Chapter 4821: Adventist Alliance

In the air, the faint sound of the air broke out, and a figure came from a distance, and it was Ye Xuan.

At this time, Ye Xuan is a violent form, but his body shape is only a stipulation, but it is still in the state of the ninth change of the konjac. Therefore, the body is filled with the breath, and it is the seventh step of the ancient sage. It is the late stage of this situation.

Nowadays, the situation of this piece of debris in the sky is completely different from that of a few months ago. original

Among the five major leagues, the Alliance of the Beasts has already gone out, and all the sacred places in the eyes of all the evil beasts, that is, the gray light group, have disappeared.

With countless stars and beasts, I went to Hongkong.

As for the Alliance of the Survivors, all of them have already voted for the Devil's Hall. This matter, Ye Xuan is now aware of it, but it did not immediately let the members of the Survival Alliance go to the Xusheng forbidden place where the Magic Hall is located. complete

In fact, even the Tianhe Star Field is still outside, and the innumerable survivors of the Sovereign Stars are not in a hurry to pick it up immediately.

Among the other three major leagues, Star Alliance has just been strolling around, or smashing or downgrading the Star Alliance's twenty-five-year-old wild-level powers.

Today's legacy of the Alliance of the Survivors has said that after the **** unicorn and the nine sacred crocodile joined, there have been five powerful awe-inspiring forces.

But the strongest under the sacred, but only a few dozens of the universe supreme and the cosmic master, can sit on the side of the town's power level of the power to break the layer, can be described as green and yellow. This

In this case, even the **** unicorn, the nine sacred crocodile and the blood-sucking lion, the nine-headed bloody, and the blue sky Dapeng joined forces, and they were able to compete with Ye Xuan's three **** seas.

However, considering the safety of the numerous Star Alliances in the entire Star Alliance, they will definitely not fight in the short term, at least until the ancestral land where the bloody, Qingpeng and war lions also migrated, and the new wildest supreme Or the big energy level is awakened, and once the battle can at least have a presence above the power level, the battle of the magic hall will be considered...

After that, there are two alliances left. people

On the other side of the federal federation, it is now inseparable from the Tianji people who have just arrived. Ye Xuan has no intention of making up this excitement. At least, before the benefits are fully realized, there is absolutely no such plan. This

The advent of a celestial family is also considered to be unlucky by the Terran Federation. They have created a giant star-studded wormhole that can pass the immortal star directly. Although the core of the two camps is immortal, the nine stars, the heavenly palace, and the original Wanluo The splendid temple of the Federal Headquarters came smoothly. but

As a result, the Tianji family was also accidentally brought over. Correct

This incident, Ye Xuan did not intend to participate too much, the Tianji family must be destroyed, but did not intend to join hands with the Terran Federation.

Although Ye Xuan himself is also a human race, among the two camps of the Terran, whether it is the immortal dynasty of the science and technology camp or the ten-day palace of the comprehension camp, his impressions and feelings are not very good. Such as

Xuanyuan family, Duanmu family and other forces and families originally belonging to the Terran technology camp, and the relationship with Ye Xuan, have now been separated from the Terran Federation, in the Tianhe star field. Place

Therefore, even from the perspective of emotion, the life and death of the Terran Federation, Ye Xuan does not have to pay attention to it. more

What's more, although the Tianji people are powerful, today's Terran Federation is not weak. The overall strength is in the emptiness of this piece of ruined land, and it is definitely ranked high. Even the Temple of the Devil is inferior. this

In addition, the Terran Science and Technology camp is under the command of the emperor of the immortal dynasty. There is also a powerful mechanical army. Now there is no dew. It is only by this point that the true strength of the Terran Federation has not yet been revealed.

Therefore, Ye Xuan could not be involved in the war between the Terran Federation and the Tianzu at this time, let them bite the dog, first toss in the distant star field for a while and then say it...

In addition to the Terran Federation, there is only one Wan Clan alliance left.

The Alliance of Wan Clan is composed of the servants of the original first universe. It must be said that the original space mouse, the **** ant and the giant tyrant have also had an alliance with Ye Xuan.

But nowadays, the devils, **** mosquitoes, etc., together with the ethnic groups and forces, are still in the Tianhe Star Field, and the Triumph Army and the Tianhe Army under Ye Xuan's squad are firmly in a group.

However, the space mouse and the **** ants, the giants and the tribes, have already forgotten the things that had been formed together, as if everything had never happened.

This is also good, otherwise, look at the point of that year, Ye Xuan is really embarrassed to start with the Wan National League... No

Wrong, then the goal he chose to start is the Alliance of Tens! number

Before the month, the Wan National League was supplemented by the reinforcements from the first universe of the world's stars, and its combat power increased greatly. Like the Terran Federation and the Star Alliance, it also announced its withdrawal from the Magic Hall. Since then, there has been no connection.

This time, the space mouse, the **** ant, the giant savage and the evil spirits of the Slim family also migrated from the family. The alliance forces increased the warship by 40 billion ships, possessing 24 late powers, and four medium-term The ancient age of the supreme! first

Before, the reason why Ye Xuan raided the Star Alliance, although it is indeed holding a try, can you kill nine **** or Qingtian Dapeng. but

This is only a secondary purpose. His main purpose is the twenty-five ancient powers in the Star Alliance. Such as

Today, there are only a few of the twenty-nine-level ridiculous treasures in his hands. Once the generals of the follow-up are repaired, they will rush into the wilderness.

Or leave here, return to the source nest of Hongmeng in the empty nest of the stars, when the generals of the next generation will need the number of 29th-level ridiculous Baodan, will be greatly improved.

It's just that these few ridiculous treasures are obviously not enough. Place

So, Ye Xuan is going to look at the present, and he can do more of the ancient powers, and try to do more times. So, in the future, when the twenty-ninth-level ridiculous Baodan is in a hurry, he can refine and refine at any time. Solve the urgent need.

With this purpose, this time he went to the Star Alliance to gain a huge amount of money. The original **** essence, which was only nine, has soared to twenty-five.

But this is still not enough. Twenty-five kinetic blood, even if four of them are the best, according to Ye Xuan's derivation, refining twenty-five ridiculous treasures is a matter of nailing. The probability of six is about 80%.

Twenty-seven, only six became. two

The probability of 18 pieces will reduce the line to only 40%.

According to his estimation, at least 40 pieces of the 29th-level ridiculous Baodan must be prepared in his own hands to cope with future needs.

Therefore, the ancients of the ancients still have to kill, and this time, after leaving the Star Alliance, he did not immediately return to the magic hall in the Xusheng forbidden land. The only purpose is to fight the iron and fall to the star field where the Wanzu Alliance is located. The twenty-four ancient powers of the Wan National League, which had just arrived just a while ago, also killed and said...

Chapter 4822: Who is going to fight?

The star field occupied by the Alliance of Nations is located at the other end of the emptiness of this ruined land. It is extremely far away. but

This distance is not a problem for Ye Xuan, who is now at the top of the seven-step squad. He has not even developed a speed, but he arbitrarily plundered in the void, only spending a few days. It has arrived. in

In the past few days, everything that happened in the Star Alliance has spread throughout the entire shard of the wild world.

In this vast void, the ethnic groups of all major forces have dispatched a large number of scouts to wander outside, and to pass messages between each other, even faster than the ancient sages to cross the void in the flesh...

As soon as the news spread, the whole void was completely lost.

This period of time is really not very flat. This piece of ruined land has been undercurrent in the void, and some weaker ethnic groups and forces have even begun to miss the two-year calm of the past. It is.

Everything was extremely beautiful, but it lasted for two years of calm, but because of the advent of the Star Alliance, the Alliance of Tens of Nations and the Alliance of the Terran Federation, the strength of the rise was gradually announced to withdraw from the hall and hurried to end...

The major groups and forces seem to be the most aggrieved or savage beasts. Therefore, they are smashed, and they are stunned by the fish of the pool. They are angered by the wrath of the wrath of the lord, and the entire alliance is finally destroyed. .

