Chapter 73: escape

However, it seems that it is worthless to deal with this little person and use so many devouring points.

But now there is only one way to do this.

However, at this time, the uneven front of the body suddenly began to redden, the body temperature rose rapidly, and a small tent emerged from the lower body.

"Ok?"

Ye Xuan's eyes lit up and he reacted at once. His heart immediately laughed and said: "It's really helping me, and the road is definitely not in the middle. The obscenity can't move. I have a hundred flowers, this thing is useless to me. !"

The road was also unresolved, but this thing was used by the senior warrior. He was only the ninth heavy martial art. He couldn't hold it down. It was like a hungry wolf rushing to Ye Xuan.

"Looking at me, staring at me? Rolling the dice!"

Ye Xuan was scared to death, and hurriedly pulled a bow to shoot a starburst.

"boom!"

The starburst hit the road and the chest was bumped, and suddenly burst open, and he flew his life.

"I still wear a treasure, oh, see that I have received your spirit."

Ye Xuan went up a step and caught the embarrassing dagger.

Now, the outcome has been divided.

"You killed Ningchuan, and I have witnesses, so I killed you. The cracked Yunzong will definitely not pursue it. The road is not smooth. Let's be a good person in the next life!"

Ye Xuan thought in his heart and opened the bow again. This time he would blast this uneven head.

However, at this time, suddenly a gust of wind fell into his ears.

"what sound?"

Ye Xuan was in a heart, he felt something wrong, but the next moment, his smile was abruptly stopped.

This is clearly the roar of the one-horned dragon!

Moreover, it was from another exit.

"Is it impossible to have a one-horned dragon? Is this the beginning of two, not one?"

When Xuan flashed such an idea in his mind, Ye Xuan was shocked.

"Where, if there are two, then what to play, escape!"

Ye Xuan's face sank and turned quickly, ready to leave.

However, the next moment, his footsteps are also a meal, after thinking for a moment, decided to bring Guan Lan.

He quickly plunged into the semi-conscious singer Lan, and then hugged her directly, and then, turned around and ran.

"Don't go!"

The road was still a little conscious, and Chong Ye Xuan shouted.

However, Ye Xuan simply ignored him and left.

The road is not flat because of the 'obscenity can't move' effect on the body, and the combat power may not even have half of it, but he also heard the roar of another channel, and immediately climbed in the direction of Ye Xuan's departure. I used them all the time, even rolling and getting ready to leave.

But at this moment, suddenly a gust of wind blew, and he blew him to the stone wall, which turned out to be the breath of the one-horned dragon.

The road was not flat and I wanted to run again, but the back was a cold, and then he saw a big mouth on his head.

"It's over!"

The only trace of consciousness that roads are not so flat.

.....

Ye Xuan, who quickly left, also ran back to the black road. He had already heard the voice of another dragon. He immediately used the little remaining spiritual power to display the nine-martial martial arts.

Although he still has a burden, but the blood of the beast is not covered, Guan Lan's weight does not have much influence on him.

"Mom, it seems to catch up!"

After hearing the sound behind him, Ye Xuan's face was also pale and pale, because the voice behind him was approaching quickly.

At this time, he suddenly remembered a little, in his hand, still holding a sword.

"Devouring!"

At the moment, Ye Xuan is quickly swallowing this dagger.

"Hey, the host swallowed the cold spell of the next product, and got four hundred and thirty points to swallow points!"

"Hey, the host has broken through to the eighth peak of the martial arts!"

Although Nei Dan may not have played, but got a spirit dagger, this is already very good.

"Shen Ma? More than 400 million spirits, even two levels can not rise?"

Ye Xuan was shocked. How difficult is this level to rise?

In his heart, he quickly smashed the ancestors of the system for eighteen generations, and then carefully felt it.

He was originally the eighth middle of the martial arts. Now it is the eighth peak of the martial arts. Although it has upgraded a level, it is only a small level, and the constitution will not change much.

However, behind him, there is a heavyweight monster who is chasing him. If he is caught up, it must be a belly meal.

"Grandma's, another bloodline!"

Ye Xuan made a quick decision and then spent fifty points on a bloodline called a sharp-edged fish.

The chasing leopard is the fastest running blood on the land, and this sharp-edged fish is the same as the chasing leopard, but its home is underwater.

After the blood of this sharp-edged fish was merged, Ye Xuan also ran to where they came ashore.

"噗通!"

Ye Xuan took Guan Lan and planted it in. Then, around him, there was a ghostly image of a sharp-edged fish. His speed was no slower than that on land.

"Chong, give me a punch!"

Ye Xuan's courage is scared, because the rear chasing the deco is a dragon, and it is also an amphibious unicorn dragon, who can walk on the land with his claws or swim in the water.

After redeeming the sharp-edged fish line, Ye Xuan did not need to avoid the water beads, but he discovered that he had not made a statement when he was just planted in the water, which led to Guan Lan not suffocating.

"I go!"

Ye Xuan's heart whispered a word, and then he bowed his head and directly kissed the cherry mouth of Guan Lan, and then passed the water-proof beads that had been contained in his mouth to Guan Lan.

"I am so pitiful, my first kiss is actually here, but fortunately, the object is a beautiful woman, not a loss."

Ye Xuan is very helpless, but he did not think so much, and now it is important to escape.

However, at this time, Guan Lan was not completely comatose, she was still conscious. Ye Xuan's behavior also scared her, but after she had the little bead in her mouth, she felt that she could breathe in the water.

so amazing!

At this time, Ye Xuan did not know what her thoughts were. She only knew how to escape.

After the blood of the sharp-edged fish, his speed is very fast, his legs are smashed, just like a rocket, and he rushes out of the cave in the blink of an eye and comes to the black water lake.

"It's coming soon, it's coming soon. As long as I get on the shore, I will be safe. I don't believe you will leave the injured dragon."

Ye Xuan is constantly praying in his heart, hoping that he will not swim halfway, he will be swallowed into the belly.

Fortunately, his speed is still fast enough, and the distance of more than ten meters has only arrived in less than a second.
