Chapter 581: Point stone into gold

The four people were silent for a moment, that is, they shot directly. This time they did not reach a consensus, so they launched a big melee.

At this time, the sarcophagus on the outside of the field, suddenly close to Ye Xuan, whispered: "Ye Xuan, that person has been watching you!"

"Ok?"

Upon hearing this, Ye Xuan paused and looked at Shi Yan's gaze and found a young man in white.

"It's hard to be, is this Sun Xingyu?" Ye Xuan's eyes squinted and the other's eyes were on.

The other person's eyes are all murderous!

Ye Xuan looked at it inexplicably. He was the first to see this Sun Xingyu. Why is the other party so hostile to himself?

After he thought about it, he understood it.

Sun Xingyu is metallic, and he is a soil property. Both of them have realized the righteousness, so in the eyes of Sun Xingyu, Ye Xuan's crisis far exceeds that of others.

Obviously, this Sun Xingyu also needs a virtual soldier, so he must kill the top three.

He is not afraid of others, only Ye Xuan can threaten him.

"What is his number?" asked Ye Xuan.

"Look at what I saw, it was the eleventh, and almost hit you with it." Shi Jie said a little strangely.

Sun Xingyu is on the 11th, Ye Xuan is on the 12th, only a little worse, the two will have a winner in the first round.

so close!

However, Ye Xuan does not feel that it does not matter. Anyway, he also needs a virtual soldier. If the other party dares to stop the road, he will fly directly.

At this time, the No. 1 downfall has already been the winner, and the winner is a person whose attribute has been transformed to 65%.

Then, it was the second battle.

This second battle has nothing to look at, but also the transformation of the property to reach 65% of the crushed four.

In the third battle, Murong Xue of the Luosha domain played.

"Oh, it turned out to be a beautiful woman, it is rare."

"It's not bad, it's so beautiful, it's slanted and slanted. If it's ok together, it's definitely cool."

"Hey, whisper, I heard that her attribute conversion has reached 70%, only twenty-two years old!"

"What, 70%!"

"It is said that among the sixty of us, including Sun Xingyu, the transformation of the five attributes has reached 70%."

When I heard the news, people who wanted to play Murong Xue's idea immediately shut up.

In this world where the strong is respected, there are still many female masters. If they are heard, then they will have a tie, and there will be no good fruit to eat in the future.

This time, there is still no suspense, and the other four also know the level of Murong Xue, so they have conceded defeat and can still give her a good impression.

In this reward battle, luck takes up a lot of ingredients. When there is a lot of people who have self-knowledge on the court, they are not very fierce.

The one in Shijie, he won.

As for Lin Feng, whose property conversion is only 50%, he will admit defeat when he is on the court. He knows that his strength is the bottom, and there is no need to reluctantly.

Soon, it was the eleventh.

"Sun Xingyu is going to play!"

Everyone's eyes are bright, then they noticed that with Sun Xingyu, there is also a master who has transformed the attributes to 70%.

At this point, all five people have entered the ring.

"I surrender!"

"I surrender!"

"I surrender!"

After three sounds spread, except for Sun Xingyu and the other indifferent youth, all three of them admitted.

Five people chaos, suddenly became a heads-up.

"You don't admit defeat?"

Sun Xingyu looked at the indifferent youth in front of him.

"As far as I know, your ambition is to make a stone. If this is not to hit people, it will not be effective." The youth of indifference is faint.

"Yes, but do you think that you can fight against me?" Sun Xingyu eyes a glimpse.

The metallic nature of the stone into gold is really ineffective in the infuriating battle. However, Sun Xingyu's own strength is also extremely strong, and the attribute transformation has reached 73 points, while the indifference of youth, but only 70 points.

Although it is a small gap, Sun Xingyu is metallic, and the attack power is stronger than that of the indifferent youth. Therefore, if the indifferent youth wants to win, they can only see the martial arts rumors and combat experience.

"Don't talk nonsense, let's get started!" Huang Tianyu, wearing a gold armor, shouted.

Sun Xingyu flashed a touch of dissatisfaction, and even if it was cold, he said: "If that is the case, then I will send you out!"

At that time, he is the shot.

At the same time, the same is true of the indifferent youth.

Metallic and fire properties are strong attributes of attack, but if it is really better than that, metal is still slightly better.

At the beginning of the battle, Sun Xingyu suppressed the other party and beat the other side to retreat.

The people around them are also wide-eyed, they want to see, what kind of effect is that stone into gold.

"Hey!" "Hey!" "Hey!"

The two started to fight and the battle was fierce.

Off-site.

"Ye Xuan, if you let this Sun Xingyu face up, how confident are you?" Shi Yan could not help but ask.

Upon hearing this question, Ye Xuan paused.

Although Sun Xingyu's strength is strong, even the silver armor can't beat it, let alone the silver armor man after the demonization.

Ye Xuan dealt with him, even if he didn't use the Eight-Defense Sword, he could kill him by the devil alone!

"Three percent!" Ye Xuan replied casually.

"Oh, that's fine. There are twelve groups in anyway. There are so many people, you may not be able to meet him." Shi Yan comforted, suddenly I don't know, Ye Xuan said.

Ye Xuan nodded silently. He felt that this stone was a good person, but he could make friends and become friends.

Among the downfalls, the two attributes have been transformed into 70% of the masters, playing well.

At this point, it is already hot.

"call out!"

Suddenly a golden mang flashed, rubbing the shoulders of the indifferent youth, and the shoulders of the indifferent youth were frozen.

Aoyi, point stone into gold!

A golden stone instantly condensed on the shoulders of the indifferent youth, and the infuriating operation rapidly declined.

"not good!"

The indifferent youth quickly resolved, but Sun Xingyu did not idle.

"Get out!"

Sun Xingyu flashed a glimmer of light, and a sword smashed on the body of the indifferent youth and flew it.

The belly of the indifferent youth once again condensed a golden stone.

Because it is not a life-and-death battle, Sun Xingyu is also a man of mercy, not taking the other person's life.

Masters often have a small detail that can determine victory or defeat.

After seeing the indifferent youth being bombarded outside the ring, a temple guard swiftly swept the past, and then used his own instinct to help the indifferent youth dissolve the gold nuggets.

This temple guard is just the infuriating nature of the soil, and the attribute conversion has reached 80%, so it is easy to dissolve the gold.

Otherwise, the indifferent youth will probably leave dark diseases, and the speed of the infuriating in the future will be reduced more or less, which is too tragic.

Chapter 582: Ye Xuan played

"Thank you!"

The indifferent youth thanked one.

The eleventh, Sun Xing Yu Sheng!

"Oh, don't be self-sufficient!"

Sun Xingyu snorted, and then he left the ring and took a look at Ye Xuan.

The next game is Ye Xuan.

Ye Xuan ignored Sun Xingyu's gaze and then slowly went out.

He is too lazy to fight with this Sun Xingyu. If this Sun Xingyu accidentally draws him in the next round, then he does not mind teaching the lesson who is not knowing.

If not, as long as Sun Xingyu does not come to provoke him, he is lazy.

Now, there are only five people left without a downfall.

After Ye Xuan went out, the other four were also paused, and they were hesitant in their hearts.

Because Ye Xuan realized the righteousness, they did not.

This is not because they are afraid of Ye Xuan, but they are afraid that Ye Xuan will rise in the future and find them trouble.

Five people came to the ring, everyone stood apart, but the eyes of the other four fell on Ye Xuan.

After thinking for a while, they made a decision.

"No matter what, this kid has realized the mystery, but may be sent to the main hall. And if I get a virtual soldier, then my strength will be greatly improved!"

This is the thought of the four people, they are four, the attribute conversion has reached 60%.

However, they did not know that the conversion of Ye Xuan's attributes also reached 60%. Their news still stayed before the assessment.

If it is better than the realm, Ye Xuan is not the worst of the five.

"let's start!"

Huang Tianyu outside the court said something impatient.

When the voice fell, the four people except Ye Xuan exchanged their eyes, and reached a consensus, first put Ye Xuan Qing on the scene!

