

Super D. S 571

Chapter 571: Deputy lord

This man is the guardian of the War King Hall. His strength and temperament are comparable, and he is at least ten times stronger than Li Xiu.

Ye Xuan's sword of this ground is not enough to threaten him.

"Hey!" "Hey!"

Two muffled sounds spread, and the sword of this ground was easily defeated by the silver armor.

"Sure enough, the earth is pulsating, and it has changed to two weights, genius, really a genius!" The silver armor man's eyes widened, and he took out a flame of sword.

This sword is very powerful, just for testing.

"Hey!" "Hey!"

The sword plunged into the front of Ye Xuan, and was then guarded by Ye Xuan's pulse to the earthquake.

"Okay, that's great. I have come to a genius who understands the righteousness, very good!" The silver armor man was very happy.

However, in his words, it revealed another thing.

also?

Before Ye Xuan, there are still people who have realized the meaning of the righteousness?

"A sub-district governs several domains, each of which has a positive face, a rich talent, and a genius who understands the mystery."

Ye Xuan thought in his heart.

The main face of the Luosha domain was smiling. In the past three days, he was too worried. After all, he was afraid that Jiang Tian would suddenly shoot and kill Ye Xuan.

Now, he finally sent the person.

"Adult, excuse me, the Huang Tianyu I sent five years ago, how is it now?" Luosha domain owner suddenly asked again.

"Huang Tianyu?"

The silver armor recalled it and said: "It's not bad. I mixed up a small captain. The attribute conversion has reached 90%, but I haven't yet realized the meaning."

"Small captain?"

The main domain of the Luosha domain has been settled. It seems that this is a good mix.

"Well, I will take them in with these five people. You should leave first in the Rosara domain." The silver man said.

"Yes, adults!"

The main domain of the Luosha domain nodded slightly.

Although his strength is stronger than this silver armor, but the silver armor man is the palace guard of the War King Hall, he can only honestly call the adults.

The domain master, nothing in front of the war king temple.

Jiuyi Dayunpeng took off, and the main body of the Luosha domain also went back to the Luosha domain. Until he disappeared at the end, Ye Xuan suddenly remembered one thing. He forgot to ask the domain owner to help the Song Dynasty and the Song ruling. It's a thing!

"But, wait for me to settle down, come back!"

Ye Xuan shook his head helplessly.

Dian Wei, although there is a guard in the name, it is actually divided into two types, one is responsible for guarding, and the other is for going out to do the task.

Of course, both of them can apply for interchange positions.

"Okay, come in with me!"

The silver armor looked at Murong Xue and then went to Ye Xuan's side and asked, "Little brother, what is your name?"

"Ye Xuan!" Ye Xuan replied.

However, the next moment, the silver armor man began to ask questions crazy, and said that he has a daughter.

Ye Xuan is also drunk, and he also knows that this silver armor is a close-up, so vague in the past.

Murong Xue was instantly left out of the cold, even the name did not ask, but this is justifiable, after all, so many domains, can produce a super genius like Ye Xuan, who do not want to close?

"Ye brothers, you five, you will live here first, I will go to the top!"

The silver armor brought Ye Xuan to a small residence in the palace.

This branch is very big, but there is nothing inside. Ye Xuan also saw some holy beasts along the way.

At this time they are in a small palace in the palace, but here is not like the palace corridor, there are mud, trees and flowers, and there are five houses, it is really a hole in the sky.

"This war king temple is really powerful. The black dragon that we saw just now, it is not a holy beast, but a virtual beast!"

After the silver man walked away, Ishigaki couldn't help it.

Virtual beast?

Hearing the word, including Ye Xuan, is also a glimpse. Isn't this the name of the creature that has detached from the holy beast?

A virtual beast can easily obliterate the dross of these gods.

Ye Xuan did not expect that the black dragon that he had just passed by was actually a virtual beast that was comparable to the weak god.

"Ye Xuan, the master of the War King Hall may be coming, then you will be sent to the main hall of the War King Hall, congratulations!" The stone scorpion came over and hugged the fist.

"Thank you." Ye Xuan is also a fist.

This stone sturdy figure is burly, and the temper is bold, but it is worth making.

However, after a while he will leave, go to the main hall of the War King Hall, and if the four stone people pass the assessment, they will become the temple guard of this branch.

Afterwards, they can choose to go out to perform tasks, or guard the branch.

Of course, the guardian who goes out to perform the task is extremely risky, but there are many rewards, usually young people go out.

Older is to feel the meaning here.

However, in fact, Ye Xuan really wants to participate in this assessment of the temple, maybe it can improve the realm?

His qualifications may be rare here in the hall, but when he arrives at the main hall, there may be many.

Moreover, the main hall is a strong virtual imaginary, and the surrounding is probably very dangerous. His strength is too bad. In the past, it may be slower.

Subsequently, the five people were each assigned their own residence.

It didn't take long for the silver armor who had just left to come with a black robe middle-aged man.

This middle-aged man in black robe has a serious expression and is not excited. He is slowly coming in from the gate.

"The deputy master, that is him!" Silver man pointed at Ye Xuandao.

Deputy Prince?

Ye Xuan, who came out to meet, was smashed into the temple, but there were many imaginary gods who could serve as the deputy priest of the temple. Naturally, they were also strong imaginary gods.

At this point, the middle-aged person can suppress the breath, otherwise, Ye Xuan five people may be shocked to move.

"Oh? It's you, comprehending the pulse of the earth and the guardian of the pulse?" The middle-aged man fell on Ye Xuan.

"Yes, seniors!" Ye Xuan nodded.

"Attack me!"

Middle-aged people are not nonsense, say directly.

Seeing that the other party is so vigorous and vigorous, Ye Xuan naturally dare not drag the mud and water, directly sacrificed a best heavenly instrument, and cast a sword of the ground to the middle-aged.

"Hey!" "Hey!"

The sword of the ground cracked two times and then disappeared.

"Sure enough, the earth is pulsating twice." The middle-aged man's eyes glimpsed, just like the silver armor, he took out a non-attribute instinct.

Ye Xuan was shocked. After all, the middle-aged man in front of the black robe, Nima is a virtual god.

However, he still did not move, directly to play the pulse guard.

“Hey!” “Hey!”

This instinct is very weak, and it is broken after being swayed twice by the pulsating guardian.

The middle-aged man’s eyes glimpsed and said: “It’s indeed a pulse guard. If you break through once again, then it’s 4 heavy, and the power will multiply!”

Chapter 572: Virtual soldier

Upon hearing this, Ye Xuan’s heart trembled.

Before he was guessing, the earth pulsates the next realm, whether it is triple or quadruple.

Now I finally understand that it is 4 heavy!

Then the power is indeed more powerful than 2 important.

"Your qualification is very good, even higher than that of Sun Xingyu, that is, the realm is a lot worse."
Middle-aged humanity: "However, the rules are rules, even if your qualifications are good, you must pass the palace guard assessment!"

Dianwei assessment?

Everyone present at the scene.

Is it a genius like Ye Xuan that still needs to be assessed?

Isn't this a joke?

"Deputy Lord, this..." The silver armor man said very puzzled.

"Bao Jianfeng has been honed out, and you must have gone through many battles, life and death, and only in this case can you be a true genius!"

The middle-aged man paused and looked at Ye Xuandao: "The Sun Xingyu also realized the righteousness. He also had to participate in the assessment of the temple. I am going to the royal palace. I want real genius. Can you understand?"

His words are very burning, and no one can refute.

Real geniuses are rising in difficulties!

The most important thing is that this coincides with the meaning of Ye Xuan.

"understand!"

Ye Xuan solemnly nodded.

"That's good, after three days, you will gather at the door!" After the middle-aged man in the black robe finished, he turned and left.

