

Super D. S 601

Chapter 601: Virtual state!

At this time, on land.

"Dragon's ruling!"

"Dragon's ruling!"

"Dragon's ruling!"

Ye Xuan madly used the dragon to kill the dragon and constantly attacked the black dragon.

Although there is such a dragon martial law, he can avoid the attack of the black dragon, but his attack power is not enough, enough to break the defense of the black dragon.

"Hey, the proficiency of Longwu's body is improved, and it's currently 60% hot!"

"Where, how useful is it to improve proficiency at this time!" Ye Xuan was very helpless.

The speed of this black dragon is not as fast as he is, and the proficiency of Longwu's body is improved, and it does not help at present.

If you drag it down, and the demon family will kill a branch elder, then the situation will change instantly.

By then, he will die!

"No matter what, then play 30 rounds, if not, immediately take it away!" Ye Xuan made a plan.

"Boom!" "Boom!" "Boom!"

Ye Xuan's attack continued to fall on the black dragon.

Time is a little bit past.

Ten rounds!

Twenty rounds!

Thirty rounds!

It seems that Ye Xuan is leaving.

"No matter what, although I am a member of the War King Hall, but now I can't help anything, withdraw!"

Ye Xuan made a decision in his heart.

Life is to fight when there is no way to go.

Now he still has the opportunity to escape, so he must cherish it. If someone will hang up, then he will not be able to escape.

However, it is at this moment.

"Hey, the host has realized that the earth is pulsating four!"

Suddenly a system sounds, let Ye Xuan's footsteps.

what?

The earth is pulsating 2 heavy, and it has changed to 4 heavy?

"Haha!"

Ye Xuan couldn't help but laugh and laugh. This breakthrough is really timely.

"The imaginary beast is right now, see if I don't kill you?"

Ye Xuan suddenly had confidence and immediately turned around and took out a dragon's ruling.

The previous ruling of the dragon was a combination of the earth's pulsation and the attacking power could not break the scales of the black dragon.

But this time, the dragon's ruling is a combination of the earth's pulsation.

The earth pulsates 4 heavy, and it will oscillate four times in an instant after hitting. This power is several times stronger than two consecutive pulsations.

I can't break it before, now, definitely!

"Hey!"

When this ruling that merged with the earth's pulsating four heavy dragons fell on the black dragon, there was a crisp spread.

This is the sound of the black dragon scales cracking.

Became!

"Haha, I am coming to the virtual world!"

Ye Xuan's breath of the whole person skyrocketed, and the pair of dark eyes fell on the black dragon. In the blink of an eye, he was the ruling of several dragons.

"Hey!"

"Hey!"

"Hey!"

A clear and bright voice spread, and the black dragon was finally hurt.

"Roar!"

It roared toward Ye Xuan, but Ye Xuan's body was done, coupled with agile advancement, it was not hurting Ye Xuan.

Moreover, after the earth's pulsation has changed to four, the defensive power of the pulsating guardian has also increased.

Therefore, the threat of this black dragon is greatly reduced!

"The imaginary beast, what about it? Isn't it chasing me like a sandbag?" Ye Xuan sneered in his heart.

With extraordinary speed and strong attack power, Ye Xuan directly aimed at the black dragon's leading attack.

The black dragon was stunned by the earth and the head was faint. The speed dropped a bit. It was also very helpless. Who would have thought that Ye Xuan actually broke through at this time?

At this time, the group of people in the sky also dared to widen their eyes.

Fang Caixuan couldn't break the black dragon's defense, now it's ok, so they fell their attention on Ye Xuan's attack.

"The earth pulsates 4 heavy? This kid, actually broke through in the battle?"

"The pulse of the earth itself is extremely difficult to comprehend. How big is this kid, and I realized that it is four heavy?"

"If he realizes eight weights, the power is estimated to be so strong that even we can kill!"

The public is very shocked.

One of them, his eyes are red, and that is the deputy.

After seeing the middle-aged man in the depths of the temple, he and the elders played a play. Then he used the land to leave.

However, this practice is the mystery of his comprehension in the divine state, and he has thus broken through to the virtual state.

So far, it has been for decades.

However, for decades, he still did not realize the second meaning.

Therefore, he said, Yan Ye Xuan can actually understand such a strong sense of righteousness.

"This kid..."

The deputy of the deputy was flashing, and his eyes were full of murder.

However, just as he was indignant, the battle on land changed.

"撲通!"

The black dragon was continuously swayed by Ye Xuan, continually oscillating, so that its head could not bear it, fainted in the past, its huge body squatted on the ground, like a lamb to be slaughtered.

"Let me send you a ride!"

Ye Xuan suddenly plunged into the sky.

The black dragon consciousness is a bit embarrassing, it can also feel the movement around, but the body can not keep up with the rhythm.

Only when it evades the attack, it can't move now, then the next one that greets it is dead!

"Dragon's ruling!"

"Dragon's ruling!"

"Dragon's ruling!"

Ye Xuan constantly waved eight ridiculous dragon swords, and the ruling of Daolong fell on the faucet.

The rulings of dozens of dragons went down, and the black dragons were unrecognizable.

"Hey!"

Suddenly a crisp sound spread, this time, not the sound of the dragon scales, but the keel.

Black Tianlong's body is struggling, but unfortunately, he is still unable to return to heaven.

After Ye Xuan's ruling of more than 70 dragons, the black dragon's faucet has been bombarded.

The head is bombarded, even if it is a virtual beast, it has to fall!

Black Dragon, dead!

At the moment, Ye Xuan is plundering to the ground. After the black dragon is dead, he directly devours the body of this black dragon.

"Hey, the soil properties of the host have improved, and it's currently a hundred points!"

"Hey, the host has already realized the mystery, breaking through to the virtual state, the current degree of emptiness is a little!"

Two prompts sounded together.

At the moment when the prompt sounds, the earth property of Ye Xuan's body is dark.

Now, all the infuriating in his body has been transformed into the infuriating nature of the soil, and the strength has a qualitative leap.

Shen Dan's breakthrough into the power of the dilemma is a broken Dan Cheng Yu, now, his gods are virtual, and finally broke into the virtual state.

Ye Xuan directly crosses the peak of the gods and breaks into the virtual state of the gods. His attributes are infuriating and several times stronger than the peaks of the gods.

"Haha!"

Ye Xuan couldn't help but laugh.

In the virtual state, he finally arrived!

"Hey, does the host fuse the blood of the sword god?"

"Hey, does the host fuse the blood of the beast?"

"Hey, does the host fuse the blood of the **** of life?"

Chapter 602: The sword is broken!

"Yes!"

Ye Xuan shouted three in a row, and then his body changed dramatically.

The blood of the sword god, all the advanced to improve by 10%.

The blood of the beast god, all the advanced to increase by 10%.

The blood of life is a tree, and all the steps are improved by 10%.

At this time, Ye Xuan, can't describe his strength in words.

"Hey, the host has learned the eighth type of swordsmanship method - the sword is broken!"

"Hey, the host has learned the third most important method of the Eight Diagrams - Eight Wild Giants!"

After breaking through to the virtual world, there are too many ways for Ye Xuan to soar up the strength. Not only that, but his two virtual-level martial arts are no longer restricted, and can be upgraded to 70%.

However, at the same time that Ye Xuan broke into the virtual state of the gods, the battle in the air was also a casualty. An elder who was injured in the temple could not survive and was killed by the Yao master.

The body fell from the sky.

"That kid, has actually broken through to the virtual state?"

Everyone was shocked at this time.

A battle, even let Ye Xuan break into the virtual state, how is this possible?

"The kid can't stay, fast, kill him!"

The white-browed old man stunned.

The death of the elders of the branch directly affected the whole situation, but at this time, Ye Xuan suddenly broke through, so that the old man in the eyebrows was very upset, so he only killed the elders in the branch, the red elders, and quickly moved toward the leaves. Xuan plundered.

