Chapter 681: Guan Lan

"Okay, I know!" Ye Xuan nodded silently.

At this time, the ruling master of the ruins of the cloud asked: "You are a disciple of the Yunyun, how did you grow up to the sixth-level king?"

"I broke through to the dilemma on the Tianshui continent, so I came to the blood rock continent, and then got the inheritance of a virtual **** king..." Ye Xuan made a reason.

"It turned out that Tianshui mainland is too barren. There are a lot of geniuses there, but they are buried because of the strength of the heavens and the earth and the cultivation of resources."

"The Sovereign, is the female emperor a virtual god?" Ye Xuan once again asked, he is more concerned about this problem.

"No, the female emperor is unable to achieve the great emperor because he has not cut off the seven passions and desires."

Upon hearing this answer, Ye Xuan was relieved.

Since he is not a virtual god, he does not need to be afraid. When he gets the right time, he will go to Guan Lan and see if he can wake her up.

"Sovereign, since this is the land of the island, then I will leave." Ye Xuan clenched his fist at the ruins of the ruins of the cloud.

"Hey, you are going to go, if you let the sea law enforcers know that you are a murderer, you will die."

"Lord, take care!"

Ye Xuan also did not want to trouble him, leaving the island directly.

This time, but beyond his expectations, he did not expect to be able to meet a person in the Tianshui continent in the riot of the sea.

However, his heart is more than a hatred.

Guan Lan is forced to obliterate memory, not her own will.

Therefore, Ye Xuan must find this place back.

"Hey, dare to forcefully erase the memory of the language..."

Ye Xuan said coldly in his heart, and immediately left quickly.

Since the female emperor is not a virtual god, so as long as he breaks through the seven-level king, then you can go to the female emperor thief group to go.

But for now, let's break through and say.

There are some six or seven pirates around Liyun Island, but in order not to cause trouble to the ruins of the ruins, Ye Xuan decided to run a little farther.

He flew in the water for two days and went to a place suitable for upgrading. This time his goal was a seven-level pirate group.

"The Eight Swordsmanship, the sword is broken!"

Ye Xuan plunged outside the island and launched an attack directly against the formation.

The array at the entrance to the island's large array is very weak because it is often opened. This is the most suitable attack. However, due to the high level of the island, this sword was not able to break open.

The attack on the big island of the island was too big, and it immediately attracted the attention of the pirate group. At the same time, it also caused the attention of a person not far away.

Hundreds of miles north of the island, there is a huge figure, a giant wolf with silver wings, and on the back of this giant wolf is a woman in white.

If Ye Xuan is here at this time, she will recognize her at a glance. This white woman is the Guan Lan who he is looking for.

When Ye Xuan entered the Li Yunzong, he was fifteen years old, and now he is already twenty-two years old. Therefore, Guan Lan has been away from Tianshui mainland for many years.

The young girl who was originally a young man was already slim and slim, and she was less mature and more mature.

At this point, she looked at the direction of the sound and gently patted the back of the giant wolf. This silver-winged giant wolf immediately noticed it and turned it into a stream of light.

And Ye Xuan, is ignorantly attacking a large array of islands.

"Ok?"

Suddenly, he felt a bit of something wrong. He immediately turned around and saw a stream of swiftly swept away.

"Is it a sea enforcer?"

He thought subconsciously.

But at this moment, suddenly there was a blue sword that quickly slammed toward him.

So fast!

Ye Xuan's eyes screamed and immediately stopped the sword and quickly avoided.

"Water properties? No, it is the Ray property!"

He reacted.

This sword is blue, but it is not a water attribute, because this sword also contains a kind of energy.

However, when Ye Xuan was ready to fight back, it was discovered that the visitors were familiar.

"Off language Lan?" Ye Xuan exclaimed.

"Ok?"

Sitting on the back of the silver-winged Sirius, Guan Lan, after hearing the exclamation of Ye Xuan, also stunned. She feels that Ye Xuan is also familiar, but there is no memory in her mind.

She was erased by the memory of Bi Qingxia, but the silver wing Xiaochao remembered Ye Xuan.

"Hey..."

Silverwing Xiaotian wolf screamed in the sky, and then even flew directly toward Ye Xuan, the mood looked very excited.

Upon seeing it, Guan Lan immediately came down from its back, and then it was a sword against Ye Xuan.

"Damn!"

Ye Xuan quickly evaded, and at the same time prepared to kill the silver wing Xiaowo, which was thrown over, but at this time, his name suddenly flashed a name.

whisper!

At the same time, he also saw that this virtual beast, the silver-winged wolf, seems to be not hostile to him, and his eyes are full of joy.

"Wolf? Whisper?" Ye Xuan once again exclaimed.

"Hey..."

Silverwing Xiaotian wolf squatted to Ye Xuan's side, very close to his eyes with Ye Xuan.

Although I haven't seen it for a few years, I still remember the smell of Ye Xuan after all. After all, it was Ye Xuan and Guan Yulan who opened their eyes after birth.

"Haha, I didn't expect you to grow so big." Ye Xuan reached out and touched his whispered head.

I haven't seen it for a few years. Fang Xiaoyu has grown from a little wolf to a giant wolf bigger than a tank. It has grown a pair of silver wings, which seems to have been mutated.

Not far from Guan Lan, I saw this scene, but also looked silly.

Seeing that the female emperor did not give in, the silver-winged Xiaolang wolf whispered, and was willing to be touched by a strange man. What is going on?

"The murderer, what trick did you use?" Guan Lan said very angrily.

"The demon law?"

Ye Xuan brows one pick, said: "Ylang, don't you remember me?"

"Why should I remember you?"

Guan Lanyi, she did think that Ye Xuan was somewhat familiar, but she could not find relevant memories.

"It seems that it is really erased." Ye Xuan is a headache. He doesn't know how to wake up the memory of Guan Lan, which is troublesome.

However, just as he thought about it, it was suddenly a sword.

Ye Xuan was shocked and hurriedly avoided.

This blue sword is full of great power and is swept away from the whisper. Fortunately, Ye Xuan has the acceleration of the wind and the repulsive force of the gravity space, otherwise it has already been split in two.

"Hey..."

Whispered and screamed, but Guan Lan was unheard of and continued to attack.

"The seven kings, the thunder property..."

Chapter 682: Forbidden land

"The seven kings, the thunder property..."

Ye Xuan saw the realm of Guan Lan, and as it was said by the ruins of the Clouds, Guan Lan was a seven-level king, and he was about to break through to the eight-level king. After all, it can be seen from the size of the field.

But what he didn't expect was that Guan Lan was still a rare mine attribute, just like Blue Moon.

Although they are all Ray attributes, the blue moon is much worse than the language.

A three-level king, a king who is about to break through to the eighth level, has no way to compare.

Although Guan Lan feels that Ye Xuan is somewhat familiar, but there is no memory, and she is a member of the female emperor, and she just saw Ye Xuan attacking the island. Therefore, Ye Xuan is her enemy.

"Curse!"

An electric snake hit the sky.

Ye Xuan did not dare to neglect and rushed to avoid it.

"What should I do now? Language is now erased from memory, I don't know me at all, I am here, there is nothing."

Ye Xuan's face is gloomy.

He felt that Guan Lan had a strong fighting power and, most importantly, he could not fight back.

"withdraw!"

At the moment, Ye Xuan made the decision and went ahead.

He doesn't have any methods at present, so he can only go first. When he returns to Xuanzhongshan, he asks Xuanzhongshan people to see if there is a way to wake up memories.

"Want to go?"

Guan Lan Lan flashes and immediately chased it up.

Guan Lan has been brought to the riots of the stars since he was a teenager. In the past few years, he has been instilled with a lot of things, such as growing up in the riots, no relatives and friends, so what Ye Xuan said, she I won't believe it.

