

Super D. S 561

Chapter 561: Central island

"Humph!"

Ye Xuan was cold and rushed up on the dragon.

The water dragon opened his mouth and opened his mouth. Ye Xuan swallowed it in one mouth, but in the next moment, his body was violently shocked, and then a sharp impact was generated, which shook the surrounding water and formed a vacuum. space.

Ye Xuan, however, is looting toward the youth in good condition.

"Sword of the Ground Crack!"

Ye Xuan once again took out a few swords.

Just because the distance was too far, his attack was blocked. Now that the two are separated by a kilometer, the young man is not so easy to block his attack.

"escape!"

When the youth saw that his water dragon was broken, he immediately turned his head and fled.

However, his speed, how can it be faster than the favorable edge of the fish blood and three agile advanced Ye Xuan?

"I still want to go?"

Ye Xuan quickly caught up, and the Eight Desert Swords madly waved, instantly blocking the youth's retreat.

"Dead!"

The next moment, Ye Xuan has released the killing tricks, the youth can not resist, the sword of the cracked ground cut into several paragraphs.

dead!

"Sea Star!"

Ye Xuan's eyes lit up and quickly plucked the past and set his shackles away.

Sure enough, the source of light in the body of the sacred beast is a stone resembling a starfish. It should be the so-called ocean star.

Now, Ye Xuan has already got the five elements of the token, as long as he arrives at the Central Island, then he is the third place!

"go!"

Ye Xuan rushed to sleep, then swam to the shore, and after identifying the lower position, he swam toward the central island.

At this point, the sky is already dark.

Five elements of the big array, five attribute islands, the central island is in the middle.

Ye Xuan hurriedly swam, because there is no third place. If he grabs the third place, he can stay in the five elements pool for eight days.

Eight days!

He heard that the five elements of the pool, a legendary genius, he estimated that he went in for eight days, the affinity of the soil can at least be upgraded to epic, even if the legend is not impossible.

"Chong!"

Ye Xuan can't manage so much. At this time, he is thinking, even if he meets people on the way, he will not shoot, first grab the third place and say.

However, he really wanted something. When he had just seen the central island, there was a person on the fire island next door who wanted to go to the central island.

"The trough, is this just right?"

Ye Xuan stunned, he felt the breath of a few kilometers away, so he can not fall behind.

Because the sky is darker, the other party only found Ye Xuan, and did not know who Ye Xuan was.

However, someone actually wants to grab his third place and find death!

"You have a mixed account, you want to grab the third place of Laozi, there is no door!"

The young man was so cold that he first swept past Ye Xuan.

If he followed the distance, he was closer than Ye Xuan, but he suddenly folded back because he felt that Ye Xuan was faster than him.

If the two players compete, Ye Xuan must arrive at the central island faster.

"Come to me, I am so self-sufficient, then I will send you to hell!"

Ye Xuan sacrificed eight wild swords, and his feet swept away toward each other.

"The devil is changing!"

"Sword of the Ground Crack!"

"The earth is pulsating 2!"

After the other party approached, Ye Xuan did not hesitate to shoot, the other party was slower than him, but he could not find much.

Fortunately, the other party turned out to be a fire attribute, which in the sea, the power will be greatly reduced.

Ye Xuan's cracked sword, the other side needs three flames of swords to break open.

The gap is instantly exposed!

"It's so strong, it's impossible to force it, withdraw!" The young man's face sank and he turned around.

"Installed, still want to run?"

Ye Xuan did not want to find him in trouble, but the other party was clearly in front of him, but came to him for trouble.

I want to come, I want to go, it's not so easy!

"Sword of the Ground Crack!"

"The earth is pulsating 2!"

Ye Xuan madly shot, instantly blocked the other's retreat route, and quickly followed.

He estimated that his speed in the sea is the first of thousands of geniuses!

Definitely the first!

"Hey!" "Hey!" "Hey!"

Ye Xuan's legs alternated quickly, and they caught up with each other in the blink of an eye.

"not good!"

The other person's face is already sinking to the bottom of the valley, and I regret it very much. Why did I take the initiative to provoke Ye Xuan? If he didn't provoke it, it would be good to take a fourth place. After all, it was only one day.

now what?

But now I have to bear the anger of Ye Xuan, there is the possibility of corruption!

No, it is not possible!

It must be fallen!

"Give me death!"

Ye Xuan's foot was the next, and the Eight Wild Swords madly waved, and in a second, he slammed more than 20 snipers.

These more than 20 swords of the earth's cracks easily break open the seawater that can freeze the dead and rush to the young man.

These attacks are very savvy. In Ye Xuan's estimation, this young man will definitely die under this series of attacks.

Sure enough, as Ye Xuan expected.

After the young man blocked the sword of the three rips, he was hit by the remaining sword of the ground crack, and the whole man burst open in the sea.

"Not self-reliant!"

After a cold sigh, Ye Xuan plundered the past and then put away the Qiankun.

This young man is also one of the eight major six-star evaluations. Unfortunately, he met Ye Xuan, and he is still in the sea.

Now, Ye Xuan has personally murdered the genius of three six-star evaluations.

"Hey, the soil properties of the host have improved, and it is currently 48 points!"

Forty-eight, only two points from the 50%.

After the death of the other party, Ye Xuan did not slow down for a moment and quickly swam toward the central island.

A minute later, he successfully landed on the central island.

"Oh? Another one."

A strange voice sounded, Ye Xuan looked up and saw a person in the air.

There are banned arrays in the five-line squad, and even the strongest genius can't fly. And this person can stand in the air, naturally the person around the Lord of the Rosa area.

"You are the third place, come with me!" The old man smiled and looked at Ye Xuan, then slowly flew in one direction.

Ye Xuan used the infuriating air to shake the water and then followed it up.

Soon, he saw a small palace with golden light under the night sky.

In front of the palace gate, there is a group of people.

"Oh?"

When this group of people saw Ye Xuan, he looked at him with a strange look. After all, these people have never seen Ye Xuan.

"Little brother, take out the five elements of the token, if it is correct, you are the third place. If it is wrong, you will be eliminated!" The old man who led Ye Xuan came to the ground.

Ye Xuan nodded, and then from the devour space, the five tokens were taken out one by one.

Golden knife with golden blade, life sacred, sea star, flame stone, red gold sand.

Chapter 562: Five elements pool

"Yes, all five are right. You are the third in the first round of this 100-lead summit!" The old man nodded and did not take away these things from Ye Xuan.

Although the Rosha domain owner did not give samples to these geniuses before the start, if there is no such eyesight, what good is it?

"Yes!"

Ye Xuan's mouth was slightly tilted. He didn't think that he could squeeze into the top three. His original plan was the top ten.

After getting the ranking, Ye Xuan was able to focus on other people. He was a bit weird because he did not find the first and second place among the masters.

"Is it already in the five elements pool?"

Ye Xuan thought in his heart.

At this time he only recalled that this was saving time.

The first place, the reward into the five elements of the pool soaked for ten days, the second is nine days, Ye Xuan is the third, can be soaked for eight days.

If it is a person to soak, it will take two months.

So he can be sure that the first and second place have entered the five elements pool.

"Kid, I see that you have a lot of magic, what kind of power are you?"

At this time, the Lord of the Rosa area suddenly asked.

"The kid is from Qingyan collar, Wanmeng!" Ye Xuan replied.

"Oh, Wanmenmen, the sects established by thousands of tens of thousands of old devils." Luosha domain nodded slightly, no longer asked, said directly: "Then you go in, you are the third, you can soak for eight days." ""

"Go, I will take you in!"

The old man came over and walked directly into the palace with Ye Xuan.

Ye Xuan sighed with relief, but fortunately this group of masters converge on the breath, otherwise all of them will be released, it will be pressing him.

