### Chapter 61: Deputy master

Huo Yuan also understands that he knows that Ye Xuan does not want to be exposed, so he said: "You just said that you have just entered the Yunyun, you can have a master now?"

Upon hearing this, Ye Xuan's eyes lit up and shook his head: "No!"

"In this case, then you should go under the door of my master, my master is the elder of the cracked cloud." Huo Yuanxin thought and moved.

It was already a predator to be accepted as a disciple by the elders of the Yunyun sect. It must be known that every elder of the Yunyun sect is at least the tenth martial artist of the martial arts.

When the voice of Huo Yuan fell, the crowd outside the martial arts field was stunned for a while, and then walked in.

"Haha, my good deed, I am coming." The comer was a middle-aged man dressed in the costume of the Elder of the Clouds.

"Master, I know you are nearby!" Huo Yuan hurriedly shouted.

"It's so big, I can't miss it." The middle-aged man laughed a few times and then asked: "Young man, how old are you this year?"

"Fifteen!" Ye Xuan replied.

Hearing this age, middle-aged people and Huo Yuan and others were shocked. The fifteen-year-old martial art was the eighth. This talent absolutely swept the entire Yunyun.

"Haha, okay, my name is Bailie, can you be willing to come under my door?" The middle-aged man asked the door openly.

He also understands that Ye Xuan has come to a big fight this time, in order to find a master.

However, Ye Xuan was just entering the cracked Yunzong, and he did not know much about the Li Yunzong, but he looked at the middle-aged man who seemed to be quite powerful, so he was somewhat shaken.

However, just as he was preparing for the promise, suddenly one person jumped directly into the training martial arts field.

"Little brother, slow!"

Ye Xuan's words and stops, it seems that another person came, and he turned his head and looked at it. Sure enough, another celebrity Yunzong elder appeared.

"Bai Lie, you are not kind, you have a few Huo Yuan under your door, and want to take him away?"

The comer is a bald old man with a long knife on his face, a fierce look, and going out can definitely scare the little sister.

"Xie elders, all have a first come and come..."

The voice of Bailie has not yet fallen, and the bald old man is retorting: "When the first time comes, he will be alone. Can you still worship us at the same time? Young man, there are already many disciples under this guy, and there is an inner door under my door. None of the top ten, if you are under my door, I will definitely train you!"

"Xie elders, 100 elders, do you think that you are both?"

At this time, several people came out and they were all elders of the Yunyun.

Suddenly there were so many cracked elders in the cloud, and Ye Xuan was not calm. Sure enough, he was a fragrant scorpion where he was qualified. Now he only hopes to find a rich elder who is a master.

It's hard to make a direct offer. How much must I pay each month?

In addition to the 100 elders and the elders of Xie, three elders came again. Then they were your words, and I quarreled.

"Young man, as long as you come under my door, I will give you five hundred points every month for you!"

"Five hundred points? You call Huazi, I will give you eight hundred!"

"You guys, I am out of a thousand!"

A thousand points, which is equivalent to 10 million two silver, this is the price of the ninth heavy offering of the Xue family.

However, this price, Ye Xuan is still not very satisfied.

He is now the eighth heavyweight of the martial arts. He wants to break through to the eighth middle of the martial arts. I am afraid that at least seven or eighty million, maybe hundreds of millions.

Only a few months before breaking through, Ye Xuan can't wait.

Those disciples outside the martial arts field have been shocked by the five bodies, and each month, 10 million yuan, which is a huge temptation for them.

You know, their family gives at most one million two a month, and some wealthy ones will reach two million.

Ten million, but they are several times!

"Why, will there be so many elders rushing to get this kind of medicinal medicine?"

The disciples outside are very puzzled.

However, at this time, suddenly a figure jumped into the training martial arts field. After the group of elders saw this person, they also stopped.

"I have seen the deputy master!"

Several elders asked Qi Qi.

The comer is a white-haired old man with wrinkles on his face comparable to a cliff. This person is the deputy lord of the Li Yunzong, Zhou Cang!

"Ha ha ha ha, the Lord is finally here!" Ye Xuan laughed in two hearts.

Before the Xue family's company even said that the lord of the Lie Yunzong went out, not in the cracked Yunzong, so that the deputy lord is the biggest now.

Although the elders are good, but certainly more than the deputy master?

"Young man, how old are you this year?" The deputy lord went to Ye Xuan and asked.

"15." Ye Xuan answered honestly.

Still not waiting for his voice to fall, Zhou Cang was suddenly shot, touched a few times in Ye Xuan, while using the spiritual power to walk in Ye Xuan body.

"Sure enough, the age is only sixteen, good seedlings, good seedlings!" Zhou Cang was a little excited, said: "Young man, are you willing to enter my door?"

"Deputy Sovereign, this..." Immediately there are elders who are not happy. After all, it is fair competition.

"Two thousand points per month, at the same time, you can use the martial arts of the nine products below and below." Zhou Cang directly opened the conditions.

Several elders sank, and when they saw Zhou Cang appear, they screamed badly.

After all, the elders are elders. They can only teach the martial arts of their disciples. The deputy lords are different. He has more authority and can teach nine martial arts.

Now Ye Xuan is the eighth martial art. It is not a problem to spend some time studying a nine-mart martial arts.

Moreover, there are two thousand points each month, equivalent to 20 million two silver, these points can be used to exchange weapons, but also for a variety of heaven and earth treasures.

Not waiting for these elders to open, Zhou Cang said again: "Young man, as long as you are willing, then I will train you all the way, and when you have some conditions, you can inherit me!"

what?

When the words came out, the audience was shocked.

Inheriting the position of the deputy lord?

Zhou Cang, is it necessary to train Ye Xuan as an heir?

Scorpio!

"Hahaha, it's really a big luck." Ye Xuan shouted in his heart and immediately nodded: "The kid is willing, the boy will see the master!"

"Haha, good!" Zhou Cang caressed the long beard and laughed a few times.

Several elders were gloomy and did not expect that the good seedlings that had arrived were actually taken away by Zhou Cang. However, Zhou Cang is a deputy lord. They dare not have any complaints and can only accept their fate.

Since Ye Xuan has already apprenticed, it is useless for these elders to stay here, and immediately they are shaking their heads.

"Ye Xuan, come with the old man."

After they left, Zhou Cang also took Ye Xuan and left the training field under the eyes of the public.
