Chapter 5001: Empty chaos

The Federation of the Terran, the void outside the edge of the star...even

However, there was an accident, but the plans of the two ridiculous and strange people of the Federation of the People's Republic of China were successful.

Nowadays, in front of the edge of the Terran federal starry sky, it is a huge entrance to the wormhole channel. Its diameter has reached a giant star that can make twelve huge stars like the immortal star, and enters side by side... ..This

It has exceeded the original expectations of the two Terran grotesques, and this giant wormhole channel that is parallelized with the third cosmic plane is still very stable. this

Engraved, with the unexpected return of the emperor far away, the two ridiculous eccentrics of the Terran Federation have only returned to God for a while, and when they look around, there are a variety of scales in the distance. The fleet and the battle boat team, spurred away from the distance of the emperor's body shape, separated by a long distance...

These fleets and battle boat teams are small and medium-sized forces scouting forces that have been squatting outside the Terran Stars of the Terran as a scout and secretly paying attention to the movement of the Terran Federation. but

Nowadays, in the plane of the orbital worms built by the Terran Federation, a super-beast that is suspected of being a fusion of Emperor and Emperor II has been rushed out. They are all puzzled when they are shocked.

Although the trepidation is scared, as a scout, in the face of such a terrible change, it is impossible not to go for a probe, otherwise it will not be confessed even if it is gone back. positive

Because of this, these scouting fleets from all major and small forces will swarm in the direction of the disappearance of the emperor.

Although the beast is terrible, it has already entered the real heaven, but as long as it is far enough away, it should still be safe. complete

In fact, they also have self-knowledge in their hearts. For the beast, I am afraid that even the real ants are not counted. How can the level of the beast be able to deal with them in a targeted manner? only

If you don't take the initiative, you must be innocent!

Of course, not all of the scout fleets rushed to the direction in which the emperor's body shape disappeared. A small part was separated from the scout fleet, and only a small number of warships rushed into all directions.

These warships are obviously returning to the ethnic groups and forces behind them, and all that will happen here will be rewarded in the first place. Milli

Undoubtedly, with the spread of the news, the return of the beast to these great events will surely make this vast and innocent piece of shards of the vast world empty, once again, completely into chaos...

At this time, the two ridiculous old monsters of the Terran Federation still stood in the void outside the edge of the federal star field, and it was only after they came back. Head

The light went away, watching the small and medium-sized forces scouting around the fleet and disappearing at the end of the line of sight. The two old guys exchanged their eyes and exchanged their eyes. All of them were locked and fell into sorrow...

In the situation just now, they naturally saw the clue. Correct

For the Terran Federation, all that happened later was mixed! emperor

The beast has returned, and this beast is still a fusion of the heavenly beast and the mechanical beast. It is even bigger and more powerful. It has been firmly established in the heavens.

However, its own state is obviously somewhat unstable. Just now, in the mouth of the beast, there was a voice of the gods of Emperor Yi and Emperor II.

And the actions of the beast before and after the beast also run counter to each other. very

Obviously, Emperor I and Emperor II are trying to devour each other and completely acquire the control and ownership of the beast.

This situation is like a flesh-and-blood body that has entered two gods. It is starting a war of the gods. No matter which one is won, which one is won, as long as it can last, it is the winner, but the failure. That one, consciousness will disappear forever, and if the gods are destroyed...

For these two Terran geeks, they naturally hope to win the Emperor II, but this kind of thing is hard to say, even if they are the late stage of the seventh-order situation, they can't get in, they simply don't have that qualification. .

"It seems that we have to prepare for both hands..."

After Fan Sisuo, one of the old guys raised his head and gritted his teeth. "If the Emperor II succeeds, it will naturally be a joy. In the case of the Terran Federation, it is simply a huge loss and everything will be reversed." ""

But if the Emperor wins, with his resentment against the Terran Federation and the factor of God II, the Emperor will not even be the Hall of Devils, but our Terran Federation..."

"Today's beast is not only a true heavenly powerhouse, but has even been firmly established in this realm. If the emperor wins, the emperor will kill, we may not have much time to prepare..."

Therefore, it is time for the parties in the Federation to prepare for the evacuation. Once the news arrives, it is the Emperor I who is determined to win. Immediately let them enter the plane wormhole in front of the edge of the star field, and then return to the third universe and then say... .."

Speaking of this, another Terran grotesque took over the words and nodded in agreement: "At that time, although the Emperor and the Beast can catch up into the wormhole, all the way to chase into the third cosmic plane, but most of them will not do....."

After all, there are other enemies in the shards of this ruined land, including the Temple of the Devil, which gives the Emperor a sigh of heaven. At that time, the Tianji Star Wars, if not the sacred bow of Ye Xuan, the Lord of the Temple, later Everything will not happen at all..."

"So, he is very likely to temporarily leave our Terran Federation and turn to the Temple of Devils, so as not to be run by Ye Xuan's kid..."

"call out!"

"call out....."

After the decision, the two old guys, even if they raised their hands, waved a mile, and they did not enter the front of the Terran Federation.

They issued instructions to more than a dozen ancient powers sitting in the Federation of the Terran, allowing them to immediately take action and prepare for a full evacuation.

And the two of them have faced themselves. In the face of this special situation, it is naturally impossible to live with peace of mind. After looking at each other and looking at each other, the whole figure will instantly become two heads, toward the previous The distant body of the emperor's body disappeared and spurred away!

They will pay close attention to what happened on the beast. Once the final result of the electronic consciousness war between Emperor Yi and Emperor II is determined, the next step will be to make corresponding measures...

...star

Empty league!

Since the ancestors of the ages of bloody, Qingpeng, and lions and ancestors have been awakened more than a month ago, they have been awakened, and they have been born, and the second cosmic plane and the ruins of this wild land are gone. After the completion of the plane of the plane, the Star Alliance side has fallen into a wish, without any turmoil. "

Rumble..."

"call out!"

Oh..."

At this time, in the distant sky, suddenly there was a roar of earth-shattering, which was the movement of the battleship kinetic energy cabin to the extreme.

Looking around, there is a Star Alliance Scout fleet consisting of hundreds of star-studded small fortresses in the void. It is coming to this speed, and there is no deceleration to the edge of the star field. It directly rushes into the star field and reveals a touch of light. Undisguised panic...

Chapter 5002: Crazy beast

"Booming..."

"Hey..."

In the void, there is a Star Alliance Scout fleet consisting of hundreds of star-studded small fortresses, coming to this speed, the earth-shattering roar is getting closer and closer, which is exactly the movement of the battleship kinetic energy cabin to the extreme.

At the edge of the star field, there was no slowdown, and it rushed directly into the star field, revealing a confusing sense of confusion...

The scout fleet had just received news and knew everything that happened outside the Terran Stars. The flock's high-level frightened souls were all dying. They didn't dare to have a half-stop, and they rushed back in the first place. Such as

Today's Star Alliance, the ancestors of all ages in the bloody, Qingpeng and War Lion tribes have all awakened, with a total of more than 200. its

There are only a few dozens of ancient powers like the blood-scarred lions, and they have a total of eighteen statues.

However, these abilities and ridiculousness were awakened after all, and they were suddenly awakened by the blood-sucking lions. So after completing the second cosmic plane and the starry horizon of the Star Alliance, they entered a Within the stars of life, once again closed the sleep.

Of course, this kind of sleep is completely different from the previous sleep in the ancestral land. It is a shallow level and can be awakened at any time. again

In addition, they just woke up, and did not know the details about the specific situation of the emptiness of this piece of land. Therefore, today's Star Alliance is still dominated by the blood-scarred lion.