At that time, four people launched an attack against Ye Xuan.

"Oh, just because of you, I want to win me?" Ye Xuan shot four times in an instant, and all the attacks were defeated, while one foot stepped out.

"Dragons are ten steps!"

"The earth is pulsating 2!"

"Hey!"

The four people only felt a roar of their heads. When they reacted, they felt a pain in the chest and they had already fallen outside the ring.

Ye Xuan, in the meantime, the four people were blasted out of the ring and won the twelfth victory!

"What is the situation, not that his property conversion is only 50%, less than 60%?"

"It's all sloppy, it's obviously 60%!"

"After shaking four people, is that the earth is pulsating? It's amazing!"

"I don't know him and Sun Xingyu, which one is stronger."

The people outside the field started to discuss again.

And that Sun Xingyu, but his face looked gloomy, it is obvious that Ye Xuan's meaning is more practical than him.

However, he is not envious. After all, he is metallic. If he is made to understand the guardianship of gold in the future, his defensive power will be greatly improved, and it is not weaker than the pulse.

"Sure enough."

Huang Tianyu's eyes are also a glimpse. He looks at it with envy. His attribute transformation has reached 90%. Give him some time to reach the peak of the gods.

However, if he does not understand the meaning of the righteousness, he cannot break through to the virtual state.

Now, twelve games have all been completed, and sixty people have been eliminated to twelve.

These twelve people, in addition to Ye Xuan, attribute conversion at least 65%, and there are four attributes to achieve 70%.

"You 12 people, you can go to the Wu Xue Dian to pick a martial arts class at the virtual level." Huang Tianyu said.

The martial arts at the virtual level is better than the martial arts at the heaven level, and it is more fascinating to understand the martial arts of the righteousness.

When you hear this, everyone's eyes are bright.

What is the purpose of their battle for the palace, not to learn stronger martial arts, to become stronger?

Although only 12 people get it, but as long as they go out to do the task, they can get merits. When the merits are enough, they can also exchange a martial arts practice of the virtual **** level.

"Well, let's go to the second round. The winner, you can choose another virtual martial arts!" Huang Tianyu took out the signing of the party.

This time, it was up to him.

Everyone held their breath.

This second round, I don't know if there will be a good show?

In addition to Sun Xingyu and Murong Xue, there are two attributes that have been transformed into 70%. Together with Ye Xuan, the chances of encountering each other are very large.

Soon, the order of the six battles came out.

Sun Xingyu met a 65% person, Murong Xue is the same, and Ye Xuan, but encountered a property conversion to reach 70%, as for Shi Jie, it is the same level opponent.

The first game happened to be Sun Xingyu.

There is no suspense in this game, Sun Xingyu's opponent directly chose to give up.

The opponent on the 2nd is the 3rd, and the 3rd is Murong Xue, so the other party also gave up.

The third game was the 4th to the 6th. It was a great joy and the final 4th was won.

The fourth game is the 5th stone sarcophagus, and an attribute conversion to reach 65% of the opponent.

Originally it was a good show, but the opponent of Shi Jie was metallic, so he was suppressed by Shi Jie, and finally he was defeated.

In the fifth game, the seventh on the other side of the conversion of another attribute to reach 70% of the master, can only give up.

Then, it is the seventh game of Ye Xuan.

Everyone has been waiting for a long time, after all, this is a major event.

If you win, you can learn more about a virtual martial art, and you don't need a little feat.

Everyone present knows that Ye Xuan and this white youth will not choose to admit defeat.

Under the watchful eyes of everyone, Ye Xuan and the white youth slowly walked out.

"I envy you very much, and I have realized the righteousness." After entering the ring, the young people in white can't help it.

"Good luck." Ye Xuan smiled.

"I think that luck is also a part of strength. You have realized the righteousness, but my realm is higher than you, and it also restrains your attributes, so in this game, my chances of winning are higher." The white youth continued.

"The odds are not useful, even if my winnings are less than half, I can win!" Ye Xuan smiled again.

He really doesn't want to talk to the other person, and the man should not move his mouth.

The odds are high, what a joke!

Ye Xuan's current realm, even if the silver armor man is still not dead, he also has confidence to kill, let alone this white youth?

The words of the white youth were also finished. He offered a long sword and was ready.

"Get started!" Huang Tianyu said.

"call out!"

In the meantime, the white youth is the shot.

This one, but it is related to the virtual martial arts. If he wins, he can learn two at a time.

Unfortunately, his opponent is Ye Xuan.

"Don't want to expose too much power, quickly pack you up!"

Ye Xuan thought in his heart.

The next moment, he is step by step, the dragon is ten steps!

However, the white youths have long been prepared to fight, and they are already flying low.

Chapter 583: Slightly better

"Sword of the Ground Crack!"

"Sword of the Ground Crack!"

"Sword of the Ground Crack!"

The sword of three cracks in the ground, from the feet of the white youth, the speed is directly beyond the reaction of the white youth.

This white youth, the realm and Li Xiu almost, the same attributes as Li Xiu.

When Ye Xuan was able to solve Li Xiu, today, how could it be defeated.

Three swords!

Ye Xuan used only three swords, and he blew the white youth out of the ring.

In the audience, I took a breath.

Three swords, but only a second, this is spike!

"Good, strong, and the second-level challenge is also spike, this is the righteousness!"

"No, the earth pulsation only increases the attack power, and does not increase the attack speed. The boy's physique is better than us!"

"Secret attribute conversion reaches 70% of the genius, that Sun Xingyu is in front of him, isn't it the same as the power of resistance?"

Some people are discussing it privately.

Not only they, but even Sun Xingyu, he finally understood that the gap between himself and Ye Xuan is there.

Now, he is somewhat envious of Ye Xuan, because the practicability of the earth's pulsation has far exceeded the point of stone into gold.

"Humph!"

Thinking of this, Sun Xingyu was very uncomfortable and snorted.

At the end of the battle, Ye Xuan won and advanced to the top six.

As long as Ye Xuan wins another game, he can get a virtual soldier.

At that time, he held the imaginary soldier, cast a sword of the ground, stepped on the dragon, and then sacrificed eight wild winds to kill, who else is his opponent?

Then, Huang Tianyu just took another draw, this round is crucial.

Sun Xingyu, Murong Xue, Ye Xuan, Shi Jie, the remaining two, one attribute conversion reached 70%, the other one also has 65%.

I don't know, who is fighting against who?

Everyone is very curious, and at the same time, what they hope most is to let Ye Xuan and Sun Xingyu run into it.

The two comprehensions of the genius battle of the righteousness and the division of a victory, this must be very exciting.

However, the most exciting emotion at this time is the stone.

Because of the six people, in addition to him, there is another person who is similar to him.

As long as he is allowed to play against this person, there is a 50% chance of winning. At that time, he will be able to get a virtual soldier. It is too difficult to guess that the strength can be traced to 70%.

At this time, Huang Tianyu had already finished three rounds and set the order. He shouted: "The first round, the third on the eleventh, the second round, the fifth on the nine, the third, the tenth. number twelve!"

what?

Everyone thought about it for a moment, and the right one was seated.

The first game was Sun Xingyu's confrontation with Murong Xue.

The second game was the stone martial arts and the transformation of the property by 65%.

The third game is the genius of Ye Xuan's last attribute conversion to 70%.

After hearing the order of the game, Ye Xuan also glanced at it. Murong Xue's expression was helpless, and Shi Yan was very excited.

One-fifth of the chance, it really happened to him!

Now everyone knows that Huang Tianyu doesn't like nonsense, so Sun Xingyu and Murong Xue went straight out.

The imaginary soldier, the temptation to Murong Xue is also very big, she will not admit defeat.

When the two of them walked to the center of Fujian and Taiwan, Sun Xingyu smiled coldly and said: "You still go on, I will not be merciful because you are a woman!"

"Please take it!"

Murong Xue did not have much words, and the slender fingers clenched the sword.

"Hey, I don't know how to live and die!" Sun Xingyu flashed a touch of color.

A strong person like him, if you want a woman, there will be countless beautiful women, so the beauty is no longer useful to him.

