Super D. S 482

Chapter 482: revenge

Tang Yuanhang has already opened 24 articles. In the face of this situation, he can't lower his identity and personally work on Ye Xuan.

Enshrining, saying that good is a sacrifice, not good, is a thug.

This Sun Xiaoyu came out, no nonsense, and rushed straight over.

However, what everyone did not expect was that Sun Xiaoyu, who had opened 20 veins, was actually killed by Ye Xuan.

Ye Xuan, how many veins have you got through?

"Upper swordsmanship!"

When Sun Xiaoyu's head flew up, suddenly one exclaimed.

Everyone, including Tang Yuanhang, saw it now, and now they reacted. What Ye Xuan used was actually the martial arts of the Shangqing Palace.

Ye Xuan, is a disciple of Shangqing Palace?

No, absolutely not!

Everyone reacted, and Ye Xuan was stealing the martial arts of Shangqing Palace.

"Good guy, just today, the messenger of the Shangqing Palace is coming, I will take you to the messenger."

Tang Yuanhang's eyes stunned and suddenly he felt a little uneasy, and he shouted: "Let's go together!"

Although it is unfair to use more bullying, in order to prevent accidents, Tang Yuanhang chose to be conservative.

In the meantime, eight people including Tang Yuanhang are directly hands-on.

"Want to have a pair of eight, or something, I want you to see, who has gotten it!"

Ye Xuan's arrogance is soaring. The picture that was yesterday was still vivid. This is the first time he has been angry in his life.

"kill!"

Ye Xuan greeted him.

One pair of eight, in fact, is easier than one-on-one with Tang Yuanhang, because the other seven are much slower than Ye Xuan.

90% of the fire of the Qing Dynasty stepping the magic step, let Ye Xuan's speed is no slower than Tang Yuanhang.

"Give him!"

At this time, Tang Yuanhang sighed.

However, this is disguised to reduce the strength of one's own side, so that Ye Xuan's pressure is much smaller.

"Upper swordsmanship!"

Ye Xuan makes the strongest swordsmanship. Although this sword method is specially used to deal with evil creatures, 90% of the proficiency is there, naturally it is the strongest attack of Ye Xuan.

After the two sides contacted, Ye Xuan tried to avoid Tang Yuanhang and find other people's troubles.

Tang Yuanhang did not expect that Ye Xuan's strength was so strong. He had to deal with them eight times. He was fortunate in his heart. Fortunately, there was no one to continue, otherwise he would die.

Under the siege of eight people, Ye Xuan was defeated, but he did not care.

"come out!"

Ye Xuan shouted, so that everyone was shocked, it is difficult, there is an ambush here?

The next moment, he saw a bird appearing behind Ye Xuan.

"call out!"

Megatron turned into a thumb-sized koala and swept it out quickly.

Today, it has swallowed up a lot of ore and weapons, and it has long since grown to a fine environment. At this time, it can even kill a warrior who has opened 18 veins.

Megatron will become a bird, and it will become a humanoid battle, and it will be difficult to be bombarded, causing a lot of trouble for Tang Yuanhang.

At the same time, he also gave Ye Xuan a small amount of pressure.

"What the **** is this, why haven't I heard of it?"

Tang Yuanhang is very surprised.

This can't blame him. After all, the strange animals like Shi Ling are extremely rare, and most people can't recognize them.

After half a minute of fighting between the two sides, there was a casualty. There is no doubt that the death must be on the side of Tang Yuanhang.

Ye Xuan struggled to pierce his shoulder and stabbed him, killing one of his people and swallowing his ring.

Although one person died, Ye Xuan was also injured. This is not for the Tang Yuanhang party.

However, Ye Xuan's injury was recovered after one second. At this time, everyone's face changed.

Ye Xuan is fighting with them. There is no time to heal, but they see Ye Xuan's wound healing, just like it did not happen.

"Haha, I said, you are going to die here today!"

Ye Xuan laughed.

The next moment, another person died.

A bird who only broke through the 16-spot martial arts was made a headshot by Megatron.

Eight people, only six people left.

Originally, Ye Xuan was not afraid of eight people. Now, with the help of Megatron, he has swallowed a ring of 乾 ,, and the other party has died. He also broke out.

"The Beastmaster is violent!"

Ye Xuan finally used a card that was not a card. Although it was not much improved, this situation was enough for him to clean up the remaining six.

"Oh!"

Another person's head is flying.

Six people, five left.

Tang Yuanhang finally realized that Ye Xuan could not be matched, and quickly shouted: "Withdraw!"

"I want to go now, it is already late!"

Ye Xuan will swallow two 乾 戒 ,

"Oh!" "Oh!" "Oh!" "Oh!"

Four consecutive sounds spread, and everyone except Tang Yuanhang fell.

With his extraordinary speed, Ye Xuan chased Tang Yuan's killing, and the latter's infuriating consumption was fast.

Tang Yuanhang stepped back while resisting Ye Xuan's offensive.

However, it is at this time.

"Hey!"

Tang Yuanhang's back suddenly hit a hard object, turned his head and saw himself hit a green wall.

"What?" Tang Yuanhang's eyes widened. How can there be such a hard wall in this wilderness?

The next moment, he reacted, and Ye Xuan's strange thing changed.

However, his collision directly led to his death.

"Oh!"

A sturdy long sword fell into his chest and pierced his heart. This long sword is the eight-year-old sword of Ye Xuan.

Tang Yuanhang was about to take his eyes out. He looked at the young man who was only half a meter away from him. He opened his mouth, but there was no way to make notes.

"Hey!"

Ye Xuan quickly pulled out the eight-year-old sword in his hand.

"Hey, the host has opened the twentieth vein!"

When Ye Xuan swallowed Tang Yuanhang's shackles, the tone sounded again.

Now that his private hatred has been reported, then the next step is to deal with the Tang family.

He threw all the ore and the top wares to Megatron, and then after the successful refining of Megatron, he went to Jinwucheng.

At this time, it has been a few months since the gods were sent to Sirius Island.

Before the Tang family fleet drifted for a few months on the sea, they accidentally found Tianshui Island. Now they have a route. It is impossible to return to Tianlang Island from Tianshui Island for several months.

Therefore, Ye Xuan guessed that these gods and gods should have been handed over to the Tang family.

As for who is on the top of the Tang family, whether it is the Lord of the Sirius or the Shangqing Palace, this has to be investigated.

Without further ado, Ye Xuan rushed directly into Jinwucheng and then entered the Tang family in the main house of Jinwucheng.

Tang family, immediately set off a storm.
