

Super D. S 731

Chapter 731: Leaving hell

"It doesn't matter, anyway, the space is swallowed."

Ye Xuan's light flashed.

At this time, he discovered that the cloud of the air on the top of his head turned out to be red.

It seems that if you want to leave the hell, only the deity will leave, and the avatar will remain in the hell.

"First go and spend all the air, leave 10,000, then leave the **** and go back to report a peace!"

Ye Xuan is planning in the heart.

At the moment, Ye Xuan is respected and fits, and then goes straight out.

This time, he will spend more than 200,000 air transport to only 10,000.

The Emperor Fengfeng saw him coming out and followed him up.

The deity and the body fit together, but the air transport on the top of Ye Xuan's head is still a blue air transport. He came to a shop under the sun's sacred pilgrimage in Qinghuo City, and then converted all the blue air transport into a heavenly treasure. There are only over 10,000 left.

Then he returned to his place of residence.

"Devouring!"

At this time, Ye Xuan's deity and avatar are in a fitted state, so both can be promoted.

"There is still a distance between the Eighth Order Emperor, but now I am hitting the peak Emperor, I am not afraid!"

In the heart of Ye Xuan's heart, he stayed in the house for three days.

Three days later, the Emperor Feng Feng outside the yard also knocked on his door and said: "Little brother, you can leave."

Ye Xuan, who was resting in the house, suddenly heard the news and immediately sat up.

He was able to leave, which means that there is indeed a relic key in the dragon.

"But, this kind of thing is still not expected."

Ye Xuan shook his head.

Even half a step to the remnants of the Tudor, he still has no strength to go, and then, will people let you go?

When Ye Xuan opened the door, the Emperor Fengfeng had left.

Now, Ye Xuan is also the time to leave.

"The deity has a million air, to redeem a jailbreak order, let the detachment leave the hell, go back and report a safe first!"

In thinking of Ye Xuan, he directly exchanged a jailbreak order and a jail sentence.

This prisoner has his appearance on the text, only he is used by himself.

However, it is also his avatar, which does not matter.

Then, Ye Xuan is a fit, and then left the Green Fire City directly. Later, he found another place where no one was separated, and let him go to the point of release.

The deity is the place to go to the Sun Dynasty and the Great Yuan Dynasty.

Since the phagocytic space is common, he has to get the Emperor's will when he returns to the East China.

.....

"The big decisive battle will be carried out in three days. The Japanese Yan Dynasty has formed a large army of 10,000 people, all of which are high-ranking emperors. There will even be half-step supreme masters, oh..."

Ye Xuan has come to the vicinity of the big battleground. At this time, there are countless people camping here, waiting for the big battle to come.

At the same time, his avatar has already left the prison, ready to cross the desert of death and return to the East.

"Death Desert, now it's a pediatric for me."

Ye Xuan let him enter the desert of death.

However, before this, his deity would like to go to the site of the Great Yuan Dynasty first, and then break through the realm to the eighth-order emperor, and at the same time, he can also get some great emperor's will and break through for others.

However, the Song Dynasty and the Song ruling are not needed. They can quickly break through as long as they have the resources to cultivate.

After making the decision, Ye Xuan used the shrinking ground to plunder into the Da Yuan Sheng Dian.

The big decisive battle is imminent, so the Great Yuan Dynasty also gathered a large number of troops.

Dare to find trouble with these troops, generally speaking, they are masters.

At this time, Ye Xuan's strength is very strong. As long as he does not encounter the half-step supreme, he will not have anything.

"There is a hundred people camp there!"

Ye Xuan suddenly showed a head and took a look.

The 100-person camp, at most, is the general of the Eighth Order Emperor, and there will be no marshal of the Ninth Emperor. Even if there are ten eighth-order emperors, the threat is better than a nine-order emperor.

In this case, he does not have to evade, directly showing the original form and killing the past.

"There are enemies coming!"

Although Ye Xuan's speed is fast, the air transport on the top of his head was instantly recognized by the Great Yuan Army.

"How about seeing me?"

Ye Xuan screamed coldly and directly into the military camp. The next moment, this Da Yuanjun military camp was set off with a violent storm.

At the same time, this Great Yuan Army barracks also quickly sent a signal to ask nearby experts to come to support.

Unfortunately, they can't stop Ye Xuan's sword.

Within ten seconds, the 100-man military camp was destroyed by Ye Xuan, and the two generals who were in the town were killed by Ye Xuan.

Hundreds of Qiankun Rings, hundreds of enemy air transport.

At the time when the other party's strongman had not come, Ye Xuan was already escaping. At this time, the air transportation on his head reached Cyan again. And his realm, only one step away, may break through to the eighth-order emperor.

"As long as I let me break through to the eighth-order emperor, then I have no rivals in the virtual world. If I let me break through to the ninth-order emperor, I might be able to compete with the half-step supreme!"

Ye Xuan's heart is full of confidence.

With the dual space and all kinds of ambitions and blood, he has the strength to overcome the challenge.

At this point, he is already looking for the next target. As long as he destroys another military camp, he can almost break through to the eighth-order emperor.

"Oh, a military camp that is almost three times bigger, maybe there is a marshal of the Ninth Emperor!"

Ye Xuan found another goal, but this time he was hesitating.

The military camp in front of him is more than three times larger than the previous one. There may be a nine-order emperor inside.

The ninth-order emperor is also divided into strong and weak. The ordinary ninth-order emperor does not care, but he is afraid of encountering the peak emperor.

Although he is confident that he will solve the problem of the Emperor, but if he can't solve the barracks in half a minute, then it is very likely to attract the masters around him. After all, this is a big battle, and there will be half-step supreme.

Therefore, he set a plan for himself. In ten seconds, he passed ten seconds, and ten seconds later he evacuated.

This is the same as the senior killer.

"kill!"

At the moment, Ye Xuan is rushing toward the military camp of hundreds of people.

"There is an enemy attack!"

A big Yuan captain discovered Ye Xuan, but the next moment, he was directly killed by Ye Xuan.

Ye Xuan even had no time to accept his squad, and he directly entered the military camp.

It was another hurricane.

The battle between the two great pilgrimages, the corpse of corpses, and the bloodshed, the number of deaths in the prison every year is calculated in millions, and in some years it can reach 100 million.

In every sacred sect, there are supreme and powerful, this is the super master who has passed the supreme robbing, and the sacred king of the gods and the sacred gods, in the eyes of the supreme and powerful, is the same as cannon fodder.

Don't mention the Emperor of the Devil, even the half-step supreme in front of the true Supreme Power, can not lift his head.

Chapter 732: White Dragon Supreme

"One second!"

"Two seconds!"

"Three seconds!"

Ye Xuan rushed into the Da Yuanjun military camp, while killing the enemy with eight wild winds, holding an ordinary top-quality virtual soldier, madly harvesting the enemy's life.

Every moment, there is a rush to fly to him.

The entire military camp is as chaotic as the slaughterhouse.

"Kid, look for death!"

A violent drink rang.

There was originally a 9th-order emperor and five eighth-order emperors in this military camp, but just before Ye Xuan came in, there was just a peak emperor coming to patrol.

"The Peak Emperor!"

Ye Xuan's flash of light flashed, and he did not expect his luck to be a bit back. He even met the Emperor Fengfeng.

However, he is not afraid of the Emperor.

"Thirty-six overlapping shadows!"

"The earth is pulsating 128!"

Ye Xuan looked at the Marshal of the Great Yuan Army who was rushing to himself, and took out a full-scale attack.

The blood of the sword god, the blood of the beast god, the sword of the eight deserts, the weight of the light, the pulse of the earth, these factors, let Ye Xuan's sword, enough to kill a nine-order emperor.

"Unstoppable!"

The Emperor Fengfeng's face was gloomy, because his will of the great emperor did not have much use. If the sword was forcibly resisted, it would be seriously injured.

He quickly evaded and launched a fierce attack on Ye Xuan.

At the same time, the original 9th-order emperor and five eighth-order emperors in the military camp also arrived, and launched a group attack on Ye Xuan.

"Haha, come here!"

Ye Xuan laughed three times.

At this point, he was killed in the Great Yuan Army barracks, but only five seconds.