Since Murong Xue is so stubborn and wants to fight, he will accompany him!

This time, not waiting for Huang Tianyu to open, Sun Xingyu is directly shot.

"call out!"

An amazing golden sword with an attacking force swept directly toward Murong Xue.

Murong Xue is the infuriating nature of the water, so it can't be hard, it just flashes.

The metal attack power is the strongest, and the water property tactics are changeable. Even if it is hard to fight, the water property is mostly cut by metal, and it will attack Sun Xingyu.

However, Murong Xue did not do this.

In the field, the two have already begun to fight, and outside the crowd, everyone is also beginning to whisper.

"This Sun Xingyu is really too unpretentious, and it's good to start."

"That is, Murong girl is a woman, can it be easy to stand here?"

"Crap, this battle is related to the virtual soldiers, if it is you, you will be merciful?"

When the words came out, the people around them didn't say anything.

"Ye Xuan, who do you think will win?"

The stone sarcophagus on the side could not help but ask.

"Sun Xingyu's attribute conversion is still slightly better, plus metal, attack power, unless Murong Xue battle experience is far better than him, otherwise it is difficult to win!" Ye Xuan said his own opinion.

In this case, it is necessary to see who has a higher level of martial arts and more experience in combat.

This battle, the movement is not big, two people are walking quickly in the field.

Sun Xingyu constantly attacked with golden swords, while Murong Xue used a lotus-like sword to resist.

"Water Lotus burst!"

At this time, Murong Xue's dawn suddenly flashed.

"Hey!"

The lotus flower she blasted out suddenly burst into the front of Sun Xingyu.

Numerous drops of water shot in all directions, Sun Xingyu squatted, rushed to resist, but still shot a lot.

"Damn!"

Sun Xingyu screamed in his heart and suddenly found out that Murong Xue's instinct actually went in along these small wounds, hindering his infuriating flow.

This scene falls into the eyes of everyone.

"The water property is strange, and the sword gas that goes out can still explode. It is really impossible to prevent it!"

"The metallic nature is so sharp that it is impossible to completely scatter this lotus flower. This is why Sun Xingyu is in trouble."

"Hey, is it hard to be Sun Xingyu to lose here?"

The ridicule of the people around him fell into the ears of Sun Xingyu, which made him very angry.

Who is he?

He has realized the genius of the righteousness, how could he be defeated in the hands of a person whose realm is lower than himself!

The most important thing is that Murong Xue is still a female, which makes him even more ashamed.

"Smelly girl, I didn't want to reveal it, this is what you forced me!"

Sun Xingyu shouted, and the long sword in his hand suddenly lit up. As he stabbed his sword, a golden ball instantly dissipated a water lily.

"this is....."

The eyes of the off-court masters are all bright.

They feel that this move is beyond the scope of heavenly martial arts!

This is, the virtual **** martial arts!

If this move is on Murong Xue, she will be able to pierce her chest in an instant.

Therefore, Huang Tianyu can't stand it anymore.

"boom!"

The golden ball was suddenly hit by another golden sword, and it burst open instantly.

Chapter 584: Qingguang Sword

The swell of the air wave swept away, and Murong Xue, who had not responded, shook the ring.

"Ok?"

Sun Xingyu also stunned, then turned to look at Huang Tianyu.

"Enough, you won this game!" Huang Tianyu said.

This round is not a life-and-death battle, but a reward war, so there is no need for casualties.

Moreover, Murong Xue is also on Huang Tianyu's conversion list. If it is dead, it will be wasted.

"Humph!"

Upon hearing this, Sun Xingyu could only force the emotions, snorted, and then went out.

"Mu Rongxue, I am sentenced to lose, can you have opinions?" Huang Tianyu asked.

Murong Xue shook his head and looked a pity.

If this Sun Xingyu would not be imaginary, then she would win, and by then, she would have a sacred soldier.

Unfortunately, the other side has the bottom of the box!

Next, it was Shi Yan and another man who had converted to 65% of the characters to fight.

This game, played quite fiercely, Shijie for the stalk of the virtual soldiers, even the life has been spelled up, and finally the other side hit the line outside the ring, although the other party did not fall to the ground, but as long as the line crossed, even failed.

"Haha, I am a stone scorpion, but also have a scorpion soldier!" Shi Yan Yang Tianxiaoxiao.

The people around you are envious.

On the strength, there are too many than the stone, but the luck of Shijie is very good, connecting the three levels.

In the last game, he used Ye Xuan's battle dragon and the crack of the ground to win. Otherwise, he might lose.

Therefore, he would like to thank Ye Xuan, because these two martial arts were given to him by Ye Xuan. Because of his inferiority, he learned very quickly.

Now, the three-handed virtual warrior has two winners, then the third is the next.

In the last round, Ye Xuan killed a genius that transformed his attributes into 70%. This time, his opponent's realm is similar.

Under the watchful eyes of others, Ye Xuan and his opponent fell.

"I surrender!"

Ye Xuan was just landing, his opponent was shouting.

Sure enough, the other party is paralyzed!

No way, Ye Xuan's strength is far beyond other geniuses, even Sun Xingyu, I am afraid it is not his opponent.

Do not admit defeat, waiting to lose face?

"It's still a little self-aware!"

Ye Xuan's mouth is slightly tilted.

It seems that this third virtual soldier has been returned to him.

"This kid can kill the attribute conversion to reach 70% of the warrior, but this is not enough to kill *!"
Huang Tianyu looked at Ye Xuan slowly coming over, thinking in his heart.

*, is the former silver armor man, the attribute conversion reached 80%, and there is a half demon heart, in the demonized state, his strength is not Ye Xuan can resist.

Unless, Ye Xuan has a virtual soldier!

"There have been two domains of virtual soldiers, and there are only two. This Luosha domain has never appeared, so he should not have it. So * should be a problem, this Ye Xuan should not know the king of war. The temple is infiltrated by the demon!"

Huang Tianyu thought about it and then looked up.

His movements made everyone somewhat inexplicable.

The next moment, these people just understand.

It turned out that someone in the sky was watching.

"Ha ha ha, not bad, this time I received some good seedlings, come, this is a three-handed virtual soldier!"

Suddenly a figure descended from the sky and floated in front of everyone.

This is a white-browed old man. When he waved his hand, he threw out three identical weapons, which were thrown to Ye Xuan, Shi Yan and Sun Xingyu.

Virtual soldiers!

Everyone's eyes are bright.

At this time, there are three virtual soldiers in front of them.

It's a pity that they don't dare to move. If anyone dares to take it, the consequences will be very serious.

Ye Xuan hurriedly caught the virtual soldier and glanced at it.

This long sword has a very delicate workmanship and is very heavy and suitable for men.

Ye Xuan knows that this is a virtual **** soldier, and is the virtual **** soldier of the next product.

"This Qingguang sword was bought from the Wang Dian of the device recently. It is all under the illusion of the gods. When the three of you break through to the virtual state of God, you can use the attribute of the ingenuity to cultivate it, the value of the city, you Don't lose it!"

The elder of the War King Hall said with a smile.

The imaginary soldier is very precious to the people of God's dilemma, but for those of his level, he can get a lot.

The warrior began to allow the virtual soldiers, that is, to treat it as a child, even if it is a virtual soldier of the Chinese product, it may not be used.

After all, not all of the following imaginary gods are worse than the Chinese imaginary gods.

The imaginary gods can be bred, as long as they have been cultivated for decades, they are even better than the Chinese imaginary soldiers.

Of course, this depends on the speed of cultivation. It is necessary to consume infuriating, so it cannot be carried out from time to time.

"Xie Elder!" Ye Xuan three people hurriedly thanked.

"Well, take them to register. You newcomers will join an old team first, and they will be brought by the old guardian." The white-browed elders finished, and they broke into the palace of the war king.

"Well, everyone comes with me!"

Huang Tianyu shouted and entered the War King Hall.

Everyone follows.

When Ye Xuan left, he felt a kind of ill-conceived look. He turned his head and saw that Sun Xingyu was looking at him with his eyes open. His eyes were full of cold.