"Kid, you dare to kill me, die!"

The red dress elder is the master of Sun Xingyu. Of course, a Sun Xingyu is not worthy of his anger. He is afraid of Ye Xuan's qualifications.

"Haha, now I am not afraid of you!"

Ye Xuan laughed three times and directly threw out the Eight-Day Sword. The next moment, the Eight-Year Sword was broken and arranged in several rows.

what?

The elders of the red dress were a little surprised. At this time, the eight-handed blade suddenly gave up a touch of infuriating, and connected with the other seven handles.

The next moment, an energy body with a brownish-yellow glow appeared in the eyes of everyone.

This is, eight wild giants!

"on!"

Ye Xuan thought of a move, and then, this eight-year-old giant spirit was swept away quickly, and this speed was not slower than the red elders.

"What a ghost thing, give it to me!"

The elders of the red coat held a blue-light sword and glared at the eight wild giants. At the same time, the eight wild giants also slammed a punch.

His fist face is just a sharp edge.

"Hey!"

The attack of the red elders was blasted, and there was no damage to the eight wild spirits.

"How is this possible?" The red elders widened their eyes.

He is a weak god, and the fire attribute has been reduced. However, his attack has been broken by the things that Ye Xuan really condenses. This is really unsatisfactory.

The main thing is that his fire attribute is still restraining the soil properties of Ye Xuan.

"It's so strong, is this the eighth most devastating wind?"

Ye Xuan was also shocked, but he also saw that the punch of the savage giant was resisted by the sharp edge, and there was also the effect of the earth pulsating four heavy, so it was a punch that broke the attack of the red elders. .

This is still only eight wild winds to kill, Ye Xuan has not tried the eighth heavy swordsmanship method, the sword is broken.

However, this does not matter, first kill the red old man and say it.

At the moment, he is re-raising the Qingguang sword and then plucking it up.

The Eight Swordsmanship method requires eight swords to be used, so he can only attack with the sword of the ground crack.

"Sword of the Ground Crack!"

"Huanglong Boxing"

"Dragon Wu body law!"

"The earth is pulsating 4!"

Ye Xuan's single combat power has always been strong, and now with the eight wild giants, in the blink of an eye, the red elders are beaten and defeated.

The red elders are not demon, just like the deputy master, the elders and the demon.

"If you kill you, I will be able to break through again. Both of them are my own!"

Ye Xuan's eyes widened.

The elders of the red dress smashed another elder of the branch and won the latter's ring. As long as Ye Xuan killed him, then everything is his.

At that time, maybe it can dominate this battle.

"kill!"

Ye Xuan firepower is fully open.

With a two-pronged approach, the red elders will soon be unable to hold on.

"not good!"

The face of the demon family suddenly changed. They originally had an advantage. Now, seeing the red elders was actually suppressed by Ye Xuan, who just broke through.

If the red elders fall, then their advantages will come back. No, it may reverse the situation.

"go!"

The white-browed old man knew that the situation was not good and hurriedly screamed.

They are not half demon, so they can't be demonized, they can only become ontology. Turning into the ontology, although the strength will be enhanced, but each time it will consume a huge price, so they do not want to change easily, and may fall into the realm.

This is the Yaozu, the demon who was cursed by people.

After hearing the words of the old-fashioned old man, everyone was stunned, and immediately, there was a demon elder, who risked falling into the realm and turned into the ontology.

Tianlong!

His body is a red dragon.

"go!"

The white-browed elder quickly receded and prepared to pluck him.

On speed, or the dragon is coming fast.

But not everyone can pluck him on his back.

"Want to go, stop them!"

The red-browed middle-aged man shouted.

Nothing to joke, the elders of the temple were all dead, and the body of the **** of the virtual gods was also taken away.

What kind of jokes do the people of the Yaozu want to leave?

"Hey!"

Suddenly a loud bang spread, everyone was a glimpse of the light, and found the red elders who fought with Ye Xuan, actually fell from the air.

died?

They saw that Ye Xuan just put the two Qiang Kun ring away.

"Hey, the degree of virtualization of the host has increased, and it is currently five points!"

The system prompts.

"What, is that so?"

Ye Xuan squatted, he thought that he could be upgraded to 10%, but he did not expect it to be half.

However, he is already an elder who can kill a smuggling degree, so he really has the potential to reverse the situation.

Now, he is killing the past!

At that time, Ye Xuan was in harmony with the master of the temple.

"Fast, join forces to attack them!"

The red-browed middle-aged man shouted.

At that time, nine people, including Ye Xuan, were attacked by the red dragon.

"The eight wild giants, come back!"

Ye Xuan suddenly recalled the eight wild giants and reorganized them into eight desert swords.

"The Eight Swordsmanship, the sword is broken!"

He is holding a barren sword and aiming at the red dragon, it is a glimpse.

This seemingly ordinary sniper, the speed is extremely fast, contains great power.

"call out!"

Suddenly this sniper split into eight.

The master of the Yaozu side resisted the attack, but it ignored the attack of Ye Xuan.

Chapter 603: The temple of the virtual state?

At this time, the eight snipers suddenly gathered together, and the eight became one. The power of the moment suddenly increased, which was several times stronger than before.

"boom!"

This sword broke through the eight wild, and slammed into the body of the red dragon. This demon savvy who had reached the tenth degree of emptiness, was instantly broken open a big hole.

what?

Everyone was shocked.

Ye Xuan smashed the red elders, this is actually nothing, but this demon master has been turned into a body, but it was blown by Ye Xuan.

You know, there is no way for Ye Xuan to take the virtual beast that has just broken through.

In just half a minute, why is the gap so big?

"it is good!"

Seeing the situation, the main hall of the temple is also a big drink.

However, the next moment, the old man with white eyebrows is also the body of the incarnation, and a red dragon appears.

His strength is much stronger than the red dragon that was worn by Ye Xuan. His claws stretched out and directly grabbed several human elders and prepared to plunder.

"Hugh to escape!"

The main hall of the temple condensed infuriating, and suddenly attacked the body of the white-browed old man.

"call out!"

The flame Jianguang instantly penetrated the body of the white-browed old man, causing him to tremble. However, the speed of the old-fashioned old man was very fast, and the distance was instantly opened.

The middle-aged people in the red eyebrows will not practice, and they can only watch the Yao people leave.

"Roar!"

This was only abandoned by the demon master, the red dragon snarled, and attacked Ye Xuan.

"presumptuous!"

The remaining elders were furious and attacked and killed them in an instant.

The elders who originally belonged to the temple wanted to leave him a life, and asked some things, but unfortunately he suddenly violently wanted to shoot Ye Xuan.

The remaining elders were afraid that Ye Xuan was injured, so he attacked it in a coincidence and killed him.

"Oh, the clue is broken!"

After seeing the red dragon that had fallen, the temple owner thought of it helplessly.

The old-fashioned old man does not hesitate to risk the fall of the realm as the ontology, so fast that he can't catch up with him. In this way, the corpse of the **** of the virtual king will not come back.

"Lord, what should I do now?"

An elder came over.

"The corpse of the imaginary king of the dragon is robbed. If they are refining the heart of a half demon, even if they can't break through to the sacred king, they will greatly improve their physique. At that time, we may not be able to divide the hall. Stop them."

The middle-aged red-browed man looked at the direction of the demon master's departure and paused. "But this thing is not so easy to refine."

"Then we are chasing or defending?"

"Don't chase, can't catch up, unless I have the skills." Red-browed middle-aged man shook his head, then turned to look at Ye Xuan, said: "This time thanks to the little brother, dare to ask the little brother is... "

"Amount, the lord, Ye Xuan is also the person who fought the king's palace. When he was in a divine situation, he realized the meaning of the righteousness. He had just become a guardian in the past few days," an elder reminded.

