### Chapter 5091: Flame Quest

"Come on, how are you stupid?"

Are you not going to kill the temple? Now being killed, is it afraid to resist? ""

Oh..." with

With a shot, a stick easily blasted a seventh-order beast, and the provocative words in the scorpion mouth rang again. After roaring, he immediately rushed to the right...

In this scene, there are more than a hundred ridiculous geeks gathered around the four and a dozen powerful beasts of heaven and earth. The face is dark and the sound of the gods is ringing in an instant...

"What should I do? This konjac is in a big way, killing you..."

It's so embarrassing..."

"Hundreds of ridiculous grotesque, more than a dozen powerful beasts of heaven and earth besieged one person, and finally no one dared to shoot, if he let him so arrogantly grow up and go..."

"Once this kind of thing is spread out, all the strong people present today will have no face, and the enchanting name of this konjac will be even more amazing..."

In the future, on both sides of the Milky Way, it's just going around, and there's a sorrowful presence..."

"This is absolutely unacceptable. In any case, you can't retreat, you can fight back, wait for an opportunity, and look for opportunities to shoot..."

Roar! ""

Not so sweet, it's just too wrong..."

As these roars and exclamations rang, the more than a hundred strong people gathered around in the distance in the distance, all subconsciously looked over to the wilderness.

They simply can't face the fierce konjac in the face. The only way is to let the wild eyes of the floods rush forward. but

The latter obviously does not have this meaning, it is not good for him, it does not play any role, not to mention the konjac even if his body rushes out, holding the skeleton of the sacral bow, he is always facing him, a pair of purple gold The fierce gaze stared at him tightly, locked the air machine, and let the wild eyes dare not act rashly...

The scene fell into the eyes of the powerful parties, and suddenly they were dissatisfied. The heavenly eye from the ruined land was too kind, and the previous words were made, and promised to reshape the real body with the nine-color flame. . but

Now the \*\*\*\* unicorn has been completely degraded. This guy has only smashed a powerful third-order celestial path with two words. He has nothing to do with it. He clearly has the strength to fight against the konjac, but he has been standing still, and he is shameless. People are pointing...

However, the war is still going on. There are still hopes of suppressing the konjac in the wild and the blue sky. In addition, the strength is not as good as the other, but it is not pleasing to the heart, nor dare to say it.

"boom!""

Rumble..."

At this point, the konjac rushing to the right has already been eyeing the second target. This time, it is one of a dozen or so heavenly beasts...

In fact, although there are more than a hundred ridiculous old monsters surrounded by them, they are not a threat to Ye Xuan. The purpose of Ye Xuan is to kill these dozens of heavenly powers, even if only killing half of it is enough to make this vain ban be lifted.

This is a must, otherwise if the ban of the void is not lifted, Ye Xuan can not teleport, or the ability to jump in the interstellar coordinates attached to the body's engulfing system.

In this case, he can only walk at a speed in the void, but more than a dozen heavenly strong people can always bite behind him like a tail. This is by no means a solution. Place

Therefore, his only choice is to kill more than half of these dozens of powerful beasts in heaven and earth. This is enough to make the ban in the void due to the superposition of invisible pressures.

However, this purpose can not be too obvious, otherwise it will force the dozens of heavenly savage beasts to bite their teeth at the same time, Ye Xuan, although there is no fear, but will not be able to cope with it.

So every time he just rushed to a ridiculous grotesque, and then after the bombing, he slammed into a powerful beast with a heavenly scene, in this way, unconsciously put these dozens of heavenly savage beasts, slowly eaten. suitable

Only after, the first goal he chose was a seven-stage absurd, but in fact it was only a transition. Ye Xuan's real goal is the second-order heaven that is not far from the seventh-order absurd!

At this moment, as his body shape approached, the powerful beast of the second-order heavenly moment wrinkled his brows without hesitation or turning. He almost started in the moment when Ye Xuan was approaching. Retreat... this

It is clear that it is necessary to maintain a safe distance with Ye Xuan, but this purpose, Ye Xuan can not let him achieve, since he has been eyeing him, if even the first heaven and earth can not be killed, how to follow up?

These thoughts flashed through my mind, and the sinister flicker in the flesh and blood was flashing, and I immediately shot...

"call out....."

The sharp and unpredictable sound of the air broke out, and the nine colorful ribbons entwined in the body of the black mist rushed out, just like a nine-color giant python in the pursuit of souls, the blink of an eye has come to the near. This

The powerful beasts of the second-order road in the first day of the day were too late to defend, and they just wanted to swept away from the face, but suddenly they found that the fascinating nine-color streamers had arrived, and they spread and opened, and they will be left and right. The retreat was also banned.

It was also at this time that the three-headed and six-armed konjac rushed from the front, and it was already near. He had no way to retreat, only to face the front...

"Roar....."

In an instant, when the moment is inadvertent, the blink of an eye puts itself in a dangerous situation, and in the distant sky, the sky is strong, and the eight-step torrent of heaven and earth is not intended to rescue. This scene makes this second-order beast Furious, screaming out of the sky...

At almost the same time, the konjac has come to the front, the arms of flesh and blood are unfolding, and the \*\*\*\* stick of Shennong Ding rises up, and the black mist spurs the nine-color streamers to sweep around....

Oh..." the same

In the face of this level of attack, the next thing is obviously no suspense... too

Faster, with the flesh and blood and the black mist split, the earth-shattering roaring sound came and came, this beast is a second-order heaven, but at this time it is the two heavens of the seventh-order world. Stronger in the late period. again

Together with Shennong Ding, the \*\*\*\* stick and the horrible power of the nine-color flame sea, he couldn't resist it. Under the circumstance, the horror of this second-order beast was still screaming. Not yet, a pound of arrogant power has already rushed into his body...

In an instant, a few horrible forces have been raging in his body. With the screaming sound, the second-order beastly body has completely exploded, turning into a red blood fog that quickly spreads over the canopy, covering a corner of the void. "

call.....""

call out! ”

In the blink of an eye, the body of the black mist waved again, and as the sound of a whistling sound rang, invisible, a majestic force whizzed away, and the \*\*\*\* fog that swept away its huge body shape swept away. Come.....

Too fast, just a short three-between, there is a powerful degeneration, this time is not even a ridiculous grotesque, but a strong man of heaven and earth, the konjac is so fierce and violent, and instantly makes the surrounding void, dead and dead .....

Just a short three-between, there is another powerful degeneration, this time is not even a ridiculous grotesque, but a strong man of heaven and earth, the konjac is so fierce and violent, and instantly makes the surrounding emptiness, dead and dead...

Too fast, from the konjac to the present, the total has not passed the ten interest, between the ten interest, it has fallen into two powerful existence.

Don't talk about the starry beasts surrounded by the emptiness in the sky. At this moment, even Ye Xuan has a feeling of dripping.

Because for him, this is not just a simple killing, it is just a little while, his gains are not small. shortage

In respect of blood quality, there is only one left in his hand, and now there are two more. and

Heavenly blood, there have been seven before, and now it has reached eight...

If you continue to kill like this, the blood of your own hands will soon break ten. As for the \*\*\*\* essence, it has already been consumed. If there is no accident, this time it will soon accumulate dozens.

Although the five elements of medicine are too precious, and there are still thirty-five of the 30-level Tiandao Baodan that he has just refining, there is no need to refine the second furnace, but these ruins are regarded as cultivation resources. After serving, the effect is quite amazing, and it is definitely worth the money.

It seems that this time, I am trapped in the encirclement, and the final result may be a blessing in disguise.

These thoughts flashed through the brain, and the killing power of Ye Xuan's heart was also aroused. If he had previously tried to break the power of the invisible pressure of the void, and then sneak away with teleport or interstellar coordinates. .

So now, Ye Xuan is more biased, but it is to stay in the war, as much as possible to harvest some of the blood and the blood of the heavens..."

Roar! ""

Oh..." This

Once, he was even lazy and heard the sounds of the gods. The three \*\*\*\* seas each screamed and screamed, and then they swayed and turned into a mans, rushing forward..."

Hey! ""

Oh..."

In this direction, a powerful beast and a seventy-eight-year-old ridiculous monster are immediately vigilant. They have already had two lessons from the past. If they are not vigilant now, it is simply a dead end.

Almost in the next moment when the konjac figure spurred in this direction, the dozens of star-studded beasts have changed dramatically, and the power inside the body is instantly pushed to the extreme, and there is no Escape in one direction, but in all directions, smashing... but

After all, there will be a bad luck. Because of the strong existence of a heavenly scene, it will be aroused to be alert if they continue to shoot against the heavens. test

With this in mind, the goal that Ye Xuan has locked in this time is a ridiculous old blame. The strength is not too strong, only the fourth step is absurd...

Today, he is already a seventh-order heaven, and the fourth-order absurdity is compared with it. It is weaker than a big realm. It is simply not a layer of existence.

"call out....."

Rumble..."

The sharp sound of the air broke out, and the shape of the konjac swept through the emptiness in the sky. The speed was too fast, and the emptiness of the emptiness blew out the thunder and thunder, but it was only two, but he was already close. The first four steps of the past are hundreds of millions of miles behind. No

Hesitant, the flesh and blood body immediately shot, the \*\*\*\* sorghum over the top, directly banged out..."

boom....."

In the blink of an eye, a rush of horrible power rushed into the other's body, and the momentary work was already raging. With the screaming sound, the whole body of the beast was bursting openly. The red blood of the diffuse blood is shrouded in a corner.

Then he was waved by the body of the black mist, and invisibly stirred up a majestic force to roar away, and the \*\*\*\* fog that swept away his huge body shape swept through the body!

This is not the end, because there are more than two billion miles on the right side, there is a lazy old monster, this distance is also within the scope of the konjac attack..."

Oh..."

"boom!"

Almost in the flesh and blood, the right hand of the \*\*\*\* stick fell off the same moment, the black mist has also been shot, separated by a virtual distance of about two billion miles, under the flash of a cold man, a full punch Boom out. sense

I felt that an unprecedented shadow of death shrouded the soul, and the ridiculous figure of the old man who was escaping from the head fluttered, and subconsciously issued a terrifying noise.

But everything was already too late, and the loud noise came from an instant. His huge body was bombarded and turned into a \*\*\*\* fog. He also did not escape the black fog. He was swept away and earned income. ....

With such a dazzling effort, two ridiculous old monsters were murdered, and the \*\*\*\* blood of Ye Xuan's hands soared again, reaching four. This

All the other ridiculous geeks and the dozens of heavenly and powerful people who have fallen around have already made them all cold... This

How is it still fighting?

If you stay here, do you want to be bombarded one by one by being powerful, but fierce to the horrible konjac?

Such a scene is simply too shameful. People are more than a hundred enemies, but they still kill the Quartet. It's like no one's land. It's so shameful, how can it be...

These thoughts flashed through the brain, and the heavens and the beasts in the hundreds of besieged beasts existed in an instant, and the voices of the gods with resentment in the low voices began to sound. As for the hundreds of old and old Blame, in this case, there is no qualification for voice..."

You can't go on like this, or the final result is clearly broken by him..."

"Yes, in a short period of time, four friends have fallen, and even a strong presence of a heavenly environment, we can't drag on any more..."

"Qingdaodaoyou, among the more than a dozen heavenly and powerful people, only you can drag him on the front. If you want to continue today, this task can only be taken care of by you..."

It is clear that it is in the rhythm of the green eyes of the Hongtian Heavenly Road. In an instant, all the eyes around the eyes are led to the green eyes of the wild...

In the face of this scene, Ye Xuanzhen flashed in the cold, and his face was gloomy. end

If you want to act, if there are no accidents, don't mention the other hundred ridiculous monsters. At least, these dozens of powerful beasts of heaven and earth will surely join hands.

In this case, there is nothing to be scrupulous about, and they have not yet reached an agreement, they can kill one.

"call out....."

boom! ”

"Booming..." brain

In the flashing of these thoughts, the konjac no longer hesitates, the power of the body is pushed to the extreme, and the shots are instantly shot, and the blink of an eye has reached the side of a third-order heaven.

Without hesitation, the \*\*\*\* stick and Shennong Ding slammed out in the first place.

In addition, the black mist smashed a punch, and the nine-colored ribbon that was originally wrapped around its huge figure was also like a snake, and it was between the lightning and the fire. The first three steps of the Tiandao and the left and right retreats are banned...

"Booming..."

In the face of more than a dozen heavenly and powerful players, Ye Xuan will not hesitate to decide to shoot without hesitation and kill one. blink

Between the eyes, he went to the side of the third-order Tiandao, and he tried his best. The next moment, the sharp sound of the air broke out, and the void was stirred up and thundered, only two things were not enough. I have already caught up, and the distance to the side of the body is hundreds of millions of miles...this

For a moment, the flesh and blood body shot, Shennong Ding and the \*\*\*\* rod sorghum over the top, directly banged out..."

boom....."

A rush of horrible power rushes into the other side, and the moment of work has already raged!

As the buzzing sound came out, the entire body shape of the beast was exploded, turning into a red blood fog that spread quickly, covering a corner of the void.

Then he was waved by the body of the black mist, and a majestic force whizzed away, and the \*\*\*\* fog that swept away his huge body shape swept through the body!

Too fast, this third-order Tiandao did not expect Ye Xuan to shoot at this time. It was already late when he was not sure. The retreat behind him and the left and right sides was already banned.

And he alone can't resist the full force of the two heavens in the late seventh stage, let alone the horror of the Shennong Ding and the \*\*\*\* stick.

In an instant, Ye Xuan once again harvested a heavenly blood, and the number in his hand has reached nine, about to break ten... brain

In the middle of these thoughts, the three \*\*\*\* seas were smashed in the middle of the cold, and they turned to the other side of the left side of the road to see the past..."

Oh..."

"Green eyes, are you still not expressing your attitude? If so, I will be scattered, I don't want to stay here and seek skin with the tiger..."

I felt that the scent of Ye Xuan was locked in, and the other moment I saw the other third-order Tiandao was instantly killed. The fourth-order Tiandao scared and screamed, and I quickly hid myself. Another direction in the distance...the same

At one moment, more than ten other heavenly strongmen in other directions were also wary, and while they stepped back, they opened the distance with Ye Xuan as much as possible, while slashing and slashing toward the sacred eyes. short

In a short period of time, they have already degraded the three wild and the strong existence of the two heavens. If the blue sky and the green eye do not express their feelings, if they still do not take it, they

will gather around the dozens of heavenly roads and nearly a hundred old people. Most of the time, I have to be scattered. anti-

If you are staying, you can't make a contribution, don't go, can you still stay here and be bombarded by the konjac one by one?

"How can I hold him from the front? Can you still take the opportunity to seriously hurt him?"

At this time, the sound of the gods of the ridiculous heavens and the blue eyes is also loud, revealing a sense of contempt: "You still have twelve people. Even if you shoot at the same time, at least two people must blow themselves to be seriously injured in an instant. ...."

"If you are two of you, you nod your head and I will take the matter. From the front... I will hold him back."

Speaking of this, the singularity of the singularity of the singularity of the sky, the turn of the eye, after the slight pause, then again: "Of course, these two self-destructive physical friends, after the war, each can get 10%, in addition, I help him, to nine The color of the flames reshapes the real body..."

Quiet!

Dead silence!

Such a proposal is indeed the most effective. It is also very attractive to have 10% of the trophy and the nine-color flames to reshape the real body, but the twelve heavenly powers are still hesitant. After all, there has been a foresight.

That \*\*\*\* unicorn is so pitted..."

Roar! "

"The old man has gone out, this time it is not alone to rush into the flame ball, but all the heavens and the environment at the same time shot ... the old man is willing to blow the flesh!"

"Count me, this time, be sure to let this konjac seriously hurt this..."

After a short period of indulgence, in the 12-day state, finally two people made a decision, and the teeth of the gods were heard..."

So, you are ready! "

"Hey..."

When it comes to the promise, the blue sky and the green eye will not hesitate, and the sound of the gods will be at the same time. In the huge vertical eyes, there will also be a flash of green awning. Like the shape of a star, it will instantly become a mile, toward Ye Xuan. Shoot it. with

At one moment, among the hundreds of figures around the void, there were also twelve figures spurred.

This is the twelve strong people who are present at the scene. At this time, they come together from all sides. The leader is the two who finally made the sound.

They will start to blow themselves in the first place after approaching Ye Xuan. The terrorist forces that use this kind of heavenly power to blast themselves will be stunned by the singularity of the singularity of the singularity of Tianhong... This is seriously injured!

I have to say that their wishful thinking is really good. If it is said that all of this can be carried out smoothly, Ye Xuan must be seriously injured.

And once he was seriously injured, in the face of the eight-step heaven and earth, the eye-catching green eyes, Ye Xuan is really likely to be here today.

Unfortunately, although their calculations are beautiful, it is obviously impossible for Ye Xuan to make this a reality...

At this moment, the purple-golden mantle in the scorpion suddenly became a masterpiece, and the scorpion bow that he had been holding in his hand also burst into a fierce golden awn. This

It is clearly that the Supreme Bloodline God has been activated, and the ray is about to be shot...

"Hey..."

At a moment, the savage sky and eyelids of the savage sky and eyelids jumped wildly, almost subconsciously. With an unwilling whistling sound, the heavenly eye that spurred like a meteor suddenly came to an abrupt end.

But in fact, this arrow of the cheekbones is not shooting at him at all...

This time, the target of the shin bone is aimed at the strong people who come from the other direction. This

The twelve empty positions in the heavens and the earth are originally far and near, but as today, the road blue eyes are rushing out from the front, and the konjac will be held down. They are also moving together, although the twelve figures that have been plucked from different directions are still Not gathered together, but have arrived in the same direction, but there are already six people...

Among them, the two old guys who rushed to the front and were responsible for self-destructing the flesh!

This arrow of the shin bone is aimed at this direction..."

Oh..."

call out! ""

Oh..."

At this moment, the low-pitched humming sounded, followed by a sharp and harsh sound, and the right hand of the sacral body was loosened, and the sacred bow held by the left arm was instantly golden.

A golden arrow is like a bursting star, and it shines violently. Even the blue eyes of the flooded sky are subconsciously blinking. on

It's such a blink of an eye, the bangs are coming and going, the golden arrows are rushing away, the speed is almost to the extreme, and the six-headed beasts in this direction are all exploding, blood The fog blew open, and the vines were empty.

It's just a blow, but the power is so powerful that it's so horrible. It's a rhythm of six arrows, so that the hundreds of ridiculous monsters gathered around in the distance are all scared and stupid. Are violently twitching...

Chapter 5092: Seven steps

"Hey..."

"call out!"

Oh..."

With the incomparable humming sound, a golden arrow spurred like a bursting star, and the radiance was so fierce that even the blue eyes of the ridiculous heavens blinked subconsciously. boom

After the blast, the golden arrow speed was so fast that the six-headed beasts in this direction burst into the air, and the blood fog exploded, and the sky was empty...

At this moment, the whole piece of emptiness has fallen into a dead silence. The hundreds of ridiculous old geeks gathered around in the distance are all scared and stupid, and their bodies are violently trembled...

A blow, but Wei Neng is so powerful that it is so horrible, it is simply against the sky, this is clearly the rhythm of one arrow and six carvings, and the bombing is still all strong in heaven. "

call out! ""

Oh..." with

The body was shaken, and the whole body and mind were shrouded in huge fears. The ridiculous old monsters gathered in the imaginary sky surrounded by dozens of heads turned around and rushed toward the distance.

They gave up, this konjac was too horrible, and the previous dozens of ridiculous geeks were surrounded by nothing. Now, the blink of an eye has fallen six heads. What hope?

At the same moment, the body of the black mist waved, and a majestic force whizzed away, and the \*\*\*\* blood of the six-headed savage beasts swept away and swept into the body! first

Before, the blood in his hands had reached the height of nine. Now, with the hit of the bow, he smashed six heads again. With the \*\*\*\* fog of the six awns, the body of Ye Xuan's blood, As a result, it has reached fifteen...

Enough, this kind of harvest is so shocking that even Ye Xuan has been satisfied. At this moment, he finally gave birth to the idea of walking away. when

However, even if he wanted to take it away, it was impossible. There were more than a hundred ridiculous geeks in the emptiness and more than ten heavenly and powerful people gathered here. body

All the forces inside have been pushed to the extreme, and the powerful invisible pressures overlap and add, so that the void is completely banned, and it cannot be teleported at all.

But now it is different. Ye Xuan has already killed the powerful beasts of the Eight Heavens before and after, and the nearly one-hundred of the ridiculous strangers gathered around in the distance are now nearly one-third of them turning around. The power of ban in the void is instantaneously dissipated in the invisible..."

Oh..."

Ye Xuan, your 陨天弓 has already been shot, and it is absolutely impossible to display a second shot in a short time. Now... What kind of deterrent are you still taking? ""

Rumble..." No

I have to pay attention to the ridiculous old monsters who are turning around in the distance. At this moment, the green eyes of the sacred heavens and the green eyes are beautiful, and the sound of the gods is heard. The huge figure is like a meteor. In general, the rumbling rushed toward Ye Xuan. he

The only taboo is just the bow of the skull in the hands of the cheekbones. but

Now, this arrow has already been shot, and the strength of the sacrum is taken out of the body, and it has already fallen into a period of weakness.

Although the body of flesh and blood and the body of black fog are still the same, but it is only the seventh stage of heaven and earth, the green eyes of the wilderness are the eighth order of this place. It is enough for him to suppress Ye Xuan.

Coupled with the other six heavenly powerhouses rushing forward, this battle, he suddenly has a grasp of victory..."

Hey! ""

Roar! ""

Oh..."

In fact, the other six heavenly powers are also the same, all excitedly screaming and screaming.

This konjac is too powerful. If you want to leave him, you have to pay a heavy price. But now, this heavy price has already been paid, and the fall of the eight-headed heavenly power is enough.

Next, waiting for them, there is only the final harvest, and there are fewer people who are tyrants, how can they not be excited..."

idolt!"

Watching these guys get excited like this, the flesh and blood of the scorpion is flashing like a whisper, and then directly activates the interstellar coordinate jumping ability attached to the body's engulfing system...

"call out....."

The faint sound of breaking through the air, a flash of light, the konjac's huge body shape instantly disappeared in place, no traces to follow, no trace of clues. positive

The six-headed savage beast from the spurt was stupid, and the sorrowful blue eye immediately extended the powerful gods to the surrounding emptiness and searched comprehensively. can

Unfortunately, this naturally will not have a result. In the next moment, the whistling sound of Tiandao's blue eyes is full of shock: "Oh... this is the case, how did he do it?"

"Hey..."

..."

call out....."

With a weak sound of breaking, Ye Xuan's figure appeared, near the abandoned star not far from the source nest star, where he branded an interstellar coordinate jump point. this

At that time, he had lifted the three-armed and six-armed konjac and restored the original human form.  
by

At the time of his full exertion of the scorpion bow, he was a bit wilting at this time, but due to the repeated battles, the income of the previous breakthrough has been digested, fully integrated into the soul of the soul and the body of the body, and the opportunity to break through again... arrived.

Under the shape of the body, Ye Xuan's body shape directly into a mans, rushed into the interior of the stars.

Then he waved his hand to sacrifice Shennong Ding, and stepped into the Baoding Dingkou where the colorful fog was..."

Oh..."

After sitting cross-legged, as he waved, there was a lot of faint sounds in the air, and a slap in the face of his body, hanging in front of him, all for his taking out from the immortal world. To carry out this breakthrough of the cultivation resources, there are all kinds of evil sources, as well as the colorful magical drugs, etc., dazzling.