While staying in the league's star field, he did not enter the retreat. He also presided over the alliance with him. There are also two absurd, nine powers. Such as

Today, after the Star Alliance's scout fleet entered the Alliance Stars, the fleet's scouts rushed out of the flagship Stars for the first time, swaying through the void and rushing toward the life star where the Alliance Hall is located. this

At the time, there were eleven figures sitting in the hall. nine

There are three ancient people, the bloody, the Qingpeng and the three lions. another

The other three are the ancient sages, the bloody, the Qingpeng two, each one, plus the blood-scarred lion who also has the awe-inspiring power in the state of the lion's nine blood vessels. Reprimand

The commander of the waiting fleet directly rushed into the main hall. The first time, the events of the Terran Federation were reported. The **** war lions and other 12 powers and the ridiculous words were simultaneously smashed, and then they suddenly changed their appearance. Under the shock, I took a breath.

They are screaming..."

what? The return of the beast? How could this be? ""

Damn, this is clearly a good thing for the two old guys in the Federation of the Terran. If they forcefully expand the wormhole channel and make it merge with the plane of the third universe, how can it enter the endless emptiness of the beast? Capture the breath and return to it..."

"The situation is not very good. Although the head of the beast is in a bad state, the electronic consciousness of Emperor II and the emperor is still consuming each other, but the body of the emperor has been merged. The previous injuries have been restored. The fact that it has been completely stabilized in the heavens is not to be erased..."

"This is wrong. It can only be seen from the size of a giant of more than 500 million miles. Now the beast that combines the heavenly beast and the mechanical beast must be more powerful. It is absolutely difficult for us to resist the Star Alliance."

"Our situation is different from that of the Terran Federation. If the Emperor wins, the Terran Federation will completely turn over, but for our Star Alliance, whether the Emperor wins or the Emperor wins, the result is no different. I am afraid that it will come to the door sooner or later."Say

Here, the twelve old geeks in the hall exchanged their eyes for a look, all worried. 诺

The big league hall has also fallen into silence. After ten counts, the blood-scarred lions smashed into the gloom, and turned to look at the nine ancient powers that were seated around the first hall.

Even if the voice screamed: "You nine people stay in the alliance star field, and the notice goes on, the various families' fleets are ready to evacuate the whole staff immediately. Once the order is issued, they

must enter the plane channel at the first time and evacuate the flood at full speed. Heaven and Earth fragments are empty..."

After that, he turned to the left and right blood and the Qingpeng two vulgar old monsters to look over, the jaw first answered: "Two friends, I wait for the three to go out and take a trip, it matters, Can't sit here waiting for the news..."

"Fortunately, although the beast is powerful, but now there is an electronic consciousness of Emperor Yi and Emperor II in the body, and it is in a state of madness. In this state, its threat has been reduced to a minimum, even It can be said that it is far worse than the unsettled heavenly beast in the realm..."

As long as we maintain a certain distance, the convergence of the atmosphere squats in the distance, following in the distance, waiting for the opportunity to move, security, there should be no problem!"

For this kind of statement, the two vulgar olds of the **** and Qingpeng groups obviously have no objection, and they immediately nod.

"call out!"

"Hey..."

After the decision, the three old geeks did not pause. When they even got out of the life star of the Alliance Hall, they rushed out of the vast star field occupied by the Star Alliance to the Terran Stars. The direction is going very fast.

.....

At the same time, the Wan National League!

At this moment, more than 20 figures in the Union Hall of the Alliance of Wan Clan are also negotiating this matter. Have

Everything that happened to the People's Federation was just learned, and then, after retreating, the 20-year-old powers and the ancient supremes who were responsible for staying in the Stars to deal with the alliance affairs immediately began to discuss...

The ancestors of the era that the Wan Clan Alliance awakened this time are from the space mouse, the **** ant, the giant savage, and the evil spirits of the Shilams. Therefore, the high-ranking members of the four ethnic groups are now in the hall. . four

The family, each family has five ancient powers, one ancient and the most supreme, adding up to a total of twenty-four figures.

At present, the situation faced by the Alliance of Tensions is similar to that of the Star Alliance. The beasts are so powerful that they are worried, because in the end, whether the Emperor wins or the Emperor wins, it is definitely not a good thing for them. Sooner or later. Correct.

However, compared with the Terran Federation and the Magic Hall, their situation is obviously a little better, and it should not be the first target of the Emperor.

But now that the situation has broken through, it is necessary to plan ahead. Therefore, after some deliberation, the top leaders of the alliance in the hall immediately made the same decision as the blood-scarred lion.

Twenty four ethnic groups stayed in the star field and immediately prepared for the evacuation of the whole staff. The other four nobles were immediately rushed to the star field where the beast was located, concealing the atmosphere, paying close attention to everything in the distance of the void. .

It is important to ensure that once any new changes occur, the Wanzu Alliance Base Camp can respond accordingly with the quickest possible response.

"Hey..."

It was decided that the four ridiculous geeks immediately got up, did not pause, and swept away. After leaving the life star where the Alliance Hall is located, they rushed out of the star field and rushed to the direction of the Terran Federal Star...

Chapter 5003: The power of heaven is skyrocketing

Xu Sheng is in the depths of the forbidden land, Ye Xuan's Dongfu Star!

"call out....."

After the end of the retreat, Ye Xuan opened his eyes and stepped out of the Shennong Ding Ding mouth with a colorful mist. When he waved his hand, he directly took Baoding into the body.

Just as he wanted to step forward to the black demon temple located at the top of the peak.

This is clearly the sound of the old pig. leaf

Xuan feet stagnate, slightly frowning, turned and spurred away from the stars, the old guy is clearly calling him, if there is no major incident, he should not be so.

In the next moment, Ye Xuan's figure passed through the atmosphere of the stars and reached the starry sky outside the Dongfu stars.

There are not many figures outside the void, except for the old pigs, there are only the black robe and the Taikoo porcupine from the original survivors' union. three

People are ridiculous and weird, or in the state of the magical pigs, they have the power of the ruling level. It is reasonable to say that even if there is a big change in the outside world, it will not make them worry.

But in fact, at this moment, whether it is the black robe or the Taikoo porcupine, even the old pigs with the ridiculous nine-step great perfection, that is, the half-step heavenly environment, at the moment, when they look at Ye Xuan, they all look Worried...

"Is there any moth on the other side of the Terran Federation? They will not learn the Star Alliance and the Alliance of All Nations, and will awaken all the era powers of the immortal star, the Ten Heavenly Palace, and the Splendid Temple. Is it?"

For everything that happened to the Star Alliance and the Alliance of Nations over a month ago, Ye Xuan knew it before the retreat, but he did not care. Do not

However, the Terran Federation has been slow to act, and Ye Xuan is lazy to understand, so he will enter the Shennong Ding retreat. but

In fact, he is still quite interested in the follow-up actions of the Terran Federation.

To be precise, he is interested in the deep roots of the immortal star, the ten-day palace and the sacred federal heritage of the glorious temple. in

Among all the forces and ethnic groups in the three major star planes of the world, the two camps of the Terran and the Federation of the Faroes have always been the deepest.

As the core ancestral lands of these three major forces, the depths of the immortal stars, the ten powers of the Heavenly Palace and the splendid temples, and the powers of absurdity are absolutely many.

Ye Xuan really wants to determine the approximate number and level of strength... no

However, the facts clearly made him disappointed. This time, the two ridiculous old monsters sitting in the Federation of the Terran did not awaken the depths of the immortal stars, the ten heavens and the hidden communities in the splendid temple...

"The two old guys just expanded the wormhole channel beyond the tens of billions of miles in the star field and successfully completed the merging with the third universe."

After picking up the words, the old pig said half, and suddenly sighed: "However, in the process, there was a huge accident, and it can even be said that the two old guys... this time a big disaster!" Look

He said so seriously, Ye Xuan once again, the look on his face has become dignified...

