

## Super D. S 611

### Chapter 611: High vision

"The main hall is coming?" The middle-aged man's eyes sighed and said: "Yes, now the elders of the third branch have gathered together, but when we stepped into the camp of the Yaozu, we encountered an ambush, we had to Scattered and fled."

"Are you ambushing, you are careful."

After Ye Xuan finished, he turned and left.

He didn't know if this middle-aged man was a Yaozu, so he couldn't believe in his words, or he would act alone, collect other people's information, and then speculate.

Then, Ye Xuan is leaving quickly.

The high-altitude assessment of his elder elder eyes, the heart secretly said: "The magical means, what is this, is it the new earth's righteousness? However, this kid is decisive, I don't know if it is for me. Or is it really my human side?"

Once alone, it is not enough to prove the innocence of Ye Xuan, so it is necessary to continue to investigate.

Soon, Ye Xuan encountered a second batch of half demon, they pretended to be humans, and wanted to pull Ye Xuan into the team.

However, joking, how can Ye Xuan be tricked by this trick?

This time he came over, but with a lot of transformation Dan, turned into a Dan, the other side showed the original shape.

"All are going to die!"

Ye Xuan and the eight wild giants directly rushed into the crowd, this time, fully solved the eight half demon.

However, there are four of them that are less than 10%, not counting.

"Hey, the degree of ignorance of the host has increased, and it is currently fourteen!"

The system prompts.

Why did Ye Xuan choose the third branch with many demon masters?

First, in order to complete the assessment, the second is to break through the upgrade, he did not put the assessment on the mind, it does not matter if the assessment is not assessed, the upgrade is the king.

"How do you always feel wrong? The Yaozu has turned so many demon, what do you want to do?"

Ye Xuan wandered around while thinking in his heart.

Although he does not know much about the grievances of the two communities, but the Yaozu broke out at the same time, there must be something big to happen.

At the same time, he also knows a little.

These masters of the Yaozu, none of them who reach the king of the virtual gods, are ordinary virtual gods.

Because, the demon and the sword \*\*\*\* palace have an agreement, can not let the demon of the virtual king of the king come over.

Of course, if you break through here, it is another matter.

Just then, a black shadow suddenly fell into the eyes of Ye Xuan.

"Is it a person, a demon, or a human?"

Ye Xuan's eyes stunned and let the Eight Wild Giants stay in front, standing with their own blue-light swords.

Soon, this person was plundered in front of Ye Xuan, two people separated by a kilometer.

This is a young man, older than Ye Xuan, but less than thirty years old.

He looked at Ye Xuan and frowned: "Human?"

"I want to ask you!" Ye Xuan blinked.

"If that's the case, then die!"

This young man, regardless of the three seven twenty-one, directly directed at Ye Xuan.

"Good guy, attacking indiscriminately, must be human!"

This is Ye Xuan's intuition. If the other party is a Yaozu, he has long felt that he is a human being. After all, there is a special way of identification between the Yaozu.

Therefore, this person must be a human being, and it should be a virtual genius of the War King Hall.

Ye Xuan guessed it is correct, this person is called Gao Zhan, and Ye Xuan is from the branch hall, and now is in the assessment.

His realm is higher than Ye Xuan, reaching 25% and half, and the property is also Ke Ye Xuan. The most important thing is that he and Wu Elder, comprehend the flames of indestruction.

"Hey!"

A flame of swords broke through the leaves of Ye Xuan, which contained the earth's pulsating four heavy cracks, and went to Ye Xuan.

"Mom, I forgot it!"

Ye Xuan's face sank.

The other party is a fire attribute, and it also comprehends the flames of indestruction. The most important thing is that the other party uses the virtual martial arts, and his sword of the ground crack is the bottom of the best martial arts.

Therefore, this makes Ye Xuan instantly at a disadvantage.

"The Eight Great Giants, kill him!"

Ye Xuan's face is dignified and directed in the heart.

At the same time, he himself is constantly using the sword of the ground crack, and the left hand is also blasting the dragon's fist.

This battle, who wins who wins is not necessarily.

However, at this time, on the top of the two people.

"Hey, why are you here too?" A gray coat elder swept over.

Ye Xuan's assessment elder brows a pick and said: "How is your assessment?"

"This has been for a long time, and the body has been collected, and there is no strange place. However, he just does not go back, continue to kill the Yaozu here." The gray coat elder said.

"There is nothing wrong with it." The assessment elder nodded silently.

"What is the situation of your kid, which came out?" asked the grey coat elder.

"It is from the ninth branch. The ninth branch is weak. There will be such a genius, and it will not be reported, so it is a bit strange." The elders answered.

The elders of the gray coat stunned the two men under the battle. "Hey, the earth is pulsating four times. This is a genius. Maybe he can be promoted to the king in the future."

"We will not intervene, look at it, the strength of these two boys looks similar." The elders said that he was coming to the assessment, even if Ye Xuan is dangerous, he will not shoot.

"Hey, it looks almost the same. This high vision has a card, even I can only admire it." The gray coat elder laughed, he also recently learned, when Gao Zhan was besieged by the Yao master, at stake, finally I used the hole card.

"What type of card is it?" The elders asked curiously.

"Essence!" The grey coat elder answered.

The elders of the appraisal paused and said: "Is it true that this high-level understanding of the second kind of righteousness? Is it a rebirth, a flame, or a..."

"Yes, it is the double mystery that does not destroy the flames - the flames burn the sky!" The grey coat elder nodded.

"I didn't expect him to comprehend the double mystery. The flames burned the sky. If you cooperate with the flames, the power is amazing!" The elders are also very envious.

The gray coat elder nodded: "Yes, it seems that your people are miserable, but I see this kid is pleasing to the eye, and it is a relatively rare soil property. If it really can't persist, then I will pretend that the third branch of the elders will save it. Let's go."

At this time, the bottom of the leaves and Gao Zhan also played dozens of rounds, difficult to understand.

"Hey, I have already understood your strength, the devil has changed!"

Ye Xuan was angry and sighed. The next moment, his eyes began to turn black.

In the divine situation, the righteousness is his card, and in the virtual state, everyone has the righteousness, so the devil became his card.

The old man of the year created a demon \*\*\*\* change, killing the Quartet, but at that time, his strength was not the current Ye Xuan Gao.

Therefore, Ye Xuan now uses the devil to change, has exceeded the old man.

Chapter 612: Flames burn the sky!

Flames burn the sky! Looking at Ye Xuan, whose breath has already skyrocketed, looked at his eyes and the fire property of the body suddenly began to riot.

At this time, Ye Xuan's eight wild giants suddenly swept to Gao Zhan's side.

The eight wild giants have already been bombarded once and for a long time, but Ye Xuan's instinct is almost infinite, and the eight wild giants quickly recovered after they died.

However, this time, Gao Zhan wanted to kill Ye Xuan and the Eight Wild Giants together.

"Give me death, the flames burn the sky!"

Suddenly, a fire rose from the sky, and Ye Xuan only saw a flash of light in front of him, and a strong breath spread.

"not good!"

Ye Xuan felt the danger and hurriedly swept the past. At the same time, the Eight Wild Giants also quickly retreated.

"Eight Shield!"

The eight wild giants instantly collapsed and condensed into a shield standing in front of Ye Xuan.

At the same time, the high-ranking person is like a \*, exploding.

"boom!"

The air waves swept through and the environment within a thousand meters was completely vacuumed.

If he is detonated on land, the power does not matter with a huge meteorite.

too terrifying!

In this scene, even the elders of the two main halls in the air could not help but shudder.

This move has already been able to threaten them.

"Tragic, this flame burns the sky is not like other esoteric, you can use it. I did not expect this high-looking use to use, a warning is not!" Gray coat elder face sinking.

He was very unhappy in his heart, because Ye Xuan should have been killed by this blow, which was a waste of a seed that had the potential to impact the king of the virtual god.

"Don't worry!"

At this time, Ye Xuan's assessment elders suddenly said.

"what?"

