

## **Super D.S 4971**

Chapter 4971: Emperor was awakened

"Oh..."

In the eyes, the mechanical beast has already rushed to the front of the celestial beast, still separated by hundreds of millions of miles, and the pair of huge and sharp-winged wings behind it have suddenly risen, sending out two sharp and extremely embarrassing cockroaches. The sound of cracking... two

The road is like a white glimpse, and the gap is usually flashed in the void. These two wings are directly smashed to the arm of the celestial beast. The mechanical beast has to smash two of them. It is clear that the attacking means of the celestial beast must be abolished first. Try again and more...

Actually, the heavenly beast is a reality that has entered a real heaven. His power is too horrible. Before the previous punch, he directly merged the eight mechanical people of the two mechanical groups. The mechanical behemoth that was cultivated slammed into the body.

At the moment, although he has been seriously injured, his consciousness is still in a state of chaos, but after all, he still has the power to counterattack. This point can only be judged by the cultivation of the atmosphere that is dispersed in the body of the celestial being. If

It is for him to be caught off guard by the smashing of the bow, and he has already fallen into a chaotic sense of recovery and return to the Qingming. At that time, the celestial beast must fight back. he

The six forms are different. The mechanical arm strength of the giant pillars is too strong. Although there are only three left, it is still a huge threat to the emperor.

Therefore, Emperor II must take advantage of his chaotic consciousness that he has not fully recovered. Thunder shot and cut off these three arms. If

If this plan can be successful, the celestial beast will wait for the tiger to break the fangs, and the threat will drop a lot in an instant.

Although he has other attack modes, such as his head with a large number of facets like a hive, he can also emit energy beams to attack.

In addition, the three giants of the Heavenly Beast can also attack. but

Compared with the flexible mechanical arm, the three giants of the celestial beast are enough to be like a hive's head with a faceted face, but the threat is much smaller.

This is the most sturdy method of warfare. The mechanical beast that the emperor II merged with all the remaining 50 million people of the entire mechanical family, although the body shape is not much worse than the heavenly beast.

Even the strength of the distance from the real heaven is only one line apart, but after all, it has not officially entered that realm.

Although the Tianji beast has been seriously injured, at least it has the power to fight back. It is said that the beastly beast is still fighting. If he is seriously injured, if he is forced into a real desperate situation, once all the forces in the body are launched, a strong blow will be launched. Attack power, I am afraid that will not be under the full force of the state of full prosperity. where

Fear of such an attack, he may only be able to issue one or two, but for the mechanical beast, it is equally unbearable.

Therefore, these three arms must be cut off! "

Oh..."

The sharp sound of fissure, the two smashing glimpses in the void, the cockroach appeared, and disappeared in an instant, just between the smashing of the electric stone, the only three mechanical arms of the celestial beast, There are two falling voids in an instant. Say

It is two arms, but in fact it is huge, like a giant pillar, a fist like a meteor hammer, covered with tough alloy thorns, and even barbs, it seems very impressive. another

One is like a crocodile tail. It is thick and soft. It should be cast from the flesh and blood materials in the treasures of some ancient and ruined spirits. It can be whipped and whip, making it even more difficult to prevent. but

Nowadays, these two arms have been cut off by the mechanical beasts on the body of the heavenly beast. At this moment, a shocking explosion came from the fracture, and the fire rose from the sky.

"Hey..."

Surprisingly, the Tianji beast, whose original consciousness was still in chaos, seemed to be clearer under the influence of this blow. It was a sudden scream of a sudden scream.

Like a faint flesh and blood, suddenly awakened after the arm.

At this moment, not only the three ridiculous geeks from the Terran Federation, but also the eight \*\*\*\* unicorns from the Star Alliance, the nine sacred crocodile, the nine-headed \*\*\*\* scorpion, the Qingtian Dapeng and the blood-sucking lions. After the body shape and shock, the subconsciously took a sigh of cool air, and the light flashed, and I was alarmed.

Even Ye Xuan, all stunned, raised the alert!

Today's celestial beasts definitely have the power to counterattack. If they suddenly wake up at this moment, the attacking power that erupts under the wrath is absolutely incomparable. So close, the mechanical beast is afraid of danger.

"Will you wake up? It doesn't matter, then cut off your last arm..."

Roar! "day

The sound of the beast of the beast has not yet fallen, and the body of the mechanical beast has once again heard the sound of the gods of the emperor, and there is even more excitement of roar.

"Oh..."

Almost at the next moment, the sharp and fierce cracking sounds again, and the two wings of the beast behind the beast move at the same time, one in front of the body, protecting the head and the chest, the other, directly killing the sky The last remaining arm of the beast...

Emperor II is really an old fox, even at this moment, it is also very cautious, while plotting the last arm of the heavenly beast, but also did not forget to protect themselves. clear

The incomparable crisp sound came instantly, and this moment, a cold and faint singer stunned in the void.

Although the cockroach appeared, it disappeared immediately, but still between the smashing of the electric stone fire, the last mechanical arm left in the celestial beast was successfully...falling into the void! "

boom! "

"Booming..."

Engraved, as the last arm of the celestial beast was smashed down, the broken part of the body of the celestial body suddenly exploded again, and the horrible bang came and screamed, and the ear was shocking..."

call out! "

"咻咻咻..." machine

The beast did not hesitate, and stretched out his hands in the first time. Under the emptiness of the sky, he immediately took the three mechanical arms that had fallen from the sky in a short break. . tight

Then, it was placed directly in front of the mechanical opening that was suddenly opened, and a large piece of chewing was chewed...

These three mechanical arms are all made up of some special materials mixed with the precious materials on the powerful ancient treasures collected in his hands. machine

The beast now seems to be just chewing on the big mouth, but in fact, after he is swallowed, all the refining materials of the three mechanical arms will be scattered and restored in the first time, and then in the body of the mechanical beast. Absorption, like a flesh and blood, and improve the self...

This scene is too strange and shocking. Even Ye Xuan, who is far away, is stunned, and the \*\*\*\* unicorns and nine crocodile crocodiles are trembled a little. "

Oh..." the same

At one moment, there were still a large number of small-scale explosions that appeared from time to time on the whole body. Suddenly, the body was mad and shocked, and there was a terrifying noise in the hair.

In the past two times, a total of three mechanical arms were smashed, and the consciousness was in chaos, and finally... was awakened!

Chapter 4972: Heaven is also like a dog

After a total of three mechanical arms were smashed in succession, the emperor, who was immersed in confusion, was finally awakened at this moment...

"Hey..."

The sound of the screaming whistling sound came from the wide mouth of its alloy, and the whole piece of emptiness was trembled, which made people feel shocked. and

At this moment, the entire body of the celestial beast, but there are still a large number of small explosions from time to time, the commission is too wolf and stunned, and the giant body of Panda's 400 million miles is no longer an arm. It is like a stick. very

As for the bottom of his right shoulder, there is a huge hole of 50 million miles in diameter. The six arms are on the root of the body, and it becomes a big hole that is full of fire and sky. It is shocking...

The six arms on the body of the beast have different shapes, each have their own effects, and because they are located in different positions on the huge body of the celestial beast, they are not only extremely flexible, but also protect the horrible body of the 400 million miles of the heavenly beast. .  
Lost

Going to these six arms, for the Heavenly Beast, just wait for him to become a tiger with broken fangs, and the threat will drop a lot in an instant.

Of course, as a fusion of mechanical beasts, he obviously has other attack modes. Such as

What is known today is his head, which has a large number of facets like a hive, and can emit energy beams for attack.

In addition, the three giants of the Heavenly Beast can also attack.

But the functions of the legs and arms are different. With this alone, the three giants that look stronger are inflexible and can never be compared with the six mechanical arms.

Moreover, these three mechanical giants are too thick and strong, and it seems that there are not many joints, and they are also located below their huge bodies.