"The celestial beast and the mechanical beast have returned...Accurately, it is only a sacred beast that has returned. Because it is a fusion of Emperor I and Emperor II, it is called the Emperor."

This emperor is more than 500 million miles tall, and the people stand on their feet, with four arms and four arms. There is a huge mechanical wing of a mechanical beast behind it, and the head is a prismatic polyhedron like a giant beehive... .."

"If there is no accident, it should be that the mechanical beast chased after the endless turbulent emptiness behind the celestial beast, and the celestial beast was completely swallowed up, and then the two mechanical behemoths merged to form the present emperor."

And when it was exiled in the endless stream of emptiness, the two idiots of the Terran Federation extended the wormhole channel, which was close to the void it was in, and was captured, so the coordinates were locked and the wormhole channel was drilled. After rushing out, I will return to the ruin of this ruined land..."

There is no damage to the body of this beast. Not only is the real heaven and earth repaired, but the atmosphere is solid. Obviously, the realm has been stabilized, but there is still a big problem in its consciousness..."

Speaking of this, the old pig shook his head and smiled: "Now, the electronic consciousness of Emperor Yi and Emperor II is all in the body of this beast. Just like the seizure, they are vying for the control of the body of the emperor, swallowing each other..." "

But all this has not yet been completed. It seems to have fallen into a stalemate. No one has the upper hand. At the same time, the consciousness of the emperor is dominant, and sometimes it becomes the consciousness of the emperor. Therefore, this emperor seems to be crazy. Nowadays it is raging in the void of the universe not far from the Terran Federation. It is already a place of sorrow..."

"According to intelligence, the two old guys of the Terran Federation have quietly followed up, including the Wan National League and the Star Alliance. There are also a few vulgar old monsters who have sighed and sighed in the air. Follow the distance, wait for the opportunity to move!"

Moreover, since the Emperor of the Beast has now stabilized the cultivation of its true heaven and earth, it is often slammed out while ravaging the void, and a large universe of voids is instantly collapsed, although it will soon be under the influence of the power of the void law. Quickly repair the bribe..."

"But this kind of movement is too big after all, and once and for all..."

"In this case, most of them have already attracted the attention of the eye-catching green eyes. Now, the whole piece of the vast expanse of the ruins of the heavens and the earth, the power of the invisible heavenly law is rapidly rising..."

"I have a strong sense of foresight in the old pigs. Taking advantage of this opportunity, most of the green eyes will make some moves. If you get a bad situation, the skyrocketing power of the outside world now represents the end of the flood. The moment of coming... is coming soon!"

"In the void... the power of heaven is invisible?"

Upon hearing this, Ye Xuan's faint glimmer of light flashed subconsciously and then fell into sorrow...

The old pig essence is now under the **** magical power of the magical pig, and it is already the peak of the 9th-order grand perfection, that is, the half-step heavenly road. His judgment on the invisible skyrocketing force of the heavenly sky outside the sky should not have error.

If this is the case, I am afraid that the blue sky and the green eye really want to take advantage of this opportunity to promote the process of the full-scale coming of the end of the flood...

In other words, the real end of the world can come at any time!

"It seems that we must speed up a little more progress..."

At this point, Ye Xuanyuan's mid-cold man flashed and turned to the old pig, the Taikoo porcupine and the black robe and the three people, and said: "This matter is very important, the temple must go out and see, first Time to master everything and respond in time..."

"As for the three of you, stay in the Temple of the Devil, and immediately inform the six major corps of the Temple, all the genus of the genus, immediately put all the resources in the stars, or transfer to the battleship, the battle boat, only to the temple Order, the magic hall... full migration!"

Chapter 5004: Breaking the rhythm

"call out....."

The sharp and unpredictable sound of the air broke out. With Ye Xuan waving a hand, there was a rush of anger, and the blink of an eye did not enter the Dongfu Star, and disappeared. This

It was he who summoned the seven great essays in the communication, letting them all the resources in the stars of Ye Xuan Dongfu, all in the black magic hall. black

The Hall of Colors was originally refining by Ye Xuan, and it was also a treasured and precious treasure. Nowadays, he has temporarily handed over the control of this black palace to the sacred ancestors of the seven great cults.

And, there is a special brand in the right way.

Once this brand is activated, the black temple will be vacated, flying to the star-shaped channel leading to the emptiness of Hongmeng by Ye Xuan.

"The specific coordinates of the star-shaped channel that entered the Hongmeng void have already been handed over to the drought..."

After doing all this, Ye Xuan turned to look at the old pig three, and once again said: "Once the beast has changed, the temple will be the first time to report back, by then, the black magic hall will vacate, you Leading all the scorpions of the six major corps of the Demon Temple to follow, and quickly enter from the Star Swirling Channel..."

After entering, you can't walk out again, and the star-shaped channel will be hidden. Once someone walks out, it will be exposed in an instant..."

In addition, after entering the void of Hongmeng, you must not be too swaying. The old pigs take them to the star field where the source nest camp is located, and crouch down in a quiet place..."

After all, after I return, I will do more care! "

After that, Ye Xuan did not stop, and his shoulders swayed, and the whole figure was instantly turned into a man. He rushed out of the Xusheng forbidden land and went to the Terran Federation...

..."

boom! "

"Booming..."

There is a universe of more than 200 billion miles away from the Terran Federation. At this time, a thunderous roar is ringing, and the emptiness of the earthquake seems to tremble slightly, as if the end of the world is coming, it is astonishing. Hey!

This star field has a large number of life stars, so it is chosen by many small and medium forces to live here.

Among these small and medium-sized forces, there are some small relic tribes, some fierce beasts, and some ethnic groups and forces from the three major star planes of the world...

Small ethnic groups and forces only occupy three or five life stars, while larger ethnic groups and forces have more than a thousand life stars. thousand

The scale of the power of the remaining life stars, compared with the Star Alliance, the Alliance of Tens of Nations, the Federation of Terran, and the Temple of the Devil, is naturally not at a level, or even comparable. but

In fact, the scale of its power is not too small.

But nowadays, in the hundreds of billions of emptiness of the sky, whether it is a small force or a high-level group of medium-sized forces with more than a thousand life stars, without exception, all are shaking.

Looking into the sky, there are various battleships, fortresses, fortresses, and the images of the warships and beasts of the benevolent people in the sky of the stars in the sky. They rush out from the atmosphere of the stars. Wan

If the tree is scattered, with a feeling of desperation, spread to the void...

The reason for this is that the emperor, who has just returned from the endless stream of emptiness, has been madly destroyed since he left the area where the Terran Federation is located. It is now on the verge of this star field..."

Roar! "

"Emperor, don't stick to it again, you can't swallow the deity, you and I are the same family. Why do you support the Terran Federation so hard?"

The left side of the edge of the star field, a horrible roar, followed by the imperial violent voice of the emperor, invisibly reveals a sense of trepidation, this is... ..the pressure of heaven!

"boom!"

"Hey..."

"Booming..."

In the voice of this god, the powers of the various parties who are fleeing in the void are suddenly cultivated as weaker ones. The flesh is directly exploding, and it is completely destroyed. Both

There are strong people, there are other ethnic groups from the three major star planes of the world, and there are more ancient people and starry beasts...

Even some of the warships, fortresses, and even the starry fortresses and the remnants of the warships, which are closer together, can't resist the horror of the horror of the emperor's roar. Long blasted and turned into a fireball of varying sizes... put

Looking at it, the vast expanse of hundreds of billions of miles, completely plunged into chaos, blood and fire floating in the void, everywhere, this scene is like a real end of the day, people are heart-wrenching...

"Roar!"

"boom....."

Oh la la..." This

At one moment, the beast once again looked up and gave a terrible roar. It was like the four horrible arms of the giant pillars of the sky, and there was also a emptiness to the right front.

