

## Super D. S 751

Chapter 751: Reopening the door

"come on!"

Ye Xuan immediately swept the past and took three of them.

"Hey, the host breaks through, and the current Emperor will seal up to 20%!"

The three green fires are all experienced, and there are not many things in the Qiankun ring. Only Ye Xuan breaks through once.

However, a breakthrough is enough.

"Thirty-six overlapping shadows!"

"The earth is pulsating 256!"

After the breakthrough, Ye Xuan's strength skyrocketed, and the sword was madly directed at the dragon-shaped gold armor.

"Boom!" "Boom!" "Boom!"

The dragon-shaped gold armor holds the wolf-toothed sword and grabs the military seal in one hand, defeating these attacks by Ye Xuan one by one.

At this time, Ye Xuan, the strength is not much different from this dragon-shaped gold armor.

"Ye Xuan, let me help first!"

Qinghu knows that he can't help, and directly sighs.

Ye Xuan nodded silently, and he was able to hold on to this dragon-shaped gold armor.

On the other side, even if the green fire does not join, the four long-knife deputies will not be able to help the Xuanzhongshan people and Taiyi swords.

Now the green fire has joined, and in less than a few seconds, the four long knife vices will be defeated.

"Distribute their armor and delay their reorganization time!"

Xuanzhongshan people shouted.

At the moment, the three men disrupted the armor and then threw them into the four corners of the main hall.

Then, next, there are four people fighting the Dragon Gold.

"Ye Xuan, this dragon-shaped gold armor is indestructible, to seize the generals to live!" Taiyi sword \*\*\*\* shouted.

This point, Ye Xuan is naturally clear.

However, the military seal was caught in the hands of the dragon-shaped gold armor, and it was not so easy to capture it.

"Thirty-six overlapping shadows!"

"The earth is pulsating 256!"

Ye Xuan four people attacked the dragon-shaped gold armor.

The strength of Xuanzhongshan is the strongest among the three. Like Ye Xuan, he is the main attack with 36 overlapping images.

At the same time, his earth pulsation has also changed to 128 weights, only one step away from the collapse of the Olympics. He has been stuck here for more than ten years, and still has not changed to 256, comprehending the collapse of the righteousness.

Then, the third place in the strength is the green fire. His seven-powered dragon sword is very powerful, and the power of the sword is the second highest.

The Taiyi Sword God is a bit sad, and he is not the most sacred, so the strength is the weakest.

Therefore, he consciously plundered, and the long knife knives who are preparing to reorganize will be defeated again.

Now, Ye Xuan is joining forces with Xuanzhongshan and Qinghuo, constantly attacking the Dragon Gold.

It is a pity that this dragon-shaped gold armor has a strong defense force, and even Ye Xuan can not leave a trace on it.

Therefore, only the generals can be printed.

However, it is at this time.

"Boom!"

Suddenly a loud noise fell into the ears of everyone. Ye Xuan's four hearts shook and looked around and found that the main hall door was opened again.

"not good!"

Ye Xuan screamed in the hearts of four people. At this time, they were filled with ten people.

The remaining four forces have also reached the five elements of the property, and then opened the main hall door.

Tuobajia, Lijia, Yangjia, Shangguanjia, all are here.

"I didn't expect to be picked up first." Li Jia's family flashed, and finally his eyes fell on the left hand of the dragon gold armor.

"General seal, that is the general print!"

Someone exclaimed.

"on!"

At that time, ten people were rushing to the past.

"Retire!"

Ye Xuan's face was dignified and heavy, this time, he must temporarily avoid the edge.

The three green fires did not dare to neglect, and rushed to the side of Ye Xuan.

Coincidentally, after these people came in, the Dragon Gold Armor no longer attacked Ye Xuan, but rushed toward those people.

Ye Xuan sighed with relief. He could only hold the dragon-shaped gold armor. Now there are so many people, maybe he can get the general seal.

"Ye Xuan, what do you do?"

Green fire suddenly turned and asked.

"Yes, I need a lot of talent!"

Ye Xuan nodded.

At this time, the three talents reacted, and Ye Xuan Fang got the three of them, and suddenly rose to a realm.

"This battle is inevitable. If this is the case, then the four of us will join hands and kill all these people first!"

The wages of avarice is death!

They did not intersect with these four families, and it is only natural that they will kill everyone.

"I think so too, but it is best to pay attention to the cloak of the Shangguan family. I feel that they are not right." Xuanzhongshan reminded.

In fact, without his reminder, Ye Xuan will also pay attention.

The six people in the Shangguan family were too surprised, nothing to wear a black cloak and a black face towel, and everyone would be suspicious.

The four people roughly discussed the countermeasures and immediately rushed over.

The dragon-shaped gold armor is very strong, but the strength of the four family's homeowners is not weak. They also hold a handful of sacred treasures in their hands, suppressing the dragon-shaped gold armor in a frenzied manner.

"They killed it!"

A master of the Li family noticed the four people of Ye Xuan and hurriedly shouted.

"You, go and kill them four!" Yang family said.

There will be only one military seal, but there are five forces here, so it is bound to trigger a \*\*\*\* battle.

Although only one of the remaining six people is a Yang family, they have reached a consensus at this time.

Six people quickly went to Ye Xuan four to kill.

"Not self-reliant, die!"

Ye Xuan clenched his sword and shot the six people in an instant.

The same is true of the three green fires.

"Boom!" "Boom!" "Boom!"

Numerous swords and swords collide, the waves are rolling, the movement is so big, and the whole initiative seems to have begun to shake.

However, what shocks everyone is.

The six people could not withstand a wave of charge from Ye Xuan, and they were killed in the blink of an eye.

Just kidding, Ye Xuan, in addition to the Taiyi sword god, has a quasi-supreme soldier, and Ye Xuan's strength is the strongest of the four.

Six people in the district could not stop their round of attacks.

Ye Xuan hurriedly accepted the six-person Qiang Kun, and the strength soared.

But this is not enough.

His brow wrinkled, even if he killed the four masters, it is not enough to break through again.

However, the strength can be further.

"I will say it first!"

Ye Xuan no matter how much.

At the same time, the Shangguan lord shouted: "I am going to drag the gold armor, you go."

The other three owners have a meal, but I think that this dragon-shaped gold armor is not something that ordinary people can deal with. Even if the Shangguan family is a single person, it is estimated that they will not get the general seal.

At the moment, I still have to say Ye Xuan four people.

"Green fire, since you are looking for death yourself, then don't blame me!" Li Jia's family sipped a sentence.

If the three of them killed Ye Xuan four, then they could once again get a sacred treasure, which is actually a fat difference.

Chapter 752: Then meet Jiang Tianquan!

Before Ye Xuan, the strength has exceeded the green fire.

He is now breaking through again, and it is by no means comparable to the three masters.

"Just because of you, I want to stop me!"

Ye Xuan's eyes widened and he made a sword.

"Thirty-six overlapping shadows!"

"The earth is pulsating 256!"

"boom!"

The Li family leader was shocked and hurriedly blocked the quasi-supreme gods in his hands.

If it is an ordinary top-quality virtual soldier, I am afraid that it will be directly shattered by Ye Xuan, but the Li Jia master holds the Quasi-Supreme God Soldier. Ye Xuan cannot be destroyed despite the collapse of the mystery.

However, Ye Xuan's attacking power is extremely strong. Li's family's hands are numb, and the quasi-supreme squadron in his hand suddenly sticks to his chest. He was shattered by Ye Xuan's powerful impact and smashed several sternum. Go out.

The Tuoba family and the Yang family were shocked. They did not expect that among the green people, the strongest one was Ye Xuan.

When they were shocked, there were suddenly seven sharp edges that plundered toward the Li family.

"Hey!" "Hey!" "Hey!"

After a few muffled sounds, they saw the head of the Li family's head bursting open and became a body.

At the same time, the Li Kun's family's Qiankun ring and the quasi-supreme soldiers in their hands all flew to Ye Xuan.

"Don't worry, you two will die!"

Ye Xuan once again sword.

Tuoba's family and Yang's family were gloomy, and Ye Xuan actually took out two swords in the squatting and attacked them separately.

In order to withstand the attacks of the green fire and the Xuanzhong Mountain people, they are already a little powerless, and now they have to face the attack of Ye Xuan, and immediately flee quickly, ready to leave the main hall directly.

This will be the military seal, it is not what they can get.

