Chapter 5041: Ugly rushing out of the sky

"For the entire community, even if it is a sacrifice, it can be..."

After this sentence is finished, the face of the red dress is full of decisive colors. Obviously, even her own, she has already prepared herself to bring the old pig into the Xia Xing Xuan...

The other party is the peak of the nine-order grand perfection, that is, the half-step heavenly power.

Even if the red dress is the sixth-order revision of the beauty of the woman, if it is responsible for introducing it into the Xia Xing Xing Xuan, after entering, it must be with him. In this case, make sure that the other party cannot be rushed out. Under the premise of the star swirl, it is basically impossible for her own to rush out of the star whirlpool before the full bloom of the Xiayan illusion. and also

That is to say, this basically waits for self-sacrifice, and it is not just a simple sacrifice. Once the Xiayan phantom opens, it is trapped inside the star whirlpool with the \*\*\*\* color pig, facing a nine A step-by-step, step-by-step, strong-minded person, I am afraid that even if you want to die, you may not be able to do so.

That means shame, but for the ethnic group, this is the only choice...

In the face-to-face, the four old singers of the colorful singers nodded silently, and their faces were absolutely fascinating, and they were ready to sacrifice themselves.

Later, the four people's body shape vacated at the same time, rushed out of the stars, and went to the edge of the starry field of Xia Yu forbidden land...

Xia Xing Xing Xuan is located in the deepest part of the Forbidden Earth, and they want to introduce this \*\*\*\* black pig into the star swirl, open the magic array to trap it, at least mention the person into the star field, then Then we will cater to it, imaginary and arrogant, and slowly!

.....this

At this moment, there are five figures standing on the edge of the starry field at the forbidden place.  
Fives

The figure of the Tao has changed into the appearance of the survivors. The four old men, a savage black-faced brawny, are the old pigs who came from the robbery.

The black-faced brawny is the old pig, and the four old men are the four ridiculous monsters who roar the forbidden land.

This road came, the five people had conversations on the way, and now they are all familiar with each other. However, although the old pig is the peak of the 9th-order grand perfection, the powerful half-step heaven.

However, the glamorous female repairs in the forbidden places of the people are not too arrogant. If they just rushed in, it is too rude, so after waiting here, wait quietly at the edge of the star field. ....thing

In fact, the old pig Jing came to Xia forbidden this time, although he did have the idea of holding a beautiful woman, but he did not intend to use it.

Ye Xuan gave him the task, just to enter the Hongmeng void with the magic hall army, grab a suitable forcible forbidden land on the right bank of the Milky Way, as the habitat of the magic hall army.

This task he has completed, and now the right bank of the Milky Way does not know what happened, the strength of the repair is still above him, the more powerful hollow giant turtle is actually gone, one by one forbidden and the strongest star, There is also a strong absurd old man sitting in the town...

In this case, the old pig essence obviously did not intend to continue to make trouble. he

I am not afraid of myself. After all, in the state of the \*\*\*\* magical power of the magical pig, now he is already the peak of the ninth-order grand perfection, that is, the half-step heavenly power. can

It is said that even in this piece of Hong Kong, there is no place to go.

But now his armpits are still with the six major regiments of the entire magic hall. If it is really necessary to continue to kill and squander, in case of the anger on the right bank of the Galaxy, one by one, the strong forbidden land and the Xeon. At the same time, the ridiculous old blame came together for crusade. With him and the seven sorrows and the black robes, if they couldn't resist it, then they would really have a big mess. Session

At the time, I could not even explain to Ye Xuan...

This time, after the old pig was able to handle everything in the forbidden land of the magic antelope, the first time he came out, he went to the air and banned the land, then pushed the boat along the water, and the four ridiculous blame in the roaring ground. Under the invitation, I immediately came to the forbidden place. its

The only purpose is to just get close to the two high-rises adjacent to the forbidden land, and hear the words of the hall of the demon from their mouths...

He did not expect that the other party actually misunderstood his meaning, and he had already laid out the arrangement in the dark, and he was to be lured into the Xia Xing Xing shui in the depths of the Xia ban, and the magical array was closed.

Of course, since Xia Yu's forbidden land is a glamorous woman repaired by the stars, then take advantage of this opportunity to bring some color 蟒修修, and settle in the new refining car in the future. ,it is also fine.....

The old pig accurately had this idea, but he did not intend to use it at all. On the other hand, he did not plan to get into trouble any more. He turned his face with the high-rise of Xia, and since then, the magic hall has been stationed there for the unknown. A huge hidden danger. another

On the one hand, because he is still very confident about himself...

Even Ye Xuan, like an ugly big monkey, can make the seven great sorrows of the wild, and they are so powerful, how can they not like women? brain

In the flashing of these thoughts, the smile on the face of the old pig is even more splendid. The chest that was originally tall and uplifted is also quite forward. It is arrogant and pretentious, but it does not know the body shape of this body, and it is not black. The skin color, plus the look of pride on the face...

Not to mention the female practitioners who liked the good things in Xia's forbidden place, even the four ridiculous old monsters who accompanied him to the robbery place nearby, all of whom had already seen the mouth and screamed. Wow, vomiting...

"call out!"

Oh..."

After waiting for a while, in the depths of the star field in front, suddenly there was a sharp sound of breaking through the air, and I looked around. The four figures were coming together and coming together.

These four people are the strongest of the entire Xia ban, that is, the four ridiculous geeks of the starry sky, all of which have now changed into the look of young and beautiful women, not only beautiful, but also more It's incomparable, and the little waist is just a grip. This

Such a stunning color, such a beautiful body, afraid of being a true survivor, even if they know that they are all changes in the stars, they will suddenly see it, and most of them will not be able to hold it.

At this time, I saw the four old singers of the colorful singers coming, and they always had great confidence in their postures. The four old guys had a smug smile on their faces. under

After consciously turning to the first exchange of an eye, the four old guys turned to the old pig at the same time and looked at the old pig. In their view, the old pig with a very good female color, cold and suddenly saw this beautiful and beautiful. The young female practitioner of the drop, I am afraid that even the scorpions in my mouth are coming out. Of course

The facts made them stunned.

The old pig was really open-mouthed, but he didn't show any scorpions, but his eyes widened and his face looked like a ghostly expression. After two moments, this was a sinking face, and he was so stunned. It's up: "Is this too thin? It's so ugly to get out of the sky, it's too disappointing for this pig..."

Chapter 5042: Lead to the star

"Is this too thin? It's so ugly to get out of the sky, it's too disappointing for this pig..."

Seeing the arrival of the four ridiculous old monsters in the forbidden place, the old pig immediately opened his mouth, but did not find any scorpions. and

It was a big eyes, and I saw a ghostly expression on my face. After two moments, I was so heavy that I was so stunned.

The four ridiculous old monsters that are coming from the emptiness in front of the sky are indeed inconsistent with his aesthetics. thing

In fact, even the sacred sorrows and other floods and seven savage repairs, as well as the Xuanyuan Ziyang, Duanmu Xiaocha and Zhao Qianru three gimmicks, the same is true. old

Pig essence likes a plump beauty, preferably a fat sow with a fair skin.

Of course, if you want to become a survivor, not a sow, it is a bit regrettable, but as long as you can lick a little, fat, it is still unacceptable...

It should be no problem to at least serve as a son-in-law.

But the four old sorrows of the banned land are too ridiculous, not only ugly, but also slim into this, ribs are fine, at first glance, they know that malnutrition, clearly is not long enough to run out... even

The idea that I haven't finished yet is full of thoughts. From this point alone, I can see how old the old pigs are, and how dissatisfied they are. This

At the moment, whether it is the four old guys from the roaring ban, or the shackles coming from the distance in front of the sky, now it's already close to the four beautiful savage eccentrics of the Xia ban, both of which have opened their mouths at the same time. Looking at the old pig fine, I suspect that I had an auditory hallucination just now...

too skinny? ugly

Going out of the sky? brain

These thoughts flashed in the middle, and the eight people only felt the bang in the brain, and they were almost smashed by the thunder.