"Lang Lan, let's see you in the future!"

Ye Xuan sipped a sentence and directly applied gravity space to block Guan Lan with repulsion.

However, the strength of Guan Lan is beyond his imagination.

"The acceleration of thunder!"

Guan Lan broke out instantly, and her speed was already beyond that of Silverwing.

You must know that Silverwing Xiaotian Wolf has grown rapidly in the past few years, and its combat power is comparable to that of the eight-level king. The speed is directly chasing the nine-level king.

However, Guan Lan is comprehending the acceleration of Lei, and the speed is faster than it.

"The trough!"

Ye Xuan was shocked and hurriedly condensed the wings of the wind, and then accelerated with the repulsive force of gravity space.

What made him helpless was that the speed of Guan Lan was the same as him.

"Fortunately, I still recognize me whispering, otherwise the two add up, my life is worrying!" Ye Xuan was very helpless, one recognized him, but one did not recognize, this is really too drama.

What he wants to do at this time is to increase the speed to the seven-level king, and then go to the female emperor to see if there is a way.

But for now, let's get rid of the entanglement of Guan Lan.

Ye Xuan fled, while using the repulsion to block Guan Lan, but the speed of Lei's acceleration of Gao Yi's understanding is very high, even if there is a repulsion, her speed can be equal to Ye Xuan.

Three figures, fast in the riots of the sea, only the six-level pirates have not appeared, they have already left.

"The slayer, you can't escape!"

Guan Lan Lan shouted behind his back.

Ye Xuan intentionally and unconsciously glanced at the back, looked at Guan Lan, not seen for a few years, the latter's body is better, but also more mature, but the expression on the face is to make Ye Xuan somewhat chilling.

I thought that in the past, they were about to smash the last layer of yarn, but they were suddenly disturbed by Zhou Cang, the deputy lord of the Li Yunzong.

Ye Xuan is thinking now, and when he returns to Tianshui mainland next time, he must dig out the body of Zhou Cang and spur it again to vent his anger.

Two people, one person flees, one person chases.

The whisper of the eight-level king is roaring and following.

It has been with the language for many years, IQ is not lower than humans, it can understand the words of Guan Lan, but Guan Lan does not understand its words.

Guan Lan, has always believed that Ye Xuan has used some means to surrender the whisper, so he is chasing after him.

Ye Xuan has no way. At this time, all he can do is to escape and continue to flee. When Guan Lan is really angry, he can escape.

However, just a few hours after the two men moved at full speed, Ye Xuan suddenly appeared in front of an island.

“Well? There is no island that protects the island?”

Ye Xuan looked at the front in a strange way. This island does not have a large array of islands.

This is exactly what he meant.

Just let him fall to the ground, then he can run with his legs.

Running on the land, he has the ground, flying in the air, he has the wind to accelerate. But don't forget, he has four agile advancements, which can increase the speed of 40%. At that time, he can definitely pull the distance in an instant, without having to exhaust the instinct of Guan Lan.

However, after seeing the island in Guanlan, the look was a slight change.

She has heard of this island.

This is the forbidden land of one of the top ten forbidden places in the riots of the Xinghai. It is rumored that the island is very mysterious. From time to time, there will be riots and stars, although it sometimes seems calm and calm, but it is very dangerous.

After all, some riots and thunderstorms are the peak kings who can kill the virtual state.

This day, the land was forbidden, even if the female emperor did not dare to come in, so Guan Lanlan hesitated.

However, after he saw Ye Xuan's speed did not decrease, he made a decision.

chase!

Ye Xuan, but he did not know what the island is, because his nautical chart only wrote a name, Tianlei Island.

If the nautical chart says that the sky is forbidden, he will definitely go away.

"Arrived!"

Ye Xuan plunged into the forbidden land, and then quickly fell, ready to use his legs and Guan Lan to open the distance, his speed is very fast, and instantly widened the distance between the two.

"How quickly did his speed improve so much?"

Guan Lan looked at Ye Xuan's back, very puzzled, but she had insisted on chasing, so immediately whispered: "Let you not come in!"

Silverwing Xiao Sirius whispered when he wandered alone, accidentally broke into the forbidden land, and was accidentally killed by the riots and thunder.

Therefore, it has deep fear of this place, can only watch Ye Xuan and Guan Lan into it, pray in the heart of the forbidden land, do not suddenly violent, or Ye Xuan and Guan Lan are dangerous.

At this time, Ye Xuan and Guan Yulan have entered the forbidden land, and Ye Xuan, who has a 40% moving speed bonus, has already opened a distance with Llang.

However, just a minute after they entered the forbidden land.

"Well? How come the clouds in the sky are more?"

Ye Xuan looked up a bit strangely and found that there were electric snakes in the clouds. This is not an ordinary cloud, but a thundercloud.

"Not good, riots and thunder!"

His face sank.

The most dangerous thing in the riots of the Xinghai is the riot of the saga. The riots are strong and weak. The weak ones can even kneel down, but the strong ones can kill the nine kings.

Chapter 683: crisis

At this time, the thundercloud on the top of Ye Xuan's head was terrible, and it was concentrating on the strength of the heavens and the earth.

Before entering the riots, Ye Xuan heard about the riots, but later learned that the riots were more dangerous than he imagined.

This riot star Lei also has a tracking effect, the stronger the breath, the closer the place where the riot star is landing.

"Boom!"

When Ye Xuan thought about it, suddenly he was stunned by the thunder, and he quickly glanced at it, even outside his own kilometer.

He is not the physique of Ray's attributes, but he is not resistant to the riots. This riot is a violent horror that can scare him to death.

"Boom!"

Suddenly, another riot of the thunderstorm was hit, behind the scenes.

Ye Xuan hurriedly turned around and found that Guan Lan had chased him when he hesitated. The second riot, Xinglei, was hit near Guanlan.

He quickly looked up and saw that Lei Yun's electric snake was more frequent. At the moment, there seems to be a feast of star thunder.

"No, you must go out as soon as possible!"

Ye Xuan's face sank and his feet went down. He quickly turned around and rushed toward Guan Lan.

"Would you like to win a game here?"

Guan Lan's face is not very good. Seeing Ye Xuan Chong, he immediately launched an attack.

In the air, Ye Xuan can escape her attack. Now on land, Guan Lan's attack is not a threat to him.

"Do not fight first, go out and say!"

Ye Xuan hurriedly shouted.

However, Guan Lan did not take it seriously and attacked Ye Xuan.

"Hey!" "Hey!" "Hey!"

A sword is escaping by Ye Xuan, not only that, Guan Lan also continues to use the penalty to attack Ye Xuan.

Suddenly, there are more and more lightning strikes in the forbidden land, and the sound is getting louder and louder.

Fortunately, Guan Lan's natural punishment and rioting star Lei have obvious differences.

The lightning penalty of the day is fine, and it is condensed from the top of the head, and the route is straight. The riots are very thick and the colors are very deep. They are hit from the thunderclouds. After tracking the atmosphere of Ye Xuan, they will continue to fold.

However, whether it is a day penalty or a violent star, Ye Xuan must hide.

After seeing the behavior of Guan Lan, Ye Xuan still did not flee, but was prepared to cross Guan Lan and let him chase himself away from the Tianlei forbidden land.

However, it is at this time.

"Boom!" "Boom!"

The two riots and the squadrons were knocked down at the same time, and they all hit the surrounding area. After that, the language was not calm, and it quickly moved.

These riots, although some are very weak, even the first-class kings are not dead, but humans can not tell whether these riots are weak or strong, so they must hide.

After these two riots, the entire banned land was violent.

Star Lei feast, start!

"Boom!" "Boom!" "Boom!"

One after another, the riots of the riots thundered, and the frequency was several times faster than before.