However, the Alliance of the Survivors is still out of luck. The Lord of the Devil seems to have had little interest in these ancient survivors. When the five major coalitions joined forces to force the palace to be the demon, the only one who retired from the whole body was the Alliance of the Survivors. Such as

The Lord of the Devil's Temple is furious, the Alliance of the Beasts has been ravaged, and the Alliance of the Survivors has nothing to do.

For the other three coalition forces that started the turmoil, the Terran Federation is eating its own fruit. At present, it is fighting with the Tianji people. Since then, they have no intention of paying attention to the movement of the magic hall. star

The Air Alliance has already learned the lesson. Although the top-level combat level, the blood-stained war lion, the nine-headed **** scorpion and the Qingtian Dapeng have never fallen, and even got the **** unicorn that has been cultivated as the skyrocketing strength. With the addition of the Nine Ghosts, there are five powerful and ruthless levels of combat power.

But this time, they lost twenty-five ancient powers, 16 of them were killed by the Lord of the Devils, and nine others were smashed from the Star Alliance and 90 million large and small fortresses were taken from the Star Alliance. The countless ethnic groups, as the name of the cast, are now estimated to have returned to the Xusheng where the magic hall is located.

After the news spread, the various ethnic groups and forces of the various parties gathered their eyes all the way to the Alliance of Ten Nations. They sent a large number of scouting fleets to the star field where the Wanzu Alliance was located, and explored the subsequent changes at any time...

In their view, the Star Alliance has already learned the lesson from the previous strong announcement of the withdrawal of the Hall of Devils, which triggered the turmoil of the emptiness of this piece of land. people

The troubles of the tribes of the tribes are jumping, the Lord of the Devils is not able to ask for it, and the music is sitting and watching the drama. It is estimated that the lazy will be ignored in a short time. that

What, then, what he has to deal with is obviously the alliance of the Wan Clan. thing

In fact, even the top leaders of the Alliance of Tensions think so. According to the temper of the Lord of the Devils, this time since he has already shot, he will never be a slap in the face. The Alliance of Tens is bound to be his next. One stop...for

In response to this matter, in the first time of the news, the top leaders of the Wan National League started an emergency meeting to negotiate, and soon there was a result, and various arrangements were immediately made. only

In just one day, from the inside of the star domain where the League of Tensions is located, a huge army of warships has emerged, totaling more than 10 billion giants, traversing the edge of the stars.

Although the Lord of the Devil's Temple is extremely powerful, and this time it is not carried out with the army of the Demon in the Xusheng forbidden land, but alone, like revenge, acting alone.

And to deal with a strong late stage, this conventional level of warship-level combat power, basically does not work. but

The Alliance of Ten Thousands of Nations still does this. On the one hand, it is because of this kind of battle, at least it is also a statement. The fact that the battle is not weak is the truth.

On the other hand, even if the conventional combat power at the battleship level does not pose much threat to the existence of the ancient sacred level, the tens of billions of warships are waiting to be sent, and the guns have all been recharged in advance, if necessary, With one order, you will be able to shoot in an instant...

A scenario, fearing that a vast void will be enveloped by the endless cannon energy beam. many

How many, always can bring certain damage and influence to the Lord of the Temple. and

In addition, the four middle-aged abandonments of the Wanzu League, as well as twenty-four ancient powers, and nearly one hundred universe masters, the universe supreme, are also early from the depths of the star field, so The flesh is in the void, sitting in front of the tens of billions of warships on the edge of the stars...

Waiting for this is a full three days.

In these three days, no matter whether it is the army of the Wan nationality alliance that has already prepared for the battle, or the squadrons of the squadrons from all the major forces and ethnic groups, there are no changes, but the heart has mentioned The eyes of the blind, waiting for the coming of the Lord of the Devil..."

Oh..."

At this time, a glare came from a mile, and the blink of an eye was close. It was the Lord of the Devil's Temple, a fierce and violent violent temper...

"Roar.....""

Oh la la! "

As soon as the first dynasty came, the body of the Lord of the Devils came to an abrupt end in the void, and then there was a slap in the water, and his entire figure suddenly collapsed and turned into a **** sea. A corner of the universe..."

Roar! ""

Roar! ""

Oh..." very

Quickly, from the three different directions of this vast sea of blood, the sound of screaming and screaming, the horrible boundless sea of blood, there are three huge figures in the blink of an eye. It is the three great devils of the Taikoo konjac...

The flesh and blood, that is, the starry sky!

The body of the cheekbone, without any flesh and blood, is just a purple-golden cheekbones, revealing an endless fierce breath, very incomparable! black

The body of the fog is a black fog, even a pair of scorpions, just two awnings, it looks very strange! short

Between the short breaks, the three **** seas have been condensed out, and the body's self-cultivation is breathtaking, and all of them are seven steps of the ancient and supreme. but

In fact, the real combat power of these three **** seas, because of the huge **** body of the 60 million miles, all reached the level of absurdity.

"Hey!"

The shape has just started from the **** sea, and the violent screams once again screams and raises his fingers to the four ancient sages beyond the tens of billions of miles ahead. The sound is cold and the endless sighs: "Well, etc... Come to a war?"

Chapter 4823: The deity is not fooled

Wan nationality alliance! star

Beyond the domain, a huge army of warships is in full swing, with a total of more than 10 billion giants, traversing the edge of the stars outside the starry sky, swaying a large piece of film, not seeing the end...

In addition, the four middle-aged abandonments of the Wanzu League, as well as twenty-four ancient powers, and nearly one hundred universe masters, the universe supreme, are also early from the depths of the star field, so The flesh is in the void, sitting in front of the tens of billions of warships on the edge of the star...

Around the void, there are a large number of scouts from all major ethnic groups and forces crouching, paying close attention to the wind and the grass. this

Engraved, as the Lord of the Devils descended, the first time he waved a piece of blood, and the three bloods of the sea were condensed at the same time...

Whether it is the army of the Wan nationality that has already prepared for the battle, or the squatting squadrons in the distance, the scouts from all major forces and ethnic groups all mention the eyes of the blind, nervous..."

Roar! "

As the three **** seas set off, the violent screams and screamed, raising their fingers to the front of the four billions of ancient sages beyond the tens of billions of miles, their sounds are cold, revealing endless sorrow: "Well, etc... Come to World War?"

He engraved him, his body stands on the vast sea of blood, and there are 60 million miles of giants. Although the body's self-cultivation is only the seventh-order, but the real combat power, but the eighth order Abandoned by shoulders!

Including the other two directions that stand in this vast sea of blood, and the scorpion body and the black mist with the violent temperament, the same is true!

On the other hand, the forefront of the tens of billions of warships of the Alliance of Ten Thousands of Nations, the most powerful presence among the top 100 alliances, is only from the **** ants, the space mouse, the giants and the evil spirits of the Slim family. Four mid-term deserts only. most

The strong, the sixth order of the ancients, the weakest, only the fourth order! Take

The three great blood seas of the Lord of the Devil are enough to overcome the horrible power of the eighth-order, and they can easily abuse themselves.

In this way, the four generations of the Wanzu League, the Lord of the Devil, only need to dispatch two blood and sea, can drag it, and the remaining blood and sea will rush into the remaining alliance. In the middle of the high-rise, like a tiger into the wolves, the twenty-four ancient powers will be killed one by one! first

When he was in the Star Alliance, he did this. This matter has already been preached. Not to mention the numerous powerful people of the Alliance of Nations, it is the squatting of the surrounding forces and the scouts from all major forces and ethnic groups. We are all aware of each one. magic

The purpose of the Lord of the Temple is not the four mid-stage sacredness of the Alliance of Tens, but the twenty-four ruins of the ancient powers that are weaker in strength... This has already become a consensus!

Although the outside world does not know that the Lord of the Devils deliberately stifles so many wild powers, what is the ultimate goal, but at the moment, as he is as true as the speculations of all parties, all the people have clearly Enlightenment... This time, the twenty-four ancient powers of the Wan National League are afraid of danger! "

Roar....."

