

Super D.S 4981

Chapter 4981: Yan Dapeng

"Hey..." Ten

The two kingdoms of the Heavenly Palace and the immortal dynasty were somewhat shameless, and they almost smothered the four old monsters of the Star Alliance. Come

The core ancestor of the self-war lions has always been the most violent, and it is completely unbearable to encounter such a slap in the back. This

For a moment, his heart's hatred for the two people's ridiculousness is even far beyond Ye Xuan...

After looking up and screaming, I didn't hesitate, suddenly turned around, and rushed to the two old guys. The body was even more violent, and it was clear that they had to give up their rhythm...

For this opportunity, the two old guys will naturally not let go. first

Although they yelled at the front, they openly expressed their feelings, but after all, they only talked about it. Now, the blood-sucking lion roars and rushes, and they undoubtedly give them the opportunity to take their hearts.

What's more, although the blood-sucking war lion is also the late stage of the seventh-order situation, but after all, it is only by the secret law to achieve this realm. They are also the late stage of the seventh-order situation, even if one-on-one, there is no fear Blood war lion. Such as

Today, the other person rushed over, they can be two-on-one, it is simply pressing the rhythm of the fight, although basically it is impossible to directly kill, but the more so, the more opportunities for performance is not? most

The good result is that the two of them have been pressing the blood-scarred lions, and the bigger the better, the better, so the owner of the temple, Ye Xuan, is also happy...

Thinking like this, the two old guys immediately got excited and shouted..."

Roar! Blood-sucking war lion, you are an old thing, but it is only a repair of the secret law. It's just that you are just a waste of power. You dare to call the old man arrogant, and you won't frown with you..."

"Where is this kind of nonsense with such a junior? It's so rude, you can't shoot it directly, it's too cheap, play slowly, live abusive!"

Roar! ""

Oh..."

After roaring up, the two old guys exchanged their eyes and exchanged their eyes. They did not hesitate to sacrifice their treasures. They rushed out the first time and greeted the blood-stained lions. The three men fought on the spot.

Although the blood-stained war lion is violent, but the strength is placed there, if you fight alone, you can compete with these two old guys. But now, with one-on-two, it instantly falls into the wind...

For the situation here, Ye Xuan is lazy to take care of things...

In fact, whether it is the two shameless human races, or the blood-blooded lions, Ye Xuan did not intend to kill today. The reason is also very simple. The two people's deserts are not beasts, killing is also a white kill.

The blood-scarred lion is also the same. His ruthless level of force is forced to be upgraded by the **** sacred lions. The original cultivation is only a wasteland, although it is a ferocious beast, but the situation is the same. Like a human being, the killing is equal to white killing...

Today's magic hall is already very powerful. These three guys will not pose any threat to the magic hall. Since there is no advantage, then keep them three good. Anyway, the blue sky is estimated to be coming soon. It's good to leave a few lazy battles to counter him.

It is for these two people to know that Ye Xuan is such an idea, and most of them will be angry on the spot...

At this time, with the three guys who were ignored by Ye Xuan, they fought in the air. In the other three directions, the Scarlet Kirin, the Nine Ghosts and the Qingtian Dapeng were also fleeing.

These three old guys, Ye Xuan will never let go.

On the one hand, they are old-fashioned, they have always been against Ye Xuan. On the other hand, for Ye Xuan, they represent three fat bloods, which should not be wasted.

The three guys are destined to escape all of them today. Ye Xuan will take the shots one by one and solve them one by one. The three heads are ridiculous and murderous, killing them one after another...

The first goal is naturally the blue sky. This

The old guy is just like the **** nine, but it is only the initial desolation. It is the most difficult to kill. In addition, he is a fierce bird, good at speed, although the strength is far less than the **** unicorn and the nine crocodile. But now it is the farthest escape...

If you wait until the **** unicorn and the nine crocodile crocodile, then fall over and solve him, it is estimated that this old guy does not know where to escape. and

Moreover, Ye Xuan decided that he would not return to the Star Alliance, and most of the time he went to other places to crouch down. In this case, if you want to kill him again, it will be difficult...

"Oh la la..."

Qingtian Dapeng seems to be aware of this as well. Therefore, although he fled the furthest, he felt the crisis of life and death in his heart, but he even surpassed the **** unicorn and the nine crocodile. Such as

Now, the chase behind him has not yet appeared. He has already applied the secret method. A pair of huge wings are suddenly shaken, and all the feathers are all rushing toward each other.

These feathers are exactly the same, all are blue, and now divergent and open, it is easy to blast in the void, turning into a awning blue energy fog.

All the energy and fog are lingering, and the blink of an eye turns into a head of blue sky, which is exactly the same as the old guy, and even the breath can not be distinguished. This

It is clear that you want to confuse your eyes and chaos the rhythm of escape!

"In order to escape, did you not hesitate to sacrifice all the feathers? Hey, have you become a bald chicken?"

Seeing all this, Ye Xuan grinned, the voice of the gods came out, revealing endless contempt and ridicule. green

Tian Dapeng's tricks are obviously in vain, and there is no point at all, because Ye Xuan has already locked his air machine before.

It can be said that although there are thousands of blue sky Dapeng in front of the void, his deity is like a candle in the dark night. For Ye Xuan, it is very clear. "

Roar! "

"Hey!"

Oh..."

"Hey..."

At one moment, the four kings, the sacral bones and the black mist, including the old pig essence, while arguing with a horrible roar and screaming. tight

Then the body shape disappears instantly in the void, and the teleport is directly launched, and the blink of an eye appears around the figure of the Qingtian Dapeng deity. Of course

After the squatting in the middle of the cold, each of them punched out and directly surrounded the Qingtian Dapeng in the middle of the circle...

"Hey..."

boom! "

All this happened too fast, and Qingtian Dapeng simply couldn't respond. It's just a scream of anger, and the seven powerful forces hit the horrible giant punch, and it has fallen on his body...

In the blink of an eye, the entire body shape of the Ponta mile is directly exploding into a red blood fog that spreads rapidly in the awning, and is smashed by a distant slap in the distance. Invisible temperament...

From the volume, the income in the body, sent to the bottom of the volcano in the central area of the Ding, and began to expand... blood fines!

Chapter 4982: Magic crocodile

"Hey..."

"Hey!"

In the distance, a screaming whistling sound came...

Big King, the sacral body and the black mist, including the old pig essence, while raising his head with a terrible roar and scream.

As soon as the figure disappears into the void, it directly expands into a teleport, and the blink of an eye appears around the figure of the Qingtian Dapeng deity.

Only a single shot, the entire body shape of the blue sky Dapeng Pangda, it immediately exploded into a canopy quickly spread ... red blood fog! This

Everything is long, but it happens in a short moment.

Although Qingtian Dapeng is only an early stage of absurdity, it is also a ridiculous old blame. Even if it encounters a half-step heavenly road of the nine-step grand perfection in this world, as long as you are careful, you can glimpse the opportunity to display the secrets of life and death. Basically, there is no existence. The possibility of bombing...

Today, he is not only bombarded, but also very neat, it is a spike! This

The situation should not have appeared, but now it has become a reality. It is really a lineup of hunting teams on the side of the magic hall.

The flesh and blood in the three **** seas are not even violent, just the sacral body, the black mist, and the four kings and the old pigs. This is already the seven decisive nine-order grand perfection. Half a step is heaven. Seven

Respecting half-steps, all of them are teleported to the side of the body in a moment, surrounded by all sides within a short distance, and then shot together, all the punches...

This kind of horrible power, even if it is the half-step heaven of the same cultivation, although it will not fall on the spot, it must be seriously hurt and vomiting blood, and Qingtian Dapeng is only the initial absurdity just entering the second-order environment, and it is shot by a fist. It is simply what it should be.

Prior to this, Ye Xuan's desolation of blood was only twelve, but now, with Qingtian Dapeng being bombarded, the **** blood in his hands is added one more, reaching 13 . but

This is still not the end. Today, Ye Xuan has been bent on bringing the blood of the desert to 15 pieces.