"what?"

The middle-aged man in the red eyebrows picked up his brow and said: "The temple of the virtual state?"

The elders are also helpless. They remember that when Ye Xuan was in the assessment, the attribute transformation seemed to be only 50% or 60%.

However, it took only a long time that Ye Xuan had already broken through to the virtual state of God, and also smashed a veteran elder who is not weak. This growth rate is simply against the sky.

The middle-aged man with red eyebrows squinted and read Ye Xuan for a while, then he said: "Now I am empty in the hall, only a few of us, you two, speed up to clean up things."

"Yes, Lord!"

Two elders quickly swept into the temple.

"Ye Xuan, this Tianlong corpse is put away, Qiankun ring should be in its mouth." Red-browed middle-aged people are again against Ye Xuan.

Hearing this, Ye Xuan's eyes lit up.

This body is also given to him?

"Thank you!"

Ye Xuan quickly thanked, then plundered to find the Qiang Kun ring, and collected the body of the red dragon.

"Hey, the degree of virtualization of the host has increased, it is currently seven!"

His realm has been refined a lot.

However, he did not dare to expose and rushed to gather interest. This will increase his realm in a second, and he will certainly be suspected.

At this time, the middle-aged red-browed man suddenly opened the big hall of the temple, and then went in with Ye Xuan and others.

"You follow me, don't run around!"

When the middle-aged man of the red-browed man finished speaking, he plunged toward the deepest part of the temple.

Before he practiced in the temple, no one knows, because the secret road is known to the three.

He rushed to the place where he had practiced before and was shocked.

The body of the dragon with the virtual king level is still there.

"this is....."

Ye Xuan's eyes lit up.

This corpse is the corpse of the dragon who is the king of the virtual gods?

At that time, his whole body began to boil, and at this time, he wanted to rush forward and collect the body.

If he swallowed this corpse, I am afraid that it will rise to dozens of levels in an instant.

However, there are many masters beside him. If he dares to act rashly, he may be killed on the spot.

"The elders didn't even accept it? Isn't the Yaozu not the body of the dragon that looks at this virtual deity?"

An elder asked very strangely.

"Do not!"

The red-browed middle-aged man shook his head and then swept over.

All eyes gathered and found that the belly of this dragon's body had been broken.

"Sure enough, the heart is gone. It seems that the elders are old and have not taken away the whole body." The middle-aged man in the red eyebrows sighed and collected the body of the dragon.

I knew that he would first collect things and then chase the deputy.

"If it's a single heart, that's fine."

An elder gave a sigh of relief.

"Yes, the complete body is still there, and the people with fire attributes can still feel the cultivation here." The red-browed middle-aged man nodded.

Immediately, several of them quickly swept out, and the two elders also collected things and handed them to the middle-aged people.

"Lord, are we going to the main hall?" an elder asked.

"Do not!"

The middle-aged man in the red eyebrows shook his head and suddenly took out a piece of paper and said, "Look at this!"

Everyone's eyes are gathered on this piece of paper, and their face is changed in the next moment.

On this piece of paper, there is only one place name, and it is Yokoyama!

"Does this be a great elder..."

"Yes, this is what I found in the body of Tianlong. It should be left by the elders." The red-breasted middle-aged man nodded.

"The elders, even leave us a clue, is it true, or is it a trap?"

"It should be a trap. If the elders are on our side, why should we take the heart of Tianlong? Even if it is pretending, just join hands with the owner and you can completely reverse the situation."

"Yes, it must be a trap!"

The elders were discussing there.

Chapter 604: Go to the main hall

"Well, it is very likely to be a trap. But it is also possible that the elders are using the Yaozu. He wants to use the hand of the Yaozu to get the half-devil heart made from the heart of the virtual king." The middle-aged man said.

"Exclusive?"

The people immediately responded, but they thought about it, and there is this possibility.

"Right, how long have you been away from the night?" The red-eyed middle-aged man suddenly asked.

"I just left yesterday!"

An elder answered.

"What about the other three elders?" asked the middle-aged man in the red eyebrows.

"The big domains are destroyed by those half demons. They have only recently left, and they don't know when they will come back."

The middle-aged man with red eyebrows sighed and said: "Ye Xuan, this thing, you still don't want to get involved. Wu Chang, you take him directly to the main hall. If you meet the night alone on the road, please He came over to help!"

"Lord, then you are..." Wu Chang old frowned.

"If you wait for the masters to come down, I am afraid they have already left, so we must go and have a look, even if it is a trap, you must also be embarrassed!" Red-browed middle-aged man squinted.

After all, he is the lord of this branch, this time the trouble is so big, only the people are left in the entire hall.

How can you not report this hatred?

"Lord, I will go too." Ye Xuan suddenly said.

"No, you follow the elder Wu to the main hall. If you can, let the main hall send a master. Even if we encounter an accident, we must find the heart of the dragon." The middle-aged man of the red eye directly refused.

"But my strength is not bad, can help." Ye Xuan again.

This is a good opportunity. If he is allowed to get the body of the virtual king, he can make a big breakthrough.

"No, the demon dead a master, and one is also turned into a body. If this is the case, I will be able to pack them up, no need for you. Wu elder, don't delay, you take him to the main hall immediately. By the way, look for the night alone, I will hide the wealth of our temple, even if we are all fallen, things can not fall into their hands." Red-browed middle-aged people shook their heads.

"Yes, Lord!"

Wu Chang nodded and then looked at Ye Xuan.

"Ok!"

Ye Xuan was helpless. Since the other party did not agree, he could not keep up.

In fact, he really wanted to ask for that corpse, as long as that corpse gave him, what the demon, all will be destroyed by him.

Unfortunately, he can't expose the phagocytic system. After all, he has encountered too many things. What if someone knows his secret and gets robbed of his body?

He has met twice since.

The first time, in the cracked Yunzong, his master wanted to grab his body.

The second time, on Sirius Island, the demon Lord was attached to him and wanted to obliterate his will.

Therefore, he must be cautious.

Finally, Ye Xuan decided to follow the elder Wu to the main hall.

This Wu elder's strength is not strong, and the red elders he killed before, the two together on the road, it is safe.

At the moment, they immediately set off for the main hall.

.....

"Ye Xuan, your qualification is the best I have ever seen. How old are you this year?"

On the way to the main hall, Wu Chang could not help but ask.

"Oh... twenty-one!"

Ye Xuan truthfully reported his age.

Once he was afraid that his secret was discovered, he often lied about his age. But now, he has seen a lot of geniuses, and his age is nothing.

After all, the age of Jiang Tian did not seem to be large.

"It's amazing. My age is three times that of yours. The strength is the same as yours. These years are really alive on the dog." Wu said.

Ye Xuan smiled and stopped talking.

At this point, they are already on the road for a long time, and they are already far away from the hall.

What they don't know, however, is that there is someone ambushing ahead.

"Oh, come here, the news is really accurate, they are going to fight the main hall of the king!"

"Oh, it's really arrogant, there is only one elder escort."

"God's dilemma has realized the righteousness, and in such a short period of time, it has broken through to the virtual state of God. It is absolutely impossible to let this child return to the War King Hall."

"The goddess of ice and the emperor of Yan have already broken into the virtual state of God. The War King Hall is so well hidden. I heard that the three kings of the kingdom have to form a team to enter my wilderness, just to destroy them all." !"

"The two brothers and sisters are enough for us. Now we have another one. We must not let it go. If we let them grow up, we will be a virtual king in the future."

"Looking at this kid has just broken through and killed!"

The three people hiding in the clouds whispered.

At this time, Ye Xuan and Wu Elder did not know what to do in their direction.

"Almost, kill!"

The three men burst into tears.

"what?"

After feeling the three strong atmosphere, Ye Xuan and Wu Changsong are all at the foot.

