

Super D.S 5051

Chapter 5051: Don't take prison in this temple

A dazzling time, under the masculine volley, the storm has risen, and it has reached a huge scale of 500 million miles in just a short break. It is a giant star, far from being as good as it is! This

The behemoth is standing on its own, with four arms and four arms, and a pair of huge mechanical wings that are like a sickle. And the head is a myriad of facets combined like a hive...

Eyes, the beast is empty! Correct

The eight old guys outside the tens of billions of miles were stupid on the spot, and they could almost put their fists in their mouths. The shackles were full of endless horror, and their faces were dull, as if they had just been thundered. .

Heaven is second-order!

How easy is it to call out a singer that is so horrible?

That is at least the third step of the heavens. The existence of the initial peak may even be stronger...

Not to mention the deity, just the giant metal beast of the second-order real heaven, is not their rival.

The existence of this level is inconsistent with the vulgar old monsters in the early and middle stages. It is definitely a one-sided abuse. Even without a half-handed effort, self-destruction is just a joke.
meaning

Knowing this, the eight old guys suddenly returned to the soul, under the madness of the body, the heart is full of spirits, the knees are soft, and at the same time squatting down, screaming in the void.

At the same moment, all kinds of pleading voices of the gods also came out, and they resounded through this void..."

Adult, misunderstanding, this is definitely a misunderstanding..."

"I'm right, I'm not disrespectful. I really don't know that this temple is the land of an adult. I always thought that the black pig was the master..."

"The **** black pig blame is too loaded, misleading us, not to mention the fact that he has detained the people of Xia forbidden, and enslaved, he actually moved his lascivious..."

The little girl has always been icy and clean, and can she succumb to his arrogance? It's a big mistake to make a mistake..."

Fortunately, the big mistakes have not been made. I have not yet shot, and the adults have already arrived. If the adults can let me go, our sisters will be willing to serve as slaves and slaves..."

Our starry sky coloring family is actually good at a kind of charm, and we must let people enjoy their happiness in the boudoir..."

Adult, forgive me..."

In the face of the strong and pre-existing Ye Xuan, these eight old guys are completely devastated, and the four old guys from the roaring ban are not only explained, but also have no other capital.

But the four glamorous deserts from Xia'an forbidden land still hold the last glimmer of hope.

In their view, since Ye Xuan has raised seven such beautiful women in the black hall of the magic hall, it is very likely that he is a favorite of the female color. Such as

If this guess is true, then most of them will be spared today. black

They are really disgusted, but the survivor of the survivors is a jade tree. Not only is the temperament extraordinary, but even the cultivation is terrible, even if they all have the feeling of springing. can

It is said that it is absolutely willing for them to serve such a young man of the Yushu River. Not only can they enjoy the joy of fish and water, but they can also be sheltered by a strong leader of heaven and earth. It is simply the best of both worlds.

If the other party really wants to move their sisters, the life and death crisis will be reversed in an instant, and the final result will be blessed in disguise.

Of course, if they talk about the body and posture, they obviously can't compare with the seven beautiful masters in the black hall. but

They also have their own advantages. On the one hand, they are more powerful than theirs, and they are also good at a kind of magical art that belongs to the starry sky.

Their status as a ridiculous and eccentric, the status is detached, this kind of thing is naturally disdain for export, but now it is different, in order to be able to get the favor of this young and Yushu Linfeng's survivors, even as a derelict old Blame, this is a slap in the face of joy, and they are all at it...this

After the words were exported, the four glamorous and ridiculous from the Xia dynasty banned the red cheeks. Although they are not real virgin bodies, they are far from being icy, but as a ridiculous blame, they are in the public. It was the first time that the man repaired these words of joy. in

They seem to have done this for themselves. It can be said that it is a sincere and sincere person. The benefactor of the remnant of the female color will surely have some heart.

Unfortunately, they still think more after all. This

Fan Xuan's export, Ye Xuan has not said that the seven ancestors of the ancestral sorrows and sorrows couldn't help it anymore. The face was all looking at Ye Xuan, and the little mouth was slightly stunned, a very angry look... ..thing

In fact, Ye Xuan did not have a good impression on the four starry and colorful stars, and the seven majors were unpleasant. They shook their heads and smiled, and they immediately heard the voice of God: "No need to Struggling, this temple... no need to take prisoners!"

Roar! ""

boom....."

"Oh la la..."

As Ye Xuan's words came out, the eight old guys in the void outside the tens of billions of miles were completely desperate, and at this time, the beast suddenly looked up and gave a terrible roar. .

Then, on the huge body, the four horrible arms like the giant pillars of the sky slammed into the void in front...

The power of this attack is too horrible, and the huge roaring sound is endless, earth-shattering, even if it is a void in the sky, the universe void along the way, it has thus fallen into a comprehensive collapse...

If the waves roar and the general squeaking noise, the area in front of it will appear a dark void like a black hole, and the endless stream of emptiness will open and smash.

"boom!""

boom....."

No suspense, the earth-shattering roaring sound came instantly! One

Everything happened too quickly. In the blink of an eye, the amount of madness and violence that this shot made was so fierce that it was blasted in the body of eight old guys...

These eight old guys are all ridiculous, but in the face of the second-order beast of heaven and earth, they simply can't make any reaction, just open their mouths slightly, and even have a chance to make a terrible noise.he

Their fighting spirits have long been completely lost. Otherwise, the eight players will join hands and how much can still struggle for a moment... Of course, there is no meaning at all. Electricity

During the fire of the stone, a rush of horrible power rushed into their bodies, and after a short period of time, they had already raged in their bodies, and the whole body exploded. The bright red blood of the eight canopies spreads, covering a corner of the void...

"Call..."

At one moment, Ye Xuan waved in the first time... with

With the sound of a whistling whistling sound, a majestic force invisibly whizzed away, and the **** fog of the eight ridiculous old monsters exploded.

In the body of the income, send it to the bottom of the volcano in the central area of Ding, and start it... blood purification!

Chapter 5052: Old pig, I am wrong

Only one blow, only eight ridiculous monsters from the robbery and the forbidden land, all without exception, all exploded and died, even the **** fog formed by the flesh of the body was waved by Ye Xuan. Into the body, and began to blood condensate.

Soon after, it will be turned into eight wild bloodstains...

Although the eight strongest guys are only the sixth stage of the ridiculous, but if the eight join hands, in the face of the second-order beast of the heavens, they can barely support for a while.

It is a pity that the fighting spirit of the eight people has been completely lost. There is no courage to resist. This is so sad and destroyed by an instant.

In fact, this is the best result, because even if they are struggling, there is no meaning, just add to the troubles, and ultimately the same is to be bombarded! first

Before, Ye Xuan had 21 wild bloodstains in his hands. Now count these eight, and there are a total of twenty-nine.

This is absolutely horrible, that is, Ye Xuan himself, did not think that one day, the blood of his own hands, can achieve this number. Want

I know that a wild blood is represented by a desolate blood, but it is a wild and supreme. two

Nineteen ruins of blood, it shows that the ridiculous blame that fell in his hands has reached the height of twenty-nine. If it is passed to the outside world, I don't know how many stars and strong to scare..."

The **** blood is temporarily enough, but the big blood in the hands seems to collect a little more. After all, the high-level people of the temple nowadays are very quick to enter the country, and in the future, they will be on the 29th level. The demand is bound to be small, and in my hands, there are only 60 of the ridiculous treasures..."

In the whispering whisper, Ye Xuanyuan flashed in the middle of the cold, subconsciously glanced at the void around the distance.

On both sides of this forbidden area, there are two powerful Xingqiang forbidden places.

Since there are only four desolation and grotesque in the two supreme forbidden places, there will obviously be more wilderness than the absurd blame. This

Although there are also the possibility of complete surrender in the existence of various levels, the blood of the beasts in the forbidden land and the Xiongshu forbidden land are more concentrated. The former are basically roaring dogs, and the latter are basically starry colors.