In particular, the four beautiful young people who had just arrived in the vicinity of the Xia, the forbidden land, were even more angry. silver

On the right bank of the river, the ancient powers and the ancient sages in the forbidden land, whether they are starry beasts or survivors, which one is not secretly licking their beauty?

The beautiful name of the four beautiful shores on the right bank can not be called out casually. It is the hope of the public and it is obvious to all! live

For so long, they only heard that people used ugly words to evaluate them for the first time, and they were still ugly to rush out of the sky. This is why there is Wang Fa?

It's hard to understand!

Aside, the four old guys from the roaring ban were also thundered and stunned. They thought of all kinds of possibilities on the way here, but they never thought that this eclipse was old. The pig, after seeing the four ridiculous old monsters on the right bank of the right bank, said that they would use the words ugly to rush out of the sky to describe...

Until then, they suddenly realized the fact that they were ignored, that is the blood of this guy...he

It's a pig. In the eyes of pigs, the so-called beauty is naturally the kind of white and fat big sow, even if it's not a pig, at least white, fat, etc...

The four glamorous deserts in the curfewland are white enough, but their body and fat characters are not touched by the top, and the ribs are exactly like ones. How can they get the pig's color eyes?

Miscalculation! when

It's too miscalculated, it's almost a big deal... brain

In the middle of these thoughts, the four old guys exchanged a look even if they turned their heads again. Then, their faces were filled with smiles, and they looked at the old pigs and immediately remedy them. "

I'm afraid that the pig's tyrants are a little misunderstood. It's too late to say disappointment. It's too early to say..."

Right, the four Taoist friends who have been banned from the Xia, have been repaired, so they are slim, but in the Xia ban, there are still a lot of glamorous women, they are all white... It! "

"Whether it is, fat is very cute. If the old man did not guess wrong, the pig tyrants like it, should it be this type?"

Hahaha, really, the hero sees the same thing, the old man is the same, don't like too slim, there is no feeling of meat and toot, or a long bit of good, more and more beautiful..."

In this case, the four old guys almost did not confuse themselves in order to cater to the old pigs. It's not a result of hard work. When they heard their words, the look of the old pig's face really eased. a lot of. on

Even the already bleak eyes have once again set off the hope of mans. Look

This guy really likes the fat type, it is really the taste of the pig, it is too heavy...

The heart is so secretly from the belly, the four old guys hang over the eyes of the blind man, but slowly fall back, while talking, while escaping the four beautiful sages in the sky Looked over.

Although there is no language, on the one hand, because of the neighbors who have been with each other for many years, this is already very familiar.

On the other hand, it is because I have just passed the message in private...

Therefore, even if it is just a contact between the eyes, the four glamorous and ridiculous people who are forbidden by the Xia dynasty will still realize their meaning in an instant.

At this moment, after the anger of the heart gradually receded, the four of them originally hung in the eyes of the blind eyes, and also fell back to the chest.

Since the aesthetics of this dead black pig is problematic and still a major problem, at least the innocence of the Cailu people in their own and in the forbidden area can be preserved. complete

Actually, all the color enamels can be the same as them. The waist and limbs are only full of grip, as if they will be blown off by the wind at any time. This old pig blame obviously does not like this type, and it is extremely disgusting. In his eyes, it's ugly to rush out of the sky... no

However, although the safety of the tribes in this respect does not need to be worried any more, the brutality and temper of the black-skinned pigs are unquestionable. This has been clear in the past, and the whole forbidden land is the best example. . Place

Therefore, since today's events have developed to such an extent, it is naturally impossible to stop here. In any case, taking advantage of this opportunity, the other side will be introduced into the Xia Xing Xing Xuan, and the magical array will be opened. brain

In the middle of these thoughts, the four glamorous deserts immediately followed the laughter, and echoed in succession...

"It turned out to be a pig tyrant, and the little girls and sisters have lost their glory. It's really rude..."

It's just that there is a sister of the 9th-order grand perfection in the Xi'an forbidden area. Now she is retreating in the Xia Xing Xing Xuan, and it is a scene of abundance. After she changed into a survivor's appearance, she weighed 888 pounds. The four of our sisters are added together and doubled to compare with them..."

"If you haven't guessed it, the pig tyrants should like this type, so it's just right. The little girl is now leading the Taoist friend to the Xia Xing Xing Xuan, the sisters of that family will soon be going out. If you see such a mighty Taoist friend at the first sight after the customs clearance, you will be extremely happy..."

The good things about the beauty of these adults should not be delayed, and the pigs are not as good as our friends."

Chapter 5043: Mid-American pig

"Xia Yu Xing Xuan? What is it?"

In the meantime, there is still a half-step ridiculously ridiculously in the forbidden land. The weight is 888, the length is white and fat, and the old pig is in the air. Do not

However, he is not reckless, and he has left more eyes on the Xia Xing Xing Xuan, which he has never heard of, even when he asked inquiries...

From this point of view, for this 8,000-eight-eight-long, white and fat glamorous female repair, he is obviously really tempted.

On the one hand, the women's committee that is so fat is so able to meet, in addition, the other side's cultivation is also very suitable for him. If

It's a smooth breakthrough this time. It's certainly better to step into the ancient and supreme world. At that time, you will be the peak of the 9th-order grand perfection, the half-step heavenly existence, and

there is a body weighing 888. The white and fat beauty is waiting to be served. Only by this point, the power is not weaker than Ye Xuan...

Isn't the seven major cults around him just stepping into the ranks of the desert? which is

This glamorous fat repair, which has never been seen before, failed to break through this time. It is still only the perfection of the great nine-step perfection, that is, half-step absurdity. That doesn't matter.

In the future, I will mention it a little bit, and a smooth breakthrough is a matter of sticking to it. Maybe the other party will be more grateful and more desperate...

These thoughts flashed in the brain, the old pig essence can be described as an instant movement, and the corner of the mouth finally faintly can see a sign of a hahazi...

This scene fell in the eyes of the four glamorous and ruthless mountains of Xia, and they immediately made their hearts happy. After they exchanged their eyes again, the four people continued to make their voices, in order to let the old pigs dispel the last doubts. Patiently explain...

"The pig tyrants must also know that when I am in the air, I have a colorful glow in the air. It is like a smog. It is good-looking. The reason why the whole forbidden place is named is also the reason..."

The Xia Xing Xing vortex is the power of the blood and blood of the myriad of colorful scorpions in the vain air, which accumulates the endless years..."

It is the holy land of our family. When the Chinese people in the weekdays need to attack the big realm, they will enter the retreat within the star whirlpool, and with the help of the endless blood of Xia, the smooth breakthrough..."

"Otherwise, from the great breakthrough of the ninth stage of the great power to the first step of the ruin, it is not something that can be done casually. The sisters of our family who are full of body, also because of the help of Xia Xing Xing Xuan, small The woman is sure that she will be out in the last two days!"

After all, it has been closed for a year..."

Listening to this, the old pig is relieved when he is finished.

Since that Xia Xing Xing Xuan is the sacred place of the starry sky, only the strong people in the family can enter into it when they break through the big realm. It can be seen as an extremely important resource.

In this case, there is naturally no danger in it.

What's more, the self-cultivation of the ninth-order grand perfection, the half-step heavenly powerhouse, even if it is a little dangerous, what can it be? that

The colorful and colorful Taoist friends in the body are only able to complete the nine-step grand perfection, and they can be safe in them. Why should they worry?

