Chapter 4841: Constructing wormholes

"Booming..."

Card! "people

Beyond the atmosphere of the star's federal headquarters, a dull thunder suddenly sounded in the void, followed by a crisp and cracking sound... crack

There was a crack in the air, not a big one. It was only a hundred square feet, but the breath that was diffused from the crack was extremely powerful and more than one. "

call out! "

"咻咻咻..."

In a flash, five consecutive figures rushed out of the cracks, directly across the atmosphere of the stars, and fell to the huge peak of the headquarters of the Confederate Federal Headquarters. This

The five figures are also the appearance of the human race, but the breath of the body shows that they have the blood of the starry beast, and they are extremely rich.

As for the cultivation of the breath, the five people are also the ancient and the supreme, the weakest is the first step of the desolation, the strongest is the seven steps of the absurd.

These five people are the five ridiculous geeks from the Star Alliance, the **** unicorn, the nine sacred crocodile, the nine-headed bloody, the blue sky Dapeng and the blood-sucking lion!

Of course, the blood-sucking lion is not a ridiculous blame. His true cultivation is only the sixth stage of the ancient power, but this time he was invited to the Terran Federation to participate in the summit of

the three major leagues, the second of the Star Alliance. The death of the fifteen ancient dynasties, the fall of the fall, is now gone. only

The five old guys left are really shabby, so before they came here, the blood-sucking lion deliberately activated the zen lion's **** magical powers and showed it to the ninth.

In this way, the cultivation of strength has reached the seventh stage of the absurd. four

A lazy and a great power, how can there be a five-year-old who has a face in the late stage of this situation?

Engraved, with the arrival of the blood-scarred war lions, the emperor and other people of the ancient and the ridiculous old monsters once again got up, and after each other's chilling, they will be seated inside the hall. put

Looking at it, there are more than fifty figures in the hall at this time. Among them, there are only ten desolation and grotesque, and the rest are all high-level elites of the Terran Federation. The lineup is absolutely luxurious and shocking. "

You are friends..."

After the chilling, everyone settled down, and the Emperor turned to look at the other nine ridiculous geeks from the Star Alliance and the Alliance of Ten Thousands. He smiled and said: "This alliance summit is of great significance, and my Terran Federation now has The six awakened absurdity should have been in attendance, but the six Taoist friends are working together to carry out an important arrangement and withdraw from the innocence. Therefore, the matter is also expected to include a lot of friends!"

Having said that, his face sank and his words turned sharply: "The current situation of the emptiness of the ruins of the heavens and the earth, I will wait for all the friends in the room, and I will know all of them."

The reason why my Terran Federation proposed to convene this three major alliance summits is to closely combine the strengths of the three major alliances, and to defend the magic hall and the heavenly family..."

"With regard to this matter, I don't know the nine friends, can you have any different opinions?"

He finished, the Scarlet kylin from the Star Alliance, the nine sacred crocodile, the nine-headed blood scorpion, the Qingtian Dapeng, the blood-sucking lion, and the other four ridiculous geeks from the Alliance of Nations, immediately exchanged a Eyes.

Then, after a little thought, they began to make a sound, and each other's own opinions, the atmosphere in the hall gradually became calm and serious...

...meeting

The duration of the discussion is not long, because the merger of the three major alliances is an inevitable trend. Not only does the Terran Federation want to see this result, but the Star Alliance and the Alliance of Nations are even more so.

Otherwise, the nine disappointing old monsters of these two major leagues will not come to participate in this so-called three major league summits today.

After some deliberation and discussion, the dozens of the three major leagues at the meeting unanimously passed the resolution of the merger of the alliance, and even the names of the forces after the merger were confirmed. press

According to their meaning, the reason why the three major alliances were merged was to resist the heavenly family and the magical hall. The magical hall and the heavenly family were all without exception, and all their actions were all sinister and sinister. Place

Therefore, the forces of the three major coalitions after this merger are to conform to the heavens, to murder evil, and to be named after the Tiandao League.

Since then, Tiandao League has been established, but it has not been announced for the time being. This

After everything is confirmed, the second issue is mentioned on the table, that is, the cooperation and rush between the three major leagues. This

Once, the reason why the three major leagues held a summit to discuss the merger was to fight against the heavenly family and the magic hall.

Therefore, this so-called alliance can naturally be just a form of nominality. It must be implemented, otherwise it will lose its meaning. Of course

However, whether it is the Terran Federation or the Star Alliance, the Alliance of Ten Nations, without exception, all of them are big and big, each occupying a vast universe of voids, and they are far apart from each other.

In this way, if one of the alliances suddenly has a war with the magic hall or the celestial family, and the other two alliances need to be mobilized, the existence of the above-mentioned powers in the alliance can still come in time, but below the power The power, even if it is the supreme of the universe, I am afraid I don't want to arrive in the first time...

In the conventional level of warships and other battles, it takes a long time to move from one alliance to another. I am afraid that when the battle is still halfway, the war is over.

Taking this issue into consideration, after a lot of discussion and deliberation among the high-level people in the main hall, they quickly reached a consensus that they built a star-studded wormhole inside the stars of the three major leagues. This

The three star-studded wormholes will be built by the three major alliances of the ridiculous grotesque. They belong to the purpose-built directional wormhole, which can only travel back and forth between the three major leagues.

In this way, once one of the alliances needs help, the other two alliances, even if they are far apart, can open the army in the first place through the wormholes in the depths of their respective stars...

After the decision, Emperor II and the nine ridiculous geeks from the Star Alliance and the Alliance of Ten Thousands immediately took the shot. The group first plucked from the stars and went to a relatively remote place in the depths of the Terran Federation. Under the joint efforts, just a small half-day time, a directional wormhole with a diameter of more than 10 million miles was successfully constructed. This

The construction of the star-studded wormhole was not so simple, but it was originally a piece of emptiness in the wild world, and the rules of heaven were incomplete. again

In addition, the rhythm of the difference between the heavens and the earth has changed significantly. Therefore, under the joint efforts of several absurd people, the wormhole has been constructed, and there is no twist and tear, which is extremely smooth.

Next, Emperor II went with them to the Star Alliance and the Alliance of Ten Thousands. It took ten days before and after, and finally two other wormholes were built.

From this moment on, the Tiandao League formed after the merger of the three major alliances of the Terran Federation, the Star Alliance and the Alliance of Ten Thousands of Nations has really become a substantive meaning, and it is no longer just an empty talk...

Chapter 4842: Survivors

Today, it has been nearly a month since the end of the war between the Celestial and Terran federations.

There have been no changes in the Tianji nationality since this month. The Terran Federation seems to be the same. At least, the major forces who clashed in the stars outside the Terran Federation have not found any anomalies. thing

In fact, including the Star Alliance and the Alliance of Nations, the same is true.

It can be said that this month after the end of the war between the Tianzu and the Terran, the vast expanse of the vast expanse of the ruins of the heavens and the earth suddenly became quiet, giving people an inexplicable sense of sorrow.

However, without waiting for the forces and ethnic groups to come back, the Terran Federation and the Star Alliance and the Alliance of Tensions suddenly jumped out of ten powerful ridiculous monsters. The joint name announced: From this moment on, the three major alliances merged. Established Tiandao League!

As soon as this news spread, it immediately caused a sigh of sorrow. The size and power of this piece of debris in the emptiness of the heavens and the earth were shocked...

Surprisingly, however, such an astonishing blockbuster spread, and the merger of the three major alliances, the establishment of the Tiandao League, the clear distinction is the heavenly family and the magic hall.

But for this matter, no matter whether it is the magic hall or the heavenly family, there is no statement. The master of the temple and the emperor have never heard of this matter.

Asahi

The Forbidden City, Ye Xuan's Dongfu Star...

"call out!"

The faint sound of breaking the air rang out, and a mile of mans rushed out of the Dongfu Star, and the universe in the void outside the atmosphere came to an abrupt end, and it was the Ye Xuan who made the konjac shape. star

Outside the universe, there are a lot of high-level people in the universe, but the people are not standing together, most of them are retreating, including Taikoo Porcupine, Taikoo tortoise, Green Bull, and the Star Alliance that joined not long ago. The **** tribes of the nine beasts are powerful.

