

## Super D.S 4921

### Chapter 4921: Demon hall

After everything was clarified, Ye Xuan even left the source nest star base camp with the old pig fine, and embarked on a journey back to the emptiness of the ruins of the ruins...

The old pig essence has always been in the void of Hongmeng, and has never been there, so I don't know where the space passage from Hongkong's void into the void of the ruined land is.

If it was in the past, Ye Xuan may still be prepared, but now it is no longer necessary.

On the one hand, it is reassuring to the old pigs. On the other hand, his own cultivation has reached a certain height. It is not necessary to be too cautious.

After leaving the source nest star base camp, the two men concealed their bodies, their breath converge, and all the way to the full speed. It took only two days to reach the space channel.

"call out!"

"咻..." micro

The weak sound of the air broke out, Ye Xuan was in the front, the old pig was fine, and the two men's physique quickly rushed into this hidden space channel, which disappeared in Hongkong. again

When it appeared, it was already in the depths of Xusheng's forbidden land, and it appeared in the hidden and remote corners of the star...

At this point, the two people's body shape is only a high score, one is violent, one is a black pig.

Nowadays, Ye Xuan and the old pigs are the same as the realm of their own cultivation. They are all the first steps of the ancient and supreme. At this time, both of them have activated the blood and

supernatural powers in the body, so the repairs shown are improved. Is the second step of the ridiculous! Such as

If the old pig sperm will display the blood of his magic pig nine times to the highest level that has been deduced now, that is, the seventh change, he will have a decadent and perfection.

And Ye Xuan's konjac has changed to the highest level of the peak, which is the ninth change. In theory, once he enters the state of the ninth change of the konjac, the strength will be better than that of the old pig. The second step is to achieve the second order of the heavens. can

Unfortunately, it can only be realized in the emptiness of Hongmeng. As for the shards of this ruined land, because of the suppression of the will of the wilderness, the peaks that Ye Xuan can achieve are only the ruthless nine-step great consummation. when

However, although it is also the stage of the ridiculous ninth order, Ye Xuan is the result of being suppressed in the ninth state. Therefore, it must be stronger than the old pig. more

What's more, he also has the power of blood and sea secrets. Once it is displayed, the three \*\*\*\* seas are separated, and you can easily play the old pigs like you...

And this is still the result of not counting the four kings. If it is all counted, the old pig is estimated to be embarrassing...

"Is this Xusheng forbidden? It is really good weather, but the head, the old pig, I came here first, the key is that a mysterious grandson is watching it next, the name is not right, you think about what can be arranged Position..."

Between the talks, the old pig has stopped his body shape, turned to Ye Xuan's point of view, and directly turned the magic pig's blood and magic to the seventh change...

Between the moments, the temperament that has been dispersed in his body has reached the stage of the ruling nine-step great perfection, but it still converges and does not reveal too much.

The reason why this old goods are so, is clearly a swollen face full of fat, want to install a big tail wolf in front of the mysterious grandson who has not yet met. This

Everything Ye Xuan knew well, and he felt funny, but he did not break him. Do not

However, as the old pig fine said, his ruthless nine-step perfection is enough, but the position does need to be prepared, otherwise if there is no job, it is an outsider, and it is not close enough to think of it. . "

There are eight King Kongs in the source nest star base camp. There are also four kings in the magic hall here. It is my four big electronic avatars, all of which are the ruling of the nine-step great perfection, or..." slightly

After thinking about it, Ye Xuan said: "If I go back, I will announce that the four kings will be converted into five kings. How do you count?"

It's not good, it's all yours, old pigs, I'm not..."

Listening to this, the old pig was turned into a splashing drum on the spot, and the face was unwilling: "Moreover, it was only the four kings, suddenly changed to five, as if the pig was forcibly stuffed into it. It feels like it's falling..."

Moreover, the position of this king is listening to the good, but after all, there are four, at first glance, it is not enough grade..."

In half, he suddenly thought of something, and he said: "To the head, you are not saying that you are the master of the temple? The old pig is in this unique, no one to share the domineering position, still is there?"

Domineering? Also unique? Your request is really a lot..."

Ye Xuan is also speechless. He turned his eyes and said: "Come and call you the magic hall pig."

"The magic hall pig? The bull in the pig? This can be..."

Ye Xuan was originally just a joke, but listening to the ear of the old pig, but let him instantly light up, immediately picked up the tail: "Not bad, the head is the head, just a position on the domineering side. In the future, I am the pig tyrant of the magic hall..."

Is this OK? leaf

Xuan was speechless. He shook his head and sighed. He did not refuse. This matter was settled. However, when he said something in his heart, he really didn't think that there was any domineering in the four characters of this magic hall.

The name of the domineering, a pig character, is also damaged!

After solving this problem, Ye Xuan also showed the ninth change of the \*\*\*\* magical power of the konjac, and no longer suppressed the cultivation of the body. In an instant, the sacred nine-step great perfection spread and spread, the whole piece The vast and innocent Xusheng forbidden land can be inductive.

"call out!"

call out....."

The faint sound of breaking the air, Ye Xuan and the old pig fine rushed in and out, and soon came to his neighborhood.

Looking around, surrounded by the void, there are a lot of figures spurting...

The line can be seen, there are six bloody, Zhao Dong, Qian Nan, Sun Xi, Li Bei, and the old survivors of the Sangzhi nationality, Qingniu and Yuling, Longjing, Gongjun, Roaring, and San The claw dragon, the dragon mountain Tang, the \*\*\*\* ancestor, the Qingpeng ancestors, and the \*\*\*\* and Qingpeng, the war lions and the tribes are immortal...this

It's also a coincidence that the top leaders of the six major corps of the Magic Hall have just finished a retreat. At this moment, they feel the atmosphere of Ye Xuan, and all come naturally. example

For example, the Sangzhi relic tribes of the Legacy Corps, and the more than 20 emperors of the Xusheng ban, the immortal relics, and the nomadic corps, the three-claw dragons, Longshan Tang and other former prisoners.

In the end, more than two hundred emperors of the captive army consisting of \*\*\*\* and Qingpeng and the three lions of the war lions are immortal, including nine ancient powers from these three tribes, and three abilities of the original survivors. And black robe and so on! when

Of course, the Taikoo Porcupine and the Taikoo tortoise and the savage beasts of the two evil armies under the command of the two are now gathered here.

There are also the commanders of the Tianhe Legion, the mosquitoes and the old ghosts, and the Naples, the emperor Mo Wentian, the devil's uncle, the cursive clan, the ninth, the madness, the Xuanyuan old man, the Duanmu old man, the Bodhi teacher, and other small idle forces and families. High level! foreign

A total of thousands of figures have been sprinkled, coming from all directions...

Chapter 4922: This pig has to change its life

"call out!"

"Oh..." broken

The vocal sounds rang, and Ye Xuan and the old pig's body shape came with a spurt of speed. He soon went outside his Dongfuxing, but did not enter it, but stopped outside the atmosphere of the Dongfu Star. turn

The first look, in all directions, all the high-rises of the Devil Hall come together. This

One time Ye Xuan went to Hongmeng Kong and did not delay too much time, so the feelings of the people were not strong, as if they just sneaked a trick and returned soon.

However, what surprised them was that Ye Xuan not only came back himself, but also brought a black pig back, and the strength was so terrible. It was the same as Ye Xuan and his four electronic avatars. The abundance of the nine-order grand perfection, that is, half-step heaven and earth. this

Engraved, with the gathering, the eyes of all the high-rises of the temple are all gathered in the old pigs. The problem of the old-fashioned ecstasy is getting more and more serious. In the face of today's high-profile situation, the whole person It is almost floating.

At this time, the others stood up, a pair of hind legs stood in the void, and a pair of forelimbs were forked on the waist, and the chest was lifted hard, the head was raised high, the nostrils were facing the sky, and the face was written on me. It is the word of master. in

The people in the field are all fine, naturally out of his triumph and ostentation. The face is always weird, face to face, quite a bit speechless, but the old pig's fine repair is placed here, for a while. But no one is colliding...

"This temple has just returned from Hong Meng's void..."