Three days later, it was the assessment of the temple.

After the black robe middle-aged man left, the silver armor man also reluctantly sighed: "Ye brothers, the deputy master is like this, always put that sentence on the lips, you should not be surprised."

Ye Xuan did not agree.

He also felt that Bao Jianfeng had been honed, and he also felt that this sentence was very good.

Just let him participate in the assessment, then he can continue to break through!

"Chen Big Brother, what is the content of this palace guard assessment?"

Ye Xuan asked.

The silver armor man shook his head and said: "I don't know this. Only on the day of the assessment, the elders of the temple will come out to explain the content of this assessment."

"How strong is that Sun Xingyu?" Ye Xuan asked again.

The four people of Shijie also raised their ears. They were also curious. The genius called Sun Xingyu is what attributes and how high the realm is.

"This Sun Xingyu, attribute conversion has reached 70%, is a metal god, has already realized the true meaning of gold - point stone into gold." Silver man answered.

Metallic!

Point stone into gold?

Ye Xuanyi, now he knows too little about the property, so he can't help but ask: "What is the effect of this stone?"

"It seems that the Ye brothers have very little understanding of the righteousness." The silver armor man smiled and said: "The characteristics of metal nature, you also know that attack power is the strongest one of the five elements of the property, and this stone is a golden meaning, that is to let His attack has the effect of assimilation."

"Assimilation?" Ye Xuan frowned, he did not understand this.

The silver armor explained: "After your soil property is really hurting the enemy, isn't it petrified? This metallic stone is like gold, it is like your petrochemical, you are petrified, and it is condensation. Metal formation is extremely difficult to solve, and it will also hinder the flow of true gas. The longer the metal is, the harder it is. If it is not resolved in time, that part will be scrapped!"

"It turned out to be the case. Then I am the infuriating nature of the soil. If it is recruited, should it be more effective than other attributes?" Ye Xuan asked again.

"Yes, so you restrained Sun Xingyu, but your realm is too low. If you are against him, I am afraid it is difficult to overcome." The silver armor shook his head.

Ye Xuan is good, it is a bad world!

"This stone is golden, and it only works when it hurts?"

At this time, Shi Xuan behind Ye Xuan suddenly asked.

Ye Xuan heard the words, his eyes were bright, he even forgot this.

"Yes, it will only be effective if it hurts people. The simple infuriating collision has no effect." The silver armor nodded.

Fang Caixuan still has some concerns, but after hearing this sentence, he is not worried.

This stone into gold, in fact, is an enhanced version of petrochemicals, as long as it is not injured, this ambition does not pose much threat to him.

Moreover, he still has the blood of the sacred tree of life, afraid of anything.

"Chen Big Brother, I still have one last question. In the temple, is there any way to get the virtual soldiers?" After Ye Xuan paused, he couldn't help but ask.

"Virtual **** soldiers?"

The silver armor man did not know why Ye Xuan would ask this question. He thought about it and said: "The virtual **** soldiers are not so precious. They are divided into the old gods in the temple. The virtual **** soldiers are different from the heavenly devices. Only the weak gods can play its value 100%. Moreover, every virtual soldier can grow up, it needs to rely on the attributes of the virtual gods, the longer the time, the more The increase in the number of soldiers is greater."

"Do you still need to be educated?"

The five people were shocked. They were the first to hear this and couldn't help but see their eyes bright.

Ye Xuan is slightly frowning because he has a virtual soldier.

However, at this time, he is not a virtual state, but a divine situation, so it is impossible to cultivate a virtual soldier.

"The virtual gods are very expensive for the gods and the strong, but for the virtual gods, it is not a thing. Moreover, the virtual soldiers will recognize the Lord, if you are a virtual god, you It took ten years to cultivate a sacred sacred soldier, then this imaginary soldier will also enhance your attacking power of the earth. If this imaginary soldier is taken away by others, the other party uses the words of the imaginary soldier, and The same as the one that has been bred, it is just an ordinary virtual soldier. This is the same as raising a child.

"It's the same!" Ye Xuan's eyes sighed and said: "If I get a virtual soldier who has been bred by others, then I want to re-use the true spirits?"

"Yes, after the virtual gods get a virtual soldier, they all have to cultivate themselves. After all, they build their own sacred soldiers and use them with their own hands. Of course, the virtual soldiers also have good and bad points."

The silver armor man said that he couldn't help but ask: "Ye brother, do you have a virtual soldier?"

When asked about this question, Ye Xuan's heart trembled and hurriedly shook his head: "How can I, I am divine, how can there be a virtual soldier? I am just curious."

"Also, the virtual soldiers are hand-made, but they are not created by anyone. The vast majority of the imaginary soldiers of the Warlord Temple are bought from the King of the King." The silver man smiled. .

Ye Xuan smiled and did not speak.

His eight-year-old sword is the weapon of the Eight-Dragon Sword God, and it is a virtual soldier.

However, he does not know what kind of virtual warrior is the grade of the eight-year-old sword, is it the next product, or the middle product, or the top grade, the best?

Before he was sure, he still didn't dare to use it at will.

Chapter 573: Dianwei assessment

"Ye brothers, you are here for three days of rest. After three days, it is the assessment of the temple. I will leave first." After the silver man finished, he left.

Ye Xuan five people also returned to their yards to rest.

But what they didn't know was that after the silver man went out, he didn't go back to the door of the temple. Instead, he went to find the middle-aged man in the black robe.

"Deputy Lord!"

In a small courtyard, the silver armor kneels down on one knee.

The deputy lord turned and said: "After three days, you will take them to the assessment."

"Yes!" The silver armor nodded. After a pause, he asked: "When should I transform him?"

"You can test it first. As for the other four people, the little girl and the big man are still okay. You can do it yourself." The deputy lord said faintly.

Later, he took out three red little stones from the Qiankun ring and said: "This is the heart of three half devils. If it is not successful, kill it."

"Yes, the subordinates must complete the task!" The silver armor nodded, and the twilight flashed the different colors to collect the three small stones into the ring and then left.

.....

During these three days, Ye Xuan stayed in his place of residence and continued to practice the sword of the dragon and the crack of the ground to see if he could raise the earth's pulsation to four.

It is a pity that this is not a martial art. It is not so easy to upgrade.

Three days, it soon passed.

When the morning of the fourth day, Ye Xuan five people got up, and then went to the door of the hall.

At this time, there were already hundreds of people gathered at the entrance to the temple.

The Warlord Temple has nine sub-districts, each of which is in charge of the twelve domains, adding up to exactly one hundred and eight domains.

The domain owner of each domain can recommend five people, and some large domains can recommend seven or eight people, so these people add up to more than one hundred.

The Luosha domain is ranked in the 12 domains of the branch, and it is ranked third. At most, six people are recommended.

Ye Xuan went out and then found a space to stand.

They looked around in a circle. These were the geniuses in the genius of the war, and the attribute conversion was at least 50%. Ye Xuan was the worst.

However, he still has the righteousness to support, among the dozens, only Sun Xingyu can compare with him.

I don't know, who is Sun Xingyu!

There are still many people coming out of the hall, and soon the number is over 100.

Not only that, but also the division of the temple guards came out of the temple. The silver armor who received Ye Xuan was also among them.

"Hey, Ye brothers." The silver armor ran to Ye Xuan.

"Chen Big Brother." Ye Xuan hurry and say hello.

The silver armor man smiled: "The assessment task has already come out, and it is up to me to lead the five of you to the assessment."

As he spoke, he took out a sheepskin roll from the ring.

Ye Xuan did not think much, looked curiously.

"Destroy the heart of the spider hole, each person annihilates a hundred earthworms, and brings back a poisonous sac of a hundred earthworms. The mission time is two days!"