"Want to go? Leave me!"

Ye Xuan saw his two swords both lost, and quickly rushed to catch up.

The main body of this Tuoba family and Yangjiajia is even higher than the three people of Qinghuo. The will of the emperor has been sealed for 30%.

But even then, their speed is not as good as Ye Xuan.

Ye Xuan just got the Qiankun Ring and the Quasi-Supreme God Soldier, directly swallowed it.

The value of the Quasi-Supreme God Soldier has at least 10 sets of Qiankun Ring. After Ye Xuan took his Tainan City, it was a breakthrough.

"Hey, the host breaks through, and the current Emperor will seal up to two and a half!"

"You two, die!"

Ye Xuan's physique has been upgraded to a higher level, and several swords are pulled out in an instant.

Jianguang was as fast as lightning, and he directly hit the quasi-supreme soldiers of Tuoba's family and Yang's family.

"puff!"

Both of them spit out a blood and were directly bombarded outside the main hall.

Ye Xuan rushed past, but at this moment, a few figures suddenly caught his eye, directly killing the Tuoba family and the Yang family, and captured the quasi-supreme soldiers of the two.

"what?"

Ye Xuan was shocked. He didn't expect to hide a few people outside the main hall.

These people are all Shangguan's, they are wearing black robes, they can't see the face, and the number is exactly five.

"Dare to grab my things, find death!"

Ye Xuan, no matter how much mysterious the other side, directly shot.

After all, the two supreme soldiers, he wanted to send a sword to the Taiyi sword, but now, it was robbed.

"Thirty-six overlapping shadows!"

"The earth is pulsating 256!"

A sword light flashed, but what makes Ye Xuan strange is that his sword was actually blocked by one of the black robes who held the quasi-supreme sacred soldiers.

"How can this be?"

Ye Xuan is amazed.

This sword is enough to kill the Tuoba family and the Yang family. But why can the official people stop it?

This unscientific!

"Hey..."

At this time, the black man suddenly gave a dry laugh, and the face towel was removed, revealing his face.

After Ye Xuan saw his appearance, his body trembled.

This person, he knows!

"Ginger is doing it, are you?"

Ye Xuan exclaimed.

That's right, this person who blocks his sword is the one who used to burn him with three flames and burned him seriously, which made him arrested into the heavenly prison.

He had thought that Jiang Tian had been walking in a corner, but he did not expect to meet again, and he also broke through to the half step, and could also block his sword.

"Yes, it is me!"

Jiang Tian took off his hood, but his face had some strange black lines and half of his face.

Ye Xuan felt that something was wrong, immediately shouted: "The day let you run, today, is your death!"

He did not care about the three seven twenty-one, and directly attacked.

He felt that Jiang Tian was a little difficult to deal with at this time.

"boom!"

Ye Xuan's attack was once again defeated.

However, just as he was about to rush, Jiang Tian's mouth was slightly tilted, and he shouted: "Architecture!"

Then, the four black robes behind him were scattered and then madly throwing a lantern.

These lanterns, Ye Xuan also know, it is the ghost lantern.

"Ghosts are big, sleepy!"

In the meantime, Ye Xuan felt a strong pressure on the stocks. These are the will of the Emperor of the Great Emperor.

"what?"

Now, Ye Xuan finally understands why Jiang Tian did so quickly. It turned out that he joined the Ghost.

At this time, the ghost lanterns suspended in the air are full of hundreds of miles, and the will of hundreds of peaks of the Emperor is strongly pressed against Ye Xuan, making him a bit sullen.

"I can't move!"

Ye Xuan was shocked.

Although he is already a half-step supreme, the emperor will seal two and a half, but after all, it is not true supreme.

Only the supreme golden body can completely resist the will of the righteousness and the great emperor.

"Hey, Ye Xuan, I didn't expect it, you still have to plant it in my hands." Jiang Tian walked over with a smirk.

"call out!"

But at this moment, suddenly there were several broken sounds, and the ghost lanterns were broken several times.

"court death!"

Jiang Tian did a glimmer of light, and quickly took out a few swords against the green fire and others.

"Boom!" "Boom!" "Boom!"

The four people flew straight out, and the Taiyi sword \*\*\*\* was seriously injured.

"damn!"

Ye Xuan's face was gloomy, and he felt that this time he was going to hang.

Until now, he remembered that Jiang Tian had broken through to the third-order emperor before, wasn't it because of the will of the great emperor given by the old nine-day sword god?

Then, the old nine-day sword \*\*\*\* may have some connection with the ghost teaching.

This time, Jiang Tian went to the Sun Dynasty, and perhaps joined the Ghost Religion, and then may be appreciated, all the way to break through to a half step.

"The light of rice grain, dare to compete with Haoyue?" Jiang Tian's face suddenly fell cold and his character changed.

Before he regretted not killing Ye Xuan so much that his father was abused, now he will put Ye Xuan under the sword.

Ye Xuan bit his teeth, he wanted to evacuate, but the large array of hundreds of peaks of the Emperor's ghost lanterns made him sleepy and could not move.

Chapter 753: Ginger died!

Ye Xuan is already ready to die. It seems that this time, he really wants to fall here.

However, things are not as bad as he imagined.

"Ghosts teach, I didn't expect Yu Yu to stay till now, kid, now I am making a deal with you, the generals will be printed to you, destroy them!"

Suddenly, a voice was heard in the main hall.

This is the voice of General Spike.

The next moment, the hundreds of ghost lanterns that floated were suddenly bursting open.

"Hey!" "Hey!" "Hey!"

The ghost lanterns burst open, and the pressure on Ye Xuan disappeared a little.

"not good!"

Jiang Tian's face changed and he hurriedly took out a sword and prepared to kill Ye Xuan's big threat.

However, his attack was blocked by the attack of Dragon Gold.

Ye Xuan is also shocked.

This general, the general, helped him at a critical time.

However, judging from the words of the General of the Spike, the ghosts have been taught thousands of years ago.

"I promise!"

Thinking of this, Ye Xuan hurriedly replied loudly.

Hearing the answer, the dragon-shaped gold armor also waved his hand and threw the general's seal in his hand to Ye Xuan.

Ye Xuan has already lifted the speed at this time, hurriedly pulled his legs and swept the past, holding the generals.

The next moment, a tone sounded in his mind.

"Hey, find the gods, do you cultivate?"

Ye Xuan took a moment and decided immediately.

"Hey, the host learned to read the gods!"

This will be a military seal, in fact, it is just a pallet. With the military seal, you can control the entire general. But if you learn the mystery of the gods, you can control the entire general without even the military seal.

Ye Xuan is still in the middle of surprise, the dragon gold armor is plucking in front of him.

"Blood and blood!"

The voice of General Spike sounded in Ye Xuan's ear.

Ye Xuan hurriedly broke his finger, and then gently clicked on the dragon-shaped gold armor. The next moment, this set of dragon-shaped gold armor was followed by his wound and was sucked into his body, leaving only that one. Sword of the wolf.

"Dragon pattern gold armor, recognize the Lord success!"

"come out!"

Ye Xuan caught the sword of the wolf, and immediately driven the dragon gold armor.

"Hey!"

Jiang Tianduo and others only felt that the golden light flashed in front of him, and Ye Xuan's whole person was wrapped in a dragon-shaped gold armor.

This set of dragon-shaped gold armor, wrapped Ye Xuan's body into it, even the eyes are not exposed, but Ye Xuan can see the things around through the visor.

At this time, Ye Xuan is the Altman transform, and the defense is indestructible.

"Damn, arranging!"

Jiang Tian tried to drink as low as possible.

At the moment, the four people behind him, and the owner of the Shangguan who had only dragged the dragon-shaped gold armor, immediately threw a lantern.

However, this time, these ghost lanterns are not suitable for Ye Xuan wearing a dragon gold armor.

Ye Xuan left his hand with the sword and the right hand, and he slowly walked toward Jiang Tian.

"No effect, go!"

Jiang Tian's face changed and he turned around immediately.

Available at this time.

"Boom!"

The main door of the main hall was suddenly closed.

"I want to go now, is it late?"

Ye Xuan, wearing a dragon gold armor, walked slowly toward six people.

At this time, Jiang Tianduo, the heart seems to have 10,000 grass mud horses rushing past, he regretted, and knew that he was directly shot when he was trapped in Ye Xuan, killing Ye Xuan.

