### Chapter 4991: The way out of the alliance of the nations

With the bloody, Qingpeng and the Shishi tribes at the cost of self-destructing the bloodline of the three tribes, finally succeeded in completing the second cosmic plane and the plane of the shards of the ruins of the wilderness...

The deepest part of this vast expanse of stars occupied by the Star Alliance, a broad passage connecting the second cosmic plane, has been completely stabilized.

This virtual passage is too wide, with tens of billions of miles left and right, and the height of the passage is more than 10 billion miles. Not to mention the battleship army, it is a giant star, which can easily walk through it easily. . From

From this moment on, there is no barrier between the Second Universe and the emptiness of this piece of land, from this void passage, any strong, any force of the battleship army, can be in this piece of land Between the second cosmic plane, any round trip.

This is of great significance, especially for the Star Alliance, it is even more incalculable.

With the solid existence of this void passage, not only the army of the second universe, but also the slumbering ancestors who are awakened in their ancestral lands, can come to this star field where the Star Alliance is located.

Once confronted with foreign enemies, no one can compete against it, and now any Star Alliance powerhouse in the void of this ruined land can escape through the Second Universe.

Although this will bring the invading enemy into the second universe plane, if the forces gathered in the second universe can not compete against the enemies of the invasion, then people really have to have the heart, and sooner or later they will chase the past. With or without the convenience of this void passage, there is not much difference...

It is said that this existence of the void passage that makes the piece of the shards of the wild world and the second universe position achieve a stable plane, although there are certain drawbacks, in short, it is definitely better than harm!

At this moment, with the complete stability of the Void Channel, the blood-stricken lions and \*\*\*\* scorpions, the nearly two hundred ancestors of the era who have just awakened, have been hanging in the eyes of the blind, and finally fell.

With the existence of this void passage, once the army of the magic hall strikes, at least \*\*\*\* and Qingpeng, the catastrophe of the tribes of the war lions can be temporarily avoided, and it is no big deal to escape to the second universe.

At that time, it will be able to pull up other ethnic groups in the Second Universe, so that they will all awaken all the ancestors of the various ages in their respective ancestral ancestors, and together with the demon temple, may not have the power of self-protection.

Of course, all these things are not necessary now. After all, the Great Hall of the Devils has not yet come, and they have not seen the signs that they are about to fully attack the Star Alliance.

The greatest significance of this virtual passage now exists is actually a heart-throbbing final retreat..."

Roar! ""

Oh..."

"Oh..."

Fast, the sound of arrogance and whistling sounds in the vast stars of the Star Alliance, revealing endless joy and surprise.

This is the high-level star of the other constellations in the Starry Alliance from the second cosmic plane. They sensed the blood of the ethnic ancestral land, which is now coming from all sides of the Star Alliance. want

To rush into this void passage to the second universe...

Therefore, the \*\*\*\* war lions and other \*\*\*\* tribes and ancestors did not stop, let them send some high-level to return to the second universe, it is also beneficial to detail the situation here to the ancestors left behind in their respective ethnic groups.

At the very least, the senior ancestors of the other ethnic groups who stayed in the second universe will be aware of the crisis. When they need their efforts, the old guys naturally know what to do and can wake up the ancestral slumber as soon as possible. The ancestors of all ages! "

call out! ""

Oh..."

Rumble..."

The sound of the emptiness sounded, accompanied by the thunderous kinetic energy of the blasting of the kinetic energy cabin, a fleet of rushing into this void passage, returning to the ancestral homes of the Second Universe.....

...

Wan nationality alliance!

It has been a long time since the First World War, and the army of the Wan National League has already returned to the star field occupied by the Alliance. Since then, it has been crouching and did not dare to go out, but sent a large number of scouts.

Pay close attention to the progress of the World War I, and return in the first time...

The Alliance of Nations was one of the three major forces that formed the Tiandao League. This time, they participated in the battle of the Tianji Star Field. The Alliance Army sent a battleship army in the past through the star passage connecting with the Terran Stars. but

They only participated in the initial conventional level of warfare. As for the battle that later besieged the heavenly beast, there was no one in the entire Wanwan alliance.

At the beginning, the Star Alliance and the Alliance of All Nations had a large army of troops coming from the three major star planes of the world. Ten thousand

On the side of the ethnic alliance, the space mouse, the \*\*\*\* ant, the giant fierce and the evil spirits of the Slim family, like the \*\*\*\* alliance of the Star Alliance, the Qingpeng and the War Lions, are also the same family. that

Once, the four tribes brought about 40 billion warships assembled by other slaves and servants of the first universe. Since then, the entire Union of Nations has had 24 late powers and four mid-terms. The ancient age of the realm! can

Unfortunately, in a short period of time, these four ridiculous geeks and twenty-four late abilities have all been killed by Ye Xuan, the master of the Temple of Devils.

Nowadays, within the alliance of the Wan Nationality, there are only a dozen noble powers.

They were killed by Ye Xuan after killing all four ridiculous eccentrics of the Wan Clan League, and then they were transferred from the universe to the space scorpion, the \*\*\*\* ant, the giant savage, and the evil spirits. Among the ancestral lands, the awakened ancestors. Call

They are only the four kingdoms of the universe, and the concentration of the blood is simply not enough to awaken the absurdity. The ancient powers are the limit. Therefore, today's Wanjia alliance will not have a despicable place to sit, only these dozens The four ethnic groups are just great.

Nowadays, the warfare of the Tianji Star Field has completely ended, and everything that happened in the later days has already spread. The dozens of four ethnic groups who are now sitting in the Wanzu League are also in the inner hall of the starry world. Discuss...

In this battle, although the Tianji nationality was annihilated, there was only one celestial beast that had already entered the real heaven and earth, and it was seriously injured, and it was exiled to the turbulent air.

However, Tiandao League has also suffered a devastating blow.

Nowadays, among the three major coalition forces that formed the Tiandao League, the Terran Federation and the Star Alliance have turned against each other. Although all the Wanzu Leagues are not involved, they are extremely innocent, but with the opposition of the Terran Federation and the Star Alliance, the so-called Heavenly Way The alliance is in name only.

There is basically no possibility for the Alliance of Nations to continue to form alliances with the Star Alliance or the Terran Federation.

What's more, from this battle, the faces of the top leaders of the Terran Federation and the Star Alliance are also too ugly, and they ask themselves, and all the top leaders of the Alliance of Nations have no intention of forming alliances with them at all. that

What is the reason for the Wan Clan alliance that is not in the past, it must be considered carefully. At present, it is this matter that the ten-member power of the Alliance of Nations has discussed.

Chapter 4992: Drawing a gourd

At this moment, within the hall of the Alliance in the depths of the Wanzu Alliance, there are now more than a dozen ancient powers in the Union.

In response to the current situation of the emptiness of this piece of land, it is a great alliance of the Wan Clan alliance, and put forward various suggestions and ideas!

More than a dozen great powers are very heavy, and the look on the face is also very dignified, revealing a sense of worry that is too thick to be able to open..."

Although the Tianji nationality has been destroyed, the Tianji beast has also been seriously wounded and exiled, but the Tiandao League has also fallen apart. As a result, our Wanzu League has no such a level of combat power, and it has become extremely dangerous..."

"It's not just the temple, but even the Terran Federation and the Star Alliance are likely to come under attack."

"The old guys are not good birds. It was only because of the formation of the Tiandao League, so it was inconvenient to shoot. Now the Terran Federation and the Star Alliance have been torn apart. If necessary, we are in their alliance. In the eyes, it is undoubtedly a soft persimmon that can be pinched casually..."

What's more, Ye Xuan, the master of the Devil's Temple, seems to have a deep misunderstanding of the Wan ethnic alliance. Two raids came from before and after, and the twenty-four powers and four desolation monsters that I originally belonged to in the Wanzu League were all bombarded. Killed, seeing that he is so deeply guilty, it is really difficult to protect the Temple of Devils from the Alliance of All Nations..."