The elders of gray clothes followed his gaze, and there was a figure below the 10,000 meters.

This person, not Ye Xuan or who?

The elders of the gray coat saw that there was nothing in the air, so I thought that Ye Xuan was dead, but he did not expect that Ye Xuan was just blown up.

Indeed, Ye Xuan did not die, he only used the Eight Shields to block the key, the whole person huddled in the Eight Shields, but only suffered an impact, and was not burned into dross.

"Mom, this is the double mystery of the flames of flames - the flames burning the sky?"

Ye Xuan spit out a blood, and the tree of life is working.

Before, he talked a lot with the elder Huang, so I know that this is a double mystery.

His pulsation guards 4 heavy, but also the dual mystery, but one is defense, one is a large-scale attack like \*.

"Oh, don't be self-sufficient!"

After using the flames to burn the sky, Gao Zhan couldn't help but ridiculed himself. At this time, he did not notice that Ye Xuan was still alive. After all, Ye Xuan had already risen to the sky.

It's not Ye Xuan's, but this high vision seems to think he is dead, so at this time Ye Xuan is hiding and preparing to kill him.

According to the character that Ye Xuanyuan must report, how can this hatred be reported?

"Hey, this kid is hiding, it seems that the high vision is unmatched." The gray coat elders breathed a sigh of relief.

"You come out, let this go back, don't go out outside. If you meet the master of the Yaozu, even we can't keep him." Ye Xuan's assessment elder said to the gray coat elders.

"understood."

The grey coat elder nodded and prepared to come forward.

However, it is at this time.

"The Eight Swordsmanship, the sword is broken!"

Ye Xuan, who was hidden in the clouds, suddenly reorganized the Eight-Day Sword, and then confronted the somewhat breathless look, which directly gave him the strongest trick.

A sniper broke out and instantly split into eight and swept away toward high vision.

what?

When I heard the sound of the empty air, I looked at it and saw that all the swords and swords were gathered together, and it became a heart-warming sword.

"Damn!"

Gao Zhan responded in an instant and was ready to use the flames to burn again.

Burning the flames is a double mystery, but it is not like other esoterics. This trick is to consume a lot of infuriating, only once he used it, the infuriating has consumed most of it, this time, he has to use all the infuriating in the body.

Just because this sword is very fierce, he thinks he has no ability to escape.

"The flames burn the sky!"

At the time when the sword was broken, the high vision was once again the use of the double mystery of the flames of invincible flames.

At this point, his body has no trace of infuriating.

The sword broke through the eight wild, and Ye Xuan used all the infuriating.

Just don't know, who loses who wins!

"Hey!"

Jianmang was instantly covered by fire, and a violent shock occurred.

"Damn, who won?"

The gray-haired old man roared, and once again saw a fireball exploding in an instant.

The fire is shining.

Soon, the fireball quickly dissipated, and then there was a figure that reflected the eyes of the two elders.

"not dead?"

The gray coat elders and the elders of the assessment eyes widened.

However, the next moment, they just saw someone rushing toward high vision.

Gao Zhan exhausted his efforts to use the flames to burn the sky, blocking the sword and breaking the barren, but the infuriating gas in his body has already consumed light, and he can barely fly the air.

And Ye Xuan, but has the blood of the life \*\*\*\* tree, the true gas has already recovered a lot.

"You scum, die!"

Ye Xuan's eyes widened and a sword broke out.

"stop!"

The old man in gray can't help but violently swear, but the sword has been thrown out.

A cracked sword broke through the air and cut off the high-profile head.

"Who?"

Ye Xuan was shocked and quickly rushed to the high-profile shackles.

"Hey, the degree of virtualization of the host has increased, and it is currently twenty!"

This time, he made a big breakthrough and went straight from twenty-four to twenty.

After all, this high-profile has already completed the assessment task, and there is a lot of heaven and earth treasures in the Qiankun ring.

After Ye Xuan broke through, he turned his head and looked at the old gray-haired man who was rushing over.

"The demon family?" Ye Xuan eyes a glimpse.

But when he thought about it, he felt that it was wrong.

This high-definition did not demonize before death, and there was no demon leak after death, so it is human. At this time, the gray-haired old man who suddenly appeared, let him stop, so it may be human.

Of course, this cannot be 100% certain. After all, there are many humans and the Yaozu collusion.

"I am the elder of the main hall of the War King, and also his examiner!" The old man in gray clothing showed his identity.

"The elder of the main hall, the examiner?"

Ye Xuan's eyes stunned and reacted in an instant. If the old man in gray is telling the truth, then he may also have an examiner.

In order to prove loyalty, in addition to killing a hundred demon gods of the same level, there will be someone secretly inspecting.

"I don't know you." Ye Xuan shook his head.

"Oh, forget it, Gaozhan is already dead." The gray-clothed old man shook his head.

Chapter 613: Goodbye, Jiang Tianquan

The gray-clothed veteran is a high-profile investigator, and every move on the road is in his eyes.

High-spirited and powerful, seeing the Yaozu will not be merciful, but after a few days, he is already proud of even humans.

The party is the first-in-first-out hand, so the gray-clothed old man did not blame Ye Xuan.

"If the elders are okay, then I will go first." After Ye Xuan finished, he quickly stepped back and turned to the old man in gray.

"Slow." The gray coat elder suddenly stopped him and said: "If I want to kill you, you can't live until now, you don't have to be afraid of me."

Indeed, his realm is very high, and a finger can poke Ye Xuan.

Ye Xuan also saw that this person's strength is much stronger than the Helian elders he has seen.

For a genius, to dispatch a virtual high-ranking powerhouse, it is still true.

"What is the elder's thing?" Ye Xuan squinted.

"Your assessment has passed, go back with us, don't stay outside," said the gray coat elder.

we?

Ye Xuan brows a pick, and sure enough, he also has an examiner.

His assessment task has not been done, but now that he has killed Gao Guan, his body is enough.

There are a hundred corpses of the demon masters, and there are hundreds of high-profile squadrons, and the strength is more than 10%. These are enough.

However, he did not want to go back with them.

Because, maybe the collusion between these two people and the Yaozu, dragging him away and forcibly transforming into a half demon?

"No, elders, I want to complete the task myself!" Ye Xuan still refused.

"It is very dangerous here. The people in the third branch are also preparing to withdraw. You can go back quickly and we can come out to kill the Yaozu." The grey coat elder said.

At this time, the air has fallen a figure, it is Ye Xuan's assessment elder.

"I am your examiner, you passed, let's go." Appraisal elders to Ye Xuandao.

Two, the masters who are even stronger than the Elders, give Ye Xuan a lot of pressure.

To be honest, if the two men collude with the Yaozu and directly shoot, Ye Xuan has no resistance, and will be caught in an instant, and then brought back to the Yaozu.

But they didn't, which made Ye Xuan believe in three points.

"Okay, go back." Ye Xuan nodded.

"Let's go, we will \*\*\*\* you back!" said the gray coat elder.

Ye Xuan is also honored to be able to \*\*\*\* two elders with high-level virtual reality.

However, it is at this time.

"Boom!" "Boom!" "Boom!"

Suddenly a huge movement caused the attention of three people.

"The movement is so big, it looks like a lot of people, let's go, let's go see!" The grey coat elders flashed.

Their realm is enough to sweep all the demons here.

However, in their eyes, Ye Xuan is more important than the temple. This is a potential seed. A genius who hopes to break through to the king of the virtual gods, even the virtual god, is not impossible.

"go."

Ye Xuan's assessment elders also plunged directly to Ye Xuan's side, then slap on his shoulder and take him away.

The realm of the two elders is very high, so the flight speed is much faster than Ye Xuan.

"What is the deputy master?"

After the elders of the gray coat approached, they discovered that they were not group wars, but only two people.

Moreover, one of them still knows.

It is the deputy master of the War King Hall!

"How can the deputy master be here?" The elders of the grey coat and Ye Xuan's elders were shocked.

They don't want to understand, the high-ranking deputy, how can they be here.

That is the king of the virtual gods!