Ye Xuan and Guan Yulan are gloomy and are constantly avoiding.

Now, Guan Lan does not attack Ye Xuan, but also began to avoid the riots.

However, the riot star has a tracking effect, she is in the air, Ye Xuan is on the ground. Moreover, she is a seven-level king, and will soon break through to the eight-level king. Ye Xuan is only a six-level king.

Therefore, the riot star will naturally attack her first.

"not good!"

Ye Xuan also suddenly thought of this, hurriedly reminded, let Guan Lan fell to the ground.

It is at this time.

"Boom!" "Boom!" "Boom!" "Boom!" "Boom!"

Five riots of the riots smashed down. One of the riots was to go to Ye Xuanyuan, and the other four, the goal was all about Lan.

If it was only one or two riots, then Lan Lan could escape. However, even after four riots, she did not even think of it.

"boom!"

Although Guan Lan quickly escaped, but only escaped three riots of the thunder, and finally the riot of the thunder, directly on her head.

"Guanlan!"

Ye Xuan exclaimed and quickly swept past.

The power of the riot star is strong and weak. At this time, Ye Xuan can only pray. This riot is not powerful. After all, Guan Lan is a seven-level king.

However, the luck of Guan Lan is really not good.

The power of this rioting star is enough to kill a seven-level king.

After being smashed by the violent star, the consciousness was suddenly blurred, and the line of sight began to blur. She saw that there was a figure that swiftly swept toward her.

The white figure, unable to fall from the air.

Ye Xuan rushed past and caught Guan Lan, but he just came into contact with Guan Lan, and he was shaking and trembled. After the rioting star Lei swam in the body of Lan, he passed into the circle. In his body.

If he was smashed by this riot of thunderstorms, I am afraid that he will die in an instant, even if it is the remnant riots, it will cause him a lot of trouble.

The violent star Lei swayed in Ye Xuan's body, and his ribs and flesh and blood, the internal organs and the internal organs, were sizzling. Fortunately, he also had a bloodline of life, and the soil was intrinsic, if he was It was hard to support.

Although the soil property does not restrain the Ray property, the inferiority of the soil property is stronger than the other property. If Ye Xuan is a water property, then this time it will be miserable.

Ye Xuan, who was smashed into the body by the riot, threw the whole person, and then slowed down after a long while.

"Oh shit....."

Ye Xuan is about to bite his teeth. He quickly checked the breath of Guan Lan.

"Call, there is breath, but it is extremely disordered and must be treated immediately."

He quickly took off the ring of Guan Lan, and then swallowed it.

"Hey, the host has broken through to the seven kings!"

The system prompts to sound.

They are two, one is a six-level king, and the other is a seven-level king. After the two gathered together, the breath soared.

Now, Ye Xuan has broken through to the seven-level king, and his breath has grown stronger.

"Boom!"

The riot star Lei once again hit, but after the breakthrough, Ye Xuan was fast, and hurriedly took Guan Lan to leave.

The breath of the two seven-level kings was directly locked by the thunderclouds in the sky. The next riots and thunderstorms were one after another, very accurate.

If Ye Xuan does not break through, I am afraid I will have been killed.

"Damn, hurry and leave!"

Ye Xuan's heart regrets very much. Why do you want to enter this island? The most important thing is to introduce Guan Lan.

If you don't die, you won't die!

Guan Lan was violently rioted in the thunder, but fortunately she was Ray's property, otherwise she died under that blow.

At the moment, Ye Xuan is going to leave Tianlei forbidden quickly, otherwise he and Guan Lan will die here.

Chapter 684: Wind and thunder

Ye Xuan holds the seriously injured Guan Lan, plunging in the direction of coming, and the speed is reaching the limit.

However, what surprised him was that there was a magical array in this forbidden land.

"What, this is impossible!"

Ye Xuan exclaimed, but the voice was overshadowed by the roar of the violent thunder.

Ye Xuan's sense of direction is still very strong. He estimated his speed. It should be right to leave this Tianlei Island. However, his front is still an endless land.

"Fantasy, it must be a magical array!"

Ye Xuan suddenly reacted.

This day, Leidao, it is so strange, he swam for a few months in the riots of the stars, it is the first time to see such a violent scene.

But now is not the time to think about it, he has to find a way out, and then he has to find a place to take refuge.

However, the violent star of the genius is just an appetizer. The series of riots of the genius of the genius, at most six riots, starred.

Next, but to break through this number.

Ye Xuan suddenly felt something, looked up and found that Lei Yun immediately laid down more than a dozen riots.

"The trough!"

Ye Xuan exclaimed.

More than a dozen riots, all of which were turned to him, and blocked all the way around him.

Among them, there is a very thick riot star Lei, seeing his cold sweat DC.

This round of attacks, Ye Xuan barely escaped, but this is still only the beginning.

"Boom!" "Boom!" "Boom!" "Boom!"

The previous riots and thunderstorms were all along the way. Now, they are described in terms of arrays.

A riot of stars and thunder is more than a dozen.

Ye Xuan did not dare to have the slightest effect. The land technique was already played by him to the peak. He looked around and found a cliff.

In fact, he really wants to open a hole directly, drilled underground, but time is not allowed. At this time, I saw a cliff. He immediately sacrificed the Eight Desert Sword and plucked it.

"The eight wild winds kill, the sky breaks!"

"boom!"

The stone wall of this cliff is very hard, and the sky can only break through a small hole of one meter.

"Come back!"

"boom!"

The stone wall was broken a bit, and now it is enough for two people to hide.

However, the riot star Lei will fold down, so this is not enough.

It is at this time.

"Hey, the host has realized that the downsizing is in the right place!"

Suddenly a reminder sounded, Ye Xuan's body trembled.

Shrinking into the inch?

He was very surprised, even in this one-and-a-half time, he realized the dual mystery of the earth-walking technique and shrank it into inches.

This is a good news!

At the moment, he is controlling the Eight Desert Sword and recycling it.

The next moment, he is using the shrinking ground that he has just realized.

On the ground, a hole was broken in an instant, and Ye Xuan took it in with Guan Lan. Although the king's field can also control the soil, the effect is much worse than shrinking the inch.

At this time, Ye Xuan has entered the underground, keeping a space of two meters outside the body, he quickly fell, the speed is even faster than he is running on the road.

This is to shrink the ground into an inch!

"boom!"

Although Ye Xuan got into the soil, the riot of the sky was still in the position where he entered. Fortunately, at this time, Ye Xuan had already drilled for several kilometers. Although the riot star was strong, he was There is no threat.

"Huh!"

Ye Xuan stopped and breathed a sigh of relief.

He moved almost 10,000 meters down. The soil that he broke open quickly merged after he left, so he could almost cover up his breath.

At the moment, he is looking for a slogan in the language of Lan, then take out some medicines and rush to help Guan Lan. Of course, the best effect is naturally his blood, but he has the blood of the **** tree and the blood can recover.

With a two-pronged approach, the breath of Guan Lan was finally stabilized, but still unconscious.

"The violent squad outside the star does not know when to stop, or use the land, find an exit."

Ye Xuan once again picked up Guan Lan.

At this time, he has the advantage of shrinking the ground and being free to move under the ground. Therefore, he wants to drill directly under the island and leave from the sea.

At the moment, he just continues to move down.

This Tianlei Island is several times larger on the nautical chart than the island of Rift, but no one knows how high it is. Ye Xuan went down all the way. When he walked 50,000 meters, he suddenly emptied and fell from the ceiling of a place.

"what?"

Ye Xuan was shocked and found that there is no hole in the sky. If it is just an ordinary cave, he will not pay more attention, but he actually saw a stone monument.

"Wind and Thunder!"

Ye Xuan read out the three words on the stone tablet.