The violent words just fell, the front of the army of the Wan nationality alliance, the ruthless ancestors of the **** ants, and the giant black giant ants of a huge size, have already expressed a terrible roar. versus

At the same time, the sound of his knowledge is also rumbling, resounding through this star field, countless star powers are clearly audible...

"Irritable, your move is not working..."

I want to use two **** seas to separate me and other four people, and then the **** sea that I left will be in the flock, and will smash my alliance power? ""

The same tricks you have used in Star Alliance, the deity is not fooled..."

"Roar!"

His voice of the gods just fell, the sorrowful ancestor of the space mouse family, a silver giant rat with the same size as a million miles, immediately took over the words. angry

He snorted: "Impatient, you have the ability to kill it. I will wait for the four to be separated. Although they are only the strength of the mid-stage, but you don't want to divide me and so on..."

"If it is a war, it will cost a lot of money, and I will wait for the four to join forces and kill you with a detachment..."

This is indeed the safest way to dispose of it. Although these four old guys are only the mid-term cultivation, but as the ancient sage, which has no strong secrets of general means? If

It is the three major **** seas that are violent and rushed out at the same time. Their only choice is that they can only join hands with the four people, and use the means of exerting the cost without any consideration. Under the joint force, they will bombard a **** sea. Such as

Therefore, even if this **** sea is not degraded, I am afraid it will be seriously injured...

This strategy is the response of the four aristocratic ancestors of the Wan Clan Alliance who are waiting for these three days to secretly discuss and decide.

Although the committee is too passive, their purpose was originally to force the retreat of Ye Xuan to retreat and leave. first

When I first came to the emptiness of this piece of ruined land, these four old guys were still full of enthusiasm. They dismissed the temple of the world, and thought that they had four mid-stage sacredness, which was enough to match the fierce name. The Lord of the Temple of the Devil. Of course

However, the previous battle in the Star Alliance finally allowed them to recognize the situation and realize the power of the Lord of the Devil. Place

So, nowadays, these four old guys have already broken off the idea of destroying the magic hall only by the forces of the Wan Clan alliance. in

In their view, the most prudent policy is to try to make the Lord of the Temple of God retreat today. Then they will unite with the three ancient stars of the Star Alliance. After some secret discussion, seven powerful absurdities will be simultaneously Shoot, so, it is possible to kill the Lord of the Temple.

And this possibility is not small, as long as the real power is the same as the Lord of the Temple of Heaven, the main star of the Tianhe Star does not appear, then, the seven people join forces under the First World War, the Lord of the Temple will be embarrassed. for

To achieve this, even if I was forced to go to the door by the other side today, I still dare not take the initiative to play, and I lost my face and bite my teeth."

Today, the temple is coming, fighting and not fighting, can not be you..."

In the face of the black gold giant ant and the silver giant rat roaring, violently grinning, completely in the eyes, the voice just fell, the body shape has been rushed out, rushing to the front...

"Hey..."

At the same time, the sacral body and the black mist were rushed out, and the three blood and sea rushed out at the same time. The breath in the body was even more extreme. The void was filled with the low-pitched thunder and the soul. ! "

Roar! ""

Oh..."

Seeing this scene, the black gold giant ants, the silver giant rat, and the four ridiculous old monsters from the giant and the evil spirits of the Slims roared at the same time, and the breath of the body also spurred to the extreme. again

Without hesitation, when the shoulders swayed, they slammed forward and greeted the flesh and blood in the three **** seas, but the four did not separate. The giant figures of Panda were far apart. Millions of miles away.

It is clear that it is really necessary to join forces to kill Ye Xuan's rhythm of blood and sea.

Chapter 4824: One net

Seeing this scene, in the distant sky, from the scouts of the major ethnic groups and forces, countless strong men were mad and shocked, and they suddenly exclaimed under the dramatic changes..."

what? Under this situation, the Lord of the Devils still shot? ""

It's really violent, it's so fierce, even if the situation is not good for itself, it's all overwhelming. It's time to fight, kill it, kill it, and have no jealousy and worries..."

This is the temper and temperament of the starry sky. This group is absolutely unavoidable. It is all a group of madmen..."

However, this kind of impulse obviously has to pay the price. The four desolation of the Wan Nationality Alliance is also forbidden. The only one has already said that if the Lord of the Devils really wants to set off the battle, the four of them will be desperate and exert their secrets. And means, uniting the power of four people, and simultaneously killing one of the three bloods of the Lord of the Devils..."

"Now it seems that the goal of the four of them is obviously the violent flesh and blood in the three **** seas. Although it is only four mid-stage absurd, there are two of them that are the sixth order of

this situation. In the late stage of the sacredness, it is only one step away. If the means of display are combined to kill, even if the temper is not degraded, at least it must be seriously injured..."

"The three blood seas are extremely important to the Lord of the Temple of the Devil. It is an important part of their deterrent power. Any one of them will be seriously injured. The main hall of the Devil House is too unwise. After the First World War, the situation of the Magic Hall will be paralyzed, at least in a short period of time... the deterrent power is greatly reduced!"

Roar! "

"This temple has said that today, the temple has come, war and no war, can not be you! And, since it is the war that the temple actively provoked, then the battle of this war can only remain in the temple. It depends on the heart..."

"Hey..."

When the surrounding screams, and suddenly, four of the three **** seas that rushed to the edge of the opposite Wanxiang Alliance, the violent screams suddenly screamed again, and the voice of God shook tens of billions. The vast void of the circle, the countless parties are clearly audible...

The voice of the gods has not yet fallen, and the violent has already waved abruptly..."

call out! "

"call....."

"Booming..."

At the same moment, the sharp and unpredictable sound of the air broke out, and a faint worm-like fascinating glare came out, and the wind rose, and it became a vast expanse of nine-color flames. Virtual

In the air, the sound of whistling is endless, accompanied by the incomparable sound of banging. The nine-color flame sea that suddenly appears like a mercury vent, instantly spreads out and sweeps away from all directions, rendering a large universe of voids...

All of this happened too quickly. The four old people of the League of Nations who rushed out from the front of the sky were completely out of reach, and they could not react at the moment. Wait

When the flowers came back to the front, the four old guys, together with the vast void of 200 million square miles on Monday, have been turned into a spherical nine-color flame sea, completely shrouded, and the hollow sphere is hollow. Internally, they are their cages, they can't escape at all, because no matter which direction they break through, they will touch the nine-color flame sea. It is definitely the rhythm of ten deaths...

The first look, all in all directions are the sizzling nine-color fire, the sky and the earth and the void, all together, they were completely trapped by this flame sea. brain

The sea flashed through these thoughts, and the huge body shape of the four old guys came to an abrupt end, and the shape of the stunned body suddenly changed, and they burst into exaggeration, revealing endless desperation..."

what? Nine-color flame sea? Sure enough, it is the Shennong nine-color flame..."

Be fooled, we were violently smashed..."

"Damn, we shouldn't have gathered together. Now he has been smashed by him. Even if I can't wait, I can only get trapped, but I can't kill it, but the outside Alliances are going to be in trouble..."

"Hey! His purpose is still the twenty-four alliance powers. Now I am trapped in the nine-color flame sea and can't rush out. They are afraid to be like the Star Alliance, in a short time, It was all killed..."

Too shameless, this can't be tolerated, big ants, your black shell is hard, you should be able to resist fire, or you have to try it and see if you can rush out of this piece of fire..."

I went to your sister, your dead mouse is too sinister, this is the Shennong nine-color flame, it is the late big energy can get delaminated skin, the deity black shell is hard, but not burned, you are this He Juxin..."