At this time, they just fell on the person who played against the deputy of the main hall.

Those who can play against the king of the virtual gods must also be the king of the virtual gods.

This is a young man in white with the deputy of the main hall. This person is somewhat strange to the elders of gray and the elders.

However, I am very familiar with Ye Xuan.

"Well? Who is that person? You can actually play against the deputy!" The elders of the gray coat asked subconsciously.

However, after Ye Xuan saw the face of this person, he was exclaimed: "Jiang Tian is doing?"

That's right, at this time, the person who played against the deputy master of the War Wang Dian is Jiang Tian's Jiang Tian.

"Do you know?" The grey coat elder suddenly turned his head.

"Jiang Tianquan, the person who lives in the Wang Dian Jiang family!" Ye Xuan shouted.

When I heard Jiang Tian do this name, the two elders were guessing.

There are not many kings of the virtual gods in the Eastern Continent. The surname Jiang is naturally associated with the King of the King.

Just the gray coat elders don't know, why did Ye Xuan know?

"Boom!" "Boom!" "Boom!"

The deputy lord of the War King Hall is also very strong, suppressing Jiang Tianquan, but there is a strange energy in the collision between the two people, and the air is even more inexplicable flames.

"The field of gold is powerful. In the field of gold, the other party simply does not dare to fight the virtual soldiers, only rely on a folding fan!" said the gray coat elder.

The field of gold?

After Ye Xuan heard it, he couldn't help but ask: "The elders, the field of gold is..."

"The field is the unique ability of the king of the virtual gods. The gold field of the deputy master spreads out. All the irons in the field can be controlled. Therefore, the other party does not dare to take out the battle of the virtual soldiers. Even the ring is used. Made of white jade," said the grey coat elder.

"So strong?" Ye Xuan's eyes widened.

In the field of gold, you can control all irons.

If someone uses weapons in the field, wouldn't they be controlled and counterattack the master?

"This gold field is just like my eight-year-old sword. However, this is an enhanced version of the Eight-Day Sword."

Ye Xuan thought in his heart.

Eight-year-old swords only control the eight-handed blade, but the field of gold can control countless weapons, ten, one hundred, one thousand...

Controlling thousands of virtual soldiers to attack the enemy, this Nima is too abnormal.

Moreover, it is also possible to control the Qiang Kun ring and take away the enemies.

"Elders, is that Jiang Tian is the realm of fire?" Ye Xuan frowned.

"Yes, if you want to break through from the virtual world to the virtual king, you have to understand the elements of each attribute. Metality needs to understand the elements of gold. As long as the deputy thinks, he can make the metal world in the air. Gathering together, then forming shields, weapons, etc..."

The elders of the gray coat paused and said: "And this \*\*\*\* is to understand the elements of the fire, he can condense the nature of the fire property, and then burn in the designated position, if he also comprehended the flames of extinction, then This flame is not a flame!"

what?

When Ye Xuan listened, he was completely shocked.

Where do you burn it?

At this time, Ye Xuan suddenly remembered the scene in the Shangqing Palace that day.

Chapter 614: Undead swordsman, Ye Chong?

At the time of Shangqing Palace, Ye Xuan was fighting the black-eyed old man. Jiang Tian suddenly appeared and shocked everyone.

Then, one of his eyes, Megatron was suddenly up, and then burned gray.

Now, Ye Xuan finally understands how Megatron died.

"Jiang Tian is doing it!"

Ye Xuan's eyes looked at the white youth, who was him, killed Megatron, and tortured Ye Xuan twice.

How can you not report this hatred?

"Ok?"

Suddenly, Jiang Tianquan, who is fighting with the deputy head of the War King Hall, took a look at Ye Xuan and was very surprised.

He did not expect that Ye Xuan really joined the War King Hall, and he was able to stand in front of him.

He had previously estimated that even if Ye Xuan joined the branch hall, it was just a divine situation, but he did not expect that it was already a virtual reality.

"Hey, how about growing up fast? I can still be squeezed by one hand!" Jiang Tian was very disdainful in his heart.

He will not admit any genius, because he is only three years older than Ye Xuan, but he has already broken through to the king of the virtual gods, but is the first genius of the king.

However, he played hundreds of rounds with the deputy of the War King Hall, and the other party can only reluctantly suppress him.

"Enough, that Tianlong corpse, I am not robbing!" Jiang Tian tried to stop his hand and shouted.

Upon hearing this, the deputy lord of the War King Hall also stopped and said: "It is the first genius of the King of the Kings, and it has reached such a realm and admire it."

"Don't say these words, if my father is here today, you want to win the dragon body?" Jiang Tian looked a sinking face.

"This Tianlong corpse of the sacred king of the king, was originally the king of my war, is your Jiang family some robbers?" The deputy master of the War King Hall was not happy.

"This world is always a strong person. If I am stronger than you, then the dragon is my own."

Jiang Tian did not want to talk nonsense, turned his head and looked at Ye Xuan, said: "Ye Xuan, I did not expect you to climb up in such a short time, I hope that you will be in the second great wilderness team."

what?

The deputy head of the War King Hall turned around with a strange look. Looking at Ye Xuan, this Jiang Tianquan, actually knows Ye Xuan?

"I have vowed that I will kill you personally!" Ye Xuan waited for Jiang Tianduo, cold and cold.

"Oh, big words!" After Jiang Tian made such a sentence, he turned and left.

Ye Xuan wrinkled, he felt that this is different from the Jiang Tianjin that he encountered before.

In the blink of an eye, Jiang Tian disappeared into the eyes of Ye Xuan.

Now, there are still four people left.

"Elder Hu, is he?" asked the deputy master of the War King Hall.

"The deputy, he is the genius of the ninth branch, called Ye Xuan." The grey coat elder replied.

The deputy's eyes glanced and asked: "Ye Xuan, how do you know Jiang Tian?"

"This..." Ye Xuan hesitated and replied: "My mother is a \*\*\*\* family!"

Before, Jiang Tian shouted his cousin, so he can be sure that his mother is the person of the Wang Dian Jiang family.

This sentence, but the three people present were shocked.

Since Ye Xuan's mother is a \*\*\*\* family, why is Ye Xuan not surnamed Jiang?

You must know that the girl who wants to marry Jiang's family is going to be jealous.

In other words, the child has a surname Jiang.

"Wait, surname Ye?" The deputy of the Wang Diandian, the head of the temple, picked a brow and asked some questions: "Ye Xuan, your father is..."

Ye Xuan came to the blood rock mainland, what is the purpose?

Isn't it just looking for his father?

And his father only left a message of Wang Dian, he finally climbed to the present level. Now, the deputy lord of the War King Hall is in front of him, and this person may know what is going on.

"My father is Ye Chong!" Ye Xuan answered truthfully.

boom!

This name can be heard not only by the deputy, but even by the elders of the grey coat and the elders of Ye Xuan.

Moreover, I am very familiar with it.

"You turned out to be the son of the undead sword god? Then your mother..." The deputy master of the War King Hall exclaimed.

Undead swordsman!

When these four words fell into Ye Xuan's ear, let his body tremble.

He seems to have heard of this name.

Undead swordsman, do not give up, in order to enter the Sword God Palace, smashed thousands of times the Sword God Palace, but always stuck in the last layer.

"Undead swordsman, that super madman, is it really me?" Ye Xuan Zhang opened his mouth, a look that he could not believe.

Unexpectedly, this famous undead sword \*\*\*\* turned out to be Ye Chong!

"I didn't expect that you were the son of the undead sword god, this..." The deputy master of the War King Hall swallowed.

In the face of the undead sword god, he is a bird of the virtual king of the gods.

"Predecessors, can you tell me something about my father?" Ye Xuan asked curiously.

"Your father, but a legend, in just a few years, it has broken through to the virtual state of God and become the king of the peak. Even in front of your father, it can only be regarded as an ant."

The deputy master of the War King Hall paused and said: "Other people may not know, but we understand that your father's purpose of constantly attacking the Sword Palace is to see your mother!"

really!