Originally, he still wanted to torture Ye Xuan once, but did not expect that the general thoughts of General Spikes would actually crush the ghost lanterns and let Ye Xuan get out.

Not only that, but also took the initiative to print the general to Ye Xuan.

Now, wearing the dragon-shaped gold armor, Ye Xuan, is not their ability to compete.

"What about the rudder master?"

The owner of the Shangguan family asked frowning.

Jiang Tian is full of face, now, they have only one way, that is to kill Ye Xuan.

"kill!"

When his voice fell, Jiang Tian did lead five people and killed the past.

"Not self-reliant!"

Ye Xuan snorted and greeted him.

He has a dragon-shaped gold armor, he does not need defense at all, he only needs to attack with all his strength.

These six people, in addition to Jiang Tianduo, the strength of the other five is actually not strong, Ye Xuan two swords can be killed.

"Thirty-six overlapping shadows!"

"The earth is pulsating 256!"

Jiang Tian's Emperor's will seal has reached 40%, which is 15% higher than Ye Xuan, but he only has the realm to suppress Ye Xuan.

Ye Xuan is now in the hands of two sacred soldiers, wearing a dragon-shaped gold armor, can also control four long knife vices, plus three green fires, Jiang Tianduo's odds are infinitely close to zero.

"Hey!" "Hey!" "Hey!"

This one-on-one battle does not require the long knife deputy and the green fire to help, Ye Xuan is enough.

He held the sword of the wolf and the sword of the spirit, while resisting Jiang Tiandu, while killing the five helpers of Jiang Tian.

After the death of the other five black robes, Jiang Tian is already desperate. Now this scene is the battle of the beasts.

He can't hurt Ye Xuan. Is there still suspense in this battle?

"Devouring!"

Ye Xuan took the five 乾 戒 戒 and the other two sacred sacred soldiers.

These five Qiankun Rings have many wills of the Emperor, and the total number has reached 500. These things directly make Ye Xuan's realm break through again.

At this time, Ye Xuan's will seals the body to reach 30%.

"Hey, the host breaks through, and the current Emperor will seal up to 30%!"

Ye Xuan, who heard the prompt tone, was stunned and smashed out.

This time, Jiang Tian did not resist, but directly flew out, slammed into the stone pillar of the main hall, and spewed a blood.

"Ginger is doing it, can you think about it today?"

Ye Xuan slowly walked over.

Jiang Tian leaned on the pillars and looked pale, cold and cold: "I really regret not killing you!"

"Oh, you regret it now is useless."

Ye Xuan's mouth tilted slightly and smiled.

"If you become a king, you will kill and kill!"

Jiang Tianquan is not ready to resist, he knows that he is alive today. However, he has another plan in his heart. If he does not die today, he will return to the East China and kill the entire family of Ye Xuan!

"Okay, as you wish!"

This time, Ye Xuan does not want to talk any more nonsense, because it will change later. The last time he started to slow down, it was only for Jiang Tian to be ashamed.

Ye Xuan, I don't want to repeat the same mistakes, although the situation has already been set.

"Dead!"

A cold mangling flashed, Jiang Tian was separated from his body, his head bones rolled to the ground, his eyes were wide open, and he looked at Ye Xuan.

Finally, the great hatred has been reported!

Megatron, you can rest in peace!

The death of Jiang Tianduo also solved the hatred of Ye Xuan, the hatred that he always remembered in his heart, quietly solved.

Although Jiang Tian tortured him twice, but the other party is also the heart of Jiang Xinyi, and the Taiyi sword \*\*\*\* is also present, he is not good to whip the body.

"Hey!"

After Jiang Tian's death, Ye Xuan took the dragon-shaped gold armor back into the body, revealing the true face.

Chapter 754: Treasure house

The three green fires also came to each other with a strange look. Only then did they think that Ye Xuan was dying, but did not expect that the generals of the Spikes actually shot.

"Kid, now the general is in your hands, then my general will be yours, but I hope you promise me a condition!"

The voice of General Spikes sounded again.

"Predecessors please say!"

Ye Xuan looked up.

"In the past, I was responsible for destroying the ghost teaching, but I didn't expect it to be completely eradicated. Therefore, I want you to uproot it so that the spring breeze will not be born again. This is my request and my last wish."

The general thought of General Spikes said.

"Okay, I promised!"

Ye Xuan did not hesitate, directly replied.

This time, if there is no general of the Spike, Ye Xuan's deity may be degraded, so General Spike saved his life.

Now, in the face of this small request of General Spike, how can he not agree?

"Young people, you don't want to look down on the ghost teaching. There is a mystery in the ghost teaching. You can use the will of the great emperor to forcibly seal the body, so that the ghost teaches the masters, and the \*\*\*\* you are only doing is using this. Ways to improve."

"A large part of the ancient dynasty was destroyed in the past, because the ghosts taught, if the current sacred can not suppress the ghosts, I am afraid that will repeat the mistakes of the ancient sacred."

After listening to Ye Xuan, it is also the focus of Zheng: "Predecessors, I will investigate clearly."

The ancient sacred general of the generals of the fangs was actually the predecessor of the Sun Dynasty, and the royal family's surname was the same.

"If this is the case, then I can safely leave. Now the owner of the general is yours, young people, I hope you will not live up to my expectations..."

The voice of General Spikes is getting smaller and smaller.

Ye Xuan knew that he had dissipated on his own.

For the expectations of General Spike, Ye Xuan also understands that he hopes that he can destroy the ghost teaching and break through to the Supreme.

He now has a dragon-shaped gold armor, and if he can't break through to the supreme, then he is too sorry for the generals.

"Ye Xuan, congratulations on winning the general!" Xuanzhongshan people congratulated.

In fact, even Ye Xuan did not think that this would happen. He originally wanted to rely on his own strength to capture the generals, and finally the generals of the Spikes saved the battle.

"Let's go see the generals."

Ye Xuan took out the one of the generals. Although he learned that he had learned the gods, he could control the generals. However, there are many organs in the generals. Only when they hold the military seals can they know where there are organs.

In the main hall, there is actually a road that is very hidden.

Ye Xuan holds the general seal and opens the door. There are several doors at the head.

"Jingxin Lake, training ground, melting cast building... and, Treasure Pavilion!"

In the first three, Ye Xuan also knows, and there are some gates leading to the generals in various places.

As for the Treasure House, it is natural to say that it is used to pile up treasures.

At the same time, on the side of these doors, there are still some mirror-like pictures.

In the picture are the four family members who have not successfully left the three dilemmas.

"How do you deal with these people?"

Ye Xuan asked.

"Kill it, you can't let them go." Green fire said faintly.

"it is good!"

Ye Xuan did not hesitate.

Then, in the Jingxin Lake, a four-family master was screaming loudly, then holding the long sword in his hand and suddenly pierced his heart.

On the other side of the cast-cast building, the organs suddenly became chaotic and irregular, and a master of the four major families was cut into two halves by the sharp edge.

As for the training ground there...

A talent just hit the eighth level, that is, there are four long knife vices, and he is hacked to death by a knife.

As for the Yuan Yuanjie, Hong Wenming, and the disciple of the Xuanzhongshan people, He Yan, who was originally following the green fire, he survived safely.

At this time, the entire generals were left with only seven of them.

Just when Ye Xuan was ready to go to the Treasure Pavilion, the three people were refused to go.

"Ye Xuan, we will not go to the treasure house. You should go in."

Xuanzhongshan said.

Although they helped Ye Xuan, the help was actually very small. Even without them, Ye Xuan could easily deal with it.

Most importantly, they believe in Ye Xuan.

"it is good!"

Ye Xuan did not say much, directly sent them to the door of the main hall, and He Yan three people meet.

And himself, he entered the Treasure House.

"Hey, the generals of the Generals of the Spikes are not small, and they can take out so many quasi-supreme soldiers. The Treasure House must have many things!"

Ye Xuan Shuangyu shines into the gate of the Treasure Pavilion.

The generals were built in a secret environment. These gates can be freely accessible to all places, and only here, they can lead to the Treasure Pavilion.

Ye Xuan passed through the gate and came to the Treasure Pavilion. There are three floors here. The first floor is full of martial arts.

Ye Xuan said nothing, directly copying these martial arts into the phagocytic system.

The vast majority of these martial arts are top-grade martial arts, and there are only a dozen rigorous martial arts.