He estimated that if no one else intervened, he would deal with the peak Emperor for at least five seconds.

However, there are now six redundant people.

Therefore, he can't deal with the top of the Emperor, but the trouble of finding another six.

"The eight wild winds kill, go!"

Each of the eight swords and swords on the edge of the blade contains the earth's pulsation of 128 heavy, powerful, only the nine-order emperor can barely block.

However, the other five eighth-order emperors could not stop it.

"Boom!" "Boom!" "Boom!"

Ye Xuan battled with Emperor Feng Feng and used the Eight Desert Sword to kill the five eighth-order emperors.

At the same time, the monks who control them fly toward themselves.

Under this circumstance, Emperor Feng Feng and another 9th-order emperor also did not need to intercept those Qiang Kun ring, and they attacked Ye Xuan.

However, how can they think that Ye Xuan will have a phagocytic system.

"Hey, the host breaks through, and is currently the eighth-order emperor!"

The system prompts to sound.

Ye Xuan's dignified face could not help but hang a sinister smile.

"dead!"

After the breakthrough, Ye Xuan, the strength soared a lot, directly against the famous nine-order emperor.

This sword, at least twice as fast as before, instantly passed over the body of the 9th-order Emperor and split it into two halves.

Spike, the 9th Emperor!

The peak Emperor was shocked. He couldn't figure out why Ye Xuan was so powerful. Now he just turned around and left because there seems to be a half-step supreme that has just broken through.

"White Dragon Supreme, help!"

The peak of the Emperor roared, and the sound instantly spread more than 100,000 meters.

"Supreme?"

Ye Xuan brows a pick, but the next moment he understands that the object of the other party's help is estimated to be only half a step.

"You are useless even if you call you!"

Ye Xuan took out a sword.

"Hey!" "Hey!" "Hey!"

The Emperor Fengfeng turned to pick up the sword, but he could only support the earth pulsation 128 times, and then he was killed.

Now, Ye Xuan can not only kill the 9th-order Emperor, but even the Emperor Fengfeng can kill.

"Humph!"

Ye Xuan swiftly swept the past, and then took the smashing of the peak Emperor and the 9th-order Emperor and quickly broke into the ground.

The Emperor Fengfeng gave a half-step supreme rescue. With Ye Xuan's current realm, he could not compete with the half-step supreme, so he must withdraw.

Soon after Ye Xuan left, there was a middle-aged man who rushed over. This person was in white. If Ye Xuan is still here, he will definitely recognize it. This middle-aged man is the peak that chased him that day. Great emperor.

"Even a peak emperor has fallen, who did it?"

When the middle-aged man fell to the ground and saw it, he suddenly felt a familiar atmosphere. The next moment, his dawn was a flash.

"This breath is that kid!"

Bailong Supreme arrogance suddenly rose, turned to look at the surrounding group of scared and half-dead army chief, shouted: "You, who saw the face of the kid?"

The great Yuanjun masters who were present were hiding, but among the people present, there were still a few who saw Ye Xuan's face. They quickly described it in their own language.

"Buggy kid, count you running fast!"

After listening to it, Bai Long's supreme heart could not help but scream loudly. After all, Ye Xuan killed his younger brother.

.....

"Where, a strong atmosphere, definitely the white dragon supreme!"

Ye Xuan has already been far away, and when he left, he felt a breath that was at least several times stronger than that of the Emperor Feng, and he was so scared that his legs and feet were very good.

However, he did not know that the White Dragon Supreme, that is, the peak Emperor in the White Dragon Mountain that day, did not know, the other party has broken through.

"Now I have already broken through to the Eighth Order Emperor. If this happens, the One Yuanjun side should also have some precautions, or honestly go back and wait for three people, waiting for the big battle!"

Ye Xuan thought in his heart, and immediately returned to the site of the Sun Dynasty.

Before the big decisive battle, both sides will have a lot of masters to come to harass, but generally will not make too much trouble.

Anyway, the big decisive battle is a tens of thousands of people, and the scene is so magnificent that it can scare off the king of the virtual gods.

In these three days, Ye Xuan was honestly staying in the territory of the Sun Dynasty.

At the same time, his avatar has already passed through the desert of death and arrived in the East.

At that time, he and the non-injured people were separated and then caught in the sand thief. Afterwards, he fled without any injury. He was sent to the prison, and it has been several months.

If you return to the East China without injury, then Ye Chong and others must be very anxious, so Ye Xuan is rushing to get back to the East.

He quickly returned to the tower of the sword **** and then swept up.

"who?"

Immediately, a disciple of the Sword Palace was shouting.

"Taiyi Palace, Ye Xuan!" Ye Xuan's avatar directly reported the name.

After hearing the name, the figure of the disciple of the sword **** shook, how could he not know Ye Xuan?

"Is the Eight Queens Princess and the April Palace Lord?" Ye Xuan asked quickly.

"In the....."

The disciple of the sword shrine hurriedly nodded.

After hearing that Ye Chong and Jiang Xinyu were still in the Sword God Palace, Ye Xuan also plunged directly toward the Eighth Desert Palace.

Chapter 733: Return to the Sword Palace

In the past few months, Ye Xuan has no news, no injury is also a shuttle to the death desert, back to the Sword God Palace, so Ye Xuan and Jiang Xinyi are very worried about the safety of Ye Xuan.

Ye Xuan was afraid that Ye Chong and Jiang Xinyu went out to look for him, so after he came back, he quickly rushed toward the Eight Desert Palace.

Just as well, Ye Chong, Jiang Xinyu, Duanmu Yun and others are planning to travel to the Sun Dynasty and inquire about Ye Xuan's news.

"Father, mother, I am back!"

Ye Xuan rushed in.

After seeing Ye Xuan, the three men trembled and stood up and shouted: "Ye Xuan?"

"Father, mother, sorry, I have encountered some troubles some time ago. Now I have solved it. Isn't the injured brother coming back?" Ye Xuan said quickly.

"call!"

The three saw Ye Xuan nothing, and quickly let go of the atmosphere.

"No harm is no problem. We have been looking for you for the past few months." Ye Chong said with relief.

Ye Xuan also understands that the Sword God Palace also has a force in the Sun Dynasty. It is guarded by the unparalleled swordsman. After he disappears, he should also take the news and help him find it.

However, it is not used now.

"What about Jiang Tian?" Ye Xuan asked again.

"He is missing like you, no news!" Jiang Xinyi shook his head.

"There is nothing in the audio..."

Ye Xuan's eyes glimpsed, and Jiang Tian tried to burn him seriously with three flames on the same day, and then fled himself, causing him to be caught by the adults and sent to heaven.

Although it is thanks to Jiang Tiandu, he broke through to the eighth-order emperor, but this must be reported.

"What's wrong, then Jiang Tian is doing it for you?" Ye Chong frowned.

"No, father, we had a group of people fighting against sand thieves on the same day. Later we were defeated and scattered. I was accidentally caught. Later, a senior passed by and saved me." Ye Xuan edited the scene. A lie.

"It turns out!"

After listening to the three men, I finally understood.

Anyway, Ye Xuan is standing in front of them in a living way. As for the life and death of Jiang Tian, they can leave it alone.

"Right, father, mother, Duanmushu, I have a few gifts for you!" Ye Xuan suddenly opened his mouth and smiled.

"what?"

The three are very surprised.

Then, Ye Xuan took out three top-class ghost lanterns, which were filled with the will of the three eighth-order emperors.

"This is a ghost lantern. It is the three eighth-order emperors I have collected. After you refine and refine, you can break through to the eighth-order emperor!"

Ye Xuan said faintly.

"what?"

Ye Chong three people smashed.

Eight or eight steps of the Great?

You must know that the three people have just broken through, and Ye Chong rushed to the second-order emperor because of the help of Liuyang Sword God.

However, now Ye Xuan suddenly said that there is a way for them to sprint to the eighth-order emperor, which makes them difficult to accept.

Suddenly, they are the same person.

Jiang Tianquan!

That Jiang Tianquan did get the will of a third-order emperor given by the old nine-day sword god. After refining, he broke through to the third-order emperor. Although it is weaker than the general third-order emperor, it is stronger than the three of them. too much.