Ishigaki couldn't help but read it out.

Immediately, the five people have a common question, is this heart spider, strong?

The silver armor read the doubts of the five people and explained with a smile: "A geocentric spider can compete with a warrior whose attributes are transformed to 50%."

Attribute conversion reaches 50%!

Ye Xuan paused.

His property transformation is just 50%, Murong Xue is 70%, Shijie is 65%, and the other two are 55%.

Therefore, this geocentric spider is not a threat.

However, this assessment task requires a poisonous sac of a hundred geocentric spiders, which means they need at least 100 bodies of earthworms.

"There is a geocentric spider nest in the west of the branch. Our mission is to go there. At the same time, this task can only be acted alone. During the assessment period, non-evaluators need to wait outside, and I will follow up and evaluate." The silver armor said.

Five people nod, these are better understood.

The actual combat ability is a point, the overall quality still depends on it, and it is not that the strength can pass the assessment.

"Okay, let's go!" The silver armor man did not talk nonsense, received the sheepskin roll directly, and then ran toward the West with Ye Xuan.

There are many dangers near the temple of the War King Hall, but the master of the War King Hall is not to shoot, in order to give other people a chance.

The more dangerous the place, the more opportunities there are, and the greater the increase.

If you die there, you can only blame yourself for being too weak.

The silver armor man took Ye Xuan five people and rushed for a day, then stopped in front of a mountain.

"The cave is the nest of the earthworm. Then each of you will kill one hundred spiders and bring the body out within two days." The silver man pointed to a dark cave below. Said.

"understand!"

Ye Xuan nodded five people.

"Well, you four people are waiting on it first, Ye Xuan, you first check!"

When the silver armor finished speaking, he quickly fell.

The assessment task of this geocentric spider seems to be only the team they have picked up, and others have gone to other assessment tasks.

Ye Xuan did not care, followed.

"Ye Xuan, after going down, you have to look at your own skills, even if you are in danger of life, I will not shoot, this is the rule!" Silver armor to Ye Xuandao.

"understand!"

Ye Xuan replied, directly plunging into the dark cave.

The silver armor went in behind his back and then opened a distance of kilometers.

The cave is very dark, but after a certain distance, it suddenly has a light. It turned out to be some treasures of heaven and earth.

For these things, Ye Xuan also quickly picked it up and then swallowed it.

Although the strength of the geocentric spider is good, it has not reached the point of using the eight wild swords.

After entering the cave, Ye Xuan even the devil turned out to be useless, and he took a best of the heavens.

"Hey!"

When Ye Xuan fell to the cave, he heard a subtle sound. He felt it. In addition to the silver armor who followed, there was a huge creature on the stone wall.

Ye Xuan turned to look at it, and sure enough, it was a spider.

"Don't think that hiding in the dark, I can't see you, die!"

Ye Xuan directly pulled out a cracked sword, and instantly killed this spider. Later, he went over and collected the body of the spider.

"The earth is pulsating 2 heavy, and it is really powerful. When you are young, you will understand the meaning of the righteousness. If it is successful, it will become a general of my great demon!" The silver armor behind Ye Xuan is shining.

At this time, Ye Xuan has already collected the body of the geocentric spider and then proceeded.

Chapter 574: carry out

The assessment task was to kill a hundred geocentric spiders within two days. This task is still easy for Ye Xuan.

After all, the blood of his life sacred tree is ten or even hundreds of times faster than the recovery of the wood property. He does not need two days at all.

Ye Xuan continued to go deep into the grottoes, but he encountered a lot of scattered geocentric spiders. These geocentric spiders were easily killed by him.

"Seven!"

"Eight!"

"Nine!"

Soon, Ye Xuan swallowed the body of the spider in the space, reaching ten.

At this point, he entered the cave, but only ten minutes.

If Lin Feng and Wang En came in, I am afraid that the infuriating energy has been used up and needs to be restored.

"Well? Red Geocentric Spider?"

Ye Xuan's line of sight suddenly appeared a fiery red color. He turned his head and saw a spider with a flame rushing toward him.

This flame spider has too much strength beyond the ordinary geocentric spiders, and I am afraid that it can fight with the military who has transformed the attributes to 60%.

It is a pity that Ye Xuan can even kill Li Xiu, who has transformed the property to 70%.

"The devil is changing, kill me!"

Ye Xuan directly displayed the card and instantly killed the flame spider.

Then he walked over to the flame spider and said, "Chen Big Brother, this spider, can you be a few?"

"It can only be counted as one." The silver man in the rear said.

In this case, Ye Xuan took the body of this flame spider and then swallowed it, and the strength has improved a lot.

"This kid, the strength did not expect so strong, I thought he would solve the flame spider takes some time." Silver man thought in his heart.

Of course, with his realm, it is also easy to kill the flame spider.

Ye Xuan continued to go deep into the cave.

This cave, which was explored by the strongman of the former War King Hall, has a geocentric spider king, whose strength is comparable to that of the 75% of the attributes.

However, this earthworm spider king lives at the bottom, tens of thousands of meters from the ground.

At this time, Ye Xuan is already in the depths of the cave, here will begin to encounter groups of geocentric spiders.

"Thirteen? Kill!"

Ye Xuan did not say anything, and directly killed him. When he rushed to the front of the group of earthworms, there were only three thirteen earthworms left.

He quickly took out three snipers and killed the three geocentric spiders.

"Well, more than thirty, I will be able to complete the task after giving me a few hours."

Ye Xuan is very satisfied.

However, this assessment task is two days per person. It took him only a few hours to complete the task, which was too wasteful.

So he is thinking now, after waiting for the task to be completed, stay in the heart of the spider cave and improve his strength.

"Forty!"

"Fifty!"

"Sixty!"

"Seventy!"

Ye Xuan's killing speed is very fast. In less than two hours, he killed 70 earthworms and only 30 missions.

It is at this time.

"Booming!"

Suddenly a loud noise spread in the nest.

Ye Xuan brows and feels this movement, it seems that there are large groups of spiders close.

The silver armor man also sacrificed a special heavenly instrument, although he said that he could not shoot, but this is just a casual talk. The deputy lord is so optimistic about Ye Xuan. If he makes Ye Xuan something wrong, he will definitely It's very bad to die.

"coming!"

Ye Xuan's eyes lit up and turned to look at it. He found a martyrdom at the end and began to rush out of the earthworm.

"Sword of the Ground Crack!"

"Dragons are ten steps!"

"The earth is pulsating 2!"

He started to shoot crazy.

The strength of these geocentric spiders is comparable to that of him. Even if he does not need the pulse of the earth, the devil can change the hole and prevent the spider from rushing out.

He estimated that after this time, his number will meet the requirements of the assessment task.

"Jiuliu!"

"ninety-seven!"

"Ninety-eight!"

"Ninety-nine!"

Ye Xuan attacked and counted, and soon the number reached one hundred.

As long as he collects these geocentric spiders, even if he completes the assessment, he will be able to join the War King Hall and become a warlord palace guardian who will be respectful to the Lord.

However, because these geocentric spiders rushed out endlessly, he was not in a hurry to come out and kill one.

It is a minute for him to stand like this.

"Three hundred and sixty-three, lying trough, how to rush out so many heart spiders!" Ye Xuan was shocked.

So many geocentric spiders, if they are other people at this time, such as Murong Xue, they will be scared and pale.

Three hundred and sixty-three geocentric spiders, the number is huge, although the individual strength is not strong, but most people have Ye Xuan such a horrible recovery speed?

"This kid, what is it in the end, how can the instinct come from?" The silver armor man is very surprised.

Just then, at the end of the martyrdom, a more huge figure appeared.

"Not good, it turned out to be the King of the Earth!" The silver man's face changed.