Soon after the mind was slightly calmed down, he took a deep breath and spurred Shennong Ding's domain power, compressing all the cultivation resources to the size of only the baby.

Just like a cow chewing a peony, all the bones and brains swallowed into the abdomen and quickly turned away...

"Hey!"

Rumble..."

Everything that came down was not suspense, and the resources swallowed by him were instantly turned into the body...

Then, in Ye Xuan's body, there was the sound of the chain squeaking, and the energy of a mighty power was formed, accompanied by thunderous spreads...

This is the most crucial moment. He didn't dare to be distracted. He started a big Sunday operation immediately after his enthusiasm, and continued until he refining.

After touching for a month, when the hanging energy of the river disappeared in Ye Xuan's body meridians, it was thoroughly integrated into his soul and body, and a thick and sturdy chain of shackles appeared in him.

As long as it is torn, this time the retreat will end immediately, and it will be successfully broken again! on

It is now! Read

In the moving room, Ye Xuan immediately shot, just the power to launch an impact, this chain has been broken...

The next moment, and the expected system sound, also sounded in my mind...

"Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the seventh step of the ancient and noble!"

Hey, congratulations to the host, the breakthrough of the body and blood! The current realm: the seventh step of the ancient sage! "

At this moment, he suddenly opened his eyes, and the bottom of the flashed a touch of joy, the seventh step, and finally entered the late stage of the desert... Silver

The left bank of the river, the dark void in the right-hand region of the middle...this

At the time, there were three figures in the void in the dark, one after the other.

These three figures all look like the remains of the survivors, but two of them, the breath of the body is faintly able to capture the unique temperament of a starry beast.

The three figures were divided into two, with two in front and one in the back, separated by a distance of around 100 billion miles.

The first two figures are the first-class revisions of the past, and it seems that they have not sensed that there is a tail behind the 100 billion miles behind them. and

This figure of the loner in the rear, the strength of the repair in the body also reached the stage of the absurd, but it converges on the breath, just like nothing, even the power of the gods has not extended.

The reason why he is able to follow the empty space of hundreds of billions of miles, has been accurately followed by the two first-order absurd, clearly distinct from the knowledge and cultivation, should be a kind of blood and secret law. To. This

Two fronts and one after three figures, the direction ahead in the moment, it is just a short time ago, just in the middle section of the left bank of the Galaxy ... flooded!

If Ye Xuan is here at the moment, I will be shocked to see the three figures before and after. because

He is familiar with these three figures, and he has been paying attention to the search for these years, but there has never been any drop.

The two figures in front are the \*\*\*\* and mosquito-dead lords...when

At the beginning, the mother star came to visit, that is, Xingbo, there were five followers and the descendants of the family, among them, three descendants of the human race and two beasts.

The two beasts are \*\*\*\* and bloody, and the other is a wild mosquito. This

Among the five followers, three left their blood in the three major star planes of the world, and then left with the star to go to the Hongkong void...

It is a ridiculous mosquito, that is, the oldest madman of the crazy mosquito... mad

The Mosquito Emperor's deity has entered a source nest star, and will become a powerful chaos demon after the opening of the next Hongmeng era, and the strongest strength of Ye Xuan.

The relatives of his deity, that is, the oldest mosquito, won his own grandson, the \*\*\*\* prince. At that time, Ye Xuan was powerless and could only watch him leave after being taken away.

The other two Terran chasers, one person left the deity of the mosquito and the old ghost.

Of course, the deity of the mosquito-killing old ghost is a loner, and the mosquito-killing old ghost is the same, with no descendants.

But it was also the time when Xingbo entered the Galaxy Star Field. Although the deity of the mosquito-killing old ghost appeared, in the end, he was also taken away by his relatives, and left with bloody, so he went to the unknown. .

As for the follower of the star who left the blood of the devil, the other person, who has fallen in the forbidden land of Hongmeng's emptiness, has lost his soul! This

In the past few years, Ye Xuan has been searching for the \*\*\*\* and mosquito-stricken deities who have been taken away, because they have been taken away, but because the headless baby body was shot at the time, the \*\*\*\* and mosquito-stricken spirits were protected. So this kind of win is not complete. can

It is said that the soul of the \*\*\*\* and mosquito-stricken deities have not been swallowed up, but under the protection of the blood-bearing mans shot by the headless baby corpse, they sleep in the deepest part of their own knowledge of the sea.

As long as Ye Xuan finds them, he will be able to force the souls of the \*\*\*\* and mosquito-stricken deities to invade and regain their consciousness.

Unfortunately, he has not found the \*\*\*\* and mosquito-scarred deity after being taken away.

These two guys had retired since they had been escaping from the shackles. Now, although they have not swallowed up the spirits of deep sleep in the sea, they have already matched the body of the shackles, so they have cultivated strength. Achieved the first step of the desert.

And the direction they are going to at this time is the floodland, which must be rushed to the news because of the news that the floodland was banned. complete

Actually, Xingbo and Hongtian Tiandao are a group of people, and they are followers of Xingbo, and they are naturally family members with Tiandaoqing...

For those who are behind them, it is Lion Wanjin! This

The guy is also a big life. After all the hardships, not only did he die, but he also suffered a \*\*\*\* metamorphosis at the bottom of the central volcano in the space of Shennong Ding Ding, which made the Thunder poison body, able to devour all energy, and possessed thunder and poisonous blood...and also

It is for this reason that his cultivation speed is more than a little faster than the eight King Kong and others who were also in the space of Ding.

Moreover, he broke into the immortality. It seems that the twentieth-level Dan is useless. This is clearly the reason for the Thunder poisoning, and it has a fight with Ye Xuan's engulfing treasure. There is no bottleneck in the big realm. The breakthrough is natural, just like the water! when

At the time, Lion Wanjin consumed Ye Xuan's top-level cultivation resources, and he was obviously suspected to be in the inner space of Shennong Ding, with all kinds of hands and feet.

Because there are also beasts in the Dingnai space, as well as various kinds of spiritual herbs, but it is a resource belonging to Ye Xuan. He dare not ask for self-receiving. As a result, the cultivation resources at hand are used up. The strength naturally stagnates...

However, if it is not the same outside, his Thunder poison body and Ye Xuan's devour of the treasure body, although not as good, but basically the same, that is, the plunder and engulf of the red fruit. This

In this case, because of the various resources in the outer virtual sky, even the thermal energy of the star, his physique can be released to swallow, once it enters a wider space outside, the lion Wanjin repairs the strength Speed up, it must be faster and faster...this

In addition, since he was retouched by Ye Xuan's mutated slaves from the soul level, this process is irreversible at all. Therefore, even if he is allowed to go outside, let him grow freely, even if one day, Its cultivation is far more powerful than Ye Xuan himself, and things like betrayal are absolutely impossible.

Retreat 10,000 steps, even if it appears, Ye Xuan is not as good as him, but between the thoughts, it can determine the life and death of Lion Wanjin...

It was because of all this. At that time, when Lion Wanjin proposed to Ye Xuan to leave, and went alone to go outside, Ye Xuan briefly hesitated, but finally agreed.

Since then, he has been paying attention to the news of Lion King's engulfing the treasure, but there has never been any gain...

Counting time, whether it is Ye Xuan's engulfing treasure or lion Wanjin, it has been a few years since he left him alone to go through the journey.

The devour of the treasure still does not appear, I do not know where, but the lion Wanjin's cultivation in these years is obviously good, but it has also entered the stage of the absurd, if Ye Xuan sees, it must be very gratifying. only

I don't know when he actually met the \*\*\*\* and mosquito-killing deity who had been taken away. He actually concealed the breath of the body. With some kind of blood and secret power, he has been outside the 200 billion miles behind the two. Follow secretly...

Chapter 5093: Crouching

"call out!"

"call out....."

The faint sound of breaking the air, the dark void, the \*\*\*\* and the mosquito-stricken deity walked side by side, the speed was very fast, and the figure was like two stalks across the void, heading toward the lasing.

Beyond the hundreds of billions of them behind, the lions that concealed their stature and converge on the atmosphere have always been like tails, biting tightly behind the \*\*\*\* and mosquito-stricken deities.

Because the three people are now the same strength, they are the first step of the past, and the lions are deliberately concealed, but the \*\*\*\* and mosquito-stricken deities do not pay attention to everything behind them. again

In addition, they are far apart from each other, and the distance is enough to be hundreds of billions away. Therefore, the three people walked one after the other, and the \*\*\*\* and mosquito-stricken deities in front of them never found the tail behind them...

But at this time, the edge of the foreland in the front of the virtual sky has been visible, and the power of the gods has been extended, and it can sense a large number of fierce beasts. This is precisely the sign of the forbidden land. flood

Although the banned land was recently born in the middle section of the left bank of the Milky Way, the strength of this forbidden land cannot be underestimated. sit

The strongest person in the forbidden land in the forbidden land is the strong presence of the eight-order heaven and earth. It is not far from the peak of the heavens in the ninth-order grand perfection. except

In addition, among the vast army of the savage, there are nearly ten powerful generals in the early and middle stages of the heavens, including the mysterious blood of the mysterious...

These conditions, after occupying this star field in the floodplain, have already spread in the outside world. Now the edge of the forbidden land in front is already visible, and the lions have been behind the \*\*\*\* and mosquitoes I didn't dare to make it, I finally stopped my body...

Although his Thunder poisoning body is extraordinary, since he entered the desert, he even awakened the secrets of the blood, which is extremely powerful.

However, his time of growing up is still very limited, and his own cultivation is only a stage of absurdity.

In the face of the flooded forbidden land with more than ten heavenly and powerful people sitting in the front, even if Lion Wanjin is unwilling, he can only stop at the edge of the starry sky, still in the dark void of 100 billion miles away. Come down.

Otherwise, once he is easy to enter the floodplain, it is very likely to be discovered. For the true heavenly powerhouse, the first step of the absurdity is just the ants.

Even if this ants are special, the secrets of blood and blood are strong and magical. After all, they are just ants, unable to turn over the waves, and can't escape the exploration...

However, although Lion Wanjin had no choice but to stop, he did not leave, but concealed his figure, and he has been stagnant in the darkness of the 100 billion miles outside the starry field.

He seems unwilling, and he has to wait until the \*\*\*\* and mosquito-stricken deities come out of the floodplain... no

Wrong, now, when Lion Wanjin stops in the dark void of 100 billion miles away from the edge of the forbidden land, the \*\*\*\* and mosquito-stricken deities in front of it have already rushed into the stars of the floodplain. Within the domain. he

This time, we went out to the left bank of the Galaxy, and the destination was the floodland in front of it. This was obviously because we heard the news of the flooding of the land after the customs clearance, and we rushed in. complete

Actually, Xingbo and Hongtian Tiandao are all a group of people, and they are followers of Xingbo. They are not like each other, just like a family...

"Hey..."

Just as the \*\*\*\* and mosquito-killing deities rushed into the interior of the forbidden land, from the deepest part of the forbidden land, there was a shocking whistling sound. This

The sound of the whistling sound is clearly the \*\*\*\* sound of the soul...

The blood of the soul is only the second order of the heavens. It is not the most powerful generals under the eyes of the wild, but its status is extremely special. Committee

It is because his blood and supernatural powers are too amazing. In the battle that had previously robbed the forbidden land, the blood of the scorpion also made such a scream.

At that time, with the screaming of the screaming, the \*\*\*\* horn of the \*\*\*\* head of the scorpion spurred the invisible \*\*\*\* ripples, and even the strength of the singer was stronger than him, and the six-order slinger of the heavens was unable to resist. Under the circumstance, the consciousness is immediately pulled into the illusion, and is fascinated...

If this is not the case, then the eye-catching tiger can never be so easily killed by the hunger.

At this moment, the reason why the blood of the soul is suddenly heard out of this whistling sound is obviously because of the \*\*\*\* and mosquito-like demeanor.

To be precise, he actually sensed the soul of the two followers of the \*\*\*\* and the body of the mosquito.

Although the howling sound is amazing, it reveals a mysterious mysterious meaning, giving people a feeling of horror, but clearly reveals a sense of surprise that cannot be turned away.

At the beginning, the mother star came to visit, which is the side of Xingbo. There were five followers and the descendants of the family. Among them, three descendants of the human race, two beasts, and one of these two beasts, one was \*\*\*\* and bloody. For the ridiculous mosquitoes...

Today, the other two of the three Terran followers have already fallen. The five followers of Xingbo's side are only left with blood and blood, as well as the wilderness of the \*\*\*\* flesh. The human strong who gave up the body of the mosquitoes and deities...

In this case, how can the three people not be surprised when they meet each other? more

What's more, the blood of the soul has already left Xingbo as early as many years ago, and has followed the green eyes of the wilderness, which should be some kind of arrangement of the Qingtian Tiandao Qingyan and Xingbo.

In the past few years, the blood of the soul has never appeared, neither appeared in the side of Xingbo, nor appeared in the side of the blue sky.

He should have been arranged in a hidden void in the unknown by the green eyes of the wilderness. This point, from his birth today, the strength has already reached the second level of the heavens and can be seen one or two.

You must know that the five followers who followed the star blog were similar in strength. although

However, the ancient murderous mosquitoes who have won the \*\*\*\* and mosquito-stricken deities and the strong people of the human race are now guilty of self-destruction of the flesh when they enter the galaxy, and the result of the decline is the decline of strength. level one.

But in fact, before they blew themselves into the flesh, they were far from the repair of the heavens...

People haven't seen each other for a long time, and suddenly they reunited. Naturally, they have to avoid a lot of old things.

All of this did not alarm other people. In the vast expanse of the forbidden land, there were no other strong and fierce beasts in the abandoned stars. whole

The vast expanse of the forbidden land is extremely quiet. In the dark void, only the blood of the body is reduced, and the \*\*\*\* changes of the form of the remains, as well as the three of the mosquitoes, communicate in the gods. "

boom! "

"Booming..."

Oh..."

It was at this time that the forbidden land outside the 100-million-mile right side suddenly sounded a thunderous thunder, and the sound of a crisp crack was heard.

A void crack appeared out of thin air. Inside, there was a voice of the green eyes of the wilderness: "Are you coming back? So, you can set up a bureau to bring Ye Xuan, the master of the temple, to Hong..."

Barren land!

In the large forbidden land, the moment is quiet and incomparable. In the dark void, only the blood of the body is reduced, and the \*\*\*\* changes of the form of the survivors, as well as the three people of the mosquitoes, communicate in the gods. "

boom! "

"Booming..."

"Oh..."

Just at this time, the forbidden land outside the 100 billion miles on the right side suddenly rang a thunder and thunder, and a void crack appeared out of thin air. Inside, there was a sound of the blue sky and the green eyes...

"Are you coming back? So, you can set up a bureau and bring Ye Xuan, the master of the temple, to..."

Oh..." with

The sound of this \*\*\*\* is followed by a sharp and unpredictable sound. From this crack, a figure emerges. It is exactly the size of a star. It looks like a vertical eye. The horrible floods are blue eyes! it

It was just the end of the war of the devil's forbidden land, and came back from there. This

Once, the reason why the green eyes of the torrents went to the right side of the left bank of the Galaxy was forbidden. It was not directed at Ye Xuan. At that time, he only heard the news of the mysterious survivors, because of the master's grasp of the heavenly medicine. And gave birth to interest... but

What he did not expect was that after the devil was forbidden, he discovered that the so-called mysterious survivor was actually the owner of his old rival, Ye Xuan. more

What he didn't expect was that today's Ye Xuan, repaired to the strength has reached the seventh stage of the late stage of the heavens, although this cultivation is realized by some kind of anti-sky blood, but its combat power is Really hard, there is no water. remote

I thought that at the beginning, the green eyes of the wilderness did not even put Ye Xuan in the eyes. What really made him face it was just a headless baby corpse that had been parasitic in his body for some reason...

Later, he was used by the headless baby corpse, with the help of multiple forces condensing into one point, impacting the galaxy's invisible light curtain, which was condensed by the powerful force of the emptiness of the law, which led to the smoothness of the headless baby corpse and the starburst. The ground rushed into the interior of the Milky Way...that

At the time of Ye Xuan, under the support of the kind of anti-sky \*\*\*\* magic that he had mastered, although there was already a third-order force in the heavens and the earth, the youthful eyes of the Hongtian Tiandao still did not really face him.

Even when he was forced to leave Ye Xuan in the last battle of the Great World, he didn't put him in the eye...

However, everything has changed too fast, and a dazzling time, when he and Ye Xuan once again met in this Hong Kong virtual air, the opponent's combat power has reached an amazing heavenly seventh.

Such an amazing speed of cultivation has instantly made the threat of the blue sky and the blue eye feel a threat, and it is still a very strong threat.

The current Lord of the Devil, Ye Xuan, is supported by his anti-sky secret method. The strongest combat power is only the seventh stage of the heavenly state.

It has been able to rely on the \*\*\*\* sea secrets to condense the three blood seas, as well as the 陨天弓, Shennong Ding and the nine-color flame sea, etc., such as the strong magical powers and \*\*\*\* secrets, the ancients to the treasure, in the frontal battle, he forced To the extent that he was afraid to take it out because of jealousy, and at the end he took it away...

Therefore, if he is given another time to grow up, until his combat power reaches the same level as his own, then where is it possible to suppress it?

This is by no means sensational and very likely. day

The cultivation of the Tao is the strength, even if it is the first-order improvement, it is extremely difficult.

However, the cultivation of Ye Xuan, the master of the Temple of Devils, is very inferior to the sky. Plus, he is not really a heavenly world at the moment, but an ancient supreme, so the difficulty of improving the first-order cultivation is smaller than himself. Too much... just

It is because of this that the Qingyan Tiandao Qingyan finally began to face up to Ye Xuan. This is the first time that he has paid attention to a wild supreme that has not yet entered the real heaven and earth. original

This is how to get rid of the other party as soon as possible, to solve this affliction, the ridiculous eye of the green eye is still quite embarrassing, can be described as worried. but

Now, as he returns from the forbidden place of the magic wolf, after seeing the customs clearance, he heard the \*\*\*\* and mosquito-stricken deity of the confluence at the first time. This problem was solved in an instant, and it surprised him so that he had the right talent. That words...

"Roar!"

"Hey!"

Oh..."

"Oh..."

At this moment, with the return of the green eyes of the wilderness, the voice of the gods came out, and in the abandoned stars in the forbidden land, there was a whistling sound.

The genus of the ancient sages of the ancient times are not qualified to speak out. At this moment, the arrogance and whistling sounds are only nine, and it is the other nine heavenly savage beasts under the green eyes! very

Fast, shocking arrogance and whistling sounds are still not falling, there are nine huge and fierce beasts rushing out of their own Dongfu stars, all of which are the existence of heaven and earth, the breath that comes out of the body, but also Ancient is incomparable.

In the blink of an eye, this sky has gathered eleven heavenly strongmen. package

Ten savage beasts, including the \*\*\*\* souls, will be the strongest, and have reached the eighth level of heaven and earth. It is the peak of the heavens and the earth that is far from the ninth order. Green eyes, surrounded by...

Of course, in addition to the existence of these eleven powerful heavens, there are two figures in the void, that is, \*\*\*\* and mosquito-like deities. Take

The ancient murderous mosquitoes and the other strong people who have given up the \*\*\*\* and mosquito-stricken body are obviously no strangers to the other nine heavenly powers under the green eyes.

From this point of view, from the moment they are in the void, facing the huge body of the nine heads, the body of the sky is full of vitality and the beasts of the heavens and the beasts are coming, the look on the face is not changed halfway, still can be seen Out of one or two... things

In fact, with the nine powerful heavenly beasts coming, the expressions on the \*\*\*\* and mosquito-faced faces are not completely unchanged. hidden

During the appointment, the cheeks of the two of them seemed to have been twitched for a few times, and the look on their faces also revealed the meaning of the cockroaches...

This is what it should be. Nowadays, all of them can be cultivated in the heavens. After they blew themselves up, they found the most suitable object in the first time, but they have not swallowed it yet. The original soul of the body in the body was lost, and the cultivation was always stopped, only the first step...

These repairs are in the face of the supreme existence of the eleven heavens, and they are still old acquaintances, and they also include good brothers and bloodstains. They both say that they have no thoughts and don't feel embarrassed, that is really strange. It is.

"No need to worry, as long as the Lord of the Devil's House, Ye Xuan, gets some of the anti-theft secrets and top resources that he controls in his hands, I have my own way to let you enter the heavens as soon as possible..."

It was at this time that the Qingmeng Tiandao's green eyes were flashing, and the low voice of God's voice came out and resounded through this void: "But this matter, you two are very important and must be intimate bait....."

In the face of a group of more than a dozen old acquaintances, including the \*\*\*\* souls, and now all of them are strong in heaven and earth, \*\*\*\* and mosquito-stricken people feel guilty, and their cheeks are twitching a few times..."

You don't have to worry, as long as the Lord of the Devil's Temple, Ye Xuan, gets some of the anti-theft secrets and top resources that he controls in his hands, I have the means to let you enter the heavens as soon as possible..."

This scene did not escape the perception of the blue eyes of the wilderness! Wan

If the stars are generally huge, the green eyes are flashing in the vertical eyes, and the low-spirited voice that reveals the inexhaustible pressure is heard, and it is resounding through this void: "But this matter, you two are very important, you must be intimate Hey bait..."

The words came out, the left side of the banned land, the countless star-ship battleships, fortresses, fortresses and superstars that were gathered together over the sky. The top leaders from the three major stars in the world were all mad. Shock, my heart suddenly sinks, even the breath has been subconsciously held, and the figure is shaking slightly...

Among them, you can see the figure of the immortal emperor, as well as the palaces of the ten palaces, the temple veterans in the splendid temple, and so on...

In short, the original powers of the three major avant-garde families of countless powers are now all here, in the overwhelming variety of warships, fortresses and fortresses, superstars and starships.

Since the world of debris in the vast world has been reintegrated into a mirror, and all the creatures in the heavens and the earth have become a slave to the heavens and blues. where

I am afraid that the ancestors of all ages in the ancestral lands of all ethnic groups, whether they are the ancient powers of the ancients or the ancients, are all awakened!

Can face the powerful and unpredictable green eyes, they have no worries in their hearts, and they can only bite their teeth and be enslaved by the green eyes. Although they entered the legendary emptiness, they lost their freedom.

And the heavens are ruthless, all the people have counts, knowing their existence, in the eyes of the green eyes of the wild, just the cannon fodder sacrificed at a special moment...

One point, born out of the floodland, grabbed this vast expanse of land as a place to live, and the abandoned stars were all occupied by the ancient beasts under the eyes of the heavens, but they could only be in massive warships. Fortresses, fortresses, and superstars can be seen in one or two. people

The family did not see them very much, and they were kept in captivity as the lowest-level slaves...

However, even if you know this, there is a big hate in your heart, but no one dares to show it unless you are not afraid of it. can

It is said that this road has gradually dried up with the power of the heavens and the law of the wilderness, and has been completely immersed in the dead end of the dead and the emptiness of the end of the world. Almost all the creatures of the three star-studded masters of the world have endless remorse... ..

Compared with their encounters, the original members of the Temple of the Devil were also brought into this mysterious and ancient Hong Kong void, but the Ye Xuan brought them was not for enslavement, but to protect the gap... No need to say anything! can

It is said that their hearts have long been filled with remorse, and it is for this reason. Suddenly, they suddenly heard that the blue sky and the green eyes were going to be bait to bring Ye Xuan to kill, from the three major stars in the world. The top leaders of the forces will be so worried...