"I am lucky, I have encountered an adventure. My current realm is already the seventh-order emperor." Ye Xuan said faintly.

This news, like a blockbuster, exploded in the hearts of three people.

After a few months, Ye Xuan actually broke through from the nine-level king to the seventh-order emperor.

However, what they don't know is that Ye Xuan is only a avatar at this time, and the deity has already broken through to the eighth-order emperor. As long as the deity and the avatar fit together, then the avatar will break through to the eighth-order emperor.

"Of course, if you want to cultivate your father, I can help you get the resources for cultivation." Ye Xuan continued.

He is not mandatory to upgrade to the eighth-order emperor, but only a suggestion, let Ye Chong three people choose.

"This forced to enhance the realm of going up, although weaker than the average, but my family has been reunited, I did not have the motivation of the day, so I choose refining." Ye Chong said directly.

"Well, the old nine-day sword **** is only the fifth-order emperor, but there is a stinky face all day. If we break through, then he will have to turn around when he sees it." Duanmuyun also made a choice.

"I am also refining. If I let myself cultivate, I don't know how many young people can break through to the eighth-order emperor." Jiang Xinyu said.

Ye Xuan also smiled with satisfaction when he heard that the three people chose to refine the will of the eighth-order emperor.

The eighth-order Emperor's will is only the beginning. In the future, he will also get the will of the Ninth Emperor and turn everyone into the peak Emperor.

Previously, due to the White Dragon Supreme, Ye Xuan only took the Qiankun Ring and left. When the big battle is over, he will collect the will of the Great Emperor and then expand his family.

At the moment, the three are starting refining, and Ye Xuan is at the side of the law. He is ready to wait for Ye Chong to refining the three, and then go to the riots to see the situation.

At the time of Ye Chong's three refining, and in the distant heaven, the big battle finally began.

.....

"Hey..."

A whispering horn sounded, and the Japanese Yanjun and the Yuan Yuanjun on both sides of the battleground of the Heavenly Battle were already ready to go.

The two armies each sent 20,000 people. In addition, the two great pilates also came to the 10,000 people, and they were at least the sixth-order emperor.

The scene is extremely magnificent.

At this time, Ye Xuan is already clinging to the Eight-Day Sword and waiting for the leader to appear.

"My father and mother can refine and refine after a while. Now, I will go and get the will of the Nineth Emperor..."

Ye Xuan, the deity of the prison, flickering.

Although his avatar is only the seventh-order emperor, it does not matter. If he breaks into the ninth-order emperor, as long as he fits once, the avatar will directly break through to the ninth-order emperor.

At this time, what he has to deal with is a big battle!

"You, the ruling of the big battle has already sounded, this time the big battle will be led by the three of us!"

Suddenly three strong men flew out, Ye Xuan turned his head and looked at it. Although the three men concealed the breath, Ye Xuan understood that the three should be half-step supreme.

I don't know, to what extent will they seal the Emperor's will, is it half-baked, or is it one?

"It turned out to be the generals of the three giants. Among them, Green Fire City has the strongest wind. It is said that the will of the Great Emperor has been sealed up. I don't know which three and a half steps will be sent by the Great Yuan Dynasty."

"Half-step supreme, just lead us. Their opponents can only be half-step supreme. They will not intervene in the battle of our virtual gods. It doesn't matter who comes."

"If you can't say that, if our leader wins, it will greatly improve our morale."

"Take him, anyway, I am ready to take a trip and leave!"

Chapter 734: Big battle, start!

The people underneath are talking in a whisper.

These groups of people are generally in groups, with teams as the unit. If they start playing, they will also have a photo.

A person acting alone like Ye Xuan is not a strong person or a brain.

"Hey..."

The horn of the horn in the sky rang again.

The final battle will begin when the third horn sounds.

Ye Xuan clenched the Eight-Day Sword. At this time, he hoped that his avatar would be present. In this case, his strength would probably double.

"Hey..."

Finally, the third horn sounded.

The people of the Sun Dynasty and the Great Yuan Dynasty trembled, and they immediately yelled and began to run wild.

"Is it finally going to start..."

Ye Xuan in the crowd flashed, this time, he was going to kill.

He quickly used the shrinking ground to become an inch, then broke into the ground and immediately moved away.

It is very dangerous to be mixed in the crowd. He must be plundered to the edge of the battlefield so that he will not be besieged.

Anyway, his purpose is to take the same amount as everyone else.

"kill!"

The Sun Yan Sheng camp and the Da Yuan Sheng camp, everyone shouted this word, rushed to the other side.

"The violent army, on!"

"Volume Dragon, up!"

"Thunderbolt, up!"

The half-step grandiose headed by the air shouted.

The violent army, a hidden army formed by the Sun Dynasty, was composed of the fire attribute emperor who realized the flames burning the heavens.

The Dragon Army is composed of the great emperor of the wind.

As for the violent army, it is naturally the great emperor of the mine.

Among them, the Dragon Army and the Thunderbolt Army add up to no more than 100 people.

The Japanese army of the Sunyan dynasty had a formation, they took the lead and rushed to build a defensive layer.

The violent army, the dragon army and the violent army are also immediately using the righteousness.

Flames burn the sky!

Death storm!

Thousands of Thunder!

The three broad-based ambitions began to bomb the other side.

This first wave of charge is compared to who's defense was broken first.

"very scary!"

Ye Xuan participated in the final battle for the first time. This kind of scene directly shocked him.

This scene is like the end of the world. Even if it is half-step in the middle of the two armed forces, I am afraid that it will be smashed with no residue.

Half-step supreme, just to seal the will, can resist most of the will of the great emperor.

Only when the supreme is reached can the sacred body be condensed and the will of the emperor will be fully immunized.

"too terrifying!"

Ye Xuan had a chill in his heart.

At this time, he has already plundered the perimeter of the battlefield and is ready to kill in the periphery.

At this time, suddenly there were three imaginary gods who had the same thoughts as him.

"Kid, dare to drop the order, find death!"

The three men attacked Ye Xuan.

"You are dead, double space!"

Ye Xuan's flash of light flashed the double space of the eighth-order Emperor's will to instantly shake the three. At the same time, their attack was also blocked by the wind blade and the wind wall. Ye Xuan did not even lift his hand.

"dead!"

"Oh!" "Oh!" "Oh!"

The three roads spread loudly, and the heads of the three men flew up. The air transport of Ye Xuan skyrocketed.

Just kidding, the three seventh-order emperors in the district came to find the trouble of his eighth-order emperor. I really don't know how to live and die.

"eight wild swords, broken!"

Ye Xuan directly broke the Eight-Day Sword and then turned it into a stalk.

He is generally not trapped on the periphery. It is a very good choice to use the death storm in this case. However, it will be accidentally killed by people in his own camp.

He is also a member of the Sun Yan Dynasty, and he must focus on the overall situation.

In the distance, the Japanese Yanjun and the Yuan Yuanjun are still in the midst of a blast, and the scattered warriors are already handing over.

Not only that, but the half-step supreme of the three Sun Yan dynasties also began to fight with the half-step of the Great Yuan Dynasty.

Although Ye Xuan can't see them, he can feel the six strong atmosphere.

"You can't manage that much, kill!"

Ye Xuan drove the eight-handed blade and killed it directly toward a team of six.

"Thirty-six overlapping shadows!"

"The earth is pulsating 128!"

His attack, under the half-step supreme, no one can take it, even a sword can kill a few people.

Coupled with the eight-handed blade, Ye Xuan's killing speed, no one can.

"Well? There are so many people there!"

Suddenly, his light flashed. He saw a group of people who were attacking in the distance. There was no Japanese army around.

"Good opportunity, death storm!"

Ye Xuan's flash of light flashed, and the next moment was a storm of death.

The eighth-order emperor used the righteousness, and the speed was still much faster than that of the seventh-order emperor. At that time, the area immediately set off a hurricane, and countless residual limbs fell from the sky, and the Qiankun ring was undoubtedly exceptional. Fly to Ye Xuan.

At the same time, so many Qian Kun ringings have also caused some people's embarrassment.

"Just kidding, I am thinking about Ye Xuan, you still want to grab?"