The nine-color flame sea enveloped the whole body, and the vast void of 200 million miles was completely banned. The four ancestors of the Wan National League, who were trapped inside and caught behind, were immediately exclaimed. its

The sound came through the nine-color flame sea that enveloped the surrounding, and the emptiness in the distance was from the scouts of the major ethnic groups and forces. After a short silence, countless strong men were suddenly shocked and stunned. Sound, suddenly like a tide, it sounds like..."

what happened? Isn't the old man blinded? Or, is this in a dream? "

"In just one moment, the situation has actually undergone such an amazing reversal. The Lord of the Devil Hall is too sinister. Before the domineering screaming, then suddenly the black hand suddenly broke down. In a moment, the four people of the Wanzu League will be The ruthless ancestors are all trapped..."

Sure enough, as he said, today, he came here, fighting and not fighting, can be no one else! Moreover, since it is a war that he provoked on his own initiative, then the battle for this war can only be determined by his mind... Is everything in front of him the same? "

"I thought that he was going to take the two **** seas and separate the four ancestors of the Wanzu League, and then leave the third **** sea, just like a tiger into the flock. Twenty-four ancient powers of the Alliance..."

But now, it seems that the hand of the Lord of the Devil is obviously more amazing. Just a flesh and blood violent shot, has already trapped all four ancestors of the Alliance of Ten Nations..."

"The nine-color flames are in a void, and the four ancestors of the ancestors have been sealed. There are violent squats in the town to control the shackles. The remaining two **** seas are divided, and the entire Wan ethnic alliance is innumerable, yet Who can stop it?"

"This is a temperamental temperament, and it is also insidious calculations. The deep temper of the city is simply terrible. It must not be provoked, otherwise there will be ominous..."

Roar! ""

Oh..." with

The exclamation of the emptiness around the distance was like a tidal wave. In front of the battlefield, in the vast expanse of blood, there were two loud screams and screams.

At this moment, the sacral bones of the three **** seas were separated from the black fog, and at the same time they rushed to the army of the 10 billion warships on the edge of the Star Alliance. quasi-

To be sure, it should be the top of the nearly one hundred leagues of this battleship army...

Chapter 4825: The tree is still not falling

"Roar!""

Oh..." with

With the screaming roar and screaming, the skeletal avatars in the three **** seas and the black mists moved at the same time, rushing to the army of the 10 billion warships on the edge of the Wanzu League.

At this moment, the top-ranking members of the battleship army were almost as good as the appointments. They were smashed a few times, and their faces changed wildly, and they looked as if they suddenly saw a ghost...

Especially the twenty-four top-ranked league abilities, even the scared legs shivered slightly.

No one knows better than the purpose of their avatars and black fog, because at the same time that the arrogance and whistling sounds, they suddenly have a feeling that the breath is firmly locked.

This time, the reason why the Lord of the Devils attacked the Alliance of Ten Nations, the real purpose is them. first

When the middle-aged desolation of the four alliances, such as the former Black Golden Giant Ant and the Silver Giant Mouse, was still in front of them, they were already trembled as the target of the Lord of the Devils.

Nowadays, only a dazzling effort, the four powerful desolations in the league, without exception, are all trapped by the giant sphere formed by the nine-color flame sea.

There is no stronger existence than the strength of the entire Wan Clan alliance. This

The feeling of not relying on relying on and relying on the mountain originally made them feel flustered. At the moment, they were facing the spurt, the body violently violently hit the extreme, and the shin bones and blacks that locked their breath in the first time. Fog split...

It can be said that at this moment, the heart of these twenty-four alliance powers is almost completely collapsed! "

Roar! "

"Hey..."

All the battleships, the guns are open, and the volley is launched... bombardment! "

In the face of the rapidly approaching crisis, the twenty-four alliances have become so mad and uneasily screaming, and the body's breath is even more intense.

One of the guys, even under the blood of the mind, first issued a volley command of war to the army of 10 billion warships behind him...

"Hey..."

"boom!"

"Booming..."

The low humming sounded immediately, and with his command, the rear tens of billions of warships bombarded at the same time, and tens of billions of different star-space guns were fired together, and the whole piece of emptiness shook slightly. "

call out! ""

Oh..." Giant

After the big roar, it was followed by a dense sound of emptiness. Nearly countless guns and energy beams were poured out, overwhelming, and a void was covered...

In this scene, the high-level members of the Scouting Fleet from all major ethnic groups and forces squatting in the distance, and the first time they issued instructions, and all the members withdrew.

Although their distance is far away, even the bombardment of the Great Fortress does not reach this distance and is completely within the safe range.

However, the scene of the tens of billions of warships being volleyed at the same time is too alarming. It is always good to go back a little further, and the heart is more stable..."

Oh la la..."

Almost at the same instant, the sacral volley and the black mist of the positive spurt smashed into a huge body that instantly turned into a **** rain.

Then, the vast expanse of the vast sea of blood quickly condensed, and the half-interest has become a point of weak worms, as if there is no general, compared to the overwhelming, occupying a large expanse of numerous ships. The energy light curtain formed by the light column is completely negligible... short

In a short few moments, the energy beam of countless naval guns that broke out in this round of volleys has already whizzed past and rushed to the void farther away. Some stars along the way were hit, and the earth-shattering roar came to the ear. shock.

"This is what you are looking for, then you can't blame the temple..."

Almost at the next moment, under the flash of blood, the cheekbones and the black mist suddenly reappeared, and the figure quickly expanded. The blink of an eye has reached 60 million miles, and the late stage of the body is fascinating. Trembling...

"boom!"

"boom!""

Rumble..."

With the words falling, the cheekbones and the black mists smashed at the same time, even if they were separated by a distance of tens of billions of miles, the tens of billions of warships outside the front star field suddenly burst into a huge Mushroom cloud...

At this moment, the fire is skyrocketing, and the explosion of the rumble is even more alarming than the movement of the unprecedented tens of billions of warships.

Although it is only the simplest two punches, but also separated by tens of billions, but after all, the shots are two powerful late absurd. This

The consequences of the destruction caused by the two punches were too serious. In the army of the giant warships of the tens of billions of dollars, the blink of an eye was already in full swing, and at least more than one billion warships were destroyed. to

The number of alliance powerhouses in the battleship is so large that it is impossible to count...

Just one attack, which caused such a serious consequence, the top 100 coalition leaders in front of the void were frightened. This

Once, the twenty-four alliances were able to speak out, and the cosmic supremes of the dozens of cosmic masters behind them had already surpassed their orders.

"Damn, who will let you open the guns and launch them? This is simply the red fruit that is looking for death..."

Turn off the gun and immediately turn off all the guns. This is the order..."

"All the warships, immediately turn around, return to the inside of the Alliance, and evacuate the whole staff..."

"Roar!"

"Hey..."

With the issuance of the instructions, these dozens of the universe's Lord and the Supreme of the Universe, even more violent, exhausted their efforts, and evacuated to the interior of the Alliance.

Such discourses and actions are greatly disrespectful to the twenty-four Alliance Powers ahead.

But at this moment, they are completely unable to take care of it. What's more, from the current situation, the twenty-four alliance powers will soon be degraded.

The ugly point of saying, nowadays, in the eyes of the dozens of the universe and the eyes of the universe, behind them, they are already no different from the dead...

In fact, the twenty-four Alliance Powers in front of the sky are clearly aware of this, but at this moment, they have not been angered, turned and asked to blame the dozens of universes that have retreated to the interior of the star. The Lord and the universe are supreme.

Because after each shot a punch, the universe in front of the tens of billions of miles in the void, the main body of the Lord of the Temple of the sacral body and the black fog, has already slammed into the cold, and rushed straight to them. come.

All of them are murderous, and the fierceness of the sky, even the void is shaking slightly. to

The gods that have locked them all over the past have not slackened at all. This is clearly a lock on them, and it is about to start a full-scale killing rhythm. this

Don't run, don't want to leave later, I'm afraid there is no chance. "

Roar! ""

Hey! ""

Oh..." brain

These thoughts flashed in the middle, and the twenty-four alliance powers did not hesitate. They looked up and screamed and turned around and fled around.