In front of a group of high-level people, the most powerful ones are Zhao Dong, Qian Nan, Sun Xi and Li Bei. Zhao

The East Four and the Taikoo Porcupine, the Taikoo tortoise, the green cow, and the star of the Star Alliance, the **** tribe, and the nine fierce beasts, who have joined the team, have been negotiating with each other.

When there is no war, you will take turns to stay in the temple, and others will be retreat, so that you can do as much as possible without delay...

This is the value of Zhao Dong. At present, all four of them have been repaired in the late seventh stage of the universe. This cultivation speed is so shocking to the outside world, but it is pure in the magic hall. All of this is the credit of Amethyst, the colorful medicine and the chaotic medicine...this

In the past month, Ye Xuan has been in the magic hall of the peak of the giant peak in the Dongfu Star. He has carried out the second round of the perfect Dan Fang of the 30th-level Tiandao Baodan, just finished this... ..

Therefore, for this month, I think that the changes that have taken place in the outside world are still unknown! listen

After Zhao Dong reported everything that happened in the past month, Ye Xuan's faint glimmer of light flashed into the sinking moment.

The news made him feel surprised.

The first is the full coming of the entire mechanical family under Emperor II. From

Judging from the situation they showed at the time, the overall strength of the mechanical family is obviously not to be underestimated. Now that the Terran Federation has joined them, the combat power is obviously stronger. this

In addition, the merger of the Terran Federation and the Star Alliance, the Alliance of Ten Nations, and the establishment of the Tiandao League also made him somewhat unprepared. Light

Listening to the name, I know that this so-called Heavenly League must be established for the Temple of the Devil and the Heavenly Family.

Nowadays, with the establishment of Tiandao League, the original three major alliances have been merged into a super behemoth in an instant, just to determine that there are 16 deities of ruin. This

Still not the result of counting the mechanical family under Emperor II, otherwise, I am afraid there will be more.

Moreover, according to Ye Xuan's speculation, this so-called Tiandao League is probably not only simple to set up on the forum. If there are no accidents, there must be a time to help each other in a short period of time. Coping solutions, such as constructing wormholes in the depths of each other's stars...

As a result, the pressure on the magic hall is great. No matter which of the leagues is shot, it will wait for the three major leagues to fight together. more

What's more, this piece of ruined land is empty, and now there is a celestial family with the same strength, even the high-end combat power has not really revealed yet?

"It seems that the situation is getting more and more serious..."

After Fan Sisuo and Shen Yu, Ye Xuan 眸幽幽幽幽幽幽幽幽幽幽幽幽幽幽幽幽幽幽
幽幽幽幽幽幽幽幽幽幽幽幽幽幽幽幽幽幽

After he finished, he turned to Zhao Dong and looked at him. His face looked serious: "You four, stay three in the Xusheng forbidden city, and the other one quietly went to the Alliance of the Survivors, telling the black robe... ..it's going home!"

"Ah?"

At the same time, Zhao Dong's four people were at the same time, and the other high-level demons behind him were all the same, and the look on his face was shocked.

When Ye Xuan was able to conquer the black robe of the Alliance of the Survivors, the whole process was carried out in the dark, the outside world did not know, and the black robe was able to ask for a twenty-nine-level class. The ridiculous Baodan, but the specific internal conditions of the matter, Ye Xuan did not disclose to the genius. Such as

It's only after I heard his words that I realized all of this. Do not

However, for Ye Xuan's instructions, Zhao Dong's four people never had any doubts. After Zhao Dong's death, even though he quietly left Xu Sheng's forbidden land.

And Ye Xuan, did not stay in the old nest, because in addition to the Alliance of the Survivors, there is also a rescuing force to be recalled, that is the Tianhe Star. but

This matter can only be run by him personally. "

call out....."

After Zhao Dong left, Ye Xuan waved and let the high-level devils in front of him disperse, and then the shoulders shook, and the whole figure instantly turned into a masculine glare. quiet

After the unsuccessful out of the Xusheng forbidden land, I went straight to the Tianhe Star.....

...

Deep in the star field occupied by the Alliance of Survivors, the peak of the giant giant peak in the eastern part of the blue giant life star!

In the hall of the Alliance, there are more than two hundred figures present at the moment. The strengths are all above the universe. Among them, there are more than half of the universe, more than one hundred, more than forty in the universe, and twenty in the universe. Four.

All are high-level members of the Alliance of Survivors. except

In addition, the ancient powers of the ancients also have three. but

Even with these three ancient powers, the look on the face was revealed with a respectful look, and the line of sight was gathered toward the black robe of the high seat on the main hall.

The reason for this is not only because the black robe has been successfully broken from the ninth-order greatness of the ancient powers, and has become a new-class ancient sage.

The more important reason is because of the great hope he brought to the top leaders of the group...

Chapter 4843: For the sake of the introduction

Tianhe Star Field, a flagship main control hall of a million-meter-diameter superstar in the Tianhe Star...

The high-level people of the Tianhe Stars all gathered together.

Including the mosquitoes, the old ghosts, the Neapolitans, the devils, the gods, the devils, the geniuses, the madness, the old man and the old man, the Bodhi, and so on. ...when

Of course, there are also three gimmicks such as Xuanyuan Ziyang, Duanmu Xiaocha and Zhao Qianru!
this

At the time, the atmosphere in the hall was somewhat depressed and dull, because the holographic image screen on the front was playing the thrilling battle that took place in the void outside the Terran a few days ago.

The reality of the war is very clear, including the changes of the Tianji people today, as well as the four fusions of the mechanical warriors and beasts. All of them have seen a real cut...

"The celestial and mechanical families have already come, and it is still the family's coming... The situation of this piece of shards in the sky has become more and more severe!"

After the scenes of the battle scene brought back by the Scouts of the Tianhe Stars were all played, the mosquitoes and old ghosts turned their heads and swept the crowd. The look on the face was extremely dignified. slightly

After that, he accepted: "And in addition, the three major forces of the Star Alliance, the Alliance of Tens of Nations and the Federation of People's Republics have also announced the merger to form the Tiandao League..."

"This is obviously a move against the heavenly family and the magic hall..."

As for other forces, the Alliance of the Survivors has never had any changes, and even few of the survivors have gone out of the star field where the Alliance is located. The Beast Alliance is simply out of the game..."

"Now, this vast expanse of land and debris in the sky, except for the magical temple, the heavenly planet and the Heavenly Alliance and the Alliance of the Survivors, the most eye-catching, only the Tianhe Star, other small forces And the ethnic group, can not become a climate, will not receive much attention!"

"Not to mention, whether it is the Tianzu, or the Star Alliance, the Alliance of Tens and the Terran Federation that form the Heavenly Alliance, and the Tianhe Star, we have quite old complaints. In this case, our situation is already very dangerous." "

These two large forces are likely to invade at any time..."

"There is no such thing as a wild power in the Tianhe domain. It is simply unsettling."

"Original, with the massive top resources left by Ye Xuan, our Tianhe Star Field will be able to emerge a large group of top powers in time, but the problem is that we don't have this time at all."

Faced with the increasingly severe situation today, even if the old man is reassured, he will not be relieved at all. The fear of life is still in retreat. One of these big forces suddenly ran to our Tianhe star field. ..."

This is not a pleasant situation. Without a good enough environmental development, our Tianhe Star Field will never be able to make a living. "Say

Here, the mosquitoes and old ghosts suddenly think of something, look a bit, smiled and shook their heads, sighed: "It's a pity that Ye Xuan's kid hasn't returned yet, otherwise, with his strength, and the seven The cultivation of Shantou and the nine black dragons is very powerful. The high-end combat power of the Tianhe Star Field is also barely able to live in the town."

The situation just mentioned will cease to exist, and all the top management will be able to retreat with peace of mind and quickly improve their cultivation and strength..."

It's up to him to come back, at most, plus the nine black mud..."

The words of the mosquitoes and old ghosts have not been finished yet. Xuanyuan Ziyan's face is sinking and his teeth are smashed: "As for the seven foxes, if he dares to come home, I... I will run away from home!"

Yes, I mean this too, I won't come back..."