This is also doomed to their absolute inability to take into account the huge body of the heavenly animal beast 400 million.

It can be said that although the Emperor Yi has been awake now, at least the consciousness is no longer as chaotic as before, and there is part of the clarity. But since the last three arms remaining on his body have been successfully degraded, the Emperor II has fallen a bit. Don't worry. he

The three giants are enough to be like a hive's head with a faceted face. The threatening nature is too small. To the strength of the mechanical beast, the slightest heart is a little bit of fear.

Moreover, compared to the state of heyday, he is now a harmless one. Today's celestial beast is a bit serious. It is like a huge human target. His giant body of Ponta's 400 million mile has lost. With the protection of six arms, the mechanical beast can be attacked at will...

This body is not only huge, but now the state is even more embarrassing. There is a huge pair of holes in the right shoulder with a diameter of 50 million miles. The other positions are also because the arms are rooted and left. There was a wound, and a small explosion was constantly happening, and the fire was shining.

If the mechanical beast attacks these parts, it will wait for the wounds of the enemy to greet the wounds of the enemy. The effect of such an attack is definitely half the effort...

In a short period of time, at most, it is about two interest rates. The three mechanical arms that were previously fallen like the giant pillars of the sky have been swallowed up by the mechanical beasts. and

Moreover, the refining materials of these three arms must be decomposed and absorbed in the body of the mechanical beast in the first time. machine

The combat power of the beast will also be upgraded, but it has not yet appeared in a short time.

At this moment, as the three mechanical arms were swallowed up, the mechanical beast turned to the last mechanical beast that just fell into the sound of the whistling sound. emperor

The voice of the gods of the second came out, revealing the meaning of pride, more ridicule and ridicule...

"How about waking up? I haven't changed anything, Emperor I... You have it today?"

"Your six mechanical arms have all been destroyed. Six powerful and different forms of attack have been abandoned..."

Everyone is a mechatronic life, and nowadays they are all in a state of mechanical behemoths that are integrated with the tribes. No one knows more about the injuries and effects caused by the bombardment of the bow of the sky. "

"If you don't realize the crisis of life and death, your pre-set activation device starts, forcibly integrates the confusion consciousness. Now you are still in a state of confusion, at least there are dozens of interest to recover. ....""

This kind of clear-minded consciousness that is forced to recover after activation by the preset device is simply not enough to support you to carry out an energy attack. That is to say, within this tens of thousands of places, you are an energy attack like a honeycomb facet. They can't start at all..."

"Oh, yes, including your energy defense shield. At this moment, all the energy in your body is fully devoted to the reorganization and integration of electronic life information that has been bombarded into chaos and almost collapsed. Attack and defense at the energy level..."

So, at this moment, can you still attack the old man... "

Speaking of this, the beasts of the mechanical beast flashed a slap in the shadows, and the upper body of the celestial beast was looked up and down. After a short pause, he smiled and said: "Oh yes, you still have Three big feet, at least you can use the kick, or, open your mechanical wide mouth, directly tear the old husband... into two halves?"

Of course, as a true heavenly powerhouse, the heavenly beast that has been formed by the integration of nearly ten million people of the entire heavenly family, perhaps you still have no means of life-saving means to press the bottom of the box, which is also very likely... ""

Speaking of this, the old man suddenly gave birth to interest, and it is rare to push you to this level today. If there is really any means of killing the bottom of the box, take advantage of this opportunity, today, they will all be forced out. All right.....""

Roar! "

After the last sentence is finished, the mechanical beast does not hesitate any more. The huge body shape is suddenly shaken by the knives and wings, and instantly becomes a huge flow vector, with a horrible speed of horror, toward the front. The celestial beast rushed. versus

At the same time, the right fist of the mechanical beast was also blasted at this moment, and the void along the way was directly split, just like a narrow black hole suddenly appeared out of thin air.

Moreover, this boxing, the mechanical beast is clearly taking the right shoulder position of the heavenly beast. There is already a huge hole in the diameter of more than 50 million miles, and it still shines in the sky. If it is really bombarded, For the heavenly beast, it must be another heavy blow. "

Oh..."

For all this, the celestial beast raised his head and screamed with screaming fierceness. He did not hesitate and turned around and fled.

This scene shocked everyone, the \*\*\*\* unicorn and the nine crocodile crocodile eight directly opened their mouths, even Ye Xuan is a straight-eyed. when

It's really rare, it's like a heavenly road... it's like a dog!

Chapter 4973: Disappeared Emperor II

In the air, facing the punch of the mechanical beast, the heavenly beast actually screamed with a scream of fierceness, and then he did not hesitate and turned around and fled...

The existence of the half-step Tiandao cultivation has actually turned into a strong person in the real heaven and earth, and directly turned around and fled. This

The scene was a bit strange, and I was shocked by everyone. The \*\*\*\* unicorn and the nine crocodile crocodile directly opened their mouths. Even Ye Xuan was blindfolded...

The road is like a dog, it is really a huge irony!

At this moment, the image of the heavenly beast is invincible, and the moment of work is in the hearts of everyone... completely collapsed!

"call out!"

Rumble..."

"boom!"

The sharp sound of the air broke out, and the huge body shape of the mechanical beast rushed out from the oblique thorn. The blink of an eye reached the side of the celestial beast, and a punch banged out, and an earth-shattering roar was heard in an instant...

Although the Tianji beast has already entered the real heaven, but it has been seriously injured, it is in a bad state, although the speed is still not weaker than the mechanical beast, but in terms of flexibility, it is not enough.

Both are full of horror of three to four billion miles, and the distance between them has been too close, but in a few hundred million miles, this distance does not sound close, but in fact it is just a body It's separated.

The distance between a body and a body, for even the speed of this level, even if the speed is not as good as the other side, a punched out, through the power of the void, is enough to easily bombard the target.

The reason why the Heavenly Beast was hit was because of this. This

The amount of violent violence in a fist does not hit the key points of the celestial beast, such as its head, such as the horror of the 50-mile-long phobia in the lower right shoulder. but

It is definitely not painful. day

One of the arms of the beast was smashed in the roots of the arm. It was originally a flash of fire, and there was a slight explosion from time to time.

At this moment, it was once again bombarded by the violent violence of the mechanical beast. In a moment, the celestial beast was re-created, and a screaming scream was raised in the hair...

"Hey..."

At the same time as the whistling sound, the three huge and incomparably giant feet in the lower part of the huge body were lifted up like a conditional reflex, and one foot went to the mechanical beast that had just been close. This

One foot is heavy and fierce, and the heavenly beast is still angry and angry. If it is smashed with a porcelain, the mechanical beast must also be seriously injured. Do not

However, the mechanical beast has obviously prevented this point. With the moment when the giant beast of the celestial beast lifted up, the huge horror body of his Panda 300 million rushed out and smashed out from the right side. Wrapped around the other side of the celestial body shape.

"Emperor one, you will die tomorrow, and the old man will make your life too late... I will swallow it!"

"Oh..."

At the same time as the figure was wounded to the other side, the words of the Emperor Eryun's incomparable voice also sounded abruptly.

Followed by it, it was a sharp and fierce sound, and the two wings of the beast behind the robot were moving at the same time.

As before, one of them is in front of the body, protecting the head and the chest, and the other is directly smashing toward the bottom of the celestial body.

The second is an old fox. Even at this moment, he is still cautious. While plotting the heavenly beast, he has not forgotten to protect himself. under

For a moment, the crisp and crisp sound came in an instant, and a cold and faint singer stunned in the void. When it appeared, it disappeared immediately, but it was still between the smashing of the smoldering stone. Draw down...

"boom!"

"Booming..."

At this moment, on the huge body of the heavenly beast, there was another thunderous roar.