Ye Xuan snorted and quickly shot the sword, killing those who smashed him.

These people are from the Sun Dynasty and the Great Yuan Dynasty.

Dozens of 乾 戒 ring fell into the hands of Ye Xuan, Ye Xuan a thought, is to swallow all the things inside.

"Now, start collecting the will of the Great!"

Ye Xuan suddenly remembered this matter, and immediately took out the ghost lantern and began to collect.

"He is a ghost, killing him!"

This scene fell into the eyes of others, and immediately caused public outrage.

"Oh, my business, I don't need you to gesticulate!" Ye Xuan's eyes widened. The next moment, those who are hostile to him are incapable of moving.

Eight-level Emperor will, double space, the combination of the two, even if it is the peak of the Emperor, I am afraid to reduce the speed of 80%.

Eighty percent of the speed of movement, this is simply the lamb to be slaughtered.

"dead!"

Ye Xuan now does not care which side of the camp they are. Anyone who dares to hit his mind is not going to end well.

"Oh!" "Oh!" "Oh!"

The necks of these people were wiped by the wind blade, and the head flew up. The dragons and the rings flew to Ye Xuan without exception.

Now, no one dares to provoke Ye Xuan. They are all retreating. Whether it is the Sun Yan Dynasty or the Yuan Yuan Sheng, they are far away.

"Not bad, my goal this time, but to build the 9th-order emperor, this is not enough!"

Ye Xuan mouth slightly tilted, this time, he directly into the crowd.

"Thirty-six overlapping shadows!"

"The earth is pulsating 128!"

"Eight wild winds kill!"

At this time, Ye Xuan is like a harvester. Wherever he goes, there will be a violent storm.

At this time, his number of killings has reached hundreds.

"Kid, don't be crazy, come and die!"

Chapter 735: Leading big battle

"Kid, don't be crazy, come and die!"

A peak Emperor stared at Ye Xuan and killed him.

"Not self-reliant, die!"

Ye Xuan underestimated a series of attacks.

In the thirty-six overlapping shadows, he has been able to fuse 128 times of the earth's pulsation and has a huge power.

Coupled with the limitations of the double space, this Fengfeng Emperor could not escape, and could only force it.

“Hey!” “Hey!” “Hey!” “Hey!”

The weapon of the Emperor Fengfeng oscillated thousands of times in an instant. His arms were shaken and cracked, and he was immediately killed by the balance of thirty-six overlapping shadows.

"Humph!"

Ye Xuan swiftly swept past and took out a ghost lantern of the highest level to preserve the will of the Emperor of the Emperor.

Although the refining of the Great will be weaker than the normal breakthrough, it is enough.

Now, Ye Xuan's strength has been shocked to the hundreds of people around, they have retreated, but Ye Xuan will not let go of anyone.

Every second, more than ten bodies fell from the sky, and more than ten 乾 戒 戒 犹 犹 璀璨 。 。 。
。 。 。 。 。 。 。 。 。 。 。 。 。 。 。 。

At this point, the air transport on the top of Ye Xuan's head has already plundered the cyan color, and the color is deep enough to approach the blue color.

The more he killed the more brave, the more he killed, the more he went forward, and he rushed into the direction of the Great Yuan Army.

"Death storm!"

Ye Xuan directly cast a superb death storm inside the enemy, numerous wind blades scraped, and another torrential rain in the sky.

After solving this one hundred squares, Ye Xuan is rushing to the second.

Among the people present, except for the six half-step supreme in the air, only he dared to do so.

Hundreds of high-ranking emperors have the same will, even if the Emperor of the Peak has to shun the house, but Ye Xuan's speed is extremely fast, even if someone occasionally bangs him, it will be merged with the earth pulsation of his eighth-order emperor's will 128 collapse.

In less than half a minute, Ye Xuan was rushing through several squares, and the fallen Great Yuanjun masters were thousands of people.

This scene fell in the eyes of the six half-step supreme, so that the three people on the side of the Sun Yan Sheng Dynasty rose.

"It's so strong, this person came out from where he actually realized the double space!"

"With him, this year's big decisive battle must be my victory in the Sun Dynasty!"

"The eyes of the city owner are really good. This son has tremendous energy and even led this big battle!"

One of the half steps was flashing.

The owner of the city he thought in his heart was the owner of the Green Fire City, which had two sides with Ye Xuan, and exchanged a double fruit for the white-haired old man.

The final battle is every year, but only a few people know that there is a huge interest behind the big battle.

The Sun Yan Dynasty against the Yuan Dynasty, if anyone wins in the big battle, then you can get a lot of air traffic from the other side and become stronger.

Last year and the year before, it was a victory for the Great Yuan Dynasty, but this year it may not be.

In the final battle, the two sides stipulated that only 20,000 Yuan Yuanjun and three half-step supreme, and this time, Ye Xuan appeared this variable, so they could not understand who won and who won.

However, at this moment, a white stern of the Great Yuan Dynasty glanced at him. After seeing the face of Ye Xuan, his body suddenly trembled.

"It's this kid!"

This white supreme is the peak of the Bailong Mountain that day, known as the White Dragon Supreme.

This time, he applied for a big battle, and if he was able to lead the Great Yuan Dynasty to victory, then he would be able to seal the official.

However, after seeing the killing of his enemies, he could not sit still.

"Mick kid, I want to kill you!"

Bai Long Supreme was furious and even dropped his opponent directly and went to Ye Xuan.

"what?"

The other two steps of the Great Yuan Dynasty, the Supreme Supreme, and the three-and-a-half-step Supreme of the Sunshine Sang Dynasty were shocked. They did not expect the White Dragon Supreme to suddenly kill.

"You have violated the rules!"

At the moment, the half-step supreme of Green Fire City immediately shouted.

"White Dragon Supreme, what are you doing?"

A half-step of the Great Yuan Dynasty shouted.

"We are not allowed to intervene!"

The other person is also violent.

However, the White Dragon Supreme is not killing the other side.

"Humph!"

The half-step Supreme of Green Fire City immediately smashed it and quickly killed it, and instantly intercepted the White Dragon Supreme.

"Hello, if you play for the Great Yuan Dynasty, you are not allowed to intervene in the virtual war of the gods. You have violated the regulations!"

The half-step of Qinghuo City is shining, and cold and cold.

"Step aside!"

Bai Long Supreme Eyes stared at the figure tens of thousands of meters away, and drank a sentence.

At this time, the four figures in the air have already stopped and leaned over.

"White Dragon Supreme, you violated the rules!"

The gray coat of the Dayuan dynasty is a cold and cold road.

At this time, the White Dragon Supreme remembered that he now represents the Great Yuan Dynasty. If he shot Ye Xuan, then it would be the Battle of the Supreme, which was lost by the Great Yuan Dynasty.

In this way, the Great Yuan Dynasty will lose a lot of air transport, and by then, he will not escape.

"I haven't shot yet!" Bai Long Supreme suddenly flashed a glimmer of light.

Everyone has a glimpse.

Indeed, the White Dragon Supreme is only a side to the side, he has not shot the other people, not a violation of the rules.

"Okay, come back!"

The six people started playing again.

However, the movement here has also attracted many people's ideas, including Ye Xuan.

"It turned out to be him? He actually broke through to half a step!"

Ye Xuan recognized the middle-aged man in white, the peak emperor who had chased him. He did not expect that the middle-aged man in white broke through.

Only then, if it is not a half-step of the Sun Dynasty, I am afraid that he will be forced to fight with each other.

"Good guy, it broke through, it seems that I am going faster!"

Ye Xuan's heart trembled and speeded up.

This time his goal is to break through to the ninth-order emperor and then try to fight against the half-step supreme.

As long as he broke through to the ninth-order emperor, he had the confidence to fight the white dragon supreme that had just broken through.

The white dragon in the air is supreme, while fighting, while paying attention to Ye Xuan, for fear that Ye Xuan ran away.

But what he didn't know was that Ye Xuan would not leave here. What he had to do was a breakthrough!

"Kill, kill, kill!"

Ye Xuan like a **** to kill, constantly in the direction of the Great Yuan Army, wherever there must be a large number of bodies falling.