It is the performance of the man, this man's bad habits can not be used to, the first time to get seven back, and later? This time, Xiaocha also stood on the side of the two sisters, no discussion..."

Words, mosquitoes and old ghosts and Naples, the emperor Mo Wentian, the devil's uncle, the tortoise clan chief Nine, the crazy mosquito emperor, and the Xuanyuan old man, Duanmu old man, Bodhi teacher and other small idle forces and family high-level Looking at each other, they smiled bitterly, and their faces were full of helplessness.

Although the three gimmicks are a little unreasonable, they stand in their position and think about it, but they are quite reasonable. In this case, they are really speechless, and there is no way to judge. If Ye Xuan really wants to be here, they advise not know. How to persuade from here...

"boom!"

"Oh..."

At this time, a space in the universe outside the Tianhe, suddenly there was a thundering thunder, followed by a clear and fierce sound. Virtual

The air cracked a crack, and the body shape of the sky was violently erupted from the starry sky. It was the Ye Xuan who came from Xusheng.

This is the first time his deity has come to the interior of the Tianhe domain, and the purpose of this trip is just to pick up...

At this time, with the roar of thunder and thunder outside the atmosphere of the stars, the mosquitoes and old ghosts who are in the meeting and the tops of the Tianhe domain, such as Naples, Momo Mo, and the Uncle, are first and foremost, followed by The face is changed. tight

Then they sighed and sighed, and they lost their voices...

"Who is this? It's so thorny to tear the void directly, it's very rude, I'm afraid the person is not good."

A strong atmosphere is definitely a ridiculous old blame..."

Not good, not exactly which pot does not open which pot? Just said this, immediately the enemy came?
""

In the current situation of my Tianhe star field, let alone a lazy old monster, even if it is just a wild power, you can also walk sideways here, raging all directions! "

In the exclamation, a lot of high-rises in the hall have risen up, and the power inside has been stirred to the extreme. Even if they are not strong enough, they can't fight with the ancients, but the other party has been bullied. When I come up from the top of my head, there is no reason to kill anyone. Even if I die, I can only resist.

Including Xuanyuan Zijing, Duanmu Xiaocha and Zhao Qianru, all of them are the same, the look on the face is very dignified, the strength of the body is urging to the extreme, murderous, a desperate posture...

In all this, Ye Xuan did not know. At the moment, his shoulders swayed and immediately passed through the atmosphere of the Tianhe Star and came inside the stars. turn

After the first glance, and the gods extended, he instantly determined the location of the mosquitoes and other ghosts.

"call out....."

Almost at the next moment, the violent figure swayed, and the blink of an eye turned into a masculine musing and disappeared in place. again

When it appeared, it was already in the huge hall of the peak of the Tianhe Star.

"Hey..."

The figure appeared, and the figures of the high-rises in the hall immediately appeared in Ye Xuan's line of sight. They seemed to be desperate and desperate. he

On the spot, I stopped, and when I was on my face, I suddenly picked it up: "It seems... it seems a little unpopular!"

Chapter 4844: Three hoes are sad

With the appearance of Ye Xuan, the tops of the Tianhe Stars in the hall were all in one, and the heart that had already hung up in the eyes of the blind man immediately fell.

They originally thought that they came from the high-level enemy or the high-level enemy of Tiandao League. However, they did not expect that the Lord of the Devils would come here personally, and they also came inside the star field and appeared directly in the Tianhe Star. Such as

Therefore, there must be something to come...

When I thought of it, the mosquitoes and old ghosts immediately greeted them. He was the only one among the people who knew the true identity of the Lord of the Devil. The last time Ye Xuan left the resources, there was also a jade slip. Everything.

However, Ye Xuan still has no intention of exposing his identity. Therefore, the mosquitoes and old ghosts have never been revealed to the public. Even Xuanyuan Zijing and Duanmu Xiaocha, Zhao Qianru, how to entangle the three gimmicks, are always tight-lipped.

"You, this void is a bit complicated today, and the Tianhe Stars are no longer suitable for living alone..."

After the colds of the Tiangao Stars, such as the mosquitoes and the old ghosts and the Neapolitans, the Emperor Mo, and the Emperor of the Devil, the genus of the Turtles, and the madness of the mosquitoes.

Ye Xuan's turn and turn around, and everyone looked around. This was the way to take it: "This time, the temple came over, just for the sake of the connection, the entire Tianhe domain has moved, moved into the Xusheng forbidden land..."

As soon as I heard this, the high-level people in the hall were suddenly glimpsed together.

The Xuanyuan Ziwei, Duanmu Xiaocha and Zhao Qianru were stunned, and even after turning a blind eye, the face showed sneer.

The three of them originally suspected that the Lord of the Temple of Devils was Ye Xuan, and now his heart is more determined. One

The aspect is that even the Lord of the Devils has a good relationship with Ye Xuan. There is absolutely no need to run this kind of thing in person. It is ok to pick up a big man from the ranks.

On the other hand, when Ye Xuan turned around and looked around the crowd, he did not look at the three gimmicks. It was not that he deliberately revealed this flaw. and

These three gimmicks are like a dog's nose. When Ye Xuan used to be the main star of the three stars in the world, no matter which identity he showed, they were the first to see the clue.

The directness of a woman is terrible. Ye Xuan does not dare to have eye contact with them, otherwise most of the time will be recognized...

However, what he did not think was that it was precisely this point that made the speculations of the three gimmicks even more certain.

When I thought of Ye Xuan, I still wanted to lie to them. The roots of the three gimmicks were itchy. After switching to a look, when it was expressed, the tone was firm and unquestionable...

"Alright, the Tianhe Star Field will be fully migrated, but our sisters will not follow it..."

"Yes, let's go out and look for Ye Xuan. The little **** is not something. It's been a hundred years since we threw us aside. I have to be happy outside, I have to take him out!"

I heard that his envy had appeared in the Star Alliance not long ago, Zi Yan sister, or we will go there..."

"In addition, he and the Tianji nationality are also deadly rivals. Maybe they are now lurking in the Tianji clan. If the Star Alliance can't find it, we will go to the Tianji National Base Camp..."

This is clearly in the process of forcing the palace. What is more serious is that these three gimmicks have always been daring, but they have said that they have done so, even if they go to the base camp of the Tianji Nationality, I am afraid that they may not worry. true

If you let them go, I am afraid there will be no chance to come back.

In the hall, the mosquitoes and old ghosts and the Naples, the emperor Mo Wentian, the devil's uncle, the cursive patriarch, the ninth, the madness, the emperor, and other high-level people in the Tianhe domain, face each other, the look on the face It's weird, but no one is booing.

Although the mosquitoes and old ghosts know the true identity of Ye Xuan, they are not good at interfering at this time, so they don't know, and they turn to look elsewhere. and

Neapolitan, Mo Huang Mo Tian, the devil's uncle, the tortoise patriarch, the Nine, the mad mosquito, and so on, the heart is also secretly guessing whether the Lord of the Devil is Ye Xuan, but it is not good. Verbal temptation. Such as

What they want to do today is done by the three gimmicks of Xuanyuan Zijing. It is just in the middle of the heart, and the music is enjoying the success. One by one, the eyes are constantly glanced back and forth on Ye Xuan and the three gimmicks, revealing the inexplicable surprise...

Ye Xuan is dumbfounded. He naturally sees that these three gimmicks are forcing the palace. This is enough to show that their suspicions are already very strong. Otherwise, they will be so tempted by the identity of the Lord of the Devil and the fierce name. ?

It can even be said that the three of them have basically confirmed the identity of Ye Xuan, but they have not confirmed it, so they use this method of forcing the palace to verify. when

However, even if they are determined, as long as they don't catch the real hammer, Ye Xuan can completely ignore it. In this case, the three gimmicks can only catch the shackles. Without any conclusive evidence, they can't even be in the temple. The Lord is too much...

However, today's situation is different. These three gimmicks have seized the current situation. This is threatening Ye Xuan, and Ye Xuan's understanding of them, even if they don't pick them up now, these three gimmicks are definitely saying If you do it, it will be really troublesome at that time, and it will definitely be a headache. miss you

At this point, Ye Xuan turned a blind eye and turned around and looked around the high-rises of the Tianhe Star Field in the hall. Finally, he sighed and sighed suddenly...