The super star of the size of a million meters in diameter, the second cosmic bloody, Qingpeng, war lion, silver sui, barbarian, golden eagle, Cailu, greedy wolf and tree spirit Waiting for the great powers of the nine ethnic groups and the sorrowful sighs of the ruthless people, they shook their heads and smiled...

Such a scene, in the super-level command box of the super-star field gathered by the top leaders of the first universe of the first universe, like a copy, is also staged! and

Compared with them, the top leaders of the two camps are even more worried, the immortal stars of the Terran camp, the high-level elites of the immortal emperor and other people, and the high-rise camps in the heavenly palace of the energy star. Including the former Wanluo Federation of veterans in the glorious temple of a giant starry continent. this

There are no exceptions. They all shake their heads and silently sigh. Under the heart, they pray for Ye Xuan in the dark. I hope he will not be fooled and come in danger...

After all, although their previous relationship with the Lord of the Temple, Ye Xuan, was not harmonious, and even can be said to be in a hostile state, it has already been fully realized. in

They seem that if the hope of leaving the green eyes of the ridiculous heavens still exists, then this hope is obviously maintained on Ye Xuan, and it will never be other people.

So, no matter what, they don't want Ye Xuan to have an accident, because then, for them, it's tantamount to the last chance, and it's completely extinct...

Everything is not known about the green eyes. In fact, even if it knows, it will not care. in

In its eyes, this is just a group of ants, the reason why it came out of the wild world is only to be used as cannon fodder in the future, but the strongest but the ancientest supreme, even a life after the end of the heavens, How many waves can you turn out in front of him? "

Oh..."

Roar! "

"boom!"

"Booming..."

Just as there are countless powerful people from all the big tribes and forces in the three stars of the world, they are all worried. In the dark, they worry about Ye Xuan, the front of the forbidden land is in the sky, and there is a sudden scream. The sound of whistling and arrogance. more

There is a thunderous thunder ringing...

Therefore, with the \*\*\*\* and mosquito-eating deity as a bait nod after a slight indulgence, the sacred eyes and the ten heavenly generals including their \*\*\*\* souls, at the same time, shot at the same time...  
Wan

In the huge vertical eye of the stars, a blue light column with a diameter of 10,000 miles is shot. This blue light column is extraordinary. The blue sky is obviously full of shots. Under the blue light column of thousands of miles, even the sturdy Hongmeng void They have been torn apart by a huge crack of hundreds of billions. and

Moreover, this crack did not immediately close, and the green awns flickered at the boundary of the crack. It was this force that prevented the crack from bridging.

At the same time, the ten heavenly powers, including the \*\*\*\* souls, were shot at the same time. Each of them had an energy light column that was shot into the void crack. In the bang, a diameter reached 100 billion. The huge energy of the distant green gradually formed... this

It is a full-fledged shot of eleven heavenly powers, including the green eyes of the wild, and a black hole and a star-shaped place in the void. The only difference is that the interior is closed. There is only one entrance. no

Who is it, if it is easy to get into it, the result is tantamount to asking the monarch to enter, and will be in trouble.

"call out!"

Oh..."

For a moment, the emptiness of the air broke through the emptiness. With the formation of this cyan python, the \*\*\*\* and mosquito-stricken deities did not hesitate. Under the sway of the shoulders, the whole figure was instantly turned into a mang, and it rushed into the giant green. Within the shackles.

In the deep bottom of the Qing Dynasty, sitting cross-legged and closing his eyes...

Chapter 5094: Biased to Hushan

With the help of the eleven heavenly tyrants including the blue sky and the green eye, the blue sky and the swirling blue python space were opened in the emptiness of the Hongkong ban.

The cockroaches and the mosquitoes were not hesitant, and the whole body was instantly turned into a mans, rushing into the bottom of the bark, which was closed at the bottom, only the entrance.

I came directly to the bottom of the green scorpion, sitting cross-legged and closing my eyes! "

call out....."

Rumble..."

For a moment, in the huge vertical eye of the green eyes of the wilderness, a green awn was shot again, and everything inside the entrance of the green scorpion was hidden, and it was no longer visible.

What you can see in the void now is just a crack in the void with a diameter of about 10 million miles. The edge of the crack has a flash of green awning, preventing it from repairing the self-healing under the influence of the powerful law of the emptiness of the emptiness. to

Everything inside this void crack is no longer visible, and it is very incomparable, but it can sense the \*\*\*\* and mosquito-like deity of the sinister...

This interior space is full of thousands of miles away from the sky, but it is constructed by the combination of eleven powerful heavens. But this edge of the gap is shimmering with tens of thousands of miles of vacant cracks, but it is all the time. It continues to consume the power of the blue sky.

Only by this point can you see the price it paid this time and the determination to carry out the matter. Such as

The \*\*\*\* and mosquito-killing deity at the bottom of the barley is just a bait. The purpose is to bring Ye Xuan, the master of the temple, into the green, and finally let the red sky and the blue eye come to a... This

It is a conspiracy. After all, there is a sudden void of tens of thousands of miles in the void, and the edge of the crack is still shining with the secluded secret, and the location of the crack is still within the forbidden land.

Everything is together, not to mention Ye Xuan, the master of the temple, it is a fool, you can see the problems and conspiracy!

In fact, the green eyes of the wilderness also did not intend to conceal too much. Since it is a conspiracy, it shows that he has absolute confidence. Take

His understanding of Ye Xuan, as long as he can be sure that the person in this empty space is the \*\*\*\* and mosquito-like deity, then the lord of the demon, who is the enchanting devil, will surely come over and drill Go in.

Everyone has weaknesses. In the eyes of the ridiculous Tiandao, some aspects are too heavy and heavy, which is the biggest weakness of Ye Xuan.

Of course, with Ye Xuan's current cultivation as a level, since he dares to enter the void, there must be some kind of self-confidence, but the red eyes don't care. he

After all, it is the eighth-order heaven, and Ye Xuan is still only seven steps in the heavens. With this alone, he can suppress him positively.

Coupled with the other ten heavenly powers in the ban, and other arbitrarily arranged, it does not believe that this time they can't keep each other..."

When the news was passed out, the righteous brother of Ye Xuan, the demon of the Lord of the Devil, and the deity of his superintendent Mosquito, were now in the wild, and have been detained by me..."

"Hey..."

With the sound of God's confession, the vast green scorpion of the sorrowful sky and the sacred eyes of the sorrowful sorrows screamed a smattering of cold and sturdy cold to the extreme, and even more shocking whistling sounds came out, revealing the meaning of endless gloom...

"Booming..."

As the whistling sounds, the huge green eyes like the stars slowly sneak into the void, and then they are invisible. The other ten heavenly sacred beasts gathered around are also returning to the Dongfu stars, and the whole floodplain is big. The starry sky is quiet.

Everything that has been confessed by the green eyes of the wilderness is carried out by the confidant level of the ridiculous old monsters. The news will soon spread out until all the strong forbidden land and the Xingxing domain on both sides of the Milky Way are fully aware of this matter...

.....

On the right bank of the Milky Way, in the star nucleus of this giant abandoned star near the source nest...

After the magic wolf was forbidden to leave, Ye Xuan directly returned to the right bank of the Galaxy from the left bank of the Galaxy with the interstellar coordinate jumping ability attached to the internal system.

Now that the retreat is over, the seven-level cultivation of the ruling is the realm... a smooth breakthrough!

Prior to this, Ye Xuan's own cultivation was the sixth stage of the absurdity. In this piece of Hongmeng's void that was not suppressed by the heavens, if he activated the \*\*\*\* magical power of the konjac in his body, he would soon enter the seventh-order desert. territory.

If you turn the magical power of the konjac into the ninth change, then on the basis of the seventh-order absurdity, it will once again promote a big realm, that is, the seventh order of heaven and earth...

It was before Ye Xuan retired... the peak force! Do not

It's been a thing of the past. This time, although he has only broken through a small order, it is extremely important and amazing for the impact of the increase in combat power, especially when it comes to the blue sky. Such as

Today, after the breakthrough, he is already a seven-stage absurd. Once the konjac's \*\*\*\* magical power is activated, it will suddenly rise to the absurd eighth.

In the ninth state of change, the peak power that he can now achieve will reach the eighth level of heaven and earth, just like the blue eyes of the wilderness heaven!

Although the seventh-order Tiandao and the eighth-order Tiandao are only one small step, they are all in the late stage of the heavens, but the influence in the frontal battle is absolutely not small. first

Before, even if Ye Xuan activated the strongest state of the blood of the konjac, the avatar was three heads and six arms, and there were Shennong Ding, big head black stick and nine-color flame sea in hand, facing the eight-step sacred heavenly eye of the heavenly horizon, only Can be deterrent.

Once the bow of the sky was shot, the other party rushed forward to fight against Ye Xuan. Ye Xuan did not eat too much loss, but it also took less than half a point. but

It's not the same now, and Ye Xuan's own peak strength has reached the eighth level of heaven and earth. Although the repair of the heavenly road in the heavens and the eighth order has been solid and stable, and it is very solid, the heavenly road is nine steps away from the great perfection. Not far away...

But Ye Xuan also has the strongest form of the konjac blood, and there are Shennongyanhai in the hands, as well as Shennong Baoding, and the nine-color flame sea...

Even if it was in the Devil's Star Field, the scorpion bow used for deterrence has already been shot. Now, if he is facing the green eyes of the ridiculous heaven, under the frontal battle, there is already a small suppression of the other side, let him eat. The ability to make a small loss!

The thoughts flashed through his mind. He felt a sense of pride in his chest. After he got up, he waved Shennong Ding into his body and immediately walked out of the giant abandoned star.

Originally intended to go to the source nest star base camp, just at this time, in the dark void outside the tens of billions of miles away, there is a beast team passing by, the starry beasts in the team communicate with the gods Is talking about something...

Today's Ye Xuan is already an eighth-order Tiandao repair. He has never deliberately glimpsed, and he has already learned everything. This

For a moment, his heart sank, and his face looked gloomy to the extreme... Hong

Absurd land? Since the deity of the \*\*\*\* and mosquito-killing old ghosts appeared, then the province must not go there and embarrassed. blood

Hey, but his righteous brother, there is no choice for this matter, knowing that there are tigers in the mountains, and only... can be biased toward Hushan! magic

The palace is forbidden! Such as

Today's Forbidden City has been stabilized, and the huge black temple stands on the top of a giant peak of a giant star.

The two monuments of the Inheritance of the Nine-Year and the Heavenly Bows are in the two stars on the left and right sides. Once the genus of the genus of the genus, you can use the power of the gods to extend the exploration and explore. when

However, if it is not the genus of the temple, it will be useless even if it is seen. Once it is contacted by the gods, it will be exposed in an instant and trigger a warning.

What's more, today's magic hall has old pigs sitting in the town, and outsiders simply can't get in. The old pigs are in the state of the nine pigs, and the strength has been infinitely close to the real heaven.

Today, the seven sacred repairs such as the ancestral scorpion and the Xuanyuan Ziyan, Duanmu Xiaocha and Zhao Qianru are still in the black hall. but

The old pigs and a group of high-level members of the magic hall have all gathered outside the stars where the black hall is located. This

It is Ye Xuan's Dongfu Star. Without his summons, even the old pigs can't be hacked, so they can only wait outside.

In addition to the old pigs and the Taikoo porcupines, which also have the awe-inspiring power, the black robe from the original survivors' alliance is also here, and all three of them have a despicable power, just in the empty air near the black magic hall. . and

Behind the trio, it is the top of the Devil's Hall below the ruined place. Among them, the most powerful ones are the ancient powers of the ancients. Although there are not many, there are quite a few. Looking at them, there are no high-level temples. With one exception, all are here. old

Behind the three pigs, there are nine wild powers from the bloody, Qingpeng and war lions, and the three great powers of the original survivors' union. Then there are six bloody, Zhaodong and Qiannan. Sun Xi, Li Bei, and the Sangzhizu old and other survivors...

There are also Qingniu and Yuling, Longjing, Gongjun, Roaring Moon, Three-jawed dragon, Longshan Tang, Bloody ancestors, Qingpeng ancestors, and \*\*\*\* and Qingpeng, and the three lions of the war lions are immortal. And in the end, more than two hundred emperors and other immortal people in the captive army consisting of \*\*\*\* and Qingpeng and the three lions of the war lions gathered here.

Nowadays, the murderous army of the tyrannical army led by the Taikoo tortoises, as well as the commanders of the Tianhe Army, the mosquitoes and the old ghosts, and the Neapolitan, the devil, the Mo, the devil, the emperor...

The Turtle clan is nine, the mad mosquito, the old man of Xuanyuan, the old man of Duanmu, the Bodhi teacher and other small idle forces and the family's top, and a total of thousands of figures, without exception, all come. magic

Although the time when the temple entered this piece of Hongkong's void was not long, but since it occupied this forbidden land, the members of the temple have never gone out of the way, clenching their teeth and improving their cultivation. Place

Therefore, in a short period of time, nowadays, the top six corps of the more than a thousand magical temples gathered outside the stars of Ye Xuan Dongfu have been refined.

The reason why they suddenly gathered here was because they heard the news from outside.

This news is related to Ye Xuan, and it is related to the magic hall. It can even be said that it is related to all the high-level halls in the audience, because the news is their dead rivals, and the enemy is flooded with the blue eyes.

Yes, the \*\*\*\* and mosquito-stricken deities are stunned by the sorrowful eyes of the wilderness, and the news that they are now imprisoned in the floodplain has already reached the right bank of the Milky Way. flood

The clear-eyed road blue eye is obviously guessing that Ye Xuan's base camp is very likely not on the left bank, but on the right bank, so the news spread so widely.

Of course, he could have personally ran to the right bank of the Galaxy to find it, but since it was determined that Ye Xuan must enter the game, there is no need to be so tossed.

According to this news, the madness of the mosquitoes and the mosquitoes and the old ghosts are not necessary to say anything about the earthquake, but the other high-level members of the sects, including the old pigs, are also shocked and angry. ...he

We didn't even know that the green eyes of the wilderness had already brought together the spirits of the vast world of the whole world after the integration, formed the flood army, entered the Hong Kong void, and established a floodland on the left bank of the Galaxy.

Now that I know this thing, I have heard this news, so that everyone is shocked...

All the high-level temples know the relationship between \*\*\*\* and mosquito-killing ghosts. Perhaps few of them know that \*\*\*\* and mosquito-killing ghosts have been taken away.

But even if you know, Ye Xuan's choice will never be doubted. he

It is certain that we will find the past, and the purpose of spreading the news from the sorrowful sky is also true.

Therefore, all the high-level temples are worried. After all, they do not know the extent to which Ye Xuan's current cultivation has reached the strength. However, they are aware of the power of the green eyes.

In a sense, they are actually the living beings in the vast world, and the sorrows of the heavens and the earth are the embodiment of the will of the heavens. only

With this in mind, it is possible to imagine the intensity of the green eyes in their minds, but it is the will of heaven. Although Ye Xuan is enchanting to the sky, but now people are ready, and premeditated, fearing that Ye Xuan has gone. , and only suffer a loss...

Although Ye Xuan has not returned yet, they have no other way. They are worried. After receiving the news, they all gathered spontaneously, hoping to see Ye Xuan return, so there is at least a chance to persuade. "

call out.....""

Oh..."

At this moment, accompanied by a faint sound of broken air, there was a crisp and unremarkable crack in the void, and a void crack appeared quietly. Ye Xuan, carrying his hands, stepped out of it. "

It seems that you all know..."

All the people turned their heads and looked bright, but the look on Ye Xuan's face was still very quiet. very

They didn't wait for them to speak out, they've already waved their hands: "Oh, they're all gone, they're retreating, and no one has to persuade me, this temple... the mind has been decided!"

After that, his eyes shifted, sweeping through the complex look of mosquitoes and old ghosts and crazy mosquitoes. surface

As soon as the color is right, he said: "The deity of the mosquitoes and the old ghosts is not bad. Even if you fall, you will not be harmless as an avatar. You have already been completely separated, but the blood is different..."

"The reason why I know that there are tigers in the mountains, but I still insist on going to Hushan, is not just because I had promised you..."

As he said, his eyes fell on the face of the crazy mosquito king: "Don't forget, \*\*\*\* but my righteous brother, the righteous brother is difficult but not shot, sit back and ignore, and talk about the practice road?"

"Okay, stay in the forbidden place of the magic hall. I can solve this problem alone. Soon after, they will return with them..."

Putting everything clear, Ye Xuan waved again, and there was another void crack in an instant. He didn't hesitate any more, and he stepped into it: "Before I return, no one in the temple can step out of the forbidden area. One step..."Silver

On the left bank of the river, the land is forbidden!

The \*\*\*\* and mosquito-stricken deities came here to find the place, and then the ten-headed heavenly lord of the sacred sacred eye, set up a vacant green scorpion in the forbidden land, with \*\*\*\* and mosquitoes as the bait, and spread the news... ..It has been a whole month!

This month, the green eyes of the wilderness and the ten heads of heaven and earth that he has left have never appeared again.

The entire vast expanse of the forbidden land is also a quiet, horrible silence, giving people an extremely strong sense of oppression.

And, as time goes on, this invisible sense of oppression is clearly increasing. leaf

Xuan did not come, but the interior space in the center of the banned land was full of imaginary clouds of 100 billion miles, but it always existed.

Of course, what you can see from the outside world is just the entrance to the void, a emptiness crack of ten million miles, and everything in the crack is embarrassing, even if it is explored by the gods, I can't see it. but

The breath of the \*\*\*\* and mosquito-stricken deities, from time to time, is clearly and unimpeded from the cracks...

This tens of thousands of long hollow cracks are still shining in the secluded green.

Here is the void of Hongmeng, and the power of the law of emptiness is extremely powerful. This emptiness crack of thousands of miles has not been repaired by the powerful law of the void of Hongmeng, and it can be seen that it persists and consumes the energy of the blue sky. ....

They have been insisting for a month, and they have paid a lot of money. It is obviously impossible to stop it.

If Ye Xuan does not appear again, it may be said that the blue sky will be heard again, claiming to kill the \*\*\*\* and mosquitoes.

Of course, this is only the speculation of the immortal emperor and others.

Yes, this month, gathered on the left side of the floodplain, the numerous warships, fortresses, fortresses, and the numerous major groups of the three major stars in the battleship. Are paying close attention to the progress of this matter...

To be honest, they are both worried about Ye Xuan and some are eager to see him coming. although

It is said that their relationship with Ye Xuan, the master of the temple, is not harmonious. It can even be said to be in a state of hostility. However, it has already been fully realized. In their view, if there is hope for the control and enslavement of the sacred eyes, there is still hope.

Then this hope is obviously maintained on Ye Xuan. It is impossible to be someone else. Therefore, they do not want Ye Xuan to go into trouble anyway. because

In that case, for them, it is tantamount to the last vitality, and it is completely extinct! but

At the same time, they hope to see the arrival of Ye Xuan, and see that Ye Xuan has grown to the height of terror that can suppress the green eyes of the wilderness. because

If so, they will be free soon...

This kind of entanglement is painful, but at least there is still a last hope.

Among the massive warships in the emptiness and air, the second universe of \*\*\*\* Yi, Qingpeng, Shishi, Yinyi, Barbarian, Golden Eagle, Cailu, Gregorian and Shuling The great powers of the great ethnic group and the veterans of the ruins are gathering in a giant star plug of a million meters in diameter.

In the past month, their \*\*\*\* line has barely left the main control screen of the Star Plug. The image inside the holographic screen is the void crack in the center of the flooded area. Have

Qualifications appearing in the main control cabin of the Stars are all the ancient powers and ridiculous monsters of the Second Universe. he

Most of them have been sleeping in the past, and they have not been in contact with Ye Xuan. They are leaving Ye Xuan with the six major corps of the Magic Hall. The ancient eyes of the ruins of heaven and earth are in full control of the vast world after the integration. and

After awakening the horrible heavenly pressure and awakening them all, they heard Ye Xuan's name and all sorts of things and things...

At this moment, the second universe of the various ethnic groups gathered here is a powerful and desperate person. There are hundreds of people. After all, it is the foundation of all the ethnic groups in the entire universe. Together, there are hundreds of great powers. Abandonment, this is what it should be...

It is a pity that although the old and the ridiculous and the ancients have a lot of power, at this time they all have a look of helplessness. From time to time, some people sigh and sigh, and they shake their heads and smile.

A similar scene, in the area of another 100-meter-diameter superstar in the region, is almost exactly the same, is also staged.

The only difference is that the hundreds of ridiculous old monsters and the ancient powers gathered in the master control cabin of the Xingsai are all from the first cosmic plane, which is the ethnic group of the original first universe slaves...

In addition, in the immortal star of the Third Cosmic Terran camp, the high-level of the immortal emperor and other Terran technology camps, as well as the high-level camps in the heavenly palace of the energy star, are also gathering.

Counting like the former Wanluo Federation of veterans in the glorious temple of a giant starry sky, there are hundreds of ancient and ancient powers from the third universe. "

Hey, I don't know if Tianhe Star is the main leaf Xuan... Will it be fooled! "quiet

There is a soft sigh, and now there is an immortal emperor who has been cultivated in the late stage of power. His face is bitter, and he is whispering like a nightmare. He seems to be worried, but he clearly reveals a glimmer of hope...

He called Ye Xuan the owner of the Tianhe Star, not the Lord of the Temple. Today, the immortal Emperor clearly regrets it. Unfortunately, everything can no longer be reversed. The only vitality, I don't know if it really exists... .."

Don't be discouraged, as long as Ye Xuan is not degraded, our last hope will always exist..."

On the side, a late ridiculous singer from the glorious temple took firm and confidently nodded. "The old man did not have contact with him. When he woke up, he had already left the six corps of the magic hall, but at least the past Everything has been heard."

This enchanting, unprecedented, the speed of growth is too alarming. From this point of view, from the heavenly eye that is the incarnation of the will of the world of the wilderness, I will not hesitate to descend on my own identity. If I set this method to calculate him, I can see that one or two ....."

At the end of the day, the late ridiculous subconsciously grasped the double fist: "The old man has a hunch, this time, Ye Xuan will come, and the ridiculous heaven and earth can never keep him."

"Just, will he save me and wait for it? It's hard to say!"

The last sentence sounded, and the atmosphere of the entire star-studded control cabin was even more suppressed. All the people looked at each other and looked at each other...

"Boom!"

It was at this time that the starry sky outside the main control cabin of the Xingsai was in the void, and suddenly there was a shocking explosion without any warning.

Then, the sound of the gods of Ye Xuan suddenly sounded loudly, but the voices were not loud, but the countless parties in the entire banned area were all clearly audible, and clearly revealed that they could not be opened. Lazy. Imitation

The Buddha did not put the arrangement of the heavens and blue eyes at all... in the eyes! "

Green eyes, is this the rhythm of your enthusiasm? If this is the case, then as you wish, the temple... is coming! ""

boom! "

In the floodplain, there was a sudden explosion of sound in the void, and then the sound of the gods of Ye Xuan suddenly sounded...

"Green eyes, is this the rhythm of the singer? If so, then as you wish, the temple...come!"

The voice of this discourse is not great, but it has made all the powerful parties in the entire banned area completely clear and audible, and it clearly reveals a lazy meaning of being thick and incapable.

It seems as if the arrangement of the heavens and blue eyes is not in the eyes! "

Oh..."