Ye Xuan understands that this Sun Xingyu wants to play with him.

Because the people around him think that he is the first of these geniuses, Sun Xingyu is the second.

It's that simple!

"Don't mess with me, otherwise I will control who you are!" Ye Xuan snorted and immediately followed.

In fact, when everyone is fighting, he is observing and observing the physique of these people.

Before the silver armor took out the half demon heart to seduce him, other teams may also have half demon, so he has to observe, who is better in physical fitness.

However, he did not find anything, because many people admit defeat, and as long as they are deliberately hidden, it is more difficult to find.

"Maybe the Yao family does not infiltrate much, but they should come to me!" Ye Xuan eyes.

He did not believe that the War King Hall had all been infiltrated, otherwise he would have been left behind and forced to feed the half demon heart. Why is this necessary?

More than sixty people followed Huang Tianyu, came to a small palace, and then registered one by one to receive several sets of clothing and other sundries.

Then, it is necessary to wait for some teams in the Warlord's Palace to pick people.

"Ye Xuan, you enter my team!"

At this time, Huang Tianyu suddenly shouted.

what?

Ye Xuan suspected that he had got it wrong.

Huang Tianyu chooses him?

"This....."

Ye Xuan paused.

"There are instructions on the top, you and Sun Xingyu will not be sent to the main hall, but by our branch to focus on training!" Huang Tianyu said.

Ye Xuan brows a pick.

The temple is cultivated by itself?

Chapter 585: Earthly meaning

"This is because I am so eager to appear, I really want to cultivate, or want to keep me, wait for a chance to turn me into a half demon?" Ye Xuan asked himself in his heart.

He hesitated and finally nodded.

Because he thought that if the Yaozu infiltrated a lot, then he would probably be attacked on his way to the main hall. When he was there, he would be miserable, so he wanted to see it first, and he couldn't leave it.

Huang Tianyu went to register, and then Ye Xuan was his team member.

"Well, now you are my team member. My team is dedicated to performing tasks and earning merit. You have to adapt to the environment in the past few days. After a while, I will take you out to perform the task!"

After Huang Tianyu finished, he took Ye Xuan to the residence of their team.

In the War King Hall, a small team is usually around five people, of course, there are seven or eight people.

Huang Tianyu is a small team with only four people, plus Ye Xuan is exactly five.

He took Ye Xuan to his residence, and Ye Xuan and the other three members mixed up, and then he found a house on the side to stay.

"This Huang Tianyu, I don't know if it is a half demon, or be careful."

Ye Xuan reminded himself in his heart.

Then he changed into a silver armor and left the residence directly.

He suddenly remembered that his reward was not only the Qingguang sword, but also the Wu Xuedian to take two virtual martial arts.

Along the way, he met a lot of the palace guards of the War King Hall, and these temple guards were not weak.

The representative of the silver armor is the ordinary temple guard, the gold armor is the small captain, and if it is the black armor, it is the captain of the peak of the gods.

Ye Xuan now has a Qingguang sword. If the firepower is fully open, it should be able to compete with the captain level.

Of course, this refers to ordinary people, not demon.

Soon, he came to the Wu Xue Dian.

"Oh, is that you?"

Ye Xuan was just entering, just heard a familiar voice. He turned his head and saw that he was talking about a white-browed old man, that is, the elder of the war king who gave him the virtual soldier.

"I have seen the elders, I will come to collect two virtual martial arts!" Ye Xuan said respectfully.

"I know that you are a soil property, go to the five districts to choose your own, look at what to report to me!" said the white-browed elder.

The five districts of Wuxuedian are all stored in the virtual martial arts of the soil. Of course, there are also heavenly martial arts, but Ye Xuan can not be seen now.

"Kids wait."

Just as Ye Xuan was about to leave, the white-browed elder suddenly stopped him.

Ye Xuan turned around.

"Kid, do you understand the pulse of the earth and the guardian of the pulse?" asked the elders of the eyebrows.

"Yes, seniors!" Ye Xuan nodded.

"If you want to comprehend some of the mystery, go to the Royal Dragon and the Dragon Wu body." said the white-browed elder.

Ye Xuan's meal, the meaning of this white-browed elder, he understood.

His pulsation of the earth is actually realized by the martial arts of the dragon.

"Predecessors, these two martial arts, can you understand what is right?" Ye Xuan asked curiously.

"These two martial arts are all brought from the main hall. It is said that the strong ones are based on the Huanglongquan and comprehended the power of the earth in the righteousness of the earth. And the dragon martial arts method is to understand the land. The precedent of surgery." The elders of the white brow explained.

power!

Ground surgery!

Ye Xuan now knows a lot about the righteousness, and he doesn't even know the properties of the earth. Therefore, he quickly asked: "Predecessors, what are the effects of these two mysteries?"

"Power is righteous, as the name suggests, can make your strength soar, a sword can break through the mountains. And the ground-based technique can greatly increase the speed of running on land. If you are deeply deep, you can also understand the ground. The dual mystery - shrinking into the inch, this is the ability to break the ground and move at high speed, several times faster than the defensive flight." The old man said.

After listening to these words, Ye Xuan's eyes have appeared a lot of little stars.

The double mystery of the ground technique is actually several times faster than the defensive flight. After that, he is rushing to the sky.

As for the dual mystery, Ye Xuan will actually be one, that is, the pulse guard.

The branch is also called the double meaning.

"Predecessors, isn't there still a gravity?" Ye Xuan asked quickly.

"Oh yes, there is a gravity of mystery, but I have never heard of anyone who has realized this ambition. I only heard that this kind of ambition can put life and life on the land."

The white-browed elder smiled and said: "You think about it yourself. If you understand the pulse of the earth, the earth, the gravity, and the power, who will be your opponent in the future!"

Ye Xuan followed his meaning and fantasized a picture in his head. The more he wanted to be excited.

If you understand these four kinds of mystery, in the future, on land, he will be the master.

No, even those who fly into the air will be shocked by him!

"Haha, so I think that the **** of soil properties is the most powerful one." The white-browed elder looked at Ye Xuan and smiled.

"Predecessors, can you tell me about the other meanings of the other attributes?" Ye Xuan suddenly came to the interest, and quickly asked.

"Alright, but I am just an ordinary virtual god. I don't know much."

The white-browed elders paused and said: "The metal point is gold. You know, in addition to the gold defense, this gold defense is the double mystery of the stone into gold, able to condense out of the body. Set a gold armor to defend, this set of gold armor is indestructible."

"The wood property is rapid healing, and death is dying. The former can heal the wound. The latter is used to attack. If it is rubbed, the body will quickly wither, which is much stronger than the ordinary wood property. "

"The attribute of water is the ideology of the waves, just like your power, and there is also the **** of water, using the true spirit to bind the enemy and slow down the enemy's actions."

"Fire is not a flame, it is the strengthening of the fire attribute attack, but the flame is extremely difficult to extinguish, very difficult. In addition, there is a resurgence of the fire, and the rapid healing of the wood properties, but can not be treated for others."

"As for the soil, it is the pulse of the earth, the power of the righteousness, the gravity of the righteousness, and the earth."

"This is what I know. Of course, there may be others, but I have not heard of it."

Ye Xuan is already immersed in it.

Unexpectedly, there are so many ambiguities in the five attributes, and his soil attribute seems to be the most.

However, the old man of the white eyebrows also said that this is only what he knows, and there may be ignorance that he does not know.

Anyway, it's a cow.

"Right, these five elements of the five elements, normal people have, but the attribute affinity is high and low. In addition to these five attributes, there are ice, inflammation, wind and other attributes, I just vaguely heard that I don't know what is right, except for the three, I also forgot." The old man suddenly thought about it and said in a hurry.

Chapter 586: task

"Ice, inflammation, wind?" Ye Xuan's eyes sighed and asked: "These attributes, not everyone has it?"

"Well, the normal five elements have everyone. These are the attributes of nothing. They are very powerful. Ice and inflammation are the strengthening of water and fire, and there are some water and fire properties. They all have." The old man brows nodded.