Ye Xuan has already killed the forbidden land tyrants who are the same as their blood. This is the hatred of the ethnic group. It is difficult to resolve. Even if it is resolved, it will leave the seeds of hatred in the bottom of the heart.

The existence of the power can not be overwhelmed, even if hatred can not turn out the waves, not to mention, today's magic hall is so powerful, in time, can completely undermine the hatred that may exist in their hearts. but

The existence of the ancient great powers is different. On the one hand, the self-cultivation is stronger, on the other hand, the magic hall is stronger, and the ancient powers can certainly become high-level. The hatred hidden in their hearts is not so easy to resolve. positive

Well, now that Ye Xuan needs to refine more of the twenty-nine-level ridiculous Baodan, then take advantage of this opportunity to kill all the wild powers of the robbery and the forbidden land. This

It's just the best of both worlds, there is no hesitation..."

Go back, the magic hall is coming, you don't have to go out, you can rectify yourself..."

After the appointment, Ye Xuan turned to the black robe, the Taikoo Porcupine and the Seven Great Yan Xiu, and the jaws first said: "You are mainly based on retreats..."

"As for the roaring of the forbidden land and the forbidden land, the old pigs are going to deal with all the aftermath. This old guy is not reliable. This is almost a big mistake, and he is right to discipline him..."

call out! "

After that, Ye Xuan did not hesitate, and when he waved his hand, he directly absorbed the emperor into the body, and then his body shape suddenly disappeared at the end of the void in the front...

Two of the strongest forbidden places, he first went to Xia forbidden land, after all, the old pig is still trapped there, this old guy is not reliable, not doing things well, but can not always let him be trapped there, must first Rescue it. Xia

The original curfew distance is not far away. Although Ye Xuan has now converged to cultivate the atmosphere, outsiders simply can't feel it, but his cultivation is not a fake. The fifth stage of Tiandao is close to the mid-term peak, under full speed. Arrived at the destination in a short time...

"call out!"

"Roar....."

After rushing into the forbidden land, he did not hesitate. He waved his hand to sacrifice the beast.
Accompany

A faint sound of broken air rang out, and a volcanic spurt went, and as the storm rose, it became a horrible figure of 500 million miles.

As soon as it appeared, the body's terrorist pressures had been completely dispersed.

This is the second-order existence of the heavenly environment. At this time, the power in the body is fully motivated, and the invisible pressure is dispersed. It instantly covers the entire Xia ban, and the vast forbidden land, the starry sky in the stars. 蟒蟒身身身身身身 蟒蟒蟒蟒蟒蟒蟒蟒蟒蟒 蟒蟒蟒蟒蟒蟒

The beast roared and rushed to the deepest part of the forbidden land. The blink of an eye had already reached the front of the Xia Xing star. Such as

Although today's Xia Xing Xing Xuan has been turned into a huge special fantasy array, the old pig is trapped in it, and must not be separated, but the power of this illusion is aimed at the internal effect of the star swirl, from the outside attack is the most easily.

What's more, the beast is the second-order horror of heaven and earth. The old pig with the ninth-order big and perfect half-steps is not allowed to get out of trouble, but for the beasts outside the star whirlpool, This dilemma is just a problem that can be solved with one punch. "

Oh..." with

With a roar of heaven, the huge body of the beast is like the four horrible arms of the giant pillars of the sky, and there is a emptiness to the front of the sky.

The power of a blow is terrible!

With the huge roaring sounds and the earth-shattering, the universe's void along the way has also fallen into a comprehensive collapse. powder

The color of the Xia Xing star vortex suddenly swelled, and the amplitude was very large, just like a huge shock. tight

Then, like the noise of the roaring waves, the area where the pink star vortex is located suddenly appears as a dark hole like a black hole, and the endless emptiness of the emptiness flows open and smashes everywhere.

The whole star vortex collapsed in an instant, and the figure of the old pig was tens of thousands of miles. Although there was no injury on the body, the squatting screaming of the tired mans was obviously trapped here. After the Xia Xing Xing vortex, the old guy is not too good, while struggling with all his strength, he wants to forcibly rush out, while he is worried about the safety of the Great Hall.

How much is subject to some torture.

"Head, I am wrong with the old pig..."

As the star vortex collapsed, the figure appeared. After seeing the beast and Ye Xuan, the old pig was first smashed, and then the face appeared to be relieved. At least, there was Ye Xuan in the temple. Safety is no longer worrying..."

call out! "

For a moment, waving his hoof, the three **** of Baizhang's giant spurt, and it's the majestic blood collected by the three ridiculous monsters that he had previously smashed the magic antelope.

Chapter 5053: Exclusive three major stars

"call out!"

"Hey..."

Waving the old pig's fine hoof, the three hundred-foot-great blood-colored spheres spurt, and it is the blood and blood collected by the three ridiculous monsters that he had previously smashed the magic antelope.

This old guy is obviously a guilty conscience. This time it is because of his intention, almost let the Devils all suffer. If Ye Xuan fails to get back in time, the consequences are simply unimaginable. he

Although I don't know what happened to the outside world after I was trapped, I can still guess this. Place

Therefore, when I saw Ye Xuan at the first sight, I would immediately please the general, and took out the three **** beads, which is quite a bit of a sin.

Previously, Ye Xuan's **** blood has reached twenty-nine. Now, with these three, the **** blood in his hands has reached thirty-two. This

The number is terrible, more than 30, but for Ye Xuan, it is already a bit numb, and getting these three bloodlines is just a icing on the cake. "

Humph! "

In a wave, Ye Xuan put away the three stimuli's blood cells and sent them directly into the inner space of Shennong Ding in the body to carry out blood purification. but

There is a cold sputum in the nose, and obviously does not think that with these three blood cells, the old pigs will be defeated. old

The guy's heart was originally imaginary, and naturally he realized this. He heard Ye Xuan's cold snoring, subconsciously shrinking his neck, and his face's sly color was extremely incomparable. "

If you want to break down your sins, you will kill all the powers of the forbidden land and the robbery of the forbidden land, and send the blood of the flesh to the body. In addition, the collection of the prisoners in these two places will also be handed over to You go to deal with..."瞪

At a glance, Ye Xuan said: "As for the eight old guys, you should not think about revenge yourself. They have already killed the magic hall outside the star field. Fortunately, the temple was rushed back in time, and angered and killed, otherwise The consequences are simply unimaginable..."

"Roar....."

"Damn guys, they are dead..."

After listening to the eight old guys, I went to the Temple of the Magic, and if Ye Xuan came one step later, the horror would be slaughtered. The old pig was shocked and angered, and the anger burst out and roared.

He did have the intention to kill the eight old guys by himself. Not so, it is hard to eliminate the hatred of the heart. but

It seems that this is obviously impossible now.

Although there are some regrets, it doesn't matter. Although the eight old guys have fallen, they still left the forbidden area and the robbery. The original goal of the magic hall was only the forbidden land, and there was no plan to ban the land. And the robbery shot, but now they are dead, there is no need to consider more.

After today, the magic hall that has just arrived on the right bank of the Galaxy will be unified and three strong Xingqiang, and it is destined to make the whole number of star-studded powerhouses on the right bank of the Galaxy shocked...

After all, there are four disrespectful old monsters sitting in the three strong Xing bans. However, as a foreign force, the sacred temple has just arrived here, and it has completed its unification in a short period of time, monopolizing the three major forbidden places and replacing them. . even

The twelve powerful ridiculous eccentrics were almost completely slaughtered, and only one demon escaped. This

It's hard to think of the terrorist power represented by the record...

"Hey! When are you still planning to hide? Everyone in the entire forbidden land will show the blood of the body, the ugly appearance of the ribs, the old pig I looked disgusting..."

The second time, the head screamed, and the power of the old pig's gods was instantly dispersed. It was easy to cover the entire Xia ban, and countless starry colors were shivering.