After solving the blue sky Dapeng, the next two goals, only the Scarlet Kirin and the Nine Ghosts! this

At this moment, with Qingtian Dapeng being murdered, the two old guys have realized that the crisis is approaching, the strength of the milk has been made, and they are fleeing in two different directions. One

Left and right, the distance has reached a huge scale of 50 billion miles...

Seeing this scene, the temper finally came out, and the tone was cold, but it revealed a lazy feeling, as if it was just saying a trivial little thing: "Old pig, go and drag the **** unicorn, don't let him Just ran..."

The old pig mentioned here refers to the old pig.

The next goal chosen by Ye Xuan is the nine-spotted crocodile, but the old guy is the eighth-order ridiculous, even if the seven-step ninth-order grand perfection is half-step siege siege, at the same time, a punch is not necessarily Can kill him on the spot. many

Less, it is to be entangled for a while.

The two old guys are separated and fleeing in the opposite direction. If they are entangled with the nine sacred crocodile, it is difficult to save the **** unicorn in the other direction. Place

Therefore, Ye Xuan will send out the old pig fine to drag him down. The old pig essence is under the **** magical power of the magic pig. Now it is also a half-step heavenly road of the ridiculous nine-step great perfection, while the **** unicorn is only Only eight steps in this situation. in

In terms of speed, the **** unicorn is not as good as the nine crocodile crocodile. Although the old pig essence is nearly 50 billion miles behind, but under the full force, it can definitely catch him within 100 billion miles. Of course

After that, according to the meaning of Ye Xuan, it will be entangled. When the war on this side is over, the seven half-steps of the nine sacred crocodile will be turned back. The **** unicorn is still a dead, half suspense is not...

Ye Xuan has already regarded these two old guys as things in the bag. They never thought that they might have the possibility of fleeing. Therefore, at this moment, the order of the gods is ordered to the old pigs, and they are not concealed. Instead, he said it directly. words

The sound was introduced into the **** unicorn ear, and it immediately made him angry. After screaming and screaming, he immediately snarled in the sky..."

Ye Xuan, don't you go too far..."

"Don't forget that the deity is also an eighth-order absurd. If the dead black pig dares to come, the deity blew himself on the spot..."

"While the deity can't live, the dead black pig doesn't think too much. The eighth-order ridiculous self-destruction, the half-step heaven in the ninth-order world, I am afraid it will be seriously injured..."

Although the mouth is roaring, but the shape of the **** unicorn is not stopped for a moment, but the foot is tight, and the distance to the left is faster. This

Fan discourse in the ear, Ye Xuan turned his eyes on the spot, he knows, there is no need to say anything more at all, the old pig fine knows the choice...

"Hey..."

"You are a Lao Wang Ba Lazi, black pig is a black pig, what do you mean by adding a dead word in front of you? You can't die if you die pig grandfather..."

Sure enough, the voice of the **** unicorn just fell, the old pig fine immediately violently jumped up, the body shape directly into a black mans, launched a very fast speed, chasing away to the **** unicorn. One

While chasing, I still linger on the side, quite a bit irritated: "Hey! Big blood dog, you special give the pig grandfather, I stand..."

Are you not blew yourself? Come, let's take a look at your grandfather's grandfather. The old pig is thick and rough, and the grandfather is not addicted. You are my grandson..."

I am jealous, I don't want this kind of old eight-year-old pig, you are a king lamb..."

"I....."

Oh..."blood

The color of the unicorn is almost on the spot, but it is not a half-point method. It can only bite the teeth and rush to the ground.

The two chased one and escaped, and they have gone far in an instant... and

At this moment, the violent and four kings, the cheekbones and the black fog, also raised a terrible roar.

Under the flash of the cold, the first time it spurred the teleport..."

call out! ""

Oh..."

Seven successively undetectable light and dark sounds sounded at the same time, and the figure of the seven people disappeared instantly in the void. When it appeared again, the blink of an eye had reached the shape of the nine crocodile.

Then, under the flash of the cold mang, each of them punched out and directly rushed to the nine-spotted crocodile in the middle of the circle..."

Oh..."

"Hey!"

In this scene, the nine savage crocodile trembled and shivered, and witnessed a stunned screaming out of his hair. At the same moment, the seven powerful forces rushed to the horrible giant punch, and they have already landed. His body! "

puff.....""

You are a bunch of bastards, just too bully..."

This fist blasted out, the nine secluded crocodile did not directly fall, after all, is the eighth-order absurd, the foundation is not the general power.

Although it was not dead, this blow also caused him a huge trauma that could not be ignored. The guilt was completely broken, and the meridians were broken, and they dared not say that they were dying, but they were also very different...

Under the sorrow and anger of the heart, the nine sacred crocodile opened his mouth and squirted a blood arrow with the visceral fragments, and then immediately turned his head to a fierce scream, revealing endless despair and unwillingness...

Chapter 4983: Three of you are playing slowly

A hit and blast, although the nine crocodile crocodile did not die, it also caused a huge trauma that could not be ignored. The guilt was completely broken, and the meridians were broken, and they dared not say that they were dying, but they were also very different...

Under the sorrow and anger of his heart, he opened his mouth and spurted a blood arrow with visceral debris. Then he looked up and screamed with a fierce scream, revealing endless despair and unwillingness..."

Oh..."

Even if it is dead, the deity will not make you better... burst! "

"boom!""

Rumble..."

The last sentence of his roaring out, the nine genie crocodile huge incomparable body, the air machine is chaotic and violent. a few

In the next moment, the shocking sound came out. In the blink of an eye, the entire figure of Panda's tens of thousands of miles exploded. In order to spread a red blood fog for a canopy!

Even this piece of emptiness has collapsed, and the indefinite emptiness flows out..."

Oh..." the same

At one moment, the violent chills flashed, and when the figure retreated, a wave of hands suddenly flashed, and an invisible pound of anger screamed away. will

The **** fog caused by the self-destruction of the nine sacred crocodile swept through the body, and sent it to the bottom of the volcano in the central area of the Dingnai space, and began to condense blood! One

At the end of the cut, the shin bones, the black mist avatars and the four kings also flashed in the middle of the cold, without hesitation, and on the spot, they quit, and they quit the tens of millions of emptiness in the void. to

Therefore, the nine sacred crocodile fell, Ye Xuan's hand was only 13 of the ridiculous blood, and thus reached 14 pieces, just need to harvest the last one of the **** unicorn, today I have 15 The task of the piece is completed successfully.

These thoughts flashed through the brain, and the violent bottom of the violent glimmer passed by. The head turned to the left side of the void, the end of the line of sight, the **** unicorn and the old pig's body are faintly visible, separated from each other. But a billion miles away..."

call out! ""

Oh..."

At the same instant, the violent, scorpion avatar, the black mist avatar and the four kings shook their shoulders at the same time, directly activated the teleport, and launched the speed, and went to the far side of the left side of the sky.

Although there are tens of billions of miles away, the scene of the incident, the **** unicorn is completely clear and unobstructed.

This old guy is frightened.

I thought that the nine crocodile crocodile can support it for a while. After all, it is also an eighth-order ridiculous, and it is only one line away from the ninth order. but

He never imagined that from the seven people of Ye Xuan, to the nine sacred crocodile was solved, only two interest rates before and after, only time can be ignored.

I also originally expected the nine sacred crocodile to help him delay the escape time as much as possible. Now it seems that everything has been squandered. It is only a black-skinned old pig that has been chased behind him, but now the seven behind Killing the gods has also followed, it is almost human life...

Under the anger of the heart, the **** unicorn is screaming even if it rises up..."

Oh..."

Don't chase again, and then chase the deity is really blew..."

This is his only means. Besides, he really doesn't know what else he can say to frighten the eight killers he has followed. only

Yes, the voice has not finished, he closed his mouth, and the whole face was covered with purple sauce.

In the next moment, Ye Xuan's voice of God's voice came true, and it rang through the void. He listened to the **** unicorn and almost smothered the blood on the spot: "Self-explosive? That's quite welcome..."