Oh..."micro

The weak sound of the air broke out, and Ye Xuan's hand instantly shot a mile, and the wind rose, and the blink of an eye turned into a light curtain, covering the entire hall.

Nowadays, he is the late stage of the eighth-order situation. The forbidden light curtains that are readily available are extremely powerful. I am afraid that no one can pass through the light curtain except for the peak of the empty giant tortoise and the golden dragon. Peek into everything inside.

With the prohibition of the light curtain prop up, Ye Xuan's face also showed a touch of helplessness. After shaking his head and screaming, the body shape of the original Zhang Xuan had changed in an instant. short

Short-term interest, Zhang Xugao, the demon of the extraordinary devil of the temple disappeared, in the center of the hall, there is a young man of the Terran, it is Ye Xuan...

Seeing this scene, the mosquitoes and old ghosts shook their heads and smiled. that

Butler, Mo Huang Mo Tian, the devil's uncle, the cursive patriarch, the ninth, the mad mosquito, and so on, are both eyes lit up and take a sigh of coolness.

Xuanyuan old man, Duanmu old man and other people are excited and their bodies are shaking. The Lord of the Devils is actually their son-in-law. This joke is big, but I like it...

There are Xuanyuan Zijing and Duanmu Xiaocha, Zhao Qianru's three gimmicks' reactions are somewhat strange. Seeing Ye Xuan's initiative to show his true colors, the three hoes are first and foremost, but then they exchanged their eyes and exchanged a look. All of them showed a disappointing color, and even revealed a deep sadness. It was a sigh, and turned around and left...

Seeing this scene, Ye Xuan immediately sighed, but the mosquitoes and old ghosts sighed again, pulling the sleeves of La Ye Xuan: "I don't want to stop it. The three hoes are sad..."

Chapter 4845: Disclosure

"Xingbo is not dead..." See

The three hoes were sad to leave, and Ye Xuan sighed and suddenly said such a discourse that was irrelevant...

However, it must be said that although this sentence is inconsistent with the current situation in the hall, but its attraction is absolutely horrible, all the people in the hall are stunned, even want to turn The Xuanyuan Ziwei and Duanmu Xiaocha, Zhao Qianru, who had left, also stopped and looked at Ye Xuan... star in shock.

Bo's reputation is too big, and the Terran Technology pioneers, all of whom know that he was murdered by the emperor and have already fallen for tens of thousands of years, but now Ye Xuan suddenly said that he is fine, this thing is too strange, all People are entangled in curiosity, and even three gimmicks are no exception.

For a time, even the sadness of my heart was not taken care of, and I stopped to look at Ye Xuan. It was clearly waiting for him..."

Moreover, the mysterious mother star came to visit, not long ago, I also found..."

At this time, Ye Xuan has looked at the mosquitoes, the old mosquitoes, the crazy mosquitoes, and the contemporary emperor Mo Wentian, because this incident is closely related to the tribes behind them and the trio.

No one understands that Ye Xuan just mentioned Xingbo, and now suddenly he mentioned the meaning of the so-called mysterious parent star. But both of them exist, but they all have great names. All of them are slightly changed and their hearts are excited. . he

We are aware of one thing, that is, I will be informed of some terrifying secrets soon..."

The mother star is in the void of Hongmeng..."

At the time, Ye Xuan once again said: "Every era of Hongmeng Void, there will be 3,000 source nest stars appearing inside, each of which has a chaotic demon god..."

Among the three thousand chaotic demon gods born in the last Hongmeng era, the power demon **** opened up the earth and flooded the world, and this appeared..."

During the floodland, when the heavens and the earth were first opened, there was already a flood of heaven and earth. With the beginning of the heavens and the earth, the whole world was flooded. However, everything was just a dog, and the whole world was like a blood. The purgatory of fire, there are killings and **** everywhere, a slightly weaker ethnic group, it will not last long, it will be extinct..."

Even some powerful races are always vigilant. In order to survive, whether they are willing or not, they must start all kinds of **** killings from time to time..."

"People have old, sick, and dead, and there are yin and yin in the moon! Rain and lightning, fire and the sky. Everything in the heavens and the earth is alternated with each other. The cycle of life and death has its own rules of operation. The heavens are invisible, but the laws are all in all... ""

In the early days of the flood, the birth of a group of creatures from the beginning of the heavens and the earth, the atmosphere of the world, the grace of the world, almost from the beginning of the birth, because of all kinds of anti-natural talents, they have mastered the magical powers that are born with their own blood, some of them. The protagonists have mastered the talents of their own blood to the extreme, and finally touched one of the thousands of ways in which the heavens worked..."

"In the various fields represented by your own blood talent, you can master the laws of heaven and earth. It can be said to be the best for the sky!"

"With these more and more people in the fields of heaven and earth, one of them is enlightened by more and more people, some of which are later regarded as evil, and at the same time, they are full of disappointment with the wild and big patterns of **** and murderous everywhere. The spirits...have a crazy thought..."

"They believe that since Heaven is made up of the laws of the 10,000-dollars that all things operate, then if some of the souls that control their own laws of operation are brought together, it will be one of them... why, Create another heaven?"

Once this crazy thought was open, the floods were scared, more and more crazy evils appeared, gathered together, away from the original world, entangled in the endless void to create the second heaven, just as evil The repairs will merge the rules of the world that they control, and enter the restructuring stage..."

In the end, he actually created an artificial heaven and appeared in the form of a baby. The defenders who have been chasing time and space have finally led the army to approach, and the battle of the largest scale since the beginning of the world has been launched..."

This war of the world has lasted for 10,000 years. In the meantime, countless wild animals have participated in it. The whole world of the wild and the wild has been affected by the war. The ancient powers of the wild and the nobles of the ancient ages are all unknown. Even, even the ruthless, ruthless and ridiculous heaven and earth, came to the end of the war, and came down..."

"At that time, the artificial heavens created by the many ancestors who were called evils, that is, the heavenly babies, apparently still far from growing up, but even so, he is still in the midst of the war. The ruins of the sky are a few times, and they have a chance to win each other!"

"In the end, after the 10,000-year-old period, this battle of the world has finally come to an end, and the result of the war is naturally both losses. The two sides are dead and wounded. At the last juncture, the ridiculous Tiandao and the Heavenly Baby are working hard and hard. Yu's thundering explosion exploded, and the ruined Tiandao was seriously injured..."

"The Heavenly Baby was decapitated by him. He smashed his head and turned it into a headless baby corpse with mourning. Finally, it turned into a man, and he rushed away and disappeared..."

The two devastating people in the final battle of the great wars have completely broken down the vast and vast world of floods, turning into countless large and small fragments, endless emptiness and turbulence flowing from one channel to another. Blowing in the void cracks, I don't know how many ethnic groups were destroyed..."

"In the end, it will be divided and broken, and even the severely devastated heavens and roads, which have been unable to reorganize, will be rolled up in all directions..."

"Since then, the eternal war of the eternal years of the eternal years has finally come to an end, and the once glory of the vast world of ruin, and thus ... completely collapsed!"

"This is the source of the war and the end of the world..."

After that war, the flooded heavens and their subordinate camps crouched down, and the heavenly babies... in one encounter, turned into a corpse lamp tattoo, attached to me..."

During the speech, Ye Xuan's robes on the left chest disappeared, revealing a corpse lamp tattoo, which separated the outside of the temple.

"Because of this, the new Hongmeng era is about to open, and before this, the unsuccessful wars that had not really ended in the past will also end with the flood era, and eventually come to a close..."

This battle will also be the complete end of the last Hongmeng era. Once it comes, countless souls will fall, and this will be wiped out. Only a few of the lucky people can shelter some people and live to the next one after the end of the war. The opening of the Hongmeng era..."

And this is why I had to leave the three major stars in the world to find the way and let myself grow up quickly..."

Chapter 4846: He is Xingbo

The secrets revealed by Ye Xuan made everyone in the hall listen to the intoxication. They finally understood the difficulty of Ye Xuan's disappearance in the past 100 years. when

The Tiandao baby who was defeated by the decapitation in the year was in his body. With this alone, he could not avoid it.