"Not good, there is an ambush!" Wu Chang's face changed dramatically.

Ye Xuan has also reacted, but what he can't figure out is, how can there be a Yaozu people in front of them?

You know, they are only half a day away.

It's hard to be done. After the white-browed old man left, he immediately notified the other demons to stop them.

"It seems that my qualifications have been strong enough to make the Yaozu afraid!"

Ye Xuan thought in his heart.

The three quickly swept to the ground, blocking the way of Ye Xuan and Wu Elder.

"You, is the Yaozu?"

Elder Wu has already sacrificed a long sword and looked at it with contempt.

"Not bad!" A strong man headed by a smile.

"How do you know that we are almost on the road immediately after the battle." Wu Chang asked very puzzledly.

"Oh, let me not say that my demon has a special way of communication, the body of my demon, what is your human being able to match?" The strong man laughed.

A bald man in the back also smiled and said: "Yes, what kind of night singer of yours has been intercepted by us. Although we are not dead, we are seriously injured. We don't know where to hide."

what?

After hearing this, Wu Chang and Ye Xuan were surprised.

The messenger of the main hall, whose strength is even stronger than the temple hall, was also intercepted, and was seriously injured?

"Haha, don't be afraid, he is not hurt by three of us. We don't have this strength. However, you two, we can still solve it." The strong man said with a smile.

"Only three of you?"

Wu's elders were cold, and he felt that the three men were stronger than him. In other words, the three people's degree of degeneration is more than 10%.

"Old guy, I know you, your strength is invincible in the same class. Although the degree of stagnation is only 10%, it is to understand the flames of indestruction, very difficult." Strong man squinted and said.

Chapter 605: ambush

"Humph!"

Wu Changchang snorted.

"You are a child who is even more powerful. If you don't reach the peak of the gods, you will understand the meaning of the mystery. In just over a month, you will break through to the virtual state of God. It will kill a branch elder who has reached the level of 10%. If you grow up, it is a big threat to my demon."

When the brawny finished speaking, he gave a pair of gloves and continued: "So today, today is the day of the two of you."

Ye Xuan understands that this pair of gloves should be a virtual soldier, and it is a virtual soldier who has not known how many years.

He has just broken through to the virtual state of God, and he has just begun to use the infuriating spirit to cultivate the Eight-Dangerous Sword. Although he has been consuming the infuriating spirit for half a day, it is only a few days.

Fortunately, however, the Eight-Dangerous Sword is not a low-definition soldier, at least a middle-class product, or even a top-grade product.

"Ye Xuan, I will hold two after the meeting, and you will solve one quickly. If it is not, I will use the dead to drag them three!" Wu Chang whispered.

"Wu elder, you..." Ye Xuan said.

"Don't say it, I still have a trick!" Wu Changzuo solemnly said.

The three masters of the Yaozu could not hear because they stood outside the kilometer.

"Ha ha ha, old guy, I know lip language, you don't know what you are saying?" The brawny headed the haha, laughing: "The trick? I want to see, what is your trick!"

"on!"

At that time, the three were mad at the past.

Wu Chang's face is heavy, and raising his hand is a few words that contain the flames of infuriating. He has already realized the immortal flames, and the attribute is very strong.

However, the other side is a demon, the physique is inherently stronger than humans, plus the body, so both escaped.

"kill!"

Ye Xuan also directly applied the demon gods to change, holding the eight wild swords to attack.

The eight-sword swordsman he just learned is only one move for the time being, and the sword is broken, and there is no proficiency at all.

This trick was used once a half ago, and it penetrated the body of a dragon, which was huge.

However, this trick is to exhaust all the instinct in his body, not to be used as a last resort. Otherwise, he who does not have the support of infuriating, can not use the law of martial arts, it is easy to have an accident.

In this battle, if you want to win, you must let the other person care. After all, the other party has not seen his true strength.

In the meantime, Elder Wu was in contact with two other demon people.

And the last demon, is also constantly swaying the flames of swords, plundering toward him.

The fire attribute, restraining his soil properties, made his face darker.

"Pulsating guardian 4!"

He rushed to show his righteousness and improve his ability to survive.

"Good boy, it really is that the earth is pulsating four times, and it has changed twice in a young age. I can't let you live!"

Ye Xuan's opponent is the bald head. After seeing the fluctuations around Ye Xuan, he can't help but think.

However, his attack can be broken and pulsating.

"Hey, let me know!"

At this time, Ye Xuan constantly reminded himself.

On the other hand, Wu's elders have the power to drag the two demons who are higher than him, so the battle cannot be dragged.

Therefore, he must let the other side despise and let the other person look down on him. At that time, he broke out again and killed each other.

Just don't know if this plan will succeed.

The two played against each other and could make a few rounds in a second, but what surprised the bald head was that Ye Xuan's strength was not as strong as he heard.

"Is it disguised, or is the message inaccurate?" The bald head attacked and thought.

He is not stupid, he has seen a lot of powerful people deliberately hide their strength, and then blockbuster.

The two continued to fight, and Ye Xuan was defeated.

Soon, it was fifty rounds.

"Hey!"

Suddenly, there was a loud noise not far from the distance. Ye Xuan Yu Guangyi stunned and found that Wu's body shape had flown out.

This made his body tremble.

Sure enough, although Wu elders have realized the immortal flames, the attack power is super strong, but the other party is a demon, and it is still two people. The realm is still higher than him. It is very good to be able to hold fifty rounds.

"Haha, I dare to distract, you kid to die!" The bald head clenched his sword with both hands and slammed against Ye Xuan's head.

Ye Xuan sullenly escaped the sword.

No, it should be said that the key has been avoided. This sword has also cut off his entire left arm.

"Time is up!"

Ye Xuan double smashed, eight wild swords instantly collapsed and reorganized.

"The Eight Wild Winds Killed - Eight Wild Giants!"

Suddenly, a brown-yellow infuriating giant appeared, and it was a punch directly against the bald head.

This boxing contains the earth's pulsation 4!

"what?"

The bald head was shocked. He didn't hear that Ye Xuan had such a means, but he responded quickly, and immediately held his sword in his chest.

"Hey!"

Eight wild swords on the fist of the Eight Wild Giants slammed into the long sword of the bald head. The bald head was originally flying near the ground. Now, it was directly hit by the fist to the ground.

But at this moment, Ye Xuan's right foot suddenly stepped on.

"The earth is pulsating 4!"

"Hey!"

His head was shocked when his bare feet touched the ground.

Ye Xuan is using the dragon to step into the earth's pulsation. Before the dragon and the earth pulsing, the power is good.

However, this does not mean that the earth's pulsation must match the dragon's step. After all, he will slam a punch and mix the earth's pulse.

Lame, naturally!

While screaming at the other side, the eight wild giants suddenly swept past, and then another punch.

"Hey!"

This time, the bald head had no way to resist it. It was directly hit by the chest and was hit into the ground.

"Come back!"

Ye Xuan slammed his feet again, causing damage to the bald head directly from the air.

"The **** kid, no, must become the body, otherwise it will be killed directly!" The bald head thinks of the ambiguous consciousness.

The next moment, his body began to swell.

Sure enough, he is also a dragon.

The Yaozu are born with curses. After they become human, they want to change back to the body, but they have to bear a huge price.

But now, the life of the bald head has been threatened, and it will not return to the body, and it will die.

"Damn, it's still a slow step, just right, eight wild giants, come back!"

The master of the Yaozu said that it would change. He originally wanted to take the opportunity to kill the other party, but it was a slow step.

However, it is useful to change back to the ontology?

"Hey!"

Eight wild swords were reorganized successfully. The next moment, Ye Xuan was offering eight ridiculous dragon swords.

The bald human body has exploded, and then a red dragon is drilled. The body of this red dragon is rapidly expanding.

