and screamed, and the voice of God's sensation also came out instantly, resounding through this void.

It reveals the meaning of endless sorrow: "Don't forget, now that your overall combat power can compete with the temple, even the same, but the temple is only one person, but you have five people, but also screaming, not too bad. Is it shameful?"

At this point, the cheekbones turned to look in the other direction. There are billions of miles away, and the flesh and blood of the body is violently fighting with the blood-sucking lions. The vast emptiness of the tens of billions of miles is chaotic, even if it is The power of the gods is extended, and nothing can be detected. The degree of energy abuse is too aggressive..."

There is no need to continue this battle, because the purpose of this temple has been reached..."

"call out!"

As the discourse of the cheekbones fell, he turned his head in the direction of the distance, a **** glare, and it was the flesh and blood of the **** war lion. "

Oh la la..."

With the arrival of violent temper, Ye Xuan's three blood seas were completely collapsed and turned into blood rain, which was integrated into the vast sea of blood under his feet.

Almost at the same moment, the vast expanse of blood and sea quickly condensed into a point, and then, just after the violent disappearance, it once again stepped out of the void.

Although the body type is only a stipulation, but the body that is dispersed in the body is breathtaking and incomparable, it is the seventh stage of the absurd..."

Roar! ""

I am violent, where to run? Staying for another hundred rounds..."

For a moment, from a distance in this direction, a sudden roar came from abruptly. angry

The sound of snoring has not yet fallen, and the huge body shape of the blood-scarred lion has emerged from the end of the void. Panda is a million miles, but it is obviously wolf-stricken, and there are blood bags in the graves, big and small. It looks shocking...

"They have been abused by this temple. What are your faces?"

Looking forward, the violent flash of a slap in the face, sneered a sneer, then turned around, the shoulders swayed, the entire body into a weak mans, spurting away.

However, the sound of his knowledge is still echoing in this piece of emptiness. For a long time, "You five, it is best to add a little tightness, and put the cultivation into strength, otherwise the next time you fight again, this temple... Biele, etc. Two or three!"