"This is indeed a serious matter. We must be wary early. Now it seems that I can only wake up some of the ridiculous old monsters from the ethnic groups that I have migrated from the four races and let them come out to preside over the overall situation."

"It is now the only one of the magic halls. It is only a half-step heavenly level of the ruling nine-step grand perfection. There are eight giants. If the number of the ancestors who wake up from the ancestral ancestors is too small, It's too weak to be trained, but it's really a bit of a pity if it's more than one..."

"How to balance and grasp this, it is really a headache."

Here, more than a dozen of the great powers in the temple looked at each other and shook their heads and sighed...

"Hey..."

When the people couldn't decide, there was a spurt of anger from outside the hall, and it was swept by one of the dozen or so great powers. The power of the gods was extended and expanded..."

hiss! A big handwriting, Star Alliance is crazy? "only

Only a micro-exploration, the ancient tyrannical power of the giants suddenly changed, and suddenly disappeared and exclaimed...

Everyone turned around and looked at each other with a look of horror. The whole heart mentioned the eyes of the blind, and maybe! "

You can see it..."

call out....."

The ancient powers of the giants have already frowned, and they waved their hands directly, and sent out the mans that had been taken over by the other people. The other dozens of ancient powers in the hall were circulated in turn.

After the interest rate, everyone circulated, all of them were chilling, and their faces all showed the same shocking color, screaming...

"The blood-sucking lions have all awakened all the ancestors of the bloody, Qingpeng, and Shishi ancestral ancestors, and even gathered the power of nearly two hundred ancestors, self-destructing the three tribes. The ancestral land, forcibly opened a void channel in the depths of the Star Alliance, and completed the solid integration with the second universe plane? It is really a big hand..."

"It seems that this old guy is forced to no way, and this is the next step..."

After all, they are lions and bloody, and the Qingpeng and the two have already migrated all the ethnic groups to the emptiness of this ruined land, including the \*\*\*\* ancestral homes of the ancestors of all ages. In the case, if the Lord of the Devils finds the door, the \*\*\*\* tribes are absolutely to be completely extinct...."

"The blood-sucking lion has paid such a heavy price, just to avoid the \*\*\*\* tribes being annihilated. This move is to force the other races of the second universe to be \*\*\*\* with their tribes. On the battleship of survival..."

"It seems that our space rats, \*\*\*\* ants, giants and evil spirits are also in this situation. Not only have all the ethnic groups migrated, but also the ethnic ancestral lands. It is true that we are faced with The crisis is even more serious than the \*\*\*\* tribes. Before making such a decision, at least one blood-sucking lion has a level of combat power, and we..."

At this point, the words of the last voice of the space mouse, the savage mouth, came to an abrupt end, but the look on his face suddenly became strange, and he turned to the other four people in the hall to see the past. ....This

At one moment, the atmosphere in the hall became dull, and more than a dozen ancient geniuses from the space mouse, the \*\*\*\* ant, the giant savage, and the evil spirits of the Slim family, all face each other, although all have no words, but the face The look is very tangled.

Twilight is more flashing, clearly fighting in the heavens and man, thinking about some extremely difficult decision...

The restless silence lasted only ten times. After ten years of interest, more than a dozen ancient geniuses from the space rat, the \*\*\*\* ant, the giant savage and the evil spirits Slim were raised at the same time. Under the flash of Zhongjing Mang, once again turned to look at each other. This

Once, just a single eye contact, they made it easy to reach a consensus in a flash, and the whole person suddenly became inexplicably relaxed. its

A few of them even sighed with relief and a faint smile on their faces. Then they nodded and nodded.

"This piece of land in the ruins of the ruins of the world is too heavy now. The temple is a big one. The Federation of the Terran and the Stars of the Stars also jumped into the wall. Only the Alliance of the Ten Nations is the weakest, too dangerous, and the disease must be severe. ....""

There is at least one blood-staining lion at the Star Alliance. It is a battle of the level of abundance, but people have made such a choice. Why can't I follow suit? ""

Yes, do we have more than a dozen ancient powers to fight against the Magic Hall, the Terran Federation and the Star Alliance? Even if we are not afraid of death, we can't even be tired of the countless strong people of the entire Wan National League! "

"The other tribes are all over, even if the army in the league is all dead, at least there are people in the first cosmic plane in the world, but our space mouse, \*\*\*\* ants, giants and evil spirits. It has already been moved from the family, and it is a little mistake. For me and other four people, it is the real danger of the genocide..."

If this is the case, then I will become the sinners of the ethnic group, and the death is not enough..."

"So, there is no need to think too much. There are precedents in the front. I can completely follow the Star Alliance and make the same decision as the blood-staining lion. I will draw the gourd and sleep in the four ancestral homes. The ancestors of the era, all awakened..."

Then, it is up to the ancestors to decide whether to self-destruct the four ancestral lands, such as the Star Alliance, to establish a plane channel that merges with the first cosmic plane..."

"Just decide this, no need to think about it."

"Seconded....."

Chapter 4993: Four ancestors wake up

"call out!"

"Hey..."

In the void, a burst of sound broke through the air, and more than a dozen figures rushed out of the stars of the Alliance Hall in the depths of the Star Alliance. This is the wilderness of the space mouse, the \*\*\*\* ant, the giant savage and the evil spirits. can.

Under the pressure of the situation, these dozens of ancient people have made the same decision as the blood-sucking lion!

In the face of the shards of this ruined land, it is already a unique magical hall. They are simply unable to resist. In order to avoid the danger of extermination, they have no choice but to awaken the space mouse and hell. The ancestors of the era, the ants, the giants, and the evil spirits of the four ancestral lands of the Slim...

Like the Bloody, Qingpeng, and War Lions, the space mouse, the \*\*\*\* ant, the giant savage, and the evil spirits of the first cosmic plane, also had the source of the ancestors who left the blood. that

After leaving the blood of these four races, the four source ancestors drifted away and left the three major star planes of the world. They disappeared. It is said that they went to the mysterious Hongmeng void...

Before leaving, the source ancestors of the four ethnic groups used their great powers to sneak away after they had gathered an independent small cave in their respective ancestral lands.

Since the endless years, the ancestors of the era of space rats, \*\*\*\* ants, giants and evil spirits of the Shilams have entered the four small independent caves into the sleep.

Because this small independent cave is not only safe, the structure is stable, but also has the effect of condensing the aura of the heavens and the earth, and its inner spirit is full of incomparable, it is the best place for retreat.

All the ancestors of the four ethnic groups who entered the independent cave days have made perfect preparations, and did not intend to go out in a short period of time. They each set goals, and even some of them existed for almost eternal sleep.

As long as there are no major changes in the ethnic group, they will not wake up.

Most of this kind of existence is carried out with the purpose of impacting the abyss, and the short-term retreat can not achieve the purpose. Only this kind of near-eternal sleep can have hope...

But nowadays, the four ethnic groups are more than a dozen ancient and powerful, and the reason why the ancestors of all ages in the ancestral lands of all ethnic groups will be awakened, the purpose is to awaken the ancestors of the four generations who are rushing to the deserted land. Let them come out to preside over the big picture.

Since the endless years, there have been too many ancestors of the space rat, the \*\*\*\* ant, the giant savage, and the evil spirits of the Slim family to enter their respective ancestral lands. Even a few of them have successfully entered. In the age of absurdity, the four tribes add up, and there are also many absurd eccentricities.

To counter the demon hall, roughly should be enough.

What's more, as long as you wake up these ridiculous old monsters, they will be the ones who will be the masters of the time. What are the ethnic groups? The dozens of ancient powers that presided over the overall situation have been able to unload the shoulders...

Fast, the stars in the sky in front of the sky have become scarce, and the depths of the stars have arrived.