At this time, Ye Xuan directly shot.

Chapter 606: demon!

"eight ridiculous dragon swords - the ruling of the dragon!"

Ye Xuan instantly smashed a sniper.

The blood of the sword god, the blood of the beast, the sword of the Eight Deserts, the ruling of the dragon, the pulsation of the earth, and various factors make this sniper powerful.

"Oh!"

The brawny has not completely changed back to the ontology, and he was given the ruling of this dragon. In the meantime, the huge dragon body is divided into two.

"Roar!"

The red dragon screamed in the sky.

"Give me to die!"

Ye Xuan once again took out a sword.

This time, the faucet was directly smashed down.

The Yaozu changed back to the body, but it took some time. This time is enough to make them deadly.

Before the entrance to the temple, some people turned into the body, but there were white-browed old people and other people to help defend, so the red dragon was not injured.

This time, his teammates were dragged by Wu Chang, but no one helped him resist the attack.

"噗通!"

When the dragon head and the dragon body fell to the ground, let the earth tremble.

At that time, Ye Xuan quickly swept past.

The masters of the Yaozu do not have the sacred beast, they can cultivate, so the sacred beast is cultivated into a god, and this strong man is a false god. After his death, the virtual **** is directly broken.

Therefore, Ye Xuan can only take their shackles and quit, even the body can not be swallowed.

"Hey, the degree of virtualization of the host has increased, and it is currently ten!"

Now, Ye Xuan's realm is the same as Wu's elder.

After the breakthrough, he quickly swept toward the elder Wu, and the eight wild giants reappeared.

"What, this kid killed the third child?" The strong man widened his eyes.

His third brother, the degree of degeneration has reached 15%, which is even higher than this Wu elder.

However, it was in the hands of Ye Xuan.

The next moment, the brawny found another point.

Ye Xuan's only broken arm has grown out. How is this possible?

Even the rapid healing of the wood properties can only cure the injury, but it takes time to recover the broken arm.

The double mystery of rapid healing - the dead wood rejuvenation, it has this effect.

However, Ye Xuan is a soil property!

"This kid, is it a double fruit, has two attributes of civil engineering?" Zhuang Han guessed.

The twin fruit is a legend. Anyone who swallows can condense a second god. This means that that person can have all kinds of attributes and can understand the meaning of the two attributes.

However, the strong man has lived for so many years and has not heard of who has two attributes.

"This kid must die!" The strong man made a decision in his heart.

Even if you die, you must kill Ye Xuan!

At this time, Ye Xuan was already led by the eight wild giants. He himself held the Qingguang sword and launched an attack on the strong man.

Now, it is three to two!

"Wu elder, how is your injury?" Ye Xuan hurriedly asked.

"It's okay, I can't die, we joined hands to kill them!" Wu Chang's mouth was still stained with blood and shouted.

The strength of the strong man and the other person is so much more than that of the bald head. Even the bald head is killed by Ye Xuan, so the strength of Ye Xuan also poses a threat to both of them.

Therefore, the strong man and the other person just looked at each other and made a decision in the same place.

Change the body!

"Second brother, I will help you stop them!" The strong man shouted.

At this time, his second brother is already transforming, the human body has been blasted, and there is an ever-expanding dragon.

"Ye Xuan, I blocked him, you went to kill the dragon!" Wu Chang boss shouted.

"Hugh think!"

The strong man's face sank, if he couldn't stop it, then his second brother would be like the third brother, and Ye Xuan would give him a head.

Ye Xuan looked at the ever-expanding Tianlong, thinking quickly in his heart.

For the defense of the powerful Tianlong, it is best to use the dragon's ruling, and the dragon's ruling is to be a ridiculous sword. If he withdraws the eight wild giants, then the elder Wu is in danger.

So this time, he wants to change the plan.

Kill the brawny first!

Seeing that Ye Xuan was indifferent, the brawny man was gloomy and his most worried thing happened.

Ye Xuan and Wu Elder, ready to smash him first, and then play against him as the second brother of the body.

Trouble!

"Miscellaneous things, I am even dead, but also smashed you!" The strong man shouted.

Although his realm is the highest among the four, after breaking through twice, the degree of degeneration can reach 20%.

No matter what, his property is gold.

Wu elders have realized the flames of indestruction, and the attack power is super strong, and Ye Xuan has a pulsation of the earth, and he can also fight against him.

However, what about the eight wild giants?

"Huh!"

Suddenly, a huge figure swept to the side of the strong man.

"Hey!"

The brawny is fully resisted, but it is still being punched by the eight giants.

Taking advantage of this opportunity, Ye Xuan quickly caught up and attacked wildly.

“Hey!” “Hey!” “Hey!”

The Qingguang sword collided with the strong man's gloves and made a violent shock. After several rounds, the brawny's arm was numb and began to tremble.

Although he is a Yaozu, he can cultivate, but unfortunately, when he breaks into the virtual state of God, he realizes that it is a stone.

If you don't hurt the enemy, it will not be effective.

The elder Wu was injured, or his second brother was hurt, not him.

At this time, Ye Xuan suddenly swept up and squatted.

"Good opportunity, die!"

The strong man suddenly opened his mouth, and a real gas was spit out by him. The next moment, Ye Xuan felt a strong sound wave.

"The demon dragon roars!"

"Hey!"

Wu Changchun fainted in an instant.

This is a big stunt of Denon, very few people will, and the use of a certain must be a big injury, this brave is also a good chance to find a chance to use.

However, his move is useless to Ye Xuan.

The sound wave attack, Ye Xuan once also, is the first heavyweight of the eight-sword sword method - eight wild earthquake Tianjian.

Since learning this martial arts, Ye Xuan has developed a habit of gathering infuriating in both ears to prevent this from happening.

The brawny would not have thought that Ye Xuan had been prepared for it. When he reacted, Ye Xuan had already looted in front of him.

"Oh!"

A head flew up, it was a strong man.

"Big brother!"

After the red dragon saw the strong man, the longan was about to burst out, and it snarled loudly.

It took him about a second to change his time. However, in this second, Ye Xuan killed the brawny.

Then the next one is him!

"Go to death!"

Red Tianlong opened his mouth, aiming at Ye Xuan and Wu Elder is a bitter breath.

But at this time, Ye Xuan has already reorganized the Eight Wastes. He ignited the ingenuity of the whole body, communicated the strength of the heavens and the earth, and then took out a sword.

Eight ruins swordsmanship, swords broken eight wild!

Chapter 607: Double fruit

"call out!"

This sniper, directly to the Tianlong breath to split into two, along the dragon interest in the mouth of Tianlong.

"Hey!"

The red dragon's brain oscillated, his body trembled, and then the huge body fell from the air and squatted on the ground.

The sword is broken, and this move is divided into eight, and then the eight is one, so the power will multiply.

Ye Xuan's blow, although not yet separated, but there are no scales in the dragon's mouth, plus various factors, let this shot directly into the brain of the red dragon.

"Call, finally dead!"

Ye Xuan hurried to the past and took over the two pieces of Qiang Kun.

Although the predecessor of the Yaozu is a virtual beast, but unlike the Haizu, their bodies can not be swallowed, it is a pity.

"Hey, the degree of ignorance of the host has increased, currently 13 points!"

The system prompts.

Ye Xuan's strength is stronger.

"Wu elder, are you okay?" Ye Xuan asked quickly.

"It's okay, it hurts me to be the same as the fire attribute. Let's go, if there is a demon master, it will be terrible." Wu Chang Lao hurriedly took out a bottle of healing medicine and drank it.

"it is good!"

Ye Xuan nodded and hurriedly helped him to leave the place.

At the same time, he also took a look at his own panel, the battle of the talent, not without gain.

His dragon martial arts method has improved the fire of 10%, but the battle is too fierce and there is no management.