"I just had a stupid bird. If it wasn't for his self-destruction, the temple hadn't gotten so fast to chase you..."

Oh..." This

The words are too big to face, but it is still a fact, Rao is a **** unicorn, this eighth-order ridiculous is almost unable to hold back, although not on the spot spurting blood, when the blood rushes to the top of the brain, the body shape is also A slam in the void...

The distance between the two sides is only tens of billions of miles. This distance is nothing for the half-step heaven of the ninth-order grand perfection.

That is, the **** unicorn itself is also an eighth-order ridiculous, although the speed is not as good as Ye Xuan and others, but the difference is not much worse, so under his biting teeth, the talents need a little time to catch up.

But at this moment, his figure is awkward, and the speed has dropped a lot in an instant. This opportunity is not to be missed by the old pig who is not far behind him. Under a teleport, there is a blink of an eye. In front of the **** unicorn, I screamed and raised a pair of forefoot to step on...

"I rely on..." blood

The color of the unicorn was almost on the spot, and the stunned figure suddenly stopped on the spot.

And with such an instant of work, the seven people who are chasing behind Ye Xuan are close to the eyes...

"call out!"

Oh..."

Several sharp and unpredictable sounds broke out, and the three **** seas and the four kings activated the teleport at this moment. The blink of an eye was close, and it was surrounded by a **** unicorn. There is no hesitation in half, and in the middle of the cold, there is a flash of light, and the arm is directly punched out..."

Oh..." This

For a moment, the **** unicorn was stunned, and the hair screamed out of the sky, but it couldn't change anything at all. He was already destined to fall on the spot...

"Hey!"

It's happening too quickly, just at this moment, the three **** seas, the four kings, and the front of the **** unicorn, the first to lift a pair of old hoofs, and at the same time, the porcelain is incomparably Bounced on the body of the **** unicorn. shock

When the bang of the sky came, he couldn't respond to it at all. He just had a screaming scream in his hair, and the eight powerful forces rushed to the horrible punches.

Between the eyes, the entire body shape of the **** unicorn Pangda tens of thousands of miles, it instantly burst into a red blood fog that quickly spreads.

Then, as a whistling sound rang, the violent screams waved for the first time, and an invisible invisible sigh of anger screamed, sweeping through the **** blood of the **** unicorn. In the body of the income, send it to the bottom of the volcano in the central area of Ding, and start it... blood purification!

At this point, the battle has finally come to an end. short

In a short time, Ye Xuan solved all the scheduled opponents, and none of them escaped. and

The **** blood in his hands has risen from the previous fourteen to the present fifteen...

The blood of the ruins is used to refine the 30th-level Tiandao Baodan. This level of Supreme Baodan, even if there are countless Ye Xuan of the generals, I am afraid that it will not be much, so fifteen desolation blood Fine, basically enough.

When I think of it, the violent sighs and sighs, and suddenly I think of something, and turn to the **** lions behind me and the two empty areas of the aristocratic fierce battle.

Under a slight glimpse, the look on his face became strange and instantly, and he shook his head. Then he answered: "The war on this side of the temple has already ended, and then I will not bother, three... you play slowly !"

Chapter 4984: Second step

After killing the **** unicorn, Ye Xuan sighed with a sigh of relief, and then turned to look forward to the road. Enter

The fierce battle that I saw in the eyes gave him a slight glimpse. Then the look on his face gradually became strange and shook his head. Then he answered: "The war on this side of the temple has ended, and then I will not bother, three. Bit...you play slowly!"

Oh la la..."He

The voices of the voices have not yet fallen, and there are squeaky squirts around them. The whole body of the sacral body and the body of the black mist instantly collapses and turns into a **** sea, spreading over the corner of the universe..."

Oh..." this

In addition, a sharp and unpredictable sound broke out. At the end of the week, the shape of the Nether King, the Blood Mosquito King and the Scorpio King, and the King of the Year, also turned into four masculine lasings. In the **** sea, it disappeared. whole

The vast expanse of the **** sea appears faster and dissipates faster. The blink of an eye condenses into a tiny worm-like sensation, but it is not far away, but it is directly devoid of flesh and blood. At the eyebrows, it flashed away!

At the same time, with the return of the four kings and the two **** seas, the old pigs on the right rear side also uttered a mad voice, and then their body shape was also turned into a mans. The spurt came...

Before and after, I was violently waved and directly absorbed the Shennong Baoding in the body! Are

In the moment, there is only one violent person in the void.

But in fact, even he did not intend to stop here. He turned to the **** lion who was still in the fierce battle in the distance, and the two ethnic groups nodded. They said that they were cheering and they shook their shoulders. Direct teleportation has gone away...plus

oil?

Play slowly? Even

What is the situation?

Looking at the disappearance of Ye Xuan's figure, not only the two people from the Ten Heavenly Palace and the immortal dynasty were stupid, but even the blood-stained lions were stunned. three

People were fighting fiercely, but they stopped at the moment. foot

After a few moments, they only subconsciously turned their heads to look around...偌

The big void is now empty, and no one except the three of them can see any figure. This

The feelings are too embarrassing, just like the shocking battle of the past, it has nothing to do with them. In the eyes of Ye Xuan, the master of the temple, the three of them are simply no different from the soy sauce..."

Roar! ""

What are the two old things? You are the cold **** of the hot face, the Lord of the Devils, Ye Xuan, I didn't take your eyes on you..."

Retracting the line of sight, the blood-scarred lion screamed and screamed, and the voice of the gods was instantly heard, revealing endless jokes and ridicule.

The faces of the two people's ridiculous faces are all green. This is indeed the face of the red fruit. I am so deliberately pleased. The people have not taken them as one thing at all. They patted their butts and left. It was a shame. Got home....."

Roar! Blood-sucking lions, you can't go anywhere, don't you see that the nine **** and blue sky Dapeng are all slaughtered? Leave you alone, Ye Xuan, the master of the devil's house, will simply become yours..."

Yes, it's only a matter of secret law to improve the cultivation. It's true that you and the old man are not at the same level. The Lord of the Temple is naturally thinking like this, and you are lazy to marry you..."

After some depression, the two old guys immediately turned their backs and their faces were mocking. "

Roar! ""

What about the cultivation of the secret law? The same can abuse you, two old guys, have the ability not to run, the devil killed you..."

"Come and come, the old man is itching, are you tight? Are you killing you today!"

"Don't talk nonsense with him. Today he smashed him here. He turned back and just took the Star Alliance together..."

People are inconsistent, and in an instant they will fight in the void, fierce...

.....

At the same time, Xusheng is deep in the forbidden place...

"Hey!" micro

The weak sound of the air broke out, and a faint glimmer of light flashed through the sky. A figure walked out of it, and it was the main lord of the temple.

After leaving the battlefield of the Tianji Star Field, he directly activated the body's phagocytic system, and with the ability to jump the interstellar coordinates attached to the system title, he rushed back in the first place.

At this time, the Great Hall of the Devil is still on the way back. and

The reason why Ye Xuan is rushing back is because after the previous series of battles, the repairs in his body have reached the extreme and will soon break through... No

However, before the retreat, the magic hall has to be arranged slightly, so as not to create an accident.

With a wave of hand, the four kings and the old pigs instantly turned into a spurt of anger, and the figure in front of the emptiness came to an abrupt end. "

The temple is going to be closed, the old pig, the magic hall should be a matter of affairs, and you are sitting in the town for a while..."

After two sentences, Ye Xuan did not hesitate, and he immediately returned to the Dongfu Star. "

Oh..."

To the giant peak in the Dongfu Star, with Ye Xuan waving, a lot of weak breaks sounded...

The Taoist volley came out of his body, hanging in front of him, all of which he took out from the immortal world of the body to develop this breakthrough. its

It includes all kinds of top-level cultivation resources such as the source of all evils, as well as the nine-color **** medicine. Exudes a rich energy atmosphere!

Taking a deep breath, Ye Xuan did not hesitate. Soon, all the cultivation resources were compressed by the domain field power that he urged Shennong Ding to only the size of the baby fist.