Beyond the tens of billions of miles away, the darkness of the four stars is usually lined up. This

Within the four light groups, it is the ethnic ancestral home of the space mouse, the \*\*\*\* ant, the giant fierce and the evil spirits. The light group is an independent small cave, and its inner spirit is full of insufficiency. A large number of ancestors of the four ethnic groups. he

Many of us have been sleeping in endless years, but now they are about to be awakened..."

call out! "

"Hey..."

In the void, the sharp and unpredictable sound of the air broke out, and more than a dozen ancient powers from the space mouse, the \*\*\*\* ant, the giant savage, and the evil spirits of the Slim family, all the cracks in the eyebrows cracked, and a crack broke out. Gloomy, extremely fast, shot into the four light groups... this

Among them, all of them joined their own most precious soul blood. Now they have not entered the light group, and they immediately provoked some unknown reaction..."

Hey! "

"嗡嗡嗡嗡..." low

The incomparable humming sounded, and the four light groups shook slightly in an instant. This

The scene lasted for a few hours, and then, from the four light groups, there was a deep voice of God..."

This is the breath of the blood of the... ""

The power of summoning? The ethnic group is waking me up..."

"What happened? The blood ancestors had strict rules at the beginning. Any ancestor of all ages who entered the ancestral home and retired, if they did not encounter the great crisis of the survival of the ethnic group, no one can easily interfere with the awakening..." "

Roar! Who is it, dare to offend my \*\*\*\* ants..."

Oh..."

Now that you are awake, just go out and take a look at it, use the shortest time to solve your opponent, then re-enter the ancestral land and fall into a deep sleep. The deity is now a great nine-step consummation, and it is only one step away from the deserted realm. It is. "

"I dare to harass my \*\*\*\* and rat family at this most critical moment, and interfere with the process of the deity's impact on the abyss. No matter the existence, the deity must have to pay a heavy price..."

"Roar!"

"Hey..."

"Hey..."

As the whistling sounds of the road, from the darkness of the four light groups, there will be a body figure bursting out in a moment, all of which are huge in size, all of which are space rats, \*\*\*\* ants, giants and evil spirits. The strong of the family.

To be precise, it is the ancestors of the four generations who entered the ancestral lands of the ethnic group to carry out a sleep retreat. This

After the four ancestors rushed out of the dark light group, they did not leave immediately, but gathered in the void in front of the four ancestral lands. approximately

After touching the meal, the four ancestral lands that were lined up in the void were in a state of silence, and there was no longer any figure. and

In front of the four great ancestral lands, there are more than 400 space squirrels, \*\*\*\* ants, giants, and evil spirits. The ancestors of the four generations of the four generations gather, and each of them has about 100 people. . This

More than four hundred ancestors of the four ethnic groups, who have been trained to be the weakest, have also reached the supreme of the universe, occupying more than half, about three hundred.

And the remaining more than one hundred figure, the body that is scented in the body, is all powerful, not the ancient power, but the ancient supreme. hundred

There are more than 20 statues in each of the four ethnic groups. Among them, there are about twenty old people in the ancient times, and four to five in the ancient times.

That is to say, among the more than four hundred ancestors of the space rat, the \*\*\*\* ant, the giant savage, and the evil spirits, the ancestors of the ages, only the ancient powers exceeded 80, as the number of the ancient supreme , more than twenty.

These details are even weaker than today's Star Alliance.

This is originally what it should be. After all, among the ancestral homes of the Star Alliance, this time it only awakens the ancestors of the bloody, Qingpeng and war lions. but

The first cosmic servants of the First Universe awakened today, but they are the ancestors of the ages of space rats, \*\*\*\* ants, giants and evil spirits. They have an ethnic group, the number of powers and ridiculous monsters. Slightly more, this is the normal phenomenon...

Chapter 4994: Ditch first universe

"Hey..."

The whistling sound of the road, from the darkness of the four light groups, there will be a figure of the body in a moment, all of them are huge and huge, all of them are space rats, \*\*\*\* ants, giants and evil spirits. By. he

They have been sleeping in the four ancestral lands for a long time, and they have been refined into strengths, but now they are awakened at the same time...

And this awakening, for them, represents their own ethnic group, and has already encountered a major crisis concerning the survival of the ethnic group. positive

Because of this, the ancestors of all ages who have rushed out of the four ancestral lands have a very limited look on their faces. Some of them are in a different realm of the ninth stage of great realm, and

they will break through and see the next step. The existence of a big realm is even more resentful, the body's breath is fierce, and a pair of desires to be devastated by people...

The space mouse, the \*\*\*\* ant, the giant fierce and the evil spirits of the Slim family, a total of more than 100 people ancestors of all ages awakened. This

More than four hundred ancestors of the four ethnic groups, who have been trained to be the weakest, have also reached the supreme of the universe, occupying more than half, about three hundred. and

The remaining more than one hundred figure, the body that is scented in the body, is all powerful, not the ancient power, but the ancient supreme.

There are more than a hundred figures, and each of the four ethnic groups has more than 20 statues. Among them, there are about twenty old people in the ancient times, and four to five in the ancient times.

This is definitely a powerful force, even more than the Star Alliance.

This time, the \*\*\*\* star, the Qingpeng and the war lions of the Star Alliance also awakened the ancestors of all ages in the ancestral lands of the ethnic group, but the ancestors of the three ethnic groups added up, but only More than two hundred statues. near

Two hundred ancestors of all ages, bloody, Qingpeng and war lions each have about 60 or so, and the weakest of them are also the masters of the universe. to

In the ancient and the ancient, the three tribes have five or six statues. If they are together, the nearly two hundred ancestors of the three tribes of all ages, the ancient powers and the ancients, the total number of each of the sixteen and seven . Ten thousand

Among the ancestors of the era, the squad, the \*\*\*\* ants, the giant squad, the savage savage and the evil spirits, the Slim squad, are one more than the Star Alliance's bloody, Qingpeng and lions. Ethnic groups, the overall strength has exceeded, this is what it should be...this

Inscribed, with the more than four hundred ancestors of all ages awakening from the ancestral homes of the four ethnic groups, the dozens of people who originally lived in the alliance of the Wan nationality, responsible for the entire alliance, are also Qisong. Take a breath. Connect

All they need to do is just a handover. Now there are more than 20 ancient survivors of the four tribes. The burden of leading the entire Alliance of All Nations has nothing to do with them. Finally, they can unload... very

Fast, all the dozens of ancient powers will wake them up from the ancestral lands, and all that happened during this time in the void of this ruined land, and the overall trend. package

Including the choice of blood-staining lions in the Star Alliance, and so on, all of them are described in detail in one hundred and fifty-one...

This discourse has just fallen, and more than four hundred ancestors of the four ethnic groups who just woke up in front of the sky suddenly became shocked and shouted...

You, it seems that the situation is worse than I expected. Even the celestial beings are dying, but we have encountered more powerful enemies than the celestial beings. Now, in this shard of the ruins of the heavens and the earth, the temple Has been a big one. The Wan National League and the Terran Federation have also turned against the Star Alliance..."

"In fact, they are now difficult to protect themselves. Even if they have never turned their backs, they have no time to take care of us. As long as the Lord of the Devils comes here, the Star Alliance will be destroyed in an instant."

"Now, my space mouse, \*\*\*\* ant, giant fierce and evil spirits Slim four people have migrated from the family, even the ancestral land in the group is also the same, the Lord of the Temple is really coming, in my four For the tribe, it is absolutely a danger to the genocide..."

It is a pity that even if I waited for the ancestors of the four generations to sleep, the ancestors of all ages have awakened, but I am still not the opponent of the magic hall, but they have at least eight nine-step great perfect half-step... .."

From this point of view, we have no retreat. The deity means that it is better to make the same choice as the Star Alliance, unite the power of all of you, and activate the power of the energy vortex of my four ancestral lands, exploding in the void. On the way, this star field will be forcibly merged with a certain star field of the first cosmic plane! ""

This seems to be the only choice. If there is a danger of extermination, then the people of the four ethnic groups can also retreat to the first cosmic plane through the void passage in the first time to avoid the danger of extermination. . ”

"The choice of blood-sucking lions is not wrong. The Star Alliance is not just their bloody, the Star Alliance of Qingpeng and the War Lions. Similarly, the vast alliance of the Wan Nationality is not the space mouse, the \*\*\*\* ant, the giant. The alliance of the savage and evil spirits of the Slam family..."