Looking around, one of the three giant feet under his body was actually smashed under this attack. and

The position of the giant foot originally connected to the body of the celestial body, but now it has become a fracture, where there is another explosion, a loud bang, and one after another, the ear is shocking..."

call out! ""

Oh..."

Once again, the mechanical beast was so excited.

He didn't hesitate, and he stretched out his hands in the first time. He took advantage of the emptiness in the sky and immediately took the giant foot that had just fallen into his hands and placed it directly in front of the suddenly open mechanical mouth. I'm chewing on a large piece of chewing...

The three giant feet of the Heavenly Beast are the same as the mechanical arms that were previously degraded. They are all made up of some special materials mixed with the precious materials on the powerful ancient treasures collected in his hands. It can be said to be extremely precious.

The mechanical beast will naturally not let go of all this. At this moment, the big mouth chews in order to be swallowed like a plunder. With

After being chewed, he was swallowed up. All the materials of the refining of this giant foot will be scattered and restored in the first time, and then absorbed in the body of the mechanical beast, the effect is like consuming the flesh and blood, generally The benefits of mechanical beasts are great...this

In one scene, the crowd was shaken again. Ye Xuan, who was in the air in the distance, looked stunned. The \*\*\*\* unicorn and the nine crocodile crocodile eight people, and the body shape trembled, and the scorpion was even more fierce. In the shimmering. he

We saw hope and saw the hope that the Heavenly Beast was completely killed.

The previous one, three legs and six arms, plus a huge face-shaped skull like a hive, but now, six different mechanical arms are gone, only three of the three feet, the head is innocent, but temporarily unable to emit energy attacks .....only

If the mechanical beast is to add more strength, it is really possible today that the celestial beast will be late in the evening and then swallowed away.

"戾..."

At one moment, one of the three giant feet was once again squatted. There was still a large number of small-scale explosions that appeared from time to time on the whole body. It was also a sudden shock of the body shape, and a screaming whistle was raised on the head. short

In a short time, he was smashed off three mechanical arms and a giant foot. The cost was too painful. Even if the consciousness of Emperor Yi had not fully recovered, there was still some chaos and depression, but he realized the crisis... ..

At this moment, a sense of life and death that has never existed before, suddenly came to my heart. This

I feel that Emperor Yi is very unhappy, but it also makes him still somewhat confused. He is clear again. At this moment, he made a decision in an instant, and then hesitated, and the whistling sound in his mouth has not yet fallen. Ankles turned to the void in front of me..."

boom! ""

Oh..."

The bang of the sky came, accompanied by a clear and fierce crack, and there was a huge crack in the void, hundreds of millions of miles away, and the infinite emptiness of the air flowed out. day

The beast did not hesitate, and his body was turned into a mans, and he rushed in. "

In order to survive, why not hesitate to avoid the emptiness of the void? Even so, you will definitely be today..."

In the body of the beast, the words of the emperor's two incomparable words came out, and it seemed to be red-eyed. So he did not hesitate, and the words did not fall, and he followed them in.

I didn't wait for all the people to come back, the body shape of the two people has completely disappeared...

Chapter 4974: Shameless heaven

"boom!""

Oh..."

The sound of the clear and unmistakable sound of the crack came, and a huge crack appeared in the void. The body of the heavenly beast was turned into a man, and one end rushed in. "

In order to survive, why not hesitate to avoid the emptiness of the void? Even so, you will definitely be today..."

In the body of the beast, the words of the emperor's two sinister rumors came out, and it seemed to be red-eyed. He followed him and smashed in. He didn't wait for all the people to come back, and the figure of the two had disappeared completely...

Even the giant crack that was opened by the celestial beast was quickly repaired in a short period of time! This

Everything happened too fast, not only the \*\*\*\* unicorn, the nine sacred crocodile and other eight ridiculous eyes, even Ye Xuan failed to respond in time.

When they were stunned and realized what happened, everything was over. In order to resolve the immediate crisis, Emperor Yi took the initiative to enter the emptiness of the emptiness, and the Emperor's second division was also the heart of the obstinacy, but there was no half. Hesitate, just follow it in...

You must know that it is a vain emptiness. There is no star mark at all, nor is it connected to the emptiness of this piece of land. There is no way to pursue it.

Even if Ye Xuan is now shooting, in the position where the void crack has just disappeared, the same void crack is once again torn apart. The turbulent flow of the two void cracks before and after is also different...

To put it another way, even if they want to find Emperor Yi and Emperor II now, they can't find it. thing

In fact, if these two guys want to return, they are basically impossible. They can only rely on luck...

Knowing this, Ye Xuan was relieved, at least, the trouble of the Heavenly Beast was solved. but

At the same time, his heart also has a strange feeling, because with the departure of the heavenly beast and the mechanical beast, it basically represents the complete disappearance of these two electronic life groups.

The so-called heavenly and mechanical families, all the official tribes, have all been integrated into the two mechanical behemoths by Emperor Yi and Emperor II.

It can be said that nowadays, whether it is the three major stars in the world, or the shards of this ruined land, the only remaining mechanical and electronic life, only the four kings of Ye Xuan, and the first Yingtai who followed him. It is.

"Oh, I don't think I ended up like this."

When Ye Xuan was a little worried, there was a sigh of sighs in the void in the far left.

Looking around, the \*\*\*\* unicorn is turning to the head of Ye Xuan. The moment when the two eyes meet, his face shows a smile: "Ye Daoyou, should your injury be a big problem?"

call out!"

"Hey..."

The words of the \*\*\*\* unicorns have not yet fallen, and there have been several sounds of broken air around them. The other seven people who were fleeing in different directions have also rushed over.

In the blink of an eye, eight absurd grotesques all came to Ye Xuan. Minute

Don't come to the Star Alliance's Scarlet Kirin, Nine Ghosts, Nine Head Blood, Qingtian Dapeng and Blood-Blood War Lion. Take

And the two people's abandonment from the Terran Federation, and the violent bear desert from the Temple of Brilliance...

With the spurt of the body, the faces of the eight people all showed a kind smile. Seeing Ye Xuan's eyes swept over them, all of them were jaws, and they greeted each other...

Ye Daoyou's previous attack can be really amazing. When an arrow is shot, even the real heaven and earth exist, and it is seriously injured, and even almost killed..."

"Yes, if the celestial beast is lucky, it will avoid the skull in the most critical moments. Everything in the back does not need to be expected. Only by the arrow of Ye Daoyou, he can be killed on the spot."

Nowadays, although the Heavenly Beast is forced by the Emperor II to combine the mechanical beasts of all the mechanical tribes, this battle is a great friend. The real key is your amazing blow..."

Oh, it's really a surprise. The sky bow is the legendary supernatural power. It is said that in the battle of the world that collapsed the whole world, the ancient night forks rely on this horrible magical power. One arrow will shoot the heavens and blue eyes all the dust. "

"Ye Daoyou's current cultivation is no weaker than the old-fashioned night fork of the year. So it seems that even if the blue sky is coming, I hope that Ye Daoyou can be fearless..."

The only regret is that this kind of supreme power is not originally belonged to Ye Daoyou. Although the ancient night fork has a price, but it is not so serious, look at the state of Ye Xuandao, just after the arrow is shot... It seems that there is no more battle. Force? ""

It's been a long time now, I don't know if Ye Daoyou... Has it recovered? "Say

When I arrived here, all eight people had come to the front, surrounded by the emptiness around Ye Xuan, which was only about a hundred miles away. Invisibly, all the retreats of Ye Xuan were sealed.  
words

The sound of the sound is behind, the eyes of the eight people all gathered in Ye Xuan's face, and the air machine is invisibly locked. The middle of the scorpion is even more sturdy, like a faint change in the expression on his face. An urgently needed answer in general... leaves

Xuan suddenly realized everything, and his heart sneered, but on the surface, it did not move, but deliberately frowned, raised his hand to the end of the empty space, and then said: "You, with the heavenly beast enters The turbulent flow of the void, the layer of invisible law barriers beyond 100 billion miles, has disappeared silently, you... are you still not leaving?"

