

## Super D. S 53

### Chapter 53: Narrow road

"Snapped!"

Still not waiting for Ye Xuan's voice to fall, Xue Qingqing was angry and rewarded him with a slap in the back of his head.

"You are a pervert, we are just acting, I still lend you the dowry." Xue Qingqing said.

"Just a joke." Ye Xuan shrugged helplessly. His real age is ten years older than Xue Qingqing. How could he be interested in a 14-year-old girl?

Xue Qingqing jumped out of bed and was ready to leave, but before she even took a few steps, she turned her head again: "When are you going to leave?"

Ye Xuan, said: "Tomorrow."

"Oh."

Xue Qingqing nodded slightly and opened the door. When leaving, she still did not forget to remind Ye Xuan not to attract bees.

After she left, Ye Xuan was lying alone on the bed. Now he has hundreds of points to swallow points. What better to change?

"Only the blood of the beasts can be exchanged, and the blood of the thousands of beasts can be exchanged. The blood of this thousand beasts needs 10,000 points to swallow the points. It seems that only some other things can be changed."

Ye Xuan is very helpless. Now he relies on the blood of these beasts. He is playing invincible in the same level in the same level. Maybe he can still challenge.

Blood, can be said to be a highlight of the phagocytic system, Ye Xuan felt that it is necessary to give priority to the blood.

However, if you exchange the exercises, you can sell them after you have learned them. This is not bad.

However, when Ye Xuan saw the eight-pronged exercises that valued dozens of points, he couldn't help but turn his eyes.

"Not to spread!"

These exercises have been marked with the words "not to spread", which means that after he has learned, he can no longer sell it to others.

"Where, I am dying, I still want to buy this eight-product martial arts and get the Wanjincheng auction house to sell it."

Ye Xuan couldn't help but exclaimed. He didn't even find this attribute before. It was a mistake.

It is too much against the devouring points to exchange the exercises. One of the eight martial arts must devour dozens of points, you can get outside to sell, you can also sell tens of millions of two silver.

As long as Ye Xuan runs more and runs a few more cities, he will definitely be able to return to this.

Unfortunately, it is not working now!

Ye Xuan's attention was placed on the blood.

The blood is a very strange place, and there are some strange blood, such as the swordsman blood that can enhance the power of swordsmanship, and the blood of the archers who enhance the power and vision of bow martial arts.

In addition, there are some blood vessels that can be transformed, such as the Moonlight Werewolf, the Deep Sea Dragon, the Titan Giant, and so on.

Ye Xuan had a choice of phobia. He didn't know how to use this hundred points to swallow points.

"Ah, ah, so annoying, there are so many things to change, too few points!"

Ye Xuan rolled on the bed, and this evening, he estimated that he would not want to sleep.

.....

The next day, when the next person sent breakfast, he almost didn't scare him to death. Today's Ye Xuan, hair fluffy, with two dark circles, a look of collapse.

"I just got engaged... Miss Gu is really amazing."

The man went in a hurry, and he thought that Xue Qingqing was also inside.

In fact, this is just Ye Xuan's insomnia. He planned for one night and finally changed the one hundred points to swallow the points.

UI!

Therefore, he spent fifty points to swallow points and changed the blood of a chasing leopard. This chasing leopard blood can increase speed and has superior jumping power.

Now Ye Xuan originally had a blood of a beast, plus the blood of the leopard and the martial arts of the seven-character, then his speed will burst.

As for the remaining engulfing points, Ye Xuan is in exchange for a hundred flowers, which can make him poisonous, and can also improve the resilience, both physical strength and spiritual strength can be improved.

The reason why he did not exchange martial arts, because after the cracked Yunzong, there will definitely be martial arts, it is too wasteful to exchange devour points for martial arts, unless it is a very powerful martial arts.

He doesn't need weapons as well. Even if he wants to change, he has to change some powerful weapons, such as big knives, big axes, sledgehammers, etc.

His physique is so strong that it is too wasteful to use these large weapons.

Ye Xuan had two dark circles to finish her breakfast, and then went out to buy a few sets of clothes. Then he was ready to go.

"Nvwa, after going to the cracked Yunzong, I have to come back and see." Xue Hai said with a smile.

"Oh, I will." Ye Xuan nodded.

The edge of Xue Qingqing also cautioned: "After the split the clouds were gone, do not bees and butterflies, or else beat you!"

Ye Xuan Yan Yan.

Subsequently, he left Wanjin City.

When the cracked Yunzong sent people to come to Yuncheng to collect people, he was the fourth most important martial art. Now, in less than two months, he broke through to the eighth place of the martial arts.

If he enters the Rift Yunzong, it will definitely make this sect tremble.

However, after he left Wanjincheng, there were three people who followed him. All three were sent by Wanjincheng to verify his identity.

"Oh? Track me?"

Ye Xuan, who just left Wanjin City, also heard the hooves behind him. Suddenly, he just jumped off the horse and began to stretch his muscles.

"What did this kid do, let the horse go, did he want to go to the cracked Yunzong on foot?"

"The city owner said that this kid is the seventh peak of the martial arts. It is not easy to deal with. It doesn't look like it."

"Oh, let's dismount."

The three also drove the horse away and followed behind Ye Xuan.

However, the next moment, they were shocked, because Ye Xuan suddenly broke out of speed, and instantly opened the distance with them.

"This, what is the speed? Is this kid the ninth heavy weapon of the martial arts?"

"Impossible, he is only in his teens. How could it be the ninth heavy martial arts?"

"Fast, keep up!"

The three men hurriedly ran and ran, but despite their full sprint, they were gradually separated by Ye Xuan.

"Just kidding, I have the blood of the chasing leopard now, plus the blood of the flowers, the resilience is very strong, even if you drive a sports car, you can't catch up with me!"

Ye Xuantou did not return to the cold and began to hurry.

The reason why he exchanges for the blood of flowers is for this resilience. This resilience includes many physical strengths, spiritual strengths, and even the recovery rate of injuries will increase.

With this \*\*\*\* flower, and the blood of the leopard, he can go to the cracked Yunzong.

There are many winding roads in the ninth mountain range of the Lianyun 18 Mountain Range, but the Split Yunzong and Wanjin City are not in one direction, so Ye Xuan still needs to go back to the Lianyun Eighteen Mountains.

However, when he was preparing to enter the Lianyun 18 Mountain Range, he suddenly found a familiar figure.

"Hey, this is not Liu Tongling."

Ye Xuan's eyes showed his murder. He was really afraid that Liu Tong would return to Wanjincheng. In this case, Zhang Jiahe and Xue Jia would fight.

But now, don't worry about this.