No one dared to disobey his orders. These starry colors have changed into a delicate humanistic female repair, but now with the sound of the old pig's sacred voice, they activate the blood in the body for the first time. It has turned out to be a **** body, and it is a huge strip. Although it is colorful, it looks quite gloomy. Such as

This is also good, the exemption is all the way of the Jiaozuo human female repair, and I really feel that it is not good to kill the killer...

"From this moment on, the whole Xia ban is a vassal of the magic hall. All the universe supreme will be the general situation of the lower genus and the cultivation resources. List a list and wait for it to be delivered to the pig..."

At this time, the sound of the gods of the old pigs sounded again, still shrouded the entire vast Xia forbidden land: "For the ancient powers of the wild, give the pig a little honest, and immediately come together..."

"call out!"

Oh..."Old

Pig essence is the ridiculous old monster of the ninth order, and the existence of the half-step heavenly level, not to mention the huge incomparable beast behind him. The repairing atmosphere in the body is the second order of heaven.

Even the top of the huge warrior on the second floor of this heavenly scene, there is still a strong survivor who is completely insensitive, but who is more powerful in strength.

In this case, although the ancient powers in the forbidden land of Xia, know that there is nothing good about the appearance, there is still no one who dares to resist the old pig. Accompany

With a faint sound of broken air, a group of figures spurred from all directions, all shaking and shivering. short

After a short time, the empty air in front of the old pigs has gathered a group of starry sky lanterns, all of which are huge in size, all of which are ancient and powerful, with more than 30 statues...

"Everything is what you are looking for. If you don't provoke the magic hall first, the pig will not hurt the killer..."

boom! "

"Hey..."

The sound of his knowledge is ringing again, and everything that follows is no suspense. old

The horror of the nine-ordered perfection in the pig's body was fully dispersed, and it was crushed toward the forty-nine ban on the front. gas

The interest is too horrible, and the earth-shattering roaring sound is coming instantly! blink

Between the eyes, this power can be horrified to the horrible amount of violent violence, and it has already smashed into the body of more than 30 large-scale stars and stars.

Although they are ancient and powerful, they are too late to make any reaction to the old pigs who are half-step-day, and there is a rush of power to the inside of the body. One of the moments is not there, it has already raged in their bodies... giant

The sky was so shocking that more than 30 heads of shackles were forbidden, and the entire huge body shape exploded. It turned into a red blood fog that quickly spreads into a awning, covering a corner of the sky..."

call....."

Seeing this scene, Ye Xuan's glimpse of the gloom of the glory, the first time waved, spurting a huge invisible force. will

The vast expanse of these starry sky colors swept away from the **** fog, which was collected in the body and sent to the bottom of the volcano in the central area of the Dingnai space.

At this moment, the entire vast Xia dynasty was ruined in the forbidden land. All the stars in the sky were squatting in their respective cave nests, just like the end of the day, and they shivered.

From this moment on, they have become the vassals of the magic hall, even if the heart is unwilling, they can not toss any waves, because in the vast forbidden land, don't say that the ancients are supreme, even the ancient powers are gone. The universe is supreme, it is already the strongest force...

Chapter 5054: Nine-order blood deer

"Roar....."

"What are you still doing? Do you want the pig to pick you up one by one?"

With more than 30 color enamels in front of him being bombarded, even the **** fog of a awning that was blasted in the flesh was thrown away by Ye Xuan at the first time, and Shennong Ding was sent into the body to carry out blood condensing. Refining.

The old pig will once again send out a roar, and the voice of the gods spread throughout the Xia ban, and countless Caisong strong people are like a conditional reflection, and all of them are trembled. This

Once, what he summoned was the cosmic supreme of Xia Yu's forbidden land. although

It is said that the more than 30 color scorpions who were previously called by him have all been murdered in a short period of time, but because the old pigs had previously commanded them, let the cosmos of the cosmos in the ban The general situation of the tribes under the command of the Majesty and the resources of the tribes in the family are all listed as a list and sent to him later.

This is basically a plan to stop killing.

Therefore, even if the fear of the heart is incomparable, there is still a glimmer of hope in the hearts of the universe's supreme beings in the stars, not to mention that they have no ability to resist...

"call out!"

"Hey..."

The sharp sound of the air broke out, and a huge star-shaped color plaque was spurred from all directions. The air-filled atmosphere in the body was all the universe supreme. very

Fast, the cosmic sages of these Caishui people gathered in the void in front of them, and the number of them looked at them quite a lot, totaling more than two hundred, close to three hundred.

Any Xingqiang forbidden land on the right bank of the Milky Way is not formed in recent years. After all, foreign forces such as the Magic Temple are not always present.

Therefore, as an ancient Xingqiang forbidden land, it is understandable that there are only three hundred people in the universe. can

Unfortunately, the three powerful existences they face nowadays are the weakest and the black-skinned pigs that look like a hitter. They are the peaks of the nine-order grand perfection.

In the face of such a level of existence, the universe supreme is no more useful, it is completely cockroach ants, even even ants are not as good as...

"Hey..."

All the stars in the sky are gathered in front, and the atmosphere does not dare to breathe, waiting for the instructions of the old pig.

And he didn't have too much delay. He waved his hoofs in the first time, and spurred a slap in the face. He didn't enter the body of nearly 300 stars, and everyone, without exception. Following

However, the sound of the gods of the old pigs sounded again, but it was a little slower: "In your body, all the pigs have planted a brand of gods, and the pigs are repaired, even if they are in the temple. Inside, if you walk out of the ban, you will feel the same moment..."

From now on, you belong to the magic hall, and you are directly led by the pig. Without the command of the pig, no one is allowed to walk out of the forbidden land. As for the subordinates of your majesty, you will immediately hand over the list. If you leave one in the future, Old pigs are asking you..." No

Needless to say, this old guy's arrangement is quite smart. Such a big one is a forbidden place. If all the stars in the sky are in charge, even if he is the ninth-order grand perfection God is so powerful that I am afraid I will be exhausted. but

Now it is just the starry sky color that controls the nearly three hundred universes. In each of them, planting a brand of gods and remotely commanding, there is no such problem.

Aside, Ye Xuan did not say much, but it was reasonable to see him act, and he also subconsciously faintly jaws. The original gloomy look on his face also eased a lot. Although this old guy sometimes is not reliable, but also It's not completely unconstrained. There is still something to be desired. The army of the Great Hall is handed to him and should be assured...

Although this will limit the freedom of countless stars in the entire forbidden area, even in the future, they will be enslaved by the magic hall, but after listening to the old pig's words, there are more than two hundred stars in the front of the sky. The Supreme of the Universe, the heart suddenly suddenly loosened, and they all called it to...

Less, their little life can finally be saved, this is more important than anything else. very

Fast, a piece of jade was simplified into a masculine mase, all of which were collected by the old pig. This

Some of the more than two hundred stars in the sky, the colorful sects of the universe, the geniuses and the resources of the hands, with them in hand, it is easy to grasp the situation inside the forbidden land.

At this point, everything in the forbidden land of Xia Yu has temporarily ended. At the moment, Ye Xuan does not need to do anything in these stars and lanterns. He will not even plunder the cultivation resources in the forbidden land. At his height today, he has lost his eye.

On the one hand, there are huge resources in the hands of Ye Xuan's hands. On the other hand, the newly attacked magic antelope has also gained huge amounts in the forbidden land. more

What's more, today's Xiazhang forbidden land has been compiled by the Magic Hall. It is considered to be its own power. Even if it is to plunder the cultivation resources, it should not be used here, but should go to other Xingqiang forbidden places..."

call out! "

"Oh..."

In the wave, Ye Xuan will embody the immortal beast in the immortal world, and then tear a hollow crack in the void in front of him, and his body shape rushed into it.

"Hey..."

The old pig squinted his hair out of a long squat, and then hesitated, his body shape shrank to only about a hundred feet, turned into a black awn, followed by Ye Xuan, and also rushed into this void crack.
Xia

Everything in the curfew land has settled, but there is still a roaring ban on the other side. At the moment, Ye Xuan and the old pig are going to go, it is to ban the air...