However, at this time, he found another point.

The three god-level bloods he has merged, there is still a bracket in the back, virtual!

"It seems that these three god-level blood is not the real god-level blood." Ye Xuan heart secretly said.

He has some expectations in his heart, because he can buy the first bloodline expansion.

The blood is expanding, the blood of the battle is the most expensive, the blood of the body is second, and then the blood is assisted.

Although it only assists the blood, he has found a very good auxiliary blood from thousands of blood.

Gemini blood!

This bloodline allows him to reunite a virtual **** and let him have two attributes.

If you get a double fruit, you can also condense a avatar, a combat force and his same avatar.

This avatar also has two attributes.

However, these are all words, and then he will wait until he arrives safely in the main hall.

At this time, Wu Changchang suddenly turned his head and stared at Ye Xuan, who had no sleeves and was exposed to the left arm in the air. He said: "Ye Xuan, I just saw that your hand was cut off, how can I recover so soon? Already?"

"Hey, this is an adventure I used to be. Although it is not a **** of cohesion, the resilience is amazing."
Ye Xuan sang.

"Oh, I thought you ate a double fruit, and there is a wooden god." Wu Changdao.

Double fruit!

When this word fell into Ye Xuan's ear, it also made his body tremble.

Gemini blood, condensing the requirements of the avatar, does it not need double fruit?

"Elder Wu, have you heard of this double fruit?" Ye Xuan hurriedly asked.

"How could you have never heard of this double fruit, can make people condense the second god. You think, comprehend the meaning of the two attributes, the strength of the combat power will be strong?" Wu Chang nodded.

Ye Xuan nodded silently.

If he is made to comprehend what the defense of gold is, and then with the pulse of the earth, then he will become a small strong, not too dead, too against the sky.

"Wu elder, then do you know where these two fruits are?" Ye Xuan asked eagerly.

"I don't know, this pair of fruits is just a legend. I don't hear anyone who has two kinds of gods. It is said that these twin fruits are heaven and earth gods, and they are all possible to form. Even if the heavens and the earth are extremely scarce, even the gods and gods There are no villages that are not there."
Wu Changchang shook his head.

"Oh!"

Ye Xuan's look faded.

From this point of view, this pair of fruits is extremely difficult to obtain, but since there are hints in the blood of the twins, there must be some.

At this time, Ye Xuan thought, is to quickly upgrade, and then purchase blood expansion, fusion of the twin blood.

The blood of the twins has the same effect as the double fruit, which can condense the second god. If you get another double fruit, you can condense the avatar, and by then, his combat power will increase sharply.

"Upgrade, break through!"

Ye Xuan's eyes are big.

.....

After killing three demon masters, Ye Xuan and Wu Changyou never met the Yao master.

I have to say that the Yaozu is too big, and only three people are sent.

If you send a master of the level of the old-fashioned old-fashioned, I am afraid that Ye Xuan's body has been eaten by the Holy Beast.

Ye Xuan rushed for a few days, and finally arrived at the main hall of the War King Hall.

Here, perhaps there is news of his father Ye Chong.

The appearance of this main hall and the temple are not much different, but the size is more than ten times different.

Ye Xuan dad saw the super hall.

However, there is also a sentry tower around the main hall. There is also a ban and defensive array behind the tower. If you want to enter, you have to be notified.

"who?"

Below the tower, the guardian of a main hall stopped them.

Ye Xuan and Wu Changshen's foot, the latter hurriedly said: "I am Wu Bo, the elder of the ninth branch, and the ninth branch has a major crisis. I came to report!"

"Well? The ninth branch has an accident?"

"and also?"

Ye Xuan and Wu Changchang looked at each other.

It seems that other branches have also had an accident.

"Let's wait!"

This temple guard entered the tower and took a gold armor.

"The trough, the captain of the main hall is a virtual god!"

Ye Xuan is amazed.

After the team leader of the Golden Armor came down, he fell on the eyes of Ye Xuan and then said:
"Identity Token!"

Wu Bo immediately noticed that a token was taken from the Qiankun ring and lost.

The team leader confirmed that he had taken another portrait comparison.

"Identity tokens, portraits are correct, now verify your attributes, realms and mystery!" said the gold captain.

"Now verifying identity is so strict?"

Wu Chang old brows a pick, and then a sword in the sky.

"The fire attribute, the flames are not destroyed, the evil is one!" The gold captain nodded.

When the elder Wu came last time, the degree of degeneration was less than 10%, and the gap was not big, so there was no problem. After all, it would break through.

Identity tokens, portraits, attributes, realms, and meanings are fully reviewed.

The realm of the gold captain is even higher than that of the elder Wu, so I can confirm.

"Please forgive me. Recently, the Yaozu Temple has been infiltrated. Now, please let Wu's elders swallow this medicinal herb." Jin Jia's captain took out another medicinal herb and threw it to Wu's elder.

"what is this?"

Wu Changsong caught the brown medicinal herb and asked strangely.

Chapter 608: War King Hall!

"This is a transformation of Dan, you must be served in front of me, if you are a Yaozu, it will be forced to become a body, even if it is a half demon, it will immediately demonize." Jinjia small captain said .

"It turned out to be like this!"

Wu Elder nodded and swallowed it on the spot.

After waiting for about five seconds, the team leader focused on Ye Xuan's body and said: "Your identity can be confirmed. Who is he?"

"This is a genius that I have separated from the temple. I can understand the mystery without the peak of the gods. Now I have broken through to the virtual state of the gods. The realm is higher than me." Wu Changchun quickly introduced.

After that production of fighting, Wu elders also felt the realm of Ye Xuan, but in his eyes Ye Xuan is a super genius, continuous breakthrough nothing.

"Oh? You are higher than the realm?" The gold captain's eyes glanced and lost a transforming Dan to Ye Xuan.

Ye Xuan understood what he meant, and pretended to throw the transformation into the mouth, and swallowed it in front of the Golden Captain.

After five seconds, he did not become an ontology, nor did he demonize, which can prove to be human.

But what the Golden Captain will not know is that this turned Dan has been swallowed up by Ye Xuan.

"Well, not the Yaozu, but I can't confirm whether you are colluding with the Yaozu, come to get the information. Be careful after you go in. If there is something wrong, you will be killed by the master on the spot!" said the gold captain.

"Yes!"

Wu Elder nodded, then went through Ye Xuan through the array and went in.

After they entered the Warrior Temple, the formation was immediately restored. Although it could not be seen, Ye Xuan could feel it.

"I didn't expect the Yaozu to be so embarrassed. People were placed in the major halls, and there were elders colluding with them. This is troublesome."

When he ran from the sentry tower toward the main hall, Wu couldn't help but say.

"Wu elder, what does this mean?" Ye Xuan is somewhat puzzled. They have not verified their identity. How troublesome?

Wu Long replied: "Although we can prove that we are human beings, we can't prove whether we are colluding with the Yaozu. If you come in now, you may be considered to be specially inserted by the Yaozu, and you are not at ease."

"It turned out to be."

After listening to it, Ye Xuan also silently nodded.

Indeed, in this case, the War King Hall is very careful and will not train new people.

However, people like the Grand Duke of the Temple have been bought by the Yaozu. How many people can prove their innocence now?

You must know that the great elders of the temple, but the last branch of the temple.

Wu Chang Lao took Ye Xuan into the main hall.

The one that Ye Xuan joined before was the ninth branch, the last one. At the same time, every time for the temple, there will be an elder who came to the main hall to guard the people who used to receive the temple.

This time, Elder Wu took Ye Xuan to find this middleman, otherwise he would not be able to reach the top of the main hall.

This main hall is really big, and there are still many patrols on the road.

Wu Changla and Ye Xuan were relatively familiar, so the number of times they were stopped and interrogated along the way reached six times.