What's more, although Ye Xuan did not say it, but everyone listened to it, the reason why he wanted to become stronger is to protect some people around him from falling in the coming catastrophe...

Perhaps everyone in the hall is one of them!

When I think of it, all the people are sighing and secretly sighing. In these years, he has carried too much of it...

Lianxuan 轅轅 莺 and Duanmu Xiaocha, Zhao Qianru three gimmicks, the look on the face has eased a lot, but the seven major repairs, their hearts still have some must. short

After the temporary silence, the talents in the hall gradually digested everything Ye Xuan said.

At this point, the devil uncle suddenly asked: "Just, all this and Xingbo, and the mysterious parent star come to visit, what is the relationship?"

Asked well..." Ye

Xuan nodded, smiled a little, then he said: "The so-called mother star is the source of the wild world after the opening of the last Hongmen era. When the world of the world was completely destroyed, it flew back to Hongmeng..."

"Before this, there was a mysterious strongman who left the mother star. Later, after the collapse of the flood, he came to the three stars in the world tens of thousands of years ago. He is the mysterious parent star... .."

"The mother star has a total of five followers and descendants of the family. Three of them are descendants of the human race, two beasts, two beasts are bloody, and one is a wild mosquito..."

Having said that, Ye Xuan turned to look at the crazy mosquito king: "The old mosquito is the father of the crazy mosquito king... I recently saw him in the Hongmeng area!"

Words, the king of the crazy mosquitoes changed greatly, but they did not speak out, because everyone saw it, Ye Xuan's words have not been finished...this

At the time, Ye Xuan suddenly sighed and sighed, turned to look at the crazy mosquito emperor, his face showed a touch of anger, and gnashed his teeth: "Mosquito, your deity has entered a source nest star, will be in the next Hongmeng After the opening of the era, the new era of Hongmeng Qiyun became a powerful chaos demon..."

"As for your relatives, that is, the oldest mosquito, you have won your own grandson, that is, the blood of the righteous brother, now I don't know where to go, this thing... all blame me, did not look after the **** brother! ""

Oh..."

Ye Xuan said that the crazy mosquito king has been furious, looking up and screaming, and the body is full of incomparable killings in the wind...

After a long time, he gradually calmed down and said with a sigh of relief: "This matter does not blame you, but **** things will not happen. The old things, if the emperor has the opportunity to enter the Hongkong void in the future, he must personally knot him..."

Kind of things, everyone is not good to say anything, even do not know how to speak out, all face each other, the atmosphere is instantly weird. and

At this time, Ye Xuan's voice of voice also sounded again.

This time, he turned to the mosquito and the old ghost to look at the past: "The other two Terran chasers, one person left the deities of the mosquitoes and old ghosts..."

"It was also at that time that your deity was also taken away by his relatives, and the same goes unclear..."

"Roar....."

When the words were finished, the mosquitoes and old ghosts immediately screamed and snarled like a thunder: "The bastard, the old bastard, and even their own sons have won, what is simply..."

As for the follower who left the blood of the devil, it was with another person, who had fallen into the forbidden land in the sacred air of Hongmeng, and the soul flew away..."

Xuan did not pay attention to the mosquitoes and old ghosts, but turned to look at the devil's uncle Mo Wentian and said such words. "

It's better to die..." let

What happened to him was that Mo did not care about the day, and his face still showed a touch of relief. He said: "When the goods leave the blood of the devil, they ignore it and come from several other parent stars. From the point of view of the virtues of followers, I am afraid it is not a good thing..."

This is to see the opening, the blood ancestors hanged, the gray smoke disappeared, actually still fortunate, shot well, Ye Xuan and a group of Tianhe stars in the hall are also drunk, shaking their heads and laughing..."

The true identity of the parent star is still unknown, but one thing is certain, that is, he and the wild sky are a group of young eyes..."

After the election, Ye Xuan continued: "At that time, I was crouching in the distance and seeing it with my own eyes. The green eyes of the ruins of heaven and earth came, helping him to break through the wall of the Mengmeng and enter the Milky Way star where the protected parent star is located. This is a huge hidden danger. , what effect will be unknown?"

"At that time, several of his followers, in order to accumulate strength, sent it into the Milky Way star field in the protection of the mask of Hongmeng, only to smash the flesh, the fallen and fallen, never fallen, and won the blood to the pro, because The most suitable, the fastest recovery..."

It turned out to be..."

Hearing here, the face of the mosquito-killing old ghost also showed a faint color, but then he suddenly thought of something, and then asked: "But, what does this all have to do with the Terran technology pioneer Xingbo? Why did you just say that he is not dead?"

It's the problem that everyone in the hall cares about. At this moment, with the question of the mosquitoes and the old ghosts, everyone's eyes are flashing, and all the sights are gathered in Ye Xuan's face..."

How can it matter? "leaf

Xuan's face was gloomy in an instant, and he gnashed his teeth: "The so-called mother star visitor is...Xingbo!"

what? This is impossible....."

"Hey! Shocking secret..."

Star Bo? Parent star visitor? This is amazing, it is a person..."

If all this is true, then... what exactly does Star Bo want to do? Deceive the entire Terran, must be deliberate! "listen

Xuan's words fell, and the pot was blown up in the hall. All the people were shocked and stunned... Xuan

Yan Ziyang and Duanmu Xiaocha, Zhao Qianru's three gimmicks are even bigger, and they are sluggish. Such news, they never imagined before...

"And I, when the three of you are going to leave, suddenly said this, it is because of all this...accurately, it is because of Xingbo, and my seven prostitutes also have a relationship!"

Here, Ye Xuan turned to look at Xuanyuan Zijin and Duanmu Xiaocha, Zhao Qianru three gimmicks. light

I smiled and said: "In fact, one of them, you have seen it in the first place, that is, in the second universe, when you were in the second universe, you had to wake up from the smog, and save my life."

When the words were exported, the three gimmicks stayed for a moment and suddenly realized that it was obviously remembered the past of the Yin Devil. leaf

Xuan Cai continued: "They are seven people, collectively known as the seven ancient sacred repairs, in addition to the ancestral marshes, the other six are the ancestral ancestors, the ancient mother, the nine days of mysterious woman, the nine-tailed fox, the phoenix goddess, and Zixia Fairy..."

Chapter 4847: Tianhe returns

"The ancestral marshes, the ancestors of the ancestors, the ancestors of the ancestors, the ancient monks, the nine days of the mysterious girl, the nine-tailed fox, the phoenix goddess, and the Zixia fairy, in the distant era of the wild, Zeng Yan was ruined, and was called the Seven Great Yan Xiu..."

It was a famous name. Later, when the ancient world broke out, the seven major repairs were all fallen!

"But each has its own source of consciousness, and it has been sealed in the smog of the ancients. Until the endless years, this treasure was received by me. In the meantime, after experiencing various obstacles, it gradually helped their consciousness to awaken. Reinventing the treasures of this world..."

Up to now, the seven great savage cults that once stood in the past few years have finally entered the ancient powers of the previous peaks. After they have resected, they are now rushing out of the desert..."

Having said that, Ye Xuan's chilling mang flashes: "And the reason why they fight so hard, the only purpose is to find Xingbo revenge..."

When the war of the ruins of the past broke out, the seven gimmicks were only able to complete the ninth order of the great powers, and did not participate in the war. Even some of them did not know each other and never met. Just smell the name..."

But later, they all met a mysterious man, it was because of that mysterious person that he was involved in the battle of the ruined world, or was directly killed by the mysterious person! ""

This incident happened when they gathered together in a chat after reunion, which gave birth to suspicion..."

"Because the situation of the seven people is amazingly coincidental, it is because of the emergence of a mysterious person, it is degraded."

They didn't know who the mysterious person was, but then they saw the star blog, and they all said in unison that the mysterious person who appeared in their past lives and caused them to fall is Xingbo. "

"Until then, they realized that their fall was actually a conspiracy of the same person."

However, why did Xingbo do this, what is his purpose, and after the fall, what is the source of their ancestors in their previous lives, why they are gathered together, all are kept in the smoke... This is still a fan! "

"It turned out to be like this..."