At this time, everyone in the arms suddenly moved, and Ye Xuan looked down and found that Guan Lan had opened his eyes. He hurriedly put Guan Lan down and looked alert.

Intuition tells him that Guan Lan will immediately start!

However, he guessed it wrong. After seeing him, Guan Lan did not start, but whispered: "Ye Xuan..."

"What?"

Ye Xuan suspected that he had got it wrong. He recalled it and found that he did not tell Guan Lan about his name. Why, Guan Lan would know?

Could it be that the memory has recovered?

"Are you recovering your memory?" Ye Xuan exclaimed.

Unexpectedly, after Guan Lan was squatting, he quickly retreated and looked at Ye Xuan with a strange look.

It seems that the memory has not recovered.

"You are Ye Xuan?" Guan Lan asked eagerly.

"Yes, do you remember me?" Ye Xuan nodded.

Although there are some changes in his appearance, it will not change much.

"I don't remember you, but why do I have a feeling of knowing you?" Guan Lan is very puzzled. He doesn't wait for Ye Xuan to open his mouth. He is angry and said: "What have you done to me?"

She believes that this must be Ye Xuan's hands and feet, after all, she was lying in Ye Xuan's arms.

"I didn't do anything to you. We used to be friends. Don't you remember?" Ye Xuan frowned.

"How can I be friends with you and me?"

Guan Lan does not believe.

She is a general of the female emperor and a sea enforcer.

Ye Xuan is a murderer.

A sea law enforcer, a murderer, how could two people be friends?

"I ask you, are you not remembering before the age of sixteen?" Ye Xuan squinted and asked.

This question, but asked Guan Lan to ask, indeed, she did not have previous memories.

Everything was told by the female emperor and Bi Qingxia, and she felt very strange about it.

Looking at her appearance, Ye Xuan continued: "We grew up in a sect. Seven years ago, you were suddenly erased by a strong man and brought to the riots."

Chapter 685: Wind thunder hall

Seven years ago!

Ye Xuan is now twenty-two years old. He was fifteen years old seven years ago, which is the age at which he entered the Li Yunzong.

Guan Lan heard this, and the doubts in her heart were even bigger. She did have only the memories of these seven years. If she was before, there would be no more.

Ye Xuan saw that there was an effect. He quickly said the previous things, bit by bit, trying to wake up the memory of Guan Lan.

He speculated that Guan Lan should not be erased, but was sealed. After being stunned by the rioting star, the seal was broken, so she could call out Ye Xuan's name.

"In addition, the name is also taken by me, otherwise you think why whisper will recognize me?" Ye Xuan said again.

Guan Lan is silent, and Ye Xuan said that she has no impression at all, so it is still to be verified.

However, the whisper still carried her at the time, and there was a distance from Ye Xuan. If Ye Xuan wanted to do something, she should be able to discover it.

"These you said, there is no research for the time being."

Although Ye Xuan said it is true, Guan Lan still has some doubts.

"I know, I just let you know that I am not your enemy. Otherwise, I can kill you instead of saving you." Ye Xuan knew that this was not enough to make Guan Yulan believe, so he did not continue. Go on.

"What about the things in my ring?"

Guan Lan suddenly found this problem and hurriedly asked.

"Only in order to escape, I have to take some out, you can rest assured that I will return it to you at that time." Ye Xuan replied.

If he does not break through, I am afraid that both of them will die under the riots of the riots. This is no way.

Originally, he also wanted to swallow the rest of the things, to enhance his strength, but at that time he just realized that the contraction was reduced and the crisis was lifted.

Although this reason is somewhat far-fetched, Guan Lan thinks that Ye Xuan is not in danger. Otherwise, can she still live to the present?

At this time, Guan Lan began to look around for four weeks. After she saw the words of the wind and thunder hall, she was shocked.

"Where is this?" she couldn't help but ask.

"I only realized that I was down to the ground, so I fled to the bottom. I don't know where it is." Ye Xuan shook his head.

On the stone tablet, there are three words: 'wind and thunder temple'. After the stone tablet, there is still a way to go. Ye Xuan has not yet entered, so I don't know where it is.

However, he can probably guess that this may be someone's hole.

I would like to ask, who will establish a cave house in such a dangerous place where the land is forbidden?

Moreover, it is still so hidden, tens of thousands of meters under the ground.

If Ye Xuan did not understand the shrinking of the ground into an inch of meaning, I am afraid I could not find it. After all, there is a large thundercloud on the top of the head.

However, Guan Lan suddenly remembered something.

"Wind and thunder?"

She exclaimed.

After hearing these four words, Ye Xuan asked a little strangely: "Who is the wind and thunder?"

However, he can guess that this Fenglei Emperor should be a virtual god, or how dare to use the word 'Great Emperor'?

"The wind and thunder emperor is a virtual **** of the riots before the millennium. It has two kinds of virtual gods: wind property and thunder property. It is said that he ruled the entire riot sea, but then disappeared, so the riots and the sea are only torn apart. ""

Guan Lan explained it again and said: "He left a message before he disappeared, saying that his life is near, and he built a wind thunder hall before he died. He will die in this wind and thunder temple."

"Wind and Thunder Hall?"

After hearing this, Ye Xuan picked up his brow and glanced at the stone tablet subconsciously.

The name is the same!

"The millennium, the world is constantly looking for the wind and thunder hall, but there is no result, but at that time, the pirates gradually increased. But did not expect that the wind thunder hall turned out to be under the forbidden land." Guan Lanlan looked blank.

This time, they did not know what to do, but they were able to find the Temple of the Wind.

This means that there may be the inheritance of the wind and thunder.

The inheritance of a great emperor, even if it is a female emperor, a war emperor, or a madman, I am afraid that I also want to get it. If it is, then they will be able to break through to the virtual god.

"Go, go in and see!"

Ye Xuan came to interest.

His father, Ye Chong, got the inheritance of the Eight Wild Swordsman and only flew into the sky. Eight wild swords, also a virtual god, so it can also be called the Eight Great Emperor.

Now, the most lacking of Ye Xuan is the realm. If you can get the inheritance of Feng Lei, you can save him a lot of time.

At that time, he can directly kill the Sword God Palace, and what Jiang Tianquan and Jiang Wenyue are playing.

For Ye Xuan, Guan Yulan actually has a bit of resistance, but Ye Xuan is not in danger, but it has won her goodwill.

Therefore, she agreed to go in with Ye Xuan.

The two crossed the '风雷殿' stone and entered the black lacquered passage. They walked for a while and saw a blue-green door.

This door has a blue on the left and a green on the right. There is also a hole in the palm of the hand on each side.

"If you want to open this door, you need to get together the wind and thunder!"

Ye Xuan read the words on the stone wall.

The wind thunder emperor has the wind attribute and the thunder attribute. His inheritance needs the talents of these two attributes to get it. This is arguable.

However, the above does not say that it is necessary to have a person with wind and thunder properties at the same time, or can have two people, one person wind attribute, one person mine attribute.

"It's really clever, I have the wind property, you have the Ray property, just try it." Ye Xuan eyes lit up.

Guan Lan Lan gave him a look, indeed, this is very clever.

If it is really possible to open this door, then they can get the inheritance of the wind and thunder, which is what many people dream of.

At the moment, they are in a good position. Ye Xuan is on the green side. Guan Lan stands on the blue side. The two face to face, and then they extend their arms into the two holes of the gate, and then instill the thunder and wind. The instinct of the attribute.

"boom!"

The next moment, this blue-green door is open.

Became!

The door opened very slowly, and the two people were very excited and could not wait to get in immediately. With the opening of the gate, the things inside are reflected in the eyes of the two.

They walked in with each other and looked around.

In front, there is a statue of one person tall. This statue is a middle-aged man with two long swords.