At the same time, Ye Xuan's realm is constantly improving. He estimates that giving him another minute can almost break through.

His strength is already shocking everyone, even those few half-step supreme.

Ye Xuan, indeed, can dominate the victory and defeat of this big battle. Those peaks in his eyes are not worth mentioning.

Chapter 736: revenge

In the big battle, there were 20,000 troops in the Sun Dynasty and the Great Yuan Dynasty. However, at this time, there were at least two or three thousand people who died under Ye Xuan's hands.

Ten seconds!

Twenty seconds!

Thirty seconds!

Ye Xuan continues to kill at a rate of more than ten people per second.

The people who came to participate in the big battles almost gave their bodies to other people, or buried them. If they were not good, they would also spend their luck on the air, so their wealth was not so great that Ye Xuan needed to kill a large number of enemies. Can break through.

Fortunately, the big battle is not lacking.

"Hey, the host breaks through, and is currently the Ninth Emperor!"

After Ye Xuan killed more than 3,000 people, he finally heard a tone.

After hearing the tone, Ye Xuan's mouth was slightly tilted. The eighth-order emperor and the ninth-order emperor, although only one realm, but the strength will skyrocket.

He glanced at the six people in the air, especially the white figure, revealing a strange look.

He looked at the situation and found that the two sides seemed to be still deadlocked, so he hesitated.

"Half-step supreme is the will to seal the body, the body is strong, and can burn the infuriating losslessly, the strength is at least several times stronger than the peak of the Emperor, my current strength, I do not know whether it can fight with the White Dragon Supreme... .."

Ye Xuan thought in her heart.

In fact, he has no end to his own strength. After all, this is a challenge across a big realm.

However, at this time, the White Dragon Supreme also has an opponent. If he adds it, he can help.

However, there are so many enemies underneath, what have you done so early?

"Hey, let's solve the following enemies!"

Ye Xuan's light flashed, and after the breakthrough, the killing speed has at least doubled.

Every time he kills one, his cultivation will be a fine point. If he kills all the tens of thousands who are present, he may be able to break through to the Emperor.

"Now I have not seen breakthrough supplies for the time being, first upgrade to the peak of the Emperor!"

Ye Xuan pays attention to the six half-step supreme, while killing in the wild.

In a minute, Ye Xuan could kill thousands of people. At this time, the morale of the Yuanyuan Army fell sharply, and many people fled directly.

However, this does not affect Ye Xuan, than the speed, Ye Xuan has never been afraid of people of the same class.

At this time his speed is not slower than that of the White Dragon Supreme.

However, when Ye Xuan was killed in general, he suddenly found a special body in a ring.

A corpse that shocked him.

Devouring the beast!

"Hey, the host gets a little advanced!"

Ye Xuan, can advance.

Before his beast god's blood was upgraded, so the blood of the beast **** was advanced once, and his agility advanced reached four times.

However, now he has merged with a twin blood, and a new advanced route has emerged.

The first advanced route of Gezi Bloodline is to increase the strength in the case of the combination of the deity and the avatar, and each level is increased by 10%.

The second advanced route is to consume five advanced points at a time, and you can re-condense a detachment.

"If the strength is good, but my avatar is now in the East China, so I can't improve it. It's not bad to condense another avatar. Unfortunately, I still have four points, so I don't think about it for a while..."

After thinking about it for a while, Ye Xuan made a decision.

"Hey, the blood of the beast **** is agile and advanced, and it is currently five advanced!"

When Ye Xuan added the advanced point to the agile advancement, his speed was once again increased by one.

However, this speed is the speed of running on land, not the speed of the air.

Now, his speed is born with a 50% bonus.

"Come on the battle!"

Ye Xuan snarled in the sky and started killing again.

Hundreds, thousands, two thousand people...

A corpse fell from the sky, the battle of the battlefield became a river, and the broken limbs were numerous.

This is war!

The six half-step supreme in the air saw this scene, and some people liked to worry.

The big decisive battle is actually divided into two parts. One is the battle of the virtual gods, and the second is the six and a half steps of them.

They are the six-and-a-half-step supreme, representing the Japanese Yan Dynasty and the Great Yuan Dynasty, so it is impossible to shoot others.

However, other people are able to intervene in their battles.

At this point, Ye Xuan has already swept back and shouted: "Can I participate in the battle?"

"not good!"

The half-step of the Da Yuan Sheng dynasty changed his face, and the White Dragon Supreme was the first one. He found that Ye Xuan had already swept over.

"can!"

The half-step of the Green Fire City replied loudly.

They can't participate in low-level battles, but Ye Xuan is able to intervene in their battles.

In the midair, there are actually two referees in the sacred dynasty watching, the 10,000-strong battle underneath, the Great Yuan dynasty lost.

If the half-supreme battle, the Great Yuan Dynasty lost again, then the Great Yuan Dynasty will lose a lot of air transport.

After getting the consent, Ye Xuan also quickly swept over, he knows who his opponent is, that is the white dragon supreme.

"You chase me that day, today is your death!"

Ye Xuan sipped a big sentence and attacked the white dragon supreme.

"Thirty-six overlapping shadows!"

"The earth is pulsating 128!"

Although the half-step supreme body is much stronger than the peak emperor, in addition to the nine-order emperor, Ye Xuan has various blood.

His shot speed is not weaker than the half step.

"Damn!"

The white dragon screamed in the supreme heart. He just broke through to the half-step supreme, and his opponent was at the same level as him, but he was actually in a disadvantage. Now with Ye Xuan, his pressure is much greater. .

The Tsing Yi Supreme of the Sun Dynasty's sacred dynasty saw Ye Xuan join the battle. He also hurriedly shouted: "Little brother, you will hold him down, I will attack!"

"it is good!"

Ye Xuan immediately agreed.

He still has self-knowledge. At this time, he is not a great emperor. Compared with the two, his strength is still weak, so he is responsible for the containment.

"Gravity space!"

"Wind space!"

"The nine-order Emperor will!"

Although the half-step supreme will seal the will of the emperor, but the White Dragon Supreme has just broken through, the Emperor will seal the body will be done, so Ye Xuan's double space has a little effect on him.

Under the double space, the speed of the White Dragon Supreme is reduced by 10%.

"Damn thing!"

White Dragon Supremely yelled.

However, this is not the most terrible.

"The eight wild winds kill, go!"

Ye Xuan controls the eight-handed blade to attack the white dragon. The eight-handed blade all contain the earth's pulsation of 128, and the general peak of the Emperor can't stop it.

Can be the most terrible, or Ye Xuan's attack.

Chapter 737: Collapse

A sniper dragged a bright, long shadow, constantly attacking the White Dragon Supreme.

Although the White Dragon Supreme burned infuriatingly, the speed was faster than Ye Xuan, but under the triple control of Ye Xuan, he was even more miserable by the Tsing Yi Supreme.

Occasionally, he was forced to block Ye Xuan's thirty-six overlapping shadows. Every time he shocked his tiger's mouth, the whole arm seemed to be not his.

Ye Xuan and Tsing Yi Supreme pursued while playing and breaking away from the battlefield.

"Hefeng Emperor, Fengfeng Emperor, come help!"

The White Dragon Supreme ran and snarled.

The peak emperor of the Da Yuan Sheng Dynasty did have it, but after they saw the strength of Ye Xuan, they have already escaped far away. Where can they dare to help?

Seeing that no one came to intervene, Ye Xuan and the Tsing Yi Supreme looked at each other and the war was soaring.

Fang Cai Tsing Yi Supreme and Bai Long Supreme have been playing for a few minutes, it is difficult to understand, the two people's infuriating has burned to only one third.

However, due to the addition of Ye Xuan, the infuriating spirit of Bailong Supreme burned faster, I am afraid that within a minute, his infuriating energy will be consumed.

Bailong Supreme knows that he can't win, so he turns around and runs.

"chase!"

Tsing Yi Supreme will not let him go, and all three of them represent the Japanese Yan Dynasty to participate in the war. If they can kill the enemy's half-step supreme, it has a great credit.

Ye Xuan naturally will not let go of this opportunity to beat the dog, and immediately cast a double space to chase.