"It is a matter of the danger of the survival of the ethnic group, and all other ethnic groups that make up the alliance of the nations, and should contribute to the survival of the alliance!"

This is what it should be..."

Seconded! ""

Seconded! ”

.....

"call out!""

Oh..."

With the whistling of the emptiness in the sky, the space squirrels, the \*\*\*\* ants, the giants and the evil spirits, the four ancestors of the four generations who were forcibly awakened, reached an agreement in an instant. Made the same decision as the Star Alliance. No

Any hesitation, under the unified dispatch of more than 20 ridiculous geeks of the four races, more than 400 ancestors of the four ethnic groups, all of them immediately urging the strength of the body, and they all shot together. Energy light column, blasting away...this

Nearly four hundred energy beams are extremely fast, surpassing the speed of light. It is the result of the efforts of the ancestors of the four ethnic groups at all costs. Place

The colors of the energy light columns are different, but they are all very strong, revealing a rich and horrible \*\*\*\* atmosphere. In the blink of an eye, they are all immersed in the four energy vortexes that are lined up in front of the tens of billions of miles. Among them, an instant provoked some unknown resonance..."

Hey! "

"Hey..."

The strange humming sounded instantly, and it was extremely low and slow at first, but it quickly became sharp and sharp.

At this moment, all the people held their breath, and the face showed a nervous and excited look, but there was some disappointment between the expressions. The energy beam that contained the power of the blood and blood, let them lose. small. Ten thousand

In the eyes of the public, these four energy vortexes, which were originally lined up in the void beyond the tens of billions of miles, seem to have gradually become inductive, and the earthquakes are synchronized, which actually creates an invisible attraction.

"Hey..."

The humming sounds are different, more and more sharp and rushing. In this way, the time of nearly a fragrant incense has passed, and the four energy vortices that were originally lined up in the imaginary sky in front of the tens of billions of miles have finally overlapped. , merged together...

Chapter 4995: They are crazy

"Booming..."

"Oh..."

The earth-shattering blast came with a thrilling thunder and thunder...

The situation is so amazing that the entire star-shaped area occupied by the Alliance of Ten Thousands trembled, and the deepest part of the star field, accompanied by a crisp crack like a phoenix, suddenly appeared in the void. a huge crack...

It straddles the deepest space in the star field, and the left and right widths are tens of billions of miles, which almost completely penetrates the vast star field occupied by the Wanzu League...

It is extremely wide, but it is very narrow. The height is only tens of millions of miles, but it quickly seems to be pulled by an invisible majestic force. It spreads rapidly, just a few dozens of interest, the deepest in the star field. At the scene, there is a sky-like void crack, the width of the left and right tens of billions of miles, the height of the upper and lower is more than 10 billion miles, replacing the corner of the star!

In this crack like a giant curtain, it was originally dark, and there was even a lot of emptiness in the sky...

But soon, under the influence of some invisible invisible force, the structure in the void crack became more and more stable, and even the original darkness in the crack seemed to be slowly becoming thinner.

"call out....."

With this unknowingly sharp and empty sound, suddenly there is a striking ray of light in the crack of the void. This is a starlight, spurting from another piece of cosmic void at the end of the crack, revealing a thick touch The breath of the first cosmic plane that cannot be opened..."

Roar! ""

Oh..."

This is the atmosphere of the ethnic group! "

"Behold, in the depths of the star field, there is a huge void crack, and the other end of the crack seems to have a starry sea..."

"A good familiar atmosphere, is it the first universe? The first universe in which our ethnic groups are located, and the emptiness of this piece of land in the wild... is it in harmony?"

Oh..."

Oh..."

With the end of this void crack, a touch of the first cosmic plane that is thick and incapable of being opened, accompanied by the scattered and sloping stars, the countless life stars in the vast expanse of the Alliance of Nations, In an instant, there will be a spurt of the figure of the strong people of all ethnic groups. band

Excited, with joy, their eyes all converge toward the void crack at the deepest part of the star field, and quickly determined the direction of the void connected by this void passage..."

Rumble..."

Hum..." very

Fast, a large number of warships were dialed out from the stars, and the former first-class cosmic servants of the Wanzu League, all of whom had issued instructions, each dispatched a warship corps as a gathering of returning ethnic groups. The scout, rushing toward the void crack in the depths of the front star field. Correct

All of this, the space squirrels, \*\*\*\* ants, giants, and evil spirits who have just been awakened from their respective ancestral ancestors, have not stopped anything, these years. They have always led the army of all ethnic groups to struggle in the void of this piece of wild land. but

The other high-level ethnic groups outside the four races have always stayed in the first universe, and now they have not been attacked, but they have not yet forced them to awaken all the immersive ancestors of their respective ethnic groups. time. but

Let them know in advance the emptiness of this piece of debris, know the pressures of the space mouse, the \*\*\*\* ants, the giants and the evil spirits, and give them some psychological preparations. It is also appropriate..."

Rumble..."

Hey..."

The sound gradually faded away, and as the scout fleets of other ethnic groups successively entered the void passage deep in the front star field, the space rat, the \*\*\*\* ant, the giant fierce and the evil spirits of the Shilam four were just awakened by the four hundred. The top executives of all eras have also successively swept away, and each selected a life star to enter.

Appropriate shots, they each lost some of the power of the blood, even the soul of the blood, can be described as quite a loss, the impact on themselves is not small. take advantage of

The army of the Demon Temple has not yet been invaded. It is necessary to seize all the time, make up for its own shortfall, and even continue to retreat within the stars, and strive to make its own cultivation a strength, further...

...

Terran Federation!

In the previous Tianji Star Wars, although the Tianji people were destroyed, all the warships and mechanical beasts of the tribe were annihilated, even the superstars and giant intelligent robots built with stars in the star field. All kinds of warship production lines have also been destroyed. package

All the Tianzu nationality tribes, including Emperor Yi, are now exiled to the endless stream of turbulent air with the departure of the Heavenly Beast, and there are also mechanical beasts where the Emperor II is a fusion of the whole machine family. After the pursuit, basically there is no possibility of returning again...but

Yes, although the purpose of this war has been reached, the party that can participate in the war has suffered heavy losses.

Of course, this loss does not include the magic hall, only the Tiandao League...

With the end of the war in the Tianji Star Field, the Tiandao League collapsed, and the Wan National League, the Star Alliance and the Terran Federation, which formed the alliance, turned against each other. From the current situation, it is impossible to continue to unite at least for a short time. It may be. Do not

These are just these, and more importantly, the three major alliances that make up the Tiandao League themselves have suffered heavy losses.

There is no need to say more about the Alliance of Ten Thousands. Before the opening of the Tianji Star Wars, they did not have a despicable old man sitting down.

After the World War II, the Star Alliance has only left the \*\*\*\* lions a vulgar level of combat power. most

The miserable is the Terran Federation.

Among the three major forces that make up the Heavenly Alliance, the high-end combat power of the Terran Federation was originally the most powerful. The immortal nine stars, the ten heavenly palaces and the splendid temples all awakened two vulgar old monsters not long ago.

Adding to God II, and the two mechanical behemoths underneath, the entire aristocratic federation has nine great powers. but

Nowadays, Emperor II and all the formal tribes of the mechanical family have become the beasts of the mechanical beasts, and the other ridiculous monsters of the entire Terran Federation have also fallen. Only two people have escaped. Abandoned. This

The two people are deserted, one from the immortal nine stars, one from the Ten Heavenly Palace, although they have not fallen into this battle, but the performance at the last moment of the war has spread, and there is no face to see people...