Ye Xuan forced her heart to smile, and turned around and looked at the top of the magic halls. Then she said: "If you don't want to be in the air, we also have a base. You can even say that there is real. Base Camp, Xusheng is forbidden, we will leave sooner or later. By then, the six legions will be innumerable and will gather in that base camp..."

"It has always been the magic hall of Xu Sheng's forbidden land, which is occupied by the temple, and in the source base camp of Hong Meng's void, it is he who sits on the town..."

Speaking of this, Ye Xuan's face is also somewhat weird. He did not laugh when he forcibly groaned. He said, while raising his finger to the old pig on the side of his body: "This is the magic hall pig, you later Call it a pigmaster..."

"In this period, there is another arrangement on the side of the Hongmeng Void Source Base Camp. The pig tyrants will remain in the Xusheng forbidden land. As for the Dongfu Star, just a little farther away from the temple's Dongfu Star, just pick a suitable one..."

This is well thought out, Ye Xuan is deliberately wanting to arrange this guy away from himself, and he is always harassed by him. The temperament of this goods can be uneasy, too close, and must be nuisance constantly, noisy bother!

This sentence of the pig tyrants almost did not turn the people over, the strange color on the face is more concentrated, but there is no help, face to face, everyone in a row, all of them screaming pig tyrants, it is a greeting .....

"They call the pig tyrants right, but you can't, you have to call the pig grandfather..."

The high-rises of all the magic halls are all called the magic tyrants. This can make the old pigs happy and happy. I feel that this moment of infinite scenery is the best time to recognize the relatives of the pigs. Yes

In order to respond to the people with pride, he turned to the Taikoo porcupine in front of the empty space on the right side, and the right hoof forked at the waist and he approached him a little further: "How? Not very happy, isn't it a surprise? Yes, this is your grandfather, and you are coming over to my grandson."

"Oh, what's the matter? How do you wear a green hat on your head? This is the grandson of the mysterious grandson? This is also not to pay attention to it. The old sow who can't keep the woman can't indulge, call her out, too grandfather to help. You reprimanded..."

When the words were exported, the whole audience was shocked. Even Ye Xuan was dumbfounded.

After two moments, he subconsciously turned to look at the Taikoo Porcupine. This cargo is black, but is there a green hair on the top of the head?

With his physique, he only has a high body, and the green hair of this square is just above the head. It is like a little green hat...to

Who is the green hat, there is no need to say anything, except for the Taikoo tortoise wearing a pair of pants with the Taikoo Porcupine, which one? This

Although the strength of the two goods is not as good as the old pig, but after all, it is also the ancient power of the ancients. The high-rises of the magical halls are the strengths of the second step, except for Ye Xuan and the four kings and the survivors. The robe of black robe is the strongest of them.

When I first came, it was only a first-order power. Now it is already the fourth-order power of the ancient world. I really want to say that with the nine-color magic medicine and chaotic medicine provided by Ye Xuan, it is afraid to enter the desert. It won't take long. more

What's more, the relationship between the two of them and Ye Xuan is not ordinary, so even if the old pig is a ridiculous nine-order grand perfection, the two of them are completely out of sight. If

There is no contradiction anymore. Everyone gives each other a face, and it doesn't matter if they are a pig tyrant.

But this cargo has been arranged so much together, it is simply unbearable! brain

After flashing these thoughts, the Taikoo Porcupine and the Taikoo tortoise stayed for a few moments and immediately became angry, almost screaming at the same time..."

Roar! "

"Hey..."

The roar of the roar has not yet fallen, so he has turned to look at Ye Xuan, and his face is full of anger, a rhythm that can be shot at any time..."

Head, what do you mean in the end? Could it be that we have been too comfortable recently, deliberately getting such a product to find exciting for everyone? "

"That is, where did you get such a second goods? Actually, opening your mouth will make me a cheaper old pig, and I don't see what ugly he has grown into..."

Listening to this meaning, it seems to blame Ye Xuan's feelings, so that he is speechless. Burst

However, such a situation appeared, so that all the people were unexpected, and all of them were stunned for a while, and the atmosphere was quiet and the atmosphere was even dull.

"Cough... old pig, this thing, you can't blame me, it's your own family!"

Coughing twice, Ye Xuan raised his finger to the old pig on the side of the body, turned to look at the Taikoo Porcupine, and the look on his face became strange: "Don't you feel it yourself? This is the breath of blood." The inheritance in your body is indeed the blood of this goods. It is said that Xuan grandson may let you take advantage of it. Xuan Xuan's grandson is likely to...

It is said that the Taikoo Porcupine has a glimpse of it. He did not actually take the induction before. This is normal. Whoever has nothing to do with the individual to sense whether the other is his ancestor? this

Hearing Ye Xuan's reminder, he instantly activated the blood of the body. After some induction, his face suddenly changed. He turned his hair into a fierce and fierce sorrow: "Is it true? Hehe..."

"The pig ancestors who have such a mouthful, the old pig my life is too bitter, no, I don't recognize, the old pig I have to change my life, never enter his nest..."

Chapter 4923: Pig ancestor auspicious

The magic hall, the empty space outside the stars of Ye Xuan Dongfu! One

The high-rise halls of the public halls gathered together, but the atmosphere was extremely strange and strange...

"The pig ancestors who have such a mouthful, the old pig my life is too bitter, no, I don't recognize, the old pig I have to change my life, never enter his nest..."

"Hey..."

After hearing the reminder of Ye Xuan, the Taikoo Porcupine activated the blood of the body in an instant. After some induction, the face suddenly changed, and the hair turned out to be a fierce and fierce...

The result of the result was that all the high-level people in the surrounding halls almost smashed their eyes, and the Taikoo Porcupine actually encountered a \*\*\*\* sect here... Grandpa? This

It is too dramatic! original

This is also a good thing. After all, this wife's grandfather is a ridiculous nine-order grand perfection. However, when he looks at his virtue... brain

In the middle of these thoughts, all the high-rises of the magic hall suddenly showed the color of sympathy and compassion. The grandfather of this pig was really bloody, and he was embarrassed to say hello to people! thing

In fact, this time even the Taikoo turtles were paralyzed.

He was also angry at the moment. Now, when listening to the old pig, it is really the grandfather of the Taikoo porcupine. It may even be the grandfather of the wife. He is scared that he is on the spot. After shrinking the head of the turtle, he slammed into the empty space on the right side. At the back, hiding behind the top of the high-rise hall, a pair of rhythms that immediately lined up with the Taikoo pigs...

This is what it should be!

All along, he and Taikoo Porcupine are wearing a pair of trousers. Wherever they go, they are two people, like brothers. Now Taikoo Porcupine suddenly puts on such a speechless grandfather, that is the

real blood. Origin, want to get rid of it can not get rid of, the so-called anti-day change, but it is the unwilling roar of the heart. but

Taikoo Porcupine has no choice but to accept his fate. He is not the same. At this time, his position is very important. He must keep a distance from him. Otherwise, he will not be able to get along with his sudden grandson, but it will be too Not worth it...

This scene was seen by the Taikoo porcupine, and suddenly made him more sad, and turned to look at the Taikoo tortoise hiding behind the crowd, looking sad and angry: "Old turtle, the key moment, you are too loyal. Up..."

"No, no, this is your family business. I won't mix the old turtle..."

When he finished, the Taikoo tortoise shook his head into a wave drum, and the one who killed it did not say this kind of loyalty: "Moreover, your grandfather seems to dislike green, the old turtle does not stick. You, how much affecting your grandparents' feelings..."

"puff....."

Taikoo porcupine wants to spurt blood, but there is no way, pitifully looked at Ye Xuan, but the latter turned to look down to the void, as if enjoying the scenery...

"The temper is not very good, this is with me..."

I don't know if Ye Xuan had already used vaccination before. At this moment, the reaction to Taikoo Porcupine, including the need to change the life, never recognize the ancestral words of the ancestors, and the old pigs are not at all concerned. ....anti

I also smiled and nodded and smiled: "Not bad, quite old-fashioned, my style, but the style is just that..."