There are just a dozen life stars in this area. At this moment, the beasts are separated by hundreds of millions of miles of space, and they are instantly turned into powder. Do not

Only in this way, even the universe of the universe, which is surrounded by a dozen or so life stars, has fallen into a full-scale collapse, and there has been a strange noise like a roaring wave. The area is instantly There is a deep void like a black hole, and the endless stream of emptiness flows away, and it shoots everywhere...

Although this kind of false black hole formed by the sudden bombardment of the void by the external force will soon be quickly repaired under the influence of the power of the void law, but such a scene is too shocking, and the surrounding air is not known. How many powerful people who are fleeing and fleeing are scared to the sky... This

At this moment, the two old guys from the Terran Federation are in the air in the distance. They have already concealed their physique, and have smothered the body, hiding in the universe of tens of billions of miles, lifting their hearts. Pay close attention to all of this.

It includes three ridiculous geeks from the Star Alliance and the Blood-Blood Warrior, as well as four old guys from the Alliance of Nations, and so on.

In addition, some small and medium-sized scouting fleets in other star fields are also watching everything in the universe of at least 100 billion miles away. Everyone in each battleship scolds the strong.

Without exception, all of them opened their mouths, and the scorpion smashed the horrible color of fear, and even the body trembled uncontrollably.

In the scene that is happening in front of them, they follow the emperor from the far side to the side of the territory occupied by the Terran Federation. They have seen too much along the way. very

As for the rules, they all came out...

Generally speaking, when this emperor roars in the sky and throws his fists around, directly leading to the collapse of the void, the consciousness of controlling the body of the emperor is almost all Emperor.

And if Emperor II grabs the control of the body, it will never do so.

All of this seems to have no head, but the reason why the Emperor is so, must have its purpose, no matter what it is, it makes people feel cold, these scouts have a strong intuition, this time the accident I am afraid that it is really going to break the sky...

Chapter 5005: Wonderful time

"Roar!"

"boom....."

Oh la la..."

As the beast once again looked up and gave a terrifying roar, it was like a horrible arm in the four pillars of the sky, and there was also a emptiness in front of the right side!

In an instant, there are several life stars, together with the countless lives in the stars, under the bombardment of this boxing force, thoroughly turned into powder, and the smoke is gone! very

Even the universe's void, which is a billion miles away from the stars, has fallen into a full-scale collapse, and there has been a strange noise like a roaring wave.

In the entire area, a dark hole like a black hole appeared in an instant, and the endless emptiness of the emptiness flowed away, and it was shot everywhere...

After the return of the emperor, in just two days, such a scene has appeared many times. when

The beast is roaring in the sky, throwing a fist and slamming around, directly leading to the collapse of the void, and the consciousness of controlling the body of the beast can be judged as Emperor.

And if Emperor II grabs the control of the body, it will never do this...

The situation is indeed strange, but if you think about it, it is not difficult to understand the truth of the truth! emperor

I and Emperor II now seem to be in a state of fair competition. The two have a common body, just like the general, in this shared body, the control of the body, and opportunistic to devour each other Electronic awareness...

But in fact, this so-called fairness may have existed in the endless turbulent emptiness. can

As the emperor accidentally returned to the emptiness of this piece of land, the original so-called fairness disappeared instantly. This

The emptiness of the ruins of the heavens and the earth is the main fragment of the ruined world that was shattered in the First World War. Here, the sacred eyes of the heavens and the heavens are the embodiment of the will of heaven and control the power of the complete heaven. first

In the past, Emperor Yi and Emperor Er have tried to integrate the mechanical behemoths with all the tribes of the Majesty, thus slamming the real heaven. but

The result is completely different. emperor

The second failed, was suppressed by the heavens, and even at the most critical moment, because of the detachment of the green eyes of the wilderness, he was seriously injured...

However, the emperor is different, the heavens and the water are released, and the heavenly beast that he has merged has successfully entered the real heaven and earth. It has become the only heaven and earth in this shard of the ruins of the ruins of the heavens and the earth. Strong! only

Based on this, it is possible to explain the relationship between Emperor Yi and Tiandao Qingyan. Among them, there should be factors of Xingbo. but

Specifically, it is because it is not important at all. What is really important is that this is the home of Tiandao Qingyan, and Emperor Yi and Tiandao Qingyan are a group.

Therefore, after the return of the emperor, for the emperor, in fact, it is equivalent to return to their home.

So, naturally there is no fairness to say...

However, the Hongyan Tiandao Green Eye seems to be busy with other arrangements recently, and other innocences have taken too much into consideration. For example, the previous Tianji Star Wars

has hit such a fierce degree, but the Hongyan Tiandao Green Eyes have never appeared from beginning to end.

Now, the beast returns to the emptiness of this piece of land, and the sorrowful sky is not in the first place, or some kind of reaction, and this alone is enough to show that it is still busy with other things, and maybe even For the time being, I have not paid any attention to the situation inside this piece of debris. Place

Therefore, after each acquisition of the body control of the beast, the Emperor will not hesitate to mobilize all the power, throwing the punches again and again, aimlessly bombarding the surrounding voids...he

The purpose is to attract as much as possible in this piece of debris, in order to attract the attention of the blind eye. and

Once he succeeds, he will attract the attention of the eye-catching eyes of the wilderness, even if it is only a avatar of the heavenly eye, it is enough for the emperor.

The emperor who is competing with him and competing for the control of the body of the emperor will be defeated in an instant, suppressed by the invisible, unwillingly swallowed by the emperor... completely swallowed!

Everything in this, after a little thought, does not want to guess. especially

It is Ye Xuan's understanding of Emperor Yi, and in a short period of time, he has completely realized everything. No

Wrong, at this moment, Ye Xuan is also in this void, but it also hides the figure, converging all the breath, and watching the imaginary sky far away from tens of billions of miles away.

Previously, after leaving Xusheng's forbidden place where the magic hall was located, Ye Xuan rushed over at the first time. With his current cultivation as strength, he rushed here from Xusheng's forbidden land. Although the road was far away, it was just a moment's work. Arrived...

In fact, the two old monsters of the Terran Federation, and the blood-scarred lions from the Star Alliance, as well as the four ridiculous geeks from the Alliance of All Nations, have not escaped Ye Xuan's perception. he

Although they have concealed their stature, today's Ye Xuan can definitely be said to be the strongest existence in the heavens. The power of the gods is quietly extended, and they have confirmed their position, and even did not alarm these old guys.

As for Ye Xuan himself, it is the spirit of the spirit of the perfect shock to conceal the body shape and atmosphere, not to mention these few ridiculous blame, and even busy competing for the control of the body of the beast, and at the same time Emperor Yi and Emperor II, which were swallowed up by the electronic consciousness, also did not sense the existence of Ye Xuan.

At this moment, looking at the chaos in front of the void in the sky, and feeling the atmosphere of the few vultures, Ye Xuan suddenly fell into a depressed hesitation...

It was a wonderful time to put it in front of his eyes.

He can take the opportunity to kill a few star-studded beasts in a despicable environment, and collect a few more **** bloodstains...

It is also possible to integrate the electronic consciousness formed by all the electronic consciousness forces in the four kings, and try to quietly send them into the body of the emperor, and unconsciously, swallow up the emperor and the emperor, thus gaining the control of the body of the emperor. Just like a emptiness from the sky...

However, it is also possible to have both. example

If you secretly attack the sneak attack, you will kill the Star Alliance and the Alliance of Monsters, and collect the **** fog and refine the blood of the body, and then plot the body of the beast...

Or, quietly, the electronic consciousness formed by all the electronic consciousness forces in the four kings will be quietly sent into the body of the emperor, and they will be swallowed up by the emperor

and the emperor. After the control of the body of the beast, the ridiculous blame from the Star Alliance and the Alliance of Nations is started...