Next, Xuanyuan Ziyang's face showed a faint color, shaking his head and sighing: "The seven sisters are really pitiful, and they have been counted by Starbucks, and they have fallen into endless years. Now they know that they are being murdered."

On the side, Duanmu Xiaocha and Zhao Qianru are also full of shocked colors. When I heard the words of Xuanyuan Ziyang, silently nodded, but the dawn was somewhat blurred, apparently caught in this tragic story, still not dialing...

In this scene, Ye Xuan is relieved. Take

His understanding of the three gimmicks, or the goodness of the three of them, previously did not know the truth and the facts of the truth, misunderstood the ancestors and other people.

But now, after knowing everything, their hearts will never have any other must exist, but they will get along well with the seven great meditations, and gradually become good sisters...

Just Ye Xuan saw that the mustards in the three skulls dissipated, and all the high-rises in the Great Hall of the Great Hall also did the same.

This is exactly what everyone is willing to see. All the people are relieved, and Xuanyuan's old man and Duanmu old man are grinning and laughing. They look back and forth on Ye Xuan's body. How to see how pleasing to the eye...

Later, Ye Xuan was really seen by them, and then he smiled and shook his head. When the words turned, he once again raised the business: "All about the talents, including my incarnation as the Lord of the Temple, gathering the power of all parties, For the time being, don't spread it out, it's in the Tianhe domain, and don't leak it. Only the people in the hall who are present at this time can know..."

When I saw that everyone nodded, he went on to say: "So, there is nothing else, just let it go, the strongest in all the stars of life in the Tianhe domain, the forces and ethnic groups, all the members migrate, go Xu Sheng is forbidden..."

"There is also the place where the entrance to the tunnel of Hongmeng is located. This is why I have always occupied the Xusheng forbidden land."

"The end of the flood is likely to come all the time. At that time, if we are not ready yet, the only way to deal with it is to immediately enter the void."

"Although there will be an impact there, after all, this time, the end of the floods is also a key link for Hong Kong and the void, but at least it is much stronger than staying in the emptiness of this piece of land..."

"Don't forget, our enemy is the green eye of the wilderness, and here is a emptiness of the ruins of the heavens and the earth. With the end of the floods, the control of the green eyes will be improved instantly..."

There is no such worry when entering Hongkong's void. The blue sky and the green eye can't affect the mysterious Hongmeng void. There, he is just a special star powerhouse..."

When I heard this, everyone suddenly realized that all the doubts in my heart had disappeared. Since Xu Sheng had a passage into Hong Kong and the void in the depths of the forbidden land, the Tianhe Star Field had to be moved sooner or later.

Today's situation is so good, it should be sooner rather than later. Ye Xuan's suggestion does not need to be considered too much, because this is the only choice and the best choice. "

However, there are too many powerful forces in the Tianhe Star Field. The Tianhe Legion and the Triumph Army are only one of them. There are also the entire family of the Turtles, the Mosquito, the Devils, and the families of the Terran Science and Technology. The forces of all parties..."

After Fan Shenyu, Naples frowned and shook his head and smiled: "Even if there are countless life stars in Xusheng, there are places for us to live in, but such a huge army of various parties will gather in a mighty way, and it may take a long time on the way. During this period, I am afraid that it will not be too calm. On the other side of the Tianji and Tiandao League, there will be some action..."

Otherwise, you can only establish a star-studded wormhole in the Xingyu area that leads to Xusheng, but in that case, it will be destroyed after use, some trouble..."

Obviously it was also a problem that everyone worried about. When I saw it, I suddenly turned to look at Ye Xuan, and my eyes came together..."

This is not a problem..."

For this, Ye Xuan apparently thought of it. will

Everyone looked around in a circle, even though: "The Shennong Ding of today is different from the previous one. Since I have the power of respect, the field power of Shennong Ding has been fully mobilized..."

It is not a problem to accommodate all the strong people in the entire Tianhe Star Field. ""

You only need to order now, so that all the members of the company can immediately clean up all the resources they have taken away and put them away.”

"After everything is ready, the forces of all parties will enter the space inside Shennong Baoding in turn. Then, I will take Baoding again, and I will be able to reach the Xusheng forbidden land in an instant and return smoothly..."

Say, Naples took a forehead and smiled dumbly: "That is, I actually forgot Shennong Baoding..."

Chapter 4848: Want to divide the world

"call out!""

boom! ”

"Booming"

In the air, Ye Xuan waved his hand and rushed away, and the storm rose. In a moment, it turned into a huge giant, which is Shennong Baoding. This

Once, Ye Xuan will control the field power of Baoding to the limit. Under the rapid expansion, Shennong Baoding's volume far exceeds the largest star. where

I am afraid that it is the source nest star of Hong Meng's emptiness, and I am afraid that it cannot match its volume.

At this time, it was a day after he came to the Tianhe Star Field. Within this day, along with the mosquitoes and the old ghosts and the Neapolitans, the Emperor Mo, the Emperor of the Devil, the Turtles, the Nine, and the Crazy King And Xuanyuan old man, Duanmu old man, Bodhi teacher and other small idle forces and family executives issued orders...

All the forces in the entire Tianhe domain have acted. Every life star is very busy. All the forces are busy moving. Although the life stars can't move, there is no need to move, but all resources cannot. Stay.

The vast expanse of a vast expanse of stars, all busy, very loud, the time seems to be a short time, but after all, there are many people, and soon, there is a huge fleet in the far-flung void. come. this

At the time, the surrounding emptiness of Shennong Ding has once again turned into Ye Xuan, who is in the form of a konjac. He is standing on the side of the Tianhe Star Field with mosquitoes and old ghosts.

"Booming..."

A fleet of troops came in and did not hesitate after the arrival. The first time they rushed into the Shennong Ding Ding mouth with the colorful fog, and disappeared...

In the far left direction, a black cloud swept through. This

In fact, it is a large army formed by countless tortoises. The tortoises in the army are strong at every end. They originally have huge and incomparable body shapes, but all of them are reduced as much as possible, at least tens of millions, gathered together. It is like a million warships. whole

All the Turtles are here, and under the leadership of their patriarchs, they entered the Shennong Baoding.

There is also a void on the right side, a fiery red cloud with a low, dense humming sound.

This army is made up of countless blood and mosquitoes. Every **** mosquito has a strong breath, a large number, dozens of billions, and has been at the end of the line of sight. Now all of them are rushing into the colorful The fog of Shennong Ding...

In addition, there are also demon people, all of them have entered the spiritual warfare after the transformation. Nowadays, the overwhelming spiritual warfare spurs from the Dingkou of Shennong Baoding and goes to The interior space of Baoding! This

The scene lasted for a day. After one day, the entire Tianhe star field was empty. Except that the stars were still here, and they were not removed, all other resources were brought into Shennong. tripod.....

At the end of the day, the mosquitoes and the old ghosts and the Naples, the emperor Mo Wentian, the devil's uncle, the cursive patriarch, the ninth, the madness, the old man, the old man, the end of the wood, the Bodhi, the small idle forces and the family's top They have also entered Baoding in succession..."

Oh..."micro

The weak sound of the break sounded, and Ye Xuan waved his hand and instantly took Shennong Ding into the body. tight

Then, his shoulders swayed, and the front of the head was in the void, and suddenly there was a void crack, and Ye Xuan's mid-cold flashed, and stepped into it, and his eyes disappeared. again

When it appeared, it was already in an area that was less than 10 billion miles away from Xusheng's forbidden land. "

Bang! ""

Oh..."

In the low roar, a black crack appeared in the void, and Ye Xuan, a violent form, stepped out of it. When he waved his hand, he immediately sacrificed Shennong Ding again..."

Oh..."

Rumble..."

The skybreaking sounds and the incomprehensible roaring sounded instantly, and a large number of battleships, tortoises, blood-mosquitoes, and spiritual warfare of the devil's group rushed out of Baoding. This

It is not Xusheng's forbidden land, but the distance is only a hundred billion miles away.

The reason why Ye Xuan wants to release the entire Tianhe Star Group that had just received Baoding before the trip is because the Tianhe Star Field is also a powerful force.

Nowadays, it is also a big event to be attached to the Magic Hall. Naturally, it also needs a situation.

