

## Super D. S 51

### Chapter 51: Easily beat

"Eight tastes the body?" Ye Xuan was slightly surprised. It seems that this Xiang is still somewhat capable, but he is still standing there.

His realm is the same as this Xiang. Although the latter has eight styles of body, he is full of blood, which is enough to make up for the gap in martial arts.

Zhang Xiang instantly came to the front of Ye Xuan, a sword stabbed, and stabbed Ye Xuan throat.

Although the rule of the game is to lose three times to lose, but as long as a sword can be used to subdue Ye Xuan, then he wins.

However, Ye Xuan is not so easy to deal with, he looked at the sword, his hands suddenly collapsed.

"Snapped!"

The two palms were photographed together and the sword was directly locked tightly.

what?

Zhang Xiang was shocked. He found that he could no longer puncture a half point and could not draw a long sword.

What is this ghost power?

When he was surprised, suddenly there was a big foot on his abdomen, and he gave him a fly.

Zhang Xiang flew out, and even the long sword did not take away. He fell to the ground and rolled a few laps.

"Pour the ground once!" The Lianyuan on the side was a bit strange, Lang Lang said.

Zhang Lie also couldn't believe that the son he was most proud of was actually flung by a person. If Zhang Xiang was his relative son, he thought it was acting.

Xue Hai, who had a somewhat dignified face, had stretched her brows after seeing this scene.

"I want to kill you!" Zhang Xiang stabilized his figure. After climbing from the ground, he directly rushed toward Ye Xuan.

Eight martial arts, tiger smashing!

"Mom, the disciples of the Buddhism really have welfare, but I am not vegetarian!" Ye Xuan did not fear, after taking a step, it was a punch.

Seven products martial arts, flow cream!

"boom!"

The air is rolling and the dust is flying.

The two fight together for a close match.

However, this is Ye Xuan's mercy, his punch can be compared with the martial arts eighth heavy medium-term warrior using seven martial arts, facing this Xiang, he still put a little water.

Because this time it is not to kill each other, but to defeat each other.

"roll!"

Another hand of Ye Xuan suddenly fanned out, and the fan was on the face of Zhang Xiang. The face of the latter suffered a huge impact, and the whole person flew out again.

"噗通!"

"The second time I fell to the ground!"

The audience was once again shocked.

The only boxing of Zhang Xiang's fist is extremely powerful. If he is playing on Zhang Lie or Lian Yuan, the ninth heavy weapon of the martial arts, he can also be hit hard.

However, Ye Xuan can't harden the next, what kind of power is this?

"Haha, twice, and once!" Xue Hai finally showed a smile.

Ye Xuan took Zhang Xiang twice and only had to come again, then he would not have to pay a huge amount of money.

"Impossible, how can this kid have such strength, I don't believe it, I don't believe it!"

Zhang Xiang ate a face of dust, he screamed in his heart, climbed up from the ground, and then rushed again.

However, Ye Xuan still used brute force to fly him.

"boom!"

Zhang Xiang was kneeling on the wall and almost collapsed the wall. As long as he fell this time, the game would be defeated.

"No, I can't fall. As long as I have the 500 million yuan, I can rush to the ninth heavy martial arts in a short time and become the chief disciple of the cracked Tianzong!" Zhang Xiang is supporting, he originally thought, Ye Xuan was on the heap of medicinal herbs, but did not expect that it was so powerful.

Just then, a figure flashed to him, and then a slap in the face.

噗通!

Zhang Xiang fell to the ground.

The battle is over!

"Yay!"

At the moment when Zhang Xiang fell to the ground, Xue Qingqing behind Xue Hai was also stunned and exclaimed.

Wanjinchengcheng advocated fierceness, and his face was already sinking to the bottom of the valley. He said in his heart: "This kid easily defeated Xiang. Could it be that he was the apprentice of the deputy lord of the Yunyun sect? Such a big thing, how is the cracking cloud sect? nothing?"

He still has some doubts, but Ye Xuan has Lianyuan, the former mentor of the Yunyun sect, and his strength is extremely strong. This talent, even if it is the sect of the celestial sect, will be tempted.

"Zhang Chengzhu, the three main owners fell to the ground, this battle, is Ye Xuan win?" Lian Yuan asked.

"Humph."

Zhang Lie snorted, he couldn't think of it, his own plan of 500 million two was actually squandered, just because halfway suddenly killed a Ye Xuan.

"The city owner, the gift of 50 million yuan and two silver, I will be sent to the city seat intact." Xue Hai also smiled and joined together.

"Chen General, let's go!" Zhang Lie no longer stayed here, and hurriedly asked General Chen to carry the injured Zhang Xiang back.

Zhang Xiang did not faint at this time. He also said a word when he left.

"This hatred, I will report it in two cases!"

Ye Xuan listened to one by one, and the two were compared. Is it the cracked Tianzong and the cracked Yunzong?

However, at that time, he is afraid that he has already entered the Li Yunzong. It does not matter.

Looking at Zhang Lie, a few people hurriedly left the Xue family, Xue Hai also took a breath of air, and hurriedly recruited people to prepare for the feast.

This time, thanks to Ye Xuan, otherwise he has to pay a heavy price.

However, in the future, he will not be so smooth in Wanjincheng. Offended the city owner, business wants to be bigger in Wanjincheng?

.....

That night, Xue Hai opened a table banquet, dedicated to entertain Ye Xuan, and even Yuan. If it is not Ye Xuan today, if it is not even Yuan, then Xue Hai will have a big bleeding.

"Come and come, Yin Xian, eat more, if you want to eat, just tell me, my uncle has got it for you." Xue Hai was very happy.

Ye Xuan has not had a big meal for a long time, and his appetite is wide open.

"Little brother, how do you cultivate this realm?"

When I was half eaten, even Yuan Yuan suddenly asked.

"Oh, my previous Dan Tian suddenly broke down. After the cure, the cultivation is much faster." Ye Xuan replied casually.

There are many unchanging factors in cultivating this kind of thing. I don't know whether it is true or false.

"Dan Tian is broken?" Lian Yuan was shocked. He had not heard that Dantian had not been repaired after it was broken.

"Well, after Dantian was broken, I fixed it with two Poly Ling Dan. Maybe the Poly Ling Dan I ate was not a normal thing." After Ye Xuan finished, he said the things of Yu Jin.

Lianyuan couldn't guess. Maybe, the predecessor saw Ye Xuan, so he helped repair Dan Tian.

However, even people of his rank have not heard of the power of Tian Yuanzong.

"Haha, don't say this first, eat first, eat first." Xue Hai's face fluttered, but he liked to eat, but today is very embarrassing, it seems that there is something wrong.