Even if the half-step supreme can burn infuriating, the speed of the defensive flight is faster, but Ye Xuan has a double space to accelerate, not only can he accelerate, but even the Tsing Yi Supreme also benefits, and the increase is more than to limit the White Dragon Supreme. .

"Haha, the brain suddenly opened up, you are dead!"

Ye Xuan is a big sister.

The dual space is used to limit the White Dragon Supreme, which can only reduce his speed. If the double space is used to promote the defensive flight, it can increase the speed of Tsing Yi Supreme 20%.

"Damn, **** * stuff!"

The White Dragon Supreme is constantly roaring, and at this time his mind is also thinking, he is thinking, will he die!

If he will die, he will definitely pull the leaves to be the back!

However, he did not have this opportunity.

"Hey, the earth pulsates 128 and the earth pulsates into the earth and pulses 256!"

"Hey, the host has realized that it has broken down!"

Ye Xuan, who is chasing the White Dragon Supreme, suddenly heard two bursts of system sounds. When he reacted, he couldn't help himself.

"Ok?"

Tsing Yi Supreme and Bai Long Supreme saw Ye Xuan's mismatch, but the next moment, they were all shocked.

"Thirty-six overlapping shadows!"

"Breaking down the mystery!"

Ye Xuan took out a sword, Bailong Supreme had no way to escape, only hard to pick up this sword.

But this time, he planted it.

The pulsation of the earth is 256, which is the collapse of the righteousness. Although Ye Xuan has just realized it, he can also merge five times to break the ups and downs on the thirty-six overlapping shadows.

Before he had been able to fuse 20 times of the earth's pulsation 128, now only five times the earth pulsation 256 weights, seemingly less than half of the shock, but the power is actually several times stronger.

The most important thing is that there is still a collapse effect.

"Hey!"

The dragon of the White Dragon Supreme has been squandering for decades. He suddenly broke apart. The next moment, he flew out. His chest had been shaken open with a big hole and blood.

what?

Tsing Yi Supreme was shocked.

Ye Xuan is only the 9th-order emperor. A sword can seriously hurt half-step supreme. This attack power is really terrible, and it is not much weaker than him.

"Breaking up the mystery, he actually realized that the collapse of the righteousness, this is the strongest attacking power!"

Tsing Yi Supreme couldn't help but swallow.

But for now, it's not a time to shock this. He must first kill this white dragon and then go back and help.

The Japanese Yan Dynasty has lost twice in this hell, and this time it can no longer be lost.

At the moment, Tsing Yi Supreme is swept away quickly.

"Do not....."

White Dragon Supreme is roaring in the sky.

Half-step supreme, after all, it is only a half-step supreme, but the great will will be sealed and greatly improved, not the true supreme body.

At this time, the seriously injured White Dragon Supreme was approached by Tsing Yi Supreme, and then went to the head with a sword.

At the same time, Ye Xuan is also a sigh of relief.

Although he is not killed by his own hands, he knows that his current strength is likely to be able to fight with the half-step supreme, although it is only a half-step half-step supreme, but it is also a good sign.

This White Dragon Supreme has just broken through, so there is not much to estimate in the Qiankun Ring. Ye Xuan is also lazy to go.

"Little brother, something for you!"

At this time, Tsing Yi Supreme suddenly threw the White Dragon Supreme Ring to Ye Xuan.

"Thank you for your predecessors!"

Ye Xuan hurriedly thanked him. After he caught the Qiankun ring, his repairs suddenly increased a lot.

This Qian Kun ring just made him promote to the peak of the Emperor.

At this point, he also heard the system's prompt tone again.

Sure enough, from the peak of the Great Emperor wants to break through to the half step, it is necessary to break through the supplies, which requires something called Supreme Dan, he has not heard of it.

"Go, go back and help!"

Tsing Yi Supreme quickly turned around and swept back.

Ye Xuan is once again using double space to bless himself and Tsing Yi Supreme and kill it.

Now, there are four masters in the Sun Yan Dynasty, and there are only two people left in the Yuan Dynasty. This big battle is almost a winner.

The big decisive battle can actually be admit defeated, but only one of the two sides has this qualification to represent the sacred dynasty.

On the side of the Sun Dynasty, the half-step supreme of the Green Fire City, and the Da Yuan Sheng is a white-browed old man.

"But, this big battle of the 10th Heaven, my big Yuan dynasty admit defeat!"

This old-fashioned old-fashioned man is only the general will to seal the body, and the half-step supreme of Green Fire City is also 10%.

There is no advantage in the realm, and the number is still at a disadvantage. If you fight again, you will definitely lose them. If you continue to fight, they may fall.

After hearing this, the half-step supreme of Green Fire City also nodded, holding a fist: "concession!"

In the Tenth Heaven, the Sun Yan Sin Dynasty has lost two games in a row. Today, he finally pulled back a little face.

However, at this moment, two men in gorgeous clothes suddenly fell in the sky.

These half-step supremes were recognized. The two were an official of the Sunshine Sin Dynasty and an official of the Great Yuan Dynasty.

"This big battle, both sides of my yin dynasty victory, I hope that your country will deliver the gas as scheduled!"

The official of the Japanese Yan Dynasty shouted.

"Reassure, my Da Yuan Sheng can not rely on the account."

Chapter 738: Baron order

"Reassure, my Da Yuan Sheng can not rely on the account."

The official of the Great Yuan Dynasty shouted coldly. His face was not very good. After all, the Great Yuan Dynasty had won two consecutive games. I didn't expect this time to be disturbed by a kid.

Immediately, he just left.

The final battle, the end!

The officials of the Japanese Yan Dynasty were very satisfied. He looked at the four people underneath. He said, "It's very good. Even I didn't even think that this big battle will win on both sides. All three of you will remember one."

In the end, the official fell on Ye Xuan and said: "You are also a good boy. I am here to give you a baron order!"

The voice has not yet fallen, that is, there is a golden light rushing toward Ye Xuan, Ye Xuan subconsciously catching a look, is a golden token.

"What is the Baron Order?" Ye Xuan did not slow down.

The half-step supreme of Qinghuo City explained: "With this baron order, you can go to the emperor to seal and become a baron. Although it is only a baron, as long as you continue to make meritorious deeds, you can continue to improve."

At this time, Ye Xuan remembered a word.

Feng Guan Jiajue!

"Our Tenth Hell is the worst of all the hells, but the three giants in our Hell are already the Viscounts."
Tsing Yi Supreme said.

The three giants in Hell refer to the three green fires.

However, what makes Ye Xuan strange is that there is more than one in this hell. The **** he is in at this time is only the worst one.

"Congratulations to the little brother."

The three half-step supremes are all thanks. If it is not Ye Xuan, it is not necessarily the winner of this big battle.

Ye Xuan took the baron order in his hand and held the fist: "Three seniors, what is the Supreme Dan?"

The three did not know why Ye Xuan would ask this question on this occasion. After they looked at it, Tsing Yi Supreme replied: "Supreme Dan is a half-step supreme need. If you have Supreme Dan, the Emperor will seal the body. The success rate will increase a lot."

"It turns out!" Ye Xuan nodded, and he guessed it.

However, he killed so many people and led this big battle, but did not get a supreme Dan.

"If you go to the Emperor to seal the Baron, you can get a Supreme Dan every year. As long as you have a Supreme Dan, you can certainly break through to half a step in one year!" said the half-step of Green Fire City. .

"Only one?"

Ye Xuan's heart is very disdainful, and the baron's title is only one year to get one. It's really home.

At this time, he suddenly remembered one thing, and hurriedly hugged his fist: "Three seniors, the kid has something to do, he will leave!"

He finished and left.

The half step of Green Fire City is to look at his back and praise it in his heart.

Some of them are also half-step supreme, but if they are compared with Ye Xuan, they are too much. After all, when they were in their early twenties, they were also virtual gods.

.....

The big battle has ended, so Ye Xuan has not continued to stay here. He rushed to the Green Fire City to redeem all the air transport and exchanged a jail order.

One day later, he left the Tenth Heaven.

"I now have already broken through to the Emperor of the Peak, but if there is no fit, the realm of the avatar and the righteousness will not be updated. I will return to the East China and say it now..."

