Chapter 490: The devil appeared

This human being is also the elder of the General Palace of the Qing Dynasty. He has opened up to 45 veins. After being possessed, his strength has surpassed 50 geographies.

Originally, Ye Xuan was a little confident. After he had played against this elder, he couldn't guarantee it. Because the elder's swordsmanship and the Qing Dynasty's magic step, I'm afraid it's already raised to 10%. Ye Xuan caused great pressure.

"Exactly, my stepping up the magic step has not yet reached the top ten..."

When Ye Xuan's eyes are bright, he can watch while fighting. As long as he can be upgraded to 10%, he can kill each other.

Of course, he also has to pray that the two masters should not be killed by the devil, or he will die.

Five people are fighting in the air, and the sound is as thundering as thunder.

Although it is much weaker than the other side, Ye Xuan has seen hope, because the demon king possesses human strength and will skyrocket, but the infuriating power cannot be endless, as long as it is dragged for a while, then the devil will be killed by Ye Xuan.

As long as the demon king dies, then Ye Xuan can unite the other two masters and encircle the devil.

However, at this time, the sky has plucked three figures.

"what?"

The Sirius leader turned his head and looked, his face suddenly became gloomy, because he felt the magic.

These three people have been possessed by the monsters.

"Damn!"

Ye Xuan's heart is full of anger, and this is finished.

The strength of the demon master has been so strong. If there are three more people, then five to three, they are dead.

"Haha, go to hell!"

The Lord of the Lord suddenly laughed and glared at the sorcerer's sorrow, and suddenly he got out of the body of the elders of the upper house, and then swept over.

This scene happened quickly, and the Emperor of the Sirius was possessed without responding.

The Emperor of the Qing Palace shouted his eyes and he was desperate.

However, this is an opportunity for Ye Xuan.

"call out!"

Ye Xuan suddenly plundered the body before the Lord.

"What is he going to do?"

Ye Xuan's opponent is somewhat puzzled and chased up.

Undoubtedly, Ye Xuan's goal is naturally that the singularity of the Qing dynasty, an elder from the heavens to the Qing dynasty, the family is certainly very expensive.

"Snapped!"

Ye Xuan rushed to the front of this soulless body, and then took off his ring, and instantly swallowed up the things inside.

"Hey, the host has opened the forty-third land!"

upgrade!

At that time, Ye Xuan's breath was soaring up, just as the devil chased it, and Ye Xuan turned and took out a sword.

"what?"

The devil did not expect Ye Xuan to suddenly break through, dodge some of the time is not timely, only to give up the body.

"Oh!"

The head of the elders who had been on the main gate of the Qing Dynasty was thrown up. His Qiang Kun ring was also obtained by Ye Xuan.

Devouring!

Although he was not able to let Ye Xuan break through again, he also made his cultivation a lot.

"Now, you are dead!"

Ye Xuan's eyes suddenly burst into anger, and the devil who lost his body fell a lot, and the speed was too slow for him.

"Hey!" "Hey!" "Hey!"

There was a muffled sound in the air, which was the voice of Ye Xuan's shout on the sneak peek.

"Hey, the proficiency of the stepping up the magic step is improved, the current is 10%, the effect is doubled!"

This is a reminder that Ye Xuan's morale is so high that it's really a good time.

"call out!"

At that time, Ye Xuan was looted in front of the devil.

"Clear the enchantment!"

Ye Xuan quickly took a glimpse of it and directly hit the devil's magic body. The latter suddenly violently swayed and was screamed loudly by this blow.

Taking advantage of this opportunity, Ye Xuan attacked the situation and directly destroyed the demon king.

Ye Xuan swallowed the devil's magic bead and his strength improved again.

At the same time, the Lord of the Devil also killed the Emperor.

When he turned his head, he found that Ye Xuan quickly plunged into the distance, but Ye Xuan was not escaping, but rushed toward the three possessed warriors.

Being besieged is not a good sign, so Ye Xuan will solve the three first.

Fortunately, the strength of these three people is not very strong, but less than the strength of the 50 local veins, easily killed by Ye Xuan.

"Hey, the host has opened the forty-fourth ground!"

After the three-person ring and the three magic beads were swallowed up, Ye Xuan's realm was once again elevated.

"Well? Break through twice in a row?"

The brow of the demon Lord attached to the lord of the Sirius was slightly wrinkled, and the eyes were bright, and said: "Boy, your body, I want it!"

At the moment, he is rushing to Ye Xuan.

"My body, what do you want?"

Ye Xuan glimmered and rushed back.

He had no choice but to take this demon master. Now he has broken through twice. He estimates that he can definitely block the demon master. However, in order to be safe, he will first rush to the body of the Qing Palace.

This magic master does not know that Ye Xuan can swallow the upgrade of Tiancaibao, only know that Ye Xuan's qualifications are good, so he did not block more, but prepared to kneel down Ye Xuan, and then possessed.

Ye Xuan easily got the Qiang Kun ring of the Shang Palace, and the strength went further.

"Ok?"

This time, the Lord of the Lord reacted.

"Haha, although I don't know how you did it, but you have this body, I have to fix it!"

The Lord of the Lord laughed three times and rushed toward Ye Xuan.

"If you want my body, look at your skills!"

Ye Xuan is cold and cold.

Now, the devil has no helper, and Ye Xuan does not, but he has a superior ability to recover. Before the wolf led the lord to fight a battle, now although the possession of the demon, but the body is true In fact, there is not much gas, so Ye Xuan has a great chance to kill the Sirius leader and let the Lord appear.

After the demon possessed the Sirius to lead the lord, the strength has improved, but Ye Xuan's Shangqing step has been trained to 10% of the fire, so he is playing a tie with the devil.

During the battle, the Lord always looked at Ye Xuan with a greedy look, as if Ye Xuan's body had become his personal belongings.

But over time, he discovered the problem of infuriating.

"The truth of this kid is constant, how many secrets does he have?" The Lord is very puzzled.

The two men fought for a full minute, and then the Lord of the Lord quickly retreated because of the infuriating.

"chase!"

Ye Xuan's eyes are bright, which means that there is not much infuriating in the body of the demon. This is a good opportunity to beat the dog.

At this time, the rear of the celestial leader led a black shadow, Ye Xuan stunned, this is the main devil from this body.

"Is it finally to show up..."