It seems that this middle-aged person should be the wind and thunder.

On the steps behind this statue, there are two big treasure chests, one blue and one green.

Chapter 686: Wind thunder heritage

"The inheritance of the wind, the inheritance of Ray!"

Ye Xuan's eyes widened.

As long as it is an individual, when you see this, you will instantly understand that the two inheritances are separate.

After all, the twin fruit is originally a legendary thing. The wind attribute and the thunder attribute are also rare attributes. If the two are combined, I am afraid that it will be difficult for one year.

Ye Xuan walked up quickly, and opened the green treasure chest with the wind attribute, and it was the blood of two or three blood, and a dragon ring.

"Three?"

Ye Xuan was shocked and glanced at the note in the treasure chest.

"The top quality martial arts, popular!"

"Commodity virtual martial arts, windy days!"

"The seeds of the wind attribute!"

He was shocked.

The average person, at most, condenses a blood seed, but this wind thunder, can actually condense three.

No, the inheritance of Ray may also be there!

The seeds of martial arts are still good to say, but Ye Xuan is the first to hear the seeds of the righteousness.

"Olympic seeds?"

After seeing the note, Guan Lan couldn't help but exclaim.

Being able to condense the mystery of his own understanding into a blood seed, the qualification of the wind and thunder is far beyond their expectations.

At the moment, she opened the blue treasure chest, lying three blood seeds quietly inside, and a dragon ring.

Six!

There are actually six blood seeds, which is how the wind and the thunder are done.

At this time, a loud and powerful voice suddenly sounded in the hall.

"People who have passed down my heritage, please remember my name, windy!"

"I hope that you can break the virtual reality and reach the top in your lifetime!"

There are only two sentences, very brief.

But Ye Xuan and Guan Yulan understand that this is the voice left before the death of Feng Lei.

Wind is the name of the wind and thunder.

"Up to the top, is this the strongest meaning?" Ye Xuan asked a little strangely.

Guan Lan did not answer, but put it on the ring.

There is only one thing in her ring, it is a sword.

At the moment, she just took it out.

"The wind and thunder of the Emperor's running thunder sword?" Guan Lanlan exclaimed.

"Ben Leijian?"

Ye Xuan glanced at the dark blue long sword, then turned his head to look at the statue. The statue was held by the left hand. Isn't this the Ben Leijian?

He quickly put on his own shackles and watched it. Sure enough, he also had a light green sword.

"Wind Dragon?"

Ye Xuan read out its name.

"Wind and thunder, the left hand is running the thunder sword, the right hand is the wind dragon, and no one in the rioting sea is his opponent." Guan Yulan explained.

Although Ye Xuan already has eight swords, the wind dragon is also a top-class virtual soldier, and it is also a wind attribute. If you use this wind dragon to use the wind attribute martial arts, the power is stronger.

The emotional Ye Xuan directly accepts the three blood vein seeds and then swallows them.

"Hey, the host has learned to be popular, and the current proficiency is 10%!"

"Hey, the host has learned the wind and the sky, and the current proficiency is 10%!"

"Hey, the host has realized the death storm!"

"Hey, the host has realized the **** of the wind!"

"Hey, the host has realized the wind space esoteric!"

A series of four prompts sounded, shocking the heart of Ye Xuan.

Popularity is a body of martial arts, and the wind and the sky is the attack of martial arts, these two top-quality virtual martial arts, even have already trained to 10% of the heat.

This is not the point.

The point is that he actually realized the three remaining meanings of the wind attribute.

Even if he did not comprehend an esoteric, after devouring the seeds of the righteousness of the wind, he would probably understand all the meanings.

This wind thunder emperor, is it too abnormal?

"It's terrible, my strength, I'm afraid it's at least three times before!" Ye Xuan was shocked.

It is very popular to be a martial artist, and he is much better than the Meteor. His flying speed is much faster. But what surprised Ye Xuan was that he actually realized the wind space.

Now, he can combine the gravity space and the wind space, and now he is likely to be qualified to challenge the nine kings and even kill.

"Ylang, you have to refine the blood seeds!"

Ye Xuan hurriedly reminded.

On the side of Guanlan, there are also three blood seeds. The first two blood seeds are two martial arts. As for the third one, it is naturally the seed of the mine.

Guan Lanyan, no nonsense, went straight to the corner, and then began to refine these three blood seeds.

For martial arts, the meaning of the esoteric is more important, so she prioritizes the eulogous seed of the thunder property.

"It's really big to make a big profit. Now my strength can already be traversed in the riots of the riots." Ye Xuan's heart is already blasting.

Wind space plus gravity space, these two metamorphosis tricks add up, it is already able to easily kill the eight kings.

To deal with the nine-level king, Ye Xuan does not need to use the Eight-Defense Sword at all. It is enough to use only Feng Long and Ou Yi.

Perhaps, even the shots are not used, directly shocked with double space, and then use the death storm. It is not impossible to kill the nine kings in the field alone.

Guan Lan has now dispelled the suspicion of Ye Xuan and closed his eyes to refining.

Ye Xuan is next to her and gives her protection.

Although it is said that it is a wind and thunder hall, it is generally not dangerous, but he still has to be careful.

Guan Lan does not have a system of phagocytosis, so it has to be refining and refining. This process is somewhat slow, and it takes only one week to refine the eulogous seeds.

There are only four of the righteousness of Ray's attributes, the acceleration of Ray, the armor of Thunder Dragon, the punishment of heaven, and the double ambition of heavenly punishment.

Originally, Guan Lan only realized two things. Now there are more Thunder Dragon armor and tens of thousands of thunder, and the combat power is greatly improved.

Then she began to refine the other two martial arts seeds.

The seeds of refining and chemical martial arts are often accompanied by some peculiar phenomena. If it is successfully refining, the warrior will suddenly rise up.

Since Ye Xuan is not self-cultivating, there is no such phenomenon.

However, this phenomenon has appeared in Guan Lan.

It took another week for Guan Lan to refine the two martial arts seeds. She suddenly broke through to the eight-level king, and she improved a lot. If she practiced for a while, she might be able to hit the nine-level. The king is gone.

Ye Xuan has a phagocytic system, which is different.

He can refine and refine three blood seeds in an instant, but Guan Lan has spent a full half a month.

"Congratulations."

Ye Xuan saw Guan Lan Lan opened his eyes and said with a smile.

"Thank you." Guan Lan nodded slightly.

In the past two months, Ye Xuan has turned this wind thunder hall to the bottom, but has not seen anything else.

It seems that this Fenglei Emperor only left these two inheritances.

Chapter 687: Invincible king

Ye Xuan is very disappointed, because if the wind and the emperor left some natural treasures, then he can upgrade again.

However, it is better to teach fish than to teach it.

Now that Ye Xuan's wind attribute has been fully understood, is it afraid that it will not be able to improve the realm?

Since there is no other thing here, Ye Xuan and Guan Yulan also left. Ye Xuan first glanced at the ground and found that the land was calm.

Therefore, they just choose to leave.

There was indeed a magical array in the forbidden land of the Tianlei, but without the harassment of the riots, Ye Xuan quickly found the exit and left Tianlei Island.

.....

Outside the island of Thunder.

"Let's go, let me see you next time, I won't be merciful."

After leaving, Guan Lan said to Ye Xuan.

"Even if you don't care, you can't help me, or else, let's try?" Ye Xuan looked at the mature Guan Lan.

"Try it and try it!"

The words Lan Languang flashed and sacrificed the sword that had just been obtained.

She has already broken through to the eight-level king, and the righteousness has also realized that her fighting power at this time is at least several times before, and she also wants to practice her hand.

"come on!"

Ye Xuan also sacrificed the dragon.

"call out!"

"Boom!"

Guan Lan took the lead, and while using the penalty, he used the thunder of the 10%.