Then he was swallowed into the abdomen by his bones and quickly turned away...

"Hey!"

Rumble..."

Almost in the next moment, his body heard the sound of the chain's squeaking sounds. The power of a mighty power was formed in the river, accompanied by thunderous spreads, and it was carried out once and for all, and continued until it was thorough. Refining...

I don't know how long it has passed. This hanging energy is disappearing in Ye Xuan's body meridians and completely integrated into his soul and body. eye

Under the flash of the cold man, Ye Xuan immediately swayed, only the accumulative force launched an impact, this chain of chains has been broken. under

For a moment, and the system prompts in anticipation, it soon sounded in my mind..."

Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the second step of the ancient sage! "

"Hey, congratulations to the host, breakthrough in the realm of flesh and blood! The current realm: the second step of the ancient sage!"

Steps! repair

To break through again, but Ye Xuan's heart is not too much joy. because

In addition, even after he made this breakthrough, he once again exerted the magical power of the konjac, and directly entered the ninth change, and his peak combat power can still only be the ultimate success of the ancient sage!

Although it must be stronger than before this breakthrough, but how strong, from the real heaven, there will be a line of separation!

In the illusory sky of this ruined land, without the approval of the ruins of heaven and earth, he will never wear that layer of window paper, and he will never be able to enter the real heaven and earth...

The breakthrough has been made, but the combat power has not been significantly improved. This kind of thing, whoever encounters it, is not happy...

Chapter 4985: One big

After this breakthrough, Ye Xuan's cultivation has once again skyrocketed. Under normal conditions, he has reached the second level of the Absolute Supreme. can

Unfortunately, because of the force of the heavenly force of this piece of ruined land, even if he activates the konjac blood in his body, he will display the ninth change of the blood of the konjac. its

The limit of cultivation is still only a half-step heavenly road of the ridiculous nine-order grand perfection.

Although the combat power has been improved compared with the previous one, it should be able to compete with the mechanical beast that the emperor has merged with the whole mechanical family. But after all, it is only a half-step of the heavens, and does not take the last step. Correct

In this matter, Ye Xuan is no longer entangled, although his heart feels disappointed, but soon he calmed his mind.

"call out!"

Oh..." just

Returning from the back mountain of the Great Hall of the Great Hall, there is a faint sound of broken air in the Temple of the Great Peaks. Looking around, the Seven Great Yan Xiu and Xuanyuan Ziyan, Duanmu Tea and Zhao Qianru are three The face spurred from the magic hall...

Since the beginning of the period, the seven sacred repairs such as the ancestral stagnation and drought have been retreating in the past, and the three gimmicks of Xuanyuan Ziyang, Duanmu Xiaocha and Zhao Qianru have already closed their doors and are now improving themselves. Repair. Place

The interior of the entire Dongfu Star is quiet.

But now, with these ten gimmicks going out, I am afraid that there will be some troubles in the recent period...

Here, Ye Xuan could not help but smile, but at this time, the corpse of the ancestors, the ancestral ancestors, the ancient dynasty mother, the nine days of the mysterious woman, the nine-tailed fox, the phoenix goddess, and the Zixia fairy, and other seven major repairs, have also Grabbed in the near future.

"I have seen the master..."

To Ye Xuan, seven people even if they are profitable. she was

Although the seven people have been famous for the whole floodland, it is the famous era of the wilderness era, and after the accidental fall of the past life, after this life is born again, it has finally climbed to a new height again, reaching the previous life. Reached the ancient destiny...

But in front of Ye Xuan, the seven people have always kept their initial heart. In the face of Ye Xuan, although there is occasional play, but never oversteps...

If a scene is placed in the past, Xuanyuan Ziyang, Duanmu Xiaocha and Zhao Qianru must have three gimmicks, how to deal with Ye Xuan.

But nowadays, the three of them have already been familiar with the seven Yan Yan repairs. It can be said that they are like sisters, and naturally they will not feel that way anymore.

Ye Xuan smiled at the jaw and waited for the seven great Yan to get up. He swept his eyes and circulated on them.

After the stability of this period of time, the seven people who had just broken through the ruin of the past, have now been completely stabilized. Since then, they have completely rid themselves of the bad luck of the past life, and the butterfly has ushered in a new life. day

After that, you will set foot on a higher height! to

Yu Xuanyuan Zi Yan, Duanmu Xiaocha and Zhao Qianru three gimmicks, the retreat during this time is not small, and can even be said to be amazing.

First, their own cultivation is based on the fact that it is not high. Another factor is that Ye Xuan provides the most advanced cultivation resources, such as Zijinbao Medicine, Jiu Cai Shen Medicine and Chao Chao Medicine. again

Plus, the various levels of Baodan have already prepared a full set for them, and they have already handed them over to the twenty-ninth-level ridiculous Baodan who broke through the ancient and supreme. only

To reach the ninth-order great consummation of a certain realm, you can swallow it in an instant and break through.

Therefore, after this period of retreat, the three gimmicks have now crossed the five great emperors, and now they are all the universe. This

Ye Xuan was very pleased with the results. After a while with a group of gimmicks, he remembered the business, and the power of the gods spread all the way, covering the vast and innocent Xusheng forbidden land, calling all the genus of the temple. Surrounded by the sky around the stars of Dongfu...

A retreat took a long time, and the original army of the Devil, who was still on the way back, had already returned a few days ago. At this moment, with the call of Ye Xuan, the Xusheng ban was just like a sleep. The behemoth is fully awakened.

"call out!"

Oh..."

Roar!"

"Hey..."

In the countless stars of life, a large number of arrogance and whistling sounds came, and the major legions began to assemble. The tops of the magic halls were full of joy, plundering in the void, toward Ye Xuan's Dongfuxing Blame...this

Once, Ye Xuan is the assembly of all the members of the sacred sacred temple. The vast Xu Xing forbidden land, the powerful parties in the life stars will all gather together, naturally it takes a short time. he

Did not rush to leave, but after waiting for a day, just under a wave of hands, directly spurred the black magic hall standing on the top of the 巍峨 巍峨 peak, rushed out of the Dongfu stars, quietly stood above the atmosphere. this

Engraved, Ye Xuan sat on the knees of the temple, the seven Yan Yan and Xuanyuan Zi Yan, Duanmu Xiaocha and Zhao Qianru are also the same, sitting on the left and right sides of his figure. "

Oh..."

In a flash, four miles of glare came from the four kings. Although they were electronically separated, they were also Ye Xuan. At this moment, they rushed and stood directly around the black magic hall. "

Oh..."

Oh..."two

The pigs snorted, and the old pigs and the Taikoo pigs and grandsons rushed over. These two guys now all activate the **** magical power of the magical pigs, so the Taikoo porcupines also have a sense of ruin. except

In addition, there is a black robe from the original survivors' union, which is also behind the two guys. he

All three of us have awe-inspiring power, and we are in the air of the nearest black magic hall. and

Behind the trio, it is the top of the Devil's Hall below the abyss, and the one with the strongest strength is the ancient power. Although the number is small, it is quite a lot. put

Looking at it, the tops of the magic halls have all come, without exception.

Behind the old pig fine three are the wild powers from the bloody, Qingpeng and war lions, and the three great powers of the original survivors!

Behind it is the six bloody, Zhao Dong, Qian Nan, Sun Xi, Li Bei, and the old survivors of the Sangzhi family.

Including Qingniu and Yulinglong, Longjing, Gongjun, Lunyueyu, Three-jawed dragonfly, Longshan Tang, **** ancestor, Qingpeng ancestors, and **** and Qingpeng, war lions and three tribes are immortal...
...to

And in the end, more than two hundred emperors in the captive army consisting of **** and Qingpeng and the three lions of the war lions are immortal...when

However, nowadays, the high-ranking savage beasts led by the Taikoo tortoises are now gathered here.