Then he came to the second floor.

There are only more than twenty handles of the Supreme God.

"All received!"

Ye Xuan is unceremonious, and will close all the quasi-supreme soldiers.

The only sacred soldier who was only Jiang Tian's singer, Ye Xuan has already given the Taiyi sword god.

There are three people outside the main hall, and Ye Xuan has left a few more, to He Yan three, and his parents and friends.

As for the others, all swallowed.

"Almost a little bit, you can break through again!"

Ye Xuan estimated in the heart, and immediately stepped onto the third floor of the stairs.

On the third floor of the Treasure House, there are some sundries, such as treasures of various effects, Tiandi Dibao, Supreme Dan, and the generals and formations of General Spike.

If these things are circulated outside, there will be a great uproar.

But what makes Ye Xuan interested is still those Tianbao Dibao and Supreme Dan.

There are more than 50,000 pieces in Supreme Dan.

Ye Xuan left 20,000, and then swallowed the remaining Supreme Dan and Tiandi Dibao.

"Hey, the host breaks through, and the current Emperor will seal up to 40%!"

This time, Ye Xuan directly broke two shackles, from 30% to 40%.

Even so, Ye Xuan is still the black heart of the dark system, more than 30,000 pieces of Supreme Dan, enough for one person to make the Emperor will be the body of five.

And he can only be from 30% to 40%.

Of course, the most precious thing in this These three thousand wolf-toothed and long-knife vices are just templates created by Generals of the Spike, which is the sample, so the realm is not high.

Chapter 755: Shangguan family

If you want to make 3,000 wolf teeth and ten long knife knives to enhance their strength, you will need a lot of precious forging materials. Fortunately, as long as there is material, the phagocytic system can be modified in batches.

Ye Xuan did not consider this for the time being. He sat down on his knees and began to think.

After getting the Spike Sword and the Sword of the Sword, the Eight Swords can be retired. Not only that, but his popularity is the same.

With his current realm, the righteousness has not been used anymore, and the effect on the enemy is minimal. Although the double space is good, it has no effect on the enemy and himself. Although it is a pity, this is the case.

The earth's pulsating 256-fold and thirty-six overlapping shadows are good, but it is estimated that they can only be used for a while.

"Unfortunately, it is still impossible to devour the sword intentions, or what kind of martial arts do I need?"

Ye Xuan is a headache. After getting the sword, he will try to devour it after every time he devours Tianmudibao.

Not only that, but occasionally he will try refining himself, but the qualifications are not enough, and each time ends in failure.

Eight wild swords, really super genius, the district of the virtual state of the great emperor actually realized the sword.

If you understand the meaning of the sword, Ye Xuan's attack may be able to hurt the true supreme possession of the supreme golden body, rather than half-step supreme.

Ye Xuan shook his head and stopped thinking about it.

Now that he has got the generals, he will be able to bring Ye Chong and others to practice here, after all, the heavens and the earth in the secret world are hundreds of times higher than the East China.

The secret of the generals should be opened up by a certain supreme power, and then discovered by the generals of the fangs. There is still a large part behind this secret.

The four keys to open the general's gate have all failed. Now only the generals can open the gate. Therefore, at this time, Ye Xuan thought that he would hold the generals and the generals.

In this way, if the enemy is provoked in the future, the generals will be a good hiding place. As long as you don't come to the true Supreme Power, then the generals are safe.

Ye Xuan took all the things in the treasure chest and immediately left the treasure chest.

When he came to the front of the main hall, he found that Green Fire and others had already waited here.

"He brother."

Ye Xuan shouted and directly lost three of the Quasi-Supreme God soldiers to He Yan.

In addition, he also threw a bag of 20,000 to Zundan to Xuanzhongshan.

"Master, there are 20,000 Supreme Dans here, you can distribute it yourself." Ye Xuan said.

Now, the six people in Greenfire have the right to the highest, and it is already worthwhile.

In addition to Ye Xuan, there are five parties, and if they are equally divided, they will have four thousand each.

You must know that they have been mixed for so many years, and they have hundreds of Supreme Dans. When the green fire is richest, it does not exceed 1,000 Supreme Dan.

Four thousand to Zun Dan, has been a great fortune.

"And, these quasi-supreme martial arts, everyone will take it, I have already copied six copies."

Ye Xuan also threw out six Qiang Kun ring, one by one in the palm of six people.

Martial arts is transmissible, and you want to copy a few copies.

The six people originally used the top quality martial arts, but now, each of them has the quasi-supreme martial arts, and there are still many, they can choose.

The six people are so happy that they can't close their mouths.

Then, they are ready to stay in this practice, and Ye Xuan is to let the family come with friends and relatives.

Tiancai Dibao, he still left some, enough for those people to cultivate.

When these natural materials are used up, Ye Xuan may have gotten a lot. Anyway, as long as Ye Xuan is there, they will not cultivate resources.

Within a few days, Ye Xuan's avatar arrived with a group of people, and the avatar and the deity once again fit together, and the realm soared.

Then, Ye Xuan was the master of the Wanshen and Jiang Xinyi who controlled the generals.

Wan Nian Shen Shen is a special kind of martial arts that can make people multi-purpose. This is similar to the eight wild winds, but it is much more powerful than the Eight Winds.

It can be used to control the construction of the generals, etc. The most important thing is to control the ten long knife vices, as well as three thousand wolf rides.

Now, Ye Xuan has also been idle. He stayed here for a while, and by the way, he was engaged to Guan Lan.

As for the marriage, Ye Xuan thinks that he has achieved the supreme and said that this can also be a great driving force for him.

There is no opinion in Song Chongjing and Guan Yulan. Men naturally want to be career-oriented. What's more, Ye Xuan has a singer who is here to accompany them.

Half a month later, Ye Xuan's deity was gone. Now he has another task, that is, to pick up the ghost and teach him to eradicate it.

If he is not the help of General Wolverine, he is probably dead, so he must complete the wish of General Spike.

At this point, he is already through the desert of death.

He did not have any clues. When the four big families came on the day, Jiang Tian was mixed in the ranks of Shangguan.

So Ye Xuan is going to the Shangguan to find out.

.....

" Shangguan, in Tianhao City."

Ye Xuan learned about the position of the Shangguan family from the Qinghuokou, and immediately rushed over.

The Emperor's will has been sealed up by 40%, and the speed is so fast that he arrived in the city of Haocheng in two days.

However, he also heard that the ghost taught to be a street mouse in the Sun Dynasty, everyone shouted.

The Shangguan family must have concealed things rigorously. It is not so easy to investigate.

"This ghost teaches, it requires a lot of the will of the great emperor, and it is spread over ten heavens. There must be big people behind it. It seems that they should send the will of the emperor to some place on a regular basis."

Ye Xuan came to Tianhao City and thought about the Shangguan family.

However, he heard about some things along the way.

For example, there are cases of missing masters in Tianhao City, and there are still many missing people, including the virtual gods and the virtual gods.

Ye Xuan understands that this must be done by the Shangguan family. In order to hide their eyes and ears, they even kill the king of the virtual gods. It is really heartbreaking.

Before the old nine days, the sword \*\*\*\* gave Jiang Tian the will of the third-order emperor, so that Jiang Tian directly broke through to the third-order emperor.

Ye Xuan also personally went to ask about the old nine-day swordsman of the fifth-order emperor, but the other party did not know the truth, it was a ghost lantern that was accidentally obtained during the visit of the Japanese Yan Dynasty.

Ye Xuan did not doubt, after all, the old nine-day sword \*\*\*\* is only the fifth-order emperor, just a ghost to teach the public, can kill him.

"But it, don't want to, the Shangguan family owners are hanging, what fear is this family?"

Ye Xuan no longer thinks about it. He directly sacrifices the sword of the wolf and walks toward the official house.

The Spike Sword is the sabre of General Spike. Although it is the same as the Sword of the Sword, it is better than the Sword.

Ye Xuan went straight up to the official house. He was not close. A guard at the door was a big drinker: "Who?"

The guard was shocked because he couldn't feel the scent of Ye Xuan, which means that Ye Xuan should be half-step supreme.

Moreover, Ye Xuan holds weapons, which seems to be looking for revenge.

"I want to see your homeowner."

Ye Xuan is not nonsense, just straight to the point and said.

"You, you, etc..."

The guard was scared to death and hurriedly turned around, while the other guard was watching Xu Xuan with a sigh of relief.