At this moment, the two faces of the lost face of the human race are in the deepest part of the star field occupied by the Terran Federation. In the stars where the Federal Hall is located, the future of the entire federal government is discussed.

It was at this time that everything that happened in the Star Alliance and the Alliance of Ten Thousands was known to them at the first time. Two

The old guy was shocked and screamed and screamed..."

God, even the ethnic groups would rather sacrifice..."

They are not crazy enough..."

Chapter 4996: Big wormhole explosion

"God, even the ethnic groups would rather sacrifice..."

They are not crazy enough..."

With everything happening in the Star Alliance and the Alliance of Ten Thousands, the first two people who survived the Terran Federation learned that the two old guys were shocked, short-lived, and pulled back. A cold breath, exclaimed...

The exclamation was still not falling, and the two old guys subconsciously turned their heads and exchanged a look. The look on his face was instantly gloomy!

At this moment, they felt a strong sense of crisis, not from the Temple of Devils, but from the Alliance of Nations and the Star Alliance, especially the latter!

In the previous Tianji Star Wars, Tiandao League fell apart and formed the three major coalition forces of Tiandao League.

The alliance of the Wan Nationality is better. After all, in the end of the encirclement of the beasts, the Wan National League did not participate in the war because it did not have the strength of an ancient level of supreme.

But the Star Alliance can be different. in

At the last juncture, the two old guys who survived the Federation of the Terran, in order to save their lives, pleased the Lord of the Devil, Ye Xuan, and even at the same time, they also shot the blood-stained warrior of the Star Alliance, and wanted to kill him as a singer. The Lord of the Temple, Ye Xuan...

Of course, the final result is anger, and the main lord of the temple, Ye Xuan, has not taken the right eye to them, but they have let go of them. He even let the \*\*\*\* lions pass together. kill.

On this basis alone, the two old guys of the Terran Federation were almost mad at the time. in

They think that Ye Xuan, the master of the Temple of Devils, is absolutely deliberate. Leaving a blood-stained war lion does not kill. It is clear that they are deliberately disgusting.

If it's just a blood-sucking war lion, but now, the old guy actually paid such a huge price, and he did not hesitate to spare the bloody, Qingpeng and war lions in the old age of the ancestral land. The ancestors are awakened... this

The ancestors of the three tribes of the three generations have a total of more than 200 honors, bloody, Qingpeng and war lions each have about 60 or so, and the weakest of them are also the masters of the universe. to

In the ancient and the ancient, the three tribes have five or six statues. If they are together, the nearly two hundred ancestors of the three tribes of all ages, the ancient powers and the ancients, the total number of each of the sixteen and seven .

Suddenly, the entire Star Alliance suddenly skyrocketed, with the temperament of the old guy who was blood-sucking the lion, and it was almost impossible for the Federation of the Terran Federation to make a holiday. and

In addition to them, the Wan Clan alliance also has a terrible deal.

The space mouse, the \*\*\*\* ant, the giant savage and the evil spirits of the Slim group learn to look like blood-sucking lions, and they follow the picture of the gourd, followed by more than four hundred ancestors of the four ancestral ancestors. They are all awakened. This

Those who are the weakest in existence have also reached the supreme of the universe, occupying more than half, about three hundred. but

The remaining one hundred figures are not the ancient powers, but the ancients.

Among them, the four ethnic groups each have about twenty ancient powers, and the ancient sacred ones range from four to five. That is to say, the space rat, the \*\*\*\* ant, the giant savage and the evil spirits of the four people of the Slim family. Among the ancestors of all ages, only the ancient powers of the ancients exceeded 80. As for the number of ancient supremes, it exceeded 20, even surpassing the Star Alliance...

In the previous World War I, the Terran Federation did not make a bad relationship with the Alliance of Nations. However, what they did at the time was already promoted by the blood-scarred lions. Everyone knows.

The Alliance of Ten Thousand Peoples is now in a big situation. Even if they don't take the initiative to attack, they will never ignore the Star Alliance's invasion of the Terran Federation. They pretend to be invisible, sit on the mountain and watch the game, and absolutely enjoy it...

Although the Confederate Federation has its roots, it is not only weaker than the Star Alliance and the Alliance of Ten Thousand Peoples, and even surpasses them. For example, the ancestral land of the two camps of the Terran, the ancestral land of the Immortal Star, and the Ten Heavenly Palace, as well as the core ancestors of the former Wanluo Federation. In the splendid temple of the earth, there are still many ancient powers and ancient sages in the sleep...

If they are all awakened, the number will far exceed the sum of the League of Nations and the Star Alliance. but

After thinking about it, the two ridiculous old monsters who now sit in the Federation of the Terran, almost shook their heads and denied this choice.

On the one hand, today's Terran Federation is far from the need to awaken the depths of the immortal star, as well as the moments of the eternal ancestors in the Ten Heavenly Palace and the Glorious Temple. This

The longer the ancestors have slept, the more powerful they will be when they wake up, and they will not be able to wake up until they are truly surviving.

After all, the Terran Federation is much more conspiring. Among the three major star planes, the roots of the Terran and the Federation of the Faro are the deepest. They have this ambition to try more. when

However, this is only one of the reasons.

Another reason is that in the previous World War I, the performance of the two of them at the last minute was indeed too shameful. At that time, they made the wrong choice in order to save their lives.

Nowadays, these two old guys have stinked in the reputation of this piece of ruined land.

If at this time, from the depths of the immortal star, and the ten heavenly palaces or the splendid temples, some of the ridiculous old monsters that awaken these three forces, they will feel unspeakable on their own faces, and it is too shameful.

Even if you want to wake up, you have to wait for this period of time to let the wind of the Tianji Star Wars dissipate. It is more appropriate when the anecdote is no longer mentioned.

Thinking of this, the two old guys turned their minds and exchanged their eyes again. They reached a consensus in an instant, and they had a heart and soul, and they made suggestions.

In any case, my Terran Federation now has two of you and me, and they are all in the late stage of the seventh-order world. How to see it, there is no need to wake up the three ancestral lands. When you respect..."

"Yes, this matter is very important. I will not consider it for the time being. However, even if we don't mention the magic hall and the federal government, it is only the head of the Star Alliance. We have to be prepared for it. It has not been a good thing..."

Previously, Emperor II built a solid plane-level void passage in the tens of millions of miles outside the federal star domain. The immortal nine-star, the ten heavenly palaces and the splendid temples came here..."

"It's better for me to wait for the two to work harder and blow up this wormhole channel again, so that it will be widened, at least to the extent that it is not weaker than the plane channel constructed by the Star Alliance and the Alliance of Nations..."

This is a good idea. In this way, not only will the forces of the two major factions of the Third Universe come one after another, but also stabilize the power of the Terran Federation in this piece of emptiness. At the crucial moment, at least with immortality. Nine stars and ten heavenly palaces, the splendid temple returns to the third universe plane..."

Here, the two old guys look at each other and laugh, it can be said that... a hit!

Chapter 4997: Full detonation

Dazzling time, a month has passed.

A month ago, this piece of shards of the ruins of the wilderness broke out in a sky-shattering news. The tops of the small and medium-sized forces of all parties were in a state of utter disappointment. However, because of the end of the World War I, the sky suddenly fell to the eyes of the blind man, but it fell back. ....in

In addition to the large number of small and medium-sized forces scattered in the voids of the various parties, there are three top-level forces, the Tianji, the Magic Hall and the Heavenly Alliance. but

Later, with the Tianji Star Wars leading to the destruction of the Tianji clan, the Heavenly Alliance fell apart, and the Devil Temple became the deserved hegemon in this piece of ruined land, a single! This

The situation in which one party's power is dominant is naturally unwilling to see those small and medium-sized scatterers who are scattered among the parties. In that case, they will be eaten by the magic hall sooner or later, forced to compile, and regularly offered. It is not easy to cultivate precious resources. he

The situation that we are most willing to see is that this piece of land is in the void, with two or three top forces blocking each other, and it is better to break out some big and small wars.