"Kids, don't wait for it to go in, the Five Elements Pool is a five-line big array that took a thousand years to gather together. The five elements are in harmony. Each property is gathered from five islands. Every drop is very precious. When it comes out, it also It is necessary to shake the water out and then come out." The old man reminded.

"The younger generation knows!"

Ye Xuan nodded.

Soon, the old man came to a small room with Ye Xuan, the door was just opened, Ye Xuan was smelling a rich aura.

Five elements pool!

Ye Xuanyuan eyes wide open and looked at the square pool in front. The square pool is only ten meters long.

"Hey, just one?" He was a little surprised.

Wuxingchi, he thought it was the five pools of Jinmushuihuo, but he did not expect it to be together.

At this time, there are already two figures in the five elements pool, one male and one female.

This man, Ye Xuan has seen, is Li Xiu who played against Shi Jie before. The woman, Ye Xuan has never seen it, at this time she converges, Ye Xuan can not see the depth.

"Well, I will take it out, and people will go in," said the old man.

"Yes!"

Ye Xuan nodded and walked over. After picking up the Qiang Kun ring, he slowly descended into the pool.

When his body was immersed in the five-row pool, he was able to flood into his body with five energy.

At this time, he realized that the five elements of the pool did not simply raise the highest attribute, but the five attributes together.

At this time, Ye Xuan discovered the corner of the small room and sat with an old man. He should be the old man who guarded the five elements of the pool. His strength was unfathomable.

"You are the third place?"

When Ye Xuan was ready to close his eyes, when he stayed for eight days, Li Xiu in another corner suddenly opened his eyes.

"Not bad." Ye Xuan nodded.

"It's not bad, where is it from?" Li Xiu asked again.

"Qingyan collar, a small martial art." Ye Xuan replied casually.

If the Qingyan collar is compared with the Luosha collar, the former is a baby, and the martial art inside can not be found on the countertop, so it can only be called a small martial art.

Hearing this, Li Xiu's eyes also flashed a touch of color, which was mixed with a trace of disdain.

He felt that Ye Xuan's strength is not strong, it should be just a lucky boy.

This is also good, until the second round of the 100 leaders, he lost one opponent.

Li Xiu did not ask again, waiting quietly.

Ye Xuan turned his attention to another woman. The woman was about twenty years old, her face was good, and she stood still in another corner of the pool.

"I haven't seen her. It seems to be a hidden master. I don't know which one of them is a seven-star rating!"

Ye Xuan eyes a glimpse.

He knows that in the hands of thousands of high-ranking players, there must be a master of seven-star evaluation, otherwise the first departure is a six-and-a-half-star evaluation.

Seven-star evaluation, the strength is very strong, generally will not lag behind others.

So Ye Xuan guessed that there should be a seven-star rating between the two, or both of them!

"My current attribute conversion is only forty-eight, even 50% have not arrived. If you use the devil's change, the earth's pulse, and the eight-year-old sword, you should be able to compete with the seven-star evaluation. However, if you don't use the eight-year-old sword, I am afraid I won't win. they!"

Ye Xuan's heart is very tangled.

However, these things will not be discussed until after eight days. After all, the improvement of the five elements of the pool is also based on the qualifications of each person. Some people are few, but some people can be promoted to the legend.

Who is the deer dead, not necessarily!

However, just when Ye Xuan soaked the five-row pool.

Outside the palace.

"Domain master, the only boy in the third place, the qualification is very good, the attribute transformation seems to have not reached 50%, but can get the first to get five tokens."

"Yes, the qualifications are very good, and they are very young. If you have been training for a few years, maybe it is the second Huang Tianyu!"

"This Huang Tianyu has some thoughts when he enters the War King Hall. I don't know how to mix, and break through to the virtual state."

A group of experts in the Luosha domain are just talking about it.

Huang Tianyu in their mouth is the genius whose attribute affinity has risen to the legendary level after being soaked in the five elements pool.

This genius was recommended by the main body of the Luosha domain to the War King Hall. Through the assessment, he successfully joined the War King Hall and became the Warlord Temple.

"Oh, if there is another one, that is the best." Luosha domain owner smiled and said.

at this time.

In the air on the central island, a white figure suddenly appeared, and his appearance, no one noticed.

The figure was holding a folding fan and then falling silently.

"You!"

When the white figure fell to the top of the main head of the Rosa area, he suddenly opened his mouth.

"Ok?"

When I heard this voice, everyone looked up strangely, and saw a stranger standing on top of his head.

"Who?"

The Lord of the Luosha domain was shocked. He was the peak of the gods and was only one step away from the virtual world.

Moreover, here is the five elements of the big line, only he can bring people in.

Chapter 563: My surname is ginger

This white figure is able to come to their heads silently, certainly not a general.

"Don't be nervous, if I want to kill you, you are already dead!"

The white man shook his folding fan and said with a smile.

If Ye Xuan is here, he will definitely recognize it, because this white man is killing Megatron and tortured and humiliated him twice.

"What is this nonsense?"

The main body of the Luosha domain is not a taste, but they also understand that this white youth is the existence of a virtual state.

It is a breeze to slay the gods of these gods.

They don't want to understand, why is a virtual god, why is it here?

"What is your business?" said the Lord of the Rocha domain.

Jiang Tian did not talk nonsense, he said directly: "I know, what kind of summit is there for you, the winner has the opportunity to recommend to the king of the war, is it?"

"Yes!" Rocha domain nodded.

"There are three people in the five-line pool, right? Then, how are you going to arrange?" Jiang Tian asked.

"How to arrange?"

The head of the Luosha domain was stunned and turned to look at everyone. "This is the case. The War King Hall gave me five places in the Luosha area, so next, the top ten will play against each other, and

finally Five people were born, and I recommended it to the War King Hall to participate in the assessment of the palace."

"Two or two battles, just right." Jiang Tian smiled and said: "Then I am now ordering you, putting the first and third places together!"

"First place, and third place?" Luosha domain domain master, directly refused: "Hello, this is a bit out of line!"

"Rules, what rules?" Jiang Tian folded the fan and said: "I am the rule!"

The main face of the Rosa area has changed, not only that, but everyone else.

They don't understand why they should put the first and third places together.

Is it difficult, first or third, to anger this white youth?

"Dare to ask, who is you?" The Rosara domain chief did not immediately answer, asked.

"You don't need to know who I am, you just need to know, my name is ginger!" Jiang Tian was cold and cold.

ginger!

When this surname fell into everyone's ears, they also looked at it blankly.

Only the main domain of the Rosa area, reacted.

"Ginger, the king of the palace?" The main body of the Luosha domain exclaimed.

Then, the group of people behind him reacted.

It turned out that this **** is the **** house of the Wang Dian!

The white youth of this virtual state is actually the Jiang family!

You must know that the Luosha domain is adjacent to the opening heavenly domain of the Beastmaster Hall. If it is not adjacent to the Wangwang Temple, why does the Jiang family appear in the jurisdiction of the War King Hall?

"Hello, we are here under the jurisdiction of the War King Hall..." the owner of the Luosha domain reminded.

The Temple of War King, the Temple of the King, and the Temple of the Beast, once was one, and later split, and divided the whole East China into three parts.

The Luosha domain is within the jurisdiction of the War King Hall.

"How about that? I only know that I am here now!" Jiang Tian said very aggressively, but he also has this strength.

A weak **** is strong enough to kill everyone here and sink all six islands.

"I want to know the reason!" asked the Lord of the Rosa area after hesitating for a while.

He had a problem that almost scared the group of masters behind him.

The courage of the Lord of the Rosie domain is too great. In the face of the strong deity, I dare to have so many problems, not afraid to anger the other, and then come to a massacre?

"Reason? Just play, you can not do it, but the consequences will be very serious!" Jiang Tian looked at his eyes.

Everyone is trembled.