There are also the commanders of the Tianhe Legion, the mosquitoes and the old ghosts, and the Naples, the emperor Mo Wentian, the devil's uncle, the cursive clan, the ninth, the madness, the Xuanyuan old man, the Duanmu old man, the Bodhi teacher, and other small idle forces and families. The high-rise and so on... There are thousands of figures in the ocean, all gathered here. on

Lian Yexuan has not seen everyone so close together for a long time. At this time, as he appeared, the line was swept away, and the face suddenly showed a happy color. Such as

Today's Temple of Devils, in this piece of shards of the wild, is absolutely... a big one!

Chapter 4986: Inheritance of the temple

It was not seen for a while, and all the genus of the temples were madly upgraded. Nowadays, the strength of the high-rises of the sacred temples has once again increased greatly, and they have all been the strength of the universe.

Among them, the Lord of the Universe and the Supreme of the Universe are not in the minority. For example, the genus of the Turtles, the Dragon and the Crazy Mosquito, are already entering the wilderness.

Ye Xuan was gratified by the results. The line of sight swept through the high-rises of the confidant gathered in the vicinity of the magic hall. After his slight jaw, his eyes shifted instantly and swept to the rear. Rear

Around the square, there are all kinds of warships, fortresses, fortresses, and the images of the warships and the starry beasts. They are at the end of the line of sight, and they simply can't see the side...

This time, Ye Xuan summoned all the members of the Devil's Hall to gather together, and the entire Xu Xing forbidden countless life stars have been empty, gathered here.

However, today's temples are numerous, but they are equally disciplined. The endless battle force in the void is also orderly. According to the six major regiments of the temple, each side is empty...

A legion is a beast army!

It consists of a starry beast that originally lived in the void of this piece of wild land. Including the beast army of the original Starry Nomadic Legion, as well as the starry beasts in the Xusheng forbidden land.

The commander is Qingniu and Yuling, Longjing, Gongjun, Heifenghu, and Liuyueyu.

The army is repaired as a starry beast with different strengths, and the total number is about 100 million!

The Second Army is a legacy army! by

The Sangzhi remnant tribe, and the tribe of the survivors of the Xusheng forbidden land, later joined the Alliance of the Survivors. Head

The former commander was the black robe, the nine nobles, and Zhao Dong, Qian Nan, Sun Xi, Li Bei and others.

The total number of survivors in the legion is hundreds of billions, and there are tens of billions of wars in various wars! First

The Three Legion is a nomadic army!

In fact, it was the former captive army, but now, after the final test, they have removed the hat of the captive army. The entire nomadic army is all strong from the three main planes of the world. Both

There are also races, there are also the second universe, and even some slaves and servants of the First Universe, as well as the strong parties of the former Venusian Federation. Head

The former commander was a member of the former prisoners' parliament, such as the Three-Claw Dragon and Longshan Tang. military

The number of troops in the regiment is the largest, totaling more than one billion, and the warships are all over 100,000 meters in diameter, a total of 50 million! First

The Four Legion is a captive army! eye

Only the captives of the bloody, Qingpeng and war lions are composed.

The current commander is a group of three tribes, as well as **** ancestors, Qingpeng ancestors and so on.

The total strength is more than 20 billion, all kinds of warships and large and small fortresses, and small fortresses of 50,000 meters, the total has reached one billion!

The Fifth Army is the Eighty Army!

The commander-in-chief is the Taikoo Porcupine and the Taikoo tortoise. The former has been prepared for the ridiculous level under the **** magical power of the magical pig, and the latter is already a wild power. whole

Although the squadrons are only about 100 million heads of starry beasts, they are all brave people who have gone through **** battles. The combat power is definitely the most powerful army of the five major corps of the Magic Hall. First

The Sixth Army is the Tianhe Army! System

Shuai is a mosquito-killing old ghost and Napoli, the emperor Mo Wentian, the devil's uncle, the tortoise clan chief Nine, the crazy mosquito emperor, and the Xuanyuan old man, Duanmu old man, Bodhi teacher and other small idle forces and family high-level .

These include the Devils group with the Lara Legion, and the original Tianhe Legion and the Triumph Army of Ye Xuan, as well as the Turtles and Blood Mosquitoes. This

Everything formed the entire Tianhe Legion, and the lineup was huge. It has been at the end of the line of sight. Although the current individual cultivation is weaker, the potential is definitely the most powerful among the six legions. Ye Xuan has a very high expectation. !

"In the previous battle, the sky of the sky was empty, and all the warships and the warriors of the Heavenly Kingdom were destroyed."

Retracting the line of sight, Ye Xuan's faint glimmering, the look suddenly became dignified, and after taking a deep breath, this took place: "Even the emperor's heavenly existence with all the official tribes of the entire Tianji nationality The celestial beasts have also been exiled to the endless stream of turbulent air..."

It can be said that if there are no accidents, the Tianji and the mechanical family have become history and no longer exist..."

"Now, the great power of this piece of shards in the emptiness of the heavens and the earth, only the mystery and the Heavenly Alliance."

"The three major forces of Tiandaomeng should have turned their backs and once again disintegrated into Star Alliance, Wanxiang Alliance and Terran Federation. But in the previous World War, the three major alliances have already awakened the absurd level of combat power, basically have been the temple. Kill it!"

"Now, our magic hall is in the void of this ruined land, it is a big one, but the real crisis will soon come..."

Speaking of this, Ye Xuan once again sighed: "The original battle of the past was the secret of the horror. It is the top forces of the major forces and ethnic groups. They are secretive and rarely mentioned, but now, it is no longer What is the secret..."

The temple has a very strong sense of foreboding. The so-called end of the flood will soon come to an all-round..."

At that time, if there is no accident, the whole world of the ruined world that was shattered in the end of the ruins of that year will have a piece of emptiness, including the three major star planes of the world, all of which will be brought together under the force of the blue eyes of the ruins. . ""

The void that we are now in is the main body of the great world in the past. Therefore, once the end of the floods, the three major stars and the main planes of the world will be gathered around, and there will be no more. Barriers, you can travel anywhere..."

"But at that time, it was also the time when the evil eye of Qingtian Tiandao controlled the law of this void, and reached the peak of the peak. At that time, our magic hall will also leave this void, and then retreat into it... Hong Mengkong!"

Before that, you don't have to pay too much attention to it. You must concentrate on improving your training at full speed, but you must be ready to evacuate at any time. At that time, once the temple is ordered, all the temples will be squatted, and the six major regiments will be a great army. It must be fully assembled in the first time, heading for the starry sky channel guided by the temple, and leaving it at the fastest speed, entering the Hongkong void..."

And there, our magic hall had a secret base camp that had been in business for many years and had been crouching..."

After confessing everything, Ye Xuan was like a heavy load, and the whole person was a lot easier.

After a short pause, the singer flashed in the middle of the sigh. The words were transferred to the front: "In the period of full evacuation, all the temples and the six legions must not leave the Xusheng ban."

In addition to the retreat to improve the cultivation, there is one more thing to do, that is, to enlighten the temple as the inheritance of the magic hall, to provide two kinds of supreme power to all people... As for how much they can comprehend, then look at yourself. The creation! "

"call out!"

"Hey..." said

When Ye Xuan waved his hand, there were two masculine shots in a moment...

Chapter 4987: Blood-sucking lions fight

"In addition to the retreat to improve the cultivation, there is still one thing to do, that is, to enlighten the temple as the inheritance of the magic hall, to provide two kinds of supreme magical power to everyone... As for how much each can understand, then it depends on you. Self-made!"

Having said that, Ye Xuan's faint glimmers, with the wave, two moments of masculine rushing out, rushing to the life star of the right side of the Dongfu Star...

"call out!"

Oh..."

The sharp sound of the air broke out, and the two volleys rushed away, and the speed reached the extreme. The blink of an eye reached the sky above the life billion of the billions of miles, and then the storm rose. most

In the end, in the eyes of the public, it turned into two huge monuments.

These two monuments stood side by side and stood on the atmosphere of the stars. They were all green and distinct, clearly distinct from the energy body, but revealed an incomparable solid and heavy atmosphere.

The surface of the monument has a large number of crepe patterns that are disillusioned, reciprocating, tens of thousands, constantly evolving...