The geocentric spider king, but the ability to transform with attributes to reach 75% of the military dry frame, Ye Xuan's attributes can not be transformed into 50%, relying on the righteousness, can win?

The silver armor can't estimate it, but he didn't shoot, but watched quietly.

"It turned out that the boss came out, just right, it turned into my experience!"

Ye Xuan's light flashed.

He even smashed the property to get 70% of Li Xiudu, and a holy beast in the district, what are you afraid of?

You know, humans can almost challenge the Holy Beast!

"Sword of the Ground Crack!"

"Dragons are ten steps!"

"The earth is pulsating 2!"

This earthly spider king has not yet come out, the ordinary earthworm is dead light, and then, the earth spider king is rushed out of the corpse.

Boss battle!

But what makes the silver armor surprised is that Ye Xuan did not fight the spider king of the heart, but crossed it, and then began to quickly collect the body of the spider.

"This kid, when the key time is still collecting things, can't you just want to collect it, run away directly?" Silver man thought in his heart.

He saw that Ye Xuan was faster than the Spider King, so he was not worried.

After a while, Ye Xuan took all the bodies of the more than 300 earthworms, and he left a hundred, and then swallowed up the rest.

"Hey, the soil properties of the host have improved, currently fifty-three!"

More than three hundred corpses of sacred beasts and the sacred beasts allowed Ye Xuan to rise three levels at a time.

"Silly, big guy, go to hell!"

Ye Xuan shouted and suddenly shot.

The carapace of the earthworm is still hard. This earthworm is still king, so the strength is stronger and some are difficult.

Although the shell is hard, but Ye Xuan's earth pulsation, most like these defensive things, and in less than half a minute, this heart spider king is planted down.

died!

Chapter 575: Half demon

"So bad, even if Li Xiu can easily kill, boring." Ye Xuan shook his head and took the body of this earthworm spider king and directly swallowed it.

"Hey, the soil properties of the host have improved, currently fifty-five!"

This earthly spider king gave Ye Xuan a lot of experience and let him break through twice.

Later, he turned around and said to some wrong silver man: "Chen Big Brother, my mission is complete!"

The silver armor man came back and smiled. "Yes, you have greatly exceeded the mission requirements. I have observed you on this road. The overall evaluation is good. However, half of this evaluation has not been completed."

"What else?" Ye Xuan asked subconsciously.

"The assessment task of this temple is also a hidden assessment. Only at this time, I can tell you." The silver armor clenched the sword in his hand and said: "This hidden assessment is to play with me. I need to know your true combat power!"

"Hidden assessment?" Ye Xuan did not doubt, stunned: "But, Chen Da Ge, your property conversion has already got 80%, which can already kill me."

"Yes, but we still have to play one game, you can rest assured, I only defend, do not attack!" Silver armor nodded.

"Oh, that's it, then I'm welcome."

Ye Xuan's flash of light, he has not fought with the strongman who has transformed his attributes to 80%. He also wants to see if he can threaten the other party without using the Eight-Dangerous Sword.

"come on!"

The silver armor clenched the sword and said.

"Hey!"

At the time when his voice fell, Ye Xuan's figure was also a flash, and the lifted foot was the tenth step of the dragon with the pulse of the earth.

However, the silver armor man has been behind him for so long, how could it be bombarded by this?

The silver armor's feet have long since departed from the ground, so the dragon's step is useless to him.

This is also in the expectation of Ye Xuan, his right hand began to slash quickly, the sword of the ground cracked constantly toward the silver armor man.

These swords of the ground crack, some directly broke through the air, and some plunged into the ground, plucking from the side of the silver armor.

The silver armor stood in the air, and the long sword waved, instantly smashing the cracked swords in front of them.

As for the sword of the ground cracked from the ground, it was blasted by his left hand.

At this time, Ye Xuan understands that the silver armor is the real attribute of the fire, just restraining his soil properties.

"This is a hidden item of assessment. If it is highly rated, there may be rewards!"

Ye Xuan attacked while thinking in his heart.

However, what he did not know is that this hidden assessment project was simply compiled by the silver armor man.

Silver armor, there is no purpose!

"Boom!" "Boom!" "Boom!"

A muffled sound spread, and the attack that Ye Xuan Shi released was all defeated by the silver armor.

If you really want to fight, the winner is definitely Ye Xuan. After all, his attributes are always flowing. Even if the silver man's attribute conversion reaches 80%, it is impossible to use it.

Of course, this is the case when the silver armor does not attack him.

"Ye Xuan, why is your instinct so much?"

Finally, the silver armor could not help but ask.

"Oh, big brother Chen, you are not kind, this is my secret." Ye Xuan can not tell him that he has the blood of life.

"Ok."

The silver armor did not agree. At this time, he suddenly took up the long sword in his hand.

The next one, facing the swords of these cracks, turned out to be fists, and it was a punch that shattered the sword of the ground.

"Boom!" "Boom!" "Boom!"

"What, boxing?"

Ye Xuan was shocked.

"Ye Xuan, a little more fierce!" the silver man shouted.

Ye Xuan's flash of light flashed and attacked.

His attribute transformation has reached 55%, and his attack, even if Li Xiu is still alive, can't take it anymore.

However, these attacks are so vulnerable in the eyes of the silver man.

At this moment, Ye Xuan suddenly discovered a little. He found that the silver armor man did not seem to use the infuriating, but used the flesh to defeat the sword of the crack.

How can this be?

We must know that after the shackles, the martial arts breakthroughs are not much improved, but the silver armor man did not even use the infuriating spirit. He could use his fist to smash his sword of the ground crack, which made him feel Unbelievable.

He stopped and asked awkwardly: "Chen Big Brother, how is your physical strength so strong?"

The silver armor smiled and said: "This is also my secret, well, the assessment is over, you passed!"

by!

When this word fell into Ye Xuan's ear, let his brow endure a pick, which means that he joined the War King Hall?

"Thank you Chen Big Brother!"

Ye Xuan said with a smile: "Let's go out."

"Don't worry!" The silver man called Ye Xuan and said: "Next, I still have some things I want to tell you."

"what?"

Ye Xuan's foot was a moment, quietly looking at the silver armor man, I don't know why, there is always a strange feeling in his heart.

"When you ask me, why is my physique so strong, this secret, I can tell you, just look at you want to know." Silver armor slowly.

secret?

Do you want to?

These two words make Ye Xuan somewhat puzzled.

This is the secret of the silver armor man. He wants to tell and tell, what do you want to see? Do you want to know?

"If Chen Big Brother is willing to share, I am willing to listen." Ye Xuan nodded.

"Okay, then I will say it!"

After the silver armor said a sentence, he suddenly asked: "Ye Xuan, have you heard of the Yaozu?"

"The demon?"

Wen Yan, Ye Xuan stunned, he heard of the Terran, the Haizu, just did not hear the Yaozu, so he shook his head subconsciously.

"In this world, there are actually many races, such as Terran, Haizu, Mozu, etc., the Yaozu, is also a race in this world. Since you have never heard of the Yaozu, you should have never seen it, Yaozu, you Can be imagined as a sacred animal race that can be turned into a human form." Silver armor explained.

Hearing this, Ye Xuan's mind couldn't help but think of some people, that is, the dragons in the deep sea palace.

Yu Yi and Yu Man, who have taken a form of grass because of their ancestors, have the ability to shape.

So, are they a sea or a demon?

However, this is not important.

The important thing is, why did the silver armor tell him this?

"Mu Fei, Chen Da Ge, you..." Ye Xuan's head flashed and asked.

"Yes, I am a demon, but I am only a demon, originally a person, and later took a half demon heart, half of my heart is a demon." Silver armor does not evade, directly in the heart The secret was said.