However, Ye Xuan at this time is also not the same.

Ten percent of the top grades of the imaginary martial arts, the wind space, the gravity space, and the acceleration of the wind, these additions, so that the speed of Ye Xuan is almost to the extreme, easily escaped the attack of Guan Lan.

At the same time, he also used wind and gravity space for Guan Lan.

In the meantime, there are two forces that have restricted Guan Lan. She is already an eight-level king. She can't break free and can't move.

This scene is like the advent of the great emperor. The wind space and the gravity space are superimposed on each other. It is like the will of the great emperor.

"How is it possible?" Guan Lan is shocked.

If it is normal cultivation, she has the confidence to break through to the nine-level king within one year. If there is a large amount of natural materials, then she will be faster.

However, such a realm, in front of Ye Xuan, the seven-level king, like a lamb to be slaughtered, letting slaughter, which has greatly affected her self-confidence.

"It's useless, I guess, even if it's a nine-level king, it's not so easy to break away. My current strength, I'm afraid it's under the virtual gods, it's invincible."

Ye Xuan said with a smile, his face was full of satisfaction.

"This....."

Guan Lan's face was dignified. Originally, she and Ye Xuan were part of the court, but after accepting the inheritance, the gap between her and Ye Xuan was so wide.

Moreover, she has seen the female emperor, but she believes that if Ye Xuan and the female emperor are right, the female emperor may be limited to this double space.

Not to mention the restrictions, even without this double space, Ye Xuan's speed is already more than the female emperor.

The first person under the Emperor, deserved!

"What do you want?" asked Guan Lan, frowning.

At this time, Ye Xuan suddenly removed the double space, and Guan Lan restored his mobility.

"I want to go to your female emperor pirate group. If they don't get your consent, they will erase your memory. This fairness, I naturally want to get it back!"

Ye Xuan said faintly.

"No!"

Guan Lan directly refused, even if things are as true as Ye Xuan said, but the female emperor cares about her after all, he does not want Ye Xuan and the female emperor to fight.

The key is that she is the righteous woman of the female emperor.

"The female emperor brought you to the riots of the sea, in order to inherit her foundation, is to let you break through to the virtual gods. Now you have the inheritance of the wind and thunder, with your qualifications, it is not difficult to break through to the virtual gods You don't have to practice that way."

Ye Xuan paused and continued: "I went to see her, just want to ask if there is a way to restore memory."

Wen Yan, Guan Lan is silent.

In combination with Ye Xuan's words and her own suspicions over the years, to be honest, she is already convinced of Ye Xuan's words.

"You really can't do it?" Guan Lan asked again.

"If she is willing to restore your memory, that is the best. If I refuse, then I can only come hard, but I swear, will not hurt her life, and will not kill others, how?" Ye Xuan opened I have my own conditions.

Guan Lan was silent for a while and finally nodded silently.

Only in the memory of these years, she feels very empty, so she is also very eager to know what she was like seven years ago.

"Hey..."

At this time, suddenly there was a figure in the distance, it was the silver wing Xiaolang wolf.

"Now it's here, let's go!"

.....

From the forbidden land to the female pirate group, there is still a long way to go. However, there are two spaces in Ye Xuan. They are very fast, and they arrived at the female emperor pirate group in just one day.

Like the pirate group, the mad pirate group is on a deep sea giant tortoise, while the female pirate group is on a big snake.

However, when the Guan Lan Lan Xuan entered, he found that the female emperor was not there.

"Three big sea thieves reunion?"

Ye Xuan a glimpse.

The location of the gathering is at the junction of the three major sites.

Just don't know what they are going to do.

"The riots of the sea are three-pointed, so the three sea thieves will gather once a year to discuss some matters." Guan Yulan explained.

"This way, then we have a look."

Ye Xuan's eyes glimpse and hurry again.

The three sea thieves gathered, if they can do it all, can he say that he can be promoted to the nine-level king?

However, he promised Guan Lan, who did not harm the female empires.

However, I did not say that I did not fight against the Emperor and the madman.

"When the Warlord Palace wants to open a route, it has to go through the territory of the Emperor. If the Emperor is destroyed, then the route will naturally open, and it will be unimpeded!"

Ye Xuan's eyes lit up.

His goal this time is the War Emperor Pirates.

This time, they spent three days and arrived at the junction of the three major sites.

This is an ordinary small island, but there are dozens of warships gathered here, including the war emperor, the female emperor, and the mad warship.

However, when Ye Xuan and Guan Yulan arrived, things were not as simple as he thought.

There are hundreds of people standing on the island, and each is a master.

Among them, the female emperor, the emperor and the madman are in front of their respective camps.

However, the situation seems to be a little bad for the female emperor, because the Emperor and the madman have joined forces.

"Do you both forget the original tripartite agreement?"

Chapter 688: Self-cutting!

"Do you both forget the original tripartite agreement?"

A middle-aged woman, shouted loudly.

She is the female emperor, the nine-level king.

The madness is the appearance of a red old man. As for the last emperor of the three hegemon, it is a white-haired old man.

At this time, the Emperor and the savage team have already surrounded the female emperor.

"The female emperor, we have been fighting for more than ten years. Although you are all neutral, but you have done a lot of work?" Mad Zun said to the female emperor.

"What do you mean?" The female emperor's eyes glanced.

"The murderers I took down this site, I thought it was sent by the War Emperor, but I didn't expect it to be you." The madman replied coldly.

"Hey, you don't doubt the Emperor, I suspected that I was on my head?" The female emperor's face sank.

At this time, the Emperor warned: "The female emperor, I am a warlord to do things, but also never hide. I did, I will admit, I have fought with the madness for more than ten years, he naturally understands who I am. However, this time you actually sent someone to kill the mad grandson. Do you want to blame me on this kind of thing?"

what?

Upon hearing this, the female emperor's face was stiff.

The mad son, dead?

She never got the news.

"Impossible, I have not issued such an order!" The female emperor shouted out subconsciously, and she also knew that it would be useless to conceal it at this time.

The murderer who sent the maddening site some time ago was indeed the person she had left. Not only that, but she also sent people to the Warlord Territory.

However, she has never been ordered to kill her grandson.

"The original you are neutral, we are lazy to take care of you, but your people have killed my grandson, this hatred, I can not report!" The mad look looked at the female emperor coldly.

"I have never made such an order!"

The female priest argued that she did not have to go through it. It must have been the master of the past, and she ran into the violent grandson and killed him.

"Hey, I remember you have a housekeeper, called Bi Qingxia, right?"

The Emperor's eyes glanced and said: "It's her, she killed the violent grandson. At the same time, she has already been killed by madness."

"boom!"

This news is a blockbuster for the female emperor.

Bi Qingxia is one of her most trusted people. Although she is a housekeeper, she was raised by Bi Qingxia.

In the heart of the female emperor, Bi Qingxia is her mother.

Unexpectedly, she has already died in the hands of madness.

"She killed my grandson, and even pretended that the seven-level king smashed many of my islands under the squatting ground. If I didn't just hit it, I couldn't catch her."

After madness and coldness, he also looked at the Emperor and said: "The female emperor, tell you a secret, the emperor is my brother, my grandson has to call him grandfather, we have two battles for more than ten years. Just because the personality is not the same, but never killing their loved ones."

"boom!"

The head of the female emperor roared again.

The Emperor of War, is actually a mad dear brother?

This is something she never knew.

Not only that, but even the violent and the strong under the Emperor of the War, do not know. Do not say that they, even the grandchildren of the two, may not fully know the secret.

"If you are only neutral, we would have wanted to blink one eye and close our eyes, but since you are looking for something yourself, then we are ruthless."

The Emperor looked at the female emperor and said coldly: "The female emperor, you cut yourself."

Self-cut!