These two choices have their own advantages and disadvantages, and they are all very important. They have both advantages and disadvantages. It is very likely that other accidents will occur. Even Ye Xuan, for a moment, does not know how to decide, frowning In the sinking!

After the interest rate, his slap in the face, finally made the final decision, and turned to look forward to the front...

Chapter 5006: Electronic avatar

The so-called electronic life, whether it is a mechanical or a formal family of the celestial family, is actually a series of changes, with wisdom and self-awareness data...

Like the spirit of flesh and blood, it is also a mysterious existence.

Ordinary mechanical and celestial people, because they are still too weak, so the data representing the existence of their life can not be differentiated, so it is unique. but

As it grows stronger, this string of intelligent, self-aware data has the ability to differentiate, just as the spirit separates out, in fact, no matter how much, it is itself.

The reason why Emperor I was able to invade hundreds of millions is because the electronic data that represents the existence of its life is extremely powerful. leaf

Xuan's electronic avatar, originally only had a glimpse of electronic data, but later, with the engulfment of a large number of electronic data of the celestial and mechanical tribes, it was like swallowing up a lot of spirits, and expanded their souls, so later Has the ability to divide hundreds of millions.

Today, his electronic avatar is turned into four, respectively, in the body of the four kings of the sorcerer, the king of blood, the king of the sky, the king of the sky and the king of the moon. but

In fact, if necessary, the four kings can be disintegrated at any time, and they can be transformed into tens of millions of mechanical beasts. At that time, every electronic consciousness that enters these mechanical beasts is actually Ye Xuan.

Only the more differentiation, the weaker the strength of the electronic avatar. and

Nowadays, he needs to inject the electronic avatar, that is, the mutated data representing his electronic form of life into the body of the beast, crouching, waiting for the opportunity to move, and finally engulfing the electronic consciousness of Emperor Yi and Emperor II, thus winning the emperor. The control of the body of the beast, from a space to obtain a mechanical beast that has entered the real heaven and earth... This

In this case, his electronic avatar is naturally more concentrated and concentrated. this

At the time, Ye Xuan's immortal world, the four kings are lined up in the void, and they are not moving.

"call out!"

"Hey..."

As he sighed, the heads of the four kings of the king's head suddenly rushed out of a man's eye. These four awns are the electronic consciousness of the four kings. blink

Between the eyes, the four awns are easy to integrate into the void, and it is a gray light spot that only refers to the size of the belly. It looks very inconspicuous and unremarkable.

"Hey..."

In the next moment, the humming sound of the immortal world spurred, and an invisible spiritual force spurred, and this electronic consciousness like a gray light was shrouded in an instant. Have

With the blessing of this spiritual power, Ye Xuan's electronic consciousness activated the magical secret of the perfect shock for the first time. For a moment, the gray light that was originally inconspicuous disappeared, and even all the breath was completely Can't sense it...

Today's Ye Xuan is the strongest under the heavenly environment. It is the secret of the spirit of the perfect shock. Even the true heavenly powers may not be able to sense it.

This alone is enough to ensure that this electronic consciousness that has concealed the shape and breath is silently entering the body of the beast. "

call out....."

After everything was done, this electronic consciousness immediately rushed out of Ye Xuan's body. Without a little breath, in the void, he quickly slammed into the void of the tens of millions of miles away from the front. go with. although

However, now the Hongyan Tiandao Qingyan has not paid attention to this place, but Emperor Yi has been working hard. Under such circumstances, it is difficult to say when Tiandao Qingyan will suddenly come here, so Ye Xuan's time is not much, and it must be started as soon as possible. action.....

According to Ye Xuan's deduction, as long as his electronic body can smoothly enter the body of the emperor, and crouched down, waiting for an opportunity to move.

Then, in the end, the electronic consciousness of Emperor Yi and Emperor II was swallowed up, and the right to control the body of the beast was won. There is absolutely no big problem, and the chance of success is at least 80%. complete

In fact, his electronic consciousness has previously swallowed the electronic consciousness of tens of millions of formal mechanical and celestial people, and swallowed and refined it into his own body.

Although Emperor Yi and Emperor II are strong, but Ye Xuan's electronic consciousness is not weak, he has been able to become four in the past, and settled in the body of the four kings, and together with the body, he reached the stage of the ridiculous nine-step great perfect half-step. Repaired.

Nowadays, the four differentiated electronic consciousness regroup and merges into one, which is naturally stronger.

The Emperor and the Emperor II have been playing a game, devour and compete for each other, and the duration is not short. This is like the two souls of flesh and blood, and they are in the same body.

You must know that since they are still starting to win, they are swallowing each other and competing for the control of the body, they say that their souls have not yet been refining into the body, and they have not perfectly matched each other. The soul of God is not able to receive and supplement the body to the soul.

This is also the case with the same level of electronic awareness. and also

That is to say, since Emperor Yi and Emperor II began to compete for each other, their electronic consciousness has been in a state of rapid consumption, and they have not been nourished...

In comparison, Ye Xuan's electronic avatar is completely eager to wait for work, suddenly shot out, if it can not swallow one of them, then it is really strange.

Whether it is Emperor Yi or Emperor II, as long as he is swallowed up by one, the other one does not need to say anything more. Although it is impossible to have the opportunity to take a sudden shot, but after all, it has swallowed one, and it has changed itself. Stronger, and if you swallow it again, it will naturally be easier.

Once all this is done, Ye Xuan's electronic avatar will refine the body of the beast in the first time, perfectly fit with the body, and carry out electronic branding. Thus, this powerful mechanical beast shell will be no longer No need to worry about being taken away. except

The non-Ye Xuan's electronic avatars are degraded, and the electronic consciousness brand that stays in the body of this mechanical beast...dissipates completely! "

call out....."

After the electronic body was separated from the body and quietly rushed to the front of the tens of millions of miles away from the emperor, Ye Xuan's deity also swept the body shape and spurred toward the left side of the sky.

Today, he is still in the state of activating the konjac blood, and entering the ninth change of the konjac nine, but the body is only able to compete.

Because of the full force to activate the magical power of the perfect shock, he is not only violent and invisible, but even the breath is perfectly condensed. It is the true heavenly powerhouse and it is hard to find.

The direction on the left is the void position of the four ridiculous old monsters of the League of Nations. leaf

Xuan wants the blood of the wild, so the goal of hunting is naturally a powerful beast that has entered the ancient and supreme. This kind of existence, now in this void, there are six in total.

In addition to these four ridiculous geeks from the Alliance of Four Nations, there are two from the Star Alliance. As for the two old guys who are blood-stained and lions, Ye Xuan is not interested. This time, there is still no intention to take care of it. It's too troublesome...

Chapter 5007: One hit double kill

"Hey..."

The electronic detached body rushed to the front of the distant sky in the sky, the deity of Ye Xuan also swept the body shape, quietly spurred toward the left side of the sky.

This time, he has locked in six killing targets. Minute

Don't be the ridiculous monsters from the space mouse, the **** ant, the giants and the evil spirits, and the two old guys from the Star Alliance. to

The two people of the blood-scarred lion and the Terran Federation are directly ignored by Ye Xuan, no value, lazy shot...

These six hunting targets are divided into two sets, in different niche positions, and they are quite far apart from each other, which is hundreds of billions away. Take

Ye Xuan's previous record, and now the fierce name, once he appeared to kill one, other ridiculous old monsters may soon die.

After all, these six guys are all the veteran grotesque in the mid-term and late-stage. The strongest is only the seventh-order, and the half-step meditation of Ye Xuan's ninth-order grand perfection is too much.

Anyway, I can't beat it, naturally I don't have to stay to wait for death or find myself uncomfortable..."

call out! "

"Hey..."

With his body spurting away, Ye Xuan's body once again plucked two figures, and it was the sacral body and the black mist. when

However, the two blood and sea avatars have already fully activated the magical power of the perfect shock, the body shape is hidden, and the breath is concealed. At this time, the body rushed out of Ye Xuan, and there was no leaking trace.