Ye Xuan thought in his heart.

Although Supreme Dan is very important, this is the key to his breakthrough to the half step, but he still remembers the kindness of Xuanzhongshan.

Now that he has understood the collapse of the righteousness, then he can help the Xuanzhongshan people.

"The teacher is unfathomable, and even needs to collapse the mystery. I am afraid that the strength is not as simple as the ordinary emperor. He may be a half-step supreme!"

Now, Ye Xuancai began to doubt the strength of Xuanzhongshan people.

If Xuanzhongshan is really a half-step supreme, then he may also have the supreme Dan, when it is, it is two birds with one stone.

However, at the same time as the riots of the stars, Ye Xuan still went back to the East.

When he passed through the Death Desert and the Great Wilderness and returned to the Eastern Sword God Palace, Ye Chong, Jiang Xinyu and Duanmuyun were also refining the will of the Emperor, and all became the Eighth Order Emperor.

Just right, Ye Xuan's deity also returned to the Sword Palace.

After seeing Ye Xuan's deity, Ye Chong three people almost didn't scare to death. Ye Chong and Jiang Xinyi doubted whether they remembered it correctly.

Ye Xuan, not just one person, but a pair of twins?

After seeing the weird look of the three people, Ye Xuan's deity stood with the avatar and explained:
"Father, mother, this is me, this is my avatar, it's a sly!"

puppet!

"Read less for the father, Xuan children, don't lie to me, how can you have flesh and blood, and can you be exactly the same?" Ye Chong asked very blankly.

Jiang Xinyu and Duanmuyun on the side also nodded.

Ye Xuan also did not want to explain again, directly and the body fit, the next moment, the realm of the avatar is also directly to the peak of the Emperor, even the collapse of the righteousness is the same.

After seeing the two Ye Xuan touched, there was only one left, and the three people believed a little.

"Father, mother, you will treat me as twins. Now I am going to riot at Xinghai and pick up your two daughter-in-laws," said Ye Xuan.

In fact, before Ye Chong knew that Ye Xuan had a fiancée, but he had never seen it. Now, after Ye Xuan's reminder, there is actually one more.

Two Ye Xuan, two daughter-in-law, this...

Of course, this is easier to accept than two Ye Xuan, a daughter-in-law.

"Good, you are going to pick it up."

Jiang Xinyu does not care so much.

At the moment, Ye Xuan is leaving directly, but before that, he left three ghost lanterns, all of which are preserved by the Emperor of the Ninth Emperor.

And his deity and avatar are already fit and go to the riots.

Within a long time, he arrived at the rioting sea of stars, and then used the avatar to pick up a few people from the Song Dynasty. By the way, he went to the Tianshui continent and took Lin Wen Yue and others.

And his deity is to go to Xuanzhong Mountain.

His current strength is very strong, the deity and the avatar are still separated, to avoid a one-time fall.

Soon, his deity arrived at Xuanzhong Mountain.

Xuanzhongshan is still the same as before, there are many pirates coming to understand the gravity of the righteousness, Ye Xuan is full of emotions.

He slowly passed over the heads of these people. Occasionally, he still had to install a force to satisfy the vanity.

"The trough, the heavy pressure of Xuanzhong Island, I have some difficulties in walking, and that person actually flies in the sky!"

"It is said that comprehending the gravity of the righteousness is not limited by the gravity of Xuanzhong Island. He must have realized the gravity of the righteousness."

"Hey, he flew to Xuanzhongshan. Is this kid looking for death? Xuanzhongshan will definitely kill him!"

Chapter 739: Return to Xuanzhong Mountain

A group of people underneath whispered.

And Ye Xuan, in their weird eyes, plunged into the mysterious mountains.

"who?"

Ye Xuancai just entered Xuanzhong Mountain, and he heard a burst of violent drinking. This voice, Ye Xuan, is He Yan's.

His heart trembled, because he was the Emperor of the Peak, and it converges on the breath. However, in this case, He Yan discovered it.

This He Yan, really is not the king of the virtual gods, I am afraid it is not the virtual god.

Half step to the supreme!

This is the speculation in Ye Xuan's heart.

"He brother, it is me, I am back!" Ye Xuan replied.

The next moment, he just saw a familiar figure swept over, it was He Yan.

"Ye Shidi?"

He Yan was a little shocked. He stayed in Xuanzhongshan. Suddenly he felt a breath, so he swept it out.

I did not expect that it turned out to be Ye Xuan!

"He brother, I know you are not an ordinary person!" Ye Xuan said jokingly.

He Yan also smiled and said: "Ye Shidi, you are not ordinary, so short time to break into the Emperor Fengfeng, come back today, is it..."

"Yes, I have already understood the collapse of the righteousness, and hereby come back to repay the respect of the Master!" Ye Xuan nodded.

what!

After listening to He Yan, he was also very shocked.

Ye Xuan, sure enough to comprehend the collapse of the righteousness.

When Ye Xuan left Xuanzhong Island, Xuanzhongshan people continued to collect several registered disciples, and their qualifications were good.

The better the understanding of the righteousness, the harder it is to understand, and the more difficult it is to understand, the more difficult it is to be able to get the pointer when it is in the virtual state.

But now it seems that it is no longer needed!

"Come, Ye Shidi, slap me a sword!" He Yan said with some excitement.

"He brother, this..."

Ye Xuan was shocked. Looking at He Yan's posture, it seemed that he wanted to pick him up and broke down.

You must know that his current attack, even the White Dragon Supreme can not pick up.

But the next moment he reacted, the other party is just testing, he does not have to use thirty-six overlapping shadows.

"Brother, be careful!"

Ye Xuan took a very ordinary sword against He Yan and did not use martial arts.

This sword is very slow, He Yan directly blasted a punch, squatting, the air waves rolling.

"Hey!" "Hey!" "Hey!"

The two energy moments oscillated two hundred and fifty-six times.

"The earth is pulsating 256 times, it is indeed a collapse of the righteousness, Ye Shidi, you really did it!" He Yan is ecstatic, said: "Teacher, come, follow me to see Master!"

The pulsation of the earth is 256 times stronger than the weight of 128, but let Ye Xuan have a lot of fighting power, which is actually the collapse effect.

Ye Xuan also understands that Xuanzhongshan people want this collapse effect.

At the moment, he immediately followed up.

He Yan took Ye Xuan and came to the bamboo forest. The loud voice: "Shi Zun, Ye Shidi is back!"

The voice has not yet sounded, the door of the wooden house is opened, and the Xuanzhong Mountain people came out.

"Ye Xuan, do you really understand the collapse of the righteousness?" Xuanzhongshan asked with a blank face.

Although there is a forbidden sound array in this bamboo forest, he still heard the movement of the talent.

"Fortunately, I don't want to be insulted, Master, I have already realized it!"

Ye Xuan Zheng focused.

"Good, good, good!" Xuanzhongshan people said three times in a row, his mood, even more excited than He Yan.

But to be on the safe side, he tried it for himself.

After two hundred and fifty-six muffled sounds, Xuanzhongshan people laughed loudly: "Sure enough, it is a collapse of the righteousness, Ye Xuan, you really did, and I am very pleased with the teacher."

"Master, don't know what I can help?"

Ye Xuan asked.

"I want you to destroy a door with a broken down!"

Xuanzhongshan people flew directly and said: "If you don't want to be late, we will leave immediately. If it can be done, I will give you 100 pieces of Supreme Dan!"

"it is good!"

Ye Xuan's flash of light, in fact, he does not use a hundred supreme Dan, only need one, he will be able to break through to half a step.

Of course, the remaining ninety-nine, he can be used directly to swallow, improve and repair.

At the moment, Xuanzhongshan people left Ye Xuan and He Yan and left Xuanzhong Island.

Ye Xuan followed behind him and asked: "Master, where are we going?"

"Go to the East, the desert of death!"

Xuanzhongshan explained.

what?

Ye Xuan was shocked, but he just came from the desert of death.

Unexpectedly, even the half-step supreme Xuanzhongshan people, there is no way to break the door, even in the desert of death.

Ye Xuan did not ask much, but continued to follow.