"Fart, old pig, I am not like you, old pig, I..."

The Taikoo porcupine is even more mad, but it's only halfway down when it's said...

Fang claimed to be an old pig. He also called himself an old pig. Is this not like it? It's just like it's like it's just like it's more like it. gas

Under the pole, he even wants to change the old pig, but after all, he used to use it. He didn't claim to be an old pig. He didn't know how to change it. He couldn't even keep up with anxiousness. The face is thick and the neck is thick, and the person watching can't bear it..."

After all, I have been living outside for so many years, I don't know when it was, I'm a bit resentful, I can understand the old pig..."

Seeing the Taikoo Porcupine no longer speak, holding a pair of pig eyes in the same place, it seems that the resentment is difficult to look like, the old pig shook his head and sighed, then said: "But, after all, you are the oldest son of my old pig, as Grandpa, the old pig will not care about you..."

Not only will you not care about it, but Grandpa will also pass on the stalwart blood of the porcupines.

Here, the old pig's chest is quite up, and a pair of front hooves are also accustomed to inserting the waist that does not exist at all, and leaning high on the head, a pair of noses to take the nose, the tone is long. After receiving: "Speaking of this, the magic pig has changed its blood and magical power. When you are too grandfather and my generation, I will not pass it down..."

"So, you must not, this thing, Grandpa, I am sorry for you, otherwise, with your current fourth-order power, once you show the blood of the magic pig, you will be able to display it instantly. To enhance the combat power of a big realm, it will become a fourth-order absurd, and outside, you can also be less bullied..."

Upon hearing this, the Taikoo Porcupine was paralyzed on the spot!

Can you improve the cultivation of a big realm? How do you listen to the more like the konjac? When did the porcupines have such a \*\*\*\* magical power?

However, although his heart is doubtful, he quickly relieved... Didn't people say it? When he arrived in this generation, he did not pass on to the back. He did not know that this was what he should be. when

However, these are not important. What is important is that listening to his tone seems like the magical blood of the magic pig... Can he pass it on to himself?

If you really want to do this, once you learn it, can you not be a sacred supreme person who can become a fourth-order realm in a moment?

Thinking of this, the Taikoo Porcupine has some intentions in an instant.

If you can learn this kind of \*\*\*\* magical power, it is nothing to recognize this pig ancestor. However, considering the relationship between the other party and his own blood, it is estimated that the pig will not be good, and this is a possibility of fraud. Sex, still very high.

As soon as I read this, the Taikoo Porcupine turned to the old pig for a moment, and looked up and down his weight. He said, "You old goods, you don't want to use this method, lie to me to recognize you. Grandpa pig?"

"Cut, how can I be such a pig?"

The old pig had a sullen face and licked his mouth. On the spot, he patted his chest and squeaked: "As long as you recognize the ancestors and ancestors, call an ancestor, I will learn from the old pigs within three days, otherwise By then, it's okay to call your grandfather's grandfather..."

It's a ridiculous grotesque, and it's still not a problem when it's said in public.

After confirming this, the breathing of the Taikoo Porcupine suddenly rushed, and a pair of sly round piglets smashed the green light, and a hoof rushed to the old pig. "

There can only be a change of the magic pig, not to mention grandfather, grandpa is no problem, from now on, you are the old ancestors of my old pig..."

The face is full of laughter, and the best thing to do is: "The pig ancestors are auspicious..."

Chapter 4924: Target wan national alliance

I have to say that this is really a slap in the face of the two grandparents. I used to have a slap in the face. Now I'm in a blink of an eye. I've been together for a while. Actually, you are a brother, I'm old. Cried up. simple

Just like a pair of good brothers, the four high-rises of the magic halls around them are also stupid, and they are awful...

In the end, the two sorrowful grandsons and grandsons did not know where they were, and Ye Xuan, after shaking his head and smiling, quickly recovered his mind. to

The black robe of the Alliance of the Survivors asked about the changes in the situation of the emptiness of the ruins of the ruins of the world since he left this time...

The ruin of the robe is nothing to hide, even when it is reported in 1510. or

Xu is because of the time when Ye Xuan left this time and soon, so during this time, this piece of ruined land is in the void, and there is no big change. day

The machine family has always been quiet. After all, the Emperor Yi's celestial celestial body, which was condensed by the power of the whole celestial family, has just successfully entered the real heaven. Now most of them are still retreating, repairing the remains of the heavenly thunder. Some of the injuries...

As for Tiandaomeng, its three major forces, the Terran Federation, the Star Alliance and the Alliance of All Nations, have no abnormalities. They have been quiet since this time.

However, Ye Xuan knows well that the three major coalition forces that make up the Tiandao League will definitely have some action in the dark. After all, they also know that the Tianji beast will recover from the injury after four or five years. At that time, it can be a head. The heavenly state in the state of prosperity has existed. With the strength of Tiandao League, it is absolutely impossible to be an opponent. and

Prior to this, the Tianzu people had been fighting with the Terran Federation, and the Tianzhu people in the base of the ruins of this ruined land were the closest to the location of the Terran Federation. One

Once the heavenly beasts are out, it is very likely that they will be the most conquered. They are...

Therefore, the Terran Federation cannot be unprepared, and the Star Alliance and the Alliance of Ten Thousands are now in a whole. Once the Terran Federation has something to do, they are also cold-blooded, so they must be prepared in advance and plan ahead! This

Everything has nothing to do with Ye Xuan. Although Tiandao League has always been against him, now there is a real horror of heaven and earth in this piece of ruined land, and it is still their old rival. This

Under the circumstances, no matter in recent years, or in the future, after the celestial beings have gone out of the customs, Tiandao League has basically no time to take care of the magic hall, looking for Ye Xuan's trouble...

But they don't have trouble finding Ye Xuan. It doesn't mean that Ye Xuan doesn't want to find them. do not

Not to mention, it is the eight desolation of the Star Alliance and the Alliance of Nations. For Ye Xuan, there is endless temptation. It

Therefore, the eight statues are because Ye Xuan did not count the blood-sucking lions. that

The goods are just the ruins of the ancients. Only after the activation of the \*\*\*\* magical power of the lions and lions can we have the power of the ruling level. Even if it is bombarded, it is impossible to refine the blood of the ruins. At most, it is a superb bloodline. However, what Ye Xuan needs most now is the blood of the desert, and he really does not look at him...

However, although these eight \*\*\*\* bloodsmen are placed in the Star Alliance and the Alliance of Nations, it is not so easy to get it. three

The big league is now stunned, and it is the same as the gas. It can be said that it is the whole body, even if it is the strength of the magic hall today, the eight peaks of blood, it is estimated that only Half of the harvest, it is almost impossible to collect all.

After all, the eight desolations are separate, the four Star Alliances, the Four Nations Alliance, and Ye Xuan only have one chance to attack. No matter which side of the attack, the other side will be alert. And

This time, the sneak attack must also be launched as soon as possible, because with the close of the crisis of the heavenly beast, the three major alliances must be preparing in secret. They must know that they represent the various ethnic groups in the three starry planes, and the three major alliances. There are still some stronger existences in China.

Even if there is no real heaven and earth in this, if there are a few half-steps of the nine-step grand perfection, Ye Xuan will completely lose the possibility of success if he wants to attack again.

And the sneak attack target he chose is the alliance of the Wan Nationality. This is almost no choice. After all, there are only four prey in the Star Alliance, but there are five deities in the ranks. The alliance is more cost-effective...

After the decision, Ye Xuan immediately returned to the Dongfu Star.

The power of God's thoughts spreads and it is found that whether it is the three gimmicks of Xuanyuan Ziwei, Duanmu Xiaocha and Zhao Qianru, or the seven major cults that have just entered the stage of absurdity not long ago, they are still retreating and have not gone out. . With

With his arrival, the four kings rushed out of the magic hall for the first time, and lined up in front of Ye Xuan. This

This is his four electronic avatars, one with each other, so there is no need for any verbal communication, and you can have a heart and soul...