The last sentence just fell, and the inside of the banned land suddenly sounded like a crisp crack, and a void crack appeared. It was not very amazing, only about a hundred feet. people

The family form of Ye Xuan stepped out of the middle, a light blue robes, calm face, carrying his hands, the clouds are light and windy, it seems as if he is coming at the moment, it is clearly to visit the old friends, just like a stroll. Do not

However, this time he came to the candid, even the three-armed and six-armed konjac did not show up, but the temperament that was scattered from his body at the moment was distinct and previously banned in the magic wolf and the ruin. The eyes of the blue eye are exactly the same.

That is the seventh stage of heaven and earth!

Only by this point, we can see that Ye Xuan is actually prepared for this time. he

Deliberately concealing the strength of the eighth-order of the heavens and the earth, at least it can play a certain role in the ridiculousness of the wilderness, and the effect at the crucial moment is hard to predict. Count

Counting time, the last time I was in the forbidden face of the magic wolf, I didn't have to go too long. In fact, I was afraid that I couldn't think of it anyway. It's just a short period of time. Ye Xuan's original seventh-order road is the strongest. The combat power has been upgraded again, reaching the same level of heaven as hiss...

In fact, even the seven-step cultivation of the heavens that he now shows is in the eyes of the endless massive warships, fortresses, fortresses and immortal emperors in the super-stars on the left side of the floodplain. Let them be shocked.

Previously in the Great Wilderness World, the battle before Ye Xuan's departure was still only the emperor of the second-order cultivation of the Tiandao, and the deterrent of his supreme magical sacred bow, which made the flooded eyes clear. Only then can I leave smoothly, tearing the void directly, and entering the endless stream of emptiness. to

In his own cultivation, because of the suppression of the will of the wilderness in the vast world of the wild, he has never entered the real heaven, and has always been the peak of the nine-step grand perfection, that is, the half-step heaven. And already...

In the impression and cognition of the immortal emperor and others, Ye Xuan's cultivation is a breakthrough even after entering this piece of Hongkong's void, and nowadays it is the first step of the heavenly world... Order only. but

They did not expect it anyway. After a long time, I saw Ye Xuan again. His cultivation has reached the seventh stage of the horrible heaven.

This is the repair of the late Tiandaojing. The green eyes of the heavens and the heavens are now just the eighth-order heavens. Compared with the seven-ordered Ye Xuan, the disparity in the level of repair has only one small step...

This horrible cultivation speed is unheard of? It's just horrifying, it's so sad...

However, although my heart was shocked, and even faintly a little envious of the feeling of hatred, but in shock and envy, the immortal emperor and other countless powerful people from the three major star planes of the world, the elites of all ethnic groups and forces are back. After the passing of God, without exception, all of them have ignited an unprecedented hope and expectation.

Ye Xuan, the master of the magic hall, is already a seventh-order heaven, even if it is still not the opponent of the green eyes, this time it is impossible to fall here easily. Take

His horror to unimaginable speed of cultivation, presumably will soon be able to enter the ninth-order grand perfection of heaven and earth, and become the peak of this territory. At that time, the sorrowful eyes of Tianhong are not his opponents, once Ye Xuan shot him Killing, all the powerful people who have been captured in the entire floodplain will undoubtedly be free from the bitter sea.

These thoughts flashed through my mind, and all the people in the shackles screamed at the arduous expectations of the mans..."

call out....."

At the same time, Ye Xuan, who stepped out of the cracks in the void, did not hesitate. He did not pay attention to the fact that there was no one in the starry field in the entire floodplain. The blue sky was even clear. There is not even a slight difference in response.

It was actually under the sway of the shoulders, and the whole figure was instantly turned into a light blue mile. At a speed that was too fast, the blink of an eye rushed into the center of the forbidden land. In the void of the void, the blink of an eye disappeared!

Too crisp, and beyond everyone's expectations, Ye Xuan just came, less than three interest, he has taken the initiative, it seems so... can't wait!

"Hey..."

Roar! ""

Oh..."

Hey! "on

In the shape of Ye Xuan, it is a mile, from the crack in the center of the forbidden land, which is 10 million miles away, rushing into the next moment of the void, this vast expanse of the vast expanse of the banned land, in an instant There was a scream of horror and arrogance. its

It also includes the screams of the green eyes of the wilderness, and all the whistling and arrogant voices clearly reveal a sense of joy that cannot be turned away. when

Of course, more is still gloomy and ferocious..."

Rumble..."

Oh..."

The thunderous thunder and the sharp and piercing sound of the horrifying heart came from all directions, and a total of eleven awns appeared at the same time, facing the central part of the forbidden land in the crack, the speed... lasing!

It's just like a vertical eye, the volume is almost like a giant star, and it's like a giant star, and its ten heads, blood, and body are all huge, and the strength is all reached the heart of the heavens. !

"Ye Xuan, you are too conceited, actually take the initiative..."

The figure appeared, and the sound of the gods of the green eyes of the wilderness was also revealed in the huge vertical eyes, clearly showing the clear and incomparable meaning.

Even if he didn't think that Ye Xuan was so active, he didn't wait for himself to react. He actually took the initiative to get into the void.

It seems that he is obviously prepared, but it does not matter at all...

The flashing of these in the brain, the voice of the gods of the sorrowful sky, the voice of the gods, once again sounded: "I must have prepared it, but since I have a counter-grip, I am naturally sure to leave you here..."

"Your means, I basically know all of them. I am really hard to keep you with the strength of the seventh-order road when you are at the peak of the day. However, if you count the power of the law of the emptiness, then you should be self-sufficient. Let alone..."

call out....."

The sound of the sound just fell, the huge cyan vertical eye immediately spurred a green man, the ten squatting heavenly squadrons around him were also fully shot at the same time, each with a masculine rush...

Chapter 5095: Sure enough

The weak sound of the air broke, and Ye Xuan's body was turned into a man, and it rushed into the void.

In front of the bottom of the squatting position, the \*\*\*\* and mosquitoes have always closed their eyes. There has been no change in this month. They are waiting for the arrival of Ye Xuan. Now, everything has been completed, and the two opened their eyes...

When I saw Ye Xuan's moment, especially after sensing the seven-step cultivation of the heavenly environment that was scattered in Ye Xuan's body, the pupils of the \*\*\*\* and mosquito-stricken deities shrank for a while, and the faces showed shock and envy. Complex expressions.

At the beginning, that is, Xingbo and Tiandao Qingyan teamed up to prepare to say that they had successfully entered the Galaxy Star Field with the help of the power of the blue sky, and they also played against Ye Xuan...

Once, the other two followers of the human races that followed the Xingbo were completely degraded, and the two of them were almost as dangerous. At that time, they were only the ancient powers, and they did not enter the ancient times.

And Ye Xuan's cultivation is not as good as them.

It can be said that at that time, if Ye Xuan had not left Ye Xuan's Tiandao baby body to help, Ye Xuan was afraid that it would be dangerous.

But now, when time passes and soon, when they meet again, although the two of them have completely matched their souls with the body of the unrecognized body, they have also become a desperate situation because of the recovery of their injuries. can

All of this is compared with Ye Xuan's growth rate and magnitude, but nothing is too much. It's just unbearable, it's not on the table, it's shy... short

I haven't seen it for a short time. The junior who was weaker than them had already had the seventh-order terrorist power of heaven and earth. You must know that even the green eyes of the wilderness are now just eight steps of heaven and earth.

But how long has the heavens and blue eyes lived? And what about the descendants of the human race born in this world? brain

In the middle of these thoughts, the \*\*\*\* and the mosquitoes and the deities of the two showed a shock and envy, and the whole heart instantly sank to the valley. a few

It is subconsciously, their eyes are moving at the same time, and they are looking forward to the entrance of this giant void.

It is also at this moment that the entrance to the Qinglan, which is thousands of miles away from the hundreds of billions of miles, has come to the sound of the sacred and delightful voice of the sorrowful and sorrowful eyes.

"Your means, I basically know all of them. I am really hard to keep you with the strength of the seventh-order road when you are at the peak of the day. However, if you count the power of the law of the emptiness, then you should be self-sufficient. Let me talk about it..."

"call out....."

Oh..."

The voice just fell, the huge cyan vertical eye immediately spurred a green mang, and the ten squatting heavenly squadrons around him were also fully shot at the same time, each with a masculine shot..."

boom! ""

Rumble..."

The thunderous bang came and the eleventh of the mansions all fell on the tens of thousands of long hollow cracks at the entrance to the Qinglan. The cracks instantly merged at a speed visible to the naked eye.

Ye Xuan also looked back at the past. In just two breaths, the crack of the void that has reached ten million miles has been fully closed. This giant void crack has no exit, and it has become a deadlock. There is no way at all. Escape...and

Moreover, as the only access road for the tens of thousands of miles of green carp was closed, the huge void of 100 billion miles in the interior space began to condense inward...

Although this speed of condensing is not very fast, it can't be stopped. After all, this is the power of Hongmeng's law of null and void to dominate all of this, and to repair the void that has been forcibly broken.

Previously, there was the existence of a huge emptiness crack of a million miles, and the sorrowful blue eye could use the void crack as a fulcrum to continuously transmit power to the green space and support its existence...but

In this way, the cracks in the void have been summed up by the sorrowful eyes of the sorrowful sky and the ten heavenly savage beasts under their arm, and this emptiness of the emptiness has lost the support of the support, and naturally begins to shrink. This

The process, even Ye Xuan can't stop, even if he has the same strength as the eighth-order heaven and earth in the sky, it can't stop...

The reason is that he is in the green, and now the green scorpion has no emptiness cracks as a support point for power transmission, and there is no effort and effort. another

On the one hand, the Qingtian Tiandao Qingyan opened up and built this giant void, but it is the result of the combination of the eleven heavenly strongmen at the same time.

Now, Ye Xuan, who is in the green, even if he condenses the three blood seas and then summons the beast, there are still only four heavens, and the power is far from enough...

The four men joined forces to fully support the contraction of the barley. Because it was exerted from the inside as a whole, the effect was weakened by half. The final result was at best the whole process of condensing the barley inward, slightly delaying some...

In the end, the green scorpion will still disappear, and the interior space, which was originally a hundred billion miles away, will be completely restored. However, Ye Xuan, who is now inside the green space, will be forced to resist the irresistible law of Hongkong's emptiness. , crushed to become nothing...

Of course, it's not just Ye Xuan, including the same \*\*\*\* scorpion and the mosquito-killing deity.

Xingbo has entered the galaxy's starry field, and the sacred sacred sacred sacred eyes also do not care about the two loyal generals who have only cultivated their strengths and are only ruthless, perhaps with the savage mosquitoes who have taken the \*\*\*\* and mosquito-stricken deities. The two old guys are quite a bit sorrowful and bloody, but they are just a little bit tolerant, but he is just a general who is under the guise of the heavens, and has no ability to stop this from happening...

"You seem to be being played..."

Looking back at the line, feeling the slow inward contraction of this giant void, the face of Ye Xuan's face showed a slapstick color, and the eyes were from the \*\*\*\* and mosquito-stricken bottoms of the bottom of the tens of billions of miles away. Sweeping, the voice of the gods is heard, but still fluttering, there is no feeling of nervousness and panic...

He has probably guessed this way of Qinghong's green eyes.

Previously, when the devil wolf banned the land, the ruthless sky and the green eye joined hands with more than ten heavenly savage beasts, and never really suppressed him.

This time, the set-up will lead him, and the scale of the lineup that Tiandao Qingyan can assemble is estimated to be quite the same as the previous one. After all, the strong people in the banned land will be respected.

In this way, it is naturally impossible for him to use the strategy of the last time to fight against Ye Xuan in a positive battle. How can he make such a choice again?

Although Ye Xuan did not guess the specific details, he expected that he would most likely use the power of the law of the emptiness that could not be resisted by those who could not resist. thing

In fact, everything that happened in front of us is also true.

But this is exactly what Ye Xuan is not afraid of, because he has the ability to jump in the interstellar coordinates attached to the body's engulfing system. As long as the void does not fall into a comprehensive chaos due to the interference of complex energy, the interstellar coordinate jumping ability can be activated smoothly. ....

This time, although Ye Xuan did not guess the specific details, he expected the means of the green eyes.

It is very likely that it will use the power of the law of the emptiness of the emptiness that cannot be resisted by the strongest people in the sky. In fact, the same thing happens in front of us...

It's a pity that it still thinks more after all. Nowadays, despite the influence of the power of Hongkong's void law, it slowly repairs the bridging. At the end of a column of incense, it will completely disappear, and everything in the barley will be crushed. For nothing. but

The time of a fragrant incense is too much for Ye Xuan, enough for him to do too many things... this

This kind of means is exactly what Ye Xuan is not afraid of because he has the ability to jump in the interstellar coordinates attached to the in vivo phagocytic system. only

To be empty, there is no comprehensive chaos closure due to the interference of complex energy, and the interstellar coordinate jumping ability can be activated smoothly...

It is said that if he wants to go, he can activate the interstellar coordinate jumping ability attached to the body's engulfing system at any time, and instantly turn it into a mang, and instantly disappear in such a way that the ridiculous heaven and the eye are caught. brain

In the flashing of these, Ye Xuan's heart is more determined, but also can not think of Star Bo.

He always thought that the phagocytic system in his body was created by Emperor II and spread out. He even thought that his body's phagocytic system, and the palace, the heartless, the dust-free, the hatred, and the jade linger and other system carriers. The phagocytic system in the body is the same.

But in fact, he is wrong! he

This phagocytic system in the body is a kind of phagocytic source. It is from the hands of Xingbo. After the disappearance of Xingbo, this phagocytic source was discovered by Emperor II. It has been groping for thousands of years, but it has only fur, and it is impossible to understand its essence... when

At the time, Emperor II was eager to quickly increase the number of formal tribes of the mechanical family, so that he did not continue to study the source of phagocytosis, and with some of the proceeds already researched, began to imitate ordinary phagocytic seeds...

After making a batch, they will spread them out immediately. Not only are the three major star planes in the world, but the Emperor II even entered the turbulent void and some black holes, spreading the generic phagocytic seeds of the imitation...

Compared with the ordinary phagocytic seeds from the Emperor's hand, Ye Xuan's phagocytic source from the hands of Xingbo is obviously more mysterious. very

As for his guess, this so-called devour source, in all likelihood, is a deliberate stay in the second-hand of the Emperor. Of course, there is no way to judge the true purpose of Xingbo.

Maybe he just wants to use this devour source to calculate the emperor, or something else, but it is all that is not important. What is important is that Ye Xuan is the final calculation...

Of course, at the moment, Ye Xuan has found this source of phagocytosis from his own brain, and he is still wrapped in the spirit of God and spirit. Keep an eye on it. Once there is any intention, you will have the first time. Induced.

However, Emperor II later told him that even if he did not understand the source of the phagocytosis, he studied it for more than a thousand years, but only cracked a little fur, and carefully imitated the ordinary phagocytic seeds, the function is also At most, only 70% of this phagocytic source, or even less...only

With this, it is enough to show that this phagocytic source is powerful!

After realizing all of this, Ye Xuan's heart suddenly gave birth to a strong incomparable jealousy of this phagocytic source in the body.

He almost impulsively took the phagocytic source out of the sea on the spot, how far he had thrown away, but in the end, this impulse was suppressed by Ye Xuan. because

This is not the most sensible choice! table

On the surface, he seems to have been counted by Xingbo with this devour source, but now Ye Xuan has found it, and there are some means to arrange it.

From this point of view, this kind of phagocytic source may not be reversed, and it becomes a condition and means for Ye Xuan to deal with Xingbo. to

Less, this is completely feasible in theory. After all, Ye Xuan himself has an electronic avatar of mechanical and electronic life forms, and there is more than one.

It is for this reason that Ye Xuan did not completely remove the body's engulfment system... Now he is a strong man of heaven and has this ability.

Nowadays, this choice is obviously correct, but at the same time, he also gave him more vigilance against the means and mystery of Xingbo.

His ridiculous celestial green eyes seem to be a group of people, but from the trap of this emptiness, it is clear that the sacred eyes of the sacred sky are not aware of the phagocytic system in Ye Xuan, and they do not know that this buddhist source has grown up. The phagocytic system has the incredible ability to jump through interstellar coordinates...

From this point alone, we can see that the starburst is terrible, and I am afraid it is still far above the green eyes of the wilderness. "

It seems that the real enemy in the future is actually another person..."

Ye Xuan's heart gave birth to the realization of the Ming Dynasty. The so-called flooding of the heavens and the green eyes is nothing but the will of the great world of the wilderness. In the vast world of the wild, it is invincible, but now the world of the wild has disappeared, the so-called wilderness and blue eyes And there isn't much difference between a powerful heavenly beast and a beast...this

For a moment, even he, unconsciously, transferred the ultimate enemy of the future from the sorrowful eyes of Tianhong to the star-boss. If all this is to let the heavens and blues know, I don't know what to think. "

boom! "

"Booming..."

Inscribed, as this huge emptiness of the tens of thousands of miles has been smoothed, the entire huge void of the scorpion has begun to condense inward and repair, just ten times, with the sound of low thunder and thunder, Qinglan originally had a space of 100 billion square miles, and it has been retracted to a level of only over 90 billion miles...

At the bottom of the tens of millions of miles away from the front, the \*\*\*\* and mosquito-faced deities have already sagged to the extreme...

At this moment, they naturally realized that they were pitted. flood

The means of the blind eye of the blue sky is too sinister, and even the people have not let go.

They originally thought that the cultivation of Ye Xuan was the first and second order of the first entry into the heavens. So, with the powerful strength of the eighth-order of the heavens and the heavens, as long as Ye Xuan entered, there was no escape. He only needs to rush into the green, and he will be able to suppress Ye Xuan...

If they let them know that Ye Xuan is the late stage of the heavens in the seventh-order world, even the green eyes of the floodland must use the powerful laws of Hong Mengxu to ensure that he is suppressed. Blood and mosquitoes are impossible in any way. Silly nodded and promised to enter the barley as a bait.

It is tantamount to putting yourself in danger. Once the wilderness and the blue eye have other minds, they are in danger. day

The road is ruthless, and they know it well...

Unfortunately, it's too late to say anything now, everything is a reality, and there's no possibility of reversal...

At the bottom of the tens of millions of miles away, the \*\*\*\* and mosquito-faced deities have already sagged to the extreme, and they realized they were pitted. flood

The means of sorrowful blue eyes are too sinister, and even the people are not let go, casual sacrifice, heaven and ruthless, this point is interpreted in this matter to the fullest! can

Unfortunately, it's too late to say anything now. Everything has become a reality. There is no possibility of reversal. In front of the tens of billions of miles away, there is a strong heaven and earth, and the two of them are today. Being repaired as strength, even if it is rushing over, it will not cause a little damage to the other party when it is self-destructive.

What's more, if people think about it, do they have the opportunity to rush to the close?

This is simply a joke! brain

These thoughts flashed in the middle, and the \*\*\*\* and mosquito-stricken deities exchanged a look, and then they turned to Ye Xuan at the same time. The voice of the gods was like a temptation, and it sounded cautiously...

"Ye Xuan, it was just a misunderstanding. Now I have already realized that Tiandao Qingyan is not a thing..."

Yes, this alone, we have turned against him, the enemy of the enemy is a friend. Before we may have the possibility of cooperation, at least, this is definitely more helpful than killing us..."

The two old guys are obviously begging for mercy, but they still refuse to bow their heads, and they have to face each other and say what they can work together...

Of course, they are also emboldened. This kind of qi is the \*\*\*\* body and the body of the mosquito-killing deity in their hands. This makes them feel stunned and feels that they have grasped the handle of Ye Xuan. he

The reason why they are in this empty and empty base is to attract themselves to Ye Xuan. Now that Ye Xuan has come, it is enough to show his emphasis on blood and mosquitoes.

In this case, they occupy the flesh and the body of the mosquito-stricken deity, and naturally they wait for the bargaining chips, even if they are begging for mercy, they are so hard...

It is a pity that although this is a fact, they still have a small look at Ye Xuan's means. After all, they have never entered the heavens and will never know the terrible things of the real heavenly powerhouse. this

In addition, for Ye Xuan's acting style, they are completely ignorant, which is doomed to this calculation, completely jealous! "

Are you threatening the temple in euphemism? "

In the middle of the gloom, Ye Xuan's mouth outlines a sinister color. Whether it's the dawn of the two, or the tone of the voice at this time, they are full of ridicule: "Little desolation, actually Taking this kind of thing threatens the later days, and you have lived a lot of age, and it's really alive..."

call out! ""

Oh..."

As soon as the sound fell, Ye Xuan immediately shot, and there was no chance for the \*\*\*\* and mosquitoes to re-appear.

In fact, these two old guys still want to say something, he has no interest at all...

As he waved his hand and the sharp sound of the air broke out, the two spurs of the size of the belly were irritating, and the speed was so horrible that the absurd eccentric had absolutely no chance to react... .. million

One of the moments did not arrive. The two lasings went away, and they had already lost their blood and the eyebrows of the Mosquito, and they disappeared and disappeared.

With the vacancy of the mans, the eyes of the \*\*\*\* and mosquito-eating deity originally revealed the meaning of the sinister calculations, and they became sluggish in an instant. The body shape stood on the spot after a slight shock, and the agility in the body instantly became a dull Stagnant...this

If you can enter the soul of the two of them, you can see that these two mans are just like a sudden appearance, just from the eyebrows, they appear directly in the sea of blood and mosquitoes. soul

Over the sea, the souls of these two flesh-and-blooded wild mosquitoes and another follower of the Xingbo people are seized, just like the little ones are generally floating.

With the two volleys coming from the spurs, they suddenly appeared in the soul sea. These two souls, like the little ones, changed their faces and turned around to escape.

It is a pity that it is too late. At this time, even if they want to voluntarily withdraw from the sea of souls, it is impossible for them to rush at the extreme speed, and they will pass through the eyebrows of the two souls in an instant. tight

Then the mans dissipated, and the souls of the two murderous mosquitoes also collapsed, and they were all dissolved into light rain and sprinkled the soul sea below..."

Oh..."

Oh la la..."

This is the complete soul of the two ridiculous geeks, plus the eternal defeat of the soul of the soul is from the hands of Ye Xuan, is the pure power of the strong in the late days of heaven...

Today, they collapsed together and turned into a sea of light and rain. In an instant, it was like rolling oil and water, and the soul of the sea below was soaring.

Calculating the time, \*\*\*\* and mosquito-killing deities have been won for a long time. At that time, fortunately, there were no head-headed baby corpses, and they shot two awns, respectively, and they did not enter the \*\*\*\* and mosquito-like deity's eyebrows. For example, under the eyes of Ye Xuan, killing the ancient murderous mosquitoes, but the power and effect are different. positive

It was the two sacred men who wrapped up the blood and the spirit of the Mosquito demon, and protected them. Since then they sank into the deepest part of the soul sea and crouched down. that

The two hands are from the hands of the headless baby body. It is also the power of the heavenly environment. Although it seems to be inconspicuous, it is not the wilderness of the two mosquitoes. Place

Therefore, although they refine the body of the \*\*\*\* and mosquito-stricken deities, so that they fit perfectly with their own souls, but they have never hurt the blood and the goddess of the mosquitoes.

Today, with the annihilation of the gods of the ancient murderous mosquitoes, even the power of the soul is turned into light rain, nourishing the blood and the soul of the mosquitoes, the two bodies will return to the \*\*\*\* In the hands of the Mosquito deity... very

Fast, the depths of the two bodies of the soul, they rushed out of a figure, like a small person, it is the soul of blood and mosquitoes. like

It is the sense that the invaders who invade the soul in the sea are annihilated, and the layer of halo that was originally shrouded in their souls is also turned into light rain, scattered below the soul sea, which is obviously the headless baby. Already preset... turn

Looking at the sea of souls and seas, the souls of the \*\*\*\* and mosquito-like deities embodies the sensation of being separated from the world, but then it becomes a kind of surprise that is thick and inseparable.