.....versus

At the same time, the middle section of the right bank of the Milky Way, in the endless dark void, is having two figures at the extreme speed...

The one behind him was the one that had previously escaped from the old pig sperm. At this time, the face of this magic gazelle was so good that it was like a slap in the back. It is hard to believe that this is a powerful ancient supreme, and it is still the existence of the middle ages. to

In the middle of the grazing, that is, the middle of the devil licking his face to accompany the good existence, it is a huge blood deer.

This blood deer is red and bloody, with some black spots on the surface. Under the close look, it is clearly a variety of different patterns, revealing the magical atmosphere, which makes people look. to

Yu Qiu's strength is also quite extraordinary. The cultivation that has been dispersed from his body has already reached the same level as the old pig. This

It is a ridiculous peak, that is, the demon blood deer in a half-step heavenly way. Moreover, the breath that is diffused in his body is more solid and thick than the old pig essence. It is clearly a long time to enter this place. From the real heaven, I am afraid that it is not far away. and

At this moment, the demon bloodblood and the front of the middle of the devil in front of the go, is the left side of the right bank of the Milky Way, that is, the place where the original mogul was forbidden, and now it has fallen into the direction of the star in the hands of the magic hall...

Chapter 5055: Roaring depression

In the void, the two figures are rushing, and they all show the blood and the body, each with a million miles...

One of them was the mid-stage ruin of the forbidden land of the demon that escaped from the old pig sperm not long ago. he

After escaping, because he was not injured, he did not crouch down to retreat. Instead, he went to the middle of the right bank of the Milky Way to ban the land. magic

The strongest person in the deer's forbidden place is the demon blood deer who is rushing with him in the direction of the forbidden land.

This blood deer is red and bloody, with some black spots on the surface. Under the close look, it is clearly a variety of different patterns, revealing the magical atmosphere, which makes people look.

As for the cultivation, it is also quite extraordinary. The breath that has been dispersed from the body has already reached the same stage of the 9th-order great consummation as the old pig. thing

In fact, the repair of this blood deer is more powerful than the old pig. first

First of all, the old pigs are now ridiculously ruling the nine-order power, but the magical pigs have changed their blood and magical powers. They can't compete with the real nine-step great star-studded stars. There will always be some gaps. thing

In fact, even if it is a self-cultivation that truly enters the peak of the ninth-order grand perfection, if it is a general existence, there will be a gap compared with this magical blood deer.

Because this blood deer has entered the peak of the desert for more than 10,000 years, it is said that it will soon be ready to hit the heavens. It can be said that he is the strongest of the nine-order grand perfection. Infinitely close to the existence of the heavenly state... fear

Is when

At the beginning, the cat's head in the four wildests of the Forbidden City had been inadvertently obtained a rare treasure medicine, which was of great use to the demon blood deer. positive

Because of this, the magic antelope banned the land and the blood deer climbed the friendship, the blood deer is also known as the old strongman on the right bank of the Galaxy, so the cat head 梟 promised to shoot once. Such as

Today, although the cat's head has fallen, but he is one of the four desolation of the devil's forbidden land, and this mid-term demon came to the door to persuade, but also promised great benefits to the blood deer. . example

For example, if the entire magical antelope is forbidden, it will become a banned tribute to the deer, etc.

Therefore, the blood deer finally nodded, promised to come with him, shot once, and the black pig squashed. to

Another sacred sacred sacred sacred sacred sacred sacred sacred sacred sacred sacred sacred sacred
sacred sacred sacred sacred sacred sacred sacred sacred sacred sacred sect.

"Daoyou, just in front, now the entire forbidden land has become the territory of the magic hall, as long as you solve the black pig blame, everything else has my own shot..."

Soon, the two went outside the magical temple, and the imaginary sky in front of the edge of the starry field. in

On the face of the magical antelope, the face is pleasing, and the hoof refers to the magical temple in front of the temple. The hate is repeated: "As for the army of the magic hall in the forbidden land, I will be fully captured. In the future, they are also the vassals of the deer ban. Resources..."

"Hey..."

For this kind of statement, the demon blood deer is obviously extremely satisfied, and he sighs with a sigh of relief, and the voice of the gods sounds in an instant, and slams into the inside of the magic temple.

"The magic hall pig tyrants listen, give you ten minutes of time, roll out in the ten breath and see the deity, otherwise, slash your army of the magic hall..."

Roar

Empty ground!

Since the four ridiculous old monsters who banned the land and led the old pigs to leave, the tense atmosphere has eased in the entire forbidden land.

The magic antelope was forbidden, and all the starry beasts in the forbidden land were originally sorrowful, especially after the old pigs came to the door, and the countless beasts in the forbidden land were all shaking. but

Later, this old pig was very happy with the four ridiculous old monsters who were sitting in the forbidden land. When they went together, they immediately let all the banned beasts and all the beasts sighed. They thought that the crisis was lifted, but it was a false alarm. And already..."

Oh..."

At this time, in the incomparable void, there was a crisp and fierce sound, a huge void crack appeared, and a figure emerged from it. It was actually a strong survivor. It looked very young and the body was even more I can't feel a little breath...

This scene makes the ancient powers in the robbery banned land furious, this is a fierce beast forbidden, and there are actually strong people who dare to come to Dad, it is simply the face of the red fruit, and provocative.

In an instant, the entire roar of the roaring ban, there was a voice of angry beasts, nearly forty figures spurred from all directions, and the ancient powers of the roaring banned land all appeared..."

The **** survivors, dare to roar the air ban, are you tired of living? "

"Without words, it was immediately murdered, just like the previous heart was depressed, it was rare to be discouraged..."

Roar! "

"Hey..."

Oh..."

I dare to be so arrogant to the Lord of the Devil, do you want the pig to be transparent..."

boom! "

"boom....."

With the sound of the angry gods of these roaring ruins, the figure has not yet rushed to the front, and the size has shrunk. Today, only the old pigs who are only a hundred feet tall are behind Ye Xuan. The crack in the void has rushed out...this

However, a good opportunity for performance, he will naturally not let go, the first time to send a long shackles, the half-step horror of the heavens and the full pressure of the spread, rolled around and went...

Everything that comes down is naturally no suspense!

With the horror of the ninth-order grand perfection in the old pig's body, the horrific pressure of the moment is fully dispersed, and the earth-shattering roaring sound is coming instantly! blink

Between the eyes, this power can be horrible to the horrible amount of violent violence, and it has already slammed into the body of more than forty high-level star-studded beasts...

In the light stone fire, a pound of screaming to the horrible power rushed into the body, and in a moment, it was already raging and opened...

The sound of the sound was soaring, more than forty wild abilities that roared in the forbidden land, the entire huge body shape exploded, turned into a red smog that quickly spreads into a awning, shrouded a corner of the sky..."

call....."

From the beginning to the end, Ye Xuan did not have any movements, so he stood in the void with his hands on his back. At this moment, he was flashing in the middle of the sin, and waved his hand to spur a powerful invisible force. very

Fast, the **** fog formed by the more than forty high-level savage beasts swept away, and was taken into the body by Ye Xuan, and sent to the bottom of the volcano in the central area of the Dingnai space. ! straight

At this time, countless beasts in the robbery banned the ground to realize what happened. 佬

The big forbidden land is dead, the invisible desperate breath is rapidly diverging, and all the forbidden beasts are squatting in their own cave nests, just as the last days have come, and they are shaking. "

Oh..."

For a moment, the long squeaking sound of the old pigs sounded, and the voice of the gods came out: "From this moment on, the entire roaring ban is the vassal of the sacred temple, and all the universe supreme will be the subordinate genus and the general situation of cultivation resources. A list is immediately sent to the pig..."

Chapter 5056: Don't misunderstand

In the face of the **** of the old pig, no one dares to resist...

Soon, all the universe supreme in the robbery of the forbidden land were all gathered in the void in front of him. The number of people exceeded 300, and they were all afraid of breathing, waiting for the instructions of the old pig. "

Oh..."