Soon, the mosquitoes and the old ghosts and the Naples, the emperor Mo Wentian, the devil's uncle, the genus of the tortoises, the ninth, the madness, and the old man of Xuanyuan, Duanmu, Bodhi, and other small idle forces and family high-level Their figures also rushed out of Baoding, gathered around Ye Xuan's side, waiting for everything to be completed...

This is the time of day.

One day later, Shennong Baoding, which had been spraying a lot of battleships and strong figures, finally stopped, and was directly absorbed into the body by Ye Xuan. and

In front of the void, a huge army has been listed. most

In front of it is the Warrior's Warlord Corps, the Tianhe Legion and the Triumphant Corps. The left and right wings are the family of the tortoise and the blood-mosquito, and the rear is the battleship of the other small forces. This

Everything formed the entire Tianhe Legion, and the lineup was huge, and it continued to reach the end of the line of sight...

At this moment, Xusheng's distant places outside the forbidden area were originally squatting with the scouting fleets from major leagues and forces, including the Heavenly and the Heavenly Alliance.

This scene that happened in front of them was all seen by them, and the scouts of the various parties were shocked.

"boom!"

"Booming..."

Yes, what happened after they had not responded to it, and there was a deep and roaring roar of the universe in the far side of the universe. turn

Looking forward to the first, a large-scale warship regiment that is not weaker than the Tianhe Star Cluster is coming forward.

There is no star-ship battleship in the entire legion. They are all kinds of remnant warships of various forms, and the number has reached tens of billions of giants...

This warship army is the alliance of survivors of the family.

Some tribal ancestors, including the remnant tribes who are sleeping, are also housed in some ancient ancient warships that are old and small in the world.

In the scene, the mosquitoes and the old ghosts and the Naples, the devil, Mo Tiantian, the devil's uncle, the tortoise clan, the ninth, the madness, the old man, the old man, the end of the wood, the Bodhi, the small idle forces and the family The top officials looked silly. They didn't expect the original Ye Xuan to be unknowingly, even the entire Alliance of the Survivors.

The forces that crouched in the distance scolded the strong, and they were shocked. that

On the other hand, the Star Alliance, the Alliance of Ten Thousand People and the Federation of the Terran have just merged to form the Tiandao League. Here, the Magic Hall suddenly has a big movement, and it has unknowingly included the Alliance of the Survivors and the Tianhe Star. Your majesty...

As a result, the strength of the magic hall has suddenly increased sharply. This is clearly intended to be with the Tiandao League and the Tianji people. In this piece of ruined land, the sky is in the air and the rhythm of the world...

Chapter 4849: Three-legged

"call out!"

"Hey..." left

On the side of the void, the remnant of the remnant of the squad is still still outside the tens of billions of miles. In the flagship of the front of the army, more than two hundred figures have been turned into a mans, and the lasing came here. This

The strength of more than two hundred figure repairs are all above the universe. Among them, there are more than half of the universe, more than one hundred, more than forty in the universe, and twenty-four in the universe. very

Even the ancient powers of the ancient times have three sacred sacred sacred sacred sacred sacred sacred sacred sacred sacred sacred sacred sacred sacred sacred sacred sects.

"See the Lord of the Lord..."

The black robe is not aware that Ye Xuan is the master of the temple. However, when Ye Xuan asked Zhao Dong to go to the Alliance of the Survivors to convey the instructions, he specially let Zhao Dong bring his own gods to the past, with that mark, Let the black robe deprecated with the entire Alliance of the Survivors.

He naturally did not dare to defy this matter. In fact, he did not have the mind at all, including the three survivors of the people behind him and the top leaders of the Alliance of Survivors.

Not to mention the follow-up of the Tianhe Star Master Ye Xuan, there will be a large number of Zijinbao medicines and Jiu Cai Shenji rewards in the future, but there is no such thing. Nowadays, the general trend of this piece of land is empty, and they have no choice at all. It is. only

You can choose to cast the Devil's Hall for the sake of asylum. original

Ben, the top leaders of these survivors still have some tangles, but now that I saw the entire Tianhe Army behind Ye Xuan, this kind of entanglement disappeared instantly. even

The Tianhe Legion of the Tianhe Star Lord Ye Xuan has joined the Magic Hall. What else do they hesitate?

"call out!"

Oh..."

After a high-level visit from the Alliance of the Survivors, the voices just fell, and from the Xusheng ban outside the tens of billions of miles ahead, there was a lot of empty sounds, and a figure rushed out of it, and the blink of an eye came. Coming soon... come

People are the top of the magic hall, including the four universe cosmic people such as Qingniu and Yuling, Longjing, Gongjun, Heifenghu, Rou Yue, Zhao Dong, Qian Nan, Sun Xi, Li Bei, and Sang Zhi More than 20 tribes of the tribe are immortal and old.

There are also a number of members of the original captive parliament, such as Three-Tail Dragon, Longshan Tang, and the **** ancestors, Qingpeng ancestors, Taikoo porcupines, Taikoo turtles, six **** scorpions, and the nine fierce beasts of the captive army. Wait... always

Almost all of the top leaders of the major corps of the entire temple have come.

When Ye Xuan left, some of them were still in retreat, but now it is obviously just getting out of the customs. The strength of the repairs has soared, and Ye Xuan is very pleased...

Nowadays, a group of high-level people rushed out of the star field, and they were shocked to see the Legionnaires and the Tianhe Army outside the stars. he

Among them, only a few people like Zhao Dong knew that Ye Xuan had gone to the Tianhe Star Field, and at the same time had sent Zhao Dong to the Survivors Alliance to order.

Therefore, it was only at this moment that I saw the army of the survivors' alliance and the forces of the Tianhe Legion, and realized what happened.

After a short stay, six high-ranking people, such as the **** scorpion, cheered for the thunder.

Two years ago, the structure of the Devil's War Force was a bit embarrassing. At the top level of combat power, the Lord of the Devils swept the eight sides, and one person could beat the four powerful ancient sages to the head.

The same is true for the conventional combat level. The four major corps of the previous Magic Hall are extremely powerful. but

In terms of high-level combat power at all levels between conventional combat power and top-level combat power, it is somewhat incomprehensible. Even a wild power is not available. The universe is only six bloody.

But now, this situation has disappeared.

Previously with the arrival of the Fifth Corps, which is the Eighth Army, the magic hall instantly had two powerful wild powers, namely the starry porcupine and the starry turtle. except

In addition, there are many cosmic sages in the Ganges, the Lord of the Universe and the Supreme of the Universe. tight

Then, among the captive corps, there were nine wild **** powers of the bloody, Qingpeng, and war lions. The power of the great powers under the ruling was finally over ten...

Nowadays, with the addition of the Tianhe Legion and the Alliance of Survivors, the regular combat power of the Magic Hall has once again skyrocketed, and among the Alliance of the Survivors, there are more than two hundred high-level members who join in, and the strengths are all above the universe. Among them, there are more than half of the universe, more than one hundred, more than forty in the universe, and twenty-four in the universe.

Even the most ancient and supreme, there is one more, that is, the black robe of the Alliance of the Survivors.

In this way, finally there are two demon halls in the desert, and the structure of the warfare from top to bottom is finally reasonable, no longer embarrassing...

This is a very gratifying thing, but at the same time, it also makes Zhao Dong and others, especially the young cows, the three-jawed dragonfly, and the old folks around Yee Xuan in the Tianhe Army. Great increase. magic

Although the temple is more powerful, but the original classmates around Ye Xuxuan, the strength is not the top of the existence under Ye Xuan, which makes people feel depressed. Place

Some people have struggled at this moment. They understand that Ye Xuan will not be embarrassed in the cultivation of resources, but it is not enough to have resources to cultivate. They must step up their cultivation in order to change these top resources. Become your own strength and heritage...

Undoubtedly, this time after returning to the Hall of Devils, including the mosquitoes and old ghosts and the high-ranking people of the Tianhe Star Field, and the green cattle and the three-jawed dragonfly, all the top leaders of all parties who followed Ye Xuan will Enter the retreat at the first time, and upgrade your strength as much as possible...

"From now on, the Alliance of the Survivors joins the Legion of the Five Legion of the Devils..."

