Chapter 7: Luer accident

However, this also has the advantage that as long as there is a good thing to swallow, then he can upgrade indefinitely, without fear of breaking too fast and getting mad.

Having said that, there is another new term now, that is, to swallow points.

"What is the phagocytosis score, what is the phagocytic score?" Ye Xuan asked strangely in his mind.

The one that he just took is worth one million and two silver. It is very precious. However, this is a point. How useful is this point?

"The swallowing points can be exchanged for martial arts, blood, gods, treasures, etc..."

Not waiting for Ye Xuan to ask, there is a list in his mind. He took a closer look and found that Wupin martial arts only need a little bit of engulfing points.

"Tiger whistle, falling geese, slashing swords..."

Ye Xuan couldn't help but mutter. What he sees now is five martial arts, each with five million martial arts worth millions and two silver.

"System, how do you devour the points?" asked Ye Xuan.

"The host devours some precious things and gets the phagocytic points."

Hearing this, Ye Xuan's eyes were also bright, only when he swallowed a polylingus worth one million and two silver, and then got a swallowing score.

If he swallows this point and converts the success method, then teaches it out, makes a big profit, and then buys the Poly Ling Dan to upgrade, isn't it invincible?

But the next moment, he remembered one thing.

Although the five-practice method is precious, but some people can afford it. In Lianyun City, who can take out hundreds of thousands of two silver coins at a time, except for the four big families?

"Ugh....."

Ye Xuan shook his head in disappointment, but at this moment, his eyes suddenly turned bright, because the swallowing points can be exchanged for the exercises, as well as the medicinal herbs and the treasures of the gods.

Among them, a column called Bloodline attracted Ye Xuan's attention.

"The blood of the beastmaster, the top blood, can surrender the beasts and greatly enhance the physical strength..."

"Blood blood, the top blood, can absorb the growth of other people's blood, can be transformed into a bat, can carry out the first time..."

"Moonnight Werewolf blood, top blood, greatly enhance the physical strength, can be transformed into a werewolf, bathing moonlight will enhance the ability ..."

"The deep sea dragon blood, the top blood, greatly enhance the physical strength, can be transformed into a dragon..."

"Golden Titan blood, top blood, greatly enhance the physical strength, can be transformed into a Titan..."

.....

Seeing these blood vessels, Ye Xuan is also shocked to say nothing, but above these top blood, there are more advanced god-level blood, such as Qinglong, Baihu, Suzaku, Xuanwu, Kirin.

In addition, he also saw the blood of the **** of war, the blood of the king of the devil, the blood of the big Luo Jinxian, etc., at least there are thousands. When Ye Xuan saw the price after these blood vessels, his eyes looked at the flowers, and he only saw a lot of zeros.

He didn't dare to look again, and he quickly got to the primary blood.

"Follow the wind and leopard blood, improve the running speed, low blood..."

"The blood of a beast, strengthen the physical strength, have the power of a beast, low blood..."

"Hundreds of flowers, improve resilience, can be poisonous, invasive, low-level blood..."

There are also a lot of blood in the lowest level, but Ye Xuan can't afford one because he only has a little bit of engulfing points.

"It seems that it is a lot of good things to swallow..."

Ye Xuan has some regrets in his heart. These blood vessels are extremely good. If he has the blood of these beasts now, he might be able to blow a wall out with a punch.

The blood of the flowers is also good, and the poison is not invaded. In the future, it will not be afraid of others poisoning.

When Ye Xuan thought about how to upgrade, suddenly, there was a figure pushing the door of the yard and coming in.

It should be said that Liu Er did not come back so soon, but this is indeed Liuer. However, Liu Er is somewhat wrong.

"Young Master..."

After Liu Er entered the door, he also intentionally tightened his clothes and then whispered a word.

Although Ye Xuan knows Liu Er soon, he can also see some clues.

Liu Er, seems to have just cried.

Moreover, Liu's body is still dirty, and there are some slight scars on his body. This is obviously being beaten.

Immediately, Ye Xuan went up and grabbed Liu, and said: "Liu, what happened, who bullied you?"

"No... No, it was Liu's accidentally falling when he first entered the door..." Liuer hurriedly shook his head.

"Nonsense, tell me, who hurts you?" Ye Xuan eyes stunned and opened Liu's collar directly. Sure enough, there were some scratches on the shoulders, which seemed to be caught by women's nails.

How could he believe Liu's ghosts, the latter's obvious scratches, and it's not always stone scratches?

He is also very angry, because he treats Liu as a sister, his sister is bullied, how can he calm down?

"Liu, tell me!" Ye Xuan's expression was cold.

Liu Yan, who just cried, also felt Ye Xuan's roar, but she recalled the passage just now, and the tears suddenly came out and directly plunged into Ye Xuan's arms.

"Liu Erfang went out, wanted to pick a piece of cloth for the young master, and make a piece of clothes. Who knows that Chen Mei was encountered on the way, she said that the young master is a waste, but Liu Liuqi is not, just put a sentence..." Liuer shed tears Said.

"And then?" Ye Xuan's face is getting colder and colder.

"Then, then she hit me, shred my cloth, and threw my clothes on the street..." Liu said.

what?

Upon hearing this, Ye Xuan's face was already sinking to the bottom of the valley, and immediately asked: "This Chen Mei is so courageous, who is she?"

Liu Er wiped her tears. "She is the maid of Chen Shao's young master Chen Song..."

Chen Song?

For this person, Ye Xuan has some impressions. This Chen Song is two years older than him. The realm is the fourth middle of the martial arts, and it is also the number one.

"This Chen Song was there at the time?" Ye Xuan asked again.

Liu Er nodded gently: "When Chen Mei hit me, he was eating in the drunken fairy house, but fortunately the city guard passed by, otherwise..."

"Okay, I know." Ye Xuanqiang held back the anger in his heart and gently stroked Liu's hair.

There are four top families in Lianyuncheng. In addition to Yejia and Linjia, there are also Wujia of Chenjiahe City Government.

The strength of this Chen family is not to be underestimated, but even so, Ye Xuan will find this place back.

"Young Master, don't go, you are..."

Liu Er is somewhat worried, but he hasn't finished yet. Ye Xuan is stroking her hair and said: "Nothing, my young master has recovered his strength, and the repair is still deeper."

"Ah? Young master, your Dantian..." Liu Er blinked in shock.

"Well, it has been fixed, Liu Er, you stay at home, the young master goes back." Ye Xuan said, just left.