At this moment, the high-level combat power of the Alliance of Tens, it is almost impossible to say that the tree has not fallen, and the first scatter...

Chapter 4826: Intentional hunting

"Roar!"

"Hey!"

"Oh..."

The hustle and the whistling sounds are soaring, and they all reveal endless fears and fears. At this moment, the high-level strength of the Alliance of Wans, it can be said that the trees are still not falling, and they are scattered!

Oppositely, the twenty-four alliances in front of the tens of billions of warships did not hesitate. After they screamed and screamed, they turned around and fled to the surroundings.

It's been this time to think about fleeing. Are you not aware of it? ""

It may be blunt to say that today, the reason why the main hall of the temple has come to the Alliance of Ten Thousands is for your twenty-four ancient powers, so don't even think about it..."

"call out!"

"Boom..."

In this scene, the bones of the cheekbones and the black mists were accompanied by the sound of the gods, and then there was a roar, almost at the next moment, a weak sound broke, and one of the wild and powerful creatures suddenly appeared. a black shadow...

This black shadow is the body of the black fog. At this time, his form is not as big as the previous 60 million miles, because it is too big to be assassinated. However, for him, these twenty-four ancients Power is just a group of ants. where

I am afraid that the black mist will give up the 60-mile-long giant body, and the strength of the blood and blood will be the first-order blessing of the strength. He is still the seventh-order absurd, crushing this group of ancient powers, simply Grinding a group of ants in general. Such as

Business here, although the singer is very tempered. on

At the moment when the figure appeared, the savage scalp that was locked in his first goal was blasted, and his mouth opened for help, but he obviously never had this opportunity. black

At the first time, the fog split out the right fist, and there was no energy to spread out. Jane

A simple punch, directly blasted in the back of the old manpower vest. After the huge explosion, the entire body of this ancient power has exploded. With

There was no chance of a half-reaction in the horror of the blast, and the flesh had turned into a **** fog, spreading rapidly. "

call out! "

In the next moment, the black mist splits and waves, and a huge invisible instinct is rolled out of the body, covering millions of miles. The **** fog that has just spread and spread is swept away and is in the body. Take

After the war, send it to the bottom of the volcano in the central area of Dingnai Space. Finish

In this all, I only used half-interest, and the half-interest has just passed. The body shape of the black fog has disappeared. When it is reproduced in the blink of an eye, it has already reached the other side of the world. The front...

At the same time, another direction... another

A coalition that was embarking on a speedy escape could subconsciously turn around and look at it. At this moment, a purple-gold figure appeared in front of his figure, quietly, without any movement and energy.

It is the cheekbones! this

The carved cheekbones are also squashed, and the body shape is also reduced to only about the length of the body. The air-filled air is the seventh step of the ancient sacred, which is slightly weaker than before, but the ancient land of the alliance of the Wan people is crushed. Yes, but it is more than enough..."

boom! ""

puff....."

When the alarm of this ancient power is born, and realizes that it is not good, the cheekbones have been blown out in a light, squatting on his chest... half

There are no suspense, and with the huge explosion, the whole body shape of this ancient and powerful can be turned into a red blood fog that spreads quickly! "

call out! "With

The target body burst open, and the blood was dispersed. The cheekbones also waved in the first time. A huge invisible gas was rolled out of the body and enveloped a radius of ten thousand miles.

The **** fog that had just spread and spread was swept by him, and he was enrolled in the body, waiting for the bottom of the volcano in the central area of the Dingnai space after the war.

After a hit, the cheekbones' body shape and the blink of an eye disappeared again, rushing to the second goal...

It's a long story, but in fact, it's happening in an unexpected time.

It can be said that the dazzling effort, the Wan National Alliance has already degraded two powerful wild powers.

This scene is too scared, and all other ancient powers are frightened.

The total eternal power of the entire Wan Clan League is only 24 people. Now, as soon as they are not able to kill, they have been killed two people, just like a leek. Such as

This horrible means and the speed of killing, according to this, they will be completely annihilated in this time when at least half of the column is not enough.

These thoughts flashed through my mind, and the remaining twenty-three wildernesses looked like they turned their eyes and exchanged their eyes. At this moment, they finally realized the horror of the Lord of the Devil.

Even if it has the strength to be second only to the abandonment, in the face of this real late sorrow, there is no difference between the ants and the ants..."

call out! "not

Waiting for a sense of communication between them, with the sound of a weak break, the body shape is only the black fog that has been swayed, and the blink of an eye has appeared in the other direction.

"Hey..."

Once, the old man who was locked in his breath immediately felt the crisis coming. He had not waited for the black fog to split his body. His figure had suddenly trembled, and under fear of cross-cutting, his hair was out. A fierce and screaming voice...

"boom!""

puff....."

Unfortunately, all this can't change anything. he

The whistling sound is still falling, the black mist has already been shot, and it is still a simple punch, smashing on the huge body of this ancient power, after a huge explosion, a dull scream The whole body shape of this ancient and powerful Pangda is stunned into a red blood fog that spreads rapidly.

call out! ”

Even if there is already preparedness, this league power can still not hold back the black mist, and the whole body is exploding into blood and blood.

The black mist split also waved in the first place. A majestic invisible temperament was rolled out of his body, and the **** fog that had just spread and spread was swept by him, and he was in the body...

All this has not yet been completed. In the other direction, the skeletal avatar of Jinjin Zijin has reappeared. Under the flash of the cold, the rushing to the right of the tens of millions of miles on the right side of the Union..."

boom! ”

"boom....."

The earth-shattering blast came, and the fourth league power fell.

It's too tragic, simple and straightforward. Although it's not gorgeous, it gives people a sense of extreme shock that is difficult to describe in words.

At this moment, the remaining twenty-four alliances have long been heartbroken.

They are all afraid of being afraid, and the only thought in their hearts is to do their best and escape as far as possible to the front...

In the void, this moment is caught in a strange silence. Except for the sharp and empty sounds brought by the shadows of the shadows, there are no other sounds, just like the imprisonment, the silence is chilling, the souls are falling... ...

Chapter 4827: One can't be less

"boom!"

Oh..."

The sound of the earth's blast came, and with the black fog splitting out, the fifth alliance power was degraded. The huge inner peak turned into a **** fog, and then it was separated by black fog. Put away with a wave... the most

At the beginning, Ye Xuan's big blood in his hands was only nine, and he took a starry alliance and killed 16 ancient nobles. The number of powerful blood in his hands soared to twenty-five. and

Now, as he returns to the Alliance of Nations, the hunting has just begun, and he has already harvested five powerful blood.

The total number of powerful blood in the hands has reached 30 giants! but

This is still not enough!

According to his estimation, at least 40 pieces of the 29th-level ridiculous Baodan must be prepared in his own hands to cope with future needs. Place

Therefore, the ancient powers have to kill! and

This time, after leaving the Star Alliance, he did not immediately return to the magic hall in the Xusheng forbidden land. The only purpose was to hit the iron and fall to the star field where the Wanzu Alliance was located. will

The twenty-four ancient powers of the Wan Clan Alliance that had just arrived not long ago were all killed together...

Twenty-four Alliance Powers, now there are five Fuxi, and the remaining 19 are. Next to

People may not know the significance of these nineteen ancient powers, but Ye Xuan is well-informed. For him, this is clearly a nineteen twenty-five-level ridiculous treasure. each

One, both represent Ye Xuan's Temple of Devils, and in the future will be a powerful ancient sage to be born!

Therefore, the rest of the nineteen Wan Clan alliances must be all killed... one can not be less!

"boom!"

"boom....."

With this kind of firmness, the cheekbones were smashed in the middle of the cold, and once again, the simple shot was blown out. The sixth league power burst into a **** fog, and he was put away between his waves... This

Everything is long, but it happens between ten interest, short and short, and at the edge of the rear star cluster, a large number of alliance warships are still rapidly withdrawing into the star field.

On the right side of the tens of billions of miles, the huge flame ball formed by the nine-color flame sea, the black giant ants and the silver giant rat and other four leagues of ridiculous roaring voices are still roaring.