Ye Xuan heart trembled.

Before he heard that the undead swordsman hit the sword shrine, it may be for love.

Therefore, when he heard that the undead sword \*\*\*\* was Ye Chong, he guessed that his mother was probably in the Sword Palace.

Now, sure enough!

"My mother, why is it in the Sword Palace?" Ye Xuan asked slyly.

"Your mother is one of the top talents of the Jiang family. But because he secretly fell in love with your father, he left home and ruined the martial arts."

"At that time, your father didn't have any excitement. When the \*\*\*\* family found your parents, your mother had already given birth to you. Then your parents were forced to be dismantled."

"The Jiang family wanted to kill you and your father, but your mother was forced to die, and then your father will disappear with you and disappear."

The deputy master of the War King Hall said while recalling.

Although he did not see it with his own eyes, the temple of the time was still not split, and he naturally heard of it.

"It turned out!" Ye Xuan nodded silently.

Things have been straightened out.

After his father was seriously injured, he returned to the Tianshui continent to recover his wounds. After he was wounded, he returned to the blood-rock continent and made a breakthrough.

At this time, the deputy lord of the War King Hall again focused on the eight-year-old sword in the hands of Ye Xuan, saying: "It is said that your father has been passed down from the fallen Eight Swordsmanship. The achievement. No wonder your father does not have a wild sword, it is in your hands."

"This eight wild sword \*\*\*\* is..." Ye Xuan continued to ask.

"The Eight-Dragon Sword God, a palace owner of the Sword-Shenzhen, Ye Chong got the inheritance of the Eight-Dragon Sword God. It is his disciple. It was originally possible to enter the Sword-God Palace.

However, the Sword-Shen Palace does not recognize... .." The deputy master of the War King Hall did not say anything.

Chapter 615: Jiang Xinyu

"Why don't you admit it?" Ye Xuan frowned.

"Because, your sister-in-law is the lord of the Sword-Shenzhen Palace and the guardian of the last layer of the Sword-Shen Tower. In that year, he personally took your mother back to the Jiang family and seriously injured your father. Your embarrassment, that is Jiang Tiandu's father!" answered the prince of the War King Hall.

This time, Ye Xuan understood, and understood why Jiang Tian could recognize him at a glance.

The blood can only explain that there is a \*\*\*\* family in Ye Xuan, which may be the romantic debt left by someone in the Jiang family. And let Jiang Tian do their best to determine Ye Xuan's identity.

"Jiang Tian is the father and son, not a good thing!"

Ye Xuan's heart is dark.

The father of Jiang Tiandu, who is his aunt, actually wounded his father thousands of times. And Jiang Tianquan, also tortured him twice, but also burned Megatron into ashes.

This hatred, but superimposed!

"Predecessors, then my mother, what is the name?" Ye Xuan suddenly remembered this problem.

After all, the word mother is too far away from him.

"Ging Xin, the generation of the goddess of the Jiang family, is the most promising of the Jiang family to become the existence of the virtual god. The virtual god, my East China has no emperor except the sword \*\*\*\* palace." Road.

"Ginger heart, what the mother called Jiang Xinyu!" Ye Xuan immediately recorded this name in the heart.

Now, what he wants to do most is to help Ye Chong enter the Sword Palace and reunite with Jiang Xinyu.

However, he is still too far away from this time.

After all, even Ye Xuchong, the king of the virtual gods, can't break through. His ordinary virtual godland has a hairy use, and maybe even the first layer can't pass.

Ye Xuan stood there quietly and took care of his emotions.

He already knows where his father is. What he can do now is to break through and break through!

"Ye Xuan, this Jiang Tian is extremely conceited, and his character is changeable. It should not tell you about Jiang. But you must pay attention, don't tell others, you are the son of Ye Chong." The deputy of the temple reminded me.

"I know!"

Ye Xuan nodded.

If he is known by the Jiang family, then he is likely to die young.

However, the name Ye Xuan does not matter, it has been twenty years since the \*\*\*\* family will not remember.

Besides, after he was born, he was not allowed to be taken back to Tianshui mainland even if his name was not taken.

"The corpse of the \*\*\*\* of the virtual king has already been obtained. Although there is one heart missing, it is nothing. Let's go." The vice-president of the War King Hall flew over and prepared to bring the Ye Xuan three together to fight the king. temple.

Ye Xuan has also guessed that the corpse of Tianhu, the king of the virtual king, should be the one of his ninth branch.

"The deputy, the elders of the ninth branch, how is it now?" Ye Xuan asked with some concern.

"When I arrived, they had all died in battle. There were elders' bodies and demon masters, but the heart of the dragon was missing. I guess, the elders of the ninth branch took it away." The Vice-President of Wang Dian said.

"All killed, big elders?" Ye Xuan eyes.

This result, he has tried to guess before.

Sure enough, all this is the conspiracy of the elders, and by the hand of the demon, the demon heart of the refining of the heart of the \*\*\*\* of the gods.

"But don't worry, it's just a half-devil's heart. Refining is not so simple, and at most it's just a virtual state. It won't be a king."

Ye Xuan paused, even if he did not become a virtual king, it can also pose a huge threat.

After a few seconds of silence in the heart, Ye Xuan is no longer thinking about it.

In this world, death is a common thing. The deputy princes and the elders of the ninth branch are also responsible.

Subsequently, Ye Xuan returned to the War King Hall under the \*\*\*\* of a virtual king of the gods and two high-level virgins.

After the return of the king of the palace, the deputy of the palace was immediately notified to many elders.

There are more than a dozen high-level virtual high-orders, and even the peak of virtual reality, which makes Ye Xuan feel tremendous pressure.

"How about the deputy master?"

An elder asked.

"The body has been recovered, and the fire attribute has also met Jiang Tianquan of the Wang Dian Temple. He played a game. The strength of this kid is much stronger than before. After a while, maybe it will surpass me. Said the deputy.

"What, isn't this kid not only promoted to the king soon?"

"It's terrible. This kid is really better than his father."

"Hey, the three kings, the king of the king is getting better and better, and we and the Beastmaster are both down."

"Don't say this, before I went around and looked around, most of them were half demon. I guess their half demon heart should be from the big wilderness."

"Is it true that these demon people want to find the heart of the great emperor?"

"Isn't this just a legend? It is rumored that there is a demon of the Emperor of the Gods who fell in the East China and joked."

"This big wild demon is really idle."

"But they are indeed strong, but fortunately there is a sword \*\*\*\* palace shock, otherwise it is the virtual \*\*\*\* king."

The elders, you said a word, I started to discuss.

"Well, what should I do now? How can I do this? Before a large wilderness team has entered the Great Wilderness, now I need to form a second branch. If there are any good candidates for the elders, you can say it." The main hall is loud.

Suddenly, the audience was quiet.

Most of the geniuses have already followed the first team, and even the lords of the Wang Dian Temple have gone. What geniuses are there now?

"This second team does not need to be too strong. If the degree of sinfulness is good, then it will be experienced outside the Great Wilderness, and there is no need to go deep into the wilderness!" said the deputy master of the War King Hall.

"If this is the case, I have one here."

"I am here two."

"I am also one."

The elders have said the genius of the virtual genre that they know, and their ages are all under the age of thirty.

"It has already been eight. In addition, Ye Xuan has already passed the assessment and counted one." The War King Hall suddenly fell on Ye Xuan.

He decided that he did not ask Ye Xuan's opinion beforehand, but his eyes, Ye Xuan, understood.

"Good." Ye Xuan nodded and agreed.

There are many virtual beasts and demons in the wild, and there are many opportunities. It is a good place to upgrade.

However, it is at this time.

Suddenly a petite figure swept in. She ran to the side of the deputy, saying, "Hey, I have to go!"

This little girl is sixteen or seven years old. She is the youngest daughter of the deputy, Lan Yao, Lan Xin.

"Noisy, do a good job, don't mess up." The deputy master's face sank, cold drink a sentence.