Chapter 756: Ghost Teaching Special Envoy

In fact, the Shangguan family has fallen. The task of these two guards is only to guard the gates of the Shangguan family. The status is not high, so I don't know that the Shangguan family is not in the Shangguan.

Soon, the departing guard was taking one person out.

Ye Xuan felt a bit of breath, it was a half-step supreme, but the realm is estimated to be only 20%, not enough fear.

"In the next Shangguanxiong, dare to ask you is..."

The middle-aged man saw Ye Xuan holding weapons, which is also very taboo.

"Shang Guanxiong, what is your relationship with Shangguan Lie?" Ye Xuan looked at him and asked.

"Shangguan Lie, it is a brother." Shangguan Xiong replied.

"It turned out to be."

Ye Xuan nodded, and immediately went up, and a slap in the shoulder of Shangguanxiong, while shouting: "Go with me."

Shang Guanxiong was shocked. He knew that Ye Xuan's strength was not weak, but he did not expect it to be so strong.

"Hello, how dare you do in Tianhao City?" Shangguanxiong asked in a blank voice.

"Oh, judging from the realm of the four wills of my great emperor, no one in Tianhao City should be my opponent." Ye Xuan whispered.

The Great will seal 40%!

Shangguanxiong's body shape is trembled. You must know that the most powerful of them is only 30%. However, the young man of Ye Xuan has reached 40%, and it's not too small.

Such a strong person is enough to kill the current Shangguan family. After all, the homeowner Shangguan Lie and several masters are not in the Shangguan family.

"Well, I will go with you!" Shangguanxiong replied.

"Forget it, just go to the official house." Ye Xuan suddenly changed his mind and said: "Take me in. If there is a change, you will die in my hand."

"it is good!"

Shangguanxiong lacked strength and could only compromise. He looked at the guards of the two eighth-order emperors and said: "You two continue to guard the door, and nothing happened."

"Yes!"

The two guards nodded immediately, and they were already scared and half dead. How could the great emperor's 40% masters come to them?

Then, Shang Guanxiong took Ye Xuan into Shangguan.

On the way, Shangguan Xiong met some Shangguanxia people, but Shangguanxiong explained his identity as a friend.

Soon, he came to his study with Ye Xuan.

"Very good, as long as you cooperate, you will not have anything to go to the official house." Ye Xuan nodded.

Although it is said that the spikes will be collected, but with his realm, one hand on behalf of the sword, the same can be a second kill Shangguanxiong.

"Lord, what do you want to do?"

Shang Guanxiong immediately asked.

There are no people around, so Ye Xuan does not need to pretend to go straight to the mountain and ask: "What is your relationship with the Ghost?"

boom!

This question, like a heart bomb, will blow up Shangguanxiong.

Ye Xuan, how do you know that Shangguanxia and Ghost Teaching are related?

"Hello, what are you talking about, how can I go to the official house..." Shang Guanxiong immediately argued.

"Don't deny that since I dare to come to the door, I naturally have 100% confidence." Ye Xuan said coldly: "Next, if I find that you are lying, I will kill you immediately and then slaughter the Shangguan. Then I swayed away."

"Hey!"

Shangguan Xiong swallowed the swallow, and after a moment of indulging, he replied: "I went to the official house, which is a hall of ghost teaching."

He saw that Ye Xuan was not joking, so he could only compromise. After all, thousands of people went up and down the Shangguan family. Ye Xuan could kill him and then kill the two guards at the door.

In the realm of Ye Xuan, murder can be done without blood, without leaving the body, Shangguan will disappear silently.

"Very good, Tianhaocheng high-order virtual gods disappeared, it should be what your Shangguanjia is doing. Where do you send these ghost lanterns?" Ye Xuan asked again.

"Every month, Ghosts will have special envoys to inspect and take away the ghost lanterns." Shangguan Xiong answered honestly.

"When is the next time the ghost teaches the special envoy, is it?" Ye Xuan continued to ask.

"It is this evening!"

Shang Guanxiong did not want to answer.

"What about tonight..."

Ye Xuan's eyes glimpsed and asked him specifically.

The Ghost Teaching Special Envoy has a special status, and its strength has reached 40%, and its whereabouts are uncertain.

Tonight, Shangguanyong was given outside Tianhao City and handed over the things to the special envoy of the ghost.

The Shangguan family is just a hall of the ghost teaching. I don't know where the rudder is, so Ye Xuan must follow this ghost teaching envoy.

It's just that the ghost teaches occasionally to collect genius, so Ye Xuan can pretend to be a bit, and his realm is higher than this special envoy.

However, in order to prevent accidents, Ye Xuan also asked Shangguanyong other churches, so as to avoid Shangguanyong's brain pumping, to expose things and let his clues break.

Shangguan Xiong originally disagreed, because Ye Xuan once found a strange place by the special envoy, then he could not escape the relationship with his official.

However, if they do not agree, Ye Xuan will slaughter the Shangguan on the spot.

Therefore, he can only compromise.

Soon, the night was coming, Shangguanyong took Ye Xuan and went to the designated place outside Tianhao City.

"Don't show your feet, otherwise I can only kill both of you." Ye Xuan reminded him again.

"Yes!"

Shang Guanxiong did not dare to have any objection, and the entire Shangguan's life could be in his hands.

There is no moon tonight, black and lacquered.

Ye Xuan and Shang Guanxiong stood under a big tree and waited. It didn't take long for a black shadow to pass over.

Shang Guanxiong and Ye Xuan were precautions. After Shang Guanxiong saw the other's face, he was relieved of his vigilance.

"I have seen the special envoy!"

Shangguan Xiong hurriedly said hello.

The special envoy is a middle-aged man with a plain appearance and a black cloak.

"Who is this?" When the Special Envoy of Ghosts approached, he asked directly.

"This is a genius of my Shangguan, the emperor's will has just reached 20%, so I want to..." Shangguan Xiong hurriedly explained.

"Oh, something is coming."

The Ghost Special Envoy understood his meaning, so he did not ask again. He only collected things every month, and he did not understand the Shangguan.

Shangguan Xiong hurriedly took off a ring of the ring in his hand and handed it over.

This Qiankun ring, Ye Xuan explored before, there is nothing strange in it, only one hundred ghost lanterns.

"Good, boy, you follow me."

The ghost teaches the special envoy to leave without saying anything, and turns away directly.

Ye Xuan took a look at Shangguanxiong and then kept up.

After Ye Xuan disappeared from his own eyes, Shangguan Xiong was relieved. What he wants to do now is to go back to the official house.

If Ye Xuan's affairs are revealed, then his Shangguan's family will also suffer, and the whole family must be secretly moved.

However, when he is about to return to Tianhao City.

Someone, stopped him!

Chapter 757: Ghost teaches rudder

"Hey!"

Suddenly a fragile ring fell into Shangguanxiong's ear. He slammed his foot and immediately yelled:  
"Who is this?"

However, the roadblocker did not speak and directly killed the past.

"Oh!"

The speed of the roadblocker was very fast, and the head of Shangguanxiong was smashed in an instant, without a trace of muddy water.

This roadblocker is actually not a human being, but Ye Xuan, who is not paying attention to Shangguanxiong, is a long knife deputy who took out from the phagocytic system.

The long knife deputy, the strength is comparable to the master of the emperor's willingness to seal 30%, holding a handful of the supreme \*\*\*\* soldiers, cleaning up Shangguanxiong is not a problem.

Ye Xuan cultivated the gods of the Wanshen, and the long knife deputy left him with a residual thought in his body.

Not only that, but the gatekeepers of the two Shangguan families have disappeared.

After solving Shangguan Xiong, the long knife deputy will quickly leave and return to the generals.

Ye Xuan's avatar is sitting in the general, and the devotional space of the deity and the avatar is common, so the deputy will be taken out by the cleavage of the long knife.

.....

"Death..."

Ye Xuan, who is following the special envoy of Ghosts, suddenly flashed.

At this time, the Ghosts Special Envoy suddenly turned and asked: "Kid, how old are you?"

"twenty two!"

Ye Xuan did not want to answer.

The special envoy of the Ghosts paused and muttered: "At the age of twenty-two, the Emperor will seal 20%, okay!"

When I heard this, Ye Xuan was helpless.

However, this qualification is not worth mentioning compared to the true genius of the Sunshine.