After the black mist rushed out of Ye Xuan's body, he first swayed and rushed to the front. His goal was the four ridiculous geeks from the Wan National League. After quietly approaching, he would Waiting for the opportunity to move, the nine-color flame sea was sacrificed, and the four old guys from the space mouse, the **** ant, the giant fierce and the evil spirits Slim were trapped. and

The violent form of Ye Xuan's deity and the cheekbones are swept away, and they rushed to the far left. Here, it is the area where the three stars of the Star Alliance crouch.

Nowadays, although the temperament and the sacral bones are only the shape of the high-profile, but the realm is not weak. As early as two or three breakthroughs, it has already entered the stage of the ridiculous nine-order, and has just broken through. Once, it has become more powerful.

In the distance of tens of billions of miles, a moment has been taken to the back. At this time, the three old monsters in front of the violent and cheekbones are only less than a million miles away.

The three old guys have lost their physical shape and are not visible. However, with the cultivation of Ye Xuan as a strength, they can capture a glimpse of the air.

The blood-sucking lion is in an abandoned star on the far left. and

The other two are from the **** and Qingpeng tribes, one in the void and one in the life star on the right.

The three old guys are not far apart, only about a million miles away. leaf

Xuan and the skeleton were stopped in the void, each locked in the target. Ye Xuan was staring at the fourth-order absurd from the **** family. and

The target of hunting for the cheekbones is the third-order absurd from the Qingpeng family in the life star outside the thousands of miles.

At the same time, the black mist avatar has also reached the hiding place of the four aristocratic celestial monsters, and it has also stopped by the void of thousands of miles away.

Although he quietly approached the target, but Ye Xuan did not immediately take the shot, but crouched down, waiting for the opportunity to move, while turning to the distant tens of billions of miles away from the beasts looked over...

"Roar!"

boom....."

"Oh la la..."

Just at this time, the beast in the distant sky also looked up again, and as a screaming roar came out, it was like four horrible arms in the sky, and two banged to the front of the void.in

In front of it, more than ten life stars are scattered in the void, and the distances are different. At this moment, the beasts are separated by hundreds of millions of miles of space, and they are instantly turned into powder.

The power of this blow is too violent, and it is obvious that Emperor Yi is already somewhat intolerant. This

More than ten life stars, together with the universe's emptiness around the stars, fell into a full-scale collapse under the violent violence of this boxing, and there was a strange noise like a roaring wave. Milli

No accidents, there was a dark void like a black hole in the area. The endless stream of emptiness swelled and smashed everywhere.

Once, the bombardment of the beasts was more violent than before, and countless creatures in the void were all trembled, and even Ye Xuan had a slight jump in the eyelids. and

The front has already been locked in front of him and the cheekbones, respectively, and the two ridiculous old monsters of the air machine have been locked in. The attention of the mind is clearly at this moment and all of them are thrown to the raging land of the distant beast.

This is the best time to shoot, now!

"call out!"

"call out.....""

boom! ""

Bronze students..."

The thought flashed through the brain, and Ye Xuan and the cheekbones were separated from each other. They did not hesitate, and they rushed out in an instant. The void distance of ten thousand miles was just one ten thousandth of an instant. Two

When the person reaches the target, the strength of the body is pushed to the extreme, and the punch is banged out...

Although the two people's body shape is only high, but the strength of the body has not been discounted. This small figure is not even noticeable. At this moment, with the effect of the attack, it is simply impossible to prevent.

The two ridiculous geeks from the **** and Qingpeng people did not expect to squat a killing **** behind them. At this moment, their attention has all been thrown in front of them, realizing that the situation is not right to return to parry, obviously It's too late...

"boom!"

"Hey..."

It's happening too quickly, just at this moment, the punches of the violent and cheekbones are all shot at the same time, all of them are incomparably bombarded on the huge bodies of their respective targets...

No suspense, a punch, and immediately there was a loud bang.

These two ridiculous geeks from the **** and Qingpeng families simply had no time to react, just a little back, and even had a chance to make a terrible scream. The power of the finger has already rushed into their bodies...眨

Between the eyes, the entire body of the two ridiculous and ridiculous Panda's giants has exploded in an instant, turning into the red blood of the two tents. Covering a void...

At this time, Ye Xuan and the cheekbones have no need to continue to hide their body shape. The moment of the shot has been exposed, and the figure is displayed in a generous manner. tight

Then, as a whistling sound rang, violently waved in the first place...

Invisible, a huge invisible instinct screams away, sweeping away the **** fog of the two ridiculous old monsters, and in the body, sent to the center of the Dingnai space. At the bottom of the volcano, start here... blood condensate! straight

At this time, the blood-scarred lion crouching in the abandoned star on the left side turned to look down subconsciously. After seeing the leaves and the cheekbones, they suddenly opened their mouths and completely stunned...

Chapter 5008: Nine-color flames

Less than half interest, Ye Xuan hit a double-kill, and the two more in the hands of the **** essence. first

Before that, he had fifteen wild bloodstains in his hands. Two more were added in the hand, and the number of **** blood in his hands reached seventeen.

At this time, just at the same moment that he and the skeleton of the cheekbones appeared, the blood-scarred lion crouching in the abandoned star on the left side turned subconsciously.

Suddenly, I saw Ye Xuan and the cheekbones, and the blood-stained lions suddenly opened their mouths and completely stunned. Then they turned pale and mad, and they didn't even think about it. Just like the conditional reflection, the neck shrank and immediately turned around and fled. ..."

Oh la la..."

"Roar!""

Roar! "

"Hey..."

At the same time, in the other direction of the tens of billions of miles away, there were also a few shocking rumors and screams, accompanied by screaming like a wave of waves...

At the same time as the violent and sacral avatars were hand-in-hand, the black mist was also swayed in the middle of the cold, and the right hand suddenly swayed...

With his shot, a phoenix-like nine-color glare spurt away, the speed is so horrible, only about a million miles or so distance is negligible, directly to the four from the Wan Clan League The central area of the stupid figure of the head. and

Moreover, this glamorous glare also greeted the storm, and the short-term and low-interest did not reach, and it formed a vast expanse of nine-color flames in the void.

The whole piece of flames is incomparably fascinating, and under the raging waves, the hustle and bustle will be caught off guard, and the space rats, **** ants, giants, and evil spirits of the Silems, who have not had time to react, are shrouded in them.

"Hey..."

After successfully smashing the four ridiculous geeks, the black mist screamed and screamed in the sky, and instantly smashed into the majestic nine-color flame.

This moment is a long story, but it happens in a blink of an eye.

From the violent and sacrificial avatars at the same time, a single shot under the double-killing, until now the black mist voluntarily waved a sacred sacred, turned into a majestic flame sea, the four ridiculous gems from the Wan National League, and In the first time, I rushed into the flames... Before and after, the whole process was not enough.

Even in the void in the distance tens of billions of miles away from the front, the beast of the screaming between the violent and the sacrificial body, the horrible sound of the mouth, is still not falling...

At this moment, the two noble people who crouched in the other direction, also subconsciously turned around and looked over. when

After the violent and cheekbones were separated, and the familiar nine-color flame sea fell into the line of sight, the two old guys were mad and their faces changed dramatically. Without hesitation, they turned to the right and fled to the right. . Do not

Needless to say, these three old guys have experienced the existence of the previous Tianji Star Wars. For Ye Xuan, almost all have formed a direct reflection. with

If you change to the two bloody, Qingpeng people who have just been slain, or the four ridiculous monsters who have just been trapped in the nine-color flame sea, I am afraid that Faster, it's impossible to have such a rapid illness...