Hearing his left-handedness, it not only frowned, but also actively reminded people that the invisible law barriers in the distance beyond 100 billion miles have dissipated, and the \*\*\*\* unicorns and others jumped, subconsciously Turned the head and exchanged a look.

But they did not immediately take the shot, but they were secretly vigilant, but their faces did not show a little abnormality. They still tried to speak with words..."

Ye Daoyou, this is what you are not. Listening to your words, is it because you want to catch us? ""

Yes, we are also very kind, come to care about your injury, Ye Daoyou can really bridge the bridge when you cross the river, you obviously have the supreme power of the bow, even if you alone have the ability to kill the heavenly beast, at least It can also be ruined, but it is deliberately hidden, but instead we take over and attack the emperor..."

Even when the previous patriarchal clan of the Terran Federation was bombarded, Ye Daoyou did not even shoot, which clearly did not treat me as an ally rhythm..."

For all of this, I did not intend to care about it, but Ye Daoyou's approach was too chilling. Even after we used it, we planned to abandon it immediately. Even the words I care about were lazy and responded directly to the order... ""

Hey, if this is the case, the previous account, I will only be able to calculate with your demon hall. This time, the few desolation of my Tiandao League can be all because of you, Ye Daoyou. In this regard, are you not planning to make some corresponding compensation...? "

Chapter 4975: Seems to be a little forgetful

Compensation?

This is too shameless! Bright

Ming is because the mind is uncertain, but also a little scared, so the excuses deliberately pulled out, actually still so good to say so grandiose, really shameless! brain

These thoughts flashed in the middle, and Ye Xuan's face was gloomy in an instant.

He has a mirror in his heart. If he nods and promises compensation, these eight guys will no longer hesitate, and will take shots in a short time and join forces to attack him. take advantage of

His previous bow of the sky took nearly 90% of the strength of the body, and now it is a rare opportunity to fully recover, and Ye Xuan will be severely wounded, and then he will apply the secret method and tamper it. Such as

Therefore, what you want to do next can do whatever you want. Do not

However, from the hands of Ye Xuan, the \*\*\*\* sticks, Shennong Baoding and various other treasures and resources will be taken one by one, including the various secrets such as the blood and sea secrets mastered by Ye Xuan, such as Yu Tiangong and other powerful supernatural powers. The esoteric will also try to squeeze out. To

In the end, including the four kings and the old pigs, they will be properly planned by them, and finally they will be completely calculated, and they will fall into their hands and let them work. to

In the Temple of the Devil, it is not necessary to say more naturally. The strongest person who stays in the Temple is not their opponent. By then, the whole Hall will fall into their control, and the interests will be divided by the Star Alliance and the Terran Federation.

If that is the case, as the celestial family disappears and the temple is destroyed, this piece of ruined land is empty, and only the Tiandao League is the only one. although

However, there is also a wild and blue eye that can come at any time, but as long as they have captured the complete mystery of the 陨天弓, once they start to move, even if the wild sacred eyes are in person, they will be able to blast out the sky. The existence of the arrow, I am afraid I can only avoid it.

Everything is possible, the benefits are too great, so these guys will be so shameless, the war is just over, and immediately fell over the head to count allies.

Even the jealousy of the lord of the Lord of the Devils was thrown into the back of them, and the temptation was too alarming. Even if it took a little risk, it should be meant.

Everything, Ye Xuan knows well, an inexplicable anger, and instantly emerged from his heart.

All along, he counted others and deceived others. Today, he is surrounded by a group of old guys to try and swindle, but he is still the first time. only

With this in mind, Ye Xuan could not take a break today, but he did not immediately get angry and then shot.

Because these eight old guys have already pushed the power of the body to the extreme, they are concentrating on their vigilance. Once Ye Xuan has any changes, they will try their best at the first time.

In this case, Ye Xuan wants to wave the four kings and the old pigs, and they will all be interrupted in the middle. package

Including the secrets of blood and sea, facing the obscenity of eight absurd grotesque in such a close distance, it is also impossible to successfully condense the other two \*\*\*\* seas before they interfere.

Therefore, the eight old guys are obviously also in their hearts. This is also their dependence. It is precisely because they have the confidence to interrupt the four kings, the old pigs, and the other two \*\*\*\* seas. So they dare to be so bold, besieging and even wanting to suppress a half-step detachment of a nine-order grand perfection..."

It seems that today you are bent on making a shot to the temple..."

Taking a deep breath, Ye Xuan shook his head and sighed: "I blame me too much. I didn't realize it at the beginning. I was surrounded by all the opportunities from your greetings. Now they are gathered to the side. Surrounded by the group..."He

In this way, on the one hand, if the last layer of fig leaf between the two sides is uncovered, but at the same time, it is equal to recognizing the current state from one side, and it has not fully recovered yet...

The Lord of the Devil, who has always been blamed for everything, has never been so weak... brain

The thoughts flashed through the sea, and the eight ridiculous old monsters who were surrounded by nearly a hundred million miles all sneaked, and the smile on their faces appeared, and finally they no longer concealed them. With a touch of sorrow and smugness! "

Hey... Ye Daoyou is really a refreshing person, the old man likes it! "

"It seems that you have already recognized the situation, Ye Xuan, advise you not to make your own mistakes, so close distance, you can not have the opportunity to summon the four kings and the dead pig, including your blood and sea secrets And there is no time to display it, so that there are two \*\*\*\* seas..."

In other words, you can only use one pair of eight today. Once there is any change, I will immediately take the shot and force the interruption. In the state that you are far from recovering, I can't say that I can Killing you on the spot, but it's still a problem, but it's still no problem..."

"The result is no more suspense, give up, the old man can swear by the league, as long as you self-sufficiency, meet my conditions, after this matter, the old man will never have any other harm, must let you leave... ""

Yes, this is not your discourse. As long as you hand over the complete mystery of the supreme power of Yu Tian Gong, only eight of us will be able to gather up the eight arrows, even if you will be the four kings. Calling out the battle, I am not afraid, and naturally there is no need to risk the cost of violating the oath, and the words are fat..."

"With all this, there is no need to say anything else, Ye Xuan, why go from your own decision, but the patience of the old man is not very good, you only have time to consider, after the three interest, even if you have no change, But if you still don't have a self-styled repair, you will immediately take the shot and hurt you seriously..."

The latter sentence is said by the violent bears of the glorious temple.

As his words fell, the other seven ridiculous strangers in other directions also stopped talking in the mouth, no more words, but all subconsciously jaws, eyes gazing tightly at the leaves On the face of Xuan, the air machine is firmly locked. One

Once he has any changes, he will immediately shoot at the same time. very

As for the violent bear vulgar, if Ye Xuan did not self-sufficiently within the three-party, they would immediately take the shot. "

You, just so sure that under the siege of eight people, can you break the temple in a flash? "surface

For all of this, Ye Xuan is still insulted, and the look on his face suddenly becomes flat, and even the brow that is only slightly twisted is stretched out at this moment.

"Hey! You guys, the calculations are smart, but one by one, it seems to be a little forgetful..."

After a sigh of sigh, he shook his head and then suddenly stopped: "How long does it take for a while? I have forgotten the nine colors of the temple... I have forgotten everything!"

The sound is still not falling, a smashed nine-color mans, suddenly suddenly emerged from Ye Xuan's eyebrows, just like a hanging Nujiang, along his body ... poured down!

Chapter 4976: Punch against

"How long does it take for a while? I have forgotten the nine colors of the temple... I have forgotten everything!"

"call out....."