But in this battlefield, the six powerful alliances have been degraded, and they have fallen into disarray, and the half-roots have not been able to stay...

This scene falls in the eyes of the scouting strongmen from all major ethnic groups and forces, and has already let them completely fall into silence. Place

Some people have their mouths open, their eyes are round and their breaths have stopped, and the look on their faces is like a ghost, very sluggish! also

After the counts of the past, until the black mist and the sacral scorpion were shot separately, and a simple punch burst, and each of them destroyed a wild power of the Wan Clan alliance, they suddenly stunned and stunned. Under the change, they have been chilling and screaming...

"What? Just a few breaths of time, have you fallen into six powerful wild powers?"

"No, it's clearly eight. Just at the moment you talk, the skeleton of the Lord of the Devil is separated from the black fog, and another one is killed..."

"It's too cruel, it's too bloody, and the murderous flame of the Lord of the Devil is simply chilling..."

"The result of this war has no suspense. After the Star Alliance, the Alliance of Wans will also be seriously injured. Perhaps the four ancient Supreme Supreme trapped in the nine-color flame sea may have escaped. The existence of it is too difficult to kill, and the fall of every one must pay a small price..."

But these twenty-four ancient powers, no doubt, will be completely killed in this battle..."

After this battle, the strength of the Wanzu League has been greatly reduced. More importantly, the numerous powerful players in the alliance will leave a psychological shadow of fear over the Lord of the Devil. In a short time, I am afraid that I can no longer join forces with the Star Alliance. I'm having trouble with the magic hall..."

"I thought that with the arrival of the reinforcements of the three major alliances, and the announcement of the withdrawal of the magic hall, the magic hall that had already been in the sky of the shards of the ruins of the world, will be no longer strong..."

"I didn't expect that in the end, it was such a result. The Star Alliance and the Alliance of Ten Thousand Peoples were successively defeated. The Alliance of the Beasts was already out of the game. The Alliance of the Survivors did not even dare to let the farts fall, and the turtles did not take the lead in the stars." "

The rest of the most powerful Terran Federation and the unexpectedly advented celestial family, but in a fierce battle, I am afraid that I will not stop at a time..."

"Looking at it, this piece of the ruined ruins of the ruins of the heavens and the earth is clearly the devil!"

Oh..."

boom! "

"Booming..."

"Hey..."

With the screams of screams in the distance, the battlefield here, the fierce and screaming sound of the whistling sound has not stopped.

More thunderous thunderous sounds are thrilling. Ten thousand

The remaining ancient powers of the Alliance are divided into different directions, speeding up and escaping. can

Unfortunately, the speed of the ancient powers is amazing, but for the ancients, especially in the later period, nothing is counted. skeleton

Bone avatars and black mists are like a dragon swimming around the world. The body shape flashes in different void areas. After each appearance, there is no hesitation in half, and the first time it is punched out...

There is no resistance in this, and the remaining dozens of surviving alliances have long been heartbroken. In the face of the oncoming violent energy, in addition to madness, there is no other countermeasure.

The end result is no suspense. skeleton

Bone avatars and black mists are shot again and again, each time is a simple punch, the target of each bombardment is bursting in the body, turning into a swell of blood.

Not to be spread, but also by the cheekbones and the black mist in a wave of hands, all the blood mist swept over, into the body, to be sent to Shennong Baoding after the war, to carry out blood purification! This

It's an unprecedented ***** massacre, even in the recent Star Alliance, the battle has never been so terrible.

In the Battle of the Air Alliance, the ancient powers that Ye Xuan killed before and after, only only 16 people.

But this time, in the League of Nations, these twenty-four ancient powers, he did not intend to let go. although

However, the number of prey has increased, but the same, the hunter who launched the slaughter, also changed from the last black fog to the two, and now the two with the cheekbones. positive

Because of this, the duration of this battle has been shortened by a large margin in the Star Alliance.

Twenty-four powerful wild powers have only used a few dozens of interest, and they have been completely slaughtered by the sacral body and the black fog.

At this moment, the horrible whistle of the vain air disappeared completely, and it was no longer smellable. Even the **** smell of a little bit was not there, because all the blood fog had been taken away. but

Invisible, there is a eternal chill that is fascinating, and it is rapidly being rendered, so that the various forces in the distance around the sky are scouting the strong, such as the ice cave...

Chapter 4828: Retire

Before the beginning of this war, the powerful forces in the fleeting vistas in the distant air and the squadrons of the fleet had already guessed the final end of the 24 generations of the Wan's League.

Yes, no one expected that this war would have ended in such a short period of time. two

Fourteen powerful ancient powers, before and after, the sacral body of the Lord of the Devil and the black mist, only used a few dozens of interest, it was completely wiped clean! number

Ten interest, but it is the time of half a cup of tea.

If someone poured a cup of hot tea before the war, until the end of the war, when the twenty-four ancient powers were all fallen, the cup of hot tea, I am afraid that it has not been cool, there is still room temperature.

This is a huge irony, but it makes people feel cold, like falling ice...

Of course, this is just the feeling of outside spectators. For Ye Xuan, this is not the case. just

On the contrary, at this moment, the whole heart is full of joy, and there is a great satisfaction after the harvest.

Before the start of this war, the power of his power was only twenty-five, but now he has harvested twenty-four again. Together, the total number of powerful blood in Ye Xuan's hands has reached forty. Nine giants!

Among the forty-nine powerful blood, there are even six best things.

In this way, according to Ye Xuan's derivation, if these forty-nine high-energy bloodsmen are used for refining, if there is no accident, the probability of releasing fifty-nine-level ridiculous Baodan will reach 10%. , nailed on the board! Will

It is fifty-three, and there are about 60% chances. to

The probability of fifty-five pieces dropped sharply, only about 40%...he

The original plan was only enough to refine 40 pieces of the 29th-level ridiculous Baodan. Now the lowest has 51 pieces as a guarantee. It can be said that the plan has been greatly over-completed, which is definitely a huge surprise. This

Once, the harvest is too great, and his heart is so inspiring. Even with Ye Xuan's current state of mind, he can't be calm for a long time. After a full amount of interest, the tide of turbulence has gradually calmed down...

However, the cheekbones and the black mist turned to the head and exchanged a look, under the heart, when the giant nine-color flame ball turned to the right side of the distance, looked at the past.

In today's battle, the main goal has been overfulfilled. If you can kill more than one ancient Supreme, it will be absolutely perfect, it is a icing on the cake!

Although there are four sacred sacred feet in the nine-color flame sea, they are all only in the middle of this period. Among them, the weakest existence is only a short-term interim period. Respect. Such as

Today, Ye Xuan's three **** seas are all here. If you enter the nine-color flame ball at the same time, under the joint hand, the sneak peek at the timing of the thunder, may not have the possibility of killing the fourth-order ridiculousalthough

However, the ruins are hard to kill, and the mid-stage sorrow is even more so, but the three blood-splitting avatars are now cultivated in this period of the past, and their combat power is extremely strong. again

In addition, with the help of the nine-color flame sea, in theory, as long as the time is enough, the four ancient alliances of the four Wan nationality alliances trapped inside the flame ball will be killed by him and destroyed by the whole army.

However, theory is theory and reality is reality.

Ye Xuan can't have so much time to spend here, because there are other wildernesses in this shard of the ruins of the world, and it is possible to come at any time. One

Once disturbed, it instantly adds infinite variables.

What's more, now he is alone in the expedition of the Wan Clan alliance, and the top of the magical hall of the Xusheng forbidden land has no more top-ranking powerhouses. The most powerful existence is just the Taikoo Porcupine and the Taikoo Turtle. Old goods, only the early days of the ancients. except

In addition, it is just the nine beasts of the original Star Alliance that just surrendered to the Temple of Demon. and

The war that took place on the side of the Wan Clan Alliance will soon be known to be discovered by other ruined levels in the void of this ruined land. people

The federal and the heavenly family are over there. Even if they have the heart, I am afraid that I will not be able to withdraw.

