Chapter 68: Spirit beast

"Then we... can't get in?" Ningchuan asked awkwardly.

"Go in what to do, let him attract attention, we are not strong enough. If you go in, I am afraid that it will be hurt by so many attacks, and even die inside." The road is not flat, but also slammed and killed the outside. Mountain thief.

Although they only have four people and hundreds of thieves, there are not many who can really get close to them.

In the case where the realm is too different, the human tactics are not useful.

In the midst of these mountain thieves, Ye Xuan suddenly took out a few chasing souls, this time, it was squatting out.

The speed of these snipers was fast, and the thieves did not react, and they were stopped by the waist.

In the moment of watching his brother killed a large piece of death, then Cao Hu's face is also extremely gloomy.

Three snipers, even killed nearly 100 thieves, if more than a few times, is it not to die?

"Second brother, kill me with me!" Cao Hu picked up the two round hammers beside him and went out.

"Yes, Big Brother!" The second home of Heishuishan could not sit still, and followed a big axe to go out.

"Is the Lord finally coming?"

Ye Xuan Yu Guangyi, looking at the two slowly came out.

Cao Hu holds a double hammer, cold and cold: "Boy, you came to my black water mountain this time, the purpose should not be that simple. I guess, you should come for the beast."

"not good!"

Cao Hu's voice has just fallen, and the uneven face on the outside is just a change.

However, at this time there are so many thieves surrounded, he simply can't get in, let alone kill this Cao Hu.

Ye Xuan inside, after hearing the words of Cao Hu, is also a smile, it seems that this black water leader is knowing something.

"The big master, what are you talking about, how can I not understand?" Ye Xuan asked, but his heart was already blasting.

Lying trough, spirit beast?

"Don't pretend, I know, you are here for the black water dragon." Cao Hu said coldly.

Black water dragon!

After hearing this name, Ye Xuan was also slightly trembled. Just now Cao Hu said that he had a spirit beast in the Blackwater Mountain. It seems that this black water dragon is.

"The big master, are you sure that you are not wrong? You have a black water dragon in the Blackwater Mountain?"

Ye Xuan asked some unbelievable.

"Kid, you don't have to install it, but this black water dragon is a weak period, not a few of you can deal with it. Let's go, I don't care if you kill so many brothers." Said.

He also knew this thing long ago, and it was his men who accidentally spread the news.

Heishuishan is just a small force. In the face of the huge cloud of the Yunyun sect, there will be no resistance. Therefore, Cao Hu wanted to send Ye Xuan and others, and then moved the entire cottage to other places.

"Haha, big master, you are joking, I killed you hundreds of brothers, can you let us go?" Ye Xuan suddenly laughed.

"If this is the case, then you will die!" Cao Hu did not say more, just banged the past.

Hammer is a powerful weapon. Cao Hu is the martial art of the seventh peak of the martial art. If he slams into the seventh heavy weapon of the martial art, he can definitely kill it.

However, his opponent is Ye Xuan.

"Huh!"

The sledgehammer fell, squatting on Ye Xuan's body, not waiting for Cao Hu to reveal the color of surprise, Ye Xuan the whole person is drifting away.

Afterimage!

"What?" Cao Hu was shocked. With his eyesight, he did not find where Ye Xuan went.

"call out!"

Suddenly, there was a broken sound in front, and it turned out that Ye Xuan was going backwards.

"Oh!"

Cao Hu's head flew up, and the huge body fell backwards on the floor.

dead!

Spike!

The audience was silent.

The most proud of them, they were killed by a kid!

"I want to kill you!" The second master was also reacted in an instant. After glanced at the body of the great master, he waved a big axe toward Ye Xuan.

"Oh!"

Another crisp sound spread, the big axe came out and fell to the ground.

The head of the second home also flew up, and the blood was floating.

Now, the three heads of the Blackwater Mountains are dead, and the entire Blackwater Mountain Village has no heads. The thieves who respond quickly are turning around and running.

Just kidding, even the boss is dead, what are these younger brothers still doing here, waiting to die?

"Want to go, you blame the thieves who do not do evil, all go to hell!" Ye Xuan breath suddenly soared, and instantly pulled out a few chasing souls.

The number of deaths soared, and the corpses were everywhere on the top of the mountain. The smell of blood was unusually pungent.

At the time of picking up this task, Li Yunzong gave Ye Xuan a copy of the information, which said that the thief of the Blackwater Mountain had no evil, and had destroyed several towns. The caravans that were robbed were not much. Life is still alive, women are usually alive, and then they are brought back to the cottage to enjoy.

Therefore, these people are not enough to die!

"We also kill!"

The road is not flat, but it has also reacted and started to kill.

Within half a minute, there are hundreds of bodies on the ground, and the blood is full of land. Except for a small number of thieves who escaped, most of them died here.

At the end of the battle, there are only four living people left here.

"Ning Shidi, you are going to release the people who have been looted by these thieves." Lu said to Ningchuan.

"Good." Ningchuan quickly left.

Soon, dozens of women ran out. Most of them were under the age of 30. Ye Xuan even saw a few girls smaller than Liu.

The four first arranged these women together, and then they began to look for the treasures of the Blackwater Mountain Masters. After they buried their valuables in one place, they escorted these women down the mountain.

When they returned to the top of Blackwater Mountain, when they were ready to distribute the spoils, Ye Xuan finally said: "Senior brother, now, are you going to explain to me, what is the spirit beast?"

Hearing this, the road is not flat and Ning Chuan's face is also changed.

"I must have guessed the younger brother. We came to Heishuishan this time, not exclusively to do the task."

Lu Zhiping knew that this matter could not go on, so he began to explain: "I got a message before, saying that a spirit beast was found in the Blackwater Mountain, and it was a beast that was to be born."

The beast is a creature that is more powerful than the demon, and is equivalent to the warrior of the human true spirit.

"Senior brother, even if it is a beast to be born, it is not something we can deal with." Ye Xuan asked.

The beast is more terrifying than the ten-order monster, even if it is awaiting labor, I am afraid that it is not something that ordinary people can deal with.

"Yes, so this time I brought a poison." Lu Shixiong suddenly took out a slap in the arms.

This amount is too big.

"What poison, can poison to the beast?" Ye Xuan asked some unbelievable.

"Teacher, you can rest assured that this will definitely make the black water dragon lose most of the combat power." Lu Shixiong suddenly smiled and said: "Ye Shidi, if you are interested, we can make a deal, this black water cottage thing We don't want it anymore, as long as you help us, how?"

Hearing this, Ye Xuan wanted to spray him with salt water.

Although there are many good things in this black water village, it is estimated that it will be more than 20 million.

The value of a beast is far beyond that.

"Brother, do you think of me as a fool? The inner body of the spirit beast, the inner Dan of a spiritual beast, at least worth 10 million two gold, or else, let's go back?" Ye Leng said.

Ten million gold, that is, one billion and two silver, as long as it is an individual will be heart-warming.

The road was not changed again, and said: "Okay, as long as you can win this inner dan, the income will be divided into you."

"Just kidding, with my strength, only worth 10%?" Ye Xuan some disdain, straight to the point and said: "I want 30%!"