"I know." The Lord of the Luosha domain finally decided to compromise. This is also a no-brainer. Whoever makes the other party is a virtual master.

In the virtual state of God, each has the means to destroy the land, even if these huge islands are in front of them, they can be easily destroyed.

So, definitely can't provoke!

"Oh, the younger generation will leave first, yes, I have never been here." Jiang Tian sneered and disappeared directly.

Everyone present did not notice how he left, as if he had teleported.

Speaking of it, they are really ridiculous.

Play, is it possible?

If Jiang Tian did his best to watch the war, it would be okay to say it, but Jiang Tian did use his power to suppress everyone and privately drafted the order of the battle. This is too fake.

"I don't know, who made him mess?"

In the heart of the main people of the Luosha domain, they all think so.

They still don't understand a bit. If someone really provokes Jiang Tiandu, Jiang Tian can kill each other with his fingers, why should he do this?

.....

Time passes by.

Ye Xuan arrived only the next night and was the third. After him, no one is coming.

On the third day, the fourth place came.

Then, it is the fifth, sixth and tenth.

These people are very strong in strength. No one is relying on luck to get the five elements of the token.

After they arrived, they were also brought into the pool of five elements.

At this time, in the five elements pool, it is already full of ten people.

The tenth place can only be soaked in the five elements of the pool, but this day is also the tenth benefit.

Although there are many people in the five elements of the pool, the time for each person to soak is different. After one day, the tenth place is called out of the five elements pool.

Two days later, it was the ninth.

The geniuses left one by one, and in the end, only Ye Xuan was left.

At this time, it was the seventh day that Ye Xuan entered the five elements pool. After another hour, he stayed for eight days and needed to leave the five elements pool.

In the past few days, Ye Xuan's attribute affinity has slowly increased, and he has been paying attention to his property panel.

Now, his affinity for the soil has been upgraded to epic, and there is only one point left from the legendary level.

"Let's go, don't stop, you can almost go to the legend!"

Although Ye Xuan closed her eyes and quietly stayed in the corner of the Five Elements Pool, but his heart was shouting there.

If he can be promoted to the legend, his strength will be able to rise again.

at this time.

"Huh!"

Suddenly the wind in the palace, the old man sitting in the corner opened his eyes and exclaimed: "The fire attribute heaven and earth gather together, legend?"

Not long after, the door to the room was pushed open by people, followed by a group of people.

"who is it?"

The owner of the Rosa area asked in vain.

In the five elements of the pool, Ye Xuan and the other woman opened their eyes and turned their eyes to Li Xiu in another corner.

Among the three, only Li Xiu is the **** of fire attributes!

Chapter 564: Three legends!

"Haha, well, I didn't expect another legend this year!" The Luosha domain owner laughed and closed his mouth.

"That Huang Tianyu was also promoted to the legend, and successfully joined the War King Hall, this Li Xiu, maybe even!"

"Five places, if there is one to join the War King Hall, it is also very good."

A group of people are discussing there.

It is at this time.

"Huh!"

The water property of this room is full of vitality, and it is more than a moment!

"My God, another legend!"

The main person in the Luosha domain took a breath of air.

If you don't come before, now come two, and luck is really good.

If you recommend these two people to the War King Hall, then they can exchange a lot of cultivation resources.

Ye Xuan's face is gloomy, and now he has a flaw that has not broken the epic, breaking through the legend.

However, it was not long after Li Xiu and the women successively raised the affinity of the fire attribute and the affinity of the water attribute to the legend.

"Hey, the host's soil property has improved, and it's the legendary!"

The soil property, after the fire attribute and the water attribute, gather again!

In this room, there are three kinds of heaven and earth, almost the other two are pushed out of the room.

"The nature of the earth is strong, this... how is this possible?"

"It's too fake. The three people have almost ascended to the legendary level at the same time. Is this a miracle?"

"I remember that this kid should be the last day!"

The crowd suddenly opened.

However, the face of the main body of the Rosa area was stunned and pale.

He suddenly remembered that the **** family eight days ago!

First place, play against the third place!

Under normal circumstances, it is a life-and-death battle. However, the first place of Li Xiu, and the third place of Ye Xuan, the attribute affinity has been raised to the legend.

You know, there is no legendary affinity for these people present, including the Lord of the Rosa. And Ye Xuan three juniors, all of them are legends.

If Ye Xuan and Li Xiu fight, then there may be a loss of both sides. If one is careless, Ye Xuan will fall.

Others may not know, but these people in the Luosha domain, but understand the realm of Li Xiu.

This Li Xiu defeated Shi Jie when he was on the back of Jiuyun Dayunpeng. However, he still hides his strength at the time.

Li Xiu's attribute affinity has actually reached 70%. He is a seven-star evaluation, and he is personally evaluated by the Luosha domain owner!

And Ye Xuan, the attribute affinity is not even 50%, the qualification and Li Xiu are too far apart.

"I am miserable. I don't know who made the **** family. If it is this kid, if it is Li Xiu..."

The main body of the Luosha domain thought, at this time, his spiritual light suddenly flashed.

"No, if Li Xiu provoked the strong man, it should be that Li Xiu and Murong Xue of the second place played against each other. Why did you choose this kid?"

The main body of the Rosa area quickly reacted.

Because, this Murong Xue is also a seven-star evaluation, which is also his personal evaluation.

If Li Xiu provoked Jiang Tiandu, then Li Xiu and Murong Xue will fight, so that they can make a double defeat.

Therefore, the person who provoked the Jiang Tiandu is not Li Xiu, but Ye Xuan.

"Oh, it has actually provoked the strong deity of the gods, you are really sad, this is a pity!" Luosha domain owner shook his head helplessly.

However, eight days ago, Jiang Tian did just let him arrange Ye Xuan and Li Xiu together. If Ye Xuan is strong, or admit defeat, there is still a turning point.

The original Luosha domain owner wanted to accept Ye Xuan, cultivate Ye Xuan for several years, and then recommend it to the War King Hall.

Now, even if he gives the Rosie domain the main ten courage, he does not dare to accept Ye Xuan!

You must know that Ye Xuan has provoked a weak god, and he is still a member of the Wang Dian Jiang family. Jiang Tian is obviously trying to torture Ye Xuan, want to kill Ye Xuan, how can the Lord of Luosha domain dare to protect?

"Kid, I can't help you, I can only ask for more happiness!"

The Lord of the Rosara domain thought in his heart.

He believes that Ye Xuan must have inadvertently provoked Jiang Tianduo, but because of Jiang Tiandu's identity, he does not want to do it himself.

Then, it is done by Li Xiu!

Ye Xuan, Li Xiu, and Murong Xue, the attribute affinity of the three people has been raised to the legendary level, but since the three are just breaking through, the Rosha domain owners have not bothered them.

Soon, Ye Xuan's time was up and he was invited out.

"I didn't expect the effect of this five-line pool to be really good, from letting my soil attribute affinity from epic medium to legendary level."

Ye Xuan is already very satisfied.

He is the third, so only eight days, the second has nine days, the first is ten days, so he still needs to wait two days.

After he came out of the palace, he saw that there were nearly a hundred people outside.

These people, all looking at Ye Xuan with the look of envy.

However, they also received corresponding rewards.

"Kid, you are here for two days now. Two days later, there will be a lottery match. There are five places. If you win one game, you can be recommended by the domain owner to participate in the War King Palace." Xuan entered the old man and said.

"Drawing a match?"

Ye Xuan a glimpse.

There are only five places, that is to say, it is their first ten pairs of two pairs!

"Haha, yes, as long as I don't meet Li Xiu and Murong Xue, I am almost 100% winning!"

Ye Xuan has already opened the flowers in his heart.

Into the five elements of the pool soaked, a total of ten people, Ye Xuan feels that these people are still not strong, but compared to him, it is still a lot worse.