Did not start immediately, because the old pig fine still needs three days. Such as

Today, he is already a fourth-order power. After activating the blood of the magic pig, he will become a fifth-order power in an instant, and then the blood of the konjac will be transformed into the seventh change. The strength of the peak is the third-order of the sacred, more than the survivors. The black robe of the league must be strong.

In this way, today's magic hall has a total of 18 ridiculous combat powers: the Seven Great Yan Xiu, the Emperor Yin Lei Ling, the black robe, the old pig, and the Taikoo Porcupine in the seventh state. , plus Ye Xuan's three blood sea avatars and the four kings! Do not

However, Emperor Yin Lei Ling is now left by Ye Xuan in the source nest of Hong Meng's void. Therefore, there are a total of 17 deities in the demon hall. This

Once went to the Wan National League to launch a sneak attack, Ye Xuan did not intend to let the seven great Yan Xiu, black robe and the Taikoo porcupine participate, they will sit in the magic hall.

In addition to Ye Xuan himself, this time he has conquered the Wanzu League, he only intends to bring the old pigs to the past. Look

Only Ye Xuan and the old pigs are only a few, but the number seems to be a little less, but in fact, Ye Xuan alone has represented the strength of the seven peaks of the peaks: the three blood seas and the four kings!

In addition, the old pig essence is also the peak of the ninth-order grand perfection. The horror of the fighting power represented by the two of them is in the emptiness of this piece of wild land. I am afraid that only the emperor will use the power of the whole celestial family. The fusion of the celestial beast can compete! This

Under the circumstances, as long as everything goes well, it is impossible to take a sudden shot, and the four mid-levels of the Wan National League will be killed in one fell swoop. The possibility is at least 80%...

The sky is passing by. This

During the three days, Ye Xuan has been staying in the Dongfu Stars and has not gone out. he

Waiting for the old pig essence and the Taikoo porcupine, about the invasion of the Wanzu League, Ye Xuan has already mentioned the old pig fine voice, so this old goods is not reliable, presumably it will take three or four days to work. Can do everything...

Chapter 4925: Get out of the shrine

Three days later, the Xusheng where the magic hall is located is deep in the forbidden land!

The void was originally quiet, but at this moment, a terrible roar suddenly broke the silence..."

Roar! ""

The magic pig has changed nine times... the seventh change! "

In the void, the Taikoo porcupine roared, and the body shape quickly expanded. The blink of an eye was like a small star, huge and incomparable.

What is even more amazing is the strength of his body's soaring strength.

Previously, it was only the fourth stage of the ancient powers of the ancient times. Now it has reached the third stage of the ancient and supreme, almost raising a big realm. It is simply shocking...

By the end of this result, the old pig's mouth that is flanked by the hooves in the sky is almost unable to open, and the look of the blind can be taught...

"call out!"

"Hey..."

This movement was too big, and the entire vast Xusheng forbidden land was alarmed. In an instant, there was a faint sound of emptiness in all directions...

Looking around, six bloody, Zhao Dong, Qian Nan, Sun Xi, Li Bei, and the old survivors of the Sangzhi nationality, Qingniu and Yuling, Longjing, Gongjun, Roaring, and San The claw dragon, the dragon mountain Tang, the \*\*\*\* ancestor, the Qingpeng ancestors, and the \*\*\*\* and Qingpeng, the lions and the tribes of the emperor are all dead...

It is the top of the six major corps of the Magic Temple!

Of course, it also includes the Taikoo tortoise, the commander of the Tianhe Legion, the mosquitoes and the old ghosts, and the Naples, the devil, Mo Wentian, the devil's uncle, the tortoise, the genius, the madness, the Xuanyuan old man, the Duanmu old man, Bodhi. The teacher is too small and idle and the top of the family...

Three days ago, they witnessed the process of recognition of the old pigs and the Taikoo porcupines. The reason why these three days did not close, is to wait for a result, to see if the old pig essence is reliable...

At this moment, as the crowds swarmed, the third-order ruin of the Taikoo Porcupine was felt through the distant void, and all of them suddenly changed their face, all of them sighed and screamed.

"The pig uncle, the old turtle, I am your grandson's brother-in-law..."

In particular, the Taikoo tortoise was the most excited, and with a long sigh, the entire figure instantly turned into a green mang, and spurred toward the old pig.

When the blink of an eye is near, Shantou asks: "Hey, what old magic turtle will you change? Or, in that piece of Hong Kong, you always know one or two old green hairs." Wang Ba? They may be the old turtle, my Wang Ba ancestor..."

As the saying goes, the high-rises of the magical halls that are coming from afar are almost turned over by the thunder and planted in the void..."

OK, they are all scattered. Recently, I have been wary of some time. Black robe and old pigs. Don't close the two of you, wait for the temple and the pig to come back and say...

At this time, Ye Xuan's Dongfu starry atmosphere floated out of the figure, and it was Ye Xuan. this

At that time, he was still the form of the konjac. The four kings had already been in the body, and the old pigs were fine. Have

Regarding this matter, he had known that he would have passed the old pig, and the latter would like to turn to the Taikoo pig. He patted his chest and said: "Too grandson, understand it well Once you show it, you can be the late stage of the fifth-order situation..."

This said, it seems that the eighth change of the next round of the magic pig and the ninth change of the magic pig, he has already realized it, and Ye Xuan who is listening is also drunk, and his eyes are turned straight, and the dark roads are really worthy of the two grandsons. All a virtue...

The crowd quickly dissipated, and the old pig was also in the shape of Ye Xuan, and directly rushed out of the Xusheng forbidden land. The two men will hide their bodies, the atmosphere will converge, and the speed will be swift, towards the direction of the star family. Go quietly...

.....

Last time, the space rat, the \*\*\*\* ant, the giant savage and the evil spirit Slime of the Wan National League also moved from the family, which increased the alliance's strength by 40 billion ships and 24 late powers. And the four ancient mid-levels of the ancient supreme!

Of course, the twenty-four ancient powers have been destroyed by Ye Xuan. Do not

However, since this time, the second universe of various ethnic groups are still in the submerged ethnic group, and there are more than a dozen large energy levels awakened, but they have not sounded, and have been crouching in the alliance of the Wan people.

The same is true of the four mid-term ruins, which have been crouching in the depths of the Alliance's star field, and I don't know what to do. Jian

Yu Yexuan is now too fierce in this piece of shards of the wilderness, so this time he went to the Wanzu League, he did not intend to show up first, otherwise it will cause the vigilance of the four old guys. misfortune. and

The old pig fine is a raw face in the emptiness of this piece of wild land, and his temperament that he has forgotten is written on his face, which is more likely to bring numbness. Therefore, Ye Xuan decided to first come out of the old pig. The four middle-aged deserts of the Wan Nationality Alliance were brought out. After they appeared, they showed up again and sacrificed the nine-color flame sea in the first time to trap them... short

A short day, the two have arrived, but Ye Xuan did not show up. At this time, although he was in the ninth state of the konjac, he was only able to compete. and

Moreover, the mental source core suspended in the brain has been fully activated. With

With the perfect swaying spirit and secrets, Ye Xuan not only hides his body, but even the breath is not leaked. Even the peaks and deeds that he cultivated like him are swept by the power of the gods. Clues...this

He is always in the state of the old pig, but it is only a thousand miles away. It is a shadow, and he is ready to shoot at any time. Such as

In this way, we can ensure that after the four middle-aged abandonments of the Wan Clan Alliance are all present, they will immediately take them and trap them in an instant, and then kill them..."

call out....."

The sharp and unpredictable sound of the air broke out. At this moment, the old pigs showed their hidden figure. They were only able to compete, but now they have expanded to the tens of thousands of people in the blink of an eye. on

Like a fast-moving meteor, it slammed into the star field where the Alliance of Wans was located, and rushed to the depths of the star.

At the same time, the repairing atmosphere in the body is no longer concealed, deliberately dispersed, but it is not the ancient perfection of the 9th order of the ancients, but the seven realms of this environment, just entering the late stage... The four old guys dared not to come out and became a tortoise!

However, even if it is only a seven-stage ridiculousness, it is absolutely powerful enough for the countless strong people of the Alliance of Tens, and the old pigs are refined and breathed, and the entire star field is instantly silent. All the people have sensed this breath, the body shape is violent, and the complexion has changed dramatically..."