It is not an easy task for a superior to dictate himself, unless the superior is already in a mess.

The female emperor killed himself, let his men disguise himself, sneaked into the emperor and the maddening territory, and expanded the hatred of both sides. However, he accidentally killed the violent grandson and lost a close relative.

In desperation, the mad and the Emperor had to tear up the tripartite agreement against the female emperor.

The female emperor was disheartened and looked around.

This time, both the Emperor and the madman are much more than her. If the two sides join hands, she has no chance of winning.

If it is self-discipline, then it will not fight, and her men will not die.

However, she is not reconciled, her wish is to unify the riots like the wind and thunder of the millennium.

Unfortunately, she can't see this scene.

"I know."

The female emperor sacrificed her own weapon.

"Head!"

The masters behind the female emperor hurriedly shouted.

The female emperor pirate group is actually the weakest of the three major hegemons. Only one of her is the nine-level king. The mad pirate group, in addition to madness, there are two nine-level kings, the warlord is weaker, plus a total of two.

As long as the female emperor dies, the situation of the rioting sea of stars will change instantaneously, which may be a double world or a unity.

After all, the Emperor and the madness are brothers, and it is not impossible for the two brothers to unite the riots.

"Self-cut, let's riot the stars, it should be calm."

The Emperor looked at the female emperor.

But at this moment, the sky suddenly plucked two figures.

"The female emperor!"

Guan Lan, who rushed to the rush, directly plunged to the side of the female emperor.

The female emperor looked at her and shook her head: "Lang Lan, sorry, the female empires, I am afraid..."

"If you become a king, you can rest assured that as long as you die, we will not be troubled by you." The Emperor added.

The female emperor nodded slightly and she was ready.

However, it is at this time.

Not far from Ye Xuan, I know that I am coming out.

Although this matter has nothing to do with him, the female emperor has taken care of Guan Lan for seven years, and Guan Lan has no father or mother since childhood, so Ye Xuan does not want the female emperor to die.

Since the female emperor wants to unify the riots of the stars, then Ye Xuan will help her. After all, after the unification, the future female emperor should be Guan Lan.

"Grazed Lord."

Ye Xuan shouted and swept over.

Ok?

The madness is stunned, and after he sees the face of Ye Xuan, it is even more bizarre.

"Is it you? How are you here?" asked the madman.

The appearance of Ye Xuan is also a stiff hand for the female emperor.

He is also nonsense, and he straightens to the door and says: "Frenzy, Emperor, now I will give you a chance. If you retire, you can save your life. Otherwise, your pirates will be removed from the riots in the future."

After hearing the madness, I was shocked and said: "What are you talking about?"

A picture suddenly appeared in his mind, that is, the picture of Xuanzhongshan people.

When Ye Xuan left the mad pirate group on the same day, it was only a four-level king. Now, in the past two months, at most, there are five kings.

Therefore, the mad esteem is that Ye Xuan asked Xuanzhongshan people to shoot.

Chapter 689: Challenge overlord

Of course, Ye Xuan's intention was not to let the two leave, but to kill the Quartet, so he regretted saying: "Don't worry, my master will not shoot. Now, I am here to challenge you, mad Warlord, do you agree?"

This sentence, but scared the people around.

A young man dares to challenge the madness and the emperor. No, it is a challenge at the same time.

At the same time challenge the two kings of the nine kings, is this looking for death?

"Second brother, who is his master?"

The Emperor of the War asked some strangely, because he saw the madness of knowing Ye Xuan.

"Xuanzhongshan people!" mad face answered gloomily.

Under the madness of the plate, there was a virtual god, and the news was quickly passed to the Emperor. After the war emperor heard this fact, his face became pale and pale.

The virtual gods, but the powerful master who can easily kill all of them, and Ye Xuan, is actually the apprentice of the virtual god.

"You can rest assured that I only remember my disciples. My life and death, my master will not ask." This time, Ye Xuan directly said that he is a registered disciple.

On the same day, he was in the mad pirate group. He said that he was a disciple of Xuanzhongshan, but he did not say that he was a famous disciple. After seeing the gravity space, he was taken for granted that Ye Xuan was a pro-disciple of Xuanzhongshan.

Today, however, Ye Xuan's strength is hundreds of times stronger than it was at the time, and naturally no need to hide it.

"Name a disciple?"

After the madness was heard, his face changed again. If he knew that Ye Xuan was just a disciple, why did he refuse it that day?

"It turned out to be just a famous disciple. I dared to challenge me and my second brother. I really don't know how to live and die. Zhang Yanyue, you will meet him when you go up."

After hearing about the Xuanzhongshan people, the Emperor did not dare to look down on Ye Xuan.

Although it is only a registered disciple, is that He Yan on that day not more powerful than the madman?

Therefore, it is impossible to take people by appearance or to take people by age.

After hearing the words, the strong man behind the War Emperor came out. He is a king of eight, and his strength is good.

Anyway, today's things have been fixed, Ye Xuan's appearance is just a small episode.

Soon, Ye Xuan walked out of the void and went out, offering a green sword in his hand.

Wind Dragon!

The name of this green sword is the same as the martial arts he had learned before. He has to deal with an eight-level king. He does not need to go out of the sword.

The reason why he took out the wind dragon is to force it.

"Well? This weapon..."

The high-level brows of the audience were picking up, and the eyes of the mad, the emperor, and the female emperor were all a look.

"The wind and the dragon's wind dragon?"

Someone exclaimed.

Feng Lei, the great man of the millennium, when he unified the riot of the sea of stars, but because of his near life, after he disappeared, the riots of the sea of stars again split.

However, in the riot of the stars, there are still many statues of him.

Feng Long, as his main hand weapon, the world is naturally not strange.

"Oh, it's just a copy of it. It's just a Chinese imaginary soldier."

Someone immediately shouted disdainfully.

This kind of imitation weapon is much seen by everyone, so it can't represent anything.

But how can they know that the wind dragon in the hands of Ye Xuan is the main weapon of Feng Lei, and is the template for all imitations?

"Kid, die!"

The only coldness that was made by the strong man was that he was against the Ye Xuan and directly took out a flame of sword.

"Ha ha!"

Ye Xuan holds the dragon in the wind and slaps an attack.

Windy sky!

"call out!"

This sniper, easily broke the flames of the sword, the two became a strong man. The speed is fast, only a few people present can react.

When the body of the strong man fell from the sky, when the dragon and the ring flew to Ye Xuan, the talents present reacted.

"This is the windy sky of the wind and thunder!"

"God, Fenglong can be copied, but I haven't heard of anyone who can create a martial arts like a windy sky."

"Do you know that he has found the inheritance of the wind and thunder?"

The people around are shocked.

The Emperor, the madman and the female emperor, all three also have wide eyes. They feel that this sniper is terrible, even if they are not necessarily 100% next.

Just when everyone was skeptical, Ye Xuan laughed loudly: "Yes, I have already got the inheritance of the wind and thunder, and the wind and the wind and the sky are also in the wind thunder hall."

The voice fell into everyone's ears, and everyone's body was trembled.

Is there really a wind thunder hall?

The world has been searching for the millennium, but has not found the legendary wind and thunder hall, so many people speculate that the wind and thunder may have left a lie.

There is no wind and thunder temple at all, and there is no wind and thunder heritage. Fenglei Emperor is a selfish person who will not pass on what he has learned all his life.

Unexpectedly, things turned out to be true.

"The Emperor, mad, come out and fight." Ye Xuan shouted.

He has fully realized the essence of the wind, even if he has only seven kings, he can easily kill the eight kings. In the battle of the party, he did not even expand the field, and he killed an eight-level king with a glimpse of it.

If the field is unfolding, what is the madness and the emperor?