In this way, naturally, they will not be able to pay attention to them...

Ben, a large number of small and medium-sized forces scattered among the parties, thought that with the destruction of the Tianji nationality, the disintegration of the Heavenly Alliance, such a scene will never appear again, and soon the Temple will dominate this piece of wild land. Void, forcing the collection of small and medium-sized forces from all sides. but

What everyone didn't expect was that things that had no hope, just a month ago, suddenly there was an unexpected turn...

Among the three major forces of the Temple of Heaven, the three major forces of the Tiandao League, the Star Alliance and the Alliance of Ten Thousand People, have made a huge and amazing decision in just two days. star

The ridiculous blame of the empty alliance, the \*\*\*\* war lions broke through the boat, the teeth will be bloody, and all the three ancestors of the Qing dynasty and the lions of the war lions are awakened. total

There are more than two hundred people in total, and the strengths are all above the universe. Among them, there are dozens of ancient and powerful, even the ancient and supreme, there are seventeen or eight...

Moreover, these ancestors of the three ethnic groups who have just been awakened, at the great cost of self-destructing the three ancestral lands, tore a hollow crack in the deepest part of the starry sky of the Star Alliance, forcibly bringing the second cosmic plane to This piece of wild land is in vain. Such as

As a result, the Star Alliance has the emboldened spirit, and other alliance groups in the second cosmic plane can awaken the ancestors of all ages in the ancestral land at any time.

The same is true of all ethnic groups.

The news was just spread, and then there was the movement of the Wan Clan alliance. when

Although the Wan Clan Alliance did not have a despicable old man sitting in the town, but the space mouse, the \*\*\*\* ant, the giant fierce and the evil spirits of the Shilam four more than a dozen ancient powers, made the same choice.

They learned the way of blood-sucking lions, and they painted the gourds as closely as possible. They followed the four hundred ancestors of the four ancestral ancestors, and the weakest of them also reached the universe. Supreme, occupied more than half, about three hundred or so. Remaining

More than one hundred of them are all ancient and powerful. from

Therefore, the space mouse, the \*\*\*\* ant, the giant fierce and the evil spirits of the Slim four are only more than eighty of the ancient powers, and the number of the ancient supreme is more than twenty, even more than the Star Alliance. and

And they also opened a void crack in the deepest part of the universe of the Wan Nationality Alliance, forcibly merging the first cosmic plane with the debris of this ruined land...

After that, whether it is the Star Alliance or the Alliance of Nations, in the face of the Temple of Devil, they have regained their confidence.

Just now, within the stars of these two major leagues, the Supreme Supreme has reached about 20, not to mention the reinforcement of the reinforcements from the first universe and the second universe that have already completed the plane.

As for today, if they join forces, they have the strength to conquer the magic hall.

But of course, this situation will basically not appear. The savage name of the Lord of the Temple is too amazing. Since the hall of the temple, it has almost never suffered losses, even if they now have the advantage on the bright side. No need, most will not take the initiative to provoke the magic hall.

Since then, whether it is the Star Alliance, the Alliance of Tens, or the Temple of the Devil, and the large number of small and medium-sized forces scattered in the void of this ruined land, almost all of them are like an appointment. Sight, cast to the Terran Federation...

Tiandao League fell apart. Among the three major forces, the Star Alliance and the Alliance of All Nations have already taken action, reversing the situation that is unfavorable to themselves. The rest is the Terran Federation. All parties want to know that the people of the Federation are now Two people who are not very famous, what kind of choices will be made...

And a month has passed, and there has been no movement in the Federation of the Terran Federation. Gradually, the gaze that has gone to the attention of the Terran Federation has gradually dissipated. Most of the people think that the two human races and geeks have decided to bite their teeth now. The sinister situation will come down, and at least the most critical moment will not make any impulsive moves...

But in fact it is not the case.

This month, the two ridiculous eccentrics of the Terran Federation have been busy, and the huge wormhole passage that the Emperor II had made in the void in the tens of billions of miles of the Terran Federation has been successful. The ground connects the third universe. but

The wormhole channel can only pass one star, and the two are not side by side. This level of wormhole channel is far from being the so-called plane bundling. Want

In order to achieve the degree of integration of the plane, it is necessary to expand the already stable wormhole channel by more than ten times. This

One thing, for these two noble people, it is not impossible, but they must be prepared.

Therefore, this month, they have been carrying out various arrangements in this wormhole passage. As long as all the arrangements are successfully completed, the force of the two people will be used to motivate the void array in the wormhole passage. More than 80% of the possibilities, this wormhole channel, more than ten times more...

In this way, this wormhole passage, like the two places of the Star Alliance and the Terran Federation, can be called the plane of the third universe that is truly controlled by the Terran.

This month, the outside world thought that the Terran Federation did not have any movements, but in fact, the two ethnic groups and strangers who lived in the Federation of the Terran have always been in this wormhole passage, and they are all in full swing!

Nowadays, all the layouts have been completed. This wormhole channel looks as usual from the outside, without any anomalies, but in fact there are countless nodes in the interior. These massive nodes form a void array. Power is so powerful that it can be fully detonated at any time...

Chapter 4998: Unexpected accident

The Federation of the Terran, the universe beyond the stars..."

call out! "

"Hey..."

The undetectable sound of the air broke out, and two figures appeared in the wormhole passage in front of the tens of billions of miles away from the federal star. It's the two names that are now sitting in the Federation of the Terran. Late old monsters.

This month, the outside world thought that the Terran Federation did not have any movements, but in fact, these two old guys have been in this wormhole passage, and they are all in full swing!

Today, all the arrangements have been completed.

This wormhole channel looks from the outside as usual, without any anomalies, but in fact it has already arranged countless nodes inside. These massive nodes form a large array of voids, powerful and powerful. Detonate...

Once the void array in the wormhole channel is detonated, numerous nodes are simultaneously blasted, and the diameter of the wormhole channel can be expanded more than ten times in the shortest time while ensuring that the wormhole channel continues to be stable.

In this way, this wormhole channel can truly achieve the integration of the formal plane of the third universe controlled by the Terran Federation. And

Once the plane is completed, the purpose of these two old guys will be reached. If the Hall of Devils and the Alliance of Nations, especially the Star Alliance, do not commit crimes, they will only pass through this already well-coordinated plane-level insect. In the cave channel, the Terran army of the Third Universe is continuously transferred. can

Once encountering the attack, in the case of resisting him, they are not big enough to bring the immortal nine stars, the ten heavenly palace and the brilliant temple into this plane-level wormhole passage, and temporarily escape to the third universe is...

Although there are some wolverines and embarrassment, but at least at this moment when the wind is not resting, from the depths of the immortal star, the Ten Heavenly Palace and the Glorious Temple awaken some ridiculous old monsters, let yourself lose face and face stronger!

Thinking of this, two brazen old guys turned their heads and looked at each other, and they exchanged a look in the heart and nodded...

"Everything is ready, only owe the wind..."

The old man has been fully deduced three times, without any mistakes, and can be detonated at any time..."

"Then don't wait any longer, but when you are late, you will definitely finish it!"

After the last sentence is finished, the two old guys don't say much, the smile on the face is fascinating, and the look becomes very dignified. Then, under the flash of the cold, the whole body forces the body to raise the hand. It is a punch and bang!

"boom!"

"boom!"

"Booming..."

At one moment, all the real elements in the two old monsters were rushed to the speed of lightning beyond the light beam, and the blink of an eye did not enter the wormhole passage in front, and disappeared. This

The diameters of the two energy beams are more than a thousand big, and they are very solid. After all, it is the seventh-order situation, and the old monsters spur the power of the body to make a full blow. This road spurs away, not only the speed exceeds the lightning, the energy It was a horrible horror, and the void along the way was in a collapse, and it made a rumbling thunder of thunder..."

call out! ""

Oh..."two

In the late period, the Terran grotesques took the time to retreat, and blinked to the edge of the Terran Federal Stars beyond tens of billions of miles, and sat down in the void. Following

However, with a wave of hands, both of them took some top-level cultivation resources into their mouths, and fully supplemented the body energy consumed by them.

