

## Super D. S 50

### Chapter 50: Single pick

"Zhang Chengzhu, your man's temper is not good, playing in front of me, so I was taught a meal. If Zhang Chengzhu really wants to blame, then he blames him for being inferior, even my kid can't beat it." Things have become too big, and Ye Xuan can't be embarrassed. If you want to install it, you will be crazy.

"It's a great courage, General Chen, give him a slap in the face!" Zhang Lie was a little excited at this time, directly ordered.

The general Chen behind him wanted to start, but at this time, even the offering was suddenly blocked in front of Ye Xuan.

"Zhang Chengzhu, don't think that you are a big city owner, I forgot to introduce you. This little brother is the deputy lord of my ruined Yunzong. If you dare to move him, you will think about it yourself." Lianyuan said, Retreat.

"The deputy lord of the cracked cloud sect?" Zhang Lie was surprised and asked: "Who are you?"

"Zhang Chengzhu is really a noble person to forget things, in the next Lianyuan, used to be the Yun Yunzong mentor, now is the Xue family to offer!" Lian Yuanbao fist said.

Split Yun Zong tutor!

Zhang Lie hesitated, and did not expect that Xue Hai could find a demon cloud sect to be enshrined. This is troublesome.

Although this is not a sect of the Yun Yunzong, his strength is there. The key point is that he just spoke for Ye Xuan. Is this a fake?

"impossible!"

At this time, the young man who was sorry for the appearance came out and said: "On this kid, it is still the apprentice of the deputy lord of the Yunyun sect. It is really a human appearance!"

Lying in the trough!

Ye Xuan almost wanted to spit him a face of salt soda, just like him, dare to say that people can not be seen?

"Small city lord, I know that you are a disciple of an elder of the celestial celestial being, but after all, you are a cleavage of the Tianzong, not a ruined cloud sect. How do you know that he is not an apprentice of the deputy lord of the ruins?" Smile a little.

"Oh, the young martial arts is the seventh most important. In addition to using the medicinal herbs piled up, it is the cultivation of the inhumane magic. If you want to prove it, it is simple. If you defeat me, then this marriage will be done. I also Don't take ten times, the original price will be refunded to me!"

The young man said coldly, he also felt that Ye Xuan's level is not low, but the level and strength is not a concept.

"Well, this method is good. If you can beat me, then I will admit that you are the deputy lord of the ruins of Yunyun. If you lose, then return me ten times, Xue Hai, what do you say?" Zhang Lie is also a flash of light.

This time, he came to stare at the bride price.

Ten times the dowry is 500 million yuan, which is a big number, even he can't imagine.

With these 500 million yuan, then Xue Hai is estimated to be in a state of ruin. In the future, Wanjin City will still be dominated by him, why is it necessary to engage in marriage?

"This..." Xue Hai was hesitant, because he knew that Shaocheng claimed that Xiang was a disciple of the elders of the Tianzong, and his strength had already reached the seventh peak of the martial arts.

Although Ye Xuan is now, but Zhang Xiang's age is five or six years older than Ye Xuan, which is obviously a loss.

"Hey, promise him, Ye Xuan is very powerful." Xue Qingqing hid behind Xue Hai, whispered.

To know, she saw Ye Xuan's eighth-year mid-term offering of Zhang's martial arts to death, although Ye Xuan took the medicinal herbs, but before taking it, Ye Xuan was able to fight with the other side instead of it's falling in the wind.

Xue Hai is still hesitating, and he has already understood that Zhang Lie is deliberate this time.

On the same day, Zhang Lie personally came to the door to raise a family, Xue Hai also asked about the meaning of Xue Qingqing, and then set the marriage.

But who knows, Zhang Lie's son is as ugly as a pig.

All of this is a trap of Zhang's family. The purpose is to let Xue Jiada bleed, and then he will suppress Xue's family. After Zhang's profit, he can use this big wealth development. In the future, Wanjin City, whether it is financial power or power, is the first in Zhangjia.

"It's no wonder that Qingqing can escape the city so easily. It turned out to be the case. I also owe Ye Chong's big brother a life. This time I will fight it out, and I will change the city to come back!"

Xue Hai made a decision in his heart. He looked at Ye Xuan and saw that the latter also nodded slightly.

Immediately, he replied: "Good!"

"Slow, this is good in advance. If I win, then you have to give ten times the gift of Xue's family!" Zhang Lie's face showed awkward intentions, and he said in his heart: "The 50 million dowry, but no So good!"

Although he doubts Ye Xuan in his heart, he believes in the strength of his son. Although his age has exceeded 20, he has already broken through to the seventh peak of Wudao. He can break through to the eighth place of Wudao in one step.

The achievements in the future may be able to break the ninth heavy martial arts and reach the tenth martial arts!

Therefore, he believes that Ye Xuan is definitely going to lose in Zhang Xiang's hands.

"If Ye Xuan wins, then we only need to retreat 50 million dowry!" Xue Qingqing's voice floated from the back, she was scared to see Zhang Xiang, it is ugly to go to heaven.

"Yes!" Zhang Lie nodded.

Although he does not think that Ye Xuan will win, he must be convinced.

"Very good, then I will make a referee with Zhang Chengzhu, and one side will lose three times, how?" Lian Yuan said.

"Okay, fell to the ground three times!" Zhang Lie nodded in agreement, and at the same time to Zhang Xiang whispered: "Be careful, don't hurt each other!"

Although Ye Xuan's identity needs to be verified, if the other party is really a deputy lord of the Yun Yunzong, then the matter will not be solved.

"Yes, father!" Zhang Xiang nodded and pulled out the sword and went out.

And Ye Xuan, he has clenched his fists and went out. Now he has a \*\*\*\* body in his body. If he uses a sword, I am afraid that even 60% of the strength will not be played.

"Ye Xuan, come on!" Xue Qingqing said, if Ye Xuan lost, they may not be able to stay in Wanjin City.

"Ok."

Ye Xuan nodded, if it was before him, I am afraid it will be a bit tricky, but now, he does not put this Xiang in his eyes.

"If you are all ready, let's get started!" Zhang Lie said, he couldn't help but want to get the 500 million yuan.

Zhang Xiang stood ten meters in front of Ye Xuan and said coldly in his heart: "Is it really funny, this line also dares to say that it is a disciple of the deputy lord of the Yunyun dynasty?"

He saw that Ye Xuan's clothes did not fit at all, because the latter had merged with the blood of the beasts, and the body changed, became taller and stronger, so it looked a bit nondescript.

Therefore, he did not put Zhang Lie's words in his heart.

It is not important that Ye Xuan is the apprentice of the deputy lord of the Li Yunzong, because he is a disciple of the elders of the ruthless Emperor.

The cracked Tianzong is much stronger than the cracked cloud sect!

"Look at me picking up your meridians, dare to grab my fiancée!" Zhang Xiang's flash of light, is suddenly plucking, this speed is also far beyond the general martial arts seventh heavy weapon.