Then they found the ninth branch in the main hall.

"Huang Elder!"

Elder Wu walked in and shouted directly.

Ye Xuan also looked around and found that it was a library entirely, with a large number of books, this should be the ninth branch of the temple.

"Well? How is Wu Changla you? How is our ninth hall?"

After hearing the cries of Elder Wu, I walked out of the inner hall with an old man in a yellow robe.

He has been staying in the main hall, naturally knowing the things of the demon.

"Our hall has also been attacked. This is the file written by the lord personally. Let's take a look." Wu Chang Lao handed a sheepskin roll.

The elder Huang took a look and was shocked: "What, even the elders and the deputy masters colluded with the demon?"

However, after he finished reading, he exclaimed: "We have a temple, there is a corpse of the **** of the virtual king?"

"Well, yes, I saw it with my own eyes. This is what we once visited in the temple. It is said that this Tianlong corpse does not have the sacred beast. It may be a master of the demon." Wu Changchang nodded.

After such a reminder, Ye Xuan suddenly remembered one thing.

The body of the demon, he can not swallow, he can only swallow the virtual beast.

If the corpse is a master of the demon, it would be useless to take it!

Referring to the body, Ye Xuan naturally thought of the temple owner, how about those people?

"Right, Wu Chang, the demon refining the half demon heart, must use the heart of the holy beast or the virtual beast?" Ye Xuan suddenly asked.

"This, I am not very clear. But I do not know that we have a hall of things, so I estimated that the white-browed demon people originally wanted to attack the War King Hall, that corpse, perhaps by the way." Wu Chang-Lao replied.

"Wu elder, this little brother is..." Huang Elder asked strangely, he was the first time to see Ye Xuan, but he felt that Ye Xuan is very strong and should be no worse than him.

"It is a genius of our branch, the realm is higher than me, so the lord asked me to **** him to the main hall." Wu Chang replied.

Hearing this, Huang Elder was shocked: "What, the realm is higher than you!"

"Well, yes, we were intercepted by three demon masters before, everyone is higher than me, and all three, all died in the hands of Ye Xuan." Wu Chang nodded.

Huang Elder said with a sigh: "I thought the little brother was the genius of the main hall. I didn't expect it to come from our ninth branch."

"Yellow elder, then do you know about my problem?" Ye Xuan asked again.

"Refining the half-devil heart, only the demon family, but the low-level half demon heart, as long as there is a way, we humans can also refine. But the virtual **** level, I am afraid it needs to be rehearsed by the demon master, human The top of the master is more help, as far as I know, this half demon heart, can not use the heart of the dead demon master to refine." Huang Elder answered.

Can't?

Ye Xuan eyes a glimpse.

If not, then the group of demon squad who attacked the ninth branch of the temple needs the heart of the **** of the virtual king to do what?

No, it is still impossible to judge. The corpse of the dragon with the illusion of the king of the gods is the predecessor of the demon family, or an ordinary virtual **** of the virtual king.

If it is the predecessor of the Yaozu, then this heart can not be used to refine the demon heart.

If it is a virtual beast, you can refine the demon heart. At that time, although it is not up to the virtual king, it is also very strong.

However, Ye Xuan is now lazy and has so much control.

Chapter 609: Ice girl, Yan Di!

"Yellow elders, you should report things quickly." Wu elders urged.

"Right, I will immediately inform the elders of the main hall." Huang Elder hurriedly nodded and said:
"Ye Xuan, you come with me."

"Ye Xuan, go, your qualifications, you can definitely get the key training, as long as there is no accident."
Wu said.

"Ok!"

Ye Xuan nodded silently, then followed up, and Wu Changzuo stayed here.

After leaving, Huang Elder couldn't help but remind him: "Ye Xuan, you have to be prepared. If it is before, you can definitely get the key training. But now, the Yaozu seems to have big moves, newcomers. Have to undergo a rigorous review."

"I understand!" Ye Xuan nodded.

Now that the Yaozu is rampant, even if he does not get the key training, he can go hunting himself.

"Hey, there was a genius last month. It was also a genius of the virtual world. Now I was sent out to perform the assessment task. It is said to kill 100 demon people of the same class!" Huang Changsong sighed.

"What, a hundred demon people of the same class?"

After Ye Xuan listened to the shock, he is now a virtual one to achieve a success, that is, the need to kill a hundred imaginary degree to reach 10%, this Nima is too pit.

"It is to show loyalty, as long as it is a Yaozu, half demon is OK!" Huang continued.

"Where to find so many demons!" Ye Xuan turned a blind eye.

You must know that the number of demon masters he saw was more than ten. Although the semi-demon has seen a lot, but now it is the half demon of the same level. Where can I find it?

"Don't worry, our ninth branch is the weakest, so there are fewer demon people there. If you go to the first branch, the third branch, and the sixth branch, the demon can all appear in groups."

Huang said, the voice suddenly became small, and continued: "The sixth wave of the beast of the temple is actually the demon. The legend of the outside is that there is a virtual beast, which is fake. At that time. There are hundreds of demon masters, and all of them were killed by the two new elders of our warlord palace."

"Hundreds of demon masters? Yangdu domain?"

Hearing this, Ye Xuan also recalled that he had heard about this in the restaurant.

At that time, he also believed that the two men were the Song Dynasty and the Song ruling.

At this time, he thought about it and said: "I have heard this. I heard that it was calmed down by a pair of brothers and sisters. The brothers and sisters have recently joined the War King Hall. Does Huang Long know what their names are?"

"Yes, these two elders are new to our War King Hall. They are the secret weapon of my war king temple. They are very talented, so they are hidden by the Lord. No one knows what they look like. It is said that all day. Wearing a masked armor, I only know that one of them is a inflammatory attribute, and the other is an ice attribute. Therefore, the outside world gave them a name, the younger sister is called the

**** of ice, and the older brother is the emperor of inflammation.” Huang Elder also shook his head helplessly. .

He is only the elder of the temple, and his strength is too poor to be qualified to see the two.

"The **** of ice, the emperor of inflammation!"

Ye Xuan’s eyes glanced and said: “The yellow elders, do you know where they came from?”

"It is said that it was brought back by the Lord of the Temple. It is not clear where it is. I know this." Huang Elder once again shook his head.

Ye Xuan couldn't help himself at the foot of the house. It took him more than a year to leave. In this year, the two brothers and sisters may be able to practice in the virtual state.

After all, Lin Wenyue once said that after the Song Dynasty and the Song ruling returned to the Tianshui continent, they mastered the wonderful cultivation method and then came to him.

"I don't know the name, I don't know what it looks like, will it be them?" Ye Xuan guessed in his heart.

To be honest, he hopes that the ice girl and Yandi are the Song Dynasty and the Song ruling. In this case, he does not have to look for it.

Moreover, this ice girl and Yandi seem to be more powerful than him.

"Ye Xuan, what's wrong with you?"

Seeing Ye Xuan’s thoughtful look, Huang’s elder suddenly asked.

"Nothing, I was the first to hear about ice properties and inflammation properties." Ye Xuan said with a smile.

"It is true that I also heard for the first time that there was a wind property before our main hall, but when I went out to practice, I would not go back. It is estimated to be fallen." Huang Changsong sighed.

"Huang Elders, what are the three attributes of this?" Ye Xuan asked curiously.

Huang Elder continued to shake his head: "I don't know the ice attribute and the inflammatory property. The secret is really good. As for the wind attribute, I know it. The wind attribute is also a powerful attribute. The wind is the wing of the wind, the wind is bound, the wind blade This is the three kinds of mystery I know."

"The wing of the wind can increase the speed of the defensive flight, as well as the speed of your attack. The wind is bound to the enemy of the water, limiting the enemy. As for the wind blade, it is a very strong cutting, comparable to metal. Sexual gold cutting."