Roar! ""

Who is the owner of this star field? "With

The body shape rushed toward the depths of the star field. The old pig screamed and screamed, and the big thorns screamed and snarled. It was extremely arrogant and unsuccessful, but it gave people a feeling of being too impetuous: "I am a rare pig grandfather." Even half a ghost can't be seen. This is clearly the disregard of the red fruit, and quickly rolled out to pay homage..."

Chapter 4926: Eight peaks

"Roar!"

"Who is the owner of this star field?"

Grandpa pig, I have a rare way to pass through this place, even half of the ghosts can not see, this is clearly the disregard of the red fruit, and quickly rolled out to pay homage..."

The body rushed toward the depths of the star field, and the old pig screamed and screamed loudly.

The voice is extremely arrogant, not a lifetime, but the tone, but gives a feeling of being too impetuous...

No matter how impetuous, this is, after all, a late stage of a seven-order world, powerful and powerful, at least, in this alliance of tens of thousands of people, there is no opponent at the moment. positive

Because of this, in the vast universe of the Wan Nationality Alliance, countless people who heard these roaring roars of all ethnic groups, after the shape of the earthquake, all subconsciously shrunk the neck, let alone the general universe. The Lord of the Universe and the universe are supreme, even if there are more than a dozen ancient powers that have only recently awakened, and they have no intention of taking the lead...

However, although the ancient powers of the ancients did not dare to take the lead, the four ruins of the Wan Nationality Alliance were completely unsuccessful. This

The four ridiculous sorcerers from the second universe of servants, the space mouse, the \*\*\*\* ant, the giant fierce and the evil spirits of the Slim four, all are mid-stage sacred, repaired to the weakest of the four extremes of the ancient and supreme, and The strongest, it reached the sixth order of the ancient sage.

Only one step away, you can step into the late seventh world.

It can be said that this sixth-order ridiculous, even if it is weak, cannot be weakened.

At this moment, the big thorns ran to the end of the Wan people's alliance to the wilderness of the wild, just one, but they have four mid-stage ridiculous, really want to fight, although they can not help each other, but the other side, but also No, they...this

In this case, if it is hit in the outer space of the universe, and now the scene of the ruin of the ruins of the heavens and the earth, the four great despairs of the Alliance of Nations will not cause trouble, and they can avoid it and succumb to it. can

The situation today is obviously not the case. People are bullying and they are inevitable.

It was just during this time that the four people who were pressed by the Tianji and the magic hall were in a haze, and there was even a feeling of breathlessness in the vagueness. Now they have encountered this kind of thing, and they are only a seventh-order world. In the later period of disrespect, they put the big tail wolf in the same way as the celestial beast or the main hall of the demon temple, which made them angry.

So, just after a simple exchange of knowledge, the four old guys reached a consensus in an instant, no longer hesitate, and they rushed out from the depths of the original crouching star. and

Moreover, because they were originally together, so at the moment, the four figures are also lined up, and at the same time rushed out from the depths of the star..."

Roar! ""

Oh..."

"Where are the black-skinned old pigs, dare to scatter here..."

"Get out immediately, otherwise you must pack you..."

The terrified roar and the whistling sound, the four giants have a huge figure of 50 million miles, and the squad rushed out from the depths of the Wan National League. It was from the space mouse, the \*\*\*\* ant, and the giant And the evil spirits of the evil spirits of the Slim.

Because of the anger, the speed of the four people is almost at the extreme, just like lightning flashes through the void, and the blink of an eye has reached the central area of the Wanzu League, and the old pigs that are radiant away are only a few dozen. It's a hundred miles away. Correct

In the case of the absurd level, this is not a distance at all, and even can be directly shot, fighting in the air...

"call out!"

At this moment, the change suddenly started.

A hundred miles away from the old pigs, the empty space that was originally empty, suddenly appeared a faintly invisible nine-color, the speed exceeded the lightning, and the blink of an eye spurred away, across the billions Beyond these four ridiculous old monsters. "

Oh la la..." No

When they reacted, this mile has already risen to the storm, and the semi-interest has not turned into a vast and endless nine-color flame sea. The vertical banner members have directly blocked the four people behind them and the voids on both sides. .

At the same moment, Ye Xuan's figure also appeared from the inside of the old pig's body. After a wave of hands, four volleys rushed away, and the storm rose, turning into a four-headed form with a blade Winged mechanical beast. four

The head and the winged beast are very large in size, and they are huge in the 50 million miles. The basic form is exactly the same. only

There are only subtleties and differences, and this subtle difference is obviously due to the incorporation of different four-seat squadrons.

Nowadays, the four warriors are located in the chest of the four-winged beasts! and also

It is because of their integration that these four-seat tens of millions of giant scorpion-winged beasts have different patterns on their chests, just like the logo, from left to right, the logo of the four-winged warrior chest. They are a purple-gold emptiness soldier's scoop...

The skull of a one-horned beast!

A full-length gray slime!

And a \*\*\*\* mosquito and \*\*\*\* animal!

These four logos are clearly characterized by the four kinetic energy groups within the four major wars, and are the only imprints to distinguish the four scorpion warriors.

And the strengths of the four war beasts are not only the exceptions, but all of them are the ruins of the ruins of the ancients, that is, the half-step heaven! "

call out.....""

Oh la la! "with

At one moment, the sound of the air broke again. As Ye Xuan appeared in a violent form, his body shape suddenly rose, and when it reached the height of the sky, it collapsed in an instant, turning into a \*\*\*\* sea and spreading, covering a vast void. ....

"Roar!""

Roar! ”

"戾..." tight

Then, from the three different directions of this vast sea of blood, the sound of screaming and screaming, and the boundless blood of the sea, there are three huge figures, instantly plucking the ground. He

It is the three great devils of the Taikoo konjac.

One is the flesh and blood, that is, the starry sky. One

For the body of the cheekbones, there is no flesh and blood, just a purple-golden cheekbones, revealing endless fierce breath, very incomparable. One

For the body of black fog, although it is also a violent form, but the body is a black fog, even a pair of scorpions, just two awnings, it looks very strange...

Between the moments, the three blood seas are condensed, and the air that has been dispersed in the body is breathtaking, and all of them are all the ruins of the ancient sacred nine steps, and also the half-step heaven!

But this is obviously not all, everything is not over yet...

"Roar!"

"You four ants, dare to scream with your grandfather's grandfather? Really pig grandfather, I am only the late stage of the seventh-order situation? It is simply looking for death..."

"Hey..."

At the same moment, the old pig essence that led the snake out of the hole was completed. It was also a screaming roar of the rising hair, and even more arrogant roaring sounds. No

When he finished, the repairing atmosphere that he had dispersed in his body suddenly rose sharply. He had already climbed from the seventh-order to the nine-order great consummation. This is also a half-step heaven.

Before and after, everything is only three interest, and the Wanzu Alliance star field suddenly appears eight powerful peaks and ruins, smashing the void, murderous...

Chapter 4927: Frenzy

"Roar!""

Oh..." with

The old pig is fascinated by the sensation of the hair, and the repairing atmosphere that has been dispersed in the body has suddenly skyrocketed. The half-interest has climbed from the seventh-order to the ninth-order grand perfection. This is also a half-step heaven. . to

So, everything has been shown!

Before and after, only about three interest rates, the Wanzu League star field suddenly appeared eight powerful peaks and desolation, across the void, murderous...

For this horrible scene, the space mouse, the \*\*\*\* ant, the giant fierce and the evil spirits of the four people who are roaring from the opposite side are stupid on the spot.

Almost conditioned, the huge figure of four people in a million miles suddenly stopped in the void.

Originally, I wanted to turn around or flee around, but when they first returned, they stopped again...

Behind the direction of the back and the left and right sides, a vast and innocent nine-color flame sea is rolling and wrapping, and its potential is amazing, and the hot waves that radiate are even more chilling. its

In fact, as early as in the emptiness of the old pigs, thousands of miles away, suddenly there was a faint nine-color glare out of the air, these four old guys have already had a heart, and realized that the disaster is coming...