Even if he does not use the Eight-Day Sword, he has the strength to kill each other, as long as he does not encounter the first and second.

But how could he know that the order of this battle has already been fixed.

Soon, the two days are over.

The first thing that came out was the woman Murong Xue, which means she is the second place, then the first place is that Li Xiu is no doubt.

Although Li Xiu and Ye Xuan and Murong Xue almost upgraded to the legendary level at the same time, he was the first place. He stayed for a more day than Murong Xue, stayed for two more days than Ye Xuan, plus his own strength. The field is already stable!

Murong Xue is also the same. Her evaluation of the seven stars, as long as she does not encounter Li Xiu, is almost stable.

After Li Xiu came out, the main body of the Luosha domain was also loud: "Well, now the top ten are here, and then, the competition is for the Wang Diandian."

"We have already set the order of the battles, and then please listen carefully."

"First and third, second and seventh, fourth and sixth, fifth and tenth, eighth and ninth!"

"The above is the order of the battle. I don't know if you have any objections?"

Chapter 565: fair?

When the Lord of the Rosary domain is in the ears of these hundreds of geniuses, they are all trembled.

They also knew before, and the affinity of the top three attributes has been raised to the legendary level.

Therefore, they think that the main body of the Rosa area will make some small means to separate the three.

But who would have thought that the main body of the Rosa area was so fair and just, even the first and third places were put together.

"God, the two legendary geniuses have to compete for a place!"

"The domain master is really fair!"

"This is a terrible thing. The qualification of the third place is very good. If you fight against the first Li Xiu, there will be no chance of winning."

"It's okay, that kid doesn't look too old. If you train for five years, you will come again next time."

A group of people are talking about it.

At the same time, Ye Xuan has already been helpless, and his own luck has been spent, and he has met Li Xiu.

He can be sure that he has not provoked the Rosie domain owner.

However, he guessed in his heart and wondered if the owner of the Luosha domain had already known his strength, so he and Li Xiu were together.

"Tragic, so many people, eight wild swords must not be used, and by other words, I may not be able to overcome."

Ye Xuan thought in her heart.

The reward for this battle is the assessment of the Warlord Palace, and the War King Hall, he must enter, because this is a clue left by his father.

Only by joining the War King Hall will he be able to get the next clue.

Therefore, he must fight!

Victory over Li Xiu!

"Well, let's start with the eighth and ninth!" Luosha domain owner sighed reluctantly.

Everyone was disappointed because they thought that the first game was Ye Xuan and Li Xiu.

However, this does not matter, anyway, it will be five games, and it will soon pass.

"This number is worth the battle, you can admit defeat, and win will receive the evaluation of the War King Palace."

After hearing the words of the Rosha domain owner, the eighth and ninth came out.

"please!"

"please!"

The two are of similar age, and the evaluation is also a five-and-a-half-star evaluation, so this game may be worth seeing.

But unfortunately, the eighth is the water attribute, and the ninth is the wood attribute, the water attribute is restrained.

Therefore, the ninth place won, and he was given the opportunity to participate in the assessment of the Warlord Palace.

Next, it is the fifth and tenth.

This time, the strength of the disparity, the fifth place to win, won the quota.

The third game, the fourth and sixth, has no suspense.

The fourth place is the stone sarcophagus. When the rating is hidden, the real combat power has reached six and a half stars, approaching seven stars, and his opponent has only five stars. Therefore, Shi Jie easily suppressed the other party and won the victory.

In these three games, everyone is generally seen.

But in the next game, everyone is wide-eyed.

Murong Xue, the daughter of Luosha who leads the main city, is the **** of the sky. At only 22 years, the attribute transformation has reached 70%. After entering the Wuxingchi pool for nine days, the water attribute affinity has broken through to the legendary level. .

And her opponent is the seventh, although it also hides the strength, but only five and a half stars.

"At the age of twenty-two, the property conversion has reached 70%?"

After hearing the discussion of other people, Ye Xuan also came back to God. His age has reached 21, and he is one year younger than Murong Xue.

However, the transformation of Murong Xue's attributes is more than him.

But this is also a matter of course.

Murong Xue's father was the owner of the city of Luosha, and the attribute transformation reached 90%, which is also a strong one.

Murong Xue grew up with a golden spoon, and where is the qualification?

At this time, the seventh came out, and some said nothing: "Under the name of Murong girl, although some are not self-sufficient, but still hope to be able to pick up a girl!"

When the words came out, all the people around were shocked.

The property conversion is not even 60%, and even dare to threaten to accept the Rong Xue a sword, this is to find death!

We must know that the strength of this battle is too great, and Murong Xue is almost impossible to defeat, so this young man is the best choice.

"it is good!"

Murong Xue also went out without hesitation, gently pulling out the long sword, and then took out a sword.

This sword, the color is ordinary, just an attack without attribute instinct.

However, due to the suppression of the realm, her opponent did not respond at all, and was cut off the right arm.

"Oh!"

A broken arm was thrown up.

The reason why this young man risked his life was actually a good feeling for Bomei people, and it was really daring.

"Thank you for your help from Murong!"

Thanks to the seventh.

Everyone thought in their hearts: "This person has a deep heart!"

Murong Xue defeated the seventh place and won the fourth place in the assessment.

Then, the next is the fifth game.

This one is the key!

"I heard that Li Xiu's attribute transformation has also exceeded 70%. Now the attribute affinity has risen to the legend. In addition to Murong Xue, no one can fight him."

"The affinity of the kid's attribute is also a legend, but unfortunately a few years later, he did not compete against Li Xiu's strength."

"I guess he will admit defeat immediately!"

"Yes, it must be like this. Such a genius, the domain owner will be carefully cultivated, and come back to the 100-collar summit five years later."

The people around are talking in a whisper.

However, at this time, Ye Xuan, but slowly out of the crowd.

"What, this kid has come out, is it really that he really wants to play with Li Xiu?"

"What a joke, is this kid's attribute conversion 60%?"

"It's really looking for death!"

Everyone was shocked, even Li Xiu was the same.

"This kid, really dare to come out, I am not afraid that I will kill him with a sword?"

Li Xiu thought for a moment, his eyes glimpsed, his figure did not move, and he said: "You want to fight with me?"

"Not bad!" Ye Xuan has already come outside.

"Hey, I am the first time I have seen such a person who is not self-sufficient. Don't think that the attribute affinity has reached the legend. I am qualified to challenge me!" Li Xiu still did not move, standing in the same place.

"I haven't played, how do you know that I am not self-reliant? Perhaps, you are not self-reliant?" Ye Xuan offered a quality of the best quality.

"Well, let me teach you lessons!"

Li Xiu snorted and jumped out.

He also understands that Ye Xuan's qualifications must have been seen by the Lord of the Luosha domain, so he dare not kill.

Ye Xuan took a deep breath and said: "Come on!"

If he compares him with Li Xiu, Li Xiu has a big advantage.

Chapter 566: Initially

Li Xiu's attribute transformation has reached 70%, the martial arts of cultivation are superior, and it is still the instinct of fire attributes, restraining the soil properties of Ye Xuan.

The key point is that this battle, the eight wild swords can not be used.

Therefore, Ye Xuan is desperate!

"Kid, I want you to see, it's not a cat or a dog can challenge me!" Li Xiu shouted and slammed a sword against Ye Xuan.

His realm is the highest among all geniuses.

Murong Xue only used a sword to deal with her opponent, so Li Xiu only wanted to use a sword.

This flame is very fierce, and it is going to Ye Xuan's left hand.

If Ye Xuan is hit by this sword, his left hand is estimated to be burned in an instant.

"Not hiding, the devil is changing!"

Suddenly a phantom of the demon appeared behind Ye Xuan, and immediately merged into his body.

At this time his eyes were dark.

"This is the devil of the old man!"

The owners of the Luosha domain, as well as the wind and other people, were all shocked.