The imperial hall, the pig tyrant, is so powerful, even the eight ridiculous geeks who first greeted the roaring ban and the Xia ban, all deliberately flattered and graciously gave themselves a match, if they were too Be cautious, falling in their eyes and being mistaken for a heart, isn't it too shameful? One

With this in mind, the old pig made a decision in an instant, and the chest was a big one. When the big hand waved, he said with a sigh of relief: "Is the body full of eight hundred and eighty-eight? This really makes the pig look forward to..."

"Since the eight Taoist friends are so beautiful, the pig is disrespectful, what are you waiting for? The lead in the road is..."

The eight old guys are waiting for this sentence. I heard the words are overjoyed, and I don't have much to say. I have a smile on my face. When the four glamorous deserts of the Xia ban are leading the way, they come from the roar. The four old guys in the forbidden area are behind the old pig.

The pedestrians vacated and entered from the edge of Xia's forbidden land, rushing towards the deepest part of the star field.....

...Xia

The universe in the depths of the curfew...

"call out!"

Oh..."micro

The weak sound of the air broke out. After the ninth and the fifth of the nine roads, the spurt from the edge of the star field was the old pig.

After entering the forbidden land, the power of the old pig's gods was extended, sweeping through the stars along the way, and saw countless female statues.

It is a pity that although these female practitioners are all white, but the body is too thin, it is just like the ribs, which makes him appetite. This

In this case, his expectation for the fat beauty that he had not met before is naturally more intense. nine

People are all ridiculous and weird, the speed is very fast, this time all the way gallop, and soon after, it went to the depths of the forbidden land.

At this time, I looked forward again, and in front of the emptiness of tens of billions of miles, a colorful star whirlpool came into view. This

The star vortex is very beautiful. From the outside, the overall diameter of the star vortex is about 100 million miles. However, the existence of such a star vortex must be a different world. Therefore, if there is no accident, the star whirlpool The void must be at least 100 billion miles wide...

Such a beautiful star whirlpool, and it is still a holy place for people of color painting, naturally there is no danger of existence. In fact, even if there is, the old pig will not care about it at this moment, and it is strong and strong. Still there. more

What's more, he didn't think about it at all. All that he experienced was nothing more than the eight ridiculous blame of Xia, the forbidden land and the roaring ban. He made a beautiful pig for him, and the so-called fat like a pig. The glamorous female repairs, but also the roots are the existence of a virtual existence...

At this place, the color star vortex in front of it has only been 10 billion miles away. Nine people can all be deserted and supreme. It can be reached in a moment, but the four beautiful sacred bans in front of the road are stopped at the same time. The figure, followed by the old pig and the four old guys who roared the ground, the body shape also stopped... "

The pig tyrants, the front is the sacred place of my sacred family, Xia Xingxing whirls..."

"The fat man should be able to make a smooth breakthrough in the day after tomorrow, and it will be a big happy event. If you add the first time to see such a mighty pig tyrant, you will be happy. Under the ecstasy, it's just a double happiness..."

"At this time, it is naturally inconvenient for us to be there. The fat man has never been a Taoist, and it is no exaggeration to say that it is a word to be stunned. People will be shy..."

Therefore, a few small women can't accompany the Taoist friends into the star whirlpool, but we will wait outside the star vortex! "

"Here, I wish the Taoist friends to successfully hold the beauty in advance..."

Chapter 5044: Deserted fourth order

"Hey..."

"Fat fat? Good name, this pig has a feeling..."

Listening to the compliments of the eight old guys, the heart is full of old pigs who are fat and beautiful, and the whole person is completely floating. Xing

Excited, he raised his head and made a shocking long scorpion. The voice of the gods came out without hesitation. The whole figure was turned into a black man, like a black lightning across the void. Going at a spurt...

Too fast, giving people a feeling of urgency, just three short breaths, this road is like a black lightning-like man, it has already rushed into the color star swirl in the sky beyond the billions, disappeared without seeing it! "

It's now....."

The moment when the black mans disappeared, the four beautiful glamorous women in the Xia dynasty were repaired as the strongest red dress. The woman's face suddenly sank and screamed.

"Hey!"

Oh..."

"call out!"

"Hey..."

"Hey..."

Didn't wait for her screams to fall, including the red dress and the beautiful woman, the four beautiful sages, and they have already shot at the same time...

At the same time as the shot, the look of the faces of the four people also became smashed, and the sinister sin was shot in the scorpion, and there was no glamorous color just now, but it was very embarrassing and creepy. With

With a wave of hands, the four pink volleys rushed away, which was faster than the black man who had just entered the star whirlpool. Within the star swirl. a few

At the next moment, the color star vortex, which is still in front, starts from the center of the vortex and rotates slowly from the inside out. The emptiness of the sky is a faint and faint surprise. The sound of the sound, like the bones of the bones, the sound is very uncomfortable...

"Hey..."

"Phantom, how can there be a phantom?"

Damn, the whole star vortex has changed, turning into a fantasy of a hundred billion miles..."

"This pig is fooled, and you have a beautiful pig! In the hell, oh..."

At the moment, from the pink star in the front, there was a sudden sound of long screams, followed by the old pigs with endless anger and unwilling arrogance and roar...

In the face of all this, Xia Yu banned the four glamorous and ridiculous Qisong with a sigh of relief, and smiled at each other. Then, at the same time, they turned to the front, and looked at the four old guys from the roaring ban in the air. In the past, I laughed at the jaws first...

"Four friends, this time, basically all of us are working hard, you just keep watching it..."

What's more, in order to trap this old man who is extremely horrible and terrible, we have paid a huge price for the starry sky and the ancestral land of the entire ethnic group. Although there are countless banquets in the forbidden land, The daily breath of the color sputum slowly accumulates, and I can get another Xia Xing star to swirl out, but that is already after the endless years..."

"So, this time the distribution of benefits, we Xia banned the land to occupy the big head, 70% ... This is not discussed, if you do not agree, we immediately shot, the old guy will be released again."

"Yes, it's not a big deal for our sisters to become obese, and they are wronged to wait for him..."

It was said that the four old guys from the roaring ground also exchanged their eyes for a look. Although they were slightly frowning, they did not think for too long and quickly nodded. "

The four Taoist friends said that this time, Xia's forbidden land did have the most power, and it paid a lot of money. The harvest of the Magic Temple's star field is better than 70% of you..."

"If this is the case, then there is no need to delay too much. There is also a black robe in the magical temple, but only the second-order cultivation is done, and the whole army is destroyed. I can let me divide it..."

I don't think that this time it's a blessing in disguise. It's really an accident! Oh..."

In the middle of laughter, these eight old guys don't hesitate any more, even when they are smashed along the way, after a short time, they will go out of the ban, and there will be no delays. The atmosphere in the body will all spurt out, murderous. To the forefront of the original magical eagle, which was just captured by the Great Hall of the Devil, rushed to the field...

...versus

At the same time, a vain stream with unknown void position!

Calculating the time, Ye Xuan has entered the turbulent void from the flood of the world, and has been searching for the whereabouts of the Nine Stars for nearly two months. Two

In the past month, he has not had a half-point harvest. The trace of the nine-day star has not been found. Instead, he himself, because it has not stopped, the energy consumption in the body is too high, and it has also suffered two bursts of emptiness. . Do not

However, he has stopped now, offering Shennong Baoding in the void, stepping into it, sitting down in the mouth of the colorful fog, sitting cross-legged! take advantage of

With this opportunity to recover from healing, he is ready to launch another breakthrough, hitting the middle of the desert..."

Oh..."

When everything was ready, as he waved, there was a lot of faint sounds in the air, and a spurt came out of his body, hanging in front of him, all for his taking out of the immortal world. To expand the cultivation resources of this breakthrough. its

It includes all kinds of top-level cultivation resources, such as the source of all evils, as well as the nine-color magical medicines, all of which exude a rich and powerful energy...