Chapter 616: Special training

"Cultivating and cultivating, all day and night are cultivation, my sister is going to the wilderness, I am going to find her." Lan Xin shook the blue Yao's arm, the delicate little face seemed to be crying, and provoked the old people present. Some are distressed.

"Your sister is already a virtual \*\*\*\* king, what about you?" Lan Yao asked coldly.

Lan Xin blurted out and said: "I am halfway to my sister."

"No, and your sister is going deep into the wilderness. This second team is just outside the Great Wilderness." Lan Yao still refused.

"My strength is not bad, and it is still a wind attribute. Even if I can't beat it, I can run it off." Lan Xin continued.

The elders on the side also know Lan Xin, and they can only stay there silently.

They can't plug in this matter.

Lan Yao's eldest daughter, Lan Yue, has already broken through to the king of the virtual gods. It is the first genius of the War King Hall. This time she took the team into the Great Wilderness, which is very dangerous.

Therefore, Lan Yao could not let the little daughter enter.

Ye Xuan, who is still waiting for him, is helpless. This girl who is a few years younger than him is already a sinister, with a background, which is powerful.

However, Ye Xuan cares that this Lan Xin is a rare wind attribute. If the wind wing is understood, then the little girl may be able to challenge one or two more.

Finally, the little girl is not blue-eyed, sad to leave.

"Deputy Lord, then, this time, do we need to unite with the Beastmaster Hall and the King of the King?"

An elder asked.

"The first team has already been united. This is no longer necessary. The number of people is also large. Everyone is going to prepare for a month, and then enter the Great Wilderness one month later." Lan Yao said.

"Yes!"

Then the elders are going back.

"Ye Xuan, the danger outside the Great Wilderness is not high, but you have to be careful." Lan Yao reminded.

"Yes!"

Ye Xuan nodded.

After hearing about his father's affairs and seeing Jiang Tian's strength, what he wants to do at the moment is to break through, and strength is fundamental!

"Let's go, Li Elder, this month, you will teach him." Lan Yao suddenly said to an elder.

Li Chang, in fact, is the elder who secretly examined Ye Xuan. He also happens to be a soil property.

"Yes!" Li Chang nodded.

Next, Ye Xuan is going to have a special training for a month.

Although the periphery of the Great Wilderness is not as dangerous as the inner perimeter, but Ye Xuan's realm is not high, and in a short period of time can not enhance the realm, then there is only one way to improve the strength.

That is to understand the meaning of the righteousness!

Li Changlai came to the training ground with Ye Xuan and then asked: "Ye Xuan, the next step is to teach you, but I have to look at your specific strength!"

Ye Xuan understood his meaning and directly sacrificed the Eight Desert Sword and the Qingguang Sword.

Since these days, Ye Xuan has been using the infuriating spirit to cultivate the Eight-Day Sword, so his day is like a few months.

After all, other people are born in a day when they are free, sometimes for two hours, sometimes four hours, and they need to recover their infuriating.

And Ye Xuan does not need to be restored, so at this time, the degree of cultivation of the Eight-Year Sword can be counted in years.

"Come on, use your strongest strength to play with me." Li Chang, a big drink, offered a sacred sacred soldier who had been in possession for decades.

This imaginary sacred soldier is already a virtual soldier of comparable quality.

"Elder Li, if that is the case, then I will offend!"

Ye Xuan's eyes slammed, and the two scorpions suddenly turned black. The eight slashed swords also shattered in an instant, and then swept them out.

And he himself is holding a blue-light sword and swearing at Li.

"Amazing!"

A brown sword rushed out quickly.

This is a virtual martial art that Ye Xuan obtained after killing Gao Zhan. It is a soil property.

The sword of the ground crack before was really too inferior, not much stronger than the ordinary sword.

However, with this martial art, his deity has a lot of attack power.

The eight handles contained the sharp pulse of the earth and plundered toward the elders of Li, all of them were shaken with the sword of Elder Li.

"Hey!"

Although the power of the catastrophe is strong, but Li Changshen stabilized the realm of Ye Xuan, and just opened it with a glance.

"Nima, the situation is so big, train a wool!"

Ye Xuan's face sank, but he continued to attack.

"Oh, the proficiency of the catastrophe is increasing, and it is currently 20%!"

"Oh, the proficiency of the catastrophe is increasing, and it is currently 30%!"

"Oh, the proficiency of the catastrophe is increasing, and it is currently 40% hot!"

With the blood of the sword god, the speed of Ye Xuan's swordsmanship is almost blasting. In just ten seconds, he is raising the proficiency to 70%.

"Good guy, don't be the son of the undead sword god, the speed of comprehension is so fast!" Li Changshen was shocked.

The savage murder of the genius, he can be squandered without infuriating, but now, it is so strong that he does not dare to take a nap.

"Ye Xuan, have you not learned the boxing method?" Li Changruo suddenly asked.

Boxing method?

Ye Xuan stunned, suddenly remembered that he would still have a dragon fist, it is said that some people learned the power from this martial arts.

At the moment, he is clenching his left fist and then punching it out.

Huanglongquan!

"Good to come!"

When Li's eyes were bright, he greeted him, and then punched the shadow of the dragon's fist.

"It is so strong without martial arts. Is he comprehending the power of the righteousness?" Ye Xuan secretly guessed.

"Haha, I just used this dragon to punch the power and understand the power of the righteousness. Come again!" Li Chang, the old man shouted.

Ye Xuan paused thoughtfully.

Budo, you need to cycle gradually, remember not to be too high.

If he is made to understand the power of the righteousness, the strength can at least double up. Now, he is taking back the Eight-Day Sword.

Hands vacated, facing the elders of Li crazy.

"Hey!" "Hey!" "Hey!"

Ye Xuan smashed the boxing shadow and was then smashed by Li Chang's ordinary fist.

The two men fought for hundreds of rounds.

"Hey, the proficiency of Huanglongquan has improved, and it is currently 90% hot!"

Ye Xuan's mind sounded a reminder.

Jiucheng has been waiting for fire, and has yet to comprehend the power of the righteousness.

However, Ye Xuan has a premonition, as long as it is upgraded to 10% of the heat, it may be able to become.

After all, he has the blood of the King of Fighters.

"Ha ha ha, kid, eat me a punch!"

At this time, Elder Li suddenly burst into a punch, it is the Huanglongquan.

This punch is several times stronger than Ye Xuan's power, and the speed is almost faster than Ye Xuan's reaction.

"Eight Shield!"

Ye Xuan even escaped from himself, and hurriedly sacrificed the eight wild shields. The earth pulsed four times, and it was attached to the Eight Shields.

"boom!"

The boxing shadow slammed on the eight wild shields, and the eight wild shields were on the body of Ye Xuan. At that time, Ye Xuan was bombarded.

Chapter 617: Power

"Hey!"

Ye Xuanyuan is on the wall and embedded in it.

The warlords and elders who passed by were surrounded by shocks.

"Li Chang is really powerful, this punch, can the boy bear it?"

"It is said that Elder Li has already realized the power of the righteousness. I feel that Li Changla may be able to comprehend the dual myths of strength this year!"

"Cut, maybe Li Elder has already realized it?"

The passers-by whispered in that.

At this time, Ye Xuan walked down the wall, and the punch was indeed very strong, but he had eight wild shields, and the earth pulsated four heavy, as long as he did not face him on the front, he said.

"Not bad, even took over the strength of my Dragon Boxing." Li Chang is very satisfied with the nod.

His imperial dragon fist, which is a powerful force, is enough to kill the virtual gods who have become imaginary.

However, Ye Xuan was made into a virtual reality, but he was able to take it with nothing. It was a genius.

"Elder Li, you also eat me a punch!"

At this time, Ye Xuan's face slammed a punch against Li's elders, or Huanglongquan.

However, the power of this boxing is just like the one he blasted, and his power is more than doubled.

"What, ten percent of the fire?" Li was shocked.

He only felt that Ye Xuan's Huanglongquan was only sixty-seven years old, but now it has doubled its power.

"boom!"

Li Chang veteran broke this punch.