At this time, Ye Xuan's mind suddenly flashed.

Ice and inflammation!

This reminded him of two people, the Song Dynasty and the Song ruling.

The body of yin and yang is nothing but ice and inflammation?

Ye Xuan recalled that when he entered the training room of the two, he felt cold and hot.

It's no surprise that the heat is not the water, but the ice.

"It turns out!"

Ye Xuan instantly understood.

It is a pity that the Song ruling and the Song dynasty brothers and sisters were missing. Ye Xuan spent half a year, only looking for them, still not found.

But Ye Xuan understands that they are not dead. They should be seen by a master when they are traveling, and then brought back to cultivate.

Because, Ye Xuan sent a pair of earrings to the Song Dynasty, although the life-saving effect is useless, but if the Song Dynasty is something, he will know.

"Okay, now you know that it is useless. God's dilemma is too little to understand the righteousness. You still choose the virtual martial arts." The old-fashioned old man waved.

The dilemma of the **** in his mouth does not include the peak of the gods in a hundred points, which refers to those who have not converted to one hundred attributes.

"Yes, seniors!"

Ye Xuan nodded, and immediately entered the fifth area of the Wuxue Hall. The martial arts that are piled up here are all soil attributes.

He strolled for a while and found that the martial arts of the soil properties were too few, only twelve doors, and one bookshelf was finished.

Soil properties, wood properties, and water properties are relatively rare, so martial arts are naturally less.

Ye Xuan swept the bookcase and found the Huanglongquan and Longwu body in the mouth of the old-fashioned old man, and immediately took it out.

Sure enough, it is empty!

"Predecessors, I have chosen!"

Ye Xuan went to the door of Wu Xuedian and said to the old man.

The white-browed old man glanced at him and said, "Go and find a room. Someone will send two martial arts to you later. Remember, you can't transcribe, and you can't teach others. Once you find it, you can kill it on the spot!"

"Yes!"

Ye Xuan nodded, and immediately found an empty room on the first floor of the Wuxue Hall.

Not long after, there was a temple guard who sent two martial arts, which is the Huanglongquan and Longwu body.

Although these two martial arts are copied, they still need Ye Xuan to carry it down, just in case.

Recently, Ye Xuan murdered and got less martial arts, because these people are remembered in their minds.

If it is transcribed and killed, then this martial arts will be circulated.

Write it down, even if someone asks, maybe someone will immediately reveal it, but there are also some people who are willing to die, will not die, until mention.

However, this does not matter to Ye Xuan.

At the moment, he copied the two martial arts into the phagocytic system and then studied.

"Hey, the host learned the Dragon Fist, and the current proficiency is 10%!"

"Hey, the host has learned the dragon and the body, and the current proficiency is 10%!"

Ye Xuan has not studied the new martial arts for a long time. The previously used sword of the ground crack and the battle dragon step was bought when he was in the context of the heavens. It has been used till now.

The sword of the ground crack and the battle dragon step, combined with the pulse of the earth, is very powerful, but it is not enough to use this place to gather.

Now that there is the Longwu body method, Ye Xuan's combat power has soared up. After all, this is a virtual martial art.

Then, after he stayed in the room for a long time, he left directly.

Here is the War King Hall. Although it is only a sub-district, this hall is too big. All the buildings are inside, even the training martial arts.

Ye Xuan came to practice the battlefield, and then began to display the Huanglongquan and Longwu body.

Before the sword of the ground cracked up quickly, it was because it was only a martial arts level, and there was also a 40% sentiment bonus of the Juggernaut blood.

Now, this Huanglongquan is probably not so fast, but don't forget, Ye Xuan has a bloodline of the King of Fighters, and his sentiment is improved by 30%.

"Her!"

Ye Xuan found a corner and began to practice Huanglongquan.

When he punched out, the instinct of the soil was turned into a dragon and slammed forward. This move also contained the earth's pulsation.

The earth's pulsation is very practical and can be used in any martial arts. Even the dragon martial arts can do it.

Now these two martial arts are only one percent of the fire, the dragon martial arts with the pulse of the earth, but the power has been able to catch up with the dragon and tenth, and it is worthy of the martial arts of the virtual **** level.

"Hey, the proficiency of Huanglongquan is improved, and it is currently 20%!"

"Hey, the proficiency of Longwu's body is improved, and it's currently 20%!"

"Hey, the proficiency of Huanglongquan is improved, and it is currently 30%!"

"Hey, the proficiency of Longwu's body is improved, and it is currently 30%!"

"Hey, the proficiency of Huanglongquan has improved, and it is currently 40% hot!"

Ye Xuan spent a whole day in this training martial arts field, and finally raised the proficiency of these two martial arts to more than 30% of the fire. Among them, Huanglongquan is 40% hot, and its power is superb.

Fortunately, at this time, he was in a small room where he was practicing the martial arts. No one else saw it.

If you let others see that he has cultivated two vaginal martial arts in one day, and has improved such a high level of proficiency, I am afraid it will be scared to death.

Even if you are a strong imaginary god, learning virtual martial arts, I am afraid that it will take a month to improve proficiency, but it is also accumulating, constantly practicing, and constantly fighting.

But Ye Xuan, can only improve to such a high level of practice.

Next, Ye Xuan practiced every night, but diligently.

When he joined the War King Hall and became the third day of the temple, someone knocked on the door of the cultivation room.

At this time, Ye Xuan's two martial arts, Huanglongquan has reached 60% of the fire, and Longwu body law, it is 40%.

Because the realm is not enough, Huanglongquan can't be promoted to 70% of the fire, and it is necessary to wait for the virtual reality.

Ye Xuan opened the door and found that his captain, Huang Tianyu, stood outside the door.

"Captain!" Ye Xuan said hello.

"I heard that you have been practicing these days?" Huang Tianyu asked.

"Yes!"

Ye Xuan nodded. He has been practicing for a few days. This is beyond doubt.

"Very good, then you go back and prepare, and you will go out to perform the task after a while!" Huang Tianyu is very satisfied.

Ye Xuan listened, his eyes could not help but brighten, asked: "What mission?"

"Destroy a band of bandits, they have been very embarrassed recently, and they have been robbed by their families. There is a leader of the peak of God." Huang Tianyu replied.

The peak of the divine environment!

Chapter 587: Bandit

The peak of God's dilemma represents the master of attribute transformation to a hundred, and only by understanding the meaning of the righteousness, can break through to the virtual state.

"The peak of God's dilemma? Is it only the task of our team?" Ye Xuan said.

"Yes, you don't have to worry, we are also the elite of the War King Hall. If you can't even pick it up, it's better to pack your luggage and go home!" Huang Tianyu said faintly.

Indeed, who are they, the elite of the War King Hall!

"Okay, I am ready!"

Ye Xuan nodded, but he didn't need to prepare anything. Although he had been wanted for several nights, he was full of energy, and there was life in the sacred tree. He didn't need to rest.

"Then wait until you get to the door."

Huang Tianyu said that he left, and Hou Yexuan also went back to take a shower and gathered at the entrance of the branch hall.

This time, but his first assignment, and his first show after the cultivation of the new martial arts, will inevitably have some excitement.

Huang Tianyu has not yet come out. Ye Xuan, who is outside the hall, has seen an acquaintance, Shi Yan.

"Hey, Ye Xuan, are you going to perform the task?"

The stone sarcophagus in silver armor came together and said with a smile.

"Yes!"

Ye Xuan looked at his eyes.

Although it belongs to the same force, Ye Xuan is now wary of anyone, after all, the half demon thing.

The half demon and the human being are deadly enemies!

He does not know, Ishigaki is now a human, or a half demon!

"I also went out to perform the task, to annihilate a nest of holy animals, what about you?" Ishigaki asked.

"A stolen armpit!" Ye Xuan replied honestly.

Shi Yan's eyes lit up. "This is a fat man. The robbers are rich and rich, and they are much better than the holy beasts."

"This is true, but it is also dangerous. The leader of the bandit is the peak of the gods." Ye Xuan said.