It is a pity that whether it is a blood-stained war lion or not, these two ethnic groups are ridiculous and weird. Although they are very alert and the response is very fast, such a move is obviously a bit self-satisfied...

In order to kill the two ridiculous geeks from the **** and Qingpeng genres, the violent and sacrificial scorpions were not hesitant, and the first time they shook their shoulders, the whole body became a miraculous Shooting and rushing to the vast sea of tens of billions of miles away from the right side of the sky... and

The blood-scarred lion, and the two people's ridiculous blame, until they turned and escaped from the tens of billions of miles, feeling that there was no movement behind them, this bravely looked back.

Only one glance, they let them squat on the spot, and the body shape that fled quickly on the positive side suddenly stopped in the void, and then the face appeared a faint color...

Didn't chase it? It

This happened in the first battle of the Tianji Star Field. Together with other ridiculous survivors who survived in the last days, all of them were killed by Ye Xuan, the Lord of the Devils.

They are the only three of them, but Ye Xuan seems to have no interest at all. They are lazy to take care of them. After killing other ridiculous old monsters, they pat the **** and go directly, even if they don't even look at them... ..

At that time, they did not think much, and they were still secretly glad that they had hit the dog. Otherwise, there would be no chance of surviving at that time, and they must have fallen into the sky. and

Now, in this star field that is not too far away from the Terran Federation, they have encountered the same situation. magic

After the lord of the temple, Ye Xuan, murdered the **** and Qingpeng ancestors, he directly rushed to the four ridiculous geeks from the Alliance of Four Nations. They were clearly separated from the konjac and the shin. More recent, but once again ignored...

"This is simply..."

Did the old man suddenly have a feeling of being humiliated? "

In the void, the two old guys from the Terran Federation stayed for a moment, then whispered and exchanged their eyes. under

For a moment, almost the heart was in a good mood, and both of them turned to the direction of the blood-scarred lion to escape.

It happened that the latter was looking at them with a dull look. three

The eyes of an old guy meet in the void, and at the same time, all of them are red.

At this moment, they all feel bad, and the same feeling is poured out in their hearts. It is shy and angry!
"

Roar! "

"Hey..."

At the same time, the tens of billions of miles away from the right side of the front, the violent temperament and the shin bones of the body, and each of them screamed a horrible arrogance and scream, followed by a flash, and instantly I rushed into the vast flames of the sea, the **** ants, the giants and the evil spirits of the Shilams, and disappeared.

The whole nine-color flame sea is extremely wide, it is a huge ball with a diameter of several billions. Of course, the inside of the ball is hollow, from the space mouse, the **** ant, the giant fierce and the evil spirit Shilam. The ridiculous blame is now trapped inside the flames. "

Roar! "

"Hey..."

The moment when the violent and cheekbones rushed into the flames, the deafening arrogance sounded instantly, and the four old guys from the League of Nations had never dealt with Ye Xuan.

Although during the period after waking up, I heard some information from the dozens of four ethnic groups in the Wan Clan alliance, but I did not know that Ye Xuan's hands were in control of such a majestic nine-color flame. . Such as

It's not so cold to see that this kind of real world's existence has been tabooed by the flames of the heavens and the earth, and by the time it's caught, it's completely plunged into panic and fear...

Chapter 5009: Earnless beast

The inside of the huge flame ball formed by the nine-color flame sea...

"Roar!"

"Hey..."

The moment when the violent and cheekbones rushed into the flames, the deafening arrogance sounded instantly, and the ridiculous geeks from the space mouse, the **** ant, the giant savage and the evil spirits of the Slim family were just like the heat. The ants on the pot are usually smashed around, and all the faces are the same panic and panic...

The four old guys originally had a huge size of tens of thousands of miles, but now they are trapped inside the nine-color flame ball. For the sake of flexibility, they have all been reduced in size, only about a hundred feet. to

Yu Xiu is the strength, the four old guys are not too strong, the two early desolation, the two mid-stage absurd, even the late absurd of a seventh-order situation.

At this time, in the three different directions inside the flame ball flame wall in the sky, the cold eyes looked at their three blood sea avatars, but all are the absurd nine-step big perfect half-step heavenly existence.

Although the body is not big, only the Zhang Xu, the body's repaired breath is very horrible, from three different directions, shrouded the entire interior of the flame ball, invisibly condensed into a powerful pressure, let These four ridiculous grotesque, the body shape is slightly trembled...

That is, before they fell asleep, they never really touched the Shennong nine-color flame, but they did not touch it, but it did not mean that they had never heard of it. As early as in the distant era, there was a Shennong nine-color flame. It is called the most overbearing top fire between heaven and earth.

Even if it is a true heavenly powerhouse, there will be some taboos for this kind of top-notch fire. If it is not necessary, it will not be contaminated.

This kind of top-level fire can be too strong, as long as it is contaminated with a bit of bone, unless the shot is quick, the body will be contaminated in an instant, otherwise it will burn itself out in a short time. , turned into fly ash, and annihilated. and

At this time, the four of them were trapped in the huge flame ball of this Shennong nine-color flame. Under the fear, they did not think about making a trapped beast, but they thought it was one thing, dare to do it. But it is another matter...

In the situation facing today, if they want to get out of their way, they can only bite their teeth and rush directly to the flame wall of this giant flame ball.

In that case, the result is not that some part of the body is contaminated with Shennong nine-color flame, but the whole body will be covered by this top heaven and earth flame, then it will definitely be the end of the dead, not even much Time struggle...

This road is absolutely impracticable, and in addition, in order to solve the immediate crisis, another method is to sacrifice this piece of the flames of the sea and turn it into a magical hall that traps them. The Lord's three big **** seas... completely smashed!

But this is obviously even more impossible. The three bloods of the Lord of the Devils are all half-steps of the ridiculous nine-step grand perfection, and even among them, even a late seven-order land Nothing is honored. This

In this case, don't say that the three **** seas are separated, even if there is only one, they can't shake... brain

These thoughts flashed in the middle, and the four ridiculous geeks from the space mouse, the **** ant, the giant savage and the evil spirits of the Slim family felt that their whole brains were about to explode, a strong life and death that had never been seen before. The sense of crisis has long shrouded their entire mind and despair!

They did not think about begging for mercy, because from the intelligence information they had previously grasped, Ye Xuan, the master of the Temple of Devils, simply did not eat this set, and begged him for mercy, and there was no use at all! Both

However, there is no need to make such a kind of unnecessary attempt, and let yourself be ashamed of it..."

Roar! ""

Roar! ""

Oh..."

Under the desperation of the bottom, the four old geeks are stunned, and their hair is outrageously angry and screaming...

Then, two old guys from the space mouse and the **** ant family seemed to suddenly make some kind of decision. They exchanged their eyes for a look, the voices were red, and the voice of the gods in the mouth also came out... ..

"It's just a death, it's better to die hard..."

"Two, you are ready, waiting for the opportunity to go away, the old man and the old ants at the same time blew themselves, the violent energy of the violent, perhaps let this nine-color flame sea briefly separate a gap..."

I have to say that the choice of these two old guys is indeed the most sensible, and their minds are also really fruitful. They know that there is not much time, but they would rather sacrifice themselves and fight for the possible survival of the other two companions...

At this moment, even Ye Xuan couldn't help but admire them, because these two old guys are clearly not talking about playing. At the same time, the sound of the gods is violent, and the air that has been dispersed in their bodies has become violent. It is definitely the rhythm of self-destruction. can

Unfortunately, even if it is a ridiculous old monster, it is necessary to carry out a comprehensive self-explosion on the level of the body and the soul. Even if it is rapid, it will take some time.

And now that the distance is so close, it is obviously impossible for Ye Xuan to give them this time and let their plans succeed. "

Oh..."