When Ye Xuan left the island of Blades, the wind did not keep up, so I don't know that Ye Xuan had been quietly planted, not to mention that Ye Xuan had learned this demon change.

The demon **** changed, but it was created by a great virtual **** who was thousands of years ago. That person is the veteran.

This eternal demon is somewhat selfish and has not passed on this demon, so it has been passed down after death.

But who would have thought that Ye Xuan had realized that the devil had changed!

"Good guy, it also hides the strength, but can you stop this trick?" Li Xiu stunned, thinking in his heart.

Although Ye Xuan has made a demon change, but the master around, but does not think he can block, at most flash.

However, Ye Xuan does not want to flash.

Before he hid it, just to wait for this moment, now the time has come, what is he hiding?

"Sword of the Ground Crack!"

"The earth is pulsating twice!"

A brown-yellow sniper smashed out and slammed into the flames.

Although the soil property is restrained by Li Xiu's fire attribute, it is also a property of infuriating, the power is much stronger than ordinary infuriating, and the sword of the ground crack also has the increase of attribute affinity, so Ye Xuan can only use the soil property to be infuriating. Come back.

"Hey!"

The flame sword and the crack of the ground suddenly burst open, and the impact swept open, shaking some people's eyes could not open.

Blocked!

"what?"

The owner of the Luosha domain had already prepared to watch Ye Xuan being killed, but did not expect that Ye Xuan had actually blocked it. How could this be!

You must know that Ye Xuan's attribute transformation is only forty-eight, even 50%. And Li Xiu has already reached 70%.

In the middle, but the difference is twenty-two!

Coupled with attribute restraint, the difference in attribute conversion may be close to 30%.

The gap between the three attributes is transformed, and Ye Xuan is still able to block it. Why?

"This is impossible!"

Li Xiu shouted.

He didn't want to understand, enough to kill an attribute to achieve 60% of the attack, even by Ye Xuan, who did not reach the 50% of the people.

This scene is beyond everyone's expectations.

Even the masters of Rosha domain and the wind and the wind have looked away.

Only Murong Xue slightly frowned, it seems to be discovered.

"This kid, is it more genius than Murong Xue?"

"But the strength of the world he just called is really only about 50%, and can't be higher!"

"The attribute conversion is 50% and 70%. The gap is very big. How can it be blocked? Li Xiu must have released water."

"Or, is this Li Xiu a paper tiger?"

When Li Xiu heard this, he immediately shouted: "What do you say?"

Suddenly, the man who said that he was a paper tiger had shrunk his neck and could not say more.

Fang Caixuan used to resist Li Xiu's attack, which is a sword containing the earth's pulsation.

Moreover, it took three swords to block Li Xiu's attack.

This is the gap!

"I don't believe you can stop it!" Li Xiu was angry and screamed again.

Ye Xuan has been waiting for a long time, once again pulled out three swords.

"Hey!"

These three swords of the ground crack almost collided with the flame sword in an instant, and then burst open.

This time, the main domain of the Rosa area understood.

"Oiyi, the earth pulsation?" Luosha domain owners could not help but exclaimed.

Not only that, but the masters around him also saw it.

The gods of the soil properties are as few as the wood properties, and less than the other three properties.

However, this does not mean that they are ignorant.

Aoyi, they still recognize it.

"What, righteousness?"

The surrounding people were shocked.

They suspect that they have got it wrong!

Righteousness?

"Impossible, how can you comprehend the righteousness?" Li Xiu couldn't believe it, he saw it, and his flame sword was shaken twice. This is the earth's pulse in the earth's righteousness.

Everyone is stunned.

This is especially true for the main domain of the Rosa.

His attribute transformation has reached a hundred points, and only one step can break through to the virtual state.

However, if you want to break through to the virtual state of God, you must comprehend an uprightness.

He has been stuck for several years, but he has never realized the righteousness.

Although the five elements pool can enhance the affinity of the attributes, but each person's promotion is different, the main body of the Rosa area is only promoted to the epic, and the five elements of the pool have no effect on him.

Therefore, he has been stuck in the peak of the gods and cannot break through.

Today, however, he has seen a super genius who understands the righteousness in the dilemma of God.

Unfortunately, this super genius has provoked a virtual god.

"Unfortunately, it is a pity, it is a pity!"

The Lord of Rosas and other people thought so in this way, they suddenly remembered that the **** days ten days ago.

"If he only has this strength, I have some chances!"

Ye Xuan eyes a glimpse.

In fact, he still has an advantage, that is, the banned array!

On this central island, in addition to those masters, Li Xiu could not fly.

In this way, his dragon's ten-step can be used as a card, and when it is necessary to use it, it may be impossible to beat the other party.

Thinking of this, Ye Xuan is continuing to shoot.

The main situation of the situation is the physical condition. When it comes to the fine environment, the physical growth brought by the improvement of the realm is not so great, and the dilemma is also true.

If it is more than physical, Ye Xuan's physique is similar to Li Xiu, but his attack speed is faster than the other party. After all, there is a blood of the King of Fighters, which can increase the attack speed of 30%.

"Sword of the Ground Crack!"

"Sword of the Ground Crack!"

"Sword of the Ground Crack!"

Ye Xuan attacked while stepping on the dragon.

These swords of the ground cracks were directly taken out by Ye Xuan, and some were integrated into the ground and plucked from the feet of Li Xiu. And they all contain the pulse of the earth, and the power is enough to threaten Li Xiu.

Chapter 567: Pulsating guardian

"I want to kill you!"

Li Xiu felt that his face had no light. He immediately screamed and started a crazy attack.

Now, he can't despise Ye Xuan. If he loses, he will simply die.

at this time.

Ye Xuan saw Li Xiu shot, this is a good opportunity.

"Dragons are ten steps!"

"The earth is pulsating 2!"

Although the dragon is stepping, although it is the lowest level of soil attribute martial arts, it is super powerful after the integration of the earth's pulsation.

Ye Xuan used it to shatter a lot of people's heads, and also shattered many people's leg bones.

This time, but a great opportunity!

"Hey!"

Li Xiu, who was attacking, suddenly felt a roar in his head and pain in his legs.

His first reaction was to know that he was recruited!

At that time, he is the infuriating nature of the fire, and he will protect his feet.

But at this time, Ye Xuan's cracked sword arrived.

"Hey!"

Li Xiu's reaction is still fast, and he will scatter the sword of the ground crack, otherwise the sword will be enough for his life.

"The property is restrained, it is terrible!"

Ye Xuan is very helpless. He is thinking, if the instinct of Li Xiu is metallic, then he must be an advantage now.

"Hey!" "Hey!" "Hey!"

The roar of the road fell into the ears of the people around them, and they were already shocked by the five bodies.

A person whose attributes can't be transformed into less than 50% can, with the help of the righteousness, challenge the people whose attributes are transformed into 70%.

This ambition is so powerful!

"It's terrible. If the attribute of this kid is transformed like Li Xiu, Li Xiu will probably be killed by an instant!"

Luosha domain domain thought in the heart.

At the same time, he is also very envious, because Ye Xuan has realized the meaning of the righteousness, which means that Ye Xuan's attribute transformation can reach the virtual state as long as it reaches one hundred, and there is no embarrassment.

"The sword of the three-way crack can only resist the flames of the other side, but my tricks are very sinister. The other side can't attack me now, and has been passive!"

Ye Xuan attacked and thought.

The reason why he was able to temporarily suppress Li Xiu was because he took the lead in attacking Li Xiu.

If he only took out the eight-year-old sword, I am afraid that Li Xiu has become a dead body.

Unfortunately, he did not dare to come up with the Eight Swords!

After all, killing and winning the treasure is a matter of righteousness. If there is a virtual soldier, it is justifiable that the Rosha domain owner has killed everyone here.

"Sword of the Ground Crack!"