It's already a light-hearted road. He didn't have too much delay. He waved his hoofs in the first time and spurred a spur of the road. He didn't enter the body of the more than 300 forbidden beasts. exception. from

Therefore, as more than three hundred universe supremes in the forbidden land were under control, the entire roaring forbidden land also fell, and it became a vassal of the magic hall. leaf

Xuan did not intend to stay too much. This time, the reason why he followed him was to collect the **** fog formed by the forty-nine hooded body flesh.

Otherwise, today's roaring ban is not even in the early days of absurdity. It is only necessary for the old pig to come over and make a turn, and he can't help him at all. Such as

Nowadays, with the smashing of the shackles of the Xia and the forbidden land, all the powerful beasts have been slain, and the **** fog formed by the flesh of the body has arrived. The power of Ye Xuan's hands has reached 80. huge.....

When I think of it, his heart can't help but secretly. The twenty-nine-level ridiculous Baodan in his hand still has dozens of them. Then he refines the eighty-nine abilities of the blood he just collected. The number of Dan will reach more than one hundred, absolutely enough... this

At that time, all he thought in his mind was the refining of the 20th-level ridiculous Baodan, and he had no intention to stay in the air.

"Oh..."

In the wave, the void in front of Ye Xuan was instantly torn open with a crack in the void. His shoulders swayed and his figure instantly rushed into it. "

Oh..."

This time, the old pig is naturally not interested in going on, see Ye Xuan left, he raised his hair and made a long squat, no longer hesitate, and his body became a black awn, followed by, and then rushed into this. Among the cracks in the road, the blink of an eye disappeared...

...magic

Temple Star Field!

In the middle of the year, the magic antelope was invited to be stronger than the black-skinned pig geek, and it was not only a little bit more powerful, but the whole person was very excited and arrogant. he

I was not in a hurry to immediately ask the demon blood deer to enter the magical star field in front. In fact, he even wished that the other person stayed outside the star field, and waited for the incomparable black-skinned pig to come out. Fight and suppress it.

After all, he has already determined that this battle will win today. So, the forbidden land in front, including the mighty army of the Magic Hall, is all his. If

It is to let the magic blood deer rush into the star field, this half-step heavenly level of existence, the destructive power is extremely scary, he will hurt.

As for the demon bloodblood, he is the strongest person below the heavenly horizon. Naturally, he will not be able to rush into the star field in front to kill him. It is too identifiable. Place

After stopping in the void in the sky above the tens of billions of miles in the magical hall, he just sighed and looked up, and the voice of the gods began to scream toward the inside of the magic temple.

"The magic hall pig tyrants listen, give you ten minutes of time, roll out in the ten breath and see the deity, otherwise, slash your army of the magic hall..."

Quiet! dead

General silence! magic

The sound of the deer of the blood-stained deer sounded, but there was no movement in the magical star field in front of it.

This is obviously a bit weird, but the mid-term devil and the demon bloodblood did not think much. In their view, this is obviously the black-skinned pig timid, and did not dare to show up. ten

Just the interest, the glare will pass...

There was no change in the star field in front of it. It seemed as if they were lazy to care about them. The voice of the gods just now was ignored. Correct

At this point, although the demon blood deer thinks it is impossible, it is unwilling to accept it, and even does not want to think about it here, but the fact is the same.

If it is not ignored, the other party will at least snarl, as a threat or warning is also possible.

But the fact is that the ten interest has passed, and no sound has come out!

"Damn, are you provoking the deity? Today, everyone in the stars... all will die!"

"Roar....."

Finally, the demon blood deer angered, screaming and screaming, and the body swelled out of the horrific atmosphere of the sky, and as soon as the front hoof was lifted, it wanted to rush into the star field ahead...

At this time, Ye Xuan and the old pig fine returned from the roaring ban, and there was a void crack in the depths of the magic temple. The two men walked out of the crack in tandem.

I just heard the wrath of the demon bloodblood, and instantly judged his cultivation strength from the pressure of his body.

"Hey, a nine-order blood deer, but the tone is not small..."

Although the old pig sperm knows that he can't beat each other, but the weak is not too weak, the key is that now Ye Xuan is here, as long as he shot, a finger can kill the blood deer. Place

Therefore, after he had stunned, the voice of God's knowledge came out in an instant, half a minute, even more arrogant than the demon blood deer: "This pig has recently lost a little bit, just want to drink some blood to make up the body, you Old things are quite flattering, too confusing..."

The implication is that this is clearly saying that the demon blood deer came to the door today, and he was simply sending him some deer blood to make up his body. This

The discourse is too arrogant, and the old pigs feel that they are a little fluttering. When the words are still not falling, they have already raised their hoofs and rushed toward the outside of the temple. he

I don't want to fight here, so as not to smash the fish, here is the base camp of the magic hall...

Unfortunately, perhaps because his words are too arrogant, the demon bloodsucks are furious and don't want to wait for a moment. No

Waiting for the old pig's body shape to rush out of the edge of the magic temple star field, the front is convenient to have a black-colored mixed **** figure rushed over, directly into the interior of the star. He

However, it is the giant deer blood deer with a size of ten thousand miles. "

Roar.....""

The **** black pig blame, today the deity is not living, you can't..."

To the old pig fine, the anger of the demon bloodblood rushed up, and the hair screamed out of the sky, and the body's half-step revival was full of excitement. This

At first, the voids trembled a little, as if they were likely to collapse at any time. Even if the void did not collapse, the stars in the stars might not be able to hold back.

Seeing this scene, Ye Xuan frowned and his face was gloomy. No

Hesitant, he waved his hand and shot a mans directly...

"咻..."

The sharp sound of the air broke out, and the glare of the glare went up, and the storm rose. The speed was too fast. It only turned into a sigh of relief, and it has turned into a huge monster with a size of 500 million. He

However, it is the emperor, the body that is dispersed in the body is the breath, the second order of the heavens! "

hiss....."

The demon-like blood deer who is about to worry is mad, and subconsciously turns to the front. The huge figure of the beast enters his eyes, and he is shocked and takes a sigh of relief. Exclaimed: "The second step of heaven and earth? God, the Taoist friends have something to say... don't misunderstand!"

Chapter 5057: Deer stick

As Ye Xuan waved, the glare went to the storm, and the blink of an eye turned into a huge giant of 500 million miles. The body spread the second-order horror of the heavens.

The demon-streaked blood deer who is about to worry about it is mad, and he subconsciously turns his head and looks over here...

"hiss....."

In the next moment, the huge body shape of the emperor fell into his eyes. He was immediately shocked and took a sigh of relief. His body was shocked and his face changed dramatically. He suddenly exclaimed: "The second step of heaven and earth? God, the Taoist friend has something to say. Say it... don't misunderstand!"

call out....."

Without waiting for his words to fall, there was a sound of emptiness behind him. At the same time, there was also a scornful sigh, revealing endless arrogance: "Hey... black pig, you have today!"

"呃..." tight

Followed by the magical blood deer rushing into the magical temple star field is the middle of the middle of the magic antelope, he was originally proud of it, suddenly felt the atmosphere is not right, the body suddenly suddenly stopped in the void. One

Under the head, he also subconsciously turned to the Emperor, and the latter, once again, cooperated with the general, and released the second-order horror of the heavens in the body, and released it once...

"Hey..."

It was just a short-lived release that was not half-interested. This horror was an unimaginable pressure, and the mid-range demon stunned in the void.

He is clearly a devil, but at the moment he has issued a savage wolverine, and his heart is terrified, and he is so horrible that he will turn around and run! "

Roar! Do you have a face to run? "

Seeing that he was so sloppy, he was hesitant and hesitant. He turned and fled. The nose of the demon-like **** deer was stunned, and immediately screamed...