In this piece of ruined land, the nine-color thing has become a taboo now, because the hand of the master of the temple can be powerful to the screaming Shennongyan sea, which is the color of the colorful.

This kind of nine flames, not to mention the ancient powers and the ancients, is the true heavenly powerhouse, I am afraid I have to be jealous. he

The four old people have been a former old pig, but they have been retreating. They have only recently cleared the customs and have no power to sneak out.

However, when I saw the void in the sky outside the 100 million miles behind me, there was suddenly a faint faint singularity. Now, the four talents are aware that today's business is not good...

Unfortunately, everything that happened next happened quickly. No

When they came back to God, in the distant sky beyond the tens of billions of miles away, there were already eight powerful peaks and sorrows, and they were lined up, murderous, waiting for them to cast their own nets. "

call....."

"哗啦啦....."

At this moment, just in the moment when their figure was suddenly stagnate in the void, the nine-color flame sea swept from behind and on the left and right sides, and finally, they had successfully reunited and closed in front of the sky. tight

Then, the top of the head and the bottom of the foot will breathe a stagnation, and when you look around again, all sides are all in a colorful color.

In such a dazzling effort, the nine-color flame sea turned into an inner hollow circular flame ball, with a diameter of 10 billion miles, and now, from the space mouse, the \*\*\*\* ant, the giant fierce and the evil spirits of the Slim family The four ridiculous geeks are in the space of the tens of billions of flaming \*\*\*\* trapped by the nine-color flame sea...this

It is clear that it is the rhythm of closing the dog, and from the fact that the Lord of the Devils has actually dispatched eight nine-order grand finals, the ultimate goal is obviously not just to abuse them. A soft one can stop. This

It's the lore, their end... it's here! "

Roar! ""

Oh..."

Oh..."

Knowing this, the four old guys were shocked and shocked, all of them screamed with horror and screams.

At the same time, the knowledge of God has also come out, roaring in all directions, it sounds quite sturdy, but in fact it is strong outside, clearly is tough!

"Lord of the Temple of the Devil, are you trying to provoke a full-scale war between the Heavenly Alliance and the Temple of Devil?"

Nowadays, there are already a directional wormhole in the depths of the three major forces of Tiandao League. Everything that happened here must have been learned by the Taoist Alliance and the Alliance of Taoist Alliances. They will soon come..."

"It's hard to kill, even if it's eight to four. In a short period of time, you don't want to get the results, and time is running out..."

"Once the Star Alliance and the Congregational Alliance of the Terran Federation will come, then you will no longer have an advantage. At least in terms of numbers, the mystery of my Heavenly Alliance is far more than eight..."

Give up, this battle is doomed to have no results, why bother to tear the face of Heaven and the Temple of God? ""

Don't forget that the Tianji people will be re-explored soon after, and it may be that your magic hall is the first to bear the brunt and maintain a good relationship. At that time, our Tiandao League will be able to help..."

"In short, the situation today is no longer necessary. The Tiandao League and the Magic Hall have two benefits, and the war has two disadvantages. You should consider it clearly, and you must make your own mistakes..."

"Roar!"

"Hey..." said

In the end, the four ridiculous geeks from the space mouse, the \*\*\*\* ant, the giant savage, and the evil spirits of the Slim family all screamed up. They themselves were convinced by themselves, and felt that it was such a rationale. There was a feeling of courage and strongness in an instant..."

Oh la la..."

"Hey..."

At this time, a crack in the flame ball from the opposite side, a crack appeared, but it quickly closed, and did not give these four old guys the opportunity to escape.

It was in such a moment that it was like a white gap, and eight awns rushed out of this tiny crack, and the inside of the flame ball was already in the blink of an eye. to

When the void in the air came to an abrupt end, it was the eight figures that were previously lined up in the far air outside the flame ball. Such as

Today, Ye Xuan's three \*\*\*\* seas have been reduced in size, only a huge one. old

The same is true for pig sperm. Only the four kings, although they have reduced their size, still have thousands of miles, which looks extremely eye-catching.

"With eight to four, if you fight in two or two, in a short period of time, you may not be able to kill you quickly..."

As soon as the shape appeared, the violent flesh and blood in the three \*\*\*\* seas had already sounded, and the coldness of the scorpion flashed over. During the speech, the line of sight swept over four people, and finally fell into the most awkward giant wilderness. Respect the body. slightly

Immediately afterwards, he immediately said: "However, this battle is the provoke of the temple. It is true that the eight-on-four is correct, but it is the battle between two pairs, but it is to kill one by one and kill one by one. It seems that... Are you talking about it?"

Undoubtedly, it is to show the attitude, even the tactics of killing one by one, and killing one by one, all of them are said, and the four old guys are suddenly turned wild, and their faces are gray and gray...

"Roar!"

"Hey!"

"Hey..."

Oh..." No

When they responded, the three \*\*\*\* seas, the four kings, plus the old pig essence, a total of eight figures, they have moved together.

Without hesitation, the eight figures turned into a mans, and the spurt of the spurt went, and the blink of an eye reached the shape of the mammoth. with

The exhibition arm, without any fancy, simple, is... a punch! "

boom! "

"Booming..."

At the moment, there was a thunderous thunder in the space of the flameball. The power of the violent was confined to a limited space, and the meaning of violent iron and blood was so fascinating...

Chapter 4928: Hit and kill

"boom!""

Rumble..."

For a moment, the sound of thunderous thunder in the flame ball space, the power of violent is confined to a limited space, violently raging, soaring...

"Roar!""

Hey! ""

Oh..."Three

The big \*\*\*\* sea, the four kings, and the old pigs, a total of eight figures moved together, no hesitation, and turned into a spur of the spurs, the blink of an eye has reached the size of the giants All around... a punch!

"Hey!" Giant

Shocking!

Eight minds and heavy punches, all with incomparable power, but at the moment they point to the same goal, only one tenth of which is not enough, it falls on the awkward body of this giant and savage... half

There are no suspenseful thoughts. With the huge explosion, the whole body shape of this ridiculous old lord Panda is turned into a red blood fog that spreads rapidly in the blink of an eye! "

call out! ”

As the target figure exploded and turned into a \*\*\*\* fog, Ye Xuan also waved in the first place...

When the faint sound of the air broke out, a huge invisible gas force rolled out of the body, covering a thousand miles, and the \*\*\*\* fog that had just spread and spread was swept by him, and it was sent to the body. In the bottom of the volcano in the central area of the Dingnai space, blood condensate is started...

Everything is long, but in fact, it happens. One

The interest in the middle of the fifth-order realm has fallen, the flesh has completely exploded, turned into a blood fog, and this form is destroyed, and Mao has not left one.

Abandonment is hard to kill, but that depends on what circumstances.

Nowadays, these four ridiculous geeks from the space mouse, the \*\*\*\* ant, the giant savage and the evil spirits Slim are trapped in the tens of billions of emptiness formed by the nine-color flame sea. Nothing to walk away.

And they are only the mid-stage absurd of the fourth to sixth order.

If you take a pair of two, a pair of three, perhaps not being bombarded in a short time, how much can struggle for a little time.

But nowadays, the peak of the eight-ninth-order grand perfection is also shot at the same time, fully urging the power of the body, and venting it to one of the targets in a moment. Such as

This horrible blow, even in the late stage of the seventh and eighth worlds, there is absolutely no reason to resist it. He is only the mid-stage sacredness of the fifth-order, and is spiked under one blow. It was originally It should be meant! and

This is obviously just a beginning. leaf

Since Xuan came, and successfully sealed all four targets in the space of the tens of billions of flames in the nine-color flame sea, then the remaining three guys will never let go. may. only

The result of one is... killing the light and killing it! This

Everything happened too fast. The three ridiculous geeks of the space mouse, the \*\*\*\* ant, and the evil spirits of the Slim tribe did not have time to react. When they returned, the savage of the giant tyrannical The old blame has fallen. straight

At this time, they finally realized the seriousness of the matter. The Lord of the Devil is definitely not scary. This is clearly a Thunder means. Today... I am afraid it will not escape. heart

Under the horror of the head, all three of these old guys were all chaotic, and the face was full of panic. The atmosphere that was diffused in the body was messy, and the body shape flew around and fled. Still trying to save everything...