Ye Xuan sighed softly, and then there was a faint sound of broken air. His voice was still not falling. A smashing nine-color awning suddenly appeared from the eyebrows, just like a hang of the Nujiang, following him. The body... sloping down! speed

The degree is too fast. In the blink of an eye, the body surface of the cheekbones has been shrouded in a layer of gorgeous nine-color light curtain. This layer of light curtain is the Shennong nine-color flame...

I am afraid that it is a true heavenly and powerful person. For the Shennong nine-color flame, it must be extremely jealous, and dare not touch it easily. Otherwise, it will be like the bones of the bones, and it will not be able to get rid of it, eroding the treasure body and invading the soul! Do not

However, although his movements are fast, the eight ridiculous old monsters gathered around the void are not slow...

In fact, their spirits have already reached their peaks, just like the bowstrings being pulled. As long as they encounter a little external force stimulation, the bows on the strings will be blasted in an instant!

The nine-color awning that Ye Xuan's eyebrows shot is the external stimulus. on

In the moment when the nine colors of the nine-color manuscripts emerged from Ye Xuan's eyebrows, the eight ridiculous old monsters in this scene will be moved together. he

We have already prepared for the shots. As long as we don't see Ye Xuan's self-styled repairs within the three interest rates, they will immediately shoot at the same time.

In addition, if Ye Xuan has any other changes in the three interest rates, they will immediately shoot at the same time...

It is said that when Ye Xuan's eyebrows are nine colors, the eight old guys are simply conditional reflexes. They are all swept away in an instant, urging all the power in the body, toward Ye Xuan, who is gathered around the center. A fist banged over...this

For a moment, they didn't even think about the nine-color mans that were smeared in Ye Xuan's eye. What was it?

When the reaction comes to my heart, when it's wrong, everything is too late! With

The figure was violent, and under the arm of the exhibition, the whole body was punched out. When the figure was still halfway, the eight guys had already changed dramatically. Under the sigh of relief, they suddenly exclaimed...

hiss! This nine-color light curtain..."

"Damn! Actually forgot this, this is clearly the nine-color flame of Shennong. It was originally in the body of the black fog. Now the body of the black mist has been absorbed into the body by his skeleton. Shennong nine-color flame The body of the cheekbone can naturally be sacrificed..."

The talent is too excited, the benefits are too great, the temptation is amazing, and the brain is rushing for a moment, actually forgetting this nephew! ""

This flame is a true heavenly strong person who is extremely jealous and afraid to touch it easily. Otherwise, it will be like the bones of the bones, and it will not be able to get rid of it, eroding the treasure body, invading the soul... How to break? ""

Speeding back, today's business can't be done, and I lost one step ahead. I have lost all of it, and I'm not counting his possibilities..."

Roar! Just retreat? Unwillingly... It's too rare to know that this kind of opportunity is too rare. Only the existence of the heavenly beast that has entered the real heavenly state can force him to display the bow of the heavenly sky, and he will fall into weakness. If he misses today, there will be no such thing. opportunity! "

"Yes, the opportunity is too rare, give up and be unwilling... You don't forget the temperament of the Lord of the Devil, and now the face has been torn, if you don't suppress him, whether it is the Terran Federation or the Star Alliance, Don't think too much, the whole heavenly alliance will be destroyed by him!"

Gritted his teeth, even if a punch hits, he will touch the Shennong nine-color flame covering his body, which will cause me to suffer damage, but at least, under the attack of these eight fists, it is now unrecovered. He, who is in a state of low condition, will be seriously injured as a result, and then he will be sealed and repaired, and it will fall into the control of me..."

The benefits are too alarming, and there is no way out, paying a certain price, even if I am seriously injured, I must also suppress him today, do not hesitate, do not hesitate, all go all out! Oh..."most

The latter sentence is still from the violent bear's ridiculous mouth from the glorious temple. After the words are finished, the old guy still has a horrible arrogance in his hair.

This is clearly intentional. It aims to hesitate the last of the other seven people and dispel it...

I have to say that the old guy's mind is still very clear, and his mind is also very firm. he

It's true that this is the case. If the eight of them turn around and flee, the result will be extremely painful. Even if Ye Xuan does not pursue it now, he will go back to the Star Alliance and the Terran Federation, and then pick them up one by one. Killing. Want

To do this, with Ye Xuan's three \*\*\*\* seas, the four great kings and the old pigs, these eight noble and nine-step grand perfect half-step heavens, can still be done. he

Their only chance is to take advantage of today's opportunity to make a good punch and seriously injure Ye Xuan, who has not recovered from the deficit, and repair it as a seal at the first time, and then plot other things. where

I am afraid that this boxing will hit the Shennong nine-color flame, which is covered by a layer of light curtains, and can only be bitten by the teeth.

At least this will not cause oneself to fall, at most, it will be seriously injured...

For such a huge benefit, and originally there is no choice of retreat, this response is the best disposal.

"boom!"

"Booming..."

All of this, the eight ridiculous oldsters instantly realized the moment, and with the violent roar of the violent bears, the hesitation of the other seven people's minds just grew up, and they all disappeared in an instant. One

In an instant, the eight people who had almost stopped in the middle of the road had arrived in the near future. They had a distance of about 100 million miles from the body of the cheekbones, but now they are all within a million miles. although

However, it was only a simple eight-shot blast, but it was from the hands of eight ancient sages. All eight people did their best and the power in the body was mobilized to the extreme. One

The fists came and the voids along the way were directly torn apart. The black holes in the shape of the eight rivers spurred in all directions, and at the end of the black holes of the eight rivers, they were still in the void, even the figure There is no movement of the cheekbones. thousand

Miles only, for the existence of the level of the ruin, it is simply not a distance, just between the light and the stone, you can cross.

What's more, today's eight ridiculous people are all full-powered, and the speed is even faster. One ten thousandth of a second is not needed. These eight river-like black holes that extend from the surrounding will be the body of the skeleton. On, gathered together for one!

It is also at this moment that the cheekbones that have been standing in the void have finally moved...

"boom!"

Under the flash of the cold mang, the cheekbones turned to look to the right, and then the right arm showed up, punched out, and took the violent bear desert!

Chapter 4977: Who said that the temple did not recover

"Boom!"

Around the eight ridiculous old monsters teamed up with a bombardment, blinking to the front, the cheekbones were smashed in the middle of the cold, and immediately turned to the right. No

Hesitant, directly the right arm angered and slammed out, pointing to the violent bear who had just arrived, and went to the desert...

In fact, the eight ridiculous old monsters who have been hit by different directions from all sides have now reached the center of Ye Xuan's millions of miles, and the body of the cheekbones is 60 million miles. Under the arm, you can hit it. Eight

A goal that can be chosen by him, and anyone who wants to destroy it can.

Moreover, the first goal that he chose to shoot is basically impossible to have a chance to survive, and he will die. when

However, considering the convenience of collecting another \*\*\*\* blood, even if he wants to shoot, he will not be able to choose the two people from the immortal dynasty and the ten heavens. and

It is sure to choose between the \*\*\*\* unicorn, the nine sacred crocodile, the nine-headed \*\*\*\* scorpion, the Qingtian Dapeng, and the violent bear desert from the glorious temple.

Even the blood-stained war lion will be excluded from him. His ruthless cultivation is achieved by the sacred lion's nine secrets. If you kill it, you can't condense the blood. Say

Up, among the five best targets of killing, the old grievances between the Scarlet Kirin, the Nine Secrets, the Nine Heads, and the Qingtian Dapeng and Ye Xuan are quite deep, but they are the violent bears from the Glorious Temple. Today, I only met with Ye Xuan for the second time. but

What Ye Xuan chose was precisely this violent bear desert.