"Special envoy, where are we going?" Ye Xuan asked.

"Back to the rudder, in the sixth hell!" Ghost teaches the special envoy to answer.

This answer, but Ye Xuan was shocked.

Ghost teaches the rudder, in the sixth hell?

However, he thinks it is normal, and there are many masters in the prison, which is very suitable for collecting the will of the great emperor.

It is a pity that even if you kill a half-step supreme, you will collect the will of the Emperor.

"Jiang Tian has piled up the 40% of the seal, and I am afraid I will consume a lot of peaks."

Ye Xuan had a chill in his heart.

To promote a ginger, I am afraid to kill at least 10,000 peaks and half-step supreme, no wonder the Church of the Ghost is wanted by the Sunshine.

Two days later, Ye Xuan arrived at a place with the Ghost Reward, which is an entrance to the No. 6 Heaven.

Going into hell, you don't need anything, but coming out of hell, you need a blue air transport.

However, the No. 6 Prison is much more advanced than the No. 10 Hell that Ye Xuan had before. The double fruit that needs to be exchanged by purple air transport is here, and it is worthless.

After all, the main force of the 6th Heaven is half-step supreme.

After Ye Xuan followed the Ghosts envoy to enter the 6th Heaven, he ran for another two days and finally arrived in front of a mountain.

"Special envoy, our rudder, how strong is it?"

Before entering the mountain, Ye Xuan could not help but ask.

"Four seals!"

The Ghost Reward replied casually.

The seal is 50%, which is two higher than Ye Xuan. However, Ye Xuan has always been a leap-level challenge, so he is not afraid at all.

After the nine-curve and eighteen bends, Ye Xuan finally arrived at the rudder of the ghost teaching. He just entered, and felt a strong atmosphere.

"At least the half step of the Emperor will seal the body."

Ye Xuan's light flashes.

At this time, suddenly a ghost taught the master to rush over.

"It is the genius that I brought back from the hall. Twenty-two years old, the body is 20%!" The special envoy of the ghost replied casually.

"Where is the seal, the qualification is not bad, what is your name?" asked the ghost master.

"Ye Xuan!"

Ye Xuan answered subconsciously.

"Ok?"

This answer, let the ghost teach the special envoy is a bit strange, asked: "You are not the last name?"

After the reminder of the special envoy of the ghost, Ye Xuan was able to reflect on his own feet. However, the ghost taught that the rudder had arrived, and he did not need to cover it again.

At the moment, he directly sacrificed the sword of the wolf.

"Oh!"

The head of the ghost teaches the master to fly directly.

Spike!

"you....."

The ghost-teaching special envoy with Ye Xuan was stunned, and the companion who also sealed the 30% was actually killed by Ye Xuan.

At this time, he reacted, and he took the trap and brought the master in.

Finished!

"Thank you!"

Ye Xuanyi opened his mouth and smiled, and a sword swept out. The head of this ghost teaching special envoy also flew.

The two died silently, and no one was found in the ghost teaching.

However, his breath has been exposed, and maybe someone will come over.

"Dragon pattern gold armor, now!"

Ye Xuan came out with a dragon-shaped gold armor. Although he said that his strength is very strong, the dragon-shaped gold armor has a high defense power, which can greatly enhance his survivability.

At this time, he is a small strong who can't die.

Can resist the dragon-shaped gold armor of the robbed, how can the defensive power be destroyed by the 50% of the people in the district?

At the moment, Ye Xuan is directly killed.

The ghost teaches the people in the rudder, it is not a good scum, so Ye Xuan can not keep his hands.

In the meantime, the ghost teaches the rudder to set off a storm of blood. Those people just saw a golden flash, but they could not see who it was.

There are hundreds of ghosts in the division, and they usually go out in groups to hunt others.

At this time, there are more than two hundred people in the rudder and rudder. Ye Xuan kills all the way.

His cultivation is also constantly improving.

"Who is mixing things, who is arrogant?"

A thunderous screaming sounded, Ye Xuan turned around and saw a ghost of 40% of the body teaching the master to rush to him.

"The district is 40% sealed, and dare to yell in front of me?"

Ye Xuan teaches the master of this ghost and directly draws a sword.

Quasi-supreme martial arts, round and crack!

"Oh!"

The ghost taught the master to wait for the reaction, and the weapons in his hands were not the most sacred soldiers, so they were cut into two halves by one blow.

"call out!"

There is also a master of 40% of the body, and he went straight to the sword and landed on Ye Xuan.

"Hey!"

Ye Xuan has a flawless shape and is unscathed.

Dragon-shaped gold armor is not a normal thing, I am afraid it is harder than the wolf-sword in Ye Xuan's hands.

"Looking for death, round and crack!"

Ye Xuan took out a sword and split the other party into two halves.

In the same class, no one can pick him up, even if the rudder rudder is coming, I am afraid it will not go through three rounds.

"who are you?"

Just after Ye Xuan killed the second ghost master, the rudder master finally appeared.

Ye Xuan turned and looked at the rudder master.

"You are the rudder master?" Ye Xuan asked.

"Not bad!"

The main point of the rudder rudder was a glimpse. After seeing the dragon-shaped gold armor of Ye Xuan, he suddenly remembered something and exclaimed: "Dragon-grained gold armor?"

"I didn't expect you to recognize it!"

Chapter 758: background!

"I didn't expect you to recognize it!"

Ye Xuan was quite shocked.

Ghost teaching, is the power of the millennium, the generals of the Spike have been crusade, so the ghost teaching also has an understanding of the General.

In those days, the generals of the Spikes were wearing the dragon-shaped gold armor to kill the ghosts.

After hearing Ye Xuan's personal recognition, the rudder rudder revealed a greedy look.

If the generals were not the generals of the dragon, then he died at least 100 times.

"The dragon-shaped gold armor of General Spike, kill you, I can get it!"

The rudder rudder master could not help but say.

"Oh? How do you want to kill?" Ye Xuan is very curious.

"Dragon-grained gold armor, indestructible, you can't use a sword if you want to kill you!"

The rudder rudder masters the quasi-supreme gods in their hands and directly kills them.

Unbreakable dragon-shaped gold armor, then you can only use the boxing method, killing Ye Xuan through the dragon-shaped gold armor.

When the rudder rudder jumped down, it was a crazy punch against Ye Xuan, and the shadow of the fist was like a meteorite falling, pointing to Ye Xuan.

"Circle crack!"

Ye Xuan is also holding a wolf-toothed sword and constantly making moves.

It is OK to divide the rudder master's boxing method, but compared with Ye Xuan, it is much worse.

A round sniper attacked the rudder master, and he had to avoid it.

"Ghost teaching can rise again without being destroyed by the Japanese royal family. You should have a backstage?"

Ye Xuan asked while attacking.

If he wants, he can actually kill the rudder master in an instant, but his clues will be broken.

The last wish of General Spike, but to destroy the entire ghost teaching, not a rudder.

"Haha, kid, would you like to hear about the background of my ghost teaching?"

The rudder rudder master laughed.

"What is it?" Ye Xuan answered.

"Beat me, tell you!"

When the main voice of the rudder rudder falls, there is a broken sound.

"call out!"

"Oh!"

A round sniper smashed his half body, but the sniper was very accurate, and the rudder master would not die for a while.

"what?"

The ghost teaches the rudder rudder to be shocked. He feels that Ye Xuan's realm is two levels lower than him, but the other party can easily kill him.

What is this person?

"Give you three seconds."

Ye Xuan plunged to the front of the rudder and the voice was cold.

Nearly half of the rudder rudder was smashed, and if he didn't heal it as soon as possible, he would probably die.

Facing the powerful Ye Xuan, he hesitated for a moment, then slowly opened his mouth: "My ghost teaches..."

"call out!"

Suddenly there was another broken air that spread, and the half of the head of the rudder rudder was cut off and died in an instant.

"Who?"

Ye Xuan was shocked and turned to look at the man standing in the air wearing a silver-white armor and a white cloak.

"Ghosts, \*\*\*\* it!"

The men in the armor said coldly.

Ye Xuan subconsciously accepted the stern of the rudder rudder and then asked: "You don't seem to be a ghost."

"Yes, I am not!" The men in the armor nodded: "I am the deputy city owner of Tianfeng City."

"Then you killed my hostage, what do you want?" Ye Xuan eyes a sigh, asked.

"Kill it, kill, how can you take me?" The men in the armor sneered.