"Roar!"

Oh..."

"Damn, have you killed the giant blame? Have you ever thought about the consequences of this? You are violent, telling you the truth, the giant tyrants have now migrated from the family, including the ancestral home of the ruins The same is true for Dongtian..."

In that, I still pondered the generation of a giant ancestor, but it has become a peak and abandonment before the endless years. The purpose of this sleep is to attack the real heaven..."

"Once you let him know that you have killed a ridiculous monster of the giant tyrannical, this matter must not be stopped, no way to resolve..."

"Don't go wrong anymore, things don't go to the point where they are out of control. I am very sincere and willing to promote the alliance between Tiandaomeng and the magic hall. I am against the heavenly family. So, what happened just now, we can be I didn't see it, I will help you resolve it in the future..."

Noisy! "

Hearing these words, Ye Xuan's heart was fretting, but he didn't take it seriously. Under the violent slap in the middle of the cold, he snorted and looked at the three old guys and finally fell into the evil spirits. The slimmers of the slime family. "

call out! ""

Oh..."root

This no need for verbal communication, just a look of Ye Xuan is enough, enough to explain everything! a few

Just in the same moment that he swept away, the sharp sound of the air broke out, including the violent, eight figures disappeared in place. again

When it appeared, it was all around the stupidity of the evil spirit Slime, and without saying anything, it was still the same as before, and each of them spread their arms and slammed out..."

boom! "gas

The image is amazing! No

There are any suspense, eight heavy violent punches, all of which point to the same goal at the moment, only one tenth of which is not enough, it falls on the body of this evil spirit Slime...

The huge blast of the sky came, the whole body shape of this ridiculous old lord Panda, bursting open in the blink of an eye, turned into a red blood fog that spread quickly! "

call out!"

Everything has already become a light-hearted road. As the target shape bursts open, it turns into a haze, and the storm is the first time to wave and gather!

The faint sound of the air broke out, and a huge invisible air force rolled out of its body, covering a thousand miles...

The \*\*\*\* fog that just spread out was swept away by him, and he was sent to the bottom of the volcano in the central area of the Dingnai space, and he began to condense blood.

It was the second time that they joined forces. As before, just a punch and a squad, a veteran eccentric in the mid-term, has exploded in the flesh and is completely destroyed. and

The eight-and-a-half-step step of the shot was in existence, and there was no half-point damage. Even the atmosphere did not breathe. It was easy and comfortable, as if it was just a trivial matter.

This kind of scene is terrible, especially when you realize that the same scene will soon be reproduced on your own...

These thoughts flashed through my mind, and the remaining two came from the desolation of the Hell mosquito and the space mouse. The whole body trembled fiercely, and an unspeakable chill was rising from the back. ...to

At this time, after seeing two powerful and desolate people who are not weaker than their own bodies in the short period of two, the last trace of luck in their hearts finally dissipated completely, and a kind of desperate horror Diffuse the heart.

I dare not have any hardship any more. At this moment, these two ridiculous geeks from the Hell ants and the Space Rats exchanged their eyes after subconsciously turning their heads.

## Chapter 4929: Slaughter

Too fast, just a punch, the second mid-level of the ridiculous old monster has exploded in the flesh, so it is devastating...

Within a short period of two times, two times in a row, I saw the mighty desolation that was not weaker than my own body. On the spot, the desolation of the mosquitoes and the space mouse, the whole body trembled fiercely.

At this point, the last trace of their hearts finally dissipated, and an unspeakable chill was rising from the back. It was a heart-warming, and at the same time arrogant..."

Roar! Ye Xuan, can you stop? In just two moments, you have already murdered two mid-decades..."

"No matter what you are for, it is enough to this extent!"

"If it is for resources, we can give everything and give it away, except for the people and the ancestral land..."

And if it is just to vent your anger, is the fall of the two middle-aged desolation not enough to calm your anger? If you don't like Heaven, we can quit on behalf of the Alliance of Nations and join the Temple of Devil..."

"Yes, when we were in the first universe of the three major stars in the world, our \*\*\*\* ants and the space mouse and the two races had already formed alliances with you. We have old friendships between us!"

Among the ancestral lands of the various ethnic groups of the Wan Clan, there are still many great powers and ruins. In this way, if we join the magic hall, this is definitely a powerful force that can greatly increase the strength of the magic hall... ""

Think about it, don't continue to go crazy, and the two benefits, the benefits are more..."

"Roar!"

In the face of these two old guys, the violent temper, even the words are lazy in response, and directly screamed, and the sights swept away, falling on the ridiculous grotesque from the space rat. If

It's these two old guys who know what Ye Xuan really is plotting. I'm afraid it won't be so arrogant. After all, it's a death. It's still so low-spirited before dying, but it still can't change the result. It's totally meaningless. It's just awkward. ..."

boom! "

The shocking bang came and shrouded the huge flame ball space in the tens of billions of miles. a few

At the same moment that the violent sight sweeps toward the \*\*\*\* of the squad, the eight figures are moving together, and the blink of an eye is around his figure, punching out...

The flesh and blood burst open, the blood and blood melted, but only lasted for half a bit, and it was taken away by the violent wave and sent to Shennong Baoding in the body.

In the blink of an eye, the third ridiculous old monster is fallen, and the rest is only the old guy from the Hell ants..."

Oh..."

"Ye Xuan, you don't want to force people too much, here is a confined space, only a billion miles away..."

Ben also had a glimmer of hope that he and the ridiculous old monster from the space mouse family had already put down their bodies, preferring to give everything, even with the entire Wanzu alliance to join the magic hall. Such as

If nothing unexpected, you should be able to find a chance. but

At this moment, with the ridiculous old monster from the space mouse family was also shot by a punch, his heart was finally desperate. eye

In the \*\*\*\* awning, the breath of the old guy's body is violent and confusing. Both

Although they are all dead, then, before dying, how much should let the opponent suffer a bit, otherwise the heart will not be willing to do it... At this moment, he did move the idea of self-destruction. and

And it is still the soul of the body together, and at the same time blew. Make

For the mid-stage sacredness of a sixth-order world, if you do not care about everything, and at the same time unfold the sacredness of the soul and the physical body, the horror of the energy that erupts in an instant is obviously imaginable. press

According to his estimation, even if he can't make his opponent seriously injured, at least he can make a small innovation. So, at least he is also willing...

"What about self-destruction? It doesn't matter..." He

The voice of the voice just fell, and the violent voice of the gods has already sounded: "Unfortunately, even if you blew yourself, you can't hurt the temple..."

call out! ""

Oh..."

Almost at the same instant, the sharp and unpredictable sound of the air broke out, but the violent figure was still in place, but the other two \*\*\*\* seas, the four kings and the old pigs, a total of seven figures, but together Moved.

In the blink of an eye, there was no hesitation in the body of this infernal ant, and there was no hesitation in the arms.

"Do not....."

"Hey!" This

The scene happened too fast, the \*\*\*\* ant was too late to guard against it, and even the self-destruction was in the future, and the hair was screaming and screaming, and the seven powerful forces slammed into the horrible giant punches, and they fell on his body...霎

That time, the entire body shape of Panda's tens of thousands of miles was directly blasted into a red blood fog that spread quickly, and it was smashed by a distant slap in the distance. Invisible qi...

Sweeping in, the income in the body, sent to the bottom of the volcano in the central area of the Dingnai space, and started... blood purification! to

Therefore, this war ended.

The four ridiculous geeks from the space rat, the \*\*\*\* ant, the giant savage, and the evil spirits of the Slim family, were completely killed within a short period of less than ten.

The flesh was bursting into the \*\*\*\* fog, and the gods were destroyed. They were taken away by Ye Xuan and sent to Shennong Ding.