Chapter 576: no effect

"Not human? Half demon?" Ye Xuan eyes a glimpse.

He has some doubts about his own eyes. This silver armor man seems to be a human being. How can it be a half demon?

"Ye Xuan, the reason why my physique is much stronger than ordinary people is because of this half demon heart. Now, I ask you, do you want to be like me?" Silver man asked with a squint.

This is his purpose today!

"Just like you?"

Ye Xuan paused, his brow wrinkled, and asked subconsciously: "Become a half demon, what are the requirements?"

"No requirement, as long as you take this half demon heart, then your heart will have half of it into a demon heart. At that time, you will also have a constitution like me. When you cooperate with the righteousness, you can The more levels of challenge, you will become the first genius of the War King Hall!" said the silver armor.

The first day of the War King Hall!

What a joke!

Although Ye Xuan is not very smart, he is not stupid.

Jiang Tianzhao, the age is not much bigger than him, but people have already broken into the virtual state of God, and even if his physical condition is enhanced, he has not broken through to the virtual state.

The words of the silver armor are only tempting him.

"The Lord, do you know that you are a half demon?" Ye Xuan asked with a squint.

The silver armor squatted and then shook his head. "I don't know, so I am very careful, because humans and demons are deadly enemies. If they are discovered by humans, we will definitely be besieged!"

"Dead enemy?"

Ye Xuan heart trembled, in this case, this silver armor dare to tell him?

Suddenly, he thought of many possibilities in his heart, and immediately asked: "That, why should you make me a half demon?"

"Because I appreciate you, you are the most genius person I have ever seen. This half-devil heart is made from the heart of the dragon in the peak of God's ambiguity. Its growth is far more than my half demon. The heart is strong. If you swallow it, you will have the ability to compete with me. Then I will teach you a martial art that will hold you up. Even if you are a strong god, you can't find us. "The silver armor reached out and showed the red stone in his hand to Ye Xuan."

To be honest, Ye Xuan was originally tempted.

However, when the silver armor said that humans and half demon were deadly enemies, he had already made a decision.

Just kidding, if he becomes a half demon, how do you face your loved ones and friends in the future?

Therefore, he can't promise!

"Chen Big Brother, if I don't agree, will you kill me?" Ye Xuan asked with a squint.

"Yes, because this is my secret. If you are alive, you will definitely tell my secret. Only the dead can keep the secret!" The silver man nodded.

Now that he has finished speaking, he will see Ye Xuan's decision.

In his words, Ye Xuan has already guessed it. If Ye Xuan refuses at this time, the silver armor man will suddenly break out and kill him.

Here is the nest of the earthworm, even if Ye Xuan is dead, he also has a lot of excuses to explain.

After thinking about it for a while, Ye Xuan said: "How many half demons are there in the temple of the War King?"

"Just with me, and my captain!" said the silver armor.

On the way to the heart of the spider's nest, Ye Xuan also asked the silver armor a lot of things.

In the hall of the War King Hall, the conversion of the squad leader's attributes must be at least 90%, and the captain is the peak of the gods.

In the Warlord's Hall, there are two and a half demon, then the captain of the silver armor's mouth, if you can refine the half demon heart of the gods, why not first use the silver armor?

Intuition tells Ye Xuan, this must be a lie!

However, he is not so stupid to refuse.

"Well, Big Brother Chen, I promised!" Ye Xuan nodded.

"Sweet, Ye Xuan, this half-devil heart made from the heart of the gods, the peak of the dragon, for you!" Silver man opened his mouth and smiled, no suspicion.

Because, Ye Xuan does not need to play tricks, after all, his strength is here.

Even if Ye Xuan took the half demon heart, the strength became stronger, but by that time, Ye Xuan was already a half demon, and he was the same.

Ye Xuan took over the half-devil's heart, and then placed it under the eyes of the silver armor man, but he did not swallow, but quietly received the swallowing space.

He made a swallowing action and asked: "Chen Big Brother, when is this half demon heart, when does it work?"

"Immediately, you may have the pain of heartbreaking, you have to persist, the longer you persist, the stronger your half-devil heart!" The silver armor solemnly reminded.

"Oh."

Ye Xuan nodded slightly, but he waited for a while, but there was no reaction.

Of course, there was no reaction. After all, the half-devil heart was taken away by him.

"Ye Xuan, how do you feel?" The silver man saw Ye Xuan's face calm and asked strangely.

It should be said that the demon heart should have begun to work, but why did Ye Xuan have no reaction at all.

"Chen Big Brother, no effect." Ye Xuan said pretendingly.

"Impossible, is it hard that the demon heart has not been refining successfully? You will wait a little longer to see." The silver armor frowned.

They waited for a while, plus the top, for five minutes.

"Chen Brother, still has no effect." Ye Xuan shook his head.

"Weird, it is difficult to be the half demon heart given by the deputy, there is a problem?" Silver man thought in his heart.

He waited for a while, and Ye Xuan still had no change.

This can't be Ye Xuan's outfit. After all, he felt the pain of heartbreaking, and Ye Xuan couldn't be indifferent.

Therefore, it must be that the half demon heart has a problem.

"Ye Xuan, try this one again."

The silver armor took out another one, which was originally prepared for Murong Xue.

"This half demon heart is also the refining of the heart of the dragon. However, this dragon is not the peak of the gods, and it is a little worse." The silver armor lost this half demon heart to the leaf. Xuan.

Ye Xuan caught, and then placed in the entrance of the silver armor.

This time, the silver armor man stared at Ye Xuan, he could feel it, the aura of this half demon heart disappeared, indicating that it was swallowed by Ye Xuan.

But the strange thing is that after this half-devil's heart, Ye Xuan still has no reaction.

It's a dog!

"What is the situation, the two half-devil hearts, have no effect?" Silver A man snarled in his heart.

The demon heart is made by the deputy priest of the War King Hall. Ye Xuan has no effect after taking two consecutively. It can only explain that Ye Xuan's constitution is somewhat weird. Men can't explain the changes.

Chapter 577: Fate

"Chen Big Brother, are you half-devil's heart, is it worse?" Ye Xuan asked.

Deterioration?

What kind of racial jokes!

"I don't believe it!"

The silver armor man fell from the sky, then walked to Ye Xuan, handed the last half demon heart, said:
"This is the last one!"

To be honest, if this half-devil's heart still has no effect, he can only stun Ye Xuan, and then return to the Wang Dian to report to the deputy.

After all, Ye Xuan already knows his secret and can't go back to the palace with him.

Ye Xuan took this last one and swallowed it.

The silver armor is one meter away from Ye Xuan, and it is very clear that the aura of the demon heart disappears.

"Three and a half demon hearts, see how much can give me a breakthrough!"

Ye Xuan thought of a move, directly devour the three half demon hearts in the devour space.

Of course, here is the use of ordinary phagocytosis, not special devouring!

"Hey, the earth's soil properties have improved, and it's currently sixty!"

The system prompts.

Fang Caixuan was 55 points, or 55%, before taking it. Now, suddenly it has increased to 60 points and reached 60%.

Although these three demon hearts are precious, but after all, they are only made from the heart of the sacred beast of the gods, so the value is not high.

If it is the heart of three virtual beasts, then Ye Xuan is estimated to be a ten o'clock!

In this regard, Ye Xuan is already very satisfied.

"Ok?"

Standing in front of Ye Xuan's silver armor, he felt the sudden rise of Ye Xuan.

He asked a little strangely: "Ye Xuan, how do you feel?"

"But it broke!" Ye Xuan's mouth tilted slightly.

"breakthrough?"

The silver armor did not understand.

The demon heart will only greatly enhance the physical condition. How can it help Ye Xuan break through?