As for the Terran Federation behind him, all the forces of the parties were ordered to return to the depths of the star field by the two of them, and they should not easily step out of the star field. Such as

Today, this vast and innocent void, behind some abandoned stars in some remote corners beyond the distance of 100 billion miles, can see some scattered fleets, it is from a small and medium-sized scout...He

They didn't have any movements at the moment, but at the moment, the top executives in the squadrons were all alarmed, because the two late geeks in the Federation of the Terran suddenly appeared outside the star field. This is absolutely unusual. There must be an accident..."

boom! "

"Booming..."

In addition to the distance of hundreds of billions of miles away, the small and medium-sized forces of the small and medium-sized scouts reacted to the high-level members of the fleet, and the wormhole passages beyond the tens of billions of miles of the Terran federal territory have violently trembled, and there are earth-shattering thunderous rumors. Out...this

At the moment, all the nodes of the void array that the two old guys spent in the wormhole channel for more than a month, all burst at the same time! One

The violent violent amount of stocks is raging, and the wormhole channel in front is rapidly expanding at a speed visible to the naked eye. its

The diameter was originally only as large as a giant star, but it was only a moment's work. The diameter of the wormhole channel doubled, and two giant stars like the immortal star could pass side by side. and

In this process, the atmosphere of the wormhole channel has been very stable, and there is no trace of confusion. complete

Innumerable nodes in the wormhole channel, but the two eccentrics in the late seventh-order period took a month to complete, and after three full-scale deductions, it was determined that there would be no accidents. Only then will it be fully detonated...

"boom!"

Rumble..."

The roar of the earth has been continuing, and in this line of sight, this wormhole channel is rapidly expanding to the periphery almost every moment.

It is like a big mouth, the more angry it is... but

It just expanded to the surrounding area, and did not approach the star field where the Terran Federation is located. straight

After the four or five interest, the diameter of the wormhole channel reached a giant star capable of accommodating five immortal stars. This empty mouth was not only stable, but even the distance from the edge of the Terran. It is always the same, or about 10 billion miles.

This is the result of deliberate guidance by two old guys. he

When we placed the void array consisting of countless explosion nodes in the wormhole channel, we considered the distance between the Terran federal star field and the wormhole channel. Place

Therefore, although the wormhole channel is expanding at a very high speed, it is only diverging from the surrounding, but it does not approach the human-federal federal star domain from the depth level. hundred

The distance of about 100 million miles is most suitable for the Terran Federation, whether it is from the third cosmic plane, or the assembly of the army in the federal star to the third cosmic plane at the other end of the wormhole channel. All need a piece of tens of billions of emptiness, as a gathering place...

"boom!"

"Booming..." 眨

Between the eyes, the twentieth has passed, and the wormhole channel has been expanding outwards. The initial speed is very fast, but then it slows down. But now, in the past, the diameter of the wormhole channel has reached A giant star that allows eight immortal stars to pass side by side. and also

That is to say, this time the expansion has already completed 80%. And, until now, the entire wormhole channel is still very stable, the two human faces have a bright smile on their faces, they feel that victory is in sight. Of course

However, at this time, a change that made them completely unexpected, but suddenly ... unexpectedly came!

Chapter 4999: Return of the beast

Twenty interest rates have passed, and the wormhole channel has been expanding outwards. It has already completed 80%, and until now, the entire wormhole channel is still very stable, and the faces of the two human races have already had a bright smile... ...

However, it was precisely at this time, a change that made them completely unexpected, but suddenly... unexpectedly came! "

boom! ""

Rumble..."

"Roar!"

The roaring sound is still going on, but it's steep, and the wormhole channel, which has slowed down, has suddenly skyrocketed again, and it has expanded a bit between the blinks...and

Moreover, in the thunder of the rumble of the rumble, it was accompanied by an earth-shattering roar, dry and harsh, as if the metal was humming!

It was such an instant that the wormhole channel was extended by a third at a shocking speed. It was only able to accommodate eight giant stars like the immortal star side by side, but now it can hold about twelve.

Even the original intention of the two human races is just to accommodate the giant stars like the ten immortal stars.

Now that the wormhole channel has reached twelve immortal stars side by side, it is beyond their expectations.

Moreover, even if the wormhole channel unexpectedly expands a large number of moments, it is still extremely stable, and does not reveal any signs of collapse.

From this point of view, everything that happened in front of us should have been a surprise for them, because they exceeded the expected goal. but

In fact, when all this accident happened, the two human races that were sitting cross-legged in the air outside the edge of the Terran Stars of the Terran, but after a glimpse of the squad, followed by a dramatic change, the body shape mad, down Take a sigh of relief, and exclaimed..."

what happened? How can the wormhole channel suddenly expand? "

"And the beast, how did it appear? Not only is it breathtaking, but there is even a familiar feeling..."

Are you familiar with it? The old man also has this feeling, and... there is an extremely strong and unpleasant intuition that envelopes his heart. ""

We...it seems to be a disaster! ""

Roar! "

"𩇛..." imitation

The Buddha is screaming in response to their inexhaustible suspicion. The voices of the two old guys have just fallen, and the plane-level insects have been fully stabilized since the sudden expansion of the tens of millions of miles. Inside the cave passage, a sudden roar was again heard.

Followed by, there is a fierce scream...

Whether it is roaring or following the screaming, it is familiar, and it is definitely from the same mouth..."

call out! "

"Booming ....."

Waiting for this fierce and screaming screaming, since this place has been stabilized, connected to the third universe, the wormhole channel that realizes the plane of the plane, there is a figure violently emerging, and the sound is sharp and sharp. The void is thundering...

From the wormhole channel is a huge mechanical beast! it

The size of the body is 500 million miles, two big circles larger than the immortal star. The person stands by, and there is a pair of huge metal wings behind it, but the head is a strange shape like a honeycomb, with numerous facets. to

The temperament that is scattered in the body is a real heaven! Look

To this mechanical beast, the two late seven-order eccentrics outside the edge of the Terran Federation's horoscope were first stunned, and then the face changed dramatically, and the figure trembled uncontrollably. It's just that the souls are dead! day

Machine beast?

No, it's not a heavenly beast!

Mechanical beast?

No, not a mechanical beast! day

The size of the animal beast is about 400 million miles. It is the integration of all the official tribes of the entire Tianji family, and joins the giant warrior formed by the gods.

Its cultivation has already entered the real heaven and earth, but in the recent battle of the Tianji Star Field, the six mechanical warfare arms of the Tianji beast were completely smashed, and the huge horror body of Panda's 400 million miles was even more And left a pair of holes with a diameter of more than 50 million miles...

And by the Emperor's mechanical beast, chasing and killing, entered the endless stream of emptiness!

The mechanical beast is a combination of the emperor and all the official tribes of the mechanical family. The people stand on their own, with a pair of knives and wings like a metal blade, and their body size is only 300 million. Around the middle, repairing the strength to force the real heaven and earth, perhaps can be said to be the first person under the heavenly environment, even the main house of the magic hall Ye Xuan may be a bit less. but

After all, I have not yet entered the real heaven. Before the last moment of the battle in the Tianji Star Field, the reason why I was able to sneak behind the celestial beast was because the celestial beast was previously used by the Temple of the Devil. The main leaf Xuan's 陨天弓 hit a heavy blow...

From the end of that war, after the celestial beast and the mechanical beast escaped and chased into the endless turbulent emptiness, the countless powerful people in the emptiness of the ruins of the heavens and the earth, no matter who they have, never thought about it. There will be a day of return. but

In fact, this scene did appear. and

And in the midst of the eighty-nine and the human races, the two old monsters extended the starry wormhole and ditched the third universe, making it related to the formation of the shards of this ruined land.