"Dragons are ten steps!"

"The earth is pulsating 2!"

Ye Xuan constantly attacked and gave Li Xiu a lot of trouble.

On the one hand, Li Xiu had to resist the sword of the cracked ground, while still guarding against the dragons. At this time, his heart was already smashing Ye Xuan's blood.

"This stuff is so difficult!"

Li Xiuzhen flashed a murder.

Originally, the attribute affinity of Ye Xuan reached the legend, which made him very unhappy.

Now, Ye Xuan has realized the mystery, and even makes him angry.

Originally, he was very happy to discuss his affairs with people around him. However, after Ye Xuan appeared, he immediately took him out.

All topics are around Ye Xuan.

This makes him very upset!

"This kid is so powerful. Afterwards, the domain owner may decide to let him go to the Warlord to participate in the assessment with us. This is not a good thing for me!"

Li Xiu thought in his heart.

He is very confident and joins the War King Hall.

There was a Murong Xue, which was in his expectation.

But now there is another Ye Xuan, which means that if they successfully join the War King Hall, the three should be valued by the War King Hall at the same time.

Paying attention to the three people, and paying attention to one person, can it be the same?

The most important thing is that if Ye Xuan also successfully joined the War King Hall, the War King Hall will definitely take the lead in cultivating Ye Xuan. By then, he and Murong Xue will be in a very embarrassing situation.

Therefore, Ye Xuan must die!

"Kill, I want to kill you!"

Li Xiu was angry and his breath suddenly rose.

"what?"

Ye Xuan was shocked, this Li Xiu, and sure enough, there is a pressure box bottom.

Although Li Xiu's martial arts has not been able to catch up with the Devil's article, the gap between Ye Xuan and him is not big. Now, with this increase, Ye Xuan may not last long.

"Kid, let's die!"

After Li Xiu's breath rose, he quickly rushed toward Ye Xuan.

"Sword of the Ground Crack!"

"Dragons are ten steps!"

"The earth is pulsating 2!"

Ye Xuan quickly shot.

At this point, his face has already sunk to the bottom, and Li Xiu's strength is far more than him.

If he insists, it is very likely that an accident will occur.

Although he has the blood of the sacred tree in his body, Li Xiu is a real attribute of fire, and has the effect of burning. If it is rubbed, Ye Xuan will be in danger.

"Put away? Or take out the Eight-Dangerous Sword and kill this Li Xiu?"

Ye Xuan hesitated in his heart.

Take out the eight-year-old sword, and indeed have the ability to kill Li Xiu.

However, he can't guarantee that the main body of the Rosa area is not jealous. Even if everyone kills them, they must get the eight-year-old sword.

He does not dare to gamble!

No, but can't gamble!

If he is dead, what about Tianshui Island, what should Song Song do?

"Put away?"

Ye Xuan's mind suddenly flashed.

In some cases, it is necessary to admit defeat. After all, Qingshan is not ignorant of firewood. Although it will lose this quota, he has heard that the War King Hall is not only recommended.

At the Bailing Summit, Ye Xuan also did not use invitations, so this is not the only chance.

"Kid, let's die!"

Li Xiu opposed Ye Xuan and made a sniper attack.

Ye Xuan is already ready to admit defeat, but when he is on the floor.

"Hey, the host has learned the pulse guardian!"

what?

Ye Xuan a glimpse.

Pulse guardian?

He hurriedly glanced at his property panel and saw that his own meaning had already come out.

No, it is the earth's pulsation, this is a branch, and the pulse guards!

He quickly felt it, and then there was a special energy that poured out of his body.

"Hey!" "Hey!" "Hey!"

The sword of the three-way ground and the flame of the sword are colliding. Even if there is a pulse of the earth, it is impossible to scatter this flame.

Ye Xuan's eyes widened and he watched the flame of the sword and slammed into his body.

No, it should be the strange energy that blasted outside of your body.

"Hey!"

The flame of the sword is swaying twice, then dissipated.

"This....."

Ye Xuan looked at it.

Pulsating guardian, as the name suggests, is to use the earth's pulse to defend.

The earth pulsation is used for attack, and the pulsation guard is used for defense. Moreover, this pulsation guard is as heavy as the earth pulsation.

After clearing up his thoughts, Ye Xuan's eyes are bursting out of two fine mansions. If he has this pulse guardian, he will have the power of this Li Xiu battle.

"Haha, Li Xiu, you are finished!"

Chapter 568: Reversing the situation

"Haha, Li Xiu, you are finished!"

Ye Xuan suddenly laughed.

Before his three cracks in the sword, he could smash the attack of Li Xiu. Now Li Xiu uses the martial arts at the bottom of the box. It may take four.

Ke Yixuan can only find three swords of the ground, and now that he understands the pulse of the guardian, the residual flame of the sword can be blocked by the pulse guard.

Ye Xuan, safe!

"This is a pulse guardian?"

The Lord of the Luosha domain recognized it again. Before he had the privilege of seeing a weak god, he was still a rare earth attribute, so he recognized it.

The ambiguity of the earth's attributes is not only the pulse of the earth, but also several kinds, but the difficulty of comprehending the pulsation of the earth is among the top three in the meaning of all the soil properties.

It is even more difficult to understand the pulsating guardian branch in the pulsation of the earth.

And Ye Xuan, actually realized it.

"The Wizards, this is a wizard!"

The owner of the Luosha domain has already admired the five-body cast. He has also broken into the divine territory for decades, but he did not realize an uproar, so it is inevitably a little excited.

Unfortunately, he suddenly remembered what Jiang Tian did.

Ye Xuan, who is likely to die here, even if he has not been killed by Li Xiu, may also die in the assessment of the Warlord Palace.

Pity!

At this point, I learned the pulsating guardian Ye Xuan and began to attack Li Xiu.

"What a ghost thing!"

Li Xiu was also a blank face. He did not realize that Ye Xuan suddenly realized that this was the bottom of Ye Xuan's pressure box.

The situation, an instant reversal, is now in a state of flatness.

"What is that, can't see, but can feel the volatility, the whole space seems to be distorted."

"I don't know, but there is a martial art called flame protection, which is somewhat similar to this."

"Fire protection, the kind of garbage martial arts, can also compare with this? What is the realm of Li Xiu, you will not know?"

"Is this also true?"

"I also feel like, after all, we have no one to understand, I am afraid that even the domain owners will not see much."

A group of people began to whisper again.

At this time, on the top of everyone's head, there is actually a white figure, which is the cousin of Ye Xuan, Jiang Tianquan.

"Hey, even the pulsating guardian is comprehending, this kid can't really stay."

Jiang Tianquan held a folding fan, although his face was smiling, but in his eyes, there was a murder.

"I still want to take his head to give my aunt a gift. Forget it, I suddenly want to see him grow up, and then see his father, being looked at countless times!"

Jiang Tian did a glimmer of light, and then disappeared.

He already knows the ending of this battle, so it doesn't matter if you don't look at it.

On the ground.

"Li Xiu, you were not very proud of it, come kill me!"

Ye Xuan shouted.

"Bad boy, don't be arrogant!" Li Xiu replied with a bite.

Since Ye Xuan realized the pulsation guardian, the threat of Li Xiu to Ye Xuan was greatly reduced. As long as Ye Xuan did not reveal flaws, it was difficult for him to kill Ye Xuan.

However, Ye Xuan's infuriating is still at its peak, and his ordinary instinct and fire attributes are insane, but it has already fallen to half.

"Impossible, impossible, I was beaten by this kid without any help, it is impossible!"

Li Xiu was crying in his heart.

Who is he, the top genius in the Luosha domain, only twenty-five years old, the attribute conversion has reached 70%.

Give him another twenty years, he is sure to break through to the peak of the gods, and then comprehend the meaning of a fire attribute, then he can break through to the virtual state.