However, the next moment, he is blind.

After this first punch, there is a second punch.

And this second record of the Dragon Boxing, the power is stronger than the first box, and actually doubled.

"not good!"

When Li Chang's head was down, he hurriedly stopped.

He couldn't believe that Ye Xuan could do it in such a short period of time.

"Power is righteous, he actually realized the power of the truth!"

"This is impossible!"

"Absolutely, or how can the second power of the Dragon Fighter be so big?"

The strong onlookers outside were shocked.

"I don't want to be the son of the undead sword god. I played with me for five minutes, and I realized the power of the righteousness."

Li Changzu sincerely admire.

The power of righteousness is his ambiguity to break into the virtual state of God, which is his first meaning.

For Ye Xuan, it is the second meaning.

At this time, Ye Xuan was already too excited to say anything, and the only one of the elders of Li Chang's old dragon fist, let him directly rise to the heat of 10%, and then, it is to understand the power of the righteousness.

"Ye Xuan, I am a younger generation of war kings. I have learned two things, and there are only a handful of them. Your qualifications in martial arts can be compared with the lesser masters!" said Li.

Now, Ye Xuan also understands who is the elder of Li.

It is the eldest daughter Lan Lan's eldest daughter, Lan Yue, who is only twenty-five years old. It has become the king of the virtual gods. It is the only person who can compare with Jiang Tiandu.

At the same time, he also brought the Ice Girl Yandi back to the War King Hall.

"This time, the young masters seem to have brought the ice girl Yandi into the wilderness. I don't know if this ice girl Yandi is the person I am looking for, if it is..."

Ye Xuan thought about it.

If the ice girl is the Song Dynasty, and Yandi is the Song ruling, then it is a tragedy.

The Great Wilderness, but the most dangerous place on the Eastern Continent, is much larger than the jurisdiction of the Three Kings.

Inside, but there is a demon family with a virtual god.

Elder Li saw the thoughtful Ye Xuan, thinking that he was summing up the experience of Fangcai, so he said: "Ye Xuan, this power is just the beginning, and there are two double-minded weights and the triple-mindedness. If you can train to lift weights and make a punch, even if you don't need martial arts, I am afraid you can kill the same master."

After hearing the words of Elder Li, Ye Xuan returned to God.

Power is righteous, there are even double mystery and triple mystery.

"The stronger the strength, the faster the attack will start at the beginning..." Ye Xuan's eyes stunned.

Why can bullets kill people?

It is because when you shoot out, you have a very high initial speed.

"I have integrated the blood of the beast god, and the power has advanced once. Now with this power, my strength, I am afraid it has at least doubled."

Ye Xuan suddenly burst into confidence.

On the same day and Gao Zhan's battle, he reluctantly killed Gao Zhan, and if he realized the power of the day, Gao Zhan would be easily killed by him.

"Ye Xuan, power is not like the pulse of the earth, it is slower to upgrade. Since you have already realized, then we will carry out other training." Li said.

Ye Xuan nodded silently.

Now he has realized the power of righteousness. As for the dual mystery of power and righteousness, he has no desire for luxury.

"Ye Xuan, how do you want to train next?" asked Elder Li.

Ye Xuan paused and replied: "Let's go!"

His attack is enough, and now the difference is life-saving ability.

Moreover, the ground technique can also greatly enhance the strength, so priority training.

If you understand the geosynthesis, then with his three agile advances, the speed will be exploding.

The next time, he was doing evasive attack training, attacked by Elder Lee.

A little bit past, Ye Xuan's realm has not improved, but his strength is constantly strengthening.

At the same time, the overall situation of the outside has also changed.

There are demon races in the territory of the three kings' temples, but what is strange is that the three kings are not the masters of the king of the virtual gods.

This is a crisis, but it is also an opportunity.

These dozens of sub-districts existed before the division of the king's temple, so the three kings' temples took advantage of this opportunity to carry out a baptism.

In the Eastern Continent, only three temples are needed. There is no need to divide the hall.

Soon, one month is over.

This month, Ye Xuan is playing against Li Elder every day. This month's training, although Ye Xuan did not comprehend the new meaning, but the earth's pulse has been upgraded to eight.

At the same time, all kinds of martial arts have all been promoted to 10% of the heat.

His strength is several times stronger than a month ago.

Now, the second team that has entered the Great Wilderness is already screened out, and Ye Xuan is one.

In addition to him, there are three geniuses of the Warlord Temple. These geniuses are generally the sons of the elders, and the qualifications will not be worse.

The realm of the three people is higher than that of Ye Xuan, and the high one has reached the illusion of 50%. The worst one, but also the virtual three, so Ye Xuan is the bottom.

At this time, in a hidden palace in the War King Hall.

"You five, you must not take it lightly. In addition to the orthodox demon, the wilderness is the demon. These demon people often walk in the wilderness. If you are found, you must not be merciful!" The deputy director, Lan Yao, said with a heavy heart.

"Yes!"

Ye Xuan and the other three stood in a row and solemnly responded.

Chapter 618: Great squad

"Then, you are a small team, let's lead the team." Lei Lei, your mind is very careful, be careful." Lan Yao said, but also intentionally or unintentionally stunned Ye Xuan.

Ye Xuan's life is very important. If you let the undead swordsman Ye Chong know that Ye Xuan died in the wild, it would be terrible.

"Well, all four of you will go out from this secret road. After entering the Great Wilderness, go to the secret base of the Warlord Temple in the Great Wilderness." After Lan Yao said, he opened a door.

Then, Captain Lei Lei walked in with Ye Xuan.

The War King Hall is a big force with rich background, but there are many things in this world that have been destroyed by the big forces.

Therefore, there are countless secret passages leading to the outside in the Warlord's Hall.

Ye Xuan followed behind Lei Lei and walked slowly.

"Captain, are you the grandson of the elders?" Suddenly one person broke the silence and asked.

"Yes, my elder is my grandfather."

Yan Lei, who walked in the front, nodded and said: "In this case, we will take this opportunity and introduce ourselves. The trip to the Great Wilderness is very dangerous. It is better to know about teammates."

"I, Yan Lei, the five-year-old, the true meaning of the flames."

"Zhao Jinlong, the sinful four, the stone into gold, the defense of gold!"

"Zhao Junbo, the three sides of the virtual, the stack of waves."

After an inch-headed young man finished speaking, he looked at Ye Xuan and said, "What about you?"

"Ye Xuan, Hua Xuancheng..."

Ye Xuan was just opening, and Zhao Junbo was screaming: "What is the sin of the sin, then what do you do with it, and find death? How can the lord make a sinister and team up with us?"

Obviously, he has not seen Ye Xuan, and in the Temple of War, there seems to be no elders with surnames.

At this time, Yan Lei suddenly fell on Ye Xuan's body, said: "Zhao Jinlong, Zhao Junbo, your two brothers were in retreat before, perhaps have not heard of. Ye Xuan brothers, has already realized two kinds of ups and downs, plus one Double mystery."

what?

Zhao Jinlong and Zhao Junbo are both awkward.

Two kinds of ambiguity, plus a double mystery?

When Zhao Cailong introduced it, he said that he had made his own point of gold and gold. He thought that he was a good one, but he was in front of Ye Xuan, but it was a bit unbearable.

"Ye Xuan, now you are my teammate, so I hope to understand your true strength." Yan Lei asked.

Ye Xuan Fang was interrupted by Zhao Junbo. Actually, he was very unhappy. However, he saw that Yan Lei's attitude was good, so he continued: "Fully, 20%, the earth is pulsed, the pulse is guarded, and the power is righteous."

Sure enough, it's two!

Yan Lei's heart is also a tremor, saying: "I don't know how your earth's pulse has risen to a few weights?"

"Eight!"

Ye Xuan replied that this is his result in a month.

Eight heavy?

After hearing his words, the three people were shocked.

"Mom, it is so high, my stacking waves are only fourfold." Zhao Junbo is very upset.

The undulating meaning of the water property, like the power of the soil property, is capable of enhancing strength.

