Chapter 55: make trouble

"The teacher is coming, the teacher is coming!"

The Shoushan disciple originally wanted to talk, and he stuffed the words back and forth, and left Ye Xuan no matter what, and ran straight to the side.

Ye Xuan also looked around and saw that there was a gentle and colorful shadow in front of him.

"Ok?"

The figure was the next one, and she stopped at Ye Xuan's place more than ten meters away. She glanced at Ye Xuan. When he saw Ye Xuan's lower body, his brow was immediately wrinkled.

"When it's over, this kid is over, and the teacher is the one who hates the untidy people. This kid is finished!"

Someone whispered on the side.

Ye Xuan stunned, looked down and looked angry.

My shoes are just worn out. Where are the clothes?

However, he forgot. He rushed for a few days in a row, his head was not washed, some was messy, and it was bright and shiny under the sun, even if the average person saw it, he would be disgusted.

However, before he could open his mouth, another person rushed out and stopped in front of the teacher. At the same time, he yelled at Ye Xuan: "Bad boy, still not retreating quickly, wanting to die?"

It seems that another trouble has been found.

"I am so low-key, but always come to me, cut..." Ye Xuan said in a dark voice, then coldly said: "I will not go, how are you waiting for me?"

Today, he is ready to make a big noise. Otherwise, he can only be a foreign disciple when he goes in.

Do not make things big, how to lead the masters of the cracked Yunzong, how to let these masters accept him as a disciple?

"Bad boy, you are looking for death!" The inner disciple shouted and pulled the sword straight toward Ye Xuan.

"Well, the road brother is the sixth in the inner door. It has already broken through to the seventh peak of the martial arts. The strength is much stronger than that of the brother of Ning. This boy can't stop the three brothers of the road brother!"

"Three swords are fart, a sword is enough!"

Dozens of cracked Yunzong disciples gathered around are all whispering.

However, the next moment, they were so surprised that they couldn't even say anything. I saw that the brother who was holding the sword toward Ye Xuan's road was directly emptied, and then he was hooked by Ye Xuan's foot and flew directly. Going outside.

"噗通!"

The road brother fell on the ladder. Because of the speed, he fell worse than the brother of Ning.

"When it's over, the road brother has also been planted. This kid is offended by the two top ten masters inside the door. He is dead."

"That is, the road brother is the grandson of the road elders."

The rest of the disciples are exposed to the feeling of sympathy.

However, many people are speculating, Ye Xuan is the **** of the road, just came to the cracked Yunzong report, can make the tenth and sixth of the inner door into this virtue.

"Cut..." Ye Xuan spit a sip on the floor and looked disdainful.

The next moment, his afterglow was swept, and the brow's brow was wrinkled again.

"I will go, this teacher will not have cleanliness." Ye Xuan suddenly reacted. He looked around and found that the surrounding environment was beautiful. There was not even a piece of garbage on the ground. Even the leaves that had just fallen had The disciple ran over and picked it up, very clean.

He is also drunk, and this cleansing is probably to the point of flying up the fairy world, and there is no sand in his eyes.

"Bad boy, I want to kill you!"

There was a roar of anger behind him. Ye Xuan turned around and saw that the two inner-door brothers had already climbed up and then rushed toward him.

"Hey, I still want to come up, give it to me!" Ye Xuan immediately stepped up, and then one foot, and they gave it back.

"噗通!"

"噗通!"

The two men rolled down like a ball and their bodies were dirty.

And only when he had a foot without control, the brother of Ning also spit a blood on the ground.

This time, the brow of the Guanshi sister has been twisted into a Sichuan word, and his eyes are full of anger, and it seems that he is going to be angry.

At this time, Ye Xuan also reacted and found that the teacher and sister were quite good. The age was about 17 or 18 years old, but the face was frosty and there was no expression at all. If she didn't see the violent anger in her eyes, and the slightly trembling body, Ye Xuan thought that the other party was a wax figure.

This teacher is also tolerant, she wants to shoot, but Ye Xuan's strength can not even see her.

The person who can easily defeat the sixth and tenth inner doors is not the average person. She is only the fifth in the inner door. It is also the seventh peak of the martial arts. I am afraid it is not Ye Xuan's opponent.

at this time.

"What happened here?"

There was an old voice coming from afar, and an old man wearing a cracked cloud ancestor costume came.

"Oh? I finally got an identity." Ye Xuan's eyes lit up, and it seems that his plan to build the momentum has been half successful.

Everyone's eyes fell on this old man, and everyone except Ye Xuanyi knew this old man.

"It is the elder who guards the mountain!"

Someone whispered, but this sentence is also awakened Ye Xuan.

It seems that this old man is not an ordinary elder, the elders of the mountain, the elders responsible for guarding the mountain gate.

The mountain gate, but a sectarian facade, is an extremely important place. Then the elders of Shoushanmen are naturally not ordinary.

"What happened here, why is it noisy?" The shoushan elders looked around and said.

However, when this was said, no one answered.

It's just that the brothers and the brothers of Ning rushed up. The former immediately hugged the fist: "The elders, this kid's clothes are not uniform. Ning's younger brother asked him to put on his clothes and then go up the mountain. I didn't expect this to directly shoot against Ning's younger brother. Take me too..."

"I don't know what the clothes are." The elders of the mountain also saw the existence of the girl named Guan. They smiled and said: "It turned out to be the case. However, you are the top ten inside, and how can he be laid down by him?"

This question, but the road brother and brother Ning brothers asked, they do not understand why the other party has such strength.

But this can't blame them. After all, Ye Xuan deliberately suppressed the fluctuation of spiritual power, only to rely on his flesh.

"But it."

The Okayama Elders no longer asked, but slowly approached Ye Xuan, and when he was only ten meters away from Ye Xuan, his face suddenly changed. He exclaimed: "The eighth martial arts?"

The people around him are also shocked. It is no wonder that Ye Xuan can easily kick the road brother and brother Ning down the ladder. It is already the eighth heavy weapon.

However, the cracked Yunzong has not heard of the children of the big family recently sent in.

"This old man is so powerful, I have deliberately suppressed it. He can find it through such a long distance. It is not the elder of the cracked Yunzong. It should be the tenth weapon of the martial arts." Ye Xuan is also secretly admire.