It's a fixed-eyed look, and any one of them can seem to **** the mind into the general, which clearly contains infinite meaning...

Two huge monuments will always stand in the magic hall from now on. Even if the Xusheng ban is empty in the future, the six major corps of the lord will be evacuated from this place and enter the Hongkong void. They will also be taken away and stand in Hongmeng. In the new ancestral home of the magic hall in the void, let all the temples indulge in enlightenment.

But in the end, I can understand how much and how much I gain, just as Ye Xuan said, it depends on the individual's own talent, understanding and opportunity.

It is possible for him to decide to take it out after careful consideration. As the supreme powerhouse of the whole magical hall, it is naturally impossible to be ordinary.

These two monuments, the one on the left, contain the blood of the konjac. Of course, if the beasts of other races must comprehend, they must push them by themselves, like the old pig and the porcupine of the Taikoo pig. Nine changes in general, turning them into a magic dragon nine changes, the magic insect nine changes, and even the devil dog nine changes ... as long as you have this ability, just play.

The monument on the right contains the meaning of the sacred bow. Of course, it is not complete, but it is incomplete. But for the general star power, even if it is a broken sin, it is enough. As a life-saving card.

However, it is different from person to person to understand and how to achieve the final result.

All along, the six corps of the Magic Temple have numerous genus, all of which have a supply of top-level cultivation resources. After all, the legacy of the Legion of the Legion of the Legionnaires can now refine the flesh and blood, and the six legions are connected to each other. Development is by no means comparable to the outside world. but

They have always lacked the supreme power of the bottom of the box. Such as

Today, Ye Xuan contributed the konjac and the incomplete version of the 陨天弓, which should have solved this problem. phase

Soon after the letter, the members of the temple will have their own harvests. Maybe there will be a group of amazing people, and it is very possible...

At this moment, with the two monuments condensed, the whole piece of Xusheng's forbidden land has been suddenly smashed, up to the top of the six corps of the ruins of the black robes, and the generals of the six major corps. All of them are full of glory and have turned their heads. more

There is the power of the gods to sway on the two monuments, and I feel everything...this

In a scene, Ye Xuan was quite gratified. After a smile nodded, he suddenly waved his hand and immediately rolled up the seven Yan Xiu and Xuan Zi Zi Yan, Duanmu Xiaocha and Zhao Qianru three gimmicks, and passed through the star atmosphere at the foot, and returned to the Dongfu Star.

...

At the same time, in the Star Alliance Base Camp in the void of this piece of land in the wild! first

The Star Alliance forces that participated in the Tianji Stars family have returned a long time ago, including the one that is left in the entire Star Alliance, and the only one that is left behind.

But nowadays, the vast star field occupied by the Star Alliance is dead. There are a large number of powerful people in various life stars, but there is no movement. a few

All the creatures of all ethnic groups are crouching in their respective caves and nests.

Invisible, a desperate atmosphere that is strong and extreme, enveloped the entire star field...

In the First World War, the purpose of the Tiandao League and the Magic Hall was indeed achieved. At least, all the warships and the mechanical warfare army of the Tianji nationality were all annihilated.

Even the emperor Yi, with all the more than eight million formal ethnic groups left by the entire celestial family, fits into the celestial beast that has formed itself and has entered the real heaven, and is forced to exile himself to endless chaos. Flowing in the air.

If there are no accidents, I am afraid that there will be no return day...

However, although the Tianji nationality has been extinguished, although the Tianji Star Field has been completely emptied, for the Star Alliance, this battle is definitely not a victory. only

The winner of one is only the magic hall. except

In addition, the Tiandao League, which has teamed up with the siege of the Tianji nationality, has even fallen apart, and has re-invented the three forces of the Star Alliance, the Alliance of Ten Thousands and the Federation of the Terran. They have not only had no connection with each other, but have even turned against each other...

The League of All Nations is the worst. As long as this war began, there would be no more ridiculous eccentrics in the ancestral lands of the Alliance.

The Terran Federation is nowhere to go. The Emperor II and the entire mechanical family are basically equal to the Tianji and the Emperor. The peak power of the entire Terran Federation has only escaped from the two people's ridiculousness, and it is still the House of Devils. The main Ye Xuan disliked, lazy killing was able to survive.

Otherwise, I am afraid that, like the Alliance of Nations, the combat power of the lazy level will be nothing.

As for the Star Alliance, although it has also fled back to a blood-scarred lion, strictly speaking, he is only a sacred power, and the combat power of the ruin level is only forced to rise with the blood of the lions. of.

There are time limits.

From this point of view, today's Star Alliance is not as good as the Wanzu Alliance. In the vast league of alliances, there has never been an awakened ancient supreme... no one exists!

This kind of situation is too embarrassing, and it makes people feel less secure.

Nowadays, if Ye Xuan, the master of the Temple of Devils, thinks about it, just sending two kings to the land will be able to kill the entire Star Alliance. miss you

Here, the blood-sucking lion is stunned, and a screaming roar is screaming at the top, revealing the endless madness...

"Roar.....""

The other races of the Second Universe are not the same, and the ancestral lands of the ethnic group are still in the second universe, but the lions of the deity, and the **** and Qingpeng of the top three, have already brought all the tribes and the entire ethnic group. The ancestral land has migrated..."

In any case, all this must not be erased by the magic hall, otherwise I will sing a lion, so if it is completely destroyed..."

For the evolution of the ethnic group, the deity has no choice... can only fight! ""

Roar....."

Chapter 4988: The three ancestors are awake

"For the extension of the ethnic group, the deity has no choice... can only fight!"

Roar....."

The last roar came out, the blood-sucking lion was instigated, and the figure rushed out of the Dongfu Star, rushing toward the deepest part of the starry sky. Make

For the ridiculous blame, his speed is naturally very fast. After a few moments, he came to the deepest part of the star field. This area is very quiet, and there is no star in the imaginary sky. but

In the darkness in front, there are three dark light clusters standing in the sky, the diameter is not small, just like the secret stars of the three energy forms, more like the black hole vortex, but there is a faint light flashing.

The Star Alliance is formed by the major ethnic groups from the Second Universe, and the Alliance's authorities are the top leaders in the former Top Ten universe. when

However, because the Turtles chose the Temple, the empty position was replaced by another group in the Second Universe, but it was still ten.

Among the top ten ethnic groups, especially the bloody, Qingpeng and war lions, these three ethnic groups were originally the top three in the top ten communities of the Second Universe.

In addition, the reason why the bloody, Qingpeng and war lions have absolute right to speak in the Star Alliance is because all the tribes of these three ethnic groups have migrated from the second cosmic plane to this. The pieces of the ruins of the heavens and the earth are coming. package

The same is true of their ethnic ancestral homes!

The three in front of me are like black holes, but they exude a dim light energy vortex, which is the ancestral home of bloody, Qingpeng and war lions. can

Among the vortexes, there are still many ancestors of the three tribes in various times who are sleeping, and there is no shortage of strong ruins.

They used to wait for a while to wake up, but now, the blood-sucking lion is obviously unable to wait. At this moment, the reason why he rushed from the Dongfu Star to the depth of this star field, the purpose is to put three energy The three ancestors in the whirlpool wake up.

Not to wake up part of it, but all! because

In his view, even if all the ancestors of the ages of the bloody, Qingpeng, and Shishi ancestors were awakened, they are definitely not the opponents of today's one-of-a-kind magic hall.

Therefore, all the ancestors of the three ethnic groups in the three energy vortexes are awakened, and it is only the first step to be a blood-sucking lion. Connect

Down, after all the ancestors of the bloody, Qingpeng and War Lions who have slept in the ancestral lands of the ethnic group are all awakened, he will have follow-up actions to be carried out.

Not so, it is not enough to compete with the increasingly powerful magic hall...this

Naturally, there will be influence. If the three ancestors of these three energy vortexes wake up on their own, their cultivation can reach the extreme. When they entered the sleep retreat, they have made corresponding preparations.