At this moment, he almost immediately retired his intestines. people

The cat's head has been degraded. He was originally out of the strong face, and promised that the mobile phone would belong to the cat's head, and there is no such relationship between the middle and the middle of the devil. thing

In fact, because this magical antelope is located in the left third of the right bank of the Milky Way, and the deer is located far away from the middle of the right bank, he is not interested in the ban on the moose. complete

Nowadays, he is already the peak of the ninth-order grand perfection. For this kind of outside body and the so-called underarms, they have already seen a lot.

Now the only thing that is interested in the magic blood deer is that it only enters the Milky Way star field, vying for the next era of the glory, and breaking through to the heavens.

On weekdays, even if it is the affairs of the magical forbidden land, he has not paid much attention to it. One mind is fascinated to study Dan Dao, and wants to refine some Baodan swallows to assist the breakthrough of heaven and earth.

It can be said that this time, if this mid-term magic antelope has been persuaded for many days with a three-inch tongue, he will not be tempted at all, and he will come here with him.

Originally, I was so fascinated that I thought that this time I could still give a shot to the cat head, and at the same time, I could better talk about the land of the magical antelope and the so-called eccentric army. but

What he never imagined is that this mysterious army of the magical hall has such a huge, so strange heavenly metal war beast, and it is still the second order of heaven and earth...

This is definitely a blow, and the rhythm of his death can be done in an instant. and

All of this is caused by the middle-aged magic antelope behind me, but I still haven't escaped. This guy's sight is not right. He actually wants to escape when he turns around. This is why he wants to stay in this mat and give him an escape. The rhythm of opportunity?

Don't be so shameless... brain

After flashing these thoughts, the demon bloodstained deer instantly angered. After raising their heads and screaming, the body's pressure of anger was fully motivated, and in a moment they shrouded toward the mid-range antelope that was escaping and fleeing. In general, squatting on his body..."

boom! "This

One blow, the demon bloodblood is an angry shot, and the ninth-order grand perfection of the peaks and ruins is pushed to the extreme. In the middle, the magical antelope is naturally impossible to live, and its huge body suddenly slams open. Half of the hair has not been left, and it has spread into a **** fog.

Call..."

In this scene, Ye Xuan's mouth outlines a touch of laughter. he

There was no movement from beginning to end, and there was no intention to shoot at all, so he stood with his hands in the void. but

At this moment, I saw the huge flesh of the mid-term gazelles blasting open, turning into a **** fog, but it was a glimpse of the faint glimpse, and immediately waved a powerful invisible force...

After all, this is a **** fog formed by the mid-decadal flesh, which represents a 30-level Tiandao Baodan. It is a waste of pity, and naturally it should be collected.

Soon, the **** fog formed by the mid-range devil's body shape exploded, and was taken into the body by Ye Xuan, and sent to the bottom of the volcano in the central area of the Dingnai space.

Therefore, Ye Xuan's desolation of blood in the hands of the previous thirty-two, reached today's thirty-three, and this time is equivalent to a ruthless blood, not a little bit of force, let He was in a good mood, and his face was originally gloomy, and it was a little gentler...

At the same time, his move also attracted the eyes of the demon blood deer in the first time...

In fact, before this, the demon blood deer did not notice the existence of Ye Xuan. He is now showing his own human beings. The size and the giant beast of 500 million miles are just like superstars and micros. Dust, too humble.

Although the shape of the old pig is only about a hundred feet, it is just as insignificant as the emperor, but the old-fashioned body has no reconciliation after all, and the ninth-order grand perfection is

absurd, even if the figure changes into one. A real dust, like a bright star in the night sky, will be noticed in an instant. can

Ye Xuan, not only is the body too small, but the body's breath is also completely concealed. If you don't look around, you can see his figure in the line of sight. Otherwise, it will only be swept by the gods. He seems to be non-existent and naturally directly People ignore it.

But that was only before, now, with his figure in the line of sight, after seeing his existence, after the magical blood deer glimpsed a little, the faint glimpse of the face suddenly changed. The dignified.

Under the ghost, there is a flash of light in his mind. The huge blood deer in the original million is actually reduced directly. It is turned into a form of the old man, a black robe, **** blood, and a fist to the leaves. Xuan Yao Yao an arch: "The old man is a deer, I have seen this friend..."

"There was a lot of collisions in the past. It was because of the confusion of the mid-term devil. I also hope that there are a lot of friends in the middle of the road. I don't want to care about it. The old man is willing to punish and plead guilty. I don't know what the friends need, even bluntly, The old man will not regret it..."

Seeing this scene, Ye Xuan grinned and laughed. The guy who claimed to be a deer was a little bit interested. At least his eyesight was not bad...

Chapter 5058: Willing to give two velvet

Under the ghost, the magical blood deer has flashed a ray of light in the brain. The huge blood deer of the original tens of thousands of people directly shrinks and turns into the form of the old man.

In the blink of an eye, he became an old man with a black robe and **** blood, with a smile on his face and a fist to Ye Xuan. "The old man is a deer, he has seen this friend."

"There was a lot of collisions in the past. It was because of the confusion of the mid-term devil. I also hope that there are a lot of friends in the middle of the road. I don't want to care about it. The old man is willing to punish and plead guilty. I don't know what the friends need, even bluntly, The old man will not regret it..."

In this scene, Ye Xuan grinned, this old guy is a bit interesting, at least his eyesight is not bad, such a short time, actually saw that he is the master here...

However, it's just that, it's obviously not enough to let Ye Xuan's heart's killings fade away. Today's Temple of Devils has just arrived on the right bank of the Milky Way. When I first arrived, I don't know how many forces are peeping. This

The demon-skinned blood deer, who claimed to be a deer, was murderously bullied. The outside world naturally had a lot of strong forbidden grounds and high-level stars to see. This

In this case, if he is allowed to leave safely, what is the name of the magical hall?

"The reason why the temple does not want to know, and no interest, this temple only knows, you murderously bully the door, I don't know how many eyes look at it outside, and my magic hall is coming, it is the time to stand up..."

I looked at the other side with great depth, and Ye Xuan, who had been squatting on one side of the sky, slowly walked, and the eyes of the beast had already reached the top of the beast, where they still had their hands.

Speaking half of the words, the jaws smiled slightly toward the deer stick, and then he said: "What can you take out as a sin, you can say it, if the value is enough, the temple has its own decision... Of course You only have one chance!"

"hiss....."

Seeing this scene, the deer's face changed again, and the look on his face became more and more dignified. Even his eyes were straight and his body was slightly cold, and he sighed with a sigh of relief. "This is actually...you Beast?"

He originally thought that although Ye Xuan might also be the existence of heaven and earth, but the beast should also be one of the high-levels in this magical hall, but the body is too large, and it is also a metal behemoth, not good at communication, so this is a matter of external affairs. Will Ye Xuan come forward. From

From this point of view, even if Ye Xuan is also a strong leader of heaven and earth, at most, it is the first-order and second-order cultivation of this place, which may not be stronger than the beast.

Even his cultivation of strength may not be as good as the beast, and he did not reach the heavenly state. He used some special means to confuse the beast, or at the root of it is the support of the emperor...

But now it seems that he can easily squat on the head of the beast, but the beast has no half-satisfaction, and the previous speculations are obviously totally unreasonable.

The only explanation is that this big man, who is a horrible big guy, is his beast...

This is absolutely scary. I can have a beast that is so horrible. The strength of the other side's cultivation is at least third in the heavens. This is not the resistance of the deer, and it is beyond his expectations. It's so bleak.

"Not a beast, but a part of the temple..."

Xuan guessed the thoughts in his heart, but he did not intend to conceal anything, because in the face of absolute strength, all this is not needed.

He was still in the air, and nodded and then he replied with a mouthful, and then he turned to the front: "Remind, you seem to be a bit biased, think about your sins, only once, and the patience and temper of the temple." Not very good..."

This is clearly a rhythm, and will immediately turn the face of the rhythm, the deer club is very deep, is a clear person, the words suddenly subconsciously squatted a few times, and then the eyebrows locked, fell into thoughts...