However, the next moment, he felt a strong killing, and immediately quit.

"Ye Xuan, you..." The silver armor looked at Ye Xuan with a look of taboo.

"Chen Big Brother, thank you for your three half demon hearts!" Ye Xuan opened his mouth and smiled.

"What do you mean?" The silver man's eyes glanced.

"Oh, big brother Chen, your three half demon hearts, I have refining. However, my heart is still the heart of mankind, I am still a human, not a half demon!" Ye Xuan smiled and replied.

"This is impossible!"

The silver armor frowned.

"Whether you believe it or not, anyway, I am human, the three half-devil hearts, I refining with my special method." Ye Xuan stretched his muscles, because he knew that there would be a battle to fight.

In fact, he was able to attack and kill the silver armor.

But he didn't, because he wanted to take a look, how strong this half-devil's physique is!

"So, you are playing me?" The silver armor reacted at this time.

"Not bad."

Ye Xuan nodded.

In this world, you don't go to pit people, others will come to pit you.

If he is a weak scum today, it is a weak scum that can be squeezed by a silver armor. If he refuses, will the silver armor let him go?

Certainly not!

"I didn't expect that I was actually played by your kid. I appreciate you and want to make you stronger. You don't cherish it. Anyway, now, let me send you a ride!" Silver Man suddenly I came out with a special instrument.

"Whoever sent it, not necessarily!"

Ye Xuan glimmered and shook hands in the long sword.

Behind him, there is already a shadow of the demon god. The next moment, the demon **** shadow is integrated into his body.

The conversion of the character of the silver armor has reached 80%, and it is also the body of the semi-demon. The strength is already beyond the hurricane of the main body of the Luosha domain.

However, Ye Xuan is not the same as this time, his attribute transformation has broken through 60%, but there are both the earth's pulse and the pulse guardian.

Even if he does not use the Eight Swords, he is not afraid of each other!

"kill!"

At this time, the two men shouted in the same breath, and their figure quickly flashed away.

"Sword of the Ground Crack!"

"The earth is pulsating!"

Ye Xuan directly attacked.

The silver armor, also constantly waving a long sword, a flame of swords toward Ye Xuan.

Like Li Xiu, who was killed by Ye Xuan, he is the instinct of the fire attribute, so he is more restrained.

Coupled with the body of the half demon, his strength is still above Ye Xuan.

However, when Ye Xuan could turn the attributes of the 20th to kill Li Xiu, today is more than 20, he may not be able to fight with one.

"Boom!" "Boom!" "Boom!"

At the beginning of the two talents, they came up with all the stops and wanted to kill each other.

Ye Xuan suffered a loss in the realm and attributes, but his speed was not slower than that of the silver armor, so the two sides fell into a stalemate.

"This kid, before the attribute conversion is also 50%, now how suddenly increased to 60%?" Silver A man is very surprised.

He is thinking, Ye Xuan must have a very strong convergence technique, which can converge and hide strength.

But he won't know, Ye Xuan is just breaking through, and it is thanks to his three half demon hearts.

"Chen Big Brother, you are a little powerless, is this your strength?" Ye Xuan ducked and taunted.

"Kid, don't be crazy!" The silver armor shouted.

He knows that this unsuccessful will become a benevolent person. If he does not kill Ye Xuan, Ye Xuan will definitely announce this matter after he goes out.

By then, things will be gone!

Therefore, even if he is desperate, he will kill Ye Xuan!

Unfortunately, his current realm is not enough.

The two men fight for more than 30 rounds, who can't help but who, but if it is compared with the beginning, it is Ye Xuan who has an advantage.

The sacred tree of life!

The endless nature of the property is infuriating!

This is the advantage!

"The demon heart, although good, but I am not blindly pursuing power. Since humans and demons are deadly enemies, then I am going to do the heavens today and marry you!"

Ye Xuan said loudly.

"Less nonsense, find death!" The silver armor also drank a word, but he felt tremendous pressure.

This pressure is from Ye Xuan.

Since Ye Xuan entered the geocentric spider nest, there was no stop to rest. Before the spider king came out, Ye Xuan also killed more than 300 geocentric spiders, all of which were soil properties.

He couldn't understand why Ye Xuan's infuriating is so inconsistent with the realm?

Ye Xuan, the amount of these attributes, I am afraid that it is already beyond him. If you fight again, when he is exhausted, the loser is him.

"Fairy!"

At this time, the silver armor suddenly roared to the sky, and the appearance of the whole person began to change.

"this is....."

Ye Xuan's light flashed.

Chapter 578: dead!

Ye Xuan looked at the silver armor's hands and turned into claws. He had a horn on his head and a long tail.

However, this tail, he has seen, and more than once.

Tianlong!

This silver armor man's half demon heart is also made from the heart of the dragon, so after the demonization, it is a bit like a dragon.

"Kid, I want to kill you!"

The silver armor man became the appearance of a half-man and a half-day dragon. After a big bang, he lost his long sword and rushed toward Ye Xuan.

This time, Ye Xuan did not dare to hide it again.

"eight wild swords!"

Ye Xuan did not hesitate to sacrifice the Eight-Year Sword, but he made the Eight-Day Sword directly broken.

Eight wild winds kill!

"Hey!" "Hey!" "Hey!"

A sharp blade plundered toward the demonized silver armor.

Now Ye Xuan has already realized the pulse of the earth, and can be integrated in any attack.

"what?"

The silver armor glimpsed and saw the eight-handed blade plucking. He grabbed his claws and tentatively grabbed it, but he was shaken open.

"Virtual **** soldiers, this is a virtual soldier!"

The silver armor suddenly recognized it.

He finally understood that before Ye Xuan asked him so carefully about the things of the virtual soldiers, it turned out that Ye Xuan really had a virtual soldier.

This is trouble!

"Chen Brother, sorry, I was very happy to make friends with you. Who knows your wolf ambitions, even hit my idea. So, please go to hell!"

Ye Xuan's double-eyed smear, while driving the eight-handed blade, attacked with the sword of the ground crack.

At this point, the silver armor's feet landed, after all, if the body is strong, it is still faster to run with both feet, not a little bit faster than the air.

This is also the opportunity to give Ye Xuan.

The dragon is ten steps!

Earth pulsation 2 heavy!

"Boom!" "Boom!" "Boom!"

Under the three-pronged approach, the silver armor man could not open his hand and remained passive.

The face of the half man and the half dragon of the silver armor is already like the poison of the iron blue. He did not expect that he would end up like this.

Right now, he has been a little bit stuck!

"Ye Xuan, I admit defeat!" The silver armor finally spoke.

"Just kidding, admit defeat?"

Ye Xuan almost didn't laugh out loud.

Life and death, isn't your death or the battle of my death, and the fate?

"Chen Big Brother, let me send you to the West!"

Ye Xuan did not bother to attack.

Eight wild winds kill!

The sword of the ground crack!

The dragon is ten steps!

These three kinds of attacks are all carried out with the instinct of the soil properties, and also incorporate the earth's pulsation.

Under the three-pronged approach, there have been some injuries in the silver armor. These wounds are all petrified by the instinct of the soil properties, which can hinder his infuriating flow.

Although he is the instinct of the fire attribute, in the face of such a difficult joint attack, there is no time to resolve the stones.

Finally, the 100th round after the two played against each other.

"Hey!"

Ye Xuan's cracked sword suddenly passed over the silver armor's thigh, and his thighs were cut off, the wound was instantly petrified, and then burst open.

Losing a thigh, he was unable to fight again, and hurriedly asked for help: "Ye Xuan, spare me a life!"

This words fell into Ye Xuan's ear, but it was impossible to convince Ye Xuan.

"Dead!"

Ye Xuan saw a sword and instantly slammed the head of the silver armor.

dead!