Both have a bit of a point. For example, there are many realms in the wave of the sea, which is easier to upgrade. The power of the righteousness is triple, the first heavy force, the second heavy weight, the third heavy weight.

The stacking wave is easier to upgrade, but if the power is raised once, it will be worthy of several times.

"I didn't expect the Ye brothers to be so powerful. It was my eyes."

Zhao Jinlong, the brother of the two brothers, hurriedly held a fist.

"The award has been won." Ye Xuan replied politely.

"Cut, the dog will know what to do."

Zhao Junbo is very upset.

Soon, the four men walked out of the secret road and then smashed out in a deserted mountain.

"Okay, let's go!" said Yan Lei.

Then, Ye Xuan is plundering in the direction of the Great Wilderness.

This time, they entered the direction of the first great wilderness team.

They flew for seven days and finally came to the entrance to the Great Wilderness. During the period, they also killed a lot of Yaozu on the way, and harvested Shuofeng.

"Well, passing through this mountain range is a great waste. Let's bring up the spirit and climb into the clouds to hurry."

Yan Lei looked at the big mountain in front and said.

Ye Xuan nodded silently and then rose to the sky. For seven days, he also held the Eight-Dangerous Sword from time to time.

Eight desert swords, but the weapons of the Eight Wild Sword Gods are themselves top-level virtual soldiers. After Ye Xuan's cultivation of this time, its growth rate is comparable to that of the Chinese literary genius that has been bred for ten years. .

Ye Xuan holds this eight-year-old sword and has confidence to fight this battle.

However, just as they were about to fly into the mountains, suddenly a figure swept toward them quickly.

"Be careful!"

Lei Lei first discovered it and hurriedly reminded him.

However, after he saw the face of the person, he suddenly relaxed his vigilance.

"Small temple master?" Yan Lei said.

The king of war, the two young masters, are the daughters of the deputy.

The eldest daughter, Lan Yue, the king of the virtual gods, has entered the depths of the wilderness.

And now it's the young daughter of Lan Yao's youngest daughter, Lan Xin.

Behind Lanxin is a pair of green wings condensed with infuriating air. Her speed is already more than four people present.

"Yeah, it's a stone brother." After Lan Xin approached, some strangely said that it was obvious that she knew Yan Lei.

"Small Lord, how come you?" asked Lei Lei frowning.

"I said that this number is not good, so let me make up and make up." Lan Xin laughed and looked at Lei Lei.

瞎瞎 !!

Both Yan Lei and Ye Xuan said this in their hearts.

Before Ye Xuan saw this blue-eyed to the blue Yao spoiled, the deputy master Lan Yao is absolutely not willing to enter the Great Wilderness.

At this point she appeared here, only one answer, sneak!

Moreover, it should have been for a while.

"Small Lord, go back soon, if we are known by the deputy, we will be miserable." Yan Lei said very helplessly.

"If you want me to go back, you have to keep up with my speed. When you catch me, I will go back!" Lan Xin said playfully.

Lei Lei rolled his eyes.

Just kidding, Lan Xin's realm is the same as him, and it is also a wind attribute outside the five elements.

The most important thing is that Lan Xin understands the wind wing.

The wing of the wind, also known as the acceleration of the wind, can greatly enhance the speed of the military's suffocating air. Not only that, but it can also increase the speed of attack.

There used to be a veteran who had lost 70% of his wealth. He was not able to catch up with Lan Xin.

Yan Lei is not over 50%. If the two are in a game, it is estimated that they will be opened by Lan Xin.

"The lord of the temple, the great waste is very dangerous." Yan Lei still reminded that if other people, he would not remind, but Lan Xin is the daughter of the deputy.

Chapter 619: Little lord

"I know the danger, but I have the wing of the wind, and there is a virtual reality in the middle of the wilderness. It is good, high-level? How is it possible!" Lan Xin shook his head and looked at it.

Her speed is so fast, as long as she does not reach the high level of virtual reality, she can't catch up with her.

"This..." Yan Lei still hesitated.

"Stone brother, if you don't agree, you can go in yourself. Anyway, I will follow you."

Lan Xin smiled and said: "And, I have the life-saving character left by my father. As long as I don't come to the virtual king, I will not be in danger."

Yan Lei still hesitated, and finally nodded helplessly.

They have all reached the entrance to the Great Wilderness. If they go back, then their team will be delayed.

After all, there are actually two teams that entered the Great Wilderness this time. The four of them are the first ones, and the second ones should be formed soon, and then they will enter the Great Wilderness after them.

"Thank you, Stone Brother, you can rest assured that I will protect myself." Lan Xin was stunned and couldn't help but smile.

Yan Lei sighed and joked, Lan Xin is faster than him, how can he protect?

However, what he did not know was that the life-saving symbol in Lan Xin's mouth was simply screaming.

Then, five people entered the mountain range.

Because it was the first time to see the virtual \*\*\*\* of the wind attribute, Ye Xuan couldn't help but look at it more.

The wind attribute seems to be a nice attribute.

If he owns the wing of the wind, it can double the power of the Eight Winds, or even two or three times.

Unfortunately, these special attributes are nothing.

However, it was just when the five entered the Great Wilderness.

"Hey, you are..." Lan Xin's attention suddenly fell on Ye Xuan.

"Ye Xuan, I have seen the Lord of the Temple!"

Ye Xuan said quickly.

Originally, Lan Xin was only familiar with Ye Xuan. Now that she heard the name of Ye Xuan, her eyes suddenly brightened.

"Ye? You are not..." Lan Xin suddenly paused and did not say anything.

However, Ye Xuan was listening.

This little girl should have seen his father, Ye Chong, so he felt that he was familiar.

"It turned out to be you, but how is the realm so low?" Lan Xin asked strangely.

Ye Xuan's face was black, and the heart said: "Do you think that everyone, like you, has a natural treasure to eat?"

His life experience is not bad in Lianyuncheng.

If Lianyungcheng is compared with the War King Hall, this is simply the difference between heaven and earth.

Not to mention the Lianyun City, even the Xuanyang Empire, the Tianshui Continent, the Luosha domain, in front of the War King Hall, are just places where the fingers can be destroyed.

Lan Xin saw Ye Xuan ignore her, but also snorted and stopped talking.

Soon, five people crossed the mountains and entered the Great Wilderness.

"Everyone is careful, although it is only the periphery, but there is no absolute, it is always good to be cautious." Lei Lei once again reminded that this is already his numerous emphasis.

"Stone brother, where are we going first?" asked Lan Xin.

"First go to the secret base of the Warlord Temple in the Great Wilderness, and get to know the situation." Ying Lei replied.

"Well, maybe my sister is there too." Lan Xin laughed and followed the four.

The War King Hall is a secret place in the Great Wilderness. This matter is very hidden, even if Lan Xin does not know. And Lei Lei is the captain of the great squad, so he knows.

This secret stronghold is near the entrance to the Great Wilderness, and everyone only needs to catch a day.

However, just on the night of their entry into the Great Wilderness.

"Booming!"

Suddenly there was a loud noise in the distance.

"How can there be a battle? Is it a battle between the demon and the imaginary beast?" asked Lei Lei frowning.

"Go and see, go see." Lan Xin is afraid that the world will not be chaotic.

"what do y'all think?"

Yan Lei turned to look at Ye Xuan three.

Although he is the captain, it is related to the lives of four people. He must listen to the opinions of others.

"Go and see." Zhao Jinlong nodded.

Zhao Junbo also has no opinion.

"Go."

Ye Xuan also agreed.

What is he doing in the wild, isn't he just upgrading?

Since there is fighting, there must be casualties, and he can still make a fortune.

This time, the great wilderness, he has a purpose, that is to promote, and then exchange for the twin blood.

By then, he has two false gods.

Since Ye Xuan has agreed, Yan Lei can only agree. At the moment, he is taking the four people in the direction of the movement.

At first they thought it was a demon and a virtual beast fighting, but then I thought it was wrong, which is clearly the sound of infuriating.