This guy made him very uncomfortable. The only thing is that he is bent on suppressing Ye Xuan. If so, it is just as he wishes... very

Obviously, this old guy didn't even think that Ye Xuan's previous strength in the exhibition of the bow of the sky bow had already fully recovered. complete

Actually, he swallowed up a lot of chaotic medicines at the first time. These guys didn't even know that there was such a big medicine in the world, so they didn't guess that Ye Xuan's state is now full, returning to the peak. . positive

Because of this, in the face of the sacral avatar, the violent bear savage that is coming from his right side is not in the eye.

His mouth even showed a touch of undisguised contempt, and the right fist was half-pointed without delay. It was obvious that Ye Xuan's fist was regarded as a deadly counterattack and struggle before death. ..."

boom! "

Everything that follows is no suspense.

With the two fists banging together, the horrible bang banged...

Among the heavy punches, there are incomparably powerful forces. At this moment, they are colliding with each other without hesitation. Only one tenth of them are not enough. With the huge explosion, the violent bears are ridiculous. The entire figure of Wanli, in the blink of an eye, turned into a red blood fog that spread quickly!

"Hey!"

With the \*\*\*\* fog dispersed, Ye Xuan also waved in the first time. When the weak air broke out, a huge invisible instinct was rolled out from his body, covering a thousand miles...

The \*\*\*\* fog that just spread out was swept away by him, and he was sent to the bottom of the volcano in the central area of the Dingnai space, and it started... blood purification! first

Before, the \*\*\*\* blood in his hands has been ten giants, and with this harvest, from this moment, Ye Xuan's \*\*\*\* blood has reached eleven!

And all this is long, but in fact it happens between one tenth of a moment...

This short time is just a punch and a bang. The late stage of the seven-order world has been degraded, and the flesh has completely exploded and turned into a blood fog. This is a god, and there is no one left. .

This scene is so amazing that the other seven people are all in a shock, but they have not been able to make any other reaction. because

The punch for them has now approached and touched the huge body of the cheekbones...

"boom!"

"Booming..."

The horrific loud noise roared, and the seven attacks were all blasted in the huge body of the giant bones of the scorpion, which was 60 million miles away. However, it did not set off a half-wave! This

Among the seven guys, the most powerful existence is still the \*\*\*\* unicorn and the nine sacred crocodile, which has reached the eighth level of the ancient sage.

The other five are the strongest, but they are only in the late stage of the seventh-order world. The nine \*\*\*\* and the blue sky, even the early days of the desert...

Ye Xuan is already a half-step heaven of the ridiculous nine-step grand perfection. and

Moreover, he is not just entering the half-step world now. He has already stepped into this realm, and then broke through several small steps, only because he was exposed to the heavens in the shards of this ruined land. The suppression of the law, the magical power of the konjac can only stop at the half-step heaven. Place

Therefore, he did not go any further and became a true leader of the heavens. can

It is said that it is also a nine-step grand perfect half-step heaven, but there is also a strong and weak difference between them, such as the old pig essence, his cultivation is the strength to display the magic pig after the nine changes, just to enter the world .

Therefore, compared with Ye Xuan, the old pig is much weaker.

The Emperor II, with all the tribes of the entire mechanical family, plus the mechanical beast that has been fused with the last layer of the seal, is the most powerful in this world. Those who are almost able to stand up to the real heavens.

Ye Xuan is only a half-point weaker than the mechanical beast. In the half-step heaven, he is definitely the strongest existence...

Because of this, the seven violent forces slammed on him, and after the weakening of the nine-color flame curtain covering the body, and Ye Xuan had already been wary, the final result was... unscathed. where

I am afraid that the \*\*\*\* unicorns and the nine secluded crocodiles have made a full blow of the eight-stage ridiculous, and they are only on the body, and they just let Ye Xuan's blood swell for a while... nothing more! but

The seven old guys couldn't stand it anymore. They punched the body of the cheekbones. Although it was a little touched, it was contaminated with a little Shennong nine-color flame. Nowadays, there are seven people on the fist. A gorgeous nine-color flame is transpiration and slowly spreads toward the arm...

But at this moment, they have not been able to take care of all of this, because the eight people joined forces and all of them were all punching their fists. At this moment, they smashed into the huge body of the skeleton, but they did not even have half of the damage, even The violent bear desolation from the glorious temple has also fallen, and the result has already scared the surviving seven old guys. a few

Subconsciously, among the seven people, the most powerful \*\*\*\* unicorn was repaired. Under the sudden change of face, a cold breath was taken, and then he suddenly exclaimed: "What? It is unscathed? You...you are not Is the body losing money, is it in a period of weakness?"

"Frail period? Show the bow of the sky, there will be a period of weakness, the body is short..."

For this question, Ye Xuan didn't take it for granted. When he nodded, the cloud responded lightly: "However, who told you that the temple has not recovered? You have asked, but... I admit it?"

Chapter 4978: Anti-being

In the face of the \*\*\*\*\* unicorn, like a sudden exclamation of the general question, Ye Xuan did not care at all, even when smiling at the jaw, the cloud responded lightly..."

Weak period? If you show your bow, you will have a weak period, and you will lose money..."

However, who told you that the temple has not recovered? You have asked, but... I admit it? "This

In other words, it is simply the shame of the red fruit. The seven old guys are stunned and stunned. Then they suddenly realize what they are, and under the drastic changes, they have plucked away. mouth

In the middle, there are also a lot of screams of exclamation, and with the sigh of coolness..."

what? recovered? But how is it possible, how long has it passed, and he was previously weak and incomprehensible..."

Damn, this guy's hand must have some kind of anti-day cultivation resources. The key moments are swallowed. In such a short period of time, the deficits of the previous Tianzhu bow have all been recovered."

"I remembered, when an arrow was shot, he took a handful of gray things and took it directly into the mouth. The energy is very strong, it must be the reason of this thing..."

"A good insidious guy, obviously has been repaired as a complete, but has been playing pigs and eating tigers. All the previous things were loaded by him. This is obviously deliberate. I have already had the heart to wait for me, but it is not good to tear. Broken, but deliberately led me to wait for the hook, let us be white wicked..."

"Hey! It's just too bullying..."

Ye Daoyou, this matter is a misunderstanding, the old man is one of the core ancestors of the immortal dynasty, I thought that your relationship with the dynasty... is still good! ""

Right, the old man comes from the Ten Heavenly Palace, and is also the core ancestor. I am equal to the human race. When I unite as one, the previous thing is just a misunderstanding. The old man is so confused. Even if there is any dispute, everyone can be a human being. Say something to say..."

At this moment, as the figure retreats, all the seven old guys have heard incomparably exclaimed. The two people from the immortal dynasty and the ten heavenly palaces are on the spot, and they squeeze out from the face. A touch of ugly smile than crying, taking advantage of this opportunity to have a relationship with Ye Xuanpan... No

This discourse is from the heart, or just confuse Ye Xuan with such words, so as to try to escape the time of escape, such a face is too disgusting, listening to Ye Xuan straightforward appetite, frowned on the spot . turn

When I first looked forward, I was stunned and shouted: "Shut up, say more, believe the first one of the temple will take the two of you to open the knife?"

The old guy was so scared that he slammed his mouth and slammed his mouth, but he did not ask for it any more, but his heart was slightly certain. After all, Ye Xuan was extremely rude, but from his words I can hear it, even if I want to shoot, at least Ye Xuan's first choice is obviously not the two of them..."

Roar! ""

Oh..."

"boom!""

Oh..."