"Daoyou, you are both a remnant, and you have just collected the **** fog formed by the middle of the middle of the devil's body. It must be studied on the way of refining."

After a temporary thought, the deer had a decision. The sudden burst of light in the middle of the battle, the fist to the arch of Ye Xuan, and then received: "Exactly, the old man has been studying the treasures used to assist the breakthrough of the heavens Medicine, in the hands of collecting a lot of top Tiandi treasures ..."

The talented old man did have a collision, and his heart was upset. He took the two velvets to pay the blame to the Taoist friend..."

"call out!"

"Hey!"

The sound of the deer, the deer stick has already waved abruptly, accompanied by a faint sound of broken air, two awns rushed toward Ye Xuan, and came to a halt in front of him, it is just two feet long and long, all over the body Bloody, looks like a branch of a tree.

"Tianrong?"

Ye Xuan stunned, and the line of sight swept over the two tree shrews hanging in front of him. He quickly understood what it was. Obviously, this is two velvet antlers. If there is no accident, it should be from this. The deer's antlers fell off the antlers.

This thing seems to be inconspicuous, but it reveals a very special energy atmosphere. There seems to be a breath of heavenly force in the vagueness. It is indeed a good thing, and Ye Xuan can't help but look at it..."

This thing is the essence of the old man's antlers. It has only grown four feet in the years of the tens of thousands of years, and the demon blood deer is a kind of congenital creature. Only when it is self-cultivated into a deserted place, there will be a day in the antlers. The velvet begins to grow..."

Seeing Ye Xuan has some doubts, even if the deer sticks out, it is explained: "The old man has entered the ruined land for hundreds of millions of years, and only grows a little bit every year until he is taken down by the old man a hundred years ago..."

"This thing grows because of the blood of the congenital spirit. It has a special effect. The old man left two pieces of medicine as the medicine of the heavenly medicine. The remaining two pieces were given to the Taoist friends, and the pearl was also secretly cast... ""

It turned out to be..."

After listening to the deer's explanation, Ye Xuan suddenly realized that it was the innate spirit that entered the barren environment, and the body began to grow. Every year, it only had a little bit of end, and it took only a hundred million to grow to four feet. From

From this point of view, the deer can take half of it, but it is quite sincere.

Of course, in addition, Ye Xuan is more interested in the Tiandao treasure medicine than the other party said. The deer hacker has entered the deserted environment for many years, and it is the ruin of the 9th-order grand perfection. It has been in the market many years ago. Such as

Therefore, his preparations for impacting the heavens must be more perfect than Ye Xuan, and he is a starry beast, but he is as good as the survivors. This incident makes Ye Xuan unexpected, but he can fully cooperate with him. Make some exchanges...

Thinking of this, Ye Xuan's brain flashed and he made a decision in an instant. Swing

After the hand folded the two velvets hanging in front of them, they smiled at the jaws, even if they said: "Lu Daoyou was also good at medicine. It's just that the temple has to be a good one. It's better to watch on one side."

Chapter 5059: Baotan one hundred fifty pieces

"Alchemy?"

It was said that the deer had a glimpse, but he soon realized it. very

Obviously, the other party wants to prove the way to the drug with him. The reason why he did not kill him before, perhaps this is one of the reasons. miss you

At this point, he naturally refused to refuse, not to mention, he has always been very interested in the way of the drug, and in his view, the mysterious existence of this terror is clearly a strongman, I don't know why. Mixed with the beasts. Legacy

The tycoon's rumors of the strong people have always been far superior to the starry beasts, and the other's cultivation is so powerful, at least the third-order existence of the heavens, and its pharmacy is absolutely extraordinary.

For him, this is also an opportunity to improve myself...

Thinking of this, the deer's face immediately showed a happy color, and immediately nodded. leaf

Xuan did not say much, and waved the beast into the body, then told the old pig to let him do what he was doing, and then led the way in front, with the deer rushing to the depths of the forbidden land. Stars. This

In it, it is the black robes that are reserved for Ye Xuan's Dongfu stars.

"Booming!"

"Hey..."

After entering a giant star, Ye Xuan led the deer to sit down at the top of a huge peak, and then waved the energy form of Shennong Baoding, which was only a large size and hovered in the midair of the peak. Diffuse the richness to the horrible energy...

The deer's face on the side of the deer has changed instantly. He is the peak of the 9th-order grand perfection. Naturally, it can be seen that this energy treasure is extraordinary, purely composed of nine-color flames, which is not the same. Do not

However, only by this point, he still can't see that Ye Xuan has Shennong Baoding in his hands, so he didn't think about the starry sky.

Almost at the next moment, with Ye Xuan's thoughts, there will be eighteen powerful bloodstains taken out from Shennong Baoding in the body, hanging in front of Ye Xuan.

This is the main material used to refine the 29th-level ridiculous Baodan, but at the same time, there are a large number of top-class treasures, which are numerous and numerous.

As for the spring water used for refining medicine, this time is also the same luxury. It is also directly replaced by a mixture of congenital yin chilling liquid and smelting lotion. This is already the norm, and Ye Xuan has long been used to it. but

The deer stick on the side is changing the look, and taking a sigh of coolness.

Now, he finally realized that Ye Xuan had collected the **** fog formed by the middle of the devil's body. It turned out to be a small blooddrop. This method is really amazing, at least, by his The pharmacy is rumored, I am afraid that it is impossible to condense the **** fog formed by the explosion of a vulgar old scorpion.

At the moment, Ye Xuan's blood beads, which are full of powerful energy, are 80, which means that... the ancient power that has fallen into his hands has reached 80 giants. This

The number is too alarming, the deer's face is white, the body is slightly trembled, and it is secretly grateful. Fortunately, the previous performance is good, let the mysterious powerful existence give birth to interest, otherwise, the other party The collection of the **** blood in the hands, I am afraid that one more...

"boom!"

Rumble..."

"call out!"

Just as the deer's heart was secretly self-satisfied, all the sounds of the empty space appeared, all the materials originally suspended in the void on one side, all automatically flew into the furnace, melted and melted together.

"call out!"

"Hey..."

In the next moment, Ye Xuan's hands fluttered like a butterfly, and the different colors and shapes of the crepe patterns drove from his hands like rain, and directly entered the colorful shape of the energy form. .

It's overwhelming, dense, and horrific...

Time is slowly passing, this time because of the deer sticks watching, and Ye Xuan is doing this, it is also considered, with a purpose. Place

Therefore, the twenty-ninth-level ridiculous treasure Dan, although he has already been familiar with it, is not the first time to refining, it can be faster. but

Today, he deliberately slowed down the speed, while refining the medicine, while confirming it with the perfect Danfang of the 30th-level Tiandao Baodan...

After two days, all the dust settled, and the twenty-nine-level ridiculous treasure of this furnace was completely refining.

This time, Baodan refining, Ye Xuan and the last time, even the body of refining medicine is condensed with pure Shennong nine-color flame, and invisibly added power.

As for the flesh and blood materials used, it is still the same as the previous one, and even the more powerful blood used is more than 80 pieces, which also invisibly boosts the quality of this furnace. Such as

Today, Baodan's refining is completed, and there are countless dragons and stalks of Xiangrui in an instant, appearing in the sky above the Baoding. "

Hey! ""

expensive.....""

boom! "a few

In the next moment, the loud roar of the sound rang, and the colorful furnace in front of the void opened up infinite treasure...

The virtual shadows of Zhenlong Zhenfeng all rushed out from Ding, and the neck screamed and cleared. It was a meteorological situation. Then, the whole furnace was turned into a star-shaped nine-color flame in an instant, and was waved by Ye Xuan. When they are put together, they will be sent to Shennong Ding and will be included in the body. and

At this time, with the disappearance of the nine-colored flame furnace, the front half of the 巍峨 巍峨 视视,,,,,,,,,九九九九九九九九九九九九九九九九九九九九A strong energy atmosphere.