After calming down the mind, Ye Xuan took a deep breath and no longer hesitated. During the meditation, all the cultivation resources were compressed to the size of Shennong Ding's domain. Following

And he was swallowed all over his belly and quickly turned away...

"Hey!"

Rumble..."

The source is instantly opened in the body, and almost the next moment, the sound of the chain is heard...

The formation of a mighty energy, the formation of the great river, accompanied by thunder and sorrow, Ye Xuan condensed the spirit of Zhizhi, immediately launched a second big day of operation, continued, until thoroughly refining... This

Hanging energy Dajiang disappeared in Ye Xuan's body meridians and completely integrated into his spirit and body, it has been three days. This

Once, his breakthrough was quite smooth, and his time was not used much. He must have been over-consumed with himself, and he suffered some injuries. In addition, the magic hall was completely evacuated from the vast world, and he entered the Hongkong void. Opening a new chapter is about changing his mood...

At this moment, when the energy in the body was completely gone, Ye Xuan's mid-cold flashed and immediately moved.

It's just that the power has started an impact, and the chain has been broken...

The next moment, and the expected system sound, also sounded in my mind..."

Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the ancient fourth-order! "

"Hey, congratulations to the host, the physical and qi and blood boundary breakthrough! The current realm: the ancient fourth-order!"

Steps! With

With this breakthrough, his cultivation is once again elevated, and the fourth-order situation is already in the middle of the desert. More importantly, as he enters the void of the glory, the konjac is transformed into the blood of the gods. It will disappear as well...

Chapter 5045: The hall of the magic hall is difficult

When Ye Xuan retreats, the Emperor beast protects the law. Such as

Today, Ye Xuan successfully broke through and opened his eyes. He represents the moment of return.

It took nearly two months, but I couldn't find the half-point of the nine-star, which shows that there are any factors that I have neglected. Even if I look for it, there will be no result. Place

Ye Xuan decided to put this matter down for a while, and then go back and make a good deduction. With new clues and directions, continue to search.

Anyway, as long as he is not in the world of the wilderness, the highest level can already have the cultivation of heaven and earth. No matter where he is, as long as there are clues, he can go far away. "

Oh..."

Between the hands, the second-order beast of Heaven and Heaven was taken into the immortal world by him. Then, including Shennong Ding, he was also taken up by him. Ye Xuan was ready to return to Hongkong. this

At the time he was in the endless stream of emptiness, even if it was a strong heaven, it would be difficult to accurately find the path of return. This

It is also the reason why Ye Xuanyi did not hesitate to rush into the turbulent void from the great world of the wilderness. he

Naturally, I don't know that Ye Xuan has a phagocytic system. Although it has been closely monitored, any change at any time can be discovered at the first time, but the normal operation of the phagocytic system is not limited by a half. through

Through the plane-level interstellar coordinate crossing ability attached to the system title, Ye Xuan can return at any time, including the Hongyao World and Hongmeng Void, because he left the coordinate jumping mark in these two different levels of the plane... when

However, if there is nothing in the wild world, Ye Xuan will not go back again. This time he is going to go to Hongkong. inverted

It is not worried about the army of the Demon Temple. Today, there are three desolation-level combat forces in the army of the Demon Temple, that is, the black robe, the Taikoo Porcupine in the nine-variable state of the rooster, and the old pig.

The latter is the culmination of the ninth-order grand perfection, with the army of the magic hall entering the void of Hongmeng, no need to worry about anything...

Once, his locked interstellar coordinate jump point is near the source nest star! "

call out....."

The undetectable sound of the empty sound, Ye Xuan's body was instantly shrouded in a layer of sorrow, and finally condensed into a point, disappeared without a trace. again

When it appeared, it was already near the giant abandoned star not far from the source base of Hongmeng. he

Did not stop, immediately swept away, rushed to the source nest stars ... this

The time when Ye Xuan left Hongkong's void was only a few years later, but in the past few years, all the genus in the source nest star camp should have been retreating.

The source nest star base camp is remote, in this piece of Hongmeng, it seems like a piece of land that has been forgotten by the world, without any nuisance.

In this case, all the strong inside the stars can calm down and use the various top resources left by Ye Xuan before leaving, and fully improve their own cultivation.

In fact, with the coming of the end of the flood, the new era of Hongmeng is just around the corner. In the past few years, the aura of heaven and earth in Hong Kong's void has been continuously rising.

The combination of factors has led to a sharp rise in the strength of all the monks in the source nest.

This point, although Ye Xuan has not yet returned, but it has been roughly in mind. "

Oh..."

With this kind of thought, a slightly incomprehensible man with a broken air appeared, and his figure directly rushed to the source nest star in front of the void. leaf

Xuan's knowledge of the gods is explored, and the surroundings of the source nest are very quiet. Even if they are far apart, they can glimpse the land table of the source nest stars. There are some vicious beasts and demons on the patrol. With

His physique was turned into a land surface directly descending from the source of the nest stars, and the squad of the demon and the beasts immediately swarmed, all of them were very happy. With

After the leaves of the body, the body shape went straight into the ground, and directly entered the inner space of the life giant plug. Looking at it in a vast expanse, it could not see the end.

The news of his sudden return has apparently been passed back by the patrol team encountered by the Star Land Watch, surrounded by a large number of starry beasts, all excited.

Among them, we can clearly see the swords of the sea, the Cang Qingyu, and the figure of the Devil, such as Naboshan, Ba Gu, Li Mo, Zuo Fengtai. package

The eight King Kong, the Flying Scorpio, and the Silver Ghost are also spurting, everyone is very excited!

A few years of age, the eight King Kong, the Flying Dragonfly, the silver cockroach, the blame of the sea, and the genus of the genus, are naturally alive with Ye Xuan, as for their cultivation as an entry, also let the leaves Xuan is very satisfied.

In the past few years, the hearts and minds of the people who have stayed in the source nest stars have all had amazing strengths to climb! Such as

Today, the flying scorpion and the silver scorpion are already supreme, and they are not far from the ancient powers. to

In the Eight Great King Kong and the Return of the Sea, Cang Qingyu, and the leader of the Devils, such as Naboshan, Ba Gu, Li Mo, Zuo Fengtai, all of them are now the master of the universe, and still in the late stage of this, from the universe supreme Not too far...

However, the 20,000 magical strongmen who have returned to the sea and Cang Qingyu have all had the power of the universe. Although it is only the initial stage, as long as there is a large supply of cultivation resources, I believe that soon, The entire 20,000-strong Devil's Legion will be refined again. One

The Devil's Legion, which is composed of 20,000 cosmic lords, is thrilled by Ye Xuan's fighting power.

For a long time, he has always been the 20,000-magic army that will return to the sea and Cang Qingyu, as an elite ace team.

I don't know how many top-level cultivation resources have been invested in these years. It seems that the results have been amazing, but now it is not the end, everything will continue.

He always wanted to see the elite army of the devil who first followed him. In the end, what kind of height can he go!

In addition to the Devil's Legion, the old pigs are stunned by the starry beasts of the 10 million beasts.

The last time Ye Xuan left the old pig, there were already seven initial powers in the beast army. complete

When Ye Xuan left, he left a few twenty-eight-level powerful Baodan. At that time, there were nine cosmic masters in this beastly army. Tens of years passed, and seven of them were born. The first-order power is normal.

Nowadays, in the past few years, the other two beasts of the universe's supremacy have also entered the powerful environment, and the big energy level in the beastly army has a total of nine! Big

The cosmic sages and the masters of the universe in the military are more than a thousand giants. The rest are at least all the strengths of the emperor and the imperial, and the emperor is ten thousand. This is definitely an extremely fierce beast. Big army...