Soon, they went directly from the rioting star to the desert of death. Then, under the leadership of Xuanzhongshan, they entered the death desert in one position.

The death desert is also dangerous for the low-order virtual gods.

But among the three, Ye Xuan, the lowest in the realm, is the Emperor Fengfeng, how could it be a problem.

They used the Emperor's will to bounce off the quicksand and dive all the way.

After a while, they came to a mysterious place, where there was a battle of support, and the quicksand could not penetrate.

Ye Xuan looked around in a circle and asked: "Master, where is this?"

He Yan replied: "This is an ancient ruin. It is a general of a sacred priest who was overthrown by the Sun Dynasty."

"General?"

Ye Xuan brows a pick.

He also understands that this general is not the same as the general in the Tenth Heaven. The generals in the **** are at most the eighth-order emperor, and the things in this general are, even the half-step supreme wants.

At this time, Xuanzhongshan people took two people deep, and finally saw a quaint copper-colored door.

On this gate, two people wearing armor and holding long swords are drawn. And on the other side of the door, it is with four holes, seems to be the key hole.

"This is the door, this door, even I can't move, Ye Xuan, you try to break down the righteousness can break it!"

Xuanzhongshan people pointed at the door.

"it is good!"

Ye Xuan nodded, and immediately came to worship the Eight Rains sword, and squatted at the ancient gate.

"Boom!" "Boom!" "Boom!" "Boom!"

The sniper slammed on the door and the defensive array on the quaint gate, and it oscillated more than two hundred times.

Ye Xuan attack, and even the White Dragon Extreme can be seriously injured, but it is one of these doors have no effect.

"What no effect leaves Villa try again!"

Xuanzhongshan people refused to give up.

Ye Xuan said nothing, attack again.

"Thirty-six overlapping shadows!"

"The earth is pulsating 256!"

Since it was just a breakthrough, the fall of Ye Xuan's ambiguity is not a lot, only six times.

Chapter 740: Old knowledge

With the passage of time, Ye Xuan is more and more handy. In the thirty-six overlapping shadows, it can be integrated into seven times, eight times, nine times or even ten times.

However, he is still unable to break the guardian gate.

"Oh, forget it, it is said that the general of the ancient sacred priests, like the law and the organs, can not be broken is also in my expectation." Xuanzhongshan people sighed helplessly.

"Master, so it seems, can only wait for the four keys to open?" He Yan asked.

Xuanzhongshan nodded: "These four keys are in the four families of the Sunshine Holy Dynasties, but very early, a key was lost, so it could not be opened."

Upon hearing this, Ye Xuan's brow suddenly picked up and said: "Is it lost? Is it difficult to be a thousand years ago?"

"You know? Yes, the last key was stolen by the wind and thunder." Xuanzhongshan nodded and looked at Ye Xuan: "Speaking, Fenglei is also a predecessor of your sword shrine, you should be clear What?"

"Ok?"

Ye Xuan stunned, he remembered that he did not tell the Xuanzhong Mountain people, but Xuanzhongshan people actually knew that he was the Sword God Palace, which is a bit strange.

"Don't be surprised, I am a good friend with Taiyi Sword God." Xuanzhongshan replied.

This answer, but I was scared of Ye Xuan.

Xuanzhongshan people, and Taiyi sword **** are friends?

Crash!

Ye Xuan is the famous disciple of Xuanzhongshan, and he later joined the Taiyi Palace, which is also a disciple of Taiyi Sword God.

Unexpectedly, the two masters turned out to be friends.

It is no wonder that Xuanzhongshan people will know that he has joined the Sword Palace.

"If you can't open it, then forget it."

Xuanzhongshan people sighed again, took a small bag from the Qiankun ring and threw it to Ye Xuan:
"Although it has not been opened, you should need the Supreme Dan now. There are ten Supreme Dans here, give it to you."

Ye Xuan's eyes are bright, this master is still good, although he did not help, but also benefited.

Supreme Dan, one is enough for him to break through, ten, enough for him to cultivate further.

"The younger brother has these ten supreme Dan, and it is not a problem to break through to the half step in one month." He Yan said with a smile.

One month?

After listening to Ye Xuan, she smiled coldly, as long as he thought, the breakthrough on the spot was not a problem.

However, he still resisted, and will not break through for the time being.

When the White Dragon Supreme was the Emperor of the Peak, it was already a breakthrough failure several times. He had a full impact for a year before he broke through to the half step.

If he had a Supreme Dan at the time, I am afraid that the time will be shortened to two or three months.

However, the qualification for cultivation is **** for Ye Xuan, and there is a phagocytic system. He does not need normal cultivation.

If he was born as the Prince of the Sun Dynasty, he might be the Supreme now.

People are born to be unequal, and this time is not fair.

Then, Xuanzhongshan people left Ye Xuan and He Yan to leave this general.

However, when they came to land, they suddenly felt a strong breath.

"There are experts!"

Xuanzhongshan people drank a little, and his face immediately became dignified. He turned his head and looked at and found several people who flew toward them quickly.

This speed is at least half a step.

Only half a step to the Supreme, can make Xuanzhongshan people so cautious.

However, after the Xuanzhongshan people saw the face of the coming, the dignified face suddenly exploded, because he came to know him.

Not only did he know, but Ye Xuan also knew.

"Green fire, how come you?" Xuanzhongshan people asked very strangely.

Green Fire, the name is widely circulated in the 10th Heaven, because this is one of the three giants in the 10th Heaven.

Ye Xuan has naturally heard of it.

However, what makes Ye Xuan even more shocked is that he actually knows the old man who is headed.

This old man is the one who used to use a double fruit to exchange his wind dragon.

This person is the owner of the Green Fire City, one of the three giants of the Tenth Heaven.

"How do you come here?" Green fire was a little surprised, and turned to look at Ye Xuan, said: "Little brother, we met again!"

I can see Xuanzhongshan people here, it is nothing, it is strange to see Ye Xuan.

"Do you know?" Xuanzhongshan is also very surprised.

"I have seen seniors!"

Ye Xuan hurry and say hello.

At this time, Ye Xuan has already sorted out his thoughts.

It is no wonder that the Emperor Fengfeng can only be a man. It turns out that this white-haired old man is one of the three giants of the Qing Dynasty City, the No. 10 Heavenly Prison.

"Haha, I understand, Xuanzhong, you want to try to break the ups and downs, can you open the generals to open the door?" Green fire suddenly understood.

"Yes, it is a pity that even the collapse of the righteousness has no way to break the door of the generals of the generals." Xuanzhongshan nodded.

Qinghuo opened his mouth and smiled. "This doesn't matter, the fourth key has already appeared."

"What, is this true?" Xuanzhongshan was shocked.

"Yes, this is still a loss to the little brother." Green fire smiled and nodded, then fell on Ye Xuan's body.

Then, he said it in the future.

After listening to it, Xuanzhongshan people also felt that they had to do more. The original fourth key was hidden in the wind dragon.

This secret, in fact, Ye Xuan has long known, otherwise, how green fire will let him go, will definitely come to run Lei Jian.

But now, you don't need to run the sword.

"Now the fourth key has appeared. When will I inform the other three families?" Xuanzhongshan asked.

"I have already notified, and they already know that it is estimated that they will come soon, and I will open the general with me." Green fire nodded.

"Then you still remember our agreement?" Xuanzhongshan asked again.

Qinghu said with a smile: "Nature will not, the three big families are powerful, we have to join hands. I came over this time, I just want to inform you two."

"Well, if this is the case, then I will take a trip and call Taiyi." Xuanzhongshan said.

After hearing the name of Taiyi, Ye Xuan was shocked.

"Master, Taiyi, is it too Taiyi sword god?" Ye Xuan asked subconsciously.

"Yes, I told you before, I am a good friend with Taiyi, and the three of us have been together in the Sun Dynasty."

Xuanzhongshan nodded, said: "It seems that you do not know that Taiyi is a half-step supreme. Not to mention you, even his son may not know, this guy is still the same as before, the mountains are not dew."

Indeed, Ye Xuan did not think that the Taiyi Sword God of Taiyi Palace turned out to be a half-step supreme. Even his own son did not hurt, he did not tell, this is a bit too low-key.