From the beginning to the end, Ye Xuan only knew that his surname was Chen, and he did not even know his name.

Although the silver armor also has family members, does Ye Xuan have no family members?

Natural selection, the weak are always eliminated first!

Since you dare to hit the idea of Ye Xuan, you must be prepared to be killed.

After the death of the silver armor, he also restored his original appearance.

Ye Xuan walked over and collected his Qiang Kun ring together with the body.

"Hey, the earth's soil properties have improved, and it's currently sixty-two!"

The silver armor is the guardian of the temple of the War King Hall. It is very strong and has a lot of money.

However, Ye Xuan is not low at this time, so he only let Ye Xuan smash two levels, but this is also very good. After all, when he enters the center of the spider's nest, his attribute conversion is only 50%.

"I didn't expect him to be a half demon, although it is not a real demon, but it is also a deadly enemy with human beings. I still want to pull me into the gang, what kind of racial jokes!"

Ye Xuan heart coldly sighed.

At this point, the silver armor man is dead, but he is the appraisal staff of this assessment, he is dead, who will assess?

"It seems that I can only find a reason to plug it in."

Ye Xuan eyes a glimpse.

This is not the point. The point is that there must be other half demon in the War King Hall, and even the Yaozu who will form a person may not be able to.

However, the king of war is definitely the majority of human beings. This half demon can't penetrate too much. Therefore, this battle Wang Dian Ye Xuan still has to return.

"Go out and talk!"

Ye Xuan slowed down the mood and dealt with the scene, then rushed to the ground.

After a while, he returned to the ground.

"Ye Xuan, how come you?"

The stone sarcophagus waiting for the spider's nest in the heart of the earth saw Ye Xuanfei coming out and couldn't help but ask.

"I killed half, and Chen Da Ge suddenly let me out first, I don't know why." Ye Xuan replied casually.

Ishigaki suddenly understood, "I should have seen some treasures on the road, so I paused the assessment."

Murong Xue also nodded, they all know what to expect.

Therefore, Ye Xuan stayed with them, and this is a whole day.

"Weird, isn't it true that this heart spider is not strong? One day, Chen should also come out." Shi Yan frowned, this is not the first time he asked this question.

"There is also a geocentric spider king in the nest of the earthworm spider. Is it true that Chen Da Ge is going to kill this spider king? Let us insure some?"

"It's still possible that he was surrounded by a lot of heart spiders..."

"Hey, Chen Da Ge's attribute conversion has reached 80%, how could it be an accident!"

Shi Yan and the other two discussed there.

Murong Xue stood quietly and did not express his opinion.

The reason is that only Ye Xuan knows that the silver armor man has been killed by him, so it is impossible to come out again. The body is still in his swallowing space. If it is true, Ye Xuan is expected to be scared to death. .

At the same time, the silver armor man originally prepared three half demon hearts, so Ye Xuan guessed that Murong Xue and Shi Jie were also on his list.

Ye Xuan killed him and indirectly saved Murong Xue and Shi Jie.

"Wait, wait for the time is almost up, we will go back to the five people, and then let the palace guards reassess!"

This is Ye Xuan's plan.

However, he felt that it was necessary to inquire about who the captain of the silver armor is and who he is.

Chapter 579: Reassess

Soon, another day passed, and the silver armor men who had been waiting for Shijie four had never appeared.

"Ye Xuan, what should I do now?" asked Shi Yan, frowning.

"It seems that Chen is an accident. Why don't we go back and report things?"

Still not waiting for Ye Xuan to open, Lin Feng said.

"Agree, Chen Da Ge is our appraisal staff. He has an accident. We don't count the assessments, or go back." Wang En also nodded.

At this time, Shi Yan turned to look at Murong Xue, said: "Murong girl, what do you think?"

"Yes." Murong Xue nodded.

"I have no opinion."

Ye Xuan replied that his intention was to go back.

"Okay, then let's go back first. This is a surprise in the heart of the spider's nest. We will report this and re-evaluate it once." After Shi Yan finished, he flew in the direction of coming.

When they came, they were led by the silver armor and they flew for a day.

Going back, they still spend a day.

When the five of them returned to the Temple of War, they were discovered by a guard at the door.

"You five, what?" asked the guard who was also wearing a silver armor.

"This big brother, we are participating in the assessment of the palace guards this time, but the palace guards who were responsible for the assessment in the middle of the road had an accident and could not come out of the nest of the holy beast, so we came back to report!" Ye Xuan fell to the ground and hugged the fist.

"What, the appraisers have an accident? Where did you go to assess?" asked the silver armored temple frown.

"The spider's nest in the west of the hall!" Ye Xuan replied.

Yinjia Dianwei took a piece of sheepskin from the ring of Qiankun and took a look: "The heart of the spider's nest is *responsible."

After he saw the name of the above assessment, his eyes were bright, saying: "You are Ye Xuan?"

"it's me!"

Ye Xuan did not feel surprised and nodded.

Among the 100 talents who participated in the assessment, he and Sun Xingyu realized the meaning of the righteousness, and the other party will definitely know the name.

"You have said things carefully!"

Then, Ye Xuan said what he had compiled. It was nothing more than when he was half-killed. The silver armor suddenly stopped him and let him go out first, but he never went back.

"It's strange, the spider's nest has been explored. It's just a 7 and a half earthworm spider king. Is it a lot of spiders that were besieged and killed?"

The silver armored temple squinted and said: "You are waiting here, I am going to report to the captain!"

When he finished, he turned and entered the branch hall, while Ye Xuan was waiting here.

Not long after, he came out with a golden armor.

After the incident, the Jinjia youth had already heard of it. He walked out and looked at Ye Xuandao: "Now, I will lead you to the assessment, and the assessment location will remain unchanged. It is still the spider's nest."

"Yes!"

Ye Xuan nodded five people.

At the moment, the Jinjia youth is leaving with five people.

On the way, the Jinjia youth could not help but ask: "Any five of you are from the Luosha domain?"

"Yes."

"My name is Huang Tianyu. I was recommended by the domain master five years ago. You may have heard of it." Jinjia Youth said.

Huang Tianyu?

Ye Xuan five people, I did not expect that they actually met the predecessors.

"Although we are from the same place, don't think that I will assist you, what is the content of the assessment." After the Jinjia youth finished, they did not say anything and continued on their way.

One day later, Ye Xuan and the five returned to the nest of the heart spider.

"One hundred poisonous sacs of the earthworm, the time limit is two days, Ye Xuan, you go first." Huang Tianyu said.

Ye Xuan nodded silently, beware of this Huang Tianyu, but when he flew to the entrance of the spider's nest, he found that Huang Tianyu did not follow.

Huang Tianyu joined the War King Hall five years ago. The attribute transformation has reached nine, and the strength is much stronger than that of the silver armor.

If he follows, Ye Xuan may be in danger.

However, since he did not follow, then Ye Xuan is not worried, and this can also prove indirectly that this Huang Tianyu may not be a half demon.

Of course, it's just possible!

Ye Xuan re-entered the spider's nest in the heart of the earth. In two days, he estimated that he could turn the geocentric spider cave over.

Originally, he still wanted to find a chance to come over this nest, but now it is good, there is a chance.

"Two days, kill!"

Ye Xuan's flash of light flashed and began to kill.

Before he could even kill the King of the Spider King, after the breakthrough, the heart of the spider's nest had no threat to him.

Therefore, he directly turned the nest to the bottom, and took away the treasures of the heavens.

Of course, he did not do too much, leaving a lot of geocentric spiders.

After a day and a half, Ye Xuan came out from inside, and at this time his attribute transformation reached 63 points.

Although it only improved a little, but broke through in less than two days, it was very quick for him.