The breath in their souls is rising rapidly, and the speed is so horrible...

This time, they are absolutely blessed by misfortunes. The ancient murderous mosquitoes are old desolation and grotesque. Now the complete soul is collapsed, and it becomes the soul of the pure soul rain and the soul of the mosquito.

Together with the headless baby corpse and Ye Xuan, they have injected two pure heavenly forces into their soul seas, and the best opportunity to absorb the power of the soul sea with their souls is also integrated into the soul sea... ..

This three-pronged effect is obviously expected. The soul of the \*\*\*\* and mosquito-stricken deity will undergo an earth-shaking transformation, and the strength and strength of the flesh will also change. although

It is impossible to directly enter the real heaven, but the late stage is obviously not too difficult, absolutely possible...

"boom!"

"Booming..."

Inside the void, the low roaring sounds have been resounding, and dozens of interest rates have passed. Today, the empty space of the original 100 billion miles has been reduced to only 70 billion miles. Arrived. short

After a short period of time, the space will be reduced by a third, and the subsequent speed will obviously be faster. Therefore, according to Ye Xuan's speculation, at most, after the rest of the year, this huge amount of internal space will be It just disappeared. If

At that time, Ye Xuan and the bloody, mosquito-killing deity three people still stayed inside the barley, then they will undoubtedly be completely crushed into nothingness, even if Ye Xuan's current peak strength has reached the eighth level of heaven and earth, absolutely not May be spared.

The so-called heavenly powerhouse is the strongest in the vast world, representing the will of heaven, but in this mysterious and ancient Hongkong void, it is definitely not the top of the pyramid, and it is absolutely impossible to compete. The full force of the power of Hongmeng's law of nulls...but

In such a scene, it is obviously impossible for Ye Xuan to let it happen. Before this still has nearly 70 billion square miles of the void, the leaf will definitely activate the interstellar coordinate jumping ability attached to the internal system. go with.....

Appropriate, when he first entered the inner space of the barley, he tried to activate it, and determined that the interstellar coordinate jumping ability is as usual, so it will be so fixed.

The reason why he did not intend to leave now is because he does not want to affect the \*\*\*\* and mosquitoes.

Although Ye Xuan did not enter the soul of the two of them, and even did not extend the power of the gods to explore, but he can roughly guess what is happening in the sea of blood and mosquitoes. he

Their soul sea is experiencing a huge transformation like a sky-shaking, and with the soaring level of the soul and strength, it will certainly lead to the improvement of their physical body...

The process can't have a little influence, otherwise there may be accidents. Fortunately, this kind of eruption from the depths of the soul sea first affects the soul body and then drives the flesh. It can be said that the transformation from the inside to the outside is fast, and it will be very fast. Can finish, so Ye Xuan is not in a hurry...this

At this moment, he was so relaxed and free to fill the void in the interior of the green, the face looked calm, and even a hint of excitement and joy, the line of sight locked in the \*\*\*\* body, as if the body is empty Continue to shrink, completely without induction, and turn a blind eye...

"Hey..."

"Roar!"

After the tenth, the void in the front of the tens of billions of miles, has been close to the eyes, like the puppet sculpture, the blood and the mosquito savage suddenly opened their eyes, and the bottom of the scorpion has a strong flash The two almost agreed on the general, all looking up, making a scream, a madness... with

With these two screams screaming, the repairing atmosphere that the two of them radiated quickly climbed up, and the speed was so jaw-dropping that the magnitude of the shock was so horrible...

Before the resurrection of their spirits, the two murderous mosquitoes who had taken over their bodies were reopened after they had won the house. Not long ago they just cleared the border and found the floodplain.

This time, the retreat, the two ancient murderous mosquitoes in the refining of blood and mosquitoes and the deities of the body, but also the two bodies have been upgraded, after the two of them, the strength is originally a stage of absurdity It is. and

Nowadays, the complete soul of the two ancient mosquitoes has turned into a soul and rain, and the headless baby corpse and Ye Xuan have shot into the sea of souls, and the two pure heavens that have collapsed into light rain The ultimate result is not only the \*\*\*\* and the mosquitoes, but also the rapid improvement of the body.

The degree is too fast, and the shortness of interest, the temperament of the two bodies, has changed from the previous stage of the past to the seventh stage of the current absurdity, as Ye Xuan guessed. That way, it entered the late stage of the desert...

This is definitely a big fortune. Even Ye Xuan has some jealousy. You must know that even if he is a real realm, it is just a seven-step absurdity. Place

The peak force of the eighth-order heavenly world is completely realized by relying on the \*\*\*\* magical power of the konjac. he

How much has this experience been? Once again, the opportunity for the creation of the stack has been rehabilitated with the seven-stage absurdity, and the \*\*\*\* and mosquito-stricken deities have entered the seventh stage of the late stage only by one blessing in disguise, and the gap is conceivable. know. where

I'm afraid that it's Ye Xuan's envy, it's all right, because it's almost impossible to copy...this

At the same time, with the \*\*\*\* and mosquito-stricken body, the temperament of the two climbed up quickly and finally stabilized in the 7th stage of the absurdity. The magnificent transformation of the two souls and the flesh was finally completely completed.

Ye Xuan originally wanted to plunder the body, after a few words, he would take the two to Shennong Ding, and then immediately left and left, but before he swept away, there was another change...

The mosquitoes and deities were originally strong people of the human race. Therefore, when the transformation of the carcass and the body is completed, this time the nature of nature will be over. but

Bloodyness is different. His current form of human race is only changed by the transformation of the form. The \*\*\*\* original appearance is a huge \*\*\*\* mosquito with a human head. first

Before he had experienced a \*\*\*\* metamorphosis, almost returned to the ancestors, but after all, it is not complete, it can be said that the previous him, can not be regarded as a real wild mosquito...

It should be known that the ancient murderous mosquitoes are also congenital beasts. For the blood of the murderous demon \*\*\*\* of one of the three thousand chaotic devils of this era, the \*\*\*\* distance from the congenital beast-level wilderness mosquitoes is still a certain distance. can

This time, as his soul changed, the flesh was like a resurrection, and it was a \*\*\*\* other, and finally came at a timely time..."

Oh..."

The first screaming, the \*\*\*\* body of the human body, instantly like an inflated balloon, quickly expanded.

The speed is too fast, just a few bites of interest. Just now it is just the \*\*\*\* form of the ordinary human form. It has turned into a \*\*\*\* mosquito with a body size of tens of thousands of miles. The body shape can be described as huge and huge, and the whole body is bloody. The ancient atmosphere that does not open.

If in the past, Ye Xuan may not be aware of it, but now he has hunted a lot of congenital beasts in his hands, so that with the \*\*\*\* blood completely returned to the ancestors, it shows that this giant The blood of the ancient murderous mosquitoes is true, and Ye Xuan's eyes are bright, and under the cool air, he immediately whispers: "I actually returned to the ancestors in full? Look at this \*\*\*\* breath, it is actually the level of the beastly beast... Wild mosquitoes?"

"call out!"

"call out....."

As his whisper sounded, the huge blood-colored mosquitoes of the size of the body swayed and became the former human form. Following

However, the \*\*\*\* scorpion exchanged a look with the mosquito-stricken deity not far from the side, and both of them showed excitement and joy in their faces, and they rushed to Ye Xuan...

Chapter 5096: One thousand

Calculating the time, Ye Xuan this time and the \*\*\*\* separation time is not short, not to mention the \*\*\*\* has experienced such a sinister thing, the body was taken away, almost collapsed, the soul disappeared...

Therefore, now that everything has passed, the two brothers will meet, and the heart will be excited and happy, naturally it will not be a chill. inverted

It was the Mosquito deity, who had never been in contact with Ye Xuan before, so stood by and watched the two of them reunion, and they were a bit embarrassed. chat

After a few words, Ye Xuan took the initiative to say hello to the mosquitoes, and showed his identity and his relationship with the mosquitoes and ghosts.

This made the mosquito-stricken deity realize it, and soon he was no longer embarrassed, and chatted with Ye Xuan. Do not

It's obviously not a detailed place here. Ye Xuan's estimate of the last 100 days has passed two-thirds. Just now there are nearly 70 billion square miles of green space inside, and now it's only 20 billion miles. To. press

At this speed, I am afraid that there will be more than 30 interest at the end. This place will disappear completely. If you don't want to fall into this place, you will be forced to the horrible power of the emptiness of the law. Leave here before this.

Even if the matter is explained, Ye Xuan's \*\*\*\* and mosquito-stricken deity knows how to be light, and naturally there will be no more opinions, and nodding...

"咻..." micro

The weak sound broke, and with Ye Xuan waved, the \*\*\*\* and mosquito-stricken deity in front of him disappeared instantly, and he was included in Shennong Ding...

"boom!"

"Booming..."

Just at this time, just as he was about to activate the interstellar coordinate jumping ability attached to the body's engulfing system, he turned directly into a faint man, and quietly walked away. When he left, unexpected accidents suddenly broke out. .

The huge roar of the earth-shattering sounded extremely loudly. This piece was closed, and with the continued retreat, it has shrunk to a green void of only one billion yuan. It suddenly violently shakes up. The whole void was instantly in chaos, and Ye Xuan's face changed, and the whole heart sank to the valley...

Hong

Mengkong, the left bank of the Milky Way, the land is forbidden!

Since the arrival of Ye Xuan, the Lord of the Devils, has taken the initiative to enter the void, now more than one hundred years have passed...

During the one hundred interest period, the whole floodplain was dead, and countless forbidden beasts in the abandoned stars around the distance were all closely watching the central region of the star field. left

On the side of the endless battleship battleship in the ocean, from the three major star-space main planes of the world, the numerous powerful forces of the major forces have also held their breath, eyes converge...

They are guessing the end result of this incident, and they are very embarrassed.

Ye Xuan, the master of the magic hall, has entered the void, and his current cultivation is far beyond their expectations. He has reached the seventh stage of the horrible heaven and earth, compared with the eighth-order torrent of heaven and earth. , but it is just the difference between the first order...

Even so, after he entered this void, there has been no other movements. With the emptiness of the tens of thousands of miles away, the whole void is already invisible. The vast void in the central area has been restored, except for the sorrowful blue eyes and the ten heavenly lords under his majesty. Nothing else.

This is what it should be, even the crack entrance of the green scorpion has been smoothed out, the void scorpion naturally disappears, its continuous contraction, and the resulting low roar, in the emptiness of the forbidden land It is neither visible nor audible.

It is for this reason that the top leaders of the three major star-spaces and the various ethnic groups and forces in the world are now so uneasy. Ye Xuan is their only hope, even if this time they don't help, as long as He has not been counted by the blue sky, and he has left. After all, he still has a chance!

But if he falls down, then he will be finished..."

call out! ""

Oh..."

When all the people are stunned, the center of the forbidden land in the front is like a star-shaped giant cyan eye. In a moment, there is a huge cyan beam of light shining out...

It's not just the hunger and the blue eye, but the \*\*\*\* scorpion that is surrounded by the shape of the body, and the savage beasts of the ten heavenly kingdoms, all of them have their own actions. They each shoot a huge beam of light and blast toward the blue light column. Converging in the same place...

"Hey..."

At the same time, the blood of the soul also raised a terrible scream. he

Also exerting the power of the power of the power. this

Engraved, with the screaming of the whistle, the \*\*\*\* horn of the \*\*\*\* head of the scorpion spurred the invisible \*\*\*\* ripples, swayed away, and merged with the eleven beams of light that had just gathered in the front of the void, and then spread and spread. . blink

Between the eyes, it turns into a strange light curtain of blood blue. This

The energy light column that the eleven heavenly powerhouses spurt out with all their strength, as well as the blood and blue light curtains that are combined with the blood, the blood, the blood and the nerves, are extremely wide, reaching a huge scale of 50 billion miles... ..this

At this moment, with this huge blood-blue light curtain suddenly appearing, shrouded in a void, this tens of billions of miles wide in the starry sky, suddenly trembled fiercely.

The power of the void is instantly chaotic, and the whole place of 50 billion miles away is all smashed up. Looking at the naked eye, everything is invisible, not really cut, just like illusion. which is

It is the power of the gods to extend and explore, and it is difficult to capture accurate information. This is the result of the eleven heavenly strongmen joining forces, and the result of chaos is full of chaos, and power can be imagined. very

Fast, in this vast and chaotic vast void, the shadow of a cyan giant python appeared, and its diameter is about 10 billion miles, but it continues to condense inward. Look

The speed of this condensing, at most, there are about twenty interest points. This is a shadow that is extremely embarrassing and will disappear completely...

It was at this time that the sound of the gods of the ridiculous heavens and the blue eyes was quietly sounding, revealing the endless joy: "Success, he is still inside, the breath is still..."

"Hey..."

"Before I have already escaped twice in my hands in that strange way. The half-point clues have never been left. There is no trace at all. This time, since the gathering is set, how can I not prevent this?"

"Now the imaginary void of 50 billion mile has been completely confusing. Just like in the forbidden land of the magic wolf, it can't be teleported at all. His mysterious method can't activate it..."

"So, at most, there will be another 20 interest. This empty scorpion with a remaining 10 billion mile will disappear completely in the continuous condensing. All the existence inside the scorpion will be in the strong law of emptiness. Under the pressure of the force, it is completely turned into nothingness..."

"Even if it is the end of the heavens in the seventh-order world, it will not be spared... there is no life!"

Forbidden land! ban

In the central area of the Earth's horoscope, the eleven heavenly tyrants headed by the green eyes of the wilderness are surrounded by a group of heavenly tyrants. They are surrounded by a void of five million miles away. Now they are in full chaos, even the void teleport It is absolutely impossible to display. This

In the chaotic void of five million miles, a huge and closed void is visible. Today, its diameter is less than 10 billion, and it is still shrinking. At this speed, it is afraid that it will be more than ten. Will disappear completely!

This scene makes the eyes of the ridiculous heaven and earth clear, and proudly, the sound of laughter and the gods..."

Uh... I have already escaped twice in my hands in that weird way. Half of the clues have never been left. How can I not prevent this? ""

Now the emptiness of 50 billion nautical miles has been completely confusing. At most, there will be another 20 interest. The void will disappear in the continuous condensing. All the existence in the scorpion will be completely turned into nothingness. ...."

In this regard, he is extremely confident, because Ye Xuan's means have been studied. After all, with his city, since it has been painstakingly set such a trap, if there is no absolute grasp, it is impossible to easily shot...

It's just a flood of sorrows and blue eyes. The same is true of the ten beasts who are headed by the \*\*\*\* souls. At this moment, with the sound of the heavenly eyes, the powerful beasts of the ten heavens are also breathable. Strong, revealing the meaning of eagerness... he

Although they did not deal with the so-called Lord of the Temple, Ye Xuan, they never even had contact, but they heard the eyes of the wilderness.

Nowadays, with the continuous shrinking of this void, Ye Xuan, the master of the Temple of Devils, has no luck and will surely fall here. but

Some of the heavy treasures on his body should be able to stay, such as Shennong Ding, such as the nine-color flame sea...

Some things will be squeezed out when the barley shrinks to the extreme. After all, there is a time for the first weather to be treasured, and the law of Hongmeng will not be destroyed! he

They even hope that Ye Xuan, the master of the magical hall, will be able to escape a smashing soul. In this case, as long as the sorrowful soul falls into their hands, how much can be found in his hands. All the mastery of the mysterious secrets and \*\*\*\* magical powers have been captured. example

For example, the ambiguity of the scorpion bow, such as his anti-sky mystery that can make himself a big realm of skyrocketing, and no time limit.

These can all be topless, and even the supreme existence of heaven and earth can not be tempted.

At the same time, in the wild and the sacred eyes of the sacred sacred eyes and the scorpion, the ten powerful savage beasts headed by the \*\*\*\* souls of the heavens are full of hopes, in the vast ocean of the far side of the distant star field in the boundless battleship ocean. Come

Since the three stars, the main planes and the high-level people of the forces, today is a face of the gray.

They also saw the scene in the central part of the star field, saw the chaotic closed 50 billion nautical emptiness, and saw the huge emptiness that has now condensed to less than 10 billion miles.

The Qing dynasty is obviously still closed. In the case that this void is completely confusing, the main lord of the lord, Ye Xuan, is now a late heaven in the seventh-order world, and it is impossible to pass teleport or other The secret law fled...

This is definitely the rhythm that will be completely degraded. At most, I will escape from the wreckage, and the time is already very urgent. It is imminent, at most a dozen...

In the middle of these thoughts, everyone's heart sank to the valley. At this moment, they finally tasted the bitter taste of complete despair, even if this time the Lord of the Temple, Ye Xuan, did not rescue them, but as long as he escaped smoothly, after all There is hope.

But now..."

Behold, the green scorpion... seems to have broken a hole? "

Just as this invisible desperate breath silently spreads in the hearts of countless powerful men in the three major stars of the world, the Super Stars in the main control cabin where the two camps of the Terran and the Glorious Temples gather are suddenly ringing. A whisper of a breakthrough.

Through hesitation, it is unbelievable, but more, it is still a strong exclamation...

Some people are mad and shocked, subconsciously turning to look at the holographic screen in the main control cabin, and then the pupils are enlarged, and the eyeballs are almost directly pulled out of the air. This

For a moment, the delightful whistling sounded in the ship's cabin of the battleship's ocean, like a tidal wave, overwhelming..."

God, what happened..."

At the bottom of the barley, there is a clear gap, although it is extremely small, it is not eye-catching, but it is very clear..."

"The green scorpion is broken. Because of some accident, a hole has been broken. Ye Xuan is the late stage of the heavens in the seventh-order world. He must take the opportunity to escape..."

"After leaving the Qing Dynasty, as long as you rush out of the chaos that is like the banned 50 billion nautical emptiness, you can instantly move away..."

"The last line hopes to keep it, we still have the opportunity to be free..."

See you poorly..."

At the same time, in the empty central area of the forbidden land, the original sacred eyes of the wilderness, and the ten powerful heavenly beasts led by the \*\*\*\* scorpion, the smiles on the face are also stunned at the moment. And stop. tight

Then, the eleven powerful heavens existed, and it was like an appointment, and at the same time, a terrible roar..."

Roar! "

"Hey..."

Oh..."

"What happened? How could a void in the void break a small hole?"

"Immediately, I must intercept the Lord of the Demon Temple before he rushes out of the 50 billion-mile banned area..."

boom! "

"Booming..."

The roar of the roar, the eleven figures were all moving, the power of the body was pushed to the extreme, and the direction of the front of the green smashed a hole, blasted away. Bureau

The situation was completely reversed in an instant, and the entire floodland was banned, and the atmosphere in the void was completely stagnation and tension...

...green

Inside! positive

When Ye Xuan wanted to activate the interplanetary coordinate jumping ability attached to the in vivo phagocytic system, and the moment he left, the whole green scorpion suddenly slammed into a shock.

It is clear that the void is disturbed by powerful external forces and is caught in a chaotic rhythm.

Undoubtedly, the shot must be the sorrowful eyes of the heavens and the savage beasts of the heavens and the sacred beasts. Only two or three heavenly strongmen can't do this. brain

After flashing these thoughts, Ye Xuan's whole heart sank to the bottom. This

At one moment, he was really a little panicked. In such a short period of time, the diameter of the original one hundred billion miles of empty space has been reduced to less than 10 billion miles. press

At this speed, I am afraid that there will be more than a dozen interest at the end, and the whole void will disappear completely. At that time, it is the fall of Ye Xuan. positive

When he was in a hurry, the bottom of the barley, more than two billion miles away, suddenly had a gap, letting Ye Xuan stunned and opened his mouth with a dull face...

Forbidden land, the border of the forbidden land is 100 billion miles away...

Since the \*\*\*\* and mosquito-like deities have entered the interior of the banned land, the lions that followed the trails of them have been hiding their bodies, converge, and quiet in the emptiness of the void. I crouched in silence. in

The sorrowful sky and the green eye set a void, waiting for Ye Xuan's arrival, the lion's crouching figure did not even move, but his attention was highly concentrated, capturing a glimmer of the void. Abnormal fluctuations. This

Some faint fluctuations in the energy of the void, for him, just like a clue, you can understand the situation in the front of the banned land beyond 100 billion miles, although it is impossible to know everything in detail, but it can still be mastered...

This is exactly the blood and blood of the lions of the lions, and the special blood circulation ability that wakes up after the thunder and vengeance is awakened. It is not a magical power, nor a secret law, but it is not weak.

This ability is somewhat similar to some of the ability of the starry zerg, and the worms can keenly capture the extremely weak energy changes in the virtual air through the antennae of the body, and obtain information from them. thing

In fact, the lion Wanjin, which is now the Thunder poison body, has far exceeded the Star Ghosts in this respect.

Although there is a imaginary distance of hundreds of billions of miles away, after all, for a month, the energy fluctuations in the forbidden land have been transmitted from the void, even if it is extremely weak, and they have escaped the keen perception of Lion Wanjin.

As early as ten days ago, he knew everything. He knew that the green eyes of the floodland were \*\*\*\* and the mosquitoes and deities were used as bait. They set up a void, and they wanted to bring their own master Ye Xuan. Please join him and kill him. ....in

Before the lion's thunder poison robbery awakened, his whole person from the flesh to the soul, has been completely refining by Ye Xuan with slave printing.

Therefore, after the Thunder poison robbery was fully awakened, there was still no change in this. His loyalty to Ye Xuan was consistent.

Since he knows that his master will be in danger, Lion Wanjin naturally cannot stand idly by, but he has not acted rashly, and he has been quietly pushing for the next ten days.

When Ye Xuan arrived, he immediately felt it. After all, the existence of the late Tiandao period came, and Ye Xuan was not a sneak attack this time, but the Zhengda came to the fore, and the atmosphere in the body did not converge. that

At the moment, Ye Xuan entered the moment of the void, and the lion Wanjin, who had not even trembled for more than a month, finally moved.

He still hides his body shape and converges on the body's breath. This is also the ability of the Thunder poison body to wake up. Although it is not as good as the perfect effect of Ye Xuan's spiritual power secret, it is actually a difference. not much. to

Less, with his current ruthless cultivation as a full force, even the strong existence of the heavenly environment, if not deliberately carefully explored, it is absolutely impossible to find easily...

In fact, with the arrival of Ye Xuan, the attention of the Hongyan Tiandao Qingyan and its ten descendants of the heavenly savage beasts have all gathered together in the void.

They simply didn't bother to pay attention to the other, and they never thought that at this time, some people dared to sneak into the floodplain. complete

Even on the left bank of the galaxy, where the water is deeper, there are eleven strong and imposing places to sit in the town, and it is absolutely extremely powerful. can

Can not be ranked in the top ten, but it is absolutely impossible for someone to dare to easily provoke...

Under such circumstances, the lion Wanjin, who was fully urging the secret law, proceeded cautiously and finally entered the flooded forbidden land, and crouched on the side of the void. he

I didn't start the action immediately, because the situation at that time was not needed at all. Although Lion Wanjin did not know what the interplanetary coordinate jumping ability of Ye Xuan's body engulfing system was, she knew that Ye Xuan had this kind of \*\*\*\* and did not know how to take away. Means without leaving traces...when

At the time, Ye Xuan could not be retained, but Lion Wanjin was extremely skeptical that the arrangement of the blue eyes of the wilderness could not be so simple, so he crouched down.

