

## Super D. S 491

### Chapter 491: Trapped?

"Is it finally to show up..."

Ye Xuan's mouth is slightly tilted, and immediately wins the pursuit. As long as he wins the celestial ring of the celestial leader, then his strength can be improved a lot, and it is easy to kill the lord.

Soon, the devil is separated from the body of the celestial leader, because the body is not much.

Ye Xuan was careful to watch out, and the only way the demon Lord had transferred his body, he could not have planted it.

"Out!"

The demon Lord finally got rid of the body of the lord of the Sirius, and after it got rid of it, he quickly swept toward Ye Xuan.

"Don't stop, stop you first!"

Ye Xuan's heart shouted, and the devil who was heading for the flying rush was a few clear konjac.

However, what he forgot was that the last time there was a demon, it suddenly increased the speed.

Today, he saw it again.

"Kid, you are finished, the devil disintegrates Dafa!"

The roaring heart screamed, and the speed suddenly skyrocketed. In an instant, I escaped from these sorcerers and rushed into the body of Ye Xuan.

The supernatant of the leaf yoke's predecessor was not used by the lord, and it was directly burnt to the ashes by the magic gas.

"This....."

Ye Xuan's eyes widened. At this time, he felt that there was a breath that had penetrated into his head, and his consciousness was quickly lost.

"No, no, I can't be occupied by him!"

Ye Xuan is roaring in his heart. He knows that if the devil wants to occupy his body, he will obliterate his soul. If he is occupied successfully, even if the demon is separated, he will become like a celestial leader. The empty shell of the soul.

His will is fighting the Lord.

"Kid, don't resist, useless, you can rest assured, I will find your wife, I will make you the world's strongest, I will..."

The voice of the Lord is ringing in Ye Xuan's mind. He is tempting Ye Xuan and weakening Ye Xuan's consciousness.

"Go to your aging mother, Laozi's wife, daddy, big scorpion, Laozi will find it himself, you will give me a roll!"

Ye Xuan resisted while roaring.

I have to say that his willpower is very strong, after all, it is a combination of various blood.

If it is an ordinary person, it has long been obliterated by the devil.

"The stubborn boy will have such a strong willpower and will disappear for me!"

The Lord of the Lord screamed.

"Disappear you!"

Ye Xuan is squatting with him.

At this time, Ye Xuan's body is stepping on the air, motionless, and his consciousness is in a fierce battle with the Lord.

He must use the willpower to drive the demon out of the body, otherwise he will die.

The two are fighting there.

I have to say that Ye Xuan's willpower is the most powerful one that the devil has seen. The devil is fighting for five minutes, but he has not been able to erase Ye Xuan's will and occupy the body.

"Miscellaneous things, you can't take my body, let me get out!" Ye Xuan roared in his mind, and he was also surprised by his powerful willpower.

"Impossible, I am so hard to meet your body, I can let it go!"

"roll!"

The two stalemate for five minutes, still difficult to understand.

The Lord is very annoyed, as long as he occupies Ye Xuan's body, then he can retaliate after a period of time.

Unfortunately, Ye Xuan's willpower exceeded his imagination. He estimated that he would not be able to win the body of Ye Xuan for another day.

Therefore, he decided to go out first, leave Ye Xuan down, and then slowly remove Ye Xuan's willpower.

But the next moment, he was forced, and he found that he could not get out of Ye Xuan's body and was restricted.

"Bad boy, what have you done? I can't go out!" The Lord shouted in Ye Xuan's mind.

"can not go out?"

Ye Xuan, he still wants the Lord to leave his body, how can he not go out?

At this time, the Lord again said: "The golden dantian, what a ghost thing, it trapped me!"

Golden Dantian?

Ye Xuan, a golden dantian, isn't it a phagocytic system?

"Kid, let me go, or you will die very badly!"

The devil is a little panicked. If he is confined to this body, then he can no longer win the body of other people. If Ye Xuan is killed, he may have lost his soul.

"How do I know how you go out?" Ye Xuan said angrily.

"Damn, you don't know?"

"Is it too late for you to go out and limit what you are going to do?"

Ye Xuan answered.

"Damn, damn, don't do anything stupid about you, or I will kill you if you blew yourself!"

The Lord is panicked.

Now he is trapped in Ye Xuan's body, and he can't control Ye Xuan's body. If Ye Xuan commits suicide, then he will die.

"You are a ghost, hurry to give me out!"

"Your golden dantian limits me to go out, what do you say?"

"how could I know?"

The two directly confronted each other and directly greeted each other's parents and ancestors.

Later, Ye Xuan found something wrong.

"You were a human being before you were born?" Ye Xuan asked strangely.

"Crap, I just cultivated the magic power, and the traitor made a serious injury seal, and it must be turned into this ghost."

The Lord answered.

"How did the other monsters come?" Ye Xuan asked again.

"That's all the magic that I have spit out over the years." The Lord answered.

Now, Ye Xuan finally understands.

On the island of Sirius, the Qing Dynasty suppressed a group of monsters. In fact, only one of the devils began. As time passed, so many monsters were born.

But now is not the time to say this, the Lord is trapped in Ye Xuan's body, this is a \*.

If Ye Xuan is not paying attention, he will be taken away by the devil, and that will be terrible.

Therefore, Ye Xuan must take the demon Lord out of his body.

"Kid, this golden dantian is not under your control, I don't rob your body anymore, as long as you help me accomplish one thing!"

The Lord of the Lord suddenly asked.

"What?" Ye Xuan asked in a strange way.

"The reason why I became like this is because of the Qing Palace, so I want you to help me to destroy the Shangqing Palace. After the incident, I will destroy it myself!" The Lord answered.

"Destroy the Qing Dynasty? Destroy yourself?" Ye Xuan asked: "Which one are you referring to?"

Shangqing Palace seems to have a division in many territories, and the Shangqing Palace on this day is also one of them.

"The Shangqing Palace of this day is the earliest one. After that, the master of the Qing Dynasty went to the heavens to build one, and also listed it as the general gate. However, I want you to destroy all the palaces." Said the Lord.

"All..."

Ye Xuan frowned, after all, there was no hatred for other divisions.