Humans and holy beasts at the same level are still more dangerous to humans.

Ishigaki did not refute. At this time, three people came out of the temple. After I saw it, I immediately said, "Ye Xuan, then you must be careful, I am leaving!"

"Okay, you are also 'cautious.'" Ye Xuan nodded.

Shi Yan also joined a small team, and now he is working with the other three to perform the task. The captain of this team looked at Ye Xuan with a different look, and then hurriedly took the team members away.

Not long after, Huang Tianyu came out with two players.

Ye Xuan brows a pick, he remembers that Huang Tianyu has a total of three players, is it difficult to take time off?

"Captain, are we four?" Ye Xuan said differently.

"Yes, there is a breakthrough in martial arts. If you need to continue practicing, you will not participate in this mission."

After Huang Tianyu finished, he took out a piece of parchment from the Qiankun ring and said: "There are more than 300 people in this burglary, and the transformation of the worst attribute is also half. There are three great masters, one is the peak of the gods, and the two attributes are transformed. Reaching 90%. The mission rewards 3,000 merits, and we will subdivide at that time."

Three thousand merits, it is not low, the most important thing is a robbery, a lot of oil.

Ye Xuan Fang Cai passed by inquiring about it, a virtual soldier, need five * honours to exchange, a virtual **** level of martial arts, also need a * honour.

But don't forget, this reward is the whole team, and it has to be subdivided.

Ye Xuan didn't ask much, he just followed.

"set off!"

Huang Tianyu ordered a rush to go in one direction, and Ye Xuan's three players followed closely.

"Ye Xuan, what you use, it seems to be the Longwu body method, have you practiced?" A team member smiled at Ye Xuan.

"Well, it took four days to finally practice." Ye Xuan nodded.

This person, he once saw it once, called Zhou Huai ren, and the attribute conversion reached 85%. He has been in the War King Hall for more than ten years, and his merits have also changed to the virtual martial arts, but his proficiency has not improved because of insufficient qualifications.

He looked at Ye Xuan admiringly and said: "Genius is a genius, hey, I don't know when I can understand the righteousness."

"What are you worried about in the old week, it is not too late to wait until you reach the peak of God's dilemma." Another player named Peng Bo said.

"Also, if the qualification is enough, sooner or later you will be able to comprehend, the qualifications are not enough, and you will be stuck in the peak of the gods." Zhou Huai ren nodded.

Huang Tianyu, who led the way ahead, was silent. At this time, he was planning something, such as when to transform Ye Xuan.

Ye Xuan now has a sacred soldier, and his strength has risen. He estimates that he can only suppress Ye Xuan for a while.

In the future, he will not be sure.

So recently I have to transform Ye Xuan and let Ye Xuan become a half demon and become their people.

This bandit's nest is only two days away from the temple. Before it was hidden, it was hidden, so there was no task.

It took two days for Ye Xuan to come to this burglary. At this time, they are discussing countermeasures in the sky.

"Ye Xuan, Zhou Huairan, you two solve small, Peng Bo, two masters and three masters handed over to you, I am going to solve the big master, can have problems?" Huang Tianyu said.

Ye Xuan Yi, this seemingly ordinary Peng Bo, actually went to intercept two attributes to achieve 90% of the leader?

"Don't be surprised. When Peng Bo was alone in carrying out his mission, he accidentally got a virtual soldier, second only to the captain!" Zhou Huairan laughed.

With such an explanation, Ye Xuan also understood.

A virtual soldier is enough to make his strength soar, and Peng Bo also has a virtual martial art. It is nothing to stop the two.

"If this is the case, then go on, if there is pressure, quickly retreat, life is important!" Huang Tianyu said.

"understand!"

Ye Xuan nodded.

"kill!"

When Huang Tianyu's voice fell, the four men swiftly swept away.

Ye Xuan's eyes are shining, the following bandits are enjoying the food, and some are in the public to do the piston movement, playing the exhilaration.

He estimated that this may be able to break through again!

"Ye Xuan, be careful!" Zhou Huairan reminded me, and then separated from Ye Xuan, and landed in another place where there were more bandits.

"Snapped!"

Ye Xuan used the real gas to accelerate and quickly landed on the ground. At the same time, this foot also used the earth's pulsation, and instantly killed more than a dozen less powerful bandits.

"what?"

The bandits stopped the movements in their hands and looked at Ye Xuan. After a long while, they only reacted after seeing Ye Xuan begin to kill.

"There is an enemy attack!"

At this time, Ye Xuan has already sacrificed the obtained sacred sacred swords, and displayed the demon gods and began to kill them.

These are all robbers without evil, no one will be merciful.

After he landed, there was a living man who became a cold body, and a large number of broken limbs were thrown up. Ye Xuan was conducting an indiscriminate attack.

Chapter 588: Collusion

Although it is said that Ye Xuan has learned the Emperor Dragon Boxing, but the martial arts of the Squirting Sword is so easy to use, he still has not given up. However, the war dragon step can be retired. After all, the Longwu body method can also be combined with the earth pulsation to attack.

"Huanglongquan!"

"Sword of the Ground Crack!"

Ye Xuan stood there. In less than ten seconds, he killed dozens of bandits. These bandits have different strengths. The poor attribute conversion is only 50%, but the strong one is 70%, but there is no People can pick him up.

The newly-born bandits saw Ye Xuan so brave, immediately scared the courage and fled.

Ye Xuan quickly picked up the body on the ground and swallowed everything.

"Hey, the soil property of the host has improved, and it is currently 63 points!"

As the realm improved, Ye Xuan's strength soared.

"A pirate armpit, the richest must be those who are headed, things can not be taken away!"

Ye Xuan glanced at it and found that Zhou Huai ren did not have much pressure, so he quickly flew in the direction of Huang Tianyu and Peng Bo.

This can't be said that he is robbing credit. After all, they are a small team and should help each other.

"Ye Xuan, the strength is so strong?" Zhou Huai ren saw Ye Xuan plundered, but also shocked.

At this point, he killed dozens of bandits.

.....

The three heads of banditry lived in the foothills, and Ye Xuan hurriedly flew over. He was not close, but he found several figures.

However, these figures are not fighting, but they are coming together and seem to be talking there.

"what's the situation?"

Ye Xuan stopped quickly.

He saw that Huang Tianyu and Peng Bo were talking to three men, as if they knew each other.

A snake and a rat!

Ye Xuan's mind flashed such a word, but in the next moment, he thought of another point.

Half demon!

"Is it true that the three great masters have long been transformed into half demon?" Ye Xuan guessed.

Of course, he is only guessing, it may be that Huang Tianyu and the three of them collude, and the bureaucrats collude.

"Captain, I will help you!"

After thinking about it for a while, Ye Xuan screamed and killed the past.

"What, come so fast?"

Huang Tianyu heard this and did not hesitate to take it out. At the same time, he whispered: "You three, hurry!"

He did not expect that, in less than half a minute, Ye Xuan came over to help.

"Hey!" "Hey!" "Hey!"

At that time, Huang Tianyu and Peng Bo started acting with these three chiefs. The battle seemed to be fierce, but they actually avoided the key.

If Ye Xuan's eyesight is amazing, I saw that scene, otherwise it might be deceived by them.

"Although I can't confirm it, there must be collusion, kill!"

Ye Xuan continued to kill the past.

He knows that his qualifications have caused the idea of the Yaozu, and the other party definitely wants to transform him, so he is not worried about Huang Tianyu's attempt to shoot him.

As long as he is allowed to solve the three men and get the ring, then his realm may be able to rise again.

"Damn, let's withdraw!"

The face of the big master sank and quickly evacuated.

Huang Tianyu pursues, but he just does it. After all, these three people are indeed half demon, and they are with them.

"I don't want to go!"

Ye Xuan swiftly swept past and attacked wildly.

"Kid, get out!"

The three-headed family made a punch in Ye Xuan, and a golden fist shadow swept toward Ye Xuan.

"Not good!" Huang Tianyu's face sank, he forgot to say to the three people that Ye Xuan is a genius on the conversion list.