Sure enough, everything that happened next confirmed his guess. In fact, Ye Xuan also guessed it, but he is also a strong presence of the seventh-order heavenly environment. Knowing such a means requires time to arrange and prepare.

At the time, Ye Xuan did not expect that the \*\*\*\* and mosquito-like deity needed so long to complete his own transformation. His predictions showed errors. Although it was only a short period of two or two, the final result was almost Let yourself be completely in a desperate situation... well

There are lions in the world!

When the sorrowful sky and the blue eyes and the sacred sacred beasts of the sacred sacred beasts, who were headed by the \*\*\*\* scorpion, simultaneously shot and smashed the vast emptiness of the 50 billion mile of the green scorpion, Lion Wanjin shot...he

Still hiding the body shape, converging the body's breath, God unconsciously touched the bottom of the empty space that has been narrowed to only about a billion miles. Of course

After that, I slammed it directly in one bite... Yes, it's the most simple and rude way!

For others, this is obviously impossible. Even if Ye Xuan can't do it himself, his mouth is not so good.

However, the Lion King is different. Since the Thunder poison has been awakened, his teeth have become better and better, and the situation has become more apparent after his self-cultivation has entered the ancient and supreme.

As I said before, his Thunder poison body can swallow everything, and Ye Xuan's engulfing treasure is almost the same, but the devour of the treasure is to devour energy, and the lion's thunder poisonous body is the same as energy, other physical things. Can also swallow, but more troublesome, can only bite one bite.

If he is willing, even if it is a star, he can eat it bit by bit, digest it, and turn it into a food that encourages self-cultivation...

However, if he reveals the blood of the lion family, and his current ruthlessness, he can make a lot of money, which may be swallowed faster. Do not

If you really want to be like this, it will be exposed in an instant.

He is only a first-class absurdity. He really wants to expose his body shape. He was discovered by the ridiculous heaven and earth. When the other party shot, he could definitely kill him before he smashed it...

Therefore, Lion Wanjin did not do this. He still maintained the appearance of the human race, and ate a small mouthful of food at the bottom of the barley.

This is the emptiness of the emptiness of the power of the emptiness of the law of Hongmeng. Even with his heinous rebelliousness, it is very slow to eat.

Even so, under the lion's full force, the short ten is not enough, and the bottom of the green is finally pulled out by a small hole. It is not big, only the size of the fist, but this small hole The meaning is significant. because

For it, it is completely closed, and there is no void in the gap, and it has been destroyed. It is precisely because of the emergence of this gap that only the boxing is big, and Ye Xuan is trapped in the crisis of Qinglan. It was cracked in an instant...

Inside the green!

The original void with a diameter of 100 billion miles has now shrunk to less than 10 billion miles, only about 8 billion miles. press

At this speed, I am afraid that there will be more than ten interest at the end, and the whole void will disappear completely. At that time, it is the fall of Ye Xuan.

Faced with all this, Ye Xuan's whole heart sank to the bottom.

At this point he is really a little panicked.

In fact, by his means, this void is not incapable of breaking through, but it takes time. It is impossible to complete such a short period of time.

Just as he was in a hurry, the bottom of the barley, more than two billion miles away, suddenly appeared a gap in the air, letting Ye Xuan stunned and opened his mouth with a dull face.

"call out....."

In the next moment, with the faint sound of breaking through the air, a mile of mans rushed in from the gap that was only a big punch. Under the flash, it turned into the shape of a lion, and the mouth was called a master... .."

It's you? "leaf

Xuan Xuan stunned, and the eyes were almost out of the way. he

In any case, I did not expect that someone would save himself in this critical moment, and this person is still a Lion King...

Compared with this extreme accident, it is not so unexpected for the lion Wanjin to have reached the level of the past.

The spirit and body of this guy have been completely transformed, and the thunder and poisonous body has been awakened. It is like a reincarnation. It has a horrible ability to devour the treasure that is almost inferior to him.

Under this circumstance, coupled with the lion Wanjin leaving him, there is a short time to go to the outside world to develop and grow on his own. Nowadays, it is a must to enter the world of absurdity.

Even so, it is absolutely impossible for him to make this gap in the void, even if the gap is only the size of the fist.

After all, the void is nothing but the strong law of Hongmeng, even if it is now the strength of the eight-step Ye Xuan, although it can be broken, it is absolutely impossible to complete in a short time, at least three Ten years of time...but

In fact, from his entry into the void, and then the flooded Tiandao Qingyan closed the crack entrance that was originally 10 million miles in diameter to the present, and there was no past thirty interest...

Ye Xuan really can't figure out how lion Wanjin did it. At this time, the whole brain is awkward, squeaky, and the expression on his face is just like a ghost, and it is very brilliant. "

This is the strength of the law of Hong Meng's emptiness..."

After his breath, he finally returned to God, his body shape was micro-shock, while he was calming down, he asked subconsciously, the words were full of emotion: "You...how did you do it?" "

Good mouth, hard-boiled..."Lion

Wan Jin simply replied, and then he returned to the fist of the fist behind him. He replied: "Don't we should go? Heavenly eye should have already discovered..."

In a word, he reminded Ye Xuan that although he said that the lion's mouth was good, and he was deeply suspicious, but it is not the time to go deep into it. One

In terms of the facts, the blue sky must be aware of the anomaly and should be rushed forward. another

On the one hand, this boxing gap, which was just suspected to have been smashed out by Lion Wanjin, has been reduced by half. This

Obviously, it is the result of the influence of the law of Hongmeng's void, and there must be another one or two interest periods. This gap has to be closed again. thing

In fact, the work of these two sentences has been reduced to a void of only more than eight billion miles. It seems to be a little smaller. Today it is less than six billion miles. At most, there are six more. It will disappear completely...

The situation is already hundreds of millions of people, and it is impossible to delay!

"Hey..." brain

After flashing these thoughts, Ye Xuan did not continue to delay. He waved the lions in front of him directly into the inner space of the Shennong Ding Ding, and then his shoulders swayed, and the whole figure instantly became a mile. At the bottom of Fang Qingyi, this has been narrowed to a gap of only half a punch, and rushed out...

At the moment of rushing out of the gap, Ye Xuan has been hanging in the eyes of the blind man, and finally put down half, but only half of it, because it is not really out of the woods. he

Although it has rushed out of the void, the void outside the green is also in chaos, and it is vast, with a total of 50 billion miles. in

Within the chaotic void of 50 billion miles, Ye Xuan is unable to activate the interstellar coordinate jumping ability attached to the body's engulfing system, and it is easy to leave in this way.

The sharp sound of the air broke out, and the body shape rushed out from the bottom of the void at the bottom of the blank box. Ye Xuan's power of knowledge expanded and explored the nearest distance, and then hesitated, the power of the body was fully motivated. Under the sway of the shoulders, the whole body was transformed into a mans, the speed surpassed the lightning, and rushed forward...

"Roar!"

"Damn, I was really escaped by you..."

Just at the same moment, behind the tens of billions of miles behind, the horror of the sorrowful sky and the blue eyes of the sorrowful sky passed over, revealing a sigh of anger and anger.

He was really angry, and he saw that everything was going to be completed. At the time of the final harvest, there was such an accident. Until now, he did not understand the gap at the bottom of the void, which was only the size of a fist. How did it appear? of.....

But it didn't matter. When I saw Ye Xuan's body shape rushing out from the gap at the bottom of the green barley, the whole heart of the green sky and the blue eye had already sunk to the valley. He realized that today I am afraid of another bamboo basket. The water is empty. Do not

After all, Ye Xuan is still in the chaotic void of 50 billion miles, and he is unable to exert teleportation ability. It is impossible to directly provoke his enchanting and horrible secret.

As long as there is still a line, he will not give up.

"Roar!"

"Hey..."

"Hey..."

In the horror of the sky, the blue sky and the sacred sacred beasts headed by the scorpion and \*\*\*\* scorpion, all of them push the power of the body to the extreme, turning into eleven powerful and extremely fast rays. Two copied from the back of Ye Xuan...

Unfortunately, everything is still too late. leaf

The position that Xuan rushed out from the bottom of the void, only the nearest 20 billion miles away from the edge of this chaotic void, and he chose this direction. Two

Ten billion miles, for Ye Xuan, who has reached the eighth level of heaven and earth, is just a matter of a moment.

In the moment of his body swaying, he has activated the interstellar coordinate jumping ability attached to the body's engulfing system. The body shape has just rushed out from the edge of this chaotic void, and the interstellar coordinate jumping ability is instantly activated..."

The road was flashed, and Ye Xuan's figure was shrouded. Under the flash, he immediately disappeared with his body shape. The traces of the clues never left, completely... no traces to follow!

"Hey..."

At the moment, the sorrowful eyes of the sorrowful sky are full of unsettled whistling sounds, which rang through the vast flood plains...

Chapter 5097: Scared yourself

Hongmeng Nether, an endless dark zone far from the banks of the Milky Way, near the source nest of Stars..."

call out....."

The faint sound of the air broke out, and a slight invisible quiet flashed, and then Ye Xuan's figure appeared. he

Just left from the floodplain in the middle section of the left bank of the Milky Way, activated the interstellar coordinate ability attached to the body's engulfing system, and the locked jumping coordinate point is near the source nest star base camp...not

A long time ago, after returning from the endless stream of emptiness, he took the opportunity to go to a source of nest stars, but it didn't last long. Because the army of the temple was in trouble, he left in a hurry. this

Engraved, his body shape appeared, directly rushed to the source of the nest in front of the virtual sky, the gods explored and went, the source nest stars are quiet and incomparable, even if far away, you can faintly see the source nest The land table of the stars. eye

Next, that morning, there were some savage beasts and demons on the patrol. As he became a man, he went straight to the source of the stars, and the squad of demons and beasts immediately swarmed, all of them. Very happy.

Ye Xuan did not stay here for too long, and then went to the ground and walked directly into the inner space of the life giant plug. Such as

Nowadays, the interior of the entire source nest has been swallowed up by the Longye Life Giants. Under the superficial layer of rock, it is the huge life plug, huge and incomparable, and its internal use of space folding technology, So looking at it in a vast expanse, you can't see the end.

The news of returning again was quickly passed back by the patrol team encountered by the Star Land Watch. There are a large number of starry beasts rushing around, and it is clear that you can see the sea,

the Cang Qingyu, and the Nebo Mountain. , Gu guess, Li Mo, Zuo Fengtai and other magic people strong figure.

Including the eight King Kong, Feitianyu, and the silver cockroaches are also spurting, everyone is very excited, this time he left the time soon, the eight King Kong, flying scorpion, silver scorpion, and return The repair of the genus of the sea, such as the sea, is still the same. This

In the past few years, the hearts and minds of the people who have stayed in the source nest stars have been practicing with one heart. Nowadays, their strengths have been quite extraordinary. The flying scorpion and the silver scorpion are the supreme, and they are not far from the ancient powers. .

The Eight Great King Kong and the returning sea, the Cang Qingyu, and the leader of the Devils, such as Naibo Mountain, Ba Gu, Li Mo, Zuo Fengtai, are now the masters of the universe, and still in the late stage of this, from the universe supreme Not too far...to

The 20,000 magical powerhouses under the guise of the sea and the singularity of the singer, all without exception, have the power of the universe.

Although it is only the beginning, but as long as there is a large supply of cultivation resources, I believe that in the near future, the entire 20,000-strong Demon Legion will be re-improved. he

It has always been the 20,000-magic army that has returned to the sea and Cang Qingyu, as an elite ace team, and I have not known how many top-level cultivation resources have been invested in these years. Such as

It seems that the results have been extremely amazing today, but today is not the end. Everything will continue. I think that soon after, there will be a Demon Legion composed of 20,000 universe members. Ye Xuan feels very gratified. but

This elite, the earliest follower of the demon who followed him, finally reached the height, and he was expecting it.

In addition to the Devil's Legion, the old pigs smashed the starry beasts in the army of 10 million beasts, and the strength of entering the country is also amazing. The last time Ye Xuan left the old pig, the beast

There are already seven early great powers in the army. After all, when Ye Xuan left, he left a few twenty-eight-level power Baodan.

At that time, there were nine cosmic masters in this beast army. Tens of years passed, and seven first-order powers were born. It was normal. Now it has been several years, and the other two universes are supreme. The beasts have also entered the big power. Now

In the whole army of the beastly beast army, there are nine in total. As for the cosmic lord and the master of the universe, there are thousands of them. Yu

At least all of them are the strengths of the emperor's immortality, and the emperor is ten thousand. This is definitely an elite army of fierce beasts!

After a few laughs with the generals of the left-behind source nest base camp, Ye Xuan suddenly remembered something. When he waved his hand, he directly took the lion and the \*\*\*\* and mosquito-stricken deity from Shennong Baoding. Called out...he

Among the three of them, the lion Wanjin and the \*\*\*\* scorpion had been in the source nest star base camp before. It is no stranger to it. However, the mosquito squad is very curious. Looking around, the face is sometimes shocked and surprised. The color. it is good

After all, he also came from the three major star planes of the world. He had been exposed to modern technology elements before, so although he was shocked by the huge and high-end of the Longye life giant plug, it was not unacceptable and quickly adapted. "

What happened in the past? The punch at the bottom of the void is..."

Soon, Ye Xuan mentioned the business, turned to the side of the lion Wanjin looked over, the face looks serious and reveals a strange meaning: "Isn't it really you sip it out?"

"Yes master..." Lion

Wan Jin's face was calm and nodded back: "Since my soul and blood has changed and I have awakened the Thunder poison, I have mastered some unique abilities. For example, the thing you just mentioned is one of them. One..."

Here, the lion Wanjin seems to suddenly think of something, the face is showing a depressed color, there is some helplessness in the vagueness, shaking his head and smiling: "But the empty scorpion is after all the power of the law of Hongmeng void. It's not the general tenacity. It's definitely the hardest thing I've ever had."

"At the time, I just took out such a big gap, and the roots were a bit numb..."

The meaning of this discourse is clearly in the rhythm of blaming the empty sky and being too tough and uncomfortable to pick up.

These thoughts flashed through the brain, and Ye Xuan was dumbfounded on the spot. He looked at the lion Wanjin with a sly look, and he was completely shocked by him, and he was directly like a Thunder.

The emptiness of the emptiness is the result of the law of Hong Meng's emptiness. Even if Ye Xuan can break it, it takes a short time, and it also needs to use all means, such as Shennong Nine Flame. Even the sacred \*\*\*\* mind that includes the has to be used.

However, Lion Wanjin was so simple and violent. He used his teeth to bite and smashed the void into a fist-sized gap. This

What is the metamorphosis of the good mouth is no one, if not witnessed before, Ye Xuan can not imagine, even if someone patted his chest to talk to him, it is impossible to believe.

In a cranky thought, suddenly a flash of light flashed through his mind, and a very bold idea came out. When he was caught off guard, he was shocked by himself... lion

Wan Jin's words allowed Ye Xuan to determine his horror ability. He never imagined that Lion Wanjin was so simple and violent. He actually used his teeth to bite and smashed the void into a fist-sized gap. Come. This

What is the metamorphosis of the good mouth is no one, if not witnessed before, Ye Xuan simply can not imagine...

Just like this, he suddenly flashed a glimmer of light in his mind, and a very bold idea came out, and he was too late to prevent it... It was a shock to himself!

In theory, the emptiness in the previous banned land is condensed by the power of the law of Hongmeng, and the invisible diaphragm that holds the entire galaxy of the galaxy is also the cohesive force of the law of Hongmeng... ..two

The essence of the person is the same, but the intensity is different.

For example, the empty space in the floodplain, today's Ye Xuan, in the case of the means, it takes a little time, can still be broken. but

That layer is the invisible diaphragm that protects the entire Galaxy system. With Ye Xuan's current strength and means, it is impossible to rely solely on his strength.

But after all, it is not absolutely indestructible and unbreakable. to

Shaoxingbo and the headless baby corpse have successfully broken it, and then rushed into it and entered the interior of the Milky Way. when

However, even the Xingbo and the headless baby corpse, after exhausting their thoughts and means of arrangement and implementation, succeeded in making a small hole in the invisible diaphragm covering the entire Milky Way, but the hole bridged the speed of repair. It's extremely fast, it's just awkward, it's just a flashback, it's just back to the beginning...

But it doesn't matter, as long as the lion's perverted good mouth can smash this layer of invisible diaphragm, even if there is only a tiny hole like a pinhole, even if there is only one tenth of a moment, the moment is immediately Under the influence of the extremely powerful law of Hong Kong's void, it is quick to repair the bridging... For Ye Xuan, it is also enough.

With such a tenth of an instant, he can definitely take the opportunity to rush into the interior of the Galaxy! when

However, whether this matter can be successful or not is still unknown, but at least worth a try..."

Go, I will take you to a place..."

After the decision, Ye Xuan no longer hesitated, turned to look at the Lion Wanjin, and then easily waved his hand and blood and mosquitoes to the deity of Shennong Ding. Following

However, Ye Xuan and Hai Haiyi and the Eight King Kong and others have confessed to it, even if they left the source nest star base camp. This

Once, the destination he was going to was the darkness at the end of the right bank of the Milky Way. whole

The Milky Way star field is vast and innocent, and it is covered by an invisible diaphragm. In fact, Ye Xuan can try it out everywhere, but there are a forbidden land and a remnant star field on both sides of the Milky Way. This is too amazing. When you are peeked out, it will definitely lead to unnecessary trouble. complete

The reason why the forbidden land and the survivor's star field existed on both sides of the Milky Way was because of the Milky Way. This

Some of the fierce beasts and the powerful beasts and survivors of the survivors have already waited for endless years on both sides of the Milky Way. The only thing they can think of is to enter the galaxy and compete for the next era.

If you let them know that Lion Wanjin has such a good metamorphosis, you can cover the Galaxy Stars, and the invisible shield formed by the force of the powerful law of the Moon and the Moon will bite out a small hole, allowing people to enter early. I am afraid that all the beasts and the benefactors who know this news will be crazy about it.

Therefore, in order to avoid people's eyes and ears, so as not to cause unnecessary trouble, Ye Xuan decided that the matter was still in the darkness of the two sides of the two shores where there was no starry light, but there was no forbidden beast and the survivor's star field... a few

After the day, the destination arrived, the front is already dark, only a few stars on the left side are faintly visible, there is the Milky Way. "

call out....."

In a wave, Ye Xuan summoned Lion Wanjin from the inner space of Shennong Ding Ding, took him to the edge of the Galaxy Star Field, and reached out to the front of the hand: "A moment you try, see if you can move ....."

I..."Lion

Wan Jin second understands, his face is showing a dull color, obviously some have been thundered, he never thought about this kind of thing, and he did not dare to try it, covering the entire Galaxy star field, and holding it to endless years This layer of invisible barrier diaphragm can be broken so easily? "

Oh..."

When he was dumbfounded, Ye Xuan had already started the action, and a wave of volleys rushed to the front of the Milky Way.

"Oh..."

The fast, low humming sounds, the glare of the glare, and the front of thousands of miles away, the front of the mansions has a layer of sinuous diaphragm, only about a hundred feet, other areas are No similar diaphragm was shown. This

This is what it should be. The entire Galaxy Star Field is so vast and innocent, although it is covered by an invisible diaphragm that is condensed by the force of a layer of emptiness.

But it is also impossible for the impact force to appear at any position, and the entire huge invisible diaphragm covering the Milky Way star field appears.

Today, this ruthless man has hit up, showing that the diaphragm is only a hundred square feet, but if it is considered that there is no barrier in the area where there is no diaphragm, then it is wrong.

Do not believe that another mans will be sent to other positions, and there will also be a diaphragm immediately...

"Come, try it out..."

This piece of the diaphragm was only a hundred feet away. Ye Xuan turned to the lion Wanjin and looked at it. He pointed his finger at the front of the mile and the sinuous diaphragm that appeared in the void. Give it a try. All

This way, it is impossible to see that it is not a mouthful. lion

Wan Jin's face showed a depressed color, but he did not say much. The entire body shape immediately turned into a masculine masculine.

In the blink of an eye, in front of the diaphragm of the hundred square feet, slightly adjusted the strength of the body, took a deep breath, and then directly opened his mouth. Do not

Needless to say, this scene is really strange to the extreme, if at this time there are some stars and beasts on the banks of the Milky Way or the survivors of the survivors pass by, cold and not see such a scene, there are people lying in the invisible wall covering the entire Galaxy star field I'm going to blow my mouth directly on the barrier, I'm afraid I'm going to laugh on the spot... but

The face of Ye Xuan's face is a very expectant expression. Although his grasp is not great, at least he has expectations. After all, Lion Wanjin has directly smashed through the floodplain. That void is green.

Unfortunately, for the toughness of the invisible barrier diaphragm that covers the entire Galaxy Star, he is still underestimated. After all, the lion has been stunned for a long time, and there is no movement at all. It seems to be giving up and turning bitterly. First looked at him... though

However, Lion Wanjin had previously slammed through the hollow of the floodplain, but Ye Xuan's toughness to cover the invisible barrier of the entire Galaxy star is obviously underestimated...

Lion Wanjin stunned for a long time, but there was no movement at all. In the end, it seemed to be giving up. He looked at him bitterly and turned to him. He said pitifully: "Master, the roots are sour... I can't bite! "

"Bite?"

Xuan's face showed disappointment, and subconsciously turned to look at the position where he had previously squatted...

For a moment, his light suddenly lit up and he took a sigh of relief: "This is... tooth print?"

In the line, the position of Lion Wanjin just under the mouth, there are clearly a few clear teeth printed on the barrier diaphragm of the shackles. At this time, perhaps because of the influence of the law of Hong Meng's emptiness, this place was smashed. The stenciled barrier diaphragm is repaired. Place

So, these few clear teeth are slowly disappearing..."

That's right, after a long while, I left a few tooth prints and soaked the roots of the roots. It's really stunned..."The lion

Wan Jin also looked back at the barrier of the barrier, and his face was bitter: "Master, this thing doesn't have to be pondered, it is impossible..."

"This is still screaming? You are all out of your teeth."

Xuan Xuan took a few moments to return to the gods, and his face instantly showed an excited look: "This is the strongest barrier that the power of Hongmeng's law is condensed, and it can be picked up by you. Printed, this alone is enough to explain the problem..."

Halfway through, he once again turned to look at the Lion King, and the color of encouragement was revealed: "It should be because your cultivation is not enough, it doesn't matter. After all, you are only a step by step..."

Only the first step can be used to remove the most powerful barrier diaphragm from the tooth print. If it is repaired and then upgraded to a big realm, it will reach the first level of heaven and earth... Tens and nines will succeed!"

According to his derivation, the result is indeed the same. After all, the gap between the first step of the ruling and the first level of the heavenly world is like a scorio and an abyss.

What's more, what Ye Xuan wants is not to pull out a large hole in this barrier. All he needs is a small hole with a pinhole. Even if it exists for only one tenth of an instant, it is enough... ..

"Well, then... I will try again later!"

The meaning of Ye Xuan is clearly that he will continue to linger in the future, and the bitterness on the face of Lion Wanjin will be even stronger. Do not

At the moment, he is still only a step-by-step ridiculous. It is still far away from the heavens. Therefore, although his heart is depressed, he suddenly feels relieved. At least he doesn't have to go on like this anymore. Sour...

"However, this layer of barriers covering the entire Milky Way has no need to try again, but we have another chance..."