But the Star Alliance is a big threat. Do not

A long time ago, Ye Xuan was just coming to the Star Alliance, killing 16 of the 25 Stars of the Star Alliance and surrendering to the Nine.

This is a big hate.

If there is an opportunity, the Star Alliance's blood-stained war lions, nine **** scorpions, Qingtian Dapeng, and the **** unicorns and nine sacred crocodile who just joined them will never let go.

Ye Xuan can't help it.

In case they let them take advantage of their own opportunity to levy the alliance of the Wan nationality, they rushed into the base camp of the magic hall, and they were squandered, and the consequences were simply unimaginable...

"The time is running out..."

At this point, the shin bones and the black mist are all in the middle of the body, and there is a flash of light, while whispering...

"But if you leave, you will be too unwilling..."

In any case, right and try it, if you can't kill the fourth-order dignity in a time of a fragrant incense, you don't have to fight again, put away the nine-color flame sea, pull away, and retreat..." "

call out! "

"Hey..."

As soon as the voice fell, the sacral body and the black mist had already plunged out at the same time. The blink of an eye had reached the edge of the giant nine-color flame ball on the right side of the tens of billions.

Without hesitation, after exchanging a look with the flesh and blood of the town, the three **** seas were smashed in the middle of the cold, and they flashed together in an instant, and rushed into the nine-color flame sea. Within the huge flame ball formed, it disappeared.

Seeing this scene, in the distant sky from the squadrons of the major ethnic groups and forces, countless powerful people at the same time, and then the face changed greatly, under the madness of the body, they were stunned and screamed... ..

"What is the situation? The twenty-four ancient powers of the Wanzu League have been wiped out by the whole army. Shouldn't this war be over? Why is the Lord of the Devil still not leaving?"

Hey... The three **** seas rushed into the giant flame ball formed by the nine-color flame sea at the same time. What is this? ""

Still asking? Is there any other person in the giant flame ball? It is the four ancient sages of the Wan National League..."

how is this possible? The Lord of the Devils still wants to expand the results of the war, and to kill the four ruling weapons of the Alliance of All Nations. This is amazing..."

It's absolutely impossible to kill all of them. The Lord of the Temple is also well aware of it, but if you find the opportunity, the three bloods and seas will join hands, and the Thunder will only kill one of them, but it is entirely possible. of! "

"I want to make a big deal. Is it here today that there will be a supreme level of ruin?" This is simply shocking, the whole piece of emptiness will be shaken..."

"Roar!"

"Hey!"

"Hey..."

"Booming..."

Just as there were countless exclamations in the air around the scene, the giant flame ball in the distance ahead suddenly burst into a thunderous whistling sound, and there was a thunderous thunder.

Obviously, the big battle within the flameball... has broken out!

Chapter 4829: Power seventh

"Roar!""

Hey! ""

Oh..."

"Booming..."

Inside the giant flame ball, the sound of a horrible whistling sound came out, and the thunder of the rumble was more and more resounding. This represents the outbreak of the battle between the seven ancient sages within the flame ball!

To be precise, it is not the seven ancients who are in the flames, but the five.

The four belong to the Alliance of Ten Nations, and the other three are actually the Trinity, the Lord of the Temple of the Devil. 子

In one body, there are four great deities in the war, and such a big hand is only the master of the temple... brain

The thoughts flashed through the sea, and the emptiness in the distance came from the scouts of the major forces and ethnic groups. Countless star powers suddenly became dazzled. At this moment, the supreme hero of the Lord of the Temple was unprecedented in their minds. Height and glory...this

As a result of the First World War, all the people were very concerned. Although the inside of the giant flame ball could not be seen at this time, the whole heart of all the strong people in the emptiness around the sky all mentioned the blind eyes! Time

The time passed slowly, unconsciously, and the time of a fragrant incense passed. in

During this time of the incense, the horrible roar and the whistling in the flame ball have not stopped, and the endless thunder and bang is continuing..."

Oh..."

Just as all the strong players were holding their breath, there were three sharp and unpredictable sounds in the flame ball from the front. Warp

Looking forward to the first, three huge incomparable figures, almost the front and rear feet rushed out from the giant nine-color flame ball. He

However, it is the three bloods of the Lord of the Devil, the violent, savage and black fog.

Ye Xuan's original time was a pillar of incense. Now that time is up, he can't continue to delay. Otherwise, Xu Sheng's forbidden land may be lost. although

After all, I still couldn't find the opportunity to kill the mid-stage ruin of the fourth-order world, but this war can only be so, and I can't stay any longer. "

哗啦啦....."

The three **** seas rushed out, like a tidal wave, and it was overwhelming. black

The huge body shape of the body of the mist and the cheekbone collapsed instantly, turning into a **** rain, blending into the **** sea under the feet, followed by the endless **** seas shrinking and shrinking into a weak awn. Violent eyebrows... turn

The strongest of the parties who had been circling around for a long time, the violent figure quickly shrank, and the blink of an eye was restored from the 60 million-mile giant to the original master.

"Hey..."

"哗..."

For a moment, violently licking his hair and showing a slight resentful roar. angry

At the same time, the huge nine-colored flame ball in front of it collapsed completely in the middle of the half interest, and finally turned into a nine-color masculine masculinity, which did not enter its eyebrows and disappeared.

This is clearly to end the battle, and the rhythm of leaving.

These thoughts flashed through the mind, and in the distant air around the squad, the scouts from the major forces and ethnic groups, countless strong people were slightly disappointed, and their hearts secretly sighed. end

Still can't see the scene of the desolation, the Lord of the Devil has some scruples, will have to pull away.
"

Oh..."

When these thoughts flashed in their minds, a clear and unresolved sound of cracks came from the front of the sky, and the violent rips opened a crack in the void and stepped into it, disappearing.

"Roar!"

Hey!"

"戾戾..." straight

At this time, the four desolation of the Wan Clan alliance, which had been banned from the black-colored giant ants and the silver giant rat, which had been banned from the nine-color flame ball, had come back to the gods, and they all roared and screamed.

Although they have not been seriously injured, they are really incomparable, and all of them are huge blood bags. At first glance, they are known to have been bombarded by **** bars. brain

In the midst of these thoughts, the high-level squadrons from the major forces and ethnic groups in the distance, even if they issued instructions for full-speed evacuation, and then stayed, I am afraid to be angered and become the four powerful and desolate. Bucket.....

...asahi

In the depths of the forbidden land, Ye Xuan's Dongfu Star!

Today, it's been a day since the War of the Alliance of Nations.

After leaving the League of Nations, Ye Xuan returned to Xusheng for the first time, but did not disturb the high-level temple in the forbidden place, but returned directly to the Dongfu Star Field and entered the Temple.

Because this time, successively conquering the Star Alliance and the Alliance of Tens of Nations, he can be described as a multi-game battle, and there have been signs of impending breakthroughs in the body.

Therefore, when he returns, he will return to the Dongfu Star, and he will immediately start a retreat and seek a breakthrough.

"Booming..."

Engraved, suddenly waved, Ye Xuan will immediately sacrifice Shennong Ding, hanging behind the giant peak where the magic hall is located, floating in the air.

As soon as he was swaying, he stepped into the hustle and bustle of the fascinating hustle and bustle, and then entered the Dingnai space before he sat down in the volcano of the central area of the Dingnai space!

"call out!""

Oh..."

In a flash, a lot of faint sounds broke! One

The road is spurred from Ye Xuan's body, hanging in front of him, including all kinds of top-level cultivation resources such as the evil source liquid, as well as the nine-color magic medicine, and even the chaotic drugs of gray and gray have a large canopy. There is a volume of a thousand squares. This

These are all the cultivation resources that he took out from the immortal world to develop this breakthrough!

After everything was done, Ye Xuan mobilized Shennong Ding's domain field power in the first time, and compressed all the cultivation resources to the size of only the baby fist. In the wave, the ball of the size of the baby fist was swallowed by Ye Xuan. Into the abdomen, quickly open...