They sneaked up with the high-ranking priests who had rushed out of the Xusheng ban, and introduced them to the top leaders of the Alliance of the Survivors and the top members of the Tianhe Star. leaf

Xuan suddenly released the power of the gods, covering the vast void of hundreds of billions of miles, and countless forces and stars and strong stars are clearly audible..."

In addition, the Tianhe Star Field, from now on, officially joined the Temple of the Devil, becoming the sixth army of the Temple of the Devils - the Tianhe Army! "This

As soon as the news spread, the whole piece of vast and innocent void was briefly silenced for a moment, and then there were all kinds of exclamations, all of them..."

what? The Alliance of the Survivors joined the Magic Hall? Uh... this can be a big change. I thought that at the beginning, the five major coalitions were against the magic hall, but now they are not one..."

"The Beast Alliance is out, the Star Alliance and the Alliance of Tensions, the Federation of Terrans constitutes the Heavenly Alliance, and the last Alliance of the Survivors has turned out to be the Devil's Hall. The situation of the two years ago has changed so far. It is really a sea of dreams."

"Since then, there are only three super forces in this piece of the ruins of the ruins of heaven and earth. The magic hall, the heavenly ally, and the celestial family... all small ethnic groups and forces can only rely on one of them, otherwise they will not survive. Go on!"

The three legs are standing..."

Chapter 4850: Get rid of the ridiculous robbery

"boom!""

Rumble..."

The roar of the heavens and the earth rang, and the Remnant Legion, the Tianhe Legion, led by the high-level members of the Magic Hall, slowly drove to the depths of the Xusheng ban in front. Asahi

The forbidden land is vast and innocent. Even if you join these two powerful legions, the life stars are still very rich, and the jurisdiction of the six legions will be redistributed again. but

All of this does not require Ye Xuan to worry about it, including the retreats of the top members of the Tianhe Army, such as Naples. They have a large number of top-level cultivation resources in their hands. After each of the caves, they will naturally start retreating. to

Yu Xuanyuan Ziwei and Duanmu Xiaocha, Zhao Qianru three gimmicks, apparently will occupy Ye Xuan's Dongfu stars, no one dares to oppose this, Ye Xuan is also afraid to boo. After all, I just took these three Gu Nai Nai well. If this kind of thing is provoked, it will not be able to make a decision...

Zhou Yuan's cosmic void, the scouts from various forces and ethnic groups, have also left, and all the people are shocked. In the first place, everything that happened just now will be back. Forces and ethnic groups.

This includes the scouting fleet of Tiandaomeng and Tianji, but Ye Xuan never took care of it...

Just after returning to the Dongfu Star, Xuanyuan Zijing, Duanmu Xiaocha, and Zhao Qianru, three gimmicks, went to visit the magic hall in the first time. At this time, Ye Xuan's body suddenly heard a familiar incitement. That is the movement of the smoke, let his heart move, the face is full of surprises...

Without hesitation, Ye Xuan waved his hand at the first time and would directly swear out.

"call out....."

With the faint sound of breaking the air, Bao Luo whistling out and the wind will rise!

In the blink of an eye, it turns into a pink pipa of a hundred feet in size, and slowly rises and falls in the emptiness in front of Ye Xuan, revealing a very strong and mysterious atmosphere, and at the same moment that Bao Luo was sacrificed, the corpse The voice of Hou Qing came out, revealing a deep joy: "Master, we woke up..."

Before this time entering the sleep, the strength of the seven major repairs has reached the great success of the 9th-order of the ancient powers of the past. and

The purpose of their slumbering this time is to attack the ancient and supreme realm that has never been reached before.

To this end, the cultivation resources provided by Ye Xuan are no longer the previous nine-color **** medicine, but a chaotic medicine, and its efficacy is obviously far from comparable to the nine-color medicine. It can even be said that there is no comparability at all, not at the same level... and

In addition, seven hoes, each of whom also swallowed a precious twenty-nine-level ridiculous treasure.

It can be said that Ye Xuan was already determined at the time. After the end of this sleep, these seven gimmicks will surely be able to reach the level that the peaks of previous life have never reached, and become a powerful ancient supreme. only

Yes, he thought it would take at least a month or two, but he didn't expect it to be less than a month, and the seven gimmicks reawakened again. "

call out! "

"Hey..."

Just as his heart was stirring, a faint sound of broken air rang out, and from the front of the sky, the smoke of the wind and the smoke of the air, rushed out of the seven figures, in the void in front of Ye Xuan, lined up...

It is in the Baoluo that the corps of the sacred ancestors, such as the ancestors of the sacred ancestors, are waiting for the seven sacred cults, all of which are famous for their existence, no matter which one is the generation of the face and the body.

"See the owner..."

After the sudden appearance, the seven glamorous savage savage repairs, while at the same time to Ye Xuanjiao smiled with a pleasing gift, screaming at the owner, charming smile, obviously the mood is very good ... and

The repairs that have been dispersed in their bodies at this time are distinctly different from the previous ones. They are powerful and incomparable, and it is the new wilderness to the extreme!

These levels of cultivation, even if they have never been achieved in their previous lives, just this point, the seven gimmicks at this time the joy and excitement of the heart can be imagined.....

"Hey? Ye Xuan, this is..."

"Yeah, it's seven sisters who have gone out..."

"It's so beautiful, it's better than a little tea..."

Just at this time, the direction of the side of the hall suddenly came from the sounds of Xuanyuan Ziyang, Duanmu Xiaocha, and Zhao Qianru, and they showed the meaning of surprise. As they said, they had already rushed over here.

Seven beautiful Yan Xiu, turned to look at Ye Xuan, see him is nervous, suddenly all cover their mouths and snicker.

Although the seven people of the ancestors were born again, they all seem to be young gimmicks, but in fact they are the ancient strongmen who existed from the ancient times. Facing Xuanyuan Ziyang and Duanmu Xiaocha, Zhao Qianru, three gimmicks naturally No problem, they can easily turn their group. ten

The gimmicks quickly became a piece, and the elder sister's short sister screamed, and the atmosphere was very harmonious. He was very happy. When he saw this scene, Ye Xuan just hung to the eyes of the blind man and immediately let go. "

boom! "

"Booming..."

Almost at the next moment, in the void of the universe outside the life of the stars, there was a lot of black robbery clouds in an instant. "

Actually... Is there a thunder? "listen

To the thunderous sound of thunderous robbery, Ye Xuan whispered, whispering in a whisper, the face of the face suddenly appeared a sigh of relief, after a shot, the brain answered: "Right, forget the seven gimmicks this breakthrough It is a despicable situation, and it is inevitable that the robbery will come..."

However, when I think of seven gimmicks and breakthroughs at the same time, such as today's robbery, this is clearly the rhythm of the seven ridiculous robbers, and the look on his face suddenly became strange.

Don't say, this situation, even he has never met...

Judging from the thunderous sounds that have been introduced into the ears and the thunder of the sensation that has been felt in the vagueness, this time, the ruin of the ruin, I am afraid that the power is not small.

But Ye Xuan is completely fearless! and

Today, he just broke through not long ago. What he wants is a baptism of a thunderbolt. In the face of the thunder that makes the monks smell the color, Ye Xuan is completely unrelated. What's more, for the Emperor Yin Lei in Lei Di Yin, this time the thunder, it must be another chance...

One thought of this, Ye Xuan did not hesitate, after turning to the first and the ten gimmicks, after a wave of hands, they immediately wrap their body shape, and their body shape will be easy to disappear in the cave.

When it reappeared in the near future, it was already outside the Xusheng forbidden land, and stepped out from a very remote universe.

As he left, the numerous clouds that had been shrouded in the Dongfu stars disappeared instantly, followed by Ye Xuan's head, covering a vast expanse of thousands of miles away. "

call out! ""

Oh..." and

At the same time, the direction of the Xusheng forbidden land, there are also a lot of sounds, the mosquitoes and the old ghosts and the Neapolitan, the magic emperor Mo Tiantian, the devil's uncle, the genus of the tortoise, the ninth, the madness, and the old man of Xuanyuan, The old man of Duanmu, the Bodhi teacher, and other small idle forces and the high-level members of the family appeared, with a scar on their faces...