On the other hand, Lion Wanjin just sighed a sigh of relief, and Ye Xuan suddenly turned sharply. Hearing this meaning is still awkward, and the heart that just fell on him suddenly hung to the eyes of the blind man. Looking to Ye Xuan.

"Don't worry, according to my deduction, this time I should not be able to return without success..."

Looking at him, Ye Xuan comforted two sentences, and then continued to follow: "Although the layer of invisible barriers covering the entire Galaxy star field, you still can't move for a while, but those who cover a source of nest stars. The barrier diaphragm must not be so tough..."

According to my deduction, the barriers that cover the source nest stars, although must be above the intensity of the void in the previous floodplain, can be compared with the invisible barriers that cover the entire Galaxy, but definitely weaker. a lot of....."

Even if your current cultivation is only a stage of absurdity, it may not be as easy as picking up the void in the floodplain, but as long as you spend some time and your mouth, you should still be able to move..."

"In this vast and innocent Hongmeng void, there are a total of 3,000 source nest stars. Because the whole Hongmeng void is too vast, and it is dark, these 3,000 source nest stars are not very easy to find, even in some positions. The extremely remote source nest stars, I am afraid I have never been discovered by any existence..."

But before I found the Milky Way, I happened to encounter some source nest stars in the void and recorded their null coordinates..."

"These source nest stars are all covered by a layer of invisible barrier diaphragm, which is no longer accessible, indicating that the chaotic seeds that have been bred inside have already sprouted..."

"Each chaotic seed will eventually produce a chaotic demon god, a total of 3,000 source nest stars, and eventually will produce 3,000 chaotic devils, these three thousand chaotic devils, is the protagonist of the next Hongmeng era, even if It is the blood descendants that they will bear in the future, and they will all be the congenital creatures of the next Hongmeng era..."

Oh, no, there are no more than three thousand chaotic devils, at most 2,999,000, because there is a source nest star has been destroyed by me, transformed into a source nest star base camp..."

At this point, Ye Xuan took a deep breath and the light in the sigh was even more fierce: "The three thousand source nest stars, we want to be in the hands, it is impossible, but just like stealing Heaven generally masters a small part of it, but it is completely ok..."

The chaotic seeds in the source nest stars are still gestating, and there is no awareness at all. As long as they can cover the source nest stars and form a protective hole, the invisible barrier diaphragm will form a small hole. Some of our special halls have special The upper level of the blood can enter the source nest stars..."

"Once you occupy Nestle, you successfully replaced the chaotic seed that is still in the breeding, and even swallowed it. In the future, the new Hongmeng era will be opened. When it turns out, it will be transformed into a powerful chaotic demon. This is also the same as the capture of the next Hongmeng era."

Shi Yexuan is not unfinished. The biggest chaotic source nest that breeds the power demon in the three thousand source nest stars is now occupied by one of his avatars. Once he is born, he will become his most Strong strength is divided.

With this successful precedent, and now there is a way to enter the closed source nest star, Ye Xuan naturally hearted, turned to look at the Lion Wanjin: "Or, we ... try one first?" One

Listening to this, Lion Wanjin almost mourned on the spot. At this moment, he is not good for the whole person. I really want to tell Ye Xuan that he is not worried about returning, but he is worried about how many times he will The teeth are falling apart...

It is a pity that with his loyalty to Ye Xuan, this kind of words can never be said. The unwillingness in my heart is only because of the instinct consciousness caused by the bitterness of the teeth, but this kind of consciousness will not go to the leaves. Xuan's willingness to face each other, Ye Xuan really wants him to keep his mouth down, and the lion is more worried about his teeth, it will not resist...

Chapter 5098: bite!

At this time, if the matter mentioned by Ye Xuan is spread out, it will be earth-shattering, and the entire Hongmeng void will have a terrible earthquake for it...

He has not done this kind of thing. The biggest chaotic source nest that breeds the power demon in the three thousand source nest stars is now occupied by one of his avatars. Once he is born, he will become his most Strong strength is divided.

In fact, the deity, including the madness of the madness, has also entered a source nest star. This matter, \*\*\*\* blood has passed through the body and the blood of the madness of the king.

According to Ye Xuan's estimation, he coincided with his original idea, and successfully entered the existence of a source nest star to steal the day, definitely not only the crazy mosquito king. Have

The precedent of these successes is that the feasibility of this so-called stealing plan is no longer necessary.

In fact, Ye Xuan had the idea of carrying out this kind of stealing plan before, but this matter depends on the chance. If the chaotic seeds in the source nest stars have not yet sprouted, they can enter. can

Once the chaotic seeds in the inner star nucleus of the source nest star have sprouted, then the supreme rule of Hong Meng's void will feel a moment, and an invisible barrier diaphragm will be brought to an instant, and the source nest star will be held up, and it will no longer be possible. enter.

In the past, the reason why Ye Xuan did not expand the plan for stealing the sky on a large scale, letting his own confidant with a special blood vein enter the nest of a source of stars, and it is the reason for Nestlé. he

The source nest stars encountered are almost all the chaotic seeds in the inner star nucleus have sprouted, and the existence of the invisible barrier diaphragm covering the source nest star has been activated, and it is impossible to enter.

But now it is different. Because of the lion Wanjin, Ye Xuan is very likely to have mastered the way to enter the closed source nest star, so he naturally feels heart. this

When the brain was flying, it was confirmed that the matter was indeed feasible, and after the chance of success was great, when he was excited, he even turned to look at Lion Wanjin: "Or, we... try one first?"

Upon hearing this, Lion Wanjin almost mourned on the spot. The whole person was not good, but for Ye Xuan's order, he could not violate it. Although his face was bitter, he still nodded and agreed.

Ye Xuan is also an acute child. In addition, this plan to steal the sky is really different. Now that he has decided, he can't sit still, even if he decides to try. complete

In fact, whether this plan can be carried out as intended, and one of the most critical issues is not certain, is whether Lion Wanjin can cut a hole in the invisible barrier of the source nesting stars. Such as

If this thing can't be done, then everything else is meaningless. The so-called stealing plan is nothing but fantasy.

Such an important key link, Ye Xuan is now the most urgent thing to do, is to determine the matter, in any case, first find a source nest stars, let the lion Wan Jin try it, you will know the final result. ..."

call out! "micro

The weak sound of the break sounded, Ye Xuan waved, and directly lion Wanjin was included in the inner space of Shennong Ding in the body, and then directly tore the void, stepping into a void crack, the body shape disappeared without blinking... ...two

After the day, Ye Xuan arrived at a remote location in Hongkong's void, and there was a source nest star in front. It was the source nest star that he had previously found in the vast and innocent Hongmeng star, looking for the Milky Way star field. One. This

The source nest star, Ye Xuan encountered a lot of time, after all, he entered this piece of Hong Kong void, but it took decades to find the Galaxy Star. in

During this period, I have almost always been wandering in the boundless darkness of the sky...

In the past ten years, the source nest stars he found have hundreds of stars, but the most innate source of the power of the devil, in addition to his power, and the transformation of his source into the nest

base camp. In addition to that one, when other source nest stars were found by Ye Xuan, the chaotic seeds inside the star nucleus almost all sprouted.

It is for this reason that Ye Xuan cannot enter it.

However, although he reluctantly retired, but the hundreds of source nest stars in this vast position in the vast air and the void, but all recorded by him. when

It was only a moment of whim, and it was a matter of hand, but I didn't expect it to be used now. Otherwise, if I did not record the interstellar coordinates of the hundreds of source stars, I'm going to go now. Looking for it, I am afraid it will take another period of time...

At this moment, in the void of the universe beyond 100 million miles ahead, a huge source nest star is clearly visible, dark, no light is scattered, the power of the gods is extended, and even less energy is explored. It is exactly the same as the general abandoned star.

However, Ye Xuan has already had experience, and he can immediately discern the ordinary abandoned stars and the source nest stars. This one is one of the hundreds of source nest stars he encountered at the beginning...

"call out....."

Before and after, Ye Xuan waved his hand and immediately called Lion Wanjin from the inner space of Shennong Ding Ding. He reached out and pointed the star in front of him: "Hey, there is a source nest star, you try it later, see if you can Come out with a hole..."

"I..." lion

Wan Jin's face showed a depressed color, and apparently did not expect Ye Xuan to find a source nest star that made him swear. Yu

In the boring, he suddenly thought of something, shaking his head and screaming, and then he said: "After entering the Ding inside space of Baoding, the \*\*\*\* and mosquito-stricken deities know this, let me tell the master, they... ..and want to enter the source nest star!"

Let Ye Xuan take a look, but soon understand. Crazy

The reason why the deity of the Mosquito and the Mosquito and the Old Ghosts entered this piece of Hong Kong was on the one hand, looking for Xingbo and the followers around him, but this matter is meaningless now, and the guys have no one. Something is human. except

In addition, another thing naturally is that we also want to compete for the next era of glory.

At this point, the deity of the crazy mosquito king walked in front of the Mosquito deity, and he has already entered a source nest star, successfully stealing the sky.

In view of this, it is naturally understandable that the Mosquito deity has this idea. to

In bloody, although he has now returned to his ancestors, he has become a savage mosquito, but the ancient murderous mosquito is only a congenital beast. It is the blood left by one of the three thousand chaotic devils of this era. Such as

Now I have the opportunity to enter a source nest star, to seize the creation, and become one of the three thousand chaotic devils that will be born in the next Hongmeng era. Bloody nature will not miss it...

So good, the blood and talent of the two of them are extraordinary, they can enter a source nest star, and later born as the Chaos Devil, it is also a great help for Ye Xuan.

Thinking of this, he did not hesitate, and he waved the \*\*\*\* and mosquito-stricken deities from the inside space of Baoding in the body...

The lion Wanjin figure appeared, and the first time he told Ye Xuan about the idea of bloody and mosquitoes.

Although he stunned, he did not object. This

The sample is also good. After all, the blood and talent of the \*\*\*\* and mosquito-like deities are extraordinary. They can enter a source nest and star, and will be born as a chaotic demon in the future. It is also a great help for Ye Xuan. miss you

At this point, he did not hesitate, and he waved the \*\*\*\* and mosquito-stricken deities from the inside space of Baoding in the body...

"call out!"

The faint sound of the broken air rang, and the two awns waved with Ye Xuan, and the emptiness in the sky not far away came to an abrupt end, turning into the body shape of \*\*\*\* and mosquito-like deities.

The figure of the two appeared, and the source nest star in the void in front of the billion miles, naturally understood everything, did not say anything more, just turned to look at the lion Wanjin, 眸中精芒迸All of them reveal a sense of expectation that is thick and can't be opened..."

Oh..." this

At the time, Ye Xuan had already started the action, and a wave of volleys rushed away, rushing to the source of the stars in front..."

Oh..." very

The fast, low-pitched humming sounded, and the glare of the glare went away, and the source of the nesting star was abruptly stopped thousands of miles away. tight

Then, under the slight mansibility, there is a layer of sinuous diaphragm, only about a hundred feet, and other areas do not show a similar diaphragm, the same as when trying in the Galaxy Star Field...

Then, with the sputum diaphragm appearing, Ye Xuan turned to the lion Wanjin and looked forward. He did not say anything more, but the meaning was self-evident. Kim shot a try.

"Ugh....."

Lion Wanjin bitterly sighed and sighed, his face was showing a depressed color, but it was not honed. His shoulders swayed and his entire figure instantly turned into a glare.

The blink of an eye has already reached the front of the scorpion diaphragm, which slightly adjusts the strength of the body. It takes a deep breath, just like eating, and opening your mouth...

The scene of a scene is really strange to the extreme, the existence of a seemingly survivor of the powerful, actually squatting directly on the invisible barrier of the envelope of the stars...

This is simply horrified. Although the \*\*\*\* and mosquito-killing deities on the side have already been psychologically prepared, they are still dumbfounded, but they are still dumbfounded, and their eyes are almost out of the way...

It is Ye Xuan who seems to have been used to it. Seeing that Lion Wanjin has already begun, his shackles are instantly smashing out the fierce and incomparable ergonomics. The position of the lion is locked in the position of the lion's mouth, looking forward to the color!

This time, Ye Xuan was not disappointed... he

It has been deduced before, although this layer of invisible barrier diaphragm covering the entire Milky Way star field, the strength of the lion Wan Jinyin and the current repair is still not moving, but this wall covering the source of a nest of stars The barrier diaphragm must not be so tough...

The barrier diaphragm that envelopes the source nest star must be above the strength of the void and the invisible barrier that covers the entire Galaxy star field, but it must be weaker!

This point was only Ye Xuan's speculation, but it has now been confirmed. Take

Lion Wanjin is only the first step of the cultivation of strength, and the invisible barrier that sets off this source of nest stars is not as easy as the empty sky, but it is just a little time and mouth. Only. most

In the end, he still moved...

Time is still acceptable, it only takes two hours, not too long. thing

In fact, from the lion Wanjin 踞 to the upper and lower mouth of the barrier of the block, Ye Xuan's gaze has been locked in his mouth.

At that time, it was about a dozen or so mouths, and a tooth print appeared on the barrier of the Baizhang square. This

The invisible barrier diaphragm that protects the source of the nest star, after the impact of the external force, if the external force of the impact does not continue, at most, it will be a while, and the barrier diaphragm that appears will slowly disappear. Can be seen again. can

Nowadays, since Lion Wanjin has been squatting on the top of his mouth, there is an external force that continues to exert its effect. Therefore, the barrier of the barrier that has emerged is not hidden, and it has always existed. when

When the first tooth print appeared, Ye Xuan's whole heart hung to the blind eye. This is what it should be. He was not surprised. After all, he used to have a previous one in the Galaxy's field. The tooth prints.

The key is how the situation after this tooth print appears...

Soon, similar dental prints became more and more, appeared in two rows, and deeper and deeper. It is clear that this barrier diaphragm is being eroded by the lion's mouth.

As long as he can hold on and keep on doing so, he will be able to pull it out of a hole. After all, this barrier is only very strong, but not very thick.

When the barrier was smashed off a small layer, Ye Xuan turned to look at the \*\*\*\* and mosquito-killing ghosts. Although he did not say much, the meaning was not to be said. . One

Once the barrier diaphragm was pulled out of a small hole, the entrant must be rushed into it when it was in full swing. Otherwise, once the small hole that was pulled out was affected by the force of the emptiness of the law Under the bridge repair, Lion Wanjin may have to cry out on the spot.

Moreover, a source nest star can only enter one person who steals the sky. Therefore, Ye Xuan turns to look at the \*\*\*\* and mosquito-killing deity at the moment, that is, let them prepare well, and they must first negotiate, this source. Who is entering the nest star?

Otherwise, when the two men rushed out at the same time, if they all entered the source nest, they would be in trouble. The source nest stars could only breed a chaotic demon, and other life beings would be wiped out and turned into a chaotic god. Energy nutrients, if both of them go in at that time, Lion Wanjin will have to take out the small hole and let them come out one...

If you really want that, Lion Wanjin estimates that he wants to die.

The \*\*\*\* and mosquito-stricken deities clearly understand the meaning of Ye Xuan. The two exchanged a look, and soon there was a decision. The \*\*\*\* one took a step back, and the Mosquito deity promoted the power of the body to the extreme, the dawn. Chiseling, staring tightly at the place where the lion is in front of the mouth.

At this moment, his whole person is like a string that is tight to the extreme string, and it is possible to rush out at any time, like the arrow of the string...

In the silence, the atmosphere slowly became a little nervous, and the other Ye Xuan in the back waited for a time to touch a column of incense, and in the meantime, the lion Wanjin in front of him had been licking his teeth there. end

Between the two rows of dental impressions left on the barrier diaphragm, there is a hole about the size of the fingernail, which has a fascinating energy and is extremely pure.

"Oh..."

There is hesitation, the mosquitoes and the deities of the gods are flashing, and the whole person is instantly turned into a man, and the glare is gone. The blink of an eye is drilled into this small hole and enters the source nest, and disappears... ..

Chapter 5099: Lei Ling wants to enter the nest

Huang Tian pays off!

After two more hours, the lion's metamorphosis was left between the two rows of teeth on the barrier diaphragm, and finally a hole about the size of the fingernail appeared.

In it, it radiates a stimulating energy, pure and incomparable... broken

And finally smashed!

mosquito

Tu Bunzun did not hesitate, and with the flash of his brilliance, his whole person instantly turned into a masculine rush. blink

The eye drilled into this small hole and entered the interior of the source nest, and it disappeared! "

Hey..."People

All went in, and Lion Wanjin naturally would not continue to squat. This is not a good thing, he immediately stopped. under

For a moment, the low humming sounded, and the hole, which was only the size of the nail cover, instantly merged at a speed visible to the naked eye. package

The two rows of teeth next to the hole are also quickly blurred. This

It is precisely after the disappearance of the external force that has continued, the force of the law of Hongmeng, which condenses out the invisible barrier, is in the recovery of it.

The speed is too fast. Previously, Lion Wanjin took out the hole of the size of the fingernail and spent nearly three hours. But now, just the three interest, everything has disappeared, and this piece of the sky in front of the sky On the square barrier diaphragm, not to mention the tooth print, there is no trace of it...

Only by this point can you see how powerful the power of the emptiness of the emptiness of the law of the emptiness of the emptiness of the emptiness of the emptiness of the law of the emptiness of the emptiness of the emptiness of the law. Only a little bit of grinding, this hole was pulled out. no

Then, if he is taking a break for a while, even if he is killed here, it is impossible to find the hole of the size of the fingernail. "

This time, it's really hard for you..."

In the middle of these thoughts, Ye Xuan's face suddenly showed a apology. He turned to the side and lion Wanjin, who was holding a slap in the face, looked at him and asked with concern: "How? Bad? Is there any injury?"

"Fortunately, the injury is not enough, the roots are too sour..."

One concern, in a short period of time, let Lion Wanjin regain his spirits and sternly nodded and said: "However, at least three days of rest, you can take another one..."

The guy seems to have found an addiction, this time Ye Xuan has not said it, he put it out.

Seeing Ye Xuan's dumbfounded voice, Lion Wanjin just grinned and smiled quite a bit. "Although it's not easy, but I've just lost all the size of the fingernails, I've swallowed it up. It's really good. Just a little bit, actually made the repairs obviously increase some..."

After a long while, it turned out to be the case. After Ye Xuan's enlightenment came over, he suddenly turned his eyes. Look

It's really a sweet taste to come here, maybe it's really addictive.

But a little thought, this is what it should be.

After all, this invisible barrier diaphragm can be condensed by the power of the law of Hongkong and void, but it is the most pure law energy, and the level is extremely high, even above the heavenly power.

Don't look at the point where the size of the fingernail has just been removed. Although it is inconspicuous and too small, it is definitely the most top cultivation resource. when

Of course, this kind of cultivation resources can't really get the hand, and only the versatile good mouth of Lion Wanjin has a chance to taste it.

And even if he can't arbitrarily eat and drink, he will be so little at a time, and have to rest for a few days afterwards... No

It really made him let go of his belly and swallowed it. Perhaps it would be horrible to be tempted to improve the speed. It's not impossible to accidentally blow yourself up!

The Mosquito deity has gone in, everything is going smoothly. He is in the process of stealing the sky, in the next Hongmen era, when the three thousand chaos demon gods are born, the Mosquito demon will be the same as the power of the madness and the power of Ye Xuan. The identity of the chaotic demon, the darling of the Hongmeng era, was born.

Ye Xuan did not continue to stay here, waved the lion Wanjin and \*\*\*\* income into the inner space of Shennong Ding in the body. When even tearing out a void crack, he stepped into it and rushed to the next source nest... ...Fives

After the day, Lion Wanjin did the same as before, and this time it took only three hours, and the barrier of the wall covered by a source of stars was pulled out by a fingernail. Hole.

This time it was bloody.

Subsequently, Ye Xuan sent Lion Wanjin into the inner space of Shennong Baoding in the body, and then went on the road again, rushing to the third goal.....

...four

In the days after, a very remote, dark and dark sky... this

It is the third goal of Ye Xuan. this

Engraved, he is stepping out from a crack in the void, looking up at the source of the nest in front of the billion miles, waving the first time..."

call out! "

"call out....."

With the sound of a weak break, the two awns waved with Ye Xuan, and the emptiness in the distance not far from the front stopped and turned into two figures.

One is the Lion King, and the other figure is a purple gold thunder that has been reduced to a hundred feet. It is the Emperor Yin Lei Ling. This time, the third source of the nest stars, Ye Xuan will send the Emperor Yin Lei Ling into it. Help it steal the sky! this

Engraved, as the figure appeared, Lion Wanjin turned to look at the Emperor-Indian Lei Ling, and then swept to the source nest star in front of the sky.

This is the third time. I know how to do it, and I don't ask much. inverted

It was Emperor Yin Lei Ling, Ye Xuan confessed a few words, let it rejoice, circled around Ye Xuan and flew several times.

"call out....."

Soon, Ye Xuan launched an action, and a wave of volleys rushed to the front of the source nest stars..."

Oh..."

In the next moment, the low-pitched humming sounded, and the glare of the glare went away. In the thousands of miles away, the source of the nest's stars slammed into the air, and there was no suspense in the bottom. A layer of a diaphragm is only about a hundred feet, and other areas do not show a similar diaphragm, as in the previous case...

Need to say a lot more, with the appearance of this diaphragm, Ye Xuan turned to look at the Lion King, and pointed his finger at the star in front. "

Hey..."Lion

Wan Jin's smashing flashed a glimpse of the mansions. He had tasted the sweetness twice in the past. Naturally, it was impossible to have a little bit of honing. His shoulders swayed and his entire figure instantly became a masculine masculine. Going, the blink of an eye has already reached the front of the diaphragm. Following

However, after slightly adjusting the strength of the body, he took a deep breath, just like eating, he was in a hurry, and he slammed his mouth...

"Hey!"

"Hey..."

In this scene, Emperor Yin Lei Ling once again flapped his wings, hovering in the void, and the sound of a long, happy voice came from the mouth, revealing a sense of imbuing into the nest...

"Hey..."

Ye Xuan stretched his fingers, and the lions in the lions flashed a glimpse of the mansions, and his shoulders swayed. His entire figure instantly turned into a masculine glare, and the blink of an eye went to the In front of the diaphragm.

Then, take a deep breath and squat...

"Hey..."

Seeing this scene, Emperor Yin Lei Ling fluttered again, hovering in the void, and the sound of a long, happy voice came out of his mouth, revealing a sense of imbuing into the nest...

I don't know if it's because I've been twice before. With the experience, this time, Lion Wanjin's speed is faster. I've been stunned for two more hours before, and I'm left with the abnormal teeth of Lion Wanjin. Between the two rows of teeth on the block barrier diaphragm, a hole about the size of the fingernail finally appeared.

But this time, just after two hours, he will take out a small hole in the barrier diaphragm in front of him. Inside, it will give off a stimulating energy, pure and incomparable...

"Hey..."

"Hey..." Emperor

Indying did not hesitate, and raised his hair to a happy long scorpion, and then the whole man was flashed, and the whole person instantly turned into a masculine mashing. half

If you don't have enough interest, you have already drilled in from this small hole and entered the interior of the source nest. The blink of an eye disappeared!

"Hey..."

When the mission was completed, Lion Wanjin did not continue to squat down. He immediately stopped, and the low humming sound rang. This hole, which is only the size of the fingernail, instantly bridges at a speed visible to the naked eye. stand up.....

After a short break, they disappeared completely, and even half of the teeth were not left behind.