"Ye Xuan, you are so powerful, there is still room to find the treasure of heaven!" Shi Yan could not help but say.

Ye Xuan smiled.

At this time, Huang Tianyu said coldly: "Don't talk nonsense, next!"

His temper is not very good, Ye Xuan has completed the assessment task, but he did not come out, dare to let him wait outside.

If Ye Xuan understands the righteousness, he will be on the spot!

Before Ye Xuan entered, the order was fixed, and the next one was Murong Xue.

After hearing Huang Tianyu's words, she was planted in the nest of the earthworm.

Her attribute transformation has reached 70%, killing these geocentric spiders with a single blow, so within a few hours, she is out.

The next one is Shi Jie.

His strength is not bad, he will come out in half a day.

Then the next is Lin Feng.

This Lin Feng and Wang En attribute conversion is 55%, although higher than the geocentric spider, but need to recover, and kill slow.

Lin Feng spent more than a day and completed the assessment.

As for Wang En, two days later, he was unable to walk out of the heart of the spider's nest. I don't know if it is dead or delayed.

The assessment task was limited to two days. Since he did not come out, he was eliminated, so Huang Tianyu would not wait for him.

"go!"

When the time came, Huang Tianyu went directly to the Wang Dian with the Ye Xuan four people.

Their assessment is the slowest one. When they return, the other assessments have all returned.

"There is still a second round of assessment. If you get a good ranking, you may get a virtual soldier. You must work hard!"

After returning, Huang Tianyu said to Ye Xuan, immediately, he just left.

Chapter 580: Reward battle

However, Huang Tianyu's mouthful of the virtual soldiers is to make Ye Xuan's eyes shine.

This is a virtual soldier!

Although the warriors of God's dilemma can't conceive the virtual soldiers, the increase is definitely beyond the best of the best.

"In the second round, it seems that I have to win the first. Even if I don't use the Eight-Defense Sword, I can replace it with other virtual soldiers. The strength will have a qualitative leap."

Ye Xuan thought about it and then returned to his place of residence.

What he didn't know, however, was that Huang Tianyu, who he thought was not a half-devil, went back to the vice-president of the branch.

At this time, in a mansion in the Temple of War King.

"Deputy Lord, I am back!"

Huang Tianyu kneels down on one knee.

"What clues?" asked the deputy of the main hall.

"No, * still no news, it should be dead!" Huang Tianyu shook his head.

"Then you think, was he killed by Ye Xuan, or died in the nest?" asked the deputy.

Huang Tianyu heard the words and hesitated before answering: "The subordinates think that there is no strength to kill *, so the subordinate is estimated to have a problem with the nest. The subordinates are ready to investigate later."

"No, I sent other people to explore, and after Ye Xuan passed the assessment, he will be assigned to your team."

"Then, he doesn't have to go to the main hall?" Huang Tianyu asked again.

"So good 'Miaozi', how can I send him to the main hall, and the master of the main hall gathers, it is easy to expose, let him stay in your team, observe and observe, if it is found wrong, you can kill. I heard. There are two virtual beasts in the jurisdiction, and I am going to leave for refining two half-devil hearts."

When the deputy master finished speaking, he turned and said: "You should go first. After a while, the main hall will send people to inspect. You will also go out and move around, don't stay in the temple, it is easy to show your feet!"

"Yes, deputy!"

Huang Tianyu responded and then retired.

He has also been transformed into a demon by the people of the Yaozu.

As for the deputy, it is not a demon, but a real demon.

.....

Soon, it took another three days.

In the past three days, Ye Xuan has been staying in the residence, but blind cultivation can not enhance the righteousness, or the battle is faster.

Three days later, someone shouted them and gathered at the door of the temple.

In the second round of the assessment of the palace guard, Ye Xuan is already what it is, that is, the battle.

When the four of them came to the entrance, there were dozens of geniuses from the twelve domains.

Before the assessment, the total number of people exceeded 100.

However, the first round of assessment has just passed, and only half of it is left. The War King Hall is really an elite.

Those who are weak are almost all eliminated. At this time, the average attribute conversion of these geniuses is estimated to reach 60.

Among these people, there are still many attributes that have reached 70% of genius, and Murong Xue has a rank, and even higher than her, reaching 75%.

However, the strongest of them is naturally Sun Xingyu who has realized the stone and gold.

The metal attack is the strongest, and the soil properties that restrain the metal are less, so Sun Xingyu is almost the strongest.

Secondly, it is Ye Xuan!

If it is just the time to go to the temple hall, Ye Xuan may be jealous of this Sun Xingyu, but now, Ye Xuan has the confidence to kill him.

After these geniuses waited outside for a while, there was a temple guard who came out from inside.

Leading the team is a golden armor, it is Huang Tianyu who examined Ye Xuan five people on the same day.

"The second round of the Dianwei assessment, start now!"

Huang Tianyu looked around in a circle and said loudly: "You guys have already joined me in the War King Hall. This second round of assessment is not to eliminate, but to reward. You add up to exactly 60 people, then you will be divided into twelve groups, a group of five. Then, five people fight together, and the last one left, when the merits are enough, they can be promoted to the captain."

After hearing the words of Huang Tianyu, everyone's eyes were bright.

So, are they now the guardian of the War King Hall?

It turned out that this round is just for rewards, which is good news.

"The second round of the palace guard assessment, a total of three games, the first game decided to 12 people, the second game decided six people, the third three people. The last three people, will receive a virtual soldier Reward!" Huang Tianyu said again.

This time, the crowd suddenly opened.

Reward, there are virtual soldiers?

"Wow, there are virtual soldiers, this is cool!"

"Silly, you convert 60% of the attributes, can you enter the top three?"

"What can't, then Sun Xingyu I can't beat, that Ye Xuan heard that the attribute conversion is less than 60%. If it is encountered, it is not necessarily who wins."

"You can blow it, people can easily turn you over!"

The crowd began to whisper.

Ye Xuan's eyes glimpsed, and the three handles of the virtual soldiers, he booked a hand!

"Okay, start drawing lots!"

Huang Tianyu took out a sign with twelve bamboo sticks to let these people draw lots one by one.

"One!" "Three!" "Ten!" "Six!" "Twelve!"

There are twelve bamboo sticks in the signing box, representing twelve groups, and one sign is drawn five times.

After a while, Huang Tianyu came with a signature.

Ye Xuan pumped a number, number twelve!

Then, Murong Xue is No. 3, Shijie is No. 5, and Lin Feng is No. 7. All of them are staggered and have not been touched.

Soon, 60 people are all drawn.

"Okay, five out of the first!"

At the time of the draw, everyone was paying attention to the numbers of the people around them, but they didn't know each other and they had a large number of people, so the five No. 1 did not know the strength of their opponents.

After hearing Huang Tianyu's words, the five people walked out of the crowd and then walked to an open space in front of the crowd, standing in five directions.

On this open space, four ground swords have been used to draw a ground platform.

"You can fly the air, but it can't be higher than five meters. If you go out, you can lose. In addition, don't kill, start." Huang Tianyu reminded.

When Huang Tianyu's voice fell, the five people did not have any action. They looked around because they didn't know the strength of others and couldn't take it.

The five people were silent for a few seconds. Then, a Tsing Yi man couldn't help but shoot at the left side.

At that time, the other three also followed him.

The four people reached a consensus in an instant.

The unlucky face sank and quickly retreated, then shouted: "I admit defeat!"

This is not a life-and-death battle. This is just a reward war. Anyway, it has become a guardian of the temple. It doesn't need to be desperate. Although it is not allowed to kill, there are times when it is a mistake.

This person admits to lose, immediately there is a guardian shot, the four attacks are defeated one by one, this confiscated person is safe.

Now, there are only four people left.