The Emperor and the maddening face were gloomy, and they looked at each other and waited for them to speak. Ye Xuan said again: "Oh, the nine kings of the two sea thieves will come out together."

This time, the mad pirate group and the empire pirate group, in addition to the madness and the words of the Emperor, the two sides have come to the three major nine-level king, that is, all come.

Now, Ye Xuan is not only to challenge the madness and the Emperor, but also to add the three nine-level kings.

Is this too mad?

At the same time, I challenge the five major nine-level kings. I am afraid that only the virtual gods can do it. Isn't Ye Xuan looking for death?

When I heard this, even the Guan Lan, who was next to the female emperor, was shocked. She wanted to stop it, but after she saw Ye Xuan's confident smile, she resisted it.

She has already seen the strength of Ye Xuan, and she has no resistance in front of Ye Xuan.

We must know that her strength can compete with a nine-level king.

Ye Xuan has the popularity, the acceleration of the wind and the two spaces. His speed is no longer possible.

Thinking of this, Guan Yulan has great confidence in Ye Xuan.

"I don't know what to do!"

The Emperor was very annoyed.

Even if he is challenged, he will add a madness. Now, it is necessary to challenge the five ninth-level kings including him at the same time. This is a naked insult.

Adding the top to death is the master of the Emperor's Pirates. If this is not reported, how can he be worthy of his brethren?

Chapter 690: War Emperor, die!

"Well, since you are looking for death yourself, then I will fulfill you!"

The Emperor of War plucked out, and there was another nine-level king.

The madness was also a wrinkle, and then went out with the followers of two nine-level kings.

The five major nine-level kings gathered together.

Among the five, the strength of the madness and the Emperor is the strongest. The other three are only the first to enter the nine-level king, but if they add up, the virtual **** can kill them.

They don't believe that Ye Xuan will be a virtual god!

"well!"

After seeing the five people coming out, Ye Xuan nodded with satisfaction.

There are six nine-level kings in the riots of Xinghai. With the exception of the female emperor, there are only five people left.

Want to unify the riots of the stars, the madness and the emperor must die, or how the female emperor shocked?

Therefore, these five people became Ye Xuan's murderer and became his stepping stone.

Ye Xuan has made plans to unify the riots of the sea of stars and assist Guan Lan to become the master. After that, he opened the route for the warlord, and then returned to the East China to find Jiang Tianduo and Jiang Wenyue's revenge.

Then, Ye Xuan was plundered into the distance. The five people were mad and thought it was an unnecessary move. After all, the five of them joined forces, enough to kill Ye Xuan.

At this time, Ye Xuan suddenly changed the wind dragon to the left hand, and then took out the eight wild swords.

This is the first time he has been on the top nine, and he is still five. He can't be willful and must be treated with caution.

"Boy, hand over the inheritance of the wind and thunder, I spare you not to die!" said the Emperor against Ye Xuan.

The inheritance of the Wind Thunder Emperor is definitely the wind attribute and the Ray attribute, and the Emperor's son happens to be the wind attribute, so it can be used.

"Oh, if you want the inheritance of the wind and the thunder, then take it yourself!" Ye Xuan opened his mouth and smiled.

He also knows that he is not dead today, even if he has the background of the mysterious mountain people, if the strength is not enough, the War Emperor and others will certainly not be merciful.

"It's very good, there is a bone, so if you do, then don't blame me!" The Emperor drank a word, the field suddenly unfolded, and at the same time he threw out dozens of virtual soldiers and attacked Ye Xuan.

The two are separated by 10,000 meters, and the field has already wrapped Ye Xuan into it.

On the contrary, Ye Xuan's field is also to pack five people into it.

The War Emperor is a metal, madness is a fire attribute, and the other three attributes are gold, fire, and water. Although there are two attributes to restrain themselves, but Ye Xuan is not a single only soil attribute.

"call out!"

Ye Xuan swiftly swept away, and the pair of green wings behind it was very dazzling.

Ten percent of the top grades of the virtual martial arts are popular, the wind accelerates the ambiguity, the repulsive force of the gravity space accelerates, and the wind in the wind space accelerates.

This makes Ye Xuan, who has only seven kings, more speed than the War Emperor and the madness.

"what?"

After seeing Ye Xuan, who was fully fired, the War Emperor finally understood what kind of existence he was.

The speed of the seven-level king has surpassed those of the nine-level king. This is a genius, no, this is a enchanting!

The home of the nine-level king is very tempting for Ye Xuan, but he also knows that a strong person like the Emperor of War does not put everything in the ring, they will take most of the Things, find a place to hide.

However, as long as he killed five people, he can at least break through to the eight-level king.

Ye Xuan's primary goal is to fight the emperor.

The distance of kilometers passed by, and Ye Xuan was already in front of the Emperor of War when he was carrying five people.

"Wind space, gravity space!"

The next moment, Ye Xuan used double space to limit the Emperor.

The Emperor of War is already the king of the peak, but this double space has brought him huge restrictions. Although he can move, the speed is only 60% of the previous one.

"Dead, sword broken stars!"

This battle is of paramount importance. Ye Xuan even plundered the war emperor and stabbed the sword-breaking stars.

The Emperor wanted to avoid it, but his speed was only 60% of the previous one, and Ye Xuan was faster than his reaction. This sword, he could not hide.

"Gold defense!"

The Emperor was covered by a layer of gold armor.

However, Han Mang eventually fell into his body.

"Hey!"

The Emperor, who was wearing a gold armor, began to shatter and the blood poured down.

The empire of one of the three overlords of the riots, the dead!

Ye Xuan, he killed him in an instant.

The madness of the four people is already stunned, watching the corpse of the warlord breaking into countless pieces, falling from the air.

At this time, Qiankun Ring has fallen into the hands of Ye Xuan.

"The trough, the emperor is so embarrassed?"

Ye Xuan is helpless, and sure enough, the stronger and more cautious the strength, the celestial treasure in the imperial concubine, it is really pitiful. However, it is also a lot more than an eight-level king.

"After killing one or two, you can break through!"

Ye Xuan's eyes widened, and the infuriating body in the body has recovered some, enough to use the wind.

The sword-breaking star consumes all his infuriating power. When the infuriating recovery, he must be cautious, first retreat to the second.

"Big brother!"

When Ye Xuan retired to a kilometer, the madness finally reacted.

The emperor who died before, but the big brother of madness.

"Kill, kill him!"

The mad screams and screams at Ye Xuan.

The other three quickly followed, and it is necessary to make Ye Xuan a thousand.

At this point, the people of the three sea thieves group are already looking silly.

The realm of the Emperor of War is the highest among the three hegemons. It has reached the peak, and only one step can break through to the virtual god.

This kind of existence, was actually killed by Ye Xuan?

The most important thing is that the Emperor is still metallic, even if it is mad, it is not so easy to break the defense of the Emperor.

However, he is indeed so dead, and the death is extremely fierce.

"He, who is it?"

The female emperor muttered.

Guan Lan did not answer, but silently looked at Ye Xuan, who was chased by the madman. Some of her hearts might understand that Ye Xuan had to challenge the five major nine-level kings at the same time.

"Is it true that he is talking?"

.....

Ye Xuan, who was chased by the madman, evaded and regained his infuriating.

At this time, his infuriation has already recovered to one-third, which is enough for him to use another sword-breaking star to kill a nine-level king.

However, the sword-breaking star is his strongest attack, no one can rival.

If only this trick is used, isn't the other meanings that he comprehends become a display?

"Hahaha, you five, enjoy this trick!"

Ye Xuan laughed three times and suddenly used four ingenious ways to avoid the four people gathered together. Then, the double space was to trap the four people.

The speed of the four people dropped and their faces changed.

The next moment, in the double space, is the whistling wind.

"The wind attribute is righteous, the death storm!"