Almost at the same instant, in all directions around, there was also a scream of screaming and screaming, followed by a roaring roar. suitable

Only one blow, these seven old guys punched out, in order to concentrate on the strength, to achieve the strongest attack effect, the fist face all touched the body of the cheekbones, although only a touch, but seven On the fist side, all of them were contaminated with a nine-color flame. This

The top of the world, the flames of the world can not be forced to extinguish, the touch is like the bones of the bones, not only the body, but even the soul can rot. Such as

Today, the seven old guys are fading and retreating, even though there are screams in the mouth, but there is no pause in the hand, but under the teeth, all the strong men break their wrists, and they will directly smash one. The arm burst directly. One

In an instant, there were seven canopy blood fogs around the void. Except for the small blood fog formed by the two human strongmen who blew an arm, the sounds of the other five canopies were quite amazing. After all, these five old guys were originally The size is huge, even if it is an arm, there are millions of miles, more than a meteor...

"call out!"

As the blood and blood melted, Ye Xuan also waved at the first time. When the weak air broke out, a huge invisible qi was rolled out from the body, covering the void around the place...

The \*\*\*\* fog that had just spread out was swept up by him and he was included in the body. Although it was sent to the bottom of the volcano in the central area of the Dingnai space, it did not carry out blood purification!

This is just the blood fog that they blew open an arm. It is impossible to directly condense blood, but it can't be wasted. It will be collected first, and then these few guys will be killed and then put together. Condensed blood.

Of course, with the spurt of these awnings, several sacred Shennong nine-color flames stained on their fists were also thrown into the body by Ye Xuan. "

Oh la la! ”

After doing all this, he was stunned in the middle of the cold, and between the movements, the entire body of the Pangda 60 million miles of sacral body, instantly turned into a \*\*\*\* sea, spread in the void, like The waves of ordinary waves are also coming...

"Roar!"

"Roar!"

"戾..." tight

Then, from the three different directions of this vast sea of blood, the sound of screaming and screaming sounded.

Looking into the distance, there are three huge figures in the boundless blood of the sea, and it is the three major devils of the ancient konjac.

One is the flesh and blood, that is, the starry sky! One is the body of the skeleton! One is the body of black fog, although it is also a violent form, but the body is a black fog, even a pair of scorpions, just two awnings, it looks very strange...

In the blink of an eye, the bodies of the three \*\*\*\* seas will once again condense, and the repairs that have been dispersed in the body are all breathtaking, and all of them are all the ruins of the ancient sacred nine-order, that is, ... half-step heaven! but

This is obviously not the end.

With the three \*\*\*\* seas condensed, from this vast and innocent sea of blood, the blink of an eye has once again shot a smuggled man..."

call out!"

"Hey..."

A total of five roads, the speed is so irritating, the blink of an eye has been spurred to the distance, across the tens of billions of miles of the void, ushered in the storm, turned into five huge figures.

It is the four kings and the old pigs. and

At this time, with the appearance of the five of them, the sinister blood in the void is also suddenly turned into three, followed by the \*\*\*\* glare, Ye Xuan's three \*\*\*\* seas, Teleport to tens of billions of miles, in different directions... this

Everything is long, but it happens between suffocation.

Before and after, it was a time when the breath was not enough. The eight-and-a-half-step heavenly-level combat power of the magic hall reappeared. Around the tens of billions of miles away, the void was surrounded. and

The seven ridiculous old monsters who are escaping from the escape are now in the siege of eight people. blink

Between the eyes, the eight old guys who had previously besieged Ye Xuan, after the fall of one, the remaining seven, actually turned to be killed by Ye Xuan... prey!

Chapter 4979: Bombing nine bloody

"call out!"

Between the eyes, five miles of glare rushed away, the speed is so irritating, and instantly went to the distance, across the tens of billions of emptiness, ushered in the storm, and turned into five huge figures.

It's the four kings and the old pigs...

At the same time, the three blood seas standing proudly above the sea of blood also swept up at the same time, less than half interest, and directly teleported to the other three directions beyond tens of billions.

All of this is long-lived, but in reality, in a short period of time, the situation in this emptiness has completely reversed. before

In a flash, eight ridiculous geeks came from all around and wanted to besiege Ye Xuan... but

Nowadays, the violent bear desolation from the glorious temple was bombarded, and the remaining seven old guys were scattered as birds and beasts, and they were rushing around, and the face of the shackles was dying!

It's a pity that without waiting to escape, the distance between the tens of millions of miles and the emptiness of the surrounding emptiness, there is a sudden interception. In eight directions, eight killing gods, without exception, are all ridiculous. Half step heaven.

This is almost a human life! Want

I know that the seven guys who are fleeing are the only ones who have the strongest strength. They are only the eighth-order absurd, and the existence of this level is only two.

The rest of the repairs are the weakest nine-headed \*\*\*\* and blue sky, and even the early days of the desert...

Not only is it a great strength, but even the number is not as good as others. There are only seven escapes, but there are eight people who are surrounded by interceptions. Even if one is staring at one, people can still have one to stay and watch. child.....

This is definitely the end of ten deaths, just can't see a little bit of life!

Realizing this, the two ethnic groups from the immortal dynasty and the Ten Heavenly Palace were immediately flustered. They had previously shown weakness to Ye Xuan, but they were only imagining.

The purpose was only to prevent Ye Xuan from killing the violent bears from the glorious temple, and immediately shot them.

But at this moment, they are really panicked. Ye Xuan, the master of the temple, has not only been repaired, but also completely irritated by them. He has divided the four kings and the other two blood seas, and The old pig that was so annoying was all called out.

Eight ridiculous, nine-step, great, half-step, half-way, heaven and earth, and the blockade of all directions, this is definitely the rhythm of leaving them..."

Ye Daoyou, misunderstanding, this is definitely a misunderstanding..."

"The old man is one of the core ancestors of the immortal dynasty. I wanted to have a relationship with the dynasty... a little misunderstanding. I will never see each other!"

Yes, this is really too impulsive..."

"Ye Daoyou, the old man's ten heaven palace and you, but there has always been no grievances, I am equal to the human race, when united, this kind of misunderstanding is just a vow of the old man, why bother to entangle it?"

If everyone is a human being, it is a serious misunderstanding. It is also a matter of saying something..."

As he said, the shape of the two old guys was not stagnant, and they all fled to the right side. They even waved their own treasures, hanging over their heads and pouring silver and blue. Energy light curtain, holding the whole body...

The two guards in these two directions are the sorcerer and the king of the four kings. These two old guys dare not offend the three bloods of the sea, and the old pig is not a good master. Therefore, they picked up two areas guarded by Heavenly Kings, and pleaded with Ye Xuan, while they went very fast, trying to slip away from the cracks. in

They seem that the words of the talents are exported, as long as Ye Xuan is slightly hesitant, and did not order the interception of the king of the soul and the king of the world in the first time, then they can be from the shape of the two kings. The gap rushed over. only

To cross this layer of encirclement, after several teleports, you can escape the birth. "

Roar! "

"Roar....."

However, the facts clearly exceeded the expectations of the two old guys. They did not wait for them to come close, and the singularly singular king and the celestial king who stood proud in the void had already screamed at the same time. tight

Then, under the flash of the cold mans, the huge figures of the two kings were instantly turned into two stalks, the speed was too fast, and they surpassed the meteor lightning. In the blink of an eye, they reached the shape of these two old guys. .

Without hesitation, he directly showed his arm and banged it!

"boom!"

Rumble..."

The power is too violent, this is the half-step heavenly power of the ridiculous nine-step grand perfection. Now it is a full blow. Although it is just a simple punch, the place where the fist face passes, even the void is in the inch. The ground is cracking, just like collapse..."

Ye Daoyou, impulsive is the devil, don't be impulsive..."

"Right right, the old man is a friend and a non-enemy. This is definitely a misunderstanding. Not so..."

In this scene, the two old guys frightened and stunned, and their postures stopped in the void, and they suddenly screamed and screamed...

However, what surprised them was that the voices were still not falling, and the sorrowful kings and the celestial kings who were rushing from the front, their huge body shape, disappeared in the blink of an eye. Missed...the same

At one moment, in the other six directions, among the six people who were trapped in the road, there were also unexpected changes.