In the virtual state of the gods, how long has the Luosha domain not produced the strong man of the virtual state?

As long as he breaks through, the name Li Xiu will be known to the world!

"Death, you must die, I am Li Xiu, you have to step on your body and enter the War King Hall!"

Li Xiu is going crazy, and he is no longer defensive. He starts to attack Ye Xuan.

"good chance!"

Ye Xuan's eyes are bright. Since the other party is not defending, isn't that what he meant?

Big deal, blood transfusion!

"call out!"

"call out!"

Suddenly two swordsman flashed.

"Hey!" "Hey!"

Ye Xuan and Li Xiu's shoulders are almost simultaneously recruited.

"Hey, you are a soil property, even if you petrify me, my fire property can also quickly resolve your petrochemical!"

Li Xiu thought in his heart.

However, he was wrong.

Ye Xuan's attack is not only with petrochemicals, but after all, it contains a sword of earthly pulsation.

After petrification, there are still two shocks!

"Hey!"

Li Xiu's shoulder exploded in an instant, and there was a big gap in the entire shoulder.

"Damn!"

Li Xiu screamed and stared at it.

At this point, Ye Xuan is holding the long sword in his hand, slanting his own burning left shoulder, and only a part is connected to the left arm.

But the next moment, Li Xiu was shocked.

I saw that Ye Xuan was constantly spraying the left shoulder of blood, and recovered at a speed visible to the naked eye. Within a second, the left shoulder grew out.

How can this be?

Not only was Li Xiu shocked, but everyone in the room was shocked, including the Lord of the Rosa area.

"Is this kid a soil attribute or a wood attribute?"

"No, even if it is the **** of wood properties, it will not have such a powerful effect, he only took the life sacred in advance?"

"Definitely yes, he must have said that we did not pay attention, swallowed a life sacred species and grew a left shoulder!"

The people around are exclaiming.

Even the main people in the Luosha domain are facing each other because they did not see when Ye Xuan ate a life sacred species.

However, there is no rule in this battle. Anything is part of the strength. Even if you use poison, you can use the hidden weapon.

Therefore, it is ok to take the holy medicine in battle.

"Hey boy, I see how you can recover this time!"

Li Xiu's heart yelled and prepared to exchange blood with Ye Xuan.

This is also the meaning of Ye Xuan.

"This time, I can see if you can resolve it!" Ye Xuan glimmered, and the long-lost sword of the ground suddenly burst out.

"Hey!" "Hey!"

The two swordsmen were relatively swept, but they did not collide.

These two attacks have once again hit the other side.

Ye Xuan's move is still shoulders, but Li Xiu is a chest.

"Hey!"

The sword of the ground cracked in Li Xiu's chest, and his chest was opened in an instant. The wound was deep and visible. Li Xiu was also unstoppable to spit out a blood, and his heart screamed badly.

Because his realm is about to fall.

"Oh!"

Ye Xuan was also pulsated by his flame sword, and then squatted on his shoulders.

At that time, the flame spread quickly.

Chapter 569: dead!

Ye Xuan screamed out of his sword and cut off his shoulder again. It took a second and grew out.

"My God, he actually hid two life sacred species in his mouth!"

"A life sacred species is so hard to get, he actually got three in one day!"

"Just kidding, he has this strength, it's okay to get ten in a day!"

"This kid, from the beginning, wanted to fight with Li Xiusheng, and never thought about admitting defeat!"

"Crap, people have realized the righteousness, if they are known by the War King Hall, they will definitely focus on training!"

The genius around can't help but exclaim.

Li Xiu's face was gloomy.

I don't know why, his heart is beating wildly. At this time, he can't hear the voices of the people around him. He only has his own heart beating.

"If he doesn't die, I will sleep hard in the future, fight!"

Li Xiu's heart is already ready for the death of the fish.

Ye Xuan has already realized the righteousness, and his qualifications far exceed him. Now if Ye Xuan is not dead, then he will die in the future!

"kill!"

Li Xiu drank a word and actually rushed to Ye Xuan.

"Good!"

Ye Xuan is already ready for melee.

He understands that this Li Xiu is already the end of the strong, but if you play a long-range war, the Rosha domain owner is likely to be rescued before Li Xiu is killed. At that time, he will waste a ring.

In the meantime, the two figures are close, then madly shot.

The time for Li Xiu's realm to rise is coming, and there is not much left in the real gas. If this is not possible, Ye Xuan will kill him, then he will die.

Therefore, he must play the spirit of 120,000 points, and it is necessary to put Ye Xuan under the sword.

Unfortunately, Ye Xuan now has a pulse guard, and his attack is hard to threaten Ye Xuan.

However, it is at this time.

Ye Xuan's dark eyes suddenly turned white, and the duration of the devil's change actually passed at this time.

"Haha, boy, you are finished!"

Seeing that Ye Xuan has returned to the original, Li Xiu is laughing in his heart. Can this martial arts be used twice in a row?

However, Ye Xuan is able to use continuously!

"Good opportunity, the devil is changing!"

Another illusion of the demon **** condensed behind, and immediately fell into Ye Xuan's body.

His breath suddenly rose up.

"what?"

Li Xiu was shocked. He saw that Ye Xuan's breath was weakened, so he was a little careless.

Unexpectedly, Ye Xuan actually used a demon change again.

"not good!"

The main body of the Luosha domain responded and prepared to shoot. After all, Li Xiu is also a genius.

However, he just wanted to shoot, there is a skull thrown up, it is Li Xiu's head!

The main body of the Luosha domain was stunned. He wanted to intervene, but it was a slow step.

A pity a genius!

Originally, he thought that Ye Xuan had some pity, but now, he feels that Li Xiu has some pity.

The next moment, he just thought of a point.

The mysterious Jiang family strong, let the first and third place fight, and now the third place Ye Xuan killed the first name of Li Xiu, then the strong, will it be shot?

Still, he was wrong at first.

The other party, I think that Ye Xuan will win at the beginning?

The Lord of the Rocha domain quickly sneaked a sneak peek at it and did not find anyone in the air.

"Ye Xuansheng!"

The wind has announced.

Li Xiutou has lost. Naturally, Ye Xuan has won. This is an unquestionable thing.

At this time, Ye Xuan was in the eyes of the public, and walked over and put Li Xiu's Qiang Kun ring away.

"Hey, the soil properties of the host have improved, and it is currently fifty points!"

The system prompts.

The presence is not weak, even if Ye Xuan converges, it is still perceived by them.

"The trough, broke through, this kid is really enchanting!"

"It's terrible. Where did he come from? Not only did the attribute affinity rise to the legendary level, but also the understanding of the righteousness, and finally the breakthrough after the war, he is the reincarnation of the strong!"

"It seems that we are famous for the Rosary!"

The people around me are already shocked and can't recover.

And Ye Xuan, can't help but evoke the corner of his mouth.

Finally won!

Not only has the attribute affinity increased to the legendary level, but even the attribute conversion has reached 50%, and then doubled, he can break through to the virtual state!

Virtual state!

"Uh huh."

At this time, the owner of the Luosha domain suddenly said: "Well, the fifth place has also come out. This is the proof of the palace guard of the War King Hall. You can collect it!"

When he finished, he was thrown to Ye Xuan, a five-person quaint token with a war word.

Later, he continued: "The 100-collar summit is over, you can rest here, and when I come back, I can leave directly. As for the five of you, I personally lead to the War King Hall!"

"Yes!"

Everyone nodded.

The next moment, the nine Yun Yun Peng in the sky is slowly falling.

The Bailing Summit is over, others are not in a hurry, and naturally do not need Jiuyun Yunpeng.

Jiuyi Dayunpeng is now giving Ye Xuan five people.

"Go!"

The main body of the Luosha domain jumped on Jiuyi Dayunpeng.

