Chapter 71: poison?

spring.....

Hearing this, Ye Xuan was turned around and looked at the one-horned dragon again. It seemed to rub his body on the ground.

Or Huang Lan's niece's Guan Lan, suddenly she was blushing. She slammed the road and looked at it. What if she encountered these powders in the battle?

"Haha, don't worry, as long as we stand far away from the attack, there will be nothing to do." The road laughed, and then went straight out, saying: "Almost, my brother and sister, let's go."

"it is good!"

Ningchuan also came up with a long sword.

This one-horned dragon is laying eggs again, and this is a strong poison, so it is very weak, I am afraid there is not much combat power. At this point, it is the best time for them to play.

Guan Lan looked at the dragon, and couldn't bear it, but after he hesitated for a few seconds, she followed it.

"Hey..."

This dragon can't dodge, can only hardly attack the attack of Ye Xuan, but the hard scales directly block the attack of four people.

"Not good, underestimating its defense, attacking his belly!"

The road is not a fool, he has long expected that their attack will not have much effect on the dragon, but this time the day is also helping them, this dragon is actually just laying eggs.

Although the scales of the horned dragon are hard, the abdomen has no scales, and the giant egg is half-produced. If it attacks the abdomen, it will definitely give it a heavy blow.

"boom!"

"boom!"

These attacks fell on the abdomen of the unicorned dragon. It is indeed some effect, but it is not very ideal, and the damage is not strong.

After all, this is also a beast. Although it is very weak at this time, its physical strength is more than the ten-order monster. Under the level gap, the attack of Ye Xuan is difficult to break its defense.

However, these attacks can still cause a lot of pain to the Unicorn.

"Mom, the skin is quite hard, see me kill your son!" Ningchuan suddenly ran away to the side, and then directly slammed a sniper.

This time, it was not attacked by the Unicorn Dragon, but the dragon egg that had not yet been born.

"not good!"

Ye Xuan's face sank and the road was not the same, but their shouts could not stop Ningchuan.

"Hey!"

The attack fell on the dragon egg, the eggshell broke, and began to flow out of the * liquid, and it was faint to see what was inside.

"Ruined!"

Ye Xuan's heart is in utter disappointment. This Ningchuan courage is also really big. Even in the face of the one-horned dragon, attacking its eggs, isn't it looking for death?

Sure enough, at the moment when the eggshell shattered, the one-horned dragon was also smashed, and immediately it was roaring in the sky, and the voice echoed in the entire cave, and the four people were so fast.

The one-eyed dragon, which was still creeping, suddenly stood up and grabbed the claw and went to Ningchuan, but it was extremely weak, and the movement was very slow, so Ningchuan was not caught.

"Since it is hit, attack the place where it lays eggs."

In the middle of the road, Ning Chuan had already smashed a dog's blood. This one-horned dragon has become weak like this, and it has to stimulate it. What if the single-horned dragon is mad?

When his voice fell, the four men began to madly attack the giant egg. Ye Xuan also drummed his feet and constantly shot the most powerful explosion star arrow.

"boom!"

"boom!"

These attacks have already made the dragon egg that has not yet been born unrecognizable. At the same time, the abdomen of the horned dragon is already **** and unbearable.

"Roar!"

The one-horned dragon once again screamed in the sky and stretched out his claws, but still did not catch anyone.

However, its speed at this time is faster than it was just now.

"No, it started to recover!" Ye Xuan shouted.

what?

The road is also unresponsive.

It seems that they still underestimate the ability of a beast. In less than half a minute, this one-horned dragon is a poison that overcomes the road. If it is restored, then Ye Xuan will die. Here.

"You attack the stomach, I am going to lick it!"

Ye Xuan once again sighed, then quickly began to move, breaking the cloud bow and pulling, is a starburst arrow out.

"boom!"

The star of the blast star burst into the eye of the horned dragon, but the horned dragon has long closed his eyes, so it is unharmed.

"Mom, Ning Chuan, this stupid pig." The road screamed, and suddenly took a delicate dagger from his arms and attacked again.

However, his attack is also a lot stronger because of the different weapons.

"One-horned dragon, give me death!"

The uneven attack suddenly became a lot stronger, and every time, the one-horned dragon could be called again and again.

"That is....."

Ye Xuan also noticed this, but he didn't think much about it. Taking advantage of this opportunity, he immediately shot a few starbursts.

"boom!"

"boom!"

"boom!"

After the one-horned dragon had withstood the last star of the star, the whole body suddenly trembled. Ye Xuan fixed his eyes and found that the eyes of the one-horned dragon suddenly flowed out of blood.

bingo!

"With one eye, as long as you smash it another eye, its threat is greatly reduced!"

Ye Xuan conceived, think of a direct return to a Ling Dan, and then continue to attack.

As for the three people of Guanlan, they are still chasing the abdomen of the one-horned dragon. Because of the production, there was a crack in the mouth, and they were attacked for a while. It was already bloody.

"Catch the soul, kill me!"

The road was not as flat as the sheep, and began to attack wildly. The dagger in his hand increased his attackers several times.

"The road brother actually has a spirit?" Ning Chuan guessed it.

At this time, he finally understood why the road elders would be so reassured that they would kill the beasts.

A spirit, but it can greatly increase the attack of the warrior, even if it is the tenth weapon of the martial arts, I am afraid. Lu Ping is now possessed by this spirit dagger, and his attack may be comparable to the martial art of the ninth heavy weapon.

"Give me death!"

The road is also stunned and madly attacking the one-horned dragon, because as long as the dragon is dead, then he can almost buy a sword.

Even, it is two handles!

"boom!"

At this moment, Ye Xuan suddenly gave an exclamation, because his success was to ruin the eyes of this one-horned dragon.

Fortunately, he is fast enough to walk on the stone wall for a short time, otherwise it is really difficult to do.

"Ye Shidi, come help, give this dragon to the bomb!" Lu said shouting.
