

## Super D. S 56

### Chapter 56: identifying

The tenth heavy martial art is already the last realm of martial arts. As long as it reaches the tenth peak of martial arts, then the future is to break through the real spiritual environment.

It is said that the lord of the Li Yunzong is a true spiritual powerhouse, very powerful.

"Little brother, where did you come from?" The guardian elders were very stunned because Ye Xuan looked very young.

"The kid is from Lianyuncheng, it is reported to the Rift Yunzong!" Ye Xuan respectfully clenched his fist.

Report?

The Elders of the Mountain is a glimpse, and said: "What kind of joke, I am a disciple who is responsible for the excavation of Yunzong down the mountain. It is generally the fourth person who digs the fourth martial art to the fifth martial arts. At most, the martial arts is the sixth. I can I haven't heard of any family who is willing to send the genius of the eighth martial arts to the Li Yunzong."

"The kid can't lie. If the elder doesn't believe it, you can check it out." Ye Xuan said, adding: "The kid is called Ye Xuan, from Lianyuncheng Yejia!"

The keeper of the mountain still does not believe, but he also directly called a foreign disciple. Not long after, this foreign disciple brought a deacon of the cleft Yun Zong.

"Check it out, there are several disciples from Lianyuncheng." said the elders of the mountain.

"Yes!" The deacon nodded, and then began to open a thick book. After a long while, he replied: "Lianyun City has two disciples, one is Chen Feng of Chen's family, but the experience has not yet returned. The second is Ye Xu of Yejia, the fourth major martial art, and future reports!"

Hearing this, the elders of the mountain are also surprised. They actually have the number of Ye Xuan, and they still report it.

"This kid is already the eighth stage of the martial arts. It is four times higher than the record. This is too fake. But who is going to do this kind of thing?" The elders of the mountain were very surprised and said: "The time Who is going to connect Yuncheng, call me!"

"Yes!"

After the deacon nodded, he ran away. In a short while, he brought a person back and was a foreign disciple.

This foreign disciple has just arrived, and some people are confused about the situation. He respectfully said hello.

"Two months ago, you went to Lianyuncheng?" The guardian elders took a look at Ye Xuan.

"Yes." The foreign disciple nodded.

"Then look, do you know him?"

The guardian elders pointed to Ye Xuandao.

The outside disciple looked down at his finger and landed on Ye Xuan, then nodded: "I recognize, it is Ye Xuan of Yuncheng Yeja!"

what?

This time, the surrounding disciples suddenly opened.

This person is really a small town in the country. Is it really Ye Xuan?

How can this be!

"Are you sure?" Shoushan elders could not believe it, and asked.

"Disciples are sure!"

The foreign disciple re-read Ye Xuan, he still had an impression on Ye Xuan, but the latter's figure was stronger than before and grew taller.

"You really are Ye Xuan of Yuncheng Yejia?"

The Guardian Elder is still not convinced, because in this short two months, Ye Xuan is directly from the beginning of the fourth martial arts, all the way to the beginning of the eighth martial arts, there are 11 realms here, the average is six A small realm of the day.

This is incredible!

"Elders, is it difficult to be a kid or replace someone else?" Ye Xuan asked.

Let a genius of the eighth martial arts replace the squadron's fourth-largest person to crack the cloud sect. This is impossible. After all, people like Ye Xuan can go to any place to get the key training.

The Guardian Elder continued to ask: "How do you break through the fourth martial arts to the eighth martial arts in two months?"

For this problem, Ye Xuan has long thought of an excuse. After all, he can't publish his upgrade ability.

At the moment, he explained: "The kid has experienced in the Lianyun Eighteen Mountains and accidentally got a chance, so..."

"Lianyun Eighteen Mountains?"

When I heard this place, the people around me showed a look of ignorance, which made Ye Xuan somewhat puzzled.

"It is said that there have been many strange things happening in the Lianyun 18 Mountain Range. There are many monsters wearing a crystal pendant. It seems that you got a lot of spar inside, and then bought the drug to improve it." The elders of the mountain said slowly.

Listening to this, the surrounding disciples suddenly showed a disdainful color, because Ye Xuan was actually promoted with medicinal herbs, then it was a paper tiger.

"Cut, I thought it was a super genius. It turned out to be a paper tiger. With the medicinal herbs piled up, it can only be a moment of prestige. He will be well received in the future."

"I heard that there was a brother who continued to use medicinal herbs to improve. In the end, the realm was unstable, resulting in damage to the meridians, and the strength went back."

"There is still a situation in which the use of medicinal herbs to improve, there are many drawbacks, and some people are ignoring when they are practicing, they are unclear, and finally die and die!"

These disciples began to whisper, from the beginning of worship, to the current disdain, the change is very timely.

The Guanshi sister was originally shocked by Ye Xuan's talent, so he did not start to work. However, after hearing the words of the elders of the mountain, he showed the same expression as the people around him.

"Since you are reporting, then go, but the old man reminds you that your cultivation method is still stopped early, otherwise it will only ruin yourself! Come to the individual and take him to collect clothes!" After that, I turned and left.

Dare, they all misunderstood Ye Xuan.

Ye Xuan also wants to explain, but after seeing the expressions of the people around him, he is talking about it, because he can't explain that he is a normal practitioner, or take medicinal herbs.

"But it, start with a foreign disciple, anyway, will soon be able to rise to the inner door." Ye Xuan heart secretly said.

However, after the elders of the mountain left, the brothers and brothers of Ning also looked at each other and then rushed toward Ye Xuan.

"Kid, this is your end!"

"what....."

The two were left by Ye Xuan.

The people on the side showed a sympathetic look. They did not sympathize with the two inner doors, but Ye Xuan.

When Ye Xuan came to the first time, he provoked two people, and he was so mad at the fact that he was not really capable, so he would not be so relaxed in his future days.

"Cut, it is safe to come, the top ten inside the door is also this level, the first estimate of the inner door is not dripping." Ye Xuan shrugged, and then followed the deacon of the cleft Yun Zong.