At this moment, the three blood seas that originally stood in different directions of the nine-color flame ball moved at the same time. One tenth of an instant, they had already arrived at the space mouse and the **** ant that had just gathered in front of the side of the flame wall. The family is ridiculous. No

Half hesitated, the first time to provoke the power of the body, while the two old guys trapped in the middle of the three people punched out...

"boom!"

Oh..."

The cuts happen too quickly. In the blink of an eye, the three big blood seas and the one shot at the same time, all of them have been blasted in the body of two old guys...

There is no suspense, and the earth-shattering roaring sounds come in an instant. These two heads come from the ridiculous grotesque of the space mouse and the **** ant family. They simply can't make any reaction. They just open their mouths slightly and even make a shock. There are no opportunities for Xiao Xiao...

Then, after a horrible force, they rushed into their bodies. After a moment of nowhere, they had already raged in their bodies, and the whole body exploded. In order to spread the red blood fog that quickly spreads the two canopies, it covers a corner of the sky...

"Call..."

At one moment, violently waved in the first place...

As a whistling sound rang, invisible, a majestic force whizzed away, and the **** fog of the two ridiculous old monsters exploded. Receive

Into the body, sent to the bottom of the volcano in the center of the volcano inside the space in this regard to start blood purification! This

Everything is long, and it has just happened. The power of the two old guys has not been frenzied to the extreme, and it has been forcibly suspended and destroyed in the middle. Two

In the early days of the reign of the past, the half-step heaven-level powerhouses in this ninth-order world have no chance to blow themselves when they have no way to escape and fight in close quarters. Unwilling to fall, the gods are gone...

Chapter 5010: What else does he want to do?

"boom!"

"Hey..."

The skyrocketing roaring sound came from an instant, and the two heads came from the ridiculous grotesque of the space mouse and the **** ant family. They simply couldn't respond to it. The whole body exploded and turned into a rapid spread. The red blood fog, covering a corner of the void...

Then, it was violently fluttered and fluttered, and directly into the body, half of the blood and fog did not survive! Two

The ridiculous old monsters in the early days of the reign, even the chance of self-destruction did not exist, and they were unwilling to fall apart in the blink of an eye.

The scene was too astounding, and the other two old guys were scared to tremble on the spot, their faces were mad, their bodies were almost in a void, and they were turned over! "

What about you two? Are you also prepared to blow yourself? If so, please hurry up, just in the province's main hall..."

At this point, the three **** seas have turned their heads together, and they have seen them. The flesh and blood of the flesh and blood are flashing in the middle of the cold, and a light words are said.

The voice is soft, not ill, and the look on the face is calm and calm, as if it is just talking about a trivial little thing.

"puff!"

"puff....."

These two old guys are almost not on the spot to spur the old blood... What is the use of self-explosion now? Who can save himself by sacrificing himself? This

It is the thought that their hearts are subconsciously flashing. but

This thought just flashed, and they shook their heads and smiled at the same time...because, even if they don't blew themselves, what can they do? The final result is still the same!

Today, no matter what, it is no longer a disaster! "

Roar! ""

Oh..."

"Hey..."

Realizing this, the two old guys exchanged their heads and exchanged their eyes. The sturdy and sturdy spirits of the scorpion became extremely bleak in an instant. They seemed to have been desperate and desperate to give up their struggles. One

After a look of eye contact, they clearly reached a consensus, and they provoked a terrible roar and screaming, showing endless sorrow and unwillingness. tight

Then there were two shocking explosions. Under the utter despair, they chose to blow themselves up. The huge flesh between the blinks turned into two **** fogs. "

This is simply..."

Call..." This

The result is even a surprise to Ye Xuan. micro-

After that, the violent sighs and sighs, and then it is easy to wave at the first time. As a whistling sound rang, invisible, a majestic force whizzes away, these two ruthless monsters are huge and explosive. The **** fog of the opening is swept away...

After the income is in the body, it will be sent directly to the bottom of the volcano in the central area of the Dingnai space, and the blood essence will be condensed!

At this point, the four ridiculous geeks from the Wanzu League space mouse, the **** ant, the giant fierce and the evil spirit Slime were all smashed, and they were not able to spend time. and

With the fall of these four old guys, the number of **** blood in Ye Xuan's hands has skyrocketed again. first

Only seventeen before, but now it has reached twenty-one. two

Eleven bloodstains, it doesn't sound like it's hard, but it represents the life of twenty-one ridiculous geeks. Unconsciously, the ancient sage that fell in Ye Xuan's hands has reached So the number.

If the matter is spread out, I don't know how many star-studded powers will scare the dead souls..."

Oh la la..."

"call out....."

After calming down the excited mood, the violent glimpse of the gloom, between the movements, the black mist avatar and the shin bones instantly turned into a shed of blood and rain, and instantly condensed into a point, lasing The blink of an eye did not enter his eyebrows and disappeared. versus

At the same time, this nine-color flame ball that enveloped nearly 10 billion nautical emptiness also spread out in an instant, turning into a vast sea of blood, and then condensed to a point in an instant, also rushed into Ye Xuan. At the eyebrows, it flashed away.

At this point, there is only one martial-style Ye Xuan in the void, and the four ridiculous geeks from the Alliance of All Nations have been completely murdered in less than ten years.

Even the **** fog formed after the flesh exploded, the gods disappeared, and half of the hairs were not left behind...

In the distant void, two different directions, tens of billions of miles away, the blood-scarred lion and the two human races from the Terran Federation saw this scene, the dawn suddenly condensed, the figure was subconsciously Slightly trembled.

At this moment, the endless fear enveloped their hearts, because in such a dazzling work, the hands of Ye Xuan, the master of the temple, actually killed six ancient gods. This

However, the ancients are supreme, but when they reach his hand, they become melons. When they take a shot, they can easily kill a few people, and the means of cruelty are simply horrifying.

With this endless fear shrouded the mind, the whole heart of the three old guys immediately mentioned the eyes of the blind man. The power in the body is quietly and comprehensively urging, and he is alert. If there is something wrong, he will immediately turn around and escape.first

The former violent and cheekbones did not actually shoot them, but it was because of the tens of billions of miles in the other direction, and four ridiculous gems from the Alliance of All Nations were waiting for them to be solved. reason. black

The fog is just a nine-color flame that turns into a huge flame ball, and the four old ridiculous monsters are trapped. Even the black mist is also the peak of the ninth-order grand perfection, that is, half a step. Heaven, but with his own strength, it is obviously impossible to quickly kill the four ridiculous old monsters who have been trapped...

In order to avoid dragging for too long, the violent and sacral avatars rushed to the first time, and solved the four ridiculous blame of the Wanzu League as soon as possible. It was originally understandable and the most correct choice.

But now the situation is different, just ten shortfalls, the four ridiculous old monsters of the Wanzu League have all been bombarded, and the main hall of the temple, Ye Xuan, has thus been idle, except for the whole piece of the void. Except for the idle ants and the powerful beasts, there are only three of them left...

Those ants who are idle in small and medium powers are naturally unlikely to be interested in Ye Xuan, the master of the temple. The beast is now a heavenly environment, stronger than the original heavenly beast, the atmosphere is already solid, and the realm is solid. He is not at all opponent. Such as

Therefore, the most suitable target to start, naturally they are three people, anyway... idle is also idle! miss you

At this point, the three old guys jumped in their hearts, and under the flash of a slap in the face, they all looked away from the distance in the distance. meaning

What's more, the temper is not interested in them at all. I don't even look at it here. After waving the nine-color flame sea that forms the flame ball, the glimpse of the glimpse is flashing. The beast in the distance rushed over. This

In one scene, the three old guys suddenly frightened, and their faces changed wildly. When they took a sigh of coolness, they were subconsciously screaming...

"God, what does this guy want to do?"

Actually rushed to the emperor, do you want to die? Actually, I still want to hunt this powerful beast that has stabilized the real heaven and earth..."