Ye Xuan paused and asked: "After the ghost teaching, is that you?"

"Ha ha!"

The men in the armor smiled again and directly killed Ye Xuan.

The only ghost of the rudder teaches the rudder rudder that the Lord wants to open, but it is killed by the deputy city lord of this Tianfeng City, so there must be ghosts in the heart of the city.

The most important thing is why he is so cleverly present here?

"The clues are already there, and you will say it again!"

Ye Xuan, regardless of the three seven twenty-one, immediately burned the infuriating body and attacked the men of the armor.

"Circle crack!"

"Tyrannosaurus!"

"Boom!"

This man's armor has reached 60% of the body, which is 20% higher than Ye Xuan. His attack power is not trivial.

Fortunately, Ye Xuan is not the same as before, and the two men attacked with all their strength.

However, Ye Xuan is a more sacred soldier than him, because the other party knows that only martial arts such as boxing and palms can hurt him.

"Boom!" "Boom!" "Boom!"

The instinct of the two is quickly consumed.

Ye Xuan ran wildly on the land, while the men in the armor were burning in the air and continually swam in the air. The two men played a close match.

Ye Xuan, wearing a dragon-shaped gold armor, has an amazing defensive power. In addition to the blood of the \*\*\*\* of life, he is a small strong who can't die.

Unless the other person can break his heart or head with a punch, he is not dead.

Unfortunately, the other party can't do this.

"Kill him, I guess I can break through."

Ye Xuan thought of the identity of the other party. The next moment, the infuriating in the body is directly burned in half.

"The generals of the spikes are stunts, and the wolves are rushing!"

Ye Xuan holds a spike sword and smashes a man in the armor. A head of a solitary giant wolf heads toward the armored man.

The wolf's head opened his mouth and instantly bit the armored man.

The man in the armor was shocked. This trick he had heard was a very difficult martial art.

However, Ye Xuan's realm is too different for him, but he can break away.

"Give me a burst!"

The silver-white armor on the man suddenly burst open, and countless pieces of bullets fired, exploding the head of the giant wolf.

If the average person is already bitten in half by the head of the giant wolf, but the man is defeating it, the strength is indeed good.

However, when he reacted, he found Ye Xuan's figure and disappeared.

"call out!"

The piercing sound of the air fell into his ears.

It turned out that Ye Xuan had used the shrinking ground to become an inch of meaning, and plundered under the man, and then swept it out.

The man's body was torn apart by a round crack, split in two and fell from the sky.

"The district will seal 60% of the body, and dare to swear in front of me?"

Ye Xuan looked at the other half of the body and fell from the air, could not help but ridiculed.

The general's trip has greatly enhanced his strength, and even his self-confidence has expanded several times.

More than four levels of challenge, easy!

After the end of the battle, Ye Xuan quickly swept the past and took the other party's Qiang Kun.

"Hey, the host breaks through, and the current Emperor will seal up to 45%!"

The realm has really improved.

At the same time, Ye Xuan also got a lot of air transportation from the other side, with a total of 200,000 points.

Tianfu Tianfeng City on the 6th, but one of the three main cities, although the men of the armor, as a deputy city owner, is unlikely to be a ghost teacher, so he must have someone behind him.

"Well, it is indeed the deputy city owner of Tianfeng City, or an earl. Sure enough, Tianfeng City masters to cover the ghosts and teach them to be in the majesty."

Ye Xuan holds a letter in his hand, and now he can be sure.

Chapter 759: Tianfeng City Master

Before going to Tianfeng City, Ye Xuan still solved the ghosts that were left behind. Then he left the mountain and then rushed to Tianfeng City.

At this time, Ye Xuan probably guessed that the background of the ghost teaching is estimated to be some or some of the officials of the Sun Dynasty.

In fact, he did not want to provoke the Sun Dynasty, but in order to complete the last wish of Generals, he could only do so.

He rushed at full speed and spent two days arriving at Tianfeng City.

At the same time, he also heard that Tianfeng City Lord is the master of the 60% of the Emperor's will.

The deputy city owner is the 60% of the emperor's will, but he was smashed by him. The city owner is not a high realm. Ye Xuan can now kill him. After all, he also broke through.

If you want to make trouble, then it will be a little bigger.

He first went in and exchanged all the gas transport into a treasure of heaven, and immediately, he was ready to open the killing.

"Dragon pattern gold armor!"

Ye Xuan offered a dragon-shaped gold armor in a no-man's place. The dragon-shaped gold armor had a visor. He could see other people, but others could not see his face.

"City of the Lord!"

Ye Xuan, a golden armor, is extraordinary and directly kills the past.

Such a shape has led many people to follow up, but when these people learned that Ye Xuan was going to go to the city government, they were all shocked.

Tianfeng City is the three main cities of the 6th Heaven, and it is simply too long to dare to do it here.

"The ghost teaches Yu Yu, come out and die!"

Ye Xuan stood in front of the gate of the city's main government and sang loudly.

When the words came out, those people were shocked.

Ghost teaching, isn't the power of the Sun Dynasty's dynasty, how can it be in the city government?

Not long after, there was a team of city guards who plucked out. After the team leader saw Ye Xuan holding the sword of the wolf, he shouted: "Dare to yell outside the city hall and win him! "

At that time, the ten-and-a-half-step Supreme was killed by Ye Xuan.

"You guys, maybe have nothing to do with ghost teaching, you have to blame, you blame yourself and the wrong person!"

Ye Xuan's light flashed and suddenly appeared a sword.

"Oh!" "Oh!" "Oh!"

In the blink of an eye, this team of guards was all killed, and the dragon and the ring flew to Ye Xuan.

"This person really dares to do it, run!"

The surrounding people panicked, and they did not expect Ye Xuan to really dare to start here.

Ye Xuan was too lazy to pay attention to them, and directly dropped a body from the Qiankun ring. It was the two bodies of the deputy city owner of Tianfeng City.

The onlookers who fled to the distance were shocked. They recognized the deputy city owner and suddenly frightened.

"presumptuous!"

"Dare to kill the officials of the Japanese Sun Dynasty, this person must be the spies of the Flames!"

"Go together!"

A group of masters swept out of the city government.

Around the Sun Dynasty, there are many neighboring pilgrimages. The objects of each Heaven are different. The 10th Heaven is against the Great Yuan Dynasty, and the 6th Heaven is the Flame Holy.

Ye Xuan looked at the top ten masters and smiled disdainfully.

These more than ten people, the Emperor will seal up to 60% of the one, it is simply to give him welfare.

"The round cracks, give me to die!"

Ye Xuan incarnates a \*\*\*\* of killing, and the means are hot, killing these masters one by one.

This scene shows that the people around us seem to have arrived at the end of the world. Those who are powerful in their hearts are enshrined in the city, and there is no rebellious ability in front of this golden armor.

Who is this person?

Is it true that the offering is said, Ye Xuan is the spy of the flame sacred sneak into the Sun Dynasty, and then used the excuse of the ghost to teach the massacre of the city?

However, the masses who were on the scene did not die, so they also had some doubts. The city government was not really colluding with the ghosts.

Ye Xuan, the 'killer' sent by the Sun Yan Dynasty, is responsible for cleaning them up.

At this time, a few figures flashed out of the city's main house, headed by a fat middle-aged man wearing gorgeous costumes.

"Kid, do you dare to let me go here?" The middle-aged man widened his eyes.

It is hard to imagine that he is the owner of this Tianfeng City.

"You and the ghost teach collusion, today, I am here to take your first class!" Ye Xuan replied coldly.

"Just kidding, I have the position of the Earl of the Sun Dynasty, and I will have a relationship with the ghosts of the night." The middle-aged man trembled and said in a hurry.

"No matter what you say, you will die today!"

When Ye Xuan's voice fell, it was shot at the middle-aged.

"A big courage, kill him!" The middle-aged man violently drunk, offering a big golden knife to defeat Ye Xuan's round crack.

Beside him, there are six masters who will seal the body from 50% to 60%. However, he does not recognize the dragon-shaped gold armor of Ye Xuan.

"boom!"

The air waves are rolling.

At this point, Ye Xuan is already letting go.

However, he will not kill the Tiancheng City Lord for the time being, because this is his next clue.

Six of the city's main government's top offerings, attacking Ye Xuan, they have the highest-spirited soldiers, but Ye Xuan's speed is extremely fast, they can not catch up.