This one, Ye Xuan's talented blood in the Ding is 80, but in the end he has produced 90 pieces of the 29th-level ridiculous Baodan, which makes him extremely satisfied and very happy.

Previously, there were still 60 of the twenty-nine-level ridiculous treasures in his hands. Together with these ninety, the total number is one hundred and fifty. each

A twenty-nine-level ridiculous treasure, representing a future of the ancient and supreme, is only one hundred and fifty treasures, which represents Ye Xuan's subordinates. There will be one hundred in the future. Fifty desolation monsters exist, this number is absolutely scary, it should be enough..."

hiss! ""

These Baodan...there is a strong and despicable atmosphere. The blood beads that have been invested in Dingming are only powerful. How did Baodan, which was finally refining, directly enhance a big realm? What is this Taoist secret law? "positive

When Ye Xuan waved out ninety green bottles, the 90-year-old Baodan was installed separately. When they were in the body, they kept watching. The deer in the past two days did not say much. Suddenly, the complexion changed, and the body shape suddenly screamed, and suddenly disappeared and exclaimed...

He was really scared, not only this magical alchemy secret method is beyond his understanding, but also because he has already guessed the effect of these 90 pieces of Baodan...

The kind of Baodan exudes a strong sense of absurdity. According to his speculation, most of them have a strong auxiliary effect on the impact of the ninth-order great perfection powerhouse. If

If this is the case, these ninety-eight treasures basically represent the ninety-year-old ridiculous blame, and the number is so huge. Can he not be surprised?

Chapter 5060: Five elements of origin

"Ludaoyou guessed it right. This kind of twenty-nine-level ridiculous treasure is used to assist the impact of the abyss..."

It seems that I saw through the thoughts of the other party at this moment. Ye Xuan smiled and nodded, and admitted directly.

"Twenty-ninth level... Abandoned Baodan?"

The deer sticks a glimpse, frowning and sinking for a moment, this is a flash of light, then asked: "What does this twenty-ninth level mean? Could it be twenty-eight, thirty is not?"

"Yes, there are indeed twenty-eight levels and thirty levels..." See

The other side asked about the idea, Ye Xuan is also very pleased, even if explained: "This kind of Baodan, suitable for swallowing in the current realm of the 9th order, basically swallow one, can be short Successfully broke through to the next big realm..."

"For example, the twenty-nine-level ridiculous Baodan that was just refining, a total of ninety, will enable the ninety-ninth-order ruins of the ancients to successfully break through to the ancient times, basically without any accidents. Occurred, this temple is still very confident, because this kind of Baodan, the temple is from the first level, has been refined to the current twenty-ninth level..."

"call out!"

"咻咻咻..."

The sound of the sound just fell, the sound of the air suddenly sounded, and the other side was sent by Ye Xuan, and spurred toward the opposite deer.

In the blink of an eye, these tiny mans are stopped in front of the deer sticks. It is a green bottle, which is filled with various grades of Baodan. two

Fifteenth-level honorable treasure! two

Sixteen-level master Bao Dan!

Twenty-seventh level Baodan! two

Eighteen levels of great energy Baodan...

There is one each!

"Oh, sure enough, from the breath, these four treasures should be from the universe to the ancient world..."

Seeing the four treasures hanging in front of him, the face of the deer stick changed again, and he took a sigh of coolness and shouted: "If you say that the friend of the road is refining, the ridiculous Baodan is the twenty-ninth thing. Then, then, these four treasures should be twenty-five to twenty-eight..."

The guy really turned a little bit, and heard that Ye Xuan smiled at the jaw, but did not continue to say more, but waited for his follow-up words.

"Daoyou has been refining from the first-class Baodan to the twenty-ninth-level Baodan, and the remedy of Dan medicine is simply amazing..."

After a short silence, the deer stalker went on to say: "And, from the refining of the Taoist friends, the twenty-ninth-level ridiculous treasure, you have been very familiar, not the first refining, I don't know friends... The follow-up 30-level Dan may be refining!"

The last sentence was exported, and the deer's shackles smashed out the fineness, the chest was ups and downs, and even the breathing was rushed. The so-called twenty-ninth-level Dan, although he was shocked, he had no interest at all because his own cultivation was Strength, and now it is already a decisive nine-order great perfection, this twenty-ninth-level ridiculous treasure, can not be used at all...

What he really cares about is the 30th-level Baodao Dan after this level of Baodan, because he has been preparing for the past few years, and he has to break through the ridiculous nine-order greatness. He should break through again and try to attack the real heaven. The situation is over.

However, even if he is not grasping the impact of the heavens, he has been collecting all kinds of top treasures and treasures. He wants to refine a kind of treasure medicine and swallow it in the impact of the heavens. use. and

It happened that at this time, he met Ye Xuan and saw his various grades of Bao Dan. It was a shock to heaven. only

With this in mind, the deer's heart is secretly glad that this time it did not come wrong, or else missed the opportunity.

However, if this thought and thought are known to the middle-aged antelope that had been slashed by him before, I don't know what to do with it.

"Thirty-level Baodan is naturally there. Although it has not yet been refining, its perfect Danfang, this temple has already been deduced..."

The other party finally mentioned the business, and the look on Ye Xuan's face became serious. He nodded and said: "In fact, in addition to the perfect Dan Fang, the temple has even a variety of Dantian's various materials. And you can take refining at any time."

However, the reason why this matter has not been carried out is because the temple always has a strong sense of consciousness. It seems that this refining will surely fail. Although there is no problem with Dan Fang's deduction, the temple always feels less... .."

"The reason why today's Taoist friends are invited to watch the temple refining Baodan is why..."

I have heard from my friends that I have been studying the drug for many years in order to attack the heavens. I am preparing to refine a treasure that is used to help break through..."

"The temple is confident that Dan Dao is extraordinary, but the path of medicinal herbs is endless. The stone of the mountain can also be used to attack jade, so that I want to exchange ideas with the Taoist friends in this matter."

"But the perfect Danfang of the 30th-level Tiandao Baodan of this temple is not the same as Xiaoke, and no one has this qualification. Before the Danfang takes out the Danfang, the Taoist friend must at least prove to the temple that you are doing a good job in the medicine. Otherwise, the matter can only be done, and the Taoist can leave at any time..."

It turned out to be..."

Here, the deer stalker suddenly realized that he immediately waved: "The Taoist friend said yes, this is what it should be. This is the result of careful study by the old man over the years. Refining is a kind of treasure medicine, and refining with the remnant. The flesh and blood is almost the same, but it has a unique effect..."

"However, although the prescription of this treasure medicine is almost perfect, it has been revised and modified. It is really because the prescriptions of the medicines are turned into five elements, but these kinds of treasure medicines are simply impossible to obtain. So, they were forced to revise, and they are not finished yet..."

"Hey!" said

In the words, a masculine rush came to the front of Ye Xuan's body and stopped, and it was a jade.

Ye Xuan was also not polite. When even this jade was taken over, the power of the gods was extended to it, and the first time it was explored... Jade

There is indeed a prescription in Jane, in addition to detailed remarks, as well as the causes and consequences of each prescription modification.

This prescription is really imperfect now. According to the prescription, the refining treasure can also improve the chances of a successful breakthrough when it is attacked by the strongest of the 9th-order grand perfection.

However, this probability is at most 30%, and it does not ensure the impact is successful...

It is said that compared with Ye Xuan's 30-level Baodan, this kind of treasure medicine that is helpful to the heavens and the earth is worse than two points. but

It also has merits, such as the idea of using five kinds of treasured medicines as the medicine guide, which makes Ye Xuan shine. in

In this Tiandao prescription, the same is also used in the deer's velvet, which is taken from the genus of the velvet. It is the medicinal introduction of the five elements of the medicine. As for the other four kinds of medicines, all of them are now It's blank, and the deer's staff has changed the changes again and again, but it's not completely sure yet...but

One thing is certain, that is, the deer stick has a good idea on the medicinal herbs. At least one of the perfect Danfangs of the 30-level Tiandao Baodan is still qualified.