For many years, now suddenly see each other, Ye Xuan and a group of left-behind bastions in the base camp, naturally, can not help but play together, and then began to open up the knowledge, quietly explore the left side of the right bank of the Galaxy. Knot

As a result, Ye Xuan's face changed dramatically, and he whispered: "Damn, the army of the temple is difficult..."

Chapter 5046: Seven women belong to us

The location of the source nest star base camp is directly opposite the middle section of the right bank of the Milky Way. and

If the star whirls from the ruined land of the ruins of the wilderness into the emptiness of Hongmeng, the direction facing the front is the left section of the right bank of the Milky Way.

Ye Xuan has not yet planned to let the source nest star base camp be born, the family members in the base camp also need to continue to retreat and improve.

Therefore, he decided to find a strong forbidden place in the left section of the right bank of the Milky Way as a place of life for the magic hall. Try not to be too close to the source nest star base camp facing the middle section of the right bank of the Milky Way...

All this is exactly what he had told the old pigs. Now, the old guy has led the whole army of the magic hall into Hongkong and the void for more than two months. Even if the army is slow, it should have already arrived in the Galaxy. The left section of the right bank. Take

After the old pigs finished the nine-step grand perfection, and led the army to reach the position, the first battle can win the next strong forbidden land, which is obviously no doubt!

Ye Xuan is now a fourth-order ridiculous, after the activation of the body of the konjac nine changes, after the cultivation of strength is the fifth stage of the ridiculous, and then this \*\*\*\* magical power to

the ninth change, repaired as a moment of strength soared a big The realm, that is, the fifth stage of the heavenly world that has reached terror...

Everything is impossible in the great world of the wild, because it has been suppressed by the heavens, and the heavens are not recognized. Any living creatures can only be repaired by the ruins of the nine-order grand perfection. but

Here, there is no such restriction.

With the strong support of the fifth-order heaven and earth as the support, even if Ye Xuan in the source nest base camp, the power of the gods will be quietly extended, and the situation of the left bank of the right bank of the Galaxy can be detected in an instant. and

What he saw in the power of his knowledge, it is the scene in which the army of the demon temple is surrounded by eight ridiculous old monsters, and wants to launch an offensive. Partial

The old pig is not there yet, and there is no appearance at all. Only the black robe is a man who faces this outside the star field occupied by the Great Hall.

This made Ye Xuan angry, he did not know what happened, but he knew that the situation was critical, so he did not hesitate, and the first time he mobilized the power of the body and started to teleport.

"Hey..."

With a slightly undetectable sound, the body was turned into a mans, and the blink of an eye rushed out of the source nest star, rushing to the left bank of the right bank of the Milky Way, disappearing at the end of the line of sight...

.....

The place where the magic hall is located, that is, the star field where the original magic antelope is forbidden!

The old pig has been away for a few days, but it has not returned.

In the past few days, the order of the Star Temple has been normal, and the battlefields in the void have been cleaned up. The major legions have been assigned to different areas in the star field to recuperate. package

Numerous beasts in the Forbidden City, including the original Mozu, were also assigned. Such as

Today, it is no longer the so-called magic antelope forbidden land. From the inside out, it has become the hall of the magic hall...

The pig essence is still trapped inside the Xia Xing Xing vortex, the magical array of the star vortex opens, and there is no export at all, so if there is no special reason, it is difficult to rely on the old pig essence itself. Then I got out of the Xia Xinxing vortex and got out of it.

For this, Xia's four glamorous and ruthless ruins are extremely incomparable, including four old guys from the roaring ban, and they are extremely confident. in

They seem that the old pig is trapped, and there is no way to come out again. Then, the so-called the Great Hall of the Temple, for whom they have become the lambs that they have slaughtered. This

The army of the Demon Temple is huge, not only has the stars and beasts, but also the ancient people, and even the strange warships of outsiders, they are still very interested in this.

Although there is a black robe in the whole army and dozens of ancient powers, but they are not in the eyes of high-end combat power, they can completely destroy the entire army of the temple. when

However, their purpose is to divide the interests, not to destroy them. Therefore, the eight old guys are not planning to kill them. They will be based on shocking means, as far as possible, not to move the military, to conquer the entire army of the temple. And then proceed to the distribution of warfare according to the previous agreement...

When these eight powerful ridiculous geeks come from afar, the black robes that sit in the magical hall are the first to be inductive. Under the ecstasy, he even rushed out of the star field. Came to the edge of the sky outside the starry sky... eight

The old guy did not directly rush into the magical temple, but stopped in the imaginary airs of about 10 billion miles outside the edge of the star field. The words were arranged in a row, and the atmosphere in the body was swayed, revealing the threat.

The four glamorous deserts from Xia'an forbidden land did not speak out. On this occasion, the old singer who was banned from the ground was better. The four old guys had already revealed the color of the cockroach. They are more deterrent. "

Oh..."

"Old guy, the black pig in your magic hall can't come back..."

Give you a time to consider the fragrant incense, and immediately surrender and surrender..."

"Otherwise, the whole magic hall, all the rebels, killing!"

After the stop, the four old geeks from the roaring forbidden land immediately screamed and laughed. The look on the face was smug, revealing the shackles, but they did not shoot, but they were shocked. complete

Actually, the black robe is also a ridiculous old blame. If it can be conquered, Xia Yu's forbidden land will not be taken away by a group of women's repairees. Then, he will naturally be assigned to the roaring ban, so that he will roar. The high-end combat power of the air ban is even more powerful. This

It's extremely important, so if there is no hope, they don't want to kill the black robe..."

Oh..."

The voice of the gods of the four old guys just fell, and in the star field behind the black robe, there was a shocking sound of long scorpion. This is the \*\*\*\* magical power of the Taikoo Porcupine that activated the magic pig. The domain is rushed out. he

The sound of the long scorpion is very similar to that of the old pig, and the eight old guys were shocked when they were cold, until the Taikoo porcupine rushed out and saw that he was not an old pig, but a one-stage ruin. They only sneered again. where

I am afraid that there will be more ridiculous old monsters. The cultivation of the first-order situation is just like cannon fodder. "

boom! "

"Booming..."

At the same moment, the roaring sounds suddenly, like a star-like black temple rushing out from the magic hall star field, and the seven great repairs such as the corpse of the ancestors were also alarmed. At this time, the black temple was spurred, and the seven figures were also All of them rushed out of the hall, and they succumbed to the shackles of the temple. The repairs that were scattered in the body were all the first steps of the ancient sage...

As soon as this scene was noticed, all the eight old guys were stunned. Then, the four old guys from the roaring ground blew their eyes, and the horns of the mouth were coming out.

One of them was even more excited and excited. "It's so beautiful, it's just the world's best... Four friends, although we don't want it, all these seven women are ours!"

Chapter 5047: Lard is overwhelmed

In fact, when the Taikoo Porcupine and the Seven Great Yan Xiu successively rushed out from the depths of the Devil's Temple behind the black robe, they were separated from the Devil's Star Field by the tens of billions of miles away. Forbidden to the eight old guys, but also really scared a big jump...

The Taikoo Porcupine is because his long snoring is very similar to that of the old pig, which is naturally scary, but when he rushes out of the edge of the star, only the first-class repair is exposed, the eight old guys are relieved.