"Circle crack!"

"The wolf is rushing!"

Ye Xuan did not carelessly. In less than five seconds, the worship of the six city capitals was successively degraded.

The middle-aged man was shocked. The seven of them were besieging Ye Xuan. They could only capture the remnants of Ye Xuan. Even he could not catch Ye Xuan. How could this be played?

"This person has gotten the law, go!"

The middle-aged man took the initiative and broke into the city government.

Ye Xuan has taken six of the enshrined monks and squads and killed them.

"Tianfengchengchengzhu, if you don't have the means to save your life, please go to hell!"

Ye Xuan drunk, slamming a sword against the middle-aged.

"Hey, you are too naive, gas transport bless!"

Suddenly, there was a golden token on the left hand of Tianfeng City. On the next moment, his strength was skyrocketing.

what?

Ye Xuan glimmered and found that the purple gas on the top of Tianfeng City was dimmed.

This gas transport can still be used like this?

He was stunned and found the token in the hands of Tianfeng City. It was an Earl Order.

"boom!"

Tianfeng City City's main air transport blessing, blocked the sword.

"What is this means, it seems very powerful."

Ye Xuan is somewhat envious. He feels that at this time, the realm of Tianfeng City Lord is almost comparable to that of the 70% of the Emperor's will.

"Kid, forcing me to consume gas to kill you, this is your honor!"

The owner of Tianfeng City City drank.

In fact, he did not want to expose this trick, and the air refining and refining is not easy, and it is a bit of consumption, so this is the bottom of his pressure box.

"Is it....."

Ye Xuan's mouth tilted slightly, facing the other's sword, he just pulled out a round crack.

"Hey!"

The time when the Spike Sword was conceived was too short, so Ye Xuan's move was defeated by the other side.

The sniper of the Tianfeng City Master smashed and squatted on Ye Xuan.

"Hey!"

Chapter 760: Master projection

"Hey!"

Although a crisp sound was issued, Ye Xuan's dragon-grained gold armor had no trace at all. Ye Xuan was only injured by the earthquake and recovered in the blink of an eye.

"What, this is impossible?"

The owner of Tianfeng City was shocked.

His sword is so powerful that how can he not even break the armor of the other side?

The Quasi-Supreme God is very hard, but the Sunshine Sage has no technology, and it can create armor that is comparable to the strength of the Supreme God. After all, this is too big.

Tianfeng City stared at Ye Xuan and looked at the lines of the gold armor of Ye Xuan. Suddenly he thought of something, and he exclaimed: "The dragon-shaped gold armor is actually the dragon-shaped gold armor of the ancient sacred wolf general." !"

"I have some insights, hey, I have to see how long your gas transport can last!"

Ye Xuan snorted and killed the past.

"Damn, withdraw!"

Tianfeng City Master knows the hardness of Dragon Gold, which is the hardest thing under the Supreme.

The general sniper can't be smashed at all.

The Tianfeng City Master will not be a fist-like martial art. It is impossible to kill Ye Xuan through the dragon-shaped gold armor. It is definitely him who will die.

"I don't want to go, it's not so easy!"

Ye Xuan ran on the land, his speed, no slower than Tianfeng City.

Ye Xuan, who has almost infinite instinct, is attacking the figure in the sky.

"Circle crack!"

"Circle crack!"

"The wolf is rushing!"

His attack speed is very fast, and it is very accurate. Tianfeng City is extremely difficult to avoid, and can only continue to resist with gas transportation.

Purple, blue, cyan...

In just one minute, the air transport on the top of Tianfeng City's main head was dropped to the blue color, and it was almost running out.

His air transport is not ordinary gas transport, but refining, and only refining gas transport, can be used to bless the battle.

"Haha, your cards seem to be consuming, let's die!"

Ye Xuan laughed, he estimated that the other side will stop three times at most, and the air transport will consume light.

"Damn, mix things, don't force me!"

The owner of Tianfeng City City drank.

"How about force you, do you still have a card?" Ye Xuan sneered.

"Since you are looking for death, don't blame me!"

Tianfeng City Lord roared loudly.

In fact, he does not want the Dragon Gold, because once he gets it, he will probably hand it over to the Sunshine.

And to kill Ye Xuan, he is afraid to pay a heavy price, gas transport blessing, not his real card.

After making a decision in his heart, he took out a white stone and spurred it with infuriating.

Not long after, there was a ghost shadow beside him. This is an old man.

"Tianfeng, what do you call me to do?"

The illusion of the old man said.

"Grandpa, help!" Tianfeng City owner hurriedly shouted.

Ye Xuan's foot was down. He didn't figure out how the old man appeared. It seemed to be running out of the stone.

The old man heard the words, turned his head and looked at Ye Xuan in the distance, and said: "Dragon pattern gold armor?"

"Grandpa, this is the dragon-shaped gold armor. This son is holding the dragon-shaped gold armor's defense and wants to kill me. My air transport blessing has been consumed." Tianfeng City owner said quickly.

"Dragon pattern gold armor."

The old man's dawn is shining, and it is a greedy look.

At the same time, Ye Xuan is also looking at the taboo look, he feels that this old man is not simple.

When the two men looked at each other for a while, they immediately shot suddenly.

"Circle crack!"

"Great sadness!"

"Boom!"

Ye Xuan's round crack, instantly shocked by the other party's infuriating big hand, this infuriating hand is extremely fast, directly covered in Ye Xuan.

"puff!"

Ye Xuan incredibly spurted a blood.

The other party will seriously damage him, and this person cannot be defeated.

"Although it is just a shadow, it is not that I can fight against it, go!"

Ye Xuan directly casts down the ground into an inch of meaning, breaking into the ground.

However, the old man can sense his breath.

"Kid, leave your life!"

The old man attacked in a direction, and Ye Xuan was very embarrassed.

Fortunately, the dirt in this \*\*\*\* can cover most of the breath, and the old man can't capture Ye Xuan at all times.

"He fled, chasing!"

The old man points low in one direction.

Tianfeng City owner immediately caught up.

The projection of the old man could not leave the white ball in his hand too far, so he had to keep up.

At this time, in the ground.

Ye Xuan vomited blood while fleeing.

"This old man is just a projection. The strength is so powerful. Fortunately, it is not his deity, or I will die!"

He was fortunate in his heart, and he also understood that this projection should have time constraints and cannot exist forever.

As long as he hides for a while, the Tianfeng City Lord will inevitably be killed by him.

"Grandpa, how long can your projection last?"

On the way to kill Ye Xuan, Tianfeng City owner could not help but ask.

"This is the life-saving character I gave you, and it can last for three minutes."

The old man replied.

"If that person is not dead within three minutes..." Tianfeng City has a faint color.

"I am doing things for the Seven Emperors now, I can't walk, but I have already contacted the masters who are coming..." The old man slowly said.

Although the old man said so, can the Tianfeng City owner still be uncertain, master, can arrive in time?

If not, then his city government may be destroyed!

"This kid killed the deputy city owner and already knew about me. He must not live." Tianfeng City continued.

The old man condensed slightly and nodded: "Reassured, I will kill him in three minutes."

The two men pursued Ye Xuan while discussing.

Ye Xuan is occasionally bombarded by the old man, but the injury is quickly repaired by the tree of life. As long as he does not even have two palms, he will not have a big problem.

Time, a little bit past.

The pursuit of the old man made Ye Xuan miserable.

Ye Xuan's face is dignified, and the time is calculated in the heart. The front is fine. After a long time, he feels that the attack of the old man has weakened.

At this point, two minutes have passed.

"There is still one minute left, it is estimated that he can't kill him, go in that direction!"

The old man whispered, showing the color of regret.

If the dragon-shaped gold armor is obtained by him, then he will give the dragon-shaped gold armor to his master, the seven princes.

At that time, the seven emperors will compete for the position of the prince, and the odds will be at least 30%.

Prince, that is the next Emperor of the Japanese Sun Dynasty, so the princes of the Sunshine Sage are fighting in the dark, with many factions.

"Damn!"

The owner of Tianfeng City roared and then plunged in the direction of the old man.

While the old man followed, he attacked the land under his feet and saw if Ye Xuan was coming.

"Well? The attack is moving farther and farther!"

Ye Xuan, who was hiding in the ground, suddenly picked up his brow. It seems that the old man gave up and chased him.

If so, then he will kill it.