After they got close, they saw four demons who were besieging a human.

Among the four demon people who besieged humans, one person has already changed his body, so Ye Xuan and others will see it at a glance.

"I am the elder of the War King Hall!"

Yan Lei suddenly recognized the man, and shouted: "Kill!"

In the meantime, five people are rushing in that direction.

However, the fastest speed is Lan Xin, which is more than Lei Lei in the blink of an eye.

With the wind wing, the speed of Lan Xin exceeded the people present, she approached directly, and then took out a small dagger.

"Oh!"

"Oh!"

"Oh!"

"Oh!"

After thinking about the crispness, the three heads were thrown up, and even the red dragon that turned into the body was decapitated.

"Good and strong, kill four people in an instant!" Ye Xuan heart trembled.

He did not expect that the strength of this Lanxin was so powerful.

The four people are all around 40%. Although Lanxin is taller than them, the other party is a demon, and the body is strong, but it is spiked.

"Elder, are you okay?" Lan Xin's filigree jade held a silver-white dagger and asked.

"Nothing..."

The elder of the War King Hall was a bit stunned, and after he saw the face of Lan Xin, he exclaimed: "The Lord, you, how are you here..."

"I will help," Lan Xin replied.

Until then, Ye Xuan four talents arrived.

"You have come too slowly, hey, everyone has a ring." Lan Xin suddenly threw the spoils to Ye Xuan, just to be able to distribute.

"Little temple master, we did not help anything..." Yan Lei frowned.

The four demon people of Fangcai are all killed by Lan Xin. This thing, Yan Lei can not.

"Get it, my good things are many." Lan Xin said.

Indeed, she is the daughter of the deputy lord of the War King Hall. There are so many things in the shackles of the shackles, even if Ye Xuan is not enough to add up to one tenth of her.

To be honest, these Qiankun Rings are quite attractive to Yan Lei, especially Ye Xuan.

"The trough, is this a welfare?"

Chapter 620: welfare

"The trough, is this a welfare?"

Ye Xuan brows a pick, he just entered the Great Wilderness, he got a sinister ring of the demon.

These things, I am afraid enough for him to break through to the virtual three.

However, he did not do anything in Mao. This time he did not even fight, but he did not dare to break through.

He took the Qiankun into his arms and thanked him: "Thank you for the Lord!"

This time, I really made a big profit.

He estimated that after a while, he could exchange the blood of the twins.

"Elder, how are you here?"

Yan Lei quickly asked.

"Don't mention it, the base was discovered by the Yaozu, and several of us were besieged and all lost."  
The black elder shook his head helplessly.

"The stronghold, was discovered?"

Ye Xuan five people are all wrinkled.

The secret stronghold has existed for a long time. It has not been discovered before, but it has been discovered now. This can only explain that there are traitors!

Suddenly, Lan Xin five people have stepped back.

Yan Lei took out a transformational Dan and threw it to the elders in black. He said, "Elders, please take this transformation into a Dan."

"it is good!"

In order to prove his innocence, the black elders took on the spot and there was no change after a few seconds.

However, this can only prove half.

Turning into Dan, can only prove that the black elders are human beings, can not prove that the black elders stand on the human side.

"I know that you don't believe me. Now I have been identified, and I can only report back to the main hall."

When the elders in black finished speaking, they waved their sleeves directly and left.

Looking at the back of his departure, Yan Lei asked: "You, what do you think?"

"This demon is too sinister, secretly attacking our people, we still have no way to take them." Lan Xin said helplessly.

"This elder seems to have no problem, but how do I feel that he has not tried his best?" Zhao Jinlong said.

"Indeed, I think it is like this." Yan Lei nodded.

The old black elder, like him, is a sinister, so he feels a bit strange.

"Then what do we do, go back and stop him, check out the Qiang Kun ring?" Lan Xin suddenly proposed.

"Han Kun ring, there is no use, we still have to leave." Yan Lei said.

Then, the five people left quickly, but the black elder who had just left was behind them.

"I didn't expect that the Lord of the Lord had come, and luck was good. If she left her, I would be able to make a great contribution!" The elders in black thought with squinting.

Indeed, this time the secret stronghold was smashed, that is, he sold it.

.....

At this time, Ye Xuan, who was flying in front of him, did not know that the old man in black used a special way to contact the Yaozu behind him.

"Stone brother, where are we going now?" asked Lan Xin.

"Go to another secret stronghold, hopefully not found." Yan Lei said.

From their second closest location, they still need two days.

However, just after they rushed for a day.

"There are a few strong breaths coming over to us." Yan Lei suddenly said.

"Well, and there are a lot of people." Lan Xin suddenly turned and looked.

However, it is not able to see anything, because most people are hiding in the clouds.

"The battle broke out later, everyone is fighting, but don't be too far away from teammates!" Yan Lei said.

"understand!"

Ye Xuan nodded.

Here is the periphery of the Great Wilderness. There are fewer middle-level imaginary gods. As long as they don't come to high-level, they will not be in danger.

After all, there is one more powerful Lan Xin in the team.

Sure enough, shortly after they set the battle plan, there were demon people landing from the air, with more than 20 people.

These twenty demon people, the strength is between 20% and 40%, not very strong.

However, among these Yaozu, there is a figure that all five people know.

"Elder, really is you?"

After Yan Lei saw it, he couldn't help it.

"Oh, nature is me!" The old black man smiled.

He played so much and demon with the Yaozu, in order to lead the elders of other strongholds.

After all, in this great wasteland, it is not only the Warlord Temple that has a stronghold, but also the King Hall and the Beastmaster Hall.

Soon, the twenty demon people surrounded the five.

"That gimmick is handed over to me, and the others are handed over to you." The black elder said to a white-haired old man.

"Good." The white-haired old man nodded.

He also felt that the two teams were more difficult, one was Lan Xin and the other was Yan Lei.

The elders of black have also seen Zhao Jinlong and Zhao Junbo, so they know more about their strengths, and other demon people are enough to clean up two people.

As for Ye Xuan, he was directly ignored by him.

"Not much nonsense, kill!" The old man in black shouted.

In the next moment, more than 20 demons were shot in an instant, and countless attacks swept toward five people.

"First off!"

Yan Lei hurriedly shouted.

In the face of encirclement, their best way is to find a weak point to break through, otherwise the battle is too dangerous.

"chase!"

The black elders and the white-haired old man immediately dispatched, but they were slowed down after all.

The Yaozu who retired from the leaves of Ye Xuan was directly harvested by the fastest Lanxin.

It's just that the other three demons are also surrounded.

"Small Lord is careful!"

After Lei Lei reminded him, he rushed to the white-haired old man. The opponent of Lan Xin is the black elder of the War King Hall.

The two brothers Zhao Jinlong and Zhao Junbo have also taken shots.

Now is the time.

"Hey, the degree of virtualization of the host has increased, and it is currently thirty-one!"

The realm of Ye Xuan suddenly rose up.

"Let me see, this month's growth!" Ye Xuan doubles, his strength, can not be weaker than Yan Lei!

Eight wild winds kill!

The earth is pulsating 8!

The eight-handed blade instantly swept out. At the same time, Ye Xuan continued to smash the smashing smash that had been upgraded to 10% of the fire. His killing speed directly exceeded the sum of Zhao Jinlong and Zhao Junbo.

"What, this kid hides strength?" Zhao Junbo looked aside.

He felt that Ye Xuan's realm is not as he said, only the sinfulness of the two, which is clearly the same as the three, and he is the same.

Within three seconds, more than 20 demon masters, even the transformation has not changed, they were killed by Ye Xuan.

Ye Xuan, one person took a total of thirteen pieces of Qiankun ring, his realm once again soared twice, reaching thirty-three!

The fish has been cleaned up, then the next two are left.

Ye Xuan's eyes braved the fiery fire and rushed toward the old man in black.

"Oh!"

At this time, suddenly a crisp sound spread, the demon master who has become a sinister, has been killed by Lan Xin.

"How could it be so strong? Escape!"