"Hey!"

"Booming..."

All the cultivation resources have just been swallowed, and the sound of the chains is heard in his body. All the resources of cultivation resources are transformed into a powerful river of energy. and

With the thunder and screaming, he continued to run through the big Zhou Zhou in his whole body until he was thoroughly refining...when

This hanging energy disappeared and completely integrated into his soul and body.

Ye Xuan only had a sudden impact on the power, and the chain of shackles was broken, and the system prompts in anticipation sounded quickly in my mind..."

Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the seventh step of the ancient power! ""

Hey, congratulations to the host, the breakthrough of the body and blood! The current realm: the seventh step of the ancient power! "Big

Can be seven steps! This

It's late in the world...this

Before the breakthrough, the cultivation of Ye Xuan's deity was the sixth stage of the ancient power of the ancients. After the activation of the blood of the ancient konjac in the body, it was able to climb to the seventh stage of the ancient power.

In the state of showing the konjac and changing the magical power, and reaching the ninth change, the combat power immediately ascended to the seventh order of the ancient sage. only

There is a first-order bonus to the strength of the body, and his real combat power can reach the level of absurdity! but

Now with the new breakthrough, Ye Xuan will have the strength of the eighth-order power of the ancient powers after activating the blood of the konjac in the body...

Chapter 4830: Refining the waste

In this way, once he shows the blood and magic of the konjac, and directly enters the ninth change, his peak power will instantly reach the eighth order of the ancient sage! If

Under the huge body of 60 million miles, the strength of the horrible blood will have a second-order bonus to the real combat power. By then, he will be able to show the strongest force. Reach an unprecedented nine-stage absurd!

It is also called the half-step heaven! thing

In fact, he still has a **** secret!

If it is the dynamism of the blood and sea secret law, it will instantly condense three blood and sea avatars, all of which have enough horrific power to fight against the nine-stage absurdity.

In this case, if it is a three-war one, even if it is a ninth-order ridiculous, it will be crushed by him. If you use the sacred sacred bow and other means of supernatural powers and connotations, the ruling of the ninth-order grand perfection The peak, that is, the existence of the half-step heavenly level of the void giant turtle, is too late to be prevented, and it is very likely that he will be shot by one arrow... it will fall! brain

These thoughts flashed in the middle, and at this moment, Ye Xuan's heart surged unprecedentedly, and suddenly opened his eyes, deep in the bottom, and the fine man's flash disappeared..."

This time it took only seven days to retreat? "will

After the emotions of the heart were calmed down, Ye Xuan's finger counted, and the look on his face suddenly became strange. from

After entering the middle of the big energy, the time required for each retreat to break through has been getting longer and longer, but this time, it took only seven days, and it was somewhat unexpected.

However, this is most likely due to the previous battles. miss you

When he got here, he was relieved. Then, after a little thought, he soon had a new decision: "The power of blood in the hands has already accumulated to forty-nine, and at least fifty-one can be refining. Nine-level deserted Baodan came out..."

In this way, there is no need to continue to wait until the refining of this furnace, and then to complete it. In the future, we will collect the blood of the 30th-level Tiandao Baodan. "

After that, he did not hesitate, and immediately took out the **** blood of the former income, which was formed by the explosion of a noble ancient body, and sent it into the flame pool at the bottom of the central fire of Shennong Ding's internal space. Condensation. less

After that, all the great bloodstains were condensed, and Ye Xuan adjusted his mind again, and began to refine the second furnace of the twenty-ninth level. "

call out! "

"Hey..."

In the middle of the wave, the powerful blood that has already been condensed has appeared in the palm of his right hand.

A lot more, just forty-nine, and among the forty-nine powerful blood, there are six best things, almost one can reach two... two

The 19th-level Baodan, also known as the Baden Baodan!

It only takes one swallow to go down, and it can make the ninth-order great perfection of the ancient and the great powers break through the bottleneck of the big realm in a short time, and become a real ancient supreme. this

Engraved, the forty-nine geniuses of blood that he took out in his hands will be the basis of Ye Xuan's twenty-thousand-year-old ridiculous treasures along with other large-scale treasures and treasures. raw material! Do not

In addition to these two most important basic materials, Ye Xuan will also add some of the evil source liquids, as well as the top resources previously found in the Hong Kong virtual air.

Although the deserted Baodan is not the same, but Ye Xuan has been refining a furnace before, so this time it is not at all nervous, showing confidence.

After all the preparations for this refining were done, Ye Xuan suddenly waved.

In an instant, all the resources and all kinds of top-quality treasures needed for the twenty-five-level ridiculous Baodan formula were taken out, and then they closed their eyes... and

At the same time, the internal space of Shennong Ding, inside the flame pool at the bottom of the volcano in the central domain!

"call out!"

"Hey..."

The sound of the road broke through, and the dense colors of the singular spurs came from the heights of the volcanoes in the central volcano. They appeared directly above the flame pool at the bottom of the volcano, and suddenly hovered for a moment, it was Huang Xuan. For this reason, the top materials and cultivation resources prepared by the 29th-level Baden Baodan are prepared.

"call!"

The next moment, like the whistling sound of the whistling wind, below the top resources, from the flame pool at the bottom of the volcano of the central domain, a fascinating Shennong nine-color flame whistling, and the eyes condensed into a single Xu Fangyuan's nine-color stove Ding! small

Clever and simple, revealing an extraordinary atmosphere. tight

Then, all the materials and resources that have been prepared for the big blood and blood are automatically flying up, and they are not included in the fireworks Ding Ding which only covers the square. First

The refinement of the second furnace and the twenty-ninth-level Dazao Zundan, from which... officially launched!

Although it is already the second refining, there are too many **** sperms due to this time.

Therefore, Ye Xuan still dare not take it lightly, and the whole body is in control of everything. With unprecedented concentration, as he moves, a refining method is thrown out in his hands, and the speed is almost at its peak.

The blink of an eye turned into a mysterious pattern of incomprehensibility, and it did not enter the nine-color stove at the bottom of the volcano in the central domain. Do not

Unconsciously, a month's time dazzled, but Ye Xuan did not feel at all. His whole mind had been immersed in the refining of this furnace, and completely forgot the existence of time.

"Boom!"

At this moment, above the flame pool at the bottom of the central fire of the Ding Nei space, a huge roaring sound rang, and the furnace that was purely condensed by the Shennong nine-color flame was scattered.

Like the Dajiang River, the colorful fireworks screamed back to the flame pool below, but still remained above the flame pool, it was fifty-five baby-sized balls! Place

Some of the beads are all purple and transpiration, the surface is full of rich and colorful smog, and there is a layer of dreamy halo, revealing a simple and heavy atmosphere... It is the twenty-nine-level desert treasure Dan! only

With only one piece, you can make the ruins of the ruins of the ruins of the ancient ruins of the ancient times, after swallowing, break through the big realm in a short time, and directly enter the twenty-ninth level of the ancient sacred place... the ridiculous treasure! "

There are actually fifty-five? "

Suddenly opened his eyes, Ye Xuan 闪 flashed a smattering of the fine mans, looked at the fifty-five pieces of the superbly scented in the empty air in front of him, the supreme treasure of his face, his face 怔 Hey, I took a sigh of relief. Mutter

In a whisper, there is an endless surprise!

This time, he used to refine the power of forty-nine, because there are six of the best things, one can reach two, so, according to Ye Xuan's deduction, open four bases, The chances of refining 51 outdated treasures will reach 10%. board

No nails, no suspense! this

In addition, the probability of fifty-three is about 60%.

The probability of fifty-five pieces has skyrocketed, only about 40%.

Now that Baodan is released, there are actually 55 giants. Only a small probability event with only 40% chance becomes a reality. How can you not let him be ecstatic?

You must know that a ridiculous treasure, on behalf of him, will give birth to a powerful ancient sage in the future...