After listening to these, Ye Xuan's eyes are also bright, this wind property can accelerate, and can limit the enemy, this is really too strong.

"In addition, this wind attribute has no restraint, nor is it restrained by which attribute, which is independent." Huang said.

Ye Xuan nodded silently, and he also guessed it.

Except for the five elements of restraint, there are no other attributes, this is a really powerful place.

Huang's elders have been in the main hall for a long time, and they know that there are more things than Wu's elders, so Ye Xuan has inquired about some things.

Soon, Huang Elder found a person with Ye Xuan, an elder of the main hall.

His strength is unfathomable, and Ye Xuan estimates that the other party's illusory illusion has reached at least 50%.

"Elder Helen, this is the file that I passed down from the ninth branch!" Huang Elder handed the file to the past.

This Helian elder, although not the top strength, but the status is extremely high, dealing with many matters of the main hall.

He took the file and saw his face change.

"The ninth branch really has an accident... What, the corpse of the **** of the virtual king? Why are you reporting now?" Helian, the elders shouted.

"This, this is only the owner of the temple is qualified to know ..." Huang elders said gloomy.

"Damn, a dragon with a virgin king's fire attribute, if brought to the main hall, can greatly enhance the sentiment of the fire attribute strong!" Helian elders face sinking.

At this time, Ye Xuan suddenly interjected: "The Tianlong corpse is still there, but only lost a heart. The ninth branch of the temple should be hiding the Qiang Kun."

"Ok?"

Elder Helen suddenly fell on Ye Xuan's body and asked, "I have never seen you, who are you?"

Chapter 610: Loyalty assessment

"Ye Xuan is the black captain of the ninth branch. Before it broke through, it has been doing its best for the ninth branch. If the ninth branch does not have him, it will almost be destroyed by the demon." Huang Elder said quickly. .

He said this to prove the innocence of Ye Xuan. Although it cannot be fully proved, it can also dispel some doubts of Elder Helen.

"Oh? It's still a hero." Elder Helen's eyes sighed and said: "Although this is not the case, you have to take the task of killing the demon masters and bring their bodies back to prove Innocent!"

In the end, Ye Xuan still has to go out to perform the task.

"Yes!"

Ye Xuan respectfully nodded.

"I also let the master immediately explore, if you can really find a dragon **** level of the dragon body, everyone has a reward!" said Elder Helen.

Then, the elder Huang was with Ye Xuan to retreat, and then went to receive a task to kill 100 masters of the same level.

"The same level of the Yaozu, there is no threat to me, afraid of encountering a master!"

Ye Xuan thought in his heart.

At this time, an elder in the main hall handed him a document, which is a map of the recent demon masters.

"Go to the third branch!"

Ye Xuan said.

"The jurisdiction of the third branch, there are many demon people there, there are many masters, you are not enough, you are sure to go?" said the elder.

"Yeah." Ye Xuan nodded.

"Well, your realm is a virtual one, so you must bring back one hundred demon masters who are imaginary and imaginary. Half demon can do it." The elder did not say much, registering directly with Ye Xuan.

At this time, Ye Xuan suddenly asked: "If I break through on the way, the requirements remain the same?"

"constant."

Soon, Ye Xuan is registered and then left.

However, after he left, the registered elder suddenly muttered: "The high-profile, sent by the seventh branch, seems to have gone to the jurisdiction of the third branch, if both of them are loyal to I am going to the Wang Dian, then I will definitely get the key training."

"That boy, let me check it out?"

Suddenly another elder came out from behind the door.

"Well, don't be discovered. The genius of the virtual nature of the earth's attributes, let's have one in the king's palace." The registered elder nodded.

If you want to prove that you are not colluding with the Yaozu, you must kill 100 demon people of the same level. At the same time, there is an elder who is secretly examining to see if you are 'cheating.'

The demon family infiltrated too much, and there were traitors in the main hall. Why do you want to mix one person and sacrifice some demon?

After the registration was completed, Ye Xuan went to say goodbye to Wu Elder and Huang Elder, and then left the War King Hall.

This time his destination is the area of the third branch.

In the third branch, there has been a big incident, and the entire hall has been almost wiped out, so Ye Xuan, who is innocent, has helped in the past.

On the land, Ye Xuan is very fast, so he does not need to fly, so he runs on his legs.

"Longwu body method has been upgraded to 70%, I don't know when I can understand that place..."

Ye Xuan thought while he was on the road.

Land technique, but can greatly improve his running speed, which is very useful for the road.

For the battle on land, it is even more magical.

Ye Xuan's favorite is speed, so that he is agile all three times.

When you drop ten meetings, speed is king!

Even if it is a chopstick, if you are thrown out by Ye Xuan, you can kill one to kill the holy beast.

The main hall is a bit far from the third branch, and Ye Xuan spent seven days even if he was on the road.

Now he has some regrets. He knew that he would not choose the third branch. If he chooses the most recent one, he may have completed the task in seven days.

"I heard that there are more than a dozen traitors in the third branch, and the main lord is killed. If I come over, I can meet them..."

Ye Xuan thought about it.

However, he still thinks it is. After all, no one can believe it now. Maybe his own relatives may collude with the Yaozu. He is still acting alone. At most, he will inquire about the news.

However, in Ye Xuan thinking, there was a figure that plunged into his sky.

"Where, this kid doesn't know how tired, has he been driving for seven days in a row?"

This elder is responsible for the secret evaluation of Ye Xuan. He also followed Ye Xuan for seven days and did not rest.

At this time.

"Boom!" "Boom!" "Boom!"

Suddenly a loud voice fell into Ye Xuanzhong.

Ye Xuan brows and picks up and rushes in that direction, but he is very careful, because it is said that there are demon people who have reached the age of 30%.

When he saw it in the past, he found that three demons were besieging a middle-aged man.

The reason why Ye Xuan can recognize it is because these three demon people are only half demon, and they are very different from human beings.

"I heard that someone would pretend to be a human being. When someone helped me in the past, they suddenly attacked!"

Ye Xuan gave himself a wake up.

These three half-devils, the degree of degeneration is also more than 10%, which is regarded as the task of Ye Xuan.

He sacrificed the Eight Wild Swords, summoned the Eight Wild Giants, and then rushed to the past with his own blue-light sword.

The eight wild giants are the eight-handed blade of the Eight-Dangerous Sword, and the earthy attributes of Ye Xuan are condensed. The body also has a pulsation of four.

Its strength alone can solve these three half demon, so, Ye Xuan just looked at the distance with a blue light sword.

"what?"

The half demon of the three virtual gods heard the wind, suddenly shocked, what is that, the virtual beast?

In the blink of an eye, the eight wild giants plundered in front of the three, and then one punch, instantly exploding the body of the three.

The earth pulsates four heavy and the fists of the eight wild giants, the power is huge, and the three can't even catch a fist.

Subsequently, the Eight Wild Giants returned with the bodies of three people and the Qiang Kun.

"Dry beautiful!"

Ye Xuanyi opened his mouth and smiled, and collected the Qiang Kun ring and the body.

When he was out of the eight giants, Ye Xuan glanced at him and found that the eight wild giants turned out to be one of his pets.

In other words, the Eight Wild Giants have the bonus of the blood of the beast, and improve the full attribute. In addition, plus the Beastmaster Deterrence, you can increase the attack effect of the Moon by 20%.

Therefore, the three half demons did not pick it up.

"This....."

The middle-aged man was scared.

Without even moving, relying on a strange alien, you can solve the three demons that have repressed him. This strength is definitely better than him.

"Thank you for your help!" The middle-aged man said in a hurry.

"You are the third division of the temple?" asked Ye Xuan.

The middle-aged man stunned and nodded: "Yes, I am the third branch elder, you are..."

"I came from the main hall and came to support. Do you have the latest information?" Ye Xuan continued to ask.