But then, accompanied by the thunder and thunder, like a star-like black temple spurred from the star field, there is also a sense of ridiculous and strange, and more than one. This

The scene also scared the eight old guys. After all, they had only one black robes in the magical hall, so they were so ridiculous, but now they appear one after another, indicating that the judgment and speculation are wrong. It is very likely that something big will happen, so I am worried. only

Yes, when the black temples that are like stars are also rushing out from the depths of the magic temple, the seven old guys, such as the ancestral marshes, appear to be steep, but they are just hanging To the heart of the blind man, but immediately fell back... This

The Temple of the Devil is also extraordinary. It is no wonder that there is such a huge army. Among the whole forces, including the black-skinned pig, there are a total of ten ancient and supreme. This

The number, even the robbery of the robbery and the stagnation of the banned land, can not match. This

For a moment, they were very fortunate to have made their previous decisions, but fortunately they designed to trap the black pigs. Otherwise, even if the black pigs did not intend to shoot them, they would get along with each other. but

After all, they have ten ridiculous blame. In time, if these nine ridiculous geeks grow up, it is a nightmare.

I am afraid that I am eight people and two big and strong forbidden places behind me. In front of this magic hall, I dare not breathe a sigh of relief...

Fortunately, I made the right choice and killed the possibility before they grew up.

Right now, after the black-skinned pig monster is trapped, there are still nine desolation monsters in the demon hall, and the number is more than eight of them, but the nine desolation monsters are almost all of the first-class As a strength, even the second-order absurd, there is only one...this

In this case, they are not their opponents at all. Maybe they will escape a few in the war, but in their view, if their own eight people are fully committed, and the various secrets and secrets are in the same situation, the nine goals can at least Leave five or so...when

However, if it is possible for them to recognize the situation and persuade them to drop, then it would be better. At this moment, the eight old guys are all thinking of this idea.

Especially the four old guys from the roaring ban, they are actually quite good women, but the four glamorous deserts of the Xia ban are not so good, so they did not dare to move their minds. but

Now different, there are seven masculine women in front, not only the color and body are more than the four old sorcerers from the Xia ban, but the main thing is to cultivate the strength is also good, the first step of staying in the right place is just right Match, but not control.

In addition, with the participation of these seven glamorous and absurd, the high-end combat power of their roaring ban will also be greatly improved. All this is God's will, it is perfect again...

The thoughts flashed through my mind, and the four old guys exchanged their eyes for a moment. At this time, they did not realize that they were blinded by lard, and they were simply looking for a dead end. anti-

The inverted light was violent, and the excitement reached the chest and ups and downs. Even the body shape was slightly trembled, and the monkeys rushed out in a hurry...

"The dead black pig, it's really a blessing. It's no wonder that there is a saying that good cabbage is called a pig arch. It turns out that it makes sense. The ancients really did not deceive me..."

"The old guy is not a thing. He got a black temple and hid seven such beautiful women. He even looked at the wildflowers outside. It was really a big flower radish. He should be trapped in the Xia Xing Xing Xuan. There is no day to get out of trouble."

Seven Taoist friends, you are serving the fat black pig on weekdays. I must have been so disgusted. Rest assured, now there is no need to succumb to his arrogance. The old man has solved the problem for him, and he has already solved him..."

"Right right, this is the life-saving grace, and the old man has a whole strong and strong forbidden land, and all kinds of top-level cultivation resources are abundant. In the future, the cultivation skills of the seven Taoist friends are all wrapped up in me. ..."

Of course, as long as seven Taoist friends are willing to follow us, the old man will change his appearance and become a beautiful man of Yushu Linfeng. It is completely ok, there is no problem, as long as seven Taoist friends like it... ..."

I have to say that these four old guys have really been shocked by the stunning beauty of the seven great savvy repairs. Ming Ming's cultivation is stronger, but now he has actively put down his body and smiles and deliberately pleases. The four glamorous deserts from Xia'an forbidden land are stunned, suspicious of their own eyes and the emergence of auditory hallucinations...

It is a pity that for all this, it is impossible to buy the seven great repairs.

In fact, the four old guys couldn't get into the swear words at all, but they also provoked the anger of the seven people. As the eldest sister, it was the most violent one. The corpse of the corpse was immediately stunned. Xiao..."

Oh..."

The corpse of the ancestors was glamorous and glamorous. At this moment, the heart was very angry. The anger of the sputum in the middle of the sputum, while the sky was raging, the right arm was shaken, and the hand had already had a three-foot-long blood-bone rifle... This

It's her gun, the black flame is transpiration at the tip of the gun, it's the congenital corpse, and there's a sinister sinister sinister illusion, which is all smashed by the ancestral drought in the ancient times. Powerful creatures!

At the same time, the flaming red armor worn by the corpse of the ancestors also scented the endless black corpse flame at this moment, instantly swaying thousands of miles away, and turned all the emptiness around the figure into a void. A flamboyant corpse of flames...

"The eight old guys, there is no late desolation in the seventh-order world. Actually, they dare to be so daring and arrogant, and they attacked the magic hall without authorization. You are really blinded with lard, and you are completely tired and tired."

Yeah, it's just a death, let the deity send you to the market..."

"boom!"

"Booming..."

The voice of the cold voice rang, and the body shape of the ancestors was also a black temple. It came to the front of the black robe and stood proudly in the void. The \*\*\*\* bones pointed to the sky and the domineering! "

call out! ""

Rumble..."

"Hey!"

For a moment, as the body shape plucked out, the ancestral squadron once again screamed, and even the look on his face was completely smashed. The right arm slammed under the tens of millions of emptiness, and the black corpse of the two awnings was instantly Turned into a star-like flame ball, with the sound of thunder and thunder, toward the four old guys, spurting away...

Chapter 5048: Have you asked the temple?

"call out!"

"Booming..."

"Hey!"

At this moment, the corpse of the corpse was swept out of his body, and his head screamed again, and even the look on his face was completely paralyzed...

The sound of the whistling sound has not yet fallen, and its right arm has been shaken, and it has been separated by the tens of millions of miles! Two

The black corpse of the awning was instantly turned into a star-like flame ball, and with the thunder and thunder, toward the four old guys, the spurt went...

The previous swear words of the four old guys could not be heard in the ear, which aroused the anger of the seven people. As the big sister of the seven, she was the most violent one, and the sisters were humiliated, even if they knew that they were not opponents. And will never swallow this sound...this

The scene is naturally from the four old guys who are in the forbidden land. In fact, they think they are going to save the seven great repairs. The other party should cry, and it should not be such a reaction. . Place

In the end, I saw the murder of the corpse and the murder of them, and the words were so unkind. After the four old guys stunned, their hearts were all slightly unhappy. but

It's just a slight disappointment, and it's not really angry. In the face of this stunning beauty, they are hard to get angry. "

boom! "

"Booming..."

Under the slightest color, the old man who had the strongest strength and reached the sixth stage of the ruined wave directly waved, and the sky in front of him immediately came up with a shocking sound.

After all, the corpse of the corpse is only a first-class ridiculous, and there is much difference between him. The two black corpse flames are not nearly close, and they are still billions of miles away. The emptiness of the sky has been blasted and disappeared in the void. "

call out! "

"Hey..."

The corpse of the corpse was still trying to shoot, but in the black hall at the rear, the other six savvy rushed out and went to her side. Although she did not say anything, she pulled her.

After all, they know that they are not opponents of each other, but Ye Xuan should arrive soon. If so, drag on the time, no need to look for it...

The reason why the black robe and the Taikoo porcupine did not shoot in the first time was also the reason for this. It was not that they fought. If the strengths of the two sides were similar, they would fight for their lives and they would all be angry.

The key is that there are too many differences. Almost all of them are first-order absurd. Even if they are desperate, they are not likely to seriously hurt the other party, let alone kill them. So, naturally, there is no need to be tossed, anyway, Ye Xuan is very fast. It's coming... no

However, for all of this, the eight old guys standing in the sky above the tens of billions of miles are obviously not aware of them. They saw the other six who had taken the murder of the corpse and had a temper. It seems that I really didn't continue to take the shot.