Can wake up in advance, will inevitably have a gap with the original expectations.

However, the blood-scarred war lions have been unable to wait, and all the ethnic groups of the bloody, Qingpeng and war lions have all migrated to the shards of this ruined land.

In the event of the invasion of the Lord of the Devil, the Star Alliance is incapable of resisting, and the War Lions must destroy the tribe. This result he cannot bear.

In order to save the ethnic group and pay a little price, he feels that it is completely acceptable. "

Roar.....""

call out! "

"Hey..."眸

Under the flash of the cold, the blood-scarred lion squinted his hair and screamed, and then, in the **** mouth of his anger, three blood arrows rushed out, the speed reached the extreme, and the blink of an eye disappeared. Within the three energy vortices that are lined up in the sky beyond the tens of billions of miles, it disappears...

The energy of the three blood arrows is rich and violent, and the blood-scarred lions even incorporate a drop of soul blood in them, in order to wake up all the ancestors of the bloody, Qingpeng and war lions, he is Pay a lot of money! "

Hey! ""

Oh..." with

The blood arrow did not enter, and the three vortexes of energy, which are like the size of a star, came a low humming sound. and

The blood-sucking war lion has no other movements, so he stays in the void and waits quietly.

Time has passed slowly, and the blood-stained war lion has never left. The low-pitched humming sounds from the three energy vortexes in the front of the tens of billions of miles have become more and more urgent and high. One

After the time of the incense sticks, from the three energy vortexes, different movements finally came out. "

Roar! ""

Oh..."

"This is the soul of the lions of the war lions. He is forcibly calling me and so on..."

what happened? He was forced to this position. "

"At the beginning, the **** ancestors of the bloody, Qingpeng, and war lions set a new rule, and made me wait for the three tribes to join hands with each other at all times, and advance and retreat together..."

The ancestors of all ages who lived in the three ancestral ancestors, once they captured the soul and blood of any of the three sages, must immediately interrupt the sleep and forcefully wake up. "

"Because this represents, it is the death of the family of the bloody, Qingpeng and war lions."

How many years have passed? There has never been such a crisis, and today... has it really come? ""

Wake up, all the friends, my bloody, Qingpeng and the lions and tribes of the tribes of the family are in danger of surviving, and my sleep is no longer meaningful, all the invading foreign enemies must be annihilated, with blood With the fire, defend my tribes..."

"Roar!"

Oh..."

Rumble..."

The sound of the low and distant sense of the gods, the three energy vortices alongside the tens of billions of miles in front of the sky, suddenly violently trembled, and made a roar like a roar.

At the same time, within the vortex of energy, there were even more horrifying roars and screams, and the initial number was not much, but it was quickly intensive.

Then, with the sharp and unpredictable sound of the air, from within the three energy vortexes, there was a rush of spurs, and after three energy vortices rushed out, the storm rose and instantly became one. The head is bloody, Qingpeng and the warrior with a strong breath. This

These existences are all the ancestors of the three tribes who entered the three ancestral lands and started to retreat and sleep in different eras.

Because the period of entering the ancestral retreat is different, and the original repairing strength is different when entering, so now they are awakened at the same time because they sense the **** smell of the blood-sucking lion, ending the long-term sleep, together Exit. but

In fact, the ancestors of the ages of the bloody, Qingpeng, and lions who rushed out of the three energy vortices at this moment, and the temperament that they radiated from the body, are also different. but

The weakest is also the Lord of the universe. As for the strongest, it has already reached a state of absurdity. three

The ethnic groups, the ancestors of all ages rushed out of the three vortex ancestors, the total number of commissions has been quite a lot, and it has reached more than 100, absolutely shocking...

Chapter 4989: Full vote

"Roar!"

Oh..."

Oh..."

With the horror of the sky and the whistling sound, the figure rushed out from the three energy vortexes beyond the tens of billions of miles ahead, and it took more than a fragrant time to rest. Virtual

The cicadas that have been ringing all the time in the air disappeared. The three energy vortexes that are like stars are no longer trembled. This represents the ancestors of the three tribes who have been sleeping in them. They have all been awakened... put

Looking into the sky, there are nearly two hundred figures in front of the sky, all of which are bloody, Qingpeng and war lions. The size is big and small, the form is basically the same, just some Subtle, different... near

Two hundred ancestors of all ages, bloody, Qingpeng and war lions each have about 60 or so, and the weakest of them are also the masters of the universe. to

In the wild and the ancient and the ancient, the three tribes each have five or six. plus

Together, the nearly two hundred ancestors of the three tribes of all ages, the ancient powers and the ancients, the total number of each of the sixteen and seven.

Even the half-step heavens of the ridiculous nine-step grand perfection, bloody, Qingpeng and war lions have two different. can

Even so, the half-step heavens that the tribes add up are only six, and there is still no way to compare them with the magic hall.

"You, my blood, the survival crisis of the Qingpeng and the War Lions have already come..."

After the three energy vortexes in front of the tens of billions of miles have been completely stabilized, the blood-scarred lions in the emptiness of the sky suddenly speak out, and the tone of the endless grievances is expressed: "In the previous battle, although the Tianji nationality has basically been annihilated But at the last juncture, I joined forces with my Star Alliance to attack the magic hall of the Tianji Star Field, but it hurts the killer..."

Nine heads of **** and blue sky Dapeng two friends, have been degraded, killed by the main hall of the magic hall, Ye Xuan, even even joined the Star Alliance of the Scarlet and the Nine Ghosts, the same is true, was killed Ye Xuan's hand..."

Today's magic hall, in this piece of wild land, the emptiness of the sky is a big one, just a half-step heavenly road of the ridiculous nine-step great perfection, there will be eight giants, even if it is my blood, Qingpeng and war lions All the ancestors of the ages who were sleeping in the ancestral land were awakened and still not their opponents..."

Speaking of this, the blood-sucking lion suddenly made a meal, and then the voice of the gods, the structure of the various forces in the sky, and the bloody, Qingpeng and war lions. After all the ethnic groups and ethnic ancestral lands have fully entered the emptiness of this piece of ruined land, what has happened in the land has been roughly said. complete

Actually, the nearly two hundred ancestors of the three tribes in the emptiness of the front have been sleeping in the ancestral homes of all ethnic groups, and they simply do not know the situation outside...

The opposite side of the sky is silent. Nearly two hundred ancestors of the three ethnic groups who have just awakened from their respective ancestral lands are listening carefully to the introduction of the blood-scarred lion. angry. he

They have just awakened from the long sleep, the fluctuations of the mood can not be too big, otherwise it will not benefit themselves. "

Everyone, the general situation is like this. Now, in this piece of ruined land, the magic hall has become a big one. The Alliance of Tensions and the Federation of Terrans have also turned against the Star Alliance..."

What's more, even if they are now difficult to protect themselves, even if they have never turned their backs, they have no time to take care of us. As long as the Lord of the Devils comes here, the Star Alliance will be destroyed in an instant. ""

At that time, other ethnic groups from my first universe will fall. After all, there are still ethnic groups and ancestral lands left in the first cosmic plane, but my blood and Qingpeng, the lions and tribes, have migrated from the family. The ancestral land in the Lian ethnic group is also the same. If the Lord of the Devils really wants to come, it will definitely be the danger of the genocide in my tribe..."

"And this is exactly why the deity has considered it for a long time, and finally decided to awaken all the ancestors of all the times in the three ancestral ancestors."

But only by the strength of the three tribes, even if all of you who have been sleeping in the ancestral land have awakened, they are not the opponents of the magic hall..."

Here, the blood-stained war lion once again turned around and turned to look at the nearly two hundred ancestors of the three tribes in the sky. This

Only then: "So, the deity means to unite the power of all of you, and at the same time activate the power of the energy vortex of my three ancestral ancestors, blasting a smooth path in the void, and this star field, with the second universe A certain star field of the face... forcibly merged!"

In this way, the other great families in the second cosmic plane can be dialed through this empty passage in an instant. "

"Including the ancestors of all ages who sleep in the ancestral lands of all ethnic groups, they can wake up at any time when needed."