The property conversion of these three masters reached 90%, and Ye Xuan was 30% higher. His attack was enough to kill a warrior whose attribute was transformed into 80%.

But is Ye Xuan a normal person?

"Huanglongquan!"

Just right, Ye Xuan also has a boxing martial arts.

"Hey!"

Two huge fists collided and burst open instantly.

Although Ye Xuan's realm is quite different, his Huanglongquan is a martial art of the virtual **** level, and it is still 60% of the fire, and the blood of the King of Fighters.

The martial arts of the other party is also the martial arts of the virtual **** level, but the estimated temperature is only two or three percent.

Can be leveled, it is not bad!

"This kid, the qualifications are so good, it seems that you have to quickly transform him, if you do not agree, you can only use strong!"

Huang Tianyu is shining.

Transforming into a demon is actually a task. As long as it succeeds, he will get a lot of cultivation resources.

If this is successful, perhaps he will be able to practice all the way to the peak of the gods.

However, it is still the first to solve the current troubles.

"Captain, Big Brother Pengbo, these three people are full of sorrow, can't let them go!" Ye Xuan shouted.

Huang Tianyu blinked and made a decision in his heart.

"It seems that I have to hope for these two people!" Huang Tianyu said in the heart.

The three major masters, the conversion of the two attributes reached 90%, one reached the peak of the gods, if the three demonized, the strength will be improved.

The other two don't matter, but if the big man who is in the peak of the gods is demonized, even Huang Tianyu might not care about him.

"Leave those two people first!"

Huang Tianyu shouted, and the voice only reached the ears of Ye Xuan and Peng Bo.

"it is good!"

Peng Bo's eyes glimpsed and instantly understood the meaning of Huang Tianyu and chased the past.

"Damn!"

The two masters and the three-headed family looked at each other and they knew that if they were not demonized, they would probably die here.

"Fairy!"

The two did not hesitate and directly cast a demonization.

As for the big master, it is the escape that does not return.

"kill!"

Seeing that the other party has been demonized, Huang Tianyu has both murder and murder, although they are all half demon, but the leader of the pirate armpit does not listen to his orders. At this time, the crisis of life and death, the other party will tell the secret.

Therefore, it must be quickly killed.

"Blue light sword, out!"

Huang Tianyu also sacrificed his own virtual soldier and killed him.

Ye Xuan saw the two demons, pretending to squat, and then began to attack.

Now, he has already understood that this Huang Tianyu is also a half demon.

Before, Huang Tianyu may not know the three big masters, but the half demon may have a way of distinguishing, so he recognized it.

Now, Huang Tianyu is going to scribble the roots!

At that time, the five people were fighting together, and the figure of the big master had disappeared into the sky.

"Damn, the big brother actually went so far, saying that he wants to share the same pains with Gan and Gan?"

He is very helpless, because if the big master returns to use demonization, he will certainly be able to reverse the situation.

However, the big master of the pirate's nest is also a half demon. He is afraid that the incident will be pursued and killed, so he will not return. After all, the recent Warlord Powerhouse has died in succession and has a relationship with him.

Chapter 589: Things are exposed

Although Ye Xuan's realm is poor, his strength is not much weaker than Peng Bo.

Under the joint efforts of the two, it is possible to play against the two masters.

As for the three-headed family, Huang Tianyu is responsible.

"It must be quick and fast!"

Huang Tianyu thought in his heart and started to play against the three masters. However, he intentionally or unintentionally opened distance with Ye Xuan, Peng Bo and Er Dang.

"Hey, what do you want to do?"

The third family asked whispered.

"I will give you a chance, you will run away!" Huang Tianyu said as he approached.

When the family was heard, the eyes could not help but brighten and instantly understood.

After Huang Tianyu was close, he relaxed a bit, and the three masters immediately understood that this was the time.

However, he did not think that this is Huang Tianyu's intention, Huang Tianyu's original intention is not to let him leave.

Instead, want to kill him!

"Dead!"

The hidden murder in Huang Tianyu's eyes suddenly burst out.

"what?"

When the family was stupid, then he reacted and was kicked. When he reacted, his head had already flown.

cut!

"Three brothers!"

Second, the eyes of the family were red, and then they fell on Huang Tianyu's body, violently said:
"mixed things, the same half demon, you even rushed to kill?"

Half demon!

The word is still exported.

The most important thing is that the second home actually said that Huang Tianyu is a half demon.

In the presence, only Ye Xuan is a human being, and the rest are all half demon.

"Half demon?"

When I heard these two words, Ye Xuan's brow couldn't help but pick one. This person really said the secret.

But it's no wonder that if you don't say it at this time, then there may be no chance.

"Ye Xuan, they are the Yaozu, and we humans are deadly enemies, kill!" Huang Tianyu shouted at the slightest disregard of the words of the two masters.

"it is good!"

Ye Xuan nodded, but his heart is already certain, Huang Tianyu and this Peng Bo are half demon.

Because, if only Huang Tianyu or Peng Bo is alone, why are you using the second family?

However, Ye Xuan said it well, but his body shape is plundering toward the body of the three masters.

Why, naturally, take things!

Huang Tianyu stunned and thought that Ye Xuan was discovering something, so he rushed to him.

He deliberately circumvented, but found that Ye Xuan did not attack him, but plundered the body of the three-headed family and picked up the ring.

"Hey, the soil properties of the host have improved, and it's currently sixty-five!"

A Qiankun ring, let Ye Xuan smash up two levels, cool!

"How did the breath of this kid suddenly skyrocket?"

Although Ye Xuan can suppress, Huang Tianyu still feels the strong atmosphere of Ye Xuan, but he did not think much, first solve the problem of the second home.

The second family has already revealed the secret, but sees that Ye Xuan does not agree, it is estimated that Ye Xuan and Huang Tianyu colluded, so no longer nonsense, full fight.

However, his strength can not stand Huang Tianyu and Peng Bo holding the virtual soldiers, and soon was killed.

However, when he died, suddenly one person swept over and took away the Qiankun.

Huang Tianyu discovered that it was Ye Xuan, so she didn't care.

They don't have a swallowing system, they can't guide things from the Qiankun ring, so it's okay to put them in the ring, and then distribute them afterwards.

But how can they think that Ye Xuan can instantly clear the Qiankun ring?

"Hey, the host's soil property has improved, it's currently sixty-six!"

Ye Xuan's realm has once again improved.

At this time, Peng Bo turned and asked: "Captain, can't chase?"

Not only that, but another exchange of Zhou Huai ren also solved most of the bandits and then swept over.

"Do not chase!" Huang Tianyu shook his head.

Once the attribute conversion reaches 10%, then there will be a qualitative leap, which is much stronger than the ninety-nine.

If the big head of the gods' dilemma is transformed, even if they add up, I am afraid it is not their opponent.

Four people, successfully annihilated bandits, and did not have any casualties, it is a big win.

However, things are not finished yet.

"Captain, the man said that you are a half demon, what is this half demon?" Ye Xuan pretended nothing to say.

"Half demon? I have heard that this is a Yaozu, and human beings are deadly enemies!" Zhou Huai ren blurted out.

This time, Huang Tianyu and Peng Bo face changed.

"This week Huai ren... Isn't it a half demon?" Ye Xuan eyes a sigh, he couldn't understand, since it was in a small team, why did Huang Tianyu not convert this week Huai Ren?

"Yes, half demon and human beings are deadly enemies. These half demons were originally human beings, but they were later turned into demon people. The person who said that is 'I am a half demon', you must have heard it wrong." Peng Bo said in a hurry. .

Ye Xuan's face pretends to change, saying: "Impossible, I'm listening clearly, how can I get it wrong?"

He said, it is to start to retreat.

The same is true of Zhou Huairen's seeing.

The half demon belongs to the demon, the demon and the human are the deadly enemies. If both Huang Tianyu and Peng Bo are half demon, then there may be movements next, and Ye Xuan must keep some distance with them.

Peng Bo's heart trembled and turned to look at Huang Tianyu.

"Well, then I am not hiding. Yes, both Pengbo and I are half demon!" Huang Tianyu saw that there was no way to go round and he could only say it.