The five people of Ye Xuan also quickly followed up. After they came up, the Lord of the Luosha domain also said again: "All five of you are qualified to participate in the assessment of the Warlord Palace. I will send you over, you first Stay there."

Originally, five people could rest for a few days, but the main owner of the Rosa area was invited to leave, so he immediately set off.

After all, there may be a virtual **** in the eye.

If Ye Xuan is dead, then he has no chance!

You must know that Ye Xuan has realized the pulse of the earth and the guardian of the earth. The affinity of the attributes has reached the legend, which will definitely be cultivated by the war king.

Reward, he can not, but if he introduces Ye Xuan in the past, he may be able to get the guidance of the virtual god.

At that time, he may be able to comprehend the righteousness and then break through to the virtual state.

Jiuyi Dayunpeng left directly and flew toward the Temple of War.

"Ye Xuan, Murong Xue, Shi Yan, Lin Feng, Wang En!"

The owner of the Luosha domain saw a look at five people and said: "The assessment of the War King Hall is different every time. I don't know specifically. You should pay more attention to yourself."

"Yes!"

Ye Xuan five people nodded slightly.

"There is still a road to the War King Hall, and you don't have to be so nervous." The Luosha domain owner finished talking, and he fell on Ye Xuan and asked: "Ye Xuan, can you understand how you are?" What is the experience of the righteousness?"

"experience?"

Ye Xuan stunned and found that Murong Xue also all fell on Ye Xuan's body.

Although the five are geniuses, but Ye Xuan is too enchanting, and the enchanting squad can't even match the four of them.

Chapter 570: War King Hall

"Yeah, Ye brothers, seeking to teach experience, I am also a soil property." That stone can not help but said.

He is a soil property, Ye Xuan is also a soil property, and Ye Xuan's experience is most useful to him.

Ye Xuan paused, and then said: "In fact, I don't know how to comprehend it, but I can only pulsate this earth into a word, shock!"

Then, he took out two books and threw them to Shi Yan. He said: "This is the two martial arts that I realized the pulse of the earth. Shi brother can learn to try."

"Sword of the Ground Crack!"

"War of the dragon!"

Shi Yan took two books and glanced at it. "Thank you, Ye Xiong!"

This is the martial arts that Ye Xuan Fang took a little bit of engulfing crystallization and copied it directly from the phagocytic system.

He did understand the mystery from these two martial arts, although both martial arts are the lowest level, but for Shi Jie, it may be useful.

"What is the pulsation guardian? As far as I know, the earth's pulsation is extremely difficult to comprehend. The branch of the earth's pulsation - the pulse guardian, is even more difficult." Luosha domain domain could not help but ask.

"This... the earth's pulsation can be integrated into all martial arts, which can enhance the power, and the pulsation guardian is used for defense. This pulse guards, I just just comprehended." Ye Xuan casually replied.

The level can be improved by swallowing, but he really doesn't know how to comprehend.

"Just comprehending?"

Everyone is shocked.

It turned out that Ye Xuan was really suppressed to the desperate situation, and then the potential stimulated, and suddenly realized the pulse guard.

Genius, this is really a super genius!

At this time, Ye Xuan suddenly asked: "The domain master, I would like to ask how many kinds of the earth's righteousness? The boy's mystery is also recently learned, not very well understood."

"I am not very clear about the specifics. I have only heard a few. The pulse of the earth is one of them. The guardian of the pulse is a branch of the earth's pulsation. Besides, the earth has its own strength, gravity, and others. Clear."

The main body of the Luosha domain paused and continued: "If one of the five elements is the most powerful, I think it is a soil property."

Ye Xuan frowned and thought about it.

In addition to the earth's pulsation, there are power, gravity, etc. These two kinds of meanings are simple and easy to understand.

"Power is righteous, it should be to enhance strength, and gravity, it should be to increase gravity, slow down the speed of each other!"

Ye Xuan thought in his heart.

His speed is very fast, so he is curious about this gravity.

If you understand the gravity and reduce the speed of the other side, then the strength of the other side will be greatly reduced, this is a magic!

The most important thing is that this is equivalent to a banned array that can push the other person's life to the land.

"I don't know when I can understand this gravity!"

After thinking about it, Ye Xuan closed his eyes. He was not practicing, but he did not want to answer other questions. After all, he happened to understand.

Everyone saw him like this, and did not ask more, because Ye Xuan has just realized the pulsation guardian, need to carefully understand, hot iron.

The Lord of the Rocha domain did not say anything, but he was constantly observing the surroundings to see if anyone was coming.

However, his worry was superfluous. Jiang Tian did want to kill Ye Xuan before, but later changed his mind, so he has already left.

Therefore, this road is unimpeded.

Three days later, Jiuyi Day Yunpeng came to the War King Hall.

"finally reached!"

In these three days, I have been practicing the sword of the crack of the ground and the stone scorpion of the dragon. I stood up from the ground and looked at the majestic palace in front.

"That is the War King Hall?"

Ye Xuan also opened his eyes and slowly said.

"This is the Temple of War, but it is only a branch of the Temple of War. If you pass the assessment, you will be the guardian of the temple." said the owner of the Luosha domain.

"Just the temple?"

Ye Xuan brow wrinkles.

"Don't worry, your qualifications are very good. As long as I report things up, the temple will send a master to **** you to the main hall." Rosha domain main road.

Ye Xuan nodded slightly.

The temple, it should be impossible to find anything, must go to the main hall.

At this time, the Lord of the Luosha domain suddenly said: "However, I heard that a mysterious force has emerged recently, and the masters of the War King Hall are constantly being attacked. I am here to remind you."

"Mysterious forces?"

Ye Xuan's eyes glimpsed, and his heart suddenly flashed two names.

King Hall!

Beastmaster Hall!

The War King Hall and these two kings temples are divided into three parts of the world. In this area, they are overlords. However, if there are people who dare to provoke him, then there are only those who are sent by these two forces.

Murong Xue also thinks so.

However, the main owner of the Luosha domain suddenly said: "You don't think too much. Although the palace is divided into three, there is still cooperation between them. This mysterious force is not the hidden formation of the other two kings. of."

"Not the other two kings, what would it be?" Ye Xuan eyes.

At this time, Jiuyun Dayunpeng has also landed in front of the big palace.

"who?"

A man in silver armor is moving forward.

"I am the main domain of the Rocha domain, this is my identification!" The main body of the Luosha domain jumped off Jiuyi Yunpeng and handed a token to the past.

The silver armor checked it and then took a picture from the Qiankun ring and compared it.

"Well, confirm your identity. You are here to send the recommended genius?" The silver man looked at Ye Xuan five.

"Yes, that's five of them."

Luosha domain main nod, and then quietly handed over a Qiang Kun to pass, and then pointed to Ye Xuan said: "Adult, his name is Ye Xuan, has already realized the meaning of the righteousness!"

The silver armor took over the Qiang Kun ring and quickly collected it, but after hearing the words from the back of the Luosha domain, he almost scared the ring in his hand.

"What, righteousness?" A silver man looked at Ye Xuan.

Those who can understand the righteousness in the divine context are all geniuses without one.

Although it is only through comprehension of the righteousness, it can break through to the virtual state of God, but the average person begins to comprehend the righteousness after the attribute transformation reaches one hundred.

And Ye Xuan, attribute conversion is just halfway!

"What are you talking about?" The silver man looked at the owner of the Rosha domain.

"That is true, Ye Xuan is a **** of earth properties, has already realized the pulse of the earth, and a branch of the earth's pulsation - pulsation guardian!" Luosha domain domain solemnly.

"What, even the pulsating guardian has come to understand!"

The silver armor exclaimed and said: "Kid, attack me!"

Ye Xuan squatted, and immediately understood that this silver armor man wanted to test him.

Therefore, he just walked aside and took out Li Xiu's best heavenly instrument and waved a cracked sword.