At the same time, if there is a danger of extermination, then my bloody, Qingpeng and Shishi tribes can also retreat to the second cosmic plane through the void passage in the first time to avoid the extinction. Dangerous. "

"In a word, Star Alliance is not just my bloody, the Star Alliance of Qingpeng and the War Lions. Since entering the emptiness of this piece of land, the other ethnic groups of the Second Universe are all in my tribe. Living under shelter..."

"But nowadays, I have waited for the three tribes to awaken the ancestors of all ages in the ancestral lands of the ethnic groups, but they are still not enough to compete with the magic hall. So, naturally, they are all other ethnic groups, contributing a contribution to the alliance. The moment of strength!"

"Seconded!"

"Seconded!"

"The deity has no meaning..."

This is what it should be! "

"attachment..."

The voice of the **** of blood-blooded lions fell, and the front of the sky, the nearly two hundred **** singers who just woke up from the slumber, the ancestors of the Qing dynasty and the lions of the three dynasties, all of them immediately It is stated. most

The end result was a full vote, and all of them supported the decision and proposal of the blood-sucking lion. No one objected.

After all, for the bloody, Qingpeng and Shishi tribes, this proposal has only one hundred and no harm. They really have no reason and possibility to respond...

As a result of this, as early as in the expectation of the blood-sucking lion, at this moment, seeing that all the nearly two hundred ancestors of the three tribes had no objection, all reached a consensus, even if he nodded, his face showed a gratifying color. .

Then, the voice of God's knowledge came out again: "If this is the case, then I will start..."

"They listen to the unified command of the deity, and motivate them all together to activate the energy vortex of the three ancestral lands of my family to form a resonance..."

"Three, two, one... shot!"

"call out!"

"Hey..."

The last two words, the blood-sucking lion is arrogant.

As the madness rang, his body immediately had a **** glare, and at the same time, in front of the void, the nearly two hundred ancestors of the three tribes also motivated the body. The power, together, shot a beam of energy, and rushed away...

Chapter 4990: Second universe

"call out!""

Oh..."

In the void, a lot of broken sounds, sharp and sharp, scalp and numb. With

The blood-scarred lion made the last arrogance, and in his body, there was a **** spurt in the moment...

At the same moment, the nearly two hundred ancestors of the three tribes in the emptiness in front of the sky also fully urged the strength of the body, and they all shot a beam of energy, and rushed away...

These nearly 200 energy beams are all extremely fast, surpassing the speed of light. It is the result of the efforts of the ancestors of the three tribes at all costs.

The colors of these energy beams are different, but they are all very strong, revealing a rich and fascinating energy atmosphere. In the blink of an eye, they are all immersed in the three energy vortexes that are lined up in the sky. In...this

The three energy vortexes are the ancestral homes of the bloody, Qingpeng and war lions, and the ancestors of all three generations are sleeping in them. it

They are from the hands of the tribe's blood source.

At the beginning, the **** ancestors of the second universe in the world, the blood ancestors of the Qingpeng and the War Lions, namely the **** sea konjac, the big enchantress and the **** lion, are three powerful wild creatures. Before leaving the second universe, before going to Hongmeng, they used their own blood and supplemented with great powers to create these three energy vortexes out of thin air...

It can be said that among the constituent energies of these three energy vortices, there is the blood force of the blood sea konjac, the big enchanting 鲲 戮 and the **** lion. and also

It is precisely because of this that they are regarded as bloody, Qing Peng and the ancestors of the tribes of the War Lions. The ancestors of all the ages of these three ethnic groups have entered the closed-door and sleep, and are exposed to the blood of the source ancestors. The strength of the force is better than the submersible and sleeping in the outer universe. Such as

Today, all the ancestors of the three ethnic groups who have just awakened have activated their own blood, and even added some soul blood, fully motivating their own power, turning into a blood energy beam and immersing in these three energy vortexes. in. Are

Between the moments, they resonate with their resonance..."

Hey! ""

Oh..."诡

The different humming sounds immediately, and it was extremely low and slow at first, but it quickly became sharp and sharp...

At the moment, including the blood-sucking lion, all the people held their breath, and the face showed a nervous and excited look, but there was some sorrow between the expressions. The energy beam that contained the power of the blood and blood. Let them all lose a lot... near

Two hundred eyes, all gathered in these three energy-like vortexes like stars, revealing endless enthusiasm and expectation. Virtual

In the air, the strange humming sounds are getting sharper and more hurried. Ten thousand

In the eyes of the public, these three energy vortices, which were originally lined up in the void outside the tens of billions of miles, seem to have gradually become inductive, and the earthquakes are synchronized, which actually creates an invisible attraction.

Yes, they are all in the middle of the word, and they are gathering in the middle. When they see this scene, all the people are excited because it shows that their efforts have been successful, **** and Qingpeng, and the lions and tribes. The ancestral vortex is about to merge into one. Session

When the virtual space that locks the coordinates of the second cosmic plane comes down...

"Hey..."

The humming sounds are strange and sharp, and more and more sharp and rushing. In this way, the time of nearly a fragrant incense has passed, and the three energy vortices that were originally lined up in the imaginary sky in front of the tens of billions of miles have finally overlapped. , merged together...

"boom!"

"Booming..."

Oh..." This

For a moment, an earth-shattering explosion came, accompanied by a thrilling thunderous sound, the sound was too alarming, and the whole star-shaped star field occupied by the Star Alliance shook.

At this moment, within the numerous stars of life in the great star field, countless people and strong people from the second universe all trembled with trepidation. Suddenly, they thought that this was the aggression army of the magic hall.

Almost all of the conditioned reflexes, all the tribes and strong people in the stars of life are all subconsciously crouching on the ground, and they are huddled in the corners of their respective caves. They are shaking and shaking, and all of them are extremely desperate. It seems that the end of the day has come. but

Soon, these people from the second universe of the tribes and the strong, the shape of the body will be in the same place, the face is sluggish, the face of the stunned, but subconsciously raised the head, regardless of Can you see it, all looking towards the deepest part of this star field. This

For a moment, they suddenly felt a familiar atmosphere, although very weak, very vague, but the power of summoning from the blood is not deceiving people.

They seem to have sensed the source of the blood in their own ancestral lands.

Not an illusion, but a fact!

Just in the bloody, the energy vortex of the ancestral lands of Qingpeng and the Shishi tribes formed a mutual resonance, merged into one, and exploded in the next moment, in the deepest part of the star field occupied by this Star Alliance, accompanied by a Just like the phoenix-like crisp cracking sound, in the void, suddenly there was a huge crack...

This crack is too striking. It straddles the deepest space in the star field. The left and right sides are tens of billions wide, and almost all of the big star fields occupied by the Star Alliance are worn. it

Extremely wide, but very narrow, the height was only tens of millions of miles, but it quickly seemed to be pulled by an invisible giant, and quickly expanded... short

Just a few short breaks, the deepest part of the star field occupied by the Star Alliance, there is a sky-like void crack.

The width of the left and right is tens of billions of miles, and the height of the upper and lower sides is more than 10 billion miles, replacing the corner of the star...

In this crack like a hollow curtain, it was originally dark, and there was still a lot of emptiness flowing in the air, but soon, under the influence of some unknown invisible force, the structure in the void crack changed. It is getting more and more stable, even the original blackness in the cracks seems to be slowly becoming thinner and some changes..."

call out....."

The undetectable sound of the empty sound, in this void crack, suddenly a more striking light.

This is a starlight, spurting from another piece of cosmic void at the end of the crack.

This kind of starlight, only one at a time, but soon more and more, just a few dozens of interest will form a flashing trend, under the faint starlight, this huge void crack is no longer dark. It is as bright as a star. and

Through the breath of the sudden emergence of the Milky Way, it is clearly the second cosmic plane in the main plane of the three stars in the world...

At one moment, the bloody, Qingpeng and war lion tribes, at the expense of self-destructing the three bloodline ancestors, finally succeeded in completing the second cosmic plane and the shards of the shards of the wild world!
