

Super D. S 5

Chapter 5: Let go

"Liu Er, I still want to go out to find you, you also clean up, let's leave Ye Family!" Ye Xuan said to Liu Er.

"Leaving Ye Family? Why?" Liu Er apparently did not respond and asked strangely.

"Young Master, I can't practice now, and I am abandoned by Ye Family. Liuer, are you leaving with me?" Ye Xuan stopped his hand.

Liu Er was brought back by his father. At that time, Liu Er was still a woman. Ye Xuan was only three years old. They grew up together and the relationship was very close. However, Ye Xuan treats Liu Er as his own sister, and Liu Ye is the same.

After hearing the words of Ye Xuan, Liu Er is also a glimpse. Immediately, the big eyes are directly pouring out tears, crying and saying: "How are the homeowners, the young masters are like this, and the young masters are gone..."

Ye Xuan is also helpless. Liu Er is very obedient since childhood, but there is a small shortcoming, that is, crying.

In desperation, he just walked over and stroked the hair of Liu Er. He said, "No, it is the young master who wants to go. Liu, do you believe in the young master."

"Yeah." Liu Erzhi nodded.

"Then we will leave, the young master as you promise, in the future they will be asking me to come back!" Ye Xuan solemnly said.

"Young Master, I believe in you." Liu Er wiped a tear, staring at Ye Xuan, suddenly burst into laughter.

"Then you are going to clean up, if they repent, then we can't go." Ye Xuan gently pinched Liu's little face and said with a smile.

"Well, Liu will go now."

Liu Er nodded and then left as if flying.

Ye Xuan looked at the back of her departure, but she couldn't help but sigh and mutter: "I hope these two giants are useful. Otherwise, we can only rely on this one for two."

He used to be wealthy before, but it also cost a lot of money in the past three days. At this time, except for the two giant Ling Dan, he had only 10,000 yuan left.

However, one thousand two silver, enough for two people to live a lifetime.

Soon, Liu Er was finished, and Ye Xuan did not take much of it. Both of them carried a parcel and then left Ye Family.

On the way, there are also many Ye family members who have seen them. I am afraid that this will not be long before it will spread.

Before leaving Ye Family, Ye Xuan also planned it. They now have 10,000 yuan of silver, and the average inn stays for one day, and does not need one or two silver.

However, for the sake of convenience, Ye Xuan also went directly to buy a small house, only spent one hundred and two silver. They only have two people, and don't want to have a big place to stay.

Afterwards, Ye Xuan also gave Liu children some money, let her go outside to buy some essentials back, and he left himself in the house, ready to try again.

Ye Xuan took out the jade bottle that he had given him, opened it, and suddenly there was a fragrance coming out.

"If you are worth one million two, you will see my effect!"

Ye Xuan poured out one, then directly dropped into the entrance, did not chew, and swallowed directly.

Now he has no spiritual power in his body, so he can't help refining, and he can only wait for him to digest it.

After a while, Ye Xuan felt that there was a warmth in his body, and then he had a sense of spiritual power.

At the moment, he is the martial arts who transported Ye Family and began to refine and refine the Ling Dan.

Spirituality, more and more.

This time, Ye Xuan learned to be smart. He did not let this spiritual power flow into Dantian, but he continued to cycle in the body. Before he had the spiritual power, he immediately received the Dantian, causing the spiritual power to be directly absorbed by the golden ball.

Now, as long as you continue to run martial arts, you can continue to produce spiritual power, as long as he does not stop.

In about ten minutes, Ye Xuan felt that there was a lot of spiritual power in his body, and most of them were condensed by the effect of polyling.

"Almost, go, see how much you can absorb!"

Ye Xuan estimated it in the heart, and then he controlled the spiritual power and sent it to his own Dantian. This kind of lingling has a million and two silvers, which is very precious. At this time, the spiritual power in his body is probably several times more than his peak.

Of course, these spiritual powers are not his, but the Poly Ling Dan absorbs the strength of the heavens and the earth, and it quickly aggregates. As long as the time passes, these spiritual powers are dissipated.

Therefore, Ju Ling Dan is generally used to break through, and only the martial arts sixth or more will be used.

After these three days of continuous failure, Ye Xuan has already figured out the truth. The golden ball at Dantian is like a bottomless pit, and he is constantly absorbing spiritual power.

So this time, he wanted to fill this golden ball at once.

one tenth!

Two tenths!

Three tenths!

The spiritual power in Ye Xuan's body is constantly pouring into Dantian, and then absorbed by the golden ball. His mood is also very tense, and he is ready to take the second polylinger.

However, after half of the spiritual power was remitted, the golden ball in his dantian suddenly trembled.

"Moving, it moved!"

Ye Xuan's mood could not be calmed down, because this golden ball was the second time in three days. The first time, when he received two polylings.

Six tenths!

Seven tenths!

When the spiritual power consumed 70%, the golden ball was trembling again.

"Ten eight!"

"Nine in ten!"

The golden ball trembled again!

Ye Xuan was very excited. He controlled the last one of the spiritual powers and went to Dantian to retreat. At the same time, he was ready to take the second return to Ling Dan.

When the last one of the spiritual powers all flowed into Dantian, suddenly, the golden ball at Dantian trembled again. This time, the degree of vibration was the most violent one ever.

Ye Xuan made a scream, and he felt that his dantian was as hot as a needle.

However, the next moment, his brow was suddenly stretched out, because he found that something changed in the body.

"Ha... haha, my realm has begun to recover..."

Ye Xuan couldn't help but exclaimed. He resisted the pain and showed a smile.

Huang Tian pays off, he finally began to restore his strength!

The first martial arts...the second martial art...the third martial art...the fourth martial art...

The original Ye Xuan's realm was the fourth major beginning of the martial arts. However, now he has surpassed this shackle and reached the fourth middle of the martial arts.

Moreover, it is still rising.

"This, what is going on here, my strength has actually improved?" Ye Xuan is a bit confused.

In his surprise, he broke through the fourth middle of the martial arts barrier and reached the fourth peak of the martial arts. Moreover, it is still sprinting.