Including the black robe and the horrible image of the \*\*\*\* black pig, even the sound of long scorpion is the same, it should be the black pig of its descendants, and there is no intention to shoot it...

The eight old guys also remembered the situation when they were aware of the situation, and they were about to bow down to the rhythm of the surrender.

Especially the four old guys from the roaring ban, when they think that they are about to return to the beauty, and there is more than one, the light in their eyes is once again screaming, excitedly slamming their hands, excitedly even breathing Something is rushing. its

One of the people even grinned and immediately said, "This is right. The old man and the black pig are just a world apart. With the old man, the seven friends will not regrettable.....""

Giggle..."

"Four, the sky is already bright, still dreaming?"

His words just fell, from the four glamorous deserts of Xia's forbidden land, one person immediately sneered and ridiculed, just finished, the other three also said, you say a word, All the voices are ridiculed and dissatisfied..."

What did you say when you were in the Xixia forbidden area? How long has this been forgotten? In this case, the deity reminds you, think about it, what is the three or seven points..."

Hey, in front of the good distribution plan, the four Taoist friends said that they forgot to forget, is it sincere? ""

This time, in order to trap the old man with great horror, the starry sky and the sacred family of the Xia dynasty have paid a huge price. The entire ancestral land of the ethnic group is gone, but this can't fool the past... ""

Previously said that the proportion of good benefits can not be changed, we have to take up the big forbidden land, 70% is the bottom line ... This is not discussed, if you do not agree, we immediately return to the forbidden land, and then release the old guy. "

"That guy is a head-colored pig. If our sisters bite their teeth and go out, they will be aggrieved by obesity. I believe they should be able to do it for the past. As for the four Taoist friends...hey, I am afraid it will be troublesome!"

Really we are stupid? Although these seven women are beautifully cultivated, they are also ridiculous and weird. If all of them are given to you, wouldn't it be a big blow to the high-end combat power of the robbery? How is this balanced? "

"Like this, there are nine absurd in front. The dead pig looks like it is annoying. After a while, it kills it. It can also be used as a kind of shock and warning. As for the other seven women and the black robe. The old man, together with eight people, we have two forbidden places, and we have four points on the side. This is five or five points, so that you are taking advantage of it..."

"So, other resources in the magic hall, you have to let another 10%, we will take 80% of the ban, and you only take 20%..."

Listening to this, the four old guys from the roaring ground suddenly frowned. After some indulging, the four men exchanged their eyes and exchanged a look. Finally, they sighed and the face showed regret, but the final score Still nodded and promised..."

Ok, four are four, but we want four women, and seven of them are picked first by us. The old men will choose each one according to their preferences..."

As for the other three, you bring back Xia Yu forbidden, but Xia Yu is a female repair in the forbidden area. The other black robe is a remnant of old people. Why are you taking him back? If it is to kill, it is better to give us a ban!"

The words, Xia Yu forbidden to the four glamorous deserts immediately faded, one of them snorted and took the remark: "This will not bother you, my Xia ban is although the female repair, but the star field On the fringe, there is a remnant of the male to watch the door, but it is still possible. In the future, there will be any inconvenient handling, and there will be individuals who come to solve it..."

I have already said this. It seems that I want to divide a more ridiculous old monster. There is absolutely no possibility.

The thoughts flashed through my mind, and the four old guys from the roaring forbidden land shook their heads and sighed, but their eyes turned to the edge of the magical temple outside the tens of billions of miles ahead. he

They are looking at the seven majors to see which style and temperament fit their appetite. just

At this time, a soft and incomparable voice of speech suddenly came from the right side of the sky without warning: "The door is openly divided into the hall of the demon, this kind of thing... Have you asked the temple?"

Chapter 5049: Heavenly beast

Just as the four old guys in the roaring ban are looking to the Seven Great Yan, look at which style and temperament fit their appetite, so that they can be selected.

On the right side of the void, suddenly there was no sign of a voice, and the innocence of anger was revealed in the feminine: "The door is openly divided into the hall of the demon, this kind of thing dares to do, you ...have asked the temple?"

This voice came, and all the people were all in one, because they did not feel the direction of the sound, and there was any breath. a few

Subconsciously, all the people turned to look at the past, and they saw the void in the distance of 100 billion miles. A figure is carrying their hands, so alone, walk slowly step by step...

The figure of the road is Ye Xuan.

Today, he is his original face, the body of the human race, looks very young, and handsome and unpretentious. Do not

However, although it shows the original appearance of the human race, the \*\*\*\* magical power of the konjac has been activated, and it has also been applied to the ninth state of change. The reason why it is still the human body in this state is obviously Because of the \*\*\*\* sea secret method.

The secret method of blood and sea can not only just take out a piece of blood, but change the size from the heart to the appearance of any living being, even the breath is the same...

Therefore, now, he seems to be harmless, but the strength of the ninth change of the konjac is terrible, reaching the fifth level of heaven.

However, this kind of cultivation is also concealed by his strength. At this time, it looks like an ordinary person. There is no half-scent in the body. If you don't look around, you can see his figure in sight. If you only look at it with your knowledge, there will be no discovery... this

At the time, with the appearance of Ye Xuan, the seven great Yan Xiu and the black robe and the Taikoo Porcupine were slightly stunned, and their faces were flushed and their faces were relieved.

The seven major cults originally wanted to go away immediately. When they came to pay homage immediately, Ye Xuan reinvented them for them. The seven gimmicks are true to him, and there is no falsehood. Do not

However, considering that it is already a void, it is different from the previous virtual world of the wilderness. Ye Xuan now appears as a human race, and it also conceals the cultivation of the body, obviously it is considered.

They are still unable to determine what face and identity Ye Xuan intends to toss in this piece of Hong Kong, so it is not appropriate to call the host at this time.

It is with these in mind that after the seven sisters exchanged their eyes for a look, they all pressed their impulses, not only did they go to visit the shrine, but they never even spoke to Ye Xuan...

The opposite of the tens of billions of miles in the sky, the eight old guys from the roaring ban and the Xia ban, are turning to look at the sound, and after seeing Ye Xuan's figure, they are also a glimpse.

Then, the faces of the eight people were all gloomy...

The reason is that the words spoken by Ye Xuan Shicai are somewhat too arrogant, as if they were doing something, they had to ask in advance.

On the other hand, it is because even they are not able to sense that there is a half-point in the body of Ye Xuan, which is like an ordinary person. but

This obviously does not exist. Here is the void of Hongmeng. Any living being is not an ordinary existence. Even the women and children of the survivors must be repaired, but there are strong and weak. again

Then, if it is an ordinary person, how can it be like this in a leisurely manner, and walk slowly in the empty air?

In fact, the pace of the other party seems to be slow, but in fact it is extremely fast, it is clearly shrinking into the inch, just a hundred billion miles away, this time has reached the position of 670 billion miles...

In this case, as a ridiculous old monster, they can't feel the breath from the other side's body. There are only two possibilities...

First, the other side's cultivation is too strong, more than they are too much, even stronger than the ridiculous nine-order big perfect black pig, that is, the other side is the real heaven. only

In this case, in the case of deliberate convergence, they are completely unable to sense the other's cultivation as a realm, and there is no breath at all, as if the whole person does not exist. its

Second, the other party is at the end of the game, he is a deserted survivor, the survivors and the starry beasts are different, regardless of the ethnic group of the starry beasts, basically rely on the power of the blood to fight, all kinds of supernatural powers are also related to the blood.

But the survivors are good at creation. They have all kinds of exercises, secrets, and even research on the starry beasts. They are inspired by the blood of some starry beasts to create a variety of exercises that are suitable for them. With magical powers.

Among them, there is a lot of convergence, the secret of hiding the body.

