Chapter 69: breakthrough!

"impossible!"

Ye Xuan's voice has not yet fallen, and the road is not flat.

If Ye Xuan took one person and took 30%, then the remaining seven achievements will be divided by them, and each person will get more than 20%.

"Ye Shidi, you can't be too greedy, you will have a force. This news was originally obtained by the road brother, and it is also prepared by him to be poisonous. You can get a good one." Ning Chuan frowned.

Ye Xuan thought about it.

He felt that this Ning Chuan said that there is some truth. He has nothing to do, and one is already a lot.

However, he still pointed to the pit that was dug out on the ground and said, "Well, then I take a step back. I only need 20%, plus these things, how?"

The road is also hesitant, and now Ye Xuan is already aware of this matter. If he does not agree with him, he may pass the news down the mountain.

At that time, they can't even drink soup.

"Well, 20%, the younger brother and sister, what do you think?" The road nodded unanimously.

They originally wanted to act on three people. Now there is more of Ye Xuan's freak, and the safety can be improved.

"Yes!" Ning Chuan also nodded.

As for the silent language, it also agreed.

"Oh, 20%, it seems that we should be able to break through once again. The rest will be treated as medical expenses before." Ye Xuan secretly hid, but this medical fee is somewhat expensive.

"In this case, then the three of us will first look for the Blackwater Lake, and the younger brother will arrange these things yourself."

The road is not flat, it is leaving with Ningchuan and Guan Yulan.

Ye Xuan still wondered how to open them. I didn't expect them to leave. This saved him a lot of saliva.

"Hey, let's break through to the eighth middle of the martial arts." Ye Xuan didn't think much about it. After the three people left, the things that were scraped in the Blackwater Village were swallowed up.

"Hey, the host broke through to the eighth middle of the martial arts!"

Breaked through!

However, there are very few things worth millions in these things, so there are not many points to swallow, only eight. However, Ye Xuan's phagocytic scores have thus broken through a hundred points.

"Follow them and talk about it, lest you let me down." Ye Xuan thought, and immediately followed.

"Ye Shidi, how come you?" The road turned unevenly and looked at Ye Xuandao who had rushed.

"Shovel some soil into it, anyway, the thief ran away, it doesn't matter." Ye Xuan casually replied.

At this time, he deliberately suppressed the fluctuation of spiritual power, so the three people were not aware of anything.

"Ye Shidi is really good!" Lu said with a word, but in his heart: "If you lose, see how you cry."

The four men went to the Blackwater Mountain. According to the news that the road was not flat, the black water dragon was living in a lake behind the mountain.

Therefore, this goal is not difficult to find.

The four people turned around in the mountains for a while, and found a lake that was smaller than the basketball court.

"Brother, is that black water dragon is living here?" Ning Chuan stood on the edge of the lake and asked curiously.

"No, exactly, it is in a cave under the lake. It is the black water dragon that is occasionally breathable and found." Lu said.

"That is to say, we have to go into the water?" Ning Chuan frowned.

"Not bad."

The road nodded unanimously and asked: "Ye Shidi, how is your water?"

Water-based?

Ye Xuan slightly frowned, he is going to swim, but has not tried diving. At this time, however, he suddenly remembered that there was something in the phagocytic system called a water-avoiding bead. As long as it was contained in his mouth, he could move underwater for an hour.

"No problem." Ye Xuan nodded.

"In this case, then the three of us will go to the water to search for the cave, and Guan Shimei stays on the shore." After the road was not finished, he began to undress.

And Guan Lan also turned silently, although she hates this behavior, but there is no way?

Ye Xuan can only start to undress, although there are water-proof beads, but he also has to do it.

Three people jumped into the lake and dive.

Ye Xuan has already spent a little more points and bought a water-avoiding bead. He put it in his mouth and started to dive.

The lake is still quite deep. He only dive more than ten meters. The following is the dark day. In desperation, he had to slam the spiritual sniper with one hand and illuminate the surroundings.

Spiritual sniper smashed out a dozen meters and then dissipated.

"The trough, the luck is also very good, and I found the cave at once." Ye Xuan looked at it and found that the radius of the cave was at least five meters, it should be the cave of the black water dragon.

Now, he is swimming again.

That Guan Lan was on the edge of the lake. After seeing Ye Xuan, she suddenly showed a sullen look. How long did it last? Ye Xuan came up and said that he was water-free?

Ye Xuan was too lazy to pay attention to her, and sat quietly waiting on the shore.

The physique of the warrior was originally much stronger than the average person. After the road was uneven and Ningchuan went down, it took more than two minutes to swim.

"Ye Shidi, do you have that side?" asked the road.

"Yes, it is about fifteen meters from the lake." Ye Xuan nodded, and then asked: "Road brother, if there is no land in the cave, what should I do?"

"No, the black water dragon is actually a one-horned dragon. It is not a deep-sea dragon. It can't breathe in the water. It has to come up to change the air. It has taken the head twice from this lake, so it must be there. Cave." The road explained unevenly.

"Oh, that's OK." Ye Xuan nodded.

As for how to take the poison to the water, it is also relatively simple, as long as it is wrapped with special waterproof wax paper.

But is this poison really useful?

That is the beast!

However, since it is here, Ye Xuan naturally wants to go down and have a look. After all, the grandfather of the road is allowed to come, so this poison will definitely have an effect.

The four people jumped directly into the water, but this time they were wearing clothes.

The bottom of the water is too dark, so the road is also a double night pearl, and he leads the way.

The four of them quickly dive, found the big cave, and then swam in.

"This is a cave, the black water dragon can not just come out and stroll, or we are not enough for it to swallow it..."

Ye Xuan's heart is also very embarrassing, but this worry is superfluous, they floated out of the water after half a minute of swimming.

Sure enough, there is land under the water, it seems that the beast is inside the Blackwater Mountain.