Seeing this scene, Ye Xuan took a long breath and his heart was fixed. short

In a short dozen days, if everything he did was spread out, the entire vast and empty void would probably have a major earthquake, and countless parties and strangers must be stunned. this

Things, even he thinks about it, feels a thrilling feeling. complete

In the entire vast void of Hongmeng, the chaos demon gods born in each era are only three thousand. In the past ten days, Ye Xuan has successively sent mosquitoes, blood, and emperors. Into the three source nest stars, quietly ... smoothly stealing the sky! three

Thousands of Chaos Devils, three of them have become his shackles in the blink of an eye, occupying a ratio of one thousandth... This is simply awesome.

In fact, if you count the deity of the madness, and the power of Ye Xuan, who was born in the largest source of the nest, and the dragon of the Longye, which has long been replaced by the source nest, The source of the creation of the nest stars...

Nowadays, the Chaos Demon who is definitely in the Ye Xuan camp has already reached six. This is not a ratio of one thousandth, but two thousandths, five percent one...when

However, the Longye Life Giant Plug is not a strong star in the ordinary sense, but the energy of the chaotic source crystal in the source nest star, including a whole source nest star, is indeed the Longye I swallowed it.

The Longye is a life giant plug, forming the world of the dragon wild animal self-derivative group, belonging to the existence between the living body and the non-living body. This self-derivative group swallowed up a whole source of the chaotic demon god. Nest Stars, now all of the energy is stored in the body of each tiny constituent of the self-derivative group, and what changes will be made in the future is still uncertain.

But one thing is that the nails can't escape, that is, the world's insect self-derived group that formed the Longye is bound to have some kind of huge transformation, and this transformation will eventually be reflected in the life of the Longye. The giant plug came up. With

With the push of time, this life fortress, which was accompanied by Ye Xuan from a very early age, will eventually grow to an astonishing height that he can't predict in advance...

The whole body flashed through all of this, and Ye Xuan's mood suddenly became a little excited, and it took a long time to calm down. "

What about you? What are your plans for the next step? "deep

Taking a breath, Ye Xuan turned to look at the lion Wanjin on the side. After a short pause, he said: "Is it possible to find a source nest star, enter it, and quietly capture the gas of a chaotic demon god? ?"

Counting it, the lions of the lions are hard enough for the past ten days, but they have always been busy, and they are making wedding dresses for others.

Nowadays, the mosquitoes, the \*\*\*\* and the Emperor-Indian spirits have entered a source of nesting stars, and they have quietly stolen the sky. Although Ye Xuan still has an idea, I want him to work hard for a while, and send more accounts. The appropriate scorpion enters the source nest star and begins to steal the sky.

But I have been tossing him all the time. Ye Xuan is really embarrassed, so I will have this question at this moment.

"It's a good idea to enter the source nest star to steal the sky... It's a chaotic demon, it's just like listening to it!"

Ye Xuan asked about his plan. Lion Wanjin obviously had some heartbeats. While talking, he licked his lips.

But after a short pause, it turned out to be a turn: "However, I prefer to stay outside compared to waiting for a long time in a source nest star..."

After all, my Thunder poison is too special, and I need too many resources. The energy in the source nest star is swallowed up, but I can't get a hole out of it. Isn't it going to die? ""

Instead of this, it is better to stay outside, the master did not say that this piece of Hong Kong has a total of 3,000 source nest stars? Now I have already smashed three, although each one just smashes the invisible barrier diaphragm that covers the source of the nest stars, and the little beans are a little bit..."

But this tiny amount of energy is pure and incomparable, and their tastes are different... This should be because of the different nature of the Chaos Demon and the blood in the source nest stars! ""

If you stay outside, don't say that you will smash the three thousand source nest stars, as long as you can slap a little... Oh, it's a thousand. ""

I have a hunch, if I can sneak a thousand, taste the taste of a thousand different laws of Hongmen... This will definitely have a great significance to me in the future, maybe the current Thunderbolt body will once again welcome It is also possible to come to a higher level of transformation! "

Speaking of this, Lion Wanjin did not say much, and turned to Ye Xuan to look over, some asked with uncertainty: "Master, do you think this idea is feasible?"

"I....."

Ye Xuan on the side has already listened to dumbfounded eyes, and looked at the lion Wanjin with a sly look. This

The guy is really not amazed at the end of the story, and this is too dare to think about it. The entire Hong Kong void is the 3,000 chaotic demon gods born in the next era. He actually wants to get involved.

Although it is only the invisible barrier that shrouds the source nest stars, it is the most powerful point of the soy bean, but this is the most pure force of the law of Hongmeng, and it is indeed because of the difference in the origin of the nesting stars, but the attributes are different. If

It's really a thousand dollars for him. It's the same as touching the mysterious law of Hongmeng, even if it's just a fur, it's overwhelming.

With the plan of Lion Wanjin, Ye Xuan was shocked. This

The guy can really think that the entire Hong Kong void is the 3,000 chaotic demon gods born in the next era. He actually wants to get involved.

If it really makes him sip a little bit, it is tantamount to waiting for a thousand kinds of mysterious powers of Hongmeng, even if each one is only a fur, superimposed together, it is impossible...

This is definitely a bold idea. Once he is successfully completed, what will eventually bring to the lion Wanjin, even Ye Xuan can not estimate...

"I think

At this point, even he was somewhat moved, staring at the lion Wanjin looked up and down a few times, and finally shook his head and smiled: "You are ideal... very powerful, since there is an idea, let go and do it yourself. That's it."

"But..." said

In the half, Ye Xuan suddenly remembered something, and his face changed slightly. He took a sigh of coolness and quickly shouted: "The source nest stars you have already passed, you must remember that the breath can be remembered. The chaotic demon \*\*\*\* that has been nurtured has become a person, but don't be a disaster..."

"There are a total of 3,000 sources of nesting stars that are pregnant with Chaos Devil in this emptiness. It is enough for you to be a curse. You must never start with your own people..."

In addition, among the source nest stars that you have not smashed, there are two of you who can't make a mouth. The chaos demon that is bred in one is the deity of the madness, and the other is the power of the temple. ...."

"call out!""

call out....."

When the voice just fell, there was a faint sound of broken air. Ye Xuan waved, and two glares rushed away. The blink of an eye disappeared from the eyebrows of Lion Wanjin, and disappeared.

"Remember, this is the breath of the two source nest stars. If you encounter it, immediately avoid it..."

Once again, the look on Ye Xuan's face has become extremely dignified: "If you dare to have two hearts, you know it!"

This is not to intimidate him. Before the awakening of the Thunderbolt, the lions have been thoroughly refined by Ye Xuan's slavery, no matter how strong he is now, no matter how amazing he grows in the future. Height, if Ye Xuan is willing, when he turns around, he will instantly blast the soul...

Of course, for this point, Lion Wanjin is also aware of it, but now he faces Ye Xuan's warning, but he has no intention of panic on his face, because he never thought about violating Ye Xuan's instructions. That consciousness, naturally, no need to be afraid..."

Oh..." this

After the incident, there is no need to continue to delay. Ye Xuan waved the lion Wanjin into the inner space of Shennong Baoding in the body, and then directly activated the interstellar coordinate jumping ability attached to the body's engulfing system. This

Once, the interstellar coordinate point he locked is still near the source of the nest, because before returning to the Forbidden City, he still has to return to a source of nest stars...

Since Lion Wanjin's plan is to continue to search for the source nest stars, each one has a sip... Then, Ye Xuan naturally will not waste such an opportunity. Shun

It is a proper intention to send some of the appropriate generals of the scorpion into a source of nesting stars. It can be said that... Do not

However, not all people are suitable to enter the source nest star to steal the sky, the source nest star is bred by the chaos demon god, knowing the name, must be the kind of \*\*\*\* and powerful, \*\*\*\* and amazing existence.

Although The strong blood, the power of Ye Xuan originally condensed, I am afraid not to be weaker than any special starburst beast. very

Soon, he returned to the source nest base camp, and he summoned all the people who were sitting in the source nest base camp. They talked about the matter and asked them to consider it themselves. After deciding to steal the people, after careful consideration, Register now...

The generals of the sea, such as the sea knife and Cang Qingyu, finally gave up this opportunity. They cultivated in the source nest star, and the speed of entry was also very fast, and they wanted to stay with Ye Xuan. most

In the end, on the source nest star, there are only five people who decide to steal the thief, such as the fox, the Yingtai, the mosquito, the flying scorpion and the silver scorpion, and even the eight kings have given up.

The Eight Kings are from the top ten ethnic groups in the Second Universe. They also have the blood of the beasts in the body. They are suitable for stealing the sky. But these eight guys are used to making a fortune, let them alone in a source nest. Waiting for the full opening of the next Hongmeng era, it is better to kill them on the spot, anyway, you have to die...

Of course, among the five people registered here, like the fox and the mosquitoes, the flying scorpion and the silver scorpion, there are no problems. They are all starry beasts.

But Yingtai is a bit special. She is not a starry beast, not even a flesh-and-blood creature, but a mechatronic life. Ye Xuan has never thought of Hong Meng's emptiness among the three thousand chaotic devils born in every Hongmeng era. There will be a mechanical electronic life. Place

So, Yingtai raised the matter and decided to sign up to enter a source nest. After stealing the sky, Ye Xuan also fell into sinking. He was considering the chance of success. most

In the end, he had to admit that even he could not produce results, and he could not be sure that the matter would be feasible. After all, he was extremely limited in his understanding of the chaotic source nest. This

Everything, he honestly said to Yingtai, but she always insisted that in the end, Ye Xuan could not help but could nod but nodded and agreed. or

Xu Yingtai can really create a miracle, maybe it is, anyway, the interest has already explained to her, even if it fails, there is no regrets. This

After the decision of the side, Ye Xuan even if he waved his hand, he would be like a fox and a scorpion, who will be in the space of Shennong Baoding in the body, and then leave the source of the nest and rush to the forbidden place. The underarms are more I have to register a lot...

.....

Five days later, the magic hall is forbidden! "

Oh..." Qing

The brittle cracking sound rang, and a crack appeared in the void, and a figure emerged from it. It was Ye Xuan.

After returning, Ye Xuan passed out the power of the gods at the first time, summoning all the high-level members of the six major corps of the Demon Temple. Then, after a squat, he sat down in the atmosphere of the Dongfu Star...

"Hey..."

Soon, the sound of the air broke out from all directions, and a spurt came. "

Oh..."

Two pigs rang, and the old pigs and the Taikoo pigs and grandsons rushed over, as well as the black robe from the original survivors' union, followed by the two guys. he

The three of them all have the power of abandonment, and they arrive first, and the rear of the three are the tops of the magic hall below the ruined place. Among them, the most powerful ones are the ancient powers, although not many, but they are not Less counted.

Looking around, the tops of the magic halls, without exception, all arrived...

Chapter 5100: Gather

After the power of the gods came out, the high-level members of the six major corps of the Magic Temple quickly and continually arrived, all coming, surrounded by Ye Xuan's Dongfuxing...

At this moment, Ye Xuan sat on the knees of the atmosphere of the Dongfu Star, the seven Yan Xiu Xiu and Xuan Zang Zi Yan, Duanmu Xiaocha and Zhao Qianru three gimmicks must be still in retreat, did not come.

Not far from the front is the old pig fine and black robe, the ancient porcupine. three

Behind the people are nine wild powers from the bloody, Qingpeng and war lion tribes, as well as the three great powers of the original survivors' union, as well as six bloody, Zhao Dong, Qian Nan, Sun Xi and Li Bei. There are also survivors of the old people such as Sangzhi. this

In addition, including Qingniu and Yulinglong, Longjing, Gongjun, Lunyueyu, Three-jawed dragonfly, Longshan Tang, \*\*\*\* ancestor, Qingpeng ancestors and \*\*\*\* and Qingpeng, war lions Immortal, and finally the more than two hundred emperors of the captive army composed of \*\*\*\* and Qingpeng, the three lions of the war lions are all immortal.

The evil spirits commanded by the Taikoo tortoises, the high-ranking beasts of the savage beasts, and the commanders of the Tianhe Legion, the mosquitoes and the old ghosts, and the Naples, the emperor Mo Wentian, the devil's uncle, the cursive patriarch, the ninth, the madness, the Xuanyuan The old man, Duanmu old man, Bodhi teacher and other small idle forces and the family's top arrived finally.

In just a few hours, there were thousands of figures in the air, all gathered together, and all the top leaders of the six major legions of the Magic Hall arrived. "

The \*\*\*\* and mosquito-stricken deities are already innocent..."

In the words, Ye Xuan turned to the crazy mosquito king and the mosquito-killing old ghost, smiling at the jaw, he left the forbidden place to go to the floodplain, in order to rescue the \*\*\*\* and mosquito-like deities. Such as

Returning today, it is natural to say the final result of this matter, otherwise all the high-level temples will inevitably hang in their hearts.

The crazy mosquitoes and the mosquitoes and the old ghosts were really guilty. When they heard this result, they suddenly sighed and their faces showed a relief-like smile..."

However, the two of them did not return with the temple, because they have already gone elsewhere..."

As soon as the front turned, the look on Ye Xuan's face became serious. After the briefing, he took it: "This temple is coming back soon, and will soon leave again, but one thing is extremely important. Now ask you if you want, no matter What decisions to make, you must never reveal them in the future..."

After that, he used the voice of the gods to tell the story of stealing the sky from the source nest. Of course, he did not mention the lion, and did not mention how to achieve this. He just said that he has the means to complete this. Things, ask about the choices of these underarms in front of you...

Upon hearing this news, the high-rises of the magical halls gathered together were shocked.

They have been in Hong Kong for a while, although all the temples are not allowed to walk outside the forbidden land, but there are rumors of scouts to explore all aspects of intelligence.

Therefore, for the source nest stars, the high-level devils in front of the eyes are still quite understanding. that

However, the place where the Chaos Devil is born, and what Ye Xuan said now, is to let them enter the source nest stars and start stealing the sky, to glimpse the next era of the sacred air, and to gestate a source of stars. The Chaos Devil is replaced by...

Such words are too astounding. If they are not from the mouth of Ye Xuan, they simply cannot believe it. thing

In fact, even if they heard Ye Xuan say this thing, they were shocked and there was a feeling that it was somewhat unacceptable. short

After the temporary shock, the high-level members of the magic halls were acquainted with each other, and they talked about it in twos and threes. The matter was too big and important. When Ye Xuan spoke to them, they only used the voice of God to understand the sound. It's leaking out and causing unnecessary trouble. Such as

Therefore, they naturally do not dare to talk about this matter in private, and they must talk to each other.

Xuan was not in a hurry, so sitting on the knees of the atmosphere of Dongfu's stars, waiting for the final decision of the top of the temple, of course, he has also specifically reminded him, due to the breeding of the chaotic source nest. It is a chaotic demon god, all of which are rich in temperament and horrible existence, so it is more appropriate to enter it and replace it with a sneak peek. to

For the strong people of the human race, it is best not to make such a choice, unless the body is extremely strong because of some special reasons, the blood is as abundant as the starry beast, or it has a special blood, otherwise it is not suitable.

After some deliberation, everyone soon had the result. Taikoo Porcupine, Taikoo Turtle, Qingniu, Yuling, Xuyueyu, Longjing, Three-jawed Dragonfly, Black Robe and Zunji, all registered. except

In addition, there are dozens of supernatural beasts and \*\*\*\* scorpions, \*\*\*\* scorpions, qingpeng and war lions, and the total number of people is close to one hundred! This

The number is similar to that of Ye Xuan. In fact, his original intention is also within one hundred. If it is more than one hundred, he has to temporarily look for other source nest stars. After all, he has encountered and recorded the interstellar coordinates. The source of the nest stars, it is more than a hundred. true

If you want to go temporarily, it will be too late, and Hongkong's void is too wide. Even if it is later cultivated by Ye Xuan's Tiandao, it is no different from finding a source nest star here.

Of course, in addition to the nearly one hundred people who signed up, Ye Xuan has reserved six indicators. These six indicators are for the wolf, the stunned, the golden scorpion, the scorpion, the Medusa and the lion. of.

They are Ye Xuan's confidants, and they returned to Ye Xuan early, but they did not stay with Ye Xuan, but returned to their respective ethnic groups according to Ye Xuan.

Nowadays, the second universe and all other people in the wild world have already fallen into the hands of the green eyes of the wilderness. Therefore, the six of them are no exception, and they are all in the wild.

Therefore, there is no need to run there again, but this time only the six Medusas were rescued from the floodplain, and it was a temporary rush to rush to the past. The blue sky and the green eye must be unprepared, presumably there will be no What twists and turns..."

call out! "

"Hey..."

Seeing that everything is almost the same, Ye Xuan does not hesitate, and all the nearly 100 accountants who have signed up for the registration will all be included in the inner space of Shennong Baoding in the body.

Their cultivation resources are all carried with them, so they don't have to go back to their respective Dongfu to pick up the soft things. This is the starry environment. There will be a big war at any time. This important thing is to temporarily clean up the house. joke.

Just when Ye Xuan wanted to leave with this group of shackles and rushed to the floodplain, he suddenly felt something, and under the micro-shock, he saw it even after turning to the starry field. past.

The face is full of gratifying smiles: "The devour of the treasure... finally returned!"

"call out....."

The sharp sound of the sound broke out, and a mile of anger was spurred from the forbidden place outside the magical hall. It stopped in front of Ye Xuan's body, and it was the long-awaited devouring treasure...

The engulfing of the treasure is the separation of Ye Xuan. The two are the ones. Now they are opposite each other. There is no need for verbal communication. In an instant, they have realized everything they have experienced in these years.

The blood talent of the devour of the treasure is still above the lion's thunder poison, but there is no such good mouth. And

When I first left, the cultivation of the treasured body was stronger than that of the Lion King. Therefore, the Lion King is now a stage of absurdity, and the natural engulfing of the treasure has already entered this place. Such as

Today, he has been repaired to the strength of the ancient sacred nine-order great consummation, and the same as the old pig in the nine-variable state of the magic pig, is the supreme existence of a half-step heavenly environment.

"If you sit in the Forbidden City in the Forbidden City, I will be more relieved..."

With the engulfing of the treasure, Ye Xuan smiled and nodded, and suddenly waved between the words..."

call out!"

The road was spurred away, and the blink of an eye disappeared from the eyebrows of the treasured body, and disappeared.

This is the man-made body, which is the mechanical and electronic avatar of Ye Xuan.

The beast is now a powerful second-order existence of the heavens, including the same nine-order great consummation, that is, the four kings who have been repaired in half a step, and now in the body of the beast. leaf

Xuan now sends the beast to the body of the engulfing treasure, which is to let him stay with the engulfing treasure, and sit in the magic hall forbidden.

The beast can fight alone, and can wave the four kings to separate, and divide the four electronic consciousness into it. Together with the four kings, one big four small five mechanical beasts will fight together. again

Coupled with the devour of the treasure and the old pig essence, the magical hall is forbidden to naturally no longer have to worry.

The reason for this arrangement is that he has to leave for a short period of time. near

One hundred of His Majesty's generals will enter the source nest and star to steal the sky. If this matter is to be completed, it will definitely not be a moment's work.

After all, these source nest stars are not gathered in one place, scattered in the entire position of the vast Hongmeng star field, Ye Xuan with his subordinates rushed one by one, I am afraid it will take at least a few years to complete the matter... ..swallow

The necropsy and Ye Xuan were originally one, even if he left for a long time, and now he returns, there is no need to describe anything. Swing

After handing over the beast to the engulfing treasure, Ye Xuan gave the old pig a few words. If he and the engulfing treasure are hitting the heavens, they must be staggered, leaving a person to sit in the magical hall forbidden at any time, so as not to have a dragon. ....

"Oh..."

After everything was finished, Ye Xuan waved his hand. There was a crisp crack in the air. There was a void crack in the front of the sky. He stepped into it and his eyes disappeared.

The Forbidden City is located in the left section of the right bank of the Milky Way, while the flooded forbidden land is located in the middle section of the left bank of the Milky Way. From the Forbidden City to the forbidden land, even if it is the peak strength of Ye Xuan's eighth-order road today, the time required is not short.

When he left the flooded forbidden land and returned to the right bank of the Milky Way, he was able to instantaneously arrive by activating the interstellar coordinate jumping ability attached to the internal system.

But on the left bank of the Galaxy, he can't brand any interplanetary coordinate jump points. Place

Therefore, from the right bank of the Galaxy to the left bank of the Galaxy, Ye Xuan has no shortcuts at all, the road is far away, can not be delayed too much, must immediately hurry .....

...

A month later, Ye Xuan rushed all the way, never sleeps on the way, and finally rushed to the middle section of the left bank of the Milky Way. also

After one day, the front has been able to capture the breath of some starry beasts, and the floodplain has finally arrived...

At the time, Ye Xuan was a violent form. His body shape was high, and the body was filled with the breath, but it was the eighth order of heaven and earth, just like the blue eyes of the wilderness. This

When he arrived, he did not intend to hide his body and converge.

After all, he came to take away the six people of the wolf, the stunned, the golden scorpion, the horns, the Medusa and the lion tyrant, and the six of them must be in the left side of the banned land. Battleship in the ocean. but

The battleship ocean is so vast, all the creatures of the three major stars in the world are gathered together, with various warships, fortresses, fortresses and star-studded giants as their homes, even if they are based on the cultivation of Ye Xuan, they want to When six people find out, they must also develop the power of the gods to conduct a search and search.

In this way, there is no point in concealing the hidden convergence of the body shape. Once the exploration into the star field is launched, the green eyes of the wild sky will be able to be sensed in an instant, and the distance is so close, and they will be found in Ye Xuan. Before leaving, the green eyes of the wild sky must appear in front of him...

Therefore, it is better to go into the floodplain and go directly to the person.

For the blue eyes of the wilderness, the six wolves are not important resources, and naturally it is impossible to take risks..."

call out....."

The sharp and unpredictable sound of the air broke out, and Ye Xuan's body was turned into a man, and the speed reached its peak, and it instantly rushed into the floodplain.

"Roar....."

"Damn guy, you dare to come back..."

Almost at the next moment he rushed into the edge of the star field, the deepest part of the floodland, there was a terrifying roar, the sound of the green eyes. "

boom! "

"Booming..."

"Roar!""

Oh..."

Soon, the earth-shattering roar sounded, and a blue-eyed vertical eye like a giant star spurred from the depths of the star field. There were also rumbling and whistling sounds in the forbidden land in the left and right sides.

Ten people who are led by the blood of the sorrowful sorrow and the stagnation of the heavens, all without exception, all come..."

You actually broke through, and now it is... the eighth order of heaven and earth? "

Soon, the sorrowful sky and the green eyes and the ten heavenly savage beasts under his majesty stopped in the void in the opposite 100 billion miles. The huge vertical eyes flashed in the green eyes, and the sound of the shocked gods came. . he

Knowing that Ye Xuan's cultivation is fast, after all, his true cultivation is only a sacred situation, but he did not expect to be able to reach this level. If he is less than two months, he will become the same as him. Eight-order Heavenly Road..."

Oh la la..."

Ye Xuan refused to pay attention to him, and between the words, the violent figure disappeared, but the original slap in the void did have a slap in the water. Storm

Only the body shape of Zhang Gao's height collapsed, and it turned into a \*\*\*\* sea to spread, covering a corner of the universe. "

Roar! ""

Roar! "

"Hey..."

Then, from the three different directions of this vast sea of blood, there was a voice of low screams and screams. In the boundless blood of the sea, there were three huge figures in the blink of an eye. From the beginning, it is the ancient konjac... the three great bodies!