Previously, after the end of the battle of Hongmeng Nether, the number of \*\*\*\* blood in Ye Xuan's hands has reached six. Such as

Now, in this battle, there are four more ridiculous, and at that time, only the \*\*\*\* fog formed by the explosion of their flesh will be refining into blood. At that time, the total number of \*\*\*\* essences in Ye Xuan's hands will reach ten. Big one!

Ten, if you do not consider other materials, once the refining is successful, Ye Xuan is sure to release six 30-level Tiandao Baodan.

It's just that Tiandao Baodan is so amazing that it can't be refining in the emptiness of the ruins of the wilderness, because it has been suppressed by heaven. Want

If you want to refine the Tiandao Baodan, you must go to the Hongkong Void, but even there, although you can smoothly refine the 30th-level Tiandao Baodan, after Baodan is released, you must pass the baptism of Hongmeng's law. .

Six pieces will be released, and a few will be left at that time. This

One point, even Ye Xuan's heart is a little embarrassing...

In fact, even if the bloodlines are enough, even beyond expectations, but the 30th-level Tiandao Baodan, he still can't refine now, because there is one more important material that has not yet been derived, that is, three Danfang, the tenth-level Tiandao Baodan, is still unclear. "

This last kind of material must be no small feat. If there is no accident, it is very likely that it will not be deduced in the void of the ruins of the wilderness..."

Here, the violent chills flashed, and the face showed a sorrow: "Because in the wilderness, the heavens and the earth are the highest realm. Because of the suppression of the will of heaven, there is absolutely no way to be able to smoothly The core material of the 30th-level Tiandao Baodan is produced. Since it does not exist, how can it be promoted successfully?"

This last step, after all, can only be completed in Hongkong's void..."

Chapter 4930: Don't come to the road friends

call out! "

With Ye Xuan's enthusiasm, surrounded by the emptiness of the surrounding air, the nine-color flame ball of a tens of billions of emptiness was banned, and it was completely collapsed and re-formed into a nine-color flame sea, and then quickly condensed into a point. Was absorbed by Ye Xuan in the body...

Looking around, the surrounding air is quiet, although it is the central area of the Star Alliance, but within the stars within sight, even the shadows of the various ethnic groups are not visible. . first

In the past, the flames of the nine flames of the sea have shrouded a vast void of tens of billions of miles, making the four deserted monsters from the space rat, the \*\*\*\* ant, the giant fierce and the evil spirits of the Slim family. Entrapped in it and must not leave.

But in fact, this nine-color flame sea does not isolate the sound. When they were successively bombarded, the four old guys roared and roared, and they pleaded for mercy, all of them were surrounded by stars in the sky. The strong hears...

The fact that they were degraded was also learned at the first time.

This is the four powerful and supremely ancient supreme, but within a short period of less than ten, they are completely slain, even the flesh is bursting into the blood, the gods are destroyed, and they are taken away by the Lord of the Devils, Ye Xuan. ....

Such a terrible power and a means of killing the blood, will immediately shock this entire vast star field.

At this moment, within the life stars of the Wanzu League's star field, countless first-class cosmic powers all crouched on the ground, the body shape shivered, and the atmosphere did not dare to breathe. One

These repairs, which are weak in strength and worrying about timidity, have long been directly stunned. but

This is not a shame. In the face of eight powerful peaks and desolation, the existence of a half-step heaven and earth, even the dozens of ancient powers still in existence in this star field are afraid to take the lead, the performance of other powerful people. Even if it is unbearable, it is reasonable...

"Roar!"

"Roar.....""

Hey! "

"How can it be so quiet? Here... what happened!"

"What about the Lord of the Devil? Ye Xuan?"

Rumble..."

At this time, from the farthest part of the front of the star field, there was a sudden roar of horror, and the sound of the gods, accompanied by the thunder of the air, quickly spread. leaf

Xuanyuan Zhonghan Mang flashes, a wave of hands, the body of the cheekbones and the body of the black fog, the four kings and the old pigs are all swaying, standing on his body shape, half of the eight peaks Tiandao, once again lined up in the void, then, headed up toward the deepest direction of the front star field, and went away...

In that direction, suddenly there are a few more powerful atmospheres out of thin air, all of which are ancient and supreme, and the number is still increasing.

The three major coalition forces that formed the Tiandao League, at the beginning of the establishment of Tiandao League, have built a directional star-space wormhole in the deepest part of the star field occupied by their respective forces. One

Once any of the Tiandao League forces have changed, the other two high-level forces, even the regular army, can arrive at the first time to carry out the aid.

Appropriate, the news that the Lord of the Devils came here has apparently been passed out by some of the top leaders of the Alliance of Nations, so the Star Alliance and the Alien Supreme of the Terran Federation will come one after another.

They came indeed fast enough, but after all, they were still a step late. Ye Xuan had already expected this. They had been killed one by one in eight battles. Within a short period of time, they have ended everything...

"call out!"

"Hey..."

At this time, from the deepest point in the front star field, the presence of the directional star-studded wormhole has clearly captured the breath of Ye Xuan. At the same time as the sound of the gods is degraded, the weak sound of the sound is broken, and the figure is taken with The horror of the sky is coming from the depths of the star field. speed

Very fast, not far from the original, just a few shortfalls, it is reflected in Ye Xuan's line of sight...

Among the other two forces of the Heavenly Alliance, the first thing that came after the news was the Star Alliance. because

This moment is coming, the five figures that have just entered Ye Xuan's field of vision are clearly acquaintances of Ye Xuan, and they are not generally cooked. They have been fattened several times, and every time they fight, they run away. Like a dog at home. Fives

In the figure of the road, the leader is a unicorn Warcraft, the body is thousands of miles, the whole body is lingering with the raging flame, it seems that the power is extremely amazing, it is the \*\*\*\* unicorn, its cultivation is the strength, and now it has reached the ancientmost The order, only one step away, can reach the peak of the 9th-order grand perfection. its

On the side of the body, the guy who is only half a figure behind is also a body-sized Panda, but it is very long and narrow, the whole body is dark, and the body is in black and inky.

This guy is the nine sacred crocodile, repaired as the strength and \*\*\*\* unicorn, but also reached the absurd eighth-order, can be described as powerful. and

Behind the two of them, the other three figures were lining up in the void.

They are the ridiculous old monsters from the former third group of the first three universes, nine bloody, blue sky, and blood-scarred lions!

Nine heads of blood and Qingtian Dapeng just broke through the emptiness of the ruins of the ruins of the heavens and the earth, and they broke into the realm of absurdity.

The last time Ye Xuan fought with them, the strength of these two old guys was only a stage of absurdity, but now it is already the second order of this situation, and the atmosphere is very solid, it must have been broken for a long time, distance span into the third-order situation of the desert, most of them are not far away!

As for the blood-sucking war lion, in fact, it has not yet entered the real world of absurdity, just the power of the ancients. Do not

At this time, he apparently has activated the \*\*\*\* magical power of the mad lion. Nowadays, the temperament that has been diffused from his body has reached the sixth stage of the ancient sage, and only one step can reach the late stage of the seventh order. Compared with the nine \*\*\*\* and blue sky Dapeng, it is a lot stronger...big

The family is already an acquaintance, but even these five old guys only know that Ye Xuan has three big blood and avatars, and two electronic avatars... When I went to the Tianji family last time, Ye Xuan only took it. Two electronic avatars.

In this way, in their impressions, the addition of the magic hall is only five powerful peaks and ruins.

But at the moment, there are eight peaks in the front, and they are lined up. The two electronic avatars and the old pigs are completely out of their expectations.

For this reason, with the \*\*\*\* unicorn, the nine sacred crocodile and the nine-headed \*\*\*\* scorpion, the Qingtian Dapeng, and the blood-sucking lion spurting from the deepest part of the star field in the front, quickly approaching, the five old guys swept here. After a glance, the first thing was a glimpse, then the feelings suddenly changed, and at the same time, a cold breath was taken...

"Who is my way? It turns out to be old acquaintances..."

In this scene, the violent face showed sneer, and there was a slap in the mouth and a slap in the face, but the words in the mouth clearly revealed a lazy meaning that could not be opened: "I haven't seen it for a long time. Don't come innocent?"