Upon hearing this, Ye Xuan and Zhou Huairen were sinking.

"Captain, you..."

Zhou Huairen couldn't believe it. He joined Huang Tianyu's team for two years. He didn't expect him to be with a half demon for two years, which almost scared his courage.

"You two have also seen, the two people who died before, all of them are half demon. The reason they suddenly become stronger is to use demonization. Now, I will give you a chance, as long as you join, you can be like them, they become stronger!" Huang Tianyu suddenly took out two half demon hearts.

"But, the Yaozu and the human being are deadly enemies." Zhou Huairen frowned.

"Yes, but you have to know, this is a world dominated by the strong. As long as it can become stronger, what is the difference between the Terran and the Yaozu? Besides, I am the time of the half demon, not what you can imagine. If I don't say it. Even the elders can't detect it. What's so scary?"

Huang Tianyu's eyes slammed and raised his hand: "There are only two roads in front of you. One is to swallow this half-devil's heart and improve its strength. Second, it's dead!"

"This....."

Zhou Huairan looked at Ye Xuan with some hesitation, and to be honest, he was already shaken.

Because he knows that if he refuses, he can't go back alive.

Therefore, you can only choose this path.

"This... that's okay."

Zhou Huairan nodded silently, and after seeing Ye Xuan, he walked toward Peng Bo.

Chapter 590: Torn the skin

"you?"

Ye Xuan's eyes widened. The reason why he didn't talk was to look at Zhou Huairan's choice. I didn't expect Zhou Huairan to give in.

If Zhou Huairan refuses, it will not be a big deal for the two to join forces with Huang Tianyu and Peng Bo.

However, Zhou Huairan accepted it.

"In this case, then I have to do this!" Ye Xuan has already decided.

At this time, Huang Tianyu said again: "Ye Xuan, your qualifications are very good. If you become a half demon, your physical condition will be greatly improved. At that time, who will be your opponent on the land?"

"This half demon heart is the essence of the heart of the dragon that has refined the peak of the gods. After a hundred refining, if you swallow it, you may have the strength to fight with me!"

In fact, this sentence Ye Xuan has heard it before, from the silver armor man.

If it was before, he might use this trick, but this is only a heart of the dragon, even if it is the half-devil of the peak of God's dilemma, it can't improve him much.

"No, I am Ye Xuan, I won't be a half demon!"

Ye Xuan directly refused.

Although there are blood vessels such as the Beastmaster in his body, others can't see it at all. He does not resist the heart of this half demon, but does not want to become a demon.

If he becomes a Yaozu, if he is exposed in the future, he will be chased by the Terran masters. At that time, his family may be implicated.

"You should not rush to refuse, first look at his changes!" After Huang Tianyu stayed close to Zhou Huaiaren, he lost a semi-devil heart.

Zhou Huaiaren caught the half-devil's heart, and his body shape paused. He held a sword in one hand, and held a half-devil heart in one hand, feeling the demon spirit of the demon heart.

Suddenly, he glanced at Ye Xuan and delivered a look.

"Ok?"

Ye Xuan brows a tight.

The next moment, the wind blew.

"Ye Xuan, go!"

A violent sizzling sounded, Zhou Huaiaren suddenly attacked and attacked Peng Bo, who was nearby, and caught the attack.

what?

This scene is beyond everyone's expectations.

Zhou Huaiaren, suddenly changed his mind at this time, attacking Peng Bo.

No, it doesn't have to be a change of mind. Perhaps Zhou Huaiaren is pretending to give in from the beginning.

"really!"

Ye Xuan's flash of light flashed again, and the demon **** changed again.

But in the demon **** virtual shadow just integrated into his body, Huang Tianyu moved.

"You waste, go to hell!" Huang Tianyu took a sigh of relief, this speed is extremely fast, and instantly passed Zhou Huaiaren's body.

"Oh!"

Zhou Huai ren was cut into two halves by life. Fortunately, this embarrassment was horizontal and he was not dead.

"Huang Tianyu!"

Ye Xuan screamed, this time, he no longer hid, and directly sacrificed the eight wild swords.

"Eight wild winds kill!"

"Sword of the Ground Crack!"

"The earth is pulsating 2!"

Because Huang Tianyu is flying in the air, the Longwu body method cannot merge with the earth's pulsation, resulting in the effect of the dragon's ten-step.

However, the eight wild winds killed, but it was out of Huang Tianyu's expectations.

"This kid, there is another virtual soldier, then *, that is, he killed!"

Huang Tianyu also understood this moment.

Dare to love, Ye Xuan has long known about the demon thing.

"If this is the case, then you will die!" Huang Tianyu did not despise, directly cast a demonization, and then he became the same as *, and grew a dragon tail.

His attribute transformation has already reached 90%. Now he is holding a virtual soldier and using demonization. At this time, his combat power has reached the peak of the gods.

"Fairy, how about that?"

Ye Xuan no matter what the three seven twenty-one, crazy shot.

On land, he is the king, so he will not be stupid enough to fly to the sky, reducing his speed.

After Huang Tianyu's demonization, the shot speed is very fast, but Ye Xuan's speed is faster. The former's attack can only lie on the latter's afterimage.

After the two played against each other, the advantage turned out to be on the side of Ye Xuan, which made Peng Bo and Zhou Huairan extremely stunned.

"This kid is so strong!"

Peng Bo suddenly climbed up from the ground and looked at him with a shocked look. Fortunately, he only protected the key, otherwise he would be seriously injured by Zhou Huairan.

However, Zhou Huairan has been smashed into two halves by Huang Tianyu and has no fighting power.

"Fairy!"

Peng Bo also grew a pair of feet, a tail came, his claws clutched his handle of the virtual soldiers, rushed toward Ye Xuan and Huang Tianyu, and shouted: "Captain, I will help you!"

Although his strength is much worse than Huang Tianyu, he also has a virtual soldier, and with demonization, he can still help.

"Hey, I will let you know that there are many people, not necessarily strong!"

On the land, Ye Xuan's light flashed, and the target was instantly transferred, driving the eight-handed blade with the earth's pulsation and plucking toward Pengbo.

Not only that, the sword of the ground crack, no longer plundered Huang Tianyu, the target changed to Peng Bo.

"Waste, roll away!" Huang Tianyu changed his face and angered, and did not expect that Peng Bo was his team member.

He and Ye Xuan played well, Peng Bo suddenly sneaked in, this can not help him, but will make things even worse.

Because he suddenly remembered, Ye Xuan got two things after the victory, the strength of the sky!

Huang Tianyu wants to stop, but Ye Xuan has already killed Peng Bo.

The strength of Peng Bo after the demonization is OK, but in front of Ye Xuan at this time, can not stand a blow.

"dead!"

Ye Xuan's sword shocked Peng Bo's ability to defend his defense. The next moment, the eight-handed blade was an instant attack.

"Boom!" "Boom!" "Boom!"

These eight-handed blades are all run with the intrinsic nature of the earth, and all contain the pulse of the earth.

The sharp blade stabbed into Peng Bo's body, instantly petrifying his body, and then the earth's pulsation was to oscillate twice, breaking the petrochemical.

Among them, there is a ice blade that stabbed Peng Bo's throat. This bombing, but he was blown up bloody.

"go to hell!"

Ye Xuan took out a sword and smashed Peng Bo's head, and then instantly seized his Qiang Kun ring, as well as the scorpion.

"Hey, the earth's soil properties have improved, and it's currently sixty-eight!"

Sixty-six, a jump to sixty-eight, this Pengbo's net worth is still very rich.

Of course, a large part of it is the one who is a virtual soldier.

Fang Cai, there is no breakthrough in Ye Xuan has been pressed Huang Tianyu, and now, after the breakthrough, how long can Huang Tianyu still linger?

"not good!"

Huang Tianyu was surprised before, but later thought about it, although he did not want to understand, but he knew that as long as Ye Xuan got the ring, Ye Xuan's strength would improve.

Now, verify his guess!

Ye Xuan's realm has once again improved.