Of course, the vast majority of the secrets of these survivors are unable to survive the deliberate exploration of the ridiculous and eccentric, but they cannot completely rule out some of the secrets of the secrets and secrets. Can't see the possibility of half-way...

The thoughts flashed through my mind, and the eight old guys looked at each other and looked dumbfounded for a while.

Although there are only two possibilities, these two possibilities exist. The key is that they are too wide.

One may be that there is no heaven and earth, and one may be pretentious... The difference can not be ignored. If the other party is really a true heavenly existence, but it is misjudged as pretentious, it is absolutely dead. can

In the same way, if the other party is pretending to be pretentious, he is too cautious, mistakenly judged this guy as a true heavenly powerhouse, apologizes on the spot, and even sends a thank-you pledge, then slams his tail and rolls his eggs...

If you look back, if you know the truth, it is estimated that you have to be mad at the scene to vomit blood and die... you can't be more shackled and wronged! heart

The head is entangled in all this, the eight old guys have a black sauce on their faces, just like constipation, the whole person is almost forced to go crazy...

They don't want to shoot temptations, but now they only have eight of them, and there are no shackles. If this kind of temptation is not good, but it is to be dead on the spot, who dares to take the risk? more

What's more, even if someone tries to test, the other seven people will not agree, because everyone is a group, and one shot is a group's attitude. If the other party is really a heavenly existence, the other seven. Don't think too much..."

It seems that you are very entangled, so this temple gives you a chance..."

At the time, Ye Xuan came slowly from the void, and in a short period of time, he had reached the edge of the magical temple outside the tens of billions of miles, in front of the Seven Great Yan and the Black Robe, and the Taikoo Porcupine. The front is lame. Say

In the words, I turned to the eight old guys here: "The temple does not shoot, as long as you can live a half-column from the hands of the temple, today, the temple will let you leave... .."Say

End, Ye Xuan suddenly waved, in an instant... the beast is empty!

Chapter 5050: One-sided abuse

"It seems that you are very entangled, so this temple gives you a chance..."

Xuan turned to the eight old guys here and nodded. "The temple doesn't shoot. As long as you can live a half-column from the hands of the temple, today, the temple will let you go." ....."

After he finished, he suddenly waved his hand. In a moment, there was a spurt of glory, and the storm rose. After a short break, it reached a huge 500 million miles. It was a giant star. Not as good! This

The behemoth is standing on its feet, with four arms and four arms. There is a pair of huge mechanical wings that are like a sickle. This pair of wings is a characteristic of a mechanical beast, and its head is a myriad of facets that resemble a hive. The combination, this is the characteristics of the celestial beast. blink

Eyes, the beasts are emptied, and the eight old guys across the tens of billions of miles are stupid on the spot. They can almost put their fists in their mouths, and they are full of endless horror, and their faces are dull. It seems that the group has just been thundered. this

At this moment, the hearts of the eight of them are completely collapsed...

Just now, Ye Xuan claimed that the deity would not be shot. As long as they could live in the half-column time of their avatars, when they left today, the eight old guys have already determined the strength of Ye Xuan. because

In order to say this, he will definitely let a split shot, otherwise it will be directly exposed. If it is not a true heavenly power, how strong can it be?

However, although it is determined that the other party must be a true heavenly powerhouse, let their hearts sink, but in fact, it is this discourse that gives them hope and even ecstasy. Correct

Although the party exists in a real heaven, it is a bit too conceited. How strong is his avatar? total

Can't it be heaven? That is a \*\*\*\* of a ghost.

In their view, the so-called avatar, at most, the same as the black pig blame, is the culmination of the ninth-order grand perfection, that is, half-step heaven.

A half-step heavenly avatar, although they can not beat, even give the other party a little time, among them eight, even at least two or three have to fall.

Fortunately, the other party is too conceited, and he made a promise of half-column incense...he

After all, the eight people are also ridiculous and weird. Nowadays, in the face of the crisis of survival, it is obvious that no one will keep their hands. In the face of the crisis of life and death, the eight people join hands, all kinds of magical powers and secret laws come together, in a nine-order great perfection. The time when the peak of the ridiculous hand strengthens the half-column, it should still be able to do it...

But of course, perhaps in this half-column, one or two of them will fall, but after all, there are eight people. The chance of falling into this head is not too high. It's a great opportunity to be directly obscured by the supreme existence of heaven and earth...

It is because of these thoughts that the eight old guys will secretly secretly greet themselves. They all have confidence in themselves and think that even if they are one or two in the half-column time, they will definitely not fall on their own heads. only

I have to survive this half-column incense, and I immediately escaping and escaping. Even the forbidden land is not returned. Anyway, the most important cultivation resources are brought to the body. In the face of the supremacy of the heavenly environment, it is clear that it is to find death, and that is equal to delay. Time, the other party said that letting them leave today does not mean that tomorrow will not chase again...

I have to say that these eight old guys are still not ordinary savage, the war has not yet begun, and even all these interests have long been considered.

It is a pity that all this is just in vain. The so-called thinking and consideration is simply a real whimsy, daydreaming!

Because they have no chance to leave this place today, this point, when the other party waved a shot, and the storm rose in the breath, showing the giant body shape of the Panda 500 million, eight old guys Under the sigh of cold, it has been realized for a moment...

Heaven and earth!

And still the second order of the heavens! This

Actually just a avatar of the other party!

Although this avatar is somewhat weird, the huge body actually reveals a lot of metal, but since the other party can control the second-order horror metal beast of this heavenly territory, its own cultivation is obviously inferior, at least it must be heaven. Third order...

The existence of the third-order of the heavenly realm is already the peak of the initial stage. If there is another step, it will be able to enter the middle of the heavens. How can such a horrible survivor exist, and how can it be rumored in this kind of thing?

In other words, this behemoth is a horrible behemoth. It is really just a detachment of the other party, and his own cultivation is obviously stronger, at least the third order of the heavens...

This is almost a human life. Although the eight of them are the ancientest, but the strongest are only the sixth stage, they have never entered the late stage.

Even if the eight people join hands, all kinds of means and magical powers come out, even fighting for the old life, facing the second-order horror of the heavenly environment, it is also a must-have end.

Don't say half a column of incense, this time is reduced by half, they are absolutely not convinced...

"Roar!"

boom....."

Oh la la..."

When faced with tens of millions of miles away from the eight old guys in the void, his face was desperate, completely dumbfounded, the beast also suddenly looked up and sent a terrible roar. tight

Then, among the four horrible arms on the huge body like the giant pillars of the sky, there is a void that rushes to the front...

The huge roaring sound is endless, earth-shattering, even if it is a void in the sky, the level exceeds the vast world of the wild, and the fists rushed out, and the universe void along the way has also fallen into a comprehensive collapse.

There was a strange noise like a roaring roar of waves, and a short hole like a black hole appeared in the area in front of it. The endless stream of emptiness spurred and opened, and it was shot everywhere...

However, this fake black hole, which was suddenly bombarded by external forces, will soon be repaired and repaired under the influence of the power of the void law. However, such a scene is too shocking. The eight old guys on the opposite side are directly scared. Soul flying outside...this

At one moment, their knees were soft, only knowing that they were standing in the void, screaming in their heads, completely ignoring their ideas, and even had no idea of turning around and fleeing.

Because there is no hope at all, in the face of the existence of a second-order world, even if they let them escape for a long time, they will only die, no accident!

The existence of this level is in conflict with the vulgar old monsters in the early and middle stages. It is definitely a one-sided abuse. Even without a half-handed effort, self-destruction is just a joke.

The thoughts flashed through my mind, and the eight old guys suddenly returned to the soul. Under the madness of the body, the heart was full of spirits, and the knees were soft. At the same time, they squatted in the void and squatted in the void. And shaking...