It is in the process of the expansion of this wormhole channel that we have no intention of capturing the atmosphere of the void coordinates, so we touched it all the way. first

Suddenly, the sudden loud noise, the wormhole channel suddenly expanded by nearly 30%, that is, they tear the void, from the endless turbulent void, drilling into this stable wormhole passage. thing

In fact, it is no longer suitable to describe them with the word they are. when

When the first day chasing and escaping into the endless stream of emptiness, the heavenly beast and the mechanical beast are indeed two independent beings, and one, so they are. but

Nowadays, the guy who just rushed out of the wormhole channel that has been merged with the third cosmic plane, but it is clearly a whole, the whole of the heavenly beast and the mechanical beast, it is no longer two different Individuals, but merged into one, really want to call, can only use ... it!

The previous celestial body was 400 million liters, while the mechanical beast was about 300 million liters. If today's animal and mechanical beasts are integrated, the body size has reached 500 million.

Such a horrible huge body, in this emptiness of the ruins of the heavens and the earth, is absolutely the existence of the supreme hegemon level. In addition, this new mechanical behemoth, which is a combination of the heavenly beast and the mechanical beast, must be the emperor and the emperor. The fusion of the two... no matter who swallowed it, the fusion of the two is an indisputable fact.

Therefore, now, the horror behemoth that combines the Emperor and the Emperor II, the Heavenly Beast and the Mechanical Beast, and even the entire Celestial and Mechanical Relics, is called the Emperor... It is obviously the most appropriate! "

Oh..." This

At one moment, with the endless emptiness of the emptiness, returning to the emptiness of this piece of ruined land, the huge body of the beast, once again raised a terrible roar, revealing the endless madness...

Chapter 5000: Third step

"Hey..."

At the moment, with the escape of endless turbulent emptiness, returning to the emptiness of this piece of ruined land, the huge body of the beast will once again send out a terrible roar, revealing the endless madness...

The invisible power of the screaming screams, the knees of the two ridiculous eccentrics of the Terran Federation are all stunned, and the whole heart also mentions the eyes of the scorpion, but the endless fear of the dawn is clear. There are also expectations and hopes are flashing... this

The size of the head of the beast is 500 million miles, which is a giant star in front of it, just like a small one.

It stands on its own feet, with four arms and four arms, and a pair of huge mechanical wings that are like a sickle. This pair of wings is a characteristic of a mechanical beast, and its head is a myriad of facets combined like a hive. Body, this is the characteristics of the heavenly beast.

This beast is the scorpion and body of the mechanical beast and the celestial beast. It is the episode of the whole celestial family and the whole mechanical family. Its appearance represents the relationship between the emperor and the emperor, and one has already been swallowed up by another. ....

The fear of the two old guys in the Federation of the Commonwealth, the reason why there is a strong expectation and hope, is because of this.

Emperor II is the top of the Terran Federation, and he has always been presiding over federal affairs, and his relationship with these two old guys is quite harmonious. Place

Therefore, if the appearance of this beast is because the emperor II swallowed up the emperor's heavenly beast, then it is a great news for the Terran Federation. Two

After the integration of the head mechanical behemoths, it is now a true heavenly state, even stronger than the heavenly beasts that have not yet fully stabilized the realm.

If it is really Emperor II, the crisis facing the Terran Federation will be resolved in an instant, and it will even leap into the supreme hegemon of the shards of this ruined land.

It is the magic hall, and will also run away from the wind!

Thinking of this, the two old guys suddenly got excited. In their opinion, although this beast has a certain chance to be Emperor Yi, this chance is no more than 30%. After all, the state of the Emperor's day and the beast is obvious to all. He was escaping into the endless stream of turmoil by the mechanical beast of Emperor II.

From this point of view, the possibility of Emperor II swallowing Emperor Yi is at least six to seventy percent..."

Oh..."

At this time, the beast in the distant sky once again looked up and gave a terrible roar. Then, its huge incomparable head like a star, slowly turned and looked over the edge of the Terran Federation. . more

There is a deep and incomprehensible voice of the gods, revealing the endless fierce meaning: "Is the Confederation of the People? I can't think it's so clever, so good, the deity today, it just wiped it out..."

After hearing these words, the two people's ridiculous and eccentric madness shocked, and they almost fell on the spot. This

It is clearly the voice of Emperor Yi! The

The dead emperor II, this is too useless, but at that time, he took the emperor and fled into the endless stream of emptiness, but he did not expect that he would be swallowed up by the emperor...

When this desperate thought emerged from the brain, the huge beast in front of the sky, the huge body of the beast, has been swaying and rushing toward it.

"Roar!"

"Emperor, the old man will not let you succeed, harm the Terran Federation? You can't think..."

At this moment, the beast suddenly screamed and screamed, and then the sound of the gods of Emperor II was heard. As the voice of the gods came out, the emperor's body was steep. The ground is twisted, and the U-turn is rushing out in other directions...

This is already the supreme existence of the real heaven, the speed is too fast, there is no figure in the blink of an eye, disappeared into the end of the horizon in sight. and

On the edge of the star field of the Terran Federation, the two people who were almost stunned by the scene, the old man was standing there, and the whole person was paralyzed.....

...

Ye Xuan did not know what happened to the outside world!

At this time, he was in the Dongfu Star in the depths of Xusheng's forbidden land...

The seven great Yan Xiu and Xuan Zang Zi Yan, Duanmu Xiaocha, Zhao Qianru three gimmicks have entered the magic hall, continue to retreat, and Ye Xuan this time to calmly adjust, the mood has also a small sublimation, now, has once again welcomed The opportunity to break through.

"咻咻咻..."

After coming to the back of the cave in the tokyo's starry peak, as he waved, Shennong Baoding sacrificed, Ye Xuan stepped into it, sat down in the mouth of the colorful fog, and then there was a lot of weak breaks. Empty sounds... one

The road was spurred out of his body and hung in front of you! all

For the cultivation resources that he took out from the immortal world to develop this breakthrough, including the all kinds of top-level cultivation resources such as the evil source liquid and the nine-color magic medicine. Exudes a rich energy atmosphere!

Taking a deep breath, Ye Xuan did not hesitate. Soon, all the cultivation resources were compressed by the domain field power that he urged Shennong Ding to be only the size of the baby fist, and he was swallowed all over his belly. Quickly open..."

Hey! "

"Booming..."

Almost in the next moment, his body heard the sound of the chain's squeaking sounds. The power of a mighty power was formed in the river, accompanied by thunderous spreads, and it was carried out once and for all, and continued until it was thorough. Refining...this

Hanging energy Dajiang disappeared in Ye Xuan's body meridians, and completely integrated into his soul and body, I have no idea how long it has been. leaf

Xuanyuan Zhong Han Mang flashed, immediately impressed, just the power to launch an impact, this chain of chains has been broken. under

For a moment, and the system prompts in anticipation, it soon sounded in my mind..."

Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the ancient third-order! "

"Hey, congratulations to the host, the physical and qi and blood boundary breakthrough! The current realm: the ancient third-order!"

Third-order ridiculous!

It's the peak of the early days of the absurd, and it's a step in the early days of the desert.

But Ye Xuan's heart is not too happy. This

Everything he already knows is already in his mind. Even after he made this breakthrough, he once again exerted the magical power of the konjac and changed into the ninth change. His peak power can only be the ultimate success of the ancient sage!

Of course, after the breakthrough, it will be stronger than the breakthrough before the breakthrough, but how strong, from the real heaven, there will be a line of separation! This

The status quo has not been changed. With the deepening of the general awakening process in the end of the flood, in the void of this ruined land, without the approval of the ruins, he will never wear the window paper. Never be able to step into the real heaven...

Even so, when the breakthrough, Ye Xuan must break through and not slack off, because it is estimated that it will not be much time here. Soon after, all the genus of the whole magic hall in Xusheng's forbidden land will enter Hongmen with him. Star domain.

When I entered there, it was the time when Ye Xuan's thick and thin hair broke out...