"call out!"

"Hey..."

Almost at the same instant, the sharp and unpredictable sound of the air broke out. Although the violent figure of the six people still remained in place, but the other two \*\*\*\* seas, as well as the Nether King and the Blood Mosquito King, There are also old pigs, a total of five figures, but they move together.

Including the first shot of the sorcerer and the king of the moon, a total of seven figures, instantly cast a teleport, rushed to the nine \*\*\*\* from the left. This

The old guy was originally the farthest away, and at the same time he was the first time to see the plane and fleeing. Now he has even escaped more than three billion miles, and he will have to rush out of the encirclement.

In addition, his cultivation is one of the weakest of the seven old things. The most savage is to kill, basically to ensure that one hit and kill, is the first prey that Ye Xuan chose. It's him... seven

The half-step Tiandao shot at the same time, and the teleportation was carried out. In the blink of an eye, there were nine \*\*\*\* bodies around the body. Without hesitation, under the arm, a punch hit! "

No, Ye Xuan..."

"Hey!" This

The scene happened too fast, the nine heads were too bloody, and even the self-explosion was in the future, and the hair was screaming and screaming, and the seven powerful forces hit the horrible giant punches, and they fell on his body...

In the blink of an eye, the entire body shape of the Ponta mile is directly exploding into a red blood fog that spreads rapidly in the awning, and is smashed by a distant slap in the distance. Invisible temperament...

From the volume, the income in the body, sent to the bottom of the volcano in the central area of the Ding, and began to expand... blood fines!

Chapter 4980: The world of the family

In the blink of an eye, the nine \*\*\*\* scorpions from the Star Alliance were instantly killed. Everything happened too quickly. Under the circumstance, the \*\*\*\* heads of the nine heads were not even too much. only

It's just that the head is unwilling to scream, and the huge body has been bombarded, turned into a \*\*\*\* fog, and opened without being spread, it was thrown into the body by violent waves.

Previously, Ye Xuan's hand had eleven dead blood, and with nine \*\*\*\* ones, the total number of \*\*\*\* blood in his hands reached twelve.

At the same time, the imaginary sky is heading for the seven ridiculous eccentrics that have escaped from all around, and thus reduced one more and became only six. leaf

The reason why Xuan chose to start with nine \*\*\*\* bloody is that he has his own considerations. The two old guys from the immortal dynasty and the ten heavenly palaces are very annoying, but they are not fierce beasts, even if they are murdered. The blood fog that bursts in the flesh cannot condense the blood of the desert. Place

So, even if I hate these two old guys again, Ye Xuan will not choose them as the target of first killing, and must stay in the last...

At this point, the two old guys are obviously not aware of it, but the facts before them cannot be ignored.

The sorcerer and the king of the ages who stopped in front of them, originally screamed and screamed at them. but

At the most critical moment, they launched a teleport on the halfway, and they rushed directly to the other direction. Together with the other five half-steps, they killed the nine \*\*\*\* stars from the Star Alliance...

In their view, this is clearly the rhythm of the words that have just played.

After all, everyone is a human race. Although Ye Xuan, the master of the temple, is fierce, but it is still reasonable. This battle will not be repeated for them...

The thoughts flashed through my mind, and the two old guys who had hung in the eyes of the blind man immediately fell back. After a long breath, the physique that was originally spurting away suddenly stopped in the void. Both

However, Ye Xuan, the master of the Temple of Devils, has figured it out and dispelled the idea of killing them. Then, naturally, there is no need to escape.

Not only do not have to escape, but also must stay, turn the gun head, and together with the Lord of the Devil, bomb the other four old guys from the Star Alliance. star

Although the Air Alliance is one of the two major forces of the Heavenly Alliance, but now there are only four awakenings of the awakening, although there are indeed other desolations in the ancestral homes of the various ethnic groups, but in them It seems that even if it counts all, the entire Star Alliance, there is no way to compare with the Temple of the Magic.

Needless to say, the strength of the conventional level, not to mention the major legions of the Devil's Hall, even the Terran Federation, did not put the usual level of Star Alliance's combat power in the eye. to

In the high-end combat power... The Devil's Hall now has eight half-step heavens with a nine-step grand perfection. Do they have it?

Even if you count the core ancestors of the ancestral homes of the Star Alliance, you may not be able to make up the eight-step heavens of the nine-step grand perfection. only

With this, their value is far less than the magic hall.

What's more, Ye Xuan, the master of the temple, has the horrible power of the sacred bow, but it is said that even the strongest people in the sky are very likely to kill the horror.

In summary, in the eyes of these two old guys, if there is no chance to fall, now the Lord of the Devils has deliberately released the water and offered them to them. This opportunity must not be let go. positive

It is the best time for them to show their heart.

Now he is here to help the Lord of the Devil, Ye Xuan, to kill the four despicable monsters of the Star Alliance. For the Temple of the Devil, all this is just like a name, as long as there is no accident, from then on, the Terran Federation and the Devil The temple is a family.

Everyone was originally a human race, and they were closely united. This is what it should be...

The thoughts flashed through my mind, and the light in the eyes of the two old guys became brighter and brighter. In the end, even the excitement almost jumped up in the void, turning around and squatting into the void in the distance, standing on the sidelines, just like watching. The general temper looked at the past, smiled, showed the heart, deliberately pleased...

"Ye Daoyou, the world of the family, your choice is right, the old man is excited, the Taoist friend finally realized..."

"Yes, this kind of choice is too important for me. I think about the old man's tears and tears. I am so pleased that Ye Daoyou is worthy of my humanity and finally realizes that the human race is righteous..."

"Daoyou rest assured, this direction is guarded by me and so on. The four old guys don't want to slip away from here. You just kill and kill. Just eight to four, you will be able to kill them one by one!" "

"This old thing has long since they should be removed. This time, our Terran Federation has no way. Because of this big situation in the void, it is only in desperation that it will be with the Star Alliance." I am a generation, I want to come, I am ashamed..."

"Since then, Tiandao League has no Star Alliance, and the future Tiandao League will be the union of the Federation of the Terran and the Temple of Devils. Everyone in the world will be the one who will be the king of the world."

"Hey! Ye Daoyou, kill them..."

Roar....."

Speaking of excitement, these two old guys even raised their own arrogance and breathlessness. They really rushed the power of the body to the extreme, actively defending in this direction, even the soldiers. Come out, a pair of husbands and wives, and Wanfu's posture...

This scene was too unexpected, and even Ye Xuan never thought that he couldn't wait to be surprised and even opened his mouth.

In the front four directions, the \*\*\*\* unicorns, the nine sacred crocodiles, the Qingtian Dapeng, and the blood-sucking lions, who were dying, were even more stunned by the feet. They were almost smashed by the thunder. Wait

When I came to the reaction and realized what was going on, the four old guys were all smoldering, gnashing their teeth, and they didn't even squirt blood on the spot...

"Hey! I'm mad at the deity..."

The shameless guy actually went to the anti-go in this most crucial moment. In order to hold the thick thigh of the demon temple, even the old face is not needed? This is the core ancestor of the two camps of the Terran? I bother....."

"With such a face, I still have a good intention to say what the meaning is. The owner of the temple, Ye Xuan, has failed to make a dog's eye. How can you look at the guys who can't get on the table?"

"Hey! The old man is unwilling, even if he is killed today, he must kill these two old things before he is willing, otherwise, the heart will not be able to swallow it..."

"Hey..."

The last sentence is from the core ancestor of the War Lions.

This old guy has always been a violent temper. How can he be affected by this kind of affair with his allies?

At this moment, in his heart, the hatred of these two people's deserts is even far beyond Ye Xuan. After he screamed, he did not hesitate, suddenly turned around and went straight to the two. The old guy rushed over...
